SIX MILLION DOLLAR REDUCTION MADE IN COUNTY VALUATION

Commissioners Adopt New Budget Yesterday Providing for 94 Cents Tax Rate as Against \$1.35 Last Year; Total Valuation Set at \$38,000,000 Against \$44,000,000 Last Year; Tax Department Is Created to Take Up Collection of Taxes, Now Conducted by Sheriff's Office.

The tax rate for Pitt county this year will be 94 cents on the \$100 valuation, a reduction of 41 cents under the rate of \$1.35 last year, or a total cut of \$6,000,000.

This decision was reached at the regular meeting of the Pitt County Board of Commissioners at the court house here yesterday when the budget for the year was adopted and other matters dealing with operation of the county government were discussed.

The budget carries a total valuation of \$38,000,000 against \$44,000,000 for the past year.

It sets aside 17 1/2 cents for the state support of schools as provided by enactment of the McLean anti-wide school bill by the last Legislature.

Six cents is set aside for capital outlay, three cents for supplementary levy for schools, and forty-six cents for debt services.

The remainder of the rate will go for the support of public health, poor, and general expenses of the county government.

In addition to putting the stamp of approval on the budget, the commissioners created a tax department to take over the collection of taxes. Collections in the past have been made through the sheriff's office.

Following the meeting of the commissioners the auditing department called attention of taxpayers to the fact that a discount of 2 1/2 percent will be allowed on all taxes paid during the month of August.

The rate of 41c was made possible thru the state taking over support of schools, and the excellent plan of financing adopted by the commissioners. Through attention to every detail of government and paring of expenses in all departments, the commissioners were able to effect what is believed to be the largest reduction of any county in this part of the State.

Copies of the budget will be prepared today and when completed will be placed on display at the court house. It was thought work in this connection would be completed either today or tomorrow.

Round Up Special Venire for Trial Brevard Bankers

Brevard, N. C., Aug. 4.—(AP)—A special venire of 125 men was being rounded up in Haywood county today for the trial of two former Brevard bankers and six former Transylvania county officers on charges of conspiracy to defraud the county to aid a tottering bank.

Judge H. Hoyle Sink, presiding, ordered the venire from nearby counties at the request of Solicitor J. Will Pless, Jr. Judge Sink instructed the veniremen to report to court tomorrow for the beginning of the trial.

The eight men facing trial are Thomas H. Shipman, president, and Joseph S. Silverstein, vice-president of the defunct Brevard bank; W. R. McNeely, W. L. Talley, S. R. Brown and A. M. White, former county commissioners, and Ralph R. Fisher, former county attorney.

The State contends the former county officials sold a county note for \$100,000 last September and deposited the proceeds in the Brevard bank, which failed soon thereafter, solely for the purpose of aiding the bank.

The county at the time the state charges had \$500,000 on deposit in the bank.

FLIERS STILL IN SIBERIA

Hugh Herndon and Clyde Pangborn to Continue Trip When Weather Clears.

Tokyo, Aug. 4.—(AP)—In the face of unfavorable weather reports, Hugh Herndon, Jr., and Clyde Pangborn, American aviators, had not been able tonight to set a definite time to take off from Khabarovsk, Siberia, for Nome, Alaska, in continuation of their attempt to beat the record of Wiley Post and Harold Gatty in flying around the world.

The fliers slept this forenoon in the Russian Aviation Society's barracks near the field at Khabarovsk where they landed at 3:50 p. m. (1:50 a. m. E. S. T.) yesterday from Chita.

Upon arising they scanned the sky, hopeful of resuming the flight this afternoon, but weather reports were against them and the hour of starting was not definite.

Possibility that Herndon and Pangborn would lower or even equal the record set by Post and Gatty in circling the globe by air waned as the delay at Khabarovsk continued.

At 9 p. m. (7 a. m. E. S. T.) today, Herndon and Pangborn were 29 hours, 10 minutes behind Post and Gatty who landed in New York 8 days, 18 hours and 51 minutes after taking off.

The flight to Nome lies over the Sea of Okhotsk, around the tip of the mountainous Kamchatka peninsula, and across the storm-swept Bering Sea. Most of the route is over water.

Post and Gatty encountered fog during almost all of this leg and were forced to fly blind.

Wilkins Delayed on Polar Trip

Bergen, Norway, Aug. 4.—(AP)—Sir Hubert Wilkins, who wants to go to the North Pole in the submarine Nautilus, was delayed in his getaway today when it became necessary to shift the fuel cargo, taking half of it off and loading it back again.

When that operation is completed the Nautilus will head into the Arctic. She should reach the ice barrier ten days after leaving Bergen, including one day at Tromsø and a stop for fuel at King's Bay.

Twenty Negroes, Two White Men, Comprising Party Picknickers, Meet Death in River at Georgetown, S. C.

Georgetown, S. C., Aug. 4.—(AP)—Twenty-two picnickers, 20 of them negroes, drowned in the Sampit river three miles from here late last night when a bus in which they were returning from an all-day outing plunged through an open drawbridge.

Twelve of the bodies had been recovered today but only five of them had been identified. Searchers returned to their work as fast as a body was brought to shore but as the Sampit, a coastal river, is affected by the tides, their job was a tedious one.

Jerome Frasier, negro newsboy of Georgetown, was the only one in the crowded vehicle to escape being trapped in the 40-feet of water at the bridge. He smashed a window and swam out.

Warren Newton, 32, white driver of the bus, and his son, Olin, 20, were among those drowned. Their bodies had not been recovered.

All the negroes were residents of Georgetown and Andrews. They had engaged Newton, a farmer who used the bus to haul school children on contract, to drive them to the picnic grounds at a beach near Charleston.

A crew of workmen, after laboring several hours with two wreckers from garages, succeeded about daylight in raising the bus to the surface. Only one body, that of an unidentified negro, was recovered when the truck was brought up. The top of the vehicle had been torn off in the lifting operation.

Using grappling hooks, the workmen continued their efforts to recover the bodies. Hundreds of persons crowded the bank of the river to watch the search.

The coroner announced he would hold an inquest into the deaths today.

Officers were at a loss to explain what caused the driver to run the bus into the river.

Use Records in Lea Trial

Former Auditor Identifies Records in Conspiracy Case at Asheville.

Asheville, Aug. 4.—(AP)—William McCants, former auditor of the Central Bank and Trust Company, returned to the stand here today as a State's witness in the trial of Col. Luke Lea, Tennessee politician and financier, and three others charged with conspiracy to defraud.

On trial with Lea are Wallace B. Davis, president of the bank which failed last fall; Luke Lea Jr., and E. P. Charlton, of Nashville, a former associate of the Elder Lea.

The defendants are accused of conspiring to defraud the bank of approximately \$1,300,000.

The state experienced considerable difficulty in qualifying McCants now assistant to the bank's liquidating agent, as an expert in identifying Colonel Lea's signature on notes.

After an hour of bickering between opposing counsel, Judge M. V. Barnhill ruled that McCants could identify the Tennesseean's signature.

McCants spent an hour or more identifying records of the bank which were not made a part of the record on their contents disclosed.

Several times during his identification of notes and other documents, purported to have been signed by Luke Lea, Jr., McCants said the signatures on the notes did not conform to that on the bond.

Ballard Attempts To Commit Suicide Here

Reported to have disappeared early today after an alleged attempt to commit suicide yesterday afternoon, G. H. Ballard, building contractor, and one of the principals in the sensational Ballard highway robbery case which has been holding the limelight here the last several months, was still in the city this afternoon. He and his wife were seen riding down Evans street about 2:30 o'clock.

Ballard was said to have been dragged from a gas-filled room by

his wife at their home on East Washington street yesterday afternoon, but was revived before the gas fumes did any damage.

The attempted suicide and disappearance were said to have resulted from excessive drinking over a period of some time, and strained relations with his wife. Stormy marital relations have been reported in the Ballard household for some time, and reached a climax last night when the man was said

TOKYO FLIERS ABANDON HOP TO KILL SELF

Robbins and Jones Declare it is too Late to Attempt Flight Again This Year.

Fairbanks, Alaska, Aug. 4.—(AP)—Two Texas aviators, who twice had thought themselves well on the way to Tokyo for a nonstop refueling flight, stated here today at the failure of their second attempt due to inability to find their refueling plane in a sky world of fog and rain.

Messages were coming from Seattle, where they had started their flight, and other pilots, asking them to reconsider their decision to abandon the flight for 1931, but Reg L. Robbins and Harold S. Jones, Fort Worth, Texas, fliers, insisted "it's too late to try it again this year."

Their refueling plane, which had landed for more gasoline at Rubov, half way from here to Nome at 2:30 A. M. (7:30 A. M. EST) rejoined them here last night.

