30,000 Persons Drowned In
Flood Waters Through ChinaMILLIONS ARE
HOMELESS IN
ALL SECTIONS

Thousands of Bodies Recovered From Raging Waters Along Han and Yangtze Rivers; Greater Loss of Life Considered Certain; List of Dead Piling Up by Tens of Thousands on Yellow River; Governor Appeals For Aid

Shanghai, China, July 24.—(AP)—The Hankow Red Cross Society announced today it had picked up 30,000 bodies of persons drowned in the present floods along the Han and Yangtze rivers near Hankow, alone, and reports from other districts indicated an even greater loss of life.

While central China turned to the gruesome business of counting its dead which were piling up by tens of thousands along the banks of rivers from which flood waters were receding, the northern provinces continued to battle with floods from the Yellow river.

The Yellow river, crashing barrier after barrier to swallow immense areas of fertile farm land, has already blanketed more than 10,000 square miles of Shantung countryside.

Governor Han Fu Chu of Shantung, sent an urgent telegram to Nanking, reporting nearly 5,000,000 of the people homeless.

Joint Rites Held
For Crash Victims

Farmville, July 24.—A joint funeral service was held yesterday at the home of S. H. Bundy, two miles north of Farmville, by Rev. C. B. Mashburn, of the Christian Church, and Rev. L. R. Ennis, Baptist minister, for Mr. and Mrs. Clarence C. Harris, Farmville residents, both of whom died in a Tarboro hospital Sunday following a motor accident on the Farmville-Tarboro highway Saturday night.

Craig, the small son of Mr. and Mrs. Harris, Mr. and Mrs. W. P. Alford and Miss Polly Bundy, sister of Mrs. Harris, and daughter of Mr. and Mrs. S. H. Bundy, sustained serious injuries and late reports from Tarboro hospital state that those of the Harris child and Mrs. Alford may prove fatal.

The funeral of Paul Wilma Alford, 4-year-old son of Mr. and Mrs. Alford, who was killed instantly, was held Monday afternoon from a funeral home in Tarboro and interment was made in Greenwood Cemetery there.

Mr. Alford, who is employed by the State Highway Commission, has resided here only a few months. He is a native of Tarboro. The accident occurred as the Harris car, whose occupants were returning from Rocky Mount, was hit by a Ford truck driven by Raymond Harris entering the highway from a side road. This man sustained minor injuries and is being held in Tarboro jail.

IS HELD RESPONSIBLE
FOR BROTHER'S DEATH

Seima, July 24.—Thurman Parker, 23, of Ingram's township, was held responsible today for the death of his brother, Garland Parker, in an automobile accident. A coroner's inquest ordered him held for the grand jury.

Thurman had testified that his brother was driving the car when it piled up in a ditch, but Miss Hattie Stanley, only eye-witness, said she saw Thurman climb from the driver's seat.

The coroner's jury found Thurman Parker was "operating the car in a careless and reckless manner."

Craven Retains Tax Rate of \$1.60

New Bern, July 24.—The annual budget for Craven county was adopted, subject to modification, Tuesday, with the present tax rate of \$1.60 retained for the next fiscal year. Salaries and department appropriations were kept at about the same figure as for the past year. Exclusive of debt service, which takes \$1.26 of the \$1.60 tax rate, the general county fund levy amounts again to around \$85,000.

Pres. Roosevelt
Opposes Plan To
Exempt Securities

Washington, July 24.—(AP)—President Roosevelt today expressed opposition to the Clark amendment to the social security bill exempting private security systems from the proposed property exemption plan.

GERMANY AIMS
ANOTHER BLOW
AT CATHOLICS

Dissolution of Catholic Youth Organization Announced During Day

Karlsruhe, Germany, July 24.—(AP)—The so-called political Catholicism received a further blow today with dissolution of the Catholic youth organization "Deutsche Jugendfront" in the province of Baden and confiscation of its property.

Catholic circles said they believed the action against the youth society foreshadowed an end to the entire Catholic youth movement. The minister of the interior Wilhelm Frick has restricted sharply the work of the confessional youth organization but had refrained from orders of dissolution and confiscation.

The scope of the activity of all non-Nazi youth organizations was restricted even further by bans against their engaging in indoor sports and restriction of their organizations work to "purely religious, cultural and charity tasks."

AYDEN STAGES
'BOOSTER' DAY

Ball Game With Snow Hill to Feature Program at Pitt County Town Today

Today is "Booster Day" in Ayden and a program designed to furnish entertainment for several thousand people has been provided by the program committee.

Ayden, which always does things in a big way, has imported a number of new baseball players and they are expected to provide the main thrill in a ball game scheduled with Snow Hill during the afternoon hours.

A jinx, bugbear, or something, had been trailing the Ayden ball club until yesterday when it was sidetracked and Doc Smith's lads whipped the "new" out of New Bern in the first game of the two game encounter.

While the ball game is the main feature of the program, it was also stated that several additional entertainments have been provided for the afternoon.

Ayden's boosters believe in Ayden and have always boasted, dark skies or bright skies. The clouds have been hanging rather low and heavy over the thriving Pitt county town the last several days because of the backset experienced by the ball club, but with new players in and the jinx broken, there's no telling what will happen today.

Although games are scheduled in other towns of the league, it was expected hundreds of people from this and other surrounding communities would go to Ayden and help the folks along with their boosting business.

It's difficult to beat a town that just won't be put down and the remainder of the league was watching the outcome of today's Ayden-Snow Hill game with interest, believing in the ability of the Pitt county town to stage a comeback as stirring as a story book narrative.

Faces Double Charge

Tarboro, July 24.—Police Officer James T. Parker, of Pinetops, brought here Monday J. C. Brown, negro, whom he arrested in Pinetops on a charge of selling patent medicine in that vicinity without having obtained a license. The officer found a large pistol concealed on the negro, and he will have to face this charge also in court.

THREE FRENCH
BANKERS ARE
HELD IN U.S.

Neidecker Brothers Arrested at New York and Norfolk After Bank Fails

Paris, July 24.—(AP)—Neidecker and Scie, the firm name of the Travelers Bank was declared bankrupt today by the Tribunal of Commerce. The decree was a matter of routine because the bank was closed and failed to meet payment.

