Ethiopians Asked To Follow Emperor Selassie To Battle

KING OF KINGS APPEALS TO ALL SUBJECTS

As Ethiopians Prepare for Battle Italy Charges Tribesmen With Mutilating Various Children in Eritrean Province; Widespread Indignation Aroused by Published Reports of Atrocities

Addis Ababa, July 18.—(AP)—Emperor Haile Selassie today called on all Ethiopians to follow him into battle, declaring it was better to die free than to live without liberty.

The "king of kings" and Lion of Judah addressed both his parliament and his soldiers. In impassioned tones he said the military preparations by Italy now going forward prove the intentions of that country to conquer Ethiopia. He called on all his subjects to unite and co-operate for the defense of the country, saying he would lead his troops into war. He appealed to all not to fear death.

"Our ancestors," he shouted, "preserved their independence by sacrificing their lives and we must follow their example. God will be our trust and our shield and the modern armaments of aggression cannot do one duty which is sacred for Ethiopian independence."

Reviewing Ethiopian relations with Italy and the events leading from the skirmish at Ualual last September until now, the emperor described Ethiopian efforts for peaceful settlement of the dispute and also similar efforts by the British which he said Premier Mussolini of Italy had "brutally rejected."

Rome, July 18.—(AP)—Italy charged Ethiopian tribesmen today with "mutilating numerous children" in a massed attack on defenseless natives of Eritrean Dancalia.

Widespread indignation was aroused as the full details of the alleged raids on the Italian colony May 31, charged in a propaganda ministry communique, were published for the first time this morning by Italy press.

Premier Mussolini's own newspaper Polo D'Italia, reviewing the Italo-Ethiopian crisis, in an article believed to have been written or at least inspired by Il Duce himself, asserted:

"A door opened with cannons can not be reclosed except by arms." A government spokesman gave assurance that Italy watched Ethiopian mobilization and special session of the League of Nations, confident of its own action and justification of its cause.

Local Battery Wins Ball Game At Fort Bragg

Special to The Daily Reflector. Fort Bragg, N. C., July 18.—Battery "A" overwhelmed the Headquarters Battery yesterday in the second game of the series scheduled for the period of the encampment with a score of 12 to 2. The Greenville boys permitted the boys from Dunn to score one run in the first inning but gained two for themselves. Johnson, pitching for Greenville, played very consistent baseball through the game, striking out 12 men, gaining two hits and making three runs in four times at the bat. Northcutt, Greenville's catcher, went to the bat five times, getting one hit and four runs for the home boys, one of which was a home run in the fifth inning.

Smoothly baseball was played in the eighth frame when a double was made by Pierce to Haen to Carr. The prediction is that Battery "A" will bring the baseball cup back to Greenville with them as well as some other trophies.

FAILS TO IDENTIFY SUSPECTED MURDERER

Greensboro, July 18.—Mt. Airy's chief of police was here yesterday to look over Dewey Goins, 40-year-old police who was arrested for larceny of a doctor's kit and was also held as the suspected murderer of a Mt. Airy night watchman last winter.

Foe Of 'Shysters'

Declaring "lawyer criminals" who ally themselves with gangsters and the like should be driven out of the legal profession, Mayer C. Goldman (above) of New York told the annual convention of the American Bar association in Los Angeles that the country needs a system of public defenders in criminal cases. (Associated Press Photo)

COLLEGE BACK AT WORK HERE

Second Summer Term Gets Under Way; Study-Observation Party Is Off

Examinations yesterday morning closed the first term of Summer School at the College and preparations for the second term is now under way.

With the major part of registration completed yesterday afternoon leaving only those arriving late to register and a few other adjustments to be made, classroom work was resumed today and will continue until the close of the term on August 23rd.

Those accompanying the party on the second of the series of study observation tours left early this morning with Washington as the first point of interest to be visited. They will be gone approximately 18 days and will return to Greenville about August 6.

TEXAS FARMERS IRATE OVER DECISION ON AAA

Victoria, Tex., July 18.—(AP)—Indignant over the decision of the United States Circuit Court at Boston holding the processing tax unconstitutional, a group of cotton farmers today considered filing suit attacking the constitutionality of tariff duties.

J. P. Barrington, president of the Farmers Luncheon Club and spokesman for the group said the action was under consideration as reprisal against textile manufacturers and other interests seeking "to deny the farmers' protection similar to that afforded them."

DIVISION: Unless President Roosevelt steps on the two publicity-struck chairmen—Messrs. O'Connor and Black—the double-barreled power lobby investigation will turn out to be a dud.

In this inquiry the utilities are making a last-ditch fight for all suffering interests. Their successful mobilization of protestant stockholders has taught a useful lesson to all corporations based by Rooseveltian policies. Prospective victims of tax and railroad legislation are muncipalities lists of shareholders so as to play the same game. If the utilities get away with their vast expenditure of money—possibly \$2,000,000—in this sort of "scare" campaign, business has a new form of dominance over government.

Both sides realize that they are playing for high stakes. That's why the utilities rejoice at the division among their enemies. Personal and

Suit Seeks To Restrain Leaf Control Act

Macon, July 18.—(AP)—The constitutionality of the Kerr-Smith tobacco production control act is attacked in a suit filed here by 100 non-cooperating north Florida growers who seek to join the collection of the tax levied under it.

Directing the petition for the restraining order against W. E. Page, director of internal revenue for Georgia, the growers charged the tax is a penalty rather than a levy and that the Secretary of Agriculture is delegated with unlawful authority to levy it.

