AMERICAN AVIATORS REACH MOSCOW ON TRIP AROUND WORLD

Clyde Pangborn and Hugh Herndon, Jr., 17 Hours Behind Time When They Land in Russian City Early Today; Still Hopeful of Beating Record Set by Post and Gatty; Flight From Berlin Required More Than 10 Hours; Plan to Follow Post - Gatty Route Across Siberia and Bering Sea

Moscow, July 31.—(AP)—Hugh Herndon Jr. and Clyde Pangborn, flying around the world in an effort to lower the mark set by Wiley Post and Harold Gatty, hopped off late today toward Irkutsk. They got away at 5:20 P. M. (9:20 A. M. EST) planning to reach Irkutsk, in the middle of Siberia, before coming down again. After that their schedule calls for stops at Kharbarovsk and Nome. They had perfect weather ahead although a light head wind promised to cut down their speed somewhat.

Moscow, July 31.—(AP)—Clyde Pangborn and Hugh Herndon Jr., American airmen making a round-the-world flight, landed at Moscow from Berlin today at 11:52 A. M. They were approximately 17 hours behind along the trail made by Wiley Post and Harold Gatty, but they still believe they can make up the time they lost and lower the round-the-world record. The flight from Berlin required a little more than ten hours and the first thing they did upon arriving here was to arrange for refueling so that they might resume their journey within three hours. Pangborn said they had abandoned their original plan to make the Pacific crossing in one long hop from Tokyo to Seattle, and instead will follow the Post-Gatty route across Siberia and the Bering Sea to Nome. They believe they have an excellent chance to beat the mark set by their predecessors because they intend to make fewer and shorter stops. They had excellent flying weather from Berlin although there were some headwinds, and when they landed both said they were feeling fine although they were looking a bit worn. After the customs formalities at the airport they went to luncheon at a hotel expecting to return to the flying field immediately. Post and Gatty stayed here more than 12 hours and by reducing the length of their stop Herndon and Pangborn hope to make up considerable time. One advantage on their side is that they can relieve each other at the stick while the ship is in the air. Post handled the controls during the earlier flight. Gatty serving as navigator. Profiting by the experience of their predecessors, Herndon and Pangborn have fitted their plane with oversize wheels to prevent getting stuck in the mud as Post and Gatty did at Blazovschensk.

Final Rites for Mrs. Mary Stokes

Ayden, July 31.—Funeral rites for Mrs. Mary E. Stokes, age 76, were held from her home near Ayden at 3:00 o'clock July 25. Services were held by Rev. Ryan, minister of the Christian church of Greenville. Surviving are four daughters and two sons; Mrs. Bessie Cannon, of Ayden; Mrs. Herman Bland of Winterville; Mrs. L. C. Stokes of New Bern; Mrs. C. E. Yates of Asheville; Mrs. L. L. Stokes of Greenville and Mr. H. M. Stokes of Ayden. To Explore Submarine. Fortescue, Italy.—Divers are going down to find out all about a submarine that has lain on the bottom of the Adriatic since the days of the war. The nationality of the wreck and how it met its fate are uncertain. Here's a Hot One! Peoria, Ill.—The city council has come to the aid of citizens harassed by the heat. Street vendors have been forbidden to go about the residential districts shouting "Hot Tamales!"

Victim Of Gang Feud

Michael Vengall, 3, died of gunshot wounds inflicted when gangsters, presumably after a foe of their order, opened fire in a New York street crowded with children at play.

LEAF PRICES LOOKING UP

Increased Demand Brings About Improvement on Georgia Tobacco Market

Atlanta, Ga., July 31.—The Georgia tobacco market today appeared gradually to be overcoming the effects of a rather drab beginning actuated by crop curtailment and late maturity as numerous auction centers reported better demand and prices. The United States Department of Agriculture's tobacco news reporting service at Douglas said the Douglas market yesterday sold 130,358 pounds at an average of 6.54. Prices generally, the service said, were fully 10 per cent higher than previous days and demand and offerings were improved. Fifth quality orange leaf was quoted at 8.60 while first quality orange lugs brought 1.20 at the Douglas market. Lemon grades brought slightly higher prices than orange. Prices ranged from one to twenty-one cents per pound depending on quality. Valdosta reported higher prices on good grades with Florida-grown bringing as high as 26 cents a pound. The market supervisor said sales through Thursday totalled \$70,436 pounds compared with 1,543,626 pounds for the same period last year. Last year's price average for the period was 10.45 compared to 7.67 this year. Active demand was reported at Tifton where an unofficial price average of 8.08 was quoted. The price range at Bahria was given at from 4 to 27 cents a pound with an unofficial average of 9.50 per pound. New buyers reached the Balmbridge market today and activity was reported stimulated. Planters and warehousemen were hopeful that the coming week would see further improvement in the market. Many had not expected that the market would develop a satisfactory trend until at least a week or two after the opening because of late crop maturity which resulted from unfavorable weather.

