# Rain Causes Million Dollar Loss to Pitt 'Leaf' Growers

## MUCH TOBACCO 'FLOPPED' IN ALL SECTIONS

Farm Department Estimates That 15 Per Cent of Crop Damaged; Fifty Per Cent of Crop Between Greenville and Farmville Complete Loss; Other Areas Report Heavy Damage; Other Crops Affected

Pitt county tobacco growers have been hit a staggering blow today by rain which has swept over this section of the state in torrents for the last several days, and a rough estimate by the farm department placed the loss at around \$1,000,000.

E. F. Arnold, director of the farm department said today, the loss between Greenville and Farmville had been very pronounced. He said visitors to the region said about 50 per cent of the tobacco had flopped, meaning that it is a complete loss. Other low lying areas have suffered in like proportion, Mr. Arnold said, and if the sun should come out bright and hot today, the loss will be increased immensely in all sections.

The farm director placed the actual "flopped" tobacco at around a half million dollars and estimated that damage to other parts of the crop from rain and other weather conditions to total around the same amount.

In other words he figured that about 15 per cent of the crop had been irretrievably damaged with the prospect that the figure would go well beyond that mark before weather conditions improve. The total acreage already irretrievably damaged was estimated at approximately 5,000 acres.

Although other crops have been damaged to a considerable extent, the farm head said the loss was insignificant compared to tobacco, the main crop of this part of the state. Flooded cotton in some of the low lying areas will not recover from water damage, but in other sections it was thought the loss would be very great.

Pitt county's tobacco crop sold for \$10,000,000 last year, including government benefit payments, and the fact that a million dollars has already been looted off by rain has caused deep concern among planters everywhere, and especially in the territories where the ground has become so thoroughly flooded that the tobacco has "flopped" to the ground.

Should rain continue to fall in this region, or should the sun come out hot and bright today, Mr. Arnold said it was impossible to estimate the damage. Hot sun shine after so much rainfall would literally "blister" the tobacco and more rain would cause additional hundreds of acres to bow to the ground to become a complete loss.

At the beginning of the rainy spell, hail swept over areas in the Grimesland, Ayden and Ballard's communities, destroying several thousand acres of tobacco and damaging corn and cotton.

However, the damage from other weather conditions has been slight as compared with the heavy precipitation of the last two weeks and Pitt county growers today faced the heaviest loss of many years, seven during those periods when the blue mold caused such widespread fear throughout this part of the state.

HAD TWENTY GALLONS, DRAWS YEAR, APPEALS

Wilson, July 17.—Henry Lattimore, negro, was sentenced to a year on the county roads by Judge O. P. Dickinson in county court Monday for having in his possession 20 gallons of liquor for sale. Officers raided "The Black Snake," a filling station just outside of town on the Rocky Mount-Wilson highway Saturday afternoon and discovered the liquor, after which they found a number of empty bottles and coloring matter. Officers said that it had then been sold as real "bottom-in-the-bottle" by the filling station people. Lattimore was arrested and brought back to town. He appealed to the Superior Court and was placed under \$500 bond.

## MOTHER DEAD AFTER TAKING POISON DOSE

Elizabeth City, July 17.—(AP)—Mrs. Joe Hurdle, around 30, of Pasquotank county, died in the Albemarle hospital this morning about 2 o'clock where she was taken last Friday shortly after the death of her 19 months' old child.

Mrs. Hurdle died from the effects of 7 poison tablets taken immediately after she discovered her little girl was dead. Her husband, Joe Hurdle, and one son survive. Funeral services will be held Thursday.

## S. C. TEXTILE STRIKE ENDS EARLY TODAY

Strikers at Pelzer Mill Plant to Lay Trouble Before National Labor Board

Pelzer, S. C., July 17.—(AP)—Strikers of the United Textile Workers union here planned today to present their case under the Wagner labor dispute act as the Pelzer mills reopened under guard of approximately 100 troops.

The need of the 36-hour closing that split this mill town into two armed factions came without disorder although an estimated 100 to 200 pickets heckled persons going into the plant.

T. H. Ross, president of the local U. T. W. union announced outside the mill that the union would seek to lay its claims of discrimination against more than 50 members directly before the national labor relations board under the Wagner act.

"We are going to take up the situation with the labor relations board," he said. "We are not going to lose time by dealing through conciliators. We have filed an application for hearing."

He instructed all strikers to send in a list listing their names, jobs and status in the mills at the time of the strike for presentation to the board. J. B. Blackman, superintendent of the Pelzer Manufacturing Co., plant here disclosed that the manufacturers had offered to take back all who were employed when the mills closed Monday, except those since accused of law violations.

## HUGE SUM IS ALLOCATED TO COAST GUARD

\$5,263,995 Goes to New Patrol Boats and Other Projects; \$453,800 to Hospitals

Washington, July 17.—(AP)—President Roosevelt today allocated \$5,263,995 of Works Relief funds to the coast guard for 61 new patrol boats and reconditioning of a number of shore stations. He also appropriated \$453,800 to the Veterans administration for construction of several hospitals.

The allotments were recommended last week by his advisory committee.

Of today's allotments \$211,840 will be expended in North Carolina. Out of the Veterans administration fund \$95,700 will go to the government hospital at Oteen near Asheville for construction of store house, animal house, personnel garages, sidewalks, roads, relocations, miscellaneous repairs, drainage and ground developments, paintings, water proofing and stucco painting and additional utility buildings.

The cost guard improvement program includes \$110,940 for reconstructing and reconditioning shore facilities and modernizing and rebuilding all shore stations at False Cape, Duck, Rodanthe, Avon, Buxton, Hatteras, Portsmouth, Harter's Island and Swansboro, all in North Carolina. This fund also includes \$500,200 for repairs of the Cape Henry-Morehead City coast guard telephone line.

## Britain May Ship Arms To Ethiopian Soldiers

London, July 17.—(AP)—Usually well informed circles hinted today that the British government may soon permit the legitimate shipment of arms to Ethiopia following receipt of communications from Emperor Haile Selassie of the African empire.

