GERMANY SAYS FIRST PHASE OF WAR AT AN END

Announces French Withdrawn From German Soil

BLAMES FRANCE FOR HOSTILITIES

Claims Initial Phase of War Failed to Produce Any 'Serious Fighting' at Any Point

Berlin, Oct. 19.—(AP)—The German high command announced today the first phase of the war in the West had ended with complete withdrawal of French troops from German soil following short, but bitter fighting.

This action, a communique said had pushed the French rear guard across the border between the Saar river and the Hornbach-Bliche road.

In other sectors of the Western front, the communique said, there was only local artillery and patrol activity.

Contacts with the enemy in several places was broken. It was added, because German troops did not cross the border in following up the French withdrawal.

The high command declared that the initial phase of the war, which it said was "provoked by French initiative," had not produced any "serious fighting" at any point in the west.

Summing up developments in the campaign to date, the communique added:

"The purely local fighting took place in a flat stretch near the French border in front of our West wall. With one single exception, on either side only small detachments, mostly weaker than one company, participated in these encounters.

"At no other point did the French even come close to the West wall; the communique added, "with the exception of regions where the West wall, as was the case of Saarbruecken, runs along the immediate neighborhood of the border.

Hoey Now Willing For Race To Start

Wilmington, Oct. 19.—(AP)—The Wilmington Morning Star in a dispatch from Rowland today quoted Gov. Hoey as saying that he was "willing" for gubernatorial aspirants to announce their candidacies at any time.

Early this year Hoey said he thought it would be to the best interests of the state and of the potential candidates if announcements were deferred.

The newspaper said that the governor, when asked yesterday whether he still thought the announcements should be deferred, replied: "When they (the candidates) are ready, I am willing."

Sen. Corey Attending Raleigh Legion Meet

State Senator Arthur B. Corey left this afternoon for Raleigh where he will attend a special meeting tonight of Post Number One of the State Department, American Legion.

Senator Corey, now an active member of the Pitt county post, was a charter member of the Raleigh post and also was the unit's first adjutant and its second post commander.

Tar Heel Slain In Texas Air Crash

San Antonio, Tex., Oct. 19.—(AP)—A board of inquiry flew to the King ranch today to investigate the crash of a Kelly field training plane in which Cader Gilmer Williams, 21, of Warrenton, N. C., was killed.

The body of the student flier was taken from the burning craft about a half hour after he had cleared the Brownville airport for a return night navigation flight to Kelly field.

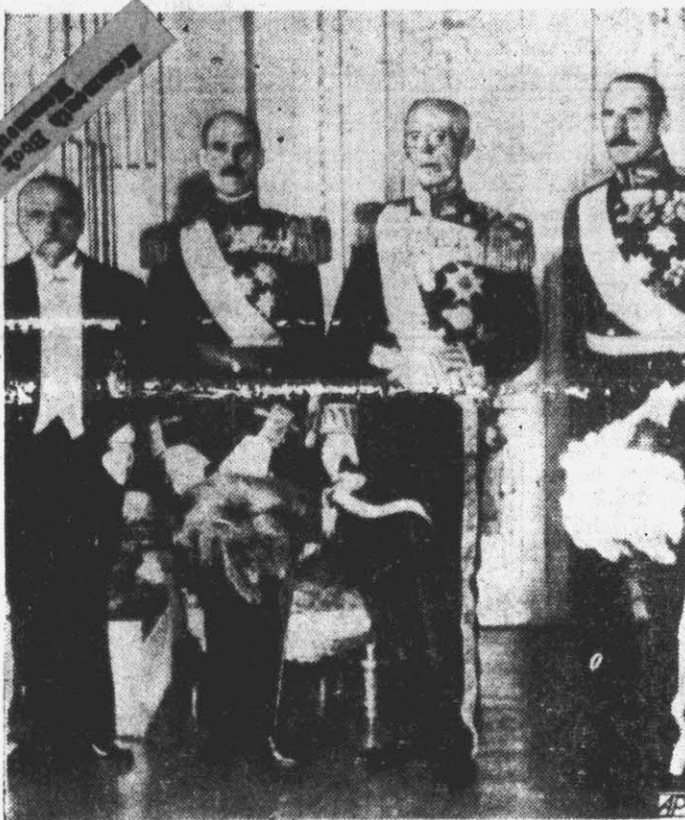

The accident occurred two miles from Norias. Workers at the ranch went to the scene after hearing an explosion, the army field was advised.

Dukes At Front

With the British expeditionary force in France—the Duke of Windsor and the Duke of Gloucester, his younger brother, toured the front lines today accompanied by Lord Gort, the British commander-in-chief.

The royal brothers looked into pillboxes, watched breastworks being erected and jumped into trench on their tour.

European War Worries Them

These four rulers of Scandinavian countries and Finland met in conference at Stockholm to discuss problems facing northern neutral nations as a consequence of the European war. Left to right: Gustav Kyoesti Kallio of Finland, King Haakon of Norway, King Gustav of Sweden and King Christian of Denmark.

Baltic Nations Conclude Stockholm Conference

LAWYER FILES SLANDER SUIT

Hannah Brings \$10,000 Action Against J. B. Kittrell

A \$10,000 damage suit has been filed in Pitt Superior court by Ham Hannah, Jr., Greenville attorney, against J. B. Kittrell, local broker, in which the plaintiff contends he was slandered and threatened by the defendant.

The complaint alleges that on October 16 of this year in front of Charles O. H. Home's drug store and in the presence of numerous persons, the defendant accosted the plaintiff and without cause made wicked malicious, defamatory, false and slanderous statements as follows in substance: "You are a damn thief, a crook and a robber and stole from me \$13.65."

The complaint further alleges that Mr. Kittrell charged the plaintiff with larceny and that when Mr. Hannah protested against the use of such vile, unwarranted and defamatory epithets the defendant took out his knife and attempted to assault the plaintiff and, with knife in hand, threatened to do plaintiff great bodily harm and in the presence of numerous persons continued to repeat wicked, vile, malicious, defamatory and slanderous words and against the plaintiff, accusing him of a thief, crook and a robber and accusing him of stealing money from the defendant.

The complaint states that when the plaintiff in order to avoid an altercation with the defendant, had left the place, the defendant continued in the presence of numerous persons and passersby to abuse, vilify and slander the plaintiff.

The attorney contends that as result of the alleged false accusations, he has been greatly humiliated, has suffered great torture and mental anguish, that his good name has been slandered and brought into disrepute and exposed to shame and ridicule and that his standing in his profession has been injured; hurt and damaged and that such remarks will continue to humiliate and embarrass the plaintiff and reflect upon his professional standing in the community.

Mr. Hannah asks \$5,000 compensatory and \$5,000 punitive damages from Mr. Kittrell.

The plaintiff is represented by L. W. Gaylord, J. H. Harrell and Alton Dain.

TOBACCO CONTINUES TO EXCEED 17 CENTS

With an average above 17 cents per pound having been marked up three days this week, prices on the Greenville market continued about the same levels for the day, although the quality of the offerings was inferior to that of the first of the week and this probably will be reflected in the day's average.

Sales still were running heavy, with today's offerings expected to bring the season's poundage to 37,000,000, as compared to approximately 25,000,000 pounds sold during the same number of days last year.

An average of 17.15 cents per pound was paid on the Greenville market yesterday, when 1,651,658 pounds were sold for \$283,318.03.

