HOUSE DEBATE IS STARTED ON CONSCRIPTIO

Chamberlain warns Against Forcing General Election

FEAR OPPOSITION IN LABOR RANKS

Meanwhile Announced That King And Queen Will Come to America on Canadian Vessel

London, April 27.—(AP)—Prime Minister Chamberlain warned the Labor opposition in the House of Commons today against forcing a general election by conscription as he opened the debate on the emergency conscription bill he announced yesterday.

"I foresee that matters might be pushed to such an extremity that this government would not have any other choice" than to order an election, he said, amid Laborite cheers and counter-cheers from the government benches.

"But surely," he added, "a very heavy responsibility would rest upon those who force such a conclusion at this time."

"An election would leave the country in a state of confusion and uncertainty, postpone for what might be vital weeks measures which the government thought necessary, check the output of munitions vital to us at this time and distract attention of those who are responsible for government departments."

Meanwhile Chamberlain said that King George VI and Queen Elizabeth would travel to the United States and Canada aboard the Canadian Empress of Australia, instead of the battle cruiser Repulse.

President Of College To Speak At Conetoe

President L. R. Meadows of the college will speak tonight at the commencement exercises at Conetoe High school and tomorrow night, April 28 at Stokes.

In spite of his heavy duties at the college, President Meadows continues to make room on his schedule each year for a number of commencement addresses. He spoke at Swan Quarter last week, and is to be the speaker at Shiloh on May 8 and at Stantonburg, May 11.

Sight Threatened By Accident Wednesday

R. H. Haddock, employe of the Home Furniture Company, was a painfully injured yesterday afternoon when pressure from pipes of an electric refrigerator on which he was working struck him in the face and threatened his sight.

Mr. Haddock was taken to McPherson Hospital in Durham, where it was indicated his sight will be saved.

Some Hungry Collegian?

Portland, Ore.—(AP)—Somebody else seems to have taken up goldfish gulping. Mrs. E. V. Kingsbury reported to police that somebody had stolen 18 fish from the pond in her yard.

Nazi Beer Come Back.

Berlin — (AP) — The National Health office has come to the conclusion Germans must have their beer. A national policy of abstinence has been modified to apply only to the youth of the country.

Opposed To Pact

Paris, April 27.—(AP)—Rumania was reported today to have advised Great Britain and France of her opposition to entering mutual assistance pacts with them, at least for the present.

This development was reported as Foreign Minister Bonnet conferred with Sir Eric Phipps, British ambassador to Paris, before the Frenchman started conferences with Rumanian Foreign Minister Gafencu.

It was understood in diplomatic circles that the British envoy had brought the report. Gafencu in his earlier talks in London had expressed Rumania's opposition to immediate entrance into mutual assistance pacts.

Britain and France already have pledged their aid to Rumania in event her independence is attacked, but it is a one-way pledge which they would like to make reciprocal.

Prepare Lavish Reception For Hitler On Occasion Of Friday Reichstag Address

WIDOWS ACCUSED OF POISON PLOT

Mrs. Josephine Romaldo, (left) 41, mother of two children, and Mrs. Agnes Mantiuk (right), 36, were charged with homicide in a round-up of a dozen men and women at Philadelphia during police investigation of an insurance-murder poison ring. Mrs. Romaldo and Mrs. Mantiuk, both, were accused of killing their husbands by slow poison to collect insurance policies. Police said the ring furnished information as to how to administer the poison for a flat fee of \$300.

Declares Russia Would Assist 'Europe' In War

NO LET UP IN COURT SESSION

Frank Green Is Given Prison Sentence of Two Years

The two-weeks criminal session of Pitt Superior court under way here is drawing toward a close, but the tribunal continues grinding out justice at a steady pace and indications were that it would not be adjourned before tomorrow afternoon at the earliest.

The case charging Frank Green, Negro, with breaking, entering and attempted criminal assault on a 97-year-old colored woman, was finally disposed of when he was given a two-year sentence after pleading guilty to assault on a female. Judge Clawson L. Williams set aside a conviction as charged returned last week and the court accepted the plea to the lesser charge this morning.

W. F. Whichard, white man, was convicted of driving drunk, but the jury recommended mercy. Judge Williams did not immediately pass judgment.

Fred Roach and his wife, Ella Roach, white, were convicted of false pretense, but sentence in this case also was not passed immediately. They were convicted of soliciting aid for an aged invalid woman and not turning all of the money over to the aged woman.

A jury this afternoon still was deliberating in the case of Jimmie Holloman, white man, charged with driving while drunk.

About one person in ten over 40 years of age dies of cancer.

Ex-Convict, Now a Mayor Gets National Publicity

Reflector Bureau. Raleigh, April 27.—Wilmington's effervescent Mayor Thomas E. Cooper and his prospective candidacy for the governorship of North Carolina have received national publicity through the "Rollin' Along" column of W. A. S. Douglas, writer for The Washington Times. Some time ago, Mr. Douglas was in North Carolina for the Tulip Festival at Washington and to pick up whatever he could of interest in the Tar Heel state. He visited Wilmington, interviewed Mayor Cooper and the result was an article of nearly two columns regarding the Cooper personality, record and political prospects.

Douglas left off with this punch-packed paragraph: "I talked today for more than an hour with the only ex-convict who has climbed out of such a slough of despair as that must be to the position of mayor of an important American city. What is more, my ex-convict is a candidate for the governorship of the State of North

Germany Discounts Britain's Conscription Measure

INSISTS ACTION POLITICAL MOVE

Members of Diplomatic Corps Expected to Crowd Galleries for Speech Tomorrow

Berlin, April 27.—(AP)—Nazis prepared today to give a lavish reception to Reichsfuehrer Hitler's Reichstag speech tomorrow and discounted Great Britain's conscription measure as a political move intended to frighten Germany.

The attitude of the controlled newspapers was that Britain may "arm up to the neck" if she wishes. Propaganda Minister Paul Goebbles, apparently angered by the tone adopted by British newspapers toward Germany, wrote a lengthy article in Hitler's newspaper attacking Britain's policy of a balance of power in Europe and declaring:

"Germany is no English protectorate and the English would do well to conduct their dealings with us in the way in which dealings with a big power are generally conducted."

Members of the diplomatic corps, including the American charge d'affaires, Raymond Geist, are expected to crowd the diplomatic gallery in the lavishly decorated opera house to hear Hitler's speech in reply to President Roosevelt's appeal.

Sir Neville Henderson, the British ambassador, and Robert Coulondre, France's envoy, planned to occupy their usual boxes. German officials maintained deep secrecy as to the contents of the fuehrer's declaration; it was stated that the text of the speech would not be available until the fuehrer nearly had finished delivering it (about 7:30 a. m., est., Friday).

Change Sought In Leaf Quotas Law

Washington, April 27.—(AP)—Representative Cooley (D-N. C.) said today that a delegation representing the North Carolina Farm Bureau Federation had suggested a change in the method of computing the majority in a tobacco control referendum.

The present law, he said, requires a two-thirds majority of those voting, regardless of acreage. The suggestion was that quotas be effective if farmers controlling two-thirds of the acreage favored them.

The delegation conferred yesterday with Cooley and other Tar Heel congressmen. Its spokesmen said that because of rejection of marketing quotas for 1939, the cured tobacco crop indications now pointed to a "tremendous crop production."

N. C.'s Blind Must Pay for Auto Tag

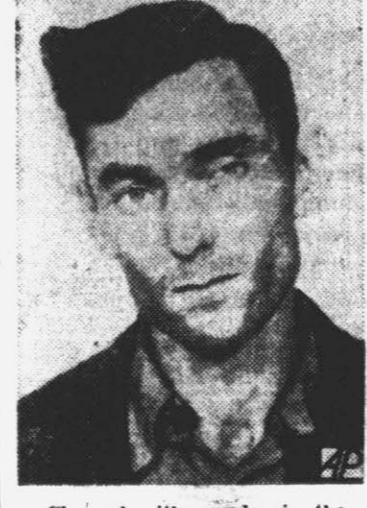

Raleigh, April 27.—(AP)—The Attorney General's office ruled today that laws granting blind persons free state privilege licenses do not entitle them to free automobile licenses.

Assistant Attorney General Wade Bruton wrote the opinion at the request of Dr. Roma Cheek, secretary of the Blind Commission, who asked if a blind person could secure a free license to operate a taxicab service.

