HOPE TO FINISH LUKE LEA TRIAL BY END OF WEEK

Dr. J. A. Sinclair Returns To Stand In Asheville Case During Morning.

Asheville, Aug. 14.—(AP)—Solicitor Zeb V. Nettles expected today, he said, to complete by the end of this week or early next week the presentation of the state's evidence in the trial of three prominent Tennesseans and an Asheville financier for an alleged \$1,300,000 bank fraud.

On trial are Col. Luke Lea, Luke Lea Jr., and E. P. Charlet of Nashville, officials of the Tennessee Publishing Company and Wallace B. Davis, president of the Central Bank and Trust Company when it closed last fall.

William McCants, former auditor of the bank, was on the stand when court recessed yesterday testifying regarding securities transactions between the bank and Colonel Lea. State's attorneys said he would continue his testimony today.

Dr. J. A. Sinclair, a former director of the bank, who testified yesterday that Davis personally presented to the Central's executive committee various notes discounted for Lea and through some of which the bank is alleged to have been defrauded, returned to the stand today for cross-examination.

Questioned by R. R. Williams, for Davis, Sinclair told the story of the bank's growth from a small institution to its size at the time of the transactions with Colonel Lea. These occurred shortly before the institution failed last November.

Williams devoted considerable time to trying to show by Sinclair that all of the loans to Lea were formally approved by the executive committee before being placed on the bank's books.

Sinclair said that during much of the time the transactions with Lea were in progress Davis was out of the city.

On re-direct examination, the witness said that although Davis repeatedly recommended loans for Lea to the committee, he did not, after the loans passed the \$225,000 mark, inform the committee the legal limit had been reached on direct or indirect loans to any one borrower.

The state previously had shown that the proceeds of \$825,000 worth of notes went to Lea although the papers were signed by numerous different companies.

T. W. White, note taker at the Liberty Bank and Trust Company of Nashville, identified records of the bank, among them a list of notes purchased and sold. On this list was an entry of October 20, 1930, showing the Liberty bank purchased \$40,000 worth of Universal Mortgage Company bonds, previously sold to Lea by the Central Bank as part of the \$875,000 sale for which, other witnesses have testified, the bank was not paid.

Doheny Reported Seriously Sick

Los Angeles, Aug. 14.—(AP)—Edward L. Doheny, multi-millionaire oil man, was reported seriously ill today but members of his family would make no statement.

Doheny's personal physician, Dr. L. G. Visscher, said he would consult the oil man's family regarding the issuance of a statement, and until then he would not comment on his patient's condition. He did, however, deny that Doheny, who is 75 years of age, had suffered a paralytic stroke.

Doheny was acquitted by the District of Columbia court in 1929 of having offered a \$100,000 to Albert B. Fall, secretary of the interior in the Harding cabinet. Fall, however, was convicted of accepting a \$100,000 bribe from Doheny and is now serving a year and a day in the New Mexico state prison at Santa Fe.

Three Prisoners Escape from Jail

Marshall, N. C.—(AP)—The rear wall of the Madison county jail today had eight repaired holes and one awaiting repairs while officers searched for three prisoners who escaped last night.

Frank Lunsford, Hot Springs; Lee Case, Hendersonville, and Howell Wilson, Asheville, tore the ninth hole in the brick wall with a piece of steel torn from a door. They slid 20 feet to the ground on sheets.

Eight times before the small wall had been penetrated by prisoners who escaped.

Jerry Rice, jailor, was out of town yesterday and until late last night and the jail break was not discovered until he returned.

THESE BIRDS TO DARE OCEAN FLIGHTS

Here are five of America's foremost women fliers who aspire to ocean flying fame. Ruth Nichols, Laura Ingalls and Elinor Smith, all of New York, hope to be the first woman to fly alone across the Atlantic. Mrs. Geraldine Loffredo, Buffalo, N. Y. pilot, expects to fly to Rome with a navigator. Mrs. Juanita Burns, Los Angeles aviatrix, is in Seattle preparing for a non-stop flight to Tokyo.

Torch Slayers Sentenced To Penitentiary For Life

In Plane Wreck

Mrs. Theodore Roosevelt, wife of the governor of Porto Rico, was rescued from a seaplane which hit an obstruction while taxiing ashore in once harbor, Porto Rico.

DR. PARROTT SPEAKS HERE

Secretary of the State Board Health Tells of Work of the Organization.

Dr. J. M. Parrott, Kinston, secretary of the State Health Board, was the principal speaker at the regular monthly meeting of the Pitt County Medical Society at the woman's club building last night.

Dr. Parrott confined his remarks almost exclusively to activities of the board of health, declaring that the program was moving along smoothly without the slightest dissension.

