British-French Missions Prepare Leave Moscow

WILL ABANDON NEGOTIATIONS

Conversations Among Agents of France, Britain and Russia Definitely Concluded Following Soviet Signing of Non-aggression Pact with Germany

Moscow, Aug. 24.—(AP)—The British and French military missions were reported reliably today to have decided to leave Moscow tomorrow, definitely breaking off negotiations with Soviet Russia for a three-power mutual assistance pact.

This decision was reached after Germany's Foreign Minister Joachim von Ribbentrop left Moscow by airplane to report to Adolf Hitler on his successful completion of a non-aggression pact with Soviet Russia.

Swastika flags were interspersed with Soviet red banners as decorations to the entrances of the huge Moscow civil airport when Von Ribbentrop arrived at the air field.

Members of the French and British missions obtained their passports and visas last night and were expected to fly back to Paris and London tomorrow.

They were officially reported to be acting on instructions from their home governments. It was understood they would go by way of Finland to avoid German territory.

Germany and Soviet Russia bound themselves not to war against each other nor even to associate themselves with any lineup of powers aimed "directly or indirectly" at either.

Pact negotiations between Nazi Germany and Soviet Russia provided Germany with a spectacular sight—the publication of a photograph of a Soviet leader alongside that of a German leader.

Nazi Agent In Control Of Danzig Government

Apparently Given Powers to Effect Reunion

Danzig, Aug. 24.—(AP)—The Danzig senate in solemn session, voted today to make Albert Forster, Nazi party gauleiter of Danzig, the Free City's chief of state.

This means that Arthur Greiser, who has hitherto been head of the little state as senate president, ceases to be chief executive.

Danzig's customs officials reported to free state officials today that Poland had closed the border between Poland and Danzig.

Danzig officials earlier had shut off telephone connection with Gdynia. This was said to be a reprisal against Polish action in refusing to accept calls for Gdynia.

DNB, official German news agency, said it understood the British consul general left the Free City early today.

Elevation of Forster gives Danzig a chief of state known as a radical. Greiser is called a moderate.

Some sources interpreted this action as an indication that Forster would have dictatorial powers to perfect the demanded reunion of the Free City with Germany.

Reports Progress On River Project

Dredging operations on the Tar river project are continuing at a steady pace with work continuing 24 hours a day, six days a week.

F. E. Brooks, who is connected with the port commission, said today that the dredge now is about a mile and a half from the proposed turning basin, having gone about seven miles since work was started.

The dredge now is just below Barber's landing and will probably reach the turning basin site about the last of September, Mr. Brooks estimated.

REPORTS FROM TWO CAPITALS POINT TO WAR

Berlin Claims Danzig Encircled by Polish Forces

THREAT IS MADE OF COUP D'ETAT

Warsaw, Meanwhile, Takes Prompt Action to Meet any Emergency that May Arise

Berlin, Aug. 24.—(AP)—The official German news bureau, DNB, in a special dispatch from Danzig asserted tonight that the Free City had been encircled by a mixed Polish division in the South and West and that the danger of an immediate coup d'etat was very great.

The DNB dispatch said: "By this concentration of a war-equipped Polish division at the immediate frontier of Danzig's territory, the danger of an imminent coup d'etat has come exceedingly close."

Adolf Hitler suddenly returned to his Berlin chancellery as events in Central Europe appeared to be heading rapidly toward a climax.

Foreign Minister Joachim von Ribbentrop a few minutes later landed in Berlin from his flying visit to Moscow, bringing in his pocket a non-aggression treaty with Soviet Russia.

Hitler returned to Berlin unexpectedly from Berchtesgaden in an airplane.

Prime Minister Chamberlain's address to Parliament contributed to the growing tension in Berlin.

His firm attitude, it was feared in many quarters, caused hopes to fade that European problems could be solved without bloodshed.

Troops stood in formidable numbers on both sides of the German-Polish border.

In Danzig, it was admitted that German troops were in position from which they could move on a moment's notice.

Warsaw, Aug. 24.—(AP)—Swift steps to meet any emergency including military defense of Polish territory were taken throughout Poland today.

After a series of conferences between government leaders at the presidential residence and a special cabinet meeting late last night, new defensive measures were reported to have been decreed and placed in immediate operation.

With nearly one million men already under arms, it was reliably reported that a large number of additional reservists had been called to the colors overnight. It was understood that still more men might be mobilized.

It was emphasized, however, that the new measures were simply additional defensive precautions.

Secrecy concerning the exact measures taken was considered as further evidence that Poland wished to avoid even the outward appearance of any movement which might be considered aggressive.

The official Polish news agency announced that Prime Minister Skladkowski had canceled the leave of all Polish governmental officials. It was also announced that Polish schools, scheduled to begin classes on September 4, would not be opened until a date to be made public later.

Despite the tension, Warsaw was calm. Defense precautions were carried out without fanfare.

Vanceboro Ex-service Men In Army Reserve

Sergeant Stonewall Jackson, in charge of the United States Army recruiting station located in the city-county armory, today disclosed that Dudley L. Clark and Sherman J. Purser, ex-service men of the Vanceboro community, have enlisted in the regular army reserve.

Jackson said that Clark had seen service in the Hawaiian infantry and that Purser had served in the Coast Artillery at Hawaii. He explained that he now has ten vacancies for regular army field artillery at Fort Bragg.

Brother vs. Brother. Sedalia, Mo.—(AP)—Fire Chief John Leuck, rushing to a grass fire in his official car, collided with a fire truck, driven by his brother, Fireman Al Leuck, headed for the same blaze. Nobody was hurt.

