## ITALIANS RETREAT IN DISORDER TOWARD ALBANIA

### German Oil Fields In Rumania Ravaged By 'Quakes'

#### DEATH TOLL OF 2,000 FEARED

Disaster Proves Heavy Blow To Germany As More Of Rumania Laid To Waste Than Would Have Been Desolated In Many Months of Actual Warfare; May Have Widespread Effect

Bucharest, Rumania, Nov. 11.—(AP)—Earthquakes without equal in the written history of Rumania ravaged the Nazi-controlled oil wealth of the kingdom yesterday and today, tore up the transport system, knocked down buildings and weighed profoundly in the unpredictable military future of south-eastern Europe.

At least 1,000 to 2,000 persons were dead, the injured and homeless uncounted and new shocks prolonged the terror and increased the desolation.

The soldiers of Germany who have poured into Rumania for weeks, for a purpose known only to Adolf Hitler became terrified, fire fighters and guardians of what order was left.

Oil fields on which Hitler had counted for the fluid without which mechanized war can not be waged were licked by flames and littered with the splinters of their derricks.

The rails and bridges and roads over which the German troops have been moving south and east and west through Rumania were twisted and split apart.

No one knew what happened underground to the dark deposits of oil. In some places where oil never had been found before it oozed through fissures in the ground, indicating a widespread shifting in existing pools.

In one area sulphur fumes spewed from giant cracks.

More of Rumania was laid waste than would have been desolated in many months of war and reports reaching here told of damage also in Turkey, Bulgaria and Italy and "catastrophic consequences" in Russia.

#### De Gaulle Forces Take French Port

Vichy, France, Nov. 11.—(AP)—The "Free French" forces of General Charles de Gaulle have captured Libreville, chief port of Gabon, in French Equatorial Africa, the Petain government admitted in an official statement tonight.

Meanwhile Vice Premier Pierre Laval announced to the nation that peace negotiations between defeated France and victorious Germany would be postponed until the war ended.

Laval, in an official note issued after he returned from a conference in Paris with Reichsmarshal Hermann Wilhelm Goering, said there never was any question of negotiating a peace to end the armistice, which now prevails so long as there is war with England.

### Robert Lee Humber Asserts Democracy Faces Zero Hour In Armistice Day Address

#### Knox Says U.S. Prefers War to Cowardice Peace

Asserts, However, Nation Willing To Keep Out of War

Columbia, S. C., Nov. 11.—(AP)—Secretary of the Navy Knox told an Armistice Day audience today that "America is willing to keep out of war, but not at the price of cowardice or dishonor."

"America can not be intimidated," Knox told an Armistice Day gathering "America can not be scared into a peace at any price attitude."

Knox said he came here to this one of the strongest Democratic states in the union, "not by chance, but purposely" as a Republican he demonstrated that now after the presidential election "we are just one country with one leader."

The secretary said that to the duty of the United States was "to make all this Western hemisphere safe. We must build strong enough so that we can defend the whole hemisphere."

The fifth column, he said, "must never raise its head in America. Events are multiplying abroad which emphasize the gravity of our peril."

"The war recently extended itself to include the Balkans where Italy is making an assault upon little Greece and where Germany is mobilizing a huge army in Rumania with the obvious intention of intimidating Turkey, thus opening the way for a land attack up Egypt."

Only yesterday the first announcement was made of a fresh exchange of views between Germany and Russia, Germany's obvious purpose is to strengthen her hand by further cooperation with Russia in the totalitarian grab for world power and world domination.

"We are not going to meet this menace with words. The only course is to meet it with deeds. It is not what we say, but what we do that counts."

#### Library Is Participating In National Book Week

This is National Book Week and Sheppard Memorial Library observes this week with the nation for 22 years in the month of November, public libraries in the nation concentrate public attention on the values of books. Book Week was placed in November because November and December will always be the busiest time of the year for the sale of books, particularly children's books. "Good Books, Good Friends" is the slogan of Book Week.