He stressed the importance of the work of the organization and the far-reaching effect which it is having on the life of the state, and asked the hearty co-operation of all members of the medical profession.

Drs. M. B. Massey and W. M. B. Brown were hosts to the society and Dr. Joseph Smith presided.

An interesting paper was read by Dr. S. M. Crisp and Dr. Green presented a case report.

Dr. R. S. McGeachy told of the tubercular clinic to be conducted in the county during the month of September.

ADMIT KILLING FOUR PERSONS

Three Slayers Badly Mauled as Mob Attempts to Take Prisoners from Officers; Sweetheart of One of Slayers is Under Investigation.

Ann Arbor Mich., Aug. 14.—(AP)—Three torch slayers, called "fiends in human form" by the judge who sentenced them, were in solitary confinement today in Jackson prison, serving the first day of a life-long penalty for killing and burning two young couples on a lonely country road near here early last Tuesday.

They confessed, were sentenced to life imprisonment and placed in the Jackson institution within six hours last night, after telling in detail how they killed Thomas Wheatley and Harry Lore, local youths and Anna May Harrison and Vivian Gold, of Cleveland.

A new angle to the affair—not mentioned by the men in their confessions—was revealed early today with the arrest of Catherine Keller, 25, at her home in Ypsilanti.

Deputies said she was the sweetheart of Fred Smith, 22, ex-convict, who with David Blackstone, 33, itinerant negro and Frank Oliver, 18-year-old painter, confessed to the slayings.

Officers began an investigation of reports that the Keller woman accompanied the killers early Tuesday when they robbed the young couples, twice attacked one of the young girls killed them and then burned their bodies. She admitted being with the men Monday night but said she left the party before the holdup and killings occurred.

The closing of the doors of the prison at Jackson, 38 miles away, a few minutes before midnight, ended the most riotous day in the history of the University community.

Four times angry crowds attempted to snatch the prisoners. Their clothing was torn, their faces and hands scratched and their bodies mauled as the mob fought to take them from the officers.

The wind-up of the most sensational crime in Michigan in many years came with breath-taking rapidity.

The clue that provided the key for the solution of the case was the finding of the gun used to slay the victims.

The weapon was turned over to the Washburn county deputies by an undercover man for the Ypsilanti police department. It was established that the gun had been in the possession of Smith as late as Tuesday morning.

Cannon Appeals from Decision in Campaign Inquiry

Washington, Aug. 14.—(AP)—Counsel for Bishop James Cannon, Jr. today appealed from the decision of the District of Columbia Supreme court, which refused to block the churchman's request to block the Senate investigation of his use of campaign funds in 1928.

The appeal was filed upon order of the bishop of the Methodist Church South, who is in Europe.

The District of Columbia Court of Appeals, under regular procedure, would not rule on the appeal until fall.

Counsel for Bishop Cannon agreed today there was no way to stop the Senate investigation pending a ruling on the appeal.

Chairman Nye of the Senate committee has said he would press the investigation to an early conclusion.

ARREST GIRLS FOR VAGRANCY

Two Young Women of Falkland Township Put in Jail in Drunken Condition

Emma Vick and Lena Dall, both about 18 years old, were confined in Pitt county jail this morning on charges of drunkenness and vagrancy. They will be given hearing in the regular weekly session of County court next Tuesday.

They were taken into custody by Sheriff Sam Whitener in Falkland township as result of alleged vagrancy along the highways in different parts of the county.

They were said to have been in a state of intoxication when arrested. Both are residents of Falkland township and were taken in custody by the Sheriff as they left an automobile and started homeward.

Sheriff to Return Goldsboro Man to Craven Co. Today

Richmond, Va., Aug. 14.—(AP)—Sheriff R. B. Lane, of Craven County, N. C. prepared to leave here today to return Ben L. Thompson to New Bern to face charges of murdering John Peel, Pamlico coast guardsman.

Thompson surrendered to local police, saying he shot Peel accidentally in a drunken shuffle with Mary Cannon, of New Bern, over the possession of a pistol as the three were riding in a truck near New Bern late last Friday night.

SHORT WORK WEEK GAINS MORE FAVOR

Momentum is Given Movement Guarantee Employment for Nation's Workmen.

Washington, Aug. 14.—(AP)—A movement for guaranteed employment and possibly the five day work week has gained favor and considerable momentum among some of America's largest industries.

Under the guaranteed employment plan, industrial leaders would assure a stipulated number of their workmen of uninterrupted and profitable employment for a specified long period.

Under the guaranteed employment plan, industrial leaders would assure a stipulated number of their workmen of uninterrupted and profitable employment for a specified long period.

