CORPORATION READY TO AID BANKS OF U. S.

Miller Urges Banks Desiring Assistance To Make Application Promptly.

Richmond, Va., Dec. 2.—(AP)—(AP)—John M. Miller, Jr., director of the National Credit Corporation for the Fifth Federal Reserve District, today urged banks desiring assistance to make application promptly and before an emergency to facilitate the work of the corporation.

"The National Credit Corporation has assets of half a billion dollars and is prepared and anxious to place its funds wherever needed," Mr. Miller said.

Mr. Miller, who is also president of the First and Merchants Bank of Richmond, issued the following statement:

"The National Credit Corporation has been loaning freely to the Peoples State Bank of Charleston, S. C., with its forty odd branches, and was prepared last night to furnish additional cash this morning to carry on, it only being necessary for the National Credit Association Number Six of South Carolina to approve the collateral and assume its proper liability.

"John M. Miller, Jr., director for the Fifth Federal Reserve District of the National Credit Corporation, was in touch over the telephone last night with officials of the National Credit Association of South Carolina and it appeared that the officers of the Peoples State Bank of Charleston were unable to get together promptly the collateral necessary to make additional advances. The Peoples State Bank with its forty odd branches is scattered over the entire state of South Carolina which made it difficult, if not impossible to get together promptly the securities necessary for additional large sums, which would be necessary to carry on the business of its forty odd branches.

"The National Credit Corporation has assets of half a billion dollars and is prepared and anxious to place its funds wherever needed. Necessarily, the borrowing banks should look ahead and apply for assistance promptly rather than wait until the eleventh hour. When applying banks delay until the eleventh hour and fifty ninth minute, it is sometimes impossible to render assistance in time to meet the emergency.

"The officers of the National Credit Corporation are working day and night, using the wires without hesitation in numbers of cases. The cooperation of the separate banks must be had and they should not wait until the last minute."

George Norfleet Dies at Salem

Winston-Salem, Jan. 2.—(AP)—George S. Norfleet, 58, past master of the North Carolina Grand Lodge of Masons who had been for many years prominently identified with Winston-Salem business affairs, died here yesterday.

His death was not unexpected, as he had been in declining health for several years and in a serious condition for some weeks.

For nearly 30 years Mr. Norfleet was active with his brothers in the operation of tobacco warehouses here. Later he established the Norfleet-Beggs Automobile Company, which he operated until his retirement three years ago.

He had held many high offices in the Masonic and Knights Templar orders. He was a director in the Trade Street branch of the Wachovia Bank and Trust Company here. Funeral arrangements have not been completed.

Escaped Convict Gives up at Wilson

Tired, hungry and sleepy, John Phillips, one of five prisoners who escaped from Pitt county jail the first of the week, surrendered to officers at Wilson yesterday, Sheriff Whitehurst has advised.

Phillips told Wilson police he was tired of running about the county trying to dodge officers while suffering from hunger, cold and loss of sleep.

An officer was sent to Wilson today to bring the prisoner back to Greenville where he will be returned to jail to await hearing on a charge of larceny in the next term of Superior court.

The remainder of the escaped men, all of whom were being held for trial in Superior court, continued today to dodge the law, but officers believed the majority of them would be behind the bars again within a short time.

FISH PROPOSES PROBE OF FASCIST ACTIVITIES IN THE UNITED STATES

PRESIDENT GREETED NEWSBOYS

Nearly 500 newsboys from different sections of the country met with President Hoover on the White House lawn, gave him three cheers and a medal and received his thanks and a photograph in return. Here is the chief executive in the midst of the group of small callers.

RAIN AND SNOW VISIT AMERICA

Torrential Rainfall in South Increases the Flood Menace in Mississippi.

(By Associated Press)
Recurrent rains in many sections of the United States, contrasting heavy snows and sub-zero weather in a limited western area, graduated to torrential proportions in the south and threatened towns in the Mississippi Delta district with disaster as 1932 got under way.

Swelling waters of rivers in Mississippi menaced levees and isolated many communities. Residents of towns considered in greatest danger fled their homes and sought safety at higher levels as levees crumbled. Danger to the refugees as limited food supplies dwindled.

Moderating temperatures prevailed in all except a few states. The Dakotas, Nebraska and Western Kansas were under snow with the thermometer a low as 12 below zero.

The Rocky Mountain area felt warm sunshine yesterday with moderate temperatures in Colorado, Montana, New Mexico and Wyoming. Heavy drifts in the Dakotas and in Kansas tied up transportation and communication, blocking highways with huge drifts and wrecking telegraph and telephone lines.

Iowa's snowfall ranged from one to three inches but temperatures were mild.

Both the east and west coasts saw steady rain but the weather was unseasonably mild.

