Roosevelt Would  
Play Neighbor To  
European PowersSEEKS BASIS  
FOR SETTLING  
DIFFICULTIESPresident Says "Good  
Neighbor" Principle  
Necessary in Bring-  
ing Peace to World;  
America Will Not  
File Note of Protest  
With Germany on  
Military Activities

Washington, D. C., March 20.—(AP)—Commenting on the European situation arising from the German plan to re-arm, President Roosevelt today emphasized what he termed the American principle of the good neighbor and expressed hope that his special privilege would be to extend this to Europe as a basis of peaceful solution of difficulties there.

This comment was given newspapermen when they crowded about his desk and who asked the position of the United States. The President declined to say whether any note would be sent to Germany pertaining to her move in abrogation of treaty provisions to raise a conscription army. Likewise it was said there was no comment on whether an American observer would be sent to the proposed allied conference of representatives of England, France and Italy, but it was indicated none would be sent.

Mr. Roosevelt said he believed the good neighbor principle was a component part of any solution of the world's disarmament problem. He reported substantial progress in the last six weeks on details looking toward this goal.

He said a careful consideration of details made the longstanding deadlock at Geneva disarmament parley look a little more hopeful.

FOREST FIRE  
DANGER GREAT

Warden R. W. King  
Urges Farmers to be  
On Guard Against  
Fire This Month

Brush-burning operations by farmers are held responsible for the majority of 75 forest fires handled by county fire wardens during January, February and the first part of March, it was made known today by R. W. King, chief forest warden of this county.

King advised farmers to move all cord wood out of the woods in the face of the constant danger from fire, and also to keep as many people out of the woods as possible.

Forest fires are the most basic of our natural resources' the forest fire warden said.

"The annual return in North Carolina from all forest products is estimated during normal times at around \$150,000,000 or more."

He said fires are undoubtedly the greatest menace to the production of timber. In fact, he declared that a crop of timber cannot be produced as long as fires are permitted to sweep over woodlands each year. Fire only retards the growth of large timber but kills outright the younger trees. This is one of the reasons 1,500,000 acres of North Carolina land are idle at this time.

King said a revision of the list of forest fire wardens announced some time ago had been made recently and called on persons to the existence of fire in any community. The wardens are:

W. W. Young, Beaver Dam; Robert Joyner, Farmville; Vernon Forbes Fountain, Alex. Dunn, Belvoir; Jesse Manning, Bethel; Josh Smith, Calico; Walter Brown, Ayden; L. A. Fulford, Roundtree; L. E. Manning, Swift Creek; N. A. Clark, Black Jack Lee Manning, Grifton; O. G. Guiley, Greenville; L. E. Elks, Grimesland; Ernest Avery, Winterville; W. S. Simmons, Pateolis; T. L. Perkins, Stokes; W. K. Clark, Belvoir; and Frank Taylor, Greenville.

HOLD SERIAN  
IN FRAUD CASEFred Habeed Arrested  
at Warsaw For  
Using The Mails to  
Defraud

Fred Habeed, alias Fred J. Habeed, Serian of Morehead City, was arrested by United States Commissioner B. F. Buck in Warsaw yesterday on a charge of using the United States mails for the purpose of fraud.

Given preliminary hearing a short time later before United States Commissioner W. H. Sutton at Kinston the prisoner was bound over to the next term of Federal Court at New Bern April 8 under bond of \$1,000. Buck said the Syrian had been trading under both names, and had assembled a nice stock of goods at Morehead City. The firm went into the hands of a receiver sometime ago, and when a check-up of the goods was made, it was discovered that about \$15,000 worth was missing. This was found in Warsaw where it allegedly has been moved by Habeed.

Buck said Habeed had relatives living in Greenville and had visited here on a number of occasions.

FIRE WRECKS  
EFIRD STOREOver \$100,000 Dam-  
age Reported From  
Undetermined Blaze  
At Raleigh

Raleigh, N. C., March 20.—(AP)—Damage caused by fire which razed one of Raleigh's largest department stores and for a time threatened an entire block in the business section, was estimated today well in excess of \$100,000.

The blaze gutted Efrid's Department Store, but firemen after a long fight prevented the spectacular blaze from spreading to adjacent stores. A fireman, Kenneth Allen, and Mrs. Paul James, a customer in the store, suffered minor bruises. There were from 60 to 100 customers and 75 employees in the store when the blaze broke out. Some had to jump from windows. The fire is thought to have started in a basement storage room. The origin was not determined.

NEGROES RIOT  
AT HARLEMHundred Injured in  
Series of Rioting  
Last Night and Early  
Today

New York, March 20.—(AP)—Rioting raged through Harlem, the nation's largest negro settlement, last night and early today bringing injuries to at least one hundred, besides the breaking of store windows and looting them of their contents.

Seven hundred policemen drawn from all parts of Manhattan, which included Harlem, and from Brooklyn and the Bronx, broke up a large gathering, but could not halt guerrilla outbreaks. About one hundred prisoners were booked at one station.

Police officials charged agitators with inciting the negroes within the area to violence by telling them that a manager of a store had killed a 16-year-old negro boy who was caught pilfering a pocket knife.

In reality the store manager had turned the boy loose, although he had bitten two floor-walkers that caught him.

Not until ten hours after the trouble began could the police find the boy and prove he was alive. Then he stepped alone into a police station indifferent to the hysteria which he had caused.

By some natural instinct, robbery fits in floods during the winter but are seen in pairs or foursomes in the summer time.

Chosen As Next  
Solicitor General

Stanley Reed (above) of Kentucky has been nominated by President Roosevelt for the post of solicitor general. Former general counsel for the RFC, Reed will succeed J. Crawford Biggs of North Carolina, who resigned last week. (Associated Press Photo)

THREE HELD ON  
ARSON CHARGEJohnson County White  
Men Charged With  
Firing Lowgrounds  
On Tar River

Three white men, said by officers to be from Johnson County, were held in the county jail today awaiting trial on a charge of firing woodlands on the Reaves place several miles from the city.

They are: James Oby, Archie Oby and Henry Lewis.

They are alleged to have fired lowlands along Tar River, burning over a considerable stretch of property and causing loss to property owners.

Officers said the three men came to the community about three weeks ago and during the time had been living in a house boat on Tar River in the vicinity where the forest fires started.

Officers said arrest followed a report of activities of the men, who probably will be given preliminary hearing this week.

This is the season of the year when forest fires are the most dangerous, and officers co-operating with forest fire wardens are doing everything in their power to prevent destruction of forests through careless handling of fire.

## Shanghai Must Lift Itself

Shanghai.—(AP)—Herbert Chatley, American engineer for the Whampoa conservancy board, warns Shanghai that the entire city will have to be jacked up several feet within the next two hundred years because the Yangtze River is dumping such enormous quantities of silt at its mouth that the bed of the river is beginning to fill up at Shanghai.

Horse-drawn cabs in Moscow have dropped in number from 14,000 in pre-revolutionary days to four hundred at present.

THE NATIONAL WHIRLIGIG  
News Behind The News.

## Washington

## By GEORGE DUNNO

FREE: Washington headquarters of various leagues, federations and societies for the preservation or annihilation of this and that have been busy recently answering suggestions that their air times be given over to General Hugh Johnson. Any such arrangement is up to the afore said league, federations and societies. The broadcasting companies give time gratis on the promise that their broadcasts have educational value.

So if you time in on your pet organization's program and hear General Johnson's dulcet tones rest assured your national headquarters has decided it was a patriotic duty to let him speak.

There will be no wailing or gnashing of teeth on the part of the major broadcasting companies if this happens. It is no secret they have given time to Long and Coughlin reluctantly in the past and anticipate further demands nervously.

MANY GUESTS  
AT MEETING OF  
LEGION HEREJosephus Daniels, Jr.,  
And Other Visitors  
Speak at Last  
Night's Gathering

Last night's regular meeting of the Pitt County Post of the American Legion was attended by over a hundred Legionnaires at the Third Street school field house.