The growers also contend the act favors producers who had big acreage in 1931, 1932, and 1933 the past period.

ADJUST FARM DEBTS HERE

County Farm Debt Adjustment Committee Reports Settlement Three Cases

According to figures released by J. H. Blount, of Greenville, secretary of the Pitt County Farm Debt Adjustment Committee, there have recently been settled three farm debt cases by the committee involving a total indebtedness of \$13,700.00, and there are now pending nine farm debt cases involving a total indebtedness of \$32,300.00.

The pending cases are expected to be settled satisfactorily for both the debtor and creditor very soon, secretary Blount said.

Since the organization of the Pitt County Farm Debt Adjustment Committee by Governor J. C. B. Ehringhaus, a number of financially distressed farmers have been aided by this organization. All financially distressed Pitt County farmers are urged to file their applications with this committee and avail themselves of this free and comparatively easy method of solving their financial problems.

The members of the Pitt County Farm Debt Adjustment Committee, as appointed by Governor Ehringhaus, are J. H. Blount, Greenville, secretary, and R. L. Little, Grimesland; L. H. Rountree, Greenville, and George N. Edwards, Winterville, members.

political rivalries among the politicians benefit them. You can gauge the sincerity of the Congressional investigators by watching what happens to the proposal that House and Senate sleuths pool their forces and finances.

TRUTH: House Rules Chairman O'Connor will do a better job than Senator Black if he dares to carry on. Although suspected of greater animosity toward White House representatives than toward utility lobbyists, he may turn up some real revelations.

Mr. Black has started out along old-fashioned lines. He wants to know how much the power people have spent to influence votes. Evelyn knows—the utilities admit it—that they spent plenty. He will dig up nothing new by proceeding up that alley.

What the public wants to know is the result of the impact of the power expenditures upon members (Continued on Page Two)

FIND WOMAN'S BODY IN SEWER AT WINDY CITY

Police Seeking to Determine If Body Is That of Mrs. Evelyn Smith, Dancer

Chicago, July 18.—(AP)—The body of an unidentified woman who had been found in a sewer under 78th street today.

Police immediately began an investigation to determine whether the victim was the missing Mrs. Evelyn Smith, former burlesque dancer sought in the "swamp murder" of Ervin Lang, 28.

Mrs. Smith, along with her Chinese husband Harry Jung, vanished without a trace Wednesday, July 10, the same day police arrested Lang's mother-in-law, Mrs. Blanche Dunkle, 43 who admitted, investigators said she had hired Mrs. Smith to murder Lang for a promised \$500.

Mrs. Dunkle's confession as told by police, said it was the blonde Evelyn who sawed off Lang's legs after strangling him. Lang's legless body was found in a swamp near Hammond, Ind.

Chicago police said the body had been found and abandoned an investigation of the swamp murder to hurry to the scene.

CREDIT BODY HEADS CONFER

Local Men Attend Gathering of Production Credit Men at Rocky Mount

A conference of presidents, secretaries and directors of production credit associations held at Rocky Mount on July 17th was attended by J. C. Galoway, Jno. R. Carroll, J. P. Davenport, J. G. McEwen and N. F. Palmer of the Greenville Production Credit Association.

The conference loan policies, procedure and other matters in which the various associations are mutually interested were discussed. This meeting, it was announced, is one of a series now being held over the entire third Farm Credit Administration district comprising the states of North Carolina, South Carolina, Georgia and Florida and is in keeping with the program of the administration to have the leaders confer and exchange ideas so that the credit service offered by the association might come as nearly as possible to meeting the demands of the farmer.

At the meeting the Production Credit Corporation of Columbia was represented by Mr. Ernest Graham, president, who reviewed the splendid progress which has been made since their organization in the early days of 1934. He stated that in order for the associations to succeed as they should there must be sacrifices made by the officers and directors, and that the men who had chosen to lead these organizations had shown a splendid spirit in the conduct of these cooperative farm organizations.

The 97 associations in the four states on May 31, 1935 had made short-term loans totaling over \$12,000,000 a substantial increase over the same date last year. These loans it was pointed out, had been made on a sound business basis and in the belief that they would be repaid 100 per cent. Only by maintaining a splendid repayment record will the association remain in position to secure money for production purposes at such low rates of interest, it was pointed out.

The Greenville Production Credit Association has made loans to 518 farmers this spring totaling \$231,970.00.

BOOTLEG KING IS SHOT DOWN AT CHICAGO

Louie "Two Gun" Alterie Killed As He Left His Hotel Early This Morning

Chicago, July 18.—(AP)—Louie "Two Gun" Alterie, "big time" Chicago gangster, who survived some of the city's bloodiest bootleg wars, was shot down as he left his hotel this morning and died an hour later.

A blast of gunfire struck Alterie, so seriously wounded that he barely survived the ambulance ride to Lakeside hospital.

With the gangster was a woman companion, identified by police as his wife.

Captain Daniel Gobert, chief of the state attorney's police, blamed the killing on labor troubles. Once the companion of Dijo O'Brannion, premier Chicago bootlegger, Alterie had lately been an official of a janitor's union here, Gobert said.

LeRoy Lockamy Buried Today

Leroy Lockamy, Jr., 8 months old died at the local hospital yesterday afternoon at 12:30 and funeral services were conducted from the late home this afternoon at 4 o'clock. Burial was made in the family burial ground.