Great Britain And France Preparing For Emergency

FRANCE PLANS UNITED FRONT

Daladier to Form National Union Government, as Five Classes of Reservists are Massed; New Cabinet Backed with Dictatorial Powers to Sit Every Day

Paris, Aug. 24.—(AP)—Premier Daladier plans to form a national union government, uniting all factions of France, it was learned today as five classes of reservists massed under partial French mobilization.

Men called to the colors moved to their posts swiftly in special trains and requisitioned buses and automobiles.

In Paris, after a two and one-half hour cabinet meeting with President Albert Lebrun, officials said France's powerful premier planned a nationwide appeal to the nation for union to be followed by the formation of a cabinet backed by virtually all powers. Whether this would include Communists was not stated.

Officials said the cabinet would sit in session every day from now on. France mobilized a fifth class of reservists, adding approximately another 150,000 troops to the men already under arms in answer to threats of a European war.

Previous estimates of the number of troops under arms had been placed at 2,000,000.

Reports were current that three more classes may be called within the next 24 hours. Three more would bring France close to what is considered general mobilization.

Charge Preferred Against Prisoner

Sam Shaddix, convict who attempted to take the life of Foreman G. S. Turner, has been charged with secret assault with a deadly weapon with intent to kill F. W. Jacobs, in charge of the state prison camp in Pitt county, disclosed today.

Jacobs said that Foreman Turner was able to be back on the job today after being slashed on the neck Monday with a straight razor when Shaddix attempted to take the life of the foreman after faking an illness.

Shaddix is slated to be returned to Pitt county over the week-end and be tried next week in the criminal term of Pitt Superior court. The charge confronting the convict is a felony, and if convicted the length of sentence is left to the discretion of the court. He is now on death row in Raleigh for safe keeping.

The attempt of Shaddix to escape was executed Monday while he was working with a road in the Pactolus community. He complained to Turner that he was sick and while Turner was proceeding to the prison camp to give Shaddix medical aid, the convict jerked the razor from his pocket, told Turner "This is your finish," and slashed Turner's neck.

War Scare In Europe Blessing In Disguise

The effects of the European war scare apparently are being reflected in Greenville police circles, according to Chief of Police George Clark.

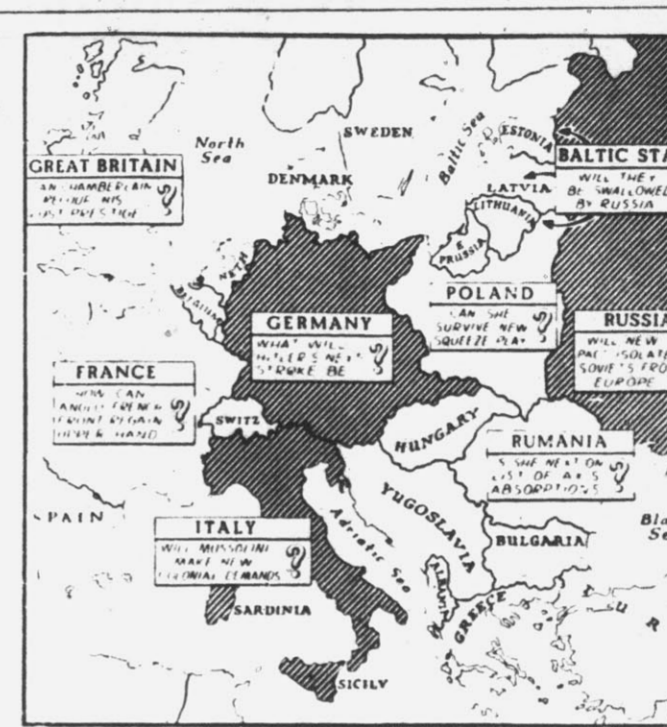

"Hitler is doing so much talking about war that culprits in this section are afraid to even start a minor fight," declared Chief Clark in commenting on the small number of cases requiring police attention at the present time. "They are afraid if they start fighting among themselves over here they will have to fight either for or against Hitler," added the police chief.

Furs Get Clabby

Paris.—(AP)—Furs are getting together. New coats of shaved lamb dyed beaver brown are being trimmed with beaver. One model has an Exon collar and big square patch pockets of beaver. The coat is a sports model in three-quarter length on box lines, and is slit up the side seams in smart tailored effect.

Europe A Camp Of Question Marks

A new era of uncertainty dawned on Europe with the impending Russo-German non-aggression pact, the surprise reason for new questions of diplomacy and power politics in all quarters. This map spots the salient issues—most of which arose overnight. The combined answers to all these questions likely will bring the answer to the all-embracing question—Will war come? Germany and the two nations with which she is working most closely—Italy and the new "non-aggression" partner, Russia—are denoted by diagonal lines.

German Patrol Occupies Estate Within Poland

Special Session? Salt Lake City, Aug. 24.—(AP)—Senator Pat McCarran (D-Nev.) said today his Washington office had telegraphed him that President Roosevelt was preparing to call a special session of Congress to consider neutrality legislation.

Senator McCarran told reporters he would regret to see Mr. Roosevelt take such action, adding that he believed present neutrality laws should not be changed.

ALL FACTIONS BACK PREMIER

Chamberlain Advises Commons of Hitler's Demand for Free Hand; Declares He Has Done All Within His Power to Preserve Peace; Cheer-ed by Opposition Forces

London, Aug. 24.—(AP) Prime Minister Chamberlain declared in the House of Commons today that Adolf Hitler had demanded a free hand for Germany in Eastern Europe and had told Britain that any country which interfered was to blame for an ensuing war.

