Shakeup Of Italian Army Inaugurated By Duce; de Bono Retires In Honor

Changes Go Unexplained by Fascist Officials

GRAND COUNCIL CALLED TO MEET

Preparations Being Made to Map Course Against Application of Sanctions

(By Associated Press)
With the Italian Army at Makale—The Italian intelligence section reported that Emperor Haile Selassie had instructed his army to hold Amba Alagi at all costs. The Italians prepared to move forward.

Addis Ababa—Ras Nasibu took command of Ethiopian forces on the Soyhrn front under orders to employ only defensive tactics for the next month.

Diredawa—Ethiopian resistance to defend Harar and Jijiga were reported by European refugees.

Paris—Representatives of three million war veterans and a group of Lynn business men urged Premier Laval to work for postponement of sanctions against Italy.

London—A British ambulance unit left for active service in Ethiopia. British officials said Secretary of State Hull warned United States exporters was a valuable help to peace.

(By Associated Press)
Duce expected a general shake up today in the high military command conducting his campaign in Ethiopia.

Marshall Badoglio, chief of the general staff, became high commissioner of Eritrea and Italian Somaliland, replacing General de Bono in the office that carries leadership of the Fascist forces in East Africa.

Virtual retirement in honor seemed the lot of the 69-year-old white-haired de Bono.

A squadron of the Fascist party—one of the four who led the famous march on Rome—and an old friend of Premier Mussolini, he was called back to Italy to be created a marshal of the highest military ranks.

Officially the changes went unexplained.

With his flare for the dramatic, Duce accompanied this military move with a final gesture of defiance against League of Nations economic penalties.

He summoned the Fascist grand council into session at midnight—just 24 hours before economic sanctions go into effect—to set Italy's course against the boycott and key products embargo.

Food economy, shorter working hours to save office light and heat, strictly governmental control of foreign trade and foreign exchange, domestic price regulation and new taxes are some of the precautions Mussolini has taken in advance against League measures.

Already the barriers of the economic blockade were closing on the Fascist nations as punishment for its Ethiopian war.

Berlin diplomats said Adolf Hitler assured Great Britain and France he would prevent Germany from becoming an assembly point for foreign goods destined for Italy.

Carolina Convict Is Indicted For N. Jersey Murder

Edward Metelski Indicted For Murder of State Trooper Warren G. Yenser in New Brunswick

New Brunswick, N. J., Nov. 16.—(AP)—Prosecutor Douglas M. Hicks disclosed today that Edward Metelski has been indicted for first degree murder in the slaying of state trooper Warren G. Yenser.

Hicks said the fugitive from a North Carolina prison farm would plead to the indictment next Wednesday.

Metelski was indicted last night by the Middlesex county grand jury. Yenser was slain a week ago as he and another trooper escorted two men in a fleeing automobile near Avenel.

BIG AMOUNT IS PAID FARMERS

More Than \$12,000,000 Paid Tobacco Growers Here

More than \$12,000,000 has been paid to farmers selling their tobacco on the Greenville tobacco market this year.

The average for the year at the close of business yesterday afternoon was \$21.23, above parity prices. A total of \$7,683,928 pounds had been sold on the local market for \$12,247,716.82.

A total of 672,870 pounds was sold on the market Friday and brought an average of \$17.56. The total amount paid out for the day was \$118,184.40.

The Government report for October showed that tobacco sold on the Greenville market during October, including damaged and poor tobacco, brought an average of \$23.95.

DUCKS, GEESE IN THIS STATE

Migratory Wildfowl Coming To State Pleases Hunters

Reflector Bureau, Sir Walter Hotel, Raleigh, Nov. 16.—Streaming down the sky in ever-increasing waves, migratory waterfowl are arriving in North Carolina to the delight of hunters who will take the field for this type of game Wednesday, November 20, the opening day under State and Federal regulations.

