Chancellor Hitler Defies Action By League Council

SENDS TERSE MESSAGE TO ALL NATIONS

German Leader Flatly Rejects Condemnation of Rearmament; Declares Council's Action New Discrimination Against Germany; Promises Statement Of German Position In Near Future

(By The Associated Press)

A short message to the powers of Europe flatly rejecting the League of Nations' condemnation of German rearmament was Chancellor Hitler's birthday gift to himself and the world today.

First made public in Rome, the text was sent through German ambassadors and ministers to all the nations participating in the Geneva deliberations. He characterized those deliberations as "a new discrimination against the Reich."

The text of the note follows:

"The German government contests to the governments which in the council of the League of Nations took in the deliberations of April 17 the right of making themselves judges over Germany. The government sees in the deliberations of the League of Nations an attempt to new discriminations against Germany and therefore rejects it in the most resolute manner."

"The government reserves the right to make known soon her positions on the different questions touched on in the deliberations."

Official and diplomatic circles in Rome exhibited no surprise that the anxiously awaited note constituted a rejection of the League Council's action, but they were surprised at the curt, sharp tone which Hitler took.

The text had not reached London in the absence of government officials who were away on extended Easter holidays. Its text was forwarded to them by the Foreign Office.

In Moscow the government newspapers expressed strong approval of the League Council's action and demanded the participation of Germany in European accords, not merely her sanction of such accords. The "great misfortune" awaiting is any aggressive act on the part of Germany, the paper said. Paris disclosed that the French-Russian military accord was being held up because of new difficulties reported concerning Russia's reluctance to give up automatic provisions of military assistance. The strengthening and manning of her French steel ring along the border was meanwhile nearing completion.

Rome officials disclosed what they called the "biggest manual recruiting of aviators ever held in the world" as applications poured into the air ministry from 1,300 pilots and 4,750 special mechanics, preliminary to temporary recall within the next few months of several hundred of reserve pilots.

King Carol of Rumania in a speech from the throne to Parliament hoped that armament would be pushed forward. This was taken to indicate that the government will propose a considerable increase in equipment and man-power for the army.

"Scrap" Proctor Jailed Here For Drunken Driving

"Scrap" Proctor was found guilty of driving drunk in the regular session of police court here this morning and bound over to the next sitting of County Court under bond of \$200. He was unable to provide bond and was remanded to jail to await trial.

Proctor was jailed here Wednesday after allegedly running over a negro child in the western section of the city, although the child was not injured to any extent.

When taken into custody about two hours later, police said Proctor had been drinking heavily.

Police said the prisoner had been before the court here several times in recent years, and blamed excessive drinking for his violations.

It has been found that water made chemically pure by distillation or boiling and cooling will freeze faster than ordinary water.

Bears Triplets At 17

While her husband, Joseph Carranza was serving a 180-day sentence in Los Angeles for disturbing the peace, Mrs. Estelle Carranza (above), 17, gave birth to triplets, believed by physicians to be rare for so young a mother. Two of the infants died shortly after birth. (Associated Press Photo)

J. C. LANIER TO GO ON THE AIR

Code Administrator To Make Addresses At Charlotte and Richmond

J. C. Lanier, of Greenville, Code Administrator of the loose leaf tobacco warehouse industry, will make two radio addresses next week dealing with problems vitally affecting the industry at this time, it was announced today.

The administrator will speak from Station WBT at Charlotte Monday night, April 22, from 8:15 to 8:30 o'clock.

Thursday evening, April 25, he will broadcast from the station at Richmond, Va., from 6:45 to 7 o'clock. Mr. Lanier will discuss the tobacco program, giving special attention to the present status of the Kerr-Smith tobacco act and the proposed Flannery grading bill.

Having been formerly connected with the tobacco section of the Agricultural Adjustment Administration before accepting the Code Administrator post, Mr. Lanier took a prominent part in setting up the tobacco program and is fully acquainted with the subjects he plans to deal with in his two radio addresses.

In addition to making the two radio addresses, Mr. Lanier also has been invited to go to Georgia in the near future to speak before a gathering of tobacco men of that State. J. B. Hulson, head of the tobacco section of the AAA, also has been invited to be on the program.

The office of the Code Administrator is located in Greenville, although he is constantly in various sections of the loose leaf belt handling matters in connection with his office.

Wild Lupine Record

Bakersfield, Calif. (AP)—A wild lupine with a blossom five inches wide and fifteen long was found in this State by a member of the National Geographic Society and exhibited at a flower show here.

THE NATIONAL WHIRLIGIG

News Behind The News.

Washington

By GEORGE DURNO

PRIVATE. Much talk is current these days that out of next month's gathering of midwest Republicans may come a definite tipoff as to the 1936 G. O. P. presidential nominee.

"Take that idea with a grain of salt," say men who haven't failed in recent years to be on the final decision.

Those in the Republican Party who really should know say that when a man finally is selected as a best bet to oppose President Roosevelt it will be done in a completely unadvertised meeting of key men—and this huddle probably will be held in a New York hotel suite.

PAVING: The idea is that a meeting of the real wire-pullers some time in the next few months a man will be agreed upon quietly who will be built up slowly undercover to get a majority of Convention delegates.

Six Joy Riders Meet Death In Auto Accident

Salisbury, Md., April 20.—(AP)—Six young people out on a joy ride were killed early today as their automobile crashed into a parked truck at Powellville nine miles east of here. Two were killed instantly and four died later in the Peninsula Hospital without regaining consciousness. The wrecked machine had to be torn apart to extricate the bodies.

MISS EARHART BEGINS FLIGHT

Woman Flier Hopes To Make Goodwill Non-Stop Flight to Mexico Metropolis

Burbank, Ga., April 20.—(AP)—Amelia Earhart flew out of the dawn today nearing the mid-way mark of her good-will non-stop flight to Mexico, D. F., from California.

The "tousled aviatrix" maintained regular but dimly heard radio contact during the night with operators here. Static prevented correct and definite knowledge of her position, but at 6:20 a. m. (Eastern Standard Time) she was "still in the air" speeding toward the Mexican metropolis.