Robbins and Jones landed here at 7:35 A. M. (12:35 P. M. EST) after almost 27 hours in the air since they left Seattle early Sunday.

"When we came over Fairbanks (Continued on page four)

Mrs. Jno. Shackelford in Critical Condition After Firing Bullet Near Heart.

After firing a bullet near her heart in a suicide attempt last night, Mrs. John Shackelford, wife of the operator of a small store in tobacco town, was in a critical condition in the local hospital today. Although her injuries are of a serious nature, physicians were said to hold out strong hope for her recovery.

The act was said to have resulted from depression caused by excessive drinking.

Leaving the store between 9 and 10 o'clock Mrs. Shackelford was said to have gone to her home, obtained a pistol and fired a steel jacket bullet above her heart. The body was found lying on the floor near the mantelpiece a short time later and she was rushed to the hospital for medical attention.

Shackelford, authorities said this morning, was recently arrested for violation of the prohibition law. He was scheduled to receive hearing at the regular weekly session of County court here today.

Three Slain In Rioting At Chicago Last Night

Chicago, Aug. 4.—(AP)—Communist were blamed by police today for a brief but sanguinary riot on Chicago's South Side in which three negroes were slain and one was seriously wounded. Three policemen who helped put down the disorder were injured.

Several scores of the participants were arrested. Three were said by police to have been ringleaders.

Immediate steps were taken by officials including Mayor Anton J. Cermak and Corporation Counsel William H. Sexton to prevent a repetition of the disorder which began late yesterday afternoon when

several hundred negroes started a demonstration in protest against the eviction of a negro family for non-payment of rent.

A crowd of negroes, estimated by police at 1,000, gathered and shouted defiance as two court bailiffs started to move to the street the household furnishing of Diana Gross from a flat at Bearborn and 50th streets.

Frightened, the bailiffs telephoned for police. Cries of "put that furniture back" and "we want something to eat" were heard and some of the crowd started to

Lindberghs Make Safe Landing At Baker Lake

Ottawa, Ont., Aug. 4.—(AP)—The wall of static which had separated Colonel Charles A. Lindbergh and his wife from the outer world for many hours crumbled into silence today and at last it was learned that they had landed at Baker Lake at 5 o'clock, E. S. T., yesterday afternoon and were planning to take off for Hunter Bay some time this morning.

Communication was established with Baker Lake by wireless officials of the Department of Marine and to anxiety concerning the fam-

ous fliers was set at rest. Hunter Bay, the next stepping place on the Lindberghs' long vacation flight to the Orient, is 650 miles to the west of Baker Lake, and within 20 miles of the Arctic circle.

The message reporting the Lindberghs' arrival at Baker Lake came through from the privately owned radio station there which is the only regular means of communication between the little trading post and the outside world.

FLETCHER IS ROTE SPEAKER

Washingtonian Tells of His Recent Trip to International Convention at Vienna.

A Bradford county man who had the honor of shaking hands with the king of Austria while on a recent visit to Vienna was the principal speaker at the weekly meeting of the Rotary club last night.

He was Rev. Maynard Fletcher of Washington, N. C., who attended the convention of Rotary International at Vienna as delegate from this district. Greenville Rotarians were much interested in the experiences of the delegate by reason of the fact that the first proposal to send him to the convention came from the membership of the local club.

The speaker was introduced by President Howard McGinnis as one of the outstanding Rotarians in this part of the county.

Mr. Fletcher briefly delineated the various phases of his journey and vividly described conditions as they prevail in that section of the world.

Germany and Czechoslovakia, he declared, are the greatest sufferers from the economic depression sweeping over the world at this time and both countries are in need of aid. The cause of the serious situation was inability to find a world market for their products.

The speaker found much in the City of Zurich, Switzerland, to attract his admiration. He said they were royally entertained by the Rotary club there and were given an opportunity to visit the area around the snow-capped Alps. The scenery in that section of the country is beautiful, and Mr. Fletcher declared they were deeply impressed with the brilliant display of nature.

They were treated to a round of festivities upon arrival at Vienna, the convention city. The speaker had the pleasure of riding on the Danube River, a stream that has been popularized by a song dealing with its beauty and grandeur. Instead of being blue, as described in the song, Mr. Fletcher told the Rotarians, the water was slate-colored.

World of America's proposal of a moratorium to relieve conditions in Europe was received in Vienna the day the convention opened and it produced wide-spread joy and elation among the people, Mr. Fletcher said. It created a better feeling toward this country and caused the depressed nations to look hopefully to the future for relief.

He described dinners given by the Lord Mayor of Vienna and the President of Austria in honor of the visiting hosts. It was at the dinner given by the President that Mr. Fletcher had an opportunity to shake hands with the Chief Executive of the nation.

Among the other places of note visited by the delegates was the palace of Mary Theresa, who ruled the nation for 40 years and had time to rear seventeen children.

Speakers of the convention Mr. (Continued on page three)

RACKETEER IS SLAIN IN N. Y.

Strangled Form of Man Found in Long Island City Garage; Wrapped Blankets.

New York, Aug. 4.—(AP)—Police department spurred on by rewards and promises of rank promotion was confronted today with its fourth gang killing in a week.

In Manhattan and the Bronx, three newly impounded grand jurors went into the crime situation under warning by the presiding judges, to fully co-operate with police in dealing with gangsters.

The latest victim since five-year-old Michael Vinnalli was mowed down by shotgun slugs in Harlem, was Angelo Marino, described by police as a petty racketeer. Marino's strangled form was found yesterday in a Long Island City garage, wrapped in blankets.

Police Commissioner Mulrooney said he expected several of the ones to be solved within the next two or three days. He was especially firm that his detectives would arrest three men in connection with the killing of the Vinnalli child and the wounding of four others.

Early this morning three men were arrested, but were released almost immediately. One of them, "Big Tex" Buzzon, had been the intended victim of the killers, police said.

The police head said he was contemplating a new measure in his crime drive. He would do: reveal his plans. It was learned however that detective squads were holding that gun drills, and that police squad cars would be equipped with powerful flashlights.

In precinct stations, it was thought that a city-wide roundup of all criminals would be started within a few days.

Poor Grades Greet Opening of Thirteen South Carolina and Seven North Carolina Markets; Mullins, Largest in S. C., Experiences Best Opening in Belt; Private Reports from Greenville Men Say Price Average About Like Last Year; Expect Improvement.

(By The Associated Press)

Light opening breaks, varying prices and poorer grade offerings today greeted the opening of the South Carolina bright leaf and border belt tobacco markets.

Thirteen South Carolina and North Carolina markets reported prices ranging from as low as one cent for sand lugs and poor grade first primings to 50 cents for a pile of extra good leaf on the Kingstree, S. C., market.

The average, however, on the basis of opening prices ranged in the neighborhood of eight to nine cents depending on the market.

The Mullins, S. C., market, largest in that state, experienced one of the best openings in the belt. Prices there ranged in the neighborhood of 9 1/2 cents with many piles of better grades selling up as high as 30 cents.

Sellers were particularly gratified at the action of buyers for R. J. Reynolds Tobacco Company in bidding higher on the opening breaks than they did last year. Approximately 150,000 pounds was on the floor there.

Lake City, S. C., reported an average of nine cents for its approximately 160,000 pounds. Dillon, S. C., also had an opening average of approximately 9 cents but less than 50,000 pounds were on the floor.

Loris, S. C., farmers were "far from satisfied," a report said, at the seven to eight cents average there. Darlington had an average of 8 1/2.

Manning, S. C., reported the poorest prices of the day with the weed ranging from two to four cents and the highest price paid being 15 cents. Timmonsville, S. C., prices ranged from 11-12 to 21 cents, while the Kingstree range ran from 2 cents to a high of 30 cents.

Whiteville, Mt. Tabor, Fairmont and Chadbourne, all in the North Carolina border belt, reported an average price between eight and nine cents a pound. The offerings at all were light and lower grades predominated.

Lumberton, N. C., had an average of eight cents in comparison with last year's opening average of 9.20. The five warehouses there reported an aggregate of approximately 150,000 pounds on the auction floor.

Clarkton, Aug. 4.—(AP)—An offering average of 8 1/2 cents a pound was paid on the Clarkton tobacco market today for 22,466 pounds of tobacco.

The price average was announced shortly after the close of the market by local warehousemen. The tobacco brought from five to 33 cents a pound, depending upon grade. Sandlugs and first primings predominated, but the quality was fair.

The Reflector received private reports from Greenville men attending the opening along with the regularly leased wire stories by the Associated Press.

A message received from Jennings Ragdale at Fairmont this afternoon said the official average for that market on 130,000 was 8 1/2 cents.