Surviving are the parents, Mr. and Mrs. Leroy Lockamy and two sisters Dorothy and Mary Jane.

More than 17,000 shrimps, barnacles, worms, and crabs were found in a sponge the size of a washtub fished from the Gulf of Mexico.

Policeman Mobley Shot In Gun Fight With Yeggs

Police from several towns in this part of the state were reported this afternoon to be aiding Greenville and Pitt county officers in an effort to roundup three unidentified white men who early today made an unsuccessful attempt to rob two stores here, shot Policeman John Mobley in a running gun battle, stole an automobile and fled toward Farmville.

The yegmen were reported seen three miles from Wilson this morning, and after racing them to the Rocky Mount area, officers were said to have lost track. However, the manhunt continued during the afternoon in the Rocky Mount area with officers in that section of the state asked to be on the lookout for the men.

Officers today were searching for three unidentified white men armed with shotguns and pistols who early this morning shot a policeman in a running gun battle and made their escape in a stolen automobile after an unsuccessful attempt to rob two stores in the tobacco town business district.

Several officers headed by Sheriff Whitehurst and Chief of Police George Clark were combing highways between Greenville and Wilson in an attempt to catch the bandits who abandoned their own car, riddled with bullets by police pistols, and made their escape with an automobile taken from a negro named Joe Brown.

The negro was carried to the farm of Sam Branch, several miles west of Greenville, and tied to a tree with a clothline.

The wounded officer, John Mobley, who routed the robbers, was rushed to the local hospital suffering from bullet and backshot wounds in both arms and a leg. Although badly hurt, his condition was not described as dangerous.

Cutting the lock on the front door of the Smith-Hines Co. wholesale dealers on Railroad street about 4 o'clock today the robbers blew the combination off the safe with a charge of nitroglycerin, but the door failed to open.

They abandoned the safe and went to Bilco Wholesale Co., a door or so below the other firm,

PLAN TO TALK HEALTH - FARM SAFETY HERE

Health and Farm Representatives to Consider Questions at Courthouse

A joint meeting of public health and farm department officials was scheduled for 5 o'clock this afternoon at the office of the Department of Education at the courthouse for the purpose of discussing a health-farm safety program.

Following the meeting it is probable application will be filed with WPA officials for funds with which to cut 600 miles of ditches in an ambitious drainage program.

E. F. Arnold, director of the local farm department, said yesterday this amount of ditching would be necessary to properly drain the thousands of acres of fertile farm lands in all parts of the county, and that the million-dollar loss experienced by farmers from heavy rains recently would have been averted if the land had been sufficiently drained.

Other farm officials believed the estimate of the farm director was not excessive by any means and the opinion was concurred in by representatives of the public health department.

Lowlying farm lands in all sections of the county were flooded by torrential rains visiting the community the past two weeks, and hundreds of acres of tobacco, the section's chief money crop have "flopped," making it a complete loss.

The situation is one that must be taken care of immediately, said the farm and health leaders, as they prepared to go to the courthouse today to outline a program to be submitted to federal forces. It is not only a question of economic importance, but also affects the health of the thousands of people residing in the affected districts.

OBTAINS ACQUITTAL OF DAMAGE CHARGE

Raeford, July 18.—Frank Townsend, of McLauchlin township of Hoke county, was acquitted of the charge of destruction of property in recorder's court here Tuesday. It was claimed Townsend destroyed certain empty barrels belonging to Allen Wood. The barrels had been found in use at a bootleg liquor still.

Police from several towns in this part of the state were reported this afternoon to be aiding Greenville and Pitt county officers in an effort to roundup three unidentified white men who early today made an unsuccessful attempt to rob two stores here, shot Policeman John Mobley in a running gun battle, stole an automobile and fled toward Farmville.

blew the lock on the front door and entered. About this time Mobley, making his regular beat in the district came along, saw the door open rushed across the street, to telephone police headquarters.

He had some difficulty getting connection, and the three men rushed to their car, opening fire as they ran. Mobley returned the fire, one of the bullets striking the radiator of the robber car, which sped through down in the direction of Washington.

BELOVED LADY PASSES HERE

Funeral for Miss Martha O'Hagan to Be Held Here Tomorrow Morning 10:30

The community was saddened and shocked by the sudden passing this morning of Miss Martha O'Hagan, a beloved member of one of the State's oldest and most prominent families.

Miss O'Hagan had recently recovered from a two-month illness and had returned several weeks ago from Pitt County Hospital to her home on Fifth St. The going marks not only the ending of a distinguished name in North Carolina, but the closing of a life that has been filled with quiet charity and kindness.

Beloved by three generations of her family she possessed many natural gifts of charm and retained it to the end, and extraordinary intellect and a keen interest in those around her.

An unusual and lovable character, she held the deep affection of an ever increasing circle of friends from those of her earliest childhood to those of our youngest generation.

Miss O'Hagan, the daughter of the late Dr. Charles James O'Hagan, a native of Londerry, Ireland, and his wife, Eliza Forrest, was born in Greenville and with the exception of her school years at Egmontsburg, Md., her entire life was closely interwoven with that of the town.

She was a devoted member of St. Peter's Catholic church and contributed generously toward its development.

Her conception of Christianity was service and charity and her life embodied these ideals.

Funeral services will be conducted at 10:30 tomorrow morning at St. Peter's Catholic church by Father McMillan. Interment will be made in Cherry Hill cemetery in the family plot.

