Robin Moor Definitely Declared Victim of Nazi Sub

CONSUL MAKES REPORT TO U.S.

Also Declares That Commander Of U-Boat Fully Aware Ship Was American Vessel; Responsible German Authorities Assert Berlin Without Any Authentic Information

Washington, June 12.—(AP)—The State Department announced today that a preliminary report from the American consul in Pernambuco, Brazil, stated that the United States ship Robin Moor was undoubtedly sunk by a German submarine.

The report added that the commander of the submarine was fully aware that the Robin Moor was an American vessel.

Berlin, June 12.—(AP)—Responsible German quarters said today they still were without authentic information concerning the sinking of the American freighter Robin Moor.

In a general way we can only say that the commanders of German naval vessels, including submarines, have orders to conduct themselves in most strict accord with the precepts of international law, an authorized spokesman said.

The report of the consul, Walter J. Lintineum, was based on interviews with the 11 survivors of the ship, which was sunk on May 21 in the South Atlantic. Thirty-five persons are missing.

Welles read from the consul's report. He added that the Robin Moor's cargo contained no implements of war or other military materials inconsistent with the neutrality act.

The general cargo, Welles said, consisted of many types of goods from steel rails to women's hosiery and including automobiles, automobile parts, radio parts and numerous other items.

Welles said the cargo was consigned to Port Elizabeth, Capetown Port Natal and East London.

All of the ports for which the ship was headed are in Portugal and British Africa.

Several days ago Press Secretary Stephen Early said President Roosevelt would prefer that judgment be suspended on the Robin Moor's fate until after the facts are established.

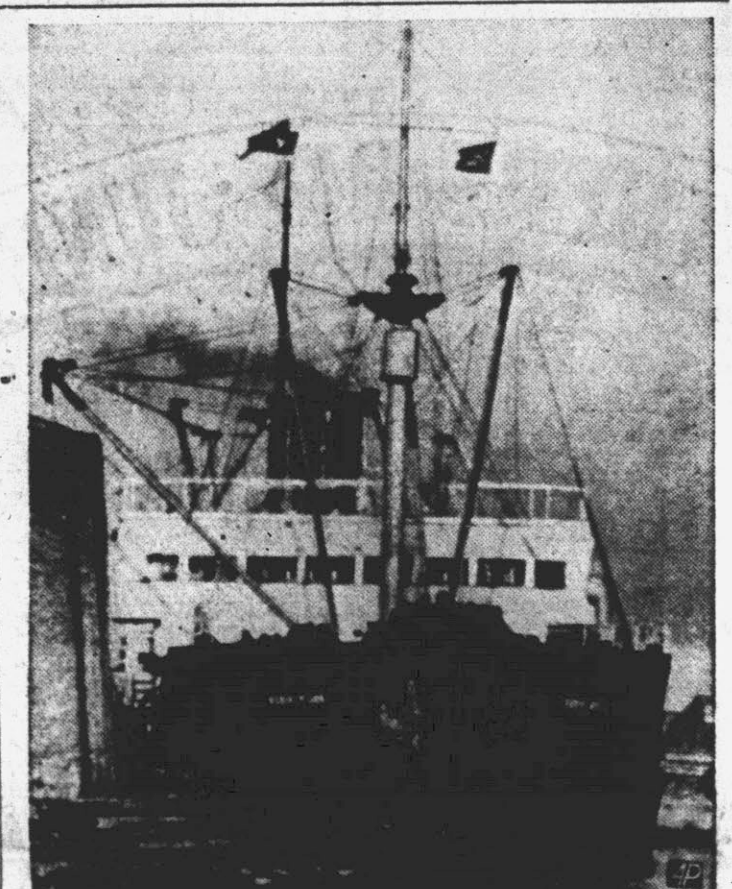

Welles refused to indicate what action the United States would take.

PITT USO UNIT IS ORGANIZED

Committee Chairmen Named Local Quota to \$1,250

A Pitt county unit of the United Service Organization, Inc., was organized here last night at a dinner meeting at the Proctor hotel.

