President Considering Nebulous Plans for Bolstering NRA; Seeks to Increase Mass Purchasing Power for Redistribution of Money.

(Copyright By Associated Press)

Washington, June 6.—(AP)—In the midst of sharply conflicting speculation as to what long term course the new deal may plan for NRA, some congressional leaders said today that the White House is planning tentatively new and higher taxes on inheritances and gifts.

This, as explained by legislators, who did not wish to be quoted by name, would be no attempt to continue and broaden NRA's basic social aims. It would seek, they declared, to increase mass purchasing power for redistribution of money.

It was emphasized that the idea was still in a nebulous stage and no one professed to know what chance it had of emerging from the White House in the form of a definite new deal plan.

While the ways and means committee was called together today to work on the stop-gap program to continue the NRA organization in skeleton form, a final decision had not been made as to whether any more permanent NRA legislation will be sought at this session of Congress.

Senator Robinson of Arkansas, the Democratic leader, predicted there would be none but his statement was qualified by an assertion that conditions now unforeseen may make some further steps necessary.

"Unquestionably, the study of the program will continue," he said.

Another development was an extraordinary session of the American Federation of Labor council called as result of NRA's downfall. Expressions of extreme concern over scrapping of the codes with their collective bargaining provisions had come from some of the union leaders.

They planned strenuous efforts to obtain passage of the labor legislation now pending, including the Wagner labor relations bill, the 30-hour week bill and the Guttmacher bill to regulate the bituminous coal industry with "Little NRA."

PREPARE PROP
FOR AAA WORK

New Deal Seeks To Continue Activity If The Supreme Court Rules Adversely.

Washington, June 6.—(AP)—The New Deal today sought quick legislation designed to prop the Agricultural Adjustment Administration in the event it suffers a Supreme Court setback.

Congress went to work immediately on a bill proposed by Secretary Wallace. It contained provisions that if the Supreme Court should decide the processing taxes as levied under the AAA law were unconstitutional, processors of farm products could not file suit for recovery of \$824,430,579 already paid. In case the court should object to the power which Congress has given Wallace to fix the tax rate, the legislation would provide direct authority for continuing the levies at present amounts until December 31, 1936.

Chester C. Davis, the farm administrator, said he believed the powers which would be conferred by the newly approved AAA amendments would be explicit enough to avoid Supreme Court criticism on the ground they constituted too broad a ground for legislative authority.

Army Official Found
Guilty In Lobby Case

Washington, June 6.—(AP)—Colonel Joseph I. McMullen, chief of the patients' section of the army judge-advocate general's office, was indicted today by a District of Columbia grand jury on charges of lobbying fees from a firm lobbying against a tax bill.

The officer, who was recently censured by the Secretary of War for scandalous conduct, was accused specifically of receiving a retainer of \$1,500 on July 6, 1932, from the Cuban Manganese Corporation for representing it in opposing a proposed excise tax on manganese.

He was charged in a second count of accepting \$250 on January 3, 1933, from the same corporation as a monthly contribution.

F. W. BAPTISTS
TO MEET IN PITT

General Conference to be Held at Black Jack June 11th at 8 P. M.

The General Conference of Free Will Baptists will convene at Black Jack church, Pitt County, Tuesday evening at 8:00 o'clock, June 11th. It is expected that this will be the largest gathering of Free Will Baptists in the history of the church.

Rev. J. C. Griffin, pastor has received notice of a large number coming from west of the Mississippi. A bus load from Oklahoma numbering twenty-five, a number from Texas and from several other states.

Rev. J. R. Davidson, Greenville, Ga., is the president of the conference. Rev. T. B. McLeite, head of Zion Bible School, Blakely, Ga., is recording secretary.

Rooms have been secured for more than two hundred delegates and ministers. Breakfast and supper will be served in the homes caring for the conference. Dinner will be served picnic style on the church ground each day about noon.

All Free Will Baptists throughout the county of Pitt and nearby sections are invited to fill a box or basket with food and take along with them to the meeting, and thus help to supply the demand, which is created upon the church and community by entertaining the conference. This dinner will be served Wednesday, Thursday and Friday.

A splendid program has been arranged, consisting of Divine worship, discussions of vital work of the church, special lectures, sermons, and music. The music will largely be under the supervision of Prof. Lyndon Stanley, Tupelo, Miss., with many others taking part.

DIAMOND NECKLACE
PART OF THIEF'S LOOT

Burlington, June 6.—Cutting a wire screen at a back entrance about 9 o'clock last night an unidentified robber entered the home of Paul Cobb in Central Heights and plundered wardrobe and drawers.