It was said that the emperor had sent official documents from Addis Ababa attesting his empire's need of two arms shipments, held up here by the British government. The emperor late today decided to forward the additional documents.

## Mrs. Waley Sentenced to Twenty Yrs.

Federal Building, Tacoma, Wash., July 17.—(AP)—Mrs. Margaret Waley, 19, convicted in the George Weyerhaeuser case last Saturday, was sentenced by United States Court Judge E. E. Bushman today to serve 20 years on the federal detention farm at Midland, Mich.

Judge Bushman denied her motion for a report of judgment and new trial after overruling the government's objections to the motion being filed more than three days after conviction.

Mrs. Waley showed no visible sign of emotion when called to the bar for sentencing. She stood mute when Judge Bushman asked her if she had anything to say why sentence should not be pronounced.

Neither the government nor the defense attorneys made any recommendations about the sentence.

## Late News Flashes

Roosevelt Sticks to His Program  
Washington, July 17.—(AP)—Confronted by an AAA setback in the courts and congressional criticism of his foreign trade and stock programs, President Roosevelt gave assurance today he had no intention of taking a backward step.

He expressed belief that his regular press conference that the farm administration will continue to function at least until a final supreme court decision on the legality of its processing taxes. That his tax program should be enacted before the present congress adjourns.

The trade agreements recently negotiated with Soviet Russia will result in increased employment in this country.

The president said also that it would be a good thing if spending legislation designed to strengthen the AAA and protests against further court setbacks were passed.

Simultaneously Secretary Morgenthau went before a senate committee to defend the AAA administration bill which would block damage suits against new deal devaluation.

On both sides of the capitol committees pressed investigations into lobbying for and against the utility holding company bill.

One of the day's major developments was a report by an examiner for the Interstate Commerce commission recommending a sharp cut in railway passenger rates.

Miners Trapped

Lexington, Ky., July 17.—(AP)—Nine miners were trapped by a blast in No. 5 mine of the Consolidation Coal Company at Vannlear, Ky., today, according to information received here by John P. Daniels, chief of the department of mines and minerals.

The fate of the trapped men was not immediately determined. The blast cut off their exit from the shaft.

Field inspectors and rescue crew from the coal company were sent into the mines in an effort to rescue the men.

Seek National Park on N. C. Sandbanks

Washington, July 17.—(AP)—Establishment of a coastal park on the sandbanks of eastern North Carolina was proposed today to Secretary Ickes, PWA administrator by Senator Bailey and Rep. Lindsay Warren.

The proposed developments which would be known as Cape Hatteras National Park and which would extend on the North Carolina beach from the Wright Memorial to either

stated that the arms were "for the legitimate use of the Ethiopian army." Since this statement conforms to treaty provisions, it was said that Sir Samuel Hoare, foreign secretary, may approve the request for arms shipment permit.

The application for permits were held up recently on the ground that they were not complete, minus the Ethiopian signature. The emperor late today decided to forward the additional documents.

## FOUR BANDITS NABBED BY PITT OFFICER IN VA.

Men Charged With Attempted Holdup of Gray Corey June 2, Taken in Norfolk

A good piece of sleuth work on the part of Sheriff Sam Whitehurst today had led to the arrest of four armed men who allegedly took part in an attempted hold-up and robbery of Gray Corey, aged farmer of Carolina township, at his home on the night of June 2, and escaped after firing wildly at Corey's son-in-law, who pointed an empty shotgun at them.

Linwood Evans, Clifton Robe, Herman Backus and Glenwood Curry were returned to Greenville from Norfolk by Sheriff Whitehurst late yesterday and will be given preliminary hearing on a charge of attempted robbery probably today or tomorrow.

The sheriff traced them through a description of the automobile they were driving at the time of the attempted holdup, and which was traced to Norfolk. The sheriff arrested the four at a hangout in the Virginia City yesterday morning, and said all of them confessed.

Carrying shotguns and pistols, the four men appeared at Corey's home about 8 o'clock on the night of June 2. One of the men entered the house while the other three guarded the front and back doors with bristling guns.

Two women were in the house with Corey, described as an invalid, and the alleged bandit told them to put their hands up and keep quiet or they would be roughly treated. The women screamed frantically. Zeb Whitehurst, Corey's son-in-law, working at a nearby tobacco barn, heard the screams and rushed to the house. He was halted by the bandits on the outside, and at the point of two guns, told to get into the house with the rest of his people.

Entering the house, Whitehurst rushed to his room, grabbed a shotgun from a rack and pointed it at the man in the house, who fired wildly at Whitehurst and ran, the others following. Whitehurst's gun was not loaded.

The bandits sped away in a car, described as brand new. Whitehurst recognized the make of the machine and this information was furnished the sheriff, who started an investigation later.

## ASKS \$8,000 DAMAGE FOR LOSS OF FINGER

Wilmington, July 17.—Eight thousand dollars is asked for the loss of a portion of a finger blown away by an explosion of a shotgun shell, in a damage action filed in New Hanover Superior Court yesterday by Thomas W. Keith. The suit was brought against S. Alex Gregg, Jr., S. A. Gregg, Sr., W. N. Gregg and J. M. Gregg, partners in the firm of Gregg Brothers hardware dealers.

Keith complains that a shell he purchased from the defendants last Christmas Eve was overloaded and that when he discharged it in his shotgun while hunting the next day it split the barrel of the gun and blew off a part of the thumb on his left hand.

## Suicide Ends Her Quest for Career

Julia Ann Graham's search for fame and fortune in Hollywood has ended in death. With a bullet wound in her temple, the lifeless, unclad body of the actress and former choir singer was found in the apartment of Benjamin Reynolds, movie cameraman. Police pronounced it suicide. Twice before she had tried self-destruction. (Associated Press Photo)

## DRAINAGE OF FARM LANDS SOUGHT HERE

Health and Farm Officials to Seek WPA Funds at Meeting Tomorrow Afternoon

A joint meeting of the public health and farm departments will be held in the office of the department of education at the courthouse tomorrow afternoon at 5 o'clock to discuss a farm and health security program for the county.

