Decisive Battles Are Believed Imminent In Several Parts Of Cuba

Rebel Expeditions Landed at Gibrari And Santa Clara; Colonel Aurelio Hevia, His Son and Two Other Leaders Reported Captured by Government Forces; President Machado Cut Off From Havana, Reported Facing Capture; Three Expeditions From Europe to Aid Rebel Cause.

Havana, Aug. 19.—(AP)—Authoritative news of the Cuban revolt was effectively bottled up by government censorship today but reports indicated decisive battles were brewing in several provinces. A rebel expedition comprising 500 men and scores of machine guns landed at Gibrari in upper Oriente from the German vessel Frederick II. The palace admitted unofficially that the report was true but said the force was surrounded by federal troops.

Another expeditionary force was reported to have landed on the upper Santa Clara coast and rebels were said to have detailed the Formento-Trinidad train south of Santa Clara. The government dispatched 200 more soldiers to Santa Clara to form lines with the detachment there against rebels concentrating near Trinidad.

Army headquarters announced that Col. Aurelio Hevia, his son and two other rebel leaders were captured in a drug store in Colon, Matanzas province.

President Gerardo Machado, remaining in Santa Clara, attempting to quell the movement, but little news of his success reached here. Fear that the insurrection might spread to Havana led the government to take stringent precautions. Ten armored trucks remain in front of police headquarters at all hours for possible emergencies. The house-to-house search for arms and ammunition was suspended. It was learned, after the government found that great quantities were stored in well-barricaded dwellings.

William Fischer, former American and naturalized citizen of Cuba, was said by the palace to have surrendered in Santa Clara after leading insurgent forces that destroyed \$15,000 worth of property belonging to Senator Carlos Machado brother of the president. He will join the political prisoners in Cabana fortress.

At Tampa, Fla., Lieut. Rafael Reyna, exiled officer of the Cuban navy, said he had learned that President Machado and his troops had been cut off from Havana by the rebels and were in imminent danger of capture. Machado would be taken within 48 hours unless he should return by airplane, Reyna said.

Federal soldiers are joining the rebellion, he said, and rebels have captured several cities within the last three days and are within an hour of Havana.

New York, Aug. 19.—(AP)—A representative of the Cuban junta in New York said today that three expeditions from Europe had landed in various parts of Cuba and were ready to start a great drive. They are commanded by a former lieutenant-colonel of the United States army, who has already been designated as chief of staff of the revolutionary forces.

This army man has been a soldier since he was 18. He is now 39 a holder of several meritorious service awards and is one of the brilliant artillery officers who commanded units in France during the world war. He has also seen service in China.

The junta said his name would be made public soon as word is received from Cuba of certain action.

The junta announced that many American, German, French and Austrian army officers had joined its forces.

STATE RESTS IN LEA TRIAL

Additional Bank Records Entered Before Taking of Evidence Is Concluded.

Asheville, Aug. 18.—(AP)—The state formally rested its case at 9:50 a. m., today in the trial of Col. Luke Lea, Nashville, Tenn. publisher and financier and three men accused of conspiring with him to defraud the Central Bank and Trust Company here of \$1,300,000.

Additional records of the bank, which failed last November, were entered in evidence just before the state rested.

The jury was then sent from the room in order for Judge M. V. Barnhill to hear motions for the defense.

Lea, former United States senator, is being tried with his son, Luke Lea Jr., E. P. Charlett of Nashville, a business associate of the Lea's, and Wallace B. Davis, who was (Continued on page two)

GROWERS HIT HIGHER RATES

Fruits and Vegetable Producers Say Increased Charges Would Ruin Them.

Washington, Aug. 19.—(AP)—Eastern and southern growers of fruits and vegetables told the Interstate Commerce Commission today that their industry had experienced such poor market conditions in the last few years that it would be ruined by an increase in freight rates.

G. Hale Harrison, Berlin Md., testified that prices for his products were the lowest in 17 years and that he and other growers were losing money.

He said trucks were being used by farmers in his section because they were cheaper and quicker.

Freight charges on peaches from Berlin to New York, he added, were 38 cents a bushel by rail and 25 cents by truck. The latter, he said, required only a day for delivery while the railroads required two.