She is survived by one brother, Charles James O'Hagan, Los Angeles, Cal.; a niece, Mrs. J. Bryan O'Hagan, Washington, N. C.; a nephew, Ned Laughinghouse, Wilson, N. C.; great nieces, Mrs. Helen O'Hagan, Montgomery, Ala.; Mrs. R. C. Stokes, Jr., Greenville; Mrs. L. J. Black, Elizabeth City; great nephews, Charles O'H. Laughinghouse, Greenville; J. Bryan Grimes, Columbia, S. C.; Charles O'Hagan Grimes, Wilson; Als on Grimes, U. S. Army, Fort Totten, Fort Island, N. Y.; Ned Perry Laughinghouse of Wilson, and several great grand-nieces and nephews.

SIX ARE BOUND OVER FOR ROBBING BOX CAR

Wilson, July 18.—Six negroes captured by Raleigh police a few days ago in connection with the robbery of a box car in the Norfolk Southern line yesterday were bound over to Superior Court here Tuesday morning by Judge Ash Lines and placed under \$200 bonds.

The men are Frank Williams, A. C. Jones, James Davis, Gordon Jackson, Charles Beaman and Lammie Kelley. They were brought here from Raleigh Saturday and placed under \$1,500 bond to await trial.

OPENING OF ABC STORES STALLED HERE

Inability to Find Warehouse and Store Site Here Delays Opening

Inability of the local ABC board to find a suitable location for a storage warehouse and store site in Greenville today was causing delay in the opening of whiskey control stores in three other towns of the county, it was indicated this afternoon.

With negotiations for locations having been under way for the last several days, C. O. Horne, chairman of the control board, said this afternoon they had been unable to arrange definitely for immediate occupancy of either of the sites under consideration here.

Unless the site here is obtained shortly, Mr. Horne said it would be necessary for the board to proceed with the opening of stores at Farmville and Fountain, where locations have already been obtained, and at Ayden where, it is understood, a store could be opened in a short time.

The board has been dickering with owners of a building opposite the Edwards building on Evans street, and another in tobacco town, next to Pitt Drug Company. Mr. Horne said the owners of the building on Evans street declined to deal with them without a year's contract, and in view of the fact that the board is not authorized to enter into contract for a building negotiations here were stalled.

The Dickinson avenue building, now occupied, cannot be vacated before next Wednesday at the earliest, and the fact several days would be required to put it into condition has provided another hitch the board finds it impossible to break.

Mr. Horne said his organization was working as rapidly as possible to arrange for the opening, but would be handicapped until the warehouse is obtained here where whiskies can be assorted and made ready for distribution among the stores.

In view of the situation here, Mr. Horne said it was impossible to say when the first store would be opened but that the board was struggling with the problem day and night and hoped to reach a solution within the next day or so.

The city budget for 1935-36, adopted by the Board of Aldermen in regular monthly meeting last Thursday evening, was on display at the city hall today, and will be open to public scrutiny for the next twenty days.

CITY BUDGET ON DISPLAY

The city budget for 1935-36, adopted by the Board of Aldermen in regular monthly meeting last Thursday evening, was on display at the city hall today, and will be open to public scrutiny for the next twenty days.

The budget carrying increased appropriations over the past year, actually went on display last Monday morning, City Clerk, J. O. Duval said today. It is exactly in the form adopted by the aldermen, as the city clerk has been so busy he was not able to make a carbon copy as customary.

The budget this year carries a total of \$81,137.94 for the general fund compared with \$76,000 the previous year. The increase was caused by increased expenses in the operation of government, including a slight raise in salaries of city employees and an extra month school year.

The board set aside \$11,000 for public school maintenance this year compared with \$4,500 the previous year.

It is estimated that extending the eighth months school term to nine months will cost in the neighborhood of \$7,000 leaving the remainder of the sum contained in this budget for general maintenance purposes.

The tax rate this year is \$1.00 on the \$100 valuation compared with 95 cents the previous year.

Everybody interested in the operation of the government has been invited to visit the display and inspect the budget figures. Duval said he would be glad to explain the different items, if possible, he said, a condensed copy of the budget will be made at a later date.

DON'T KILL THE GOOSE THAT LAYS THE GOLDEN EGG.

The Senate did well yester-
day in moving to reconsid-
er its former favorable ac-
tion on that section of AAA
amendments that would
provide for arbitrary price
fixing by co-operative or
other marketing agencies.
In our opinion the section is
a most dangerous one and
would make it possible for
less than 26 per cent of the
producers of tobacco or any
other commodity to fix a
prohibitive price on the
commodity with the result
that buyers might be forced
to seek substitutes and mar-
kets might be permanently
lost.

Under the provisions of
the amendment, if 50 per
cent of the producers of a
commodity, for example flue
cured tobacco, join the co-
operatives the said co-op-
eratives would have the
power to fix the price for
the whole production by a
majority vote of its member-
ship. Under this provision a
majority of the 50 per cent
membership or less than 26
per cent of the total produc-
ers of the commodity could
arbitrarily fix a price with
the result that no one would
be permitted to sell at a low-
er figure. The dark tobacco
growers of one of the Ken-
tucky belts is today suffer-
ing as a result of just such
action as the amendment
would now put into force as
a part of the law. In that
belt the growers pooled their
crop and demanded a price
beyond reason. One of the
foreign nations that had
been purchasing approxi-
mately 40 million pounds of
that type of tobacco annu-
ally was unable to pay 33
cents for the tobacco they
had been purchasing for 16
cents but did agree to pay an
increased price. The reply
of the pool was that the
price was 33 cents or noth-
ing with the result that the
foreign country did not buy
immediately turned its at-
tention to finding a substi-
tute until it could produce its
own tobacco. That country
is now producing enough of
the same type of tobacco to
fill its own needs and is
competing with the Ken-
tucky tobacco in the mar-
kets of the other nations.
The members of the pool not
only did not get the desired
price for their tobacco but
they lost permanently a mar-
ket for their type of tobacco
with the result that one for-
mer 20 million pound market

has now dropped to around
a five million pound market.

