SENATOR LONG TO RUN FOR PRESIDENT IN 1936

Hopson Testifies Before Senate Body

ADMITTS WORK
AGAINST THE
UTILITY BILLHopson Was 'Very
Eager' For Robinson
To Try To Defeat
Utilities Measure

Washington, Aug. 13.—(AP)—The long-sought witness—H. C. Hopson—reputed boss of the Associated Gas and Electric System—told the house rules committee today he had been "very eager" for B. B. Robinson, Chicago utilities executive, to work against enactment of the utilities bill.

Robinson previously testified he had come to Washington to advocate defeat of the measure. He said his company reimbursed him for about \$6,000 of the \$7,000 in expenses he incurred while opposing the bill.

Where Hopson had been located remained a mystery. Both he and committee members declined to say where he was found over the weekend. In the audience was a representative of the senate lobby committee, with subpoenas for his appearance before that group when the house finished with him.

Chairman O'Connor, of the rules committee, developed that Robinson was in the capital throughout the fight over the utilities bill. "Did you know what he was doing here?" O'Connor asked the witness. "Yes," the witness replied calmly.

It is a fact he was working against the utilities bill? "I assume he was," Hopson answered. "I was very eager to have him undertake that work."

The senate lobby committee while waiting for Hopson, began questioning well known lawyers concerning their activity against the utilities bill.

COUNTY COURT
RESUMES WORKForty Cases On Docket
As Three Weeks'
Vacation Comes To
An End

After enjoying its annual summer vacation of three weeks, County court resumed work this morning with Judge Dink James on the bench.

The docket contained around 40 cases, lead by charges of larceny, drunken driving and assault with a deadly weapon. There were a number of minor assault and other cases awaiting consideration. They came from all sections of the county, and scores of law enforcement officers and others were on hand as witnesses.

The docket is comparatively light considering the length of time court has been in recess, but two days probably will be required to complete the docket.

Court always takes a vacation at this season of the year because of the unusual activity on the farms, and begins work shortly after the bulk of farm work has been completed. This action prevents interference with farm labor problems and permits those engaged in the industry to attend court either as principals or witnesses without crops suffering from the loss of their time.

A two week term of Superior court is scheduled to meet here on Monday, August 19, and the county tribunal will have another two weeks off as it always does when the higher court sits here. The first week will be confined to civil cases and the second to criminal with Judge Walter Small of Elizabeth City on the bench.

KINSTON MAN WOUNDED
IN SCUFFLE WITH GIRL

Kinston, Aug. 13.—Barney Anderson, about 31, is in a hospital here with a serious bullet wound suffered in a cafeteria in a notorious local suburb last night. Officers said Anderson and Eunice Pickett were struggling for possession of a pistol when it went off. They indicated no charge would be lodged against the girl. It appeared Anderson was holding the weapon.

Authorities announced Anderson's death, then retracted, saying he was alive but in a serious condition from an abdominal wound.

The Daily Reflector To
Offer Special Rates

The Daily Reflector has inaugurated "Old Fashioned Dollar Days." Beginning Thursday and continuing through Saturday, in an effort to give its hundreds of subscribers advantage of special subscription rates.

It is the first time a reduction has been offered by the paper in some time and it is expected more people than ever before will take advantage of the liberal offer.

The Reflector will be offered at the rate of four months for \$1.00, eight months for \$2.00, and twelve months for \$3.00 during the period.

Those desiring to take advantage of the offer may buy as many months as they wish in multiples of four months for \$1.00.

The offer expires Saturday night, August 17, and will not be repeated again this year. The

publisher stated emphatically that this will be the last reduced price opportunity this year. All subscriptions under this special offer must be mailed or brought direct to the Reflector office. Solicitors cannot accept subscriptions at these special rates.

All mail orders postmarked before midnight Saturday, August 17, will be accepted.

Dollar Days are being observed in connection with the semi-annual Dollar Day staged twice each year by local merchants. The merchants' event, however, continues only through Thursday, whereas the paper goes through the remainder of the week.

This is one of the most liberal opportunities the paper has given in some time to obtain the paper at attractive rates, and the public is urged to note the date and act promptly.

NEW TAX BILL
PRESENTED TO
SENATE TODAYHigher Income Taxes
On 'Little Fellow'
Plucked Out By The
Finance Committee

Washington, Aug. 13.—(AP)—Hastily plucking out of the new tax bill all figures of new and higher income taxes on the "little fellow" the senate finance committee offered to the senate today a measure more in line with President Roosevelt's wishes. In brief, the oft-written bill now provides:

Higher income surtaxes on incomes over \$1,000,000, leaving all other income rates unchecked; higher taxes on gifts and estates; corporation income taxes applied on a graduated scale wider than the one approved by the house but as desired by President Roosevelt; a tax on dividends received by one corporation from another, an increase in the capital tax levy.

Tax experts said that roughly the bill would raise about \$250,000,000, approximately the same figure mentioned by a widely different bill passed by the house. The bill as originally drafted by the senate finance committee last week had been estimated to raise \$450,000,000.

THE NATIONAL WHIRLIGIG
News Behind The News.

Washington
By RAY TUCKER
WHIRLPOOL: You won't find a clue to the New Dealer's most annoying headache in the headlines these days. It's too sore a spot for them to discuss except among themselves.

But the President's closest friends are deeply upset over the lack of coordination among the fifty-odd regular and emergency agencies assembled under the presidential tent. Mr. Roosevelt cannot manage all of them, and each ambitious subordinate goes ahead under his own steam. Visiting business men carry home word that "Washington is a mad house" and the news spreads like wildfire. Next to war, expenditures, this apparent disorderliness is blamed for the popular suspicion that there is no plot to the show and no stage director.