The library has on display a large number of the new fall books. Both fiction, non-fiction and children's books. Children's hour will be featured in the afternoons with story telling and certificates for summer reading.

The posters for Book Week were made by the Art gallery project, housed in the library. These posters are quite attractive in the merchant windows and ask, "Have you visited your library?" The Carver library, colored, features well designed posters also.

A shower of letters to Mr. Harper Sheppard, donor of the library, is probably the newest feature of the yearly exhibit. The city schools have sponsored a project whereby the first graders in the high school wrote letters to Mr. Sheppard thanking him for making possible so many book friends. ### BRITAIN BAGS ITALIAN CRAFT OVER ENGLAND

#### Royal Air Force Downs Seven Bombers, Six Fighters

#### GERMAN PLANES ALSO SHOT DOWN

#### Tremendous Air Bombardment Threatened By Italian Press

Proves Costly To Invaders

London, Nov. 11.—(AP)—British fighter planes shot down 26 Axis raiders, 13 Italian and 13 German in widespread air battles over Britain today, the government announced.

"Our losses remain at two," said a Ministry of Information announcement reporting the air warfare score up to 5 p. m.

The Italian planes down, seven bombers and six fighters, were the first bagged over England. They participated in an Axis Armistice Day parade which set off six alarms in the capital. The sixth, heralding the nightly darkness raid, sounded a short time after the last daylight "raiders passed" signal at dusk.

Announcing an earlier tally of eight Italian planes felled, a communiqué said they were shot down by a single Royal Air Force fighter squadron which intercepted them and attempted attack on shipping off the Thames estuary. It said there were no British losses in this combat.

British bomber planes meanwhile, battling ice and storms, struck air blows at the Axis last night "from the Baltic to the Bay of Biscay," the Air Ministry reported today.

Their assignments sent them as far as the once Free City of Danzig, their deepest thrust across Germany.

Five British planes, it was acknowledged, have not returned.

The 13 felled Italian planes, it said, were shot down by Royal Air Force Hurricanes "during an attempted attack on shipping" off the Thames estuary.

(The Rome newspaper Il Giornale D'Italia said Saturday that a "tremendous air bombardment of England and her allies" would be loosed by the Italian air force as an immediate reprisal for the killing of civilians in recently intensified British raids on Italy.)

(Italian reports previously had said that a "tremendous" Italian air base had been established near the French coast of the English channel and Fascist fliers were said recently to have joined their Nazi allies in bombing expeditions against Britain.)

Heavy gunfire and the thunder of bursting bombs could be heard during the fifth Armistice Day alarm. Five persons were entombed by one bomb which wrecked three houses and all were believed to have been killed.

The British Ministry of Information announced that the Royal Air Force in "extensive activities" during the night attacked "Mannheim, Essen, Griesenkirchen and Danzig" among other places.

The attack marked the first time British planes had raided Danzig and authoritative sources said the flight of more than 1,400 miles round trip, was the longest yet undertaken by the RAF across Germany and German-occupied territory.

#### MOLOTOFF OFF TO SEE NAZIS

#### To Discuss And Agree On Policies With Germans

Berlin, Nov. 11.—(AP)—Soviet Premier Molotoff will discuss and agree upon policies of world-wide character with German officials when he reaches Berlin tomorrow on the first trip of his life out of Russia, a well informed source indicated today.

The Dienst Aux Deutschland, a commentary closely aligned to the Wilhelmstrasse, said the visit is "an event of global character. It goes doubtless beyond mere recognition of the international position of the Soviet Union and the positive relation of friendship between the two powers. The general atmosphere attending this visit seems to be a progressive development of the Russian position."

In Washington American efforts to improve relations with Soviet Russia appeared less promising as a result of Molotoff's visit to Germany. Official comment was lacking pending more information on the German-Russian talks, but they were construed generally here as evidence of continued close collaboration between the two powers.

