THEFT RING
BROKEN UP BY
PITT OFFICERSTwo Reputedly
Wealthy Raleigh
Men Held as "Brains
of Cigarette Ring"

In the seizure of two reputedly wealthy Raleigh filling station-store operators and four negroes, local police and county officers believed today they had broken up a ring of cigarette thieves which operated from Raleigh through this section of the state.

Alton J. Honeycutt and his son-in-law Garvey Ray, were brought to Greenville from Raleigh by county officers yesterday, given preliminary hearing and bound over to the next term of Superior court under bond of \$1,000 each. They were remanded to the county jail in default of bond for a short while, but this was arranged last night and they returned to Raleigh.

Four negroes, Boston, McNeal, John Dunbar, James Hinton and Immanuel Crump, are charged with doing the actual stealing of cigarettes from Norfolk-Southern freight cars April 5, and turning the merchandise over to the two Raleigh men for disposition.

McNeal was given hearing at the last term of criminal court and sentenced to state prison. True bills were also returned against Dunbar and Hinton, who had not been arrested at the time. Dunbar was arrested at Belhaven last week and Crump was taken into custody over the week-end and was held under \$1,000 for criminal court.

Officers said today that Honeycutt and Ray, operators of filling stations on the Raleigh-Wake Forest road, are held on charges of breaking and entering as well as receiving goods known to be stolen. Chief of Police George Clark described the two men as the "brains of the ring," which has operated around Raleigh as well as in this section. He said both had previously served terms in federal penitentiary on similar charges.

Several of the cases of cigarettes stolen here were recovered before they could be delivered to Honeycutt and Ray, who were said to have sent trucks out for the stolen property.

J. H. House Dead;
Funeral Tomorrow

J. H. House, aged 79, died at the home of his daughter, Mrs. R. C. Wilson, 1012 Evans street, this morning at 11 o'clock, from a lingering illness. Mr. House was reared in Pitt county and was the son of the late Jarrett and Sallie Ann Harrington House. He was a prosperous farmer of the Parker's Chapel community, this county. Mr. House moved to Greenville eleven years ago and has since lived with his daughter. He is survived by two daughters, Mrs. R. C. Wilson and Mrs. Garland Hudson of Greenville, and the following sons: J. J. House, Emporia, Va., Carey House, Kingston, J. C. R. D. T. R. and Frank House, all of Greenville.

Funeral services will be conducted from the home, 1012 Evans street, tomorrow afternoon at 3 o'clock, by Rev. W. A. Ryan, pastor of Eighth Street Christian Church. Interment will follow in the family graveyard near Greenville.

Active pall bearers will be: Jack Spain, H. L. Bowman, Alton Clapp, Ed Dixon, George Clark, Ralph Fleming.

Honorary pall bearers: Lawrence Cobb, Frank Savage, K. S. Woolard, George Gardner, John Conclenton, Bud Moore, George Clapp, Sr., Will Simmons, Lumma Fleming, R. E. Wilson, C. L. TWO WOMEN GRANTED
LICENSES TO PREACH

Asheville, May 14.—Two young women are among the persons just granted licenses as local preachers by the Methodist Episcopal Church, was announced today. The district conference has just closed and was held at the Piney Mountain Church near Candler.

The young women are Miss Christine Lynn of Hayesville, and Miss Carol Gibby, of Lansing, in county.

Many Mothers
at Theatre
Party Monday

A hundred and thirty mothers 55 years of age or older were guests at the Pitt Theatre-Daily Reflector annual Mother's Day theatre party given at Pitt theatre yesterday afternoon. Attendance was the largest since inauguration of the party several years ago.

One of the mothers came from as far as Reading, Pa., another from Raleigh and the remainder from Pitt county.

They were treated to one of the feature pictures of the year, "Roberta," starring Irene Dunn, Ginger Rogers and Fred Astaire. The show started at 1 o'clock but mothers were permitted to attend as late as 2 o'clock.

AUTO STRIKE
AT TOLEDO
ENDED TODAYChevrolet Workers
Return to Work Following Inactivity of Three Weeks

Toledo, O., May 14.—(AP)—The three weeks' strike of the Chevrolet Automobile plant here ended today and plant officials moved quickly to return to full speed production.

The union workers who voted 732 to 385 to end the strike were divided however, in the opinion of the settlement. James Roland, chairman of the strike committee, declared the results "a dirty deal."

The vote followed a stormy meeting during which Francis J. Dillon, American Federation of Labor organizer for the automobile industry, once declared the local united automobile workers federal union suspended from the organization. Dillon left this morning but later on at the request of union officials was present for the vote of peace which Dillon had recommended. Later the organizer attended a meeting of the local executive committee and said that everything was "settled."

Miss Effie Moore
Laid to Rest Today

Funeral services for Miss Effie Isabella Moore, who died at her home in the Stokes community yesterday morning after a lingering illness, were conducted at the home this afternoon at four o'clock by Rev. R. F. Pittman of Ayden.