S. S. CLASSES ENJOY SUPPER

Two Men's Classes of Methodist Church Celebrate Ending Membership Drive

Marking the end of a concerted membership drive, members of the Men's Baracca class and Young Men's Bible class of Jarvis Memorial Methodist Church enjoyed a delightful supper at the Yum Yum Barbecue Palace on the north side of Taylorsville last night.

The menu consisted mainly of barbecue, Brunswick stew and fish and the way the boys ate carried joy to the hearts of the cook or cooks who gazed upon the feast with smiles a mile wide.

J. H. Rose, superintendent of the Sunday School, acted as toastmaster, and called on the following for brief addresses: Dr. L. R. Meadows, president of East Carolina Teachers College, Judge M. V. Barnhill of Rocky Mount, who is presiding over the criminal term of Superior court here, Dr. G. R. Combs, pastor of the church, D. M. Clark, Baracca Class Teacher, and W. J. Bundy, teacher of the Young Men's class.

Each stressed the splendid influence of Sunday school and congratulated both classes on the good work they had been able to accomplish. They urged continued interest in this work with the main idea of getting more young men interested in Sunday school work and thereby helping the classes to increase the scope of their activities. The committee having charge of (Continued on Page Two)

FIND NEGRO WOMAN GUILTY OF SLAYING

Mercy Asked For Lillie Jordan After Her Conviction of Slaying Her Husband

Lillie Jordan, colored, of the Farmville community, charged with the slaying of her husband, Walter Jordan, about two weeks ago, was found guilty of manslaughter with recommendation for mercy by a jury in yesterday's session of criminal Superior Court. Judge M. V. Barnhill, of Rocky Mount, did not pronounce sentence in the case immediately, but reserved judgment until court reconvenes next Monday morning.

The woman, who has a six weeks' old baby, allegedly cut her husband to death when he started to attack her. She said he had been fooling around with other women and when she remonstrated, he threatened violence. She brought a pocket knife into play, stabbing him through the heart.

The case was started around the noon hour and was completed during the late afternoon, after which court recessed until Monday.

Clerk of Court J. F. Harrington said this morning that around 35 of the docket of over 100 cases were disposed of during the week, with indications the second week would see virtually double that number cleared away. The number this week might have been larger had it not been for the two days consumed in the hearing of the Carson second degree murder case, and one or two other actions that required more than usual time in completing.

Although the grand jury got through with most of its work during the week, its members will return next week to complete their varied tasks. Most of the county offices and other properties were visited this week but it was understood that several other matters remained to receive consideration before the report of the body is presented to Judge M. V. Barnhill, of Rocky Mount, who is presiding over the term.

CITY ALL SET FOR EASTER

Inspirational Church Services to Mark Observance Here Tomorrow

Although the weather man today promised occasional showers for Sunday, Greenville people turned their attention to final preparations for the celebration of Easter, one of the most important periods of the year in church life.

While the weather may not be as favorable as some would like for the wearing of Easter finery, everybody will put on his best bib and tucker and attend services at some of the various churches of the city which have arranged special music and sermons in keeping with the significance of the occasion.

Holy Week services which have been held at Jarvis Memorial Methodist Church throughout the week with all churches participating, were concluded this morning and ministers turned their attention to final touches for impressive sermons dealing with the "Resurrection, that important event forecasting civilization from the bondage of double and despair through its promise of eternal life. Musical programs tomorrow morning will be inspirational and will form an appropriate setting for the sermons to follow.

Tomorrow evening at Jarvis Memorial Methodist Church and Memorial Baptist Church sacred cantatas will be rendered by the choirs. Much preparation has been made for the two musical events and large crowds are expected to be on hand in spite of occasional showers which the weatherman promises.

The choir of the Christian Church gave the first cantata of the season Thursday evening, and tomorrow morning the young people of the church will conduct a sunrise service.

Several Easter egg hunts on tap for today had to be postponed on account of wet grounds, but barring further rain, they will be held on (Continued on Page Two)

Eight Persons Perish as Fire Destroys Home

Quebec, April 20.—(AP)—Eight persons, a father and seven children, were burned to death in a fire which destroyed the home of Alphonse Renaud, of St. Emile DeLoretville this morning. The town is about twelve miles from Quebec City.

SENATE STILL TALKING OVER REVENUE BILL

Measure Gets Second Reading This Morning; To be Taken up Again Monday

Raleigh, N. C., April 20.—(AP)—Without discussion the Senate today passed the biennial revenue bill on second reading.

The vote was 26 to 8, including pairs, and Senator Corey, of Pitt., voting present.

Voting against the bill were Senators Allsbrook, Folger, Griffin of Franklin, Morgan, Gibbs of Yancey, Blanton, Swearingen, and Williams.

The revenue bill was still estimated to be \$2,450,000 out of balance with the appropriations measure passed by the House and awaiting Senate action, revenue officials said. It contained re-enactment of the 3 per cent general sales tax with meat, flour, lard, white salt meat and milk exempted. Milk sold by producers were already exempted as are all farm products sold by growers direct, but the Senate wrote in an exemption for milk sold by stores and other retailers.

The tax act will come up for third reading consideration at sessions starting at 2 o'clock Tuesday afternoon. Whether another fight would be made which might move the measure back to first reading again was uncertain. Senators voted to take an Easter holiday Monday with session to be devoted entirely to local bills.

The House also is taking along week-end recess, having voted yesterday to consider only local bills today and Monday night. Its regular work will be resumed at noon Tuesday.

JUDGMENT IS DEFERRED IN CARSON CASE

Judge Barnhill Expected to Sentence Bethel Slayer During Monday

Judgment has been reserved until Monday in the case of Allen Carson, Bethel filling station operator, who had been found guilty of second degree murder by a jury in the criminal term of Superior court here yesterday shortly after noon.

It was thought Judge M. V. Barnhill, of Rocky Mount, who presided over the trial, would make known his decision during the afternoon, but shortly before court recessed for the week-end the jurist announced he would hold judgment in abeyance until Monday.