Bruton held that the laws do not exempt blind persons from the automobile license taxes, either for private cars or for cars used for hire, and that exemptions are intended "only to provide for free licenses for the privilege of engaging in some trade or profession."

Free permits, he said, may only be given to persons having a net income from the businesses of less than \$1,200 a year.

Held in Slaying

Charged with murder in the death of 9-year-old Goldie Mae Chapman is Mrs. Edna Nelson (top) of Ennore, S. C., a neighbor of the Chapman family, who is accused of smothering the child. Held as accessories are Mrs. Nelson's husband, Odie (bottom) and her father, Monroe Page, and brother-in-law, Cass Thomas.

ABC OFFICERS DESTROY STILL

Plant Located Swift Creek Township Yesterday

Pitt county ABC officers yesterday located and destroyed a 100-gallon capacity still in Swift Creek township. The plant was not in operation when discovered and no one was at the scene.

The officers found three 400-gallon fermenters at the scene, but no new mash was in evidence. Two hundred of "spent" mash, however, was found. The belief was expressed that the still had made a run recently and all the newly manufactured liquor removed. Six cases of one-half gallon glass jars were found about the still.

Dynamite was used to destroy the plant. The ABC enforcement officers Tuesday night arrested Richard Rees, 17-year-old Negro, on charges of transporting illegal liquor after they reportedly found three gallons of the contraband in a car said to have been driven by Rees.

The Negro was arrested on the Stanlonsburg road and was said to be traveling toward Greenville at the time. One man jumped from the car and fled, officers said, and had not been apprehended.

The car was declared to have been registered in the name of Rufus Williams. Both he and Rees are Greenville Negroes.

Rees is being held in jail in default of \$200 bond, set for his appearance in federal court.

Civil Court Terms Scheduled In May

A one-week special term and a regular two-weeks term of civil court are scheduled to be held here next month with Judge Clawson L. Williams presiding at the regular session and Judge H. A. Grady at the present being listed to preside at the special term.

The special term will start on Monday, May 8, and eighteen cases, seven of which are divorces, are listed for trial during the week.

Two weeks later, on May 22, the regular two-weeks session is scheduled to get under way. Twenty-three cases are listed on the calendar for trial during the first week of the term and twenty are scheduled for the latter week.

The next criminal session of Pitt Superior court, following the one in progress here now, is set to start Monday, August 28.

President Not To Wait On Fuehrer To Prepare Talk

Goes To Work On Address Opening New York Fair

MAY NOT GET UP TO HEAR HITLER

Facts Indicate That Chief Executive Will Not Attempt Comment on Reply

Hyde Park, April 27.—(AP)—Without waiting for Chancellor Hitler's reply tomorrow to his non-aggression message, President Roosevelt went to work today on the 5 to 20 minute message he will deliver Sunday afternoon opening the New York World's Fair.

This was announced by a secretary soon after the Chief Executive arrived at his boyhood home from Washington for a week's stay and a week-end reception to royal visitors from Norway and Denmark.

It also was announced officially there was "grave doubt" whether Mr. Roosevelt would interrupt his sleep early tomorrow to listen to Hitler's address to the Reichstag. The President earlier had told others he would not get up for it.

The fact that the President began writing his New York speech, to be made shortly after 1:30 p. m., Sunday, before learning what the Nazi chieftain had to say, indicated to some aides that he would not attempt to comment on Hitler's reply, but would weigh the latter's words carefully before making known any official reaction.

Obama printed out his speech, sent a reference to the Hitler speech after finishing his manuscript.

Officials said the President had described the visit here Friday and Sunday of the crown prince and princesses of Norway and Denmark an old-fashioned country affair. Relatives and neighbors will be invited in to dine with the royal couples and several picnics are planned.

Establish Source Of Improved Corn

Smithfield, April 27.—A source of certified seed corn has been established in Johnston County through a county-wide 4-H Club project which received the support of the Smithfield Kiwanis Club. It was announced by M. Edmund Aycock, county farm agent of the State College Extension Service. As a result of the project, scores of adult farmers and 26 members of 4-H clubs have purchased certified seed corn to plant this year.

The program was started a year ago when the Kiwanis Club agreed to furnish a peck of certified registered corn to each of the 30 club members who had made the best corn club records the previous year. The boys were instructed to plant the corn, if possible, 250 yards away from any other variety of corn.

Walter Myers, conductor, who heads the railroad's seniority list, recently retired after 50 years of service with the Southern Pacific railroad.

Milk production per cow in the United States on March 1, 1939, was well above that of a year earlier and nearly five per cent above the ten-year average.

Pitt County Grand Jury Submits Report For Term

The report of the Pitt County Grand Jury, which body has adjourned for the term of court now in progress here, has been filed in reports that the usual inspection trips were made and the various offices and institutions to be in good condition.

The body recommended that a new heating plant be installed in the Agricultural building; that extra help be provided for the Register of Deeds' office; that the county have drinking fountains installed in the corridors on the first floor of the courthouse.

The report follows in full: "To His Honor Clawson Williams, Judge presiding at the April term, 1939, Pitt County Superior Court: "We, the Grand Jury, have passed on all bills presented to us, and have rendered our decisions thereon, according to the evidence presented; returning thirty-two (32) true bills and two (2) not true. "We have visited the county offices, viz: Clerk of the Superior

On Labor Board

William M. Leiserson (above) of Ohio has been nominated by President Roosevelt to become a member of the Labor Relations Board, succeeding Donald Wakefield Smith.

URGES RETURN TO TESTAMENT

Methodist Speaker Says Word of God World's Hope

Kansas City, April 27.—(AP)—A British "local preacher," who a few days ago saw babies being fitted with gas masks, called today for "a return to the New Testament" in the hope of a war-scarred world.

"The church has a message and there is no better time to utter it," said the Right Hon. Isaac Foot of Plymouth, England, in an address to the Methodist uniting conference here.

Foot, a former member of Parliament, is a layman and president of the Methodist Sunday School Association of Great Britain.

The conference was called to effect a discipline for a new American Methodist church made up of the present Methodist Episcopal, Methodist Episcopal, South, and Methodist Protestant branches.

"In a world dominated by the code of the wolf pack," Foot said, "a world in which gas masks have become a standard item of domestic equipment, the Christian church offers the hope and promise of fellowship."

"There must be a return to the New Testament. The political leaders of the world will have to return to the church before they can find a permanent solution."

American Methodist, Foot said, through "a tradition of fellowship in diversity" are equipped to promote the "recovery of fellowship."

Grapefruit For Needy.

Tucson, Ariz.—(AP)—This city's needy will get grapefruit for breakfast. White and Miller, paving contractors, have donated the entire 1939 crop of their orchard to that purpose.

Carbin tetrachloride may be used to remove cod liver oil stains.

STATEMENT ON ROADS ISSUED BY ROOSEVELT

Recommends System To Meet Defense Requirements

BUREAU AGAINST TOLL HIGHWAYS

On Senate Side of Capitol Move Begun To Impose Trade Restrictions on Japs

Washington, April 27.—(AP)—President Roosevelt recommended to Congress today that it provide a system of highways "to meet the requirements of the national defense and the needs of a growing peace-time traffic of longer range."

The President transmitted a letter from Secretary of Agriculture Wallace, concurred in by Secretary of War Woodring, to which was attached a report of the Bureau of Public Roads on "the feasibility of a system of trans-continental toll roads and a master plan for free highway development."

The bureau said that it believed a proposed toll system of six trans-continental super-highways would be neither financially feasible nor adequate to meet traffic needs. It suggested instead a system of inter-regional highways designed to meet requirements of national defense and the needs of a growing motor traffic.

"It emphasizes the need of a special system of direct inter-regional highways, with all necessary connections through and around cities," Mr. Roosevelt said of the bureau report.

Other developments: Senator Pittman (D-Nev.) introduced a resolution to empower the President, with 10 days notice to Congress, to impose trade restrictions against Japan.

Pittman, chairman of the Senate Foreign Relations committee, proposed a resolution as a reply to Japan's alleged violation of the nine-power treaty pledging signatories to respect the territorial integrity of China.

President Roosevelt nominated Brigadier General George C. Marshall to replace General Malin Craig as chief of staff of the army.

General Craig is slated for retirement August 31.