MAN DROWNED NEAR EDENTON

Edenton, July 31.—(AP)—Woodley Ellington, 25, of High Point, was drowned late last night when he jumped into the water at Eden House beach, near here, in an effort to save Miss Margaret McCabe, of Greensboro. Miss McCabe, an excellent swimmer, had jumped into the water "just for fun," witnesses said, while making merry with a house party group taking a ride. She swam a mile to shore. Ellington, not knowing the girl was an expert in the water, leaped in after her saying he would bring her back to the boat. He soon became exhausted and called for help. A. J. Smithwick, of Windsor, also on the boat, went to his aid but narrowly escaped drowning when Ellington clutched him desperately. Winnifred Penn, of Greensboro, was also a member of the boating party. Ellington's body had not been recovered this morning.

Judge Winston to Speak Here Sunday

Judge Francis D. Winston will deliver the address at the eleven o'clock service at St. Paul's Episcopal church Sunday morning, August 2. The public is cordially invited to hear him. A Mason jurist, and philanthropist, Judge Winston is probably one of the most outstanding characters in Eastern North Carolina. He is a member of a brilliant family and has had a career of wonderful experience in many lines. No doubt his address will be, not only instructive, but very interesting to everybody. The opportunity to hear him will be welcomed by the community in general.

Yesterday Declared Hottest Day of Year

Prognosticators who sagely wagged their heads and declared yesterday the hottest day of the summer today had the conviction of knowing they are supported by the director of the local weather bureau. Readings of the government thermometer placed the temperature at 97 yesterday afternoon at 4 o'clock, described as the hottest part of the day. Although a cooling breeze was sweeping across the countryside this morning, the mercury was expected to climb to dizzy heights again this afternoon.

CANNON RAPS AL SMITH AND JOHN RASKOB

Bishop Charges Attempt to Write Anti-Prohibition Views in Democratic Plank

Washington, July 31.—(AP)—The assertion that Alfred E. Smith and John J. Raskob "are determined to write their anti-prohibition views in the Democratic platform" in 1932 was made today by Bishop James Cannon Jr. In a statement made public after he sailed for Europe to attend international church and prohibition conferences, the Methodist Episcopal churchman said that if the former New York governor or Governor Franklin Roosevelt were nominated, neither would be supported by dry Democrats. "Alfred Emanuel Smith the titular leader of the Democratic party, who fully realizes that he received around 15,000,000 votes for President," Cannon said, "has very recently declared in the Princetonian that 'both political parties will have to take a definite stand on prohibition in the next presidential campaign.'" He added that Smith advocated the home control plan of the chairman of the Democratic National Committee. Mr. Raskob and Smith "are determined to write their anti-prohibition views in the Democratic platform and they probably will control enough votes to do so. "The Democratic candidate in 1932 will in all probability be Alfred Emanuel Smith. But if it should be Franklin Roosevelt he is openly and officially committed to the repeal of the 18th amendment. He cannot possibly be nominated without the consent of Alfred E. Smith or without the votes of wet delegates who will compel him to agree to run on the wet record he has made. "If Smith or Roosevelt should be nominated, neither would be supported by dry Democrats, who put

Says Too Much Leaf Cause Of Low Prices

Henderson, July 31.—(AP)—A decided over-production of tobacco today was assigned by George W. Hill, president of the American Tobacco Company as the reason behind the low prices paid for tobacco this year. In a letter addressed to his company's buyers, Hill said the cigarette industry is utterly unable to absorb the surplus. Referring to the recent increase in the price of cigarettes, Hill wrote: "Previous low prices were unwarranted and were impairing the development of some of the companies. If, as a result of this increase in price, supported by sound methods of merchandising, the various companies are able to stimulate demand as to make possible the payment of better prices (Continued on page four)

MOUZON SUIT IS DISMISSED

Judge Webb Sustains Demurrer to \$50,000 Libel Case Filed by Rev. R. G. Smith

Asheville, July 31.—(AP)—Federal Judge E. Yates Webb today sustained Bishop Edwin D. Mouzon's demurrer to a \$50,000 libel and slander suit filed against him by the Rev. Rembert G. Smith of Sparta, Ga., and dismissed the case. Mr. Smith was not represented by counsel and immediately after hearing W. H. Bobbit and Plummer Stewart, Charlotte attorneys, argue for Bishop Mouzon, Judge Webb ordered the dismissal. Counsel for Smith Mr. Bobbit said, had written him that the Georgia minister would not be represented at the hearing. Counsel for Bishop Mouzon admitted the Bishop made the statement against which Mr. Smith complained but contended that it was neither libelous or slanderous. Judge Webb sustained them in this contention. Smith can carry the case to a higher court by appealing to the United States Circuit Court of Appeals but no notice of appeal was served today. Bishop Mouzon is a bishop of the Southern Methodist church with headquarters at Charlotte. Mr. Smith filed his complaint against him on the grounds that the churchman had made derogatory remarks concerning the minister's actions in his church activities. Mr. Smith has four other suits pending against persons whom he alleges slandered and libeled him. They are against: Bishop John D. Moore, of Texas, \$50,000; Mrs. Rowland Bryce, Atlanta \$25,000; the Rev. E. V. Cole, Dallas, \$50,000 and Dr. John S. Jenkins, Atlanta, \$25,000.