Reports to high government officials indicate that many industries are inclined toward adoption of the five day week with five day's pay. Organized labor however is demanding the shorter week with six day's pay.

The movement for guaranteed employment apparently originated with public utility companies and organizations seeking to hold their workers in the depression. It has been adopted as part of the American Federation of Labor's permanent program.

The guaranteed employment idea has spread to such an extent that the United States Chamber of Commerce, under the leadership of Julius Barnes, chairman of the board of directors, has become its sponsor and is pressing for adherence to it. Intensive study of the technical aspects of the problem is (Continued on page two)

FIGHT HIGHER FREIGHT RATES

Producers of Granite, Sand and Gravel Throw Their Weight Against Increases.

Washington, Aug. 14.—(AP)—Producers of granite, sand and gravel threw their weight today against any increase in railroad freight rates.

Benjamin J. Brooks, representing the National Granite Commission, testified before the Interstate Commerce Commission the proposed 15 per cent increase would have a demoralizing effect on the industry and by driving business to competitors would result in less revenue for the carriers.

V. P. Ahearn, of the National Sand and Gravel Association, said higher charges would result in further replacement of the railroad as a means of transporting their products.

The granite industry, Brooks said, had been struggling for years to keep going and even the threat of increasing rates had produced a demoralizing effect.

He said increases in granite rates already had been proposed to the commission by the carriers and if a 15 per cent raise were added it would bring the total in some cases up to 146 per cent.

The two increases, he said, would just about call for the erection of a final monument to a lost industry, and drive business to competitive materials such as artificial stone, brick and terra cotta.

Ahearn presented exhibits showing answers to questionnaires sent to producers of sand gravel, predicting increased freight rates would result in less tonnage on those products.

"During the period from 1920 to 1930," he said, "there has been a decided trend away from railroad transportation of sand and gravel in favor of truck and water movement, to the disadvantage of the carriers' revenues and to the disadvantage of the established producers of sand and gravel."

"This steady decline in railroad car loadings is attributed to the cheaper transportation cost offered by the trucks and boats, and the opinion is universally held by sand and gravel producers that any increase in freight rates on sand and gravel will result in the further replacement of the railroad as a means of transporting sand and gravel."

He presented results of another questionnaire of the industry indicating that voluntary reductions of rates on sand and gravel by some railroads in the past had resulted in increased tonnage for the carriers.

DEFEAT OF COTTON REBELS SEEMS CERTAIN

Denies Rebel Leaders Are Discussing Truce

New York, Aug. 14.—(AP)—Dr. Domingo Mendez Capote, head of the Cuban rebels' junta in New York, today denied that rebel leaders were discussing a truce with President Machado.

"The only pact possible between the government and the revolutionists is that Machado and con-

RUM RUNNER JAILED HERE

Joe Tripp is Arrested With Auto Containing 17 Gallons of Booze.

Joe Tripp, Greenville rum-runner, was held in the county jail today in default of bond on a charge of transporting liquor.

He was arrested in Carolina township last night with an automobile containing 17 gallons of liquor, officers said.

He will be given hearing in the County court next Tuesday.

Tripp, officers said, is an old offender, having served a term on the roads several years ago for violation of prohibition laws.

Officers had been tipped off that Tripp was to pass through Carolina with a load of liquor last night, and when he appeared he was taken in custody and brought to Greenville and placed in jail.

The load of booze, was obtained in Martin and was being hauled to Greenville for local consumption.

TAR RIVER IS ON RAMPAGE

Expected to Reach 16 Foot Stage by Sunday; People in Low-Grounds Warned.

The sluggish red waters of Tar river were rising rapidly today and were expected to reach a sixteen-foot stage by Sunday, according to advices received by B. T. Clark, local weather observer from the state weather department.

On the basis of the report, Mr. Clark warned people to get their cattle out of the low grounds and to harvest as quickly as possible all remaining crops in the affected areas.

The river reached flood stage in Rocky Mount and vicinity yesterday and was out of bounds in the Tarboro section today.

Although the rise will be higher than any other period in several months, the weather observer estimated that it would lack from four to five feet reaching the top of the fill on the Greenville-Bethel highway on the north side of the river. However, it will be sufficient to completely inundate low grounds for a considerable distance.

While the weather department estimated the rise would reach 16 feet, it was stated that it might go above that figure before reaching its crest. This will depend largely on the amount of rainfall during the next twenty-four hours, and especially in the upper part of the county.

The high mark for the river in Greenville is about 24 feet. This record was set during the flood of 1919 when both the highway and railroad bridges were threatened with destruction by the turbulent waters.

SECOND GIRL SHOT BY NEGRO IS DEAD

Birmingham, Ala., Aug. 14.—(AP)—A second of three Birmingham society girls shot down by a negro bandit was dead today as officers awaited arrival of photographers of two suspects held in Chicago.

