NAZIS PREDICT CLOSER CZECH TIES CERTAIN

Confident Remnants of Nation Will Become Friendly

AGRARIAN AREA ALL THAT IS LEFT

Pointed Out that Pro-German President Will Clear Way For Closer Relationship

Berlin, Oct. 7.—(AP)—Nazi circles predicted confidently today that remnants of Czechoslovakia soon would have close economic bonds with Germany.

The ties would be so firm, they said, that even the transfer of Czech populations on a large-scale from the "wrong" side of the new border to the "right" side might prove unnecessary.

They pointed out Czechoslovakia had lost most of its industrial areas to Germany and Poland and would become a preponderantly agrarian country.

Germany is the only nation which could buy farm products of the new little state, they said.

Some Nazi expected either Rudolf Berman or former Premier Milan Hodza, both members of the Czech agrarian republic party, Slovakia and acceptable to Germany to become Czechoslovakia's next president in succession to Edouard Benes, who resigned Wednesday.

With a pro-German President the Nazis said, the way would be clear for a close relationship between the two countries.

Meetings Planned For Communities

Community Farm Bureau organizations will hold regular meetings for the purpose of discussing farm programs, problems faced by the farmers and topics of general interest, it was decided at a meeting last night of officials of the Pitt County Farm Bureau.

Not only farmers, but business and professional men, farm women and anyone interested in the welfare of the farmer, will be invited to attend the community gatherings, the first of which will be held at Winterville Monday night at 7:30 o'clock.

Speakers at the meetings will include R. E. Bennett, county farm agent, J. E. Winslow, president of the North Carolina Farm Bureau Federation and others directly connected with farming.

Mentioned last night as possible topics to be discussed at the meetings were farm-to-market roads, better schools, rural electrification and community health problems.

Red Cross Begins To Plan Roll Call

The annual Red Cross roll call for the Pitt county chapter will be held on Monday, November 14, but a chairman and other officials for the drive have not been announced.

The 1938 campaign will be conducted along the same lines as the 1937 drive was carried out so successfully. Instead of spreading the drive out over several days, the campaign last year was conducted in one day, and this plan will be put into effect again this year.

At the completion of the membership campaign last year a total of 2,401 had been enrolled to establish a record. The Pitt county chapter last year showed the largest percentage increase of any chapter in the United States. The local chapter also ranks near the top in the percentage of the population enrolled in the organization.

Greenville To Bid For 1939 Meeting

Willard T. Kyzer and J. Not Harrison, executive secretary and president, respectively, of the Greenville Chamber of Commerce, today discussed plans for inviting the State Association of Chamber of Commerce Secretaries to hold its annual convention here next year.

The 1938 meeting will be held at Durham on October 13-15 inclusive. Mr. Kyzer will attend, invite the body to select Greenville as its meeting place for 1939.

Mr. Kyzer will feel at home at the convention and would make a perfect host for a state convention. He has served two terms as president of the state association and has otherwise taken a leading part in the organization.

SIT-DOWN STRIKE ON A FLAG POLE

J. G. Stafford, itinerant steeplejack, is shown on the flag pole atop the Madison county courthouse at Madison, Ind., before officers ended his sit-down strike. He "sat down" on the flagpole, 250 feet above the public square and shouted he would stay until the county commissioners paid him \$150 he claimed they owed him for work on the court house dome.

Hitler Slightly Injured By Bouquet Of Flowers

Decree Immediately Follows Banishing Flower-Throwing

Berlin, Oct. 7.—(AP)—Adolf Hitler was slightly injured in the face today when an over-enthusiastic Sudetenlander tossed a bouquet of flowers at the fuhrer, making a triumphant tour of the fourth zone of occupation.

Dispatches from the Sudetenland reporting the incident did not say just where it occurred.

As a result of the mishap, the fuhrer issued a general order that Nazi party leaders henceforth will be held personally responsible for seeing to it that flowers are taken away from all persons along his line of march.

Even small bouquets in the hands of spectators must be seized.

The population also was admonished strongly by broadcast to refrain from saying it with flowers. Afternoon newspapers published warnings against flower-throwing.

Hitler today visited the first part of the fourth zone of occupation, on the northern fringe of Czechoslovakia. The German army marched into this district yesterday and was to complete occupation today.