Miss Moore was one of the most beloved women of the Stokes community and funeral services were largely attended.

Miss Moore was the youngest daughter of the late Guilford and Mary Moore of the Stokes community. She never married and lived at the old home place with her brother and sisters.

She was a member of the Sweet Gum Free Will Baptist Church and manifested much interest in the work of the denomination as long as her health permitted.

She is survived by two brothers, Ira and Guilford Moore; five sisters, Misses Etta, Viola, Bertha and Mrs. G. A. Ross of the Stokes community, and Miss Arlie Moore, of East Carolina Teachers College. She is also survived by several nephews and nieces of the Stokes community.

Rocky Mount
People Injured
In Auto Wreck

Mr. and Mrs. George T. Burnette and Mrs. F. L. Perry, of Rocky Mount, were painfully injured when the car in which they were riding skidded on the wet pavement and overturned between Greenville and Farmville yesterday during a severe rainstorm.

The party was brought to Greenville where they received treatment for painful bruises before returning to Rocky Mount. They were en route to Washington.

Mr. Burnette, a brother-in-law of Mrs. R. T. Burnette, of Greenville, was driving when the car suddenly skidded, went out of control and turned turtle. The car was so badly damaged the party had to use another machine for the return trip home. The accident happened about six miles from Greenville.

TWO SENTENCED FOR
ATTACK UPON YOUTH

Wilson, May 14.—Cleveland Pearce and Charlie Robertson, Negroes, were sentenced to ten years in State's prison by Judge N. A. Sinclair in superior court yesterday morning after one had pleaded guilty and the other had been found guilty of stabbing Grady Jackson, Elm City, youth.

ITALY STILL
GETTING READY
FOR ETHIOPIAMobilization of New
Troops Announced
As Conciliatory
Move Wavers

Rome, May 14.—(AP)—Italy may have 950 troops mobilized by Friday, it was indicated today, as her relations with Ethiopia wavered between conciliation and increased belligerency.

A government spokesman announced that members of the class of 1912 had received mobilization orders, and referred to Ethiopia's "evident attitude of hostility."

He added that Italy is prepared to make a conciliatory attempt to make peaceful settlement of the East African dispute under the arbitration treaty of 1928, but would not do so until assured of the right intentions of Emperor Selassie.

It was learned that the British were trying to force conciliation and prevent the issue from embarrassing to League of Nations Council and that this was far from pleasing to Premier Mussolini, but he finally conceded to the constitutional proposals when France asked them.

The British were said to have made it clear that every possible move should be made to avert an open flash at Geneva or any action in Africa which might lead to hostilities.

SENATE PROBE
OF ISLANDS IS
POSTPONEDInvestigation of Virgin
Islands Concluded
Until October Over
Lack of Time

St. Thomas, Virgin Islands, May 14.—(AP)—A senatorial investigation into the administration of Virgin Islands today was suddenly postponed until October.

Senator Reynolds of North Carolina, chairman of the senatorial committee, took the adjournment on the authority of Senator Tydings, democrat, of Maryland, of the full senate committee.

Lack of time was given as the reason.

The North Carolina senator promised that a full senate committee would come here in the fall for an exhaustive inquiry into charges and counter charges exchanged by Governor Paul Pearson.

An imposing array of attorneys, investigators, native and white witnesses and documentary evidence had been assembled for the scheduled hearing today.

Former Resident
Of This City Dies
In Columbia, S. C.

Walter I. Pender, 65, of Johnston, S. C., former resident of Greenville, and kinsman of Mrs. A. J. Moore of this city, died in Columbia, S. C., last Saturday morning after a long illness, according to information received here.

Funeral services were held in Hendersonville Sunday.

Mr. Pender was well known in this section of the state. For some years he was stationed in the Canal Zone on federal business, but retired about 10 years ago to live in Johnston. He lived in Greenville for a number of years and was well known here.

He is survived by his wife, one son, Preston, of Hendersonville and Kelly Field Texas; a daughter, Miss Susan Pender, of Johnston, and a sister, Mrs. Williams, of Raleigh.

Four Held In
Assault Case

Four men, two white and two colored, were scheduled to face county court today on charges of assault growing out of a fight, over the week-end.

Joe Baker, who allegedly attacked Alonzo Hardee, colored, with a knife, inflicting a deep gash requiring 13 stitches to close, was held under bond of \$100 following preliminary hearing before Magistrate C. B. Rowlett here yesterday.

Hardee issued a counter charge against Baker for assault and a charge against Jesse S. Atton, colored, for assault on Glasgow Baker. All were bound over to county court under bonds of \$100.