C. A. Roper, of Hazelhurst, Miss., secretary of the Mississippi Vegetable Shippers Bureau testified that if the increased freight rates were approved it would mean "the ruin of the industry."

B. T. Quinter, of Onley, Va., president of the Eastern Shore Virginia Produce Exchange, testified that credit of farmers in his section had been seriously affected by losses since 1927.

Others who presented similar testimony included T. R. Young of Florence, S. C.

SOUTH SEEKS WAY OUT OF COTTON CRISIS

Chief Interest Centers About Meeting Called by Gov. Long At New Orleans

Atlanta, Ga., Aug. 19.—(AP)—The south looked to several sources today hoping that from one of them might be developed a way out of its cotton surplus dilemma.

Chief interest centered about the possibilities of the meeting called for Friday at New Orleans by Governor Huey P. Long of Louisiana who is seeking to bring about a cotton-growing holiday in 1932.

Last night Governor Long announced that should the south accept his plan, he would ask the federal government to enlist interest of foreign cotton growing countries in an acreage regulation plan for world stabilization of price similar to the Chadbourne sugar plan.

From Georgia, U. S. Senator George has issued a suggestion that a six-cent per pound payment for cotton be made at once by the Federal Farm Board with an additional six cents next year if farmers agree not to plant cotton in 1932.

He urged, likewise, a special session of Congress unless the farm board act immediately.

The farm board has made the suggestion that southern farmers plow under every third row of cotton to cut this year's predicted crop of 15,000,000 bales. But neither this suggestion nor that of Governor Bibb of Mississippi to leave a third of the cotton unplucked has attracted any widespread support.

Commissioner of Agriculture Eugene Talmadge of Georgia has proposed that farmers pick their cotton but hold it and cottonseed off the market. Governor Murray of Oklahoma has suggested as a solution that only the best bolls be picked and ginned.

Congressman Charles R. Crisp of Georgia yesterday issued a statement in which he said he was considering introduction of a bill this fall to abolish the farm board and provide that cotton and wheat it now has on hand be held until the price of cotton goes to 12 cents a pound and that of wheat to 80 cents a bushel.

PUSH CLOSING OF OIL WELLS

National Guardsmen Hope to Close Last Of Texas Wells During the Day.

Kilgore, Tex., Aug. 19.—(AP)—Texas national guardsmen continued their patrol of the East Texas oil field today intent on closing down the last of a handful of wells still flowing in lonely sections in violation of martial law orders.

Gen. Jacob F. Wolters, commander of the troops, who announced yesterday the shut-down was practically one hundred percent effective, hoped to be able to report today the valve of every one of the 1,600 producing wells in the field had been turned off in compliance with the orders of Gov. Ross S. Sterling who acted to curb the prolific field until Texas' new oil conservation laws could be put into action.

Guardsmen had evolved a new method to prevent operators from reopening wells without their knowledge. Seals were being placed on each valve as the well was closed down. Troops patrolled in zig zag fashion so operators would not feel safe in re-opening.

The shutdown in the East Texas field together with the complete stoppage of crude oil production in Oklahoma by Gov. William H. Murray's martial law order, had resulted in cutting off two-fifths of the nation's output.

General Wolters extended leniency last night to Ed Mayer, the first man arrested for disobedience of the shut down order when he became convinced the offender had no knowledge of the proclamation which became effective at 6 a. m. (CST) last Monday. Mayer, a pumper, was released after several hours questioning.

East Texas oil towns, booming for the past few months, were calm under military occupation.

Roustabouts and oil field helpers, laid off by the shutdown, lounged about the streets or rode oil tank cars on freight trains to other sections of the country.

RECOMMEND REVISION OF WAR DEBTS TO AID PROSPERITY RETURN

Capitalist Summoned In Probe Of Cannon

Washington, Aug. 19.—(AP)—The Senate campaign funds committee announced today subpoenas had been served on E. C. Jameson, New York capitalist, and his secretary, H. F. Healy, to testify next week in the inquiry into 1928 anti-Smith political expenditures by Bishop James Cannon, Jr.

Jameson has previously testified that he gave the Southern Methodist churchman \$65,300 for use by the anti-Smith committee in Virginia in 1928.

The Senate committee is investigating the charge of Representative Tinkham Republican Massachusetts, that Bishop Cannon failed to account for all of the funds entrusted to him as required by law.