J. H. Rose, commander of the post, made a report on the post officers' conference held at Sanford during the past week-end. He made a brief report on the conference, and presented to the local post the three citations the post received from the State Department at this conference. The citations were for early enrollment of this year's membership and for the establishment of a new membership record of 252 members for this post.

The guests of the evening who had a part in the program were John Livingston, of Raleigh, lawyer, historian and former newspaper writer; Hubert Williams of Raleigh, of the Department of Labor in charge of the placement bureau for veterans in North Carolina; David Livingston, of Wilmington, and Josephus Daniels, Jr., of Raleigh, candidate for commander of the State Department of the American Legion.

Mr. Livingston, in a brief talk expressed pleasure at being in Greenville again and stated that he was no stranger here, having visited this city a number of years ago to write a historical sketch of this city and county.

Mr. Williams spoke on the work of his department in the placement of veterans and pointed out that as compared to 20,000 unemployed veterans in North Carolina a year ago there were today only about 5,400 unemployed, and that of this 5,400 there were approximately 1,800 with partial physical disabilities that prevent them from qualifying for full time employment or employment on heavy jobs. It was in behalf of these partially disabled veterans that he urged Legionnaires to cooperate in every way possible in endeavoring to get these men placed in part time or light jobs that they would be able to perform despite their disabilities.

David Livingston, who was in Paris at the formation of American Legion Post No. 1 in that city told briefly of the early work of the Legion there. He likewise reported on the activity of the present Legion post at Wilmington.

Mr. Daniels was presented by D. J. Whitehead, Jr., as an outstanding candidate for the state commandery. Daniels, with only a reference to his candidacy, delivered a brief address on the work of the Legion throughout the state and nation, urged whole-hearted support of the legion's entire program, and reported on the activities in Congress at this time in behalf of immediate payment of the soldier's adjusted compensation certificates.

He likewise brought the attention of the members to the coming State convention at Fayetteville and urged a large attendance at that convention.

A. B. Corey made a brief address on the work of the Legion and of the Pitt County Post.

In addition to the out-of-town guests there were several local guests who were presented to the post.

The hosts of last night's supper were H. H. Duncan, D. S. Spain, Jr., Carl Langley, Walter Cherry, F. E. Price, C. L. Dupree and D. J. Whitehead, Jr.

Romance and Joy are neighboring towns in Arkansas and nearby is the village of Rosbud.

France And Italy Agree To  
Gather In Joint ConferenceNO IMMEDIATE  
DANGER OF WAR  
SEEN IN EUROPEOfficials of All Cap-  
itals Believe World  
However is Headed  
For Another War

London, March 20.—(AP)—A consensus of official and public opinion heard from European capitals today is that there is no immediate danger of war, although the Old World is headed eventually for another Armageddon unless the problems of national security is solved. Despite the ominous situation the opinion was that sanity held the upper hand in Europe.

Major Duff Cooper, financial secretary of the treasury, in a speech yesterday said recent events clarified the position, making plain that many have been thinking and behaving that there is no cause for despair. He did not minimize the situations the most dangerous since 1914, but asserted four European countries who desire peace, Great Britain, France, Italy and Russia would stand solidly together and make it plain to the world that they intend for peace to continue.

HOUSE MOVES  
SLOWLY THRU  
REVENUE BILLSales Tax Base Broa-  
dened as Liberals  
Hit Stride; Antis Re-  
veal Strength

Reflector Bureau.  
Sir Walter Hotel.  
By C. A. PAUL

through only six sections. The House of Representatives in its second session as a committee of the whole for the consideration of the revenue bill moved ponderously through only six sections. The "radicals" were in the saddle as the sales tax levy was applied to restaurants, meals, pool-room and bowling alley receipts, and dealers in securities had their privileges increased 50 per cent.

In its first session the House had approved 126 sections and the anti-sales taxers lost preliminary skirmishes. They came back with a bang at the second sitting to score their triumphs.

Taking up the first section dealing with restaurants, the House voted down decisively a proposal by Representative Lindsay, of Buckingham County, to exempt cafe meals from the sales tax levy. Moving on to Section 128, the House re-nacted the 1933 tax without discussion. Dr. McDonald, when the next section, which deals with bowling alleys and pool-rooms, appeared on the scene proposed that the sales tax be imposed on the receipts of those places in the same manner as it is on retail purchases. His amendment was adopted almost unanimously. Only a few "noses" were heard. House Chairman Gregg Cherry, whose business it is to guide the revenue bill through the House, commended an arch tax enemy, Representative Willie Le Lumpkin, anti-sales taxers extraordinary, when Lumpkin proposed that owners of pool tables be required. The suggestion was adopted.

Slot machines which are still legal in the present Legislature has outlawed the token machines brought a little discussion. The Finance Committee has tripled license fees on slot machines, with an exception for drinking cup and weighing machines which require only one cent for the operation.

Last year the section yielded \$56,589, of which \$25,000 came from machines banned by the new act. After a short discussion the House approved the section as re-written by the Finance Committee. Approved without any discussion was a re-enactment of the section dealing with merry-go-rounds, hobby-horses and similar devices.

The sixth section to be considered produced the fireworks. It is the section dealing with security dealers, those who do a brokerage business in stocks and bonds, accept future orders on marginal contracts, accept buy and sell orders, and so on.

## CONFER WITH FDR ON WAR THREAT

Washington, as well as European capitals, was stirred by the war threat that hung over Europe following Chancellor Hitler's announcement that Germany intended to re-arm. Secretary of State Cordell Hull (left) and Norman H. Davis (center), America's ambassador-at-large in Europe, are shown as they talked to a newspaperman after conferring with President Roosevelt. The advisability of protesting to Germany was believed to have been considered by the Chief Executive and his advisers. (Associated Press Photo)

## Late News Flashes

## In The Legislature Today.

Raleigh, March 20.—(AP)—The Senate this afternoon passed and sent to the House a bill providing for compensation up to \$600 for actual expenses incurred due to death or injury of school children being hurt or killed while riding in school buses.

The money would be paid by the State School Commission to the family or guardian of the child or children. There could be no appeal from the school commission's decision.

Raleigh, March 20.—(AP)—The House this afternoon debated the important franchise tax section of the biennial revenue bill for 1935-37, after adopting new levies on chain stores and chain filling stations and the Senate passed on second reading the Fennor anti-rabies measure.

An effort by Rep. Klutz of Catawba to have a tax of one-fourth of a cent per package of twenty cigarettes on all smokers manufactured in North Carolina was rejected by the House as it worked on the money-raising bill in committee. (Continued on page Six)

CIVIL COURT  
BACK AT WORKAction Resumed Fol-  
lowing Suspension  
Last Monday After-  
noon Until Today

The two week term of civil superior court which recessed here Monday afternoon after catching up with its calendar for the first two days, recommenced this morning with Judge M. V. Barnhill, of Rocky Mount on the bench.

Approximately a dozen cases were cleared from the calendar during the first day's sitting, leaving thirty or more for the remainder of the term. About five of the actors were directly disposed of Monday with the remainder being compromised or continued to another term by reason of illness of witnesses.

There was every indication the calendar would be almost entirely exhausted by the end of the term, especially with the usual number of compromises taking place from day to day.

BELVOIR RUM  
MAKER SHOTJesse Bland Wounded  
When Shot by Re-  
venue Officers at  
Belvoir Still

Jesse Bland, 23, was shot and painfully injured when Federal agents raided two stills on the Don Lewis farm in Belvoir Township over the week-end, according to information reaching this city today.

The raiders said they captured two stills about two hundred yards apart along with a small amount of liquor and beer. Neither of the stills was in operation.

Bland was given preliminary hearing in Tarboro yesterday and sent to jail without bond. He will face Federal Court at Washington April 22.

Bland was shot in the thigh when he resisted arrest, officers said.

LEGISLATIVE  
RAMBLINGS

By C. A. PAUL

The House of Representatives needs a mathematician. The need became apparent while the House was considering the tripled taxes on slot machines. "Do I understand," asked Representative Lumpkin, "that this means an increase of 33 1/3 per cent?" Up rose Finance Chairman Gregg Cherry. "No," he said, "it's 300 per cent." Sitting alertly on the Speaker's bench was former Speaker Representative "Reg" Harris. "The chair wishes to observe at this time," he said as he banged his gavel, "that a tripling of a tax means an increase of 200 per cent."