The President nominated H. A. Morgan of Knoxville, Tenn., for appointment to the board of directors of the Tennessee Valley Authority.

Mr. Morgan, under the reappointment, would begin serving a new nine-year term May 18.

The Senate Commerce committee voted 10 to 9 to report the Florida ship bill to the Senate without recommendation.

Decision Reached For Half Holiday

The Greenville Merchants Association, in special session last night, decided to continue the practice of closing stores and other business houses on Wednesday afternoons during the summer months.

The half-holiday will begin June 7 and continue to the Wednesday preceding the opening of the tobacco auction sales here. Every member present at the meeting signed a petition to close and Mrs. Cora S. Powell, executive secretary of the association, was taking the petition around today for other members to sign.

The merchants present discussed a proposed trade promotion event, but no definite action was taken. Oscar Vatz's promotion committee will continue to consider the project.

Most stores will close at 12:30 o'clock each Wednesday during the designated dates, but grocers and barbers are expected to remain open an additional 30 minutes, it was announced.

Weather Report

Table with weather data including temperature (High yesterday 84, Low yesterday 65, At 1:30 p. m. 87), precipitation (For 24 hours ending 7 a. m., .00, Total for month 2.13), barometer (7:30 last night 29.70, 7:30 this morning 29.76), and prevailing winds and velocity (7:30 a. m. SW-6, 1:30 p. m. SW-8).

Social and Personal

Mrs. C. F. Bland has returned from Washington, D. C., where she has been visiting her son, Frank Bland. On her return trip she spent several days in Norfolk as guest of her daughter, Mrs. P. A. Caseil.

Social Calendar

THURSDAY
7:30 p. m.—Meeting of Knights of Pythias.

8:00 p. m.—The Business and Professional Women's Club will meet in Sheppard Memorial Library.

8:00 p. m.—The T. E. L. Class of Memorial Baptist Church meets with Mrs. Curtis Duval on Paris avenue.

Service League To Meet.
The Service League will meet on Monday morning, May 1st, at 10 o'clock, in Sheppard Memorial Library.

Thrift Shop Needs Clothing.
The Thrift Shop needs clothing. Anyone having articles to give please call 1009-J.

Masons To Meet.
Greenville Lodge No. 284 A. F. & A. M. will have a special communication Friday evening at 8 o'clock, for work in the Entered Apprentice degree. All Master Masons invited. N. R. Joyner, Secy.

Mrs. Umphlett Ill.
Friends of Mrs. W. M. Umphlett will be sorry to learn that she is ill at her home on Summit street.

Women's Club To Meet.
The Business and Professional Women's Club will meet tonight at 8 o'clock in Sheppard Memorial Library. Mr. J. H. Waldrop will speak on "Savings and Investments."

Jarman-Evans.
Mrs. Myrtle Gaskins Evans and Mr. Mack Jarman were married in Burlington on April 26th.

Mrs. Jarman is well known in Greenville, where she lived for several years with her mother, Mrs. Maude Gaskins. She has been employed in Burlington for the past year. Mrs. Jarman is a native of Goldsboro, but is living and working in Burlington also.

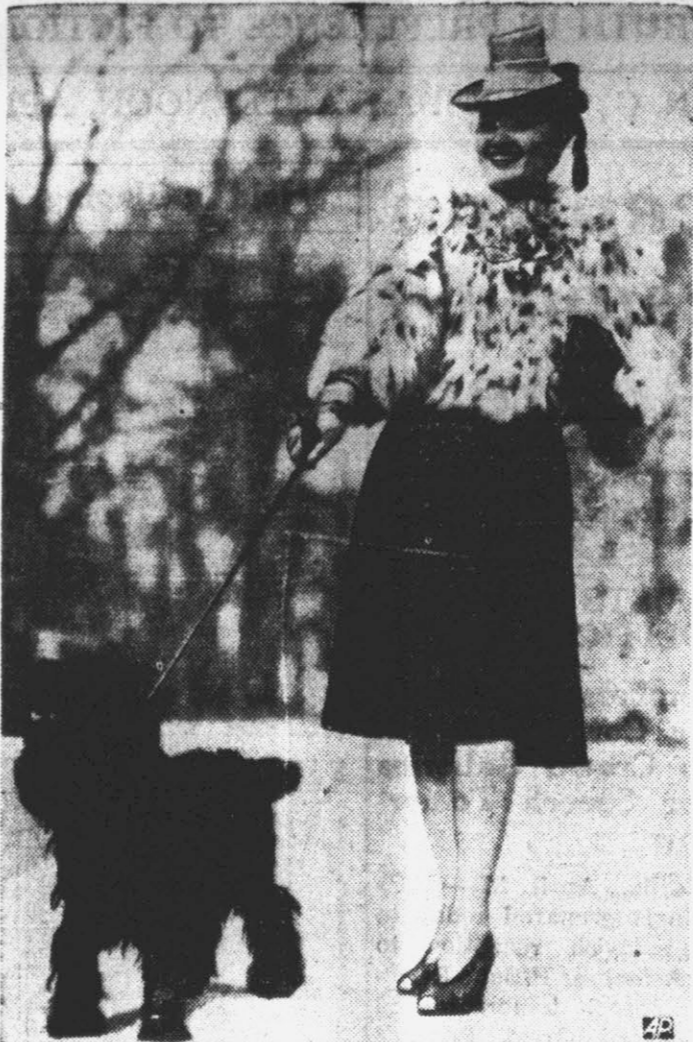

Mr. and Mrs. Jarman will return to Burlington after short visits with relatives here.

Attend Conference.
Mr. O. A. Hankner, new director of physical education at E. C. T. C., left today for Chapel Hill, where he will represent the college at a recreation conference under the auspices of the University of North Carolina. Approximately 50 delegates will attend representing, principally colleges and universities in many parts of the country interested in extending their training facilities for recreational leaders.

Mrs. Hankner will accompany her husband.

MODES of the MOMENT

by Adelaide Kerr

Short fur jackets appear on Fifth Avenue, while the trees bud in country lanes. This one of cream white lynx belly splashed with black is designed on straight lines with a collarless neckline and seven-eight length sleeves. It is worn with a black frock and natural straw hat.

Masterpiece Exhibit Here.
Reproductions of works of artists of many generations will be on display at the Training school from May 1st through the 5th.

This collection consists of 150 masterpieces representing the Italian, French, Flemish, English, Spanish, Dutch, German and American schools of art. Most of these are the masterpieces studied by the schools. Famous portraits, landscapes, marines and pastoral scenes in the colors of the original canvases are on display.

Citizenship Department Meets.
On Friday, April 21st, Mrs. Travis Hooker spoke at the regular meeting of the Citizenship department of the Woman's Club on "Flower Arrangement." She handled the subject in her usual capable manner. Mrs. Hooker told the club that this was not a new art, but an old one, practiced during Biblical times. She spoke of the two schools of arrangements, the formal type, with definite rules, and the other which allowed for the individuality and expression. Mrs. Hooker had attended several series of lectures on flower arrangement, one of which had for its guest speaker the English woman who decorated the wedding of the Duke and Duchess of Windsor, the parties for the Duchess of Kent, and the coming-out parties for many New York debutantes. She added that one need not be handicapped by the lack of proper vases and other materials, for the ingenious mind could find a substitute. Mrs. Hooker fittingly closed her talk with several illustrations of her own.

After Mrs. Hooker's talk, Miss Maude Melvin of East Carolina Teachers College, delighted the club by singing "Only a Rose," and "Lilac Time." The hostesses, Misses Mae Jpyner, Agnes Fullrove, and Mrs. John Kirkpatrick, served refreshments.

Mrs. W. F. Evans presided over a short business meeting after which the meeting adjourned.—Reported.

Public Announcement.
A Bazaar and Exchange will be conducted at the Parish House each Saturday morning, from 9 until 12. The public is invited. Bring something you wish to sell or come to buy. Handwork, cakes, garden produce and canned goods are solicited. Any type article in good condition is acceptable for sale. The bazaar and exchange is sponsored by St. Mary's Auxiliary and will be run on a commission basis. Opening date—April 29.—(Adv.)

Clio Club Meets.
On Tuesday afternoon Miss Annie Shields VanDyke was hostess to the Clio Club. The business session was presided over by the president, Mrs. Roy Barrett, after which Mrs. Fred Haar presented a most interesting paper on Carlsbad Caverns.