Stantonsburg Bank to Reopen

Stantonsburg, Jan. 1.—Thursday the State bank examiners went over the books of the Planters Bank at this place, the bank having closed the day before to protect its depositors from loss. The bank was found to be fully solvent, having a large cash surplus on hand beyond that required by law. It is said that the bank will open for business as usual next Monday. Doctor T. E. Person is president of the bank. L. J. Overman vice-president, and B. H. Davis, cashier.

Hickory Bank Pays Dividend

Hickory, Jan. 1.—(AP)—Twenty thousand dollars in dividend checks were mailed out to stockholders of the First National Bank and the First Security Trust Company today. The checks represented the semi-annual dividend of the two financial institutions. More than 250 Hickory people own the stock in the two banks.

During the year just completed the bank and trust company, affiliated institutions, have paid total dividends amounting to \$11.25 per share. Neither bank has ever missed a dividend payment to stockholders.

CROWD HEARS SPEECH HERE

Miss Lena Carraway Speaks at the Court House Under Auspices of Red Men.

Miss Lena Carraway of Snow Hill, addressed a large and appreciative crowd at the court house here last night under auspices of the local order of Red Men.

She was introduced by Mayor R. C. Flanagan. D. M. Clark was in charge of the program and Dink James responded to the address of welcome.

Miss Carraway, who has won considerable recognition as a public speaker in this part of the state, used as her subject "I Have Written." She used as a background for her theme Pilate's expression when he refused to change the writing over the cross of Jesus.

She dealt with life from the standpoint of heredity and environment, emphasizing the importance of having good moral teachers in the public school so that the mind of youth might be properly stimulated.

She also stressed the lasting effect of human touch, or influence, on the lives of men, showing the great part which it plays in development of public life.

The court room was well filled with members of the organization and numbers of citizens, and the address was declared to have been timely and filled with constructive thought.

Officers Capture Two Barrels Beer

Two barrels of beer were captured during a raid on a still site in Belvoir township this morning. The distillers got away with the still in time to prevent capture but were forced to leave the beer behind.

TWO MORE BANKS FAIL TO OPEN IN THE STATE

Raleigh, Jan. 2.—(AP)—Gurney P. Hood, State Bank Commissioner, was informed this morning that the First National Bank of Henderson and the Farmers Bank & Trust Company of Madison did not open for business today.

The First Citizens Bank and Trust Company, of Smithfield, took over the Farmers Bank & Trust Company of Smithfield this morning, the commissioner said.

Tobacco Market Reopens Tuesday

The Greenville tobacco market will re-open Tuesday morning following suspension of sales on December 13 for observance of the Christmas holidays.

All of the large buying companies will be personally represented by their own regular sets of buyers.

CONSPIRACY IN BOMBINGS

New York Republican Makes Known Tele- gram from Fama, President of Anti- Fascist Organization, Urging Investi- gation by Congress; Sees Diabolical Con- spiracy at Work.

Washington, Jan. 2.—(AP)—Congressional investigation of Fascist and anti-Fascist activities in the United States was proposed today by Representative Fish, New York, Republican who last year directed an inquiry into Communist activities throughout the land.

Fish termed the widespread attempted bombings that have taken three lives "a diabolical conspiracy" and drafted a resolution for inquiry by the House foreign affairs committee of which he is a ranking member.

He made known his plans upon receipt of a telegram from Dr. Charles Fama of New York, president of the Defenders of the Constitution, an anti-Fascist organization urging such action.

FIX PLANS FOR ARMS CONFAB

United States Delegation to Attend Arma- ment Meeting With Detailed Policy.

Washington, Jan. 2.—(AP)—The United States will make no opening overtures to the nations at the next month's general disarmament conference at Geneva, but a detailed policy has been laid down to guide the American delegation.

A draft plan of the attitude to be taken by the American on points expected to arise in the conference will undergo a final polishing in conference between Secretary Stimson and Ambassador Dawes, chairman of the delegation, who is to arrive next week.

One point provides for assent to a combination of direct and budgetary limitation in reducing land forces. Direct limitation gives each nation so many guns, so many soldiers, so much ammunition. Budgetary limitation allows each nation to spend defined amounts of money for arms and troops. The United States has stood pat for the former until now as its labor costs.

Speedy Transportation Develops In Southland

Atlanta, Ga., Jan. 2.—(AP)—The old south of traditional dignified leisure has found itself unexpectedly in a hurry and has taken to the air.

An indication of the demand for speedy transportation showed in Atlanta post office figures and air line passenger traffic records. Lines operating out of Candler Field handled more than 450,000 pounds of air mail in 1931 as compared with 321,309 pounds in 1930.