The jury received the case yesterday morning about 11:30 and returned a decision at 12:30 shortly before court recessed for lunch. Two days had been consumed in the taking of evidence, argument and the charge of Judge Barnhill.

Carson, about 31 year old, was charged with the slaying of Ed Simons, also of Bethel, in an argument over a check for \$1.81 at Carson's filling station about a year and a half ago.

Carson told the court he fired twice when Simons advanced upon him with a knife after an argument interspersed with considerable profanity. An eye-witness denied that Simons carried a knife, and indicated he only took a step or so in Carson's direction as the filling station operator struggled with his father who had gone with Simons to the station to try to settle the check dispute.

Probably a score or more witnesses were put on the stand by each side, several testified to the good character of the defendant, and answering negatively as to Simons.

The case was the most important heard here during the week, and hundreds of people were on hand each day to hear the evidence and determine the fate of Carson, who is well known throughout the Bethel territory.

TO ENLARGE GRANDSTAND AT BALL PARK

Additional Bleachers To be Built; Players Ordered Signed by Directors

The grandstand at Third Street School athletic field will be enlarged and temporary bleachers will be erected to take care of the crowds to attend Coastal Plain League games here this summer, it was announced today.

At a meeting of the Board of Directors of the club in the directors room of the Guaranty Bank and Trust Company here last night, a committee composed of Howard Hodges, Ralph Deal and Gus Forbes was named to direct improvements at the ball park, in addition to discussion of several other matters looking to the success of the local club this season.

The board authorized G. V. Smith, president of the local club, to complete negotiations with several Alabama and Duke players who have been under temporary contract with the club. They are: Bosser and McCloud, outfielders of the University of Alabama, who were recommended to the local club as outstanding performers by "Hod" Crisp formerly of Falkland, now coach at the Alabama College; "Lefty" Dean, Smith, Barley and Pete Naktens, all of Duke University.

Dean and Smith were pitchers with the local club last year, but Barley and Naktens are newcomers. Both are pitchers and have rendered distinguished service with Duke this season. Naktens is known as the Duke "fire-ball" artist, having pitched winning ball for Duke yesterday.

A committee was named to employ Stowe, a member of the club of East Carolina Teachers College, a sub-catcher and utility man. The committee was also named to contact Weldon, Louisville College, pitcher, who has turned in a long string of victories this season.

With "Bo" Farley already employed as manager, along with signing of Reynolds May and "Ty" Wagner, pitcher and catcher, respectively, and "Runt" Bostics, all members of last season's club, the roster of the league club is nearing completion. In addition to attracting in-bred players before the boys are ready for the umpire to call "play ball."

Another meeting of the directors will be held in the near future to discuss plans for a subscription drive. The matter was discussed last night, but nothing definite was accomplished.

The meeting was described as one of the most enthusiastic of the year and indications are the season will be one of the most successful of years, in addition to scratching increased crowds to the games.

ONE KILLED IN TRUCK WRECK

Morris Brickhouse Killed as Truck Crashes into Filling Station at Wilson

Wilson, N. C., April 20.—(AP)—Morris Brickhouse, 34, of Elizabeth City, died in a hospital here this morning at 4 o'clock, an hour after the truck he was driving crashed into a filling station four miles south of here.

Ralph Parker, also of Elizabeth City, was with Brickhouse. The two were on their way home from Florida, and officers said the truck failed to make a curve and struck the filling station at an intersection of highways at Victory Inn.

Parker, who was unhurt, said he was asleep but awoke a moment before the truck struck the building. Both truck and building were damaged.

Parker said the truck belonged to a brother of Brickhouse. Brickhouse was unmarried. The body, which was held at a funeral home here pending the arrival of relatives, was carried home for burial today.

HOUSEKEEPING EXPERTS TO BE BALDWIN GUESTS

London.—(AP)—Mrs. Stanley Baldwin, wife of England's conservative party leader, has been selected as one of London's most expert housewives. She will entertain the world's critics of domestic efficiency July 18. The tea-party will be held at 11 Downing Street.

These world experts of household science are spending a week in London during which time hostesses will be on their mettle. Forty papers will be read on how to run a home.

Darrow At 78

Late News Flashes

Former Prison Officials Indicted Charlotte, April 20.—(AP)—Five former state prison camp officials were indicted today on charges arising from two negro prisoners, Woodrow Shropshire and Robert Barnes, developing gangrenous feet necessitating amputation of the members.

Those indicted were H. C. Little, former superintendent of the state prison camp in this county, Dr. C. S. McLaughlin, former county and camp physician, and R. C. Rate, J. W. Eudy and T. M. Gordon, guards.

Among other counts they were charged with coon law felony of maiming and with assault with intent to kill.

The grand jury provided six separate indictments as follows: Dr. McLaughlin was indicted on (Continued on Page Four.)

SECURITY BILL HITS NEW SNAG IN THE SENATE

Measure Faces Long Delay After Being Jammed Through House Yesterday

Washington, D. C., April 20.—(AP)—Sweeping through the House of Representatives by a lopsided vote the Roosevelt social securities bill today ran into a legislative jam in the Senate which threatened long delay.

New attempts to re-write sweeping changes in the bill which is designed virtually to levy \$2,783,000,000 or more in new taxes for financial help to aged and jobless was also in prospect. The 372 to 33 vote which jammed the bill through the House yesterday was made possible by smooth functioning of the overwhelming Democratic machine and by the ayes of many Republicans who had lost their battle to defeat the new taxes from the bill. Later some of the Republicans said they had to vote for the whole bill on final roll call to avoid political suicide.

Fresh from this victory—which followed almost three months of dispute—the bill was sent to the Senate Finance Committee already tied up in controversy over the cash bonus and NRA.

LEGISLATIVE RAMBLINGS

By C. A. PAUL

Raleigh, April 20.—Machinery for the setting up of new school districts in which new bond issues for school building purposes could be approved by the newly-created districts is proposed in a bill offered by Representative Gardner, of Cleveland.