A telegram from Smith & Suggs, operators of the Star warehouse here said:

"Sales on border lightest in history. Prices averaging between seven and eight cents, about a cent lower than last year's opening at Fairmont and Lumberton. Quality better than last year but curing has not advanced over Eastern Carolina. We believe market will gradually improve."

K. W. Cobb, supervisor of sales of the local market, wired the following from Fairmont:

"Sales very light. Quality about like last season's. Average estimated at about eight cents. Last year's average on opening day was off-started within a few days. (Continued on page three)

# FARM NOTES

By E. F. ARNOLD, County Agent

**Hog Feeding Demonstration**  
This spring 257 hogs were weighed in for feeding demonstrations with 8 farmers in Pitt county. Complete feed records were kept on all of these demonstrations and all demonstrations proved to be profitable, even though the price of hogs was low.

As an illustration of this feeding work we give the following records on the demonstration conducted by J. C. Williamson, Bethel, N. C. Mr. Williamson weighed in 17 hogs on January 17 and seven on January 28, making a total of 24 head weighing 1947 pounds. These hogs were sold April 1 for \$7.75 net per hundred and their total weight at this time was 396 pounds, making a total gain of 3149 pounds in 69 days or a daily average gain of 1.9 pounds. The feed consumed by these hogs which resulted in the 3149 pounds of gain was 800 pounds of fish meal at a cost of \$23.60 and 207.43 pounds of corn at a cost of 68c per bushel or \$140.60. The total cost of feed was \$167.20. The net price received for the 24 hogs was \$394.94. The initial value of the hogs at the selling price of \$7.75 per hundred amounted to \$150.80, plus the cost of feed which was \$167.20, will bring the total value of pigs including feed to \$318.02, which deducted from the selling price of the hogs leaves \$76.83. Figured in terms of labor Mr. Williamson received \$1.10 a head for feeding 24 hogs, plus the plant food value of the above feeds which remain on the farm, estimated to be worth \$7.19 or if the profit is figured in terms of corn, he received \$1.85 a bushel for the corn and you will recall that corn sold this spring from 80c to 70c per bushel.

Even though the price of hogs is low, corn through hogs than to put low it is always more profitable to same on the market as corn. Farmers in Pitt county now have from 400 to 500 head of hogs on feed and those who have corn to dispose of can well afford to feed hogs for the market.

**Poultry and Egg Outlook**  
The poultry and egg outlook given out by the department of agriculture based on information up to July 1 shows a reduction in numbers of poultry on farms, reduced storage stocks, cheaper feeds in relation to price of poultry and eggs and the sustained consumption of poultry produce. The July 1 report shows the number of hens in farm flocks as 50 per cent less than the number of young chicks—10 per cent less than on that date last year. July 1 shows stocks of poultry and cold storage this year unusually low, being about 40 per cent less than on that date of 1930 and 5 per cent less than the average July 1 stock for the preceding five years. Stocks of case

## WHERE GUNMEN SHOT CHILDREN

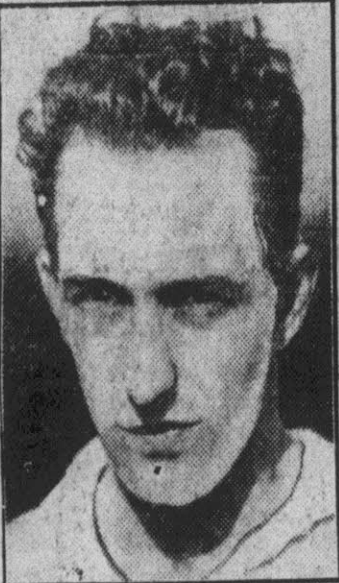

Here is the bullet-polluted front of a building in the "Little Italy" section of Harlem, New York, after gunmen riding in an auto had shot to death one child and wounded four others in attempting to slay a rival beer runner. The intended victim escaped. The child who died was Michael Vengali, 5. An angry crowd gathered shortly after the shooting.

eggs on July 1 this year were 12 per cent less than on that date of 1930 and 3 per cent less than the five year average.

A good farm stock of hens well cared for will prove profitable, even though business conditions are bad. Farmers should cull their flocks carefully rather than to dispose of them. A flock of 50 good hens will help clothe the family and pay the grocery bill this winter.

B. S. Suggs, G. V. Smith and K. W. Cobb are in South Carolina for the opening of the tobacco market. Mrs. Hattie Skinner, Mrs. E. B. Ficklen and Mrs. E. B. Ferguson left today for Norfolk, Va., to visit relatives. They were joined in Tarboro by Mrs. Hyman Phillips.

W. H. Soles is in Lumberton on the tobacco market.

Harding Sugg will leave tomorrow for Salisbury.

Miss Annie Lee Herring and Mrs. M. B. Herring and daughter, Bettie Marie, of Washington, D. C., are the guests of Mrs. N. O. Van Nortwick.

Miss Hope Clark, who has been visiting Miss Janie Gold Hardee, has returned to her home in Stateville.

Mr. Z. N. Tripp spent the week end at home with his family. He was accompanied by Mr. and Mrs. Kelly of Washington, D. C.

Misses Hennie and Anna Long left today for Virginia Beach.

Edward Matthews of Washington was a Greenville visitor Monday.

Mrs. Tige Gardner and little daughter, Barbara, left yesterday for a visit in Fountain.

M. K. Smith of Vanceboro was here yesterday.

Mrs. W. E. Futrell of Belhel was a Greenville visitor yesterday.

Miss Jessie Dell Gurganus of Rocky Mount is visiting Miss Elizabeth Warren.

Little Miss Eloise Warren has returned home after spending a week with relatives in Rocky Mount.

Mr. and Mrs. J. K. Spivey and little Miss Marjorie Spivey spent today in Durham.

Heck Turner of Kinston was here today.

Mrs. Douglas West of New York is visiting her parents, Mr. and Mrs. A. A. Forbes.

Mrs. H. A. White, Miss Dorothy White, Mrs. W. W. Lee and sons, Herbert White, Bill, Jr. and James Lee, have returned from Virginia Beach, where they have been spending the past month.

Mrs. H. L. Pruett of this city, and Miss Christine Bell, of Troy, left today for a ten day automobile trip to Atlantic City, Philadelphia, New York and other points.

Howard Hooker of New York is spending some time here with relatives.

Miss Anna Suther of Goldsboro is the guest of her sister, Mrs. David J. Whichard, Jr.

Master David J. Whichard, third, has returned from a visit in Goldsboro.

Miss Hassell Hostess at Dance Last Thursday evening Miss Margaret Hassell was hostess at a most enjoyable dance, honoring her house guest, Miss Josephine Taylor, of Suffolk, Va.

The Woman's Club was very attractive with profusions of mid-summer flowers, carrying out a yellow and white color note.

On arrival the guests were welcomed by Mr. and Mrs. J. L. Hassell, Miss Hassell and Miss Taylor. A local orchestra furnished music for dancing.

Delicious fruit punch and sandwiches were served throughout the evening.

Mr. and Mrs. J. L. Little, Dr. and Mrs. R. L. Carr, Mrs. J. L. Fleming and Mrs. R. T. Burnette assisted in receiving and serving the guests. About one hundred and thirty members of the younger set enjoyed Miss Hassell's hospitality.

Wallace, the magician, arrived this morning with his family of rabbits, ducks, and other live things, as well as his 1,000 pounds of paraphernalia and is getting the stage of the Austin auditorium ready for his performance of magic at East Carolina Teachers College this evening at 8 o'clock.

By the way, his feed bill for his zoological specimens is a big item in these hard times. As he has money floating around him, perhaps that does not matter.

The program this evening has a list of twenty-five things he does, and all of them sound interesting.

In addition to the magic bowls of water, card tricks, silk handkerchiefs, rings, he catches pigeons from nowhere, has the trick of "super-vanish of the duck and rabbit" makes bank-notes travel, multiplies coins, and has ventriloquist disguises.

The Ohio State Journal has this to say of him:

"Wallace began doing tricks while a school boy. Magicians, he contends, are born, not made. Ordinarily one expects a magician's hands to be thin and delicate, with long tapering fingers which move like greased shadows. Wallace's hands are like those of a blacksmith in size, but he can make a deck of cards do things which would surprise even their maker.

"He will remove a button from your coat with all the cool confidence of a woman peeling a tomato on a parrot's back, and then the owner is debating whether to trust him one for luck or to be a pacifist, the button reappears in the proper place, leaving the owner feeling more foolish than usual, even."

Ordinarily one expects a magician's hands to be thin and delicate, with long tapering fingers which move like greased shadows. Wallace's hands are like those of a blacksmith in size, but he can make a deck of cards do things which would surprise even their maker.

"He will remove a button from your coat with all the cool confidence of a woman peeling a tomato on a parrot's back, and then the owner is debating whether to trust him one for luck or to be a pacifist, the button reappears in the proper place, leaving the owner feeling more foolish than usual, even."