The purpose of the organization is to provide contacts between military and civil life, provide recreational services for soldiers and sailors, offer counsel and guidance on all problems confronting service men in camp, provide club house accommodations for the reservation, offer cultural and educational services, maintain an information service and keep up the morale of the men in service.

A nation-wide campaign will be conducted to raise \$10,765,000 for this year's budget of the USO.

Pitt county has been given a quota of \$1,250 and little difficulty is expected to be encountered in reaching this goal once the citizens are aware of the purposes and aims of the organization.

Chairman of the various communities in the county were announced last night by Dr. Wooten as follows: Greenville, Dr. R. J. Slay; Pactolus, Coy L. Forbes; Fountain, Miss Nellie Owens; W. F. Stokes; Bethel, J. A. Staton; Winterville, Ray Oglesby, Grifton, Mayor W. I. Bissette; Falkland, G. H. Pittman. Chairmen for other communities will be announced at a later date.

J. H. Waldrop of this city, is treasurer for the county organization.

Chairman of the respective communities will name their full committees by June 18, on which date material will be provided the workers and the financial drive will actually get under way. A final report is scheduled to be made by June 23 so that the campaign can be wound up on that date and a report made to state and national headquarters.

Germans Reported Massing Forces on Frontier

London, June 12.—(AP)—Coinciding with the arrival of Sir Stafford Cripps, British ambassador to Moscow, usually reliable sources said they had received reports Germany was massing troops, guns and tanks in Poland and Rumania for a "war of nerves" designed to squeeze important concessions from Soviet Russia.

Russians in London said they knew nothing of these reports, but opinion was expressed in other quarters that Sir Stafford, who arrived yesterday, would be consulted about them.

Reports said 155 German and Rumanian divisions—1,350,000 to 2,325,000 men—were massed in Poland and Rumania, ready for a drive to carry on the war against England.

Changes Are Made In Questionnaires

Officials of the two Pitt County Selective Service Boards disclosed today that revised questionnaires are being sent to registrants, the new forms going into more detail as to dependency, occupations, court records education and other information.

The officials are calling attention of the board to members of the Advisory boards and asking their cooperation in helping the boards to get more detailed information. It was pointed out that complete information on the registrant would prove of much benefit in classifying registrants.

Advisory board members are being urged to see to it that the registrant provides his telephone number, street or RFD number, box number, social security card number, whether or not tenant holds a contract or is an unpaid family worker, exact contribution to family budget, ability to read and write. If a registrant can not provide the requested information, the Advisory board member is urged to instruct him to gather the information and return later.

Another new ruling put into effect gives a registrant 10 days in which to return his questionnaire.

FIGHT IS LOST ON AMENDMENT

A Vote Approving Measure Granting Power To President Comes After Adoption Of Amendment Requiring Mediation Efforts

Washington, June 12.—(AP)—The Senate approved legislation today to give President Roosevelt specific statutory authority to take over defense plants where there is an existing or threatened failure of production and management or labor have failed to utilize existing mediation agencies.

Approval of the measure came after administration forces lost a fight against an amendment by Senator Ball (R-Minn.) which provided in effect that the President could not exercise such powers until mediation attempts were exhausted.

The vote approving the Connally proposal was 67 to seven.

Senator Connally (D-Tex) offered the plant seizure bill as an amendment to legislation authorizing the President to defer army training for men who reach their 28th birthday by July 1 of this and subsequent years without having been drafted.

The Ball amendment was attached to the measure by a 36 to 34 vote after Senators Holman (R-Ore) and Clark (D-Idaho) had changed previous "no" votes.

Before acting finally on the measure, the Senate adopted a proposal by Senator Byrd (D-Va) condemning defense strikes or lockouts where either side refused to accept the decisions of mediators. It also adopted an amendment by Senator La Follette (Prog-Wis) reaffirming the principles of collective bargaining.

The revised plant seizure method would give statutory form to power already exercised by the President under terms of his declaration of a full emergency, in ordering the army to take over the North American Aviation company plant at Inglewood, Calif., this week.

Funeral Tomorrow For Mrs. Fleming

Funeral services for Mrs. Mary E. Fleming, who died at her home, 204 Washington street, at 7:35 o'clock last night following several months of illness, will be conducted at Memorial Baptist church tomorrow morning at 11 o'clock by the pastor, Rev. J. D. Simons. Burial will follow in Cherry Hill cemetery.