B. Cole Neidecker, the president of the concern, was arrested in New York yesterday following a request by French police. The latter was released on parole.

Norfolk, Va., July 24.—(AP)—Aubrey and George William Neidecker, brothers of the American head of the Paris bank, B. Cole Neidecker, arrived in Norfolk today on the Baltimore mail line steamer, City of Newport News. They were met by Commonwealth Attorney John M. Arnold and by Chief of Police Charles Borland, who told them of charges which had arisen in connection with the closing of their bank.

"The charges are ridiculous," Aubrey Neidecker, assistant manager of the Paris bank, said. He said he was not "running away from anything" and expected to return to Paris in about 10 days.

"We have nothing to fear," he said, and added "he had nothing belonging to the bank."

The Norfolk officers met the party at the request of the prosecution attorney in Paris who requested that the brothers be detained "provisionally" or "temporarily" and stated that a warrant had been obtained for them on charges of "breach of confidence" and "swindling."

LARGE ROAD
PATROL WILL
BE OUT SOON

Enlarged Highway Policemen to Begin Service Shortly After August 1

Reflector Bureau.
Sir Walter Hotel.

Raleigh, July 24.—The enlarged State Highway Patrol of 121 officers and patrolmen, will be put to work patrolling the highways as soon as August 1 as possible. Captain Charles D. Farmer, commander, said today. The training school for new patrolmen will be completed about August 1 and the new men will then be sent out just as soon as their new uniforms and equipment arrived. The uniforms for the 64 new patrolmen to be selected from the 100 men in the training school cannot be ordered until these men have been selected. But Captain Farmer indicated that these men would be chosen this week or next so that the uniforms could be ordered as soon as possible.

"With the number of automobile accidents and the number of persons being killed or injured increasing each month, we want to get the enlarged patrol on the highways as soon as possible," Captain Farmer said. "At first we had planned to extend the patrol training school over a period of six weeks. But the new men have made such good progress that it now appears that we can end the school about August 1 and put the new men on the road right away. The only thing that will delay us now is getting the uniforms for the men."

The 103 new motorcycles have already been delivered and the 40 Ford V-8 roadsters which will be used by the patrol, will be delivered this week. So there will be no delay in getting the motor equipment. It may be several weeks yet, however, before the radio equipment is installed on the motorcycles and patrol cars, since the contract for this radio equipment has not even been let yet. Tests are now being made of various types to determine the best location for their our broadcasting stations to be built to direct the patrol.

Although games are scheduled in other towns of the league, it was expected hundreds of people from this and other surrounding communities would go to Ayden and help the folks along with their boosting business.

It's difficult to beat a town that just won't be put down and the remainder of the league was watching the outcome of today's Ayden-Snow Hill game with interest, believing in the ability of the Pitt county town to stage a comeback as stirring as a story book narrative.

FACES DOUBLE CHARGE

Tarboro, July 24.—Police Officer James T. Parker, of Pinetops, brought here Monday J. C. Brown, negro, whom he arrested in Pinetops on a charge of selling patent medicine in that vicinity without having obtained a license. The officer found a large pistol concealed on the negro, and he will have to face this charge also in court.

Reductions On
Tax Payments
Meet Opposition

Washington, July 24.—(AP)—Opposition to allowing deductions on tax payments due to contributions by corporations to charitable institutions was expressed today by President Roosevelt.

MAN BEATEN
BY STRIKERS
IN NEW JERSEY

Shipbuilding Worker Attacked Twice In Attempt to Break Thru Picket Lines

Camden, N. J., July 24.—(AP)—An employee attempting to return to work at the New York Shipbuilding Corporation yards was beaten twice by strikers today in his attempt to break through picket lines. Police finally freed him through the gate. No arrests were made. It was the first outbreak of violence since the corporation opened its plant yesterday.

Strike leaders who claimed fewer men entered the plant than yesterday, provided a sensation in the picket lines today by refusing service of copies of a court order calling on them to show cause why an injunction should not be issued to prevent them from picketing. When the papers fell to the ground the strikers stamped on them derisively.

The injunction was sought last night by company officials as an aid to reopen the plants after a ten weeks' strike.

ORDER ITALIAN
YOUTH TO ARMS

Every Young Man Graduating From Youth Movement at 18 Ordered Out

Rome, July 24.—(AP)—The War Ministry proclaimed today that every young fascist graduating from the Italian youth movement at the age of 18 becomes a soldier.

"From that day he assumes obligations of military service which he will satisfy according to the scope of the organization of the regime until he is called to actual service," said war ministry publications establishing regulations for pre-military training.

The publications of the ministry mobilizing an army for East Africa service specified that this preliminary period of the youth of Italy would reach certain proportions of each week of military training and physical exercise until the conscription age of 18 is reached.

Recognition of the youth between ages of 18 and 21 as soldiers gave the nation a heavy reserve of partly trained men of whom it could draw from against Ethiopia.

Breaks Man's Leg.
Indianapolis.—(AP)—A horse and a fly combined to break Nick Christ's leg here. The fly bit the horse and the animal kicked Christ.

THE NATIONAL WHIRLIGIG
News Behind The News.WASHINGTON
By Ray Tucker

REBEL: Some high-up Democrats are less complacent about 1936 than they used to be. Under certain circumstances—continued unemployment and soaring expenses—they can see how the election may be a cat-and-dog fight instead of a pushover for President Roosevelt.

What worries them most is word that several anti-New Deal Democrats who carry great weight nationally will disassociate their election campaigns from the administration. These men have voted against almost all the so-called "experiments" and will not recant. They will run on a personal rather than a party platform.

The most eminent in the group has already mapped his campaign strategy. He won't advertise his dissatisfaction—he's a traditional party man—but if the Republicans cross-examine him, he'll speak up. He will recite the pledges he made on Mr. Roosevelt's behalf in 1932 and then point out that the President has repudiated every promise.

It's not hard to imagine who the Senator is or the national effect of his attitude.

SHUSH: Although the bonus bill seems headed for the Committee for Disposal of Useless Documents at this session, the man charged (Continued on page two)

QUIET REIGNS
ALONG DURHAM
STRIKE FRONT

Two Hosiery Mills Affected by Walkout Reported Operating This Morning

Durham, July 24.—(AP)—All was quiet on the Durham hosiery mill strike front this morning with two affected seamless hosiery plants operating as usual.