The direct object of the gathering, however, is to determine how much drainage is needed to improve farm conditions and at the same time throw a safeguard around the health of persons living in sections where floods occur from year to year, damaging crops and threatening the health of the citizenship.

E. F. Arnold, director of the farm department, estimated this morning that 600 miles of open ditches, 4 to 8 feet deep and 8 to 20 feet wide would be necessary to accomplish the purpose.

The estimate was considered conservative by Dr. Paul Fitzgerald, member of the public health board, who declared at least this amount of ditch mileage would be necessary to take care of drainage problems in all sections of the county.

As soon as the amount of drainage needed has been definitely decided upon, the two boards will make application to the WPA for funds to carry out the project. It is understood several other parts of the county are seeking similar projects and health and farm officials here think such drainage in this county would not only contribute greatly toward the economic success of the farmers but also improve public health conditions.

Had proper drainage facilities been available the million dollar damage experienced from flooded fields at this time would have been averted, the far director said today, in discussing the pressing need for federal funds to carry on this work. Because of lack of ditches around 5,000 acres of tobacco have flopped to the ground the last several days, doing irreparable damage and causing loss which is estimated at a million dollars.

If the sun should come out bright the next two days it is believed the loss will exceed the figure estimated by the farm department today. Members of both departments are greatly impressed with the need of drainage and declared they planned to do everything possible to obtain funds for 600 miles of ditches or more if possible. Certainly that much drainage is needed, and more would help prevent floods such as that which has claimed such heavy toll over a great part of the county the past several days.

## MARTIN COUNTY TO OPEN LIQUOR STORES FRIDAY

Williamston, July 17.—(AP)—Martin county's first liquor stores will be opened Friday at Robersonville and Williamston, officials announced today.

## BOARD STILL SEEKING ABC STORE SITES

Control Organization Considers Several Buildings in Four Towns of County

With selection of the personnel of the four whiskey stores to be opened in this county in the next several days completed, the ABC board named by the County Commissioners last week continued today to give attention to store locations.

The board announced late yesterday afternoon it had completed selection of the personnel and immediately resumed consideration of the several store locations offered in Greenville, Farmville, Ayden and Fountain. W. J. Killbrew was named manager of the store at Fountain.

The board will go to Ayden this afternoon to look over several sites there and hoped to be able to announce something definite by tomorrow. It was understood that two or three good sites were available at Ayden and probably could be converted into whiskey stores in short order.

Not much trouble was incurred in obtaining a suitable location in Farmville, but in Greenville, where shortage of buildings has been pronounced for months, the board is finding it very difficult to find the kind of buildings desired. Two buildings are being sought here, one for the storage warehouse where all surplus stock will be stored for all county stores, and while two or three have been submitted, it is proving very hard to make a selection.

With locations still in doubt, the board was still unable to say when the first store would be opened, but promised to push work as fast as possible and make legalized beverages available to the county as soon as practicable.

It was understood today that Martin county, which voted the same time as Pitt, would be ready to open the first two stores at Robersonville and Williamston Friday. The first Beaufort county store was opened at Washington yesterday. Beaufort voters, however, went to the polls about a week ahead of Pitt county.

## LOCAL LEGION ENJOYS 'FEED'

Post Guest of Herman McLawhorn Near Winterville Early Last Night

Members of the Pitt County Post of the American Legion were guests last night of their "buddies" living in the Winterville and Ayden communities at a delightful barbecue and Brunswick stew supper on the Herman McLawhorn farm, near Winterville.

In addition to eating amazing quantities of supper, the Legionnaires made final arrangements for delegates to attend the annual convention of the State Department of the American Legion to be held in Fayetteville, August 4-5-6. The delegates were named at a previous meeting (Continued on Page Three)

## THE NATIONAL WHIRLIGIG

News Behind The News.

Washington  
By RAY TUCKER

Politics rules the roost right now. Everybody is thinking of, though not mentioning, 1936. The Farleyites are courting a large bloc of states which with the electoral votes of the "solid South" will insure Mr. Roosevelt's reelection. Those states are Pennsylvania, Illinois, Ohio, Missouri and California. Patronage and relief have been bandied with a view to chaining these commonwealths to the Rooseveltian chariot.

# Ethiopia Rushes Preparations For Fight With Italy

## LEAGUE TO CALL COUNCIL TO TALK AFRICAN CRISIS

Geneva, July 17.—(AP)—The League of Nations announced today that it is preparing to convene the council about July 25 to deal with the Italian-Ethiopian crisis considering there was little hope of revival of arbitration.

A preliminary warning was sent to members of the league council that their presence may be required in Geneva.

## CABINET BODY REPORT DRAWS NEW INTEREST

Decision on Processing Tax Causes Textile Report to Hold Great Significance

Washington, July 17.—(AP)—The coming report of a special cabinet committee studying problems of the textile industry—one of the processing tax—look on a new significance today in the light of the Circuit Court of Appeals decision holding the levy unconstitutional.

Some observers felt the report might indicate the administration's legal defense of the tax to come before the Supreme court next fall. The committee is expected to defend the levy despite contention of the textile industry that it is an unjust burden.

Members of the cabinet committee include Secretaries Wallace, a staunch defender of the processing tax, Roper, Hull and Perkins.

The fact that the committee is composed entirely of members of the Roosevelt cabinet give credit to the belief the report may be interpreted as the administration's view not only on the processing tax but also on the question of import restrictions, hours of work, labor conditions and wage differentials between north and south mill districts.

## IN SERIOUS CONDITION AFTER BULL'S ATTACK

New Bern, July 17.—While working in his field, James Salter, of North Harlowe, was charged by a huge bull, which struck him twice, breaking four ribs. He was brought to the local hospital, where he was reported to be getting along satisfactorily though in a serious condition.