GRAF ENDS ARCTIC TRIP

Friedrichshafen, July 31.—(AP)—The dirigible Graf Zeppelin completed her latest bit of globe-trotting today when she settled down in her hangar after a seven-day cruise to the Arctic. The ship reached her home port sooner than had been expected and for an hour cruised over Friedrichshafen and Lake Constance before Dr. Hugo Eckener brought her to the ground at 5 A. M. (11 P. M. Thursday, Eastern Standard Time). As Dr. Eckener and the passenger scientists, headed by Professor Rudolph Samoilich, left the gondola, a band played "Deutschland Uber Alles." Friedrichshafen was excited and proud of this latest exploit of the big ship, but there will be no formal celebration. The city fathers announced that times were too hard for money to be spent that way. The Arctic cruise was described by Dr. Eckener as highly successful and as a relatively easy trip. One result of the flight will be a new map of the Arctic, as hitherto undiscovered islands were spotted, and some land shown on present maps was found to be non-existent.

Rev. H. F. Jones to Speak Here Sunday

Rev. H. Frederick Jones, of Baltimore, pastor of Brantley Street Baptist church, will preach at Memorial Baptist church here Sunday morning. It was announced today. Mr. Jones, former pastor of the local church, will be the guest of Mr. and Mrs. George Woodward while here. Mr. Jones will also conduct services here the following Sunday. The minister, one of the most forceful speakers of the denomination has a wide circle of friends who will be interested in his visit, and it was expected the church would be well filled at both services Sunday. While Mr. Jones is here his pulpit will be filled by Rev. A. W. Fleischmann, pastor of the church here.

ORDERS GUN RULE IN N. Y.

Police Commissioners Arm Men With Shotguns in Effort to Stop Gang Activity

New York, July 31.—(AP)—In relentless war against the gangster baby-shooters of Little Italy, Police Commissioner Mulrooney announced that the sidewalks of New York would go under shotgun rule at six o'clock tonight until further notice. From six o'clock every evening to six o'clock in the morning until further notice, Mulrooney said, detectives would patrol the whole city in automobiles armed with high range shotguns. "We will meet force with force and guns with guns," he said in revealing the new order. Previously the motorized detectives have patrolled the city only from midnight until six o'clock and have carried only their service pistols. At a police meeting last night Commissioner Mulrooney called on his force of more than 13,000 men to bring the gangsters who killed one child and wounded four others on the crowded sidewalks of East 107th street to account and ordered them to shoot the culprits on sight and shoot them above the waist.

SELECT JURY IN LEA CASE

The state quickly accepted a tentative panel of 12 men, drawn from a special venire of 125 summoned from Haywood county, but the battery of attorneys representing Colonel Lea, his son, Luke, Jr., S. P. Charlet, of Nashville, and Wallace B. Davis of Asheville proceeded more cautiously in approving men to hear the charges involving their clients. Four Haywood County lawyers, personally acquainted with most of the veniremen, sat with defense counsel and passed final judgment on the acceptability of the jurors. On Sunday evening the 2nd, the first of a series of Union Services to be held in the various churches of the city, will begin at the Presbyterian church with Rev. W. H. Covert of the Immanuel church as the preacher. These services will be held through the month of August and conclude on the first Sunday of September. The following is the schedule for the rest of the time: August—9 At Immanuel Baptist church, with Rev. Frederick Jones of Baltimore, Md., and former pastor of the Memorial church to preach in the place of Rev. W. S. Hardin. August 16—Methodist church, Rev. A. W. Fleischman as preacher. August 23—Eighth street Church of Christ, Rev. E. L. Hillman, preacher. August 30—Memorial Baptist, Rev. W. A. Ryan, preacher. September 6—Episcopal church, Rev. W. A. Lillycrop preacher. All of these services are to be held at 8 P. M. with exception of the one at the Methodist church, which will be held at 7:15 P. M., to conform to their summer schedule.

Rev. W. H. Covert to Speak at Presbyterian at Beginning of Union Services

Davis' attorneys used three of his four preemptory challenges and Judge M. V. Barnhill excused ten more veniremen when they expressed the opinion that Davis is guilty. When Davis finished 29 of the special venire had been examined. When 12 men acceptable to Col. Lea have been found the jury will be questioned by attorneys for Charlet and Luke Lea, Jr. Beware of Bandages Dr. Moines, Ia.—A man with a bandage on his nose can get no end of attention in a bank. Such a one entered the Central Bank and trust company and soon found himself surrounded by for car loads of a clerk thought he had a mask on and sounded an alarm. Maxton —(AP)—Henry F. Carter, local pilot, and merchant, was severely injured when his plane crashed at the airport here.