The President, naturally, hasn't had time or authority to shift scenery and control all the prima donnas. Now worried aides beg him to establish a central clearing house resembling the War Industries Board of Wilson days. Others urge him to ask the January Congress for sweeping powers of reorganization.

TIME LIMIT
ON WEEDS TO
EXPIRE SOONPersons Who Fail To
Clear Premises Of
Weeds By Wednesday
Be Prosecuted

The time limit for ridding the city of weeds expires tomorrow and persons who have not cleaned weeds off their premises will be summoned to city court to explain why they refused to do so.

Chief of Police George Clark, issued an ultimatum the latter part of last week, declaring that weeds on vacant lots of the city must go and warned that all property owners who failed to co-operate in the drive launched by the city would be prosecuted.

A day or so later he placed the time limit for Wednesday of this week, one day later than previously determined upon because of heavy rainfall last Friday.

The campaign is launched by the city in an effort to improve the material situation which is always hampered by mosquito-breeding in weeds and other rank undergrowth. Chief Clark said numbers of persons had already cleared their lots of this kind of vegetation and others said the planned to do so before the time limit expires. There are always some, however, who fail to co-operate, and it is these who will be summoned before police court.

The weed situation was described as the worst in years by the police head and numbers of complaints have reached his office from residents in virtually all sections of the city, especially those in suburban residential sections.

SYNOPSIS: The inside story of the executive order placing all home and farm financing agencies under the budget bureau dramatizes the difficulties which even a President faces in suppressing jealousies and rivalries.

Mr. Roosevelt promised to make all spending agencies responsible to the budget bureau in his message last January. Secretary Morgenthau and Acting Budget Director 'Dannie' Bell have lost sleep trying to make his pledge come true. But as fast as they inserted such a provision in a specific bill some aggrieved official—Jesse Jones of RFC or John H. Fahey of HOLC—persuaded Congress to delete it with respect to them.

"That's something the Secretary of the Treasury wants," they told Congressional committees. No appreciating Mr. Morgenthau's neglect of their patronage demands, the legislators lined up against him. Now the President will make them be good by executive order. It's a symptomatic start.

MAY SEEK TO
BREAK WILL OF
MISS O'HAGANCharles J. O'Hagan,
Of Los Angeles, Reveals
Intention In
Letter To Reflector

Declaring that the death of his sister, Miss Martha O'Hagan, who died here the latter part of July, was "hastened by excitement and regret" over the making of a new will, Charles J. O'Hagan, of Los Angeles, candidate for governor of California, today threatened to seek to break the will in a letter to the Daily Reflector.

Miss O'Hagan's will, which was filed for probate here several days after her death, bequeaths the bulk of her property to Mr. O'Hagan and his wife in addition to Mrs. Elizabeth L. Grimes, widow of the late J. Bryan Grimes, Mrs. Carrie Dail Laughinghouse and Ned Laughinghouse.

Other relatives were remembered with smaller sums with the residue of the estate going to Lucile Young Laughinghouse, Margaret Jenkins Laughinghouse, Helen Grimes Montgomery, Eliza L. Blades, Ned Laughinghouse and Charles O'Hagan Grimes, all to share alike.

Other relatives and friends were remembered with bonds, articles of furniture and other things. Although a threat of contest was contained in the letter to the Reflector it was said at the court house today no suit had yet been filed.

Mr. O'Hagan's letter and Miss O'Hagan's will follow:
401 So. Grand Avenue,
Los Angeles, California,
August 9th, 1935.
Mr. D. J. Whitchard, Jr.,
Owner and Pub. Daily Reflector,
Greenville, North Carolina.
Dear Mr. Whitchard:

You and your family have known my family for several generations. I knew your grandmother, your father, his sister and brothers well. I took the Daily Reflector in 1899 when I was at Horner's Military School. I have seen it grow from a Weekly, to a Daily One page (First Issue) to a very fine paper. I am writing you a peculiar letter and a letter which I wish you to use your judgment about printing, but I do wish you to keep it on file for possible future reference or publication. Publish it now if you see fit.

You have no doubt heard rumors of my intentions to contest this last will of my sister, Miss Martha O'Hagan, dated five days prior to her death and signed, I understand, three days before her death. Now Mr. Whitchard, I am not attacking this will for any possible gain to my wife or myself but simply because, from information I have received, I am firmly convinced that the excitement and regret that I know my sister experienced, if she was mentally able at the time to know what she was doing, hastened her death by weeks or months if it did not directly cause it. I have not heard from her physician. I am trying to get in touch with him but I understand she died from a heart attack.

When I was in Greenville less than a month before the making of (Continued on Page Four)

Optometrists
To Meet Here

Optometrists of the New Bern Group of the North Carolina State Optometric Society Extension program will meet in Greenville Thursday night, August 15, at 7:30 o'clock with Dr. Ben Foxman, of Kinston, chairman, presiding.

Dr. W. L. Best, of Greenville, is chairman in charge of the program on local arrangements for the meeting. Dr. Best said today arrangements had not been completed but full details of the meeting would be announced probably tomorrow.

Subjects will be presented and discussed at the meeting by the following Optometrists:
Dr. W. L. Best, Greenville, Dr. John T. Campbell, Washington, Dr. Foxman Kinston and Dr. E. T. Menius, of New Bern.

Problems affecting the profession at this time will be considered at the meeting. Similar meetings are being sponsored in other sections of the country by the American Optometric Association.

High prices which marked resumption of sales this week held firm today on the border tobacco markets.

Although dry weather was retarding curing, sales continued heavy. Receipts at Fair Bluff were 65,000 pounds and prices on some grades were reported showing additional strength.