"For what purpose does the gentleman from New Hanover rise?" asked Chairman Harris as Wilmington's Representative Tob Cooper stood by his desk. "I have an amendment," said Cooper. "The gentleman will send forward his amendment—the clerk will read!" It was an amendment to the revenue bill exempting New Hanover

CONFAB WILL  
PRECEDE TALK  
WITH HITLERDecision to Hold Con-  
ference Comes as  
France Files Notice  
Of Protest With Ger-  
many Over Military  
Activities; League of  
Nations Expected to  
Call Special Session  
To Consider Protest

(By The Associated Press)

France and Italy today agreed on a joint conference preliminary to the forthcoming visit of Sir John Simon, British Foreign Secretary, and Captain Anthony Eden, British Lord Privy Seal, to Britain to talk with Reichsfuehrer Hitler.

The decision to hold the tri-partite conference came as France dispatched a note of protest to Berlin against German re-armament. At the same time the French cabinet decreed to ask the League of Nations' council to prevent Germany's violation of the military clauses of the Versailles treaty.

Berlin—Firecracker bombs rained on the Kruesberg district of Berlin scattering previously prepared mounds of earth and rocks and filling the air with smoke and clouds of dust. Government officials expected Reichsfuehrer Hitler's re-armament means Germany would enter the forthcoming conference with British emissaries on terms of equality.

Paris.—The French cabinet met to consider a draft of a strongly-worded note to Berlin which it was expected would inform Germany its unilateral abrogation of the military clauses of the Versailles treaty would not be backed in future negotiations.

London.—As the British cabinet met to chart its future course in view of the German military activities prior to the announced agreement, it was learned officials felt consultations with Italy and France were proceeding as satisfactorily it would not be necessary to call a proposed tri-power conference for determination of policy.

Moscow.—The newspaper Pravda announced Russia is prepared to increase its armament ten-fold if necessary to defend the country in face of what it flatly describes as preparations for war.

Turin.—The newspaper LaStampa said the most serious outcome of Germany's re-armament activities would break up of the solidarity of France, Italy and Britain which, it said, would only aggravate Hitler's audacity.

Vienna.—Both Hungary and Bulgaria were regarded as looking to Austria for hints as to whether the losers in the World War would build up their armies, but although most of the American government leaders have expressed a desire to greater military forces, thus far they have spoken only as individuals.

HOGS BEGIN TO  
MOVE IN PITTTwo Carloads Ship-  
ped by Farmers at  
Bethel Yesterday;  
Prices Are Boosted

According to reports coming from County Agent E. F. Arnold's office, farmers in the Bethel community shipped two carloads of finished hogs to the Baltimore market this week.

Hogs are quoted as high as \$9.75 per hundred. In 1932 farmers sold hogs on these markets as low as \$3.85 per hundred for top hogs.

A number of farmers in the county have hogs on feed and other shipments will be made at a later date. Farmers who have hogs to ship to the Eastern markets should list same with the County Agent, in order that they may be advised as to the shipping dates.

## WHAT IS THE LAW OF LUBRICATION?

To understand the meaning of the Sinclair Law of Lubrication, you must first give thought to what happens in your motor as your car grows older and rolls up mileage. Constant friction of the rings sliding against the cylinder walls widens the space between the pistons and the cylinder walls. The grade of lubricating oil which filled this space when your car was new is no longer heavy enough to bridge the gap when 20,000 miles of driving have worn it wider.

## Social and Personal

Willie Warren was at home from Campbell College for the week-end and had as his guest Kirby Jordan of Florence, S. C., and Bill Hall of Withinston.

Mr. and Mrs. Earle B. Rouse, J. Rouse, Gordon Rouse and Ervin Rouse left this morning for Uniontown, Pa., after spending several days with their parents, Mr. and Mrs. E. H. Rouse here. Mr. and Mrs. L. H. Rouse of Pollockville, Mr. and Mrs. Guy H. Rouse of Richlands, Paul L. Rouse of near Kinston, and Mrs. Dalton Cox of Pollockville, were also week-end guests of Mr. and Mrs. W. E. McGowan and their parents, Mr. and Mrs. E. H. Rouse.

Mr. and Mrs. W. P. Moore have returned from Florida. Mr. and Mrs. H. C. Sugg have returned from Washington, D. C. W. M. Moore and Mr. and Mrs. H. S. Ragsdale spent yesterday afternoon in Goldsboro.

Mrs. Leslie Smith, Mrs. D. R. Morgan and Mrs. Z. M. Whitehurst of Farmville, were here today.

Mrs. Guilford Smith and little son have returned to Plymouth after visiting her mother, Mrs. R. T. Burnette.

Mrs. H. B. Bateman and children of Wilson, were week-end guests of Mrs. A. M. Moseley.

**"Crazy Politics."** A three-act comedy, with music, sponsored by Eighth Street Christian Church, will be presented in the high school auditorium at 8:30 Thursday and Friday evenings, March 21st and 22nd. Admission, adults, 35c; children, 20c. Tickets on sale at Hill House Drug Store, Wednesday and Thursday. —(Adv.)

**To Remain Open At Night.** The Carolina Sales Corporation announced today they would remain open every night until 9 o'clock to take care of the demands of their patrons. The public was given a cordial invitation to visit the firm and inspect the extensive stock.

**No Presbyterian Prayer Service.** There will be no prayer service this evening in the Presbyterian Church.

**Methodist Mission Study.** Tomorrow morning at ten o'clock in the Methodist Church, Mrs. J. B. Kittrell will give an interesting study of Hawaii and the Hawaiian people. A charming country and a people composed of a remarkable combination of races. All persons are invited.

**Stokes-Midyette.** Mr. W. J. Midyette of Washington, N. C., announces the marriage of his daughter, Ruby Pauline, to John D. Stokes of Greenville, on Sunday, March 17th, 1935. At home 429 W. 5th St., Greenville, N. C.

**Miss Nagle On Program.** Miss Louise Nagle will play the incidental music which comes into two of the three one-act plays to be presented by the senior normal class of the college tomorrow evening at eight o'clock, in the Austin Auditorium. She will also play between the plays.

The mill people in "Job's Kin-folks," "Just love music," and it is a bright spot in this tragedy of real life in a mill section. The story of this play is familiar to those who have followed the Carolina Play-makers. Others in this section know enough of conditions in such localities to follow easily the plot.

In the opening play "The Duchess Says Her Prayers," three Italians in high life, in the Renaissance period become involved in the eternal love triangle, caused by a political marriage and a love affair. The beloved one, disguised as the madonna, hears the prayer of the Duchess. It would spoil the play to tell the ending. The music with this is lovely.

A rich comedy centering in the dumb maid who has the title role, "Rosalie," is the last of the plays. The attempts of Monsieur and Madame to manage the maid furnish a great deal of fun.

There will be only one performance of these plays. Miss Dirnberger has been most happy in her choice of plays in all four of the dramatic entertainments she has directed since she came to Greenville last fall. She has almost clairvoyant powers in selecting the plays that please the public and in choosing her cast. Her audiences never remember that the actors are amateurs and the actors enjoy thoroughly their part in the plays.

The stage setting of all three plays is excellent. The scenery of the plays has been designed and much of it made by classes in stagecraft. In the first play the setting and the costumes are especially beautiful.

## Social Calendar

**WEDNESDAY**  
7:30 p. m.—The choir of Eighth Street Christian Church will meet in the church.

7:30 p. m.—The choir of Jarvis Memorial Methodist church will meet for rehearsal.

8:30 p. m.—The choir of Memorial Baptist Church will meet for rehearsal.

**THURSDAY**  
10:00 a. m.—The Methodist Mission Study class will meet in the "Mollie Brown Memorial Room" at the church.

7:30 p. m.—St. Mary's Auxiliary will meet in the Parish House.