American casualties in the World war were 126,000 killed, 234,000 wounded and 4,500 taken prisoner or missing.

#### Takes Full Advantage Of Cool, Dry Weather

J. C. Parker believes in taking advantage of the cool dry weather and during the past week kept his new combine running day and night harvesting soybeans.

On Thursday Mr. Parker was harvesting about 20 bushels of beans per acre on the farm of Mrs. Alice King Morrill of near Farmville.

More acreage of beans will probably be harvested this year than heretofore but the yield is less than that of 1939 because of the dry weather.

### Battle Lost By Invaders In All Areas

#### Crack Fascist Alpine Centaur Division Trained For Lightning Attack Suffers Smashing Defeat; Greeks Said to Have Taken Offensive All Along 100-Mile Front

Athens, Nov. 11.—(AP)

The Italian invaders of Greece "have lost the battle in all sectors and are retreating in disorder toward Albania," the Greek radio declared today.

Thus the radio summarized a series of great successes which it said had been won in 15 days of bitter warfare "despite the superiority of Italian forces."

A smashing defeat of Italy's crack Alpine Centaur division, trained for a year in Albania for a lightning attack through the mountains into Greece, was reported by the high command, which said large units of the division were annihilated.

Greece's highland troops were said to have swept onto the offensive along the whole 100-mile fighting front, routed the Centaur division in the Pindus mountains, wiped out two Fascist battalions along the Kalamas river on the Italian right flank and crushed the Italian left wing at bombarded Koritza in Albania.

Greek confidence grew apace as the first downpour of the four months winter rainy season made slush of snow in the mountain passes, deepened the mud in the lowland roads and threatened to bog down mechanized war.

What was left of the Alpine division was reported retreating in disorder, leaving behind uncounted dead and almost all its equipment, even medical supplies.

#### Cold Wave Rides On Strong Winds

By The Associated Press

Strong winds whipped across the west, midwest and south today, causing extensive damage in a number of communities.

A WPA worker and two of his children were burned to death at Canton, Ill., after a violent storm had flattened their home.

Terms that swept parts of Mississippi, Louisiana, Tennessee and Arkansas injured nearly a score of persons, interrupted communications and damaged property.

Meanwhile the first major thrust of cold weather accompanied by snow, rain, sleet and falling temperatures moved eastward from the Rocky Mountain region.

The cold wave was expected to move eastward and to last several days.

Ficklen-Dibrell.
Danville, Va., Nov. 11.—The wedding of Miss Louise Glass Dibrell, daughter of Mr. and Mrs. Louis Nelson Dibrell and Louis Stuart Ficklen of Greenville, North Carolina, son of Mrs. Edward Bancroft Ficklen and the late Mr. Ficklen, took place Saturday at eight-thirty o'clock in the evening in Mount Vernon Methodist Church. The ceremony was performed by the pastor, Dr. John B. Winn, in a setting of palms, cathedral candles and white monument chrysanthemums. The pews were also marked with clusters of white chrysanthemums, tied with satin ribbon.

A program of music rendered by Mrs. Basil Browder, organist, and Mr. Browder, soloist, included before the ceremony three organ numbers, "Liebestraum" by Liszt; "Ave Maria" by Schubert; and "Cantilena Nuptiale" by Dubois; and Mr. Browder sang "O Perfect Love," by Barnby, and "Because" by D'Hardelot. Mrs. Browder used the wedding marches from "A Midsummer Night's Dream" by Mendelssohn and from Lohengrin by Wagner for the processional and recessional, and during the ceremony she softly played Schubert's "Serenade."

The bride, who was given in marriage by her father, was gowned in a Molyneux model of wedding ring satin, made with a heart-shaped neckline, shirred at the shoulders and at hips and with a long full train. Her long veil of illusion was held in place by an old rose point lace cap, caught in the back with orange blossoms, the lace extending to the ends of the train. She also wore a face veil and carried a bouquet of white orchids and lilies of the valley.