Hoover Confers With "Big Shot"
Republicans

Washington, Aug. 13.—(AP)—The Republican party in the 1936 campaign is being discussed by former President Herbert Hoover in talks with party leaders the Associated Press was informed today.

One of the visitors to his Park Avenue suite this morning was Colonel Theodore Roosevelt.

"We discussed politics," General Roosevelt said "in its broadest aspects." We talked about matters of Republican policy in 1936.

"Did you talk about candidacies?" Roosevelt was asked.

"Emphatically, no."
While the former president since his arrival in New York has steadily refused to amplify his remarks in Chicago, in which he set forth constitutional reservations in '36, it was known that numerous party leaders have been in conference with him.

Hopson May Be Cited For
Contempt

Washington, Aug. 13.—(AP)—An utilities executive's assertion that depression profits had been "distorted" by investigators coincided today with revelations that safeguard against evasion of increased income taxes have been written in the new tax bill.

H. C. Hopson, main spring of the Associated Gas and Electric System, who had been sought for ten days or more for questioning by the house and senate lobby investigators finally appeared at the house inquiry. Asked about previous testimony that he had his associates take a profit of \$2,800,000 during the depression when stock dividends (Continued on Page Six)

DR. HUMBER
SPEAKS HERENoted Scholar Of
Paris, France, Addresses
Rotarians At
Regular Meeting

By WYATT BROWN

So long as the people and nations of the world are left free there will be chaos but if a limited amount of restraint to secure coordination is initiated, there will be a more enduring, healthful civilization in the world, said Dr. Robert Humber of Paris, France, in his brief address at the Rotary Club last night. He pleaded that the people of the world must come to see that there is only one race genuinely worthwhile, and that the human race.

"Each man is a unit be it large community or small that he resides in. His value is expanded by his intrinsic worth," Dr. Humber said. Setting as the standard for his remarks William Jennings Bryan's definition of an orator—one who knows what he is talking about—Dr. Humber said one could easily satisfy the first part but that the last was a larger order. But he called into his speech with the remark that one might speak one's opinions if done honestly.

"What are we all driving for with all this building. We are solving and trying to be practical in solving our problems? What would face one if the present problems were solved?" he queried.

To which posers he replied with the question whether we are trying to eclipse the Roman Empire of the English Empire and then added, "What if we did." In Europe he has found people are trying to coordinate the nations of Europe through diplomats, experts, and the League of Nations.

"We labor under the illusion that we are each an independent nation. That is a fallacy. We are no longer a world composed of independent nations. We may think so. But we are all economically insolvent right now. Each nation is trying to build economic independence by limitations of imports and high tariffs. But we are no longer independent," he reiterated.

To clear up what he meant by the limitation of imports and its fallacious reasoning he indicated that a Ford car imported into France sells (Continued on page two)

21 MERCHANTS
TO TAKE PART
IN DOLLAR DAYThousands Of Values
To Be Offered The
Public In Greenville
Thursday

Greenville merchants were busy today arranging the thousands of values to be offered to the people of this great shopping center, Thursday, August 15, which has been designated at semi-annual Dollar Day.

The event is being sponsored by the merchants' division of the Chamber of Commerce and this is sufficient to justify the confidence of the public in the real desire of the participating business houses to offer real values during the day.

Twenty-one leading business houses of the city will take part in "Dollar Day" and many of them have stocked special values for the occasion. As in recent years many of the things to be offered this time were formerly priced several times the amount to be charged for them Dollar Day.

Persons who have been putting off shopping would do well to visit the city Thursday and take advantage of the special values which they will find on hand in all of the participating stores.

This is the season of real values, the eve of the opening of the tobacco market, one of the busiest seasons of the year, and merchants plan to offer some of the best bargains probably ever placed on their counters to make room for fall and winter stocks.

In recent years Dollar Days have attracted thousands of people to the city and many of the stores were packed to capacity nearly all day as people from a radius of many miles came here to take advantage of the special offers.

With the majority of people having more money than they have had since the depression, it was expected each of the 21 participating business houses would serve decidedly more customers than any other event in years.

On several occasions values formerly priced as high as \$10 sold for the price of \$1.00 on Dollar Day, and it was expected that similar transactions would take place during the forthcoming event, as merchants attempt to split profits with the thousands of people who have shopped with them off and on for several years.

New Serial To Begin
In Reflector Tomorrow

There are many surprising turns and a well sustained romantic interest in "Morning Star," the new Reflector story telling what happened when pretty Emily Felton's parents decided to pick a husband for her from the list of eligibles in their little southern town.

The first chapter of "Morning Star," appearing Wednesday, August 14, will make it plain that the author, Marian Sims, did not have to rely on others, or on books, for the knowledge of southern background and the setting in which her story unfolds. She was born in the south, in Dalton, Ga., but inherited also from New England, whence came her mother's parents.

The combination of easy-going southern ways and of what she calls her New England conscience "has run her ragged all her life." As a

EIGHT FACE
TRIAL TODAY
IN KIDNAPINGDefendants Go On
Trial At Smithfield
On Charge Of Carrying
Girls To N. Y.

Smithfield, Aug. 13.—(AP)—Eight persons charged with conspiracy to kidnap or the kidnaping of four Johnston county girls and taking three of them to New York for immoral purposes were to go on trial here late today for a second time.

Four new bills of indictment, against the defendants were returned by the Johnston county grand jury this morning.

The bills charge conspiracy to kidnap while three of them charged actual kidnaping.

Those alleged to have been kidnaped are Agolla Barbour, Amelia Price and Josephine Smith, all young girls.

It is alleged the defendants also conspired to kidnap Lucile Wallace, and face this new charge.

The defendants are: Clinton Beasley, Alex Beasley, Sarah Beasley Crane, Nellie B. Beasley, Pearl Beasley, Margaret Lee Crane, Amelia Mae Beasley and Arthur Crane. All defendants are Johnston county citizens and related, except Crane who is from New York.