STAND STATED BY ALDERMAN

Simpson Gives Reasons for Opposing Building Plans

J. D. Simpson, member of the Greenville Board of Aldermen, today issued a formal statement, in which he explained his position in voting "no" on the plans and specifications accepted by the Board earlier this week.

Alderman Simpson declared he would like for the public to know how he voted on the plans and his reasons.

Plans adopted at the meeting call for the city hall to face Washington street and the fire department to face Fifth street. Mr. Simpson favored facing both buildings on Fifth Street.

Today he called attention to the fact that the city has an active garden club and suggested that it would be well for its planning committee investigate the plans from a landscaping standpoint.

Mr. Simpson's statement follows in full.

"We have a beautiful lot in the James property on Fifth street, and the reason I supported the purchase of this lot was that in my mind I thought the buildings could be placed on this lot with the necessary landscaping to make it one of the many beautiful and interesting sights in our little city, not only for visitors but for our own people."

Czechs Are Urged Accept Situation, Forget Quarrels

Premier-General Jan Syrový Appeals to Army Not to Commit Any Acts that Would Bring on More Cruel Intervention

Prague, Oct. 7.—(AP)—Premier General Jan Syrový appealed to his army today not to commit any acts that might "bring on intervention situation" for what is left of Czechoslovakia.

There is nothing to do, he told the troops, "but to reconcile ourselves to our fate."

"The government has decided to be loyal to the Munich agreement so as to be sure to save territory which remains. So forget your debates and useless quarrels and support those in front to work for reconstruction."

"Remember disturbances might bring on intervention more cruel than the present situation."

Dr. Joseph Tiso, new Prime Minister of Slovakia and eight representatives of the most powerful Slovak political parties came here to discuss the Slovak role as an autonomous unit in the Czechoslovak federal state.

They came from Vilana, where the cheering Slovak populace celebrated its new autonomy within the republic.

The government announced it was uncertain when parliament would be summoned to elect a successor to resigned President Benes. It explained the republic's shrunk frontiers still were not definitely fixed, and it was impossible as yet to tell who remains in parliament and what deputies would be entitled to vote.

ROOSEVELT PLANNING NO CAMPAIGN TALKS

Hyde Park, N. Y., Oct. 7.—(AP)—President Roosevelt was represented today by an authoritative source as having decided to make no campaign speeches in any state, with the possible exception of New York, where a test of extraordinary importance is in prospect. This disclosure was made by a delegation from Pennsylvania.

Factories Closed By Auto Workers

Detroit, Oct. 7.—(AP)—A United Automobile Workers demonstration for a 32-hour week closed two large factories here today and left about 12,000 men idle.

The main plant of the Plymouth Motor Corporation remained closed this morning when about 3,000 employees stood outside the gate and refused to enter, declaring they would not work more than 32 hours weekly.

A short time later the Mack automobile plant of the Briggs manufacturing company, which employs 9,000 men making bodies for the Plymouth plant, also closed, awaiting resumption of Plymouth operations.

C. G. Erielen, chief shop steward of the UAW Plymouth local said the demonstration was not a strike and the men would return to work Monday morning at the regular hour. He said they did not intend to work more than 32 hours a week, however.

Convicted Man Pins Hope For Life On Movie Plot

Reflector Bureau. By HENRY AVERILL. Raleigh, Oct. 7.—Robby Hawkins, Craven county farmer, hopes to escape death in the State's lethal gas chamber because of a New Bern showing of a movie murder mystery.

Hawkins didn't attend the movie, but the jury whose verdict sentenced him to die for killing his wife, did, and now his counsel are relying largely upon this fact in their appeal to the Supreme court for a new trial.

The case will be argued before the justices next week—the very first on the calendar for oral hearing next Tuesday morning.

It seems that Judge Henry A. Grady, who presided at the Hawkins trial, felt sorry for the jury which was being locked up at night as murder juries usually are and so, without consulting attorneys for either side he granted the twelve "good and lawful" men permission to attend a movie under chaperonage of a sheriff's officer.

DICKEY SPILLS BUT GETS HIS MAN

Catcher Bill Dickey of the New York Yankees took a tumble while fielding Frank Demaree's bunt in the third inning of the second World Series game at Chicago—but he threw to first while lying on the ground and got his man. Here's the scene with Dickey still on the ground, No. 9 in Demaree, the umpire yelling "yer out" in Sears and No. 11 in Yankee pitcher Lefty Gomez who was credited with the Yankees' 6 to 3 victory.