The attempt of the Russian diet by a huge majority vote. Dr. Otto Braun, premier of Prussia.

U.S. Case of Pangloss Herndon is Being Sent to District Court

Tokyo, Aug. 14.—(AP)—A new agency said today it has been informed that the curator had donated the case of Pangloss Herndon, a case of photographing Japanese areas, to the court with the understanding that the files be filed.

With this development of mishaps which have been the American share of from New York on a globe-striding flight, better the time made Gatty and Wiley reached a moon which plane after they were permit. In Tokyo.

**ABOUT
TOWN**

Greenville artilleriers, who left
 for annual encampment at Fort
 Bragg the first of the week, are
 getting along splendidly.

This was the word brought back
 to the city yesterday by Captain
 J. C. Lanier who left the boys for
 a short time to come home to at-
 tend to some business. The unit
 has successfully passed all tests up
 to this time, the captain said, and
 are looking forward with interest
 to next week when they will be-
 gin actual field work.

The unit, by reason of the splen-
 did arm of its members, is ex-
 pected to come back home with
 new honors this year, and local
 people will watch their achieve-
 ments, hoping they will be more
 brilliant than ever.

"Do your shopping in Green-
 ville" is the plea local merchants
 are sending out to the people of
 this great territory as the busiest
 season of the year draws near.

And the people who take advan-
 tage of the invitation will find
 shelves and counters stocked with
 one of the most brilliant displays
 of fall and winter goods the mer-
 chants probably ever assembled be-
 fore.

Business men have established
 for the city the distinction as
 "the principal shopping center of
 eastern Carolina," and they are
 attempting to cling tenaciously to
 the honor by offering the best to
 be had each season of the year.
 Buyers have either gone or are
 going to northern markets, im-
 mediately to purchase additional val-
 ues for the season, and those who
 visit the city may be assured of
 the best to be had at prices com-
 paring favorably with the largest
 shopping centers of the country.

Don't wait until the values have
 been picked over, but visit the city
 with the first breath of fall and
 purchase liberally of the splendid
 values.

Farmers considering growing
 winter crops should find much to
 attract their attention at the state
 live-at-home farm between here
 and Bethel.

The farm was established at the
 suggestion of Governor Gardner to
 show the growers how to live at
 home all the year around, and vir-
 tually all crops that can be pro-
 duced in this section at all sea-
 sons have been or will be culti-
 vated to carry out this idea.

Scores of fertile acres of land
 have been set aside for the pro-
 duction of food and feed crops,
 and those who attempt to pattern
 by the farm program should be
 able to provide for their families
 and stock without having to spend
 enormous sums of money for this
 purpose.

Production of the things used at
 home has been one of the crying
 needs of this part of the country
 for years and now the people have
 been impressed with its impor-
 tance the next few years undoubt-
 edly will witness a complete de-

parture from old methods of farm-
 ing.
 Cut down all rank growth of
 vegetation and do your part toward
 beautification of the city.
 There is a law providing for the
 elimination of rank vegetation all
 through the summer months and
 persons who do not clean up their
 premises as they should, directly
 subject themselves to prosecution.
 The fall of the year is clean up
 time as well as the spring and it
 is to be hoped the citizenship will
 get busy and clean up their yards
 in preparation for the coming of
 the winter.

**DENIES REBEL LEADERS
ARE DISCUSSING TRUCE**

(Continued From Page One)
 Santa Clara province today to
 deal with the insurgent forces.
 Four cars of soldiers, including
 one machine gun detachment, left
 the central station last night un-
 der command of Maj. Francisco
 Fernandez De Lara. President
 Machado went to Santa Clara yes-
 terday.

The Governor of Santa Clara re-
 ported the rebels had burned the
 United Railways station at Aga-
 tama and had blown up the bridge
 over the Guaracabuya river. They
 cut telegraph lines between Fon-
 to and Baez and seized a quantity
 of arms, retiring before the ar-
 rival of federal troops sent to
 check their movements.

The palace refused to say when
 President Machado would return
 and no news of his efforts filtered
 through. Army headquarters said
 they had met with signal success
 in minor encounters during the
 last two days. A carload of dis-
 patches from the provinces indi-
 cated there was a lull in the fight-
 ing.

The gunboat Baire, which was
 said to have gone over to the rebels
 returned and the officers scoffed
 at reports of their desertion. They
 had in tow the yacht Coral on
 which former President Menocal,
 reputed revolt leader, was at first
 believed to be hiding. Three mem-
 bers of the yacht's crew were im-
 prisoned.