The AAA amendment that
would definitely set up co-
operative marketing, would
make it possible for the same
thing to happen in this sec-
tion if some smooth organi-
zer was ever smart enough
to get 50 per cent of the pro-
ducers to join the organiza-
tion and then get a bare ma-
jority of that body or less
than 26 per cent of the total
number of producers to fol-
low a suggestion of fixing an
exorbitant price for our
type of tobacco. Of course
everyone in the bright leaf
section wants the growers to
get every cent possible for
each and every crop but cer-
tainly no one would like to
see a small minority of the
growers permitted by law to
wreck the industry by des-
troying the markets for our
products. It must be remem-
bered that the large major-
ity of Eastern Carolina to-
bacco goes to foreign mar-
kets and it has been proven
that if driven to it by exhor-
bitant prices the foreign
countries can find substitu-
tes or grow their own toba-
cco and once this is done
there will be no more mar-
ket in the foreign field for
our tobacco.

It is well that the govern-
ment should take every step
possible to protect the grow-
ers and see to it that they
get a fair price for their
crops but to permit destruc-
tion of the markets by arbi-
trary and unreasonable price
fixing at the hands of a mi-
nority of the growers to
kill the proverbial goose
that lays the golden egg.

of Congress. What Congressmen
consort with lobbyists and what
was the result of their conniv-
ing? How many members succumbed to
telegrams and letter attacking the
"death sentence"? How many check-
ed up to discover whether these
protests were stimulated or real?
Mr. O'Connor has asked House
members to supply this informa-
tion. If they tell the truth they
—and not the utilities—may have
some explaining to do.

PERHAPS: President Roosevelt
is catching more Congressmen
with molasses than with vinegar.
His recent conferences with mem-
bers of House and Senate have
been love feasts instead of occa-
sions for trading and bickering.
Mr. Roosevelt has listened to

Senators who never before had a
science to whisper in his ear. They
complained of patronage neglect.
They explained that his editorial
demands sometimes made them
appear as "democrats" learning
the "resistive will" be public and
especially their constituents. They told
him they were tired and anxious to
get home. They expressed their
resentment at the tactics of some
of his over-enthusiastic liaison
men.

Mr. Roosevelt listened to all this
Congressional cackling. He made
no specific promises—that is not
his way—but the boys felt better
when they got their groans out
of their chests. They left the Presi-
dent with the impression that he
will give more weight to their ad-
vice hereafter, and not spend all
his time listening to the "Brain
Trust."

MONUMENT: Rep. George
Tinkham, the blue-haired, blue-
blooded big game hunter from
Boston, has a novel scheme for
keeping the United States out of
future wars.

Mr. Tinkham is a Mayflower de-
scendant and an intense national-
ist. He delivers two speeches a
year—both designed to delight the
Irish and Yankees in his district.
He demands no "involvement" in
foreign affairs and full payment of
the war debts. Before prohibition
he used to cavort Bishop Cannon
once a year and thereby insure
a 100 per cent vote in his Irish
wards.

But now George is all for get-
ting the war debts. He an-
nounces that Europe's failure to pay
these obligations is the finest in-
surance against American partici-
pation in another world war. And
cheap at the price of \$11,000,000-
000! So he may sponsor a resolu-
tion waiving payment and dedicat-
ing the unpaid debts as a "monu-
ment to the folly of war."

TEAM: Republican scouts lists
only two men as actively seeking
the Republican presidential nom-
ination for 1936. They are Frank
Knox, Chicago publisher, and Rep-
resentative Hamilton Fish, Jr., Mr.
Roosevelt's New York neighbor.

Other men, especially Senators
Borah and Vandenberg, may crave
the honor as much as Messrs. Knox
and Fish, but they are lying low.
Mr. Knox's friends are quietly
campaigning for him in the Middle
West and in the Northeast. They
seem to be spending real money.
Too. Not so long ago Mr. Knox re-
called to the Chicago office a vet-
eran Washington correspondent
who is the confidant of almost
every GOP leader in the country.

Mr. Fish is traveling, speaking

New York

By JAMES McMULLIN
COMPLETE: New York conserva-
tives are pained to note that the
government hasn't abandoned its
plans for regulating private indus-
try—even temporarily—as a result
of the NRA setback.

The ponding bill backed by labor
would authorize the President to
require certain standards of wages,
hours and working conditions for
all government contractors with pri-
vate manufacturers. But that's not
the worst of it. It would also em-
power him to demand that a bid-
der for a federal contract bind
himself in advance—if he got the
award—to obey any executive or-
der issued for the purpose of carry-
ing out a mandate from Congress.
You might put it that anyone

wishing to do business with Uncle
Sam would have to agree to sign
a blank check before he can qual-
ify. Since most large corporations
sell something to the government—
directly or indirectly—this stunt
could be used to hamstring their
plans to fight the Wagner Labor
Disputes Act in the courts and
you can imagine how they would
love that.