Last Survivor Of Gang Put To Death With Gas

Adam Richetti Executed for Union Station Slaying

Jefferson City, Mo., Oct. 7.—(AP) Adam Richetti, last survivor of a desperate trio which terrorized the mid-west a few years ago, was executed in Missouri's lethal gas chamber early today for his part in the 1933 Kansas City union station massacre of four officers and their prisoner.

Death of the sardonic, sallow-faced pal of Pretty Boy Floyd, blasted the last hope of officials for a first-hand account of the sensational mass murder.

Richetti murmured only seven words as authorities strapped him into the chair: "What have I done to deserve this?"

Blindfolded, he walked calmly into the tank, its sixth victim. He gulped several times as officials released the gas, uttered one sharp gasp as deadly fumes filled the chamber and struggled momentarily. He was pronounced dead four minutes after the gas was released.

Richetti, Floyd and Verne Miller, a former South Dakota Sheriff who turned gangster, were named by federal officials as the actual union station murderers.

SEEKS METHOD TO FRUSTRATE FOREIGN SPIES

Administration Plans Tighten Defenses Against Activities

AIM REVEALED BY CHIEF EXECUTIVE

Mentions Closer Coordination Between Military And Naval Services and FBI

Hyde Park, N. Y., Oct. 7.—(AP)—President Roosevelt today disclosed the administration was planning to tighten its defenses against activities of foreign spies.

The President, in response to press conference questions, said he was seeking to determine what new machinery might be set up to frustrate efforts by foreign agents to obtain the military and naval secrets of this country.

He mentioned in this connection it might be possible to effect a closer coordination of the activities of the military and naval intelligence services, the Federal Bureau of Investigation and similar agencies.

Asked whether foreign agents had increased their activities in this country, Mr. Roosevelt said he believed there was no marked increase at present, although there had been in the last 10 years.

"Four persons are scheduled to go on trial October 14 in New York on charges of being implicated in a far-reaching espionage plot."

The chief executive discussed the spy situation earlier this week with LeMar Hardy, United States attorney in New York.

Also, the President told his press conference that Professor Felix Frankfurter of the Harvard Law school would visit the summer White House this week-end.

Frankfurter has been widely mentioned as a possible appointee to the Supreme Court. The recent death of Justice Cardozo left a vacancy on the high bench.

At Washington, meanwhile, the Senate Campaign Expenditures committee ordered further investigation of the authorship of a fund solicitation letter sent out by the Pennsylvania State Democratic committee under the name of Senator Guffey (D.-Pa.).

Chairman Sheppard (D.-Tex.) said Guffey had denied all knowledge of the letter.

Also at Washington the WPA considered a proposal to have WPA labor do preliminary work of constructing of a coast guard air base at Elizabeth City, N. C.

Sentence Two For Burning Building

Fayetteville, Oct. 7.—(AP)—Judge N. A. Sinclair sentenced James Maxwell and Hector Lee today to prison terms for the burning of a \$50,000 school house in Eastover township last January.

Maxwell, who pleaded guilty, was given six to eight years. Lee, convicted by a jury, drew seven to ten years.

Jesse Lee, a brother of Hector, was acquitted by the jury.

Negro House Entered But Little Is Taken

The sheriff's office today was investigating a robbery at the home of a Negro, Richard Nobles of near Ballard's crossroads, yesterday.

The Negro's house was entered and a trunk broken open, but nothing of much value was taken. Ruel Tyson, deputy sheriff, said Nobles had just sold a quantity of tobacco and expressed the opinion that the person or persons who entered the house believed a sum of money could be found. Nobles and his wife were away when the house was entered.

A. of the Training school and Third street school.

Mrs. J. C. Lanier, chairman of the program committee, presented Mrs. Lee Hannah, who read a most interesting paper on "Old Superstitions." The human species is different from all other animals in that it can acquire knowledge by means of experience, definition and logic—but often men allow themselves to be governed by instinct and superstitions. There are people today that talk about magic charms. Consider a black cat an ill omen. Friday oad luck—also the rabbit crossing the road—from right to left.