Mrs. James Arthur Grady of Memphis, Tenn., who was matron of honor, and Miss Mary Haymes Robinson of Richmond, who was maid of honor, wore gowns alike. Molyneux models of rust-colored velvet, made bouffant style and with heart-shaped necklines. They carried bouquets of yellow chrysanthemums tied with gold ribbons.

The bridesmaids were the Misses Anne Glass of Paris, Kentucky; Helen Clark Jones of Columbia, Tenn.; Catherine Harris, Midge McCall, Helen Edmunds and Elsie Jones. They wore gowns of jade green velvet, fashioned like those of the maid of honor and matron of honor and carried bouquets of bronze chrysanthemums tied with brown ribbon.

James S. Ficklen of Greenville, N. C., was his brother's best man, and the ushers were W. H. Anderson of Raleigh; William Gilliam and John R. Cronley of Richmond; William Brunner of Columbia, S. C.; Hyman Phillips of Tarboro, N. C.; Stuart Carr of Norfolk; C. C. Skinner and Edward Skinner of Greenville; Charles A. Carr and Louis N. Dibrell, Jr.

Mrs. Dibrell wore a gown of white crepe embroidered in rhinestones and a corsage of white orchids. Mrs. Ficklen was gowned in black lace and her flowers were also white orchids.

The club was beautifully decorated with white and green festoons of Southern smilax were used on the ceilings and lights and before the fireplaces were banked palms and ferns. Long arrangements of white anemone chrysanthemums were used on the mantels with deep urns of the same flowers in the corners of the room.

In the rear of the dining room was the buffet table, centered with a large arrangement of chrysanthemums and at either end a crystal pyramid of green fruit. The bride's table covered with a lace cloth, held three long arrangements of gardenias and lilies of the valley with tracteries of Southern smilax and gardenias on the edge. The punch tables were also decorated with smilax and gardenias.

The Heller committee does not say that any family should fit itself precisely into the pattern.

1. HOW IT WORKS: Comedian Fred Sanborn is puzzled by an item for one-third of an overcoat, can't decide whether to buy front, back or sleeves. Actually the budget calls for a coat every three years.

2. THE HELLER committee thinks that even a family on relief deserves a daily newspaper. Sanborn reads his while he manicures the carrots the budget gives him instead of cauliflower, which he prefers.

3. FRED WONDERS whether he can spare wear and tear on his xylophone hammer. Having no son, maybe he could take the xylophone item out of the amount allowed for a boy scout suit.

4. EVERYBODY is allowed movies—relievers one a month, executives two. Executive and his wife go to stage plays six times a year, concerts four times, opera once and football game once.

5. FRED PLAYS the xylophone and can't figure out whether he's executive, wage earner or relief client. So there goes the budget. Anyway, the committee says he should try to stick to it too closely.

Greeks Report Italy's 'Big Push' Repulsed

The Italian high command says four "enemy" planes have been shot down over Valona (1) in Albania and claimed Italy's bombers have attacked Corfu (2). But the Greek command asserted Greek victories all along the 100-mile Balkan war front have repulsed the Italians' "big push" in the northwest and have thrown back invading columns in the center and northeast, especially in the Kalamas river area (3). Greeks also claimed to hold an advantage in the Koritza-Phlorina sector (4) which was reported heavily bombed by Fascist fliers. Salonika (5) prepared for an aerial siege. Istanbul reports said Yugoslavia (6) might expect Axis "action" if the Italian drive on Greece bogged down.

PLENTY CAUSE FOR HEADACHE

No Wonder Budget Commission Has Its Hands Full. Here and there exceptions can be found, but in general the agency which is not asking for a substantial increase over its present expenditures is indeed a rarity.

Not only that, but all the regular departments in Raleigh always want more money. Consider the situation with reference to these regular requests already presented to the commission last week.