On Tuesday of this week 1,407,328 pounds were sold for \$310,969.49, an official average of 17.21 cents per pound.

Express Appreciation To American Republics

Stockholm, Oct. 19.—(AP)—Appreciation of the support of President Roosevelt and Latin-American states was expressed by the president of Finland and the kings of Sweden, Norway and Denmark in broadcasts marking the conclusion today of their two-day conference here.

Finland's dangerous situation due to demands from Soviet Russia in line with the latter's Baltic expansion, formed the theme of Finnish President Kyoesti Kallio's broadcast. "A powerful neighbor (Russia) has put forward for solution questions of a very serious character and Finland feels grateful for the diplomatic support received from others in this connection," President Kallio said.

"I trust that God will hold his protecting hand over the peace-loving people of Finland and hope that our neighbor in the East will respect our integrity and freedom and refrain from making demands which are unacceptable," Kallio said.

High political quarters held an optimistic attitude on the outcome of the conference, called by 81-year-old King Gustav, although there was no indication of any specific action by the four countries.

Dr. W. M. B. Brown Given High Honor

Word has been received that Dr. W. M. B. Brown, specialist in diseases of the eye, ear, nose, and throat, of Greenville, has been made a fellow of the American College of Surgeons at the annual congress of that body, which is being held this week in Philadelphia. This honor, or usually written P. A. C. S., is awarded to a limited number of physicians who meet the requirements in proficiency in surgery and whose reputation with regard to character and integrity is deemed proper by the College.

Dr. Brown has been practicing in Greenville since 1930 where he is a member of the visiting staff of the Pitt General hospital. He is the son of the late James Brown and a grandson of the late Dr. W. M. B. Brown. He is a member of the Pitt County Medical Society, the North Carolina Medical Society, the North Carolina Medical Association, and the American Medical Association.

Ponce De Leon was the first governor of Puerto Rico before starting on his ill-fated search for the Fountain of Youth.

VOTE TO LIMIT U. S. SHIPPING RESTRICTIONS

Vessels Not Barred From All Belligerents' Ports

PLAN PROHIBITS ALL ARMAMENTS

Other Goods May Be Carried to Ports in Pacific and Indian Oceans and Also Elsewhere

Washington, Oct. 19.—(AP)—Final agreement to permit American vessels to carry all goods, other than armaments, to some ports of belligerents was reached today by a group of Democrats on the Foreign Relations committee.

In general the amendment approved by the group would permit shipping to those ports in the Pacific and Indian oceans, the Bay of Bengal and the Arabian sea. Surface vessels also could operate to all ports in the South Atlantic which are situated south of 30 degrees north latitude provided they did not carry armaments to belligerents. The line 30 degrees north latitude runs from New Orleans.

American aircraft could operate to all ports in the Western Hemisphere, they could visit Bermuda and New Foundland—stopping points which would be barred to surface vessels.

Shipping to any section could be barred if the president proclaimed a "combat area" around certain ports.

Senate leaders agreed informally to wind up the debate on the neutrality bill this week and begin consideration of amendments Monday. Sen. Berkeley of Kentucky, the administration leader, and Sen. Nye (R-N. D.), one of the leaders opposing the administration legislation both reported this would be the procedure.

Meanwhile southern opposition senators meeting in the office of Sen. Johnson (R-Calif.), discussed the possibility of offering united resistance to a proposed relaxation of shipping control provisions in the "cash and carry" section of the bill.

BITES SET FOR N. R. EDWARDS

Grimesland Man Killed When Hit by Auto Last Night

Norman R. Edwards, 38-year-old Grimesland citizen, was instantly killed last night when he was struck by an automobile said to have driven by N. G. Meekins of Washington. The accident occurred about 9:30 o'clock.

State Highway patrolmen reported that Edwards was struck by Meekins' car on the western edge of Grimesland and quoted Meekins as saying that he saw Edwards lying in the road just after he had passed a car and could not avoid striking the Grimesland man Edwards. It was reported had been to see a tenant on the edge of Grimesland relative to selling some tobacco.

An inquest has been set for Monday morning at 10 o'clock in Grimesland. Meanwhile Meekins is being held under bond of \$500. Meekins is a nephew of Federal Judge I. M. Meekins.

Funeral services for Mr. Edwards will be conducted at the home tomorrow afternoon at 2 o'clock to be followed by interment in Greenwood cemetery. Greenville He was a member of the Christian church.

He is survived by his wife, the former Miss Thelma Proctor of Grimesland, sister of Sheriff J. Knott Proctor; a small daughter, Peggie Edwards; his father, R. D. Edwards of Grimesland; three sisters, Mrs. Robert Love of Rounoke Rapids, Mrs. Ben Heath of Greenville and Mrs. R. V. Gaskins of Greenville; two brothers, Elisha Edwards of Greenville and Jack Edwards of Grimesland.

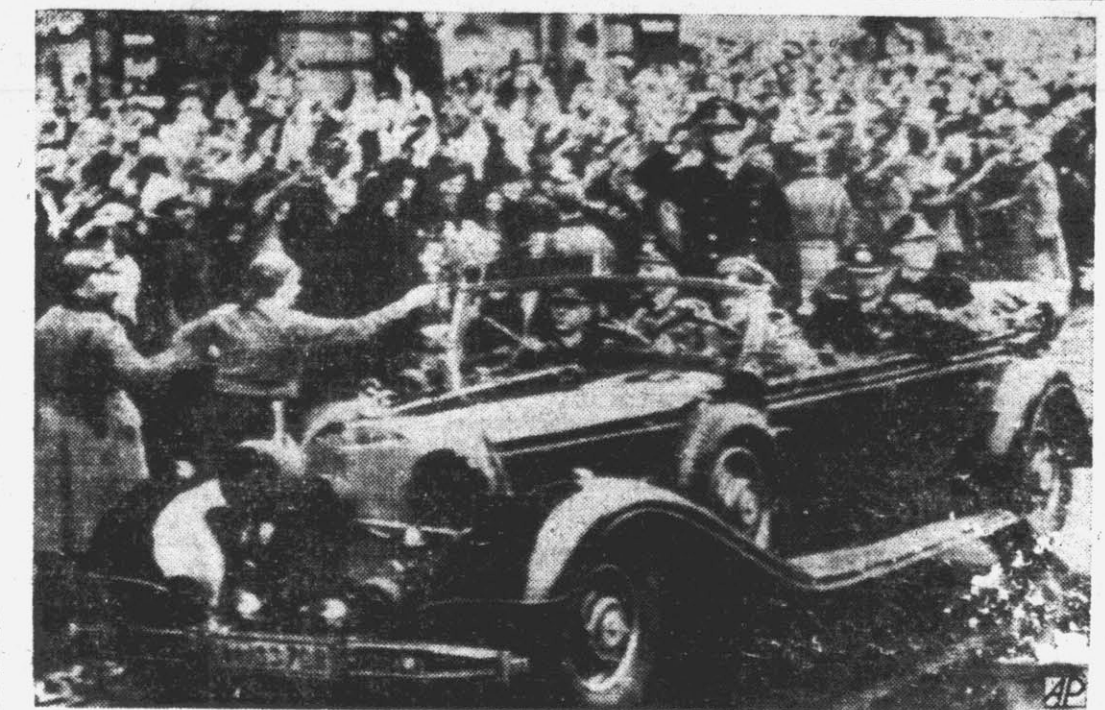

Active pallbearers will be J. H. Brooks, Dr. C. H. Spiggle, W. F. Gallaway, L. B. Whitchard, J. O. Proctor, S. A. Porter, Ben Buck and W. H. Hudson.

