PREDICT 15 MILLION BALE COTTON CROP

Government Estimate Produces Astonishment Among Traders of the Nation

Washington, Aug. 8.—(AP)—Cotton production this year, indicated by the condition of the crop, August 1, was announced today by the Department of Agriculture at 15,584,000 equivalent 500-pound bales. Last year's ginned production was 13,582,000 bales.

The condition of the crop on August 1 was 74.9 per cent of a normal, indicating a yield of 185.8 pounds per acre. The condition a year ago was 62.2 per cent of a normal, with a final yield of 147.7 pounds, and the 10-year average condition on August 1 is 67.5 per cent, with acre yield averaging 164.4 pounds.

Acres in cultivation this year on July 1 was 41,491,000 acres. That area reduced by the 10-year average abandonment between July 1 and time of picking, brings the probable area to be picked this year to 40,129,000 acres, on which figure the department based its indicated total production.

The department said that in interpreting conditions as an indication of probable yield allowance has been made for crop loss due to boll weevil on the basis of reports concerning weevil presence and activities. These reports indicate that if usual weather prevails during the remainder of the season weevil damage will be somewhat higher than last year for the country as a whole but still considerably less than the average loss during the last ten years.

The condition of 74.9 per cent on August 1 is the highest condition for that date since 1915. In only two years, 1920 and 1926, since the weevil became a dominant factor in cotton production, the department added, has the present high condition been approached.

The indicated yield per acre of 185.8 pounds is higher than the yield in any year since 1914 when 209.3 pounds were produced, and is slightly higher than the yield in 1926, the last year in which conditions were uniformly good over practically all of the cotton belt.

The amount of fertilizer used this year, the department said, is less than has been used during the last few years.

New Orleans, Aug. 8.—(AP)—Exclamations of astonishment arose from traders on the New Orleans Cotton Exchange who remained on the floor after the close of the market to receive the government's estimate for the 1931-32 crop, when the figure of 15,584,000 bales of 500 pounds weight was posted.

The estimate was nearly a million bales above that of the highest private estimate, and compared with an average guess by members of the New York Cotton Exchange last week of 13,850,000 bales.

Both the New Orleans and New York exchanges closed ten minutes before the issuance of the report, but at Chicago the cotton exchange was still open and first quotations from there posted on the New Orleans bulletin board showed a drop of 105 to 107 points when trading was resumed after posting of the government figure.

Traders here generally expressed the opinion that the indicated yield per acre, placed at 185.8 pounds by the government bureau, is the largest on record.

Baptist Minister Injured in Wreck At Railroad City

Rocky Mount, Aug. 8.—(AP)—The Rev. J. W. Kincheol, pastor of the First Baptist Church, and one of the best known divines in Eastern North Carolina, was seriously injured here today when his car collided with another at a street intersection.

Marvin Felton was the driver of the second machine. The Rev. Mr. Kincheol sustained a badly lacerated scalp, a broken rib, concussion and possible internal injuries. Physicians said he is expected to recover.

Chamber Of Commerce Will Be Discussed At Mass Meeting Monday

Foils Kidnapers

Oscar Johnson II, son of a wealthy St. Louis society woman, escaped kidnaping by battling two men who beat and robbed him near St. Albans, Mo.

ROAD PATROL IS FETED HERE

Division Patrolmen Guests at Regular Meeting of Greenville Kiwanis Club

Members of "Division A" of the State Highway patrol, which recently established headquarters in Greenville, were guests of the Kiwanis club at the regular semi-monthly meeting at the Woman's club last night.

The patrolmen were headed by Lieut. Lester Jones, who introduced them and explained the kind of service they were attempting to render to the state.

M. K. Blount, member of the Legislature from Pitt county, and father of the original highway patrol bill, lauded work of the patrolmen, and said their activities had done much toward bringing about an improvement of the traffic situation in all parts of the state.

He said the costs collected by the patrol in its work throughout the state had almost defrayed cost of operation, and this was expected to improve.

The speaker praised the services of Lieutenant Jones and his men and thought they would be able to render a more distinct service to the division since the increase of force the first of the month.

Twelve patrolmen comprise the personnel of the division but only nine were present last night, the remainder being on duty and unable to attend.

Miss Edna McKee, public health worker, connected with the Pitt County Health Department, spoke on "Practical Health of the Community," and brought out many interesting facts about the situation in Pitt county. She confined her talk almost exclusively to a discussion of typhoid and diphtheria, and said education of the people had done much toward reducing both forms of illness.

She asserted poor living conditions in rural communities were responsible for most sickness of this nature, and placed upon farm owners the responsibility of improving the environment of tenants and thereby help eliminate typhoid and diphtheria and increase longevity.

John Mitchell, cashier of the State Bank & Trust Company, was inducted as a new member by J. J. Summrell.

E. L. Hillman, was elected to the vice-presidency of the club to fill the unexpired term of W. A. Darden, who at a previous meeting was elected president to succeed J. J. Summrell.

