## GREENVILLE LEADS STATE IN TOBACCO PRICES

### High Averages Piled Up Here The Past Week

### SALES TODAY HEAVIER THAN PREVIOUS WEEK

Friday Saw The Highest Average Price of the Season --\$13.67--Paid on Local Market; Farmville Took Second Place With \$13.32; Sales Here Today Show Pronounced Increase Over the Past Week

According to published figures from leading markets of this belt, Greenville blazed the way to higher prices last week and Farmville took second place.

Throughout the week the Greenville market sold over a million pounds of bright leaf daily and paid a higher average price than any other market in the belt. The most noticeable lead over the other markets came last Friday in the concluding sales of the week when Greenville established the highest average of the season not only for the local market but for the State, so far as published records indicate.

The official reports of sales from five leading markets Friday follow: Wilson, \$12.39; Greenville, \$13.67; Kinston, \$11.44; Rocky Mount, \$12.64, and Farmville, \$13.32.

It was a source of gratification to the tobacco industry generally that the two markets in Pitt County, the largest bright leaf tobacco producing area in the world, should have led the price race.

Sales on the local market last week were tighter compared with some of the other markets and floors of the mammoth warehouses here were cleared each day, enabling the buying interests to be in fine trim for the handling of next day's sales.

With its tremendous facilities, the Greenville market is capable of handling around 1,700,000 pounds of leaf daily, and farmers who sell here are able to return home the same day and do not have to be worried about blocks to any extent.

With the improvement in prices spurring them along, growers offered larger amounts of leaf on the market today than they did last week, and indications pointed to comparatively heavy sales throughout the remainder of the week.

Although the government agreement with buying companies had not been announced today, it was expected to be given publicity momentarily. The agreement promises growers higher prices for reduction of acreage the next two years, and as virtually everyone signed the curtailment contract, they were looking forward to provisions of the government with interest.

Having sold more tobacco than any other market in the belt the last two years, Greenville was expected during the next several weeks as growers, who held back their crop the last week, go to market to benefit by the price improvement.

### SCHOOL FOR ELECTION MEN

Every County to Give Instructions to Officials of Election on October 24

Chapel Hill, Oct. 9.—County boards of election in all the 100 counties in North Carolina were asked today to call together the judges and registrars of election in all of their precincts on Tuesday morning, October 24, at 10:30 o'clock and to conduct at that time local schools of instruction in the powers and duties of election officials relative to the elections to be held November 7.

The request was made in a letter sent to the county boards by the North Carolina Association of Election Officials, Maj. L. P. McLeoden, of Durham, president, and George C. Hampton, Jr., of Greensboro, and Raymond Maxwell of Raleigh vice-presidents. The letter had the endorsement of the State Board of Elections.

This is the first time in the history of the State that local schools of instruction have been held for election officials. The basis for the instruction will be a guide-book which has just been prepared under the auspices of the Institute of Government by George C. Hampton Jr. vice-president of the State Association of Election Officials and chairman of the Guilford County Board of Elections.

Copies of this guide-book have been sent to the 6,000 election officials in the State.

Elections this fall are to be held under a special law, and this guide-book is prepared exclusively for the use of officials in this election said Albert Coates, director of the Institute of Government. He added that criticism of this pamphlet is invited as an aid to the completion of another guide-book now being prepared for the election officials of the primary and general elections of 1934.

Mr. Coates gave high praise to (Continued on Page Three)

### MURDER TRIAL WITNESS SLAIN

Marvel Cullum's Body Found in Roanoke Rapids With Throat Slit

Roanoke Rapids, N. C., Oct. 9.—(AP)—Marvel Cullum 23-year-old Roanoke Rapids woman who was a witness in the Cannon quadruple murder case in Boydon, Va., several months ago, was found slain today near her home here.

Her throat had been slashed and her head and body were severely beaten.

No arrests had been made today, but officers said they were checking up on two possible suspects. They said they were investigation the possibility that there as some connection between her death and the slaying for the four Cannons on their farm home several months ago.