FARMERS LAUD
AAA ON VISIT
TO CAPITALThree Thousand
Growers From South
and West Yell to
See President

Washington, May 14.—(AP)—Three thousand farmers from the south and the west jammed Constitution hall today, shouted praise to the AAA and looked forward to hearing an address in the afternoon by President Roosevelt. Yelling wildly, the farmers stood and cheered for several minutes when W. H. Robertson of Loachotoka, Ala., asserted:

"This is probably the first time in history when a group has visited this city merely for the sake of thanking a great president and his administration for their helpfulness."

On the platform with him was Secretary Wallace, who was greeted with three minutes of cheering when he appeared. Wallace smiled and was obviously pleased.

The farmers got up early—as usual—and churned around Washington hotels and streets waiting for their chance to voice support of the AAA program. Neatly dressed for the most part but with their bronzed faces burned by sun and wind revealing unmistakably their calling, they walked about downtown street's long before Washington office workers came down for their daily tasks.

One group of farmers sat on the curbstone in front of the Hotel Pennsylvania, nonchalantly spitting tobacco juice into the street. Others visited parks around the White House and Washington monuments.

A frequently expressed hope of the farmers was to see President Roosevelt.

"If we could only see him for a moment, even if he would come out to our meeting room and wave to us, it would mean a lot," a South Dakotan commented.

NO ELECTION
ON WHISKEY
CALLED HERECommissioners of Wil-
son County Meet To-
day to Call for Ref-
erendum Soon

It was understood that the Wilson County Board of Commissioners met today to call an election on the question of legalizing whiskey there.

Wilson was among the 17 counties given this permission during the final sessions of the legislature last week, and it was understood the remainder were to act on the question in the near future.

Although Pitt county was among the number, it was understood today that nothing definite had been done toward calling an election. It was said at the court house this afternoon that the commissioners had not called a meeting to act on a referendum, and probably would wait for a delegation of citizens to make the request.

A petition said to have contained several hundred names was sent from Pitt county to members of the General Assembly last week, asking that the county be included among those asking for authority to call a referendum on the subject.

It was indicated the commissioners did not wish to take the initiative in calling a public ballot on the issue, but they would be required to do so under the law on the application of a small number of citizens.

The report from Wilson indicated that a petition was filed with the commissioners immediately after it became known that 17 counties had been authorized to hold elections on the question, and the meeting was set for today.

Newspaper Editor
Dies In Georgia

Savannah, Ga., May 14.—(AP)—Pleasant A. Stovall, editor of the Savannah Evening Press and former United States Ambassador to Switzerland, died today. The 77-year-old editor had been in poor health for sometime. He died at his residence here.

Long one of the leaders in the field of journalism, Stovall began his news career after graduating at the University of Georgia in 1855. He started as a reporter on the Athens, Ga., Banner, later joined the staff of the Augusta Chronicle and shortly became associate editor of the Chronicle. He established the Savannah Chronicle here and continued its sole owner for many years until January 1, 1931 when he sold it to H. V. Jenkins, of the Savannah Morning News. Stovall continued as its editor.

Baseball Moguls
To Give Roster
Okay Here Tonight

A meeting of the board of directors of the Greenville baseball club of the Coastal Plain League will be held in the directors' room of the Guaranty Bank & Trust Company tonight at 8 o'clock. It was announced today.

Club finances, completion of the roster of the club, and final approval of the schedule are the big issues to be given consideration tonight. It was said that announcement of the roster and schedule would be made immediately after the meeting.

The schedule providing for games with seven other clubs of the circuit calls for Sunday games. It was understood, the Board of Aldermen sometime ago having given the club permission to play Sunday baseball here.

Senate liberals insist the railroads must "go through the wringer" meaning that they must scale down their fixed charges as represented by bonds. The scrap really revolves around the Wheeler resolution to investigate the bankers' handling of the Missouri Pacific. Senator Wheeler believes such an inquiry will show that the road was "looted" by the financiers. His resolution passions the Senate easily enough but for some reason has been held up in the Senate Audit and Control Com-

mittee which authorizes expenditures. The investigation may be comparatively unimportant in itself. But Mr. Wheeler figures it will furnish publicity and set the stage for bankruptcy act amendments to compel reorganizations. He hopes it will bring the railroads to time as the Pecora inquiry resulted in creation of the Securities and Exchange Commission. Some railroads—not all—are putting up a stiff fight against his plan. They urgently plead to be left alone and allowed to save themselves in their own way.

COAL MINERS

Between Pickets and
Police Near Wilkes-
barre

Wilkesbarre, Pa., May 14.—(AP)—Fifteen miners were injured in a battle between picket, miners and state police at the Nottingham mine of the Glen Alden Coal Company at nearby Plymouth.

Police reported that several cars of miners enroute to the colliery were stoned before daybreak. The disorders were resumed as the men prepared to go into the mine. Clubs and stones were hurled.

State police were rushed by the pickets, it was said, and shooting broke out. Five men wounded were taken to the hospital.