Of all beautiful caverns in all parts of the world thousands of travellers who have visited others, declare they offer no comparison in vastness or beauty to Carlsbad Caverns.

It is interesting to note the size of Carlsbad as compared with others. The "Big Room" of Carlsbad is estimated to be 25 times as large as the largest room in any known cavern. Here great buildings may be stacked one upon another or the capitol building at Washington be set and there would still be vast space left above it at the dome. The

Inter Se Book Club
The Inter Se Book Club was entertained Tuesday afternoon by Mrs. Wyatt Brown. The president, Mrs. William Threl, called the meeting to order and conducted a brief business session.

At the conclusion of the business hour, the meeting was turned over to Mrs. Fitzhugh Duncan. Mrs. Duncan presented the club with a paper on "Folk Songs and Ballads." Her introduction stated that folk songs have no specific composers. They are handed down from generation to generation, orally, and thus they are constantly in the process of change.

Each period has its own stark sentimentalities in song. We, who have crooned mummy songs to the limit of boredom, have no occasion to deride the themes that moved our ancestors. Miss Scarborough deplors the lack of interest in the preservation of folk songs, and rightly so. But there are individuals who are actively carrying on this work. The American Folklore Society was founded at Cambridge, Mass., in 1888.

something not given to her. She lifted her forefinger to summons the Negro waiter. When he strolled up with an indulgent smile, she said haughtily, "I isn't dot any wag!"

After Mrs. Duncan had presented her paper, Mrs. Baughan submitted to the club an interesting program for the coming year. After the program, Mrs. Brown served delicious refreshments, assisted by Mrs. Stallworth.

Literature Department.
The Literature Department of the Woman's Club met with Mrs. K. T. Futrell on Tuesday afternoon, April 25th. Mrs. Futrell, chairman, was in charge of the business meeting. Mrs. J. H. B. Moore reported that two of the members of the Woman's Club had received honors for outstanding work in poetry and art; Mrs. Chester Harris for her poetry, and Mrs. Closs Hearne for portrait painting. It was also reported that the Greenville Fine Arts Festival was one of the best held in the state.

ped and fiction began. She also said that it was not a deep book, but one that a person would enjoy reading a second and even a third time.

The story is about the North Carolina plateau people—not one of those bringing out the sordid side of life but of the sturdy dependable people and their problems.

Judith Harvard, the main character, loved beauty in everything. She was a courageous person, for after the years of working her way nearly through school she gave up teaching to take care of her small sisters and brother. She studied landscaping and how to best develop her nursery to furnish plants for those who wanted them. There are many trials and many sorrows in Judy's life, but she eventually triumphs over them and enjoys her life.

The visitors for the afternoon were Miss Memie Faison, Miss Adelle Johnston, Mrs. Gowen, Mrs. Williams and Miss Geraldine Harris.

After the program and business meeting, the hostess, assisted by Mrs. Gulledege and Mrs. Fleming, served iced drinks and sandwiches.—Reported.

HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filtres which help to purify the blood and keep you healthy. Most people pass about 3 pints of urine or about 3 pounds of waste. Frequent or scanty passages with aching and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to trouble in kidney disorders, may be the cause of many ailments, rheumatism, gout, hay fever, loss of nerve and energy, getting up too often, sweating, puffiness under the eyes, headache, indigestion.

Don't wait! See your doctor for Don's Pills, used successfully by millions for over 40 years. This gentle, safe medicine will help the kidneys to filter out poisons and poisonous waste from your blood. Get Don's Pills.

OLD HOME WEEK MURDER
by Phoebe Atwood Taylor

Chapter 46
 Interview With Win

BACK at Aunt Sara's, Asey exclaimed at the terrific litter of papers in the living room.

"That's Jeff Leach," Sara said, "trying to balance his accounts, he'll spend the winter with 'em, by the looks. For once I don't blame him. What can you do, with old settlers and new tourists and everyone giving you odd sums and saying 'it's for those taxes in 1929, and for this and that' and the other thing Weston had some fancy slips, but we ran out of 'em day before yesterday. You all go to bed. I've got to help Jeff figure. He counts on his fingers, and with his arthritis his fingers are none so reliable."

"Where's Jane?" Asey asked.

"Upstairs in bed, long ago. Mike's been here most of the evening. I told him about Eloise. How'd he take it? He was perfectly sorry, and brought out the budget he started today. The two of them argued themselves hoarse. It did Jane good. She n't been anywhere near so lugubrious since. Let her go, get up looking healthy, puffiness under the eyes, headache, indigestion."

Don't wait! See your doctor for Don's Pills, used successfully by millions for over 40 years. This gentle, safe medicine will help the kidneys to filter out poisons and poisonous waste from your blood. Get Don's Pills.

"Figure," Asey told her.

"Night."

Asey was eating breakfast when Zeb got down to the dining room in the morning.

"Marvelous day," Sara said.

"Thank goodness, it'll end in a blaze of glory, this week will all I've got to do today is hand out silver cups at the Town Hall with Bessie Brinley and Mrs. Philbrick. I'm going to watch the yacht races, and tonight is the grand ball; that will 'oubless see the last ounce of strength I have. I look forward to Church Day and the end of it all. Not for a Ballingate wallowing in gold would I go through a week like this again!"

"When," Bertha asked anxiously, "when is the jelly? I mean, the prizes?"

"Three o'clock," Sara said, "and I want to give warning to you all, this is the last meal Bertha and Sally bother with till Monday. Jeff and I will have lunch with the notables, and the rest of you will have to fend for yourselves. There's a buffet supper at the golf club, and you can come there with us, or not."

"Kay, what are you doing?" Zeb asked.

"I've got to get my stuff ready for Shorty. Asey, Win's picture was in last night's paper. I cut it out for you to give him, if you want to. And what are you doing?"

"I figure," Asey said, rather gloomily, "I just figure and figure. On an or."

His figuring led him first to the ball field, where the sports program was already in progress. He allowed himself to be dragged into the horse shoe pitching, and won the event, to his own amazement, from Weston and Mike Slade.

Mike Slade rushed up.

"Come on, we need you for the tug of war, natives versus visitors, and Wes wants you to pitch the soft ball game."

"Dream on," Asey said. "I shot my bolt with the boss shoes. I done my bit."

"Asey!" Weston raved up. "Did Mike tell you—"

"He did, an' I'm not. Wes, I never seen such vigor! Rushin' around—"

"Someone's got to!" Weston said. He rushed off after Mike.

Asey grinned and strolled over to the Town Hall in the exhibition rooms. Mrs. Brinley and Aunt Sara and half a doz. r. other town women were matching up contestants' names with the prize-winning numbers on the various entries.

Three Prizes

HERE'S one, Mrs. Brinley said excitedly. "It's one of those girls! Look at this jar of jelly! It's won—why, gracious sakes! It's the best in the show, best in all the jellies, and best beach-plum jelly! What do you know about that! Three prizes! That means three cups and the big prize money—"

"What's the number?" Sara asked.

"Thirty. Let's see. Oh, isn't that simply splendid, now! That's Bertha. My Bertha. Bertha Cook from over by the point. She'll be simply tickled to pieces, and she deserves it. She's a marvelous cook and a splendid jelly—"

Mrs. Brinley sniffed.

"Well, I don't think that jelly looks like much, if you should ask me! Those judges—I told Arthur, I said, Arthur, you couldn't have picked worse judges! And when I see one of them, I'm going to tell him what I think! Him or her. Not that I intend to make any trouble—dear me, no! I always say, what's the use of entering anything if you haven't the spirit to lose as well as the spirit to win. I mean, if you can't be a good loser, what's the use. And I entered the very same batch of jelly that won at the Grange, and the church fair, and the county—not that I dispute for one instant what the judges think, but I always say—"

Asey quietly withdrew.

He viewed the tug of war, and watched Zeb win by an eyelash for the mile run, and then got into his roadster and drove slowly over

PLAN PAGEANT FOR NEW BERN

To Celebrate 175th Anniversary Of Public School

New Bern, April 27.—Plans are being completed for a mammoth, all day historical celebration and night pageant here on May 4th, in commemoration of the 175th anniversary of the founding of the New Bern Public School, oldest school in North Carolina and second-oldest private secondary school in English America to receive a charter.