Union leaders protested police protection afforded this morning and asserted police had cleared away picket lines for the passage of workers.

An appeal to police and city officials is being considered by labor officials.

Union leaders contended only 35 percent of the reduced summer force of 225 were at work at the No. 1 plant but the mill management said 65 percent were at their machines. The No. 1 mill employing negroes reported only two absences.

The case against Marvin Wilson, who slashed two pickets yesterday, was continued in Recorder's court this morning until August 9. Requests that his bond be increased was denied.

JOBS OFFERED
UNEMPLOYED
IN LEAF FIELDS

National Reemployment Service Seeks Unlimited Number Of Workers Here

With tobacco literally burning up in the fields of various parts of Eastern Carolina, The National Reemployment service made known today it could supply jobs for an unlimited number of unemployed persons.

James A. Hackney, of Washington, N. C., district manager of the National Reemployment service, was in Greenville today conferring with Mrs. Ruby Allen, head of the local office, regarding the demand from farmers in all sections of the tobacco belt.

He was accompanied to Greenville by H. P. Williams, of Raleigh, veterans' representative for the National Reemployment service.

Mr. Hackney said his department would be able to supply work for an unlimited number of unemployed people, and urged those desiring employment of this kind to confer with Mrs. Allen at once or with the department at Washington, N. C., which is headquarters for this district.

Torrential rains visiting this part of the state the past two weeks practically halted operations in the tobacco fields, causing tobacco to ripen so rapidly that farmers are unable to get it out of the fields without additional help. Mr. Hackney said, and an appeal has been sent to his organization for workers.

With the Pitt county crop valued at \$10,000,000 farmers in all parts of the county were working at full speed ahead today in an effort to get their tobacco out of the fields before it becomes a complete loss. People desiring work of this kind were urged to confer with Mrs. Allen at once. She will be able to provide employment immediately, it was said.

The Bible mentions Christmas trees in the tenth chapter of the Book of Jeremiah, verses three and four.

Strike At Terre Haute
Terminated Early Today

Terre Haute, Ind., July 24.—(AP)—Street cars and buses rolled through Terre Haute streets today carrying factory workers and store employees to work once more.

Heeding the request of leaders members of the various labor unions terminated a two days general strike or "labor holiday."

Unexpectedly last night T. N. Taylor, former state Federation of Labor president, announced that officials of stamping mill unions whose controversy with employers precipitated the general strike had decided to request unionists to end the holiday. Taylor expressed belief this morning that practically all of the 22,000 sympathy strikers had heeded the request.

ABC STORES
NOT TO OPEN
UNTIL FRIDAY

Control Board Says Opening of Four Stores May Be Delayed Until Saturday

The opening of Pitt county's first liquor stores today had been delayed until Friday or Saturday, it was revealed at the office of the ABC board this morning.

It was announced yesterday that openings at Greenville and Farmville would probably take place Thursday, and at Ayden and Fountain on Friday, but it developed today that sufficient progress had not been made in repairing the buildings to permit such action.

The building here was still uncompleted today but it was indicated work might be completed in time for the store to be thrown open Friday. The local store is also being used as a distribution center and all whiskey must be assorted and sent to the other stores before they are ready to open.

One carload of whiskey arrived here this morning, and will be placed in the J. W. Higgs building on the upper end of Dickinson avenue this afternoon. Two additional carloads are scheduled to arrive sometime today also, with a fourth car due later.

The total value of the shipment is between \$25,000 and \$30,000. ABC board members said today they were rushing work forward as rapidly as possible, and while unable to say how many stores would be opened this week, said they plan to open as many as possible.

PAUL YOUNTS
HAS AN EYE ON
SENATE SEAT

Tam Bowie Also Said to Be Out For Toga Senator Robert Reynolds

Reflector Bureau.
Sir Walter Hotel.

Raleigh, July 24.—Although Senator Robert R. Reynolds of Asheville does not come up for re-nomination and re-election until 1938, at least two potential candidates are already leveling their guns at his senatorial toga, according to reports heard here today.

One of these potential candidates for Senator Reynolds' seat is Major Paul Younts, present postmaster in Charlotte and formerly a strong supporter of ex-Governor-Senator Cameron Morrison. In fact, Younts was a member of the military headquarters staff which mismanaged Morrison's losing campaign in which he was defeated by Reynolds.

The fact that Younts intends to be a candidate for the Democratic nomination for the senate in 1938 is regarded here as indicating that as much as he would like to, former Governor-Senator Morrison probably will not run and that if he does, he will opposition from his own home county of Mecklenburg. If Morrison does not become a candidate himself—and the belief here is that he will not—many believe he will support Younts. For next to defeating Reynolds himself, Morrison would probably rather see a fellow Mecklenburger beat him than any one else. Reports here are that Younts is proving very popular as postmaster in Charlotte and is quietly building up a following that is likely to prove formidable by June 1938. It is also generally agreed that Younts, who has been active in the American Legion in the state for years, will get some very able support from the Legion, despite the fact that it is not supposed to take any part in politics.

The other prospective candidate (Continued on Page Three.)

NEW CASE OF
PARALYSIS IN
PITT COUNTY

Health Department Reports Thirteenth Case From Swift Creek Township

The health department today reported its 13th case of infantile paralysis for Pitt County, the 12th case being reported yesterday.

This last case is that of a 2-year-old white child of Swift Creek township, with the date of onset July 16th.

The figures for infantile paralysis for Pitt County as regards race is now 8 white cases and 5 colored cases.

The cases in Pitt County range from 6 months of age to 4 years of age.

The health officer again urges all parents to keep small children at home.

So far, there has been only 1 case in Greenville, the date of onset being May the 10th. The quarantine for this case was raised on June the 1st.

TWO HELD FOR
SELLING 'DOPE'

Dr. F. Fitts and Irene Wells, of Kinston, Arrested by Federal Agents Yesterday

Dr. F. Fitts, Kinston osteopath, was being held by federal agents today on a charge of violating the Harrison narcotic act.

He was given preliminary hearing before United States Commissioner W. H. Hutton, yesterday, and bound over to the October term of Federal court at New Bern under bond of \$500.