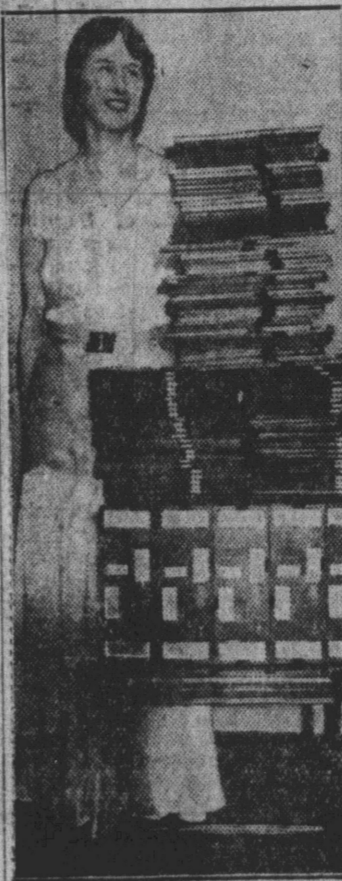

This increase of approximately 35 per cent was pointed out by postal authorities as significant in the face of an estimated material decrease in regular mail volume.

A monthly average of approximately 4,000 passengers was reported by each of two passenger lines operating through here—Eastern Air Transport for northwest and southwest travel and American Airways for north and southwest.

An average month soon after passenger service was established on those routes less than two years ago ran about 2,000 passengers.

John K. Otley, Jr., traffic manager for this division of E. A. T., said his company has shown an increase in passenger traffic for

Keeps Bridge Record

Some job! Mrs. Alleen McCabe, official scorekeeper, keeps a record of each hand and of each card played by each player throughout the 150-rubber Culbertson-Lenz contract bridge battle in New York. She is shown with boards used to keep track of the hands.

\$50,000 FIRE AT NEW BERN

Two-Story Building is Destroyed by Flames at an Early Hour This Morning.

New Bern, Jan. 2.—(AP)—A two-story building occupied by Shaw's Drug Store, a cafe and the Wooten-Moulton photographic studio, was destroyed by fire here early today. The loss was estimated at \$50,000, partly covered by insurance.

The building, an old landmark of wooden construction, built before restrictions were made upon that type of construction in the business district, was located at Pollock and Middle streets.

The fire originated in the drug store from an undetermined cause and was discovered shortly after 3 A. M.

Damage to the Shaw Drug Store was estimated at \$30,000. Hill's Clothing Store in an adjoining building suffered some loss from water and smoke.

Because of restrictions on wooden buildings in the "fire district," the building cannot be repaired.

Cross Arm Plant Resumes Activity

Elkin, Jan. 2.—(AP)—The Carolina Cross Arm Company, one of four important plants of its kind in the United States, will resume operations Monday after two months idleness. The plant makes telephone pole cross arms.

The company will employ a full force of about 50 men and orders insure capacity operations for some time. The plant recently went into receivership after J. Frank Carter, general manager, retired because of ill health.

CHINCHOW, PRINCIPAL CHINESE STRONGHOLD, FALLS TO JAP ARMY

Truce May Avert Clash Between Britain - India

Bombay, India, Jan. 2.—(AP)—Subhas Chandra Bose, former mayor of Calcutta and one of the Extremist Nationalist leaders, was arrested today after he had repudiated Mahatma Gandhi's conditional offer to cooperate with the govern-

FLOOD SECTION FACES FAMINE

Convicts and Farm Laborers Continue to Sanbag Levees to Prevent Breaks.

Gledora, Miss., Jan. 2.—(AP)—Crumbling levees still held flood waters out of the towns of the Mississippi Delta today but the ringer of famine brought a new fear to the refugees.

A Red Cross survey of flood zone showed about 3,000 people are marooned in their homes, many of them in need of food, led Mayor Meyer Turner and the town council (Continued on Page Three)

FINLAND TURNS DOWN DRY LAW

Tabulation of More Than Half of Elec- tion Vote Shows Ma- jority for Repeal.

Helsinki, Finland, Jan. 2.—(AP)—Tabulation of more than one half the votes in Finland's prohibition referendum showed today that 73.1 per cent were for repeal, 25.6 per cent for maintenance of the present law and 1.3 per cent for modification to permit light wines and beer.

It appeared obvious that the final count would show a substantial majority for repeal and popular interest turned to speculation on what the government will do to carry out the mandate.

It was understood the government measure already has been drafted but the course of procedure has not been determined. There may be a special session of the legislature called specifically to consider this measure, or the issue may be left to the regular session beginning February 1.

At a special session the vote would have to be taken immediately, but in a regular session there could be a postponement at the demand of one-third the membership of the diet, 67 of the 200 members. The Socialists have 66 votes and would have no trouble swinging another one their way, so they might decide to obstruct the measure. If they should do that the government probably would dissolve the diet and call a special election.