## Lightning Demolishes Radio

Kinston, July 17.—A report from Jones county today said a bolt of lightning demolished a radio in the home of P. R. Pittman. Splinters were scattered over the floor. No damage was done to the house. Bolts struck at three or four points during a storm which raged over the vicinity.

## Complaints of Washouts and Other Damage from Flood Water Have Literally Swamped the Office of the Street Superintendent the Last Several Days, He Said, and While Every Effort Is Being Put Forward to Take Care of the Situation, It Will Be Impossible to Complete All Work Before the End of the Week.

Employees of the water and light department also have been kept busy taking care of damaged wiring and clogged drainage pipes. The drainage system in some sections was not sufficient to take care of the flood waters and caused the overflow of a number of streets.

## J. G. BULLOCK UNHURT WHEN CAR OVERTURNS

Wilmington, July 17.—J. O. Bullock, district representative of the F. W. Dodge Corporation with offices in Raleigh, escaped serious injury yesterday afternoon when the automobile in which he was riding alone skidded, turned over twice and landed in a ditch 31 miles west of Wilmington. Mr. Bullock was en route from Raleigh to Wilmington and Myrtle Beach, S. C., to attend the general contractors' convention. He will continue his trip from here.

## TROOPS ARE DRILLED AT ADDIS ABABA

Emperor Selassie Expected to Issue Order for Troop Mobilization Today; Definite Military Preparations Pushed; Organization of Red Cross Started

Addis Ababa, July 17.—(AP)—An order for general mobilization of Ethiopian warriors was expected by authoritative sources today to be issued by Emperor Haile Selassie when he addresses parliament.

Expectation of the order spread as the foreign ministry announced that the Ethiopian minister to Paris had been instructed to adhere to the international Red Cross convention.

Definite military preparations became increasingly apparent.

Organization of an Ethiopian Red Cross began while this capital despite heavy rainfall took on the aspect of an immense military training ground.

Extensive drilling was undertaken eagerly by all classes of people.

Streets were being used day and night, even government departments going on part time work to permit drilling.

## MANY STREETS WASHED OUT

Heavy Rain Causes Considerable Damage to Dirt Streets of City

The street department of the City of Greenville employed extra workmen today to take care of dirt streets washed out by torrential rainfall the last few days.

Some streets, Chief of Police George Clark, who is also in charge of street operations, have been cut in two by the terrific amount of flood water. The eastern section was most seriously affected, the chief said, along with other thoroughfares in the western section.

Harding, Summit, Eastern Library, Jarvis and 14th streets were probably the most seriously cut up, and several days probably will be required to repair them. Mr. Clark said washouts were so numerous it was impossible for the regular street force to take care of the situation, and extra men were put on yesterday in an effort to push the work to completion as rapidly as possible.

Complaints of washouts and other damage from flood water have literally swamped the office of the street superintendent the last several days, he said, and while every effort is being put forward to take care of the situation, it will be impossible to complete all work before the end of the week.

Employees of the water and light department also have been kept busy taking care of damaged wiring and clogged drainage pipes. The drainage system in some sections was not sufficient to take care of the flood waters and caused the overflow of a number of streets.

## J. G. BULLOCK UNHURT WHEN CAR OVERTURNS

Wilmington, July 17.—J. O. Bullock, district representative of the F. W. Dodge Corporation with offices in Raleigh, escaped serious injury yesterday afternoon when the automobile in which he was riding alone skidded, turned over twice and landed in a ditch 31 miles west of Wilmington. Mr. Bullock was en route from Raleigh to Wilmington and Myrtle Beach, S. C., to attend the general contractors' convention. He will continue his trip from here.

## Social and Personal

Mr. and Mrs. R. B. Lee and children left to play for a visit with relatives in Blowing Rock.

Mr. and Mrs. D. M. Clark and children have returned from Atlantic Beach, where they were guests of Mr. and Mrs. D. J. Whichard, Jr.

Miss Eva Moore and Ruth Fagin and John Watson Cannady, of Oxford, are guests of Mrs. T. H. Boykin.

Mrs. A. E. Shackelford returned to Atlantic Beach this afternoon after spending a few days with her mother, Mrs. Hortense F. Moye.

Mr. and Mrs. D. J. Whichard, Jr., and sons, David, III, and Jack Whichard, are at home from Atlantic Beach today and tomorrow.

Mrs. J. L. Little has returned from Nashville, Tenn., where for two weeks she visited her sisters.

Miss Lucille Randolph, of Scotland Neck, is the guest of her aunts, Misses Mary and Lucy Randolph.

Mr. and Mrs. Harvey Clayton and children, have returned from Carolina Beach, Wrightsville and Sanford.

**Memorial Baptist Prayer Service**

The week service of Fellowship, Prayer and Bible Study will be held tonight at 8:00 o'clock in Memorial Baptist church. Every member is invited to spend this hour with us. You will find spiritual profit in being present. Our topic is "David—the Great Hearted." Come, our meeting place is comfortable.

**J. V. Watson Here**

J. V. Watson, of Wilson, representing Armour and Co., is here to relieve E. H. Wilson during his vacation.

**Emmy Lou Pierce Ill**

Friends of little Emmy Lou Pierce, small daughter of Mr. and Mrs. Damon Pierce, will regret to learn that she is quite ill in Pitt Community hospital.

**Presbyterian Prayer Service**

The mid-week service at the Presbyterian Church will be held this evening at 8 o'clock. Mr. Grady will give an expository study of Psalm 103.

**George Abeyounis, Jr., Improving**

Friends of George B. Abeyounis, Jr., who has been ill at his home on West Third Street for the past ten days, will be glad to learn that he is improving.

### LOCAL LEGION ENJOYS FEED

(Continued From Page One)

ing and will leave Greenville in ample time to attend the opening session of the convention, always of importance to former service men in all sections of the state.