The bill provides that in any territory where 10 per cent of the qualified voters shall petition their county board of education to create a new school district for the purpose of issuing bonds for school building purposes the county board shall post a notice of such petition in the court house and advertise for three consecutive weeks the (Continued on Page Two)

PLAN TO HOLD MORE PUBLIC HEALTH MEETS

Health Heads Here Yesterday to Continue Discussion of Health Problems

Problems affecting this section of the State were discussed at a meeting of public health officers of Eastern North Carolina and representatives of the State Department of Health here yesterday afternoon at a luncheon meeting at the Proctor Hotel.

Dr. N. T. Ennett, Director of the Pitt County Department of Health, who called the meeting several days ago, presided, and the following towns were represented: Rocky Mount, Goldsboro, Windsor, Ocracoke, Kinston, Wilson, Tarboro, Washington, Bayboro, New Bern and Greenville.

It was decided that similar meetings would be held regularly and another one will be held in Greenville owing to its central location, in July. At this time the subject of tuberculosis will be discussed.

The visitors were welcomed to this city by F. C. Harding, due to the absence of Mayor R. C. Flanagan, who is out of town. Mr. Harding declared that Pitt County is doing everything possible to cope with disease.

Dr. John H. Hamilton, director of the State Laboratory of Hygiene, of Raleigh, responded to the address of welcome. He also praised Pitt County for its fine loyalty and health work.

Dr. R. E. Fox, director of the division of county health work, also made brief remarks.

Dr. C. V. Reynolds, State Health Officer; Dr. G. M. Cooper, director of the division of preventive medicine, and Dr. J. C. Knox, collaborating epidemiologist, were unable to attend the meeting.

The paper of Dr. Cooper on "The Reduction of Maternal and Infant Mortality" was presented by Drs. Fox and Hamilton. Following the presentation of the paper a round-table discussion on the subject was held.

In the round-table discussion of the paper on "The Reduction of Maternal and Infant Mortality," it was generally agreed that the essential factors in reducing this mortality are:

1. Expectant mothers should have better parental medical care.
2. If this medical care is not available, she must have more intelligent mid-wife care.
3. The health departments must have increased nursing facilities in order to instruct the mothers in the care and feeding of the infant.
4. It was also agreed that much could be done for the future generation if the high schools would organize "Little Mothers' League," and if all high school girls were given a course in home care of the sick.

So successful was the meeting that it was determined to have regular district conferences quarterly.

John W. Pope Dies Suddenly At Chicod Home

John W. Pope, age 74, prominent farmer of the Chicod Township, died suddenly at his home at four o'clock this morning from a heart attack.

He is survived by his wife; one daughter, Mrs. John Moore, of Belvoir Township; two sons, J. C. Pope of Greene County, and J. T. Pope, of Simpson; also one adopted son, F. R. Bell, with the State Highway Department at Lumberton.

Funeral services will be conducted at his late home Sunday afternoon at 3 o'clock by Rev. I. J. Surabridge, Methodist minister of Grimesland, and burial will be made in the Porter graveyard near Grimesland.

GERMAN WOMEN CLING TO STUDY OF MEDICINE

Berlin.—(AP)—Medicine and pharmacy, which were among the last professions opened to a German woman, retain the strongest hold on female students in German universities now that the Nazis frown on all such preparation.

Net figures show these reductions in numbers of women scholars: medicine, 22.09 per cent from the previous year; dentistry, 25.07 per cent; pharmacy, 15.09; law, 47.96; philosophy, 47.96; economics, 33.3; physics, 52.50; chemistry, 53.34; and geography, 53.33 per cent.

Museum Gets Old Helmet Lexington, Va.—(AP)—A Roman helmet, which archaeologists estimate to be 2,000 years old, has been given to the Virginia Military Institute Museum by Paul D. Trolinger, an alumnus, who recently returned from an expedition to Persia. He also gave the school a Persian helmet believed to be 500 years old.

LET US GRASP ITS REAL MEANING

Tomorrow is Easter Sunday and in all the churches of our city and section we will hear again in word and song the story of the Risen Christ. Easter is a glorious occasion but in our observance of Easter let us not make it just a holiday. Let us grasp the full meaning of the Risen Christ and the promise it holds for us and let us determine anew to follow in His footsteps that not only we ourselves might in the end enter into the fullness of the everlasting life but that by our example others might be led to Christ also.

THE NATIONAL WHIRLIGIG

Continued from Page One

won't be able to stop the political writers covering it from speculating on possible gains or losses for the reputed candidates of such as Col. Frank Knox, the Chicago publisher Senator Arthur H. Vandenberg, of Mich., Gov. Al Landon of Kansas, and others.

While the men in attendance are talking publicly about revitalizing the O. O. P. it is a safe bet you will find the reporters writing about presidential booms.

And nothing kills a boom quicker than early watering.

LEADERS: As for reorganizing the Republican Party, wheelhouses laugh silently. They sum up the answer in one sentence: "It isn't reorganization we need, it's leadership."

Thumbing past performances, they point out succinctly that Herbert Hoover polled over 15,000,000 votes in 1932 and the G. O. P. Congressional candidates polled over 13,000,000 last November. That last figure is an irreducible minimum which represents the real organized threat to the Democrats, they say.

Also, when the veterans talk about leadership they don't mean a man who is stamped as a 1936 candidate. Obviously he would be a magnetic target for the opposition.

CAUTION: General Hugh Johnson started off as boss of NRA with an ultra-rosy prediction of the number of men he would have drawing pay by the following Labor Day. Secretary of Interior Harold Ickes tookled Public Works Administration with a forecast he never was able to meet.

As it stands now, there is no dead line for reemployment. The idea has been stressed that there are 3,500,000 employables an dthat the program is working toward a big crescendo in November—but no guarantees are being given.

Anything you may read which would give you the idea those 3,500,000 will all be back in jobs by November may or may not come true. Reemployment is a slow uphill fight. But if you check what F. D. R. has said he didn't promise to get them all on the payroll so soon.

