

12-Cent Loan On Cotton Now Seems Possible This Season

OPPOSITION CROPS OUT IN FARM OFFICE

Secretary Wallace Not in Favor of Loan Until Later; Bankhead and Others Press For Aid To Farmers at Once

Washington, Aug. 15.—(AP)—A 12-cent loan on cotton of the 1935 crop appeared possible today, despite reports growing out of opposition from the farm administration.

Confronted with a statement by Senator Bankhead of Alabama, yesterday that a 12-cent loan would be announced by the end of the week, Secretary Wallace said an announcement would be made in due time. Some AAA officials admittedly were worried about the cotton loan and some were known definitely to oppose a loan announcement at this time.

When the agriculture department last week predicted a cotton crop this year of 11,798,000 bales, Secretary Wallace announced that "adequate" credit facilities would be made available for the orderly marketing of the crop.

This statement was interpreted in some quarters to mean that no loan would be announced until later in the year and that a free movement of the present crop to market would be permitted. The crop estimate was above most private estimates and the market dropped sharply.

Wallace told newspapermen the loan rate would be announced before December, limiting his earlier statement to this extent. But it was reported that urgent political pressure had been brought to bear for a heavy loan.

COUNTY COURT FINISHES WORK

Thirty or Forty Case Docket Completed Yesterday in a Brief Session

County court, which resumed work here Tuesday after a vacation of three weeks, completed its docket of thirty or forty cases yesterday with the disposition of five or six cases, highlighted by charges of assault with deadly weapons.

With Superior court scheduled to begin a two weeks' term here next Monday morning, County court will have another two weeks off, and when it sits the next time virtually all farm work in this section will have been cleared up, enabling the court to carry on its work without interruption because of fear of disturbing this form of activity.

Richard Langley, petty thief, who the day before was sentenced to six months on the roads on a charge of larceny, was found guilty of a similar charge yesterday and sentenced to the roads, the sentence to run concurrently with the one of the day before.

John Simpson charged with assault with a deadly weapon, was found guilty, and fined \$25, cost deducted, and the balance to go as fine.

Oscar Evans, charged with assault with a deadly weapon, was found guilty, and fined \$25, cost deducted, and the balance to go as fine.

John Wooten, colored, charged with stealing chickens, was fined \$25 and cost.

NEGRO WOMAN ATTACKED BY INFURIATED MOCCASIN

Williamston, August 15.—Dog days in Mar in County have turned up an unusual number of bad reptiles. In addition to the young Lilly school boy who was bitten by a rattlesnake Sunday morning, an infuriated moccasin early Tuesday attacked Frances Perry, Negroess, as she walked along the road at an early hour. She was rushed here, but before the anti-venom treatment could be given her leg was badly swollen. It is thought she will recover.

Tobacco Growers May Sell Entire 1935 Crop

Contracting tobacco growers may sell their entire 1935 flue-cured production, according to a ruling made public by the Agricultural Adjustment Administration yesterday.

The Triple A has ruled, according to the bulletin received here, that "tobacco growers having tobacco in excess of their allotment may secure additional allotment cards from their county agents by the payment of 4 cents per pound."

Growers "receiving additional cards will not receive benefit payments."

The bulletin stated further: "A grower desiring additional cards must make application to his county agent, and must pay

to the county agent 4 cents per pound for the new card. This money will be used by the AAA to make benefit payments in 1936."

It was further stated that new allotment cards will entitle the grower to receive tax-exempt warrants sufficient to relieve his excess tobacco from the payment of any tax.

This information will be received with interest by growers in this and other tobacco growing areas where numbers have an excess amount of tobacco on hand and did not know what provisions would be made for its disposition prior to the AAA announcement.

Late News Flashes

Heavy Tobacco Receipts On Border.

(By Associated Press)

Heavy receipts were reported on the border belt tobacco markets today, while prices remained strong. Around 760,000 pounds were on the floor at Lake City, S. C., this morning, and about 500,000 pounds at Lumberton, N. C. Dillon reported increasing receipts and other markets said offerings were heavy. Prices in general were in line with those earlier this week, though common types were reported stronger.

Sales at Lake City yesterday were reported at 601,000 pounds at an average of \$22.90.

Fairmount, Wednesday sales were 373,472 pounds at an average of \$24 a hundred. Receipts were heavier there today.

Today In Congress.

Washington, Aug. 15.—(AP)—While the new tax bill with its increased levies on estates moved toward passage in the Senate, the Securities Commission said today that John D. Rockefeller, Jr. had given away approximately \$25,000,000 of oil company stocks last June. The stock went to individual and charitable organizations whose names were not made known. The Rockefeller report to the commission showed the gifts were made nine days after President Roosevelt asked Congress to increase taxes on gifts and enact new inheritance taxes.

Senate leaders predicted final passage of the tax bill tomorrow night.

At the same time they indicated they were considering the advisability of abandoning their pursuit.

(Continued on Page Six)

FIRST LOAD OF LEAF ON LOCAL MART

Leland Tetterton of Staton's Mill Brings First Load of 1935 Season

The first load of tobacco for sale at the opening of the 1935 tobacco season here August 26 was placed on the floors of R. V. Keel's new brick warehouse on the eastern end of Dickinson avenue today, according to information given out by Mr. Keel shortly after noon today.

Leland Tetterton of Staton's mill, several miles from Greenville, was accorded the honor of bringing the first load of bright leaf to market this season. This is an honor always sought by growers of this area, and the pilgrimage to the market always gets under way several days prior to the opening day.

With Tetterton breaking the ice, the movement of bright leaf to market is expected to gain additional momentum in the next few days with the peak being reached about two days before the curtain is lifted on the new season.

Just how many pounds was contained in the first load was not revealed, it being sufficient to the warehouse and Tetterton that they had captured this season's honor.

With the crop just about all housed, grading of the new crop was under way in some sections of the county today, and by the opening day, barring bad weather, a big portion of the crop will be ready for marketing.

PITT SHERIFF HEADS STATE ASSOCIATION

S. A. Whitehurst Elected President of N. C. Sheriffs at Hickory

The State Association of Sheriffs elected Sheriff S. A. Whitehurst, of Pitt county, as president in the annual convention at Hickory yesterday, and selected Wilmington as the 1936 convention city.

The Pitt county officer succeeds Sheriff O. D. Atkins, of Marion, who presided over the convention.

In addition to election of officers and other business matters, the association heard a stirring speech by Clyde Hoey, of Shelby, candidate for the Democratic nomination for governor in 1936. Hoey, considered one of the leading orators of the state, declared "We Americans should change our attitude toward law observance if we would check the wave of crime sweeping over the state and nation."

Asserting that the sheriff upholds the law, Hoey declared "When he is a man of known courage and character and possesses up-standing qualities, commanding the respect and regard of his people, he at once becomes a bulwark of strength and power and renders service of incalculable value to the whole public."

He added that there must be cultivated on the part of the public the spirit and will to obey the law and observe the statutory requirements of the society in which we live.

"We cannot violate with impunity such laws as we do not approve and then expect the public to obey such laws as we regard as vital," the Shelby man said.

Other officers elected were: Sheriff O. D. Atkins, Hickory, first vice president; C. O. Robinson, Gastonia, second vice president; and John R. Morris, Wilmington, was re-elected secretary.

Reports received from Hickory today revealed that 99 of the state's 109 counties were represented at the meeting with numbers of deputies also on hand to take part in the session.

It was voted to dedicate the sheriff's annual year book to officers who died in the last few years, and a life membership in the association was given to Sheriff W. A. Hardin, of Rutherford county.

The sheriffs were treated to a trip to Blowing Rock today for a barbecue and dance. Friday will be devoted to a visit to Linville and other mountain resorts.

Names of Charleston county, S. C. places are derived from three sources—English, Indian and pioneer Charlestonians.

Four Killed As Big Delta Plane Crashes in Field

Gilmer, Tex., Aug. 15.—(AP)—Four persons died early today in a tri-motored ship of the Delta air lines that crashed and burned after circling a cotton field in an attempt to land safely.

The bodies, burned beyond recognition, were pulled from the ship by two farmers who heard the plane circle over the cotton field shortly before the smashup.

SMITH GIRL TESTIFIES IN KIDNAP CASE

Relates to Jury Practically the Same Story Told During Yesterday

Smithfield, Aug. 15.—(AP)—More details of how three young Johnson county girls were allegedly kidnaped and taken to New York for immoral purposes of eight persons were given a Superior court jury here today by Josephine Smith, 14, one of the alleged victims.

The girl related practically the same story given on the witness stand yesterday by Camella Price, 17, and Ocelia Barbour, 15, except that she was sent home from New York because she cried too much. Josephine said she was lured from her home about 8 miles from here on the pretext she was being taken to a party at Holt's Lake and was given some thing to drink at the home of Margaret Keen, one of the defendants, which seemed to "dope" her. She was then taken to New York.

The Keen woman, Alex. Beasley, Frank Beasley, Sarah Beasley Crane, Nellie Beasley, Paul Beasley, Ila Beasley and Arthur Crane, are the defendants.

Alex Beasley is the father of all the defendants except Crane, who is his son-in-law.

Only a small crowd is following the case although the first trial last December packed the courtroom. In addition to kidnapping the three girls and taking them to New York, the eight defendants are alleged to have conspired to kidnap Lucile Wallace. All were convicted on kidnap charges last winter but gained a new trial on an invalid indictment. The Wallace charge is new.

Josephine Smith testified she hurriedly left a restaurant in Raleigh she was being taken to New York by Sarah Crane, but that Sarah overtook her, grabbed her and threatened to kill her, and she was afraid to make any outcry or another attempt to get away. She said she was taken to New York and forced to entertain men at an apartment alleged conducted by Crane.

She refused to change her story under cross examination. Ausley Parrish and his wife were called by the state to corroborate the story of the girl that they were with Alex Beasley in an automobile at the time they alleged they were being kidnaped. Under cross examination Parrish said he understood that Camella had a bad reputation but under further questioning he said he "hardly knew the girl."

His wife said she never knew her before the kidnap case.