Col. Emiliano Amiel, military
 commander in Santa Clara was
 reported to have offered amnesty
 to all insurgents who laid down
 their arms within 24 hours. He
 was quiet as saying federal troops
 had met their adversaries 22 times
 since the movement started last
 Sunday—all with "good fortune."

Three more deaths in battle
 brought the unofficial count of
 mortalities to 66. The government
 claimed it had suffered only one
 dead but the oppositionists assert-
 ed there had been many loyalist
 losses.

**SHORT WORK WEEK
GAINS MORE FAVOR**

(Continued From Page One)
 now occupying the attention of
 experts in the chamber.

President Hoover has been kept
 informed of, and is deeply inter-
 ested in the progress of the move-
 ment, which he regards of unusual
 importance.

Industrial and labor leaders con-
 sider the guaranteed employment
 idea as one of the most significant
 developments in the relationship of
 capital and labor in recent years.
 The idea is not regarded by them,
 or by President Hoover, as being
 a mere emergency measure for the
 relief of existing unemployment but
 is thought to be a primary step in
 elimination of unexpected periods
 of widespread unemployment in
 the future.

Government officials have ex-
 pressed the opinion that its adop-
 tion by the larger industries would
 lead gradually to favorable action
 by smaller businesses throughout
 the country.

William Green, president of the
 American Federation of Labor, in
 endorsing the movement, said in
 his report on July labor conditions,
 that the removal of the fear of
 unemployment would put money
 into circulation, which is now
 being stored in savings deposits and
 hoarded in stockpiles and trunks.

Public utility members of the
 National Electric Light Association
 at a recent gathering appointed a
 committee to study the subject.
 Optimistic reports of that group
 are reaching Paul Clapp, secretary
 of the organization. Clapp is ex-
 pected to report to the Chamber
 of Commerce committee sometime
 before September 1.

In the experimental stage, the
 time set for assured employment
 may be one year. In industries
 where long term planning is cus-
 tomary the period could be ex-
 tended even after the experimental
 phase has passed.

Industrial heads have expressed
 the hope to President Hoover that
 actual operation of the plan can
 be started before next winter.

**TORCH SLAYERS SENTENCED
TO PENITENTIARY FOR LIFE**

(Continued From Page One)
 admitted that he, Smith and an-
 other white man killed the couple
 after robbing them, carried the
 bodies in the rear of the automo-
 bile of Thomas Wheatley, one of
 the victims, drove past the home of
 Harry Lore, the other boy, and
 then, seeking to dispose of the evi-
 dences of their crime, soaked the
 bodies and the automobile with
 gasoline drained from the tank of
 the machine, and applied a match.
 Soon Smith, who was being ques-
 tioned in another room, also con-
 fessed.

Blackstone had named Oliver as
 the other member of the murder
 party. He was arrested while paint-
 ing a house in Ypsilanti. A few
 minutes after being taken to the
 Ypsilanti city hall where the ques-
 tioning was being conducted, he
 cried out, "I did it! I did it!" and
 then gave a full confession of his
 part in the brutal affair.

Oliver said the negro twice at-
 tacked Anna May Harrison. Smith
 made no mention of the assault.
 An hour and five minutes after
 the confessions had been given at
 Ypsilanti, the prisoners were ar-
 raigned before Justice of the Peace
 Jay Payne, waived arraignment
 and pleaded guilty.

The prisoners were taken into the
 courtroom of Judge George W.
 Sample, who pronounced sentence
 —life imprisonment in Marquette
 branch prison on each of four
 counts, the terms not to run
 concurrently. The passing of the
 sentence in this manner practically
 removed all possibility of a parole.

**President To Go
to Camp Saturday**

Washington, Aug. 14.—(AP)—
 President Hoover will go to his
 Rapidan camp some time tomor-
 row.

Late in the day he probably will
 be joined there by Mrs. Hoover who
 will motor from Newport, News
 where tomorrow she will christen
 two ships.

Mrs. Hoover will leave Washing-
 ton tonight by boat and arrive in
 Newport News tomorrow morning.

Social and Personal

Misses Hennie and Anna Long have returned from Virginia Beach. Miss Margaret Clay and Miss Emma Frances Mardie have returned from Columbia, where they have been attending a house party.

C. W. Askew and Master Henry Bubbler of New York, who have been visiting Mr. and Mrs. T. A. Etheridge, have returned home.

Miss Claire Barker who has been visiting Miss Virginia Clay, has returned to her home in South Boston, Va. She was accompanied by Miss Clay.

Misses Sallie Matt, Kathleen and Margaret Marshall and Herbert Marshall of Walnut Cove, N. C., are visiting their brother-in-law, J. Gus Stokes.