"God knows I have done all that is possible in efforts for peace," said the prime minister after he had declared Britain's obligation to Poland "remains unaffected" by what he called the imminent peril of war.

Speaking against the background of rapidly arming Europe, the prime minister asked Parliament to enact an emergency powers bill giving the government virtually dictatorial authority to deal with any emergency.

The cheers that rose from all sides of the house at the close of his 22-minute speech indicated quick acceptance of his demand.

Arthur Greenwood, acting leader of the Labor opposition, addressed Commons when the prime minister had concluded and described Chamberlain's statement as one of "gravity," but approved the government's policy of firmness.

"Let no man abroad," he said, "think labor will be a willing party to acquiesce any further acts of aggression."

Liberal Leader Sir Archibald Sinclair also approved the government's policy.

"Now that we are in a crisis, criticism must be put aside," he said.

Negroes Arrested For Transporting

Pitt County ABC officers today reported the arrest of Nathaniel Daniel and Matthew Jones, Carolina township Negroes, who are charged with transporting illegal liquor. Bond for each was set at \$200.

Officers said the Negroes were nabbed at Gainer's bridge in Carolina township. They said also that when the Negroes' car stopped, a gallon of bootleg liquor rolled from the motor vehicle.

The Negroes will be given hearing in the September term of Pitt County court.

YOU CAN'T PLAY A BUGLE THROUGH STORE TEETH

Wellston, Ohio.—(AP)—"Store teeth" has silenced the bugles of Legion post No. 371. The Ohio American Legion News reported that the post's Drum and Bugle Corps ceased to function because so many members had false teeth, a thing which makes bugling a difficult feat.

Station WGTC

J. J. White, who has been granted permission by the Federal Communications Commission to operate a radio broadcasting station in Greenville, revealed today that the call letters WGTC had been adopted and approved. The call letters will stand for "World's Greatest Tobacco Center."

Mr. White said that he hoped to have the station in operation within three months, or by January 1 by the latest. He explained that actual work on setting up of studios, etc., was being held up pending a final approval of the tower, which will be one of the highest in Eastern Carolina.

PRESIDENT RETURNS TO CONSIDER CRISIS

Sandy Hook, N. J., Aug. 24.—(AP)—President Roosevelt told reporters today he would confer immediately with Secretary Hull about the European crisis upon his return to Washington and check up also on plans that have been ready for two years for evacuating Americans from Europe.

The President talked with news-men aboard the destroyer Lang just before he came ashore this morning, cutting short a vacation cruise to hasten back to the capital.

He stepped ashore at the pier on the Fort Hancock reservation at 7:40 a. m., and motored to Red Bank, N. J., 14 miles away, to board a train for Washington.

He said he would look into the question of finances, treasury balances in Europe and European balances in this country. These are technical things that do not amount to much and are not worth emphasizing, he said.

Mr. Roosevelt remained silent, however, on any definite steps this country might take to try to avert a European war.

Social and Personal

Misses Margaret and Anna Lee Register left today for Lincoln and Asheville, where they will spend several days.

Mr. and Mrs. J. T. Oakley of Richmond, are making their home with Mr. and Mrs. E. H. Schwarz during the tobacco season.

Mr. T. A. Etheridge, Miss Winifred Etheridge of Richmond, Va., Mr. and Mrs. John Shepherd and son of Coeburn, Va. left this morning for an extended trip through Florida.

P. A. Etheridge, Aldine and Joseph Etheridge, Carolyn Barnhill and Linda Ruth Etheridge of Whitakers, left this morning for a trip to Western North Carolina. They will be accompanied home by Nell Etheridge, who has been spending the summer at Camp Bearwalla, near Hendersonville.

Mr. and Mrs. W. J. Bundy and Mrs. Selma Carson Moore attended the funeral of Dr. W. O. House at the country home near Tarboro yesterday.

Miss Agnes McDonald of Greensboro, who has been the guest of Mrs. H. L. Taylor left today for a visit to Manteo and Norfolk.

Manager Nickens of the Charles Store is entertaining his clerical force at a barbecue supper tonight.

Mr. Tom Swain, Mr. Walter Cherry and Mr. J. W. Rose attended the funeral of Dr. W. O. House yesterday at his home near Tarboro.

Wedding Attendants Honored. The bride's attendants of the Van Nortwick-Staples wedding party were honored today at one o'clock, when Miss Ramona Staples entertained at a "Beach Party."

Upon arrival the guests, all wearing play suits, were greeted by Mrs. G. E. Staples, mother of the hostess, presented sand buckets filled with popcorn and lollipops and served a refreshing fruit punch.

Guests were then invited to the dining room for luncheon, where the table was delightfully appointed. Encircling mixed garden flowers in an attractive bowl holding a peasant lady, centering the table, were ducks in varied colors. California pottery and raffia mats and glass holders were used in the luncheon service.

A "Raggy Ann" salad and a frozen dessert were served.

Miss Staples remembered each of her attendants with a lovely gift.

Miss Barr Injured. Miss Eleanor Barr is confined to her home, suffering from injuries received in a fall.

Entertain at Barn Dance. Harkling back to grandmother's time, Mr. and Mrs. David W. Mosier entertained at an old-fashioned barn dance yesterday evening at their country home, "Greenhill," honoring Miss Ramona Staples and Mr. N. O. VanNortwick, Jr., whose marriage will be solemnized tomorrow afternoon at the Presbyterian Church.

Mr. and Mrs. Mosier received informally at the entrance to the dairy, where corn shocks, hay stacks and various field crops formed an appropriate setting for the party.

The milk house was converted into a refreshment room, where dishes filled with popcorn, pretzels, sandwiches and beaten biscuits were served with iced drinks from the fables, throughout the evening.