The arrest was made by Deputy Marshal B. F. Buck, of Grimesland. Buck also reported arresting Irene Wells, of Kinston, on a similar charge. She was also given hearing and held under bond of \$500 for federal court in New Bern.

The two were rounded up by federal agents who have been operating in Lenoir county for the last several days, Buck said.

The warrant against Fitts was sworn out by John Kelly, operating under the supervision of W. B. Atkins, federal agent. Kelly claimed he purchased two ounces of heroin from Fitts.

Mrs. J. T. Moore was alleged to have purchased a "quantity" of morphine from Irene Wells.

FIND 500-GALLON STILL
NEAR STEEL BLUFF

Deleo, July 24.—Deputy Sheriffs C. T. Harrover and Chester Farley, of Columbus county, aided by Deputy Hatch of New Hanover captured and destroyed a steam liquor still of 500 gallon capacity on the bank of Black river, near Steel Bluff. With the still was found approximately 1,000 gallons of mash, which, apparently, the operators were preparing to use in making a "run" very soon.

The officers indicated that the outfit had been cooled down only a few minutes before their arrival, leading them to believe the operators had been tipped off. No arrests were made.

U. S. TENNIS
STARS DEFEAT
GERMAN TEAM

Wimbledon, England, July 24.—(AP)—A straight victory by Wilmer Allison of Austin, Tex., over Henner Henkel of Germany, enabled the United States to eliminate Germany today from Davis Cup competition and qualified the Americans to meet Great Britain in the challenge rounds starting Saturday.

England's First Speedster Dies

London.—(AP)—Ernest Sinclair, of Clapham Common, South London, who claimed to be the first motorist to be fined for furious driving in this country, has died, aged 43. His offense was speeding through Ashford in Kent at 20 miles an hour on a motor bicycle.

COUNTY COURT
HALTS WORK
UNTIL AUG. 13

Tribunal Begins Summer Vacation After Disposing of Docket Yesterday

After disposing of a comparatively light docket here yesterday, County court began its annual summer "vacation" which will extend until August 13.

The court always suspends work this season of the year on account of activities on the farms. Usually numbers of farmers and tenants either appear before the tribunal as defendants or witnesses and as it would work a great hardship upon them to appear in court while harvesting their crops, work is halted until the crop season is about over.

Several defendants appeared for hearing yesterday and the majority either found their way to the roads for several months or were released on payment of cost.

Ray Stokes, Ayden sign painter, appeared on a charge of assault with a deadly weapon and was sentenced from 8 to 12 months on the roads. He was charged with attacking an Ayden policeman when the officer sought to arrest him for drunkenness. The officer was not injured. Stokes, it was said, was subdued with a blackjack.

Convicted on a charge of selling liquor, Lewis Smith, colored, was sentenced to sixty days on the roads. He was charged with selling liquor to a white man, colored, arrested several days ago on a charge of larceny.

Carry Whitehurst, charged with assault with a deadly weapon, was sentenced to eight months on the roads. He was also given a concurrent sentence of the same length on a charge of being drunk and disorderly.

James Addison, colored, charged with assault with a deadly weapon, was sentenced to 18 months on the roads. He was alleged to have shot another negro with a rifle.

Annie Clemmons, charged with disturbing religious worship, had sentence suspended on payment of cost, but she didn't like the order of the court and filed notice of appeal to Superior court under bond of \$50.

Judgment was continued in the case of Ben Dennis, charged with immoral relations, until the first Tuesday in October.

A sentence of eight months to the county home imposed upon Minnie Bell Johnson, colored, charged with assault with a deadly weapon, was suspended on condition that the defendant leave town.

STRUCK WITH BALL BAT,
PRISONER MAY NOT LIVE

Raleigh, July 24.—Injured with a baseball bat during an altercation with a fellow prisoner, James Sharpe last night lay near death in the Tayloe Hospital, Washington, with a fractured skull.

A piece of bone pressing into his brain made him "wild and delirious," the State Highway and Public Works Commission was advised yesterday by the attending physician.

Sharpe's assailant was Ed Johnson. Both are negroes.

The attack occurred Saturday afternoon at the Beaufort county prison camp, which houses honor grade convicts. The camp superintendent said the men were in the yard alone at the time and quoted Johnson as saying Sharpe advanced on him with a knife.

Oscar T. Pitt, acting head of the penal division, ordered Johnson transferred to Central Prison, Raleigh, for safekeeping pending the outcome of Sharpe's injuries. The chances are against his recovery. It was said at the hospital.

Light Docket
In City Court
This Morning

Only one case was given hearing in the regular Wednesday morning session of police court this morning, that being against Oscar Williams, colored, charged with being drunk. He was released on payment of cost.

It was the lightest docket in two weeks, although one or two sittings have been abandoned during the period because of the paucity of cases.

THE NATIONAL WHIRLIGIG

Continued from Page One

with putting it to sleep are still lit-
tary over the issue. They won't
even talk off loud about moves to
revive it.

Brig. Gen. Frank Hines, veterans
administrator, won't let it be men-
tioned in official papers if he can
help it. His bureau, like many others,
prepared a digest of newspaper
stories affecting the veterans' in-
terests. The summary is an inter-
departmental memo meant only for
official eyes here and throughout
the country.

Until a short time ago the head-
line items concerned pros and cons
on the bonus. Recently Gen. Hines
ordered that there must be no men-
tion of the controversial subject. It
might fall into strange hands and
embarrass the boys of '17.

MELTING: Members of Congress
are surreptitiously slipping out of
one of town every day. Friendly col-
leagues don't inquire too closely in-
to the disorder of their going but
it is estimated that about 100 have
discovered important reasons for
being somewhere else during the
Capital's prolonged heat wave. More
than a score are under physicians' care.

The begins got under way after
President Roosevelt demanded a
tax bill at the session. Many mem-
bers make arrangements each year
for leaving by July 1. Their leaves
on homes have expired and it is too
expensive for them at hotels. Some
had contracted for residences else-
where. Wives grew unhappy when
their bridge partners decamped.
Youngsters begged to go home.

Though House and Senate cham-
bers are air-cooled, Congressional
restaurants, corridors, committee
rooms and the Capitol grounds are
steam heated. There won't be
enough for a quorum if it keeps up.