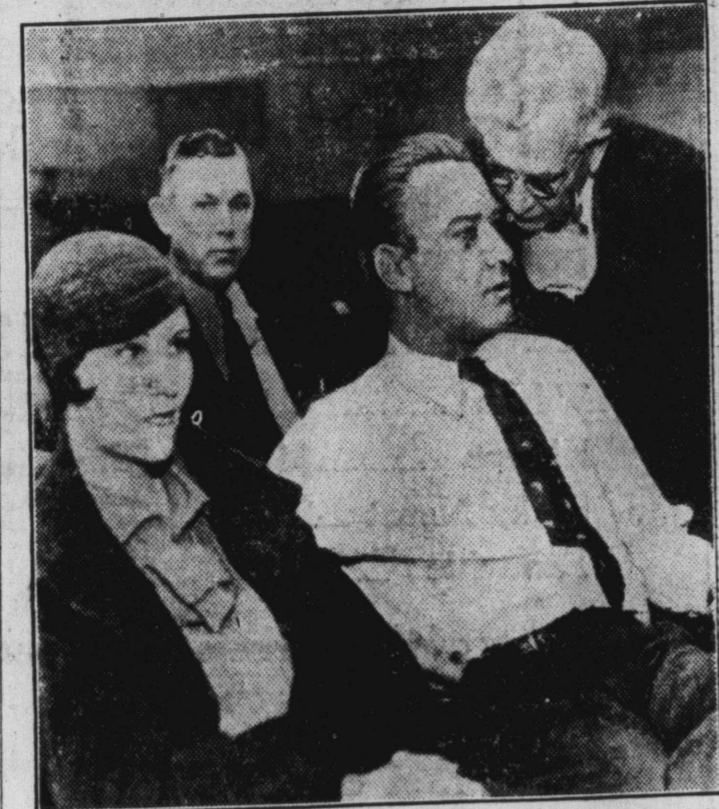

The woman's body was found within 300 yards of the home of Mrs. M. J. Cullum, a widow, with whom she lived. Two pedestrians saw it not far from the highway about 8 a. m., and reported it to Coroner C. L. Williams.

Coroner Williams took charge of the body, and is holding it pending further investigation by officers.

Mrs. Cullum said her daughter left home Saturday night to buy groceries and did not return. Officers said they found witnesses who saw the young woman on the streets here as late as 8:30 o'clock Friday night, but they had not traced her movements after that time.

The woman had been dead twenty to thirty-six hours when found, according to physicians. Near her body was found a long stick with what appeared to be bloodstains upon one end.

### KELLYS ORDERED TO TRIAL

George "Machine Gun" Kelly and his wife, Kathryn, are shown in Oklahoma City federal court when they were arraigned on charges of complicity in the plot to kidnap Charles F. Urschel, Oklahoma City oil man. Their attorneys entered pleas of not guilty. Trial will open Oct. 9. At right is James H. Mathers, Kelly's attorney. (Associated Press Photo)

### MARRIAGES PICK UP HERE

Thirteen Licenses to Wed Issued at Office of Register of Deeds Saturday

The annual pilgrimage to the altar has started in real earnest in Pitt county and from now on until the holiday season hundreds were expected to make the leap for "better or worse."

The marriage business took a pronounced spurt in this county some weeks ago with the issuance of fourteen licenses here in one day, and while a few licenses have been issued each day since that time the spurt was not revived until last Saturday when thirteen applicants sought legal permission to join the holy bonds of wedlock.

Only three of the applications were white, the remainder being colored. The colored race usually predominates activities at the altar until the holiday season when the thoughts of whites turn more sharp toward the things of the heart and wind up before the preacher in varied ceremonies.

If applications for marriages may be counted as a harbinger of better times, then "happy days" are here again in real truth and the thirteen who threw diplomacy to the winds and entered the realm of uncertainties Saturday, will find in that new state a realm of milk and honey.

The renewed interest in marrying caused much elation in the office of the register of deeds here. The register of deeds believes in marriage because he got married many years ago himself and has reared a family that will stand as a monument to his sagacity in this field of human endeavor.

Those applying for licenses to Saturday were:

White

Joseph Hall to Miss Annie Willson, both of the Chocod community.

Thelbert Edwards of Vanceboro to Miss Alice May of Grifton.

Elbert Mills to Miss Geneva Mars landes, both of Chicod.

Colored

Willis Johnson to Catherine Clemmons, Greenville.

James House to Bernice Latham, Greenville.

Frindell Cannon to Geneva Boyd Winterville.

William Lovett to Kathleen Warren, Greenville.

Robert Morris to Tessie Evans, Greenville.

Hoyt Robinson to Isabel Washington, Greenville.

William Foreman to Warren Gardner Bethel.

Avery Sneed to Sadie Hill, Farmville.

James Carr to Maybel Worsley, Greenville.

Abram Kilpatrick to Magie Daniels, Greenville.