Miss Carr Bridge Luncheon Hostess Miss Elizabeth Carr was hostess at a lovely bridge luncheon yesterday, complimentary to Miss Josephine Taylor of Suffolk, Va., who is the guest of Miss Margaret Hassell.

The home of Miss Carr on Pitt street was effectively decorated with roses and other summer flowers.

At the conclusion of the game, attractive prizes were awarded. Miss Nancy Lee Surrill for high score and Miss Taylor, the honor guest.

The hostess and her mother, Mrs. R. L. Carr, served a tempting luncheon.

Dr. J. L. Winstead was called to Elm City yesterday on account of the death of his father. Funeral services were conducted this afternoon at 4 o'clock and burial was made in the Elm City cemetery.

Little Miss Wilson Entertains Little Miss Elsie Mae Wilson, daughter of Mr. and Mrs. John T. Wilson, delightfully entertained in honor of her eleventh birthday at her home Saturday on Tenth street. The house was decorated with pretty summer flowers. After several games, story-telling, etc., the little guests were served delicious watermelon and were given favors. Little Miss Wilson was the receiver of many pretty and useful presents.

Rev. and Mrs. J. Q. Beckwith Honored Farmville, Aug. 2.—Honoring Rev. and Mrs. J. Q. Beckwith, who were married in June and came to Farmville recently to live, Mr. Beckwith assuming the rectorship of Emmanuel Episcopal church, was the lovely informal reception tendered them by the Woman's Auxiliary on Friday evening at the home of Mrs. J. H. Darden.

The attractiveness of the Darden home was further enhanced by soft lights and a profusion of garden flowers in blended shades of orange and yellow, with sprays of clematis and dainty pink flowers making a graceful setting for the Japanese punch bowl.

Mrs. Darden, Mrs. J. N. Gregory, Auxiliary vice-president, and Mr. Gregory, Rev. and Mrs. J. Q. Beckwith, and Dr. Frank Dean of Wilmington, former rector in charge, welcomed the guests and formed the receiving line. Mrs. W. C. and Mrs. Harold Suggs Askew served punch, and Mrs. J. W. Joyner presided over the register. The guests were invited by Mrs. G. S. Vought into the garden, which was beautifully lighted and arranged with individual tables. Unique contests conducted by Mrs. R. T. Martin and Mrs. J. L. Shackelford, were enjoyed here, and an ice course was served by Misses Edna Foust and Mary Alice Harris, Dora DeGrace Rountree, Martha Cobb and Natalie Vought.

Merchants Ass'n Will Entertain Friends and Members Tonight at 8

The offices of the Merchants Association report they are expecting a large number of business and professional men in attendance this evening for their open house program. Secretary Rowlett stated this morning that responses from the 250 special invitations mailed indicate a "full house" for the occasion.

The baseball team of Battery 'A' will play its last game before going to camp tomorrow afternoon, when it will take on the strong Washington nine. The game will be played at the Third Street diamond and will start promptly at 4 o'clock.

Washington has defeated the local one time this season and the boys will be out for revenge. Taylor and Bullock will probably comprise the local battery, while Harrison and Satterwhite will work for Washington.

Battery to Play Washington Nine Here Tomorrow

The baseball team of Battery 'A' will play its last game before going to camp tomorrow afternoon, when it will take on the strong Washington nine. The game will be played at the Third Street diamond and will start promptly at 4 o'clock.

Washington has defeated the local one time this season and the boys will be out for revenge. Taylor and Bullock will probably comprise the local battery, while Harrison and Satterwhite will work for Washington.

Wallace, the magician, arrived this morning with his family of rabbits, ducks, and other live things, as well as his 1,000 pounds of paraphernalia and is getting the stage of the Austin auditorium ready for his performance of magic at East Carolina Teachers College this evening at 8 o'clock.

By the way, his feed bill for his zoological specimens is a big item in these hard times. As he has money floating around him, perhaps that does not matter.

The program this evening has a list of twenty-five things he does, and all of them sound interesting.

In addition to the magic bowls of water, card tricks, silk handkerchiefs, rings, he catches pigeons from nowhere, has the trick of "super-vanish of the duck and rabbit" makes bank-notes travel, multiplies coins, and has ventriloquist disguises.

The Ohio State Journal has this to say of him:

"Wallace began doing tricks while a school boy. Magicians, he contends, are born, not made. Ordinarily one expects a magician's hands to be thin and delicate, with long tapering fingers which move like greased shadows. Wallace's hands are like those of a blacksmith in size, but he can make a deck of cards do things which would surprise even their maker.

"He will remove a button from your coat with all the cool confidence of a woman peeling a tomato on a parrot's back, and then the owner is debating whether to trust him one for luck or to be a pacifist, the button reappears in the proper place, leaving the owner feeling more foolish than usual, even."

# NEWS BRIEFS

## From Over The City and County

**JACK NOBLES PASSES LIFE SAVING TEST**

Jack Nobles passed the Senior Life-Saving test and was awarded certificate and emblem on Monday by Albert B. Osborne, swimming and life-saving examiner.

The home of Miss Margaret Hassell passed the National Life-saving test this year at Westbrooks and are "Prepared to save life." We hope that a number of others will join the class now in progress.

**Hi-Y Boys Swimming Party**

College and High School boys and girls are invited to the swimming party at Westbrooks Swimming Pool Wednesday night at 8 P. M. Tickets now on sale.

**USE RECORDS IN THE TRIAL OF LUKE LEA**

(Continued from page one) recently signed by the youthful vice president of the Tennessee Publishing company.

McCants said that on the night before the bank failed last November he met J. Charles B. Moore, former cashier, at the bank. Moore said Bradford told him to charge the "stocks and bonds" account with \$55,000 and credit it to the City of Asheville as the balance on the \$305,000 city note issue which he delivered to Colonel Lea in Nashville.

McCants said Bradford told him this procedure was ordered by Davis. He insisted, he testified, that either Bradford or Davis sign the debit ticket before he would make such an entry.

Twenty minutes later, McCants said, Bradford returned with the ticket and two receipts from Caldwell and Company totaling \$295,000. Bradford told him a \$10,000 note, held by C. N. Malone, bond attorney for the city, would be brought in a few minutes.

"The bank did not have \$55,000 in its bond account at the time," McCants said.

**Edison is Believed Nearing Recovery**

West Orange N. J., Aug. 4.—(AP)—Thomas A. Edison was believed today to be definitely on the road to recovery from the sudden collapse he suffered last Saturday.

He slept soundly for eight hours last night. This morning after eating his breakfast with evident relish, he inquired of his son, Charles, about several business problems.

Dr. Hubert S. Howe, the inventor's personal physician after a conference this morning with Dr. Clifford Weston of Glen Ridge, issued the following bulletin:

"Mr. Edison slept eight hours and had the best night so far. He ate his breakfast with relish, read the morning papers and showed evidence of returning strength and health."

Dr. Weston spent the night with Mr. Edison.

Charles Edison said he had found his father in the best spirits he had shown since his illness.

Mr. Edison said his mother had an almost constant vigil at her husband's bedside since his confinement. When she left the room he said, his father asked where she was and how long she would be gone. Because of the improved condition of his father he said Mrs. Edison would leave him for a while today to take a short walk.

Hundreds of messages of sympathy continued to arrive.

**Comb Mountains For Wife Slayer**

Hendersonville, Aug. 4.—(AP)—Sheriff W. A. Garren led a posse that was searching for Edney with bloodhounds while his deputies took charge of other parties.

Mrs. Edney died almost instantly when the full charge from a shotgun struck her. A few scammers shot struck the children, Ethel, 12, and Evelyn seven.

Edney fled into the mountains after the shooting. Relatives blamed his action on jealousy and said the couple had separated several times but each time had patched up their quarrels in an effort to live together again.

**WALLACE THE MAGICIAN This Evening E. C. T. C. Austin Auditorium Admission Adults 50c Children 25c**

# To Receive Proposals on Muscle Shoals

Florence, Ala., Aug. 4.—(AP)—A series of hearings to permit all interested parties opportunity to appear before the Muscle Shoals Commission will be held in Alabama and Tennessee this month preliminary to reception of proposals for leasing and operating the project at Washington September 1.

These hearings will be conducted by subcommittees of the commission to be appointed by Sam F. Hobbs of Selma, Ala., who was installed as chairman of the commission at its meeting here yesterday. Mr. Hobbs announced the hearing would be held in each state, those in Alabama at Birmingham, Montgomery and Dothan, and in Tennessee at Memphis, Knoxville and Chattanooga. Dates will be announced later.

Concluding its meeting here last night the commission issued a statement declaring that proposals for leasing and operating the

shoals properties "in the interest of fertilizer production and of agriculture" would be received in Washington September 1.