SAFER: Although few sense it,
Washington is being treated these
days to a three-ring lobby circus.
Astute observers note that the three
rings of lobbyists—bankers, public
utilities, army contractors—tried
three different methods of influen-
cing legislation.

The utilities bought and paid for
thousands of telegrams and financ-
ed other forms of propaganda. It
looks now as if they will take a
licking—partial or complete. Some
army contractors entertained mili-
tary officials at hotel parties where
liquor ran like water, though it
hasn't appeared in testimony yet.
Chorus girls did their night-club
stuff. The bankers confined their
activities to appearances before
committees and interviews with
Treasury, Reserve and Congress-
ional officials.

The bankers won't get all they
ask in the omnibus bill. But as the
Whirligig predicted weeks ago, their
more conservative efforts will be
proved the best in the long run.
The Pecora investigation taught
them a lesson which the utilities
should have learned long ago.

FRIENDLY: Although Big Busi-
ness and the administration miss
their cues and mumble their speak-
ing lines on the stage, minor actors
are carrying on the show in the
wings.

Business leaders and industrial-
ists are making more intensive use
of the government's various facili-
ties than at any time since the de-
pression. Their appetite for statisti-
cal information, trade advice and
industrial surveys furnished by the
Labor, Agriculture, Commerce and
State Departments is more voracious
than since before the depres-
sion. Economists interpret this as
a sign that business is waking and
picking up.

Here's another funny one: Though
Rogers, Perkins, Hull, Wallace and
Hoover are pictured as thumbing
figurative noses at "the interests,"
they have issued orders that every
possible assistance be furnished to
business representatives who ask for
tips on stimulating recovery.

New York
By JAMES McMULLIN
DOUBT: New York sharps are

puzzled by the rest with which both
New Dealers and their opponents
hall the idea of Supreme Court
showdowns on such key New Deal
issues as the AAA, TVA, Wagner
Act, holding company bill, etc.
They figure of course that Mr.
Roosevelt and his aides hope to
line up popular support for a con-
stitutional amendment broadening
federal powers if the Court gives
their program the bum's rush. But
conservatives are just as confident
that judicial nullification of the
New Deal would be grapes in their
basket. They are firmly convinced
that the public would turn down a
leader whose policies were empha-
tically repudiated by the respected
men who traditionally stand above
politics.

One or the other camp must be
wrong—but which? Keen observ-
ers believe this will depend on how
the decisions are rendered. They
doubt it that a series of Court de-
feats by a split vote would work to
the President's advantage. He could
bolster his case by citing the dis-
senting opinions of a "liberal plu-
rality."

But if all decisions go against
the New Deal by a unanimous vote,
the right wingers are expected to
benefit—on the theory of a public
reaction that all nine learned Jus-
tices can't be wrong. If the rulings
are mixed—some pro-New Deal
and some against, some unanimous
and some split—the impression will
be confused and neither side will
get much politically. So the Su-
preme Court is likely to play a role
of double importance in next year's
election drama. Party tactics may
depend alike on the manner of its
rulings and on their nature.

FARMERS: Wall Street in gen-
eral gloated over the Boston Court
of Appeals decision against the
AAA processing tax. But the
shrewdest conservative sources are
not so sure there's any cause to
cheer.

NRA had outlived its usefulness
and went virtually unmentioned at
its death. That wouldn't be true of
AAA. Too many farmers are col-
lecting benefit payments from pro-
cessing taxes. They might get good
and sore if these are finally cut off
by Court action and become active-
ly militant in the New Deal cause
as a result.

That would be no help to plan-
ners of a conservative comeback.
They know they're sunk unless they
can recapture a large percentage
of the farm vote.

COSTS: One large New York
bank is thinking quite seriously of
refusing further government depos-
its. What's more, it is advising its
far-flung correspondent banks to
do the same thing.
Why? Because it frankly rates
federal deposits more trouble than
they're worth. The money is always
subject to immediate withdrawal—
which makes it impossible to invest
it profitably. Even if it weren't,
investments are hard to find and
the big institutions have more de-
posits than they can use. The di-
rectors of the bank in question re-
cently perspired over the problem
of what to do with 280,000,000 idle
dollars.

But the last straw is that govern-
ment deposits must be figured in
total deposits in computing deposi-
tary insurance premiums—even though
they are covered by a special re-
serve. "It's bad enough not to be
able to earn anything on the funds
we take care of for the Treasury.
But when on top of that it costs us
money to keep those useless deposits
—to heck with them."

FINISHED: New York experts
say that Italy's position leaves plenti-
ty to be desired as hostilities with
Ethiopia approach. She lacks three
important ingredients of military
success—coal, oil and credit. Musso-
lini has been angling desperately
for a loan in England as well as
the United States—but he can't get
a nibble. He has even offered con-
cessions on Abyssinian resources—
when, as and if captured—and no
single banker rises to the bait.
That shows both what they think
of his chances and of Ethiopia's
vaunted natural wealth.

As a matter of fact, several Ameri-
can concerns have been invited
at various times before now to take
over Abyssinian concessions. In ev-
ery case they have declined the op-
portunity after surveying the pros-
pects. So maybe Il Duce is kidding
himself about the pot of gold at the
end of the Ethiopian rainbow.

Two of the best posted financial
sources in the world—one American
and one British—have privately
predicted to New York friends
(without consulting each other) that
win, lose or draw his war—Musso-
lini is finished.

HISTORY: Informed sources pre-
dict that Premier Laval's effort to
solve France's financial woes by ag-
gressive deflation will only hasten
the fall of his government and an
open and probably bloody clash
between French fascists and left
wingers.

Italy's experience shows that a
program of heavy taxes and wage
cuts is certain to foster acute dis-
content. So far it has been kept
under cover in Italy—but even the
mighty Mussolini was forced to
arrange the Abyssinian diversion to
keep the country's thoughts off its
troubles and the young men busy.
The French aren't likely to be as
patient as their neighbors and when
they explode they aren't polite a-
bout it. The fascists are watching
for an opening and the leftists are
equally alert to head them off at all
costs.

It's a 5 to 1 bet that internal de-
velopments in France will make
sensational history within a year.