Goes Fishing, Catches Bird

Gilroy, Cal., (AP)—Insted of hooking a fish, eight-year-old Isabel Townner caught a bird. Accompanied by her father, Isabel cast her line in Half Moon Bay, a bird saw it hit and dove. She felt a tug on her line and began pulling. On the end of her line with the hook in its mouth was the bird.

Accidentally Killed

Chester, S. C., Oct. 9.—(AP)—Returning from a squirrel hunt with three companions today, Roy Young 18, of Baldwin Station, was shot and killed when his 22-calibre rifle was discharged.

Roanoke Baptist Association to Hold Two Day Session in Greenville

The 26th annual session of Roanoke Baptist Association will convene in Greenville for a two-day session Tuesday morning, October 10, and continue through Wednesday afternoon.

As a prelude to the convention the Roanoke Ministers' Association will meet tonight at 7:30 in Memorial Baptist Church.

An interesting program has been arranged for the pastors' conference and the principal address will be delivered by Dr. W. R. Cullom of Wake Forest College on the subject "The Challenge of the Present Hour to Ministers of Religion."

Rev. Sam G. Hable, Jr., of Nashville, will speak on "Today's Challenge to the Church." J. L. Peacock is president of the Ministers' Association and E. C. Shoe, secretary.

Owing to the inadequate seating accommodations of the Baptist Churches here, regular sessions of the association will be held in Jarvis Memorial Methodist Church. Highly interesting programs have been prepared for each day's session and scores of delegates from the various churches comprising the association were expected to attend. The themes for the five sessions will be:

"The Church at Work in the Association"; "The Church at Work in the State"; "The Church at Work in the World"; "The Church at Work in Her Local Task"; and "The Local Church's Influence in the Social Order."

Leaders of the church from various parts of the state will be in attendance and prominent speakers are on the program at each session. The program follows:

Tuesday Morning

Theme: "The Church at Work in the Association."

William Humphreys Holds Desk in Defiance of Roosevelt's Order

Washington, D. C., Oct. 9.—(AP)—William Humphreys, removed by President Roosevelt Saturday as Federal Commissioner, sat at his desk today in defiance of the order. Neither he nor the commissioners would say what action was planned. Humphreys reiterated that he had not the slightest intention of giving up his office unless forced to do so by court order.

While the daily calendar came to Humphreys' desk, no other official business apparently was being sent to him.

Withdraw Infertile Eggs

Newton, N. C., Oct. 9.—The first withdrawal of infertile eggs placed in storage last summer by farmers in Catawba County was made last week with all eggs coming through the storage period in good shape, reports County Agent T. L. Robinson.

The eggs are tested before they are put on the market and the owners are finding a ready market at good prices for all products. Mr. Robinson also reports three co-operative shipments of live poultry to Eastern markets during the past week. Prices received averaged two cents a pound above local prices, he says.

## Soldiers Sent To Indiana Coal Field To Keep Order

### LABOR STRIFE AGAIN FACES CUBAN AREA

### Serious Food Shortage Also Reported In The Orient Province Today

Havana, Cuba, Oct. 9.—(AP)—Oriento province and its capital, Santiago, seethed with unrest today because of labor trouble and serious food shortage.

Reports from former President Mario G. Menocal were that he was preparing for a revolution in several towns.

Labor unions met to formulate demands for a general strike. Food stores dwindled, a thousand hungry beggars walked the streets, and the political situation was tense.

Consumers of electricity in at least five towns struck for lower rates.

In Havana soldiers and members of the A. F. C. Secret Society were shot at from rooftops while search for arms were conducted in the homes of leading oppositionists.

Attempts to conciliate differences between Grau San Martin and his opponents meanwhile advanced.

American Ambassador Welles and Colonel Fulgencio Batista held another consultation which Mrs. Welles said the protection of American property was a major topic.

### Late News Flashes From Over World

Tobacco Agreement Delayed. Washington, Oct. 9.—(AP)—Announcement of a marketing agreement for fine cured tobacco growers was delayed again today by Farm Administration officials to give the proposed contract another scrutiny.

The agreement said to have been signed by domestic buyers was virtually ready for announcement late last night but Secretary Wallace ordered it held up for further examination.

No details of the agreement, designed to give growers an average of 17 cents per pound for their tobacco, has been announced.

The large part of the delay in announcing the contract has been due to the government's efforts to so word the agreement that it will retain the right to license fine cured buyers in the event the 17-cent average is not paid.