The early history of the human race produced a huge mass of superstitions—born of ignorance and fear—much of this body of beliefs and practice is still in vogue among backward tribes. Recent studies have shown that few even of the most highly educated men and women are free of traces of superstition—as science advances, superstition recedes—for science brings increasing freedom through comprehension and rational use of natural forces—while superstition holds the human mind in bondage to blind magic and fear.

superstitions—born of ignorance and fear—much of this body of beliefs and practice is still in vogue among backward tribes. Recent studies have shown that few even of the most highly educated men and women are free of traces of superstition—as science advances, superstition recedes—for science brings increasing freedom through comprehension and rational use of natural forces—while superstition holds the human mind in bondage to blind magic and fear.

The club enjoyed having Mrs. Larry Moore as guest for the afternoon. The hostess served a delicious salad plate with coffee. —Reported.

New Way To Reduce. Washington—(AP)—Jacquelin Cochran, the flier, says important flights, such as the Bendix Trophy race, which she just won, are good stream-liners as well as good fun. She usually loses five to ten pounds on each such flight.

Preparing For Convention.

The Baptist State Convention meets in Greenville in December and its coming here is a matter in which not only the Baptists of the town but the people of the community generally are interested, and all are going to do their part toward entertaining the body.

Local Notes and Tobacco Jettings The improvement in the quality of the offerings of tobacco has been quite noticeable for the last few days and prices have moved up correspondingly.

The Greenville market sold up to October 1st, over three million pounds of tobacco, the largest increase in its sales for the first two months that we have ever made.

STAND STATED BY ALDERMAN (Continued from Page One) "When we purchased the James

property the architect insists that by all means he wanted both buildings to face West Fifth street; that the main entrance should be on West Fifth street; but through some unknown reason when the plans were brought back for approval the Fire Station was facing Fifth street and the Municipal building facing Washington street.

Then too, I think we all would say that West Fifth street would be more or less the Main street, and that both buildings should have the main entrance on Fifth street.

COMMISSIONER'S SALE OF REAL ESTATE

Under and by virtue of the power and authority conferred on the undersigned Commissioner by an order of J. F. Harrington, Clerk of the Superior Court, entered in that certain special proceeding entitled, J. R. Crawford et al vs. G. L. Allen et al; No. 3864, in the office of said Clerk, the said Commissioner will offer for sale and sell at public auction to the highest bidder for cash before the court house door in Greenville on

Monday, October 31st, 1938 at twelve o'clock, Noon the following described real estate: Lying and being in Beaver Dam Township, Pitt County, State of North Carolina, and specifically described as follows: Beginning at Clemmie Allen's corner on the plank road and runs North 16-3 West 228 feet; thence North 86-30 West 82 feet; thence North 43-15 West 65 feet; thence North 48 West 166 feet; thence North 7-45 West 94 feet; thence North 25-30 East 63 feet; thence North 9-3 East 98 feet; thence North 14-30 West 114 feet; thence North 50-45 West 124 feet; thence North 20-15 West 110 feet; thence North 37-05 West 182 feet; thence North 40-15 West 104 feet; thence North 9-30 East 238 feet; thence North 30-15 West 127 feet; thence North 55-30 West 160 feet; thence North 18-50 West 189 feet; thence North 14-45 West 180 feet; thence North 18-15 West 169 feet; thence North 14-45 West 143 feet; thence North 80-30 West 106 1-2 feet; thence North 39-10 West 135 feet; thence North 38-30 West 145 feet to a

stake, corner between John Crawford and Japhet Allen; thence South 21-30 West 1103 feet to Japhet Allen's corner; thence North 85-20 West 175 feet to the corner of Zeno Allen's 10-acre tract of land; thence South 4-45 East 1595 feet to the old plank road; thence North 82-15 East 210 feet to the New Sand Clay Road; thence North 71-30 East 245 1-2 feet to the beginning, containing 57.53 acres by actual survey. The aforesaid courses and distances and boundaries are taken from map and survey made by J. H. Harding, C. E., in October, 1916.