Dr. W. I. Wooten was a guest of the club and expressed his appreciation of the invitation to attend.

Everybody Invited to Attend Gathering at Courthouse at 8 O'clock and Take Part in Deliberations; Chamber Declared Necessary to Broad Development of Community

Plans had been completed today for the mass meeting to be held at the courthouse Monday night at 8 o'clock to discuss organizing a chamber of commerce.

The general public, including men and women in all walks of life, have been extended a cordial invitation to attend the meeting and take part in consideration of the proposal.

The chamber of commerce movement had its inception at the "house warming" celebration of the Merchants Association last Tuesday night at which time it was decided to call the mass meeting and give everybody an opportunity to participate in deliberations.

Several speakers—high in the business, financial and educational life of the locality—expressed belief that a chamber of commerce would be a mighty force for the upbuilding of the community, and urged that the movement be carried to completion.

The Merchants Association has been filling the place of a chamber of commerce for several years, but work of this department has become so extensive that the organization has found it impossible to cope with the situation.

It is the plan of promoters to effect organization of a departmentalized chamber with a department for every field of activity represented in the community. This will make it truly representative, and enable it to serve every interest desirous of taking part in the upbuilding of Greenville.

Greenville is one of the leading sections of the state, speakers at the open house meeting asserted, and the proposed chamber of commerce should be instrumental in attracting more people and industries to the community. The people were urged to get behind the plan and see that it is converted into a reality as early as possible.

REJECT OFFER TO BUY COTTON

Farm Board Declares Germany's Terms Not of Satisfactory Nature

Washington, Aug. 8.—(AP)—Germany's offer to buy a part of the Farm Board's 1,300,000 bales of price stabilization cotton has been rejected because the purchase terms offered were held unsatisfactory.

The action was announced last night, simultaneously with a suggestion by the board of an arrangement by which Germany may make cotton purchases direct from the trade in this country.

The board called attention to the efforts of the Treasury to provide Germany with dollar credit here by expediting payment of war claims of German nationals. Credit in excess of the proposed cotton purchase, it said, would be provided and would permit direct buying of the commodity.

Claims of German nationals, the board noted, far exceeded the possible purchase of between 30,000,000 and 40,000,000 under the long term credit plan. If these claims were settled promptly, it added, satisfactory arrangements would be made for the purchase of cotton from the trade and protests from the south over the stabilization sale plan would cease.

The proposition for selling the board's surplus first was suggested to the German government by American Ambassador Sackett at Berlin with the approval of President Hoover. Germany offered to buy about 60,000 bales on a three year credit instead of eighteen months as originally suggested. In addition, Germany wanted the market price, while the Farm Board hoped to obtain a slightly higher price because of the long term credit.

NEW RECORDS EXAMINED IN TRIAL OF LEA

Former Collections and Exchange Teller Takes the Stand at Asheville

Asheville, Aug. 8.—(AP)—More records of the Central Bank and Trust Company were examined here today in the trial of Col. Luke Lea, Tennessee politician, and three others, on conspiracy charges.

With Wallace B. Davis, former president of the bank; Luke Lea, Jr., and E. P. Charlet, of Nashville, the elder Lea is charged with conspiring to defraud the bank of approximately \$1,300,000.

S. G. Owens, former collections and exchange teller, took the stand as the twelfth day of the trial began.

The state entered a number of affidavits which allegedly connected Colonel Lea with a number of corporations which the state contended benefited from his dealings with the Central bank before it failed last November.

R. B. Moseley, to whom a number of certificates of deposits, involved in the trial, were made payable, was identified by records today as assistant secretary of the Tennessee Publishing Company, a Lea owned concern.

Several of Colonel Lea's notes, held by the bank when it closed, were offered as evidence by the state. One note, for \$80,000, was dated September 22, the same day the bank issued \$80,000 worth of certificates of deposit to Lea.

Stock in the Standard Properties Company, another Lea concern, was put up as collateral, the records showed.

Practically all the notes read "payable at the Central Bank and Trust Company or at its office in Nashville, Tenn."

Investigate Killing Of Lighthouse Tender

New Bern, Aug. 8.—(AP)—The mystery of a shot in the dark that snuffed out the life of John Peel, 40-year old light house tender, of Mesic, Pamlico county, today occupied Currituck county authorities.

Peel was killed by a bullet that struck him in the back of his neck and ploughed its way into the base of his brain as he sat under the steering wheel of his truck on a highway near here about midnight last night.