**FRIDAY**  
10:00 a. m.—The Methodist Mission Study class will meet in the "Mollie Brown Memorial Room" at the church.

**Attention, Methodists.** All members of the Woman's Missionary Society, the Board of Stewards and the Board of Trustees of Jarvis Memorial Methodist Church are asked to meet at the church tonight at 7:30. Business of importance to the whole church will be discussed and it is hoped that a representative number from each of these organizations will attend this meeting.

**To Explain Townsend Plan.** W. B. Fisher of Andrews, N. C., state manager for the Townsend Old Age Pension Plan, will explain this pension bill to the people of Pitt county in the court house at Greenville, Friday, March 22, at 7:30 p. m. This bill has already been introduced in Congress and is being favored by a large number of congressmen.

**Dr. Fletcher At College.** Dr. Maynard Fletcher of Washington, a leading Rotarian of this section, by the invitation of Dr. Adams, a fellow Rotarian, spoke to the students of the college yesterday morning at the assembly hour. He made an excellent talk, and the young men and women listened attentively to the same advice offered them by a practical man of affairs who has known the inside of college life and realizes the problems they

are facing now and those they will have to face in life itself.

He assured the Freshmen that they will never again know as much as they know now, in their own estimation. After they learn to measure themselves by others they will begin to make comparisons and then begin to grow.

Some of his sentences were phrased so they will stick in the minds of his listeners. "The more you find out there is to know, the more you know you don't know." "Our greatness depends upon the unit of measure we apply." In closing, Dr. Fletcher said that each student had a life to live and that God needed to be a part of it, and for the students not to forget Him in getting a college education.

**Ready For Big Show.** The cast for "Crazy Politics" has been working diligently to make this the finest production possible. And we feel that they are ready to present to the public a truly master stage show. Tomorrow and Friday evenings at the high school auditorium in Greenville the Eighth Street Christian Church is sponsoring this three-act comedy with music.

Edward Hearne, formerly associated with the legitimate stage, is playing the leading role of Mrs. Courtney Van Dyne, People's party candidate for mayor. He is supported by an excellent cast of local talent, and with a good peppy play promises to give you an evening of real entertainment.

Forty chorus girls, professionally costumed, a woman's choral group, twenty of our leading business men, all are in this political comedy, "Crazy Politics." It's a howl from beginning to end; don't miss it. Join us and really learn how to cast your ballot. We are going to vote the Laugh Ticket. Are you?

## RED OAK NEWS

We are all glad to hear that our sick folks are better. When the measles leave us, the mumps will jump us. That is just what we are expecting to hear of next. We all give this great hope and wish we escape it.

Miss Janie Gold Hardee arrived home from Poplar Branch Friday night to spend the week-end with her parents, Mr. and Mrs. L. S. Hardee.

Mrs. Henry Edwards and little Dorothy Jean and Carrie Dail Edwards spent Sunday with Mr. and Mrs. Scott Heath.

Misses Rosalind Tucker, Lons Mae and Geneva Edwards and R. G. Page visited Mrs. Scott Heath Sunday afternoon.

Friends of Mrs. Tom Brown will be glad to learn that she is getting along fine from a tonsil operation. Mrs. Thad Cherry visited her sis-

ter Mrs. S. B. Tucker Sunday afternoon.

Mr. and Mrs. C. H. Mills took Elder G. W. Corbett to visit his son at Midway Sunday.

Mr. and Mrs. J. M. Barnes, Elder and Mrs. Luther Joyner attended the meeting at Tyson's Church Saturday. After church they finished the enjoyable day with Mr. and Mrs. Errand Turnage.

Surprised was Mr. and Mrs. J. N. Barnes, not expecting any visitors, Saturday night, and in came twenty-three neighbors to pay them a visit, and they had the most enjoyable night in a long time.

Mr. and Mrs. L. L. Stokes and son, Harry Lee, and little grandson, Paul Stokes, visited Mr. and Mrs. W. A. Tucker Sunday afternoon.

L. F. Edwards has returned from Raleigh where he visited the Walk-

**Coal Shortage In War Capital.** La Paz, Bolivia. (AP)—This mountain capital, feeling the effect of nearly three years of war, is experiencing a coal shortage. The newspaper Ultima Hora blames the shortage on conscription of able-bodied men and urges that boys, old men and aliens be drafted to speed up supplies.

**Cardui Brought Improvement.** Because she was subject to pains, nervousness, irregularity, and began to feel so weak, Mrs. Retta McDonald, of Stearns, Ky., began to take Cardui. She writes: "Cardui is fine. I could see an improvement right off. I took about eight bottles. I am lots better. I am over the weakness and my head and back do not bother me now."

Resistance to monthly pains is naturally increased, bringing relief, as strength of the whole system is built up. Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. (Adv.) road to J. R. Haddock's southwest corner; thence east with said J. R. Haddock's line to the north of Raccoon Pond ditch; thence on with J. R. ## BIG PUSH ON TO CUT SALES TAX 1 CENT

**Antis Back Move in Legislature to Reduce Tax From 3 to 2 Per Cent**

Reflector Bureau, Raleigh, N. C., March 20.—The effort to remove the 3 per cent sales tax has been abandoned and the anti-sales taxers are now concentrating their efforts towards a reduction in the rate of the tax from 3 per cent to 2 per cent, according to most observers here who have been following the trend in the House since it began consideration of the revenue bill. The fact that Dr. Ralph McDonald, of Forsyth County and Representative W. L. Lumpkin, of Franklin County, the admitted leaders of the anti-sales tax forces in the House, have taken the lead in advocating and voting for the extension of the sales tax to hotels, cafes, restaurants, tourist homes, boarding houses, bowling alleys and pool rooms and that the House has already voted to extend the sales tax on these, is regarded as an indication that the anti-sales tax forces are now carrying on a drive to extend the sales tax to as many different sources of revenue as possible in an effort to make up some of the \$3,000,000 loss of revenue that will result if the tax is reduced to 2 per cent.

Another consideration in this drive to extend the sales tax to as many different activities as possible in addition to retail sales, is that the anti-sales taxers believe that by "broadening the base" of the tax they will be able to stir up just that much more opposition to it and make it increasingly unpopular, their leaders agree.

"If you are going to force the poorest people, including the unemployed, to pay the sales tax on their flour, meal, lard and meat, then I see no reason why we should not make all the rest of the 'poor' pay it on things they use," Representative Lumpkin said in supporting the amendment by Representative Douglas, of Wake, to impose the 3 per cent sales tax to all stock and bond transactions in brokerage offices. This amendment was also ardently supported by Representative Charles Jonas, of Lincoln, Republican leader in the House and other Republican members, since the anti-sales taxers, this amendment was finally defeated by a vote to 50 to 46. But the House then turned around and increased the tax on stock, bond and security dealers 50 per cent higher than fixed by the Finance Committee.

"The anti-sales tax forces, together with the group that want to reduce the sales tax to 2 per cent, are merely trying to extend the tax to as many different sources of revenue as possible in an effort to make up some of the \$3,000,000 loss of revenue that will result if the tax is reduced to 2 per cent."

as possible in an effort to make up some of the \$3,000,000 loss of revenue that will result if the tax is reduced to 2 per cent. Representative Gregg Cherry, chairman of the House Finance Committee said following the session. "They are also trying to extend the sales tax to include as many different groups of people as possible in the hope that this will make it increasingly unpopular and stir up such a wave of resentment against it that the people will demand its removal."

# We are in A New Automobile Era!

Cars built since 1931 have twice the power and speed of ten years ago!

**Continental offers you better lubrication for modern cars —an Alloyed Oil with twice the film strength of other oils!**

IT'S hard to realize how improved cars of the '30s are over those we drove ten years ago. We are in a new automobile era! Power and speed have almost doubled in a decade, with little increase in motor size.

Increased power has brought enormous increases in bearing pressures and crankcase temperatures. In making motor parts that will stand up under these severe conditions, car manufacturers have turned to new alloy metals of extra strength and durability. For the same reason, you must have oil with enough extra oiliness and film strength to protect your motor under extreme pressures!