EXCEPTING, HOWEVER, from the aforesaid boundaries the following described lots or parcels of land, to-wit: FIRST TRACT: That piece of the said 57.53 acre tract which lies on the North side of the Main land ditch running through said tract of land, more accurately described as follows: Beginning at the mouth of a small ditch on the path and running with said ditch Eastwardly to the Vandiford line; then with the Vandiford line Northwardly with said ditch to John Crawford's line, a corner; thence down the ditch with Crawford's line to Japhet Al-

len's corner; then South 21-30 West 1103 feet to Japhet Allen's corner; thence Southwardly 738 feet with P. T. Crawford's line to the beginning, containing 20 acres more or less. SECOND TRACT: That piece of land beginning at a point on the North side of the Sand Clay Road, where the ditch crosses said road and running Northwardly with said ditch 133 feet to a stake; then Westwardly parallel with the said Sand Clay Road 336 feet to a stake; then Southwardly parallel with the first line 133 feet to said Sand Clay Road, then Eastwardly with said

Sand Clay Road, 236 feet to the beginning, containing one acre. A deposit of ten (10) per cent will be required of the successful bidder pending confirmation of said sale

by the Court. This the 29th day of Sept., 1938. DAVID M. WILLIFORD, Commissioner. Sept. 30-Oct. 7-14-21-28.

LINE-UP GIVEN BY ALEXANDER

Pirates of ECTC To Play Campbell Here Saturday P. M.

Coach J. D. Alexander's Pirates of ECTC will be called to colors Saturday afternoon at 2 o'clock when they engage the gridgers of Campbell College. This will be the second game of the season for the Pirates.

Last Saturday's 19-0 defeat at the hands of the strong Belmont Abbey gridmen taught the Pirates a thing or two. During the past week, they have been making an

effort to banish the handicaps which stood out so strongly in last Saturday's tilt.

When the Pirates collided with the Abbeymen their end zones were, for the most part, wide open. This enabled their opponents to make sweeping end runs. Many of these dashes were instrumental in racking up Abbey points.

Blocking tactics were lacking last Saturday. However, the regulars as well as members of the Pirate aggregation who are inexperienced, have learned much about this phase of the game this week. One player is out of the game for the rest of the season and another for an indefinite period of time due to injuries suffered in severe practices.

The Pirates went into the game as "underdogs" against the powerful Abbeymen. Yet, despite their weak points, the locals have a slight edge over Campbell College, whom they face tomorrow. This attitude is assumed due to the experience derived last Saturday and also by the lack of present-season playing experience by Campbell College. Tomorrow's game will be the first of the season for the Pirates' opponents.

Of course, like all other college coaches earlier in the season, the mentors of the Camels hope their proteges will develop as the season advances. The Pirates are not expected to literally "walk away" with the Camels. Campbell College is strengthened by the return of several letter men, each of whom faced the Pirates last season.

Those ECTC coaches have been doing quite a bit of juggling this week. They are apparently determined to discover just where the strong material really lies in their roster of hopefuls. Many of the fellows who appeared to be lacking the impetus to "make the grade" when practice began are bettering their showing. Before the season is concluded, you'll be finding some of the bench-warmers entering contests as first-string starters.

Dependable reserves are still lacking among the Pirates. The coaches hope to develop some of the inexperienced players. Until this time, however, the locals will have to do their best with the material they already have. This means that the regulars will have to do more than the ordinary share of teamwork.

Probable starters for both teams are being listed. In the Pirate line-up there is some doubt as to whether Rogers or Frizzelle will start at right guard. The half-back position is also contested. Either Noe, Northcutt or Dudash will start in this position. King, Burnett or Harper will start at right guard for Campbell. Johnson or Coggins are slated for right tackle.

The quarterback berth for Campbell will be filled by Kautzman, Brown or Byrum. Norwood Cherry will serve as co-captain for the

Things You Should Know About Your --Fair--

By R. GRAY

DID YOU KNOW: That the Pitt County Fair is only 10 days off?

DID YOU KNOW: That Tuesday will be Farmville Day, Wednesday school children's day and Thursday, Farmer's Reunion day which is expected to be one of the biggest days with so many special attractions presented for their benefit?

DID YOU KNOW: That some of the schools and organizations throughout the smaller communities are advertising the Fair this year, where heretofore it was strictly up to the Fair committee, so we feel that the fine co-operation of most of Pitt County, the third annual Pitt County Fair will grow in the years to come one, to be counted among the best?

DID YOU KNOW: That there will be more parking space this year inside of the Fair grounds, and with the lot on the opposite side of the road being used

also, there will be ample room for all cars?

College Entertains Faculty and Trustees

The College entertained trustees, faculty and staff members, with their wives and husbands, at a formal dinner on the campus last night at 6:30 in honor of the new members of the faculty group.