Mrs. Marjorie Prachery, sister of Josephine Smith, testified about her sister disappearing from home and coming back and telling a story of having been to Norfolk, Va., with some boys. Josephine had testified that Alex Beasley suggested that she tell her mother such a story when she got back from New York.

LONG TO BE INDEPENDENT IN 1936 RACE

Louisiana Kingfish Doesn't Like Hoover Or Roosevelt and Hits Warpath

New York, Aug. 15.—(AP)—Senator Huey Long announced today that he would be an independent candidate for president in 1936 if the republicans go for Hoover, the democrats for Roosevelt, and there is no other liberal candidate.

"The Louisiana political boss called Hoover and President Roosevelt 'two bad mates of disaster.'"

"If some liberal candidate would be chosen by either party," the senator said, "I would support him. But it begins to look like the GOP is being dominated by Mr. Hoover or some one of his calling. 'The liberal and progressive element is called on to decide that we don't want a Hoover that we know what is or a Roosevelt, that we don't know what is.'"

Reflector Will Carry Dollar Day Through Saturday

The Daily Reflector "Dollar Days" began today and will continue through Saturday.

Liberal reduction of subscription rates will be offered throughout the three days and persons wishing to take advantage of them are urged to come in between now and the end of the week and subscribe.

"Dollar Days" are observed by the paper in connection with Dollar Day sponsored by 21 leading merchants here today. The merchants will continue their event through today only whereas the paper will carry its reduction of rates through Saturday.

This is the first time in some-time that such reductions have been offered the thousands of people of this locality, and it will be the last time this year that such an offer will be made available.

Subscribers or those desiring to subscribe should act immediately and not let this opportunity slip by as many did on other occasions of the kind.

DOLLAR DAY DRAWS LARGE CROWDS HERE

Attractive Bargains Offered Shoppers By 21 Merchants of The City

Today was semi-annual Dollar Day in Greenville, and in addition to several thousand bargains offered by 21 participating merchants, the public had as one of the main attractions a ball game between Greenville and Snow Hill.

After falling before a terrific batting attack by the league leaders yesterday, Snow Hill invaded Greenville today in an effort to get revenge in a big way. The ball club was preceded to the city by scores of fans who wanted to look over the many values offered on store counters by Dollar Day merchants.

After spending several days assembling bargains for today, merchants offered here shoppers of the great trade territory probably the greatest array of values of all former similar events. Counters in many instances literally groaned under the weight of seasonal merchandise to be sold at considerably less than the original price.

The Daily Reflector was also taking part in the semi-annual bargain event by offering reduced subscription rates for the first time in over a year. Although the merchants will continue their Dollar Day for one day, the Reflector will go through Saturday. The paper is being offered at a attractive rates, and subscribers started early this morning to take advantage of them.

The streets were thronged with bargain-seekers during the early hours this morning and during the afternoon the crowd was increased to such extent that some of the stores were jammed almost to suffocation. It was the last opportunity of the year to obtain values at greatly reduced prices and shoppers from a radius of many miles were on hand to buy liberally of the offerings.

Although it will be impossible to put in any definite idea as to the scope of trading, it was expected his Dollar Day would eclipse all others in recent years. Certainly the merchants had the largest assortment of values to offer, and if sales are in keeping with stocks, the occasion will truly surpass previous years.

UNFAIR PRACTICES SUSPECTED IN VOTE

Kinston, August 15.—Officers of the American Legion post indicated today that the post at a meeting Thursday evening will discuss the recent special tax election here. A tax for extension of the school term was defeated last week.

The Legion officer said there was evidence that "numerous" persons registered for the election did not know they were on the books. When they failed to go to the polls they were counted under the law, as voting "against." In an election of the kind a majority of the registered voters voting "For" is required for the issue to carry. Persons remaining away from the polls automatically vote against the issue.

Tokyo Gets Jobs For Gangsters.

Tokyo (AP)—The metropolitan police board here has ordered that jobs be found for petty gangsters who fall into the tolls of the law. Thus far five men have been placed, the most recent case being of a 41-year-old man who extorted \$2,900 from cafes under the guise of a purification campaign.

President and Mrs. Roosevelt have been invited to attend the sequentennial celebration of Lincoln, N. C.

LAVAL TALKS WITH ALOISI ON WAR PLAN

Talks of Frenchman And Italian Deepen Pessimism Among Officials

Paris, Aug. 15.—(AP)—Programs for war and peace in East Africa were waived today by Premier Laval of France and Baron Polpo Aloisi of Italy as they conferred alone for an hour in the former's office today.

Their talks seemed to deepen the pessimism of officials.

Premier Mussolini's right hand man came to the French government head with three arguments:

- 1—Italy must protect Eritrea and Italian Somaliland against the wild and dangerous nation (Ethiopia) by disarming it.
- 2—Italy must stand in the line as Britain and France have done.
- 3—Italy is starved for raw materials and must develop her own supplies.

To those arguments Laval had the following answers:

- 1—War would break Europe's long drawn out efforts for peace and possible even the league of nations.
- 2—War would cost men and money and create hatred, although Mussolini could gratify his desire by peace.
- 3—War would endanger the Anglo-Franco, Italian control of Europe.

Following this meeting with Aloisi, Laval conferred with his ministry, preparing arguments suggestions for further developments. He gave them not only the Italian suggestions but also the British as presented to him yesterday by Anthony Eden, the British minister of foreign affairs to the league of nations.

A second conference between Laval and Eden was arranged for the afternoon to clear ground for the formal opening tomorrow of the conversations among Laval, Aloisi and Eden.

The British are calling the trilateral conversations the "last chance" to transform war into peace before the league of nations council meets September 4 at Geneva.

SPUD CONTROL PLAN OKAYED

Potatoes Soon Will Join Other Commodities Under Government Agreement

Washington, Aug. 15.—(AP)—Potatoes soon will join cotton, wheat and other crops on the government's growing list of production control farm products.

House approval of Senate amendments to the agricultural adjustment act making potatoes a basic commodity, assured a control program for growers.

Approved with slight opposition in the Senate, the measure is backed by Representative Warren and Senator Bailey of North Carolina. Under the control plan production will not be restrained but a tax of 75 cents per 100 pounds will be collected on potatoes sold in excess of allotments.

In no part of America has the potato of early Scotland, Ireland and England been so well preserved as in the Southern Appalachians.

THE NATIONAL WHIRLIGIG

News Behind The News.

WASHINGTON

By Ray Tucker

CAMPAIGN. Politician insiders brand the original Senate tax bill as the first overt sign of bi-partisan conservatives' determination to stop Roosevelt in 1936 if they can. It was debated by Democratic members who don't face reelection next year but who hoped that its so-called "provisions" would make political medicine.

Although it has been sidetracked by Pat Harrison it had a definite political effect. The threat to tax the little fellow's pocketbook made him acutely conscious of the size and significance of vast federal expenditures. The howls from the hinterland still echo through Congressional halls. It brought home to the undersized taxpayer that eventually he must help to foot the bill in a big way. Though the drafted measure spares him he may not forget that.

And that is the message which Democratic and Republican conservatives meant to convey. They never meant their bill to become law. All they hoped to do was to weaken the President.

COMPROMISE. Senator Wheeler and Public Utility Man Gadsden are not bluffing when they say they welcome the question of abolishing holding companies as a 1936 political issue.

The Gadsden groups have spent from \$2,000,000 to \$5,000,000 to defeat proposals for outlawing holding corporations. Even if they stave off the extreme penalty in the Senate bill they must submit to stiff regulation under the House bill. High-up spokesmen for the utilities admit privately that they would like to learn their fate right away. They dread even more the sword of uncertainty.

Southern Bell May Name Him President

James E. Warren (above) is expected to be named president of the Southern Bell Telephone and Telegraph company August 12. Now vice president, he would succeed the late Ben S. Read. (Associated Press Photo)

WARRANTS TO MARK WAR ON WEEDS HERE

Police Prepare to Serve Warrants on All Who Failed to Cut Down Weeds

With the time limit for cutting down weeds expiring last night, police were preparing today to serve warrants on property owners who failed to cooperate with the government drive to rid the city of rank growth of vegetation.

The cleanup campaign began the first part of last week with the time limit being placed on Wednesday. The launching of the drive was accompanied by a police ultimatum that those who failed to clear their lots of weeds would be ordered to appear in court and explain why they failed to do so.

Chief of Police George Clark said this morning that compliance had been very favorable in some sections of the city. He stated that several persons who were not able to clean up by last night asked today to be given until tomorrow. This permission was granted, but others who have shown no disposition to abide by the order, will be served with warrants either today or probably by tomorrow.

The campaign was started as result of vigorous complaints launched by residents in various parts of the city, especially in outlying residential areas. It was claimed that rank growth of vegetation was resulting in increased mosquito infestation, the situation in some areas being described as almost unbearable because of the prevalence of the pests.

The police head warned that all persons who had not cleaned up their premises would find it advisable to do so at once. He reiterated that the government means business, and plans to prosecute all who defy the police order.

Marion O'Neale pulls bodies out of Charleston, S. C. waters as an avocation. Possessing the best grappling outfit in town, he has recovered bodies of nine white persons and three negroes.

ELDER CORBITT DIES AT HOME NEAR THIS CITY

Prominent Minister of Primitive Baptist Church Succumbs to Heart Attack

Elder George M. Corbitt, 80, well-known Primitive Baptist minister and farmer, died suddenly at 3:00 o'clock this morning at the home of his daughter, Mrs. L. S. Hardee, about two miles south of Greenville. Death was attributed to a heart attack. Although he had suffered from infirmities of age the last several months, he was described as active prior to his death.

Funeral services will be conducted from the late home tomorrow afternoon at 3 o'clock by Elder Luther Joyner, Primitive Baptist minister, assisted by Elder J. B. Roberts, also of the Primitive Baptist church. Burial will be made in the family burial ground near Hudson's Cross roads.

Elder Corbitt was born reared and lived all of his life in Pitt county, except 8 years spent in Tarboro. He was both a preacher and farmer. He had served as a minister of various Primitive Baptist churches of this section over a period of 45 years, and was well known throughout the district.