Bear Johnson's orchestra provided the music for the dancing in the barn loft, the entrance to which was by the stairs and the exit by the hay chute.

In addition to dancing, the entertainment consisted of a jitterbug exhibition by Miss Marie Smith and Quinn Bostic, corn shucking and nail-driving contests among the women and other enjoyable stunts.

A large number of friends, in costume, enjoyed the hospitality of Mr. and Mrs. Mosier.

Among the out-of-town guests attending this delightful affair were Mr. and Mrs. M. W. Taylor, grandparents of Mrs. Mosier, Mrs. W. K. Hinman, mother of the hostess, Mrs. Sam Thomas, Miss Helen O'Brien, Miss Julia Thomas, Miss Helen Jones, Miss Sidney Thomas, Jimmy Crozier of Beaufort, Allan Exum of Snow Hill, Vernice Lang Jones and Eli Joyner of Farmville, and other out-of-town guests here for the wedding.

IN THE DRIFT

These Parcels Found Floating On The storm on our coast has caused such suffering that the people are in need of help.

As the citizens are responding very promptly to the order to have their sidewalks cleaned, the authorities should take a hand on the streets and let all be cleaned together.

The storm just at train time Wednesday evening, caused many people to scattered and some of them got a sprinkling.

Washington Daybook

By Preston Crozer

Washington—Of 10,000 young men between 18 and 25 who will be tried out by the government this year for possible service as air fliers, probably only 400 to 600 will become worthy combat fliers. The rest will fall by the wayside, most of them before they ever put hand to the controls of a fast army plane. However, of the remainder, perhaps as many as 80 to 90 per cent will qualify as private pilots and become a potential "pool" to be drawn upon in an emergency.

Psychology tests will get some of them. Ground school examinations will take out more. Sickness, change of heart and other causes will eliminate some. From those who survive, the army will choose 600, or perhaps fewer.

Ninety to 95 per cent will have a college background. To prevent discrimination, the others may come up with no book learning at all. They probably won't get very far without at least a high school education.

All these things and more come out as the army and the Civil Aeronautics authority get ready to put more fighting men in the air than we ever had before. They expect to take on a crop of 10,000 this year and others, year by year, until they get enough. It will take four years, perhaps longer.

Colleges that take on the ground school as part of their class work will be given \$20 a student to provide facilities. The incoming student will have to shell out \$40 for laboratory fees. He has to maintain himself. It is no all-expense job.

No Job Guarantee
When the preliminary training is finished the student will not be guaranteed a job. The army or navy may want him to take advanced training. In any event he will be part of the "pool" of trained pilots the government wants for national defense.

It will cost about \$10,000 per student to carry them from air-ignoring to the grade of army pilot. About \$300 a student is allowed for the first year. This will qualify them as private pilots.

At present there are 26,000 fliers with some sort of a license. The government estimates only 5,000 are really first-grade fliers.

Robert H. Hinkley, a member of the Civil Aeronautics Authority, says women may be admitted to the training. Hinkley agreed that a lot of people would consider money spent on women fliers as utterly wasted.

"But a lot of women would give you an argument on that," he said.

Nazi Mortality Rate
Hinkley thinks even 10,000 is a small crop.

"Germany has 65,000 men between 18 and 35 years in training camps and is turning out 25,000 pilots annually. Of course, Germany under this high-pressure system is killing them off at the rate of about a minimum of three every two days, to a maximum figure that I have heard to be 3,500 a year."

By use of psychological tests it is hoped to weed out many men before the expensive training begins, but so far nobody knows exactly what makes a good flier, or a poor one.

Four psychologists and 22 universities are cooperating under the air school scheme to try to find out.

"The air corps at Randolph field (the army's principal flying school) selects only the perfect physical specimens," says Hinkley. "They have had instances down there where an all-America football player could not learn to fly and a tap dancer did learn. But we do not know whether another tap dancer could or another all-America football player could not."

A reduction in the 1939 cotton payment from 2 cents per pound to 1.8 cents per pound, for the allotted acreage times the normal yield, has been announced by E. L. Floyd, AAA executive officer of State College.

WE WONDER

While our tobacco farmers and others in this community are wondering just what the final outcome of the present tobacco crop will be from a price standpoint, we are wondering just how many of these farmers, in addition to their tobacco crops, produced enough surplus to care for themselves and a small surplus to sell. We wonder just how many of these tobacco planters have a sufficient supply of meat on hand for their families and will have some to convert into cash from time to time as they need it; just how many have enough chickens and eggs to take care of home needs with a few to sell; how many have a cow or sufficient cows to supply the needed milk, cream and butter for the farm family with a surplus to sell; just how many have sufficient potatoes, rutabagas, canned vegetables, etc., for the winter and how many have fall gardens; how many have sufficient corn, beans, hay, fodder, etc., to feed the stock on the farm.

What we are wondering about is not an idle dream, but a reality that should exist on every farm in Pitt county. Every one of the above mentioned items and many others can and should be produced on the farms of Pitt county in addition to cotton and tobacco until our farmers are willing to carry out a balanced production program seeing to home needs first, they are not worthy to call themselves real farmers, for in truth, instead of being farmers, they are money-crop producers gambling their security on uncertain money crop prices and giving little or no thought to their future financial independence.

If Pitt county and other counties in the tobacco belt produced their home supplies with reasonable surpluses that can be absorbed by local markets, there would not be sufficient time left on the farm to over-produce the tobacco crop, and in the end the balanced program would mean dollars in the pockets of the farmers, and a portion of the millions of dollars sent out of this

N. C. S. LOOKING FOR BIG YEAR

To Begin Term Under Auspicious Circumstances

Reflector Bureau.