FLOOD WATERS SWEEP HANKOW

Several Hundred Lives Lost when Raging River Breaks Through Dyke.

Hankow, China, Aug. 19.—(AP)—Flood waters of the Yangtze river today broke through the big Chiao dyke protecting Hankow's western suburb, inundating native industrial district and taking several hundred more lives.

Adding to the chaos of the last three weeks, in which flood waters have robbed some 30,000,000 persons of their homes and left 10,000,000 of them destitute, the renewed onslaught of the river covered the highest ground in Hankow under five feet of water and the lower areas ten to twenty feet under.

Epidemics became more serious among the refugees who had nothing to drink but flood water. Typhoid, cholera and dysentery raged unchecked among the Chinese.

Industry in Hankow was demoralized. Big flour, cotton and silk mills were flooded when the dyke broke. Such confusion prevailed that it was impossible to count the casualties.

All foreigners were reported safe. The majority of foreign women had left or were leaving on every available steamer. Chinese were moving out by all other usable channels of travel. Big river junks were moving through what once were streets, recov'ng refugees and valuables from homes and warehouses.

MINER JAILED AT HARLAN, KY.

William Gibbs Faces Grand Jury Action on Charge of Criminal Syndicalism.

Harlan, Ky., Aug. 19.—(AP)—William M. Gibbs, unemployed coal miner who said he would prefer Russia to the Harlan county coal fields and was proud of being a member of the Communist party, was in jail today awaiting grand jury action on a charge of criminal syndicalism.

He was arrested in one of a series of raids conducted by Sheriff J. H. Blair since circuit court opened Monday to take up murder indictments against 31 men and scores of lesser charges against others growing out of a long drawn out labor controversy.

Gibbs, who said he was 35 years old and a world war veteran, said he had used his soldiers' bonus check to buy arms and ammunition found when he was arrested at his home. Sheriff Blair's deputies brought into court several rifles, about 1,000 pounds of ammunition, and a Communist party card made out in Gibbs' name.

"I wish there was a cattle boat going to Russia now," Gibbs told Circuit Judge D. C. Jones. In binding him over to the grand jury Jones said he wished it were possible to ship Gibbs to Russia and added he hoped the federal court would entertain charges of sedition against him.

Another battle between opposing counsel was in prospect today when (Continued on page two)

Wiggin Bankers' Committee at Basel Also Would Revise German Reparations; Criticize Political Differences Existing Between German and Her European Neighbors; Urge That Disputes be Cleared Up in Order That "Good Times" Might Again Prevail In All Nations.

Basel, Switzerland, Aug. 19.—(AP)—A recommendation that the entire structure of inter-governmental war debts and German reparations be revised as the first step toward the return of world prosperity was made today by the Wiggin bankers' committee.

The committee was set up by the Bank for International Settlements at the behest of the seven-power conference in London to investigate Germany's credit needs. It is headed by Albert H. Wiggin of New York, chairman of the board of the Chase National Bank and is composed of the representatives of the ten leading banking nations in the world.

Their report criticized political differences existing between Germany and her European neighbors and urged that, current disputes be cleared up in order that "good times" might again prevail in all nations.

Germany's reparations payments were assailed as an immense obstacle to the peaceful economic progress of the world and the great powers were advised to "lose no time" in revising the schedule of international payments.

"We therefore conclude," the report said, "by urging most earnestly upon all governments concerned that they lose no time in taking the necessary measures for bringing about such conditions as will allow financial operations to bring to Germany, and thereby to the world, the sorely needed assistance."

A committee representing Germany's creditor nations, meeting alongside the Wiggin group, agreed to recommend to their central banks that existing short term credits totalling about \$1,200,000,000 be extended for a further six month period.

After many hours of sharp discussion the German spokesman agreed to permit the gradual partial withdrawal of Reichsbank balances now held by foreign depositors. These had been frozen in accordance with the German government's decree and had caused much displeasure among foreign depositors in German banks.

The Wiggin committee, recognizing Germany's problem as part of the larger issue deeply affecting the rest of the world, asserted it was essential that the normal process of investment of fresh capital should be resumed in order to increase the purchasing power of the world.