Mrs. Luther West of Currituck, Miss Willie Mae Holton of Stan-tonburg and Miss Mary Sumner of Hertford, are week-end guests of Mrs. H. E. Austin.

Mrs. Frank Park and little Miss Louise Park left today for Wilmington and Wrightsville Beach.

Miss Mary Lucy Pine of Petersburg, Va., and Edward McDowell Jr., of Goldsboro, who have been guests of Miss Florence Phelps, returned to Goldsboro yesterday.

Mrs. D. S. Wilson, Miss Olive Wilson and Master D. S. Wilson Jr., of Fort Benning, Ga., are the guests of Mr. and Mrs. W. B. Wilson.

Mrs. F. S. Langley and Miss Emily Langley of Wilson, are guests of Mrs. H. E. Austin for a week.

Mrs. George M. Mathis and Miss Clara Pugh White are guests of Mrs. J. L. Fleming.

Mr. and Mrs. J. B. Blount and family are spending some time at Lake Junaluska.

OLD SCENES OF GREENVILLE TO BE EXHIBITED

The Greenville Patriots Chapter of Daughters of the American Revolution is asking the co-operation of the people of Greenville and vicinity in collecting any views of Greenville before the days of paved streets, either buildings or people. They will be used as a loan for an exhibit which will be announced later. Call 225-J, Mrs. Travis Hooker, regent.

Books Donated to Library.
Several books have been given to Sheppard Memorial Library recently. Mrs. E. B. Ferguson gave 27 good novels which are in circulation now. Mr. J. A. Davis gave several books. Among these was a History of the World War, by March. Mrs. J. S. Congleton gave a History of the World War in 10 volumes, by Halsey. These will be much used as reference material.

Ship Unable To Salvage Body of Airman at Sea

Haugesund, Norway, Aug. 14.—(AP)—Whether or not the body of an airman sighted off the Shetland Islands was that of Parker Cramer or his radio operator, missing since Sunday on a flight to Copenhagen, was the subject of speculation today.

The master of the Norwegian steamer Sjogelint, which arrived yesterday, reported that his crew had noticed a body clothed in what appeared to be flying togs floating west of the island of Foula Sunday afternoon. Foula is located about 20 miles west of Shetland Islands.

Battered by heavy storms, the steamer had run into the lee of the Shetland when the discovery was made, he said, but there was no opportunity to salvage the body. The crew were of the opinion it might have been Cramer or Oliver Paquette, his companion.

The airman left the Shetlands Sunday morning on the final stage of their flight across Canada, Greenland, and the North sea to Chart an air mail route for American aviation interests. Their radio signals were picked up by Scandinavian stations some time that afternoon but no trace of them has been found by rescue expeditions.

PIERCE AND CARROW ENTERTAIN FRIENDS AT BARBECUE DINNER

J. B. Pierce and Clifton Carrow entertained a few of their friends at a barbecue dinner at Mr. Pierce's country home on the Ayden-Snow Hill highway, last Wednesday.

J. R. Turnage, Ayden business man, acted as toastmaster and called on J. R. Pierce. Clifton Carrow, Judge Albin Dunn, Dr. G. G. Dixon, W. D. Pruitt and K. W. Coou for speeches.

The feast, was served under direction of Mr. Carrow who is manager of the Pierce plantation.

NEW STORE WILL OPEN ON DICKINSON AVE. SATURDAY

W. O. Bilbro and H. H. Duncan will open a store at 921 Dickinson avenue tomorrow for the handling of Ballard products, consisting of flour and feeds. They will also carry a complete line of groceries. Both men are well known in the business circles of the city and invite the liberal patronage of the public.

DR. R. H. WRIGHT, JR. TO BECOME ASSOCIATED WITH DR. J. M. BARRETT

Beginning August 15, Dr. R. H. Wright, Jr. will be associated with Dr. J. M. Barrett, in the general practice of medicine.

Dr. Wright is the son of Dr. R. H. Wright, president of East Carolina Teachers College, and spent practically his entire life in Greenville with exception of the time he was away at school.

He received his A. B. degree at the University of North Carolina, and his M. D. at the University of Pennsylvania. He recently completed his internship at the graduate school in Philadelphia.

ATTENTION, HI-Y GIRLS

All members of the girls' Hi-Y are urged to be present at a special meeting on Saturday morning at 10 a. m. in the pavilion at Westbrooks. It is very important that every member be present.

ARCHERY PRACTICE FOR THE FRIENDLY INDIANS

All Friendly Indians will have their first archery practice on Saturday morning at 10 a. m. at Westbrooks. The boy making the highest score with three arrows will receive a week's swimming pass free. Come and practice up for the tournament which will be held the last of this month. We have a new target and arrows for you to practice with.

