ALIEN RING IS UNCOVERED IN NEW YORK

Confessions Obtained from Several Arrested in Return Permit Fraud.

Washington, Aug. 6.—(AP)—Secretary Doak said today confessions had been obtained from several of the men held in New York on charges in connection with alien return permit frauds.

Doak did not name any of the men who had confessed, but said several confessions had been made and copies sent to him.

Those arrested were Edward Burns and Albert F. Borrell, naturalization clerks at Ellis Island; Simon Rothberg, immigration clerk; Romert Bader, Spiro Dracopoulos and John Salitaro, private bankers and steamship agents; B. Paggioli, private banker; Joseph Allosca real estate operators.

While all the ramifications of the ring have not been traced, the secretary of labor said, the arrests were believed to have broken up one of the biggest rings of racketeers in the country.

Negro Lynched for Attempt to Attack 11-Year-Old Girl

Haynesville, Ala., Aug. 6.—(AP)—A 16-year-old negro accused of attempting to attack an 11-year-old white girl was lynched by a band of men in the Sandy Ridge community thirty miles south of here yesterday. No arrests had been made early today.

Sheriff W. E. Meadows, of Lowndes county, investigating the lynching, said the body of the negro, bearing thirty-two bullet wounds, was found tied to the trunk of a tree with a rope and dog chain. He said he would continue his investigation.

Mapping Route to Europe from U. S.

Copenhagen, Denmark Aug. 6.—(AP)—Unhindered and without benefit of fanfare, Parker Cramer, American aviator, rested in Angmagsalik, Greenland, today after a flight, the origin and purpose of which were in doubt.

Dispatches from Greenland said he landed at the southern tip of the island yesterday and would continue to Copenhagen after a brief survey of the terrain presumably to map a trans-Arctic air route from America to Europe.

Farmer Held for Slaying His Wife

Hendersonville, Aug. 6.—(AP)—Plato Edney, 33-year-old Henderson county farmer, was held without bond today for Superior court on a charge of firing through a window of his home with a shotgun killing his wife and slightly wounding two of his children.

TEXAS GIRL AND ROYAL HUSBAND

Princess Aleene and Prince Johaan Von und Leichtenstein, heir to the throne of the ancient European principality of Leichtenstein, who were married recently in London. The princess is the former Aleene McFarland of Weatherford, Tex. Picture was taken while they were out for a stroll in Piccadilly, London.

Thousands Die When Floods Sweep China

Hankow, China, Aug. 6.—(AP)—Thousands were reported dead, hundreds of thousands were homeless and famine and disease hovered over central and north China today as the Great Yangtze and Yellow rivers overflowed their banks, inundating vast areas.

Appeals for aid throughout the area, which embraces a population of two hundred millions, poured in upon the government.

No accurate tally of the dead, injured and homeless was possible but the government's relief committee estimated 50,000,000 persons were or soon would be afflicted.

Torrential rains for the last three weeks have sent the Yangtze and Yellow rivers and their tributaries to record heights.

Many cities were flooded. Sections of Hankow, Wuchang and Hanyang, important Yangtze "trifurcations" with a combined population of 1,300,000 including 1,200 foreigners, were under water.

Two hundred thousand refugees in Hankow sought safety at higher levels. Thirty thousand are living on railway embankments and elevated highways and in boats.

The Chinese press said "several thousand" drowned in the tri-cities alone. Scores were believed to have drowned in Kiangsu province when the old bed of the Yellow river, dry for 65 years, became a raging torrent.

A hot sun beat upon the Yangtze valley today when the rains ceased, adding to the danger of disease. Melting snows in the Himalayas were expected to add to the volume of the flood.

Four held in girl's death

Birmingham, Ala., Aug. 6.—(AP)—Three of four negroes arrested yesterday in the shooting of three socially prominent Birmingham girls, one of whom died, were released last night and early today three more negroes were taken into custody for questioning.

Officers arresting the three this morning said they found communistic literature and a book containing a list of names in the possession of one of the negroes. One of the group, officers said, fits the description of the young women's assailant.

RAIN HALTS LINDBERGH'S AT AKLAVIK

Flying Ace and Wife Will Remain on the Ground Till Weather Improves.

Aklavik, Northwest Territories, Aug. 6.—(AP)—Men of the Northland, white trader and Eskimo alike, were hosts to the flying Lindberghs today, as rainy weather to the west and uncertainty over their next refueling point held the vacationers here at the mouth of the Broad Mackenzie.

With clearing weather here after the overcast skies of yesterday, weather reports from Point Barrow, the next scheduled stop for Col. Charles A. Lindbergh and his wife on their flight to the Orient, told of rain and a storm area in that vicinity.

In addition, the Arctic ice pack encircling Point Barrow, 536 miles to the northwest, had prevented the cutter Northland from arriving there with supplies.

The path through central Alaska, striking the Yukon river and either stopping at Fairbanks, on the Tanana, or proceeding directly from here on the 900-mile flight to Nome, promised cleared weather but at the journey's end, Nome, it also was cloudy and raining last night.

Yesterday was given over by Colonel and Mrs. Lindbergh to rest and sleep after their arrival on their 1,100-mile flight from Baker Lake. They had a warm breakfast at the home of Dr. and Mrs. J. A. Urganhart and then had nine hours sleep.

The entire population of Aklavik and whites and Eskimos from miles around spent the day examining the glistering low wing monoplane and awaiting the awakening of the couple to entertain them.

With only a few hours of darkness here 130 miles inside the Arctic circle, between the hours of 10 p. m. and 1 a. m., Pacific Standard Time, the visitors had the opportunity after resting to see Eskimo life for the first time.

Meanwhile, 700 miles to the west, coast guardsmen aboard the Northland made plans to refuel the Lindberghs' plane if the colonel should decide to fly to it.

At Point Barrow, weeks of preparations to greet the Lindberghs have been under way with house cleanings of the native dwellings part of the work.

The medical missionary, Dr. Henry Griest, has prepared his home, the only one with a bathtub, to receive the Lindberghs as honored guests.

Akron, O., Aug. 6.—(AP)—Unusual ability as a weapon of warfare, to evade pursuit and escape serious damage from enemy bombardment, is claimed for the navy's dirigible Akron which will be christened by Mrs. Herbert Hoover, wife of the President, here Saturday.

The ship is built to be flown into the region of conflict with the protection of five fighting planes swung on monorails in its giant hull. The planes can be launched on short notice, by dropping them through a hatchway and out into the air.