Governor Clyde R. Hoey will be chief speaker at an historical-educational program during the afternoon. Other speakers will include Clyde A. Erwin, State Superintendent of Public Instruction, Congressman Graham A. Barden, Speaker of the State House, D. L. Ward, and other representatives of the State and National governments. City School Superintendent H. B. Smith will preside, and music will be furnished by the North Carolina State College Band, which will give an hour's concert of colonial music after the speaking.

Throughout the day, there will be touches of local color and colonial atmosphere on the streets. Many residents will wear colonial or Swiss costumes; and there will be historical displays at the library and in store windows. Open house will be kept in old homes; and their will be decorated yachts off East Front Street.

Boy and Girl Scouts trained for the purpose will act as guides for visitors to inspect points of historical interest. At each site there will be a New Bern flag, this having been adopted from the "bear" standard of Bern, Switzerland, for which the town was named by the Swiss under Baron Christopher de Grafenried in 1710.

The outdoor pageant will be held at 8 o'clock that evening in Kafer Park, followed by a colonial ball in the nearby National Guard armory, under the direction of the Zulus Cotillion Club, of which Eura D. Gaskins is president.

Mrs. J. S. Claypoole is general chairman for the day's programs. John A. Walker, State director of the WPA Federal Theater project, will be producer of the pageant and Robert L. Pugh, Craven County Superintendent of Schools, will serve as reader for the pageant, most of the acting by the 750 persons to be in pantomime.

For the prologue of the pageant, there will be an Indian dance, with the smoking of a pipe of peace by the Indians and deGrafenried after arrival of English, French, German and Swiss colonists. Episode One will show the first day of the first public school in 1764, with the trustees, including the Rev. James Reed, first rector of Christ Episcopal church, who was chiefly responsible for its opening.

Episode Two will show a ball at Tryon Palace, with the rising tide of patriot opposition to Royal authority. A meeting of the distinguished group of academy trustees in 1784 will next be shown: Richard Caswell, Richard Dobbs Speight, Abner Nash, William Blount, John Wright, Sanly, Gen. William Bryan, Dr. William McClure, Spyer Singleton and John Slightree.

Subject episodes will depict Dr. Elias Hawes' free school in 1798, first free school for white children in North Carolina; the unique Lancasterian school with Alonzo Attmore in 1838; and the Griffin Free school in 1850.

Washington Daybook

By Preston Grover

Washington.—Secretary Ickes is
trying to scotch proposals that
Alaska be converted into a home
for refugees from Germany
and Italy.

From time to time the idea bobs
up that vast unpopulated Alaska,
with 94,000 square miles of poten-
tial farm and pasture land, could
harbor quantities of fugitives. They
could dig for gold, raise carrots
and tomatoes and mind the rein-
deer when the Eskimos were busy
with the seal hunting. Such is the
gist of some of the stories.

Ickes was very adroit in avoiding
any offense to Jews. He pointed
out that Alaska needed population.
It has only 60,000 now, half of
whom are Indians. More could be
used as farmers and as colonizers,
as a national defense development.

Too Much Money

In listing the requirements, how-
ever, Ickes pointed out that fam-
ilies moving up there would need
financial aid for several years while
they got started. It is no place for
relief clients with bread 18 to 25
cents a loaf and milk 25 cents a
quart, even along the railroad line
from Anchorage to Fairbanks.

Matanuska colony, financed by
WPA, has proved a very limited
success, with about half its original
400 family population already back
in the states and only a portion of
the remainder really making a suc-
cess of the undertaking. In their
case, the government put up all
the money they would need to clear
their land and seed it to crops. No
such largess could be expected for
newly arrived immigrants, particu-
larly since relief money has been
denied to aliens.

Lindy Move Bad?

The War Department is not 100
per cent sure it was a smart move
to put Colonel Lindbergh on active
duty with the air corps to "make
a survey of the aviation research
facilities of the United States."

He has had an exceptional oppor-
tunity to study production meth-
ods employed in Europe, particu-
larly in Germany, where speed-up
airplane building has put that
country far ahead of all others in
air strength.

But the army discovered that he
had certain drawbacks from a pub-
lic opinion standpoint. He dislikes
any sort of personal publicity, for
one thing. For another, one offi-
cial pointed out, he has been criti-
cized adversely, even as he has been
commended, for a share in the
Munich crisis. Rightly or wrongly,
he was credited with conveying to
Prime Minister Chamberlain his
views that the Russian air corps
was too inefficient to be depended
upon against Germany.

Russian aviators denounced the
report as inaccurate and their criti-
cism has been reflected in some
circles in the United States.

Nevertheless, best sources here
predicted his influence would be
felt in persuading Congress to think
deeply before denying the National
Advisory Committee for Aeronautics
the \$10,000,000 it is asking for
research to bring United States
aviation abreast of, or ahead of,
Germany.

But to escape leaving people
gossiping about these things, Nor-
man Thomas, ofttime Socialist
presidential candidate, has this to
say about the "German menace."
"Any force which Germany could
sneak across the Atlantic and land
at Montauk Point (that is on Long
Island) could be taken in hand by
the New York police. Like myself,
the Germans would probably get
lost in the outskirts of Brooklyn."

CONCERT PIANIST LETS DOWN HIS HAIR

Pueblo, Colo.—(AP)—One nation-
ally known pianist of the concert
stage has earned the reputation of
"a regular guy" in Pueblo.

After a brilliant concert with the
Pueblo Symphony orchestra he
joined strangers at a night club
and after a couple of friendly coc-
tails with the late stayer-outers he
took over the piano stool and gave
them a treat in swing and jazz.

SHORT SHOTS

By HENRY AVERILL and LYNN NISBET

Raleigh, April 27.—Fish stories from various North Carolina points. One of the largest fish ever caught in Dare county was netted by W. H. Riddick when he pulled in a 270-pound cow sturgeon, eight feet long. Not uncommon in these waters, the sturgeon is rarely caught ashore. Sturgeon is rarely caught in nets.

State Auditor George Ross Poul read this one, then announced he will go to Oregon Inlet the coming week-end to do a bit of drum fishing, first he has ever undertaken: From Oregon Inlet came reports of catches like these—a party with Herbert Perry landed 30 drum, and another party, with his brother, Milton Perry, also got 30. On the same day these guides had good luck—Clyde Hassell, 20; Lee Dough, 18; Eph Etheridge, 15.

North Carolina sharpshooters will converge on Gastonia May 5 and 6 for the state small-bore championship matches—both rifle and pistol. The tourney is registered with the National Rifle Association and is open to all riflemen.

Raleigh's morning paper believes in predicting gubernatorial appointments well in advance. In Wednesday's issue its political column informs that Dudley Bagley, state R. E. A. director, will be reappointed for a two-year term. The Bagley term does not expire until 1941, when either he or someone else will be named for a four-year tenure of office.

Two members of the REA board will, however, be named next month by Governor Clyde R. Hoey, but according to Mr. Bagley, there is more than a modicum of doubt about whose terms expire, an unusual situation brought about by failure to specify who were simultaneously named to fill unexpired terms of different termination dates.

The old expression "Proud as a peacock" can now be changed to "Proud as Thad Eure."

No bird with a varicolored tail was ever one-half so puffed with pride as is Thad over the accomplishment of his Secretary of State's office in getting out the Public Laws of 1939 in a shorter period of time than has ever before been done in North Carolina.

The laws are off the press and being delivered to every court house in North Carolina, and it took only 18 working days after legislative adjournment to do it.

Best previous record was 28 days and that was for a volume of less than half the size of the 1939 laws, which have 1,120 pages.

Mr. Eure is loud in praises of his publisher, of Enrolling Office Chief Laurie McEachern, of his aide-in-chief Max Abernathy and of all concerned.

Lieutenant Governor Wilkins Horne has been in town more since the legislature adjourned than in any other comparable period since his election. His possible candidacy for the Governorship couldn't have anything to do with it, of course.

In the Department of Revenue officials will soon begin to add up dollars in taxes paid by distributors and operators of slot machines of various and sundry types. The recent legislature made this possible by liberally poking gaping holes in the Flanagan anti-Slot Machine

Your correspondent thought he had found out something about the State REA while looking over a batch of clippings furnished the division by a clipping service.

"Since when did this get to be the CIO?" he asked Dudley Bagley, the director.

"Hey, don't call us that!" he said rather agitatedly. "That blue marking you see isn't CIO, it's C-10, our symbol with the clipping service."