Wives of faculty members who have been a part of the group over two years were in charge of the preparations. This was a particularly fitting time for the dinner; for it was on October 5, twenty-nine years ago, that the College first opened its doors, and on October 5, four years ago, that Dr. Meadows was formally elected President by the trustees of the institution.

Two receiving lines, headed by President Meadows and faculty representatives, presented the new members to the group; in one were the people who have come in this year; in another, those who came during the last year.

In all there were nearly thirty of the honor guests — Dr. and Mrs. Charles Reynolds, science department; Mr. and Mrs. Alma Dittmer, music; Miss Ruby Scholz, home economics; Dr. and Mrs. B.

Brandt, science; Mr. and Mrs. Gordon Gilbert, physical education; Dr. and Mrs. M. N. Posey, English; Miss Mary Cheatham, girls' counselor; Coach and Mrs. J. D. Alexander, physical education; Dr. and Mrs. W. A. Browne, geography; Dr. and Mrs. D. R. Stull, science; Dr. and Mrs. P. A. Toll, sociology and education; Misses Lena Ellis and Velma Lowe, commerce; Miss Rosaline Ivey, home economics; Miss Mary Caughey, science; W. H. McHenry, industrial arts; Misses Imogene Riddick, Laura Bell and Helen Dugan and Mr. Waiser, critic teachers of the high school; and Miss Cobb, critic teacher at the training school.

Around 135 people sat down to the exceedingly attractive meal, which was served at a long table arranged in a hollow square.

Music was furnished during dinner by a small student orchestra, and the pleasant social hour afterwards was under the leadership of Mr. R. C. Deal and Mr. J. B. Cummings.

The following committees looked after arrangements: Invitations—Mrs. Howard McGinnis, chairman; arrangements—Mrs. D. A. Baughan; decorations—Mrs. E. L. Henderson; music—Mrs. Dean Tabor; entertainment—Mrs. R. C. Deal; menu—Mrs. L. L. Rives.

Come SEE why the Moderns are saying: "Buick's the Beauty!"

Star Performer ushers in new Style Cycle with stunning designs that keynote next year's mode

Looks fine for '39!
WHAT: Four Series of ultrasmart new Buicks, the Special, the Century, the Roadmaster, the Limited—18 models in all
WHERE: Any Buick Dealer's Showroom
WHEN: On display **OCTOBER 8th**
WHY: The most modern chassis, the ablest performer, the handsomest carriage, and **BUICK 1939 PRICES ARE LOWER**—lower than last year, lower than you'd expect.

It all started with "catwalk-cooling," on the costly racing cars of Europe. They were shooting at better aerodynamics, not new styling—but they touched off something that will re-pattern cars everywhere before it's done. Not that looks alone ever come first with Buick. What's really Buick is underneath all that, down deep in the good true metals, the split-hair precisions, the tough alloys. But everyone goes for beauty, and you would be less than human if you didn't thrill to an eye-ful of the smartest dressed automobile you ever saw.

So let your gaze take it in. Spot the radiator grilles... down low. They're the key to new-day design. They're also placed where air pressure's greatest—your engine cools under forced draft! Under that comely bonnet is the engine with more abundant life—that quick quiet Dynaflex valve-in-head straight-eight! Under that roomy Body by Fisher are the great slow spirals of Buicoil springing, to give you the true "full float" ride. And in that body, is new wide-paned visibility—up to 413 more square inches of glass. The whole staunch, firm, beautiful car looks like what it is—a car to love and live with. Come see it. Just as it stands there, tuned for your service, it seems to be ready to fly!

New York Cotton

New York, Oct. 7.—(AP)—Cotton futures opened seven higher to one lower. Disappointing Liverpool cables were partly offset by large sales of textiles and trade buying. December reacted from 8.29 to 8.26, but recovered to the initial high shortly after the first half hour, when the list was one net higher to two lower. After a spurt of buying, the market quieted and by midday December was 8.32 with the list one to four net higher.

N. Y. Stock Market

New York, Oct. 7.—(AP)—Buying in rails, aircrafts and specialties helped subdue profit takers in today's stock market and leading issues pushed into new high ground for the past year with gains running to a point or more. There were frequent moderate dips as traders cashed in and prices were down from the top near the fourth hour. Dealings were considerably slower than in the preceding fast session. Bonds just about held their own.