Raleigh, Aug. 24.—State College will begin its 1939-40 term next month under unusually auspicious circumstances.

This without reference to Football Coach "Doc" Newton, who would probably sing a mean version of the "Pigskin Blues," or to Sports Publicist Wade Ison, who would likely chime in with a good second to "Doc's" lead.

But on the really serious side of the campus, things are all lined up for State College's greatest year.

There are \$1,600,000 worth of new buildings on the campus, and everything points to a record enrollment which will go to the 2,300 mark for the very first time in history.

All of which puts State prexies, students and alumni in a fine frame of mind for the fiftieth birthday of the institution, October 3.

Included in the new building program which began almost exactly a year ago are five modern dormitories designed to fill a long-felt need for more campus living quarters for students. Rooms for 750 additional students were provided in the new dormitories, which now are rapidly being completed. They bring to an even dozen the dormitories on the rapidly expanding campus.

Dormitory Superintendent T. T. Wellons reported today that student applications have filled rooms in all dormitories, old and new, and that a waiting list is being set up to replace assigned students who do not perfect their applications by the time classes begin on September 14. Some of the early applicants are expected to change to private homes, a great many of which offer rooms to students.

In view of this, Mr. Wellons is emphatically confident that State College will be able to take care of all students looking for quarters.

Registrar W. L. Mayer reports that the advance registration of prospective freshmen and transfer students from other institutions continues far above figures for the corresponding days of last year, when total registration eventually went up to 2,155.

Comparison of this figure with the first student body is interesting. When State College opened its doors on October 3, 1889 there were just about 40 students. Colonel Alexander Q. Holladay, the first president had a faculty of eight members. The college consisted of one building, now the Administration building and called Holladay Hall.

Today State College has 39 modern buildings and a plant valued at \$7,000,000. There are nearly 250 qualified educators on the college faculty.

Colonel T. W. Harrelson, dean of administration, now in drawing plans for the fiftieth anniversary celebration, a 200-word history of the college written by Dr. D. A. Lockmiller is due from the presses, and a 50-page anniversary edition of the Technician, campus newspaper, is being prepared.

TAKES SHOT AT FEDERAL BODY

'Hot Shot' Ward Assails Government Loan Agency

Reflector Bureau.

By HENRY AVERILL.

Raleigh, Aug. 24.—L. A. "Hot Shot" Ward to supply plenty of color to anything in which he engages, and to put in no uncertain, if completely vivid language just what he thinks about anything.

An example is his brief in the case of The Vestry and Legal Trustees of the Protestant Episcopal Church of Washington, N. C., comprising T. Harvey Myers, senior warden, and J. D. Gimes, junior warden, and 19 others, versus C. C. Duke. The case will come up for oral argument before the Supreme court next week.

Plaintiff vestrymen claim defendant agreed to buy land from them and pay \$1,000 therefor. Defendant contends the plaintiffs cannot convey to him the land because they have not complied with a condition of an old will that certain graves "be kept sacred."

"Hot Shot" says the defendant is "seeing ghosts" and lambasts a tendency "in the government lending and guaranteeing agencies to find objections to titles that do not exist."

Duke's brief sets something of a record for brevity, the "Argument" taking up hardly more room than title of the case.

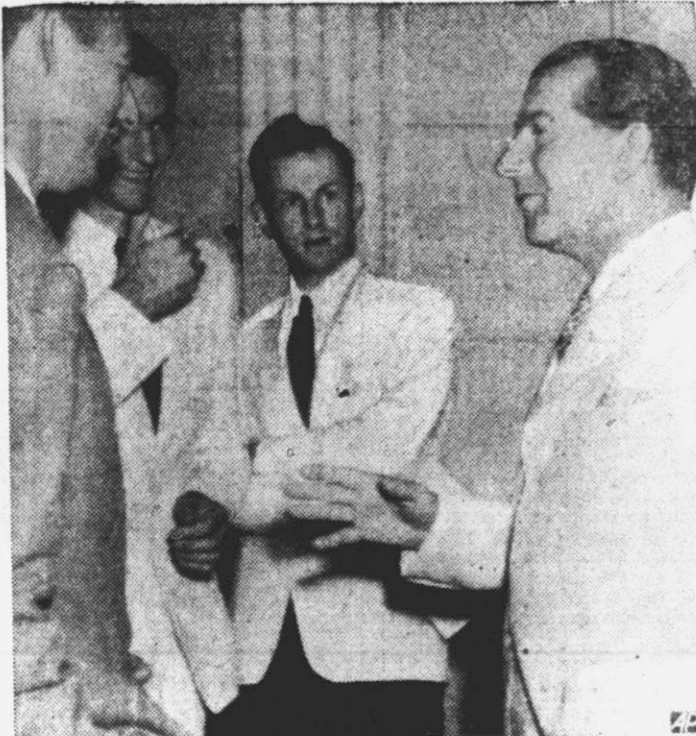

"We submit that sale of the land for commercial purposes to within seven feet of the graveyard is not keeping the graveyard sacred within the intent of the will of Thomas A. McNair, Sr." That about covers the entire argument.

"The defendant's objection to this title would be characterized as capricious, except for what appears to be a tendency in the government lending and guaranteeing agencies to find objections to titles which do not exist," replies the Ward brief. "He expects to apply to F.H.A. for assistance and he seems to us to see ghosts."

The title is "in all respects settled so completely that the court ought not to be bothered with it again."

J. C. Ferguson, extension cotton gin specialist of State College, says that North Carolina farmers lose nearly \$250,000 annually from rough-hewn cotton.