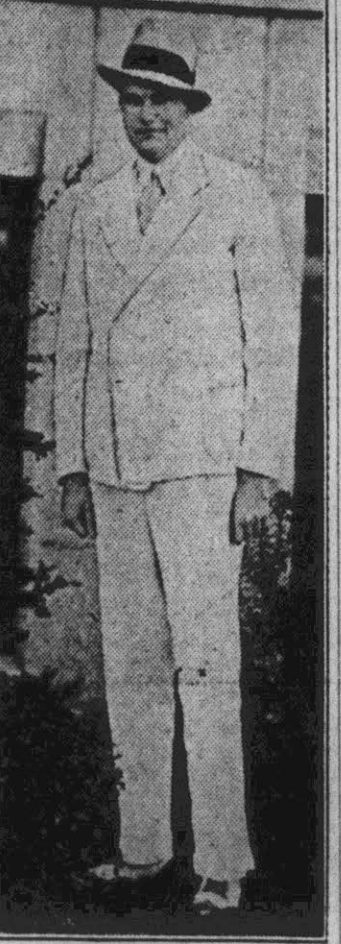

John Boyd, near whose home Peel was killed, said he ran out into the road to investigate and found a woman who gave her name as Mary Cannon standing by the truck.

The Cannon woman told him, he said, somebody drove up behind the truck in an automobile and shot Peel.

The woman was taken into custody and held as a material witness, while officers continued their investigation of the shooting.

Too Many Fish—Nag's Head, N. C.—S. P. Cooper, J. B. Owen, D. B. Kimball, S. P. Cooper, Jr., and Rowland Turner, all of Henderson, caught 2,000 pounds of fish in two days here including 42 channel bass that weighed 35 pounds each.

Lea's Son on Trial

Luke Lea, Jr., newspaperman and son of a famous Tennessee family is on trial with his father and two other defendants at Asheville, N. C., on charges of conspiracy in a bank failure.

PLAN TO BUY WHEAT IN U. S.

Germany Begins Negotiations for 600,000 Bushels; China in Need of Aid

Berlin, Aug. 8.—(AP)—Negotiations have been opened for the purchase by the German government of a considerable quantity of wheat in the United States, government officials disclosed today.

They declined to reveal details of the project, but it was said that Germany is contemplating the purchase of 600,000 tons of American wheat for delivery in 1932.

How the American purchase is to be paid for was not disclosed.

Shanghai, Aug. 8.—(AP)—Declaring 10,000,000 dwellers in the flooded valleys of Central China face starvation before spring unless aid is given them, John Earl Baker, suggested today that part of the United States Farm Board's surplus wheat be poured into China under long term credit arrangements.

Baker, adviser to the ministry of railways at Nanking, told the Associated Press correspondent the present floods probably constituted China's most terrible disaster in the present century.

Baker directed international relief work in the Shenai and Kansu famine region in 1930. He estimated property damage of the present floods would total \$300,000,000.

He refused even to guess at the death toll.

Lindberghs Arrive At Point Barrow, Alaska

Point Barrow, Alaska, Aug. 8.—(AP)—Col. and Mrs. Charles A. Lindbergh, the flying vacationists, and their speedy monoplane arrived here today in the shadow of the Arctic ice pack, at America's most northern outpost 320 miles north of the Arctic circle.

Through long lying fog banks which shrouded their way, Colonel Lindbergh piloted his plane from Aklavik, N. W. T., last night and set it down on a lead of open water at 2 a. m., Pacific Standard Time, (3 a. m. EST). The hop of 536 miles along the shores of the Beaufort sea and Arctic ocean was made in six hours and 30 minutes.

Enthusiasm in this little community, a handful of whites and several hundred Eskimos, burst forth as the glinting low-winged monoplane was sighted in the eastern sky.

Cheers rang out from groups of several high points of land in the community and they rushed to the water front to await the mooring of the plane and the coming of the flier and his diminutive wife to shore.

On their flight, with the few hours of darkness overtaking them and a heavy fog bank hiding the earth from them for an hour, Mrs.

CONVICTS IN NEAR RIOT AT CONCORD JAIL

Two Men Escape as Prisoners Stage Disorder Over Crowded Condition of Cells

Concord, Aug. 8.—(AP)—Two white prisoners escaped from the Cabarrus county jail here during a near-riot in the cell blocks early today.

Officials said the trouble was started by a number of state prisoners quarreling in the Cabarrus jail because of crowded conditions in the Rowan county convict camp.

Incensed because of the longer working hours here and also because no tobacco allowance is made, the state prisoners began tossing bottles at guards and other prisoners, witnesses said.

Can Poplin, a county prisoner, standing on the stairs leading to the floor where the rioters were confined, was struck on the head by a bottle thrown at a guard. He was given medical attention.

Soon the jail was filled with yelling, cursing men. While the din was at its height, James Neely and Brady Medlin, both state prisoners, escaped.

As the rioters in the upper floors grew threatening, armed guards were stationed inside and outside the building. Officials said the men tried to destroy much of the property in the building.

The guards on the outside rail were dismissed when quiet was restored soon after 4 a. m. Neely and Medlin, who knocked a hole through the wall under a second story window, slid down their blankets to freedom.

Sheriff R. C. Hoover said he would file objections with the State Highway Commission to quartering state prisoners here.

Hoover said the Cabarrus county jail is so crowded that many prisoners have to sleep on improvised bunks on the floor.