HORSE SHOE TOURNAMENT AT WESTBROOKS

The weekly horse shoe tournament will be held as usual at Westbrooks' Saturday morning at 10 a. m. This is open to every boy in the city of school age. Two prizes will be awarded the winners.

GREAT REDUCTIONS

We are offering great reductions in Summer Goods. Be wise, buy for next year. Quinn-Miller & Co.

LINDY IS TO FLY AROUND EARTH

Plans to Extend Vacation Trip Announced by Fliers at Nome Last Night.

Nome, Alaska, Aug. 14.—(AP)—The vacation air tour of Col. and Mrs. Charles A. Lindbergh, originally destined to end in the Orient blossomed today into a projected flight around the world.

Their intention to extend their 7,000 mile trip by thousands of miles across Asia, Europe and the Atlantic, was disclosed here last night by Colonel Lindbergh to a few friends as the flying couple awaited favorable weather for their dash across the Bering Sea.

Friends of the Lindberghs said the announcement was a complete surprise, and that even if such an extended journey had been talked over when they were planning their route to the Orient, the fliers had not revealed it.

From the Orient of their "vacation," begun on July 27 at New York, and during the several weeks of previous preparations, the only announced destination had been the Orient.

The famous flier did not talk over in detail the proposed round-the-world route beyond Tokyo. He said that following visits to Japan and Chinese cities, they will fly by stages to Europe but did not disclose whether their course would take them over Siberia or southern Asia.

The crossing of the Atlantic will be by way of the Azores.

Carolina Motor Club Sued For Damages

Charlotte, Aug. 14.—(AP)—The Charlotte Automobile Club, Inc., today filed suit against the Carolina Motor Club, Inc., asking actual damages in an unnamed amount and \$5,000 punitive damages for the publication and circulation of statements alleged to constitute unfair competition.

The Charlotte club also seeks to enjoin and restrain the Carolina club from further circulation of the statements.

The complaint cited the publication in newspapers by the Carolina Motor Club of an advertisement containing the statement: "Certain persons are collecting money from car owners in Charlotte by making the impression that they represent the Carolina Motor Club. There is only one motor club in Charlotte and that is the Carolina Motor Club."

The complaint alleges the advertisement was intended to injure the Charlotte Motor Club's business.

Trainman Injured in Collision Dies

Mooreville, Aug. 14.—(AP)—The collision of two freight engines in the fog-bound yards of the Southern railway system here yesterday today had claimed the life of one trainman and four others were suffering from injuries.

George M. Smith of Charlotte, a brakeman, died of body injuries.

Bombing Planes Ready for Maneuver

Norfolk, Va., Aug. 14.—(AP)—A provisional squadron of nine bombing planes, in command of Major H. A. Dargue, showed off from Langley Field today for the purpose of bombing the old Shipping Board steamer Mount Shasta, adrift 60 miles off Cape Henry.

A light rain was falling as the big planes, their bomb racks loaded with high explosives, cleared the field. However, there was a promise of better weather at sea and the bombers expressed confidence that they would be able to locate their target.

The bombing originally scheduled for Tuesday, was delayed when, after cruising about for four hours, the squadron was unable to locate the Mount Shasta.

The coast guard cutter Carrabasset with army and navy observers and newspapermen and photographers aboard, left the Old Point Comfort dock last night at midnight to proceed to the Mount Shasta to witness the bombing.

On to Charlotte!

Charlotte, N. C.—Gasoline is selling here for 16 cents a gallon, the lowest city price in years, with many stations outside the city limits selling the fuel as low as 15 and 14 cents a gallon.

Two Men Injured in Dance Hall Fight

Salisbury, Aug. 14.—(AP)—A merry free-for-all in a dance hall between China Grove and Landis last night, left one man in a hospital, another nursing a badly bruised head and both facing charges ranging from disorderly conduct to attacking an officer.

The trouble began when Deputy Sheriff R. E. Wike attempted to arrest Jake Brown, of Salisbury, who, with his wife and brother, Frank, were said to be drinking.

Wike said the three attempted to attack him one carrying a drawn knife. The officer swung his blackjack and Frank Brown was horsed de combat. Then the officer fired twice on Jake Brown, who dropped with two bullets in his leg.

Wike swore out warrants charging all three of the Browns with attacking him and obstructing him in the discharge of his duty. Mrs. Brown retaliated by charging Wike with a deadly assault on her husband.

in a local hospital several hours after the accident.

Smith is survived by his widow and three children. Funeral services were set for today at the home of his parents, Mr. and Mrs. T. Branch Smith, at Mooresville, his former home.