Dusty Shoes Bowling Green, Ky.—(AP)—J. J. Naile, railroad employe has decided to replace a pair of shoes he purchased in 1916 and wore until last year. The shoes still aren't worn out. But a small break has appeared on one of the uppers.

A large oil company painted yellow its filling stations in China. The error was corrected when it was learned that, in China, yellow is the color of mourning.

Turkey Signs Agreement With Britain And France

SCENE IN BERLIN YESTERDAY

Commander Prien (standing in automobile), skipper of the German submarine credited with sinking the British battle ship Royal Oak in Scapa Flow naval base, is shown in this radiophoto as he acknowledged the cheers and salutes from the populace of Berlin upon arrival at the Hotel Kaiserhoff October 18. He and his crew were received and dined by Adolf Hitler who decorated Prien with the Grand-Cross of the Iron Cross.

NEW INTEREST IN ELECTIONS

Farmers to Take Part In Naming Committeemen

County Agent R. R. Bennett declared today that there was more interest in the township committee elections to be held on next Monday and Tuesday for the purpose of naming persons to administer the AAA program than in any previous year.

The county agent explained that farmers each year elect their committeemen but that in numerous instances in the past only a few attend the township election meetings.

He added that officials welcomed this spirit and added it was the desire to have the program administered on a strictly democratic basis with as many farmers as possible participating in the elections. Then he said anyone having any complaint to register can take it direct to his own committee.

The county agent issued a list of questions and answers prepared in connection with the election of county and township committeemen. A number of the questions and answers follow:

Q. What is the AAA Farm program? A. It is a program developed and administered by farmers under special Acts of Congress designed to aid them.

Q. The conservation of our farm resources for this and other generations? A. The maintenance at all times of a stable and adequate supplies of farm commodities for consumers.

Q. Obtaining a fair share of the national income for farmers? A. It is a program of thrift and good business. It makes possible security for the land security for the farmer, security for the small town merchant, security for the community and security for labor and industry that produces for agriculture.

Q. How does the AAA farm program work? A. It operates through the following—

(1) Bringing about a balance between supply and demand by means of (a) Acreage allotments sufficient to produce all farm products needed, and (b) Marketing quotas in times of over production.

(2) Commodity loans that help farmers to store surplus products until needed by consumers.

(3) Crop insurance, in the case of wheat, which enables farmers to deposit part of their surplus into a reserve for the payment of losses in poor crop years.

(4) Parity payments which help offset disadvantages of tariff to farmers and aid in obtaining farm incomes nearer parity.

(5) Soil-building payments which help pay the cost of shifting acreage from depleting crops to conserving crops and cover part of the expenses in carrying out desirable soil-building practices.

Q. What are the advantages of a national farm program? A. It enables farmers in all parts of the nation to more fully understand each other's problems and to join in a mutual effort to meet those problems.

Q. Has the Agricultural Adjustment Act of 1933 been amended in 1939? A. Yes. Especially as it affects marketing quotas for tobacco. Upon (Continued on page five)

News Picture

The photograph above illustrates the efficient news picture service available to readers of the Daily Reflector. The above picture showing Commander Prien, skipper of the German submarine which sank the British battle ship Royal Oak, was taken during a celebration in Berlin yesterday.

The picture was sent from Berlin to New York by radio, by telephoto from New York to Atlanta and by train from Atlanta to Greenville, arriving in the local post office about 11 o'clock. A difference in time of six hours was a favorable factor in the speedy dispatch of the picture.

PLAN VOTE IN ALL COUNTIES

County and Township Committees To Be Named

Raleigh, Oct. 19.—County and township committeemen to administer the 1940 AAA farm program in North Carolina will be elected in every section of the state between now and November 1. It was announced today by E. Y. Floyd, AAA executive officer of State College. They will determine farm acreage allotments for the next season.

Floyd said that the Agricultural Adjustment Act provides that a grower must have complied with the Agricultural Conservation Program in 1939 to be eligible to serve as a committeeman for 1940 but that special dispensation has been made in the tobacco-producing areas where there was a low percentage of compliance this year.

The amended ruling is that "in counties where at least 25 per cent of the farmers in the county have tobacco allotments, any producer in the county who signs a statement signifying his intention to comply with the program in 1940 will be eligible to serve as a committeeman."

The duties of committeemen are to: (1) determine farm acreage allotments, normal yields, and soil-building goals; (2) to determine farm marketing quotas, when applicable, and to handle local administration of commodity loans and wheat crop insurance; and (3) to assist in explaining to farmers the purpose and provisions of the program.

PRO-NAZI BULGARIAN CABINET FORCED OUT

Sofia, Oct. 19.—(AP)—Premier George Kiossevanoff and his cabinet who had pursued a mildly pro-German policy, resigned today as Bulgaria swung toward closer cooperation with Soviet Russia.

It was considered probable Stefan Mihailoff, a deputy regarded as friendly to Moscow, would be designated by King Boris, III, to form a new cabinet. Kiossevanoff, a close friend of the king, had been premier and foreign minister since his cabinet was reconstructed Nov. 14, 1938.

Under his guidance Bulgaria won the right to re-arm denied by World war treaties and has signed friendship treaties with Yugoslavia and Turkey.

TURKEY IS NOT FORCED FIGHT

Pact Provides For Neutrality with Soviet Russia

Ankara, Turkey, Oct. 19.—(AP)—Turkey, key power of the eastern Mediterranean, signed a mutual assistance pact with Britain and France here today.

The treaty was the outcome of British-Turkish and French-Turkish undertakings earlier this year to assist each other "in the event of an act of aggression leading to war in the Mediterranean."

It contained a clause permitting Turkey to remain neutral in case of a war against France and Britain and Soviet Russia.

"All indications were that Turkey would not be involved in the British-French war against Germany unless its present scope were extended.

(Informed sources in Paris and London said the treaty provided that Turkey would come to the aid of Britain and France if they had to fulfill their pledges of help to Greece and Turkey against aggression menacing their freedom.

"These informants also said the allies had agreed to aid Turkey if she were attacked by any European nation.

"Diplomats said these terms secured the strategic Dardanelles for France and Britain in case Germany attempted to push into the Balkans.

Prime Minister Chamberlain announced in London the treaty was for a 15-year term.

Franz Von Papen, German ambassador to Turkey, said as he proceeded from Ankara to Berlin that Germany and Turkey would "remain good friends" despite conclusion of the tri-power mutual assistance pact.

Signature of the treaty took place in the presence of General Maxime Wayland, commander in chief of French forces in the Eastern Mediterranean, and Lieut. General A. Chubb, British middle east commander.

The pact contained the same terms as had been agreed upon the end of last month before the Turkish foreign minister went to Moscow for the negotiations which finally ended in failure this week.

Any pressure Soviet Russia may have brought in Turkey to alter her relations with the two Western powers therefore was fruitless.

In the first national automobile show, "horseless carriages" were driven around a track, cogging harness to prove they could be steered.

URNS BACK ON SOVIET RUSSIA

Pact Believed to be in Form of Single Treaty Binding Three Countries Along Lines Agreed Upon Earlier This Year; Turkey Was Foe of Allies During World War

London, Oct. 19.—(AP) Great Britain and France announced agreement today with Turkey, their World war foe and guardian of the vital Dardanelles, in a formal pact of mutual assistance in the Eastern Mediterranean area.