Federal Judge Wilkerson Announces Decision at Unexpected Session of Federal Court This Morning; Sets Case for Trial September 8 and Reserves Decision Until That Date On the Gangster's Motion to Withdraw His Plea of Guilty On Indictment for Conspiring Against Dry Law

Chicago, July 31.—(AP)—"Scarface Al" Capone was allowed to withdraw his plea of guilty to evasion of income tax's today at an unexpected morning session of court called by Judge James H. Wilkerson. The court reserved decision, however, on the gang lord's motion to change his plea on the indictment for conspiring against prohibition law, and calling the Federal grand jury before him, directed it to review the 5,000 offenses cited with a view to indicting Capone on charges bearing a heavier penalty. The gangster has another five weeks of grace before he is arraigned again September 8. At that time Judge Wilkerson will set the income tax cases for trial probably the last week of September, and will rule on the pleas in the liquor indictments. Only Michael Ahern was present to represent the gang chief, and he took no part in the proceedings. Judge Wilkerson gave a brief statement of his decision, docketed the case for hearing September 8 and adjourned court. Capone was not present. U. S. District Attorney G. E. Q. Johnson said he expected a trial date would be set September 8 for late in that month. Upon adjourning court yesterday Judge Wilkerson indicated he would give his decision at 2 p. m. today and the morning summons was a surprise. In a brief statement in open court the judge said he believed the specific accusations made by the grand jury required a more serious charge than that contained in the liquor conspiracy indictment and he summoned the grand jury before him and directed that the evidence be presented anew before it. Relative to the agreement between government attorneys and defense counsel that the prosecution would make certain recommendations, asserted by the defense to mean a lenient penalty, Judge Wilkerson observed: "As the cases are to be tried this interests of justice require that there be no further comment on the proposed recommendations or arrangement that was attempted with reference to it." It was the court's insistence yesterday that Capone take the stand personally if he solicited leniency, and that all evidence in the cases be presented before him, that brought the request of the gangster's counsel to withdraw his guilty pleas and stand trial. In reserving a ruling on the desire of Capone to stand trial on the prohibition count, Judge Wilkerson said: "The matters covered by that indictment should be presented to another grand jury. "In the enumeration of other acts, the defendant and others are charged with substantial offenses within the period of the statute of limitations for which a heavier penalty is provided than that possible under the conspiracy indictment. "The court will not believe unless forced to do so that the language of this indictment was chosen with, out probable cause, merely for the purpose of creating the impression that this defendant has been a flagrant lawbreaker over a long period of time. "This matter must be inquired into fully."

Chicago, July 31.—(AP)—The fate of Alphonse Capone hung in the balance today, while a threat of a congressional investigation of one phase of his case was heard. It came through United States Senator Thomas D. Schall, Republican of Minnesota, who said at Minneapolis that he would ask the inquiry to determine what arrangement, if any, was made by the Department of Justice for leniency for Capone.

"Any arrangement," he said, "such as I understand was made between the Department of Justice (Continued on page four)

## SWIMMING LESSONS FROM NINE UNTIL TEN O'CLOCK

The hour for swimming lessons at Westbrook's swimming pool has been changed. It is now from nine until ten o'clock each morning.

Quite a number of ladies are taking advantage of the pool. Mr. Osborne has been ill for the past ten days and has not been in the water. From now on he will be in the pool each day.

Miss Pattie Whitehurst won a horsehoe championship for the girls this morning.

## NEW LIFE-SAVING CLASS AT WESTBROOK'S

Boys and girls wishing to join the junior or senior life saving class now being organized, give in your names or see Henry Rivers Jr., at once. Seven hours instruction necessary before an examination will be considered. Certificates and emblems awarded after passing the test. This will be the last class of the season.

The swimming pool is open for children and adults on Saturday and Sunday afternoons.

## SIXTY-ONE POUND MELON EXHIBITED HERE

Some large watermelons have been produced in Pitt county this season but the largest brought to the Reflector office was grown by G. O. Vanderford, tenant on the Julius Brown farm on the other side of Tar river. The melon tipped the scales at 61 pounds.

## Investigate Advance in Cigarette Prices

Washington, July 31.—(AP)—An investigation into the recent simultaneous advance in the prices of popular cigarette brands is being made by the anti-trust division of the Justice Department to ascertain whether the price was fixed in violation of law.

Four of the largest tobacco firms are involved in the inquiry. They are the R. J. Reynolds Tobacco Company, the American Tobacco Company, the P. Lorillard Company and Liggett & Myers.

Announcement of the increase in the popular brands was made June 24. The price to jobbers was raised 45 cents a thousand, bringing the price to \$6.85 a thousand.

Although the department made no official announcement of the inquiry it was officially confirmed. It also was learned that no formal complaint had been filed against the companies.

## Plenty Corn!

Kansas City.—Sweet corn, one cent a dozen! Huge quantities ripened suddenly by the hot dry weather have been thrown on the market. One grocer bought a whole field so cheaply he made a profit at 12 cents for a cent.

Marion.—(AP)—Directors of the merchants and Farmers Bank and the First National Bank of Marion have voted to consolidate stockholders will pass on the merger at a meeting August 27.

# SOIL ACIDITY TESTS HERE

## Farm Department Receives Equipment for Determining the Acid Condition Soil

Soil acidity tests are now available to the farmers of Pitt county. It was announced this morning by E. F. Arnold, director of the Farm Department.

Equipment for this purpose has just been received, and farmers may obtain tests by presenting soil samples to the department.

The tests will not only reveal how much acid is in the soil but will also show the farmers how much lime to use for different kinds of crops.