The ship is designed to give a swift pair of heels to any plane that might try to follow it. With its eight large Maybach engines, generating 4,480 horsepower to propel them that may be turned at any angle, the Akron can rise 2,000 feet a minute while making a forward speed of 80 miles an hour.

According to its builders, this is faster than any pursuit plane can climb. A plane loses a great amount of forward speed as it mounts into the sky.

JAPANESE ROYALTY, MAY RECEIVE LINDBERGH'S

Col. and Mrs. Charles A. Lindbergh probably will be received by Emperor Hirohito and Empress Nagako (below) when the American fliers arrive in Japan. A crowd similar to the one shown here will be on hand to witness their arrival in Tokyo.

Her Reading Hour

It's the reading hour for little Miss Ardith Lewis, 10-month-old daughter of Mr. and Mrs. Harry Lewis of Kansas City, Mo., and someone has made her happy by lending her a pair of glasses for the occasion.

Two Planes May Race From Tokyo To Seattle

Tokyo, Aug. 6.—(AP)—A non-stop race between two monoplane from Tokyo to Seattle, with a large cash award awaiting the winner appeared as a possibility today with the arrival here by airplane and boat of four American aviators.

Hugh Herndon, Jr., and Clyde Pangborn, who abandoned a round the world race in quest of the record set by Wiley Post and Harold Gatty, landed at Heneda aerodrome near here at 5:50 p. m. (3:50 a. m. EST) today from Khabarovsk, Siberia.

A damaged wing and unfavorable weather had held them at Khabarovsk until their record breaking aspirations went glimmering. After getting their bearings, the fliers took off a few minutes later and landed at Tachikawa aerodrome.

They left Khabarovsk at 6:56 a. m. today (4:56 p. m. Wednesday, EST), with the announcement they would come to Japan to attempt a non-stop flight to Seattle.

Don Myle and C. A. Allen arrived on the M. S. Chichibu Maru from the United States with the announcement that they were contemplating a non-stop flight to the Puget Sound metropolis in the monoplane City of Tacoma now in a hangar at Kikawa aerodrome. Seattle has offered a \$25,000 prize for the first pilot making the flight.

For a time it was feared Pangborn and Herndon would encounter difficulty with Japanese officials. When news of their departure from Khabarovsk was flashed to the Rengo news agency here, the Japanese news agency here, the Japanese news agency here, the Japanese news agency here.

High averages, Boosted By Better Offerings, in S. C. and N. C. Border

By the Associated Press

Slightly higher average prices, boosted by increased offerings of better grades, ruled today in practically all North Carolina border and South Carolina bright leaf tobacco markets.

The stronger tone was particularly noticeable in the Fair Bluff market where today's estimated average was in the neighborhood of 10.32 in comparison with yesterday's official 8.75. The higher prices brought a heavier break there with approximately 40,000 pounds offered to bidders. Only 18,428 pounds were sold there yesterday.

Second primings, which sold at tops of 17.50 to 20 cents last year, were bid in at from 20 to 23 cents today on the Fairmont market. The 200,000 pounds offered there, however, was made up largely of poorer grades and the estimated average ranged from 8.25 to 8.50.

Lumberton's yesterday's average of 7.04 was estimated to have been replaced today by an average of 8 cents for approximately 125,000 pounds.

Florence S. C., Aug. 6.—(AP)—Breaks continued light on tobacco markets in the eastern South Carolina belt today with prices in most cases average about the same or fractionally higher than yesterday, the grade offered being slightly better.

At Mullins, largest tobacco market in the belt, 150,000 pounds sold at an average of 9 1-4 cents a pound. Reports were the better grades were selling satisfactorily while continued absence of export buyers, who usually purchase the low grades, caused them to sell for less than the expense gathering. Prices paid there were slightly higher than yesterday and the average grade somewhat better.

Darlington reported 35,000 pounds sold for an average of slightly more than 8 cents, about the same as yesterday. More than half the seed offered there was of better grade than that sold yesterday.

RECALL BROWN TO THE STAND IN TRIAL OF LEA

Former Assistant Auditor of Defunct Institution Questioned on Ledger Sheets.

State today recalled R. Vance Brown, assistant auditor of the defunct Central Bank and Trust Company to the stand as the trial of Col. Luke Lea, of Nashville and three others in the \$1,300,000 bank fraud case was resumed here.

The state sought to have Brown identify ledger sheets of the Central's accounts with the Liberty Bank of Nashville and the Bank of Tennessee prosecution attorneys announcing they were prepared to show Colonel Lea was connected with both banks.

The defense, however, entered a vigorous protest and Solicitor Z. V. Nettles left the matter pending while he continued to have other records identified.

On trial with Colonel Lea are E. P. Charlet, of Nashville, Luke Lea, Jr. and Wallace B. Davis, president of the Central bank when it failed last fall.

They are charged with conspiracy to defraud the bank and with the actual misappropriation of the \$1,300,000.

Brown, who was one of the chief witnesses against Davis, who was convicted several months ago of violating state banking laws, spent considerable time testifying who made various entries on the ledgers without being allowed to reveal what the entries were.

Woman Near Death Charges Husband With Brutal Attack

Oconodoc, Aug. 6.—(AP)—John McCall, wanted in Charlotte for slaying his wife's throat last yesterday, was arrested here today by Police Chief B. F. Williams and Patrolman Homer said McCall, arrested as he walked down a railroad track, admitted his identity, and said he attacked his wife after a violent quarrel. He said they had been married four or five months and had "fought all the time."

Charlotte, Aug. 6.—(AP)—Her throat slashed and her face beaten in Mrs. Zola Messer McCall, young Charlotte woman, lay in a local hospital today unable to talk, while police combed the city for John McCall, her husband.

The officers said they wished to question McCall about a brutal attack which resulted in his wife's injuries. They had failed to locate him early today.

The young woman was discovered late yesterday in a pool of blood near a suburban school. She had crawled several yards from a thicket at the rear of the school where she was slashed with a pocket knife and beaten. The knife was found nearby.

At the hospital, where little hope was held out for her recovery, Mrs. McCall scrawled the name of her husband on the back of an envelope furnished her by a detective, who questioned her about the attack. A deep gash in her throat had left her speechless.

While she lay semi-conscious near the school house, she wrote her name and address with a piece of lipstick on a bank check.

Infantile Paralysis Loses Ground in U.S.

Washington, Aug. 6.—(AP)—Infantile paralysis, that dreaded ogre whose head comes cropping out each summer, is losing ground in its struggle with science.

The public health service, whose laboratory expert, Dr. W. H. Frost, first found out through monkey studies the disease apparently could be checked by spinal injection of convalescent serum, today took an optimistic view of its future control.