Always interested in advancing the work of the denomination, the deceased was one of the leaders of this territory and news of his death was received with profound shock and sorrow by thousands of his acquaintances and friends.

Surviving are two sons, A. H. Corbitt, Rose Hill, and George P. Corbitt, Greenville, R. F. D.; seven daughters, Mrs. L. S. Hardee, Greenville, R. F. D.; Mrs. J. E. Parkerson, Greenville, R. F. D.; Mrs. Mamie Harrington, Greenville, R. F. D.; Mrs. T. H. Jones and Mrs. Frank Armstrong, Edgecombe county; Mrs. S. P. Ross, Burlington, and Mrs. Oia Kittrell, Greenville, R. F. D.; one brother, Elder James S. Corbitt, Tarboro; a sister, Mrs. Mary Moore, Tuscarora. In addition he is also survived by 36 grandchildren and 16 great-grandchildren.

STROKE FATAL TO H. C. ELKS

Pitt County Farmer Found in Dying Condition on Porch of Home Last Night

H. C. Elks, age 46, was found dying on his front porch last night about 7:30, by his wife when she returned from work on another farm near her home. He suffered a stroke of paralysis in the spring from which he never fully recovered and it was another stroke that caused his death, declared Ed J. Williams, Deputy Coroner who investigated the case.

Funeral services were conducted this afternoon at two o'clock from the home of his wife's parents, Mr. and Mrs. John Moore of the Baldards Cross Roads Community.

Burial followed in the family burial ground near Bellarthur. Rev. Walter Nobles and Elder Manning, Free Will Baptist ministers officiated.

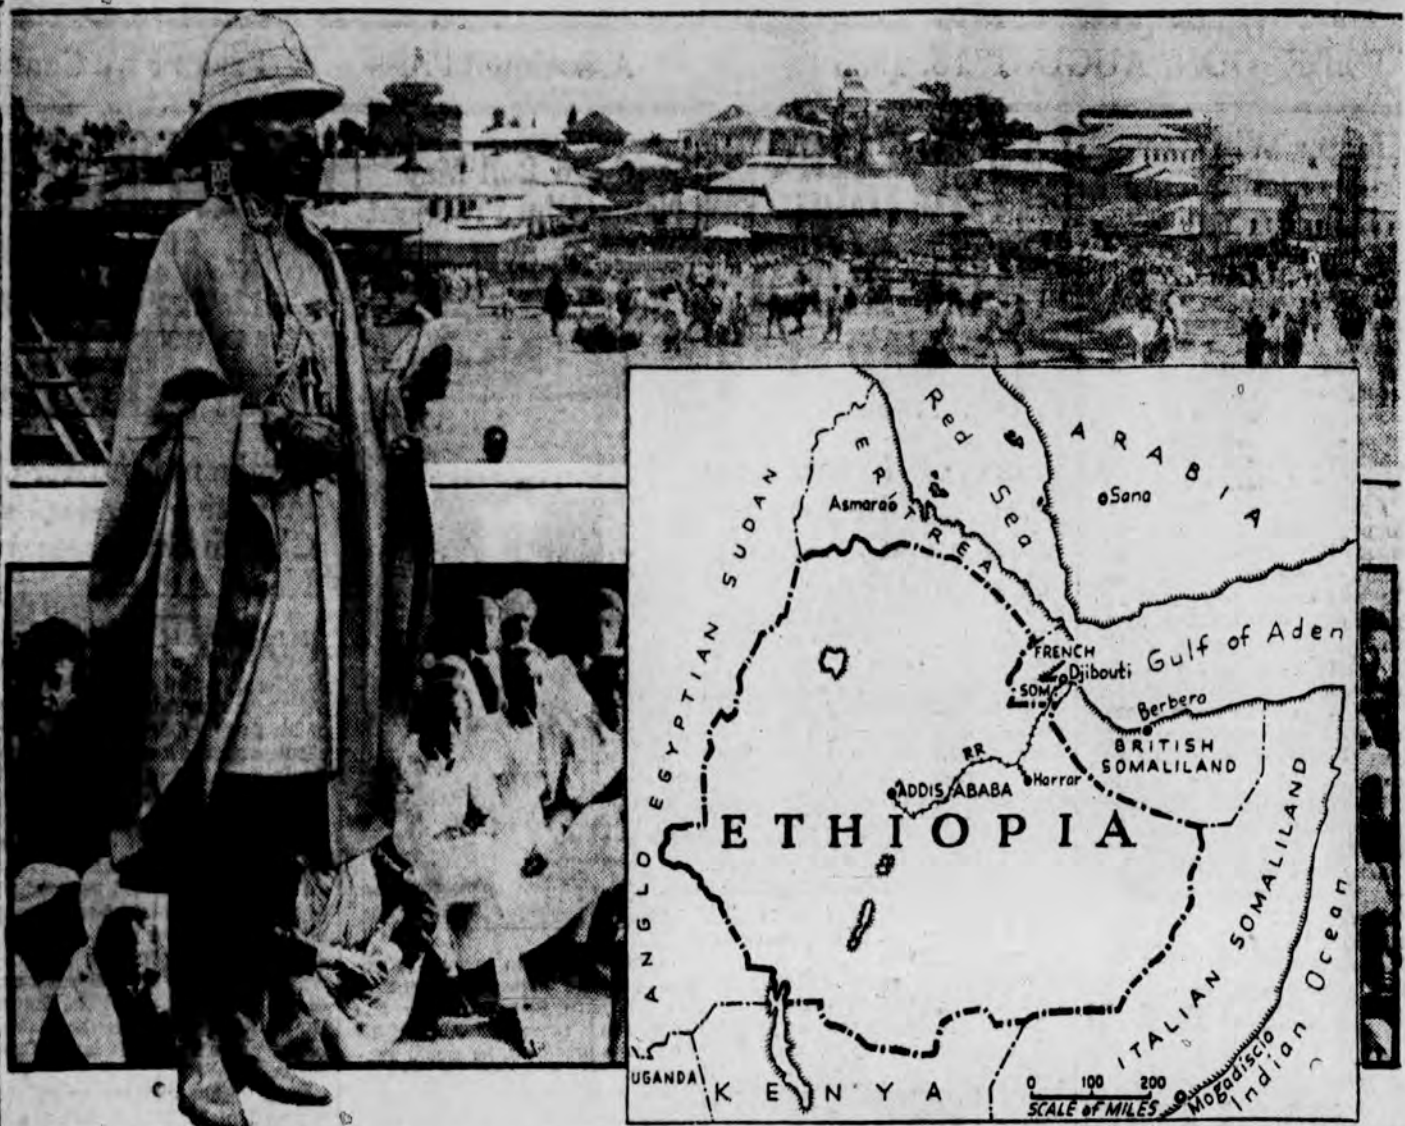

He is survived by his wife, who before marriage was Miss Carrie Moore, three sons, Carlton, Jennie and Henry Elks, three daughters, Doris, Be Peep and Carrie Elizabeth Elks, one brother, Tytus Elks, three sisters, Mrs. Od Turner, Mrs. Robert Little, Mrs. Luther Peaden, all of Pitt county.

CONDUCT HUNT FOR SWINDLER

Smithfield, August 15.—Smithfield police are in search of a man who is going around among the Negroes "selling" them government jobs. He went to Helen Roe, daughter of Ed Roe, bank janitor, and told her that six case workers were needed in Smithfield and that he was trying to get some. As an examination was to be given and some might be eliminated. He charged \$3.75 registration fee, and gave a receipt for the same, and using that those who made grades of 100 on the examinations would draw a salary of more than \$100 per month, and others draw smaller salaries. A number of other Negro girls gave him smaller amounts with the understanding that they would pay the difference later. He was in Smithfield Monday and told Helen that he would return Thursday and in the mean time canvass other nearby towns.

From 1850 to 1860, Wayne and Hardin counties held court in the ancient cave behind Natural bridge in Tennessee.

ARMS AND MEN ON EAST AFRICAN FRONT

Emperor Haile Selassie of Ethiopia has called upon his subjects to "fight to the last man" to preserve the country's freedom in the event of an Italian invasion. Ethiopia's area is estimated at 350,000 square miles and its population at 10,000,000. The country is comparatively undeveloped but is rich in natural resources with large agricultural potentialities. The capital, Addis Ababa, is the largest city in Ethiopia with a population of about 70,000. Pictured here are Emperor Haile Selassie, a skyline of Addis Ababa and a map of the country, bordered in part by two Italian territorial possessions, Eritrea and Italian Somaliland. (Associated Press Photos)