Mules Cause of Traffic Jam

High Point, Jan. 2.—(AP)—Mules that are parked overtime here are not in officer G. T. Ball's like.

While chalking automobile tires for parking on Main street, he was confronted with the problem of placing a red tag on a mule that had overstayed his visit on the particular spot.

But the animal did not like the red tag and, breaking the hitching rail, shielded back into the street. Traffic was disrupted.

Officer Ball extricated the mule from automobiles and drove it to police headquarters. A small negro boy later claimed the animal.

ADMIRAL WINSLOW DEAD

Boston, Jan. 2.—(AP)—Rear-Admiral Cameron McRae Winslow, U. S. N., retired, of Newport, R. I., and Boston, died today at his Back Bay home. He was 76 years of age and a native of Washington, N. C.

'Al Smith At 58

This smile has made Alfred E. Smith famous. It's the way the former New York governor and 1928 presidential candidate felt about his fifty-eighth birthday.

HUGE PROFITS FROM BONDS

Millions of Dollars Made in This Coun- try from Flotation Foreign Securities.

Washington, Jan. 2.—(AP)—Figures submitted to the Senate by leading banking houses indicate profits running into millions have been made by floating foreign bonds in the United States since the war.

Tabulations of the deals, untold because of overlapping transactions in some directions, show one firm alone made more than \$29,000,000 in the sale of \$5,625,000,000 of such bonds. All banks participating in disposition of \$1,071,000,000 of this total, made more than \$37,500,000 gross profit. If this rate held good for the entire amount, something like \$200,000,000 in profits went to American banks.

These and other figures were made public yesterday by the Senate's finance committee in continuation of the bond sale investigation launched by Senator Johnson of California as a part of his fight on the administration's foreign policy.

It is his contention that the bank houses are interested in cancellation of the war debts to protect the private loans and the bonds sold by them to the public. Some of the prominent witnesses have told the committee they believed the private issues should have priority of payment over government obligations.

Next Monday, Otto Kahn, New York financier, will be recalled to the committee's hearing. After him the Senators expect to hear Carnegie Dillon, of Dillon, Read and Company, and W. W. Aldrich, president of the Chase National Bank.

The figures given the Senate showed \$815,467,000 of bonds gone into default during the past year. These were all South American, coming from Brazil, Chile, Peru, Bolivia, Colombia and Uruguay.

INDIAN KILLED

Lumberton, Jan. 2.—(AP)—Jimmie Locklear, 19, Indian, was struck and killed late yesterday by an Atlantic Coast Line Railway passenger train at a crossing north of Buie, Robeson county.

NOT A SINGLE SHOT IS FIRED

First Victorious Brigade Marches Into City at 1 O'Clock After the Complete Evacuation by Chi- nese; First Time Jap- anese Flag Has Flown Over Man- churian City in His- tory.

Chinchow, Manchuria, Jan. 2.—(AP)—For the first time in centuries of history the Rising Sun flag flew over this city today signifying its capture by a Japanese army.

The first victorious brigade marched in at 1:00 P. M. and took over the city without firing a shot. There was not one Chinese defender in the city for the last troop train had left several hours earlier, rolling down toward Shanhaiwan and the great wall at the end of a disordered exodus which began several days ago.

The captors had taken their time on the way down from the Tsin river, fifteen miles to the north, so that the Chinese could complete the evacuation.

Having taken this last Chinese stronghold, it was possible that the Japanese might keep on along the Peiping-Mukden railway to Shanhaiwan, the real gateway to Manchuria in the shadow of the great wall.

As the Japanese swung into the main street of this city, the Chinese citizenry, men, women and children, lined the curbs cheering and waving Japanese flags many of which looked as though they had been made in a hurry over night.

The captors took over the headquarters building of the Chinese provincial government and issued a proclamation in the name of General Honjo Requesting the Chinese civil official to remain in office and the civilian population to go on with normal business as usual.

Russia Opens New Auto Plant

Nizhni-Novgorod, U. S. S. R., Jan. 2.—(AP)—A Russian Mukhik on a tractor and the citizen in a flapper were offered by Soviet officials today as the Soviet's challenge to "capitalists" and their civilization.

The occasion was the opening of the country's newest and largest automobile plant, in which Ford cars will be made. The plant was completed in record time by American engineers and opened New Year's day with ceremonies.

Officials hailed the new factory as the beginning of a motorized era in Russia. "When we place the U. S. S. R. at the wheel of an automobile and a mukhik on a tractor," one official said, "let the venerable capitalists who boast of their 'civilization' try to reach us!"