Observers have reported to J. D. Chalk, State game and inland fisheries commissioner, that many species of ducks and geese have arrived in various parts of the State in larger numbers than on similar dates in several years. While the national crisis for waterfowl has not been passed, North Carolina is more fortunate in the supply.

Particularly large concentrations have been observed on Lake Mattamuskeet, federal game refuge, part of which has been set aside as a public hunting ground under the direction of the Department of Conservation and Development. An arrangement which was entered into last year between the U. S. Biological Survey and the conservation department for the management of the public shooting ground has been continued this season.

Four protectors have been stationed around the lake by the conservation department for the administration of the local regulations. Oscar Chadwick, game warden, is in charge of this warden force and is in charge of the shooting on the approximately 12,000 acres over which hunting will be permitted. In a report by wire yesterday to E. B. Kugler, chief license clerk of the conservation department, Mr. Chadwick said that thousands of geese and ducks are on the lake, a considerably larger number than on a similar date last year.

The privilege fee for hunting on Lake Mattamuskeet, known as one of the best winter feeding grounds and concentration points for Canada geese on the Atlantic coast, will again be \$1.50 this season. The guide fee will be \$3.50 a day when a blind is occupied by two hunters and double that amount when the blind is used by only one hunter. Proper State hunting license and the Federal duck stamp will also be required. Hunters will find accommodations at the New Holland Hotel or with nearby guides. Facilities are provided for between 70 and 80 hunters a day.

British Taught To Smell War.

London.—(AP)—Odors of garlic and geraniums may accompany the next war, instructors told officers of the St. John Ambulance Brigade here. Tear gas, they said, smells like furniture polish. Other more deadly fumes carry the aromas of geraniums and musty hay. Mustard gas furnishes garlic and onion sensations.

England's Road Traffic Grows.

London.—(AP)—Highway traffic in England has increased by close to 50 per cent in five years, the British Automobile Association said after a survey conducted for seven days at important centers.

SAFETY RULES FOR DRIVING

Directions for Motorists Being Mailed to Auto Owners

Reflector Bureau, Sir Walter Hotel, Raleigh, Nov. 16.—A list of directions to be observed by motorists, as well as pictures of the standard hand signals to be given by drivers in stopping or when turning left or right, is being sent out to all automobile owners in the state with the license, application cards.

The pictures show the proper hand signals as follows: Left turn: left arm extended straight out from the shoulder, index finger pointing in straight line, horizontal to roadway.

Right turn: left arm extended out from shoulder, elbow bent upward with forearm and hand pointing upward, perpendicular to roadway.

Stop: left hand and arm pointing downward towards roadway at angle to body.

The directions printed on the leaflet are as follows: "Indicate by standard hand signals any change of course. "Cultivate the habit of careful driving."

"Speeding does not pay. "Moderate your speed to fit road conditions."

"Never try to pass another car when hill or curve obstructs vision. "See that brakes and lights are properly adjusted."

"Don't park your car on a bridge or fill. "Don't double park—please."

"Observe grade crossing signs. "Drive on YOUR side (right hand) of the center line, with plenty of room for clearance."

"Walk on the LEFT HAND side of the road, FACING traffic. "Cooperate with patrolman and police officers to prevent accidents, highways."

"Courtesy has its place on the road. "Your driver's license is valuable. It gives you the right to use the roads. Protect it and keep it by careful driving."

GAS MASK ENDURANCES LATEST FAD IN VIENNA

Vienna.—(AP)—Now that gas masks have become household equipment in many European homes persons with a passion for endurance records have conceived a new contest.

Flagpole sitting is outmoded and the question of the moment is: "How long can a human being wear a gas mask?"

Russian soldiers started it. In tests they have worn masks continuously for 20 hours while performing routine military duties.

Individuals in Austria and Hungary have made unsubstantiated claims of having worn the cumbersome masks several days. Contestants did not explain whether they cheated a few minutes to eat.