About ten others were taken to their homes after medical aid had been given them for minor injuries.

Members of the United Mine Workers of America and the United Anthracite Miners of Pennsylvania had been in controversy in Luzerne county, for several months. A strike called at Glen Alden collieries in February by the anthracite workers was resumed several days ago after a break over police.

The strike was called in demand for the recognition of union workers.

WALDROP IS
CLUB SPEAKERLocal Banker Gives
Rotarians Impress-
ions of Recent State
Bankers Convention

By WYATT BROWN

"We are now looking to Washington instead of Wall Street and everything appears to be picking up," said Herbert Waldrop to the Rotarians last night in giving them of his outstanding impressions of the recent North Carolina Bankers convention in Pinehurst. These remarks were in line with the Rotary custom of each member presenting his classification and its significance to society.

"A bank is a public institution. Everyone is interested in the banks. Today the banks have rigid supervision and regulation at the hands of the state," he said. In presenting the facts of how we came to have just the type of state regulation in force today, Mr. Waldrop explained that up to 1931 the banks were under the supervision of the State Corporation Commission which provided unsatisfactory enough that in 1931 the state legislature passed an act providing for a bank department separate and distinct for the one purpose of supervising and regulating banks. The governor appoints a board of four. The public is spared any expense for maintaining this department since its expenses are assessed pro rata among the banks. There has been some dissatisfaction with this present provision as evidence in the promotion of the Stone Bill to change the banks to the Utilities Commission which is the successor to the duties of the old Corporation Commission. This bill was fought by the banks and was defeated.

"Our banking system is greatly changed from what it used to be. It will continue to change. It will be even more carefully supervised. For further safety of depositors the Federal Deposit Insurance Corporation was created by our Federal government and each bank must join. Regulations by this organization are handed out to each bank. All banks joined."

Mr. Waldrop next explained why there is both a North Carolina Bankers Association and a North Carolina Clearing House Association when they are identical organizations. It seems that in order to satisfy the NRA the Clearing House organization has to be created. The NRA rid the banking fraternity of unfair competition and through the Clearing House as a medium of control set up certain minimum service charges, hours open, and minimum wages for employees.

"By means of the service charge each account can stand upon its own bottom. Small expense to handle accounts do not have to be charged to some other account. No bank in North Carolina can charge less than this set minimum but any bank or group of banks can upon arrangement charge more than the minimum. None in Greenville charge any more than the minimum. Bonus Held Back From President.

Washington, May 14.—(AP)—Cash bonus leaders in Congress decided suddenly today against sending the Patman currency bonus bill to President Roosevelt yet because "we are not ready to have it vetoed."

Just when it would go was undetermined. A stream of messages urging President Roosevelt to approve or veto the bill continued to pour into the White House. Administration leaders predicted that the presidential veto would end the bonus for this session of Congress.

Walter Frank and Paul Frank, colored, charged with violating the state fishing laws, were given preliminary hearing before Magistrate C. B. Rowlett here yesterday and were fined \$10 each and cost.

The two men were alleged to have been caught by Heber Savare, game warden, while fishing in Sheppard's mill pond in Carolina township last Sunday.

They were ordered to appear for hearing here yesterday.

In passing sentence, Magistrate Rowlett called attention to the fishing laws which prohibit fishing during the closed season only on Monday, Friday and Saturday. The law became effective May 1 and extends through June 10. The law applies to all inland waters.

PICTURES GOD
AS A PAINTER
OF PORTRAITSDr. S. D. Gordon Is
Again Heard By
Large Crowds at
Baptist Church

Describing God as a "portrait painter," Dr. S. D. Gordon of Winston-Salem, internationally known writer and lecturer, delivered his fourth sermon in the series of revival services which opened at Memorial Baptist Church Sunday morning.

He said God has presented the world with four pictures of Himself to "make it possible for us to know him." This is done, he explained, because many are suffering from "spiritual stigmatism" and do not see straight and true.

The fifth sermon of the series was delivered this morning on the subject "Have Faith in God." It was the second of the series of 8 to 8:30 morning services to be held each day the revival is in progress, and a good crowd was in attendance.

As on Sunday, the church was packed to capacity last night with Baptists and members of other denominations wishing to hear the Biblical truths as enunciated in the peculiarly fascinating Gordon style. Dr. Gordon doesn't preach, he merely talks in a gentle, friendly way. His messages because of the unique style of presentation and his knack of delving into the great truths of the Bible and handling them doubly effective.

The revival will continue through Thursday night with two services daily. Rev. A. W. Fleischmann announced at the opening service that arrangements had been made for school children to attend the morning services and refresh school, to ample time for classes. The school authorities approved of the arrangement and urged children to take advantage of it.

One of the features of last night's musical program was a duet by Rev. A. McDougal, director of the choir, and Rev. A. W. Fleischmann. Dr. Gordon's subject last night was "An Old Portrait of God Restored." His text was taken from the pen pictures of Hosea, 2:15 and John 15:13.