A diamond necklace belonging to Mrs. Cobb and a suit of clothes are among the articles missing, also shirts, underwear and other articles belonging to Mr. Cobb.

Mr. Cobb had collected a large number of Lincoln pennies, he reported to police, and two of them were found on the floor of the room where the robber had dropped them.

Parker county, Texas, peach growers reported their orchards have set one of the largest crops in recent years.

PROVING: The President's economic aides are compiling statistics these days to show how high and wide and handsome the Blue Eagle flew before its wings were clipped. The White House has asked for a survey on the gains in production, construction, payrolls and prices which may have resulted from the NRA.

Though the reports may be used for political purposes they are supposed to be factual. They are based on researches of the Federal Reserve Board, the Bureau of Labor Statistics and a private corporation whose findings are generally accepted as authentic. They have been weighted and timed to show conditions as they existed when the

GIVEN LIFE IN
LEGSLAYING

Laurel, Miss., Business Man Is Found Guilty of Murdering Mrs. Daisy Keeton.

Laurel, Miss., June 6.—(AP)—W. M. Carter, prominent business man, was convicted by a jury here today of the "leg" killing of Mrs. Daisy Keeton, and his punishment set at life imprisonment. He was sentenced immediately following the verdict.

The jury took three ballots before informing Judge W. Joe Pack that it was ready to bring in the verdict at 8 a. m. today.

After sentence, Carter was turned over to the custody of the sheriff to be recommitted to jail. His attorneys said application for a new trial would be made before Judge Pack Saturday.

Carter's face was flushed as the court clerk read the verdict, but he was calm and emotionless as Judge Pack ordered him to stand and receive sentence of the court.

SEEK TO EXTEND
SKELETON OF NRA

Washington, June 6.—(AP)—A resolution extending a skeleton NRA organization until April 1, 1936, but repealing all presidential power to prescribe, approve or enforce codes of fair competition was agreed to today by the house, senate and administration leaders.

Earlier study of the possibility of the preserving the labor standards through interstate compacts bolstered by federal cooperation was initiated by President Roosevelt.

Congressional leaders also said President Roosevelt may send a message soon advocating increased inheritance taxes to raise revenue and replace NRA as a means of distributing income.

Some through the proposal would include gift taxes also but there was difference of opinion on this.

The resolution agreed to obtain approval of the full house ways and means committee but Democratic leaders expressed the hope this would be obtained before nightfall and the stop gap resolution brought up in the house tomorrow.

The scheduled as the ways and means committee met this afternoon was to enact without change the first section of the senate resolution extending the NRA organization until April 1936.

A part of the senate resolution would be eliminated because the Supreme Court already has overruled the government power to control interstate business and fix prices in codes.

Added would be separate sections declaring that much of the original recovery act that gave the president power to prescribe and enforce codes is hereby repealed.

Blue Eagle first peeped and when it expired from a judicial shot. It will be some time before they are tabulated. Such unexpected developments as strikes, slashes in wages and prices and market factors introduce undecipherable satisfactions with the preliminary reports.

SLENDER: NRA did not swing into action until August 1933—not for some months thereafter with respect to basic industries. But August of 1933 is accepted as a starting point, and late May of 1935 as the death gasp.

Here are the preliminary figures on conditions as they were when the Blue Eagle was born and when it died. Except for commodity (Continued on Page Two)

T. E. HOOKER
PASSES AFTER
BRIEF ILLNESS

Prominent Greenville Man to Be Buried Friday Morning in Cherry Hill.

The entire community was shocked and saddened by the death of Travis E. Hooker at the age of 65. He had been ill for a week with blood poison in Pitt Community Hospital, where he made a brave fight to overcome a streptococcus infection.

Mr. Hooker was the son of Travis E. Hooker and Pattie Roundtree Hooker of Hooker-on, Greene county. He moved to Greenville with the others of his family in 1896, and became at once one of the forward looking citizens, both in a business and civic way. He had large farming interests, and at one time, was with Heber L. Coward, proprietor of the old Star warehouse. He was also engaged in the wholesale grocery business, his brother, Thomas Hooker, being a partner.

Not outstanding in his life was his devotion to the Christian church. The present Christian church was organized in his home, with a membership of thirty-five, half of whom were members of the Hooker family. It was his dream and that of his family that the modest frame church on Dickinson Avenue be replaced with a large, more beautiful and useful one. To this he gave largely of his means, and as a life-long member of the church board, he worked unceasingly for the growth and development. Greenville has lost a fine upstanding citizen, the church a devoted member, and his family one in whom love and consideration was outstanding.