Last winter the eight were convicted of the kidnaping charge on three indictments, but were granted a new trial when the Supreme (Continued on page three)

INFORMS HIS
COLLEAGUES
OF INTENTIONLouisiana Senator
Tells Friends If
President Roosevelt
Is Nominated He
Will Run As An Independent

Washington, Aug. 13.—(AP)—Senator Long, Democrat, of Louisiana, has told colleagues in the senate he has decided definitely to run for the Democratic presidential nomination in 1936.

He told them furthermore that if President Roosevelt were renominated he would run as an independent unless the Republicans nominated someone he could support.

Long's plans were reported to the Associated Press today by several senators with whom he talked. The Louisiana, however, refused to discuss them saying he had no comment. He did say though that if he ran it would not be to "beat Roosevelt" but to elect himself.

Republican senators to whom Long confided were elated. They felt his decision was a "big break" for the GOP, "and might swing the election their way." For a long time many Republicans have felt they would win if Long would run to take "radicals" away from the Democrats.

One Western Republican senator whose state has gone Democratic in the past two elections said there was no doubt it would go Republican today if Long should run. He said the Louisiana would easily take enough votes from the Democrats to deliver the state electoral ballot to the Republicans as LaFollette did in 1924.

Rivaling the Long report in the capital's attention were denials by Senators Byrd and Glass that they would bolt the Democratic ticket next year. Taking notice of published intimations to that effect (not carried by the Associated Press) the Virginians declared neither "has bolted a party nomination" local state or national.

Long told his senatorial colleagues that he would enter many of the state primaries and give President Roosevelt as much of a battle at the convention as possible.

He said if the president was renominated he would then decide whether to run independently or join forces with the Republicans. If the president should be opposed by former President Hoover or some one of that type, Long said, he would run independently. He expected to take such states as Louisiana, Arkansas, Texas, Mississippi, Georgia and Florida away from the Democrats.

But, Long added, his colleagues said that if the Republicans should nominate Borah, or someone of that kind, he would jump party lines and throw his support to the liberal Republican candidate.

DR. HUMBER SPEAKS HERE

(Continued from page one)
for 11,000 francs and the best similar car which is not nearly so good as the American that is locally made sells for 33,000 francs. But France will permit only a certain limited number to be imported since they want the local manufacturers to make cars and give employment but importation of more would be advantage. Dr. Humber holds for there would not only be the saving and getting superior cars but there would be the men employed in garage and other similar trades if more cars were being bought.
"Conflicting interests of the nations must be harmonized. Quotas and limitations must be eliminated. Unless this is done chaos is inevitable."
"We live under obsolete political formulas. We still try to handle world relations by use of treaties. That is obsolete. Why in France they have just ratified a treaty made five years ago by our ambassador Edge and it is already obsolete. Now another treaty is being negotiated which will be obsolete before it is ratified. Changes occur so swiftly that it renders treaties out of date before they can be ratified."
"Improving the situation constructively is a huge task. But anything worthwhile is difficult," he said.
Dr. Humber appeared as proponent of the idea that this improvement can be achieved by laws. He said, "The world must be governed by world wide laws and not by slow moving treaties. Laws can be passed to cope with a situation; the courts can lengthen its usefulness and expand its use by interpretation. Additional statutes can be provided. Such a plan is inevitable. We are not ready today we may say."
"We will be forced into it by our economic chaos."
"We are headed toward a federation of nations. A world legislature can pass a few necessary laws."
At this point the speaker told his hearers what per cent of our laws

are made by states and what per cent of our national legislature and he indicated that all the necessary laws to a world legislature to pass would not exceed one half of one per cent of these that affect us rendering us liable to very few World laws. Too, there would be only one army and one navy to support, he added.
"This is the only way to get rid of war. The Federation of nations would be very limited in its powers. We think we are free now but we are no for catastrophe could precipitate war tomorrow and we all would become cannon fodder. Through the Federation we can get the freedom we really want."
At this point the speaker related some recent significant incidents that have occurred in Europe which show unrest and precarious conditions there.
"If Italy's conquest of Ethiopia drags Europe into war we cannot stay out long. We tempt war by trying to preserve our status quo. We must face the reality. We can defy the truth and say as we are, or course, but we must accept the disadvantages if we do. A World Federation on a limited scale would save the situation. We must try to harmonize our economic and political affairs."
Visiting Rotarians for the evening were Joe Raspberry and John Holmes of Farmville. San Bridges of the Daily Reflector staff was also a guest of the club. Herbert Re-Barker was winner of the attendance prize given by Hayward Dail. Bill Best, chairman of International Service Committee, was in charge of the program. Lawrence Stroud, vice president of the club presided in the absence of Bill Lee, the president.
Introduced to the Rotary Club as "one of the greatest men Greenville has ever produced," Dr. Humber gave his audience a talk that sent everyone away with minds stirred to comment and praise for the simplified presentation of the complex world situation. Many termed it a momentous opportunity for all those who heard the address.

Dr. Humber Speaks At College.

The college was honored this morning at chapel by having as the speaker Dr. Robt. L. Humber, who delivered a most informative and inspirational talk on the life at Oxford University.

President Leon R. Meadows, in introducing Dr. Humber, expressed great pleasure in the privilege of welcoming this guest, whom he described as "an old Greenville boy, one of the finest boys I ever knew; brilliant, deeply religious; a Rhodes scholar of Oxford University; a lawyer by profession; a citizen of Paris, France, and of Greenville, North Carolina; and a traveler by necessity, for he has to return to North Carolina for inspiration."