RECORD IS SET IN CAR DEATHS

Total of 119 Persons Die in Motor Mishaps In October

Raleigh, Nov. 11.—(AP)—An all-time record for automobile accident fatalities was set in North Carolina in October.

The state bureau of vital statistics today reported there were 119 deaths in motor vehicle mishaps in October which exceeds by two the all-time monthly high of 117 killed in December, 1934.

As the bureau of vital statistics usually does not miss as many fatalities as the state motor vehicle bureau which records them regardless of residence of the injured, it was feared on Capitol Hill a final check would reveal that more than 120 persons died in automobile accidents last month.

There were 116 automobile deaths reported by the motor bureau for September and 94 for October, 1934, by the bureau of vital statistics.

Rocky Mount Fire Damage Is Heavy

Rocky Mount, Nov. 16.—(AP)—Fire in the Southern Cotton Oil mill company's plan here early today caused damage estimated by officials at \$15,000.

The blaze originated in the basement from an undetermined cause, and spread into the liner room. The fire department which fought the flames for three hours prevented its spread to the rest of the plant.

The loss was insured.

THE NATIONAL WHIRLIGIG

News Behind The News

Washington. By RAY TUCKER
SELLING: Uncle Sam's official salesman aren't advertising their trade secrets these days. But Ray Dan Roper hopes to win back South American markets while European competitors are engaged in staving off another World War.

The recent South American aviation mission to this country was the tip-off to future trade trends. Of late years European nations have been swallowing up the aviation market in South America. Despite Pan-American's subsidized flights, Great Britain and France have been outstripping the United States in selling airplanes, accessories and landing field equipment below the Panama Canal. So Mr. Roper invited South American civil aviation officials to travel over our airlines

and see for themselves that they excelled Europe's. It was done unobtrusively but that was the chief purpose of the visit.

Mr. Roper thinks the stunt succeeded. Now he has proposed privately to the President that the United States send delegations of American business men to South American countries. He wants them to go as salesmen, not as Americans seeking to exploit the Americas. He has offered to send along some of his trade experts. The President likes the idea.

TACTICS: Canby Dan sees a chance to drive a wedge between Big Business and small industries in the important year of 1936. He has impressed the President with the possibilities of digging up new (Continued on Page Two)

Applicants For License Not Subject To Arrest

Highway Patrol Headquarters Says Persons Having Applied For Driver's License May Continue To Drive Until Further Notice

Taking note of the fact that a large percentage of the driving public of this section has the impression that it is necessary for a motorist to have his license to legally drive an automobile, Lieut. Lester Jones, in charge of the Eastern division of the State Highway Patrol, today declared that anyone having applied for license need not fear of arrest for the present.

"All persons who have applied for either a driver's or chauffeur's license can continue to drive without being molested by the highway patrol because of not having a license," the lieutenant said.

"They may continue to drive until further orders which will be furnished to the press," he continued.

Lieut. Jones was unable to say when "further orders" would be given, but only about 300,000 licenses have been issued while more than 500,000 applications have been filed, and these orders will be filed before the patrol "shuts down" on motorists.

The press of the state will carry warnings when the date is set for every driver to have a license or be subject to arrest for driving without one. The Reflector will be informed immediately when a date is set and will carry the news for the convenience of its readers.

Lieut. Jones emphatically stated, however, that "those not having applied for either a driver's or chauffeur's license are subject to arrest and will be arrested if detected by the highway patrol."

Arthur Pulk, director of the highway safety under which the patrol operates, declared in Raleigh yesterday that it is now planned to start strict enforcement of the law on December 15. Nothing definite was decided, however, and the date is only tentative and may be postponed or moved up.

License tags will go on sale in the state on December 15 and state officials have declared that the law requiring each automobile to bear a new tag will be strictly enforced after the first of the year.

With these two duties, checking up on drivers with no driver's license and no new tags, the highway patrol will find itself facing an arduous task during the early months of the year.