These hearings will be conducted by subcommittees of the commission to be appointed by Sam F. Hobbs of Selma, Ala., who was installed as chairman of the commission at its meeting here yesterday. Mr. Hobbs announced the hearing would be held in each state, those in Alabama at Birmingham, Montgomery and Dothan, and in Tennessee at Memphis, Knoxville and Chattanooga. # Turkish Fliers Still Undecided on Flight Plans

Istanbul, Turkey, Aug. 4.—(AP)—Russell Boardman and John Polando, America-Turkey airmen, still declined to disclose plans for continuing their journey today but an authoritative source said they probably would reach a definite decision tonight.

It was said unofficially that they had considered resuming their flight to Tokyo but had abandoned the project because of the difficulty of taking off from the Istanbul aviation field with a heavy load of fuel. They were also credited with intending to leave Friday if atmospheric conditions are favorable for a destination yet to be decided.

Washington, Aug. 4.—(AP)—The State Department was informed today by the American consulate at Hankow that a serious epidemic of disease appeared inevitable there because of the unsanitary conditions under which flood refugees are living.

Walter A. Adams, American Consul, reported that "huge crowds of refugees in a squalid condition are huddled in utterly inadequate spaces without sanitary arrangements."

H. said the Jardine estate area, a foreign residential section of Hankow, was under 20 feet of water yesterday.

Charlotte, Aug. 4.—(AP)—Senator Cameron Morrison today said newspaper stories referring to him as having opposed the luxury tax when it was before the past General Assembly were incorrect.

"There was a rumor around the state that I opposed it," Senator Morrison said, "but it was untrue. I did not have anything to do with it."

The Associated Press yesterday in a story from Charlotte erroneously said Senator Morrison had opposed the luxury tax. It is glad to make this correction.

Washington, Aug. 4.—(AP)—The State Department was informed today by the American consulate at Hankow that a serious epidemic of disease appeared inevitable there because of the unsanitary conditions under which flood refugees are living.

## ABOUT TOWN

Thursday will be semi-annual "Dollar Day" in Greenville, and merchants will offer hundreds of bargains to the people of this great territory. Thirteen merchants will participate this time, and the majority of them have sent buyers to northern markets to provide special display for their customers during the bargain day. "Dollar Day" never fails to draw big crowds to the city and this year will be no exception. Merchants are expecting the shoppers to come from a radius of many miles to partake of the great harvest of values.

Greenville merchants have built up a splendid reputation among the people of this part of the state and the splendid stocks which they offer on "Dollar Day" have been largely responsible for their success. They are desirous of sharing profits with their customers and have inaugurated special sales days to carry out this purpose.

The monoplane Fort Worth again has failed to span the distance between Seattle and Tokyo, having landed at Fairbanks, Alaska on account of bad weather.

The filers were attempting to capture a prize of \$25,000 offered by a Japanese newspaper for the first refueling to the capital city.

Whether the filers will attempt the feat again can not be said, but whether they do so or not the world will give them credit for making two good attempts.

The Merchants Association will entertain at an "open house" celebration tonight, and people who have not visited the organization since it moved into its new home will be given an opportunity to inspect the quarters and see what changes have been made.

The association has invited over two hundred and fifty business and professional men to attend the celebration of the new home, and virtually every one has signified his intention to attend.

The merchants of the city have derived much good from activities of this organization in recent years, and that they will do everything possible to increase its usefulness in the future is certain. The association has to a large extent taken the place of a Chamber of Commerce and has been instrumental in advancing the cause of city and community.

Any progress made by the progressive body is of interest to the public, and everybody will be glad to see it increase its scope of endeavor.

Members of the Women's Temperance Union predict that both parties will campaign on a dry platform next year.

The prediction sounds mighty encouraging, but it does not seem to be getting anywhere with the majority of the boys drinking wet and talking dry.

What the nation needs for the sake of prohibition is more of dry talking and drinking. Little developments may be expected as long as men talk prohibition in their offices and run home and take a "nip" in an effort to forget the pressure of business.

A good flock of hens will care for will prove profitable to any farm even though business conditions are far from normal, in opinion of the Pitt County Agricultural Department.

It is believed that a flock of fifty hens will help clothe the family and pay the grocery bill during the winter.

Poultry raising has proved very profitable to the farmer of Pitt county during recent years and considerable revenue has been derived from same. Growers have been better able to stand the pressure of hard times than the people who did not turn their attention to new sources of making money, and they will continue to realize this benefit even though prices for their products may continue low.

### BUS PLUNGES THROUGH DRAWBRIDGE; 22 DEAD

(Continued from page one)  
bus into the river. They said red light danger signals to warn that the drawbridge had been lifted for the passage of a boat were clearly visible.

A heavy barrier guarding the bridge entrance was torn away by the bus as it plunged from the bridge approach to the water 15 or 18 feet below.

A watchman at the bridge said he saw the bus crash through the barrier and heard screams as it struck the water. Two other bodies were later recovered by searchers and identified as Mary George and Melvin Jones. The first body taken out was found wrapped around the front axle of the bus. It was identified as that of Harold Braxton.

When the top of the bus gave way after the vehicle had been lifted to the surface, workers placed grappling hooks around the front axle and lifted it again. In doing so, the bodies in the machine spilled back into the river.

The Sampit, a coastal river, is affected by the changing tides and searchers estimated that the bodies would be found at varying distances from the scene of the wreck. Jerome Frazer, the only occupant of the bus to escape, said the bus was one of four engaged by the negroes to take them to a picnic at a beach near Charleston. The buses were traveling approximately fifteen minutes apart and the one that crashed into the open draw was the second in line.

Searchers were dragging the river with ropes on which had been placed enormous fish hooks in hopes that the clothing of some of the victims would be caught.

and saw clear skies to the westward we thought everything was going to be clear sailing and it was until we got between Kaitang and Unalakleet.

"Then it became foggy and rainy. It became right difficult to keep the refueler in sight and finally we lost it altogether. We realized the refueler could not get over the

mountains to Unalakleet so we came back to Fairbanks and flew over town for three hours hoping (James) Mattern and (Nick) Greener would return so we could

refuel and try again. "But when they did not return and the ground fog lifted we started to land picking a hole in the fog to set down. We had 50 gal-

lons of gasoline in the tank when we landed. Fuel consumption averaged 22 gallons an hour and the motor worked perfectly all the time."

Early last month the Texans were forced down on their first attempt at Solomon beach near Nome when bad weather made refueling difficult.

# "TOASTING" expels SHEEP-DIP BASE naturally present in every tobacco leaf

(Black, biting, harsh irritant chemicals)

"They're out—so they can't be in!"