Yet motor oils generally have no more oiliness and film strength now than they had ten years ago. New refining methods have recently come into use to make oils free from carbon and sludge. But these new refining processes have actually lowered instead of increased oiliness and film strength!

There is one exception—Conoco Germ Processed Motor Oil.

It, too, is free from carbon and sludge troubles, as its users know after millions of trouble-free miles of driving. But more important, Timken machine tests prove that the new Germ Process\* puts into this oil 2 to 4 times the film strength of any straight mineral oil! That extra film strength protects your motor under the most extreme pressures and heat.

Germ Processing gives other valuable advantages. Because Germ Processed Oil penetrates and combines with metal surfaces, a "Hidden Quart" stays up in your motor and cuts down starting wear. Germ Processed Oil gives longer mileage with greater motor protection, as proved by the famous Indianapolis Destruction Test.

Plain mineral oils were all right ten years ago—today they are becoming obsolete. Say "O.K.—Drain"—fill with Conoco Germ Processed Motor Oil and drive with the comfortable assurance that your oil meets your motor's needs!

★ Alloyed by the Patented Germ Process

Just as the metallurgist adds small amounts of other metals to make special alloy steels, so we add small quantities of concentrated oily essence to highly-refined, paraffin-base motor oil. This Germ Processing, discovered and patented by Continental scientists, gives Conoco Germ Processed Motor Oil lubricating qualities no other oil has.

CONTINENTAL OIL COMPANY • Est. 1875

**CONOCO GERM PROCESSED MOTOR OIL**

Say "O.K.—Drain"—FILL WITH

From the diary of a couple who had a grand time—

"The Conoco Travel Bureau at Denver sent us a complete plan of our trip—everything we needed and all of it free."

"There were road maps of every state with road conditions and best routes marked, and booklets about scenic and historic points. Hotel and camp directories, too."

"Friendly Conoco service wherever we stopped, made it a grand trip, too. You can apply at any Conoco station for this free Travel Bureau service."

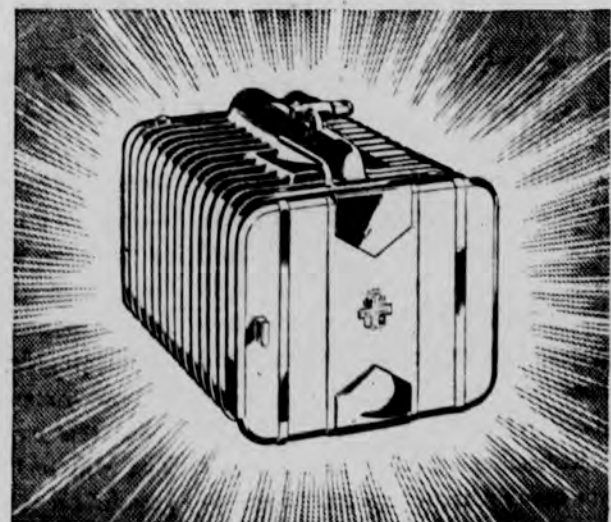

## Frigidaire's Spring Parade

BEAUTIFUL NEW MODELS • EVERY ONE WITH THE SUPER FREEZER  
GREATER COLD-MAKING POWER • MORE ICE FREEZING CAPACITY  
REMARKABLE NEW CONVENIENCE • GREATER ECONOMY

● Right now we are holding a Spring Parade of Frigidaire's 16 beautiful new models—each with the marvelous new Super Freezer.

The Super Freezer makes possible a complete refrigeration service. It provides the right kinds of cold for every purpose—all in the same cabinet. There's fast freezing for making ice cubes and desserts; frozen storage for meats and ice cream; extra-cold storage for keeping a reserve supply of ice cubes; moist storage for vegetables and fruits; and normal storage under 50° for foods requiring dry, frosty cold.

Ice trays glide from the Super Freezer at a finger touch; automatic reset defrosting turns on the current when defrosting is completed; interior electric light; low current consumption

Every model of the Frigidaire '35—even the smallest—has the Super Freezer

and the famous Frigidaire Cold Control. Let us show you how you can let a Frigidaire '35 pay for itself out of the savings it makes possible.

THE RECKLESS  
PEDESTRIAN

Last year the automobile  
fatality record touched an  
all-time high, with a total of  
36,000 killed. One of the  
most aspects of the record  
was the pedestrian toll.

Those who believe that ac-  
cidents involving a car and  
a pedestrian are always the  
fault of the motorist, are  
sadly mistaken. In five out  
of every eight accidents in  
which a person on foot was  
killed by a car, the pedes-  
trian was entirely to blame.

Thirty-four per cent of  
the pedestrians who were  
killed because of their own  
carelessness, were struck  
while crossing in the middle  
of the block or against traf-  
fic signals. Seventeen per  
cent were killed while walk-  
ing on the wrong side of the  
road. Eleven per cent of the  
pedestrian fatalities involv-  
ed children playing in the  
streets. Nine per cent of the  
fatalities resulted from  
walkers stepping suddenly  
out from behind parked cars  
into the stream of traffic. It  
is a significant fact that, in  
1934, the rate of death per  
pedestrian accident was 45  
per cent worse crossing in  
the middle of the block than  
at the intersection, and 74  
per cent worse crossing  
against signals than with  
them.

The careless walker, like  
the careless driver, consti-  
tutes a grave problem that  
must be definitely solved if  
we are to lower the automo-  
bile toll. The cure for pedes-  
trian recklessness is purely  
up to the individual—all the  
traffic laws in the world  
cannot make a person walk  
properly on streets and high-  
ways if he is congenitally  
careless. Obey the signals,  
never cross in the middle of  
a block—and keep your eyes  
open and your mind busy  
with the problem of safely  
reaching your destination.

That advice amounts to "life  
insurance" for the pedes-  
trian.

Legislative Ramblings

(Continued From Page One)

County from the measure. "The  
amendment is out of order!" ruled  
the chair.

"The committee will pause while  
the gentleman from Wake and the  
gentleman from Lincoln go into a  
bush" announced Chairman Har-  
riss Representative Douglass of  
Wake, had pattered over to confer

with Representative Charlie Jonas  
of Lincoln, about the tax on security  
dealers. The committee differed  
Douglass is a Democrat, Jonas a Re-  
publican.

Ashe County's doughty Tam Bowie  
rose from his seat. The chairman  
thought he wanted to interrupt a  
speaker for a question and asked  
the speaker if he would yield "Never  
mind," quoth Tam, "I just want to  
make an observation. It's 2 o'clock  
—and I'm hungry." Th House, sit-  
ting as a Finance Committee, had  
been in session since 11:30. The  
folks up Ashe County way eat din-  
ner at noon, says Tam Conter Bowie

The three per cent sales tax will  
be extended to apply to charges made  
by doctors and dentists to their pa-  
tients and to all other professional  
services; if the plans of the anti-sales  
taxers, 2 per cent sale taxers and  
Republicans to apply the sales tax  
to anything and everyone possible  
ruled, it was learned here today  
this is to so increase the revenue  
from the sales tax that the rate can  
be reduced to 2 per cent.

The coalition between the anti-  
sales taxers, the 2 per centers and  
the Republicans has been so success-  
ful in the House the past three days  
in extending the scope of the sales  
tax that today they were known  
to be making plans to extend the tax  
to professional men and professional  
services when that section of the  
revenue bill, known as Schedule B  
is reached. One of the prime mo-  
vers in this agitation is understood to  
be Willard Dowell, executive secre-  
tary of the North Carolina Mer-  
chants Association, chief of the anti-  
sales tax forces outside the General  
Assembly and chief lobbyist and  
strategist against the tax. Evident-  
ly are lost, Dowell is understood  
to have joined forces with those  
seeking to apply the tax to as many  
other activities as possible with the  
eventual objective of reducing the  
tax to 2 per cent.

"Will you vote for levying the  
sales tax on lawyers and other pro-  
fessional men?" Dowell was over-  
heard to ask a member of the House  
today.

The reply of the House member  
was non-committal.