Churches Here Plan To Hold Joint Services

Eighth Street Christian and First Presbyterian To Hold Joint Sunday Night Sessions

Presbyterian and Christian churches will begin holding union services each Sunday evening with the beginning of the year, it was decided at a recent meeting of the Greenville Ministerial association.

Attempts to have all churches of the city united in the evening services failed, but the Eighth Street Christian church extended an invitation to the congregation of the First Presbyterian church to join in such services as had been contemplated for all churches.

The invitation was accepted and the services will be continued on a trial basis until the regular summer union services begin next July.

Services will be held alternately in the two churches on a monthly plan. The ministers of the two congregations will alternate in delivering the services.

Services will be held in the Presbyterian church during the month of January. The services will begin with a watch night service on New Year's Eve. Further details of the program will be announced later.

The annual Thanksgiving service will be held this year in the Christian church and Rev. R. C. Grady will deliver the sermon. The service will begin at 10:30 o'clock in the morning, the usual hour.

NOMADS SHIFT FRONTIER OF FRENCH SOMALILAND

Paris.—(AP)—The southern frontier of Ethiopia and French Somaliland, the tricolor's lone pawn in northeast Africa, "moves with the Danakil."

Many African borders are defined only by tribes. When France signed her border treaty with the Emperor Menelik, it was agreed that Ethiopia's territory would include the Danakil.

But the Danakils are constantly on the move, carrying the frontier with them. The colonial office here admitted that when French troops drove back the Danakil tribesmen after a border incident, they were extending France's colony.

Whisker Jokes Barred In Kiev. Kiev, U.S.S.R.—(AP)—Ridicule of a workman's beard brought disciplinary measures against officials of the Kiev "food trust." The director was ordered to explain his attitude to the local communist party committee, the manager of the factory was reprimanded and the head of the factory political committee was discharged.

Eighteen Starve In Bucharest. Bucharest.—(AP)—Vital statistics reveal that "under-nourishment" caused the deaths of 11 men and seven women here in Rumania's capital in September. One of the starvation victims was a farmer who came in search of work and food after drought ruined his crops.

AAA ASSURED POTATO FUNDS

Proceed With Task of Making Individual Allotments

Washington, Nov. 16.—(AP)—The AAA, assured of at least "limited funds" to enforce the potato law, proceeded today with the task of making individual allotments to growers.

Comptroller General J. R. McCarli, he said, had ruled they could use funds not regularly appropriated for enforcement purposes. The officials would not say how much this would allow out "hoped" it would last until Congress meets.

Funds for enforcement of the law were included in the third deficiency bill which failed to pass in the closing days of the last congress.

Under the law all potatoes harvested and sold after Dec. 1 in excess of individual allotments will be taxed about 45 cents a bushel.

LICENSE TAGS ON SALE DEC. 15

Sales of Automobile License To Start Later This Year

Reflector Bureau, Sir Walter Hotel, Raleigh, Nov. 16.—The 1936 automobile license tags will not go on sale this year until December 15, it was announced today by Commissioner of Revenue A. J. Maxwell and Director R. R. McLaughlin of the Motor Vehicle Bureau. Last year the 1935 license plates went on sale December 1, but could not be used until Dec. 15, since the law specified that the new license plates shall not be used until December 15, 1935, because of the need for the revenue from the sale of license plates, they were put on sale December 1 and their use permitted after that date.

Experience the past two years has shown, however, that only a very few people purchase their license plates prior to December 15, especially since they cannot use the new plates until that date. Accordingly it was decided not to put the 1936 license plates on sale at all until December 15. It has also been decided not to send out the license application cards to present registered automobile owners until December 10 and 15. The past two years these application cards were mailed out prior to December 1, with the result that by the time many car owners went to buy their licenses they had lost their application cards, thus causing extra trouble and delay both for themselves and the license division.

"Since most of the people wait until the last two weeks, if not the last week, to buy their new licenses, we decided not to open sales until December 15 this year and also to mail the application cards out just barely in time for them to reach the car owners by December 15," Commissioner Maxwell said.