Mrs. Fleming was 82 years old. She was born in Edenton, but moved to Pitt county with her family when she was still a young girl. In 1874 she was married to Sidney J. Fleming, who died in 1911. For the past 20 years Mrs. Fleming had lived in Greenville, and was a member of Memorial Baptist church.

She is survived by three sons, V. C. Fleming of Greenville and E. D. and E. I. Fleming of Rocky Mount; two daughters, Mrs. Annie Washington and Mrs. Leon Fleming, both of this city; 13 grandchildren and several great grandchildren.

Yelton Gets Post With Commission

Raleigh, June 12.—(AP)—The School Commission appointed Monday by Governor Broughton was sworn into office today and immediately named Nathan H. Yelton of Bakersville as its secretary. He succeeds Lloyd Griffin.

Yelton, who is state director of public assistance, was endorsed by Governor Broughton for the School Commission post. He is expected to resign almost immediately as director of public assistance and to take over his new duties July 1.

DETROIT PLANTS BACK AT NORMAL

Normal Production Also Reported At Vast Aircraft Manufacturing Plants In California

By The Associated Press

The mushroom outbreak of defense production stoppages and strike threats of the last week diminished appreciably today, but left a growing controversy over proposed drastic governmental measures to curb their recurrence in strategic industries.

Resumption of work at near normal capacity on warplane parts in five Detroit plants of Bohn Aluminum and Brass Company and six Aluminum Company of America units in Cleveland was scheduled for today after short-lived CIO strikes.

In California's vast aircraft industry "production as usual" was the order of the day as the soldier-management of North American Aircraft Corporation at Inglewood reported "100 per cent personnel and 100 per cent efficiency."

There remained several live disputes: At Pittsburgh AFL truck drivers who have struck against 179 operators rejected a labor department peace proposal.

In the same city CIO steel workers threatened to strike in two plants of Curtis Wright propeller division unless wage demands or the alternative of arbitration were acceded to by midnight tonight.

At St. Louis the Globe-Democrat said a handful of troops removed materials from one of 11 steel fabricating firms shut down by an AFL strike.

And in a Detroit metal stamping plant a CIO work stoppage threatened to render idle 30,000 employees of the Chrysler and Briggs Manufacturing Company automobile factories.

A high official in Washington said the government was prepared to bar individual strike promoters from all defense employment if production stoppages continue under circumstances found to be "subversive" rather than legitimate union activity.

Both Senate and House debated strike curb proposals, and informed House sources said legislation might soon be offered to penalize strikers who defied the National Defense Mediation Board by depriving them of their rights under labor laws—such as the rights of peaceful picketing and collective bargaining.

A blast from Philip Murray, president of the CIO, made it clear the nation CIO leadership would fight such a program. In a formal statement to every CIO unit in the country he denounced pending congressional measures to check work stoppages.

Mrs. J. F. Young, 71 Dies From Stroke

Mrs. Young had been a member of the Bell Arthur Free Will Baptist church for 20 years. She had been married for 53 years.

Justice Stone Elevated As Jackson and Byrnes Named to High Tribunal

Confirmation Of Sen. Byrnes of South Carolina To Fill Vacancy Created By Resignation Of McReynolds Comes Within 11 Minutes; Jackson And Stone Nominations Sent To Committee

Washington, June 12.—(AP)—President Roosevelt today nominated Harlan F. Stone of New York to succeed Charles Evans Hughes as Chief Justice of the United States Supreme Court.

The place vacated by the elevation of Stone will be filled by Attorney General Robert H. Jackson.

And, to fill the vacancy created by the retirement of James Clark McReynolds last February 1, the chief executive nominated Senator James Francis Byrnes, of South Carolina.

On the motion of Senator Glass (D-Va.), Byrnes' nomination was confirmed 11 minutes after it had reached the Senate. This is a courtesy customarily extended, sitting members of the Senate when they are nominated to the judiciary.

The nominations of Stone and Jackson were referred to the Judiciary Committee for consideration in the usual course of procedure.