The administration has indicated that it does not intend to license buyers at the outset but prefers to retain this right as a control measure. Domestic buyers specified that when they voluntarily offer to pay 17 cents a pound average, this was on condition the administration not interfere in their management. Since then there have been indications they would agree to a modification, such as retention of the right to (Continued on Page Four)

### TWO KILLED BY BLAST ON BRITISH BOAT

Fourteen Also Injured as Explosion Damages Submarine L-26 in Scotland

Cambeltown Harbor, Scotland, Oct. 9.—(AP)—An investigation proceeded today into an explosion aboard the submarine L-26 which caused two deaths and injury of fourteen.

This was the worst British naval accident since January, 1932, when the subma M-2 sank off Portland with seven officers and fifty-three men.

The cause of that disaster continues a mystery and costly efforts to raise the hull have been baffled by currents and the depth.

The L-26 was a sister ship of the L-24, which was rammed off Portland in 1924, by a warship with the loss of forty or forty-three lives. The ship was to have gone to Ayrnurn manoeuvres after being grounded five hours on the rocks at Kintyre peninsula.

Under its own power and apparently in good shape, the L-26 was refloated and appeared here.

The blast occurred yesterday and was due, officials believe, to water reaching the batteries which were being recharged through a hole in the hull.

The statement of men less seriously hurt and those who escaped agreed on the slim margin by which a greater disaster was averted.

### TWO KILLED, FIVE HURT IN WILSON

Wilson, Oct. 9.—Two persons were killed and five others injured none of them seriously in a series of automobile accidents here last night and today. Mrs. B. Liles of Bailey and 2-year-old son John B. Liles, were killed when the truck driven by Liles was struck almost head on by an automobile driven by B. C. Griffin, also of Bailey, on a curve in Highway 22 about four miles from this city early Saturday night. Liles and Griffin suffered minor injuries. Griffin was held under \$5,000 bond pending trial on charges of speeding and reckless driving.

Jim Crowder suffered a fractured arm when struck by a car driven by a Mr. Hart while walking along Highway 58 Saturday night and a half dozen occupants of three vehicles had narrow escapes from injury last Saturday night when the three cars piled together on Highway 22.

Automobiles driven by Luther Ingram and L. G. Jenkins collided on Highway 91 near here this afternoon and Mrs. Jenkins and her young baby were injured. They are patients in a local hospital but their condition is not thought to be serious.

### POSTMASTER FOR 39 YEARS, BUT HE'S QUITTING NOW

Attapulgus, Ga. (AP)—For the first time in nearly 39 years citizens of this town will soon be handed their mail and postage stamps by someone other than Miles C. Williams.

The claim has been made that he is the oldest postmaster in point of service south of the Mason-Dixon line. He is going to retire because he has passed the age limit.

### RESIDENCES OF MINERS ARE BOMBED

Two Companies of National Guards Sent to North Sullivan County as Flare-up Looms; No One Injured in Bombings; Five Houses Are Bombed at Hymera

Sullivan, Ind., Oct. 9.—(AP)—Threats of a serious clash between miners who have been operating shafts in North Sullivan county on the co-operative plan, and union sympathizers resulted in a call today for national guards to preserve order.

Several homes of miners here and at Hymera were bombed during the night and this morning pickets formed around the Starburn mines at Shelburn, ten miles north of this city.

The Starburn mines have been the scene of recent disorders. Frank Stalder was killed several days ago when an automobile dashed through a line of pickets.

Following reports of disorders Governor McNutt ordered two companies of the Indiana National Guards from Terra Haute to go to the mining district. They were mobilized and left Terra Haute this morning.

Apparently no one was seriously injured in the bombings in this city it was said by authorities who had reports of the bombing of the homes. Five houses were reported to have been bombed at Hymera.

The governor later decided to augment the national guard forces and additional units were ordered from Attica, Ardensville and Evansville.

### GOVERNMENT MAN IS HURT IN CRASH

Salisbury, Oct. 9.—C. R. Surratt, aged about 33, of Burlington, special agent connected with the Federal government with headquarters in Charlotte was killed at noon yesterday and two others were injured in an automobile wreck on highway 15, between China Grove and Landis.

Mrs. Surratt who was riding with her husband, is in the Lowry Hospital here suffering from severe bruises and cuts, but is not thought to be seriously injured.