The announcement, setting the time for affixing the signatures, took at 5:30 p. m. (11:30 a. m. EST) today in Ankara, followed close on the suspension of negotiations between Turkey and Soviet Russia—talks apparently designed to draw Turkey closer to her big Eastern neighbor.

The pact, informed sources believed, would be in the form of a single treaty binding the three countries along the same line as pledges exchanged earlier this year.

Britain and France each then agreed with Turkey to "conclude a definitive long-term agreement of reciprocal character in the interest of their national security."

"Pending completion of a definitive agreement," Prime Minister Chamberlain announced May 12, "His Majesty's government and the Turkish government declare that in the event of an act of aggression leading to war in the Mediterranean area they will be prepared to cooperate effectively and to lend each other all aid and assistance in their power."

Subsequently, on June 23, France and Turkey signed a similar declaration.

ABC Officers Aid In Raid On Stills

Pitt, Beaufort and Martin ABC officers yesterday located and destroyed four stills in the Bear Grass section of Martin county.

The illicit distilleries were found within a radius of three miles and operators of at least one were believed to have heard officers dynamiting another still and to have fled with part of their equipment before officers reached it.

Fifty-gallon capacity copper kettles were found at two of the stills, but similar kettles had been moved from the other two plants.

A total of 1,300 gallons of beer was found at the four stills, all of the mash being ready for distilling. Only one gallon of whisky was found, this being located in the woods near one of the stills.

Pitt ABC officers often work with officers of the other two counties on the theory that destroying stills in any of the counties cuts off the illicit flow of the contraband in the other counties.

Four Army Fliers Victims Of Crash

San Diego, Calif., Oct. 19.—(AP)—Four fliers were killed today in the crash of a military bombing plane on Black Mountain, 16 miles northeast of here, the state's office reported.

Deputies found four charred bodies near the burned wreckage. Remains of practice bombs and cameras were nearby.

The two-motored plane appeared to have been an army ship from March Field, Riverside.

AEROLANE
Arrow's newest shirt

Here is Aerolane, the shirt that's making its American debut in the Saturday Evening Post this week. It's an eye-catching treatment of the fashionable double motif club stripes superimposed on a field of the new British dusty ground tones.

You'll like the way Arrow has merged these two smart style trends in one shirt — the way the Arrow collar moulds itself to your neck-line — the comfort of the Mitoga shaped-to-your-shape design — and the sensible price of \$2. Sanforized Shrink (fabric shrinkage less than 1%).

Aerolane Ties... by Arrow are the best companions these shirts could have. \$1.

Pitt County Medical Society Resolutions of Respect
James C. Green, M. D.

Whereas it hath pleased Almighty God to call unto himself in that larger life beyond the grave the soul of our deceased brother, James C. Green, beloved physician, loyal colleague, and faithful friend; and Whereas, the removal of this our friend and brother from the sphere of his earthly activities leaves a distinct sense of sorrow and loss to those of us who are left behind. Therefore,

Be it resolved that we, the fellow members of Pitt County Medical Society in which James C. Green served as an active member for the past 24 years, desire to give this fitting expression of our appreciation of his high character and sterling worth. He will be missed not only for his great professional qualities, but also for his vivid and untiring interest in every good cause and his unflinching devotion to his friends in all walks of life.

He was a noble example as a citizen, as a Christian, and as a man. We shall ever hold his name in loving and honored remembrance.

Yes, this medicine really works. Made especially for Malaria. Contains tasteless quinine and iron. Grove's Tasteless Chill Tonic actually combats the Malaria infection in the blood. Relieves the wracking chills and fever. Helps you feel better fast. Thousands take Grove's Tasteless Chill Tonic for Malaria and swear by it. Pleasant to take, too. Even children take it without a whimper. Act fast at first sign of Malaria. Take Grove's Tasteless Chill Tonic. At all drugstores. Buy the large size as it gives you much more for your money.

Social Calendar

THURSDAY
7:30 p. m.—The choir of Memorial Baptist Church meets.

7:30 p. m.—The Presbyterian choir meets.

7:45 p. m.—Miss Sallie Deane speaks at St. Paul's Episcopal Church.

8:00 p. m.—The Junior Philathea class of the Methodist Church will meet with Mrs. J. C. Galloway, 407 E. Fourth street.

FRIDAY
7:45 p. m.—Miss Sallie Deane speaks at St. Paul's Episcopal Church.

10:30 p. m.—2:30 a. m.—Town Club dance in high school gymnasium.

Undergoes Tonsil Operation.
Miss Lesley Jones, young daughter of Mr. and Mrs. Leslie T. Jones is recovering satisfactorily following a tonsil operation this morning.

Speaks On Christian Social Service.
As her theme for the third lecture in a series of talks given by Miss Sallie Deane at the Episcopal Church, she chose "Christian Social Service."

Christ said, "Inasmuch as ye did it unto the least of these, ye did it unto me." And so it becomes the duty of every Christian to clothe the naked, feed the hungry, visit the sick, and minister unto the poor.

"Civic social service is not our definite job," said Miss Deane, "but Christian social service is our job. It is our business to see that the Christian missions are supported and to make sure that all their needs are supplied. Why? Because that is Christ's command. His love enveloped all of mankind. We have to coze with this love so that we are contagious. It is through ministering to the needs of people that we show them the love of Christ."

The Round Table.
The Ladies of the Round Table met on Tuesday afternoon, October 17, at the home of Mrs. J. W. Higgs.

A new list of books recommended for next year's reading was presented, the ones purchased and read this year having been donated to Sheppard Memorial Library.

Mrs. Willy Brown reviewed in a very interesting manner the book "Revised Searchlight on the Seventh Day Bible and X-Ray by Organic Supernatural and Artificial Science" written by Boston Boyd, a Negro citizen of Greenville.

Mrs. J. E. Winslow gave news items concerning the war situation. At the conclusion of the program the hostess served a delightful salad course.—Reported.

Mrs. Andrews Is Hostess
Bethel, Oct. 19.—Mrs. F. L. Andrews, Jr., was hostess to the members of the Round Table and several guests, Tuesday afternoon at her home on James Street, with Mrs. J. B. Bunting presiding. The new members, Mrs. M. Y. Self and Mrs.

M. M. Johnson were welcomed to the club. After a brief business session, the president presented Mrs. L. G. Powell who gave the program, her subject being, "The Story of Martha," the second in a series of the study of Opera, which the club is taking up this year. Mrs. Powell told "The Story of Martha" in a charming way. At the conclusion of the program the hostess served a delicious salad course to club members and the guests.

Inter Se Book Club
On Tuesday afternoon Mrs. L. M. Buchanan was hostess to the Inter Se Book Club. The meeting was called in order by the president, Mrs. Wyatt Brown. Mrs. Brown introduced the speaker for the afternoon, Mrs. Tyson Bilbro, who gave a most interesting talk on "National Parks of North Carolina."

In North Carolina we have three national parks. Moore's Creek Battleground, which is a national park, preserves the scene of a Revolutionary battle. In 1938 a Seashore Park was created on the coast of North Carolina, including Cape Hatteras, Roanoke Island, etc. Mrs. Bilbro stated "as there is such little interest about these two, I will deal entirely with the third and most important one, the Great Smoky Mountain, which got its name from the constant mist or 'smoke' which hovers over these mountains, sometimes almost hiding them. The Smokies are not a part of the Blue Ridge, as is so often thought. They run parallel with each other, about 40 or 50 miles apart."