Although no immediate announcement was made as to who would succeed Jackson as attorney general, there have been reports that Francis Biddle, solicitor general since January, 1940, probably would be moved up to the highest Justice Department post.

While there had been reports that Jackson might become chief justice, the President chose instead to elevate Associate Justice Stone, a Republican, to the highest judicial post in the nation. Stone will be 69 next October. Jackson is 49 and Byrnes 62.

Although a Republican, Stone was one of the leading supporters on the tribunal of Roosevelt administration legislation.

He was appointed to the court by President Coolidge in 1925 after serving nine months as attorney general. He and Mr. Coolidge had been classmates at Amhurst college.

Both Jackson and Byrnes are known as strong administration supporters.

Funeral Held For N. Nash Clark, 68

N. Nash Clark, 68, died suddenly with a heart attack suffered while he was at a filling station in Grimesland yesterday afternoon at 3:30 o'clock.

Funeral services were conducted from the home of a daughter, Mrs. H. V. Buck of Galloway's crossroads, this afternoon at 3 o'clock by Rev. Mr. Crowe, Methodist minister of Grimesland. Burial followed in the Hill family cemetery in Beaufort county.

Mr. Clark was born and reared in Beaufort county, later moving to Pitt.

He is survived by his wife, Mrs. Lila Edwards Clark of Greenville, Route Four; three sons, Marshal Clark of Greenville, Route Two, W. E. Clark of Grimesland, W. L. Clark of near Bethel; four daughters, Mrs. Buck, Mrs. D. M. Stillwell of near Grimesland, Mrs. A. J. Johnson and Mrs. L. R. Ross of Greenville, Route Four; one brother, I. T. Clark of Blount's Creek; one sister, Mrs. Allen Edwards of Chocowinity. Twenty-five grandchildren and one great grandchild also survive.

Vichy Reports That British And Free French Forces Halted In Campaigns for Both Beirut And Damascus; French Air Units Declared To Be Aiding Land Forces

Vichy, June 12.—(AP)—British and De Gaulle troops have been stopped along the whole front of their drive toward Beirut and Damascus, the French high command for Lebanon and Syria asserted in a communique tonight.

Forces which had crossed from the Litani river have been stopped, "before our centers of resistance south of Sidon," the communique said. (The British had reported Sidon reached. It is about 25 miles south of Beirut.)

Further east, in the sector where Damascus is threatened, attacks south and southeast of Khasrouh failed to crack the defenses, the French said. Gissoune is about 10 miles from Damascus.

In the Sidon sector, the French said their defense lines were 60 miles south of the city. There the lines were exposed to a bombardment from the sea, a bombardment described as "violent and constant."

By The Associated Press

A violent battle between British tanks and French warplanes was reported raging today on the outskirts of Damascus, capital of Syria, with Vichy French troops still holding the allies at bay east of Khasrouh, 10 miles away.

Dispatches from the capital said French air units, flown from North Africa, were effectively supporting the defense troops.

German planes aided the French in yesterday's actions, it was said, but there was no indication that they were engaged in the fighting today.

Spurred by a message from Marshal Petain, Vichy French forces were reported putting up fierce contention on all fronts in the five-day-old conflict.

The French acknowledged "severe losses," however, against numerical superior forces, and conceded that allied troops striking from Palestine along the Mediterranean coast were advancing toward Beirut, the Lebanon capital.

French military dispatches from the battlefield said Australian forces had fought their way to the outskirts of Sidon, within 25 miles of Beirut.

French dispatches described the fighting in the Sidon sector as growing in fury, with heavy losses on both sides. Offshore, the big guns of the British fleet—including a battleship, two cruisers and five destroyers—laid down a fiery barrage on the French defense positions.

In the north, dispatches from Turkey said, one column captured the important desert base of Deir-Ez-Zor and another reached Ras El Kain, 100 miles to the north. These columns, advancing from Iraq, were reported to be less than 175 miles from Aleppo, their apparent ultimate objective.

In the south, three columns slung at capture of the Syrian and Lebanese capitals—Damascus and Beirut—apparently were meeting considerable French resistance.

There was little news of the other column, said to be steering into central Syria toward Palmyra.