Fifteen of the regular agencies are asking for \$2,000,000 more for next year than they spent this year. In very round figures here are the increases (not the total amounts) sought by these fifteen:

# Phantoms Have a Scrappy Eleven; Meet Edenton Friday

## LOCALS RATED OVER VISITORS

### Edenton Boys Out To Avenge 51-0 Licking

By C. B. Rowlett

Hitler has his air force, Great Britain has its navy, and Greenville High School has its football team, and what a football team. After taking a 19-2 licking at the hands of a stronger, larger and more powerful team in Elizabeth City week before last, they came back and swamped a highly-touted New Bern high eleven 45-13, and that spirit.

Although Bo Farley's Phantoms have bowed to three teams this year, not a one of the opponents can say it was a push-over. Goldsboro's Earthquakes took a 6-0 victory over the Phantoms in the closing minutes of the ball game. It was a hard fought battle for both teams but the boys from Goldsboro were too powerful for the lighter Phantoms.

The second team too put a defeat on the local highs was Kinston with a 14-13 triumph. This game was all won and lost in the last few minutes of the fourth quarter. Although Coach Farley was sick and could not be present at the contest, Assistant Coach Fulkerson did a fine job even if the boys did drop a game by a one-point margin.

This was the first win in fifteen years for the Red Devils of Kinston over a Greenville High grid team. The Devils sported a pass offense that the locals just couldn't stop.

The last licking put on the Phantoms this season is probably the last licking of the season and it was handed to the Phantoms by one of the strongest high school teams in the state, Elizabeth City. Sporting a team that would average almost 200 pounds to the man, the Yellow Jackets took the locals 19-2. Although the Farley-men came away in defeat they came away with a moral victory. They were the first to score on the Elizabeth Cityans in two years of Conference play. Since running up against the scrappy Phantom, eleven, Elizabeth City hasn't been so invincible. Roanoke Rapids edged over a score on the Yellow Jackets last week, even though dropping the game 22-6.

This week the Phantoms are slated to meet Edenton Aces in the local stadium on Friday night. Those Greenies of '39 took a 51-0 decision over the Edenton boys. The boys are rated just as much over the Aces this year as they were last year.

Greenville High School sports a record of four wins three losses and one tie. A highly-rated Roanoke Rapids eleven, slated to lick the Phantoms in at least two touchdowns had a hard time pulling in to a tie. The locals have taken wins over Windsor, Tarboro, Plymouth and New Bern.

## Man About Manhattan

New York—It is painful to see a play like "Journey to Jerusalem" withdrawn in only a few days. Its failure is an indictment against the intellectual level of the average play-goer in New York.

When Maxwell Anderson wrote it he made the charitable mistake of believing people would be willing to use their imagination a little. This was sad reckoning. New York audiences never like to use their heads at any time. When they go to the theater they want intrigue and sex. When you've got shoutin', you don't have to think. When you've got sex it's all right there.

Unfortunately Mr. Anderson did not have any pent-house intrigues or maidenly surrenders by moonlight in "Journey to Jerusalem." It was simply a moving inquiry into a challenging subject. Hence the yawns. Hence the play's withdrawal. Hence, also, a net loss of about \$25,000.

There is a little French girl in the Ed Wynn show whose name is Lucienne. She dances with her brother Ashour. There is an apache number. It is burlesqued and is very amusing.

One day before she came to America she met a young French fellow named Robert Lorent. She married him and a week after war was declared he went into the army. She hasn't seen him since.

The other day came a Paris cable from Lorent. "Come home," it said. He explained he had been in a concentration camp at Toulouse.

Lucienne, her heart thumping hurried into the Old Master's dressing room, where Wynn leisurely was shaving his make-up.

"My husband," she cried, "he is alive. I must go."

The clown thought this over for a moment. Then he said, "But it's impractical. You're in a show. And how would you get there?"