Big Wild Gobbler Caught In Refuge

Raleigh, April 27.—Capture in a trap of a magnificent 23-pound wild turkey gobbler on the Pipe Forest game refuge in the Sandhills section is reported by John D. Chalk, commissioner of game and inland fisheries.

The magnificent bird, one of the finest specimens ever caught, is being kept for breeding purposes on the state game farm in the section, Mr. Chalk said.

The gobbler, which is apparently about 8 or 10 years old, lost a foot in the trap which started him, but is still able to get around and is very far from being completely disabled, Mr. Chalk said.

The trap was not set to catch anything like the big gobbler, but in order to nab predatory animals which prey on the smaller birds and animals in the refuge.

COLLEGIANS WILL STUDY GEOGRAPHY FIRSTHAND

Terre Haute, Ind.—(AP)—Some 100 Indiana State Teachers College students will learn geography at first hand this summer in a 3,000-mile experimental tour of the eastern United States and Canada.

Two buses will take them to see the places they could only read about if they stayed on the campus. They will visit Washington and the New York World's Fair.

MUCH PROGRESS MADE IN KEEPING LAWNS

Much progress has been made towards improving lawns, but in many cases the foundations of successful lawn development and maintenance have been overlooked. Developing a good lawn and maintaining it requires careful grading, drainage, good soil, proper fertilization, and systematic mowing.

Proper grading is important to give an interesting effect. Drainage is necessary to adapt the soil to the requirements of the lawn grasses, since most of them do not thrive on poorly drained soils. A good soil is also essential, but most any soil will be prepared and supplied with the essential plant foods may be used successfully.

After the soil is well prepared, the fertilizer should be worked into the upper four inches of soil, and the seed broadcast, or the sod transplanted. In the case of permanent lawn grasses, the seed should be planted in the spring after the danger of frost is passed, and then

rolled with a light roller to insure a good stand. If sod is used, it may be transplanted at most any season of the year, provided there is sufficient moisture in the soil to insure growth. It should be covered so as to leave a smooth surface for mowing.

The most common failure in maintaining a lawn is the lack of proper fertilization. An annual spring application of a good complete fertilizer, such as the 4-8-8 or 6-6-8 mixtures, and frequent light applications of nitrogenous fertilizer during the growing season, are found to be the best fertilizer treatment for lawns. In many cases a fall application of complete fertilizer is advisable for fertilizing shrubs, and winter grasses seeded in the fall. The complete fertilizer, if applied in the spring only, should be applied at the rate of from 30 to 40 pounds per 1,000 square feet of lawn. If applied in two applications, spring and fall, one-half this amount may be used at each application.

Commercial fertilizers are largely organic salts of high concentration and capable of "burning" the grasses, if improperly applied. There-

fore, if possible, scatter the fertilizer just before or during a rain, or follow the application by thoroughly watering.

Mowing the lawn is also important in keeping it in a vigorous state of growth. In the summer it is well to keep the lawn one and one-half to two inches long. When the grass has grown an additional inch to one and one-half inches is again ready for mowing.

SIDE-DRESSING RECOMMENDATIONS

for
TOBACCO
The Tobacco Research Committee recommends side-dressing tobacco with potash, equal to 100 to 200 pounds of SULPHATE of POTASH per acre, within 20 days after transplanting. The Committee states: "Experiments indicate that the acre value of tobacco may be materially increased by additional potash."

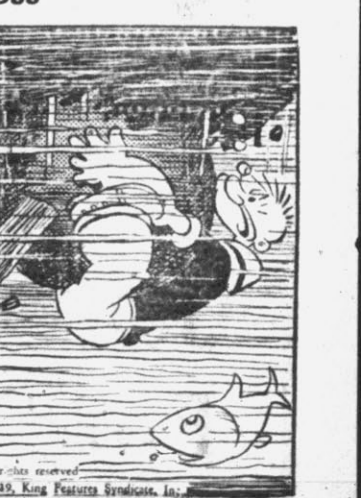

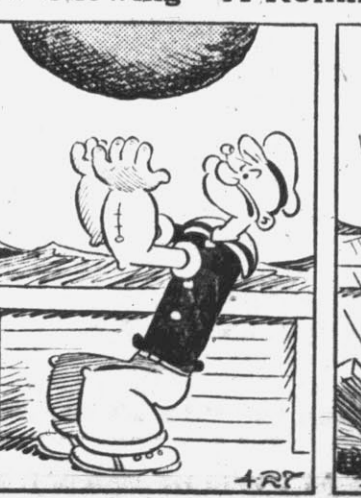

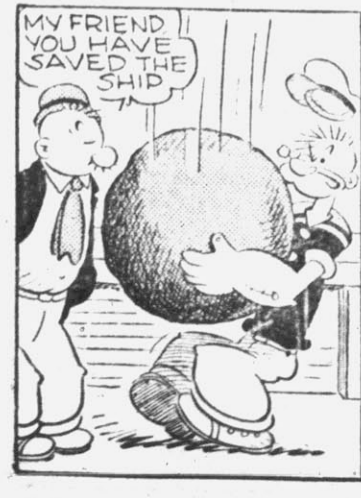

for
COTTON
The North Carolina Experiment Station recommends side-dressing cotton with 50 to 100 pounds of MURIATE of POTASH, or 125 to 250 pounds of KAINIT per acre, on fields which have shown heavy Rust damage in the past and where the complete fertilizer treatment contains only 3% POTASH.

THIMBLE THEATRE (Starring Popeye)

EX-CONVICT, NOW A MAYOR, GETS NATIONAL PUBLICITY

(Continued from page one) and 1932 without success, how he first broke through with election to the legislature in 1934 and again in 1936, and his astounding and record-breaking victory in the mayoralty race of 1937.

"My one regret that night of victory," Douglas quotes Cooper, "was that my mother was not alive to see that I was on my way to carrying out my promise."

Summing up the view Wilmington takes of its mayor, Douglas says:

"Everybody in Wilmington acclaims Tom Cooper as a first-class

mayor. He has revamped the police and fire departments, completely re-equipped the latter, installed the modern two-way radio system on all police cars and has secured \$1,700,000 from the federal government for slum clearance and \$1,100,000 for the deepening of the river channel from Wilmington to the sea."

"Mayor Cooper lives with his wife and two daughters in a cottage that cost \$2,900. He is an ardent New Dealer, a Rooseveltian, back to the President's navy days, when he first met him through Joseph Daniels, a mutual friend.

"The mayor corresponds regularly with a number of the men he met in the days of his misfortune. A letter from one of them lay on his desk during this interview. Among other things, the man wrote: "I have regained my health, thanks to you and through the grace of the good Lord."

All of which will not do Tom the slightest harm should he, as seems probable, run for the governorship.

PITT COUNTY GRAND JURY SUBMITS REPORT FOR TERM

(Continued from page one) commitment and discharge of prisoners, together with the fees collected. The condition and appearance of the jail and inmates even better than our visit in January, and we especially commend Mr. Leggett on such an improvement in jail and surroundings.

"The County Home was visited and found in good condition, and supervision excellent. The inmates are well cared for, both as to food and treatment. We found ample supply of meat for the coming year and sufficient amount of livestock and poultry. In our opinion, those in charge of the conduct of the County Home are furnishing a fine example of ability and efficiency. In fact, we found the Home in even better condition than on our last visit.

"We found the prison camp in excellent condition, properly and efficiently managed. The prisoners are well cared for in every respect and provided with plenty of food and clothing. From our inspection of this camp we feel that the superintendent of the camp is doing a creditable job.

"We visited Alcoholic Beverages Control stores and warehouse and found stores in excellent condition, and found an ample supply of liquors in warehouse.

"From observation we recommend that the County Commissioners have drinking fountains in-

NEGRO SCOUTS TO MEET HERE

Colored Camporee to Be Conducted This Week

Over 150 colored Scouts from 15 East Carolina towns will be in mass camp here Friday, Saturday and Sunday at the Fifth Street colored school.

The Camporee will open Friday afternoon at 3:00 o'clock with the registration of patrols and a health check-up of each Scout present. At 7:30 Friday evening an informal campfire will be conducted on the camp site at which time patrols will put on stunts, skits, sing songs and play games.