Mr. Arnold said a great many farmers either used too much or not enough lime, and thought these tests should enable them to obtain proper distribution for all crops.

## Fugitive Convict Killed in Gunfight At Taylor, Ark.

Taylor, Ark., July 31.—(AP)—Nathan Fields, fugitive convict who had made good as town marshal, was killed late yesterday in a gun battle with officers who came here to return him to the state penitentiary.

Supt. T. C. Cogdill of the state prison farms whom Fields shot through the left arm and body, was reported in a "very satisfactory" condition today at a hospital in Pinebluff.

The superintendent, accompanied by his assistant, H. S. DeArmond and Sheriff C. T. Fincher of Columbia county, encountered Fields near the railway station. DeArmond said Fields recognized the officers, whipped out a pistol and opened fire. The two prison officials retaliated and Fields dropped with a bullet through his heart.

Fields, accused of killing Tom Wynne and Grady Talley in a country dance altercation in 1922, was sentenced to serve 10 years from Columbia county for second degree murder. He was granted a sixty-day leave in 1926 but never went back.

Officials learned of his presence here after he had been elected town marshal about six months ago. He was about 40 years old.

## Drinks For Voters.

Brookville, N. Y.—This village on the north shore of Long Island has become a municipality by unanimous vote. Six neighbors of David Dows, retired banker, dropped into his library and voted to incorporate. Beer drinks were served the voters.

## Sleeping Woman Bitten By Rattler

North Wilkesboro, July 31.—(AP)—Mrs. James R. Caudill, of Ashers, is being treated in a hospital here for a rattlesnake bite suffered as she lay asleep at her home.

Mrs. Caudill said she was awakened at 3 a. m. by a stinging sensation on her forehead above the right eye, thinking at first she had been bitten by some insect, she lighted a lamp and found a rattlesnake with four rattles coiled on her pillow.

She was given an injection of serum at the hospital here and physicians said she would probably recover.

## Widow Asks Probe of Husband's Death

Charlotte, July 31.—(AP)—A widow's expressed belief that her late husband was murdered had crystallized today in a request that the body of A. V. Fannin, prominent Union county farmer, be taken from the grave and an autopsy performed.

Fannin, at one time holder of valuable Oklahoma oil land and reputedly wealthy, left his home two weeks ago for a business trip to South Carolina. On July 22 his body was found floating in the Catawba river near here. He apparently had been dead several days.

Mrs. Fannin said that when her husband left for the business trip he carried with him a cashier's check for a large sum. Neither the check nor other valuables the farmer was reported to have carried were found on his body when it was fished from the river.

Mrs. Fannin also said her husband told her he had \$35,000 in a Charlotte bank. Efforts to find some record of this sum have failed, but investigators said they had learned the dead man formerly kept large sums of money in banks in Georgia, Florida and Oklahoma.

## Two Score Persons Poisoned at Picnic

Reading, Pa., July 31.—(AP)—Stricken while attending a picnic at Carsonia park here late yesterday, nearly two score persons were suffering from ptomaine poisoning today, 11 of them in hospitals.

Several hundred persons at the park restaurant. A short time later many became violently ill. Victims were taken from the merry-go-round and other amusements, others swooned along the midway and others collapsed while seeking seclusion in remote parts of the park.

Screams of the suffering and cries of those who frantically tried to minister to them threw the huge crowd into wild confusion. While ambulances rushed the seriously ill to hospitals, others received treatment at a hastily installed first aid station.

Rockingham.—Robert Steele, Rockingham orchardist, has shipped 448 crates, a solid carload, of Georgia Belle peaches to London, England, market.

## Fag' Production Reflects Decrease

Washington, July 31.—(AP)—Preliminary figures on stamp sales by internal revenue collectors in the last fiscal year show that production of cigarettes fell off 303,161,317 and cigars 641,788,230.

While no official reason was given for the decrease, it was pointed out at the Treasury today that business depressions usually were followed by a slump in the output of these articles.

The year's cigarette production was placed at 119,632,271,950 as compared with 119,935,433,267 for the previous year and 119,978,898,493 for the 1928-29 fiscal period.

Stamp sales were made in June for 11,508,063,422 cigarettes, a decline of 242,000,000 as compared with the same month last year.

Cigar production for the year was placed at 5,886,647,632.

In June, cigar production decreased approximately 2,000,000 to a total of 517,513,659.

## OFFICERS INTERRUPT IMPROMPTU AUTO RIDE

Brunswick Ga., July 31.—(AP)—Six Lakeland, Fla. children, ranging in age from 8 to 13 years were on their way home today after an

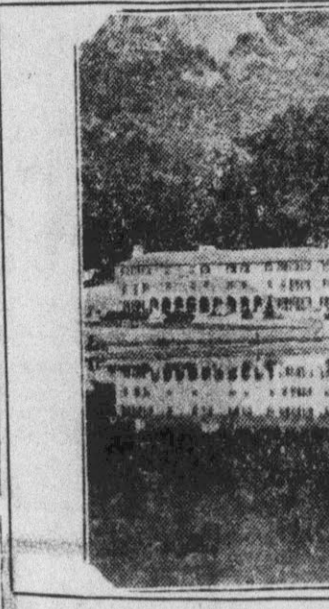

## impromptu automobile tour.

Brunswick officers detained them here yesterday as the youth of the unescorted tourists attracted their attention. The children told them they were on their way to visit a relative at Prichardville, S. C.