MAIL CARRIER HURT IN WRECK

Bill Elks Seriously Injured When Car is Hit By Truck From Fuquay Springs

William (Bill) Elks, rural mail carrier of Grimesland, was seriously injured this morning when the car in which he was riding was hit by a truck of the Lafayette Transfer of Fuquay Springs, on the outskirts of Grimesland.

He was rushed to the Washington hospital where an examination revealed a broken thigh, wrist and several injuries about the head. Although his conditions is considered serious, attending physicians expressed belief he would recover.

The accident occurred as Elks started to leave the highway and drive into the yard of his home. He said he made a left hand turn and the truck crashed into him. The driver of the truck, W. T. Taylor of Washington, said it was impossible for him to prevent hitting the car due to its sudden swing to the left.

Taylor was placed technically under arrest to await the outcome of the injuries of Elks.

Mouzon Says Church Will Never Haul Flag Down on Prohibition

Lake Junaluska, Aug. 8.—(AP)—Bishop Edwin D. Mouzon, of Charlotte, general superintendent of the work of the Methodist Episcopal Church, South, in Virginia, North Carolina and Maryland today had served notice on "men interested in public affairs" that the church "will never haul down its flag" on the prohibition question.

Speaking at the leadership school of the Methodist church at its assembly grounds here, Bishop Mouzon said:

Doak Says Abuses In Deportation Of Aliens Are Being Corrected

Hits Prison Report

Sanford Bates, director of federal prisons, in answer to the Wickersham commission's condemnation of the American prison system, said the government had already put into effect all the major improvements it suggested.

MRS. HOOVER AT AKRON, O.

Wife of President to Christen the World's Largest Airship This Afternoon

Akron, Ohio, Aug. 8.—(AP)—Mrs. Herbert Hoover and her entourage of Washington officials arrived here at 11:34 a. m. today. She is scheduled to christen the Zeppelin "Akron" this afternoon.

Airplanes wheeled overhead in salute to the first lady of the land as she was escorted from the train to a luncheon being given in her honor.

At the big Zeppelin plant where this afternoon Mrs. Hoover will name the ship "Akron," 30,000 persons were already gathered at noon and workmen were busy putting finishing touches on the Zeppelin for its "air birth."

Thousands lined the streets to shout their greetings. Mrs. Hoover smiled pleasantly at the crowd and was evidently greatly pleased at the reception.

Not since the Montgolfier brothers at Annanoy, France, in 1783 sent up their 35-foot paper balloon has the launching of a lighter-than-air craft created so much attention as the launching and christening of the 6,500,000 cubic foot, helium filled "Akron."

This huge ship, built by the Goodyear-Zeppelin Corporation for the Navy, is the products of years of accumulation of knowledge of Zeppelin construction, far exceeding the dreams of Count Ferdinand Zeppelin a half century ago. It is a marvel of aeronautical engineering, accomplished under the direction of the veteran Zeppelin builder, Dr. Karl Arnstein.

Mrs. Hoover was to christen the ship by pulling a cord to release a flock of homing pigeons, nestled in a hatch in the nose of the dirigible. A 100-piece band will play the "Star Spangled Banner" while a chorus of 500 voices will sing.

Border Tobacco Averages Behind Those of 1930

From some of the larger North Carolina markets of the South Carolina border tobacco belt, indicated today that sales of the first week of the current season were far below the corresponding period last year and that prices lacked several cents a hundred of being up to the 1930 figure.

The Lumber ton market for the first week, which closed yesterday, sold 475,673 pounds, for an average of \$7.54 a hundred.

Secretary of Labor Replies to Charges of Wickersham Committee That Deportation Measures Are Unconstitutional; Says Suggestions Came From Inexperienced Observer

Washington, Aug. 8.—(AP)—The charges of tyrannic and unconstitutional practices in the deportation of aliens, laid at the door of federal immigration officials by the Wickersham Commission, today drew from Secretary Doak the reply that abuses were being corrected.

The secretary of labor dissented, however, from some of the suggestions of the commission's report to President Hoover.

He asserted they came "from an observer without experience in the practical problems of deportation."

The commission itself split over the charges of its expert, Reuben Oppenheimer, Baltimore attorney, who wrote all but a brief preface to the 179-page report on the enforcement of the deportation laws.

Oppenheimer asserted that in examining about 100,000 supposed aliens and deporting about 15,000 annually officials employed methods that smacked of the inquisition and often violated "the plainest dictates of humanity."

"It is doubtful," he said, "if anywhere in the entire system of Anglo-Saxon jurisprudence are government officials given similar unfettered rights of private inquiry or is the exercise of governmental power more often characterized by violations of fairness and decency."

Both Colonel Henry W. Anderson, of Richmond, Va., and former Justice Kenneth Mackintosh of the Washington State Supreme court, objected to these charges as a too severe indictment of the department of labor. The latter said flatly he did not believe the abuses were as wide as indicated.