Polish Ambassador Talks of Pact

After conferring with State Department officials on the proposed new non-aggression treaty between Russia and Germany, Count Jerzy Potocki (right), Polish ambassador, told newspapermen in Washington, D. C., that "Poland will fight to preserve her independence whether Russia helps or not." He gave the impression that Poland was not altogether dissatisfied with the announcement of the pact.

Most Of Farm Payments Been Received In State

DC 24 - MOST OF THE 1938 farm payments have been received in the state. The \$14,342,904.05 due to the 1938 Agricultural Conservation program, it was announced today by E. Y. Floyd, AAA executive officer of state, upon receipt of a statement of T. J. Phipps, AAA executive officer of the state.

Floyd said that the 1938 AAA payments in North Carolina are nearly three million dollars more than those received by any other state in the East. Other states which also include Virginia, Tennessee, Maryland, Kentucky, Delaware and West Virginia.

North Carolina was the twelfth state in the Union in 1938. A payments last year. Larger payments went only to Texas, with \$63,334,519.11; Iowa, with \$28,210,792.44; Mississippi, with \$27,000,000.00; and Oklahoma, with \$17,000,000.00.

State office and other expense charged to North Carolina under the 1938 program totaled \$204,312.64, swelling the state's total in Triple-A funds for the year to \$14,947,216.69.

Laying Plans In City For Beta Sigma Phi

Miss Clyde Willis of Jacksonville, Fla., in Greenville having the foundation for a local chapter of Beta Sigma Phi Sorority, a non-collegiate organization which has over 15,000 members throughout the United States, Canada and Honolulu. Miss Willis is international representative.

Mrs. R. M. Garrett of Greenville has been appointed sponsor for the local chapter, which will be the fourth in North Carolina. Other chapters have already been organized in Raleigh, Newton, Asheville, Shelby, Gastonia, Greensboro, High Point, Statesville, Burlington, Wilson, Durham, and two in Charlotte.

Miss Willis announced that Monday night has been set as the tentative time for initiation, which will be featured by a buffet supper and election of officers. All plans have not been formulated for the initiation night, but Miss Willis expressed the belief they would be completed by Monday.

Members of the Wilson chapter have advised they will be present for the initiation night of the local chapter, as will Mrs. J. B. Spillman, who is director of the Delta chapter in Raleigh. Mrs. Clyde R. Hoy is state sponsor for the organization.

Members of the organization, which has as its motto "Life, Learning and Friendship," are sponsored by members of other chapters. The organization is invitational and is not specifically for young business women, but for others as well.

Each chapter of Beta Sigma Phi is limited to 25 members, with 10 being required for a charter. The distinctive sorority, organized only eight years ago, has realized unprecedented growth as a result of its objective to elevate the social and cultural potentialities of young women in various communities throughout the world.

"All of living is the theme of all activities of Beta Sigma Phi, which is international in scope. It seeks for the sorority wherever it keeps with other chapters of the same organization, are organized by the individual chapters.

Speculators live off the mistakes of tobacco farmers, who had to sort their bad product, but they had T. Work, a specialist of the State College Extension Service.

An act of business sense under will add the equivalent of 500 to 750 pounds of tobacco to the sale, says Prof. C. B. Williams, head of the State College Extension department.

SHORT SHOTS

Raleigh, Aug. 24.—Dr. J. S. Dorton, boss and chief bottle washer of the State Fair, has come to Raleigh and expects to be behind his desk in the State Department of Agriculture building most of the time between now and the opening of the Fair, October 20.

He is enthusiastic over the outlook, says there is going to be a bigger and better Fair in every respect this year, and is particularly enthusiastic over some of the amusement attractions.

"Lucky" Teeter, king of all the "Hell Drivers" will again perform his amazing death-defying stunts. Dr. Dorton says. He is particularly fond too in praise of the "Woodford Dachsunds," acrobatic dogs to whom "Life" devoted a two-page pictorial spread in its issue of August 7. These canine performers will be seen at the Fair.

Question which is agitating a number of political observers now, is just what kind of strategy Lieutenant Governor W. P. Horton is going to use in refraining from announcing his candidacy for governor at the Chatham county "Horton for Governor" rally next month.

It doesn't take much—in fact it takes practically nothing at all to start the political tongues talking. For instance, the other day Governor's Secretary Bob Thompson quite accidentally and obviously without serious intent, was with Lieutenant Governor Horton at a beach resort. Immediately the story ran that "the administration is for Horton."

More recently still, Bob introduced J. M. Broughton at a meeting of Wake County's Young Democrats, but it's hard to see how the wisecracks are going to make Bob and the administration for both Horton and Broughton.

Consider how important the position of adjectives can sometimes be. Sports writers, watching the national women's golf championships have been heralding the doings of Mrs. Estelle Lawson Page and telling about "The little lady from old Chapel Hill."

Which is perfectly all right, but just think what would happen if they got their adjectives switched and talked about "the old lady from little Chapel Hill."

Every so often it is more deeply impressed that all "political" appointments are not bad.

For instance, there was more than a little howling when Frank Armstrong, one of the key figures in Governor Clyde's Hoy's headquarters during the primary campaign of 1936, was named to a place on the Superior court bench. "Politics, pure and simple!" wailed the indignant protesters.

Yet Judge Armstrong's record in Supreme Court, as to reversals of his lower court rulings, will stand comparison with any in North Carolina; and just a day or so ago he "in lay life as vigorous a Democratic partisan as ever cussed the 'Radicals' ruled unconstitutional the last General Assembly's efforts to cut the salary of Franklin's Republican Sheriff A. L. Hinson and to take control of the jail away from that official and turn it over to a Democrat, Dallas Vestal.