Dr. Humber responded by expressing his pride in this college, the building of which he watched as a child and in which he had a share by placing one of the bricks in Austin Building.

His account of Oxford University made clear the organization of this institution in twenty-one independent colleges; the charm of the daily life; and the power of tradition that brings a sense of poise and security.

He spoke informally, sketching the life of an Oxford student and drawing some comparisons between the quiet, free, purposeful life of the English student and the equally purposeful but hurried life of American students, and concluding with emphasis on the increasing spirit of international brotherhood that promises but one race—"the race of humanity."

Mount Pleasant Oratoria Society.
The Mt. Pleasant Oratoria Society met last Thursday evening with a fair attendance. Plans to begin work on a cantata were discussed. Piano selections were rendered by Mrs. Virginia Earle and Miss Pattie Jenkins.

At the previous meeting the club was delighted to have as guest little Miss Peggy West. Little Miss West played several selections on the piano, among them "Romance," by Yitterbart; "The Singer and the Bird," by Smith. She also played "Sunset in the Hills," by Frye, with Wyatt Highsmith singing.

All members are urged to be present next Thursday night.

Continued from Page One

heavy blows. It has dished out
droughts, floods and blight. But
now it seems that it's a dust storm
which blows some economic and po-
litical good.

Commerce experts have noted for
some time that the Middle West
was going in for extremely heavy
purchases of farm implements, au-
tomobiles, machinery, household
goods and apparel. Wholesale and
retail demand in this section has
held up remarkably well during the
normally dull summer months,
stimulating production and sales.

Now Weather Bureau dopsters
point out that the dust storms de-
stroyed or damaged vast stores of
goods in homes, stores, factories and
on the farms. The swirling particles
of minerals lessened the life of
productive and consumptive materi-
als. Matching this need with high-
er farm prices and government
bounty, the experts conclude that
the result is a disguised blessing,
though not to the individual victims.

SAGE: When the Associated Gas
& Electric was under investigation
by the Commission a few years ago
—as it is now by Congress—the in-
quiry turned up some remarkable
letters. They revealed that a state
Senator at Albany (Warren Thayer)
was blocking or passing bills in ac-
cord with A. G. & E. orders. Here
is the prize letter:

"I am perfectly willing to trust
the handling of these matters to
Senator Thayer. However, I would
very much prefer that those in the
operating department do not com-
municate directly about bills with
members of the legislature. Operat-
ing officials and business men gen-
erally have a direct manner of writ-
ing letters which would not be en-
tirely satisfactory in the event of
subsequent political or legislative in-
quiries, whereas lawyers or politi-
cians... realize that it is necessary
to scrutinize what is said carefully,
even though it is undoubtedly free
from evil, so as to avoid the appear-
ance of evil."

The New York Governor then
was Franklin D. Roosevelt. The
man who vouchsafed this sage ad-
vice on drafting political lawyers to
testify the Governor's program was
E. C. Hopson, the capital's missing
lobby witness.

TAXES: Henry Ford, Calvin Cool-
idge's fellow-camper, is rapidly be-
coming the nemesis of the New
Deal. He helped to destroy the NRA
and now he may smash the admin-
istration's tax program. The fate of
his industry under a steep inheri-
tance tax has dramatized the subject
to that even faithful Democrats
hardly dare to stand by the Presi-
dent.

Although the Fords, father and
son, have not appeared on the
Washington scene, their representa-
tives have presented their views.
Muel's attorney conferred with Sen-
ator Vandenberg the day before the
after deprecated the dissipation of
the Ford industry, and the resulting
unemployment which he said would
result from a 75 per cent inheri-
tance duty. Even without any argu-
ment the thought of a breakup of
his far-flung enterprise weighs on
very legislator.

Rhode Island's anti-New Deal de-
legation also produced a formidable
oe. Peter Gerry might have swal-
lowed the bill if his state had not
one Republican so heavily, but now
he heads the fight against the
White House. He knows taxes as
Mass knows banking and Borah
origin affairs.

New York

By LOUIS SCHNEIDER

DISAPPOINTED: Political circles
are convinced that another huge re-
funding appropriation will be asked
of Congress early next year. The \$4-
00,000,000 appropriation voted at
his session is not doing the trick
President Roosevelt expected. It
is hinted that little by little the ad-
ministration is preparing the coun-
try for a keen disappointment. In-
formed people say the new program
will not get started until December
or January. The 3,000,000,000 prom-
ised work by PDR may be out of
ack. Unemployment figures are

not being reduced and the relief
rolls continue to grow. It is difficult
to enlist the cooperation of the var-
ious states. Informed New York-
ers say it is hard to get federal
funds so why even try? "Too much
red tape and politics."

Key men here point out that
while work relief is helping retail
trade, the increase isn't inducing in-
dustry to add to payrolls. Manufac-
turers say the increased demand
necessitates only a slight increase of
factory output. No extra labor is
needed—since the NRA is a ghost.

INFLATION? Informed quarters
are certain that President Roosevelt
and Secretary Morgenthau are af-
raid of a crack-up in the govern-
ment's credit structure. There is no
doubt that mounting deficits can
only be taken care of by new financ-
ing. Bond dealers say there's a limit
to even our government's credit. As
it stands today it is not in ideal
shape. This despite the fact that
federal issues are sold on a low
yield basis.

With fear current that another
four billion dollar relief appropri-
ation will be demanded of the next
Congress, the financial element
wonders how inflation can be avoid-
ed. The informed say there is only
one way out—further devaluation
of the dollar. This would result in
an increase in the value of the gov-
ernment's holdings of silver and
gold. The solution offered is that
the profits on the money metals be
used to liquidate a large portion
of the mounting debt.