"The limited number of cases to which Mr. Oppenheimer refers," Doak said today, "cover a period prior to my becoming secretary of labor. Every effort has been made to correct administrative abuses, and Mr. Oppenheimer generously acknowledges that the defects he finds do not now apply to the department."

"The major point, however, is that the American people have a right to deport criminal aliens, and aliens who have come illegally into the country. Any practical legislation that will strengthen the hands of the department of labor in effecting this purpose will be welcomed by the department."

Doak said there were hundreds of thousands of aliens that had not yet been reached with the department's present staff and equipment, adding that he knew of "no more important work before the country than to rid it of alien criminals."

He asserted more effective work could be done if there were more cooperation between federal and local authorities and if the deportation laws were stronger.

"Whenever the report supports practical measures to this end," Doak concluded, "I am for the report."

John R. Galloway Died Early Today Funeral Tomorrow

John R. Galloway, age 56, passed away at his home near Hudson's Cross Roads this morning at five o'clock. He had been sick for a period of two months. Funeral services will be conducted Sunday afternoon at 3 o'clock from his late home by Rev. E. L. Hillman, pastor of Jarvis Memorial Church and burial will follow in Greenwood cemetery. He is survived by his wife, who was Miss Maggie Parker of North Wilkesboro; his mother, Mrs. Alice Galloway; two brothers, C. R. and E. L. Galloway; three sisters, Mrs. H. C. Venters, Mrs. D. L. Bailey and Mrs. William Parker. Mr. Galloway was a prominent farmer and spent most of his life in the section where he lived at the time of his death.

Policeman Dead

Goldboro, Aug. 8.—(AP)—Capt. Dan Morris, 56, assistant chief of Goldboro police, died at his home here late last night after two weeks' illness. Captain Morris, who had been on the force 22 years, is survived by his widow and four children.

ABOUT TOWN

City trash piles are an eyesore and especially when they are visible from highways.

Greenville has a dump that has been an object of much criticism in recent months, and this has led to action looking to improvement of the condition.

A fence is to be built along the highway cutting off the view of persons passing along the road and preventing other people from the promiscuous dumping of trash near the highway.

It has not been decided when the fence will be erected, but it will not be delayed for any length of time because the aldermen appreciate the situation and are just as much interested in doing away with the eyesore as anybody else.

Members of the local unit of North Carolina National Guards will leave Sunday for a fifteen day training period at Fort Bragg.

The battery goes into encampment every summer and always comes back home after establishing a very commendable record of service.

It is not known what kind of honors the boys are after this year, but that they will hang up some kind of a record goes without saying.

A spirit of friendly rivalry always exists among the various companies comprising the 113th field artillery during encampment and every member does his best to win recognition for his company.

Officers of the unit here are ambitious for their men, and have inspired in them a desire to set the best marks possible in matters not what field of service they may be called to enter.

The men have cordially invited relatives and friends to visit them at camp and gain some idea of how encampments are carried on, and it is certain numbers of persons will take advantage of the invitation.

Greenville probably set a new low mark from the standpoint of fire loss during the month of July.

The monthly report of Fire Chief George Gardner submitted to the Board of Aldermen Thursday night placed total loss at only \$90.

This is the lowest figure for any single month in years, and will probably eclipse all other records for many years longer.

The city's fire loss has been gradually reduced for several past years and if we could have a few more months like July there is no reason why we should not reach the lowest mark yet during the present year.

Fire Chief Gardner and his men are working with this end in view and if they receive the co-operation of the citizenship there is no reason why the ambition should not be realized.

The movement to organize a chamber of commerce here will be revived at the court house next Monday night and everybody is asked to attend and do his part toward making the organization possible.

It is the purpose of promoters to create a chamber of commerce with departments for every phase of human endeavor, and the man who did not have a look-in on activities of such bodies in past years, will find that his impressions count just as much as anybody's.

Negro To Die Next Monday for Attack On White Woman

[Raleigh, Aug. 8.—(AP)—Wilson Autrey, 28-year-old negro youth of Union county, today sat in a death cell at state's prison "ready to go" Monday when he will be electrocuted for an attack on a young white woman near Marshville.

Autrey was convicted of attacking Mrs. Hoyle Keziah, who was the mother of a 7-week-old baby when the crime was committed on May 13. Following the commission of the crime the man fled to South Carolina and after a man-hunt in which hundreds of persons participated he was caught near Lancaster, S. C.

Mrs. Keziah testified at the trial that Autrey was her assailant and Sheriff Clifford of Union county testified that Autrey confessed his guilt to him.

The negro was baptized twice this week once on Wednesday and again yesterday, and asserts "I've had my sins washed away. I'm ready to go."

Wants More Red Men Charlotte, N. C.—J. R. Anderson, of Charlotte, secretary-treasurer of the American Cotton Manufacturers' Association, told a local luncheon club that sale of cotton to Germany by the Farm Board "will not solve the surplus cotton problem in the United States.