Furthermore they would find it
hard to escape the long arm of the
White House even if they delib-
erately sacrificed their federal busi-
ness—because the same authority
would apply also to state and local
objects wholly or partly financed
by federal funds. That makes it
pretty darned complete.

HATEFUL: Here's the back-
ground to the bill as financial in-
siders get it. No long ago Admi-
ral C. J. Foy had the bright idea
of hitching up New Deal reforms
to the persuasive powers of four
billion dollars as above. He thought
it could be done by simple execu-
tive fiat.

Then—as our Washington col-
umn reported at the time—Com-
ptroller General McCarl horned into
the picture. Mr. McCarl has two
annoying habits. He wants proof
of legal authority before he ap-
proves contracts and he declines to
know to the wishes of the execu-
tive branch. He represented a
serious obstacle to the force play.
In the crisis some genius in the
administration remembered that
the Comptroller is obliged to heed
the will of Congress whether he
wants to or not. That indicated a
dear—or easy—as pie—just pass a
law giving official legislative sanc-
tion to Admiral Foy's solution
and McCarl is checkmated.

The bill is now being smoothed
up behind the scenes to make it
easier for the legislators to take.
There will be terrific yells from in-
dustry when it is introduced—but
impartial observers rate its chances
for passage as excellent. In that
case "regimentation" will be back
in the driver's seat. Already in-
dustrial circles are moaning about
the proposed innovation in "gov-
ernment by intimidation"—but they
will scuttle a lot of prejudices if
they have to. They need their
share of the four billion too bad-
ly to hold out in earnest even if
they do resent such interference
with private initiative.

SURRENDER: Dealers in munici-
pal bonds are all wrought up a-
bout the proposed change in the
municipal bankruptcy law. What
irks them most is the secrecy and
speed with which it is being push-
ed through. The Investment Bank-
ers' Association and the U. S.
Chamber of Commerce both had
strenuous objections to offer but
nobody gave them a chance.

The change would give the RFC
authority to pay off defaulted
bonds of political subdivisions at

any price it chooses to offer—and
with no redress available to cred-
itors. They wouldn't even have to
be consulted. Under existing laws
no bankruptcy plan can go into ef-
fect without the approval of a sub-
stantial majority of creditors and
they can't see why they should be
summarily deprived of this bar-
gaining power.

The worst of it all—from the
creditor's standpoint—is that Jesse
Jones will be anxious to settle de-
faulted municipal debts as cheaply
as possible. If he's to be judge as
well as advocate holders of lower
grade liens of political subdivisions
might as well surrender any hope
for a financial comeback.

CAI THAT ONCE BELONGED TO AL CAPONE TO BE HERE

Racketeering in all its ramifica-
tions, particularly that branch
centers its activities in the illicit
liquor traffic is forcibly pictured in
"Scarface," the Howard Hughes epic
which comes to the State Theatre
Friday.

The result is a vehicle which for
sheer dramatic power has seldom
been equalled upon stage or screen,
as has been attested by stage and
film producers, playwrights and
public officials who have witnessed
the picture at private interviews.
"Scarface" tells of the rise and

fall of Tony Camonte, and the lead-
ing role is played by Paul Muni,
the famous character actor. Also
included in the cast are Ann Dvorak
and George Raft.

Outside the theatre during the
run of "Scarface" will be the car
that once belonged to Capone. This
car is a limousine, cost \$20,000
and can be seen and inspected free

The glass in the car is 1 and 3-4
inches thick and is absolutely bul-
let-proof. Then there are the
bomb compartments in the floor,
the machine gun racks in the back
and the tear gas displays; and the
two way death mirror. Also there
is the rack machine which punc-
tures the tires of pursuing auto-
mobiles.

"PETRIFIED SHEEP" STARTS COLLECTION

Stephenville, Tex., (AP)—When Ross R. Wolfe, pecan nurseryman, found what he thought was a petrified sheep 15 years ago, he became interested in fossils.

It turned out to be just an oddly shaped rock, but Wolfe began collecting petrified wood and fossils. His interest grew when he found "a beautiful thing that looked like a huge stone flower." A Yale paleobotanist identified it as a caryodendron, extinct plant believed to be the "missing link" between ferns and flowering plants.

Wolfe's discovery of the Trinity beds of Texas drew the attention of paleobotanists to what is believed to be one of the five important caryodendron fields in North America. The caryodendrons vary in weight from 140 to 350 pounds. Wolfe removed one caryodendron from the stone wall of the postoffice at Tolar and traded a marble tomb for one that had marked a grave in a rural cemetery 26 years.

From his collection of petrified wood and fossils, Wolfe built an office building at his nursery, naming it "The House That Time Built."

stressed the important task which the Hitler youth movement faces in the further present clash between the philosophies of life.

Corroborates Testimony in "Frozen Feet" Trial

Charlotte, July 18.—(AP)—"Dad" Griffin, white trustee today corroborated Dr. C. C. McLaughlin's testimony that he visited Woodrow Shropshire and Robert Barnes, negro convicts daily after they had developed a gangrenous condition of the feet while he was at the state prison camp in this county. The physician is on trial with Captain Henry C. Little, 69-year-old former camp head and R. C. Rate, a former guard, for assault with a deadly weapon.

Griffin testified he nursed the two negro short-term prisoners and saw Dr. McLaughlin visit them each day from the time the condition developed until they were removed to the hospital.