Surviving are his wife, two daughters, Mrs. W. H. Bradsher, of Greenville and Alice Lee Hooker of New York; a sister, Mrs. E. G. Flanagan, and a brother, Will Hooker.

Funeral services will be held at 10:30 o'clock Friday morning at the Eighth Street Christian church, followed by interment in Cherry Hill cemetery. The services will be conducted by Rev. W. A. Ryan, pastor of the church.

Funeral arrangements will be in keeping with his own request for simplicity, and at his request the following employees on his farm will be active pallbearers:

Mack Churchill, Charles Coward, W. S. Forbes, C. A. Coward, L. C. Coward, W. C. French, Walter Coward, L. H. Churchill.

BERTIE APPROPRIATES
\$600 FOR NEEDY PEOPLE

Windsor, June 6.—The Bertie board of county commissioners had a busy day on Monday.

The report of County Warden B. F. Burkett was accepted. It was ordered that a fire truck be purchased for conservation and development.

A resolution was passed to be forwarded to Mr. Wavnick recommending that the highway leading from Coleman to Ashokville be given a permanent surfacing.

The board appropriated \$600 out of the general fund for relief cases in the county for June and July.

LEAF HOUSES
PLANT TO STAY
ON THEIR CODE

East Carolina Warehousemen Also Will Support President Roosevelt.

Agreeing to stand by the code of fair practices and competition members of the Eastern North Carolina Warehouse Association met at Wilson yesterday and unanimously adopted an agreement drawn up and presented by the Code Administrator, J. C. Lanier of Greenville, assisted by Mr. W. A. Lucas of Wilson to stand by President Roosevelt in his efforts to revise the code to meet the objections of the Supreme Court.

It was recited that the code was in line with the farmers who have brought prosperity to Eastern North Carolina by obedience to the provisions of the AAA, and that the tobacco warehousemen could do nothing better than to join with the farmers in endeavoring to cooperate with them in their efforts to sustain fair prices for tobacco.

By so doing they could continue to bring prosperity to this section to the farmers and themselves. There will be a campaign put on at once to induce all those not present at the meeting to sign up for the code, and thus make it a hundred per cent.

The nominating committee composed of W. C. Morton, J. Y. Monk and W. E. Fenner, brought in their report and suggested the officers and director for the ensuing year be named as follows:

H. P. Foxhall of Rocky Mount, was made President; Simon Moyer, vice-president, and George Arrington of Rocky Mt., as Secretary to the Association.

The following directors were selected: Messrs. E. V. Webb of Kinston, W. S. Move of Greenville; J. J. Gibbons of Wilson; W. L. House of Tarboro; J. B. Bobbitt of Farmville; W. H. Atkins, of Robersonville; W. L. Perkins, of Smithfield; Mike Griffin, of Wendell; J. C. Jones of Goldsboro; George Wiley of Washington; B. H. Bunn of Rocky Mt.

J. C. Lanier read the draft of the code agreement, which stated that a member who signed could be sued in the courts and fined for not living up to its requirements.

If a member was sued in the local court and found guilty a restraining order against him violating the code could be secured and if he continued these practices he would be found guilty of contempt and punished for not keeping his contract.

W. A. Lucas delivered an able address, in which he pointed out the legal aspects of the agreement, and said that the one Mr. Lanier had provided would hold. He told the members in the course of his talk that any one who could hire trucks to haul their tobacco to market or in other ways disobey the code would invite criticism and demonstrate that he was making money which indicated he could operate his warehouse at a lower rate, and this would create a demand for lower charges. Such practices however would eventually operate against the warehousemen following such tactics, because this competition is such that no warehouse could stand it, and if followed would break down the good will and the cooperation necessary to enable the warehouseman to give the farmers adequate service in selling their tobacco.

The agreement that Mr. Lanier presented will be revised to meet the slight objections presented today and will be circulated among the warehousemen of Eastern Carolina for the purpose of securing their agreement to the contract.

J. C. Lanier, who is code administrator for this tobacco district, stated that he had received letters from South Carolina, and other states of the belt that they wanted to join in this agreement; and support the code.

On a motion of W. E. Fenner a rising vote of thanks was given Mr. Lanier for his untiring work in connection with the code and this motion was unanimous. Mr. Lanier stated that there was in the code treasury \$8,000.00 and \$2,000.00 was the property of the warehousemen of Eastern Carolina.