The factory occupies an area of 300,000 square yards. Around it is being built a new city, about 14 miles from the old Nizhni-Novgorod, once the great market place for middle Asia and China.

The new city includes 60 four-story apartment houses, and 178 small houses for workers and their families, as well as the communal kitchen, hospitals, clubs, dining halls, public baths, laundries, theaters and other institutions which to make a model Soviet city.

The plant cost \$119,000,000. The building was completed November 1 and the last two months have been devoted to installing machinery. Only 700 automobiles are to be made in the first three months of the year, most of the time being given to making tools and factory instruments. After that the schedule calls for progressive production up to 114,000 machines a year, of which 94,000 will be tax and a half trucks.

WEATHER OUTLOOK FOR WEEK BEGINNING MONDAY

South Atlantic States: Rain Monday night or Tuesday and again Thursday or Friday; rising temperature over South portion Monday; colder Wednesday, warmer about Thursday night and colder at end of the week.

Social and Personal

Mrs. Ray Tyson spent yesterday with friends in Beason.

Mr. and Mrs. W. F. Burch and son, Ferrell Jr., of Reidsville, are week-end guests of Mr. Burch's mother, Mrs. J. H. Boyd.

Mrs. I. F. Lee of Chapel Hill, and Mrs. Cale K. Burgess of Raleigh, were guests of friends here today.

Mrs. W. L. Hall and Miss Jane Hall returned today from a visit in Scotland Neck.

Miss Agnes Deal who has been spending the Christmas holidays with her brother, Prof. R. C. Deal, has returned to her home in Greenville, S. C.

Mrs. S. R. Lee of Selma, is visiting her daughter, Mrs. Dan Pigott. Mrs. W. N. Poindecker, Jr., is spending the holidays in Richmond, Va.

Miss Nina Mae Sugg of Hookerton, was here Thursday.

Miss Virginia Arthur is spending the week-end in Richmond, Va. Miss Alice Lee Hooker is here from New York to spend some time with her parents, Mr. and Mrs. T. E. Hooker.

J. Y. Monk of Farmville, was a Greenville visitor today.

S. D. Tucker of Simpson, was here today.

Mrs. Luther B. West has returned to her home in Currituck after spending several days with her mother, Mrs. H. E. Austin.

Joe Moyer of New York, is spending the holidays with his parents, Mr. and Mrs. J. R. Moyer.

Mr. and Mrs. John Gregson and children and Miss Mary Casey are spending the week-end in Elizabeth City.

Mr. and Mrs. George Bridgers of Norfolk, Va., are week-end guests of Mr. and Mrs. S. L. Bridgers.

Joe Walker, son of Mr. and Mrs. M. D. Walker of this city, has returned to school at Wake Forest College. He has been visiting his parents at their home at 507 East Eighth street.

Mrs. Watson Bridge Hostess. Mrs. J. A. Watson delightfully entertained New Year's Eve at her home on West Fourth street. The decorations were in keeping with the Christmas season.

A number of spirited games of bridge were enjoyed at three tables. At the conclusion of the game Mrs. L. B. McCormack was awarded high score prize for the ladies and Guy Evans high score prize for the men.

Mrs. J. S. Willard assisted the hostess in serving a tempting sweet course.

Out of town guests were Mr. and Mrs. Arthur Jordan of Washington, and Tom Watson of Rocky Mount.

The Round Table Club will meet at 3:30 Tuesday afternoon.

The Sans Souci Book Club will meet at 3:30 Tuesday afternoon.

Chapter 140 Order of Eastern Star, meets at 7:30 Tuesday evening.

THURSDAY
The Woman's Club will meet at 3:30 in the club home.

FLOOD SECTION FACES FAMINE

(Continued from Page One) of Webb to issue a call today for boats to hasten rescue work.

An epidemic of colds was also disclosed by the survey and relief workers expressed apprehension lest the prolonged exposure encountered by thousands led to an outbreak of more serious illness.

The mayor's appeal for boats read: "On account of lack of boats, Webb is not able to get to the assistance of several thousand people who are surrounded in their homes along Cassidy Bayou and in various parts of the territory enclosed by that stream.

"We have appealed to the Red Cross, but are informed that the organization cannot assist dwellers on the farms as this is not within the organization's jurisdiction, Webb is not financially able or otherwise to assist.

"We lack facilities and the crying need at present is for boats to get people out of a strip of territory now flooded that is twenty miles long and half as wide, in which there are 700 to 800 families whose homes have been flooded and who have no means to get to safety."

The struggle to strengthen the crumbling levees was centered today on the Matthew Bayou embankment, a mile and a half above Glendora, and at the Twilight levee, two miles beyond.