The supper last night was held on the site of McLawhorn's former home, about a half mile from Winterville, and rain which had fallen in torrents for the last several days, mercifully subsided, permitting the moon to peek out cautiously from behind cloud banks and give the former World War soldiers an opportunity to do their eating on the outside. The moon, however, after having been bedded behind towering clouds for so long to be followed by a total eclipse the night before apparently was ashamed to show all of its power but did finally put out sufficient light for the legionnaires to see what they were doing at the table. However, some of them were not particular about anybody checking up on the enormous amount of barbecue and stew they put away and were rather reluctant to admit to themselves that they had stored away so much under their shirts.

It was the first time the post had held a meeting out of town in several months, and the occasion proved to be a happy one with change of scenery which always proves salutary, except that provided by bristling German guns across the ocean when the same bunch of men were fighting for "democracy" and came home to find "bureaucracy." The "buddies" of Winterville and Ayden areas responsible for the elaborate layout, were slapped on the back so vigorously and so many times after the feed was over that they were suffering from sore joints this morning. It has been a long time since the boys engaged in so much back-slapping—certainly not since the signing of the Armistice and they were on the boat America-bound—and it caused them to feel that many years had been lifted from their shoulders. It was a scene of joy and happiness, and so completely satisfied was everybody that a movement was under way today to induce some of the other members to entertain at barbecue and breakfast stew suppers just to give everyone a chance to catch up on his eating which fell far behind during the war and hasn't been caught up with since.

### ADMINISTRATORS NOTICE

Having qualified as administrator on the estate of Mrs. Mattie S. Lyles, of Tarboro, deceased late of Edgecombe Co., N. C., this is to notify all persons having claims against the estate of the said deceased, to exhibit them to the undersigned on or before the 16th day of July, 1935, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

## Social Calendar

**THURSDAY**

7:30 p. m.—St. Mary's Auxiliary will meet in the parish house.

**FRIDAY**

7:00 p. m.—The Kiwanis Club will meet in the Woman's Club building.

### Birthday Luncheon

A very delightful affair of the week was on Monday when Mrs. Walter Tucker entertained at luncheon at her home on East Eighth street, honoring her mother, Mrs. Allie Harrington in celebration of her 61st birthday. Guests included brothers, sisters, aunts and nieces, and a number of friends and neighbors.

On arrival of guests at noon, Mrs. L. L. Rives and Mrs. J. Brooks Tucker served an elaborate barbecue luncheon from an attractively appointed table, placed on the porch.

Later in the afternoon guests were invited into the living room, where on a lace-covered table centerpiece with a bowl of sweet peas, gypsophelia and sweetheart roses, the birthday cake with 61 glowing candles was placed.

Mrs. Harriet Hart of Ayden, age 89, mother of Mrs. Harrington, was given the honor of cutting the first piece of cake. Little Miss Harriet Harrington of Raleigh cut the second piece.

Mrs. Harrington received numerous lovely gifts.

Guests were from Greenville, Ayden, Kinston, Grimesland, Raleigh, New York City and Florida.

### TWO ARE JAILED IN ASSAULT CASE

New Bern, July 17.—Alvis Carr, 33, of Kinston, and Dave Woolard, 44, of Cove City, were brought to the local jail during the week-end by Constable James S. Bryan on charges of assaulting Earl Mabes, 33, of Kinston, with a deadly weapon. Mabes was being treated in Kinston. He was charged with breaking and entering the house of his brother-in-law, Jim Tyndall, of near Tuscarora, and assaulting his sister, Mrs. Tyndall.

### WASHINGTON MAN IS BADLY WOUNDED

New Bern, June 17.—H. Allen Lancaster, 35.5 plumber of Washington, N. C., was brought to the local hospital early Monday after having lost much blood from a severe knife wound between the left shoulder and chest said to have been inflicted at a tourist cabin at You Go I Go beach on Neuse river, beyond Bridgeton. Constable J. S. Bryan was investigating the accident, and searching for the unidentified assailant. Lancaster improved so much during the day that he was permitted to return to Washington.

### Elks To Open Men's Store Here

Arthur J. Elks, formerly of Greenville, who has been employed by the Belk Department Store at Charlotte for the last four years, will open a men's store here Friday in the building on Evans Street formerly occupied by Hill Horne Drug Co.

The store will carry a full line of furnishings for men and young men and the public has been cordially invited to look over the splendid stock Friday when the store is formally thrown open.

## DEFER LOWER RATE HEARING

**Consideration of Petition of Lower Oil Rates in N. C. Postponed 'till Aug. 8**

Reflect on Bureau.

Sir Walter Hotel.

Raleigh, July 17.—The hearing on the petition of the railroads in North Carolina in which they are seeking permission to reduce their rates on petroleum products, especially gasoline, has been postponed from July 23 to August 8, it was announced today by Stanley Winborne, Utilities Commissioner. The postponement was granted at the request of the petroleum truck operators in the state who requested more time in which to prepare their objections to the petition of the railroads. They asked that the hearing be postponed until October, but it was felt that the postponement until August 8 would give them sufficient time, Commissioner Winborne said.

The petition of the railroads is asking the State Utilities Commission to permit them to reduce their rates on petroleum products ranging from 3 cents to 17 cents per 100 pounds on business handled entirely within the state, over which the Utilities rates with the Interstate Commerce Commission in Washington which have not been contested, with the result that these lower rates on petroleum products as applied to interstate commerce will go into effect August 15, Commissioner Winborne said.

### New York Stock List

New York, July 17.—(AP)—Encouraged by a number of favorable trade and industrial reports and the absence of selling pressure in certain groups, the stock market made most of all division today with new highs for the year made by a few leaders.

Other financial and commodity markets likewise were cheerful under favorable weather reports that sent wheat up more than two cents a bushel during the early trading in Chicago and other grains joined in the upturn to a lesser extent. Corporate bonds were fairly steady while leading foreign exchanges were a trifle easier in terms of the dollar. The late stock

tone was firm.