Dr. J. P. Leake, author of several studies on the subject, declared that its deadliness already had somewhat receded. He saw further possibilities in serum studies such as those now in progress in New York, where Governor Roosevelt, once a victim of the disease, gave his own immunized blood for prevention measures.

Dr. Leake advanced as a future possibility not yet sufficiently tested, the prevention of child paralysis by improved sick bed care and the administration of adult serum.

"The paralysis is the thing to be dreaded, and the paralysis is not the disease, it is the scar of the disease—like smallpox scars" said Dr. Leake. "The disease itself is a fever, far more prevalent than people realize—in many cases occurring unrecognized."

"It almost seems a good proportion of the adult population in congested districts have had the disease enough to be immunized."

LEAF PRICES SOME HIGHER

High averages, Boosted By Better Offerings, in S. C. and N. C. Border

By the Associated Press

Slightly higher average prices, boosted by increased offerings of better grades, ruled today in practically all North Carolina border and South Carolina bright leaf tobacco markets.

The stronger tone was particularly noticeable in the Fair Bluff market where today's estimated average was in the neighborhood of 10.32 in comparison with yesterday's official 8.75. The higher prices brought a heavier break there with approximately 40,000 pounds offered to bidders. Only 18,428 pounds were sold there yesterday.

Second primings, which sold at tops of 17.50 to 20 cents last year, were bid in at from 20 to 23 cents today on the Fairmont market. The 200,000 pounds offered there, however, was made up largely of poorer grades and the estimated average ranged from 8.25 to 8.50.

Lumberton's yesterday's average of 7.04 was estimated to have been replaced today by an average of 8 cents for approximately 125,000 pounds.

Florence S. C., Aug. 6.—(AP)—Breaks continued light on tobacco markets in the eastern South Carolina belt today with prices in most cases average about the same or fractionally higher than yesterday, the grade offered being slightly better.

At Mullins, largest tobacco market in the belt, 150,000 pounds sold at an average of 9 1-4 cents a pound. Reports were the better grades were selling satisfactorily while continued absence of export buyers, who usually purchase the low grades, caused them to sell for less than the expense gathering. Prices paid there were slightly higher than yesterday and the average grade somewhat better.

Darlington reported 35,000 pounds sold for an average of slightly more than 8 cents, about the same as yesterday. More than half the seed offered there was of better grade than that sold yesterday.

DEAD NEGRO IS STILL HELD

Coroner Unable to Establish Identification of Man Killed by a Truck.

The body of an unknown negro, killed by a truck on the Ayden road near the Country Club intersection Tuesday night, was still being held at the Williams Funeral parlor today, as officers made an effort to establish identification.

Although numbers of persons had been questioned, nobody seemed to know anything about the man, and Coroner Williams continued holding the body today in the hope that somebody might identify it.

The negro, walking along the highway during a blinding rainstorm, was struck by a truck driven by George Peed farm tenant of the Ayden community. Peed was later exonerated by a coroner's jury, the accident being declared unavoidable.

Peed was returning to Ayden from Greenville where he had carried a load of tobacco hands when a passing car appeared from behind a truck and crashed against the truck.

Peed stopped, picked the man up and rushed him to the hospital here but he died about three hours later. Coroner Williams expressed hope that somebody would be able to aid in identification of the body today so he would be able to determine what disposition to make of it.

Two Killed, Four Injured. Conway, Ark., Aug. 6.—(AP)—An attempt to arrest a negro for stealing peaches today had culminated in the death of two persons and the wounding of four others.

Deputy Sheriff Ed Hathaway was fatally wounded in the gun battle the attempted arrest precipitated yesterday. The negro, Major Harrell, was killed also. Three other negroes and a second deputy sheriff were wounded.

\$12,000 Fire at Wade. Fayetteville, Aug. 6.—(AP)—Fire early today destroyed the plant of the Cope & Tart Lumber Company at Wade, near here, with an estimated loss of about \$12,000.

TO CHRISTEN AIRSHIP SOON

Akron, Naval Fighting Ship, to be Christened by Mrs. Hoover Saturday.

Akron, O., Aug. 6.—(AP)—Unusual ability as a weapon of warfare, to evade pursuit and escape serious damage from enemy bombardment, is claimed for the navy's dirigible Akron which will be christened by Mrs. Herbert Hoover, wife of the President, here Saturday.

The ship is built to be flown into the region of conflict with the protection of five fighting planes swung on monorails in its giant hull. The planes can be launched on short notice, by dropping them through a hatchway and out into the air.

The ship is designed to give a swift pair of heels to any plane that might try to follow it. With its eight large Maybach engines, generating 4,480 horsepower to propel them that may be turned at any angle, the Akron can rise 2,000 feet a minute while making a forward speed of 80 miles an hour.

According to its builders, this is faster than any pursuit plane can climb. A plane loses a great amount of forward speed as it mounts into the sky.

The dirigible builders point out, furthermore, that a naval airplane carrier on water could scarcely head into the wind and prepare pilot and plane for pursuit before the dirigible is lost from sight.

With its inert helium as the lifting gas, the dirigible is fortified against fire which might be caused by enemy attack. The gas is contained in twelve cells, a large number of which would have to be punctured before the craft would lose buoyancy and fall. The outer covering, is especially "doped" to make it fairly fire resistant.

All precautions within the ingenuity of Dr. Karl Arnstein, veteran zeppelin builder, and his staff of engineers have been applied to the Akron to make it a safe carrier in storms.

ROAD PATROL IS COMPLETE

Twelve Members Now Comprise Personnel of "Division A" with Headquarters Here.

The personnel of "Division A" of the State Highway Patrol, recently assigned for duty, was made public today by Lester Jones, lieutenant. The patrol consists of twelve persons, including the lieutenant and an office secretary.

Patrol headquarters was recently moved from Washington to this city and the office is located in the Edwards building on the courthouse square.

The patrol personnel was augmented by several new members this week in accordance with enactment of legislation by the last General Assembly providing for an increase of the force.

The patrolmen, Lieutenant Jones said, will be actively engaged in enforcing the motor vehicle laws and all other legislation pertaining to the highways and will aid and assist anyone in obtaining license and registration of motor vehicles.

The following persons comprise the personnel: Lieutenant Lester Jones; Sergt. A. W. Welch; Sergt. A. T. Moore; Corp. L. L. Jackson; Corp. G. C. Bisette; Patrolman W. T. Crawford; Patrolman Russell Braswell; Patrolman A. C. Rodman; Patrolman O. I. Dail; Patrolman E. R. Headley; Patrolman E. G. McMullan, and Miss Varina Smith, secretary.