THE NATIONAL  
WHIRLIGIG

(Continued from Page One)

tute, Father Coughlin fears that the  
administration's monetary policy  
can lead only to wreck and ruin and  
ruins inflation. General Johnson  
contributed his mite by predicting  
hell or wheels if the Long Cough-  
lin forces ever get control.

As there is no prospect of silence  
Senator Long or Father Coughlin—  
even though the latter declared  
himself in his last nationwide  
speech that he still stood behind  
President Roosevelt—General John-  
son will continue to do the rough-  
and-ready rebutting.

The New Dealers would like it  
much better if they could invoke a  
general armistice.

DEFENSE: Railroad executives  
may think they are hard best, what  
with falling revenue, etc. They will  
find plenty more nettles in their  
hair before they're through.

Senator Burton K. Wheeler of  
Montana is new chairman of the  
Senate Interstate Commerce Com-  
mittee. He has lots of ideas that will  
worry the rail magnates.

His bill for government ownership  
of the carriers actually was reported  
within the portals of the Interstate  
Commerce Commission. It is whis-  
pered the measure was drafted there  
because these in command felt a  
federal ownership bill should be a  
sound one if it had to be submitted.

Because of the legislative jam  
Wheeler probably will never get his  
bill past the hearing stage—but  
if defense are being drawn al-  
ready.

GRAVY: Give Postmaster Gen-  
eral Jim Farley credit for knowing  
how to build up a soft sell-out. He  
has converted the howl raised by  
irate House members because he  
gave away first-run sheets of  
stamps to President Roosevelt, Sec-  
retary Ickes Louis Howe and a few

other friends—one of whom tried  
to sell into a neat little gain for his  
department.

As a result of the squawks from  
stamp-collecting Congressmen, the  
post office is going to make a clear  
\$1000,000 profit by selling duplicate  
sheets of the ungunned, unperfected  
stamps.

\$115,000 in advance orders were  
on file three days before the depart-  
ment's philatelic agency opened for-  
mal sales. This type of collection is  
almost pure gravy because the  
stamps are never used.

Farley has about decided that if  
can inadvertently offend another  
group having business dealings with  
the post office he may really wipe  
out that deficit.

REJECTED: Since Senator Vic  
Donahay came on from Ohio he has  
indicated his chewing tobacco for  
chewing gum. He has observed the  
unwritten rule that Senators remain  
silent on the floor during their first  
year.

But "Honest Vic" hasn't brought  
any joy to the administration along  
with his silence. The former Ohio  
Governor's formula is to vote "no"  
when in doubt and he has been in  
doubt much too often to suit the  
White House.

Donahay first acquired political  
fame a number of years ago when  
he was state auditor. In that capac-  
ity he rejected an item on the ex-  
pense account of a traveling judge  
which called for a 90 cent baked  
potato. Donahay pointed out that

Chio farmers weren't getting that  
much a bushel at the time.

Here In Interest  
Of New Bank Law

In the interest of relieving the  
stockholders in all the State banks of  
North Carolina of double liability on  
their stock holding in that institu-  
tion, Clem M. Johnson, from the  
examining staff of the State Banking  
department, was in this vicinity  
yesterday and today.

The Legislature on last Friday  
passed the Lindsay Bill (H. B. No  
185) and it was immediately rat-  
ified. It makes the following pro-  
visions for relieving stockholders in  
State banking institutions of double  
liability:

"(1) Publication by the bank in a  
newspaper having general circula-  
tion in the community where the  
bank is located, once a week for  
four consecutive weeks prior to May  
1, 1935, of the bank's intent to seek

such relief.

"(2) Mailing written notice to each  
depositor and to each other creditor  
prior to May 1, 1935.

"(3) Sworn affidavits from a bank  
officer that such notices have been  
mailed and sworn affidavits from  
the publisher on each insertion of  
the advertisement, that such publica-  
tion has been made."

On the completion of these pro-  
ceedings, and the forwarding of such  
affidavits to the Commissioner of  
Banks, State banking institutions  
can accomplish this relief to their  
stockholders by July 1, 1935.

When announcement was made  
Friday afternoon that the Lindsay  
Bill would become law, Mr. Hood  
the Commissioner of Banks, immedi-  
ately organized the State into twenty  
temporary districts, and planned to  
send twenty men from his staff into  
the field immediately to explain the  
measure and aid and assist the State  
banks in taking immediate advan-  
tage of its provisions. His forces  
worked far into the night on last  
Friday preparing forms, affidavits  
advertisements, etc., and beginning  
with Monday of this week each and  
every bank, and each and every

branch bank, will be visited by these  
representatives.

Berlin Reduces Wagner Streets  
Berlin.—(AP)—The Prussian state  
ministry has decided that although  
honoring the composer Richard  
Wagner is all well and good the  
naming of nine Berlin streets for  
him is too much. Henceforth there  
will be one Richard Wagner street—  
in the Tiergarten section. The others  
are given names of lesser lights.

MORE FOR YOUR MONEY THAN EVER

Look at the combination of features  
shown above. Then remember this.  
You get them only in the new Ford  
V-8 for 1935. And you get them in  
addition to the low first cost and low  
operating cost that have characterized  
Ford cars—more than 22,000,000 of  
them—for 31 years!

Remember especially that this year  
you have the most important develop-

ment Ford has offered since the intro-  
duction of the Ford V-8 engine. This  
is the new, exclusive Full-floating  
Springbase with Comfort Zone Seat-  
ing—made possible only by Ford trans-  
verse springing—and resulting in "front  
seat riding comfort" for every passenger!

See this new Ford V-8. Drive it.  
You will realize then that it is the  
greatest car value Ford has ever built.

## POTTS SPEAKS HIGH BEATS TO ROTES HERE

Vanceboro Evangelist  
Says Friendship of  
Christ Element of all  
Religion

By WYATT BROWN  
Picturing the fellowship of the great English statesman, Gladstone, for the little crippled boy in a London slum, the fellowship of Florence Nightingale on the Crimean battle front, the friendship of Damon and Pythias, Naomi and Ruth, David and Jonathan, and, climaxing it all with indicating how the element of friendship was to Christ himself the essence of all religion, the Reverend Potts, of Vanceboro, brought forcefully to the attention of the Greenville Rotarians last night the meaning of fellowship. In closing, Mr. Potts said that if he had been of worth to man or God it was because of fellowship feeling that therein lies one's greatest contribution.

In opening his remarks, Reverend Potts called to the attention of the Rotarians that his last appearance had been the occasion for a bit of prophecy. It was a dinner given by the Rotarians last summer to rally the local baseball team for a great effort to win the pennant. The prophecy of Greenville's becoming the winners was uttered in the face of a defeat at the hand of Tarboro's team the same afternoon of the night he spoke.

The program last night was in the hands of the Fellowship Committee which has "Steve" Wilkerson as chairman. "Steve" called on Hayward Dail to act as master of ceremonies for a song. In doing so "Steve" called Hayward "comrad." Hayward said he had been called everything but comrad, but it was all right just so it was not "kammerad."

Anyway Hayward bowed as how there would be some singing. He mumbled that he guessed he would do the most of it. But when Bill Lee be heard to the great noise—Singing that came forth! To make it more interesting, Bill had a contest between tables and selected Reverend Potts, McIver and Turner to be the judges. As Bill said it, he would take a chance and make them the judges. But the point is, you should have heard the feeling, soul heart and restaurant effect of beauty and tone those men put into "Bye Your Baby, Bye." Perfectly good, and in great quantities, of "Baby Putter to Sleep" was wasted. How the mothers of crying babes at that very moment yearned for just such stuff to lull to sleep their wailing progeny.

When the contest grew hot, Claude Gaskins arose from his note-taking to add his lusty voice to the chorus of voices. Fordy Harding sang most lustily. "Happy" Watson sang in a preoccupied sort of way as though aware of the waste of all these "bye-byes." But in the face of all this lusty singing, the preachers decided that they would claim the honors for having sung the best themselves—remember, cautious, Bill has said he would take the chance.

Then, in another mood with another song, they sang that life was made for "Fun and Frolic, etc." Carl Adams, with eyes intent on his song-book, let his foot get to patting out of rhythm.