The report swung a heavy club on tariff systems which it said were obstructing commerce and rendering it impossible for burdened debtor nations to sell their goods and to pay their debts.

Berlin, Aug. 19.—(AP)—News from Basel that the Wiggin committee had recommended immediate revision of reparations was received today with intense interest but with apprehension as to the attitude of France.

Memories of the joy and disillusionment which followed the announcement of the Hoover moratorium plan two months ago tended to dampen any tendency toward over-optimism although the committee's declarations were welcomed as corroboration of the viewpoint long stressed by the German government and its economists that political debts are enemies of international financial stability.

Washington, Aug. 18.—(AP)—Administration circles were silent today on the Wiggin bankers' committee report recommending revision of the whole war debt reparations structure.

At the White House it was said President Hoover had read newspaper dispatches summarizing the report, but there was no comment to be made.

State Department officials said they were uncertain whether the text of the report would be called to the department by American diplomatic officials in Switzerland.

State Tax on Trucks Carrying Produce is Held Unconstitutional

Asheville, Aug. 19.—(AP)—North Carolina's tax on produce trucks entering the state was declared unconstitutional in a decision handed down this afternoon by three federal judges.

A temporary injunction recently granted R. M. Gamlin, Spartanburg, S. C., peach grower, in his suit to test the North Carolina \$50 peddler's levy was made permanent when the decision was signed by Judge John J. Parker, of Richmond; Judge H. H. Watkins, of South Carolina, and Judge E. Yates Webb, of Shelby, N. C.

Section 1211-2 of the revenue act passed by the recent session of the North Carolina General Assembly imposing the tax upon non-residents was the portion of the law found unconstitutional.

Swimming Pool At Best. The Westbrook swimming pool on the southeastern part of the city is still open to the public.

Under the direction of Albert B. Osborne, it is a safe place for children to swim. Swimming lessons for both old and young are given each morning from 9 to 10.

Competent life savers are always present. The water is changed twice each week. The health officer, who has recently received reports from Raleigh, stated that the water in the pool and also the overflow wells are positively free from infection.

The pool has meant much for the recreation of the youth of the city this summer. Grown-ups and children are invited to avail themselves of the opportunity of swimming the last few weeks of the season.

Mother of Noted Progressives Dies At Capital City. Washington, Aug. 19. — (AP)— Mrs. Belle Case LaFollette, widow, mother and counselor of noted Progressive leaders died here late yesterday of shock following an abdominal operation.

Both Senator Robert LaFollette, Jr. and Gov. Philip LaFollette of Wisconsin, sons, were at the bedside.

The distinguished sons of the 72-year-old widow of the late Senator "Fighting Bob" LaFollette arrived only a few hours before the end after rushing by airplane and train from their Wisconsin homes. She recognized them, greeting them with a faint smile.

So brief was the sickness of Mrs. LaFollette that few of her friends knew she was ill. Hope was held out for her recovery to the last.

Accompanied by the sons and daughter the body was to be taken to Madison Wis., today.

Engrossed in writing a biography of the man she married more than half a century ago, Mrs. LaFollette was stricken several days ago and an operation to remove an intestinal obstruction was performed.

It was the elder LaFollette who gave his wife the name "The Counselor." He referred to the able assistance she rendered in his office and his home while he rose from law practice, to district attorney, United States Representative, Governor and Senator, and finally to the Progressive nomination for the Presidency in 1924.

"King of Jazz" Married Again. Denver, Aug. 19. — (AP)— Paul Whiteman, music master, and his fourth wife, the former Margaret Livingston, red haired screen actress today planned to cut short their Colorado honeymoon and return tomorrow to Chicago.

Desire to remain near his old home was impossible, Whiteman said, because of a music engagement.

The marriage yesterday at the country home of his parents, Mr. and Mrs. Wilberforce J. Whiteman, was simple with no music, no flower girls and only twelve persons in the room, including the bridal couple, when Dr. George B. Vossburgh of Denver, read the vows.

But for a short time preceding the ceremony, Whiteman paced back and forth, smoked cigarettes and scanned the road leading to Denver. Miss Livingston was late for her first marriage ceremony. Finally she arrived with her family, 23 minutes past the scheduled time for the service.

"It's my first experience, Paul, and I wanted to look my prettiest," she explained.