Officers said the children had nine cents among them and they found clothing, pistols and rifles in the car.

Meanwhile the question whether the corpulent overlord of Chicago gangdom is to be sentenced to prison on his plea of guilty as an income tax and prohibition law violator or to be permitted to withdraw them and stand trial, remained for Federal Judge James H. Wilkerson to answer. He promised it would be forthcoming at 2 p. m.

The "bargain" referred to was described in a statement by Capone's attorney, Michael Ahern, who protested that Capone had received assurance that the government would recommend leniency if he pleaded guilty to the indictments. He declared the prosecution and defense had agreed to a stipulated term and to have all sentences run concurrently.

**TURKISH FLIERS SLEEP IN BORROWED PAJAMAS**

(Continued from page one)  
 do in Istanbul. In all the city there were only two pairs to fit the heroes. The embassy staff found them.

There were hundreds of telegrams for the fliers when they woke up this morning, but the most important was from Mustapha Kemal Pasha, president of the Turkish republic. He wants to meet the men who flew from New York in 49 hours and twenty minutes, and probably they will go tomorrow to Yalova, the summer capital which the president created out of the small village of Ismid.

Sometime today they wanted to drive out to the airport for another look at the monoplane Cape Cod, which carried them to a new world's record for non-stop flying. The record is not yet official, but on the basis of available figures it appears to have bettered the mark set by Coste and Bellonte.

The New York Istanbul route traveled by the Boardman-Polando plane Cape Cod is set unofficially at 4,986 miles.

Among the throngs waiting outside the hotel of the fliers today—while they slept late into the morning—was a little Turkish girl who yesterday heard them ask for a cup of American coffee, the Turkish variety being too strong for their tastes. With her, the girl had a percolator of the kind they use in the United States.

Virtually every member of Istanbul's American colony, which is 250 strong, was at the airmen's hotel for an impromptu reception in their honor.

New York, July 31.—(AP)—Thomas Moore, friend and representative of Russell Boardman and John Polando, said today the fliers had made no decision as to how they will return to the United States.

Mr. Moore said it was unlikely they would fly the Atlantic again as some news reports said.

Paris, July 31.—(AP)—Congratulations to Boardman and Polando, and to the United States, said Joseph Lebriz, long distance airman, today when he learned that the American fliers on the strength of unofficial figures had taken the distance record away from France.

"By best congratulations," he repeated. "But I hope to win the record back for France. Anyhow I shall make another attempt in the very near future."

It was believed the record would be accepted by the International Aeronautic Federation if regulations have been correctly compiled.

**ORDERS GUN RULE IN N. Y.**

(Continued from page one)  
 others was intensified today as a new clue and offers of rewards totalling \$25,000 spurred every policeman on.

The new clue, which Commissioner Mulrooney called his most important, was the finding of a man who said he was the intended victim of the gunmen. He is Anthony Buzzone, a bookmaker, known in police circles as "Big Ted."

With Buzzone admitting to police that it was the gunmen aimed at, detectives today almost definitely placed the cause of the shooting on a policy gaming feud and not a beer fight, as previously reported.

Under constant questioning for four hours, Buzzone told police about his friends and enemies and furnished detectives with a long list of names of men who might like to see him out of the way.

The two previous newspaper rewards of \$15,000 was augmented today by \$10,000 by the Patrolmen's Benevolent Association, a police social group.

Mayor Walker and Police Commissioner Mulrooney, who addressed 1,200 policemen yesterday at a downtown theatre about the shooting, warned the policemen to get the gunmen, and "shoot above the waist."

Detectives today were checking Buzzone's enemy list. Policemen were stationed at Grand Central Terminal, Pennsylvania Terminal and all ferry slips and outboard motor roadways. Five men found in an automobile with three revolvers in their possession were put under arrest.

# REVERSES IN THE MAJORS

By HUGH S. FULLERTON, JR.  
(Associated Press Sports Writer)

One more round of inter-sectional games between the eastern and the western sections again coming out far ahead. But a few surprising form reversals in the past few weeks have proved costly to some pennant contenders who hoped to improve their positions in the inter-sectional series.

Washington Senators outshone the best performer among the visiting western clubs of the American league but still made a comparatively poor showing and fell far behind the Philadelphia Athletics, who raised their winning form to its highest degree. The Senators played 16 games against the west and won nine of them.

Both American league leaders wound up their stands against the west successfully yesterday but the Athletics finished with an almost unbeatable lead of 12 games. Philadelphia landed on the St. Louis Browns in the early innings and brought the count up to 9-0 in the sixth with the aid of two home runs by Mickey Cochrane.

The final count of the inter-sectional series in the American American league was 48 victories for the east, and 25 for the western visitors. In the National league, the western clubs recorded 40 victories in their home stand while the east took 25 games.

Pittsburgh's Pirates furnished the big surprise of the inter-sectional series in the elder league. The Bucs won 12 games out of 18, by far the best record. And aided the St. Louis Cardinals who won ten and lost five, in improving their lead over their slipping eastern rivals.