Last night Mr. Gordon said in part: "God is a portrait painter, and has presented four portraits of Himself. This He has done in order to make it possible for us to know Him. The reason for it lies in the fact that we have spiritual stigmatism, and in consequence do not see straight or true. These four portraits are to be found, first, in all of nature. The heavens declare the glory of God, and the firmament showeth His handiwork. His glory is what He is in Himself. The second is in every human heart. That was the true Light, which lighteth every man that cometh into the world. The third is in a person—Christ: He that hath seen me hath seen the Father; and the fourth in the Book. This is the standard by which we measure the others. All of them have been made by Him whom we call Jesus.

"Five words throw light upon the portrait, an old one that we would view, restored. FATHER, this word suggests the 'strength of love.' MOTHER, a finer word than father, for it brings us the tenderness of love, the willingness to suffer IN love. God is not called 'mother' straight out in the Old Book, but there is much mother-talk there. Note Psalm 91:1-4. FRIEND, this is the third word. As the little lad defines it, 'A friend is one who sticks by you when everybody else leaves you' is quite applicable to the thought of God. God is always calling somebody His friend. 'Abraham, my friend.' But this friendship is always two-sided. God is the friend first. And friendship involves fellowship, and is also exhibited in emergency. Because of the emergency of SIN, God meets our need as our friend. The fourth word 'LOVER-SWEETHEART'—brings to us another fine feature of this portrait, and it is one that needs careful looking at in order to get its inner message. The last word is HUSBAND. Thus at two lives joined, the new unit is made. It is man AND woman.

"Two important tests of love are presented, first, when one has done wrong, and when, second, danger threatens. God met both these tests at Calvary hill, and did so in the language of action. 'There He says, 'You are bad—SIN and I love you.' He gave himself to make the heart clean, pure and loving."

This morning's subject was "Why Prayer Doesn't Change Things Sometimes." "Have Faith in God," Mark 11:22. "The emphasis here," said Dr. Gordon, "is to be placed on the word GOD. Faith leads us to look in. Thinking on Jesus on the throne turns our eyes upward. GOD answers prayer. Three things interfere from the God-man who (Continued on Page Three.)

AN INVITATION TO THE CORONER

Your chances of being in-
volved in a fatal automobile
accident are much greater
on highways than anywhere
else. Bad as the urban acci-
dent rate is, the death toll is
mounting fastest in rural ter-
ritories, even though traffic
is less dense.

Last year 167,000 acci-
dents occurred on highways.
The result was 160,000 in-
juries—and 13,000 deaths.
By contract, 286,000 city
accidents caused but 8,000
deaths. In 1934, the rate of
death per accident on high-
ways was more than 100 per
cent greater than the aver-
age for all accidents com-
bined.

The reason isn't hard to
find. The modern highway
is wide and smooth, rarely
congested. It looks as safe as
your own back yard. And, as
a consequence, thousands of
drivers relax behind the
wheel, and step hard on the
accelerator. When a crisis
arrives, they react too slow-
ly, or are going too fast to
avoid a smash—and death
follows.

That is especially worth
remembering now, with the
appearance of summer. Most
motorists will be making
trips into the country—and
they should keep in mind
the unhappy fact that som-

indications that the average citizen is beginning to loosen up with his small change.

Postal Savings deposits provide the clearest test of the average man's fears and fancies with respect to investments. Just before the 1933 bank holiday they reached the unprecedented total of \$1,208,000,000. Frightened money flew from banks to the Post Office. They remained near that figure until this February. Now they have begun to drop for the first time. They reached \$1,202,000,000 in March and untabulated April figures may fall much lower.

Three factors are responsible. Government guarantee of bank deposits is teasing Postal Savers back to the banks. The 80 per cent underwriting of home-building-and-financing mortgages is tempting them to seek a more profitable use for their money in building and loan associations. And "baby bonds"

paying 2.9 at 10-year maturity are attracting this type of investor.

GRIEF: The Tennessee Valley Authority has been caught—quite innocently—in several embarrassing postures recently. While President Roosevelt and the Chamber of Commerce were stalling their duel, TVA was canvassing Chamber of Commerce officials for a man to head its industrial division. While New England interests were complaining of the textile trek to the South, the TVA was accused of urging Middle Western corporations to move from Ohio to Tennessee.

TVA officials say all they want is a man to handle the manufacturing and marketing facilities for industries native to the valley where they are providing cheap power—ceramics, handcraft and weaving. They deny that they are soliciting factories to move from their present location to the vicinity of Norris and Wheeler dams.

Although one of the President's pet projects, TVA may yet cause him grief. Democratic Senators are the chief protestants against any program to shift industry southward. They voted for the experiment in the administration's early days but apparently did not discern its implications.