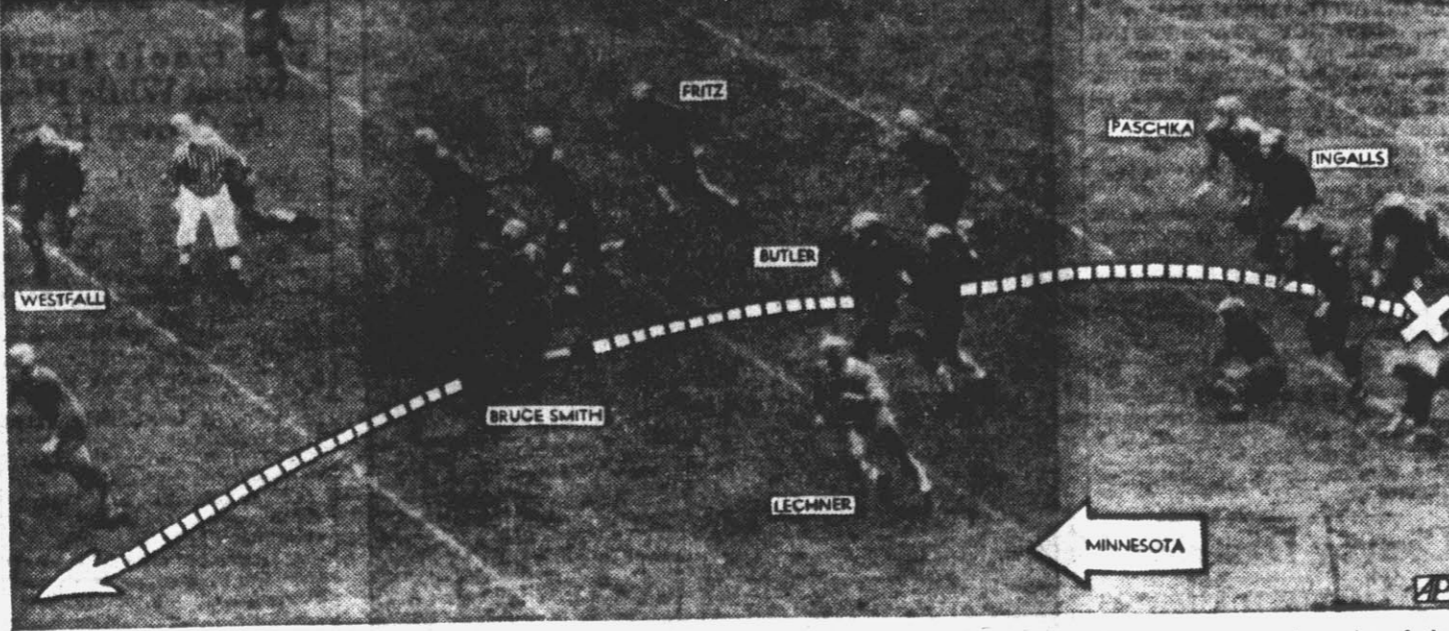

"Love come first," declared Lucienne.

"Okay, but there's a lot of things to consider. If you go back to Paris you'll probably starve. Let's bring your husband over here."

Lucienne fell on the comedian's neck and howled for joy. That's what they're trying to do now—find some way of getting Lucienne's "husband" out of France. Meanwhile, the apache goes on. Members of the cast say they never have seen Lucienne so gay.

City Comptroller J. D. McGoldrick has unearthed an old loan on the city's books that it can't do anything about. The loan was a 200-year bond issue made back in 1867, and though the amount borrowed was only \$100,000, interest

## Eighty Yards To A Touchdown And Gopher Victory

Bursting through the Wolverine line, Bruce Smith, Minnesota halfback, legged it 80 yards for a touchdown in the second quarter of the Michigan game which was played in Minneapolis. Smith's spectacular run came on the first play after the Gophers had intercepted a Michigan pass in the end zone. After Smith crossed the line untouched the accurate toe of Joe Mernik, Gopher half, made it a 7 to 6 victory for Minnesota.