The beautiful Skyline Drive takes one over the crest of these mountains. The superintendent of the park once said, "The Skyline Drive is not a road for motorists to get from one place to another. It was built to display the beauty and grandeur of the region through which it passes."

"One traveler over this road came suddenly upon a family of native mountaineers plodding along a trail on their way to meetin' or church. Because of the danger of the trail the father always precedes his wife and children, and in this case he was riding his mule while his family came along on foot. The astounded tourist stopped and said severely: 'Young men, you're a lazy lot to have your wife following you on foot. Why don't you let her ride?'"

"After staring at the stranger a moment in open mouth, surprise the mountaineer let go a stream of tobacco juice into the roadside bushes 10 feet away, and drawled reproachfully, 'I'd like to, Mister, only she ain't got nary mule.'"

After a short business discussion, the social hour was enjoyed when Mrs. Buchanan served a delightful ice course.—Reported.

Pitt County Medical Society Resolutions of Respect
Jenness Morrill

The Almighty in his infinite wisdom has removed from this life, Dr. Jenness Morrill, our beloved and respected fellow physician. In the passing of this just, good and wise man, who was an example and friend to us all, the Pitt County Medical Society and each individual

member has suffered a great loss and sorrow.

Be it resolved, therefore, that we, the remaining members of the Pitt County Medical Society do go on record and hereby express our great and sincere appreciation of him and the character of his life's work among us. He was as kind a father, as public spirited a citizen, as devout a Christian as he was learned in the knowledge of our profession. We shall always hold his name in loving

memory and respect.

Washington Daybook

By Preston Grover

Washington — Britain's air-raid protection is fairly well worked out. If the war doesn't end too soon there will be chances to test thoroughly home defense against air attack.

A fresh analysis of what's what in the air over England is made by Major General H. Rowan-Robinson of the British army in the U. S. Coast Artillery Journal. He flies right in the face of many an amateur strategist who says the famous London fog is Albion's greatest protection.

Bad weather, says General Rowan-Robinson, is all to the advantage of the raiders. They escape observation. They can hide in the fog or clouds, and skim along the tree tops to get the best view of the objective.

Over London, the bombers' problem becomes more complex. The much discussed "balloon barrage" protects the city. Hundreds of balloons hang in the air, tied to the earth by stout but slender cables.

The balloons are kept just under the cloud bank that habitually hangs over London. A raiding plane coming down out of the clouds may hit one of the balloons and be incinerated by the explosion of hydrogen gas. If the raider dives under the balloon, the cables wreck his plane. If he flies just over them, the air artillery knows his exact elevation because the gunners know how high the balloons are and how high the clouds are. With elevations known in advance, anti-aircraft artillery is very dangerous.

Test Flights
The British tried out their system in practice. Comments General Rowan-Robinson: "On the whole, results were distinctly disappointing to the defense."

In the first 45 minutes of the mock war the fleet of "enemy" planes made 11 raids. They averaged 100 raids a night over southern England during the four nights of the test. They made effective use of England's bad weather of which she has a lot.

The defense had serious problems. At the time of the test, just before war was declared, Englishmen wouldn't take the air attack business seriously. They had enjoyed 900 years of freedom from fear of foreign invasion. In a "blackout" of London many persons failed to dim their air-raid lights. Lighted train windows showed the line of railroads.

The General implies that one real raid will lessen the average Englishman's optimism about air safety.

The No. 1 Weapon
Searchlights blinding the planes have an amazing faculty of reflecting on the waves of the Thames, a dead giveaway. Additional precautions will help remedy that. Not yet remedied is how to dim the glare of factories that must work at night.

The General says the anti-air-

Forty Years Ago Today

THE DAILY REFLECTOR
Thursday, October 19, 1899

MONTH BY MONTH
We Get a Year, Line By Line
We Fill Up Here

The full moon gave us some beautiful nights.
The weather feels like summer has come back.
A brick walk is being laid in front of the Andrews and Quinerly stores.
The state convention of the Daughters of the Confederacy, which met in Henderson last week, adjourned to meet next year in Raleigh. Miss Lida Rodman was re-elected president.
A. H. Tart left this morning for Raleigh.
The Italian Harpers are in town.

SHORT SHOTS

Reflector Bureau.
By HENRY AVERILL
Raleigh, Oct. 19.—The Department of Conservation and Development's calendar of coming events in North Carolina list for tomorrow: North Carolina State Bar meeting, Raleigh; Asheville Dog Show, Asheville; bear season, opens in western North Carolina.

Automobiles get 'em coming and going. For instance, the death list in North Carolina for September included a baby under one, and an 80-year old man.

It seems to be the Dangerous Twenties, however, as there were killed an even dozen between 20 and 24, and the same number between 25 and 29.

An even twenty of the 91 September automobile victims were under 16 years old; showing that it's not only the careless drivers who get killed—if they were the only victims maybe there'd be a desire to see more accidents.

Seen "plotting agin the whites," or something, in the Sir Walter Lobby Wednesday were Lee Gravelly, latest addition to the list of those who do not deny they're run-

REPORT OF CONDITION OF GUARANTY BANK & TRUST COMPANY
of Greenville, in the State of North Carolina, at the close of business on October 2nd, 1939.

Assets reported above which were eligible as legal reserve amounted to \$2,599,185.78
I, J. H. WALDROP, Cashier, of the above-named bank, do solemnly swear that the above statement is true, and that it fully and correctly represents the true state of the several matters herein contained and set forth, to the best of my knowledge and belief.

J. H. WALDROP,
Correct:—Attest:
W. H. WOOLARD,
J. J. WHITE,
A. M. MOSELEY, Directors.

State of North Carolina—County of Pitt
Sworn to and subscribed before me this 18th day of October, 1939, and I hereby certify that I am not an officer or director of this bank.
E. L. WILLARD, Notary Public.
My commission expires 7-18-41.

ing for Governor; Dr. T. W. M. Long, Halifax State Senator; Laurie McEachern, one time, Hoke county law maker; and "Silver" E. A. Rashberry, House incumbent from Greene. They refused to admit any political designs or intentions; but it all looked very suspicious.

State Senator Weyland (Rippling Waters) Spruill from "Imperial" Bertie was in Raleigh Wednesday and assured all and sundry that "if the Lord lets me live and my pocket book permits" he will file as a candidate against Commissioner of Agriculture W. Kerr Scott in next year's primary.

He originally indicated his candidacy to the General Assembly was still in session way back last spring.

One of the weapons Spruill will attempt to use against the incumbent commissioner is the story that Scott recommended some 78 persons for appointment of the State Board of Agriculture, which has a membership of 11 and is appointed by the Governor.

The Bertie legislator feels sure that at least 67 of the 78 are not now friends of the Commissioner.

Friends of Commissioner of Revenue Allen J. Maxwell assert that the reason the Horton forces are spreading propaganda that "Maxwell will never run" is because they realize the Maxwell strength and are trying to alienate much of it early in the campaign before there have been many committals.

They dismiss reports that "the Administration" is for Horton by answering "If it is, the Governor's a liar—he said he will be completely neutral, and we know he will."

Those who think Duke ought to beat Syracuse "by three touchdowns" Saturday, may know what they're talking about, but Syracuse and 20 points is this corner's idea of a mighty fine bet to have the Syracuse, plus, end.