The state contended Shropshire and Barnes' feet froze last winter while they were held in punishment cells for alleged camp rule infractions and the former camp officials are accused of neglecting to furnish heat for the cells.

The assault charge named the bars of the cells and handcuffs with which the negroes were fastened as deadly weapons.

New Cases of Paralysis Reported

Raleigh, July 18.—(AP)—Nine additional cases of infantile paralysis were reported in North Carolina today.

The new cases came two each from Durham, Franklin and Robeson counties and one each from Guilford, Johnston and Pamlico. There have been 397 cases in North Carolina this year so far. Only around 100 are now in a contagious stage as compared with a previous all-time record in prior years of 133 in 1929.

Destroy Utility Campaign Records

Washington, July 18.—(AP)—Employees of the Associated Gas and Electric Company, which has acknowledged it spent \$700,000 in a campaign against the administration utility holding company bill, told senate investigators today that some records of their activity had been destroyed.

One of them, E. W. O'Brien, of Erie, Pa., testified a superior had advised him "we have no longer use for our legislative records—that we were through with utility legislation work."

O'Brien said he had advised R. B. Herron, bond salesman of Warren, Pa., who has sent several hundred

telegrams to members of congress against the legislation that there was to be an investigation and he should clear out his files.

While its lobby committee pressed the investigation into activities for and against the holding company bill, the senate was embroiled once over administration amendments to broaden the powers of the AAA and protect it against court attacks.

With a shot of "no" the senate struck out of the administration AAA amendments as compensatory tax on rayon.

The vote on rayon tax amendments came after Senator Byrnes, democrat, of South Carolina, had withdrawn an amendment he had pressed as a joint protection to cotton and rayon. It would have placed a tax on rayon and silk.

A statement which served to reassure crop-producing farmers who have been receiving benefit payments from the proceeds of the processing taxes were issued in another capitol quarter.

Attorney General Cummings said at a press conference the decision of the Circuit Court of Appeals at Boston, holding the processing taxes unconstitutional, would not prevent further tax collections except in particular cases.

New York Cotton

New York, July 18.—(AP)—The stock market pressed forward today at a considerably accelerated pace. Although many issues edged up to new highs for the year, the specialties continued to hold the attention of both traders and investors. The news generally was neither stimulating nor depressing.

Grains were a neutral influence as was cotton. Bonds were subjected to selective buying, although many loans did virtually nothing. Foreign exchanges were listless while the late stocks were firm. Transfers were 1,600,000 shares.

"DODGE BLAZES ECONOMY TRAIL" ROY CHAPMAN ANDREWS

"Sturdy, rugged Dodge helped me blaze a way through trackless wastelands in the Far East," writes Roy Chapman Andrews, famous explorer. "And now Dodge blazes a new trail—the economy trail. I know my new Dodge costs less to run than a small car."

Dodge owners everywhere are getting gas and oil mileage heretofore considered beyond reach. Many figure it costs less to own a Dodge than a small, competitive make. They say their gas and oil savings quickly make up the difference in price.

Drive a Dodge yourself. Make the FREE economy test. See how pleasant, comfortable it is to drive with its "Airglide Ride" and "Synchromatic Control." Dodge gives you the protection of all-steel bodies and genuine hydraulic brakes, yet costs only a few dollars more than the lowest-priced cars. List price now only \$645 and up at factory, Detroit.

REALTY STILL MOVES SLOWLY

Sluggish Trend Reported on Local Market Last Several Days

The movement of real estate continued sluggish here the past several days and records in the office of the register of deeds today showed that only about a dozen transfers had been recorded here.

One of the transactions from W. S. Tyson to Annie L. Jeannette, carried a consideration of \$13,850 for there lots in the city of Greenville. Another deal involved \$6,000 for 174 acres of land from H. C. Carter and others to Sadie Perry.

The remainder of the transactions ranged all the way from \$10 to \$3,800 and involved three or four tracts of land in addition to a number of lots in Greenville.

The exchange of real estate has been rather slow for the last several weeks, compared with previous years when from between a dozen and three or four dozen transactions were recorded here weekly.

The remainder of the transactions recorded this week follow:

M. O. Blount to Jno. P. Hooker and wife 1 lot \$500.00

MY HUSBAND FIGURES IT'S SMART TO PAY MORE AND GET PREMIUM-QUALITY OIL!

MY HUSBAND IS SMARTER THAN THAT—HE BUYS A PREMIUM-QUALITY OIL, BUT HE ONLY PAYS 25¢ FOR IT! HE GETS THE NEW GULFLUBE!

What happened?

A famous 25¢ motor oil—Gulflube—has been raised to the quality level of premium oils.

What did it?

A phenomenal new refining process—the Multi-sol process—now makes Gulflube the finest 25¢ oil that ever went into a motor.

What it means

Premium Oil protection is now within reach of every pocketbook. Try the new Gulflube. Only 25¢ a quart at all Gulf dealers. Look for it at the Sign of the Orange Disc.

No other 25¢ oil has all these points!

1. It is Multi-sol processed.
2. Its already high mileage has been stepped up 20% to 25%.
3. Highly resistant to oxidation—non-sludging... extra long life.
4. Thins out less under heat... easy starting... thoroughly de-waxed.
5. Forms far less carbon.
6. High film strength—will not corrode new alloy bearings.