Seaplane Leaves Brazil. Bahia, Brazil, Aug. 6.—(AP)—The seaplane DO-X on the way to the United States, left here early today on the way to Natal, 600 miles away. She will spend the night there.

SPORTS SLANTS

Frank (Lefty) O'Doul's recovery from a severe batting slump to a spot among the National League's five leading hitters has been one of the big sensations of mid-season.

The answer to it, I am told by John Arnold Heydler, the league's chief executive, is that O'Doul finally discovered he had to shorten and control his swing to adjust himself to the antics of the less lively ball.

"O'Doul started out swinging as hard as he did against the old ball and quickly found himself in trouble," explained Heydler. "As soon as he shortened his swing, he began to get better results, but he had made the mistake while in his slump of trying to swing even harder.

"The smart batters have overcome most of the difficulties created by better pitching and more varieties of pitching now evident in our league. It is because of the advantage gained by the pitcher, through the use of the new ball, that I decided to abolish the 'quick return.' This deception was unfair to the batter and I found very little objection to barring it.

"To the man who believed it was just as much the responsibility of the batsman to be set for anything as it was for the pitcher to slip a fast one over, I put this question 'Suppose, with the tying or winning run on third, your star batsman is suddenly caught unprepared by a quick third strike? You are liable to have a riot on your hands.'

since the palmy days of the great Honus Wagner.

The Pirates at one time had Joe Cronin, now the premier shortstop of the American league, if not of both major circuits. They also developed stars in Gil'n Wright and Pie Traynor.

Yale's old grads, especially the football veterans have already begun to worry about the prospect that Harvard will make it four straight over the Elis when they meet on the gridiron at Cambridge this November.

Undoubtedly, as one Yale football chairman once remarked, "It's a good thing the undergraduates don't take it so seriously."

There have been all sorts of meetings, designed to produce the

best conclusions as to ways and means of reviving the Blue's football prestige. The guards, the tackles, the ends, the centers, the quarterbacks, all have attended reunions to suggest remedies, programs, tactics.

But what, the old timers ask, can you expect with Dr. Stevens of Washburn college, Mr. Benjamin Friedman of Michigan and Mr. Adam Walsh of Notre Dame piecing together their coaching experiences for the benefit of Old Eli? Nice fellows, unquestionably, with ability, but are they Yale men even though Stevens has obtained a postgraduate degree and Walsh is seeking one?

Eye-Catchers

Two of the young newcomers to National League company who caught Heydler's eye on his western trip were Vince Barton, the outfielder obtained by the Cubs from the coast, and Groskloss, the Pirate second baseman who made the big jump from Amherst College.

Groskloss has caught the fancy of the followers at Forbes Field, where they have passed on the merits of many a good infielder

WHERE LINDBERGH'S WILL STOP

A scene at Bakers Lake in Northern Canada where Colonel and Mrs. Charles A. Lindbergh will stop en route to the far east on their vacation flight.

Under and by virtue of the power of sale contained in that certain Deed of Trust executed and delivered to C. M. Hauser, Trustee, by W. H. Newsom and wife, Ruby C. Newsom, on the 1st day of February 1929, which Deed in Trust is recorded in the office of the Register of Deeds of Pitt County in Book U-17, page 287, default having been made in the payment of indebtedness thereby secured, the undersigned will offer for sale, for CASH, at public auction, before the Court House door in Greenville, North Carolina

On Saturday, August 15, 1931 at 12 o'clock Noon

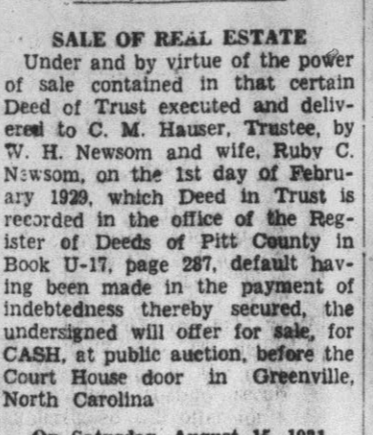

the following described real estate, to-wit:

Lying and being situated in the State of North Carolina, County of Pitt and in the Town of Greenville: Beginning at the southwestern intersection of Eastern and Third Streets, and running with the southern boundary of Third Street South 66-45 East 105 feet to a stake; thence South 22-15 West 50 feet to a stake, a corner; thence North 66-45 West 105 feet to a stake in the eastern boundary of Eastern Street; thence with the eastern boundary of Eastern Street North 22-15 East 50 feet to the point of beginning. Being Lot No. 7 in Block "G" of the Chatham Circle Sub-division, according to survey and map made by Henry L. Rivers, Engineer, on December 20, 1927.

This the 14th day of July, 1931. C. M. Hauser, Trustee. F. G. James & Son, Attys. July 15-11w-4wk.

"War of Roses"

Earl Long, brother of Gov. Huey P. Long of Louisiana, has announced his candidacy for lieutenant governor, opposing the candidate supported by the governor.

Mr. and Mrs. Sam Allen of Greenville, spent Sunday with Mr. and Mrs. A. L. Thigpen.

Mr. and Mrs. Ben Pollard and family of Rocky Mount, were here Sunday.

Miss Leona Everett is spending some time with relatives in Arthur.

Miss Harriet Stancill who has been spending some time with Mrs. Maude Allen of Maccliesfield, has returned home.

Hassel Thigpen of Conetoe, was here Wednesday.

Jones Gets Patent On Automatic Key and Card Carrier

Aside from his activities as highway patrol lieutenant of the division, Lester Jones has forged into the limelight as an inventor.

The former chief of police of Greenville has been granted a patent on an automatic key and card carrier device having as its purpose the aiding of motorists to keep their car keys and identification matter.

The invention may be carried in a lady's purse or man's pocket conveniently and comes in mighty handy in a day when the law requires all car owners to carry identification matter all the time.

The carrier is made of celluloid and is very attractive of design. Only five were made and these were used in obtaining patent. No arrangements have yet been made for placing the carrier on the market, but Lieutenant Jones said the matter was being given consideration.

Miss Effie Mae Winslow Honored Miss Evelyn Hart delightfully entertained yesterday in honor of Miss Effie Mae Winslow, bride-elect of Lieut. Daniel Russell Taylor of Fort McPherson, Atlanta, Ga.

The guests were met at the door by the hostess her mother, Mrs. J. N. Hart, the honoree and her mother, Mrs. J. E. Winslow, Miss Bertha L. Hellen of Raleigh and Mrs. C. W. Zimmerman of Richmond, Va.