Sales approximated 1,250,000

### New York Cotton

New York, July 17.—(AP)—Cotton futures opened fairly steady two to six decline under liquidation and owing to favorable weather in the cotton belt.

October sold up to 1160 by the end of the first half hour with active months net unchanged to two points lower.

With offerings light prices seemed made for small buying order. Cotton sold up to 1186 and March to 1156 around midday or four to eight points net higher.

Futures closed steady 11 to 21 lower.

## Late News Flashes

(Continued From Page One)

er Hatters Inlet, Ocracoke Inlet or Cape Lookout would involve expenditures of \$875,000 to be used solely in the purchase of land.

Warren and Bailey presented Ickes with a pamphlet filed by Frank Stic of Mento and also the bearing the strong endorsement of R. Bruce Ethridge, North Carolina director of Conservation development.

They pictured the area as one of the greatest game and fishing sections on the American continent which is rich in history and tradition and a natural playground for the section.

### Fight On Price Fixing Continues

Washington, July 17.—(AP)—The senate fight over price fixing provisions in the administration AAA amendments was reported today with the chamber voting 48 to 40 to reconsider them.

A section to permit prices of some farm products to be fixed was retained in the bill on a close vote yesterday.

### Rioting Continues in Ireland

Belfast, Northern Ireland, July 17.—(AP)—Hand to hand fighting between the opposing factions of the recent riot broke out again today in a cemetery where burial services were being performed for a victim of the Protestant-Catholic fighting.

Three persons, including a young

boy, were beaten in disorders that broke out while the funeral procession was bound for the cemetery.

The military was called out to rescue a boy when the mob attacked him. A short while later Francis Birmingham, 19, and Edmund Gallagher, 21 were driven from trucks by the rioters and so severely beaten they had to be taken to a hospital.

### NOTICE OF SALE OF REAL ESTATE OF THE TOWN OF GRIMESLAND

Pursuant to that certain resolution duly passed by the Board of Aldermen of the Town of Grimesland, at its regular meeting, held on April 8th, 1935, the Town of Grimesland, by virtue of an upset

bid, will offer for re-sale to the highest bidder for cash at Public Auction

on Monday, July 8th, 1935 at 12 o'clock Noon

in front of the Mayor's Office in the Town of Grimesland, the following described parcel of real estate, lying, being and situate in the Town of Grimesland, County of Pitt and State of North Carolina, to-wit:

Fronting on Chicora Street, and lying on the West side thereof, and beginning at a point on said street 80 feet south of the southwest corner of Chicora and Washington Streets; thence westerly 150 feet parallel with the property line of Washington Street; thence southerly 60 feet parallel with the property line of Chicora Street; thence East-

erly 150 feet parallel with Washington Street to a point on Chicora Street, and thence with Chicora Street 60 feet northerly to the beginning, and being Lot No. 5 in Block 1 as appears on Map of the Town of Grimesland, and being the same lot conveyed to Town of Grimesland by J. L. Outlaw, Commissioner, as appears by deed of record in Pitt County.

The bid at said sale is subject to confirmation by the Town of Grimesland, and will remain open for ten days for an upset bid.

This June 21st, 1935.

TOWN OF GRIMESLAND,

By R. A. Fleming, Mayor.

June 22-1tw-2wk.

## THE NATIONAL WHIRLIGIG

(Continued from Page One)

ington he has lived as a hermit. He  
can't compete with the ruddy, rol-  
licking Luther from Germany, the  
polished, personable Rosso of Italy,  
the scheming Saito of Japan or the  
canny Ronald Lindsay of Great  
Britain.

Count de Chambrun is half Am-  
erican, for his wife is the sister of  
the late "Nick" Longworth. He is a  
vivid, lively, likable fellow. He  
could keep better tabs on American  
sentiment than the aloof Andre.  
For one thing, he would have en-  
tered to Sister Alice Longworth's sa-  
loon which she still maintains on  
Massachusetts Avenue.

**DIVIDEND:** Two Washington  
banks have won suits against the  
government—believe it or not—  
which may mean money in the  
pocket for depositors throughout the  
country.

Banks in which government agen-  
cies deposit funds are required to  
turn over collateral to the govern-  
ment as security. When the bank  
crash came and conservators were  
named the government insisted that  
its claims receive preferential treat-  
ment. The Controller of the Treas-  
ury immediately sold out the banks'  
collateral. He collected his money  
while ordinary depositors went hun-  
gry.

Now comes the highest court of  
the District of Columbia to say that  
the government does not enjoy such  
a preferential status unless it is spe-  
cifically authorized by law. The de-  
cision has provoked a flock of law  
suits by receivers and presidents of  
banks. Note: Out-of-town papers  
please copy. It may mean money in  
the home folks' jeans.

**CANNED:** It would seem that the  
birds of the air ought to be im-  
mune from politics. But mallards,  
pinheads and canvas backs are so  
many political footballs, according  
to "Ding" Darling, projector-extra-  
ordinary of American wild life as  
boss of the Biological Survey.

"Ding" recently tried to negotiate  
a migratory bird treaty with Mexi-  
co. Too many Mexicans were  
slaughtering the birds when they  
flew south in the winter time. Few-  
er returned to this country and  
Canada each year. Mexico was  
willing to sign, but demanded in  
return that California canneries  
quit their "wanton slaughter" of  
fish in Mexican waters. "Ding"  
thought that a reasonable request  
and was willing to comply.

But the California fishermen are  
constituents of Senators Johnson  
and McAdoo. Piscatorially and po-  
litically they set up a quiet howl.  
Both Senators, especially Johnson,  
 wield great influence at Washing-  
ton. And "Ding" didn't get his  
treaty.

**SHOCK:** Appointment of Peter  
Grimm as Henry Morgenthau's real  
estate expert bears out Whirligig  
reports that the Secretary of the  
Treasury is dissatisfied with F.H.A.  
HOLC and Farm Credit mortgage  
delinquencies. It will be Mr.  
Grimm's job to bring some order in  
to the financing of billions of homes  
and farms.