The Pirates wound up yesterday by trouncing the New York Giants 9 to 0 behind the four-hit pitching of Larry French to place themselves only three games behind the fifth place Boston Braves.

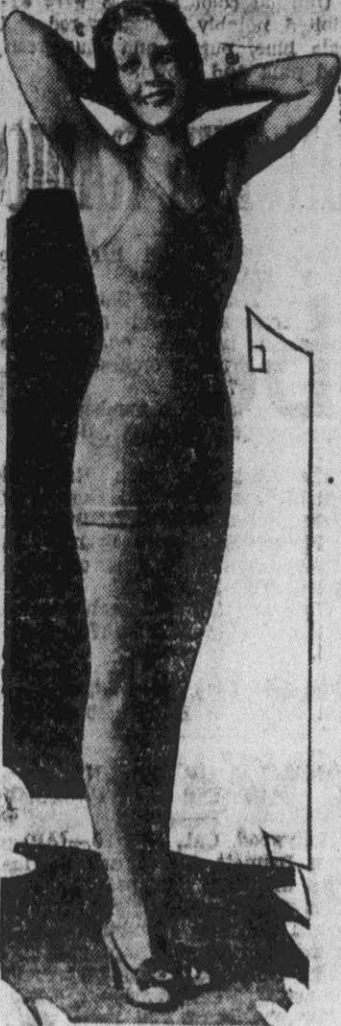

The Giants and the Brooklyn Robins had a rough journey but the Giants managed to hold onto second place although defeated ten times in 17 games. Brooklyn suffered one more defeat and skidded to fourth place at the end of the series.

St. Louis, its inter-sectional series over, took on one of its leading rivals the Chicago Cubs yesterday, and added a game to its big margin of leadership with a 10 to 3 victory.

The triumph put the Cards nine games ahead of the second place Giants.

The four games made up the entire off-day schedule for the major leagues.

amount of interest the Olympic Games stir up among the European boxers," writes Webb. "Most of them have started earnest training, although the games are fully a year away.

"The boxers of Denmark, Sweden, Norway and Finland are putting heart and soul into their training. They want to make good at Los Angeles.

"This is especially true of the Danish mittmen, who have just held a series of tournaments to develop the type of ring man who can stand the hard, trying Olympic grind.

"These boxers of Denmark of a kind like old champion battling Nelson who came from this part of the world, have the fighting blood of their Viking ancestors flowing in their veins. They believe that they will be able, with their paring-in durable style of milling to win some of the Olympic honors.

**AMATEUR SCHEMELINGS**  
In Germany the amon-purcs are going at their training in a real yorlkmanlike manner. They are building up a strong spring of sturdy socks.

"German boxers use the head-on love-swinging method, and while using little science, are of a strong rak-ribbed type (like Schmeling), who can and will take any amount of punishment and still keep boring in. I believe the German boxers will be among the strongest in the Olympics.

"Even Scotland, England and Ireland are working over-time developing boxers with whom they hope to win Olympic crowns. There has never been a time when these countries failed to bring forth some outstanding products in the Olympic realm of Pistiana.

"Those who witnessed the past three Olympic championships cannot help recalling the pleasing correct style used by the English glovesters. Even the Irish lads are schooled in this scientific method, but at times when stepping about within the hempen boundary of the boxing ring, they remember but two letters of the alphabet—K. O.

**Lo'ing Look Good**  
Both Spain and Italy have become excited over the fistic sport, and I wouldn't be at all surprised if these two Latin-speaking nations walked off with some of the Olympic prizes. Both countries have adopted the American style of fighting along with the English method of boxing, and a man combining these two styles is hard to beat.

Their different ways of boxing, along with the South American boxers, as well those of Japan, Mexico, Canada and our own United States boxers with no two countries using the same style of boxing, tend to make the Olympic Games championships the greatest amateur boxing show in the world."

## CAPS TO TRY TO STOP BEES

Charlotte, July 31.—(AP)—With the end of the season just six weeks away, the Raleigh Caps squared off today for another attempt to stop the race-track drive of the Charlotte Hornets for the Piedmont pennant.

And as the second-place Caps welcomed the Bees for a three-game stand the odds were against them on the basis of this week's showing.

They have been able only to break even in four games played this week, while the league leaders captured three out of their quartet of matches.

The Raleigh nine braced up for the important week-end engagements by coming back last night to lick the Bulls at Durham and end the series all square. The score, however, was very close, 4 to 3.

The Mornets had things easier against High Point at Charlotte. Set off by a homer by Frank Packard, they put on a four run rally in the sixth and scored another tally in the seventh to register a 7 to 4 win. It was the 19th victory for Bud Shaney, Charlotte pitcher.

The real battle of the night came off between the Henderson Gamecocks and the Pats at Greensboro. The Birds began with a rush, knocking out McKay, New Greensboro mound recruit, in the first inning.

They could not hold the pace, though, when the Pats got their heavy bats working. The kanemen slugged out 17 hits to win 16 to 6. Cesternuller, who relieved McKay in the box. Mize and Caldwell, hit homers for Greensboro.