The guests then enjoyed bridge on the front porch, which was beautifully decorated in summer flowers. Drinks were served during the progress of the game. At the close of the game high score prize, a vanity case was awarded to Miss Mary Wright, while the low score, very attractive handkerchief, was awarded to Miss Hulda Nobles.

The bride was presented a lovely imported luncheon set. Little Miss Christine Hellen announced the kitchen shower by coming out on the porch wearing a bridal train of net on which were attached kitchen utensils while the wedding march was played by Miss Mary Wright. The guests were then asked to follow the bride, who was led by the hostess into the dining room where the gifts of the bride's many friends were artistically arranged on a table. The kitchen utensils were all of green and white.

Ice cream, cake and mints, which carried out the green and white color scheme, was served by Mrs. E. W. Hellen, little Miss Christine Hellen, Misses Alma Lucas, Hulda Nobles and Mrs. W. D. Pruitt.

Summer flowers were also used in the house.

EASTERN STAR TO MEET THIS EVENING There will be a call meeting of Chapter 149 Order of Eastern Star this evening at eight o'clock at the home of Mrs. W. B. Herring, 1409 Chestnut street. All members are invited to attend.

Butler to Retire on October First Washington, Aug. 6.—(AP)—The spectacular career of Maj.-Gen. Smedley D. Butler will terminate in the Marine Corps October 1.

The Quaker soldier who holds two Congressional medals of honor and who recently caused the United States government to apologize to Premier Mussolini of Italy because of some of his remarks, has asked for 30 days leave of absence prior to his retirement on that date.

The request was submitted yesterday to Maj.-Gen. Ben H. Fuller, commandant of the Marine Corps, and came from Quantico, Va., where Butler is commanding the marine base.

Butler has served a third of a century in the corps. He joined the marines during the Spanish-American war at the age of 16 and saw action in Cuba, and distinguished himself by his records in Mexico, Haiti, the Philippines, Nicaragua, China and in France during the world war. He received many honors, besides being one of four men to have received two Congressional medals of honor.

Retiring at 50 years of age, the Pennsylvanian also has the distinction of having become a brigadier-general at the age of 39 and major-general when 48 years old.

Simple—Very Simple. Montgomery, Ala., Aug. 6.—(AP)—Simplified arithmetic.

Congressman LaGuardia of New York wrote Governor Miller of Alabama inquiring "How much does Alabama receive in inheritance tax from the estates of persons dying in your state worth more than \$25,000.000?"

Cordially Governor Miller has replied: "That kind does not die in Alabama."

Associated Press Photo. Aleene McFarland of Weatherford, Tex., was married in London to Prince Johann Von und Zu Liechtenstein, heir to the throne of the tiny principality of Liechtenstein.

American Aviator Complete Jury in Brevard Bank Case

Brevard, Aug. 6.—(AP)—Seven farmers, two barbers, a clerk, a mechanic and a laundryman constituted a jury in Superior court here today for the trial of a former Brevard banker and six former Transylvania county officials on conspiracy charges.

The jury was selected yesterday from a special venire from the neighboring county of Haywood, opening the way for the actual beginning of the trial today. A merchant was chosen as a 13th or "spare" juror.

On trial are Thomas H. Shipman, president, and Joseph S. Silverstein, vice-president of the Brevard bank when it closed last fall; J. H. Picklesimer, C. R. McNeely, A. M. White, W. L. Talley and S. R. Owen, former county commissioners, and R. R. Fisher, former county attorney.

The state charges these men conspired together in the sale of a \$100,000 county note solely for the purpose of aiding the shaky Brevard bank just before it crashed.

At the time the note was sold and the proceeds deposited in the bank the state contends, the county already had more than a half million dollars on deposit.

Realistic Special. Realistic—the most beautiful permanent on the market—special at \$7.50—two for \$15.00. Ask the woman who has one! Call 31 today.

NEWS BRIEFS

From Over The City and County

LOW WATER AT WESTBROOKS FRIDAY

Tuesdays and Fridays are great days for small children at Westbrook swimming pool. The fresh clear water draws a good crowd.

Swimming classes will be held from 9 to 10 o'clock every morning. Many children, including Frances Willard, Bobby Hollar, Jack Foley, Lucy Clyde Blount, John Wesley Johnston, Laura Haskins, Ann Hillman are the new swimming pupils and will be awarded certificates as soon as they swim the distance of the pool.

The adults and college students turned out in large numbers and visited Westbrook on Wednesday. Saturday and Sunday afternoon, the pool is opened for adults as well as children. There is no better place for miles around where you can enjoy a cool and refreshing plunge.

AMENDED RURAL ROUTES SERVE GREATER PARTONAGE

Rural routes 1, 2, 3, and 4 of the Greenville postoffice were amended August 1, it was announced from the local postoffice this week.

The changes it was said, will enable each of the routes to serve increased patronage with decreased mileage.

The office also announced changes in parcel post ruling, increasing the size of package passing through this department to 100 inches and 70 pound weight. Packages of this nature may be sent to all zones instead of being limited as heretofore.

ALDERMEN TO CONSIDER ADOPTION OF BUDGET PUBLIC HEALTH PROBLEMS

The Board of Aldermen will meet in monthly session at the city hall tonight.

One of the most important matters to receive consideration was adoption of a budget for the year. Several other matters of a minor nature were also to be considered.

KIWANIANS TO DISCUSS PUBLIC HEALTH PROBLEMS

The regular meeting of the Kiwanis club will be held at the Woman's club building Friday evening at 7 o'clock. The program will consist of a discussion on problems of "Public Health" and Dr. Sellers

COX MILL VISITED BY VIRTUAL CLOUDBURST

The Cox Mill vicinity was visited by a virtual cloudburst yesterday afternoon about 6 o'clock and considerable damage was reported to

day. Several telephone poles were shattered by lightning, and the highway in places was under five or six inches of water.

North Carolina—Pitt County.

In The Superior Court Before The Clerk.

IN RE: ELECTION. PITT COUNTY DRAINAGE DISTRICT NO. 2

It appearing to the satisfaction of the Court that the three year term of office of J. G. Taylor will expire on September 30, 1931, and that Monday, August 10, 1931 is the time fixed by statute for the holding of an election of said district for the purpose of electing a commissioner to succeed the Commissioner whose term expires as aforesaid.

It is further ordered that copy of this order be published once during the week of July 27 and once during the week of August 5, 1931, and that for ten days preceding August 10, 1931, copies hereof be posted before said Courthouse door and at five conspicuous places within said district.