Mr. Fenner moved and it was carried suggesting that the money coming to Eastern North Carolina be kept in the treasury for continuing expenses, for there is a continual need of funds for the expense of the organization.

A rising vote of thanks was given the retiring President, J. C. Eagles for his work during the past year as President; and for his service to the organization. He and the Wilson committee were thanked for the dinner served the visitors and the local warehousemen.

A committee was appointed to attend the meeting to be held in Asheville of the Warehouse Association, and the same committee (Continued on page three)

Free To Romp Again

FIND SECOND
BANK NOTE IN
KIDNAP CASE

Detention of Man for Questioning Reported Today from Tacoma, Wash.

Tacoma, Wash., June 6.—(AP)—Discovery of a second banknote used in the ransom of George Weyerhaeuser and the reported detention of a man for questioning today spurred authorities on the trail of the 9-year-old boy's kidnapers.

Usually reliable sources reported a man at a Seattle hotel had been detained for questioning. His identity was not revealed and Department of Justice officials here followed their customary practice of refraining from comment.

The second ransom note of the \$200,000 paid to the abductors last week was discovered in a Spokane, Washington, postoffice.

The first one was uncovered at a Portland, Oregon, bank after it had been tendered at Huntington Sunday night for a railway ticket to Salt Lake City.

K. T. FUTRELL
IS RE-ELECTED

Head of Welfare Department Chosen To Head Work Here This Week.

K. T. Futrell, director of the Pitt County Department of Public Welfare for the last 15 years, was unanimously re-elected at a meeting of the Board of County Commissioners and the Board of Education here the first of the week.

In addition to his work in the public welfare field, Mr. Futrell handled federal emergency relief activities here until several months ago when this work was switched to other agencies. Thousands of dollars passed through his hands in this capacity for public improvements through the country.

Mr. Futrell has seen many years of service in the public welfare field, having entered the work in Alabama immediately following the war. He came to Greenville from that state. He is also an ex-school teacher.

Commenting on his work today, Mr. Futrell said that the juvenile court has placement in approved homes the following children: Boys, age five, two and eight. Girls, six and seven. He said these are nice healthy children for whom the court is seeking good, highclass family homes. Persons interested in the children were requested to write the Welfare department for application blanks.

Mr. Futrell said all institutions of the state were so filled it is impossible for them to handle further applications and it is for this reason the court is appealing for homes for children now in need of attention.

Complete Morehead Project Details
Washington, June 6.—(AP)—A. A. F. Seawell, North Carolina Attorney General, said today after a conference with PWA officials that an agreement to guarantee PWA bonds for construction of port facilities in Morehead City was practically completed.

He said another conference would be held tomorrow after which he expects to return to North Carolina for signatures necessary to complete the pact which will pledge assets of the state controlled Atlantic and North Carolina Railroad to secure the bonds.

Immediately after his conference at PWA headquarters Seawell saw Senator Bailey and Representative Barden, in whose district Morehead City is located.

"I believe everything is settled now," the attorney general said. "After many months it looks as though we have come to terms."

Seawell said that if a contract pledging assets of the state controlled railroad is definitely agreed on, the last legal barrier would be removed. After it is approved the contract must be signed by Luther Hamilton of Morehead, president of the railroad, and officials of the port commission.

A \$425,000 loan and grant to the Morehead City commissioners was approved by the PWA a year ago but legal details involving security of funds has delayed securing of the funds.

Laval Again Seek Government
Paris, June 6.—(AP)—Pierre Laval who in the last two days had twice refused and once failed to form a new French cabinet again tonight undertook the task as police guards patrolled the Elysee palace to which President Lebrun had summoned him. Even as Laval accepted the designation as premier other detachments of foot and mounted police were deployed along the boulevard to maintain order.

Laval, veteran foreign minister, earlier in the evening had been consulted by the president over the telephone.

He took up the task after a conference France had gone more than two days without leadership.

Patrolmen and mobile guards were scattered in groups of eight and ten along the Paris boulevard. A reserve of 200 mobile guards mounted on horses was held in readiness behind the opera.

Other large bodies of police were deployed around the Palace La Concorde where heavy rioting in (Continued on Page Four)

Several Matters Are Scheduled for Attention of City Fathers at 8 O'clock.

ALDERMEN TO
SIT TONIGHT

The regular monthly meeting of the Board of Aldermen will be held at the city hall tonight at 8 o'clock with only matters of minor importance scheduled for consideration.