SILVER: At a recent meeting
with Roosevelt silverites were in-
formed that it would be best to let
the administration go along on its
silver program without Congress-
ional aid or interference. Inform-
ed quarters say that Senator Thom-
as didn't agree. He is anxious for
immediate \$1 silver. PDR would
rather follow the advice of Secre-
tary Morgenthau's group.

At the present time the Treasury
is a persistent buyer of silver in
London market. India and China
have been "steady sellers." The in-
side dope is that sooner or later
Morgenthau will bid up the white
metal. He doesn't care to do so
while offerings continue. He is wait-
ing for the market to run dry of
offerings. The more patient silver-
ites are firmly convinced that the
one dollar silver figure will be pass-
ed—in due time.

WRONG: The Securities Ex-
change Commission is investigating
a dozen, or more stocks at this
time. This to determine whether or
not pools and cliques are at work.
Even the New York Stock Exchange
is active along these lines. Thus far
nothing has been found "out of or-
der." If it is true—as one broker
hinted to your correspondent—then
both are looking down the wrong
alley. Perhaps they want it so?

PRESUMPTION: Wall Streeters
are impressed with the fact that
Stock Exchange loans in July show-
ed a reduction of \$39,654,550 from
the June figures and is the lowest
reached since June of 1933. As the
figures stood on August 1st the loan
total was \$768,934,748. This is only
\$500,000,000 above the all-time low
of \$241,599,943 established July 31,
1934. The all-time peak high was
reached on September 30, 1929 when
the figures of \$8,549,383,979 were
touched.

The fact that security prices ad-
vanced somewhat during the month
of July while loans declined is said
to be constructive. Money quarters
say a decline in loans should mean
liquidation of speculative holdings.
The figures in turn show better
buying—presumptively for invest-
ment account.

BREACH: In resigning from the
Roper Business Advisory Council
W. W. Aldrich, chairman of the
Chase National Bank, is the sixth
man to quit. Interests close to the
bank insist that it isn't so much
business activity that forced the
man to resign as it is that Secre-
tary Roper didn't accept the views
of the Advisory Council. Mr. Ald-
rich and administration officials are
not friendly. The bank and tax bills
widened the breach.

DOUBT: There is a trade war on
between Canada and Japan. It is to
the liking of Pacific coast import-
ers and exporters. American lumber
dealers love it.

The fight started two months ago.

Canada raised the duties on Japa-
nese imports to offset depreciation
of the yen. Japan retaliated with
a 50 per cent duty on imported Ca-
nadian goods. To answer this one
Canada added 33 1-2 per cent on
all Japanese imports. The next
move is Japan's. It may not be a
sweet, one.

Even though the immediate effect
of the Japanese-Canadian trade war
is beneficial there is doubt as to
how long the fair weather will last.
Storms may result for Americans
now favored should this nation ap-
ply a quota to Japanese textile im-
ports.

\$14,000 of "ASSETS"

BRINGS TOTAL OF \$205

Edenton, Aug. 13.—Notes and
judgments held by the defunct Cit-
izens Bank here and having a face
value of more than \$14,000 were sold
at public auction on Saturday for
\$205. D. Minton Warren, cashier of
the Bank of Edenton for which he
acted was the buyer. Except for the
collection of about \$2,000 additional
on assets which W. O. Crump, liqui-
dating agent, believes are recover-
able, this sale winds up the bank's
affairs. Mr. Crump said Saturday
he fully expects everything will
be liquidated and approved by the
court within 60 days and that 98
per cent of the bank's total debt
will by that time have been re-
turned to the depositors.

MAY SEEK TO BREAK WILL OF

MISS O'HAGAN

(Continued from page one)
this will they were careful in break-
ing the news to her. Fearful of the
effect it might have upon her. If
the family and her nurse feared a
happy effect upon her, for I do
know my sister was most happy to
see me. What must have been the
effect upon her with pressure and
excitement of making a new will?

I am not mentioning any names
in this letter but the people in
Greenville by now know well who
did it. It was a most unconscion-
able thing to do and I am not going
to let it go by unheeded and unnoti-
ced.

With the death of my sister I
am the last of the O'Hagan family
and I am fifty-seven years old and
she was eighty-five. If you do pub-
lish this letter I wish you would
publish my sister's will in full be-
side it and let the people of Green-
ville and Pitt County decide in their
minds if a terrible thing was not
done to Dr. O'Hagan's daughter and
my sister.

If I were to break this will, and
it can easily be broken, with the
legal expense attached and with
division of property as it will be
made without a will, will give me
less than even the small amount re-
ceived by my wife and myself and
will not keep the party guilty of
this change from inheriting one-
fourth of the estate. But I think
this thing should be fought out so
that the people of Greenville and
Pitt County should know just what
was done to my dear old sister and
to a woman whom they loved and
respected.

In my life out here for the past
twenty-five years, which I am proud
of, I have never hesitated to speak
out openly for what I thought was
the public good or to adjust private
wrongs. I am fairly well known in
this city and state and I am proud
to say no one questions my honesty
or sincerity politically or in any
personal business dealings that I
have ever had.

I again say this letter is written
so you and your paper may know
my true attitude. Pressure is al-
ready being put on me not to make
any fight or contest as some of the
family seem to think it would hurt
my dear old sister's name but I re-
ally think and know it is because
it will hurt them. From what my
sister told me the last night I was
with her I know she had no idea of
changing her will for she told me
what to do with the property she
was leaving me and my wife. Her
negro property is left to me as she
told me it was in her will. The
house lived in by Mr. Simpson
she told me she left to my wife Jo-
sephine O'Hagan and she wanted
her to have I above all things be-
cause she had been so good to me
and so sweet and loving to her.
Give my regards to your family

Wishing you and your paper the greatest success, I am,

Sincerely,

Charles J. O'Hagan.