This July 30, 1931.

J. F. Harrington, Clerk Superior Court.

Aug. 1-1tw-2wk.

NATIONAL ADVERTISING REPRESENTATIVES
Thos. F. Clark Co., Inc., New York, Chicago, Indianapolis, Philadelphia, Kansas City.

ABOUT TOWN

The movement to organize a chamber of commerce here is a very commendable one and ought to receive the consideration of men interested in the continued progress of city and community.

A mass meeting to discuss plans for the organization will be held at the court house next Monday night at 8 o'clock and representative citizens from all walks of life are invited to attend.

The Merchants Association has been doing the work of a chamber of commerce in recent years but its membership is not sufficiently representative of all classes of business to enable it to accomplish what a chamber of commerce should be able to do.

Greenville has gone to sleep on the advertising job the last two years as result of a spirit of apathy existing among the business and professional men and unless a chamber of commerce is organized and the outside world is told more about the advantages and resources of the community progress of the future cannot be hoped to be as great as the past.

It is impossible to estimate off-hand the many things which the community has to offer, but it takes high rank in the business, educational and industrial life of eastern Carolina and should become even a more powerful factor if the citizenship should get busy and encourage greater activity.

Attraction of people from the outside—men and women to come here to make their homes—is one of the big problems of the future but this cannot be done without telling the people what we have to offer.

A departmentalized chamber of commerce, as suggested at the house warming celebration Tuesday night, should be able to serve business and professional men in all phases of life, and if they will get busy and support such a movement there is no reason on earth why Greenville should not be known at a greater distance than ever before.

Persons who have been indifferent to the progress of the community during the period of depression will find it to their advantage to arouse themselves and apply all of their energy to the development of sentiment for a greater and better Greenville. The chamber of commerce is the most direct way to accomplish this end, and it is hoped hundreds will attend the mass meeting Monday night and show they are willing to do their part in behalf of the movement.

Today is "Dollar Day" in Greenville and hundreds of people from this great trade territory are here inspecting the innumerable bargains the merchants have assembled for them.

"Dollar Day" is always one of the big trade days of the community, and people from far and wide will gather here to take advantage of the profit sharing plan of the merchants.

Stocks this time are probably more complete than in years due largely to the fact that merchants sent their buyers to northern markets to obtain an extensive assortment of goods for the day.

The Merchants Association has done everything possible to increase interest in these special days, and it is mainly through activity of this organization that shoppers are assured of un-heard-of values when they come here to do their shopping.

Greenville is always glad to throw open its gate to welcome shoppers to the city and it is the hope of the entire citizenship that not a single person will leave without satisfying himself of the desire of the merchants to offer the best service possible.

With farmers harvesting one of the best rounded crops in years, Pitt county faces a splendid season of business in the fall and winter. Merchants who have been neglecting informing the public of what they have to offer should begin advertising this month so that everybody will know what to expect when they come to the city to bring their crops for sale.

ket in September will be the greatest event of the year to everybody. Thousands of people will want to buy something and it may be said with certainty that they will look up the business houses that have kept them informed of their values.

The trading public scans the columns of the daily paper to determine what the merchants have to offer and when they find what they want they will go to that merchant and buy it.

TWO PLANES MAY RACE FROM TOKYO TO SEATTLE

(Continued from page one)
The American Aviation Bureau said their plane might be confiscated in the event they landed in Japan without a permit.

The American embassy arranged to file a landing application in behalf of the fliers, however, and in view of this action the aviation bureau told the Rengo agency the permit would be granted.

Pangborn and Herndon were in excellent spirits despite the fact their efforts to beat the record of Post and Gatty had been abandoned.

The Americans said they had an interesting flight from Khabarovsk. They started southeast and crossed the Japan sea, then flew over Hokkaido and followed the east coast of Hondu.

The fliers were greeted by representatives of the American embassy, who had been in communication with the Japanese aviation bureau regarding a landing permit, which was granted.

Herndon told reporters he would make a definite announcement soon regarding his plans for a trans-Pacific flight.

A scattered crowd greeted the Americans as most of the populace which had greeted Miss Amy Johnson, British flier, on her arrival from London, had started home before the pair arrived.

But the crowd scurried back to the field when Pangborn's big monoplane came into view. Many Japanese children waved flags and the Japanese officials hurriedly gave the fliers an informal welcome.

"TOASTING" expels SHEEP-DIP BASE naturally

(Black, biting, harsh irritant chemicals)

present in every tobacco leaf

The finest tobacco quality plus throat protection.

"They're out—so they can't be in!"

Every LUCKY STRIKE is made of the finest tobacco leaves the world can offer—the finest from Turkey—the finest from Kentucky, Tennessee, Virginia, Georgia and the Carolinas—the Cream of many Crops throughout the world. But all tobacco leaves, regardless of price and kind, as nature produces them, contain harsh irritants. LUCKY STRIKE'S exclusive "TOASTING" Process—a process that mellows, that purifies, that includes the use of the modern Ultra Violet Ray—expels certain harsh irritants naturally present in every tobacco leaf. We sell these expelled irritants to manufacturers of chemical compounds, who use them as a base in making sheep-dip*, as well as a powerful spraying solution for fruits, flowers and shrubs—enough to permit the daily dipping of over 50,000 sheep or the daily spraying of many thousands of trees. Thus, you are sure these irritants, naturally present in all tobacco leaves, are not in your LUCKY STRIKE. "They're out—so they can't be in!" No wonder LUCKIES are always kind to your throat.

*U. S. Dept. of Agriculture, Bureau of Animal Industry, Order No. 210

Your Throat Protection—against irritation—against cough

FRENCH HANGS UP A WIN FOR CARD OUTFIT

By GALE TALLENT, Jr.
Associated Press Sports Writer
If he can hold anything like the pace he has set for the last three weeks Larry French of the Pittsburgh Pirates stands a good chance of establishing himself the leading southpaw in the National league for 1931.

The big Visalia, Calif., product, who could win only 17 games while losing 18 last season, has been pitching phenomenal ball since he hit his stride the middle of July and possibly is the biggest reason for the improved showing of the Pirates.

In beating the champion Cardinals yesterday, 5 to 4, in 12 innings, he ran his string of consecutive triumphs to five and his season's record to 11 victories and eight defeats.

Three Pirates hurlers who worked the second game of the double-header were not so fortunate, the Cards pounding them for 23 hits and a 16 to 2 victory.

Thanks to the New York Giants, who obligingly dropped a 6 to 2 decision to Brooklyn, the Chicago Cubs moved into second place in the National league with a ninth inning victory over the Cincinnati Reds, 3 to 2.