Guests for the evening were Reverend Potts, Rev. J. A. McIver, Dr. J. Clyde Turner of Greensboro, Mr. and Mrs. Arthur Smith, Dr. F. P. Brooks, Alva Van Nortwich, and C. B. Perault.

The attendance prize given by Dr. K. B. Pace was won by "Happy" Watson.

The meeting was presided over by the club president, Herbert ReBarker.

For the second time in two years the High School baseball club yesterday afternoon defeated the Kiwanis Club by the score of 6 to 5 in what was considered a mighty good starter for both organizations.

Staging a terrific batting rally in the fifth frame, High sent five runners scurrying over the rubber to virtually put the old game on ice. They drew first blood in the second frame when one runner raced home. Wells and Hodges did the mound work for High while Donald Conley who in regular daily business life is director of public education of Pitt County, appeared on the firing line for the Kiwanians. Conley held the youngsters fairly well in check until the fifth when the stick barrage combined with an error or so by the clubmen, enabled High to apply the annihilation touch.

Both clubs exhibited fairly good form due to the fact that neither had had much practice. However, High had a distinct advantage and the several days they had spent on the diamond getting into form for the beginning of their regular schedule, played an important part in their victory. The Kiwanians were sadly lacking in form, but they put up a game fight and had the youngsters on their toes throughout the game.

This game, like the one last season, was won by High by a comparatively tight score and proved to the spectators that the former league and college players on the Kiwanis team have not forgotten how to play

ball, although old-time form was lacking.

All three pitchers did good work and were accorded fairly good support by their teammates, although not of the airtight variety.

There were no especial highlights connected with the contest, it being just another early season ball game with both clubs fighting like the dickens for the big end of the score, and leaving spectacular performance to later in the season.

Dr. Jimmy Barrett, Kiwanis third sacker, did a good piece of base running while Matthews, second sacker, whose terrible bat blasts split the boards off one or two high school fences last year, came in for his usual hit yesterday, but the walloper lacked the fence-shattering power featuring his drives last season.

The Kiwanian plan to take on a number of other high school clubs this season, carrying out their objective of stimulating athletics in every school in the county.

A knot shaped like an ape's face was cut from a popular tree recently by Edgar Allen, who resides about two and a half miles from Greenville, and placed on display at the Rev. Reflector office yesterday.

It is a valuable addition to the collection of curios brought to this office recently by people from different parts of the country.

1935 Frigidaire.  
The 1935 Frigidaire spring parade is on at Smith Electric Co. Make a note right now to see it because without any doubt the new Frigidaire '35 is something worth seeing.

Of course the Frigidaire '35 has many improvements over previous models but the one big outstanding feature you'll want to see is the exclusive Super Freezer. Every '35 model from the largest to the smallest has it. The Super Freezer makes possible a complete refrigeration service. It provides the right kinds of cold for every purpose—all in the same cabinet. There's fast freezing for making ice cubes and desserts; frozen storage for meats and ice cream; extra cold storage for keeping a reserve supply of ice cubes; moist storage for vegetables and fruits; and normal storage below 50 degrees for foods requiring dry, frosty cold. Unquestionably it is the greatest step forward in electric refrigeration of recent years. See it at Smith Electric Co.

**They Both Lose**  
Wellington, Texas—(AP)—Elmore Dodson, rancher, was attempting to throw and brand a steer when the animal knocked him from his feet. Dodson finished branding the steer and then went to town for treatment. There it was discovered he had a broken hip.

## TEACHERS BEGIN PLAY ON MARCH 27

East Carolina Teacher's College will open its baseball season on next Wednesday week, March 27, when they play the Guilford College nine here in a two game series. The schedule as announced by Coach Doc Mathis will include twenty games thirteen of which will be played on the local diamond and the other seven on foreign fields.

Coach Mathis has been busy for the last week whipping his men into shape for the opening game and to pick a winning team. The latter men to return this season are Lefty Dunn, pitcher; Jimmy Johnson, first baseman; Joe Eason, second baseman; "Runt" Bostic, shortstop; and John Hodges, third base. Around twenty men have been working out daily on the college diamond and among those who seem to be making good showing are Joe Gaston, Stowe, Ridenhour, Barrow and Ferbee.

The schedule for the season is as follows:

March 27-28—Guilford College here.

March 30—High Point College here.

April 1—High Point College here.

April 6—Louisburg College at Louisville.

April 8—Union Theological Seminary of Richmond, Va. here.

April 12—Louisburg College here.

April 23—Guilford College, there.

April 24—High Point College there.

April 26-27—Chatham Mills College at Elkin.

April 29—Oak Ridge Institute at Oak Ridge.

## NO DOWN PAYMENT Only 15 cents a day!

## MUSICAL COMEDY AT PARAMOUNT ON SATURDAY

The road show, "Going Places," featuring Olsen and Johnson will play at the Paramount Theatre, at Goldsboro, Saturday matinee and night, Manager Jimmy McKoy announced.

"Booking was completed Monday in a short-notice opportunity that came our way," he said. "It is a musical comedy that has been much praised and we are glad to be able to bring it to Goldsboro." More than fifty persons, including Gene Austin, make up the company.

With Austin are his musical stooges, Candy and Coco. The former is a "bass fiddlin' fool" and Coco does things to a guitar—they were discovered by the crooner in a New Orleans cafe and already the trio has been featured in two motion pictures, "Sadie McKee" and "Gift of Gab."

Olsen and Johnson have designed a new jamboree of slapstick comedy, with gags galore, blackouts, skits and gay travesties.

Heading the cast of supporting artists is Mack Murray, whose specialty is defying the laws of nature to the great amusement of the audience, and the fast-stepping Cliff Crane of "Keep Moving." Others include Reggie Mona, late of "As Thousands Cheer," Blanche and Doria Caron, in a famous sister act; Ottillie George, a radio songbird, and the team of Eddie and Arline Kinsey.