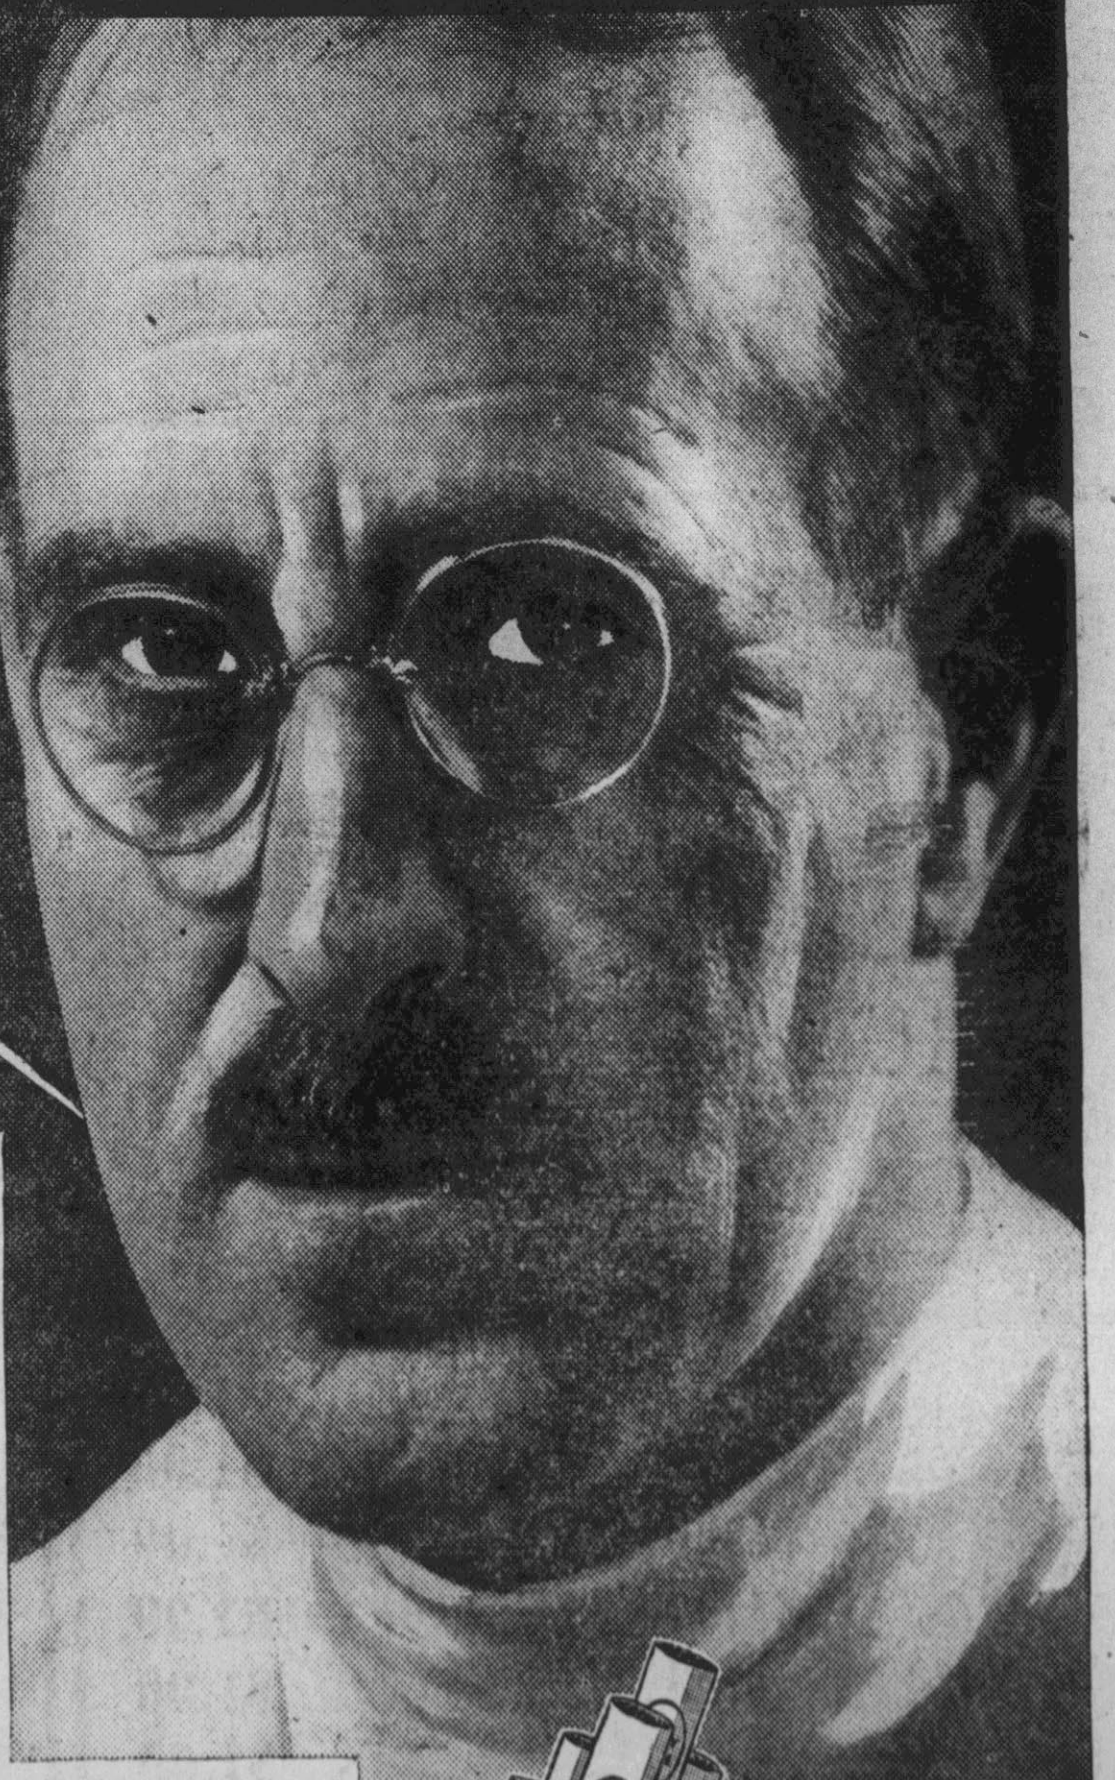

Every LUCKY STRIKE is made of the finest tobacco leaves the world can offer—the finest from Turkey—the finest from Kentucky, Tennessee, Virginia, Georgia and the Carolinas—the Cream of many crops throughout the world. But all tobacco leaves, regardless of price and kind, as nature produces them, contain harsh irritants. LUCKY STRIKE'S exclusive "TOASTING" Process—a process that mellows, that purifies, that includes the use of the modern Ultra Violet Ray—expels certain harsh irritants naturally present in every tobacco leaf. We sell these expelled irritants to manufacturers of chemical compounds, who use them as a base in making sheep-dip\*, as well as a powerful spraying solution for fruits, flowers and shrubs—enough to permit the daily dipping of over 50,000 sheep or the daily spraying of many thousands of trees. Thus, you are sure these irritants, naturally present in all tobacco leaves, are not in your LUCKY STRIKE. "They're out—so they can't be in!" No wonder LUCKIES are always kind to your throat.

\*U. S. Dept. of Agriculture, Bureau of Animal Industry, Order No. 210

### THREE SLAIN IN RIOTING AT CHICAGO LAST NIGHT

(Continued from page one)  
put the furniture back.

A patrol wagon, manned by Policeman Fred Graham, a negro, Martin Ernst and John McFadden, arrived, but the trio was quickly surrounded by the rioters, many of whom were armed with knives, clubs and pistols. Ernst suffered a skull fracture. His companions were cut. When the reserves, including Sgt. Henry Lyons, came to their aid, a negro pulled Lyon's pistol from his holster and threatened to shoot. As he did so Policeman William Jordan fired and the negro fell dead. A few minutes later, Lyons, who had recovered his pistol, paid his debt to Jordan by killing a negro who was firing at Jordan from a nearby doorway.

The manner of the third man's death could not be learned and only one of the three dead was identified. He was John O'Neill, about 30 years old.

While the fight was at its height a group of policemen became separated from the main body of the reinforcements, and were forced to take refuge in a small store in the same block. They were attacked by at least a hundred men, some of whom broke the store windows with bricks. Shots were also fired at the policemen, but they were able to defend themselves without injury until help arrived.

Mayor Cermak ordered a conference of police officials, his cabinet, and leaders of the negro race at which it was agreed that there was no antagonism between the races and that the trouble was due solely to communistic propaganda. The arrest of Lovett Fort-Whiteman, a negro and former student in a Soviet school in Russia, was asked. Meanwhile, it was also agreed that Alhoran, halliff of the Municipal court, hold up all eviction orders for the present.

### BALLARD TRIES SUICIDE AND THEN DISAPPEARS

(Continued from page one)  
to have disappeared.

Ballard was said to have left a note to his wife, informing her not to lock for him, that he would not be back, but this fact had not been definitely established today.

The idea that the man had attempted suicide was scouted by authorities this morning. The gas was believed to have been turned on by somebody after he had fallen in a drunken stupor.

The Ballards first forged into the limelight the latter part of last December when Mrs. Ballard claimed she was held up and robbed of \$4,200 on a street near her home.

Two young men—Rodney Cox and Elmer Whitley—were arrested and convicted of the crime and sentenced to six to nine years each in the state's prison. They appealed to Supreme court and recently obtained their release under bond.

Several weeks ago Whitley and his wife brought suit against Mrs. Ballard for \$5,000 each as result of alleged defamatory charges growing out of the robbery case.

It was learned that Mrs. Ballard, who claimed the money stolen from her was all she had in the world, had rented a safety deposit box in a Wilson bank shortly after the robbery.

The box was opened under court order and a sum of money estimated at approximately \$6,000 was discovered. Attorneys for Whitley made an effort to question Mrs. Ballard before her attorneys had filed answers to the charges, but were prevented from doing so by a decision handed down by Judge J. Paul Frizzelle.

The answers were filed sometime ago and denied charges of slander, but no new developments had taken place in the case.

### Fur From Head to Foot is Edict of Paris Fashion Show

Paris, Aug. 4.—(AP)—Fur from head to foot, displaying the most luxurious fur mode Paris has seen in several seasons, was the edict of the winter fashion show presented by a prominent Parisian dress-maker last night.

From waist-length evening wraps almost entirely swathed in huge sable capes to wool day coats with bodices, skirt incrustations, yokes and entire sleeves of fur, the exhibition forecast a lavish use of pelts for wealthy winter wardrobes.