Wally Berger's home run with two on in the sixth provided Boston Braves with their winning margin over Phils, 6 to 3.

The New York Yankees and Boston Red Sox supplied most of the day's excitement in the American league as they split their closing double header. Danny MacFayden subdued the Yanks 5 to 1, in the first, but Ruth, Gehrig and Co. came back to shell Hod Lisenbeer for a 4 to 1 win in the nightcap. Ruth hit his twenty-ninth home run with one on and Gehrig his thirty-first with the bases empty to supply Gordon Rhodes with all the runs he needed.

Seven pitchers were banged about as the Detroit Tigers took their opener from Cleveland, 11 to 8. Three worked for the winners and four for the Indians, and none was effective.

Perlick Twins Lose N. C. Fights

Charlotte, Aug. 6.—(AP)—Ten round decisions over the Perlick twins, of Kalamazoo, Mich., today served to boost the stock of two scrappy local artists of the squared circle.

Rambling Rufus Miles, a battler of note in Carolina fight circles, smashed his way to a victory over Herman Perlick here last night, while Jimmy Swinson, another local boy, took the measure of Henry Perlick.

Miles scaled 146 pounds to 142 for his opponent. Swinson weighed 137 1/2, three pounds less than the boxer he licked.

The Perlicks, who claim to have battled some of the top-notchers in their weights in the east and mid-west, without ever being knocked out, let loose a slashing attack on Queen City boxers, Miles and Swinson, however, out-fought them, the referee decided.

Buster Newberry, the Sumter, S. C., Gamecock, won a technical knockout victory over Billy Martin, of Baton Rouge, La., in the third round of a scheduled eight-round preliminary. Both weighed 165 pounds each.

Leonard Will Try to Stage a Comeback

New York, Aug. 6.—(AP)—Benny Leonard, who out the ring as king of the lightweight six years ago on the appeal of his mother and with a reputed fortune of \$500,000, has decided to stage a comeback. He says so himself and so does Dapper Jack Kearns, former pilot of Jack Dempsey, present manager of Mickey Walker and now Leonard's comeback mentor on a five-year contract.

Kearns launched the ballyhoo today for Leonard with the statement that Benny would do everything from "defending" the lightweight crown he relinquished in 1925, to campaigning for welter-weight and middleweight knoxes among the present crop of gladiators.

Before he was introduced last night at the Slaterry-Rosenbloom fight Leonard admitted he weighed 149, two pounds over the welter-weight limit and 14 pounds more than the lightweight limit which Benny was having difficulty making as far back as 1923. On this basis the prospect that Leonard again will mix in lightweight company, is so remote as to be invisible.

Shorn of most, if not all the fortune he accumulated as one of the smartest and most popular ringmen of his day, Leonard's desire to recoup financially was believed a prime factor in his decision to return to the ring.

In Golf Spotlight

Associated Press Photo
Arthur Sato, Japanese fish salesman from San Francisco, stole the show in the early rounds of the fight for medalist honors in the national public links golf championship at St. Paul.

JINX STILL TRAILS THE POINTERS

Charlotte, Aug. 6.—(AP)—The High Point nine, which found the sledding rough before Old Dan Boone pulled out, is having still tougher luck since its erstwhile pilot and Piedmont home run king left for Pennsylvania.

Dan caught a train two days ago for York, Pa., to play ball there the rest of the season and pick up a few likely rookies in the east for the 1932 Point team he is scheduled to return and manage.

The Pointers lost the first game they played after he departed to Raleigh. The score, however, was close—3 to 2.

The furniture city boys, now under the leadership of Hobe Brummitt, first baseman moved over to Durham last night and went all to pieces. Pickler, Durham twirler, limited them to four bingles, while the Bulls whitewashed them, 6 to 0.

Stuffy McCrone, who succeeded Bunn Hearn at the helm of the Winston Twin crew, is another new manager who right now is finding the path a little rocky.

The Twins took a double licking, 8 to 7 and 7 to 4, last night from the Pats at Greensboro.

This wasn't so bad, though, since the Pats in the last few days have been sweeping aside all opposition. They now boast a string of nine straight victories.

Rain, which recently has been interfering rather seriously with the league schedules, put in its appearance against last night at two Piedmont cities. The Charlotte at Henderson and Raleigh at Asheville matches were washed out.

Market Report

Cotton--Stocks--Grain

N. Y. COTTON

New York, Aug. 6.—(AP)—Cotton opened steady today, 4 to 6 points higher in response to relatively firm cables. There was only a moderate demand, however, and after the opening demand had been supplied, prices eased under a continuation of the recent selling movement which appeared to be promoted by the ruling of stocks and wheat.

After selling up to 8.13 at the start, October reacted to 8.07, while January sold off from 8.47 to 8.40, or back to approximately yesterday's closing quotations. Three more private crop reports were issued with condition figures ranging from 70.6 to 73.4 and figures on the indicated crop from 13,456,000 up to 14,117,000 bales.

Liverpool cables reported covering, trade calling and continental buying in that market, but said that sales of cotton cloths and yarn were poor with confidence lacking.

GRAIN MARKET

Chicago, Aug. 6.—(AP)—Prospects of at least a temporary halt in record breaking downturns of wheat price came today after the September had sold here at 47.5-8 cents a bushel. Rallies were accompanied by reports that owing to extreme cheapness United States wheat was being used for every possible purpose now from flour to alcohol. A dispatch from Cincinnati reported the purchase of 100 carloads of wheat by fed manufacturers who bargained for ten days shipment, but who were turned down on orders for double that amount. 20 to 30 days shipment.

STOCK MARKET

New York, Aug. 6.—(AP)—The lay downward drift of security prices continued without notable interruption for the third successive day in Wall street today.

Losses in stocks were largely limited to fractions, however, although there was a sprinkling of declines of a point or more. Recovery in sterling exchange, after yesterday's unaccountable slump, removed one unsettling factor, but the local market was without real impetus. London and Paris markets were steady to firm.

Ralls were again draggy. New York Central declined more than a point to a 10-year low close to 71 before meeting support. Its 1929 peak was 256 1/2. Similar losses appeared in Atchison, Union Pacific, Illinois Central, Great Northern preferred, and Canadian Pacific.

The market showed signs of stiffening in the late morning but heavy near developed in Loews and Fox after midday and the list again sagged. Those issues lost more than a point. Similar declines were shown in North American, National Biscuit, Safeway Stores, American Tobacco B. Leggett & Myers B and a few others. U. S. Steel and American Telephone moved narrow.