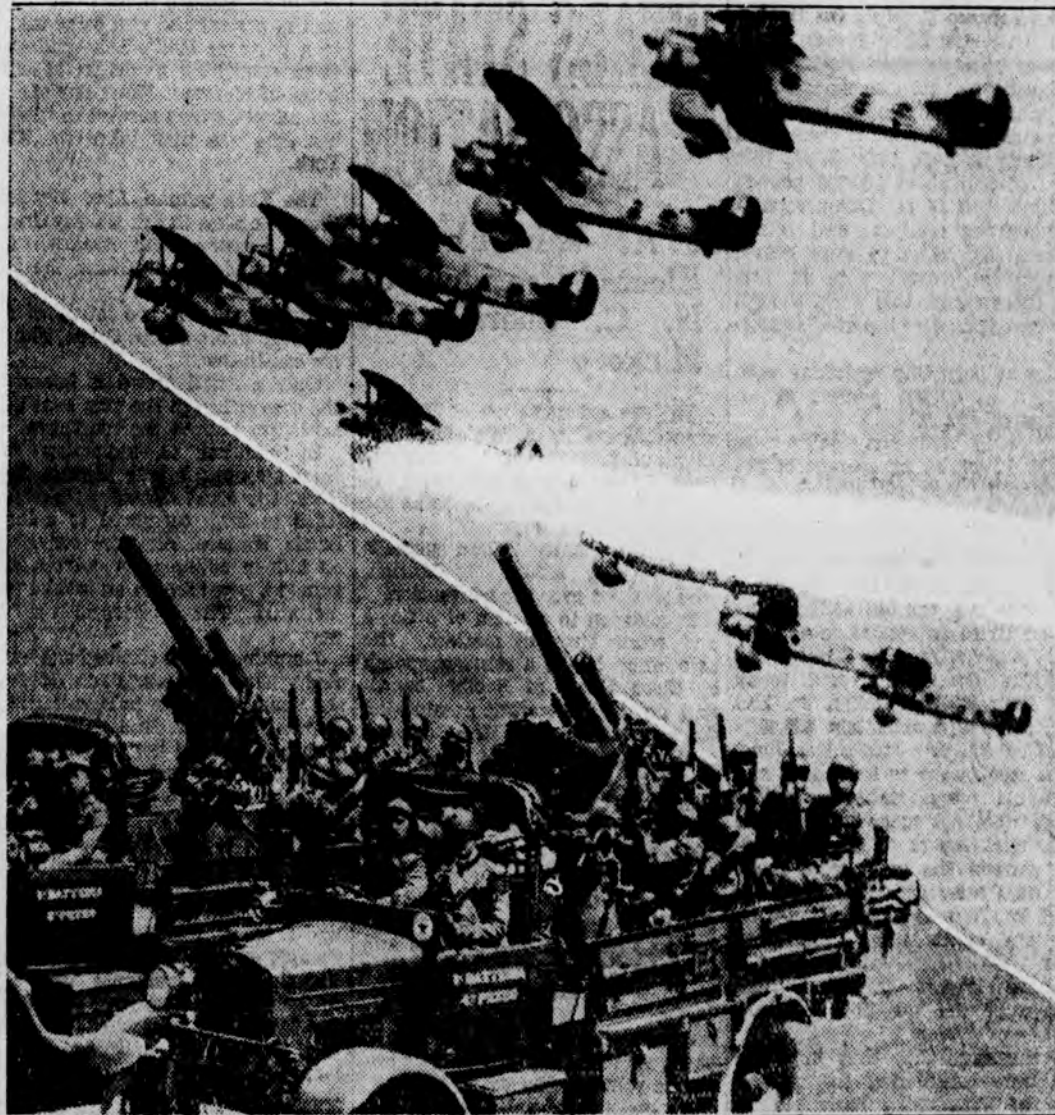

In Rome, historic home of the Caesars, Premier Benito Mussolini is feverishly carrying out his plans for an East African campaign. Hundreds of thousands of soldiers have been called to the colors and vast war supplies have been concentrated in Italian colonies bordering Ethiopia. In contrast to Ethiopia, Italy has an area of 119,744 square miles (colonial possessions not included) and has a population of more than 42,000,000. Rome, the capital, had a population of 1,008,083 in the census of 1931. While much raw material must be imported, Italy has huge munitions plants. Ethiopia on the other hand must import all of its munitions and war equipment. (Associated Press Photos)

If war comes thousands of tribal warriors like the one above will figure prominently in Ethiopia's forces.

In addition to hundreds of thousands of warriors who fight under "rasos," or tribal chieftains, Ethiopia has a moderately well-equipped imperial army which owes allegiance directly to Haile Selassie. This force, estimated at between 60,000 and 70,000 men, has some planes, but it is reported there are only eight such machines and only six in condition to fly. There also are a few anti-aircraft guns. Some of this equipment is shown here. (Associated Press Photos)

The Italian army is equipped with the most advanced implements of modern warfare and is particularly well prepared to fight in the air or repulse aerial attacks. Foreign military observers will watch carefully to see how effective Italy's air force will be if a war is fought in Ethiopia, a rough forbidding country with few roads and only one railway. Pictured here are a squadron of Italian fighting planes and Italian anti-aircraft guns mounted on trucks. (Associated Press Photos)

This well-equipped Roman soldier is typical of those in Italy's East African expeditionary force.

Ethiopia is reported to have armed a quarter of a million troops and has laid plans to put seven armies totaling 600,000 men in the field in the event of a conflict with Italy. The Ethiopians' war stocks are estimated at between 300,000 and 1,000,000 rifles, 200 cannon (some made in 1860), between 350 and 400 machine guns and the same number of automatic rifles. These pictures show Ethiopian infantrymen entrenched, "going over the top" and a typical machine-gunner. (Associated Press Photos)

AMELIA AYES HER AIR VIEWS

Amelia Earhart Putnam, the famous aviatrix of the tousled hair, is shown giving a senate committee her opinions about federal regulation of aviation—something she approved with reservations. Just before the testified, she resigned her dollar-a-year job as an aeronautical expert for the commerce department. Listening to her are Senators McCarran of Nevada (left) and Donahey of Ohio. (Associated Press Photo)

It is estimated that Italy has approximately 235,000 soldiers and skilled workmen in its East African colonies. This, military observers state, is considered sufficient for the present if an advance is made into Ethiopia. If needed it is believed Italy could put 1,000,000 well-trained, well-equipped troops in the field. Italian tanks, a flame thrower and Italian infantrymen on the "firing line" are shown in the above pictures. (Associated Press Photos)

Social and Personal

Social Calendar

THURSDAY
7:30 p. m.—St. Mary's Auxiliary will meet in the parish house.

FRIDAY
7:00 p. m.—The Kiwanis Club will meet in the Woman's Club building.

Jackson-Cherry.
Mr. and Mrs. George E. Cherry announce the marriage of their daughter Martha Thigpen to

Mr. Robert Miles Jackson, Jr. on Monday, August twelfth. Nineteen hundred thirty-five. Halifax, Virginia.

At Home
after September first. Raleigh, North Carolina.

Barbecue For College Students.
Students and members of the faculty and their friends yesterday afternoon enjoyed on the west campus one of the series of barbecues given by the college during the summer school.

The menu was just what good Tarheels expect at this annual gathering—an abundance of barbecue, slaw, cornbread, ice-cold punch, hot coffee, and cakes, and the number of students and members of the faculty who were present attested the success of the occasion.

Mr. Edwards Ill.
Friends of C. H. Edwards will be sorry to learn that he is ill at his home on East Eighth street.

Coronation Of Queen.
Junaluska, Aug. 15.—Coronation of the Queen of Junaluska will take place at 3 p. m., Wednesday, August 21, with imposing pageantry. Miss Maria Aldridge of Durham, present incumbent, will officially place the crown on the head of the queen-elect. In addition to Miss Aldridge, a number of Junaluska's ex-queens are on the grounds at this time, among them Mrs. Oliver Lisker (formerly Miss Ella Ivey), Miss Kitty Stubbs of Sumter, S. C., Miss Aurelia Adams of Tampa, Fla., and Mrs. Hubert Searcy (formerly Miss Christine Quillan) of Birmingham, Ala. Among the girls prominently mentioned for the queenship this year are: Misses Frances Bivens of Pickers, S. C., Margaret Lyles of Darlington, S. C., Judith Combs and Nina James of Greenville, N. C., Frances Crum of Durham, N. C., and others.

Outstanding in the week's program is the oratorio, "Elphig," set for 8 p. m., Friday, under the direction of L. G. Nilsson and Walter Herbert. More than 100 sweet singers from Lake Junaluska, Waynesville, Canton and New College, and an orchestra, will take part in the performance. Rehearsals under way indicate a high order of entertainment. There will be a full rehearsal at 8 p. m., Thursday in the auditorium.

TO THE MOUNTAINS OF WESTERN N. C.
(Mrs. Milton Tucker)
Oh! Mountains, the high hills and sublime,
You live in all my memory
As over you once I climbed.
The races of all God's people
In every land should see.
The mountains, yes, God's glory
In all their sublimity.
Thou art even so life giving,
To those whose life seems spent,
As doth our maker offer, life eternal
To all who do repent.
Mountains! Yes God's glory,
Keep towering o'er thy clime,
Until all those who know thee
May reach thy heights sublime.

TEXAS PANHANDLE IS SAVING WOOD IN SNORE CONTEST
Amarillo, Tex. (AP)—Gene Howe, Amarillo editor and columnist, has started a snoring contest.

Writing his daily column as "The Taciturn Texan," Howe announced he would award \$100 in cash prizes to the champion snorers of the Texas Panhandle.

Women will be barred "as the best of them are mere amateurs compared to the men."

Howe started the contest because "the weather is hot and people are sort of groopy and I've got to do something to keep up interest in this department of the paper."

DENIED DRIVING LICENSE FOR PERIOD OF SIX MONTHS
Gatesville, Aug. 15.—Wesley Stallings, negro of Hobbsville, arrested here Monday on a charge of disorderly conduct, driving an automobile while intoxicated and carrying a concealed weapon, was tried in Recorder's Court here Tuesday morning and found guilty. He was given a suspended sentence of four months on the road on payment of a \$10 fine and costs. His driving license was revoked for a period of six months.

Vienna Firemen Save Birds
Vienna, (AP)—Turning in a false alarm of fire brings swift punishment in Vienna, where the municipality does not like to waste gasoline. But an alarm does not count as false if turned in by persons who see a bird or animal in distress.

The longest ladders recently came into play when firemen rescued a swallow which had caught its head in the wire netting of a high balcony.

FITTING OF GLASSES

HOW 'PARTY GIRLS' RECEIVED MURDER VERDICT

Screaming in wild hysteric, three "party girls" convicted with William Lee Ferris for the murder of Howard Carter Dickinson, New York attorney, are shown in court at Detroit as the jury returned the verdict that doomed all of them to life imprisonment. Seated at the left is Florence Jackson. In the center is her sister, Loretta Jackson, and next is the third defendant, Jean Miller. Police matrons are holding the girls to keep them from leaping out of the chairs in their frenzy. Ferris, convicted as the ring leader in the fatal \$134 hold-up, is shown wearing a light suit in the foreground at extreme right. (Associated Press Photo)

Ballard's X Road

Sunday school was held at the community building Sunday afternoon. We had no sermon, it being Mr. Grady's Sunday to preach. He is vacationing in Kentucky.