Mr. Morgenthau is not advertis-  
ing his dissatisfaction with the re-  
cords of these three agencies. But  
he is primarily responsible for bil-  
lions of their guaranteed bonds. All  
three organizations are carrying  
millions of dollars worth of mort-  
gages unpaid in interest and prin-  
cipal, and the record grows blacker  
every day.

Mr. Morgenthau hasn't the time  
to look into details, and there is  
nobody in the Treasury who un-  
derstands real estate. Mr. Grimm  
does. It is predicted that his un-  
published inventory of the govern-  
ment's mortgage acquisitions will  
shock the White House. When he  
digs beneath the chocolate icing he  
won't find much cake.

ury Department and the Securities  
Exchange Commission are both  
strong for the idea in principle but  
diverge sharply on one important  
detail. The Commission argues that  
banks should accept the same legal  
liabilities under the Securities Act  
as any other dealers. The Treas-  
ury insists with equal vigor that  
they shouldn't. It's a case of doc-  
tors disagreeing—which might logi-  
cally end up by the patient being  
dropped overboard.

It should be noted that the big-  
gest banks would benefit most from  
the amendment. It wouldn't make  
much difference to smaller institu-  
tions either way. Certainly the lat-  
ter can't be expected to break their  
necks to put it across. This is the  
real reason for the lukewarm atti-  
tude of the American Bankers As-  
sociation Committee—which chiefly  
represents second and third flight  
banks. If it will help them at the  
White House to oppose this provi-  
sion the ABA is ready and willing  
to do so.

**BARGAIN:** Suspicious New York-  
ers are beginning to fear that the  
whole subject of security underwrit-  
ing was introduced mainly to divert  
attention from the Senate Commit-  
tee's softening of the Federal Re-  
serve reforms in Title II.

They point out that Carter Glass  
was responsible for bringing it up.  
And while they love Mr. Glass much  
more than they used to, they still  
can't see him as terrifically solicit-  
ous about New York's welfare. So  
when he invites public interest to  
focus on a feature which obvious-  
ly helps Wall Street more than any-  
body else they somehow doubt that  
his motives are pure and undefiled.

If their suspicions are correct  
this section of the bill will be  
thrown to the left wing lions with  
much hurrahs—while Glass' ver-  
sion of Title II slides through vir-  
tually unchallenged. Some Wall  
Streeters figure it would be worth  
while to take a public licking on  
these terms.

**GRIEF:** There's at least one in-  
dustry in New York which ardently  
wishes it had its code back. Fur  
manufacturers—especially the small-  
er ones—have been hard hit since  
they lost the Blue Eagle's protec-  
tion.

The trouble is that their code  
fixed certain terms of payment from  
customers which enabled them to  
cash in quickly on their sales. The  
customers—including large depart-  
ment stores—obeyed the rules be-  
cause they were afraid to be re-  
ported for violations. The fur deal-  
ers knew exactly where they stood  
financially. But since the code was  
canceled these same purchasers  
have been demanding credit for 70,  
80, 90 days and longer. The fur po-  
sitions have been forced to grant it  
on pain of losing business they bad-  
ly need—but the effect is ruinous  
on the little fellows because they  
haven't the capital to tide them  
over the period between sales and  
payments. Concerns of good stand-  
ing have been able to get help from  
the banks for the time being—but  
if this sort of thing continues there  
will be a flock of casualties.

Informed observers predict that  
manufacturers of dresses, knitwear,  
hosiery and other types of clothing  
will soon encounter similar diffi-  
culties—and without codes they can  
only grin and hope to pull through.  
Credit problems of this character  
are likely to dump a heavy load of  
grief on small industrialists all over  
the country.

**PRACTICAL:** The Securities Ex-  
change Commission has a limited  
group of contacts among invest-  
ment bankers and brokers whom it

market manipulation now being  
worked out are expected to be as  
reasonable.

The Commission is interested in  
the opinions of those who must  
operate under its mandate. But it  
obviously cannot solicit the ideas of  
every broker if it expects to accom-  
plish anything within fifty years.  
Careful New York observers agree  
that its attitude all along has been  
practical and cooperative towards  
legitimate business—but not to the  
point of encouraging former abus-  
es.

CLIMB: The prospect for fresh tax-  
ation may be a pain in the neck to  
everybody else but it's great medi-  
cine for municipal bonds. Recent  
demand—based on the tax exemp-  
tion feature—has driven the best  
grade of these securities to the  
highest price levels in twenty years  
and experts predicts the top isn't  
yet in sight.

The municipals have staged one  
of the most spectacular climbs in  
security market history in the past  
two years. They reached a record  
low in May of 1933 when 20 of the  
best of them recorded the aston-  
ishing average yield of 5.69 per cent.  
Now they're setting records in the  
opposite direction. The average  
yield for the same group of obliga-  
tions is currently only 3.30 per cent.  
Outstanding issues would benefit  
even more if tax exemption is abo-  
lished on new offerings.

## RAINS BOOST STATE CROPS

General Improvement  
of Tobacco, Corn  
and Cotton Report-  
ed in N. C.

Reflector Bureau.

Sir Walter Hotel.

Raleigh, July 17.—The present out-  
look for the tobacco, corn and cot-  
ton crops in North Carolina is now  
excellent as the result of the gen-  
eral rains of the last two weeks or  
so which have been worth hundreds  
of thousands of dollars and perhaps  
even millions to the farmers, ac-  
cording to Frank Parker, chief of  
the State-Federal Crop Reporting  
Service, of the State Department of  
Agriculture.

At the end of June the corn crop  
was in very poor condition, due to  
the very dry and very hot weather  
that prevailed throughout June and  
the tobacco crop was also suffering  
from the lack of rain. A good many  
tobacco farmers had to start har-  
vesting their tobacco to keep it from  
burning up in the fields. The stands  
of cotton were the poorest in about  
15 years, although the hot, dry  
weather in June did not injure the  
cotton crop as much as the other  
crops, Parker said. Fruit and truck  
crops also suffered heavily from the  
dry weather in June.