Tom Litaker, young man of Concord route 2, who was driving the car that was in collision with Mr. Surratt's car, is in the Lowry Hospital with a broken arm, shattered knee cap, and fractured ribs. Mr. Surratt had both legs broken, a fractured skull and hurt internally. He died while being brought to Salisbury in an ambulance. The position of the cars after the wreck indicated that the Litaker car failed to take a curve and that Mr. Surratt left the highway to avoid a collision, the cars colliding seven feet off the hard surface on the Surratt side of the highway.

### TWO BLAZES EARLY TODAY

Damage to Firms in Heart of Business District Estimated At \$1,000

Two fires in the heart of the business district early today did damage which firemen estimated at around \$1,000.

The first blaze was discovered in Parker's studio in the Munford building at Five Points and caused damage of around \$500 to the stock of the concern.

Firemen were unable to determine the cause of the fire which originated in the stock-room and burned about half of the materials used by the concern. The building was damaged mainly by smoke.

At 6:30 o'clock this morning flames believed to have originated from a short circuit in the freezing system of Lautares' Candy Palace did damage of between \$500 and \$1,000. The flames spread to a ventilator and did considerable damage. Like the first fire of the night, damage to the building was slight.

Both alarms, sounded by the bull-throated whistle atop of the fire station, were prolonged, and numbers of citizens along with volunteer firemen rushed hurriedly from their beds to fight what they believed to be fires of conflagration proportions.

### PLAYS SEVEN INSTRUMENTS

Lima, O.—(AP)—Curtis Ambler is only thirteen years old and never took a music lesson in his life, but he plays seven instruments—banjo, violin, piano, guitar, mandolin, harmonica and Jew's harp.

John and Lish English, 81-year-old twin brothers, have lived 43 years on the same farm north of Ball, Texas.

**BUY NOW**  
 The NRA Buy Now campaign officially gets under way today and every American can aid in speeding business recovery if he or she will begin to buy those things needed rather than continue to hold back. Under the NRA codes thousands of persons have been put back to work in manufacturing plants and other business establishments and production of merchandise is now on the increase. Unless this merchandise moves on to the consumer the recovery so far will count for nothing and we will find ourselves slipping back into the mire of depression. Every dollar spent aids to keep the wheels of industry turning and as long as the wheels turn the workers continue to receive wages to be used for buying. The time for fear is past. Things are definitely on the up-grade and the way to speed them up is for consumers to stop holding back. Prices will not be lower than they are right now and if you wait they may get higher. So whatever it is that you have been planning to buy, let us urge you to buy it now. By so doing you will not only save money for yourself but you will be doing your part in the national recovery movement.

**GREENVILLE LEADS**  
 Naturally every tobacco grower wishes to receive every penny possible for his tobacco and for this reason we call attention to last week's figures which show the Greenville tobacco market to be making the highest price average in the belt. Figures on Friday's sales on the five largest markets published yesterday were as follows:

Greenville	\$13.67
Farmville	\$12.23
Wilson	\$12.39
Rocky Mount	\$12.64
Kinston	\$11.44

It can be seen from these figures that Greenville is the highest market and next to Greenville is our Pitt County market Farmville. Farmers will do well to give these figures careful study and consideration and let their good judgment guide them in marketing the balance of their crop.

land. It was while she was at Craigclachie that Jim wrote to say he was in London. He was given a warm invitation to join Mrs. Ogilvie's party.  
 Caroline passed quickly over the time when they waited for his answer. He would come—of course he would come. They would go for tremendously long walks, and tell each other all the things that you couldn't put into letters.  
 If he got Aunt Grace's letter on Wednesday morning he might catch the night train and come right through. Caroline had gone about in a queer warm dream of happiness which it hurt her to think about now.

Because Jim hadn't come. He hadn't written for three days, and then it was just a few lines to Grace Ogilvie. He thanked her very much, and he hoped perhaps he might be able to get up later on, but just at the moment he was afraid he couldn't spare the time. He didn't write to Caroline at all, not until the beginning of August, and then it wasn't what you could call a letter; just half a dozen lines, all scrawled in a hurry.

"I may be able to get off on the 8th if Grace can still have me. I shall probably take a steamer up the coast."

She had always signed like that to Jim from the time that she wrote him her very first letter when she was seven years old and he had sent her a doll for her birthday. It had real hair, and brown eyes that opened and shut, Jim was sixteen.

He wrote again in February. He was very hopeful about an invention of his. He couldn't tell her about it, because it was all extremely confidential. Elmer Van Berg might back it. If he did, the thing was made.