DELAY: Liberals in Congress are complaining about the slowness of the Communications Commission in starting the A. T. and T. investigation. They can't understand the circumstances surrounding choice of a man to conduct the \$750,000 inquiry.

The Commission first selected Max Gardner, former Governor of North Carolina and lawyer for the textile industry in its controversy with the A. T. and T. It is customary to ascertain in advance whether the appointee will accept, but this was not done in Mr. Gardner's case. It brought him gilt-edged publicity but he immediately resigned—explaining that he could not afford to abandon a Washington law practice which nets him \$100,000 a year.

Certain commissioners who favor another man—an old comrade of the President in his power fights at Albany and Washington—were not consulted in the selection of Mr. Gardner and did not know of his resignation until the last minute. They are worried lest the delay place them in a bad light on Capitol Hill—and at the White House.

MORTGAGES: Banks that cornered all the credit machinery of their communities are quietly resisting the Federal Housing Administration's new system of mortgage insurance, though they dare not fight it openly. The FHA holds interest down to 5 1/2 per cent and the banks don't like it. Mortgagees are invited to let FHA know when—then the heat is turned on. Big insurance companies are snapping up the insured mortgages and

HANG-OVER NO. 7 MENTAL LASSITUDE

Brain workers, desk workers, students, know too well what lassitude does to them. They cannot concentrate, cannot half do their work. Toxicity is the trouble and to neutralize that condition is necessary. A glass of 7-Up sweetens the stomach—the millions of gas particles in 7-Up bombard and purify the internal surfaces. One turns to their work with new zest and sleeps like a top. 7-Up was originated to do this kind of work. Be sure it is 7-Up. 7-Up sold wherever Bottled Drinks are sold. the stock exchanges. They are designed to save the small investor from the depredations of phony stock salesmen.

Chairman Kennedy estimates that more fly-by-night promoters flood the country now than ever before. Keeping abreast of developments as designers of fashions do, their chief offerings at present are mining securities—gold and silver. Last year they sold more fraudulent stock in Chicago than the total of legitimate securities issued in the Federal Reserve District for which Chicago is the headquarters.

Now every dealer of that sort must be registered with the commission and failure to register is in

itself a crime. The act of registration, however, is no guarantee that the offered securities are good. It still pays to choose your broker with care.

Drinking polluted water during the great stockyards fire of Chicago caused severe illness among a number of firemen and bystanders.

Gulf's new Multi-sol process now brings you

A PREMIUM
MOTOR OIL FOR 25¢

THE NEW
GULF-LUBE

Again Gulf offers a saving...Now you can get a premium oil at a popular price!

HAVE YOU ever wished for a premium motor oil—without a premium price...?

Then—listen to this...

There is now a premium oil—with full premium oil qualities—that sells for only 25¢ a quart. It is the new Gulf-lube.

What makes Gulf-lube a premium oil?

For many months, Gulf technologists focussed their efforts on a better method of making motor oil.

Out of their efforts has come a giant new Gulf refinery, operating upon a new refining principle—the Multi-sol process.

And from this new process and new refinery comes the new Gulf-lube!

How the Multi-sol process works

Under this history-making new process, solvents of two opposite actions are used.

One action dissolves out the impurities and settles them to the bottom

THIS BOTTLE of milk shows what the Multi-sol process does for Gulf-lube. It separates the "cream" from the "milk." Selective solvents settle the impurities in the oil to the bottom, and float the desirable parts to the top. This "cream" is then skimmed off. Gulf-lube is the only 25¢ oil made by this process.

SEE WHAT HAPPENS when a piece of ordinary glass is hit with a hammer. Now see what happens to a piece of shatter-proof glass. That's the difference between a "brittle" oil and "shatterproof" oil—Gulf-lube. The former breaks under piston heat. The latter keeps its body and protects your motor.

Try just one filling!

Try this extraordinary new oil. Fill up with the new Gulf-lube—and you'll notice a difference before you drive your first hundred miles!

You'll add less oil between drains—for Gulf-lube's already high mileage has been stepped up 20% to 25%! You'll get less carbon, less sludge—and far better motor protection.

You can get the new Gulf-lube at all Gulf dealers—at only 25¢ a quart.

GULF REFINING CO.

No other 25¢ motor oil gives you all these quality points!

1. It is Multi-sol processed.
2. Its already high mileage has been stepped up 20% to 25%.
3. Highly resistant to oxidation—non-sludging...extra long life.
4. It has a high viscosity index—

- thins out less under heat... easy starting year-round. Thoroughly de-waxed.
5. Forms far less carbon.
6. High film strength—a pure mineral oil that will not corrode new alloy bearings.

Plan For Poppy Sale.