"By shortening the sales period and sending the application cards out later than in the past, we are hoping fewer of these cards will be lost and that the car owners will buy more rapidly."

The 1936 license plates will be black and green numeral and will be just a trifle larger than the present plates.

HIGH SCHOOL BOY DIES IN ROBESON

Telephone Linesman and Two Sisters and Cousin Die in Crash in South Carolina

(By Associated Press)

Eight persons were killed on highways in North and South Carolina yesterday and early today.

Clifton Rush, 21, telephone linesman of Greenwood, S. C., and his sisters, Thelma, 19, Ella, 17, and his cousin, Lucille Hancock, 21, were killed as their auto crashed into a parked truck in Edgefield county on their return from a social gathering. Edwin Booker, 18, of Greenwood, said to have been driving, suffered minor injuries.

Near Washington, N. C. Mrs. Jodie Godley of Errol and her 15-year-old son, Edward, were fatally injured as their car failed to make a turn. The woman's husband and J. A. Chase, other occupants, were seriously injured.

An automobile turned over near the Cumberland-Robeson county line killing Miss Peggy Williamson, 25 of Laurens, S. C., and seriously injuring her companion, Allen Cooper, a private at Fort Bragg. Cooper was taken to a Lumberton hospital.

Elmer Lewis Hedgepath, 13-year-old Fairmont school boy, was fatally injured when a Robeson county school bus knocked him off his bicycle. The driver of the bus, Bristol Gerald, was held on a manslaughter charge.

Big Task Faces Harry Hopkins in Reaching Goal

Five Hundred Thousand Jobs a Week Faces Administrator If Goal of Administration Reached

Washington, Nov. 16.—(AP)—Five hundred thousand jobs a week was the task facing Harry L. Hopkins, Works Progress Administrator, today to reach his goal of having 3,500,000 relief recipients at work by December 1.

The latest figures showed 290,194 were given employment in the week ended November 9. This indicated to some officials that Hopkins would not be entirely successful unless added speed was shown in getting projects underway.

At the last count 2,009,339 persons were at work—some 1,490,661 short of the administration's objective.

Nevertheless, Hopkins is proceeding with his intention of shutting off all direct federal relief to states by December 1, and today to state has cut out 26 states from the so-called "dole."

Some encouragement in the employment drive was found in the fact that Comptroller General J. R. McCarli yesterday released \$175,000,000 of the last \$200,000,000 set aside for public works administration projects under Secretary Weeks.

Ickes at once notified state PWAs directors to instruct the municipalities receiving these allotments "to proceed without delay."

Tobacco Exports Drop In Amount; Increase In Value

Shipments Total 225,985,954 Pounds Valued at \$73,515,528 for First Nine Months of 1935

Washington, Nov. 16.—(AP)—Tobacco exports during the first nine months of this year dropped in amount but rose in value.

Shipments, the commerce department said, today totaled 225,985,954 pounds, valued at \$73,515,528, compared with 299,813,219 pounds valued at \$72,236,791 during the past corresponding period last year. Great Britain was the best customer, taking 100,000,000 pounds.

Achievement Day
Friday was Achievement Day for Home Demonstration Club women in Pitt County. About 175 club members assembled at the Greenville Women's Club building, R. C. Deal, of East Carolina Teachers' College, was our speaker and inspired us to do more and better work with his talk on "Achievement."

Mrs. J. Brooks Tucker, president of the State Home Demonstration Federation brought greetings from this organization. During the afternoon a song contest proved that club women can really sing. More club reports were turned in than in any previous year.

The following women were elected to office for 1936 and 37: Mrs. B. L. Tyson, reelected President; Mrs. Coy Forbes, Vice President; Mrs. Herman Baker, Secretary and Treasurer; and Mrs. Godfrey Evans, Reporter. The program was closed with a recognition and installation program.