We wish to welcome Mr. and Mrs. Glenn Tyson and baby to our community. They are living with Mr. and Mrs. O. L. Tyson, after moving from their home near Washington, N. C.

Born to Mr. and Mrs. Jack Tripp, Tuesday, August 6th, a baby girl. Miss Elizabeth Tyson spent last week-end in Hertford.

Misses Lillie and Maggie Tucker accompanied by their mother, Mrs. Nannie Tucker, spent last week-end with Mrs. Mattie Chandler near Durham.

Mr. Mack Pollard of Farmville, is spending his vacation with his sister, Mrs. Mamie Ruth Holloway.

Miss Carrie Speight Turrage who is nursing in Richmond, Va., visited her aunt, Mrs. E. M. Tyson, Wednesday.

Mr. and Mrs. Henry Carson Byrd and children visited Mrs. Bettie Worthington last week.

Miss Ruth Johnson of Greene county, visited Mrs. O. L. Tyson Friday.

Mr. and Mrs. Robert Lee Flanagan of Richmond, Va., "pop-called" on friends here Saturday morning.

Misses Mary and Kathleen Ross delightfully entertained the "younger set" at a wicker roast Tuesday night at their tobacco barns after a number of games enjoyed by all, a large campfire was built and we roasted wethers that we ate with bread, mustard, and delicious lemonade.

AND NOW IT'S "AIR-CONDITIONED" GASOLINE
Just when we're becoming a bit matter of fact with air-conditioning in our theatres, trains, stores, barber shops and beauty parlors, along comes a brand new note in air-conditioning.

It's "air-conditioned" gasoline, introduced by the American Oil Company, as its 25th anniversary achievement. As explained by an official of the American Oil Company this "air-conditioned" American gas was created to meet one of today's special needs. It seems as if the average gasoline motor becomes erratic when there are changes in temperature and humidity. And sometimes the temperature variation in one city alone is apt to be from 72 to 93 degrees. Over long distances such as from Maine to

JERITZA WEDS FILM PRODUCER

Maria Jeritza, the opera singer, and Winfield Sheehan, Hollywood film producer, are shown leaving the historic mission at Santa Barbara, Calif., just after their marriage. She made it plain with an emphatic "yes" that she will continue her musical career, household duties notwithstanding. (Associated Press Photo)

Florida the variation will be greater.

This "air-conditioned" gasoline is conditioned at America's new refinery to counteract erratic tendencies caused by outside temperature and humidity changes. By carefully designing this gas to cover such weather variations in each locality during each month of the year, American Oil Company officials state they have been able to develop a gasoline that guarantees uniform and efficient motor performance in any weather.

New Deal. The very core of this new budget pay plan is unique. Its liberal basis of operation is different. Banks states: "This new budget pay plan makes possible any size purchase by any motorist and the extension of convenient, liberal terms to everyone."

Hundreds of motorists will certainly welcome this revolutionary new budget pay plan to Greenville, Banks also states.

"This plan is as flexible as a rubber band, suits every need and fits every purse. Popularity is certain because it is in tune with the times."

Bruce Cozart joins Banks in inviting all their friends to drive in at once so they may be able to explain this plan and equip your car with the safest tire built today. "The Goodrich Safety Silvertown with the life-saver golden ply, and our terms to suit you."

TAX COLLECTOR'S TAX SALE
By virtue of the power vested in me, under Chapter 234, Public Laws of 1935, I shall offer for sale to the highest bidder, at the door of The Bank of Grifton building, in Grifton, N. C. at 12 o'clock, Noon, on 2nd day of September, 1935, the following real estate for the non-payment of taxes due the Town of

Grifton for the year 1934.

These amounts are subject to penalty and costs.

P. L. STONE, Tax Collector.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief Of Pain
Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys.
The kidneys are one of Nature's chief ways of taking the acids and waste out of the blood. If they don't pass 3 pints a day and so get rid of more than 15 pounds of waste matter, your 15 miles of kidney tubes may need flushing.
If you have trouble with frequent bladder passages with scanty amount which often smart and burn, the 15 miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backaches, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.
Don't wait for serious trouble. Ask your druggist for DOAN'S PILLS—which have been used successfully for over 40 years by millions of people. They give happy relief and will help flush out the 15 miles of kidney tubes. Get DOAN'S PILLS.

MAKE THE "3-week test" AND MAKE A LIFELONG FRIEND

Meet Good Gulf!
If you haven't had Gulf gas in your tank lately, it's time you discovered what it can do. So make this experiment. Use Gulf for just 3 weeks. Then see if you don't agree with an army of amateur "testers"...

750 said "Put 'er there!"
750 car owners agreed to fill their tanks with Gulf for 3 weeks—to check it against their regular brands for (1) mileage, (2) starting, (3) pick-up, (4) power, (5) all-around performance.

Result: Pals for Life
At the end of 3 weeks, there was a swing to Gulf for good! For 7 out of 10 owners found Gulf better in one or more of the 5 points—many on all five.

Q. What hint on how to shift gears can save you gasoline?
You'll find the answer to this question in this free Gulf booklet, plus 14 other helpful hints on gasoline economy. Drive in and get your free copy today at the Sign of the Orange Disc.
FREE-AT ALL GULF DEALERS!

THE NATIONAL WHIRLIGIG

Continued from Page One

Mr. Wheeler knows that en-
actment of such a controversial mea-
sure would be almost impossible at
the next session. Hair-raising propo-
sitions will be barred from the cal-
endar next January under a politi-
cal gentlemen's agreement. Though
he prefers abolition he will content
himself with regulation in lieu of
nothing.

LONDON: GOP-ers publicly de-
cried Bob Lucas' poll of presidential
preferences. They recall that the
Kentucky politician bears a per-
sonal grudge against "The New York
crowd" because National Committee-
man Hines helped to oust him from
his paid job with the National Com-
mittee. They think that he would
have obtained a better cross-section
of sentiment if he had omitted his
back on Mr. Hines from his ques-
tionnaire.

But nobody at Washington scoffs
at returns showing that Senator
Graham, Frank Knox and Gov. Alf
Landon of Kansas are leading con-
siderers for the 1936 nomination.
They agree too closely with private
reports reaching Washington. On
the basis of present sentiment these
three sons of Idaho, Illinois and
Kansas will enter the convention as
favorites.

The poll boosts Mr. Landon's
stock. The kl g-makers figure that
Lewins, Borah and Knox ought to
run well because of their unques-
tioned prominence. But Mr. Lan-
don has tended to his gubernatorial
killing. He has refused to make
speeches and show himself around
the country. He has cut down ex-
penses and given a businesslike ad-
ministration. GOP bosses think
they may need that kind of a can-
didate next year.

GNEAKER: A group of New York
bankers are trying to burrow into
the liquor industry in the hope of
generous profits. They have al-
ready acquired stock in companies
manufacturing accessories. Now
they seek an opening in the ware-
housing field.

In conference with Treasury rep-
resentatives they have urged the
establishment of more government-
bonded warehouses for the storage
of liquor. At present there are on-
ly 10 to each internal revenue col-
lection district. The distillers, of
course, have their own private stor-
age plants. But the bankers' argu-
ment is that the Federal Reserve
banks won't rediscunt distillers'
warehouse certificates. The bankers
seem to fear that the distillers
might tamper with the liquor while
it is under their control and there-
by jeopardize the worth of the al-
coholic "paper."

Old Internal Revenue hands say
that this argument won't hold
water—or liquor. According to them
the distillers have too much at
stake to injure their product while
in storage. But the bankers' propo-
sition may be quietly attached to a
revenue bill and sneaked over be-
fore the end of the session. There
are 144th but powerful influences
behind their demand.

HOT: O a feature of the oppo-
sition Senate tax bill made Jack
Gardner jumped out of his chair. He
immediately ordered Senator Tom
Connally of Texas to eliminate the
tax provision from the bill. The
incident shows how the anti-Roosevelt
step down on Presidential and
vice-presidential toes.

It seems that eight states permit
owners of community property, like
husband and wife, to file separate
returns. Thus they reduce the pay-
ment on their joint holdings. In
the past Uncle Sam has acquiesced
in this system. But in an effort to
obtain greater revenue the Senate
Finance Committee required a joint
return.

They didn't realize—or care—that
they were hitting at taxpayers in
Texas, Louisiana, Arizona, New Mex-
ico, Idaho, Nevada, California and
Washington.

Mr. Garner leaped into the fra-
gile without consulting the White
house. But it is known that the
president laughed heartily when he

MORNING STAR

— BY MARIAN SIMS —

SYNOPSIS: Emily Felton's
mother, Frances Felton, is one of
those gentle females who manage
everything and everybody. She has
a duty complex, and Emily has ar-
rived at college age without ever
having been permitted to do the
little things that provide escape
for youngsters. Even shy Edwin
Barnhill, who obviously adores Em-
ily, is just the kind of boy Frances
Felton likes. Now Emily is being
shipped off to Ardmore, near home,
instead of being allowed to go to
Bryn Mawr, which she would very
much.

Chapter Two ARDMORE

ARDMORE is not far from Elston,
Alabama. It is near Birming-
ham, about two hours' drive. Emily
noted, from her own front door. Al-
though she had seen the college be-
fore, she was conscious of a vague
disappointment as the car bore her
and her mother towards Main Build-
ing.

Esthetically, the Ardmore of a de-
cade ago was not very satisfying. It
was too prone to ignore the ameni-
ties of living for the rigors of learn-
ing. There was no architectural
unity in the buildings, and exchange
professors from Trinity or Edin-
burgh found themselves, to their sur-
prise, quartered in rococo relics of
the nineties which the campus, like
an enormous amoeba, had absorbed
as it grew.

Judith flung herself full length on the unmade bed.

Modernism, except in such courses
as were necessary to maintain the
school's standing, had not been al-
lowed to rear its head; and its Bible
professors taught a doctrine of fire
and brimstone while its professors
of science conducted discreet experi-
ments with the Mendelian laws of
heredity and expounded the Dar-
winian theory of natural selection.

Smoking went hand in hand with
cheating as a capital offense, and au-
tomobiles were instruments of the
Devil for the furtherance of his pri-
vate ends.