Complete plans for the observance of Poppy Day here on Saturday, May 25th, were announced by Mrs. K. B. Pace, poppy committee chairman of the Pitt County Unit of the American Legion Auxiliary, following a special meeting of the committee. Organization of a corps of volunteer workers to carry out the distribution of the memorial poppies throughout the city was completed and leaders appointed to direct the work in the various areas.

"The American Legion Auxiliary poppies will be distributed entirely by volunteer workers," said Mrs. Pace. "The response to our call for volunteers has been very gratifying from both our senior and junior members, and we will be able to give everyone in the city an opportunity to wear a poppy on Poppy Day. As the workers will serve entirely without pay or commission, every penny contributed in exchange for the flowers will go for the welfare activities of the Legion and Auxiliary."

"The enthusiasm of our women for the Poppy Day project is due to the two great purposes which the little memorial flower achieves. First it pays tribute to those gallant young men who sacrificed their lives in defense of American ideals of France and Belgium. Second, it raises funds for the relief and rehabilitation of the living victims of the war, the disabled veterans, their families and the families of the dead. We are hoping that the people of Greenville will understand the significance of the poppy and give us their support on Poppy Day."

Students Visit Wilmington.

Eighty students, members of the Science Club of the college, visited Wilmington today. They left about eight o'clock in private cars belonging to members of the faculty and the club. They planned to inspect the chemical plants, which included the bromine plant, a fertilizer plant, one manufacturing pine tree products, and perhaps the water plant.

Each year the club makes some trip for special scientific study. Last year they visited the biological laboratories in Beaufort.

The trip was in charge of Miss Lorraine Hunter, adviser from the Science faculty. Robert Sugg Fleming of Greenville, has been president for the past year.

Choral Club Members.

Will all members who are interested in going to Raleigh Sunday, May 19, to the state-wide Festival, please be at the library tonight at eight o'clock to make plans. The president insists on a full attendance.

Miss Lawrence Ill.

Friends of Miss Mattie Lawrence will regret to learn that she is ill at her home on Summit street.

Luncheon For Mrs. Tripp.

Mrs. John Adams, Jr., was a gracious hostess at luncheon the past Saturday at the Woman's Club, complimenting Mrs. Harvey Tripp who was recently married. Rose and other colorful garden flowers were artistically arranged in the rooms where the guests were entertained.

On arrival guests were greeted by Mrs. Adams and presented to the honor guest, Mrs. Tripp. Mrs. John Adams of Oxford, Mrs. R. C. Grady, a recent bride, Mrs. Paul Royer of Norfolk, Va., Miss Louise Winslow, bride-elect of June, and Mrs. Earl Westbrook of Dunn.

Mrs. David J. Whitehead, Jr., introduced guests to a second receiving line composed of Mrs. Needham Ward, Mrs. Cecil Bilbro and Mrs. F. B. Haas.

Mrs. H. S. Ragsdale and Mrs. W. T. Lipscomb, seated at the table, served the tempting barbecue luncheon. They were assisted in serving by Mrs. W. L. Whitehead, Miss Helen White, Mrs. Archie Sugg and Mrs. L. E. Tyndall.

The table was attractively appointed, covered with an imported cloth and centered with a bowl of pink roses.

From a smaller table Mrs. C. M. Jones served pineapple ice.

As a reminder of this delightful affair Mrs. Tripp was presented with silver candlesticks.

Mrs. R. L. Crow Winner In Name Contest Here

It was announced today that the name of the new Gulf filling station on Dickinson avenue next to Keel's warehouse had been selected. It is "The Golden Leaf." Mrs. R. L. Crow was declared the winner in the name contest recently conducted by the operators and she was awarded \$5.

It was stated that 350 answers had been received from the advertisement carried in the columns of the Daily Reflector. Two or three names similar to the one selected were offered. They were Golden Leaf Service Station, Gold Leaf and Golden Leaf, but it was left to Mrs. Crow to provide the cognomen that suited the judges the best.

The new filling station offers spacious parking in the rear away from the glare of the lights and noise of the highway, and the public has been cordially invited to pay it a visit.

Spending Large Sum.

The following statement is issued by H. J. Klingler, president and general manager of the Pontiac Motor Co., and E. F. Fisher, general manager of the Fisher Body Corporation:

General Motors will spend \$3,000,000 in the next few months upon expansion of production facilities for Pontiac automobiles at Pontiac, Michigan.

Expansion of the Fisher Body Corporation plant which supplies bodies for the Pontiac car will cost \$2,500,000. In addition \$1,000,000 will be spent in enlarging the Pontiac Motor Division plant.

The enlargement will include new buildings, machinery and equipment. Construction work has been started.

The rapid increase in the demand for Pontiac cars has exceeded the expectations for this year. This is bound to result in further demands being made upon the plant during the next year. We are moving to meet this expected increase in business.

Police to Have Radio System. Kingston, May 14.—The radio system of the local police department will be in operation in a short time. Equipment has been set up in the station. A very few cars will be used at first but the fleet will be added to before many months.