In the absence of Mayor R. C. Flanagan, who has been confined in a Washington, D. C., hospital for the last several weeks, Mayor Pro Tem H. H. Duncan will preside.

In addition to the paying of monthly bills, the board is expected to take up the reports of the various city departments as well as attending to other matters of business.

A last meeting the board put its okay on permission of the Water & Light Commission to issue \$100,000 worth of bonds for improvement to the \$2,500,000 plant on Tar river, considered one of the finest in this section of the state. Since that time the bonds have been sold and work has already been started on the improvement program.

When completed the plant will be able to take care of the demands of the city for many years. Supt. Martin Swartz told the officials, gradually grow h of the town since 1927 when the improvements were started, necessitated completion if the city is to be able to meet emergencies.

Although nothing important was scheduled for tonight it was impossible to say what would turn up at the last moment, but the sons were hoping for a brief session.

Strike affecting Nearly 800 Square Miles in Northwest Ohio Averted as Trouble Shooters Return To Work; Toledo - Edison Company Involved.

Toledo, Ohio, June 6.—(AP)—A crew of trouble-shooters and generative operators went to work in the power plant of the Toledo-Edison Company today, ending a strike which for awhile threatened to shut down electric power over an area of 800 square miles in northwest Ohio. Union electric workers who called the strike yesterday morning called it off today pending negotiations on their demand for a 20 per cent wage increase.

The negotiations will be started in New York with probably officials of the Henry L. Dorothy Company, a parent company of the Toledo-Edison.

The swift termination of the strike was attributed to firm pressure from many sources by Oliver Myers, business agent of the electrical workers union, and American Federation of Labor affiliate.

Myers maintained presidential pressure, labor pressure, Department of Labor pressure, Toledo Chamber of Commerce pressure, American Federation of Labor pressure, newspaper and company pressure resulted in the conference.

J. A. Moore Laid
To Rest Yesterday

Funeral services for Joshua Alexander Moore, 64, who died in Duke Hospital Monday night after lingering illness, were conducted from his late home in the Grimesland community yesterday afternoon at three o'clock by Rev. I. J. Strawbridge, pastor of the Grimesland Methodist Church. Burial was made in the Clark graveyard near Grimesville.

He was a devoted member of the Methodist Church and the Grimesland lodge of the Improved Order of Red Men. He was reared in Beaufort county but moved to Pitt county 26 years ago.

He is survived by his wife and the following children: Ray, Washington, N. C.; J. A. Martinville, Va.; L. A. Hopewell, Va.; Larry Lenford, Elton; Misses Arnie May and Julia Russell, all of this county; three brothers, M. W. Moore, Edwards; J. Calvin, Rowland; J. B. Grimesland; two sisters, Mrs. Fannie Bright, Chocoma; Mrs. Kate Mayo, Grimesland, in addition to four grandchildren.

STATE PATROLMAN
SUED FOR \$50,000

Charlotte, June 6.—C. D. Godfrey, administrator of the estate of Harold Helms, yesterday filed notice of suit in Mecklenburg Superior court against J. B. Boyd, State highway patrolman, seeking damages of \$50,000 for alleged negligence of the defendant in having fatally shot the Helms child.

The suit is the sequel of a curious accident which occurred last week near Matthews. Patrolman Boyd undertook to shoot a crippled buzzard which was flopping back and forth across the highway and endangering traffic. One of his bullets went wide and struck the Helms child and caused the little boy's death.

A coroner's jury investigated the affair and pronounced Boyd free from blame and the shooting of young Helms an accident. The suit filed yesterday charges Boyd with negligence.

prices, for which the 100 level is
1926, the others are related to the
1923-1925 basis of 100. In August of
1933 the adjusted and seasonal in-
dex figures showed: Manufacturing
production, 88; mineral production,
all construction, 24; factory employ-
ment, 76; factory payrolls, 57;
prices, 70.

The index figures when the Blue
Eagle died were: Manufacturing
production, 85; mineral production,
all construction, 25.5; factory
employment, 81.5; factory payrolls,
70; prices, 78. There will be endless
argument over what these figures
mean, but there they are!

CUTS: Chaotic and changeable
costs of domestic products caused
by the NRA scrapping may play
havoc with our relations with for-
eign countries. The prospective re-
vision of American scales of wages
and prices constitutes a threat to
several moves toward better trade
relations.