Accused

Francis Biddle, 46-year-old handyman who dubbed himself "Charlie Chan" because of his resemblance to the movie character, was booked in New York on a homicide charge in which he was accused of killing Mrs. Rose Siegel, 23, with a meat cleaver. Authorities said he confessed the killing and admitted he placed the body in a trunk which he left in the woods on Staten Island.

NAZIS REPORT ON CONQUESTS

Total Of 5,893 Men And Officers Lost In Crete

Berlin, June 12.—(AP)—The German army and air force seizure of Crete on Adolf Hitler's personal orders cost 5,893 officers and men in dead, wounded and missing, the high command announced today, and proved that "nothing is impossible to the German soldier."

The announcement also claimed that between January 1 and May 30, 30 allied warships were sunk in the Mediterranean, including 23 at Crete, and that "a great number of other units, including several battleships and plane carriers" were damaged.

In the same five months period according to this announcement 103 merchantships, totalling more than 530,000 tons, were sunk in the Mediterranean.

The Nazi casualties listed for the Crete campaign were those of the German army and air force.

The Germans reported 592 allied planes destroyed in the battle of Crete—417 on the ground, in the first stages of the battle, 167 in air fights and eight by anti-aircraft fire.

As for their own losses, the Germans acknowledged only 238.

Also reviewing the Balkan campaign—the conquest of Yugoslavia and Greece—the high command announced that a preliminary to the final count of prisoners showed about 14,500 officers and nearly 560,000 men—Yugoslavs, British Imperial troops and Greeks—in German custody.

Greenville Girl To Lead June German

Officers of the far-famed Carolina Cotillion club are shown above with their dates for the Sixty-first Annual German to be given in Roccby Mount on Friday, June 13. The club is one of the most widely known organizations in the South, organized in 1880, and sufficiently assured to defy superstition.

They say Friday the thirteenth is going to be luck for them in that two popular dance bands will play for the annual event, the great Tony Pastor for the South's biggest dance, and Kay Carroll for the con-

cert which will precede dancing and entertain the spectators.

Dr. Coyte R. Minges, president of the club, will lead the active club members' figure, which is a feature of the German, and with him is shown Miss Sue Barrett, of Greenville, North Carolina. These two will be assisted by Harvey C. Roberts, vice-president, and Miss Marjorie Stegorn, shown left, and J. D. Winstead, secretary-treasurer, and Miss Katherine van Tassel.

Gulford C. Worsley, immediate

past-president of the club, and Miss Sue Taylor Myers, of LaGrange, will direct the figure.

Dancing in the huge Mangum warehouse will begin at 10 o'clock and will continue until dawn, with scheduled intermissions, beginning at 12:30, immediately following the club members' figure.

The annual German, or dance of a long ago period, will climax a week of gaiety, smaller dances and parties galore being scheduled for "June German week."

LOCAL and SOCIAL

With The Choir.

The many friends of the North Carolina Symphonic Choir will be interested to know something of the reception these young people are receiving as they journey to California on their trans-continental concert tour. The first concert was in Charlotte, on the night of June 5, where they had a most enthusiastic audience. On June 6 there was a small but most appreciative group of listeners in Hendersonville, and then in their first concert out of the home state, which was in Jefferson City, Tenn., they received a most wonderful welcome. The concert was presented in the auditorium of Carson-Newman College, and lodging for the night was furnished in Henderson Hall, one of the college dormitories. The concert was sponsored by the Music Club of Jefferson City, and a reception was held after the concert for the entire party of visiting guests.

On Sunday evening, June 8, by special invitation, the choir sang several numbers at the executive mansion in Nashville, Tenn. The members of the Board of Trustees of Vanderbilt University were being entertained by Governor Cooper, among them being Mr. Norman H. Davis, chairman of the American Red Cross; Mr. George A. Sloan, president of the Metropolitan Opera Association, New York; Mr. E. Marvin Underwood, U. S. District Judge of Atlanta, Ga., and others.