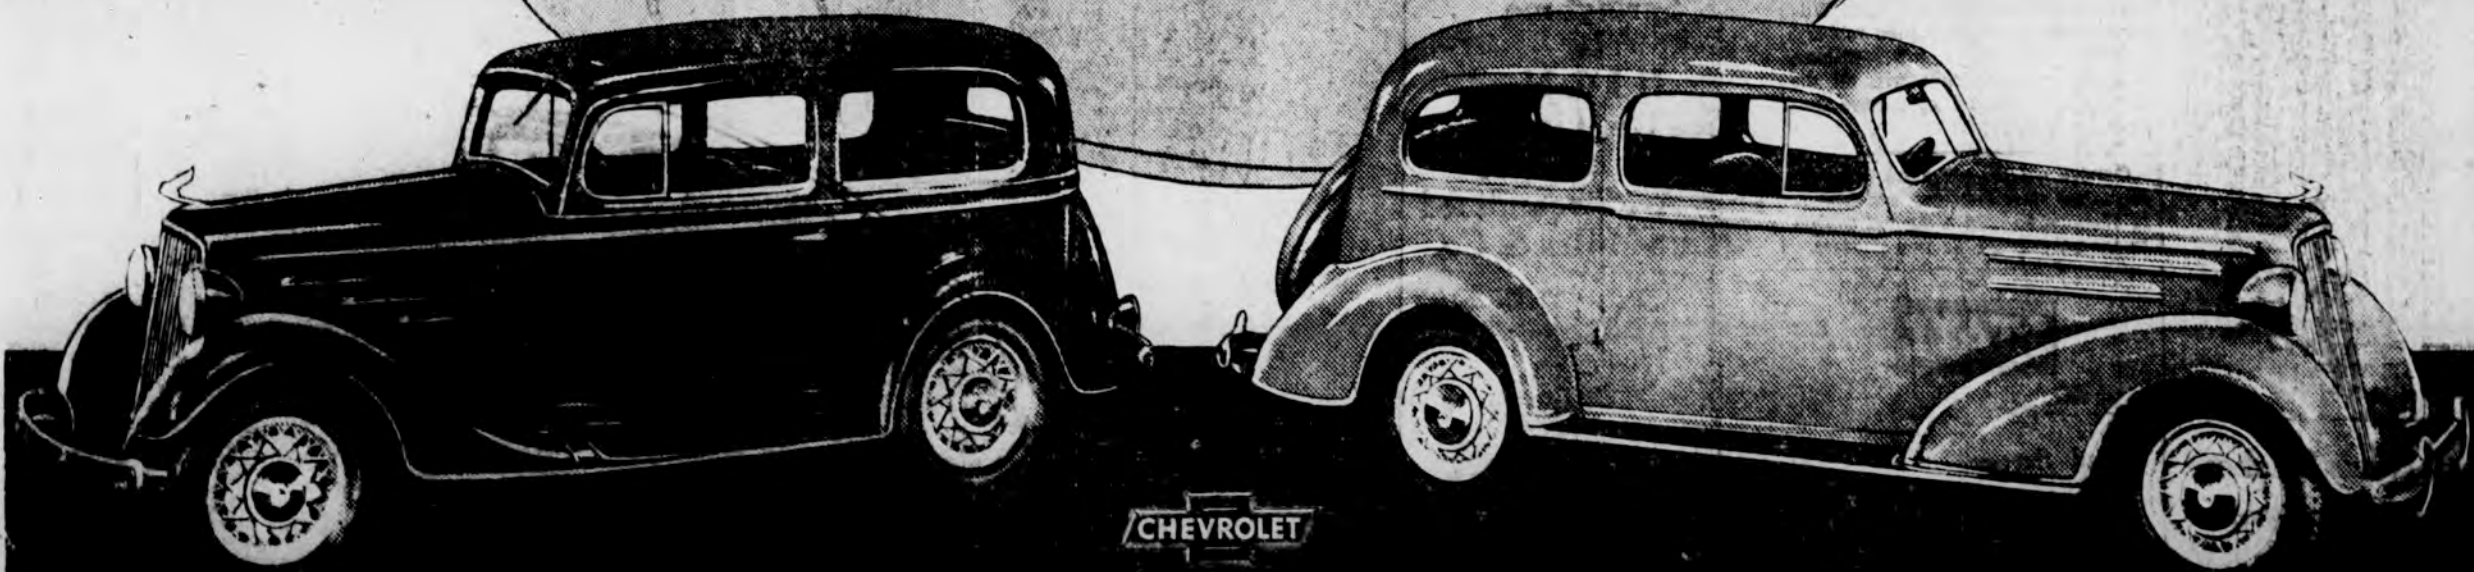

Charlie Strong and his Twelve Admirals furnish a lively musical background.

1. Pays for itself on this  
**EASY PLAN**  
No down payment—select model you want—we install it—you deposit as low as 15

cents a day, depending on model you select—no extra charge for the meter. Money is collected once a month—and after Kelvinator is paid for, the METER-ATOR is removed.

## New York Cotton

New York, March 20.—(AP)—Cotton futures opened very steady, four to eight points higher on trade and spot, house buying with foreign commitment small.

Prices soon eased back to about yesterday's closing quotation, and at the end of the first half-hour trading was quiet and the market was about steady with prices unchanged to two points lower.

Prices eased off a few points during the middle of the morning. May sold off to 10.63, or six points net lower and the market was very steady with active month showing loss of six to nine points.

## N. Y. Stock Market

New York, March 20.—(AP)—Financial markets maintained an even keel today as Wall Street divided its attention between Washington and Europe.

Mid-week business statistics were about at a standstill and shares revived a little during this afternoon.

Grains were a little higher as dust storms continued in parts of the Middle West and few of the smaller financial markets worked higher with some some improvement in rails. Foreign exchange dealings were calm with the gold bloc holding firm and sterling sliding back a little.

All but paralyzed by indecision, the stock market today held close to yesterday's final prices.

Such shares as United States Steel, American Telephone and General Motors were virtually at a standstill in the late dealings and the day's turnover was only about \$450,000 shares.

the measure for further study tomorrow.

The House as a committee, on motion of Rep. Uzzle of Rowan, eliminated the proposed floor space tax of \$15 per 1,000 square feet in excess of \$2,500 from the chain store tax section of the revenue bill but it boosted the rate on stores in the brackets between 9 and 30 stores and added a new bracket to tax all stores in excess of 200, at \$225 each.

On motion of Rep. Barker of Durham the committee's new tax on chain filling stations was eliminated and a new graduated scale running from \$5 per service station in excess of one up to \$200 per station in excess of 100, was substituted for it.

## Seek To Boost Work Relief Fund.

Washington, March 20.—(AP)—Encouraged by the Senate's refusal to slash the \$4,880,000,000 work relief bill fund, administration leaders today turned to the task of drafting a motion to boost the figure to \$10,000,000,000. This amount was favored by Senator La Follette, Progressive of Wisconsin.

It came before the Senate committee as the House began its second day of debate on the \$2,000,000,000 cash bonus measure.

A White House bulletin said: "The condition of Secretary Howe is extremely critical. His strength is steadily failing."

## Tobacco Tax Case Near End

Greensboro, March 20.—(AP)—Barring the filing of briefs to supplement oral arguments the question of the constitutionality of the Kerr-Smith tobacco act or the plea for injunctive relief against the taking and prosecuting power of the federal government will be in the hands of Judge Johnson J. Hayes this afternoon.

No date for a decision was announced and it will probably be several days before the briefs are submitted.

The taking of oral testimony was concluded at 11:30 a. m. and the oral arguments were limited to about an hour for each side during its contents which were set up by opposing counsel as the merit of the contents of the plaintiff, the Davidson country tobacco growers who sought to enjoin the collection of the tobacco tax and to enjoin federal prosecution for non payment.

## Three Men Must Die.

Raleigh, March 20.—(AP)—The State Supreme Court this afternoon upheld death sentences imposed on three men convicted of murder in Cumberland and Nash counties as it decided 33 cases.

No error was found in the conviction in Nash county of Booker T. Watson, youthful negro, of the killing of Hines B. Williams.

The court also found no fault in the trial in Cumberland county and convicted for murder of Vander Glover and Houston McMillan, who are charged with the killing of William Durn in an attempted robbery.

Under the state law, Watson, Glover and McMillan will all die on April 5 unless they receive executive clemency.

Geneva.—(AP)—French quarter said that they expected the League of Nations to hold a special session to investigate the French charges.

## NOTICE OF SALE OF REAL PROPERTY

Under and by virtue of the authority conferred upon the undersigned trustee in a Deed of Trust executed by Maggie Wooten (unmarried) on the 2nd day of January, 1929, and recorded in Bk. V-17, page 108, the undersigned trustee will on Saturday, the

30th day of March, 1935

at 12 o'clock noon

at the Courthouse door in Green-

ville, Pitt County, North Carolina,

sell at public auction for cash to

the highest bidder, the following

land, to-wit:

That certain tract of land lying and being in Greenville Township, Pitt County, N. C., and adjoining the lands of James Teel, Walter Harris, the Brown Place and others.

This being the same tract or parcel of land devised to the said Maggie Wooten by her father, Joseph Atkinson, in Item No. 3 of his Will.

The same being a one-third interest in the center of the 115 acre tract

and containing the buildings specified in the Will. This Will is of

record in Will Book No. 5, at page

252. This deed of trust to cover all

of the undivided interest of the said

Maggie Wooten.

This sale is made by reason of the

failure of Maggie Wooten (un-

married) to pay off and discharge

the indebtedness secured by said

Deed of Trust.

This 26th day of Feb., 1935.

WILLIAM S. TYSON, Trustee.

## There's something about a Chesterfield —

There's one thing I especially like about Chesterfields—entirely aside from the fact that it's a milder cigarette—and I've heard a number of people say the same thing... While I'm smoking Chesterfield I

never get little crumbs of tobacco in my mouth—the tobacco doesn't spill out and that adds a lot to my pleasure of smoking them... I notice more and more of my friends smoke Chesterfields.

When in Durham  
you are cordially invited  
to visit the Chesterfield  
factory and see Chester-  
fields made.

Chesterfields are Milder Chesterfields Taste Better