TAXES: Analyze Secretary Morgenthau's report to the people on finance. It is reassuring in spite of immense emergency spending. Roughly, about \$7,300,000,000 have been spent for emergency purposes by June 30 next. Of this about one-fifth has gone into public works, one-half into actual relief, and the rest into lending of which more than one-half will be repaid. The RFC has a trick of recovering much of its lending, and Ickes says public works projects will pay back about a billion. Morgenthau points out that all the money stays in the country anyway. By refunding the public debt he is paying less in interest than when the debt was smaller.

The administration hopes to avoid tax increases at this session. Hard-boiled members of the Ways and Means Committee think a few taxes should be put on, just to be on the safe side. Senate sentiment has not done.

developed—taxes are always put off till the end of a session.

SCHEDULED: Social Security, which means old age pensions and unemployment insurance, is reported reliably to be the No. 1 bill on the administration's legislative program to such an extent that several others on the so-called "must" list may eventually be offered up as a sacrifice.

President Roosevelt is banking heavily on the House to get him over this hurdle. Speaker Joe Byrns, who helps dictate the gag rules, predicts it will pass the lower house essentially as ordered.

When the measure finally gets to the Senate there will be debate and vivisection aplenty. But when it goes back to conference the House conferees will take orders from the White House, just orders from the case of big work-relief appropriation.

Legislative Ramblings

same notice in a local newspaper. Twenty days after the appearance of the first notice the county board would be required to hold a public hearing on the matter, at which time the county board would be required to decide whether or not a new district would be created. The creation of the new districts would be left solely in the hands of the county board. If the new district were created the voters of the new division would vote on the question of issuance of bonds. The bill provides that the county commissioners shall levy a tax sufficient to pay principal and interest of the bonds in case the voters approve the issuance. The levy would, of course, be confined to the new area.

A joint resolution providing for the appointment of a commission to study the various state departments looking toward reorganization or consolidation of the departments has passed the lower house and is expected to be approved by the senate.

Offered by Representative Bowie and endorsed by several other house members, the resolution would empower the Speaker of the house and the Lieutenant-Governor, as president of the senate, to appoint the commission which would be composed of two senators and three representatives. The commission would report to the Governor and the 1937 legislature its conclusions and recommendations.

The bill which will compel the state highway department to aid cities and towns in the maintenance of such portions of state highways as are routed over city and town streets will become law today. The bill was slipped passed the senate after the house had voted to recall the measure.

The law, written by Senator John Sprunt Hill, of Durham, appropriates \$500,000 annually for the purposes of the act. Passing the senate and the house after it had been assailed by friends of the highway commission as "pure thievery of highway funds" the measure was returned to the senate for concurrence in a house amendment which provides that only those streets designated as parts of the state highway system should be partially maintained. The bill appeared on the senate calendar, but because the senate was busy with the revenue bill it failed to take it up for several days. Suddenly the house voted to recall the measure, apparently for the purpose of defeating or emasculating it.

Striking swiftly before the house's request for return of the measure could reach the senate Duplin county Senator Johnson moved to take up the bill, concur in the house amendment, the senate acquiesced. Hardly before most capitol hill observers and legislators knew it, the senate, by agreeing to the house amendment, had enacted the bill into law.

Under present law only those parts of highways running over streets in towns having a population less than 3,000 are maintained with highway funds. The new law draws no distinction between the larger cities and towns. However, the measure does not provide for maintenance of such streets with the use of highway funds, but provides that the state shall aid cities and towns in such maintenance. Termed "a raid on the highway funds" by Senate roads chairman Spence, of Moore, proponents of the half-million dollar bill countered with the claim that cities and towns pay the gasoline tax.

HARDWOOD FLOORS MUST BE CLEANED AND THEN RUBBED

Do not wash a hardwood floor. Wipe instead with a cloth dipped in kerosene or if you are afraid of its inflammable qualities you can buy less dangerous liquids.

Rub hard with a dry cloth after the cleaning process, and if your window ledges are of hardwood, too use the same cleaning system.

If your kitchen floor is covered with a floor protector which gets spotted with grease one of the best ways of removing the grease (and well) is to sprinkle with starch until the grease is absorbed and hard. Then scrape. Your scraping need not be so vigorous. Nor will it be so hard on the floor.

Never let grease remain on the floor for later cleaning. You will have harder work, and less satisfactory results if you do.

The cook who used to time boiled eggs by singing hymns now can save her voice by using an egg cooker. The egg whistles when the eggs are safe side. Senate sentiment has not done.

FORBES BANGS OUT 2 HOMERS AS HIGH WINS

By R. O. MOYE

Harold Forbes, third baseman and catcher for the Greenville High School team proved himself the hero yesterday afternoon by hitting two home runs, one in the second and another in the tenth inning, enabling his teammates to defeat Williamston for the second time this season by the score of 5 to 4 after the score had been tied at four-all since the sixth inning.

Greenville with the aid of an error scored in the first inning, and scored again in the second when Harold Forbes hit a home run into deep center. No one was on base when he hit this one. In the fourth inning Williamston, with the aid of two hits, an error and a walk, scored two runs to tie the score up. Greenville came back in their fourth run to put across one more run. Williamston score two more in the sixth off a double, two singles and an error. Greenville came back in her half of the sixth and tallied again and the score was then knotted at four-all.

From sixth on it was a pitching duel between Hamilton for Greenville and Strawbridge for Williamston. And speaking of pitching, that boy Hamilton had them eating out of his hand yesterday, and had it not been for the misuses of his teammates, the score would have been a different story. Both he and Strawbridge allowed seven hits apiece, but Hamilton had the edge on his rival as only one of his hits were for an extra base, while four of the seven hits off Strawbridge were for extra bases, two being homers. Hamilton struck out a total of eight men, while Strawbridge struck out only one man. Hamilton allowed five passes to first, while Strawbridge allowed four.

George Laureates made one of the prettiest catches seen on the local diamond this year, when a hard hit ball went sailing by the pitcher and Laureates went way out of his position to make a beautiful stop of the affair.