The Cabinet committee now in-
vestigating complaints against cheap
Japanese textile imports may have
to quit. It had planned to submit
its report on June 15. But shifting
prices and wages resulting from
freedom from NRA restrictions
changes the whole picture before
them. Low wages in the Orient
may not constitute such a serious
threat as they did before our tex-
tile industry slashed pay and ex-
tended hours.

Secretary Hull's reciprocal treat-
ies may require revision. They were
negotiated on the basis of code
prices. Widespread price-cutting
may prove that somebody made a
bad bargain in signing these agree-
ments.

VOTES: By stating that it is
now a question whether the govern-
ment has power to regulate crop
production, the President shrewdly
lines up farm sentiment with labor
entiment in behalf of the New
Deal. The farm vote of 6 to 1 in
favor of AAA is being emphasized
for its effect upon Congress. Roose-
velt's remark is calculated to get a
rise out of farmers in his defense
of the new AAA amendments.

While this is going on, Roosevelt
supporters in the House, including
Chairman McSwain, are trimming
down the TVA extension bill, a-
gainst White House wishes. The
TVA lobby is big and busy. It
works with the anti-utility-holding
lobby.

It was very hard to make progress
on New Deal bills before the
Supreme Court decision. Remember
that this was because of power-
ful but not always public Demo-
cratic opposition. Now these bills
face a much rockier road. Roose-
velt therefore exerts his political
skill in raising the elements that
would gain by passing these bills.

WINNER: Secretary Ickes is
thinking his stars for his divorce
from PWA from NRA. Only a few
weeks before the hostile Richberg
outfit was sunk without a trace
Mr. Ickes persuaded Congress to
separate his spending agency from
the Blue Eagle's family.

Some back-stage jealousy attend-
ed the ceremony. Mr. Richberg
fought the scheme for two years.
It clipped him of power and it cast
a shadow on the NRA. But Mr.
Ickes may have had inside infor-
mation that NRA had only a short
time to live. So he demanded a di-
vorce before Senatorial committees,
and they gave it to him.

Many imperious gentlemen have
tried to cut Mr. Ickes down—Dou-
glas, Richberg, Johnson, Moffet. But
he usually bests them in hidden or
open feuds. Some predict that he
will still land on top of the heap
of work-reliefers, although Messrs.
Walker and Hopkins outrank him
at the moment. Ickes has staying
power.

Overcame Her Nervousness
"A few years ago," writes Mrs.
Charles Sivil, of Harshorne, Okla.,
"I was weak and run-down. I seem-
ed that nervousness was about to
get the best of me. My mother told
me about Cardui and that is what
I decided to take. After I began
taking Cardui, my appetite was bet-
ter. I gained strength and was less
nervous. By the time I had taken
two bottles, I felt fine."
First, better appetite, and then
more strength and a feeling of well-
being! Thousands of women testify
Cardui benefited them. If it does
not benefit YOU, consult a physi-

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep . . . Vigor . . . Vim
Medical authorities agree that
your kidneys contain 15 MILES of
tiny tubes or filters which help to
purify the blood and keep you
healthy.

If you have trouble with too fre-
quent bladder passages with scanty
amount causing burning and dis-
comfort, the 15 MILES of kidney
tubes need washing out. This dan-
ger signal may be the beginning of
nagging backache, leg pains, loss of
pep and energy, getting up nights,
swollen feet and ankles, rheumatic
pains and dizziness.

If kidneys don't empty 3 pints a day
and get rid of more than 3 pounds
of waste matter, your body will take
up these poisons causing serious
trouble. Don't wait. Ask your druggist
for DOAN'S PILLS . . . an old
prescription . . . which has been used
successfully by millions of kidney
sufferers for over 40 years. They
give happy relief and will help to
wash out the 15 MILES of kidney
tubes. Get DOAN'S PILLS at your
druggist. © 1934, Foster-Milburn Co.

Penney Store Here To Be Enlarged And Remodeled

Negotiations have been completed for enlarging the J. C. Penney Department Store at 315-317 Evans street. Plans call for the construction of a large addition to the store proper, and a storage warehouse in the rear. The new addition will contain a modern ready-to-wear balcony and the entire store will be rearranged and redecorated. An addition with balcony will add 1892 square feet of floor space.

"This expansion was necessary," C. P. Earhart, manager of the Penney store said, "to accommodate a steadily increasing volume of business. The additional space will enable us to carry more complete stocks of all the lines of merchandise in demand here, and also to add new lines that cannot properly be accommodated at present. Of course we are all delighted at the prospect, and are sure that we'll be able to improve our service in many ways."