Mayor Promotes 'Goofy' Contest-- Taxpayers Guffaw

Seattle, Wash.—(AP)—Mayor C. S. Smith, whose official acts have included promotion of the silliest series of races in the world, be-
lieves that taxpayers appreciate a little fun.

It seemed odd to the customers

when dignified Charles Louis Smith, former lawyer, corporation counsel, football hero, captain of field artillery, noted for law enforcement and economy, who wouldn't kiss an opera star, sponsored a "ringbone derby" in which a number of the most decrepit nags in the world tottered around a racetrack as thousands laughed.

It was worse when he fostered and abetted a "put out the cat derby," in which nightshirted gen-

lemen carrying lighted candles sprang from bed in the presence of 6,000 snickers and hurled calico cats into an ice wagon.

"They laughed when I sat down to germinate nutty derbies," says the mayor, "and they laughed when the derbies were run. So we are going to have more. You think there is no sense to them? There is. They are all being held in the city parks. The taxpayers sweat to pay for them, but only the children have been getting anything out of them. Maybe our races are goofy, but if you get 6,000 taxpayers to come out and get some benefit and a lot of amusement out of their own parks, is that so stupid?"

The mayor is stock and modest. He favors having everybody finger-printed to help identify criminals, says Seattle has the lowest per capita cost of city government in cities of similar size in the United States. He intends to keep it that way. He likes an efficient police force. When he was dissatisfied with things during the Pacific coast general water-front strike, he led the entire police in driving hundreds of pickets from the waterfront, with tear gas, and was gassed himself.

Misses Beulah Harrington and Janie Gold Hardee have returned home after visiting in Norfolk, Virginia Beach, Ocean View, Currituck, Poplar Branch and Nags Head.

Mr. and Mrs. J. E. Johnson have returned from Black Mountain.

LEAP FROM BURNING BOAT, SWIMS ASHORE

New Bern, July 24.—An explosion of unknown origin set fire to the motorboat, "Ennis," Sunday afternoon, and five occupants had to jump overboard and swim ashore, while they were on a boat trip on Neuse river. Luckily all could swim, and no one was injured. They were Mr. and Mrs. J. M. Aberly, Jr., Miss Margaret Megowan, of Danville, Va.; George Smith and Billy Aberly. The boat is owned by the Aberly family. Its flames were put out by the young men who obtained a fire extinguisher and went back to the site in the river where it was burning. The front of the boat was badly damaged.

"SHE" SCREEN FICTION IS STRANGER THAN TRUTH

It would be a strange truth, indeed, that surpassed the strangeness of "She," RKO Radio picture now shown at the Pitt Theatre today and Thursday.

The story concerns a remarkable life-giving flame that burns in a mythical kingdom of fabulous grandeur, in a lush tropical country surrounded by high mountains of glacial ice. In this flame a breathlessly beautiful woman bathes unharmed and receives properties which extend her youth endlessly.

It is around the search for this flame and its discovery by two modern day scientists that the plot of "She" is woven. Helen Gahagan, making her screen debut, is the beautiful ruler of Korr, the land of the same. Randolph Scott and Nigel Bruce are the adventurous explorers. Helen Mack is a young girl who accompanies the expedition and wages a bitter fight against the pagan queen for the love of Scott.

SUPPOSED NEOLITHIC BONES FOUND IN THAMES RIVER

Windsor, England.—(AP)—The bed of the Thames near historic Magna Charta island has yielded the fossilized remains of what are believed to be the bones of three neolithic men dating back to about 2000 B. C.

These finds along with a bronze dirk of the middle bronze age and a battle axe of the ninth or tenth century have been brought up in dredging operations in the river.

Laws Affect Water Bills. Fresno, Calif.—(AP)—The laws maintained by Fresno residents are periodically measured by the city water department to adjust water bills. The rates are based on area—45 cents for the first 75 square yards or less, and a half cent for each additional square yard.

Entertain At Dinner. Mr. and Mrs. Frank Wilson were hosts yesterday at a very delightful dinner at their home on Fifth street, honoring their son, Dr. Frank Wilson, Jr., of Baltimore, and Miss Eleanor Spear and Bill Connelly also of Baltimore, who are their house guests.

Guests numbered about thirty. Dr. Wilson, Miss Spear and Mr. Connelly will return to Baltimore tomorrow.

Presbyterian Prayer Service. Regular mid-week prayer service this evening at eight o'clock in the Presbyterian Church.

Immanuel Baptist Prayer Service. There will be regular mid-week prayer service in Immanuel Baptist Church this evening at eight o'clock.

Memorial Baptist Prayer Service. The mid-week service of fellowship, prayer and Bible study will be held tonight at 8 o'clock at Memorial Baptist Church. All members and friends are invited to be present. Our topic for discussion will be "Amos, the Prophet of Social Justice." Come, and you will be blessed in renewed spiritual experience.

Masonic Lodge To Meet. There will be a special communication of Greenville Lodge No. 284 A. F. & A. M., at 8 o'clock Friday evening, July 26, for work in the degree of E. A.

The lecture will be delivered by a past D. D. G. M. Picture slides will be used in connection with the work. All Master Masons are invited to be present.

Dr. R. L. Humber Of Paris to Visit His Parents Here

Dr. Robert L. Humber, Jr., of Paris, will arrive in New York, July 29th on the French liner, Normandie, to visit his parents, Mr. and Mrs. R. L. Humber of this city, after an absence of almost ten years. He will be accompanied by his wife and their two small sons, Marcel and John Leslie.

For some time Dr. Humber has been Director and Treasurer of the Institute of World Affairs at Mondsee, Austria, (two of whose Advisory Committee are Albert Einstein and Robert A. Millikan, famous scientists and astronomers), and Secretary-Treasurer of the Austro-American International Conservatory, Castel Mondsee, Austria, having his offices in Paris. He holds several degrees from Wake Forest College, an M. A. degree from Harvard University, won a Rhodes Scholarship and is a graduate of Oxford University, England, and holds one of the highest degrees in the world from the University of Paris (Sorbonne).

Mrs. Humber, formerly Miss Lucile Berthier, is a member of an old French family. One of whom was Marshal Berthier, Napoleon's Aide-de-Camp. Her brother, Lieutenant Marcel Berthier, was decorated posthumously by the French Government with one of its highest medals for unusual bravery during the World War.