Want More Red Men

Charlotte, N. C.—J. R. Anderson, of Charlotte, secretary-treasurer of the American Cotton Manufacturers' Association, told a local luncheon club that sale of cotton to Germany by the Farm Board "will not solve the surplus cotton problem in the United States.

Monday, Sept. 14, 1931 at twelve o'clock Noon offer for sale at the court house door of Pitt County to the highest bidder for cash the following described property:

Film Actress Sued For Alienation of Affections-Libel

Los Angeles, Aug. 8.—(AP)—Margaret Dietrich, one of Hollywood's leading foreign born motion picture stars was the defendant today in libel and alienation of affections suit brought by the divorced wife of the noted director, Josef Von Sternberg.

The name of Miss Dietrich, wife of the German director, Rudolf Sieber, was brought into court records late yesterday in a copy of the \$100,000 libel complaint filed under seal in New York.

In testimony by Von Sternberg it was disclosed that the "same party" named defendant in the libel action was also the defendant in the alienation of affections suit which was said to be for \$500,000 and also on file in New York.

Introduction of the copy of the libel complaint was made at a contempt of court proceedings. Mrs. Von Sternberg alleged her husband had failed to keep his alimony payments.

Sternberg testified he thought he was in his legal rights by dropping alimony payments because Mrs. Von Sternberg had "harassed" him with two suits. He then introduced as an exhibit a copy of the libel complaint.

The complaint declared Miss Dietrich had caused an Austrian newspaper to print an article containing false statements, including an assertion that Mrs. Von Sternberg had been an unfaithful wife.

Miss Dietrich "discovered" by Von Sternberg and brought to this country less than two years ago, remained silent other than to say she would consult an attorney.

Hope to Commence Flight to Seattle During Next Week

Tokyo, Aug. 8.—(AP)—Although their plane was locked up and a camera with which they admitted having taken photographs in Japanese territory was confiscated, Clyde Pangborn and Hugh Herndon, Jr., today formulated plans for a take off next week on a non-stop flight to Seattle.

They expect to fly first to Shantung beach, 380 miles north of here, for the takeoff with the 900 gallons of gasoline they believe necessary to complete the 4,000 mile trip across the north Pacific.

After difficulties had so interfered with their round the world trip as to make it virtually impossible to lower the record of Wiley Post and Harold Gatty, they flew here to compete for the \$25,000 prize offered by the Japanese newspaper Asahi Shimbun for the first continuous flight from Japan to America.

Their failure to obtain a permit to allow them to land in Japan caused authorities to lock up their plane. Their motion picture camera was held for development, to determine whether the photographs included fortifications on Hokkaido island may require several days.

The fliers, however, said they believed their difficulties would be smoothed out; by the time they were ready to start.

STATE—Mon.-Tues.

offer for sale, for cash, at public auction, before the court house door in the Town of Greenville, North Carolina

On Saturday, August 8, 1931 at 12 o'clock noon the following described real estate to-wit:

Market Report

Cotton--Stocks--Grain

N. Y. COTTON

New York, Aug. 8.—(AP)—Cotton opened very steady today 15 to 20 points higher on covering stimulated by relatively firm Liverpool cables and uncertainty as to the showing of the government crop report to be published after the close of the market today.

This demand was supplied by realizing liquidation, however, and the failure of covering to become more active seemed to encourage increased offerings after the initial demand had been supplied. October contracts which had sold up to 8.22 reacted to 8.16 while January sold off from 8.56 to 8.49 with the market comparatively quiet at the end of the first half hour with prices showing net advances of 17 points.

Liverpool cables reported preliminary covering combined with continental buying and trade calling in that market. The amount of cotton on shipboard awaiting clearance at the end of the week was estimated at 41,000 bales, as against 30,000 last year. The rejection of the German cotton purchase proposals received a bullish interpretation in some quarters, but had little apparent effect on the immediate market.

To Raise Flowers
Jonesboro, N. C.—J. L. Medlin, W. B. Medlin and Mollie Medlin, of Lee county, have secured several thousand acres of land 16 miles from Washington, N. C., on which they expect to raise pinks and other flowers for northern markets.

New Industry
Goldboro, N. C.—P. W. Reiber, of Crowley, La. has announced the opening of a coffee roasting plant here about September 1.

PIRATES HURL FOUR CONSECUTIVE SHUTOUTS

For 40 innings these four Pittsburgh Pirate pitchers did not allow a run to cross the plate. Larry French and Ervin Brame started the run of blank frames against the New York Giants. Remy Krcmer, Glenn Spencer and Brame continued it against the Cincinnati Reds. Left to right are: Brame, Spencer, French and Krcmer. The Pirates piled up 45 scoreless innings before the St. Louis Cardinals ended their string of victories.

RUTH STILL LEADS WITH THE WILLOW

Chicago, Aug. 8.—(AP)—Whatever else the New York Yankees lack, it isn't offensive power. Semi-official averages which include Thursday's game reveal that the firm of Ruth and Gehrig is in control of five individual leadership; that five Yankees are batting better than .300; that the Yank team batting average is .296 and gives them a tie with Washington and Cleveland for first place and that Ben Chapman is in a class by himself as a base-stealer.