No politics there surely.

It's not difficult to find those who will praise the action of Utilities Commissioner Stanley Wimborne in naming Virgil Wilson of Forsyth as a motor carrier inspector. Wilson, a representative in the 1937 and 1939 House, was, and still is, a McDonald man and a genuine anti-insoler as the sales tax goes. There was strong pressure brought on Wimborne not to name him, and it is reliably reported that the aid of Governor Clyde Hoy was sought to block the appointment, but Wimborne made it perfectly plain he's not carrying political feuds into his department.

MODES of the MOMENT

by Adelaide Kerr

Stripes remain in the forefront of fashion's summer parade. Here you see them—rose, blue and white—in a pique skirt cut like a huge circle, and finished with a flared pocket. Constance Moore, of the movies, wears it with a white crepe shirt.

When British Eyes Were Smiling

When Major General T. G. Heywood (right), member of the British military mission, was greeted upon his arrival at Moscow, August 11, by Colonel Sazonov (left), military commandant of Moscow, England and France hoped to negotiate a military alliance with the Soviets. But the picture changed quickly. Now German Foreign Minister Joachim von Ribbentrop was Moscow-bound to discuss a Nazi-Red non-aggression pact, the announcement of which threw European statesmen into confusion.

Thrice-Beaten Democrat Takes Case To N.C. Court

Raleigh, Aug. 24.—Thrice-beaten in legal or quasi-legal battles, after apparently being beaten at the Tyrrell polls, Robert L. Swain will next week appear through his attorneys, Democratic candidate, he received more legal votes last fall than did B. Ray Cohoon, Republican and face-of-the-record victor in the sheriff's race.

Ironically enough, Swain, the Democrat, is contending that it was the Democrats' own favorite weapon, the absentee ballot, which was illegally used by Cohoon to encompass his undoing.

On the face of the returns, Cohoon unseated Swain, who had succeeded to the sheriff's post in 1937 by appointment on the then-insummer's death. The count, as certified by the county election board, was 725 for Cohoon, 719 for Swain.

Swain contested the count before the county board and lost. He appealed to the State Board of Elections and lost. He refused to surrender the office to Cohoon in December, 1938, and the latter brought quo warranto proceedings to test title to the office. Before Judge Leo J. Carr and a jury, Swain again lost for the third straight time.

Now his appeal is before the Supreme court and is set for oral argument next week along with four criminal and 32 other civil cases from the First, Twentieth and the Twenty-first judicial districts.

Appeals from the First District will be called on Tuesday of next week. On Wednesday the court will start at the first of the calendar and call the cases as listed, regardless of the district in which they arose.

The Lady and the Bear.

Cody, Wyo.—(AP)—A Cody doctor tells this one:

"A young woman was focusing her camera on a Yellowstone park black bear, which was being fed by another tourist.

"Food gone, the tourist threw the wrapper in the direction of the photographer.

"The bear jumped for the wrapper; the young lady thought he was after her. She screamed and ran. The bear, excited, dashed in pursuit. He was a fast-running bear and caught up with the young lady. He nipped her southernmost portion as she fled northward.

"The bite accelerated her speed. She easily outdistanced the bear and he never got a second nibble. I heard the story when she came to me to get the wound sewed. Meanwhile, the tailor was repairing the southernmost portion of her slack suit."

Manager Rogers' Homer Features Tobs' 6-2 Triumph

FINE FIELDING ALSO IS SEEN

Gracie Allen Paces Hitters with Three Hits

Greenville and Wilson met for their last scheduled local clash of the season in the Guy Smith stadium last night, with Manager Frank Rogers furnishing a fitting climax via the home run route for a 6-2 victory.

Bernard Mooney, known as Big Ben to all the fans, blanked the Tobs for three innings. Then Wilson loaded the sacks in the fourth on singles by Carnahan and Olmo and when Anderson was hit with a pitched ball, Rogers stepped to the plate and poled a blow over the 1 1/2 wall, 360 feet from home plate.

Firpo Creson, Tob hurler, hurled scoreless ball until the eighth when Greenville loaded the bases on Blake's single and walks by Daniels and McCall. Harry Jenkins connected with a blow that went into the air in front of home plate. Anderson fumbled the ball, and Black and Daniels scored.

Schuerholz's single scored Anderson, who walked in the fourth, and a double steal was executed in the ninth for the final score. Allen and Wilson staged a double play in the sixth that thwarted additional Wilson scoring. Allen threw Creson out at first on a grounder and Firpo Manager Wilson sprinted across the infield and got Schuerholz off second.

Exceptional fielding was also displayed by Red Christopher, who made several spectacular stabs. Jirak gathered the fielding features for the winners.

Gracie Allen paced the locals' hitting last night with three hits in five official turns. Carnahan, Rodgers and Schuerholz got two hits apiece in Wilson's nine-hit attack.

Over 80 Ace Swimmers To Be In Meet Tonight

TWO SOFTBALL TILTS HELD UP

Series to Give Way to Donkey Baseball Tonight

Rain last night again blocked play in the Greenville Softball League play-off and the same schedule will be followed tomorrow night.

The softballers will be idle tonight, when the Lions Club will engage an all-star team in a donkey baseball game at Third Street park, starting at 8 o'clock.

The first game in the semifinals series is scheduled to be played tomorrow night. Royal Crown and Double Cola will provide the competition. Gilt conceded the first round series to Duple Cola and Royal Crown entered the semifinals by virtue of two straight victories over Tadlock.