He wrote at length about Elmer Van Berg, for whom he seemed to have a high admiration—"The brother is, he's interested in too many things. He takes turns at them. What he's riding on, the others might as well be dead. Just as I thought I had brought my job off, his uncle, old Peter Van Berg, died and left him an extraordinary collection of jewels. Elmer's too busy with them to have time for me and my affairs."

There was a lot more about the Van Bergs. Susie Van Berg was awfully pretty, and awfully kind. They were great friends.  
 In March he wrote that the Van Bergs were coming to England for the summer—"Susie wants to go to Court in as many of old Peter Van Berg's jewels as possible."

AFTER that there was nothing for a couple of months. Then he wrote again, still from New York. The Van Bergs were in England. He was half thinking of coming over after them. Susie thought it might be worth his while—she thought Elmer was working up for a change of hobbies. They had taken Packham Hall for the summer—"You might go over and call as it's so near."

Caroline had gone over to call with Patsy Ann; but it was June, and the Van Bergs were taking their London season very seriously and only coming down for weekends. Caroline and Patsy had been asked to lunch on a Sunday—and of course it had to be just that one particular Sunday which Robert Arbutnot had already commanded. He was a distant cousin of Patsy's, a still more distant cousin of Caroline's, and trustee to both of them. He was an able lawyer and a blinding bore.

Caroline maintained that he only came to see them when he had something unpleasant to impart with regard to their investments. On this occasion he left Patsy the poorer by about twenty pounds a year, and made it impossible for Caroline to meet the Van Bergs.  
 In July Caroline went north to visit her father's sister, who kept open house every year in the High-

It was the recess period for the Puddle Muddle school. "Let's play ducking," said the little Ducks.  
 "Let's play hide-and-go-seek," said the little Chicks. "We can use our mothers' wings for our hiding places," they whispered to each other. "That will be fun."  
 "I don't want to play hide-and-go-seek," pouted Baby Quack-Quack. "You're a little dunce. We didn't ask you what to play," said the Chickens.  
 "I'm not a tattle-tale like Speckled Chick," snapped Baby Quack-Quack, bursting into tears.  
 "Cry baby, cry baby, cry duck-baby," shouted the others.  
 "Oh, let's play something," quacked Tiny Quackles.  
 "I don't want to play," whined Baby Quack-Quack.  
 "All right, stay in a corner and pout," said Speckled Chick. "You ought to be used to a corner when you had to wear a dance cap and stand there."  
 "What about you?" retorted Baby Quack-Quack. "You had to stand in a hurry."

**GREENVILLE TOBACCO MARKET REPORT**

OFFICIAL MARKET REPORTS SHOW  
**Greenville Highest Market In State**

If you have tobacco to sell, and really interested in selling it where you can get the most money for it your attention is called to the following averages of the various tobacco markets last Friday, as published by the News and Observer.

Greenville led all Eastern Carolina during the entire week in prices paid for tobacco.

**Greenville Average \$13.67**

Wilson	\$12.39	Greenville	\$13.67	\$12.80
Kinston	\$11.44	Greenville	\$13.67	\$22.30
Rocky Mount	\$12.64	Greenville	\$13.67	\$10.30
Farmville	\$13.23	Greenville	\$13.67	\$ 4.40

Many of the markets report only "estimated" averages, and others make no report at all.

No market excels Greenville, grade for grade at anytime.

You will not find the tobacco buyers on any market cooperating in every way more splendidly than the buying forces on the Greenville Tobacco Market. This fact alone is more responsible for Greenville being the world's largest Bright Tobacco market than any one factor. When such conditions as this exist on a tobacco market, better prices for the growers is always the result.

Everybody has observed that an overwhelming per cent of the offerings have been common tips, which of course brings down the general average. Notwithstanding this, Greenville market this week is averaging more than any Eastern Carolina market according to published figures. When the market begins to sell a larger per cent of the better grades, we believe that more than parity average will be realized.

Let us suggest that every one preserve warehouse bills of sales and see that they are dated.

Tune in on Greenville's Radio Station WEED every day (except Sunday) at 9:45 A. M., 12:45 P. M. and 4:45 P. M. for latest tobacco market reports. Will find it on your dial around 142 or 1420.

and Miss Elizabeth Tibatts were gracious hostesses.

Honor guests were Mrs. Sidney Caswell of Detroit, Michigan; Mrs. John D. R. Weed of Beverly Hills, California, guests of Mrs. Flanagan; Mrs. Marvin Snyder, Mrs. J. Roy Wilson and Mrs. Frank Ellis of Salisbury, guests of Mrs. James.