Following is the box score:

Williamston.	Ab.	R.	H.	O.	A.	E.
Roberson, I.	3	0	1	1	0	1
Roberson, I.	5	0	2	1	1	1
Cook, 2b.	5	0	0	6	1	0
Hardison, rf.	5	0	1	3	0	0
Shaw, c.	5	0	1	3	2	0
Barnhill, ss.	5	1	0	1	2	1
Ward, cf.	5	1	0	2	0	0
Moore, 3b.	4	1	1	0	1	0
Strawbridge, p.	5	1	1	0	1	0
Totals	43	4	7	27	8	3

*None out when winning run was made.

Greenville.	Ab.	R.	H.	O.	A.	E.
Clark, cf.	4	1	1	1	0	0
Parrish, cf.	1	0	0	0	0	0
Pierce, 2b.	5	0	0	1	2	2
Minges, lf.	3	0	1	2	0	0
Wells, rf.	5	0	0	13	0	1
J. Forbes, lb.	5	1	1	0	0	0
H. Forbes, c.	5	2	2	10	2	0

Hamilton, p.	4	0	0	0	2	1
Totals	37	5	7	30	10	5

Score by inning:

Williamston	0	0	0	2	0	0	0	4
Greenville	1	1	0	1	0	1	1	5

Two base hits: Roberson, Hatem, J. Forbes. Home runs: H. Forbes 2. Stolen bases: Cook, Minges, Laureates. Left on bases: Williamston 10; Greenville 8. Base on balls: Strawbridge 4; Hamilton 5. Struck out by Strawbridge 1; by Hamilton 8. Hit by pitcher: by Strawbridge, Hatem, Minges; by Hamilton, Strawbridge, wild pitch, Hamilton. Winning pitcher, Hamilton. Losing pitcher, Strawbridge. Umpires, Barnhill and Roebuck. Time 2 hours.

S. S. CLASS ENJOYS SUPPER

Continued from Page One

composed of B. T. Clark and H. W. Martin, who were highly commended for their fine work.

Over two hundred persons were present and fully enjoyed the elaborate layout, which was varied because of the gastronomic reaction of some members to certain types of meat. To make sure that everybody should have something appealing to the palate, the committee provided three of the outstanding dishes of the community and the manner in which the food disappeared proved conclusively they had accomplished their aim.

Both classes were reported to have added a number of new members during the campaign, and it was indicated that although the drive had been concluded, each member would be asked to continue efforts for additional members.

CITY ALL SET FOR EASTER

(Continued From Page One)

Monday enabling the hundreds of children to take part to corner numbers of vari-colored eggs.

With rain falling intermittently today, a slight damper was put on working rapidly between showers the business field, but shoppers were hoping to be able to assemble their final wearing apparel in time to enjoy the annual Easter parade of good dressers.

The great emperor penguin grows to a height of more than four feet and weighs as much as a ten-year-old boy.

Good Will Conference

The Interracial Good Will Conference held at the Parmele Training School, Parmele, last Sunday afternoon, was largely attended. Among those appearing on program were Mr. G. H. Cox, prominent business man, Robersonville; Prof. J. A. Clark, State Normal School, Elizabeth City; Prof. C. A. Hamlin, Atlantic Christian College, Wilson; Rev. W. R. Johnson, State representative, Negro Welfare Work, Raleigh; Dr. L. R. Reynolds, Southern director of Interracial Commission, Richmond, Va.

Mr. Cox stressed the importance of all forces working together in the solution of our economic problem and that, with better understanding, each group in the spirit of good will can make its contribution to the well being of all the people. Prof. Clark urged better treatment of prisoners in camps, and that there be higher regard for law and order. Prof. Hamlin stressed the importance of a fine relationship and that each individual prepare himself to assume the responsibility of citizenship. Rev. Johnson spoke of the importance of a common understanding and that no race or individual can rise and at the same time hold another down. Mr. Reynolds made an earnest plea for unity of effort on the part of both races, and with patience and tolerance we work together to build a better state and a better nation.

Others who made interesting talks were Mrs. L. R. Reynolds, Richmond, Va.; Dr. M. O. Fletcher, Washington, Prof. T. S. Inboden, Bricks School and Mr. R. James, local citizen. Music was furnished by a quartet from Edgewood County schools, and the Training School Choral club.

Keeping Salad Crisp
Here's a spring salad hint. Put your wilted lettuce, romaine, escarole or what have you in a pan of water to which has been added one or two of vinegar. Let stand for half an hour and then take out the greens, all crisply fresh and ready for the salad bowl. Also, wrapping lettuce in a damp towel and sticking the ends of the towel in a bowl of water will keep the lettuce fresh for days at a time.

A Tribute
Husband, Dear, we miss you,
Since you have gone away;
God relieved you of your suffering
Two months ago today.

Lonely is my heart without you;
Sad it seems with me today,
For the one I loved so dearly,
Has forever passed away.

No one knows the silent heartaches;
Only those who have lost can tell.
Of the grief that's borne in silence,
For the one I loved so well.

Sleep on, dear Husband; take thy rest,
I miss you most who loved you best.
God took you home; it was His will,
But in my heart you're living still.

Written in memory by his wife,
Mrs. J. R. Worthington.

Troop 30 Boy Scouts
Troop 30, Greenville Boy Scouts held their weekly meeting on Friday night, April 12, at 7:30 o'clock at the Rotary building.

The meeting consisted of the following things: Patrol reports, announcements, secretary's report, treasurer's report and collection of dues.

Then came patrol meetings, broomstick game won by the Eagles and a merit badge game, won by Alton Johnston, followed by a talk by Rev. Combs.

After talks came drill and a talk on the first scout law (trustworthiness) by John Collins. Then the repeating of the Scout oath and law and then dismissal.

The regular weekly meeting of troop 30 will be held on Monday of next week instead of Friday, due to a number of scouts going to Chapel Hill and Greensboro.