Mrs. Humber is also a graduate of the Sorbonne, and was for several years Secretary of the American University Union in Paris.

While in this country Dr. Humber and his family will visit his brother, Dr. John Davis Humber, and his sister, Mrs. Lindsey Smith, of San Francisco, California, and other relatives in North Carolina.

Farmer Gives His 'Twins' To Daily Reflector

Twins came to the home of W. H. McGowan, Greenville Route 2, several weeks ago and he brought them to the Reflector office today and presented them to the staff.

If there's anything employees of the newspaper office likes, it's twins, and Mr. McGowan, one of the proudest fathers ever seen, was congratulated upon his achievement.

The twins were in the form of two canteloupes of about average size. They were placed on display in the Reflector window so that the community may see what Mr. McGowan is capable of doing in the way of growing things in two-in-one form.

Federal Housing Representative To Visit City

Aubrey McCabe, a representative of the Federal Housing, will be in Greenville Thursday to interview anyone regarding Federal Housing. He will be glad to explain in detail how new construction can be financed, or how existing mortgages can be refinanced, or how existing construction can be financed.

While in the city Mr. McCabe will be at the office of R. L. Powell, chairman of better housing program, located on second floor of the postoffice building.

RENTAL BOOKS GREAT AID TO N. C. STUDENTS

New System to Prove Big Help to Both Pupils and Parents by Giving More Books

Reflector Bureau, Sir Walter Hotel.

By J. C. BASKERVILLE

Raleigh, July 24.—The new rental textbook system now in process of being installed over the state will not only save parents hundreds of thousands of dollars, but will be of tremendous value to the children by insuring an adequate supply of books, which in turn will result in better instruction and better grades.

State Superintendent of Public Instruction said today. And of these benefits, he is inclined to believe that the most important is the supplying of books to children who herebefore have not had textbooks.

The replies received to questionnaires which have been sent out by Mr. Robert M. Peeler, secretary of the Rental Textbook Commission, indicate that only about half of the children in the public schools have had the books they should have had under the old system.

"The most important benefit that is going to be derived from the rental textbook system, in my opinion, is that fact that it is going to make textbooks available to all the children who need them for the first time and thus assure them of a better educational opportunity," Superintendent Erwin said today.

Children cannot be expected to take an interest in school or to do acceptable work if they do not have the textbooks needed. We know that in the past thousands of children have not had textbooks of their own and have had to get along as best they could with borrowed books or none at all. This has put them at a disadvantage with the other children. It has also caused more work for the teachers.

"But under the rental textbook system, every child will be assured of having all the required, basic books. This will mean that they will be able to do better work, make better grades and faster progress. I regard this feature more important than the saving in dollars and cents to the parents, although that is also an important item."

As a result of the questionnaires sent out to superintendents, asking estimates as to how many books will be needed this year, indications are that the Rental Textbook Commission will have to buy at least twice as many books as it had at first estimated would be necessary. According to Mr. Peeler, most of the superintendents are sending in estimates calling for at least twice as many new books as were sold to pupils last year, while in some the estimates are three and four times as many as the books used last year under the purchase system.

Figures obtained from the State School Book Depository, which has been the distributing agency for textbooks under the direct purchase system, show that slightly more than 1,000,000 new basal books were sold to children last year, or an average of 14 books per child. Yet the estimates received so far from superintendents show requests running from 25 books per child to as high as 79 books per child, making allowance for the old books that will be carried over from last year. As a result, indications are that the Rental Textbook Commission will have to purchase about 2,500,000 textbooks or possibly even more in order to provide the number of books which superintendents have indicated will be needed this coming school year. These figures also show, according to both Mr. Peeler and Supl. Erwin, that the number of books which children have been purchasing outright each year has been decidedly insufficient and that only about half of the children in the public schools have had the books they were supposed to have.

GETS FOUR MONTHS ON RECEIVING CHARGE

Wilson, July 24.—J. C. White, negro, was sentenced to four months on the roads by Judge O. P. Dickinson in county court Monday for receiving stolen goods from Hurley Taylor, 12-year-old negro. He appeared to Superior Court.

Taylor, a minor, was arrested by police Sunday and charged with breaking into the store of J. W. Riley here Sunday morning by digging a hole through the side of the store and stealing a quantity of shirts and other merchandise valued at \$20. He is alleged to have sold them to White for \$1 and to have told White that he got them from a box at the back of a local dime store.

Judge Dickinson commented in court Monday on the fact that with the thief so young the receiver of such goods was far more guilty than the actual robber.

Taylor is being held here under \$300 bond pending trial before the juvenile court.

WANT ADS PAY

READY MADE WIFE

BY CORALIE STANTON

SYNOPSIS: Rex Moore just has successfully flown the Atlantic westbound. He and Laurie Moore have declared their love for each other just before he set out; now Laurie is scorned about Rex, and still more about her sister Gladys, who is flying high, wide and handsome with an irresponsible young man named Jimmy Dallas. Gladys is being wired a cocktail in Jimmy's room at the moment.

chapter 31

ELSIE GROVE

"I'll mix you my latest," said Jimmy.

Jimmy walked out of the room to fetch ice, and when he came back, Gladys was looking at a photograph that stood in lonely importance on his mantelpiece, flanked by various quaint animals blown out of glass.

It was particularly noticeable in that room, without any other picture of any kind, all glaring white, with splashes of black and orange for curtains, tables of steel tubing and plate glass, and enormous square white armchairs, looking as if they had been cut out of a block of snow.

The photograph was of a girl and seemed to belong to a different age. An ordinary-looking girl, with a lot of hair in plaits round her rather large head.

"You do," he said, very low, and took her in his arms.

"Oh, Jimmy!" she smiled happily, and looked adoringly into his eyes. His spell was on her more potently than ever. "You do love me, don't you? We are going to get married some day?"

"You bet your life," he answered. But there were depths in the girl that she did not know herself, and in them stirred a sudden fear and a sudden pain. She clasped her arms tightly round his neck and hid her face on his shoulder.

"Jimmy, I'm crazy in love with you. At first I thought it was only a game. I'm a silly fool, but you're just everything to me. If you don't love me, if you ever get tired of me and go away from me, I shall die!"