Before committing her child to
the college's care Frances Felton had
a long interview with the Dean
which strengthened her own convic-
tion of the rightness of her choice.

Dr. Markham was a fragile lady of
the post-Victorian era who had
grown up with the school, and who
managed, through the sheer force of
her convictions and her unimpeach-
able gentility, to control five hun-
dred girls without raising her voice.

Freshmen trembled in her pres-
ence and were uncomfortably aware
of their hands and feet; graduates
saw her devotion to her school and
her students, and paid her unstinted
tribute.

SHE and Frances liked and respect-
ed each other immediately. They
saw eye to eye in the matter of train-
ing young girls for life. Over a cup
of tea in the Dean's immaculate
parlor they discussed and settled
Emily's future.

"I can't tell you," Frances assured
her warmly, "what a comfort it is to
know that Emily is in your care."

Dr. Markham smiled. "You are
very kind. It is a great comfort to
us to have girls like your daughter
at the school. They make it what it
is."

Frances shook her head. "Not en-
tirely. No matter how fine a girl is,
she needs to be directed."

Dr. Markham sipped her scented
tea delicately.

"That is true. Our secret lies in di-
recting rather than ruling. We give
our girls more liberty than any other
school in the South, on the assump-
tion that they are capable of appre-
ciating it. They know our high ideals
and strive to live up to them. It has
been very successful."

heard of the Texan's impetuosity—
and his success in eliminating the
obnoxious provision.

Frances glanced at her watch, rose
and extended a plump hand. "You
mustn't monopolize your time. You
have been more than kind."

It would be inaccurate to say that
Dr. Markham shook hands. Rather,
she allowed her hand to be taken. "I
hope you will come and see us often.
We like to feel that parents are in-
terested in our efforts."

"Thank you, I shall," Frances as-
sured her.

She went then to the Freshman
Dormitory, an outmoded red brick
building with rooms large enough to
house a modern efficiency apartment
and climbed two flights of stairs to
her daughter's room.

Emily was arranging books and
pictures. Her face was flushed and
dirty and her eyes were shining.
This, she had begun to realize, was
more nearly freedom than anything
she had ever known.

"Are you staying for supper?" she
asked gaily.

Frances shook her head. "No, I
told William to come for me at five
and I fancy he's waiting now. You
know I never like to leave your
father alone for meals."

JEFFREY FELTON was always
"your father" when Frances
spoke of him to Emily. It was as if
she disclaimed any relationship with

GRANT: Secretary Ickes worked
himself into a fine mess. Utility in-
terests are anxious to know what
he is going to do about the San
Francisco Hetch Hetchy power sit-
uation. If Ickes lets the matter
slide it will be a plum for the utility
boys. They will urge cities to
borrow money and build municipal
power plants. Private corporations
will buy the juice and then retail
it to the consumer—at a handsome
profit. That's what it looks like.

Here's the San Francisco story:
About 13 years or more ago the city
was given a Congressional grant—
the Raker Act—to own and operate
its own water and power project.
They city sold \$100,000,000 worth of
bonds and the plants were con-
structed. The electric output is not
being sold by San Francisco to con-
sumers. It is being sold to the Pa-
cific Gas & Electric Company—a
private corporation—for the sum of
\$2,000,000 a year.

FIGHT: Not so long ago Secre-
tary Ickes had the San Francisco
city representatives on the carpet.
He wanted to know how come the
sale isn't direct to the consumer.
He pointed out that the city was
directly violating the Raker Act.
The city's answer was that it was
only a "temporary" sale of the elec-
tric power. This didn't go with
Ickes because the city has been do-
ing it for almost ten years.

A citizen's group has been formed
to urge Ickes to seize the whole
Hetch Hetchy project. They want
him to establish a TVA in Califor-
nia and so work the property. It
is believed by this group that if sale
is direct to consumer more than
\$2,000,000 could be obtained. In that
way the \$100,000,000 Hetch Hetchy
debt of San Francisco would be paid
off. They demand action. Thus
far Ickes hasn't said a word about
it.

The utility boys hope he remains
mum. They expect him to be "re-
lieved" from office before he has
anything to say. In fact—so it is
hinted—the utility boys are finding
ways to convince President Roose-
velt that Ickes isn't fit for a Cab-
inet position. It means money to
utility interests. This is another
Utility vs. People fight.

TROUBLE: The Department of
Labor is keeping close tab on the
San Francisco situation. Commu-
nists and their sympathizers are or-
ganizing for a general strike. They
have created a "city central commit-
tee" consisting of two delegates
from each union and group includ-
ing marine workers, scalers, barge-
men, teamsters, etc. Harry Bridges
is kingpin. This central committee
is empowered to call a general strike
of these so-called "united front."
The organizers hope to induce
marine workers all over the world
to strike in sympathy with the San
Francisco unions.

Vessels coming in with "hot car-
go" (non-union) are being picketed.
Strong-arm men are drifting into
San Francisco to do picket duty.
Barge companies are putting on
strike-breakers to break the barge-
men's strike. New York shipping
interests are closely watching the
situation. It is feared that labor
trouble may spread along the At-
lantic coast.

WATCH: A leading brokerage
firm mailed a confidential letter to
its larger clients stating as follows:
"The tape suggests that profession-
als have resumed operations on the
long side. They are encouraged by
the speculative buying of the public
at large. Indications are that pub-
lic buying is as a result of printed

reports, tips and dope sheets rather
than because of intimate acquaint-
ance with companies showing best
market price appreciation. Trying
to anticipate stockmarketwise what
business will be in 1936 and 1937 is
a risky proposition. Portfolios should
be closely watched and adjusted."
(Copyright McClure Newspaper
Syndicate)

HUSBAND'S BIRTHDAY IS WIFE'S 'SECRET'

Aus. II, Tex. (AP)—Clyde Smith,
assistant secretary of state, can't
reveal his age.

His wife, who also works in the
state department, was born on the
same day in the same year.
By revealing his birthday, Smith
exposes that of his wife.
So Mrs. Smith has "forbidden"
her husband to "tell."

NOTICE OF TAX SALE FOR NON-PAYMENT OF 1934 TAXES

Under and by virtue of the law
of the State of North Carolina, as
contained in Chapter 131 of the
Code of 1927, entitled "Taxation,"
and amendments thereto, I will on
Saturday, the 7th day of Septem-
ber, 1935, before the Post Office in
the Town of Bethel, North Carolina
at the hour of 12:00 o'clock, Noon,
and continuing thereafter until all
of the real estate described herein
shall have been sold, offer for sale
and sell to the highest bidder, for
cash, to satisfy the delinquent taxes
against said property due the Town
of Bethel, Pitt County, for the year
1934, in the amounts shown, to-
gether with interest, penalty and
costs, the following real property.
This the 7th day of Aug., 1935.

S. H. MARTIN,
Tax Collector for Town of Bethel.

By virtue of the power of sale in
the deed of trust from D. O. Moore
and wife, Mattie E. Moore, dated
August 25, 1928, of record in the
Register's Office of Beaufort Coun-
ty in Book N-17, page 179, the un-
dersigned Trustee will, on
Saturday, August 24, 1935
at noon
at the Court House door in Pitt
County, offer for sale at public auc-
tion, for cash, to the highest bidder
that tract or parcel of land situate
in Pitt County, North Carolina, par-
ticularly bounded and described as
follows:
Adjoining the lands of W. J. Kirk-
man and others, bounded on the
East by the road leading from

MALARIA

Speedy Relief of Chills
and Fever

Don't let Malaria tear you apart with
its racking chills and burning fever. Trust
to no home-made or mere makeshift reme-
dies. Take the medicine prepared espe-
cially for Malaria—Grove's Tasteless
Chill Tonic.

Grove's Tasteless Chill Tonic gives real
relief from Malaria because it's a scien-
tific combination of tasteless quinine and
tonic iron. The quinine kills the Malarial
infection in the blood. The iron builds
up the system and helps fortify against
further attack. At the first sign of any
attack of Malaria take Grove's Tasteless
Chill Tonic. Better still take it regularly
during the Malaria season to ward off
the disease. Grove's Tasteless Chill Tonic
is absolutely harmless and tastes good.

Grove's Tasteless Chill Tonic now
comes in two sizes, 50c and \$1. The \$1
size contains 2 1/2 times as much as the 50c
size and gives you 25% more for your
money. Get bottle today at any drugstore.

Everybody TALKS about the
weather---but our New
"AIR-CONDITIONED"
AMERICAN GAS
DOES something about it!

HERE'S WHAT IT DOES:

"AIR-CONDITIONED" American
Gas counteracts erratic engine ten-
dencies due to daily changes in out-
side temperature and humidity, and
makes your motor run efficiently and
uniformly no matter what the
weather may be.

HERE'S WHY IT DOES:

"AIR-CONDITIONED" American
Gas is unlike other regular gasolines.
To begin with, it is produced from a
100% Pure Petroleum Base, with
careful adjustment of light end con-
tent to meet varying weather con-
ditions. It is not acid-treated.
Further, no chemicals are added—
it does more than regular gasolines
to which chemicals are added—it
does more than any other regular
gasoline can do.

HERE'S THE THING FOR YOU TO DO:

"AIR-CONDITION" your motor!
Stop at any Yellow and Black

American Gas Pump and fill up
your tank with "AIR-CONDITIONED"
American Gas. Then keep your car "air-
conditioned" with "AIR-CONDI-
TIONED" American Gas. Even though
it costs us more to produce, it is being
sold at regular gas price from Maine to
Florida and inland by thousands of
American dealers and stations.

OTHER GUARANTEED FEATURES!

CLEAN BURNING: 100% Pure Petroleum Base—
No Added Chemicals—100% clean burning—no
harmful deposits.

GREATER NET POWER: "Air-Conditioned"
gasoline plus clean burning, guarantee superior
performance. Hence, GREATER NET POWER.

HIGHER ANTI-KNOCK: By new processes—
without acid treatment—in the world's most
modern refinery, we obtain naturally from 100%
Pure Petroleum Base a higher anti-knock value
the other regular gasolines get artificially by
than addition of chemicals to bring up anti-
knock alone.