The home of Mrs. Flanagan was lovely with profusions of fall flowers in shades of yellow and orange. On arrival of the guests at one o'clock, they were greeted by the hostesses, honor guests and Mrs. John L. Winstead, a recent bride.

In the dining room, from a lace covered table centered with a bowl of yellow cosmos, Mrs. O. L. Joyner and Mrs. E. G. Flanagan served a tempting barbecue luncheon.

Yellow and orange dahlias were used on the buffet and mantle. From the dining room, guests passed to the sun room where Mrs. John Flanagan and Mrs. Rosamond Nicholson served coffee, and gave each one a number. Mrs. David Turner passed tart.

The guests were then invited into the drawing room where little Miss Rosamond Nicholson drew the lucky number from a silver tray and presented Miss Estelle Greene a bouquet of vari-colored flowers. The honorees and Mrs. Winstead were remembered with shouderettes. A large number were present to enjoy this delightful affair.

DR. ALBERT COATES SPEAKER AT WOMAN'S CLUB

The first Woman's Club meeting of the year was held Thursday afternoon at the club building. Mrs. H. S. Ragsdale and Mrs. J. B. Spilman were hostesses.

The meeting was called to order by the president, Mrs. E. L. Henderson and the business items disposed of. The program for the afternoon was in charge of Mrs. J. B. Spilman, chairman of the Citizenship department.

A piano solo was given by Miss Margaret Walter of Farmville, and a vocal number by Miss Emma Lee Davis.

Miss Sallie Joyner Davis, member of the faculty of East Carolina Teachers College, introduced Dr. Albert Coates, principal speaker for the afternoon, by pointing out his particular interest in state government.

Dr. Coates' message on "Crime and Punishment" made his hearers feel that they should study this undertaking of popular government to bring new knowledge, new strength and new courage to officials in the cities, the counties and the State of North Carolina.

We were glad to have as our guests club women from Fountain, Falkland, Ayden, Stokes and Red Oak.

At the close of the program an informal tea was held for the members and guests.—Reported.

Bronchial Troubles Need Creomulsion Persistent coughs and colds lead to serious trouble. You can stop them now that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, and attacks the seat of the trouble. Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis, and is excellent for building up the system after colds or flu. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion. (adv.)

# DEVILS MAY GIVE VOLS GREAT GAME

Durham, N. C., Oct. 9.—While not given much of a chance against a team that is rated as one of the best in the nation, it is not beyond the realm of possibility for the Blue Devils of Duke to give Tennessee's powerful Vols another battle like they had last year when the two teams clash in Duke stadium Saturday afternoon.

The 1933 encounter was probably the best game in the South last year for varied excitement. After the Vols rolled up a 13-0 lead by setting a touchdown break and making a sustained drive, Duke tore into action the last period when Fred Crawford intercepted a pass and ran then the Devils made a drive down the field and tied the score 13-13. Victory came to the Vols in the last two minutes. The drive in two beautiful runs by Deke Brackets and Bentie Feathers to within sight of a touchdown, but were there held for three downs by the fighting Blue Devils. On the fourth down, Breezy Wynn sent one through the uprights from placement for a field goal and a 16-13 victory.

Duke will have to have the 'breaks' Saturday to stay in the game with the Vols. With a tradition of victories and a winning record in football unequalled by any team in the country, the Vols will be too hard to beat. All they are hoping for at Duke is a good showing against such a team that Tennessee will bring to Durham which has been compared with all the great Southern teams of the past.

In Feathers and Brackett, Tennessee will throw against Duke two of the greatest ball carriers in the country. The cork Brackett, a driving, fighting, dashing figure on the gridiron and the galloping Feathers, an artist of sidestepping and shiftness, and the speed merchant of Southern football will be a hard pair for any system in the county to stop this year.

There were two main stars of Tennessee's victory over Duke last year. For Duke, Freddie Crawford, the great tackle, won everlasting fame for himself by grabbing that pass and dashing 72 yards for a touchdown, and Harry Rossiter, Duke's blonde triple-threat end, went into the halls of fame with his spectacular doings that led to Duke's second touchdown.

## My Beauty Hint

By ESTHER RALSTON (Screen Actress)  
Woman's crowning glory is probably her most important feature, and too much attention cannot be paid to its care.  
I wash my hair regularly, and apply a little oil to keep it from becoming brittle, but brushing regularly is important, too. Lie across the bed and brush the hair briskly and thoroughly for fifteen minutes each day.