"You silly flowerface!" replied the spell-binding voice. "As if I'm not just longing for the day when we can be together!"

Gladys found herself crying, as

she hurried along the empty West-end streets to get on her Chelsea omnibus.

Poor Gladys! Perhaps she hadn't reckoned on the power of love when she started on this gay adventure. Or, perhaps the new cocktail had been too strong!

AS Laurie was walking along the street, four days later, she read a newspaper headline in a boy's hand.

REX MOORE FLIES BACK—BUT CRASHES

She turned sick. For a few seconds she could not move. She could not bring herself to buy a paper. "Rex Moore—Crashes."

She stumbled back to the flat. It was late afternoon. She had left the office early. Mr. Aberly was at Pen Grettton.

She rang him up. His voice was reassuring but puzzled.

"I've just got a message," he told her. "Phoned on from the office. Moore is apparently all right. He came down somewhere in Ireland not far from the Coast. He was flying straight on. Some newspaper men were soon on the spot. So he has made the most marvellous record in the world so far."

"From what I gather, he wouldn't say anything except that he left the American coast at the time stated in the first messages we got. He went to a farm house to get some water to drink, leaving them to guard his plane. From then on he seems to have disappeared."

"They waited, and as he didn't come, they followed him to the farm, but he had gone. They were told he asked where he could get a car. They went back to the air field as fast as they could, and later a message came from Moore, asking them to have his plane flown back to the field, where he could come for it. He was going back to London by train and boat."

"He's not here," said Laurie. "And there's no message."

"Probably he hasn't had quite time to get back, Mrs. Moore."

(Copyright, 1935, Coralie Stanton.)

REX MOORE, tomorrow, submits to an examination.

PAUL YOUNTS HAS EYE ON SENATE SEAT

(Continued From Page One)

for Reynolds seat in the senate is none other than Thomas Conte Bowie of West Jefferson, Ashe county, who with Frank Grist and Cam Morrison, was one of the "also-rans" in the 1932 campaign when Reynolds beat the field. For while observers here do not think Bowie has any more chance to win the nomination now than he did then, reports from West Jefferson are that he still intends to make the race and that he is confident he will be the next senator from the western part of the state.

"Smart Clothes For Women"

LOCALS AGAIN TAKE KINSTON IN TOW, 9-6

H. B. UTLEY
(Reflector Staff Writer)

The hard-hitting, fast-fielding Greenville Coastal Plain league club continued its victorious parade by defeating Kinston here yesterday afternoon by the score of 9 to 6. It was the second victory of the two-game series.

Kinston staged a rather disconcerting ninth inning rally for two runs, but they might as well have been waving their bats at some passing cassowary as to have attempted to stretch out the rally for additional tallies. It simply couldn't be done with Guy Williams, the curly-haired flinger who hasn't lost a single game this season, settling down and pitching a brand of ball that brought an abrupt end to Kinston's shelling.

The Hearnmen strove mightily to hand Bo Parley's proteges a licking in retaliation for the walloping inflicted upon them the day before, but the Greensies were swinging their bats too viciously and effectively for the visitors to catch up with them.

It was one of those games fans like to see—featured by plenty of dynamic stick work. The Greensies accounted for a total of sixteen hits, several of which went for extra bases. The "skippers" accounted for one of the extra base blows. It went for three bases and swelled his batting average.

While the Greensies were batting the ball to all parts of the lot, Williams held the visitors to nine hits, three of which came in the last stanza, resulting in two runs. It was this stage of the game that things began to look rosier to the Hearnmen and their sympathizers, but Williams, who has had remarkable success against all clubs of the league this season, displayed old time form and positively refused to permit an extended rally.

The vengeful bats of the locals chased Joyce from the mound in the second with six blasts that sent a grand total of five runs scurrying over the rubber. Roger Taylor, Greenville boy, who joined the Hearnmen sometime ago, was sent to the mound in the place of Joyce and did a remarkably fine piece of relief work. He was decidedly parsimonious with hits and scoring was at a premium during the remainder of the game.

Parley led the batting attack for the locals with a triple and two singles. Bostic, Ambler, Wagner, Dean, Johnson and Williams accounted for two each.

Greenberg, Seasoltz and Keller lead the visitors' attack with the stick, accounting for two hits each. Greenville scored two in the first when Bostic tripled, Wagner and Parker doubled and Chubby Dean singled. In the second the locals launched a six hit, five-run attack. The Greensies scored two more in the fourth on two hits, two walks and Billy Hulskamp's stealing of home. Taylor had this same stunt pulled on him in one of the last games that he pitched in high school.

Kinston scored two in the first when Seasoltz singled, Erwin walked, an infield out and a hit by Keller. Another was scored in the third when Keller tripled off of the right field wall and scored on an infield out. In the eighth one hit and two Greenville errors accounted for one more. Two more were scored in the ninth on three hits and another epidemic of errors.

GOLDSBORO BEATS TARBORO
Tarboro, July 24.—It's a rare thing these days when a pitcher attempts to hurl two games in one day. But Bill Herring made the attempt yesterday—and he succeeded. The former Wake Forest College star tossed a pair of triumphs for Goldsboro over the locals.

Herring allowed six hits in each game. The first contest was decided by a 7-1 count, while the seven-

the teams at one-all. The Martins scored two in the seventh, and then Griffin saved the day. The winning run, in the ninth, came on a wild pitch with two away and the bases filled. Two walks and Perry's hit had filled the sacks.

Gardner and Goodman, each with two hits, led Williamston in the nightcap. Check hit a single in addition to his homer and paced Snow Hill.

The Martins collected a dozen hits, including homers by House and Leary, to take the first game. House also hit two singles and a double to bat .800. Leary made three for four, and Corbitt of the visitors made three for five. Joe Pette, with two for two, and Neuman, with two for three, led Snow Hill.

First game:
Williamston . . . 302 010 002—8 12 1
Snow Hill . . . 101 000 003—5 8 1
Gardner, D. Johnson and Gillespie; Parmelee, Woodlief and Parrish.

Second game:
Williamston . . . 000 012 000—3 8 0
Snow Hill . . . 000 102 001—4 6 0
Abbitt, Gaddy and Gillespie; Sivilley and Parrish.