CITY AND COUNTY SCHOOLS TO BEGIN SESSION MONDAY

City and county schools will resume work next Monday morning after spending two weeks observing the Christmas holidays.

The majority of teachers who spent the holidays at homes in other sections of the country were expected to return late today or tomorrow to be in readiness when work gets underway. Virtually all schools had inspirational exercises in connection with the holidays before closing. The programs consisted mainly of pageants and Christmas trees and were largely attended.

Curb Market Producers Give To The Poor

Farmers who disposed of their offerings on the curb market today gave a large supply of farm products to Miss Lill Wilson for distribution among the poor people of the community.

A large basket with quite a number of smaller packages went into the free-will offering of the producers, and Miss Wilson expressed her appreciation of the fine spirit behind the gift.

William Tyson Goes to Capital

W. S. Tyson, Greenville attorney recently appointed as chief clerk of the committee on accounts of the United States House of Representatives, left yesterday for Washington to assume his new duties.

He will remain in the capital city all the time Congress is in session, but will return to Greenville between sessions.

Mr. Tyson has served as solicitor of County court the last two years and was quite active in the young people's organization of the Democratic party in the last campaign.

Depression Hits Pitt Love Market

Interest in matrimony dropped again with the advent of the new year and only three licenses to marry were issued by the register of deeds here the last two days.

The total number of couples to plight their troth during the holidays was given as fifteen. This was the smallest figure for the holidays in years and was attributed not so much to the lack of inclination as to depression on the love market.

Those applying for licenses the last two days were: Hugh Price to Miss Bessie Garris, both of the Falkland community; Ferrey Jolly to Miss Christine Phillips, of Greenville township.

Colored-Booker Higgs to Annie Tucker, of Greenville township.

Breaks Arm In Fall from Tree

High Point, Jan. 2.—(AP)—Hugh Campbell, 14, is recovering after breaking two arms in a fall from a tree with a captured possum near here. The animal is still a captive.

The boy was found in a cold rain with both arms broken but the animal still held firmly in his grasp. He was nearly unconscious when removed to a hospital.

Campbell had treed the possum and, unable to shake it down, went up after it. A limb broke and both fell to the ground.

CHURCHES

IMMANUEL BAPTIST CHURCH
Rev. W. H. Covert, Pastor.
9:45 a. m.—Sunday School; R. J. Slay, Supt. Graded school. A class for every member of the family.

Hines Declines to Take Part in Manchuria Quiz

Washington, Jan. 2.—(AP)—Walker D. Hines, of New York, has declined to participate as American member of the League of Nations Commission of Inquiry in Manchuria.

Secretary Stimson said today Mr. Hines has asked him to advise the League that his private affairs would prevent his accepting an invitation to serve on the commission.

The secretary said no other name had been submitted by the League as a prospective American member

in Hines' place.

Discussing the impending resignation of Ambassador Forbes in Tokyo, the secretary said that when the ambassador took the past he could stay only a comparatively short time. He emphasized that there was not the slightest difference of viewpoint between himself and the ambassador.

Hold-Up Men Are Held At Asheville

Charlotte, Jan. 2.—(AP)—Authorities here today were preparing to send to Asheville for three men, arrested near there shortly after midnight, who admitted holding up eight patrons and two clerks of the Yates Pharmacy here last night.

Asheville officers, who intercepted the bandits as they neared Asheville in a car believed to have been stolen enroute, also recovered the principal portion of the loot, which had been valued at approximately \$500 and consisted of watches, cash

narcotics taken from the drug store safe, and sundries.

The three men entered the drug store unmasked, forced the victims into a rear room, made them lie down on the floor under threat of death and proceeded to rob them and the store.

Arrested slightly more than three hours later on the highway leading into Asheville by deputies who had been warned of their approach, the trio was said to have made full confession.

MOUNTAIN FLOWERS ARE IN FULL BLOOM

Lake Lure, Jan. 2.—(AP)—The new year, usually ushered in with evergreens and holly, made its appearance this year here under the fragrance of mountain laurel and rhododendron.

The flowers are blooming in profusion on the mountains near here before March for the first time on record. Residents and hotels are using the blooms for decorations.

Market Report Cotton--Stocks--Grain

STOCK MARKET

N. Y. STOCK LIST

New York, Jan. 2.—(AP)—With many of Wall street's most active traders enjoying a long week-end holiday, the stock market drifted lower in the new year's first session today with a number of leading stocks declining 1 to 4 points.

Trading approximated 750,000 shares and there was no particular force to selling. Sharp declines in prices were attributed in brokerage circles more to apathetic buying during the abbreviated holiday session than to pressure of selling.

Railroad stocks showed better resistance than industrials which reacted under leadership of U. S. Steel which gave way 2 points or so.