## Conatser Goes Over For Aggie Touchdown

It took a lot of hard, physical knocks, but Bill Conatser, Texas A. and M. back, supplied all that was required of him as he plunged over in Southern Methodist's Ray Pope for an Aggie touchdown early in the first half. The Aggies went on to win 19 to 7 to the cheers of a Dallas Tex. crowd.

## PIRATES FACE PANTHER TEAM

### To Engage High Point Gridders Here As Next Foe

By BURTON DANIELS

Coach John Christenbury impressed on his East Carolina charges today the toughness of the High Point College eleven that they are playing this week end at Guy Smith stadium. According to skipper Christenbury who scouted the High Pointers in their rout of Guilford, the Panthers have the most polished offense that the Pirates will be called on to face this season. He ranked them stronger than any club that the Pirates have met so far and left the impression that the East Carolina boys have to be right to stay on the same field come Saturday night.

He did leave the impression that the visitors might be had, and laid out a schedule for the week that is destined to get the boys prepared for their toughest tilt to date. The first outfit will scrimmage against High Point plays at least one day during the week and every day through Thursday will see contact work of the roughest kind.

Prospects have been materially brightened in the Pirate camp by the return to action of Schuchter with the "bank" in there the Pirates will have a definite threat around the flanks to supplement McPeck's stellar plugging. Coach Christenbury is planning this week's offense around these two men, and it is pretty certain that they will carry the major share of the running load in the homecoming day tilt.

The rapid development of Young Sick Waddell Murray and Evans will lend a further ray of light to the Pirates offensive. Young made the longest run of the game against Guilford from scrimmage, while Murray ran with more power than at any time hitherto this season. One of his jaunts returning a kick carrying for forty yards, Evans has been showing the coach and sidelines quarterbacks that given the hole and blocking necessary to reach the secondary, he is the most dangerous breakaway man on the outfit.

## ROBERT LEE HUMBER ASSERTS DEMOCRACY FACES ZERO HOUR IN ARMISTICE DAY ADDRESS

(Continued From Page One)  
States not only is interested in the integrity of the individual, but also that of the entire human race." After reiterating historical events that grew out of the last world war and correlating them with today's national and international picture he asked his audience, "Does it mean we've got to go through this every generation in order to keep man free?"

Arthur B. Corey reported Pitt County Post No. 39, American Legion, had a membership of 115 and urged all ex-service men of the county to affiliate themselves with the organization because such action is "one of their duties."

The program opened with an advance of the United States flag and that of the American Legion. The Rev. J. D. Simons, pastor of Memorial Baptist church, offered the invocation.

Two selections, "God Bless America," and "Fair Land of Freedom," were offered by the Avden and Winterville high school choruses. The Greenville Symphonic chorus sang "Recessional." Both groups sang under the direction of Lewis S. Bullock. Two selections were played by the College orchestra under the direction of L. Dittmer.

Led by members of the State Highway patrol, a parade composed of the flag bearers, Greenville high school band and legionnaires, moved through the city to the campus of East Carolina Teachers College for the annual program. A barbecue luncheon on the south campus concluded the activities of the day. Platform guests introduced during the program were Mrs. Robert Humber, Mr. Humber's father, Mrs. J. H. Rose, president of the Woman's Auxiliary, and LeRoy Rollins, commander of the Farmville post of the American Legion and co-sponsor of today's program.

## LIBRARY IS PARTICIPATING IN NATIONAL BOOK WEEK

(Continued from page one)  
bag will reach him during Book Week.