The Penney Company's plan for expansion at this time reflects the confidence of this nation-wide organization in the stability of business conditions in this section, and marks another step forward in Greenville's retail development.

Mr. Earhart has been associated with the Penney Company for more

than 13 years. He is thoroughly familiar with the wants and buying habits of the people in this section, and has done an outstanding job in Greenville.

Highway Patrol Reduced to Less Than 400 Already

Reflector Bureau.

Sir Walter Hotel.

Raleigh, June 6.—Out of more than 2,000 applicants for State Highway Patrol jobs, less than 400 are now being considered and not more than 150 will be selected to attend the special training camp which will start about July 1. It was learned today at the Department of Revenue. Out of the 150 men who will be given an opportunity to attend this training camp, only 64 will be selected for permanent jobs on the State Highway Patrol, although some 25 others will be held in reserve on a waiting list for vacancies as they occur.

Not only has Assistant Commissioner of Revenue M. C. S. Noble, Jr. investigated every reference given by applicants, but he has made a private investigation of every applicant, it was learned today. As a result, the more than 2,000 applications were reduced to about 450 by last week. A second investigation of the records and past histories of these 450 is now in progress and those who fail to measure up to the standards which the Department of Revenue have set for the highway patrol are being discarded. It was indicated today that it might be difficult to get as many as 150 men who could pass even the preliminary tests necessary for being selected to attend the training school.

While many of the applications at first glance looked excellent, careful investigation showed that many of those who had applied had variegated prison records and records as undesirable characters in their home communities, it was also learned. The record of every applicant is now being checked against the court records in his home city or county to determine if he has ever been in court and if so, for what. A check is also being made to determine if the applicants use liquor in any form, even occasionally. If they do, their applications are at once thrown out.

It is expected that the special training school will be held here in Raleigh beginning about July 1, and last about 30 days.

LOVE INSPIRES THE NITWITS TO SOLVE DRAMATIC MURDERS

Love will find a way, even to solve a murder mystery, as Bert Wheeler and Robert Woolsey prove in "The Nitwits," their new comedy feature showing at the Pitt Theatre Friday and Saturday.

Wheeler loves blonde Betty Grable in the rollicking story, and Betty is accused of murdering her boss, a victim of an extortion plot. A gallant gentleman, the fearless lover admits the crime. Woolsey, his pal, confesses. The cops are nonplussed, so Betty remains imprisoned.

Bert and Bob determined to solve

the mystery, and with the aid of Bob's brilliant invention, the truth machine, success crowns their nitwitty efforts.

POLITICS at random

By BYRON PRICE

(Chief of Bureau, Associated Press, Washington)

Talk of a "coalition ticket" to oppose Mr. Roosevelt for re-election in 1936 is growing increasingly prevalent where conservative politicians get together.

When the proposal first was broached, the tendency almost everywhere was to dismiss it as fantastic and altogether unattainable as a practical proposition, however sound it might appear on paper. Now some seasoned leaders are not so sure. They think it might be just possible.

Naturally, there are reasons for this change, however slight it may be. One reason is that the idea keeps cropping up among responsible people in widely-scattered sections of the country. Another is that there are evidences that a sizeable campaign chest might readily be available if the right sort of ticket were nominated.

The present difficulty is that no one seems to be taking the lead toward definite organization of sentiment toward such an end. Without that, of course, the project scarcely can be kept alive very long.

New Party Talked.

Some interesting suggestions have been made by those who think the venture has possibilities.

At present there is a strong sentiment among these political planners that it would not be sufficient merely to nominate a conservative Democrat for President on the Republican ticket.

It is proposed to go the length of disbanding the Republican party altogether, and calling a conven-

tion of conservatives to form a new party.

A part of the understanding would be that this new party would nominate a Democrat for President, and a Republican for Vice-President, and pledge that the cabinet would be a real "coalition" group chosen from both the old parties.

One New York banker has made a unique suggestion for getting away from the old Republican label. He proposes that the new party adopt in to the Democratic national platform of 1932, with its pledges of governmental economy, a "balanced budget," "sound currency," and so on.

The whole theory behind the movement is, of course, that only a

union of all the conservatives can defeat Mr. Roosevelt, and that no such union can be hoped for under the Republican banner.

Douglas Favored.

Lewis Douglas, the budget director who left the new deal line-up because he thought the administration was spending too freely, is much favored for first place on such a ballot. There is mention

also of Senator Byrd of Virginia, and Senator Bailey of North Carolina.

Alfred E. Smith is not so frequently spoken of because one of the prime suggestions is that such a party would depend for support on a combination of the east and the south, and Smith's 1928 record of vote-getting in the south is well-remembered.