As a group, the utilities showed considerable weakness. Today's reports produced little new beyond announcement that receivers had been appointed for the \$200,000,000 American Commonwealth Power Corp., a major utility holding corporation.

American Telephone, People's Gas and several other utilities were down 1 to over 4 points. Western Union sold off about 5 points.

American Can reacted to a new low, losses of 3 or more points occurring in DuPont, Allied Chemical Eastman Kodak and Macy. Case Threshing Machine was relatively steady, selling about a point below its Thursday levels.

Wall street was again disposed to regard the railroad financial outlook as moderately encouraging. Statements by several executives lent encouragement to belief that better operating conditions would result from prospective wage and rate readjustments.

TULANE LOSES GAME OF ROSES TO CALIFORNIA

By PAUL ZIMMERMAN, (Associated Press Sports Writer)
Pasadena, Calif., Jan. 2.—(AP)—On the scroll of Rose tournament intercollegiate football history is recorded the south's first defeat. A University of Southern California team turned the trick before 83,000 persons yesterday, outscoring a Tulane eleven 21 to 12.

The spectacular battle gave the West the national football title.

The most brilliant individual star was Erny Pinckert, all-American of two years' standing, a blocking half back turned ball carrier for a day. He furnished the margin of victory by two touchdowns delivered in quick succession in the third period.

After setting the pace through the opening period, Tulane was meted out some of its own medicine in the form of a 23-yard pass Orville Mohler to Gordon Clark, which gave Coach Howard Jones' eleven its first scoring chance.

Massing interference in front of Galus Shaver, the Trojans escorted him to the six yard line on a determined thrust.

Here Ray Sparling, left end, was called back for a reverse play. He scored. Johnny Baker's placement made the extra point for a 7 to 0 lead at half time.

The third period was young when Pinckert first scored. Tulane had attempted two drives and the Trojans one when Shaver broke loose to place the ball on the 28-yard line. Erny was given the ball on his one play—a reverse over the weak side—and without interference he cut through tackle to score untouched.

Three plays later he repeated almost from the same spot. Carrying the ball like a satchel, he stiff-armed Wop Glover away to score again.

The Greenies then staged a sustained drive of 75 yards in ten plays from the kickoff to the 16 yard line. Two plays later Zimmerman tossed a sharp, short pass to Vernon Haynes over the center of the line for a touchdown.

Again the Greenies scored after Mohler had muffed the ball on his 35-yard line. Zimmerman threw a long pass which a Trojan back deflected slightly into Captain Jerry Dalrymple's hands, placing the ball on the three yard line. Glover slipped across on his double-reverse.

Dalrymple lived up to his all-American name and his teammate on the other flank, Lefty Haynes, was only a step behind. Troy's famed spinners through the center failed utterly as John Scaffie, guard, and W. P. Rodrigues, center, staved off the drives.

ARMY & NAVY AGREE TO PLAY BALL AGAIN

West Point, N. Y., Jan. 2.—(AP)—Major Philip B. Fleming, graduate manager of athletics at the Military Academy, today said that reports of an agreement between West Point and the Naval Academy for a resumption of athletic relations were premature.

Major Fleming said negotiations were being carried on but denied any definite agreement had been signed.

New York, Jan. 2.—(AP)—Officials of the military and naval academies have reached a satisfactory agreement on questions which resulted in a break in athletic relations in 1927 and will resume their annual football game next fall on a regular basis.

All matters were thrashed out at meetings in New York this week between athletic heads of the two service schools and although the naval academy delegation did not have authority to sign contracts that matter is expected to be attended to shortly.

Exact details were not learned but it was understood navy abandoned its position that arm must abide by collegiate rules limiting a football player to only three years of college competition.

The original break came over navy's demand that this rule be put in effect at West Point. Army authorities always have held that so long as a player is a Cadet in good standing at the military academy he is eligible for intercollegiate athletic competition even if he had played three years of college football before entering the academy.

The two service schools have met at football the last two years for charity, Army winning in 1930 by 6-0 and in 1931 by 17-7. It has been freely predicted for some time that the good feelings engendered by these two meetings would lead to a resumption of relations.

In the 1930 football game there were evidences that some feeling of rancor still existed between the two schools, several of the traditions of Army-Navy meetings being lacking but the game last month was true to all the old standards. At the conclusion of the game the Cadet Corps swarmed across the field and hurled ribes and caps at the naval regiment in the best of old traditions.

Anticipating his arrest momentarily, Gandhi has worked feverishly day and night. He said he has been formulating plans for a struggle which will be more bitter and widespread than the last.

He has had no sleep for 48 hours and has prayed fervently in his tent, invoking God's aid while his disciples surrounded him in attitudes of adoration and reverence.