Even fur coats were often combined with pelts. Breitschwanz colored and incrustated with Astrakan being the favorite combination. Mink, sable, skunk, leopard and beaver, astrakan and seal all were used in the luxurious pageant.

A jade green wool coat designed on semi-fitted lines had a square standing collar and entire sleeves of beaver tangerine. A red wool coat had a waist-length cape of black seal and a tiny seal muff. A full length green Develtyne evening wrap was collared and cuffed and edged in black skunk, while a silver and green lame waistlength wrap had a waist-length cape almost covering it made of silver fox scarves.

Day coats were designed in semi-fitted lines, having large standing roll collars and sleeves with puffs below the elbows made of fur. They generally were ten inches from the ground.

#### ROB MAN OF \$1,600

Burnsville, N. C., Aug. 4.—(AP)—Two unidentified men early today entered the home of W. A. Honeycutt, brother of Sheriff M. C. Honeycutt, near here, and robbed him of \$1,600 in currency.

Honeycutt said he had the money sewed in the pocket of his trousers. This did not daunt the thieves who took all his clothes, he said.

Floyd Davis was arrested later in Asheville and is held for questioning.

### North Carolinians Invited to Honor Gov. John Pollard

Little Switzerland, N. C., Aug. 4.—(AP)—A group of distinguished North Carolinians were invited here today to honor Gov. J. G. Pollard, of Virginia, on his 60th birthday.

Governor Pollard is the guest of Associate Justice Heriot Clarkson, of the State Supreme Court, and Mrs. Clarkson, who arranged a banquet at their summer home. Among the guests invited are Governor and Mrs. Gardner, Senator and Mrs. Morrison, Senator J. W. Bailey and Mrs. Bailey, Mr. and Mrs. Joseph Daniels, of Raleigh, and State Senator Francis Clarkson of Mecklenburg county.

### Jury Investigates Closed Tenn. Bank

Nashville, Tenn., Aug. 4.—(AP)—The county grand jury today began an investigation of the closed Liberty Bank and Trust Company with Seth Walker, attorney general pro tem, presenting witnesses before that body.

Walker was appointed prosecutor pro tem by Judge Charles Gilbert when the regular attorney general, Richard M. Atkinson, refused to comply with an order of the court that he file with the grand jury an indictment charging Colonel Luke Lea and Luke Lea, Jr. with conspiracy in connection with the bank's affairs.

Under the law it is necessary to file with the grand jury an indictment charging a specific offense before witnesses can be summoned before the grand jury. Several persons waited in the grand jury room to be called.

#### ETHEL BARRYMORE CELEBRATES BIRTHDAY

Beverly Hills, Cal., Aug. 4.—Ethel Barrymore, veteran of the stage, observed her fifty-second birthday anniversary ahead of time at the home of her brother, Lionel Barrymore, here today.

The birth date is August 15. The party, attended by many friends of the famous actress, was set ahead because Miss Barrymore will be absent from the city on her anniversary.

### DOROTHY DARNIT!

#### No Change in Taylor's Condition

Johnson City, Tenn., Aug. 4.—(AP)—No decided change in the condition of former Governor Alfred A. Taylor, 83, was seen today by his physician Dr. Harry D. Miller. "Although he had a good night's rest, I can't say Governor Taylor is making any decided progress," Dr. Miller said.

The former governor underwent an operation last Friday for a kidney disorder.

#### GAS STATION OPERATOR IS ROBBED OF \$1,280

Winston Salem, Aug. 4.—(AP)—T. L. Whisnant, who operates a filling station on the Kernersville road, was held up by four men today, driven to a secluded spot on the High Point road, and then robbed of \$1,280 in cash and \$500 worth of other valuables.

#### Suffolk, Va.—(AP)—The Rev. E. B. White, Christian minister here, has accepted a call to serve the Christian churches in Windsor and Isles of Wright, Eure and Sunbury N. C.

#### North Wilkesboro, N. C.—(AP)—J. Talmadge Prewitt, Wilkes business man, has announced his candidacy for United States marshal of the middle district of North Carolina.

Winston-Salem, N. C.—(AP)—W. E. Hendrix brakeman on the High Point, Thomasville and Denton railway, has filed suit for \$50,000 against the railway company claiming that the engineer on his train went fishing, leaving the fireman to operate it, and that he was injured because of the fireman's inexperience in shifting cars.

NEW RECORDS IN OFFING IN THE MAJORS

They've declared a sort of open season on baseball records in the two major leagues. From now on, prospects are it will be a poor week that doesn't see a long-standing mark shot full of holes.

Three clubs stood on the threshold of new records today. The Pittsburgh Pirates and Cincinnati Reds, with forty scoreless innings to their credit and discredit respectively, appeared set to shatter all long distance marks in that specialty, while the champion Philadelphia Athletics were on the verge of bettering the all-time mark for double victories.

When they failed to score against the Chicago Cubs yesterday, the Reds ran their string of consecutive "goose eggs" to forty and at least had one big league mark. Only two other clubs in history have been blanked four straight days, the Boston Nationals of 1906 and the Cincinnati Reds of 1908. There is no record of the number of scoreless innings run up by those clubs but chances are they did not eclipse the current record of Col. Dan Howley's troops. In losing yesterday, 4, 10, 6, the Reds collected only five scattered hits off Bob Smith.

Pittsburgh, with four straight shutout victories to its credit, three of them over Cincinnati, had no opportunity to extend his string. Hein prevented the Pirates and St. Louis Cardinals from playing the only other game scheduled in the National League.

The Athletics approached the major league record for consecutive double wins when they stopped the second place Washington Senators twice, 3 to 2 and 6 to 5, squaring the series. The all-time mark is five straight double killings, made by the New York Americans of 1908. Yesterday's twin victory was the fourth in a row for the Mackmen and their ninth of the season.

Earl Whitehill held the Chicago White Sox scoreless in all but one inning to give Detroit a 7 to 2 victory in the third game of their "cellar series."

SPORTS SLANTS

The greatest foot racer of them all none other than Peerless Paavo Nurmi bounds back into the picture with a world's outdoor two mile record in 8 minutes 32.5 seconds.

If you're a track "nut", there's a thrill in this bit of news from far off Finland.

It means that this bald-headed superman, who ran Father Time dizzy in 1924-25 at the height of his marvelous career in Europe and America, has regained the speed that seemed to have slipped a little from his steel spring underpinning.

Two miles is less than 3 miles, is it? The graybeards used to shake their heads and say it was as impossible as the 8-second "100". That is they did until Paavo romped around the old Madison Square Garden track one night in the winter of 1925, and in 8:58.1-5 for his third appearance in as many different towns. That is still the fastest two miles man has ever run.

Six years later, 11 years after he first raced to Olympic fame, Paavo can still do the "impossible".

The boys have been picking the "old man of Ado" for the Olympic marathon at Los Angeles next year. Probably he will try that for exercise after working out a 5,000 and 10,000 meters.

Fifty Miles a Day When C. C. Pyle undertook the promotion of his famous "Bunion Derby," he sought the advice of experts on the daily distance he might expect the cross country athletes to cover. At his behest Hugo Quist of the Finnish-American A. C. put the question to a number of the most famous distance runners, including Newton, the English professional and Paavo Nurmi.

Newton, with a number of endurance records to his credit, replied he thought 30 miles a day would be the limit for one month of steady plodding.

HIS NEXT JOB MAY BE MAIL PILOT

Here is W. L. "Young" Stribling, Jr., of Macon, Ga., as he appeared in the role of instructor of flying students as a second lieutenant of the army air corps at Candler Field, Atlanta. He has applied for appointment as an air mail pilot.

his tactfulness. Paavo resisted all overtures to turn professional, appear in the movies or furnish his byline to a syndicate "ghost" writer. The only "ghost" he seemed interested in was Father Time, to whose discomfiture he has devoted a good share of his lifetime.

SATURDAY A. M. 9 to 10 O'clock Ladies' and Children's Cotton Wash Dresses, (2 to a customer) 25c each

# CAPS ROMP ON THE BEES

Charlotte, Aug. 4.—(AP)—The time has come when the Charlotte Bees and the Raleigh Caps, number one and number two teams in the standing, have to get on their toes to win a ball game.

Romping on the Bees in a twin bill Saturday, the Caps moved over to High Point last night to tackle the Pointers.

After subduing the league-leaders in good style they ought to have found the Pointers easy, but they did not. As a matter of fact, old Daniel Boones crew, with the skipper himself clouting a brace of homers, had things pretty much their own way through the 7th inning. Walker, new hurler, was working like a machine and the boys had piled up a 5 to lead.

The Caps saw they were going to have to do something to win, and they did. They cut loose their heavy bats in the eighth, sent young Walker to the bathhouse and tallied six runs to salt the match away.

The Pointers ran in a couple more tallies in the ninth, but it was no use. The Caps won, 8 to 7, although they had to fight for it.