Saturday morning will be devoted to contests in scouting events, such as First Aid, signaling, string burning, judging, etc. At 2:45 in the afternoon the group will form for a parade through the streets of Greenville, ending at the Plaza Theater where they will be guests of Mr. John Warner, manager, to see the picture, "Boy of the Streets." Saturday night will be the mass campfire conducted by John J. Sigwald, Scout executive of the East Carolina Council. The public is invited and urged to attend this meeting.

The Camporee will close after a sunrise service Sunday morning, at which time ribbons will be awarded to patrols which have earned enough points.

The physical arrangements of this Camporee are being taken care of by the Junior Chamber of Commerce, of which Dave Mosier is president. A pint of sweet milk for two days is being given each boy by the Carolina Dairy.

C. H. Morris of Washington is the inter-racial chairman of the East Carolina Council and will be present throughout the Camporee. He will hold a meeting of all inter-racial chairmen in the East Carolina Council at 12:00 Saturday.

The entire program for this Camporee will be conducted by A. J. Taylor, colored Scout executive from the national office, New York.

Come out and see these colored Boy Scouts demonstrate their scouting ability.

stated in the corridors on the first floor of the courthouse, to accommodate the public.

"We examined the Justice of the Peace records and Guardian records, and we are herewith attaching copies of the same, and all Justices and Guardians have been furnished copies. The following Magistrates have not filed records with the Clerk of the Court:

(Clerk of Court J. Frank Harrington advised that each of the four filed their report on the same day the Grand Jury findings were presented, but after the statement had been copied.)

"W. R. Williams has been in hospital, and B. J. Skinner recently qualified. The attached report will furnish further information, if desired.

"In submitting this report, we wish to express our appreciation to the Hon. Clawson Williams, Judge presiding, and the Hon. D. M. Clark, Solicitor, and all court officers for the assistance rendered and the courtesies extended to us during this term of court.

"Respectfully submitted,
"C. H. JOYNER,
"Foreman of Grand Jury.
"This the 25th day of April, 1939."

SUFFER FROM NERVES?

Nashville, Tenn. — Mrs. Ruth Marsh, 1824 9th Ave. N. says: "I had no appetite, no energy, was thin, became tired very easily, and suffered from nerves. But after using Dr. Pierce's Favorite Prescription I felt like a new woman. I had a splendid appetite, gained weight and strength, and slept better at night. I had a liquid or tablet form of your drug today."

Manufacturers Of Feed Told Of Law

Raleigh, April 27.—Feed manufacturers of the state are being informed by the Department of Agriculture of the changes in laws and regulations affecting them and made by the recent legislature.

Mimeographed form letters detailing the changes are being sent out to the makers.

Attention is called is the inclusion of dog feeds, both bulk and in cans, under regulatory statutes for feeds; and the increased inspection tax on feed, cottonseed meal and fertilizer from 20 to 25 cents per ton, effective July 1.

NOTICE OF SALE OF PERSONAL PROPERTY

Notice is hereby given that the undersigned Administrators will, on Saturday, the 13th day of May, 1939 beginning at 11:00 o'clock in the

forenoon, on the premises of the late Sarah E. and Josephine Pollard, about twelve miles North of Vanceboro, expose to public sale the balance of the personal property of the said Josephine Pollard (it being the balance of the personal property not having been sold at the previous sale on the premises).

This the 21st day of April, 1939.

S. O. WORTHINGTON, SETH A. WILLIS, and S. F. NOBLE, Administrators of the Estate of Josephine Pollard.

TO THE VOTERS OF THE SECOND WARD;

—VOTE FOR—

J. A. COLLINS FOR ALDERMAN

He was born and reared in Pitt County, has been a citizen of Greenville for the past nineteen years, and served on the Board of Aldermen from July 1, 1930, to July 1, 1932, each of these two years your taxes were reduced, in which he had a part.

He is manager and part owner of the Home Furniture Store. He owns his home and other property, and has served on the Board of Directors of the First Federal Savings & Loan Association since its organization. We are sure that your interest will be his interest.

He is better qualified to serve you now than ever before, as he has had a lot of valuable experience since serving on the board the last time.

Everything Is Set For First Game Here Tomorrow P. M.

GREENVILLE AT WILSON TODAY

Parade and Other Ceremonies Planned For Friday

The lid was pried off the 1939 season of the Coastal Plain league this afternoon with games in four of the league towns, but the big day for Greenville will be tomorrow when the Greenies will engage the Wilson club in the first regulation game played in the new Guy Smith Stadium.

A gala program has been arranged preceding the battle itself. A parade with the High School Band providing the music will form at the school building, proceed down Cotanche street to Third, then to Evans and thence to Five Points and down Dickinson avenue to the Atlantic Coast Line crossing. The band will be taken in cars to the ball park to provide music during the game.

Mayor Marvin K. Blount, Alderman J. M. Taft, chairman of the stadium committee, other members of the board and city officials will ride in the parade, along with officials of the ball club.

Games today are scheduled as follows: Greenville in Wilson, Tarboro at Williamston; New Bern at Kinston and Snow Hill at Goldsboro.

When the Greenies take the field this year most of the names in the line-up will be familiar to local fans. With the exception of first base, which position will be filled by Manager Rube Wilson in place of Birch Douglas who is with Lehigh this year, the infield will be the same as was here at the close of the season in 1938. Three members of last year's hurling staff also are back. They are King, Calliguri and Spence. In addition the Skipper has secured three new hurlers. Simpson and Heavener will be in their old positions in the out-of-field, with Miller taking right field.

TRACK TEAM IN EVENT FRIDAY

Meet Rocky Mount With Goldsboro Win to Credit

By SPENCER CARROLL
With a win over the strong Goldsboro track team to their credit, Herman Fulkerson's Greenville high school cinder hopefuls, will invade the Rocky Mount camp tomorrow at 3:30 in an effort to hang up their second victory in as many starts.

Although Greenville high school is backing a track team for the first time in several years, they are expected to give the Blackbirds plenty of trouble. The combined fans of their strength when they upset the Gold Buzs 48-1 to 45-1 and walked away with nine first places in eleven events earlier in the season. Goldsboro boosted thirty members on its team while Greenville used only eight men at that time.

George Tyndall, who proved to be an iron man in the Goldsboro meet by coping three first places, and scoring 15 points is expected to pull through for the Greenies in the mile, 800 yards and broad jump.

George Johnson, Russell Rogerson and George Sakas, who topped two first places each against the Earthquakes will probably be parading again tomorrow.

CITIZENS BEHIND TEAM

When the Greenies make their 1939 debut in the first home game of the Coastal Plain League season against Wilson here tomorrow afternoon at 4 o'clock, following a parade and other appropriate ceremonies, they will have the support of practically the entire citizenry.

The Registration Books For The City Election To Be Held May 1st

—are now open for those who wish to register or transfer from one ward to another.

Persons residing in Wards—First, Second and Third, can register at the Court House, Mrs. J. C. Tyson, Registrar.

Persons residing in Wards—Four and Five, can register at the City Hall, Mrs. W. W. Phelps, Registrar.

Books will remain open until sundown, Saturday, April 29th, at the above places.

Game In Wilson Postponed---Rain

SAME LINEUPS ON TOMORROW

Parker and King Expected to Get Pitching Jobs

The Greenville-Wilson game was postponed about an hour before starting time this afternoon because of rain, thereby giving Greenville the opening game of the season.

The same line-up announced for today's contest will take the field tomorrow, according to announcements by the two managers. Parker will be in the box for Wilson, and King is expected to be assigned the job for the Greenies.

Reports from Wilson said that it started raining over something like two hours before game time and at 3 o'clock the rain was "pouring down." Although it practically subsided about 3:30 o'clock the grounds were too wet to attempt to play the game.

According to the rules, which provide that all postponed games shall be played the first time the two teams meet on the grounds where the game was scheduled to have been played, the contest will be made up on Sunday, May 7, thereby giving fans a double-bill on Sunday.

Greenville Teachers Turn Back Louisburg

Louisburg, April 27.—East Carolina Teachers' College scored three runs in the ninth inning and defeated Louisburg, 8-7, in a ball game here yesterday.

Mayo, E. C. T. C. third baseman, drove out a two-run homer in the final frame. Then Smith doubled, and scored as a result of two errors.

Pacing the Teachers' attack were Smith, with two doubles and a homer in five trips, and Mayo, with a homer and a single in four.

Leading Louisburg batters were Troutman with two homers in five trips, and Wise with a triple and two singles in five.