Babe Ruth successfully battled off Al Simmons of the Athletics in the batting championship contest, but the Philadelphia siege gun was creeping up. Ruth's mark was .384; two points off from last week, while Simmons increased his average five points to .382. Other leading regulars were Webb of Boston .366; West of Washington .360; Morgan of Cleveland .351; Goslin of St. Louis .349; Gehrig of New York .347; Cochrane of Philadelphia .337; Averill of Cleveland .336; Haas of Philadelphia .326.

Gehrig was out in front in four offensive departments. He had batted home 116 runs, to 114 for the Babe; had 31 home runs to 30 for Ruth; had scored 109 times, and led in total bases with 278. Simmons topped the list in hits with 163 and had 13 triples, while Earl Webb of Boston, had collected 51 doubles in his pursuit of George Burns' American League record of 6. Chapman's 43 stolen bases put him far out in front.

The Yankees had scored 712 runs in 124 games, with Washington second with 616 in 106 contests, and the Athletics third with 613 in 106 games. The A's however, had held the opposition to 432 runs, Washington had given up 469, while New York had had its plate crossed 539 times. Philadelphia continued to lead in team fielding with .978, the same as last week, while St. Louis has turned out 113 double plays.

The pitching situation was merely a story of Bob Grove's drive toward 30 or more victories. The bank southpaw was credited with another victory and had the fine record of 22 triumphs and two defeats. Fred Marberry of Washington has 12 victories and two defeats while George Earnshaw, the right handed part of Connie Mack's staff had 17 victories and five defeats, as well as leading in strikeouts with 124.

DAVIS HEADS BAT PARADE IN NATIONAL

New York, Aug. 8.—(AP)—Virgil Davis hit ball pounding catcher from Philadelphia, is back at the head of the National league batting parade with a longer lead than any of the first place holders in the close race have had in some time. The semi-official averages which include Thursday's game show a .352 average for Davis while his clouting teammate, Chuck Klein and Charley Grims of the Chicago Cubs are tied for second place, nine points behind.

Behind this pair, however, the contenders for batting honors in the elder major league are closely bunched. Harvey Hendrick is fourth at .339. Then comes Terry, New York, .337; O'Doul Brooklyn, .334; Hornsby, Chicago, Roetter, St. Louis, and Hogan, tied at .331 and then tenth regular on the list, Cuyler of Chicago at .329.

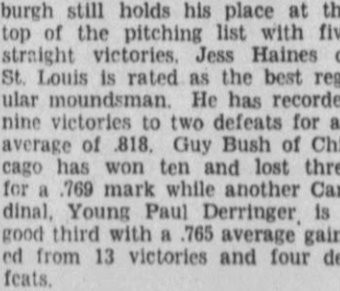

The major slugging honors remain in Kleins hands, with few if any threats to his supremacy. The Philly outfielder leads in three departments with .91 runs, 24 homers, and 85 runs batted in. He also is tied with Lloyd Waner of Pittsburgh for second place in the hit column. They have 144 safeties apiece while Babe Herman of Brooklyn has made one more.

Rogers Hornsby of Chicago still leads in doubles with 35 one ahead of Sparky Adams of St. Louis and second to Klen with 78 runs batted in. Herman also has a second place to his credit. He has hit 13 triples while Bill Terry of New York and Pie Traynor of Pittsburgh share the lead at 14. Kiki Cuyler and Woody English of Chicago share second honors in scoring, each with 76 runs while 17 circuit clouts give Mel Ott of New York the runner up position.

Frankie Frisch of St. Louis finally has passed Cuyler in the base stealing race. He has completed 13 steals to Cuyler's 12. Chicago hold on team honors is unchanged. The Cubs lead with a .294 batting average and a .975 fielding average.

Although Bob Osborn of Pittsburgh still holds his place at the top of the pitching list with five straight victories, Jess Haines of St. Louis is rated as the best regular moundsman. He has recorded nine victories to two defeats for an average of .818. Guy Bush of Chicago has won ten and lost three for a .769 mark while another Cardinal, Young Paul Derringer, is a good third with a .765 average gained from 13 victories and four defeats.

Claims 'Chute Record

Clarence McArthur, 21, of Tampa, Fla., claims to have set a new world's record for delayed parachute jumps. He bailed out at 18,000 feet and dropped 15,000 feet before pulling the ripcord.

SLIM CHANCE OF STOPPING SWIFT BEES

Charlotte, Aug. 8.—(AP)—The chance of putting the skids under the Charlotte Bees had grown slimmer today.

Behind the five-hit pitching of Lefty Martin, the Hornets ran through the threatening Greensboro club at Charlotte last night, beating the nine 3 to 1, and upsetting a string of ten straight victories.