The Hornet match with Durham at Charlotte was not quite so close but it packed plenty of excitement in the early innings. Heavy-hitting Tom Wolfe whacked out a circuit cut in the fourth frame to give the Bulls a lead, after the two rimes had battled along on even terms for the first three innings.

This nettled the Bees, and they began a little sick work themselves driving in enough runs to win, 6 to 2.

The Greensboro Pats, who last week established themselves as a real threat, were up to their tricks at Asheville last night. With their hurler, Ed Chapman, holding the Tourists to five safeties, they rolled up a nice 7 to 2 victory.

Dave McKimney, twin hurler, limited Henderson to five hits at Winston Salem, but the home team did not find it so easy to win. They snatched an early lead and managed to steer through to a 6 to 4 win despite Gamecock threats in the fifth and eighth frames.

## Results Yesterday

**PIEDMONT LEAGUE**  
Raleigh 8, High Point 7.  
Charlotte 6, Durham 2.  
Greensboro 7, Asheville 2.  
Winston-Salem 6, Henderson 4.

**EASTERN LEAGUE**  
Allentown 11, Springfield 5.  
New Haven 4, Richmond 2.  
Albany 12, Norfolk 11.

**NATIONAL LEAGUE**  
Chicago 6, Cincinnati 0.  
St. Louis-Pittsburgh, rain.  
Others not scheduled.

**AMERICAN LEAGUE**  
Philadelphia 3-6 Washington 2-5  
Detroit 7, Chicago 2.  
New York 9, Boston 8.  
Cleveland 5, St. Louis 3.

## Fights Last Night

(By the Associated Press)  
Chicago—Frankie Battaglia, Winnetka, Man., knocked out Pete La Crosse, Ft. Wayne, Ind. (2).  
Norfolk, Va.—Jack Portney, Baltimore, outpointed Johnny Hayes, Philadelphia (8).  
Oakland, Calif.—Jose Santa, Portugal, outpointed Leon Chevalier, San Francisco (10).

## Yesterday's Stars

George Connelly, Indians—Scattered Browns' eight hits to win, 5-3.

## BILLY'S UNCLE

# Market Report

## Cotton--Stocks--Grain

### N. Y. COTTON

New York, Aug. 4.—(AP)—Cotton opened steady today at a decline of 1 to 2 points under over night selling orders and some further selling on reports of continued favorable weather in the south. There was no particular incentive in the Liverpool cables and while the initial offerings were fairly well absorbed selling increased on slight bulges. October declined to 8.16 and January to 8.45 making new low ground for the season and the market was barely steady at the end of the first half hour with the active months showing net declines of 5 to 7 points. A private crop report placed the condition at 73.8 and the indicated yield at 14,150,000 bales. Liverpool cables said there had been hedging combined with continental and Bombay liquidation in that market. The continent was reported a seller here during the early trading and there was some selling for southern account.

### GRAIN MARKET

Chicago, Aug. 4.—(AP)—With wheat at Liverpool quoted at 50 cents a bushel, including cost, insurance and freight. No. 2 red winter wheat in Chicago today established a new all time official low price for a regular contract grade, 873-4 cents. The decline here was in sympathy with action of Liverpool market, where quotations were down to the 1922 level, unequalled in the last 339 years. The lowest official price heretofore in Chicago for a contract was reached July 31 last, 48 cents a bushel.

### STOCK MARKET

By CLAUD A. JAGGER (Associated Press Financial Editor) New York, Aug. 4.—(AP)—Share prices dragged slowly downward in today's market, but trading was around the smallest volume of recent years.

Further liquidation of the railroad issues registering more substantial losses with wheat prices again breaking to new lows and the recent upturn in Youngstown raw steel output proving short lived, the day's rather meagre list of business news had a bearish tinge.

Ferrous Marquette prior preferred tumbled 9 points in a thin market, and issues off 2 to 3 included Atchafalaya, Union Pacific, New York Central, New Haven, and Missouri Pacific preferred. Among industrial, loss of 2 points or so appeared in U. S. Steel, American Can, Eastman, Johns-Manville and Allied Chemical. American Telephone lost 1/2 point.

There were no specific developments in the railroad situation to account for the further heaviness in that group, but the feeling Wall Street that there will be several more reductions in railroad dividends before the year is out remains a heavy weight upon these issues, as well as the feeling in some quarters that the railroad wage situation may come to the fore before the carriers' earning power is restored.

News of banking difficulties in Mexico added to the somewhat bearish atmosphere, but Wall Street had largely discounted that situation when the country returned to a silver-monetary basis several days ago.

The new law in wheat were countered with more rigid restrictions against imports of wheat by summary Germany which dashed hopes of any important disposal of the American surplus through any special arrangement with that country. There is still said to be a good prospect that Germany will take a substantial amount of American cotton and copper on special terms.

## Gov. Murray Tarries Over Plan to Close Prorated Oil Wells

Oklahoma City, Aug. 4.—(AP)—While the hours slipped far past the "deadline" set for last Saturday night by Governor W. H. Murray for shutting down prorated oil wells of the state, that officials continued to tarry over the issuance of his executive order.

In contrast to his habit of acting swiftly and apparently on the spur of the moment in matters of importance, the governor commented that a "long fight," possibly in the United States Supreme court, was in prospect, and that he wanted to be sure of his ground.

Late yesterday he referred vaguely to "later," apparently referring to today, as the time for issuance of the order.

His threat to close all but stripper wells came when purchasers of crude retained posted prices of 42 to 50 cents per barrel for best Oklahoma oil. He declared a minimum price of \$1 must be posted or he would shut the wells, if necessary with state troops.

A possibility that the governor was awaiting the outcome of a Federal court attack in Guthrie, Okla., on the state's proration law also was advanced by observers as a reason for his delay.

Three judges who sat en banc to hear oral arguments in the case of the Champlin Refining Co. of Enid, Okla., had the case under advisement today, but did not indicate when they would hand down a decision.

Wilson, N. C.—(AP)—St. Theresa Catholic church here will open a Parochial school of six grammar grades in September.

**Sentiment Against Prohibition**  
Washington, Aug. 4.—(AP)—Commissioner Davila of Porto Rico predicted today a vote on prohibition in the island would be overwhelmingly against that law and said he was going to seek authority from Congress next winter for such a ballot.

**SALE OF VALUABLE FARM PROPERTY**

Under and by virtue of the authority conferred upon us in a deed of trust executed by W. E. Garris and wife, Emma Garris, on the 27th day of April, 1928, and recorded in Book X-15, page 640, we will on Saturday, the

5th day of September, 1931, at 12 o'clock noon

at the courthouse door in Pitt County, Greenville, N. C., sell at public auction for cash to the highest bidder the following land to-wit:

Beginning at an iron stake, southwest corner, and runs thence N. 1-2 E. 24 poles to the road, thence N. 56 2-3 E. 63 poles with the lane to a crook in the lane, thence N. 2 W. 20 poles to another crook in the lane, thence with the ditch N. 39 5-8 E. 77 poles to a sweet gum on the ditch, thence S. 45 E. 57 poles to a lightwood knot in the swamp, thence S. 39 1-2 W. 168 poles to the Lester and Wilbur Garris corner, thence N. 51 W. 47 1-3 poles to an iron stake, the beginning, containing by actual survey, 59 acres, adjoining the lands of Lester Garris, Wilbur Garris, and N. E. Garris, and known as the G. W. B. Garris farm. This is the same

tract of land as that tract conveyed by H. W. Whedbee and F. C. Harding, Commissioners, to N. E. Garris by deed dated Jan. 4, 1924, and recorded in Book V-14, page 25, Register of Deeds office, Pitt County.

This sale is made by reason of the failure of N. E. Garris and wife, Emma Garris, to pay off and discharge the indebtedness secured by said deed of trust.

A deposit of 10 per cent will be required from the purchaser at the sale.

This the 28th day of July, 1931.

## Tax Collector at Raleigh Admits a Heavy Shortage

Raleigh, Aug. 4.—(AP)—A shortage of \$30,622.99 was charged today against Ed Hugh Lee, for the last sixteen years a Raleigh tax collector, who said the amount represented mainly worthless checks he had accepted from friends for taxes.

Mayor George A. Isley said Lee had confessed the shortage to him and a representative of a bonding company.

Attorneys for the accused man said he would plead guilty and throw himself on the mercy of the court.

They said the worthless checks Lee claimed to have accepted for taxes had been destroyed to protect friends, some of whom are now dead.

**Sentiment Against Prohibition**  
Washington, Aug. 4.—(AP)—Commissioner Davila of Porto Rico predicted today a vote on prohibition in the island would be overwhelmingly against that law and said he was going to seek authority from Congress next winter for such a ballot.