A Tribute.  
These lines are written in memory of Martha Norcott, who passed away October 3, 1933 at the age of 28 years.

The daughter of Lawrence, and the late Emma Norcott, who have long been identified among the most highly respected colored families in this state, Martha was an unusually intelligent young woman and a great credit to her race.

She was a member of the Sycamore Hill Baptist Church and for three years a member of the faculty of colored schools in Greene county.

Her dignity of bearing and gentle manner bespoke her true Christian character.  
Her bright smile and noble influence will be greatly missed, not only by her sorrowing family, but among a large community of both white and colored friends, as well.

## New York Cotton

New York, Oct. 9.—(AP)—Cotton futures opened fairly steady one to five lower under pre-arranged liquidation and southern selling.

There was buying by the trade and some local or wall street buying but selling and liquidation continued.

Active months showed losses of six to eight points, December sold off to 9.35 and May to 9.74 but the market was fairly steady and rallies of two or three from the lowest at the end of the first half hour.

The market eased off a few points under increased offerings which came from the south.

December sold down to 9.30, before trading suspended to receive government reports.

After selling off to 9.28 for December when business was resumed following the report the market rallied on covering and trade buying with December going up to 9.46. The market at midday was steady and within a point or two either way of Saturday's close.

## N. Y. Stock Market

New York, Oct. 9.—(AP)—Definite trends were absent in a listless security market today and stocks did little more than dip cautiously from one foot to another.

Equity trading started with a semblance of enthusiasm which put most of the acrobats and numbers of specialists up one to around two or more points.

The upward flurry died quickly as the metal developed a heavy tone, and after the first half hour the ticker tape was inclined to move lazily. Prices settled down to a narrow range.

Gains of fractions to around a point were recorded by such stocks as Case, U. S. Steel, Johns Mansville, Chrysler, allied Chemical and others. National Distiller got up around points and U. S. Industrial Alcohol and American Chemical advanced a point or more. U. S. Smelting advanced more than two and Cerro Pasasco and others of this group sagged around a point. Rallying forces were present, but spasmodic sorties, the last failed to attract any large following.

Transfers were 1,250,000 shares.

Export buyers who handle 60 per cent of the crop, however, have refused to sign the agreement, but have promised to co-operate in any plan adopted.

### Former Ayden Banker Sentenced.

New Bern, Oct. 9.—(AP)—Joseph D. McGlohon, former teller and bookkeeper at the First National Bank of Ayden, pleaded guilty to violation of the banking laws in Federal district court here today.

There were eight counts, principally charging embezzlement, and the former bank official was given a year and a day on each count—the last seven charges to run concurrently with the first.

McGlohon will serve the time in the federal prison at Atlanta.

### Wanted Graham For Public Job.

Raleigh, Oct. 9.—(AP)—The National Recovery Administration in Washington today telegraphed Governor Ehringhaus a request that President Frank Porter Graham of the University of North Carolina, be allowed to leave his duties and direct an educational economic plan for the consuming public of the United States.

General Hugh S. Johnson, national recovery administrator, signed the telegram to the governor. He termed the work for which President Graham is wanted "the most important public relation for the future of the whole recovery program."

The governor said he did not have the power to grant the request but would lay the matter before the executive committee when it meets Saturday. The governor said he had no previous information the government wished to draft Graham. He declined to comment further.

### Negro Taken From Jail, Killed

Ninety-Six, S. S., Oct. 9.—(AP)—Bennie Thompson, negro, who had been arrested for threatening a group of white women with a knife was taken from the jail here last night, beaten to death and the body left on the road where it was found early today.

Sheriff E. M. White said the jail door was broken open and the negro taken from the jail while the jailer who had gone to the station to meet a train was away.

Burley Leopard, textile worker who caused the negro's arrest by reporting he and others had been threatened with the knife was arrested.

Sheriff White said he found blood in Leopards car and the textile worker declined to make any statement regarding it.

Thompson's body was discovered on the highway by a negro boy. The body was found about two miles from here on the highway leading to New Berry.

Tell me something..

what makes a cigarette taste better

WHAT makes anything taste better? It's what is in it that makes a thing taste better.

CHESTERFIELDS taste better because we buy ripe tobaccos. These ripe tobaccos are aged two and a half years—thirty months. During this time the tobaccos improve—just like wine improves by ageing.

CHESTERFIELDS taste better because they have the right kind of home-grown tobaccos and Turkish Tobaccos "welded together."

We hope this answers your question.