State of North Carolina,
County of Pitt,

I, Martha O'Hagan of Greenville, Pitt County, North Carolina, being of sound mind and memory, but mindful of the uncertainty of my earthly existence, do make, publish and declare this my last Will and Testament in manner and form following, hereby revoking all former Wills and codicils of whatsoever nature at any time heretofore made by me.

Item One: My executrix, herein-after named, shall give my body a decent burial, suitable to the wishes of my relatives, and pay all funeral expenses together with all my just debts, out of the first moneys that may come into her hands, belonging to my estate.

Item Two: I give and devise to my beloved brother, Charles James O'Hagan in fee simple, all the property that I own on Railroad Street, in the Town of Greenville, North Carolina, consisting of seven Negro houses, which said property is de-

scribed in a certain deed executed by L. C. Arthur on April 22nd, 1901, recorded in Book A. 7, Page 209, in the Register of Deeds office of Pitt County.

Item Three: I give and devise to Elizabeth L. Grimes, widow of J. Bryan Grimes, deceased, in fee simple, that certain lot of land and the residence thereon, lying and being in the Town of Greenville, North Carolina, and on the South side of Fifth Street, and which adjoins on the West the lot and residence of Mrs. Travis E. Hooker, said lot having a frontage on Fifth Street of sixty three (63) feet.

Item Four: I give and devise to Carrie Dail Laughinghouse for the term of her natural life, one house and lot in the Town of Greenville, North Carolina being on the South side of Fifth Street, and which adjoins on the West the lot herein before devised by item three of this Will to Elizabeth L. Grimes, and at the death of the said Carrie Dail Laughinghouse, remainder in fee simple, to Helen Laughinghouse Stokes.

Item Five: I desire that if Mrs. R. J. Cobb and Mrs. E. V. Carter, or either of them, are living in the house devised to Carrie Dail Laughinghouse in item four at the time

of my death, they shall be allowed to continue to live therein for one year from the date of my death, rent free.

Item Six: I give and bequeath to my beloved cousin, Mrs. S. P. Mason, Nee Eva O'Hagan two shares of stock of the value of One Hundred Dollars (\$100) each in the Home Building and Loan Association of Greenville, North Carolina.

Item Seven: I give and bequeath to my nephew, Ned Laughinghouse, Twelve Hundred Dollars (\$1,200) in cash.

Item Eight: I give and bequeath to Josephine O'Hagan, wife of my brother Charles O'Hagan the sum of Twenty-Five Hundred Dollars (\$2,500) in cash.

Item Nine: I give and bequeath to my grand nephew, Dail Laughinghouse, Jr. two shares of stock, of the value of One Hundred Dollars (\$100) each in the Home Building and Loan Association of Greenville, North Carolina.

Item Ten: I give and bequeath and devise all the residue of my estate, if any, to Lucile Young Laughinghouse, Margaret Jenkins Laughinghouse, Helen Grimes Montgomery, Eliza L. Blades, Ned Laughinghouse and Charles O'Hagan Grimes, share alike.

Item Eleven: I leave my cedar chest to Margaret Jenkins Laughinghouse, wife of H. Dail Laughinghouse, my nephew.

Item Twelve: I leave my rug to Lucile Young Laughinghouse.

Item Thirteen: I leave to Mrs. J. D. Simpson my table, which is now in my room.

Item Fourteen: To my friend, Bessie C. Tibbatts, I leave all of my linens of every kind and description.

Item Fifteen: I desire that all of my pictures be burned unless any of them be wanted by members of my family.

Item Sixteen: It is my will and desire that my executrix settle my estate within as short a time as possible and convenient after my

death.

Item Seventeen: I hereby constitute and appoint Carrie Dail Laughinghouse my lawful executrix to all intents and purposes to execute this, my last will and Testament, according to the true intent and meaning of the same, and every part and clause thereof, without compensation for services and without giving bond.

In Witness Whereof, I Martha O'Hagan, do hereunto set my hand

and seal this the 13th day of July, 1935.

Martha O'Hagan (SEAL)
Signed, sealed, published and declared by the said Martha O'Hagan to be her last Will and Testament, in the presence of us, who at her request and in her presence, and in the presence of each other, do subscribe our names as witnesses thereto.

Mrs. D. S. Spain, Jr.,
Virginia Perkins.

GREENIES WIN IN NEAR RIOT AT NEW BERN

New Bern people take their baseball very seriously, so seriously, in fact, they are ready to scrap over an umpire's decision.

This fact was amply demonstrated to several score Greenville fans and the local ball club yesterday when a near-riot ensued as Umpire Cy Morgan ruled Wings Shipp out on an attempted steal home, enabling Greenville to win by the score of 5 to 4.

With two out in the ninth and runners on first and third, Shipp raced for the plate. Apparently, he got in nicely but Umpire Morgan didn't see it that way and called him out.

Eason, at bat, had taken a healthy swing at the ball and had fallen into something resembling football scrimmage with Shipp and Ty Wagner. Whether the umpire judged Eason's fall as purposeful interference, it was not determined in New Bern. But fans didn't see any such angle in the occurrence and swarmed on the field en masse, threatening physical harm to the aged umpire. Two or three of the more excited ones were said to have made passes at the gray-haired umpire, but he remained emphatic, declaring the runner out.

So much ill-feeling developed among the crowd that police protection was provided the umpire to and from the downtown barbershop where visiting teams dress.

New Bern shoved over all of its counters in the eighth when Branch homered with two aboard and Kennel singled, sending Cleary, who had singled before, home.

Successive homers by Parker and Dean in the sixth featured Greenville's attack. Parker also was credited with singling twice.

Lefty Kennel with a double and two singles lead the futile drive to win his own game.