The sending apparatus is being installed under the supervision of a local engineer.

Cardul For Girls In 'Teens. Because of the benefit it has been to them, many mothers give Cardul to their daughters on their reaching young womanhood.

"When I was a girl at home," writes Mrs. Bernice Hollen, of French Lick, Ind., "I was very irregular. At times, the blood would seem to rush to my head and my nose would bleed. My mother had taken Cardul and it had helped her, so she gave it to me. My nose quit bleeding and I was regular. Since I have been married I have felt a great deal better after taking Cardul."

If Cardul does not benefit YOU, consult a physician.—(Adv.)

CIVIL COURT HERE MONDAY

Judge M. V. Barnhill, of Rocky Mount, to Preside Over Two Week Term

A two week term of civil Superior court will convene in this city next Monday morning with between forty and fifty cases awaiting consideration.

Judge M. V. Barnhill, of Rocky Mount, will preside over the session and every effort will be put forward to relieve the calendar of as many actions as possible.

A number of cases were disposed of in a one week term of court here last week. Several other sittings of the court since the first of the year have resulted in scores of cases being cleared from the calendar.

Several of the actions scheduled for hearing during the first week were brought by Ayden people against Southern Dairies after they allegedly became ill after eating a product of the concern. The cases alone are expected to consume considerable time.

The calendar completed at a meeting of the County Bar Association last week, follows:

New York Cotton

New York, May 14.—(AP)—Cotton opened barely steady two higher to two lower with steady Liverpool cables practically offset by selling against May notices and liquidation. July advanced from 11.86 to 11.88 and the market generally was ruling around net unchanged to five points higher at the end of the first half hour.

By midday May had sold off to net losses of five points at 11.75 while later months were showing gains of 1 to 5 points. Futures closed steady 2 lower to 12 higher.

N. Y. Stock Market

New York, May 14.—(AP)—With few new influences to disturb it, the stock market continued to absorb scattered profit taking and pushed a little higher.

As a speculative factor Secretary Morgenthau's speech was generally interpreted as only moderately bullish. Various metals and equities stepped up briskly as silver quotations were lifted in London and Montreal.

Grains, cotton and other commodities were mixed with wheat reactionary. Bonds were steady to firm.

Foreign exchanges were narrow and apparently unaffected by Morgenthau's talk.

The late stock tone was steady. Transfers were 1,150,000 shares.

Late News Flashes

Continued from Page One)
The Long resolution was defeated after the Louisiana had introduced a new affidavit in his campaign against the postmaster general. Chairman McKellar of the Senate office committee had asserted Long was "trying to destroy the character of a man who doesn't agree with him."

The Louisiana had charged Farley, who is also chairman of the Democratic National Committee, with specific acts of alleged wrongdoing including the use of his office in changing contracts with private firms and of benefiting indirectly by PWA jobs.

A majority of the Senate post-office committee had made an adverse report on the resolution on March 8 and contended Long had based his accusations entirely on "heresy and rumor," and had not presented a case warranting an inquiry.

A minority composed of Republicans and the Progressive Senator LaFollette agreed that Long had failed to furnish sufficient evidence that favored the inquiry to allay suspicion in the public mind. Not a single Democrat voted for the resolution.

Dies Of Auto Injuries.
Norfolk, Va., May 14.—(AP)—Herman Horne, son of Mrs. R. H. Horne of Willard, N. C. died in the U. S. Marine Hospital here last night of injuries which he suffered in a collision of two cars on the highway near Nags Head yesterday morning.

Wallace Appeals For Processing Tax
Washington, May 14.—(AP)—A plea to hold on to the agricultural processing tax until industry removes the tariff was sounded today by Sec. Wallace to a mass meeting of upwards of 3,000 farmers from the west and south.

The farmers cheered Wallace's remarks especially when he declared the mass meeting was "the most inspiring he ever attended."

Speaking of "flexibility in unity for agriculture," the secretary warned his hearers that they must be willing and ready to change the

production control plans at any time. "At the present time," the secretary said, "I plead with you to stand resolutely for the processing tax."

W. A. Shivar, bronzed and mustached farmer from Georgia, threw the meeting into convulsions, cheering and laughing when he interrupted Sec. Wallace to say: "The middle men and critics of the farm administration are not thinking first, last and always about the farmer."

Shouting loudly the Georgian said "Brother we just knocked them loose a little bit. We are going to knock them all the way loose and do a little ourselves."

Several hundred farmers from North Carolina—leaders claiming the number to be more than a thousand—attended the rally.

They claimed they came to meet President Roosevelt.

J. H. Lane of Wilson county, a member of the advisory committee, and Dean I. O. Schaub, of North Carolina State College, were in charge of the North Carolina delegation.

R. Hunter Parker of Enfield addressed the growers on the tobacco program which he said brought prosperity to North Carolina.