MORE MILES: Greater net power and higher
anti-knock rating net more miles to the gallon
than any other regular gasoline.

GREENIES ROUT SNOW HILL BY SCORE OF 15-3

The Snow Hill defense wilted under a terrific Greenville batting attack yesterday and the league leaders walked off with a 15 to 3 victory at the Greene county capital.

The Greenies pounded out a total of 14 hits off the delivery of Mike Briggs and Traylor, considered two of Snow Hill's crack mound artists. Briggs retired from the mound in the latter part of the second inning after yielding five hits. Although Traylor was permitted to go the rest of the route he took an almost unbearable amount of punishment from the leaders who hit almost at will and ran enough runs over the rubber in the first part of the game to put the decision in the ice box by a comfortable margin.

While Snow Hill pitchers were suffering at the hands of the leaders, "Specs" Garbee, who recently joined the Greenies, limited his opponents to seven hits. He received faultless support in the field, with only one error being charged to his teammates. Snow Hill accounted for four bobbles.

The Greenies shelled the mound for two five-run margins in the second and third innings, enough for any ball club to win with—but they were not content and shoved two more over in the fifth, two in the seventh and one in the eighth to reach the grand total of 15.

Joe Parker, whose penchant for hitting home runs has placed him well up among the league leaders, forged to the front in the withering offensive with two doubles. Wagner, also in the home run parade, accounted for a double and single. Stine also hit a double and single, and the dependable Billy Hulskamp registered his usual two singles to take first place in the stick attack. Hulskamp, however, completed the performance with an average of .667, the best of the day, and one any batter would be proud of.

Joe Pettie and John Griffin, with two hits apiece in four attempts, were Snow Hill leaders.

Pitching with all ease in the world, Garbee, former Greenville hurler in the Eastern Carolina league several years ago, had the third place Snow Hill club literally "eating out of his hand" the most of his route. With exception of a little trouble from Snow Hill bats in the second and third, he found sailing the ball since his appearance on the diamond here and enable the league leaders to further strengthen their lead at the top of the standing of clubs.

Snow Hill usually is one of the toughest clubs of the league for Greenville to handle, but in the veritable of the small boy, the leaders had their "marbles" yesterday and completely routed them in one of the most spectacular offensives in several days.

The defeat came as a blow to Snow Hill, only a few points behind Kingston for second place, but undaunted, the Greene county lads expected to make another attempt to redeem themselves on the lot of the leaders this afternoon.

With the season scheduled to come to an end August 24, it was expected a great crowd would be on hand this afternoon to see Greenville win another. Tomorrow will find the locals playing at Williamston, a very difficult place for the locals to play, but with victory in the air, it was expected the hard-hitting Martins would fall after a titanic struggle.

GADDEY WINS FOR MARTINS

Williamston, Aug. 15.—John Gaddy held Kinston to six hits yesterday and the Martins hopped Taylor for 13 to win over Kinston's Eagles, 6-3.

Gaddy tired in the ninth and was relieved by Britt after allowing one walk and one hit. Abbit yielded one hit, which sent in a run, before retiring the side.

Leary of the Martins was the batting star. He made five hits for a perfect day, and his collection included a double and a triple. Gaylor got three hits, Chappell got two.

Garner and Patton, each with two hits, led the Eagles.

Kinston counted unearned runs in the first and third. The other was made in the ninth—on a walk to Greenberg, a single by Garner, an infield out, and a hit by Keller.

The Martins counted two in the third. Gaylor singled, stole second, scored on Leary's triple. Doyle's single scored Leary.

Williamston won with a four-run spurge in the lucky seventh. Gaylor doubled, House walked, and Leary singled to fill the bases. A pass to Doyle forced in a run, and

Mother Denounces Son's Ice Plan

Despite protests from his mother, Mrs. Mary K. Simkhovitch (above) of New York, Stephen Simkhovitch proceeded with his plans to become a "human icicle" in Dr. Ralph S. Willard's experiment in Hollywood, Calif. She joined officials in terminating the experiment "incredible." Mrs. Simkhovitch is a nationally known welfare worker. (Associated Press Photo)

another counted on Corbett's infield out. After Goodman had fled out, Irwin missed Chappell's hard-hit bounder and two more tallies scored. The blow went for a hit.

Kinston 100 100 001—3 7 0
Martins 002 000 04x—6 13 5
Taylor and Farmer; Gaddy, Abbit and Doyle.

ACES WIN, EAT CHICKEN

Ayden, Aug. 15.—Ayden's baseball club had a date to eat chicken yesterday evening. One of the club's most ardent supporters—a brave fellow—had arranged to entertain the players at a post-game supper. So, the Aces stepped out and defeated Goldsboro, 6-4, thus adding to the enjoyment of the chicken.

A late report from the chicken supper indicated that the players all batted 1000.

Lefty Upchurch pitched the win over Goldsboro. Bill Herring's homer with one on in the sixth accounted for half of the visitors' runs.

Dwight Wall homered for the locals in the third. He also hit a single. Knowles made three singles to bat 750 for top place among the Aces. Atkins made a pair of singles.

Dalrymple, with a double and a single, passed Goldsboro.

A two-run session in the fifth won for Ayden. Wall was hit by a pitch. He stole second, and scored on Dallas Morris' single. Douglass drew a hit-batsman ticket and Pitcher Herring turned the mound duty over to Olgier. Douglass stole second. Atkins' single counted Morris.

Score: R. H. E.
Goldsboro 001 002 010—4 8 0
Ayden 021 021 00x—6 11 2
Herring, Olgier and Gillespie; Upchurch and Tatum.

BEARS HAVE BIG DAY
New Bern, Aug. 15.—New Bern's Bruins hopped on two hapless Tarboro chumpers for 18 rousing base-knocks yesterday and racked up a 16-3 victory.

Swamp Norwood's third-inning homer with one on was the only Ruthian of the afternoon, but the locals smacked a triple and six doubles, Eason, with a double and two singles, and Branch, with three singles, paced the attack.

Shorty Chumbris hit a double and

two singles to lead Tarboro.
New Bern shelled Mitchell from the mound in the third and bumped Physioc over the rest of the route.

Score: R. H. E.
Tarboro 000 001 002—3 10 2
New Bern 205 202 14x—16 18 2
Mitchell, Physioc and Short; Williamson and Branch.

St. Mary's College faces another heavy football schedule this year, meeting Nevada, California, Pacific, San Francisco, Fordham, Santa Clara, Washington State, Oregon, and U. C. L. A.

GOVERNOR ENJOYS CANADIAN TRIP

Toronto, Canada, Aug. 15.—The first chief executive of North Carolina to leave the United States during his term of office, Governor J. C. B. Ehringhaus this afternoon paused from sightseeing long enough to wire his office that he was enjoying his vacation in Canada "immensely."

While wandering through the corridors of the Ontario Parliament building, this morning, the Governor and his family met another Southern sightseer, Mrs. Thomas Gordon McLeod, wife of the former Governor of South Carolina.

Mrs. McLeod recognized the Governor's car and asked Charles Carlisle, Parliament building doorman, about it. He found the Governor and Mrs. McLeod met the Ehringhaus family for the first time.

MARTINS WILL PLAY LOCALS HERE SUNDAY

Greenville baseball fans today were scheduled to be treated to a game between the local club and Williamston next Sunday afternoon at 3:30 o'clock. The game is to make up for one rained out July 13.

In view of the fact this is the first game played on the local diamond on Sunday in some time fans were expected to turn in a mass to see the locals take the Martins, one of their most formidable rivals, for a ride on the stormy waves of Coastal Plain league baseball.

With the season to come to a close August 24, indications were that tremendous crowds would be on hand at all games played here during the intervening time. With Greenville continuing to lead, it appeared as if the leaders had a place in the semi-finals "swept up in a bag" the remainder of the clubs will find it very difficult to burst.

SPIRIT OF 'BETTER TIMES' SEEN ON ILLINOIS FARMS

Urbana, Ill., (AP)—Out of the depression has come "better times" long before the return of economic "good times" in many Illinois rural communities, says D. E. Lindstrom.

of the University of Illinois agriculture college.

Instead of succumbing to the depression, he says, rural folks have been holding more and better community meetings, have developed new, capable leaders, have conducted enlightening discussions on world and national problems and have found they can provide entertainment at small cost.

As a result of these activities, he holds the morale of the farm people has been kept up.

NOTICE OF SALE OF LAND

Under and by virtue of the authority conferred by deed of trust executed by Roy L. Harris and wife, Sophia A. Harris and F. S. Harris and wife, Mary J. Harris, dated the 15th day of December, 1927, and recorded in Book F-17, Page 213, in the office of the Register of Deeds for Pitt County, V. S. Bryant, Substituted Trustee, will at

twelve o'clock noon on Thursday, August 22nd, 1935, at the Courthouse door of Pitt County in Greenville, North Carolina sell at public auction for cash to the highest bidder the following land to-wit:

That certain 10 or parcel of real estate, together with all improvements thereon, lying and being situated in the Town of Greenville, Pitt County, North Carolina, lying on the East side of Evans Street and on the North side of Tenth Street, and bounded on the North by the lot of S. S. Williams, on the East by the lot of W. H. Allen, on the South by Tenth Street, and on the West by Evans Street, and more

specifically described as follows: to-wit:

BEGINNING at the Northeast corner of Evans and Tenth Streets at a point where the Eastern property line of Evans Street intersects with the Northern property line of Tenth Street; thence N. 15 degrees 10 minutes E. with the Eastern property line of Evans Street 48 feet to the corner of the S. S. Williams lot; thence with S. S. Williams' lot line S. 74 degrees 40 minutes E. 124 feet to the W. H. Allen lot; thence with W. H. Allen's line S. 15 degrees 10 minutes W. 48 feet to Tenth Street; thence with the Northern property line of Tenth Street N. 74 degrees 40 minutes W. 124 feet to the Northeast corner of Evans and Tenth Streets, the beginning point.