Williams allowed 10 hits in five and a third innings and Wade four in two and two-third innings. Wade was credited with winning the game.

Although outlit 14 to 10, the Greenies were able to make more of their blows count for actual runs and thereby walked away with the game. The ninth inning rally by the Bears provided many misgivings for the scores of Greenville fans who followed the team to New Bern, but the keen eye of Umpire Morgan saved the day, although his decision fired the tempers of Bear supporters to provide a situation that took much of the appeal from the game. The Bears are scheduled to come

to Greenville this afternoon for the second game of the series and the league leaders are determined to hold them in check after the fiery spurt that marked their playing yesterday.

Although losing consistently the last two weeks, the Bear organization is still to be reckoned with, and any team in the league will be kept on its toes when playing them.

However, with the season rapidly approaching an end, the leaders are straining every faculty to win, so they will enter the semi-finals preceding the championship race with a margin as great as Kinston had last year—but they don't plan to lose as Kinston did in the final roundup.

NEWSOME HURLS SHUTOUT

Snow Hill, Aug. 13.—Newsome

held Tarboro to eight scattered hits

yesterday as Snow Hill made the

most of its five hits off Olin Perritt

to get a 6-0 decision.

So well did Newsome scatter the

cellarites' hits that they were able

to threaten only in the third and

seventh, and each time a double

play—Williams to Perry to Cheek—

checked things.

Williams' double, Cheek's single,

Pette's double, and an error gave

the locals three in the third. The

others were tallied in the sixth. An

error, a walk, and an infield out set

the stage for Parrish's single to drive in two runs. Newsome singled to tally Parrish.

Tarboro . . . 000 000 000—0 8 2

Snow Hill . . . 003 003 00x—6 5 2

BUGS WIN IN EIGHTH

Williamston, Aug. 13.—Goldsboro,

behind from the first inning, scored

six runs in the eighth to gain an

8-4 victory over Williamston yester-

day.

Slim Gardner held the visitors

to four hits up to the eighth, and

one of those was a homer by Sut-

tenfield. The eighth brought Gar-

dner's downfall. Hits put two men

on and then Joe Webb connected

for the first home run over the right

field fence here this year—he ball

traveled over 400 feet.

Webb's homer sent Gardner from

the box. Morris, his successor, was

reached for three hits and a like

number of runs.

STATE AFTER NEW FEDERAL ROAD MONEY

Several Million Dollars Worth of New Projects Sought in N. Carolina

Reflector Bureau, Raleigh, Aug. 12.—A score or more of highway construction projects totalling several million dollars, have already been sent to Washington for approval by the U. S. Bureau of Public Roads and approval of most of these projects is expected any day now, Chairman Capus M. Waynick of the State Highway and Public Works Commission said today. But until word is received from Washington as to just what projects have been approved, no details will be given out here, Waynick said.

"If we should announce these projects now, before they have been approved in Washington, and several of them should not be approved, people in the localities of the projects which fail to get approval would be greatly disappointed," Waynick said. "Besides, we have learned that the announcement of even tentative projects usually tends to give the impression in the localities involved that they are definite and certain. It is also difficult for many people to realize that our powers are purely recommendatory and that the final decision on all federal aid projects is made in the Bureau of Public Roads in Washington. So we have decided it is better to wait and not make any announcements until the projects have been definitely approved by Washington."

The bath of projects which has already been sent to Washington for approval is the first lot under the new 1935-36 allotment of federal aid funds. Additional projects are in process of development and these will be sent along to Washington as rapidly as they are developed.

The highway department has already worked up a large number of smaller projects to be constructed with WPA labor and relief labor and these are ready to be submitted to the various district WPA directors. It will probably be several weeks before any of these are approved, however.

New York Cotton

New York, Aug. 13.—(AP)—Cotton futures opened fairly steady five to six points decline on Liverpool cables and under foreign and southern selling. December after selling off to 108 1/2 at the start rallied to 109 1/2 but prices were not fully maintained at the start with active months ruling 2 to 5 net lower at the end of the first half hour.

October was relatively steady later in the morning on covering or trade buying to fix prices and sold up to 110 1/2, or about point above yesterday's closing while later deliveries at midday were about 4 to 5 points net lower.

N. Y. Stock Market

New York, Aug. 13.—(AP)—Prof-it takers gave the stock market and uncomfortable first hour today but the list only stumbled for a time and soon was back in its advanced stride.

American telephone was the bell weather of the resistance jumping ahead for more than three points to another new year's stop and pulling a number of communication issues and specialties along in its wake.

Low priced power company equities also came to life for small gains in unusually active trading. Two ten thousand share blocks of commonwealth and southern changed hands in a few minutes.

The rails, telephone, motors just about held their own.

Grains and cotton were in a narrow range. Medium priced carrier bonds edged forward in the low division. The late stock tone was steady. Transfers were 2,100,000 shares.

Late News Flashes

(Continued From Page One)
were being hashed out, he said: "That is such a mass of misstatement and distortion that I wouldn't even make an effort to go into it at this time."

Possibility that Hopson might be cited for contempt of the senate arose after an agent of his lobby committee was prevented from serving a subpoena on him.

The utility leader had just wound up his occasionally biting testimony to the house rules committee in which he acknowledged "eagerness" to have work done against proposed control of "unnecessary holding companies."

He attacked congressional "prying" into his personal affairs. Chairman Black on the senate side acted quickly to call his group into secret session after his committee agents related activities of those surrounding Hopson on leaving the house hearing had prevented them handing him the subpoena.

Members of the finance committee felt that its revamped tax bill makes provisions for higher taxes on holding companies to guard against evasion on increased surtaxes on individual incomes.

Senate leaders agreed to postpone action on the drastic war profits bill until the next session of congress.