LOCALS LICK AYDEN, 12-3

The annual Coastal Plain League baseball curtain was rung up here yesterday afternoon with Greenville taking Ayden for a 12 to 3 ride after having been trounced by the Aydenites in the opening game at Ayden the day before.

The opener here was marked by formal exercises, in which officials of the city, league and the local club participated. Between fifteen hundred and two thousand saw the Greenville, champions of the circuit for the last two seasons, split the two game series with Ayden. The matching of these two towns furnished plenty of spice for the curtain-raiser in view of the fact it was the same clubs which fought the battle of the century the end of last season to determine which should play Kinston in the championship series. Greenville won by the skin of her teeth and then took four out of six to retain the title.

H. H. Duncan, mayor pro-tem of Greenville, acting in the absence of Mayor R. C. Flanagan, who has been confined in a hospital for several weeks, expressed appreciation of the city at the interest manifested in the opening game and declared he hoped this would be maintained throughout the season.

J. B. Eure, who has headed the league for the past three years, in fact since its organization, spoke briefly of the ambition of the directors to make the circuit one of the outstanding of the state, stressing the fact that the cleanest type of baseball would be the object throughout the season.

W. Scott Buck, mayor of Ayden and Dink James, judge of Pitt county court, urged support of the clubs in the various towns as they attempt to provide the public with just the kind of ball they would have.

With addition to grandstand and bleachers the ball park was adequately capable of handling yesterday's large crowd, and it was expected the largest crowds of the year would be accommodated with ease.

The crowd was large in spite of threatening rain which broke up the game twice but relented and permitted play to be completed.

It was behind the steady, dependable pitching of Reynolds May, Duke star, and last season's ace Greenville hurler, that the locals were able to virtually rout their old rivals in the second game of the season. Allowing the visitors eight well-scattered hits, May was master of virtually every situation with exception of the fourth stanza when the visitors slipped two runners over the rubber and again in the eighth when an additional tally was chalked up.

Ayden used Jones and Smith in an effort to halt the dynamite-loaded bats of the local club, but with little effect. Registering single tallies in the first, second, fourth and fifth innings and then five in the seventh and three in the eighth, Greenville chalked up a total that the visitors found it impossible to overcome.

Billy Huiskamp, another of last season's stars, grabbed honors with the stick with four singles out of five trips to the rubber. May boosted his own cause considerably by rapping out a triple and a single and turning in two runs.

Bostic and Andy Johnson also registered two hits each for the Greenville.

Atkins, with a double and single and Morris with two singles, led the Aydenites.

New York Cotton

New York, June 6.—(AP)—Cotton, opened quiet at 3 to 7 points decline in response to lower Liverpool cables and in absence of more than moderate demand.

October contracts recovered from 11.11 to 11.17 and prices at the end of the first hour were one point, net higher to three lower.

The market rallied to new high levels for the current movement and by midday had reacted under scattered realizing.

Prices generally at that time were about 9 to 13 points, net higher. Futures closed steady 7 to 11 higher.

N. Y. Stock Market

New York, June 6.—(AP)—Stock market trends were a matter of guess work as prices backed and filled indifferently. Silver mining issues were in fair demand and here and there a specialty lifted its head for a substantial gain.

Profit taking came into other sections of the list although it usually was absorbed without leaving any great amount of damage. Wheat and cotton displayed rallying tendencies. After milling about in a narrow range in early hours a number of secondary carrier bonds moved up by realizing was also evident in a few loan debts.

Leading foreign exchanges remained in a slim groove. The late stock tone was steady. Transfers were 700,000 shares.

Pay Over Ransom Money.

Havana, June 6.—(AP)—It was learned today in unimpeachable quarters that business associates of the kidnaped Antonio San Miguel had sent a messenger to the abductors with \$286,000 in American currency to meet ransom demands.

The kidnapping is the first since the passage of the new law which provides for death penalties for persons who prepare or execute the kidnapping of one or more persons, regardless of the purpose of the kidnappers, for any persons who knowingly aid kidnappers in any form in which kidnapping is accomplished.

One of the associates of the millionaire stated the man who drew the money from the bank requested his name be withheld, but stated: "We sent the money to the kidnappers and expect Señor San Miguel's release shortly."

Clash in Paris

Paris, June 6.—(AP)—Royalists clashed with police again this afternoon as leaflets mysteriously appearing throughout the capital called tax payers to an all-night protest meeting against politicians.