Misunderstood One Another
Santa Barbara, Calif.—(AP)—Patrolman C. A. Lunnen attached a brake-testing machine to a motorist's car and ordered him to drive 20 miles an hour for the test. Something diverted his attention and the car sped out of sight.

Later an exasperated driver called at the police station—miles away—and demanded the machine be returned. "I don't see why I have to drive 20 miles for a brake test anyway," he snapped.

NOTICE OF RE-SALE
Under and by virtue of the authority contained in that order of re-sale made in the matter of "Pitt County versus W. A. Vincent and wife, Lizzie Vincent, and Aurelia Vincent, a minor, by J. Hicks Corey, Guardian ad Litem," there having been a raise in the original bid at the first sale of the property herein after described, the undersigned will offer for sale, and sell to the highest bidder, for cash, before the courthouse door in Greenville at 12:00 o'clock NOON on Monday, November 6th, 1939, the following property: That certain house and lot located in Ayden, North Carolina, and on Third Street, and being known

Ease COUGH FROM COLDS IN ONE DOSE

Thousands have turned to Mentho-Mulsion because of its fast, soothing relief. It brings YOU expected relief the first dose, or your druggist will return your money. Mentho-Mulsion is a scientific compound of nine different ingredients and does its work without narcotics or opiates. Children like its taste, and you too will enjoy its fast, soothing action, and the way it puts medicated vapors in the bronchial and nasal passages to relieve that stinging and irritating feeling immediately.

MENTHO-MULSION

JINX FOLLOWS COLLEGE TEAM

Gloomy Outlook For Clash on Saturday Afternoon

The injury jinx, which has molested the East Carolina Teachers College football team since the season opened, today reflected a gloomy outlook in the Pirate camp as the Teachers oiled their artillery for a clash with West Carolina Teachers College Saturday afternoon at 2 o'clock.

Jack McMunkin of Asheville, who has been the nucleus of Pirate scores this season, is nursing a knee injury, but is expected to be ready for Saturday's encounter. Bill Shelton, nifty little booter of this season and last, has not been up to par this week, but will probably start Saturday. A. R. Stankus, Campbell mainstay of last season, has been added to the locals' hospital list. He has a knee injury.

Bill Davidson of Plymouth is out for the rest of the season. He broke a leg bone in a practice. Floyd Hilton of Rocky Mount is hobbling around on crutches because of a severe leg injury received two weeks ago in the ECTC-Campbell tilt. Adrian Brown, who has been out of the lineup for the past two weeks with a back injury, has been benched for another week. Brown is a Moyock product.

Two players have joined the Pirates' "Sea Hag Club", membership in the club being gained by losing a tooth in a football game. Wiley Brown of Moyock and Joe Hatem of Greenville are the new members of the traditional organization. However, members become members by accident and not by choice.

Practices this week have been devoted to ironing weaknesses seen in present-season games.

The probable lineup for ECTC on Saturday will be: Merwin Frazzelle, left end; Joe Williams, left tackle; Walter Rodgers, left guard; Richard Chadwick, center; Wiley Brown, right guard; Irving Poliakoff, right tackle; Weylan Tucker, right end; Jack McMunkin, quarterback; Will Dudash, full-back; Jack Noe, right half-back; Bill Shelton, left half.

New Interest In Elections

(Continued from page one) recommendation of farmers, the Act was amended to provide that individual farm marketing quotas will equal the actual production on the acreage allotment. The effect of this change will be to allow producers who plant within their acreage allotments to sell their entire production without penalty. There will be no transfer of quotas between farms.

Does the amendment contain provisions affecting allotments for small farms?

A. Yes. Under the amendment, allotments for small farms will bear about the same relation to the allotments for other farms as under

the 1938 program. The increases for small farms will in no case result in an acreage which, with normal yields, would produce more than 3200 pounds in the case of flue-cured tobacco or 2400 pounds in the case of other kinds of tobacco.

Q. Under what conditions may marketing quotas be used for a commodity?

A. Marketing quotas are authorized for cotton, tobacco, wheat, corn, and rice. They may be used for any of these commodities when supplies in the United States exceed certain high levels prescribed in the Act and when two-thirds of the growers voting in a referendum favor their use.

Q. What percentage of the cropland in the East Central Region is in the AAA program?

A. About 81 1/2 per cent of the cropland of the region participated in the 1938 program. Available information indicates a similar participation in 1939, considering the region as a whole.

The elephant as the symbol of the Republican party was originated by Thomas Nast in a cartoon published in 1874.

NOTICE OF SALE OF REAL ESTATE

Known As Greenville City Hall and Adjacent Properties

Pursuant to Section 2688, Article 6, of Chapter 56 of the North Carolina Code entitled "Municipal Corporations," and a resolution duly adopted by the Board of Aldermen of the City of Greenville, the undersigned municipal corporation will offer for sale and sell to the highest bidder or bidders upon the terms and condition hereinafter set out, on Saturday, the

21st day of October, 1939 at 10 o'clock A. M.

at City Hall, located on corner of Fifth and Cotanche Streets in Greenville, North Carolina, the following described real property, to-wit:

All that certain property known as City Hall and adjacent properties located on the southwest corner of the intersection of Fifth and Cotanche Streets in the City of Greenville, North Carolina, and beginning at an iron pipe corner located 0.75 feet from the face of the brick wall at the southeast corner of the intersection of Fifth and Cotanche Streets, and running thence with the south property line of Fifth Street westwardly 81.90 feet to the face of the brick wall of the W. E. Hooker building; thence running southwardly with the face of said brick wall and a continuation of the same course 164 feet to the corner; thence running eastwardly parallel with the first line herein mentioned 80.15 feet to the West property line of Cotanche Street, a corner; thence northwardly with the West property line of Cotanche Street 164 feet to the iron pipe at the place of beginning.

Also, a one-half interest in and to 110 feet of the eastern brick wall of the new store building W. E. Hooker building measuring from Fifth Street southwardly, the said wall to be and remain and stand for

the joint account and benefit of the Town of Greenville in the maintenance of its City Hall and Municipal Building, and for the said W. E. Hooker and wife until the same shall have been destroyed by fire or other unavoidable accidents, or until it is mutually agreed between the parties hereto, or their heirs or successors that the said wall shall be torn down or destroyed, and being all the rights and title acquired in said brick wall by the Town of Greenville in that certain deed executed by W. E. Hooker and wife to the Town of Greenville, dated January 30, 1928, and recorded in Book W-17 at page 259 in the office of the Register of Deeds of Pitt County.

A blue print of said property has been prepared by H. L. Rivers, Engineer, and is now on file at the office of the Clerk of the City of Greenville at City Hall for inspection by any and all interested persons. The property has been divided into four lots numbered 1, 2, 3 and 4 on said blue print with a ten foot alley between lots Nos. 1, 2, and 3, 4, and the property will be sold in separate lots or parcels as indicated on said blue print. The seller reserves the right, however, if it so desires to offer said property for sale as a whole or by grouping any two or more lots together, after having first offered said property for sale in separate lots as shown on said blue print.

If more than one person purchases any of the lots as shown on the blue print, the 10 foot alley will be kept open for the use and benefit of the property owners. If, however, one person purchases the entire property at said sale, the 10 foot alley will be conveyed and may be closed if the purchaser so desires.

The sale will be made subject to the right of the City of Greenville to retain possession of said property rent free until the new Municipal building and fire station are ready for occupancy, which is estimated to be from 60 to 90 days from the present time.