Here's something to think  
about when you buy  
trucks

It pays  
3 ways to buy  
CHEVROLETS

The world's best truck buy! That is the verdict  
of the ever-increasing number of people who are  
choosing these big, powerful Chevrolet Trucks.  
A very natural verdict when you realize how much  
more economical these trucks are to buy, operate  
and maintain. Chevrolet Trucks sell at the world's  
lowest prices. Their six-cylinder valve-in-head  
engines use less gas and oil. And their strong,  
sturdy construction assures faithful performance,  
year in and year out, with a minimum of main-  
tenance expense. That is why we say—It pays  
3 ways to buy Chevrolets! See your Chevrolet  
dealer and choose the right Chevrolet Truck for  
your delivery or haulage needs—today!

CHEVROLET MOTOR COMPANY, DETROIT, MICH.

## BULL CITY LEGION TEAM WINS HERE

The Durham American Legion team defeated the Greenville Legion team in the first of a series of two out of three, at the Third Street park yesterday, by the score of 8 to 6. The second game will be played in Durham on Thursday afternoon, and if a third game is necessary it will very probably be played at Spring Hope, neutral diamond, on Friday afternoon.

Greenville played heads-up ball for six innings yesterday and behind the steady pitching of Roebuck, was leading six to nothing as the visitors came to bat in the first half of the seventh. Up to this point he had allowed seven hits, but with some nice plays by his team, the visitors were stopped every time they had threatened.

In the seventh, after Greenville had scored once in the first, three in the third, and two in the sixth for a total of six, Durham scored four times on a base on balls, two errors, a single, and another long single which went for a home run when it got by Greenville's left fielder and went through the fence under the football bleachers. Greenville protested, claiming that under the existing ground rules at the park, the hit should have counted for only a double. Umpire Roebuck ruled it a home run and Durham was in the game.

They came back in the ninth to score four more and win the game. Hobgood relieving Roebuck with the score seven to six, the final run coming in on a squeeze play, the ball going for a hit as the batter beat the throw to first.

Beck, Brame, Johnson and Pierce were the hitting stars for Durham. Beck getting a triple, a double, and a single, Brame three singles, Johnson a triple, double and single, and Pierce a triple and two singles.

For Greenville, Bill Clark, with two doubles, led the batting. Mumford, Harold Forbes, John Wells, Langston, Lautares, and Roebuck getting singles.

Greenville had made only one error up to the seventh, then made four bobbles in the seventh, and one each in the eighth and ninth. Martin made a nice play in the first inning when he tagged the runner coming home on a bunt, and then threw to Geo. Lautares who tagged the runner on second trying to get back to the bag. In the eighth another nice double killing was made when Harold Forbes took a hot grounder and threw to second, Mumford throwing to first to get the batter.

A decision by the visiting Base Umpire cost Greenville a run in the sixth when he ruled that Roebuck failed to touch third base when he scored behind Lautares on Bill Clark's two base hit.

## GREENIES FALL BEFORE RALLY OF TAR BABIES

Tarboro, July 1.—Tarboro counted twice in the ninth to tie and then put together two hits in the 10th to gain a 7-6 verdict over the league-leading Greenville club here yesterday.

Harry Bassin's double broke up the game. Hig long hit to deep right center, scored Evan Male who had singled.

Bassin also had featured in the ninth-inning rally which enabled Tarboro to ward off defeat. He singled with one out. After Manager Ferritt had whiffed in the role of pinch-hitter, Bryant singled and Short drew a walk to fill the bases. Bill Cobb singled over second to send in two runs. Cobb's hit called for the exit of Pete Naktienis, Greenies' starting hurler. Wade finished.

Guam, who relieved Ryhmer in the eighth inning was the winning pitcher. The Greenies got a run again him in the ninth. Naktienis singled, an error and walks to Hulskamp and Wagner forced in the visitors' ninth-inning score.

Ace Parker hit a homer for Greenville in the second inning.

Bassin hit two singles and a double to bat 500 for Tarboro. McArthur had two hits for three tries. Wagner, with a double and a single and Naktienis with two singles were high for Greenville.

Score: R. H. E.  
Greenville 010 002 111 0-6 10 2  
Tarboro . . . 003 100 002 1-7 10 3  
Naktienis, Wade and Wagner; Ryhmer, Guam and Short.

### AYDEN CHASES MARTIN

Ayden, July 17. — Williamston hurlers gave 14 walks, and the generosity was graciously accepted by Ayden's Aces, who tossed in 11 hits to run up a 12-2 victory over the Martins here today.

A seven run spurge in the third inning—resulting from six walks, two errors, and singles by Knowles and Tatum—featured the run-making by Doc Smith's locals. Each of the hits in the big inning sent in two runs.

Knowles, with three singles and a double, and Tatum, with three singles, were Ayden's top hitters. Marable hit a double and a single to lead Williamston.

Lefty Upchurch pitched the route for Ayden and had little difficulty in adding another victory to his list.

Score: R. H. E.  
Williamston . . . 000 010 001 —2 8 3  
Ayden . . . . . 117 220 20x—15 11 1

### GOLDSBORO WINS 4 TO 1

Goldsboro, July 17. — Goldsboro batted around in the seventh inning to score three runs, the margin of victory in a 4-1 decision over Kinston's Eagles here today.

The Bugs' rally came after Kinston had counted one in its half of the inning to pull into a 1-all tie.

Bill Herring held the Eagles to five hits. He walked one and fanned six. Humphries, Kinston hurler struck out nine but walked six. A walk pushed in one of the local's seventh-inning runs.

Goldsboro scored once in the fourth. A hit by Patton, a walk and a single by Suttentfield were the main ingredients.

Rand with two for four, led Goldsboro. Morgan, with a double and a single, led Kinston.

Score: R. H. E.  
Kinston . . . . . 000 000 100—1 5 2  
Goldsboro . . . 000 100 30x—4 7 0