Annual Reports
In a few days annual reports will be compiled. Any members who have not already done so should get their reports in before Monday, November 25.

Aims of a Home Demonstration Club
1. To promote a spirit of friendliness, good will and neighborliness in the community.
2. To actively carry on a well planned home economics program which will help the members with their problems of housekeeping. To help the realize more fully that the profession of homemaking is one of responsibility, demanding their best thoughts, skill and ideals.

3. To help interest the other women of the community in the work of the club and the things learned at the meetings. To make it possible for the young mothers to belong to the club and attend the meetings.

4. To develop interest in the cultural phases of homemaking by encouraging the use of good music, good literature, and art. To encourage wholesome recreation in home and community.

5. To develop leadership by giving opportunity to each member to take part in programs and serve as committee members, project leaders and as officers.

6. To do one or two definite pieces of work each year for the betterment of the community as a whole.

7. To cooperate with other groups and organizations working for community improvement.

8. To help interest the women of other communities in organizing home demonstration clubs.

9. To have representatives at all county and district meetings and to help make the county federation an organization of influence and strength.

10. To send a delegate to the annual meeting of the State Home Demonstration Federation, to be familiar with its program, and to be loyal to it through hearty cooperation.

Teachers Get Win Over Norfolk Team By Score of 10-6

Norfolk, Va., Nov. 16.—Scoring a touchdown and two safeties, the Eastern Carolina Teachers College eleven shattered the hopes of the Norfolk Division, W. and M.-V. P. I. team of a perfect season, winning 10 to 6.

One of the smallest crowds of the season was on hand to see the Scottmen drop their first gridiron contest of the year.

After a scoreless first period, the visiting team unleashed an attack midway the second quarter, that netted a touchdown. Taking the ball on their own 42, the Teachers marched down the field with a dazzling passing attack which, coupled with a 15-yard penalty against the Braves, put the ball on the Division 2-yard line. A lateral from Ferebee to Gibson, scored on the fourth try.

The Braves came pounding back and inaugurated an 88-yard march with Hogan topping it off with a 40-yard gallop, after taking a pass from Elmo Barnes, to score.

Halfback Cunningham put his E. C. T. C. in position for the first safety when he boomed a long punt that fell dead on the Division 8-yard line. A bad pass from center was downed in the end-zone to give the Teachers a safety.

In the final quarter, Jackson, Braves' center, uncorked another wild heave and Logan fell on the ball for the second safety of the day.

The lineups:

E. C. T. C.	NOR.
Lindsey	Kyle
Johnson	LE
Sinclair	LT
Ridenhour	LG
Carpenter	C

Kepalec	RE
Stowe	QB
Gibson	HB
Ferebee	FB

Score by quarters: P
E. C. T. C. 0 8 0 2-10
Norfolk Division 0 6 0 0-6

Touchdowns—Gibson, Hogan, Division substitutions: Coppedge, Davis, Kelley, Mercer, Wood, Richardson. Teachers substitutions—Holand, Officials: Referee, Hartsell (N. C. State); Umpire, Hall (W. & M.); Head Linesman, Williams (W. & L.).

New York Cotton

New York, Nov. 16.—(AP)—Cotton futures opened barely steady, five to 10 lower, on disappointing Liverpool cables and under liquidation and hedge selling.

At the end of the first hour December was selling around 11.88 and May 11.66 or about five to seven points net lower. The early weather may showed cold weather in the west with killing frost at Abilene and light rains in the east. It is reported the Chinese crop for 1935-36 is officially estimated at 2,200,000 bales, against 3,000,000 last season.

N. Y. Stock Market

New York, Nov. 16.—(AP)—Steels and special ties were the bullish favorites in today's stock market, while profit taking esteemed the advance in a few other sections of the list.

Many new four year highs were established and realizing sales failed to shake the majority of the leaders. The activity was the best for a Saturday since the spring of 1934. The close was firm. Transfers approximately 1,450,000 shares.