Johns Manville lost more than 2. Western Union and Shell Union preferred declined 4 points.

While dog days drag along in general business there are a few hopeful signs of preparations for autumn trade. There has been a considerable influx of buyers into the New York wholesale market, and one estimate places the current number at 10 per cent above those in town a year ago. Buying, according to most reports, is proceeding rather cautiously.

Gov. Murray's forceful shutting down of all but stripper wells in Oklahoma was reported as having a stimulating effect upon the Chicago wholesale gasoline market.

FRIDAY STATE

Former President of Duke Is Dead

Durham, Aug. 6.—(AP)—Word was received here today of the death of Dr. John Franklin Crowell, former president of Trinity College, now Duke University.

As president of Trinity from 1877 to 1894, Dr. Crowell was largely responsible for the removal of the institution from Randolph county to Durham.

Since leaving North Carolina he has been actively connected with business education and economics. For a time he was on the editorial staff of the Wall Street Journal and more recently was connected with the World Market Institute.

Fat Men

Mr. W. R. Daniels of Richmond Hill, N. Y. City writes, "Have finished by second bottle of Kruschen Salts—Result—Removed 3 inches from the waistline—am 25 per cent more active—mind is clear—skin eruptions have disappeared—am 46 years old—and feel 20 years younger."

To lose fat take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast every morning—an 85 cent bottle lasts 4 weeks—Get it at any drug store in America. If not joyfully satisfied after the first bottle—money back.

NOTICE OF SALE OF CITY HOUSE AND LOT

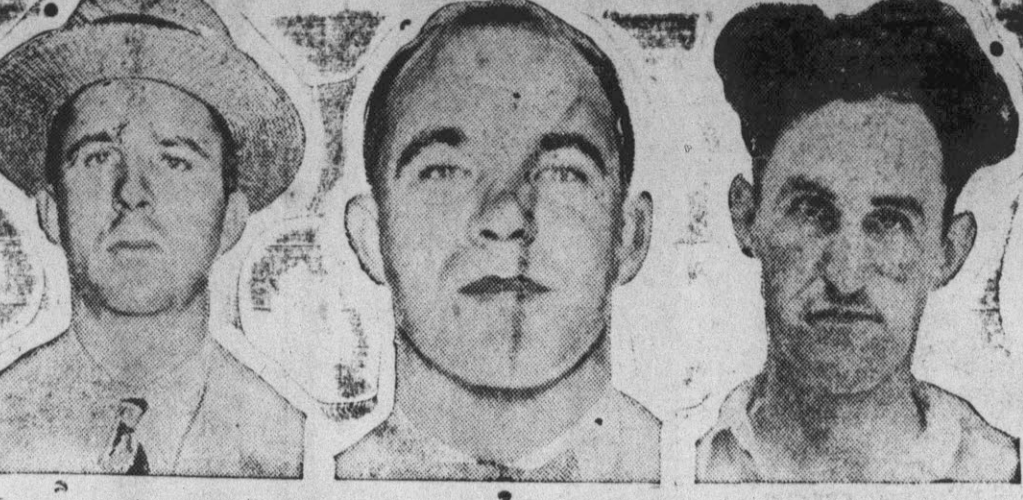

Under and by virtue of the power of sale contained in that mortgage deed executed and delivered by L. C. Evans and wife, Sallie Jackson Evans, to Annie Jackson Scott, dated September 4th, 1929 and duly registered in Book D-18, at page 208 in the office of the Register of Deeds of Pitt County default having been made in the payment of the indebtedness therein secured, the undersigned will on

Saturday, September 5th, 1931 at 12 o'clock Noon

before the court house door in Greenville, Pitt County, N. C., expose to public sale, subject to that prior mortgage to Branch Banking & Trust Company Trustee for Metropolitan Life Insurance Company, dated December 31, 1926 and duly registered in Book O-16, at page 355, that certain lot or parcel of land, with all buildings thereon, lying and being in the town of Greenville, County of Pitt, State of North Carolina more particularly described and defined as follows:

Situate on the north side of 8th Street and beginning at an iron stake, the northwest corner of the intersection of 8th Street with James Street, and running thence northwardly with James Street 85 feet

HELD AS SUSPECTS IN BIRMINGHAM BOMBING

R. A. Bridges (left) and Eldridge McCord (center) were said by Birmingham, Ala., police to have confessed implication in the bombing of a milk plant there, and Burge Gilpin (right) is held as the driver of an automobile from which a bomb was thrown. Officers said the violence grew out of a "price war" between milk producers and distributors.

NOTICE OF SALE

Under and by virtue of the power of sale contained in that certain Deed of Trust executed by B. L. Bullock and wife, Virginia Bullock, to M. K. Blount, Trustee, under date of April 8th, 1926, of record in Book N-16, page 16 of the Pitt County Registry; default having been made in the indebtedness secured thereby, the undersigned will offer for sale, and sell to the highest bidder for cash, before the Courthouse door in Greenville, N. C.,

Monday, August 3rd, 1931 12:00 o'clock noon

all of the following described lot or parcel of land situate in the town of Bethel, North Carolina, and more particularly described as follows:

Known as part of the Farrar Estate. One Lot, beginning 50 feet West from the intersection of Pitt Street; running West 50 feet; thence South 150 feet; thence East 50 feet; thence North 150 feet to the beginning, facing Carolina Ave-

Of course they're friendly to your throat—they're FRESH!

THERE are three things about a cigarette that can sting the tongue and unkindly burn the throat.

- (1) Harsh tobaccos.
- (2) Particles of peppery dust left in the tobaccos because of inefficient cleaning methods.
- (3) A parched dry condition of the tobacco due to loss of natural moisture by overheating or evaporation.

Camels in the new Humidor Pack are fine cigarettes kept fine, free of every one of these drawbacks to real smoking pleasure! They are blended of the choicest tobaccos—fine Turkish and mild

Domestic tobaccos—the choicest that money and experience can buy.

They are kept free from the sting of peppery dust by a special vacuum-cleaning process.

They are perfectly conditioned, factory-fresh whenever you buy them, thanks to the new Humidor Pack.

This scientific germ-safe wrapping—not plain ordinary Cellophane but moisture-proof Cellophane which costs nearly twice as much—seals in all the natural freshness and aroma—seals it so tightly that wet weather cannot make Camels damp, nor drought weather make them dry.

As a favor to your throat try factory-fresh Camels for just one day, then quit them—if you can.

Tune in CAMEL QUARTER HOUR featuring Morton Downey and Tony Wong