The Radio station is cooperating also, and each night this week except one, at 8:45, outstanding librarians will comment on various types of books found at the library. Mrs. Herbert ReBarker will talk tonight on "Current North Carolina writers." Tomorrow night at 9:15 Rev. W. A. Ryan, will discuss "Today's Mindful Books," and give a short history of the Carver library. At 8:45 on Wednesday, Prof. Dea will take the air on "Why a Mystery story." Particularly attractive is the Thursday night program when Mrs. J. H. Rose with her pupils will give a play, "The Magic Box." Listeners will be pleased on Friday night at the same time to hear Miss Plumb, from the College, talk to the mothers and teachers in Greenville on the "Parent-Teacher Shelf at the Library."

With political affairs out of the way for a while, National Book Week stresses quality of the thinking of democracy's citizens. Through the week emphasis will be placed on books as the most accessible door to the values of spiritual life. Librarians will say that one of the ways to order practical affairs will be in encouraging the love of books where may be found food for energizing its citizens in the unknown future.

## Convoy Destroyed By German Planes

18-CONVOY  
Berlin, Nov. 11.—(AP)—Annihilation of another British sea convoy by air attacks was reported by authorized Nazi forces today, but no details were divulged.

These sources said a merchantman of about 3,000 tons also had been sunk about 300 miles off the west coast of Ireland. A German fighter plane was reported by the high command to have sunk an 8,000-ton merchant ship off Middlesbrough, while bombers destroyed barracks and other buildings in two British troop camps.

## ECTC Talk Made By Goldsboro Man

"Until the lights go out, we never see the stars," was the main thought of the talk delivered to the young people of East Carolina Teachers College by James Butler, Secretary of the Junior Chamber of Commerce of Goldsboro and a former student at the College, at the Vesper Service Sunday evening. After Scripture and prayer by Miss Irene Mitcham, Y. W. C. A. Religious Education Chairman, the speaker was introduced.

"When prosperity and light fill our world, we never look to God and Heaven; but when they leave us, we reach out for them," began Mr. Butler.

He pointed out how people are asking the question, "How does God let evil triumph and the innocent suffer as they are doing today?" and reminded the audience that the Israelites asked themselves similar questions, but that they still looked up to God for their protection. "We must look up to God today, and behold his handiwork; look up to keep from being lost in the darkness; look up to get God's viewpoint; look up and believe in the power and love of God," said the speaker. "To look up and believe God and to trust Him is the only solution to the present crisis."

Tarboro, Nov. 11.—(AP)—James Albert Newsom, 23, of Roanoke Rapids died in Edgecombe County General hospital today of injuries suffered in an automobile accident Saturday night.

## STATE WHEAT GOES BEGGING

### Tar Heels Import Wheat While Plenty Grown Here

Raleigh, Nov. 11.—North Carolina millers are now importing 75 per cent of the wheat they grind into flour while the wheat of Tar Heel producers "is going begging," W. H. Darst, marketing specialist of the State Department of Agriculture, said today.

"The truth is," he asserted, "North Carolina wheat is just as good in quality as the wheat purchased from growers in other states providing it is properly harvested. However, millers seem to prefer wheat from Virginia, Maryland, Pennsylvania and Ohio."

Darst asserted that "there is a great potential market for North Carolina wheat right here in our own state, however it is imperative that the farmers study the mill requirements." He emphasized that "both the farmer and the miller can profit through the adoption and use of accurate marketing grades."

North Carolina's wheat production in 1940 totaled approximately 6,021,000 bushels, indicating a record crop, with an average yield estimated at 13.5 bushels per acre. "Another factor in favor of North Carolina wheat is that the protein content compares favorably with the wheat grown further North according to laboratory tests," Darst said. "The protein content of wheat grown in North Carolina averages 9.95 per cent."

Meanwhile, Darst has proposed the Tar Heel millers "strive to reward North Carolina farmers by paying prices for wheat in ratio to the quality of the crop he delivers to the mills" adding that "obviously this practice will encourage farmers in order to discover just how many of the Unemployment Compensation Commission's lame ducks have been taken care of."