High Winner Over Wilson

The basketball team of the Greenville High School got their revenge on Wilson last night for a previous defeat when they won one of the hardest fought and most exciting games ever played in Greenville. The score was 16 to 15 in favor of the locals.

Wilson started the affray off like they were going to walk over Greenville and run up a big score. Burton, visiting forward, sank a field goal in the opening minute of play and followed it a moment later with a foul toss. The locals then settled down to good defensive play and while unable to score, held the visitors scoreless during the rest of the first quarter. Wm. Weiland then sank a field goal, Madrin a foul toss, and Cahoon a two-pointer to bring the score at the end of the half to 5-4 in favor of the locals.

In the second half Warren made good on a free throw to bring the score to 6-4. Wilson then got busy and sank two oases to put them in the lead for the first time since the first quarter. As the quarter ended, Perry King sank a nice one from the corner to again knot the count. With the opening of the last period Wilson seemed to find herself and quickly ran up a five point lead which made things look bad for the locals. Willie Warren, however, got his eye on the basket and sank three straight foul throws, and Berry Dall cut loose with a long one from the center of the court that tied the count. With only a minute remaining in play, Perry King was awarded two free tosses and made one of them to put Greenville in the lead and give them the victory in one of the hardest played games ever seen on a local floor.

TRUCE MAY AVERT CLASH BETWEEN BRITAIN-INDIA

(Continued from Page One) he arrest occurred after he had joined with two other extremists, V. J. Patel, former president of the Assembly, and Jammadas Mehta, president of the Indian Trade Union, in a statement urging uncompromising battle for complete independence.

Meanwhile efforts were being made to bring about a truce between M. Gandhi and the government to avert resumption of civil disobedience.

Bombay, India, Jan. 2.—(AP)—There were indications today that a truce might be reached by Mahatma Gandhi and the British government in India to avert resumption of the civil disobedience campaign.

Powerful influences were at work to persuade Viceroy Lord Willingdon to receive Mr. Gandhi without placing any restrictions upon the matters to be discussed. Heretofore the viceroy has insisted that he will not permit discussion of the recently-enacted provincial ordinances extending the power of local authorities to deal with political disorders.

Many telegrams have been sent to Lord Willingdon by business interests which felt that another Nationalist campaign would precipitate a grave economic crisis, and Sir Tej Bahadur Sapru was active in negotiations to prevent war.

It was Sir Tej Sapru who, as peace-maker, saved the negotiations between Mahatma Gandhi and Lord Irwin, former viceroy, from collapse last year and who poured oil on the troubled waters of the recent round table conference in London.

Gandhi, with his proverbial patience, is listening to the peace-makers' appeals but, because the Nationalist congress has already mobilized its forces for the renewal of the civil disobedience campaign, the country's fate rests with the Viceroy, Lord Willingdon.

It was expected India will know before the sun sinks again whether the government is ready to stay its hand or join issue with the Mahatma, who continued calmly awaiting his arrest.

FIX PLANS FOR ARMS CONFAB

(Continued from Page One) pay and subsistence allowances are much higher than those of any other nation. Just how the combination would be worked out, has not been disclosed by the officials.

Another policy item is opposition to suggestions that size of battleships be reduced from the Washington treaty's limit of 35,000 tons. The question has to come up again in 1935 under the naval treaty terms, and the United States feels no country is ready to build these highly expensive ships now.

There is less definiteness in regard to areal arms limitations. A suggestion has been advanced that fighting planes be limited as a

category of fighting material, just like heavy artillery, field guns, and tanks.

THREE PIECE
BEDROOM SUITE
\$4 95

THIS IS PROBABLY THE LOWEST
PRICE FURNITURE ADVERTISE-
MENT EVER PRINTED

This suite is made out of lumber. The pieces are regular size. They can be used and it costs only \$4.95. Any man handy with tools can make it himself from old packing cases.

Like other low price furniture, it has its disadvantages. The style isn't so good—the wood is rough—the mirror is second hand—and it wouldn't make a good impression upon your guests—but it will fill a bedroom.

On the other hand, if you want your home to look well and gain for yourself the respect of friends—if you want the beauty and livableness in your home—pay the price of good furniture. Good bedroom suites are priced as low as \$75.00. Period designs as low as \$125.00. Suites of selected woods and really fine craftsmanship for as little as \$175.00.

They are lower in price than a year ago. They are lower priced than material costs and present labor scales justify—but that is our affair and not yours.

You can make money by buying furniture at today's prices. At their regular prices you can trust these suites to give you your full money's worth. But "\$169.00 suites for \$52.00," and "\$100.00 suites for \$39.00," is just plain hokum. You can take our word for it. We know and we can furnish proof.