The second game tomorrow night will be between Biomi-Harvey and Carolina Sals, part of the first round play. Both teams have won one game each and a hard-fought battle is anticipated when the two mix for the privilege of entering the semifinals.

The Lions Club has made extensive preparations for the donkey baseball game tonight and a large crowd is expected. Persons who have seen a donkey game know what to expect, but it will be a real treat for those who have never witnessed such a contest.

TWO CONTESTS ARE THWARTED

But Action Prevailed In Three Other Games

Rain blocked two games in Coastal Plain League play yesterday, but a twin bill was reeled off as well as a one-way game between Greenville and Wilson which the Tobs won, 6-2.

Rained-out games were between Williamston and Goldsboro and Kinston and Snow Hill.

New Bern swept both ends of a doubleheader with the Tarboro Goobers. The first game with Bill Pen Berry on the mound produced a 4-0 shutout in behalf of the Bears. Pitching by Bill Hammons and McCullough helped the Bruins fade the Goobers, 9-8 in the after-dark contest.

With clear blue skies overhanging towns in the Coastal Plain today, present indications are that all scheduled games can be reeled off this afternoon and tonight.

Annual Scout Swim At Local Pool at 7:30 o'Clock

Over 80 crack Boy Scout swimmers from nine East Carolina towns and cities will participate in tank competition in the annual meet of the East Carolina Council of Boy Scouts in the Greenville municipal pool tonight at 7:30 o'clock.

An estimated 600 out-of-town guests are expected to be on hand for the second largest scouting event in East Carolina this year, as well as a large number of Greenville residents.

Greenville's Junior Chamber of Commerce is assisting the Greenville district of Boy Scouts in sponsoring the meet and today the Jaycees were busy in making last-minute preparations. Plenty of seats will be available and an amplifying system will be set up at the pool for the benefit of the spectators.

John J. Sigwald, executive of the East Carolina Council, said that admission will be free and expressed a special invitation to all local residents to be on hand to see the best swimmers in this section of the state in action.

Towns and cities to be represented here tonight are Wilson, Rocky Mount, Greenville, Roanoke Rapids, Washington, N. C., Kinston, Tarboro, Plymouth and Williamston.

Participants in tonight's events are Scouts who emerged victorious in district meets sponsored by troops throughout East Carolina. As a result of the eliminations, the spectators can be assured that the best talent in scouting in East Carolina will be entered in the competition. The other big scouting event this year was the annual Camporee which was held in Tarboro some time ago.

Your Screen Test

1. What Broadway balletstar (in photo), playing her first starring role in pictures, will dance to her husband's choreography?
2. Marie, the character actress, is the sister of what famous star of screen musicals?
3. What top-notch comedian and comedienne, both of whom have had stormy careers in pictures and on the radio, soon are to be in a movie?
4. In what following pairs alike: (a) Ann Harding and Florence Vidor, as to the men they married; (b) Frances Dee and Joel McCrea, as to the beginnings of their screen careers; (c) Miriam Hopkins and Edward G. Robinson, as to their hobbies; (d) Fred MacMurray and Lew Ayres, as to professions they once followed?

Count 20 points for each question correctly answered. A score of 60 is good, 80 is excellent, and 90 or above is colossal.

That Fellow With "Six Man" Ideas Is Back; This Time With "Abbreviated" Baseball

By FERD BROWNING
(AP Feature Service Sports Writer)
New York Steve Epler, the Nebraska school teacher whose "six-man football" caught on with a rush that still has him blinking, saw his newest sports abbreviation idea demonstrated the other day for the first time.

It is six-man baseball. Epler liked what he saw. The players liked playing it. Spectators admitted it looked like a lot of fun—but they stopped there.

It's not exactly baseball, they said. Epler agreed but explained that he didn't intend it to be. That he'd introduced the abbreviated version as a player-pleaser, not necessarily a crowd-pleaser.

He says it's designed to give each player more action—and it does. He thinks it'll make a better playground game—where space is restricted—than either baseball or softball. It's for youngsters, primarily, he says, and he believes more youngsters will become interested in regular baseball because of it.

How It's Played
The playing field has three bases—first, second and home—equal

distances apart in a triangle, 60 feet for six-man softball and 90 feet for six-man hardball. The pitcher's box is the same distance from home plate as in regular games.

With only three bases, the area within the two foul lines in the outfield is considerably lessened, since those lines start from home plate at a 60 degree angle instead of a 90 degree angle. Two outfielders cover that territory. A man at first and second and a pitcher and catcher complete the team.

Batting rules are radically changed. Two strikes is out and four outs retire a side. Epler figured out each inning every batter gets about twice as many times at the plate as in regular ball. Because the batter hits into a narrower area, fouls count only as a half strike.

The originator of the game says the narrower "fair hit" area and the necessity to hit safely in two strokes will make for better regulation baseball batters.

In the demonstration game (softball) the players were high school coaches and physical education di-

rectors taking summer work at Teachers College, Columbia University.

They followed a suggestion by Epler that they rotate positions after every putout. That's not an ironclad rule of the game but one suggested for playground games because—

"Boys like variety and like to become all-round players. Regular rotation is already required of the batting side and the best batter is not allowed to do all the batting. This rule merely extends this practice to fielding so that every player will get his turn at pitching and other favorite positions."

Epler has a point there he didn't bring out. Rotation in games between office league oldsters should prevent a lot of sore-arm trouble for those middle-aged would-be athletes who insist on pitching the full game and then spend the next three days beefing about, ailing arms.

Epler's newest idea in operation looks like the old makeshift backyard and street corner ball game put together with official rules—and that's about what he intended.