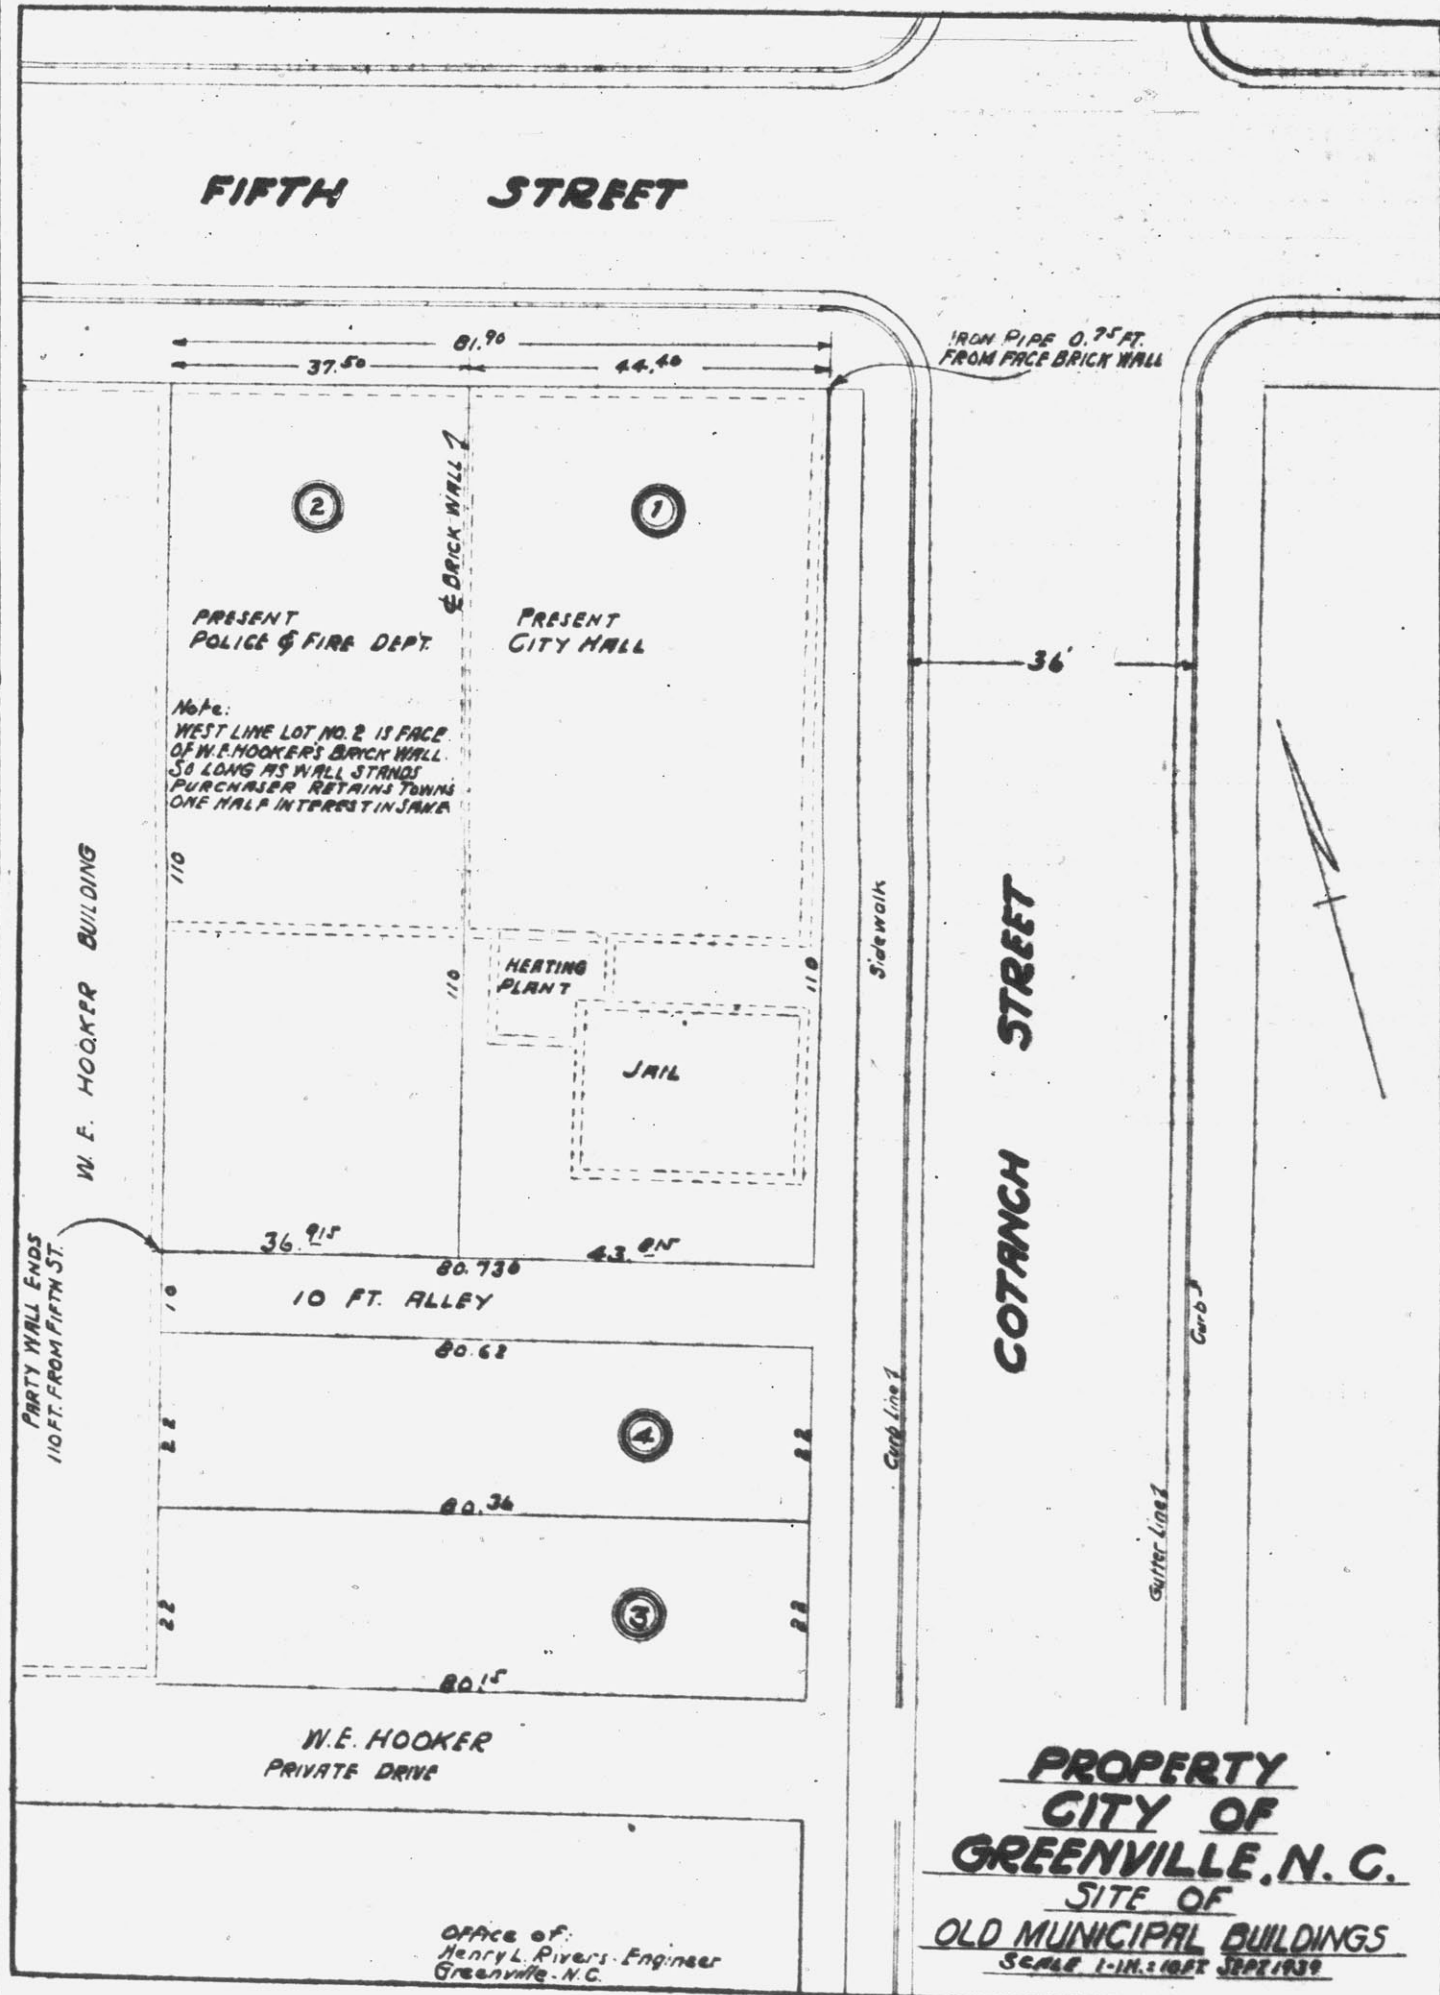

The City of Greenville reserves the right to reject or accept any or all bids made for said property, or any part thereof, at said sale, and the sale shall be subject to confirmation by the Board of Aldermen.

The proposed purchaser or purchasers at said sale will be required to make a cash deposit with the City Clerk immediately after the sale in the amount of 10 per cent of the purchase price, which will be refunded in the event the sale is not confirmed by the board. If confirmed, the proposed purchaser will be required to pay an additional 15 per cent of the purchase price upon delivery of deed, and the balance of the purchase price shall be payable in 1, 2, and 3 years, with interest at 6 per cent per annum, payable annually, with the deferred payments to be secured by a first deed of trust on said property. A discount of 2 per cent will be allowed on the deferred payments for cash.

This the 20th day of Sept. 1939. TOWN OF GREENVILLE, By: Jack Spain, Mayor.

Attest: J. O. Duval, Clerk. Sept. 23-11w-4wk.

N. Y. Stock Market
New York, Oct. 19—(AP)—Air-crafts worked up a slight touch of war-buying fever in today's stock market, but many issues were unable to shake off mid selling chills.

Polly Kay appearing at the Pitt Friday in the crazy show "Wake Up and Cheer"—many call it "Funzopping" revue.

At a quiet opening gains ranged from fractions to two points for favorites. Offerings soon cut prices in all categories and near the fourth hour, with dealings light, trends were highly indefinite.

While war-minded traders saw little chance of any near armistice, there was an inclination to keep purchases conservative because of the thought that a peace move might be inaugurated by the current conference of Scandinavian countries.

N. Y. STOCK LIST

Reflector Bureau.
By HENRY AVERILL

Raleigh, Oct. 18—Completion of 1,378.96 miles of line since July 1 has brought North Carolina's rural electric system's length to a grand total of 11,788.04 miles finished and serving 58,804 customers, according to a report issued today by the North Carolina Rural Electrification Authority.

In addition there are now under construction in the state, 1,843.30 miles to serve an additional 7,331 customers, while authorization has been given, but construction has not started on 2,245.35 more miles intended to serve another 8,134 customers.

When all the lines now under way or authorized, the state's total of rural electric lines will reach 15,876.71 miles serving a grand total of 79,959 customers.

Total estimated cost of this tremendous system is set by the state REA at \$15,152,098.76.

Standing out sharply in the new report is the rapid growth of lines built, building and authorized under sponsorship of the Federal Rural Electrification Administration. The Federal agency has, since establishment of the state authority in the middle of 1935 generally lagged well behind public utilities in construction of lines, but this year the REA has allocated millions to North Carolina construction and on a basis of the figures issued today the gap between public utility lines and those of the REA is rapidly being closed.

For instance, of the 1,378.96 miles completed since July 1, an even thousand miles is estimated by the state authority to have been under sponsorship of the Federal REA and built by cooperatives over the state. And while the public utilities have added 1,870 customers since July 1