The winners of the last base ball games were Eagles beat Hawks by a forfeit and the Foxes beat the Ravens by a forfeit. The base ball standing:

	Won	Lost	Pr. Ct.
Eagle	2	0	100
Fox	1	1	50
Hawks	1	1	50
Ravens	0	2	0

Seeing Through My Windshield

By ETHEL NICE

4-H Meetings
4-H clubs of Grimesland, Chicod, Falkland, and Stokes have had their April meetings this week.

Club winners are being selected for the District Health Contest to be held next Saturday, April 27. The winners will be announced later.

Marlboro H. D. Meeting
The H. D. club of Marlboro met Monday afternoon with Mrs. Baker.

The subject was "Buying Household Textile."

The Peirce H. D. club met Friday afternoon. This club has recently purchased some new song books.

They decided that every club member should memorize the club collect. After the business session Madames Blaney and Joe Sumner served dainty refreshments.

Leaders' School
The Leaders in Home Management and House Furnishings met in the Home Demonstration office Thursday afternoon. The subject was "Sanitation." Miss Helen Estabrook, specialist in Home Management and House Furnishings, Dr. N. Thomas Ennett, and J. P. Stowe, Pitt County Sanitary Inspector, were present, and each contributed to the program of the day. The leaders will report the meeting at the May meeting.

4-H Club Encampment
All 4-H girls who turn in creditable reports, all 4-H leaders, all mothers of 4-H girls, and all H. D. club members are invited to the annual 4-H encampment at Camp Leach, June 8 to 12. Edgecombe and Pitt Counties will camp together this year. Make your plans to attend. The Camp fee will be three dollars, and each camper will take some food. Let's have a big camp and a real summer vacation before tobacco season. There will be no County Short Course this year, and this encampment will take its place.

Club Schedule Next Week
Belvoir 4-H—Monday A. M.
Farmville H. D.—Monday P. M.
with Mrs. J. R. Lewis.

Bethel 4-H—Tuesday A. M.
Winterville H. D. at 1 P. M.

Fountain 4-H—Wednesday A. M.
Ballard's Cross Roads Wednesday P. M.

Pactolus 4-H—Thursday A. M.
Chicod H. D.—Thursday P. M. at the home of Mrs. Bruce Tyson.

Bell Arthur 4-H—Friday A. M.
Grifton H. D.—Friday P. M. Mrs. Chauncey.

County Health Contest Saturday A. M.

SIMPLE SANDWICHES TASTY FOR AFTERNOON OR EVENING

Sometimes the busy housewife has not the time to prepare a great variety of sandwiches for the afternoon and evening party, but would like something unusual, yet appetizing, to everyone.

Grate some cheese and mix it with butter. Add a little mayonnaise and sprinkle with cayenne pepper. Mix well. Cut out squares, cubes and thin slices of bread and toast. Then put your mixture over them.

Another novelty in taste and appearance is drained pimiento, sliced. It may be placed on your bread squares with a thin slice of cheese on top. Cover with a little flour and fry in butter. You can make your toast first and then cover with the fried spread.

HOPEFUL GIRL GRADS LEAVE BRIDES' SCHOOL

Dalren, Manchuria. (AP)—A school for brides here has just turned out nineteen young Japanese women, who, armed with diplomas are now busily looking for husbands on whom to practice their newly-acquired theories as to how to make husbands happy.

Styling itself "The School of Life," the institution was started early last year by local women's clubs, aided by the South Manchuria Railway Company. Like most college graduates, the school's first crop of alumnae are "looking for jobs."

The sun is cool compared with many stars in the solar system, according to recent scientific measurements of the heat on distant stars.

ANNOUNCING The Opening of SANDWICH SHOP

Next door to Warren Feed Store

PUSH BATTLE ON EXEMPTED FOODSTUFFS

Senate Food Exemptionists to Continue Battle For Nine Basic Articles

Reflector Bureau, Sir Walter Hotel.

Raleigh, N. C., April 20.—The Senate is staying here today and working on its public calendar, the first time it has held a session on Saturday at which public bills have been considered, during the 102 days the General Assembly has been in session. More than forty-five important State-wide public bills were on the calendar when the Senate started its session this morning. Indications were that it would not complete consideration of more than five or six of these today. It will not take up the revenue bill again until Monday night.

The House, as usual, declined to consider anything but local bills at this morning's session, and only a handful of House members were present at the purely perfunctory session which lasted only a few minutes. In fact, only about 75 of the 120 House members were present yesterday and most of them left yesterday afternoon, not to return again until Monday night.

The Senate was not very anxious to stay here today to work on its public calendar and would not have been for the fact that Lieutenant-Governor A. H. (Sandy) Graham cast the deciding vote that kept the members here. The vote on the motion to stay and work on the public calendar was 21 to 21 until Graham cast the deciding vote holding the Senators here for the public session today. Despite this vote, many went home anyway.

HANG-OVER NO. 3—OVER SMOKING

After smoking one's taste is upset. Over-smoking makes you woozy. A glass of 7-Up completely banishes both taste and woozy feeling. You can turn to your work with new zest. All heavy smokers should keep 7-Up in the cooler—take a drink between smokes. It makes each smoke a real delight. 7-Up is not just another soda. It contains three alkaline formers and finer flavors. So insist on 7-Up.

7-Up sold wherever Bottled Drinks are sold. Order a case today from your grocer.

Next is No. 4 Hang-Over—Over Work.

Among the many bills on the Senate public calendar are the absentee ballot bill, finally reported without prejudice and certain cause extended debate; the bill writing all the various game laws into a single State wide game law, which will also produce extended debate; the Highway Department's bus and truck bill, just passed by the House, regulating the size and weight of trucks and buses; the rural electrification bill and the bill limiting the working hours of women to eight hours a day, and many others. The bill reducing the cost of automobile licenses as well as the licenses of trucks of 8,000 pounds or less, is now in the Senate for concurrence.

N. Y. Stock Market

New York, April 20.—(AP)—The stock market struck a vast gait today as traders returned from their Good Friday holiday in a decidedly bullish mood.

Gains of one to nearly three points were numerous despite some late profit-taking. The close was strong.