The Tourists put on a nice performance in the afternoon at Asheville by winning a double header. They drubbed Winston 4 to 2 in the first match, and to prove there was nothing funny about it took the nightcap by the same count.

# Market Report Cotton--Stocks--Grain

## N. Y. COTTON

New York, July 31.—(AP)—Cotton opened steady today, 2 to 5 points higher in sympathy with a late moderate rally at Liverpool as well as trade buying and short coverings.

The market was quiet and apparently was influenced more by technical considerations than anything in the crop news which was generally of a favorable character. Prices fluctuated narrowly in response to the orders, easing slightly under local and New Orleans selling by the end of the first half hour. December selling off from 8.89 to 8.81 with the general market ruling about 1 to 2 points net lower. Liverpool cables said that the market had been influenced early by hedging and liquidation, offset partially by covering. Manchester was depressed with buyers cautious and business limited.

## GRAIN MARKET

Chicago, July 31.—(AP)—The "corner" in July corn that has stirred nation-wide interest for more than a week went to a successful finish today. Prices during the final hour of the last day were at the peak price of the "corner," 72 1/2 cents a bushel, a rise of about 15 cents in a few days.

The successful deal, one of the most spectacular in the history of the grain trade, was generally credited to Thomas M. Howell, but just before the finish of the "corner" reports circulated that he had an associate, James P. Bickell of Toronto, Canada.

## STOCK MARKET

New York, July 31.—(AP)—The stock market went into a slow decline today, ending July at the lowest levels of the month, but still several points above the bear market lows reached in early June.

The somewhat more favorable than expected earnings of Bethlehem Steel gave the market an irregularly higher tendency in the first few minutes of trading but heaviness soon spread throughout much of the list, and several shares registered losses of 2 to 6 points by early afternoon.

Bethlehem pushed up 11-2 points at the start, and retained part of its gain. Drug and Safeway stepped up 3 points in the early rise and resisted selling pressure later. General Electric and General Motors held about steady. American Can, however, broke more than 3 points to new low since the autumn of 1929, and U. S. Steel sagged more than 2 points, coming close to its June low. Tobaccos turned heavy, American Tobacco B losing 4 points. Declines of similar extent were shown by Eastman, Auburn and Allied Chemical. American Telephone lost 3. Nickel Plate dropped 6, reflecting the dividend omission, and rails generally were heavy.

Wall street is watching the efforts of Germany to reopen the banks with considerable interest. The sale of a large issue of shares of the suspended Darmstadter Bank is expected to permit reopening of that institution along with others. Sterling exchange again declined today, failing to hold the advance which greeted the further increase in the Bank of England's discount rate. It still held above the gold point, however.

**LINDBERGH AT OTTAWA NOW**  
Confers With Government Officials Concerning Conditions Over Canadian Area  
Ottawa, July 31.—(AP)—Colonel and Mrs. Charles A. Lindbergh tarried here today to consult with government air and radio officials concerning conditions over the northern Canadian wilds which lie in their path to the Orient.

Time for departure on the next stage of their journey was not announced, but Colonel Lindbergh said it would not be before tomorrow. Their next flight will take them to Moose factory on James Bay, the southernmost arm of Hudson Bay, 461 miles from here. From there on the route lies over the wildest, most sparsely settled country on the continent.

They landed on the waters of the Ottawa river at the Rockcliffe airport here at 4:36 p. m. (EST) yesterday after a leisurely flight at 105 miles an hour from North Haven, Me., which they left at 1:06 p. m., after saying goodbye to their infant son and Mrs. Lindbergh's parents at the summer home of Dwight W. Morrow. They covered the 380 miles in three hours and 30 minutes.

A crowd of 1,500 was at the airport to welcome them, including Hanford McNider, United States minister to Canada, and Mrs. McNider at whose home the Lindberghs will stay while in Ottawa.

Mrs. Lindbergh proved her skill as a radio operator during the flight from North Haven by sending frequent bulletins reporting the progress of the plane.

**New Silhouette Shown in Salons At French Capital**  
Paris, July 31.—(AP)—The tightest and longest silhouette Paris has produced since the World War, sweeping in almost unbroken line from shoulder to hem, was exhibited in the brilliant salons of one of the foremost Parisian couturiers last night.

The skirts of many evening gowns for the winter season fitted the figure like a glove, clinging in a semi-hobbled effect near the ankle and sweeping in trains almost a yard behind the mannequins.

The new tight silhouette achieved by vertical seamings from the shoulder to hem unbroken by details, predicted a difficult style season for plump figures.

The suggestion of the hobbled skirt was evident by several models, one of which was of pale pink crepe with a skirt tightly sheared to a point six inches below the knee where a flaring flounce broke the line.

By nine gowns of flame velvet, blue-purple chiffon, black satin, blue-green velvet and silver lame all followed the close-fitting line to the knees, many of them displaying sweeping trains.

Several evening frocks suggested a bustle effect in flat puffs and loops over the hips in back. Decolletage was semi-low in front and very low in back—the back sometimes being bare to the waistline. Flowers often were used as an accent for corsage or for the out-