Miss Whiteman said she would remain in motion pictures if it doesn't interfere with her husband's plans, adding: "If it does, I'll leave the screen."

The Ladies' Sunday School Class plans to meet with Mrs. Red Deans who lives a few miles from here, Thursday night. The members of the class are asked to meet at Mrs. C. H. Mayo's before going to Mrs. Deans' home and Mrs. Mayo will let them know whether Mrs. Deans is able to receive them. If she is not, the class will remain with Mrs. Mayo for the meeting.

Evidence Thickens About Negro Held for Killing Woman

Lexington, Aug. 19. — (AP)— A rapidly lengthening chain of circumstances about Dudley Moore, 48-year old negro, held for investigation in connection with slaying last Saturday of Mrs. Jacob G. Berrier, 59, rewarded officers today.

Sheriff James A. Leonard left for Chapel Hill with portions of Moore's clothing containing stains of what is suspected of being blood. A chemical analysis of the stains is to be made at laboratories at the University of North Carolina.

Moore, who found the battered and bullet-riddled body of Mrs. Berrier last Saturday at the woman's home four miles north of here, was placed under arrest last night after, Sheriff Leonard said, he had recounted conflicting stories of the affair.

Moore's original story was that he had returned to the farm house to find Mrs. Berrier's body, but attaches of the sheriff's office today said that discrepancies in the story of his earlier movements had been run down. The negro, it was revealed, had been raised by the Berriers since he was 10 years old.

Moore is being held in jail in a nearby county, but officers refused to reveal the county. Crowds that visited the Berrier home today joined officers in searching for the shot gun with which Mrs. Berrier was slain.

Lexington, Aug. 19. — (AP)— An unnamed jail today held Dudley Moore, 48-year-old negro who was arrested late last night by Sheriff James A. Leonard for investigation in connection with the death of Mrs. Jacob G. Berrier, 59.

Moore, an employe of Mrs. Berrier's discovered the woman's body in her home four miles from here last Saturday. She had been shot to death.

Sheriff Leonard said he had discovered "serious discrepancies" in Moore's account of how he happened to find the body. He ordered Moore held in another jail in order to avoid arousing any feeling that might be aroused by his arrest here.

QUESTIONED IN TORCH SLAYINGS

Catherine Keller, sweetheart of Fred Smith, one of the confessed slayers in the killing and burning of two young couples near Ann Arbor, Mich., is shown being questioned by Prosecutor Albert J. Rapp. Officers endeavored to determine what connection, if any, she had with the quadruple slaying.

Nicks Elected Head State Junior Order

Charlotte, Aug. 19. — (AP)— The Rev. S. F. Nicks, of Roxboro, today was to assume the leadership of the Junior Order United American Mechanics in North Carolina.

Mr. Nicks was the unanimous choice of the nominating committee which announced its selections late yesterday and his election will be simply a matter of form.

The new state councillor is the retiring vice councillor. He succeeds Edgar V. Harris of Tarboro. Gurney P. Hood, of oldsboro, incumbent treasurer and J. D. Bobbitt, Durham, incumbent assistant secretary were re-nominated and Virgil Trust, Reidsville, was unanimously endorsed for conductor.

Chapel Hill, Aug. 19. — (AP)— The study of child problems continued here today at the annual parent-teacher institute held under the supervision of the University of North Carolina.

Dr. English Bagby, of the university, featured speaker at yesterday's session, suggested careful study of the "socially timid child" in order to discover some trait that would enable him to develop prestige in some line that would offset his timidity.

Seamen Investigate Ocean Outward Tow; One Person Drowned

Wilmington, Aug. 19. — (AP)— One person was dead and 13 others were recovering from the effects of near-drowning today while seamen sought an explanation for a strong outward tow that swept swimmers beyond their depths on two principal beaches here yesterday.

D. T. Cronly, Wilmington business man, either drowned or died from heart attack brought on by exhaustion from fighting the tow while swimming near the Carolina Yacht club at Wrightsville.

Seven other persons were pulled from the surf at Wrightsville and six were rescued at Carolina beach. Among those saved was Mrs. W. H. Howard, wife of the general passenger agent of the Atlantic Coast Line railroad who was swimming with Mr. Cronly.

Jack Pool and John Marshall, the latter a member of the Star-News staff, rescued Mrs. Howard while other swimmers, brought in the body of Mr. Cronly.