DEAN HURLS GREENIES TO 5-2 VICTORY

Greenville's league-leading Greenies defeated Goldsboro 5-2, today behind six-hit chunking of Chubby Dean, Duke frosh star of the past spring. Dean fanned six.

Goldsboro got its runs in the third and was first to score. Walks to Dalrymple and Rand, a sacrifice, an error and Suttinfield's single brought the Bugs' runs.

The Greenies came back in the fourth of the third to tie the count. Bostic singled, Ambler doubled, and Bostic scored on Parkers fly to deep center. Ambler later scored on an error.

The game was settled in the fourth, in which the locals counted the remainder of their runs. Doubles by Farley and Dean counted one run, Ambler singled and Huls-camp walked, to filled the bases, and Ty Wagner—always a bad man in the pinch—banged a two-bagger to send Dean and Ambler across the registry.

White, who started on the mound for Goldsboro, was relieved in the fourth after yielding six hits and five runs. Tate pitched the rest of the way and gave only three hits.

Frank Suttinfield hit two singles to pace Goldsboro. Dean Ambler and Bostic, each with two hits led the victorious Greenies.

The Box Score:

SNOW HILL DEFEATS AYDEN

Snow Hill, July 18—Four - hit pitching by Bobby McPadden and two home runs by John Griffin featured as Snow Hill defeated Ayden 7-2 today and hurdled the idle Kinston club to land in second place in Coastal Plain League standings.

McPadden had the Aces well checked throughout, and their only runs came by the homer route. Manager Doc Smith parked the ball over the right field fence in the second and Worliss Knowles homered over the left field barrier in the seventh. Brownleaf, who opposed McPadden on the hill, and Wall made Ayden's other hits.

Griffin's first homer came with two on and climaxed a six run fifth inning. The other came in the seventh.

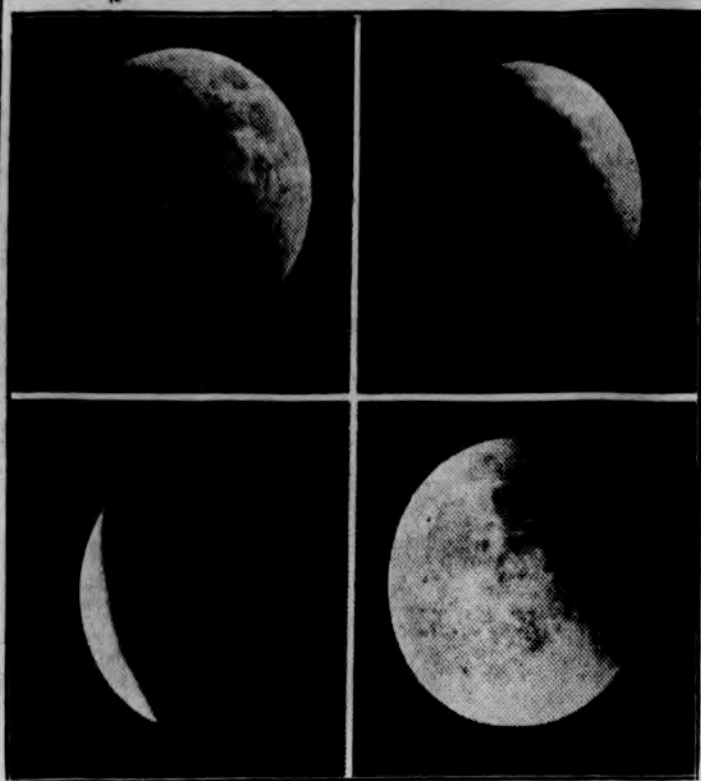

The big doings in the sixth began after Brownleaf had retired the first two batters. Perry walked, McPadden singled, and Pettie walked to fill the bases. Cheek sent the three of them home by cranking a long double. Williams singled to score Cheek, and then Griffin came through with his first homer.

Cheek with a double and a single shared batting honors with Griffin. Neuman and Griffin contributed one-handed catches of hard chances to feature in the outfield and Williams turned in several fine plays at third base for the locals.

BOYS 'SHOOT' MOON'S ECLIPSE

These remarkable pictures of the moon in eclipse the night of July 15 were made by three youthful amateur astronomers, William Scott, Louis Mobley and Glascock Reynolds, all of Atlanta, Ga. Training their camera through a nine-inch reflecting telescope in their observatory atop William's home, they traced the eclipse as it moved to the right over the moon's face, as shown in the two pictures at the top. Then, disdaining sleep, they kept watch until the wee small hours of the morning and were rewarded by the two pictures below, showing Friend Luna coming out from behind the earth's shadow. AGED PAIR SAVED FROM JUNGLE

Lost, without food and under constant attack by vicious insects, Mrs. F. E. Everts, 81, wandered in the trackless Everglades near West Palm Beach, Fla., for six days until volunteer searchers rescued her. She is shown receiving treatment in a West Palm Beach hospital after the ordeal. Her 84-year-old brother, F. H. Chesbro (inset), left her to search for help. He couldn't find his way back to her, but he finally reached a settlement on the outskirts of the wilderness. (Associated Press Photos)

LOCAL LEGION PLAYS TODAY AT BULL CITY

The American Legion base ball team left today for Durham where it is scheduled to meet the Durham Legion team this afternoon at 4 o'clock in statewide championship play.

Durham defeated the local team here Tuesday, and if she repeats today the locals will be eliminated from further play.

Should Greenville win, however, the two teams will meet again in the near future to carry out the two out of three game schedule.