TEST METHODS OF AIR ATTACK

Preliminary Phase Of Maneuvers Drawing to Close

As the preliminary phase of the Antiaircraft-Air Corps Exercises draws to a close, two four-hour periods, one of which is during darkness, are devoted each day to and passed through the fire of five of both air and ground defense.

On October 5, 1938, the Black (enemy) Air Force attacked the Fort Bragg Air Base at 9:55 a. m., 10:02 a. m., and 10:50 a. m. These attacks were made at altitudes varying from 8,000 to 12,000 feet, at which altitude airplanes can normally be seen. Each attack was preceded by attack aviation, the mission of which is to attempt to blind the defense guns and observers with smoke, to attack the defenders with machine gun fire and fragmentation bombs, and to divert the defending pursuit aviation from normal mission, which is to attack hostile bombardment planes.

The first attack was made by 9 B 18 Douglas bombers of the 30th Bombardment Squadron. The bombers were intercepted near Fort Bragg by 9 PB 2 pursuit planes of the 33d Squadron of the defending force (Blue) at 9:45. The attack reached the objective at 9:55 a. m. and passed through the fire of five anti-aircraft batteries. The bombers were attacked by a pursuit patrol at 9:56 a. m. and again attacked by 6 P 35 Seversky planes (Blue) on the return flight.

The second attack 9 B 10 B Mar-

tin bombers from the Black 99th Bombardment Squadron was more fortunate. It was not intercepted by pursuit on the way in, appearing over the Fort Bragg Air Base at 10:20 a. m., and passed through the defense gun fire, but was intercepted by Blue defending pursuit, 9 PB 2s at Suggs Pond, on the way out.

No attempts are made to assess losses, or even to estimate losses, which would probably have occurred during these mock battles in the air and from anti-aircraft gun fire. But from each flight of attacking airplanes, and several missions are flown each day, valuable statistics are obtained, both by the Black formations themselves and by all elements of the Blue antiaircraft defense. These statistics are carefully compiled and, after thorough study, will assist in formulating the tactics and technique of attacking aviation and of the defense, both ground and air, against bombardment and attack airplanes.

SEEKS METHOD TO FRUSTRATE FOREIGN SPIES

Lina WPA administrator, said after conferring with officials here that he had "every reason to believe this plan will be approved within a week or two."

A WPA allotment of about \$90,000 would be needed.

AMAZING IS THIS FINE PIANO EXHIBIT

-- At --
McCormick Music Co.
Greenville, N. C.

Large numbers visited the exhibit of Pianos yesterday and were shown through the store by experts who know all the details of piano manufacturing. The exhibit is intensely interesting and the people were delighted. They were surprised at one factory being able to produce so many artistic designs of pianos.

Everybody Says The Grandest Ever Seen

CROWDS ENTHUSIASTIC—SURPRISED AT SEEING SO MANY BEAUTIFUL DESIGNS!
Factory Experts Are Busy Telling All About Pianos. Don't Wait—Come Now! It Will Close Tuesday Night at 9:30!

ONLY THREE MORE DAYS AND THIS WONDERFUL PIANO EXHIBIT WILL BE OVER!

A REGULAR FAIR

Think of the opportunity to visit a fair or exhibit of this kind right in your midst and everyday life. You can become acquainted with these things free of cost. Now, in showing pianos at a county or State fair or national exposition, we cannot advertise our pianos as well as we can by this method. When you go to an ordinary fair, you go to see the amusements and have a good time and you haven't the time to devote to mechanical details of piano construction, but when we exhibit one each of the different styles in your town, you can spare the time and it is better from every standpoint. Remember, the pianos are not for sale yet, and you will not be confronted with a proposition to buy. We merely take great pleasure in showing you in order to secure your good opinion of our goods... (However, at the close of the exhibit all the pianos will be sold, and in order to make certain that a sample of each of the beautiful styles is left here, the price will be reduced according to the factory billing, with very liberal terms).

We want you to call and see these sample pianos even if you never expect to get a piano; we want you that have pianos to call, as it is our pleasure to show you; we want the opinion of the best musicians in the city, and we extend an invitation to the entire public as well.

Don't miss the exhibit; call at once, as the time is short. It closes Tuesday at 9:30 p. m.