Market Report

Cotton--Stocks--Grain

N. Y. COTTON

New York, Aug. 19.—(AP)—Cotton opened barely steady today, 9 to 11 points lower, with the active months showing net losses of 10 to 13 points during the first few minutes under a renewal of liquidation and selling inspired by weakness in Liverpool.

All months made new low ground for the movement, with October contracts selling off to 6.63 and March to 7.21 under the initial pressure. The decline brought in considerable trade buying, however, and after the first flurry of selling subsided the market became quieter. It showed very little rallying power, however, and prices were holding within 2 or 3 points of the lowest at the end of the first hour.

Liverpool cables reported hedging and general liquidation absorbed by covering at the decline in that market, and said business in cotton cloths was quieter with the decline checking demand. The Indian spot quotation in Liverpool was 19 points lower and Egyptian futures in Alexandria 15 to 32 points lower.

GRAIN MARKET

Chicago, Aug. 19.—(AP)—Fresh weakness in corn unsettled all grains late today. All deliveries of corn cut under the season's bottom price record. September oats sold at the lowest prices since 1899. Good rains over much of the corn belt had a bearish influence.

Corn closed nervous 3-8 to 21-8 lower than yesterday's finish; wheat 1-4 off to 1-8 up; oats 1-2 to 3-4 down and provisions at 5 to 12 decline.

STOCK MARKET

New York, Aug. 19.—(AP)—The stock market as a whole was unsympathetic to a steady advance in the oil shares today, and after the midway virtually the entire list turned soggy.

In important Wall street banking circles the Wiggins report on the German financial situation was lauded as courageous and outspoken, but since it only tended to emphasize the real difficulties in the way of a solution of the trying financial problems of Europe, it could scarcely be interpreted as a bullish factor in the financial markets. The German government bonds however, were moderately strengthened.

The oil shares moved forward solidly as a group during the morning, recording gains of a point or two in such issues as Standards of New York and California, Texas Corp., Royal Dutch, Union of California, Amersals, Phillips and others. The advance was soon checked by sagging tendencies elsewhere, however, and gains were slightly modified. Losses of 1 to 2 points appeared in such stocks as U. S. Steel, American Can, American Telephone, Consolidated Gas, Radio preferred B, International Harvester, New Haven and Union Pacific.

The weekly freight car loadings report showing a drop of 25,513 cars, was disappointing. A moderate upturn was indicated by the normal seasonal trend. Furthermore, electric power production is not making as favorable comparisons as it did in July. For the second week of August, total kilowatt hours were off nearly 3 per cent from last year, as they were in the first week. Figures for the entire month of July indicate a reduction from last year of only 11-5 per cent.

The Wiggins report, suggesting that the Young plan should be revised to a workable basis before there can be any consideration of long term financing for Germany, was in full accord with the view in important Wall street banking circles, where it has been pointed out that possibility of resumption of reparations payments on the Young plan basis next July 1, when the moratorium expires, seems extremely remote in view of world trade prospects and as long as Germany is still held officially liable for their reparation at that time she can scarcely be considered a good risk for long term financing.

SPORTS SLANTS

The football depression, such as it is, hasn't been felt by St. Mary's, the big little college founded in San Francisco in 1863, transferred to Oakland in 1889 and now located prosperously in the Moraga Valley, Contra Costa county, Cal., about 15 miles from Oakland.

St. Mary's has grown from a student body of only 62 in 1921 to an enrollment of 800 for 1931. It has developed correspondingly on the gridiron in ten years of coaching by Edward Patrick (Slip) Madigan, alumnus of Notre Dame. It has turned out All-America stars, major league ball players. It showed a bigger increase in football profits last fall than any other university in the far west.

There are a lot of other interesting facts about St. Mary's, all of which are easy to obtain, but it will serve the present purpose to note that the "Galloping Gaels" won the coming football season against Southern California, meet California a week later and close with the University of Oregon and Southern Methodist. If they could get the game, they would be glad to play Stanford, too.

Welch Gets Post
Football coaching ranks have recruited another All - America performer in Gilbert (Gibby) Welch, who won all-star recognition as a halfback with the University of Pittsburgh in 1927.