Transfers were 1,000,000 shares.

It was one of the liveliest Saturday sessions in about a year. The industrial, especially those of the investment type, showed the widest advance, although rails and utilities were firm.

While most of the commodity exchanges did not re-open, the grain pit at Chicago resumed business with the leading cereals jumping a cent or more a bushel in the first hour. European markets, with the exception of London money and oils, were still closed. Foreign exchanges did little. Bonds improved considerably.

Late News Flashes

Continued from Page One

a charge of neglect in performance of his duty.

Little was indicted on a similar charge.

Dr. McLaughlin, Little, Rate, Eudy and Gordon, were indicted on charges of torturing the negroes.

All five were indicted on charges of maiming the negroes.

Rate, Eudy and Gordon were indicted on charges of neglect in performance of their duties.

All five were indicted on charges with intent to kill.

The negroes charged the infection into their feet developed because the members froze while they were chained in a standing position on a concrete floor in unheated punishment cells in severe weather last January.

Greensboro Man Suicide
Greensboro, N. C., April 20.—(AP)—Wallace Clifton Wharton, 68, who

ROMANCE AT STATE

Conrad Nagle, Franchot Tone and Una Merkel in scene from "One New York Night," exciting, wisecracking romance at the State Monday and Tuesday.

operated a filling station on Spring Garden Street, extended, killed himself about 8:30 o'clock this morning by blowing off the top of his head with a charge from a double-barreled shotgun, the Guilford County coroner reported. Death was instantaneous.

Mr. Wharton, well-known to many of the older residents of the community, had a room in the rear of the filling station, and it was here the act was committed.

Hauptmann Case to Be Appealed
Blairtown, N. J., April 20.—(AP)—Egbert Rosecrans, one of the counsel for Bruno Richard Hauptmann announced today that the Hauptmann case would be taken to the United States Supreme court if necessary.

Rosecrans filed with prosecution 143 assignments of error as the opening step in the appeal to the highest New Jersey court from the conviction and death sentence for the Flemington trial court.

Setting forth in blunt terms formal condemnation of the court, the presence of Colonel Charles A. Lindbergh at the trial, the press and the "circus maximus" of the act in general which ended with conviction and death sentence for his client, Rosecrans listed reasons why the case would be submitted to the United States Supreme court.

Hauptmann is now in the Trenton state prison death house.

The lean, scholarly attorney, whose last eleven murder cases have resulted in spectacular acquittals, and who did much of the legal work connected with the trial and appeal, complained that the verdict against Hauptmann was against the weight of evidence and charged the court, presided over by the senior justice of the New Jersey Supreme court, Thomas W. Trenchard, with "repairing a free and unbiased verdict."

Congress Taking Easter
Washington, April 20.—(AP)—An Easter lull settled over congress today but in the background were stirrings of important tests to come before the NRA, bonus, social securities and other measures are settled.

The senate and house were in recess with many members leaving the city for tomorrow's religious observance.

However, the senate finance committee put in a day on legislation extending the life of the NRA for two years with the prospect it would be ten days or two weeks before the committee reports it out.

"DAVID COPPERFIELD" AT PITT THREE DAYS

Above W. C. Fields and Freddie Bartholomew in scene from "David Copperfield" which opens a three-day engagement at the Pitt Theatre Monday. The story was adapted from the work of the master writer, Charles Dickens and features 64 players, including Lionel Barrymore, Edna Mae Oliver, Maureen O'Sullivan.

WEEKLY WEATHER REPORT
Rain at the beginning of the week and other the north portion Wednesday night or Thursday. Moderate temperatures.

The wood duck carries her young around by sewing them by loose skin on the nape of the neck, much in the manner of a cat carrying a kitten.

Cleaning Hints
To remove fresh petrolatum stains, sponge with turpentine. If stains are old, rub with turpentine and roll up for one hour, then sponge with more turpentine. Boiling water "sets" the stain.

Colored linens frequently have lint on them when ironed. To prevent this wash well by themselves and rinse through three waters. Roll in Turkish towel for an hour and a half, straighten out and dry. Press on wrong side with moderately warm iron. This advice is especially good for colored handkerchiefs.

GRUB STAKES PREFERRED TO PENSIONS BY CLERKS LEAVING MECHANIZED BANK

London.—(AP)—If you were a young man, between the ages of 26 and 34, and were offered the choice of a pension of \$10 a week for life or a lump sum of \$10,000—which would you take?

This is not a puzzle concocted by some economics expert, but an actual problem faced by one thousand employees of the Bank of England, who are being let out because automatic ledger-posters and adding machines have been installed to do their work.

The bank, fabulously wealthy, presented each of the departing clerks with the alternative and gave him a week in which to make up his mind.

Three hundred have applied for the pension. The other 700 are taking the \$10,000 and setting forth to conquer the world.

England's leading industrialists are almost unanimous in approving the latter choice. Half of the lump sum they suggest, should be put into government securities; the other half

invested in as thriving a business as can be found.

ENGLISH MINE STRIKERS PAY COSTS OF IDLENESS

Ammanford, Eng.—(AP)—Each of 745 miners who went on strike for nine weeks from the Emlyn anthracite collieries here last year, must pay damages of approximately \$7 before he can return to work.

The \$5215 was assessed by a court after the colliery company had claimed damages which they said represented the cost of maintaining their plant during the strike. The miners struck without notice.

Announcement

We have moved our plant from Evans Street and are now located at No. 716 Dickinson Avenue, opposite Forbes and Morton Warehouse.

Our new home is much larger, has better lights and is better located, being convenient to both Tobacco Town and the business district.

We have installed new and better machinery and are now prepared to take care of your printing needs neatly and promptly.

Visit us in our new home. We will be glad to show you how modern printing machinery operates and demonstrate to you how promptly your needs can be taken care of.

Your friendship and patronage have made it possible for us to grow from a very modest beginning to the modern plant we now have and for this we want to express our deep appreciation and to assure you that at all times we will try to meet your expectations when business is entrusted to us.

Yours to Serve, Day or Night