This sale is made on account of default in payment of the indebtedness secured by said deed of trust, and is subject to all taxes and assessments against said property whether now due or to become due. A five percent (5 per cent) cash deposit will be required of the highest bidder at the sale.

This the 17th day of July, 1935.

V. S. BRYANT,
Substituted Trustee.

LOWER FREIGHT RATES ON OILS IN THIS STATE

Utilities Commission Orders Reduction on Petroleum Products in N. C.

Reflector Bureau, Sir Walter Hotel, Raleigh, Aug. 15.—Freight rates within the State of North Carolina on petroleum products, especially gasoline, were reduced an average of about 8 cents per 100 pounds today as a result of the order issued by Utilities Commissioner Stanley Winborne putting the new and lower rates into effect. These new rates are identical with the lower rates put into effect throughout the entire United States today by the Interstate Commerce Commission on all inter-state shipments of petroleum products. If Commissioner Winborne had not ordered these new rates into effect today, the state would have been in the position of requiring much higher freight rates on shipments of petroleum products within the state than on those shipped in from other states. The result would have been that gasoline and oil dealers would have been able to buy their petroleum products in Norfolk and Richmond and pay less freight to North Carolina points than if they bought in Wilmington or some other North Carolina port.

As a result of this order, however, the reduction on the rates within the state will be the same as the reduction made by the ICC on inter-state shipments. As a result, the same reduction will prevail on shipments within the state from Wilmington and other coastal points to all points within the state. If the reduction had not been made to coincide with the effective date of the reduction made by the ICC, the difference in rates on gasoline and oil shipments would have worked a hardship on terminals within the state which ship almost exclusively to dealers within the state, it was pointed out.

The reduction in freight rates was vigorously protested about a week ago by the gasoline truck operators who have been transporting gasoline and oil by motor trucks from coastal terminals inland. But when Commissioner Winborne asked them to submit other costs or charges, they declined to submit either, with the result that the hearing was adjourned forthwith. Ever since it has been expected that the commission would grant the freight rate decrease requested.

NEGRO TRUSTY STEALS CHICKS, BACK IN COOP

Dissatisfied With Prison Food, J. D. Newkirk, Tries Hand at Snatching

Reflector Bureau, Sir Walter Hotel, Raleigh, Aug. 15.—Dissatisfied with the prison food and hankering for some good, old-fashioned fried chicken or stewed chicken for a change, J. D. Newkirk, negro trusty in the Randolph county prison camp, devised a plan for "snatching" chickens that ventured along the roadside where the convict road gangs were working. He would then take these "snatched" chickens back to camp and by dividing up the stolen chickens with the cooks, manage to get them to cook them for him.

But Newkirk pulled his chicken-snatching stunt once too often and now he is in the "coop" himself in solitary confinement and reduced from A Grade and a "trusty" to C grade with stripes where he will be under constant supervision, Assistant Director L. G. Whitley of the prison division of the State Highway and Public Works Commission said today.

"In order to 'snatch' his chickens, Newkirk rigged up a long pole with a wire hook on the end," Whitley said. "He would lie in the grass or weeds along the side of a road and when a chicken came within 'snatching' distance, he would reach out with the pole, hook the chicken around the neck and pull it to him. It then took only a few seconds to wring the chicken's neck, slip it into his overalls and smuggle it back to camp and to one of the cooks."

"We don't know how many chickens Newkirk actually got before he was caught 'snatching' chicken, but he knows now that he 'snatched' one too many. For after he was caught and reported to me, I ordered him reduced from a trusty to C Grade and stripes, also to spend from three to six days in solitary confinement in the prison camp 'coop.' Now he will be under constant supervision of guards and will not be able to do any more chicken 'snatching'."

Hat In Ring?

Former President Herbert Hoover is shown in Chicago where he caused a political stir by publicly challenging President Roosevelt to inform the people "openly" of the New Deal's objectives regarding constitutional changes. Many regarded the statement as Hoover's opening bid for re-election. (Associated Press Photo)

SURVEY FOR PARK ROUTE NEARING END

Second Section of Park to Park Highway Almost Ready For Letting

Reflector Bureau, Sir Walter Hotel, Raleigh, Aug. 14.—The survey of the park-to-park highway from the Virginia line to the boundary of the Great Smoky Mountains National Park has now been completed as far as the Craggies, only a few miles this side of Asheville, and two parties are now working on the survey of the route from the Craggies on beyond Pisgah, leaving only a short sector from Pisgah on to the entrance to the park yet to be surveyed. R. Getty Browning, chief locating engineer for the State Highway and Public Works Commission, said today.

The locating department has also completed all its maps of the route of the second segment to be constructed and is ready to condemn the right of way and deliver it to the Federal government as soon as the Bureau of Public Roads is ready to call for bids on this segment.

Browning said. The right-of-way for the first segment of 12.75 miles from the Virginia line southward towards Blowing Rock has already been secured and presented to the Federal government, and bids were opened many weeks ago, though the contract has not yet been definitely awarded. It is expected, however, that the contract will be awarded any day now and construction be started.

"We are prepared to turn over the maps of our surveys and the right-of-way just as fast as the National Park Service and the Bureau of Public Roads are ready to proceed with construction," Browning said. "Our survey parties are now almost 100 miles in advance of the final locating parties of the Bureau of Public Roads and we should be able to complete our surveys of the entire route to be followed by the parkway by early fall."

"We have also ironed out every wrinkle and untangled every knot that has arisen so that there is no longer a single obstacle in the path of the actual construction of the highway by the Government. We have done everything we were supposed to do and are prepared to turn over the right-of-way just as fast as the government can call for bids and get it under construction."

TWAIN TOOK NAME FROM RIVER CALL

New York, (AP)—Samuel Clemens' own account of the nautical source of his pen name follows: "I want to sign 'Mark Twain.' It is an old river term, a leadman's call, signifying two fathoms—12 feet."

Twain at one time was a Mississippi river pilot. The quotation is from Albert Bigelow Paine's life of the famous author.

A year ago T. F. McCord and E. R. Calloway, of the Florida state road department, swam the flood waters between the highway and the railroad tracks to flag down a train and prevent a wreck. The other day they received \$25 each in appreciation from a passenger on the train.

New York Cotton

New York, Aug. 15.—(AP)—Cotton futures opened a steady three to eight points decline with lower Liverpool cables offset by covering and New Orleans buying. At the end of the first hour October was selling around 1103 and May 1180 with active months showing net losses of 8 to 12 points. After showing net losses of 9 to 13 points under the early pressure prices steadied on the trade buying and covering.

At midday October was around 1019 and May 1086 with the market showing net declines of one to six points.

Future closed very steady 11 to 20 higher.

N. Y. Stock Market

New York, Aug. 15.—(AP)—Selective buying lifted scattered specialties in today's stock market while profit takers put moderate dents in other parts of the list.

The news was more or less neutral and technicians found little to complain of in the department of equities as a whole.

Wheat and corn rallied at Chicago but cotton futures were inclined to hang back. U. S. government securities dropped and secondary corporate loans were far from buoyant. Foreign exchanges were narrow.

Dunn and Bradstreet reported that the uptrend in bank clearings had assumed a better pace. For the week ended Wednesday an increase of 72 per cent over the 193 week was noticed. In the previous week the gains amounted to 36.4 per cent.

The late tone was steady. Sales were 1,550,000 shares.

Late News Flashes

(Continued From Page One)

of Howard C. Hopson, elusive utility magnate, who had defied a committee probing lobbyists. House probes have opposed Senate moves to take Hopson from their custody.

The administration plans to issue midget coins to facilitate the payment of state sales taxes was at least for this session by House coinage committee.

Other developments were:

The two Georgia senators predicted early announcement of the cotton loan rate for this year after a call on President Roosevelt. They urged continuation of the present loan of 12 cents per pound. A decline of 35 per cent in the quantity of U. S. exports of raw cotton during the 1934-35 cotton season as compared with 1933-34 was reported by the Commerce department.

President Roosevelt signed the bill providing a 40-hour week for postal employees.

Secretary Morgenthau said the government was "still buying" silver.

A resolution forbidding the use of federal money to aid American participation in the Olympic races next year was introduced by Rep. Keller, Democrat of New York.

Attorney General Cummings said that if AAA legislation as passed finally by this congress permits the government will ask the courts to dissolve 6,500 temporary injunctions against collection of the processing tax.

Convict Slain in Henderson

Raleigh, Aug. 15.—(AP)—One prisoner was killed today while making an escape attempt in Henderson county but three other long-term convicts escaped as guards were afraid to shoot them for fear of hitting a number of girl campers in the road. The state penal division was notified this afternoon.

Oscar Pitts, acting director of the penal division said he was given, only bare details of the break in a telephone conversation with Henderson penal officials.

John Brown, sentenced in Sails,

bury to 12 to 15 years for robbery with firearms was killed when guards shot him, Pitt said.

The three men who escaped were: Lemmie Parker, sentenced in Anson county for murder; Robert Kennedy, serving 13 to 19 years for Monroe on four charges of burglary, entering and larceny and Armed Cannon, given 10 to 15 years in Winston-Salem for robbery with firearms.

Pitts said bloodhounds, "every foot we could muster" and the local authorities were seeking the "escapes" of their capture by nightfall.

Pitts said he was informed the men were working with a gang clearing a right of way in Henderson county when a group of girl campers came down the road. In some manner not explained to him, Pitts said the men broke for freedom while the girls were mixed in the brush and guards were afraid to shoot, at any except Brown due to the possibility of hitting some of the girls.

Split Over Hopson Settled.

Washington, Aug. 15.—(AP)—The way for the Senate lobby committee examination of Howard Hopson, elusive utilities operator was cleared somewhat today with readiness of the House to drop the dispute over who should have custody of him.

Through counsel, Hopson announced his willingness to testify on the Senate side about his Associated Gas and Electric Company move against the bill to regulate holding companies before his appearance before the House committee was concluded. Where he was remaining a mystery.

The House rules committee resolved that he be arrested at once but directed that he be tried in the Senate when not being questioned on the House side. This ended differences between the two branches.