Welch is the new head coach at Morris Harvey college, Barboursville, W. Va. A West Virginia boy, Gibby has been welcomed to his first coaching post; given a squad of 60 men and a slate of 10 games, seven of which will be played at night in Huntington.

His knowledge of the Warner system as well as his experience on the professional gridirons should equip Welch for a good getaway.

Any Good at Croquet?
West Virginia Wesleyan's chief offering for the gridiron spotlight this season will be Clifford (Gip) Battles, the halfback who ran wild last year over a considerable number of ten yard strips. In fact, Battles reeled off more long gallops for touchdowns than any other player in the country, so far as records reveal, and was rewarded with honorable mention in The Associated Press All-America consensus of 1930.

From Robert H. Herzer of Wesleyan I have these further details on the prowess of Mr. Battles: "He is 6 feet 2, weighs 195 pounds and punts, passes and directs the team. He is in my estimation the greatest all-around athlete West Virginia Wesleyan ever has had and will no doubt have a big year this fall. He has twice been captain of the basketball team, play in the undefeated baseball nine at first base, was No. 1 man on the varsity tennis team and ran the 440 did the hurdles, the high jump and broad jump in track. In addition he is instructor in golf and swimming."

All of which will do, as they say, until Wesleyan takes up the sport of rowing.

"The slow ball on the slow clay court at Roland Garros was the final straw," writes Big Bill Tilden, in explanation of causes contributing to the defeat of the American Davis Cup team in Paris.

"The combination allowed the battering ram of American speed to destroy itself against the subtlety of English defense. For years the French have used that ball to destroy our hitting power and this year the French plan of defense worked to England's advantage and our overthrow."

GEHRIG PLAYS 1000TH GAME

By HUGH S. FULLERTON
Associated Press Sports Writer
Henry Louis Gehrig has played in 1,000 consecutive games for the Yanks and has not given a sign of weakening.

Only two players, in the major leagues ever have beaten that mark. Everett Scott took part in 1,307 games for the Boston Red Sox and the Yankees from 1916 to 1925 and Jolie Sewell, now a Yank, played 1,037 for Cleveland.

About the time Scott's record was ending Gehrig became New York's regular first baseman. He began in June, 1925, won numerous honors as a star batter, as Babe Ruth's leading home run rival, and in 1927 as the most valuable player to his club. He took part in his 1,000th game yesterday, and after eleven ninnings saw his team go down to a 5-4 defeat before Detroit, last place team of the American league.

Only one other American league game was played yesterday and in it the St. Louis Browns turned on Washington's Senators after three straight defeats and pulled out a 4 to 2 triumph.

The Boston Braves likewise made a comeback to win one of the National league's two games. After dropping four straight to the Chicago Cubs, they staged a ninth inning rally behind the fine pitching of Fred Frankhouse and downed Chicago 3 to 2.

The Pittsburgh Pirates, although they lost their series to the Phillies, threatened Boston's hold on fifth place when they pounded out a 14 to 4 triumph in the final game. Chuck Klein hit his 28th and 29th home runs of the season for Philadelphia but his clouts had little effect against Pittsburgh's 18 hit attack.

The other teams in both major leagues had an open date.

VALUES plus SERVICE equals GROWTH

OUR AIM IS TO GROW—To grow, we must serve well and give the utmost in values.

The selection of our New Fall merchandise has been given the most careful attention with QUALITY, STYLE and VALUE as the important features.

Our experienced and well trained salespeople are anxious and willing to show you . . . Let them help you in your selections.