Louisburg's Netters Rack Up 5-4 Triumph

Louisburg, April 27.—Louisburg today edged out a 5-4 win over E. C. T. C. in a tennis meet here.

Somers, Burke, E. C. T. C., defeated Bill Louisburg, 6-1, 9-7; Harris, E. C. T. C., defeated Woodard, 6-1, 5-7, 6-3; Glover, E. C. T. C. defeated Lois, 6-2, 6-3; Willing, Louisburg, defeated Wilkerson, 6-2, 7-5; Watson, Louisburg, defeated Greene, 6-1, 6-0; Chaffin, Louisburg, defeated Meadows, 8-10, 6-3, 6-2.

Purke and Glover defeated Roll and Woodard, 6-3, 6-3; Lails and Willing defeated Wilkerson and Harris, 4-6, 7-5, 6-3; Watson and Justice defeated Greene and Meadows, 6-0, 6-8, 6-2.

Kimzey Begins Duties On State Commission

Raleigh, April 27.—(AP)—Pat Kimzey, as he is known to his friends, took the oath of office today as a member of the State Industrial Commission to succeed Dewey Dorsett.

Kimzey was sworn in the offices of Governor Hoyt by Associate Justice Michael Schenk of the Supreme court. The new member is from Transylvania county and was a member of the 1937 and 1939 legislatures.

The entire personnel of the Industrial Commission attended the exercises.

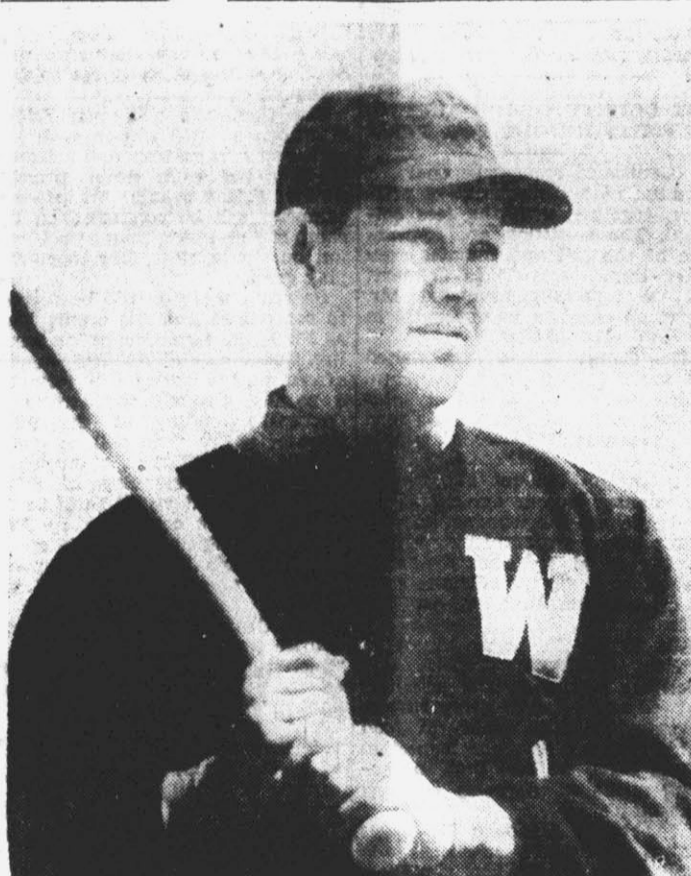

Halifax Relief Drops.

Halifax.—(AP)—Direct relief cost to the city of Halifax, exclusive of grants to the Red Cross, was \$240,120 during 1938, a decrease of \$36,272 as compared with the previous year.

Federal food and drug officials reported an increase during 1939 of legal actions under the food, drug and cosmetic law.

Of 300,967 farm families in North Carolina, 209,643 have home gardens, 47,686 of them year-round gardens.

FORMER GREENIE NOW A FOE

Gaither Riley who was with Greenville part of last season later going to Ayden and now with the Wilson club, which bought the Ayden franchise, will oppose his former Greenville teammates here tomorrow afternoon when the first game of the season will be played in the new Guy Smith stadium.

TWO OF LOCAL'S OUTFIELDERS

Whitey Heavener, left, and Ralph Simpson, right, both members of last year's local baseball team, are back this year and, with Miller, will patrol the outer garden when the Greenies take the field against Wilson in the first league game to be played in the new Guy Smith stadium. The two fielders above are considered as good a combination to be found in the circuit. Whitey covers ground in the left field and the fleet-footed Ralph can cover "an acre" in center field.

PROCLAMATION

WHEREAS, tomorrow, Friday, April 28th, is the date of the opening game of the Coastal Plain League Season in Greenville, and our local "Greenies" will engage the Wilson "Leafs" in the new Guy Smith Municipal Stadium, at the Old Fair Grounds, at four (4) p. m., and

WHEREAS, Baseball is our National game, and this year marks the One Hundredth Anniversary of the game, and celebrations are being held in every baseball park in the United States this year in commemoration of the Centennial, and

WHEREAS, Baseball has attracted many visitors to Greenville from year to year and serves as a great advertising medium for our city, in addition to furnishing our fans with good games during the season, and

WHEREAS, the officials of the Greenville Baseball Club have made plans for a gala opening day here tomorrow, including a parade at three (3) o'clock, with the Greenville High School Band, the State Highway Patrol, City Police Department and City Firemen, and the City Merchants have voted to allow as many employees as possible to attend the game,

NOW, THEREFORE, I, M. K. Blount, Mayor of the City of Greenville, do hereby request all citizens of Greenville to take proper notice of this day and event and co-operate fully in the observance of the Opening Game, and extend a cordial welcome to the many visitors from our neighboring city of Wilson, as well as other visitors who may be here during the day.

This the 27th day of April, 1939.

M. K. BLOUNT, Mayor, City of Greenville.

HIGHS TO PLAY IN WASHINGTON

To Meet Pam Pack Team Tomorrow Afternoon

In renewal of their keen rivalry, the Greenville high school Eastern conference baseball team will clash with the Pam Pack nine of Washington tomorrow afternoon at the Pamlico city. Tomorrow's game will be the Phantoms' sixth loop test. To date, the locals have a record of two wins and three setbacks. The Greenies also have beaten Winterville twice in practice games.

In the two teams' first encounter, Coach Farley's G-men ruminously and unmercifully slammed out a 35-8 victory, sending three Pack hurlers to the showers in collecting 14 hits.

Paul Flye is slated for mound duties in tomorrow's contest. Flye has been resting for several weeks and should be ready and in top shape. Polly Williams, regular receiver, is still on the bum with a sprained finger and probably will see tomorrow's game from the bench.

Milford Stafford, varsity third-sacker, will fill Williams' shoes behind the plate, with Marvin Stocks holding down the hot corner.

Since their loss to the G-men, the Washingtonians have done somewhat better, having beaten the strong Roanoke Rapids nine recently. At the present, the Beaufort boys occupy the cellar position in the loop standings, but are expected to give the locals a stiffer battle this time.

Other probable starters for Greenville are Leslie Babcock, 1b; John Lautes, 2b; Marvin Stocks, 3b; Ford McGowan, ss; Bill Taylor, lf; Larry James, cf, and Johnny Register, rf.

SHE SAYS SHE'LL WED DIMAGGIO

Dorothy Arnold, film actress whose real name is Dorothy Arnoldine Olson, spread the word that she plans to marry Joe DiMaggio, the New York Yankee baseball star, this summer. Joe, however, denied he contemplated a trip to the altar, although he said he knew Miss Arnold. Undaunted by Joe's retort, Dorothy set out to get a little practice in opening cans, cooking and the like in her home at Hollywood.

N. Y. Stock Market

New York, April 27.—(AP)—Cotton futures opened unchanged to three lower, failing to follow Liverpool's advance. Selling came from commission houses the South and local professionals.

Prices in mid-morning were two higher to three lower. The cotton continued steady up to noon, within a range of two net higher to two lower. Contracts were supplied by Bombay brokers, New Orleans operators and local professionals.

New York Cotton

New York, April 27.—(AP)—The stock market hitched onto aircrafts today and extended Wednesday's recovery by fractions to around two points. While speed was still lacking, dealings were a bit livelier than in recent sessions. Prices slipped under the best near the fourth hour. Bonds were no better than steady.