The other four injured were reported today to be recovering. They were T. R. (Rob) Holder, of Winston-Salem; Engineer W. S. Wendell, of Asheville, and J. B. Johnston, and R. C. Karr, also of Asheville.

Market Report

Cotton--Stocks--Grain

N. Y. COTTON

New York, Aug. 14.—(AP)—Cotton opened barely steady today, 11 to 13 points lower under selling influence by the easier showing of Liverpool and apparently increasing doubt as to the south's reactions to the proposed crop reduction.

October sold off to 6.95 and March to 7.49 under the initial pressure, but the offerings were not heavy and were well enough taken by further trade buying and covering to hold prices steady. At the end of the first half hour, October was selling around 7.00 and March 7.51 or about 10 to 12 points net lower.

Liverpool cables reported hedging with local and Bombay selling in that market, but said there were improved cloth sales to China with a large business pending. There was a flurry of liquidation or re-selling by some of yesterday's buyers at the opening here after which the market was comparatively quiet as if traders were awaiting further developments.

GRAIN MARKET

Chicago, Aug. 14.—(AP)—Increased selling pressure on September corn led to price breaks today in which that delivery fell to a new bottom record for the season. Reports of late have indicated that the holdings of the principal owner of cash corn could be marketed through transactions in the future delivery pit, presumably September contracts. There have also been reports that the grain futures administration was investigating the July corn squeeze in which corn was hoisted to 72 1/2 cents a bushel.

STOCK MARKET

New York, Aug. 14.—(AP)—Bull forces organized in today's stock market to celebrate the approach of the autumn stimulus to general business. Brokerage circles buzzed with rumors of pool activities in nearly a score of popular issues and there were numerous advances of 1 to 5 points or more. The rails were soggy for a time in the morning, but soon joined the advance. The bond market was still somewhat irregular, but manifested an improved tone.

Advances of a point or two were fairly general, while gains of 3 to 5 appeared in such issues as American Can, Allied Chemical, Case, Westinghouse Electric, Eastman, First National Stores, New Haven and Santa Fe. Issues up 2 points included U. S. Steel, American Telephone, Bethlehem, New York Central and Johns Manville. Pools were aggressive in several low priced shares which were turned over in large volume at advances of a point or so. Radio was unusually active, several blocks appearing on the tape of 5,000 to 11,000 shares. Trading quieted down during the early afternoon.

The weekly Federal Reserve condition statement attracted more attention than usual showing a gain in acceptances held of roughly \$70,000,000 for the entire system. How much of this may have represented purchases of sterling bills in connection with the \$125,000,000 credit offered to the Bank of England, could not be learned. The Reserve System appeared to have again embarked upon a general policy of injecting credit into the market, however, possibly with the idea of checking the ag in bond. In addition to the increase in acceptances, the system added \$48,000,000 to its holdings of government securities.

scouting tour of the south. He indicated he might remain in the cigarette loop territory for the week, looking out for the chance of picking up some good talent he is reported to be anxious to obtain.

The National league club manager wanted to see Clifton, Cap shortstop, in action, but Herman was out of the line-up because of illness. The scribes reported McGraw was impressed by the craft of Red Brandes, Insect shortstop, and who knows but that he may take a liking to some of the crack players of other lines in the loop before he leaves.

The hopes of the Caps of meeting the Hornets in the post-season series for the league championship were given a slight jolt by yesterday's happenings. While the runners-up were dropping the brace to the Bees, the third-place Greensboro Pats took two out of three in a series with High Point at Greensboro.

The three games were the heaviest menu ever offered the Gate City fans in one day. The High Pointers grabbed the first tilt, 7 to 6, but the home team turned loose its big guns to take the two arc light affairs, 9 to 3 and 5 to 1. This enabled the Pats to gain a game and a half and pull up only six games behind the Caps.

The woods were full of triple-headers and double-headers yesterday and last night. The Asheville Tourists divided a twin bill with the Gamecocks, losing the evening tilt, 1 to 0, and winning the evening tilt, 13 to 2.

HORNETS DOWN THE CAPS TWICE

Charlotte, Aug. 14.—(AP)—The Charlotte Hornets today had hurdled one of the last stubborn obstacles between them and top place in the season's percentage column of the Piedmont loop.

While John J. McGraw, doughty skipper of the New York Giants, looked on, the league-leading Insects drubbed the runner-up Caps twice yesterday at Raleigh. They won the afternoon fray 5 to 2, and took the arc night tilt by the more decisive score of 10 to 3.

These engagements were the last booked between the two teams for the regular season. The results left the nines all-square in the 16 matches they have played between themselves, each having won eight. The Bees, however, are 12 games ahead of the Caps in the standing.

McGraw, the Giant pilot, looked in on the two games on a