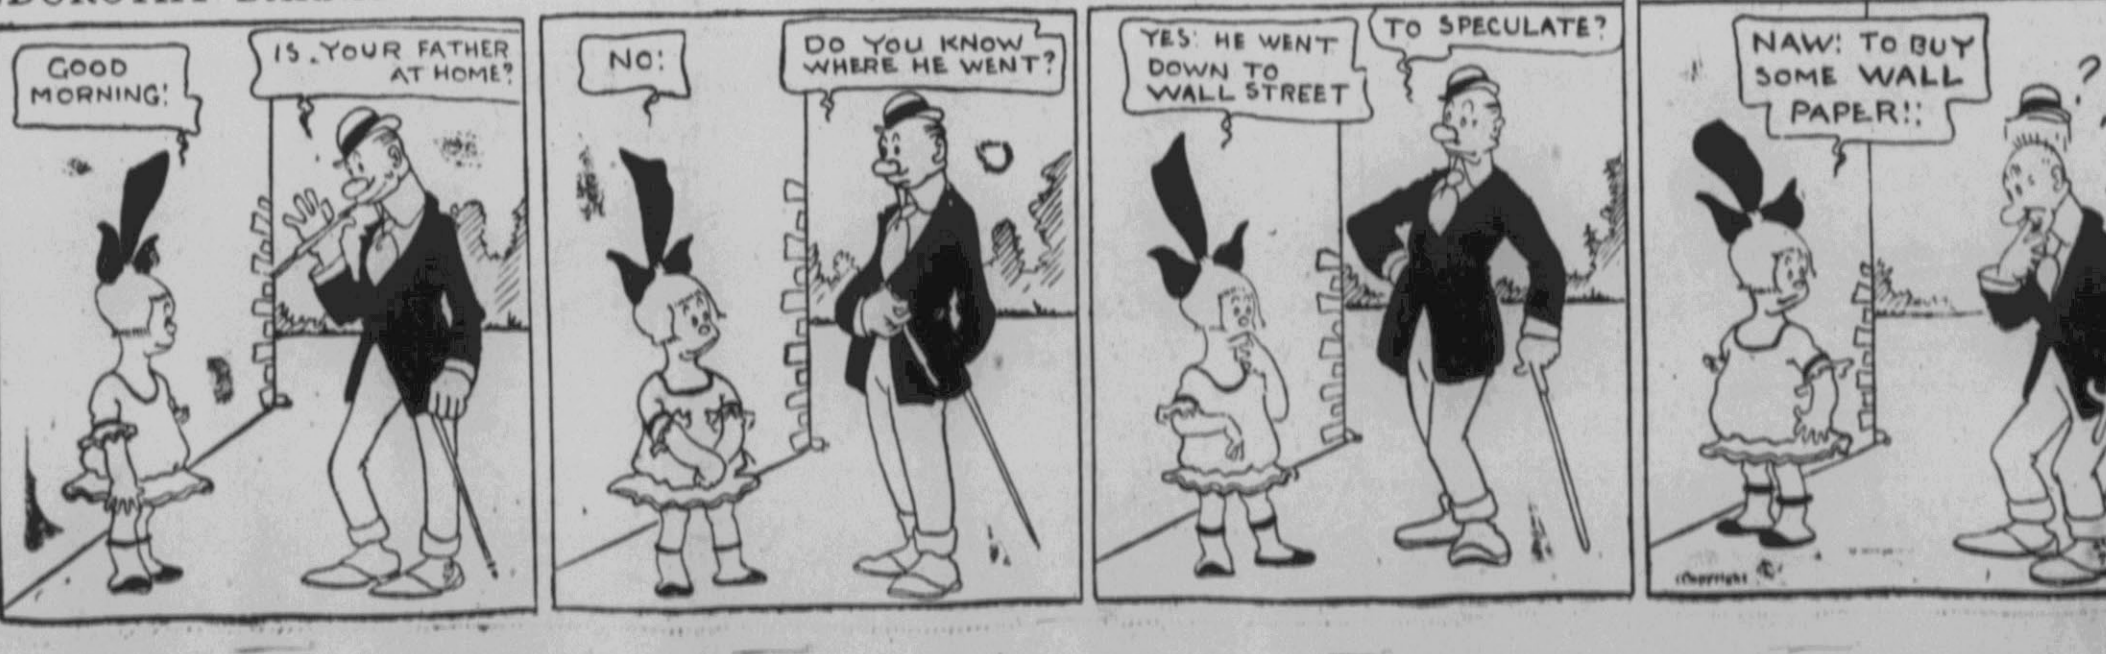

We urge you to regard this as a personal standing invitation to shop here . . . whether you are interested in making a purchase or not. "High-powered" selling is not the policy in our store . . . a store where salespeople make shoppers feel that it is a pleasure to shop . . . a store that refuses to make the shopper feel obligated.

We are proud of the merchandise we have to offer and urge that you shop carefully, that by comparison you may know more and more of the values which we offer and of the sound principles on which our store is conducted.