This feat, coupled with the 4 to 3 defeat of the second place Caps by the Twins at Winston-Salem, served to advance the Bees to 11 full games ahead of the field.

Something different may happen when the Pats and Bees engage in a double-header tonight, but the Pats are going to have an uphill pull to win. They probably will face "Struttin' Bud" Shaney, who already has won 20 games this season, in the first fray, and Big Chief Wical in the final round.

Any way the battle goes some of the Queen City fans already have reached the point of suggesting a post-season series between Charlotte and some other "good club." A banker, who asked his name be withheld, has this suggestion:

"If this old Piedmont holds out until the end of the season (presuming that Charlotte will be away out in the front) why not pick a couple more good pitchers from the other clubs in the league, and maybe a catcher to rest Pond a little, and play a little series with the runner-up in the Southern league. That's how good I think our club is."

If you ask old King Bee Lacy

about that, he will tell you right now the Bees don't need any more pitchers, catchers or anything else to tackle the Southern Association runner-up or some other class A club that might be mentioned. That's how good he thinks his nine is. Osceola Guy is sold on his ball players and he does not mind telling you about it.

The Asheville Tourists snapped out of their losing streak last night on the home lot and beat the Durham Bulls, 7 to 6.

The High Pointers, already out of the running, dropped a little lower in the pit. They lost to Henderson, 4 to 3, last night at High Point, although they outthit the Gamecocks, 10 to 7.

STOCK MARKET

New York, Aug. 8.—(AP)—August inertia gripped the securities markets today.

Trading in stocks was around the lowest levels in several years, and save for a further sag in the railroad issues price changes were very largely negligible. The German issues again maintained a good tone and in commodities the more bullish attitude toward wheat was again apparent.

Such stocks as U. S. Steel, American Telephone, General Motors, Radio and Consolidated Gas closed virtually unchanged from Friday's final prices.

In the rails, however, Atchison lost 4 points, and New York Central declined 2, going below 70 for the first time in 10 years. Union Pacific lost as much, and declines of a point or so appeared in Southern Pacific, New Haven, Great Northern preferred, Frisco and Washash. Although utilities were generally steady, Electric Power and Light lost a point.

Again there were no new developments in the railroad situation, but statistics continue to reflect the unsatisfactory conditions with which they are struggling. "Railway Age" reported that new freight cars ordered by the roads for July were only 445, compared to 972 in June and 1,206 in July of last year.

The weekly mercantile reviews reported a little more activity in wholesale buying in preparation for fall trade, and stressed continued activity in the woolen and leather trades, although there has been a little reaction in the hide markets.

The monthly sales report of General Motors, issued at the close of the market, were again relatively favorable. Sales of General Motors cars to customers for the month at \$5,954, showed an actual gain over July of last year, when the total was \$5,147 although there was a marked seasonal sag from June.

Week-end reports from the steel trade show little change although it is estimated that activity in the Youngstown area, now around 33 per cent of capacity, may show a slight improvement next week.

Hard Hitting Aids Phils in Licking Giants

By HUGH S. FULLERTON, Jr. Associated Press Sports Writer

One of the great contrasts in baseball is found in the first and seventh place teams of the National league, the St. Louis Cardinals and the Phillies. For a couple of years the Phils have been considered as a great team except for its pitching staff while the Cards have put mound work a bit above the departments of play.

This year, a less lively ball was expected to bring some sort of a change in the results, but the Phils continue to belt the ball at a great rate without getting anywhere in the standing while the Cardinal hurlers have put St. Louis far ahead.

It took a great exhibition of hitting by Chuck Klein, star slugger of the Phils, and a dismal pitching display by Clarence Mitchell to give Philadelphia a 13 to 5 victory over the New York Giants yesterday. Meanwhile the Cards with about the same amount of hitting coasted through to an easy 8 to 0 triumph over the Chicago Cubs, behind the expert mound work of Burleigh Grimes.

Grimes' victory, his 14th of the season, put the Cards eight games ahead of the second place Cubs and nine up on the Giants.

Brooklyn got some great pitching from Hollis Thurston for eight innings but it didn't last through the ninth and they lost a 3 to 4 decision to the Braves.

Dempsey Refused Fight in Illinois

Chicago, Aug. 8.—(AP)—Jack Dempsey and Benny Linord may attempt comebacks if the choice, but not in Illinois. This is the stand of Major General John V. Clinchin, chairman of the Illinois Athletic Association, and his colleagues.

General Clinchin said the commission would not approve for either the former heavyweight champion, or the retired lightweight titleholder and cited the comeback attempt of Charlie White, a contemporary of Leonard. White was stopped by one of the Perlick twins of Kalamazoo Mich., in two rounds.

"There will be no more sanctions issued for such bouts in Illinois," General Clinchin said. "I am sending communications on this subject to all commissions affiliated with the N. B. A., and I think Illinois' attitude will be supported by the other members of the association."

It had been reported that Leonard would make his comeback start in Chicago this fall.