Sheep—lamb, good and near-choice spring lambs \$8.00 to \$9.00, top. Slaughter ewes \$2.50 to \$3.25, with culls as to value.

What Was That Again, Please?
Danville, Va.—(AP)—Your name please?
The marriage license clerk gasped when he got this answer from the young Negro, Junior Vance, Danville, Mass.: "William Hays."
"Bill's girl's name was Hays," said Vance.

Triple superphosphate is playing an important role in making Western North Carolina soils more productive, reports Fred Sloan, district agent of the State College Extension Service.

the coops have extended service to an additional 3,126 customers.

In tabular form the miles of line for the state, as of July 1, 1939 and October 17 follow:

Agency	Built	Building	Authorized	
Public Utilities	7,550.98	270.78	417.18	
Oct. 17	7,929.94	255.30	253.17	
Municipalities	Both dates	1,118.00	11.00	28.60
R. E. A.	1,740.10	2,577.00	654.60	
Oct. 17	2,740.10	1,577.60	1,963.60	
All Totals	July 1	10,788.04	2,858.78	4,100.38
Oct. 17	11,788.04	1,843.30	2,245.35	

J. M. Grainger, engineer for the state R. E. A. pointed out that there has undoubtedly been some change in the status of lines built, building and authorized by municipalities, but added that he has received no official notification of any such changes and has no authentic information from any other sources which would justify his changing the figures of his July 1 report.

Municipalities are not required by law to report to anyone their activities and it is often very difficult to obtain even approximately accurate information regarding their operations. This has become even more difficult since there has been much talk about counties taxing the rural lines built and operated by municipalities.

Mr. Grainger also said that changed figures on the status of federally-subsidized lines are the result of best estimates of unofficial, but reliable, information. The Federal REA does not report its activities to the state agency, he said, and since establishment of the state REA in 1935 there has been only one occasion on which the Federal unit made any definite statement of the status of its operations in North Carolina.

On the whole, however, the State Authority is satisfied that figures given in today's report are reliable and approximately correct.

The electric water pump is one of the greatest benefits that rural power has brought to the farm family, says D. E. Jones, of the State College Extension Service.

The Negro schools gave evidence of their delight Monday in the appearance of teachers and approximately fifteen hundred children lining the sidewalks, with miniature American flags waving their appreciation.

and joy upon the distinct and definite recognition of the city superintendent of schools as state commander of the American Legion.

The amicable relations existing between the races in North Carolina will continue to increase everywhere when it is seen that "Black Men" of patriotism are vying with their white brother in showing their devotion to the principles enunciated by the Declaration of Independence fought for by Washington and preserved by Lincoln.

The three Negroes marching in the most spectacular parade ever seen in this section have watered the seeds sown for "good will" between the races and have also cemented for the future the two races.