The choir was most graciously received, and all the guests were greatly impressed with the unusual training which was shown in the type of work presented. These young people tour as Ambassadors of Music and Good Will from the state of North Carolina, and a letter of greeting from Gov. Broughton was delivered to Gov. Cooper. Gov. Cooper made a most appreciative response to Gov. Broughton's letter,

and expressed his profound gratitude to the governor and state of North Carolina for sending such worthy ambassadors. By special appointment the choir met Gov. Cooper at the capitol on Monday morning for the purpose of having a picture made, and then the party was taken to the Hermitage, Andrew Jackson homestead, as guests of the governor. A motor escort was offered to accompany the choir and party on the rest of their way through Tennessee. During this week concerts are being presented in Jackson, Tenn., Little Rock, Ark., Dallas, Texas, and Abilene, Texas.

Vacation Bible School Picnic.

In spite of the weather, the Vacation Bible School of Memorial Baptist church, was well attended today. The missionary contribution was 98 cents. There has been a daily increase in registration.

We are dispensing with the regular program tomorrow morning on account of the funeral of Mrs. Mamie Fleming, which will be held from the church at 11 o'clock. But the girls and boys and faculty will meet at the church at 3 p. m. where a picture of the school will be made, and then the school will parade to the playgrounds on Cottage street for a picnic. We are asking each person to bring his picnic lunch. The church will provide the drinks.

We promised to tell you something about the work of the Beginners and Junior departments of the Vacation School. The Beginners department is superintended by Mrs. E. L. Ballenger, who is ably assisted by Mesdames Curtis Clark, C. H. Ross, Jr., and B. M. McGraw. The general theme of this program is learning about God's love and care and that there has been considered in various relations of life, and has been developed through song play, handwork and Bible and character stories. There were 19 children who today attended the session of the department, which is doing excellent work.

The Junior department is under the capable direction of Miss Maxie Broadwell, who is ably assisted by Mesdames N. C. Brooks, Harry Piner, George Woodward and Kate Whichard. Today this department

had an attendance of 16. The girls of the department are devoting the handwork periods to making pot holders, tea towels, vanity sets, aprons and a quilt. The two articles last named will be given to the Nursery class of the Cradle Roll department.

The scripture which is used each morning in the joint Junior-Intermediate worship is, Psalms 34:13-14: "Keep my tongue from evil, and my lips from speaking guile, depart from evil, and do good, seek peace and pursue it."

The Daily Vacation Bible School is both different and delightful. The large attendance each day is sufficient evidence that the children like it.—Reported.

The King's Daughters Meet.

The Patient Circle of The Kings Daughters held their June meeting with Mrs. Hortense Moyer at her home on Evans street. The circle was called to order by the president. The prayer of the order was used for the opening prayer. The devotional was given by Mrs. Moyer. She selected St. Luke 1:28 and 1:48, and her subject was Mary the woman who was most honored by all her sex.

St. Luke more than any other scriptural book relates the kindly attitude of Jesus toward the women who followed Him so closely during His life. There is no need to deify Mary to give her first place among women. Her virtues have been extolled in song and poem and her beauty has been pictured on canvasses of the most famous artists. We come closer to the real Mary by making her as simple as possible. She needs no fictitious glory, for from her came our Lord in human perfection. From Mary Jesus learned the true motherhood. He learned of "life and love and God."

Mary was a heroic woman when told she would have a son. She said, "Behold the servant of the Lord." There was no weakness in a soul that could sing "My soul doth magnify the Lord." The angel said of Mary, "Blessed shalt thou be among women."

Mary was a woman of prayer. Our first glimpse of her is in the act of prayer. As the curtain of history rises it discloses Mary praying. As it falls, it falls on Mary in prayer.

Strength For The Day

By EARL L. DOUGLASS

BUT WE MUST USE IT
Religion has value only if we use it. There are concerts, dramas, speeches having international significance, filling the air round about us every minute. We have to have a radio receiving set to get them, and we have to have a sufficient disposition to want to hear them that we will turn on the receiving set.

Leslie D. Weatherhead in his book "This Is The Victory" tells how many years ago in Hyde Park—where the English led the radical of all varieties rave—a heckler called out from the crowd, "We have had the Christian religion for two thousand years, and look at conditions in the world today." "Yes," rejoined the rough and ready speaker who was defending religion, "and we have had water in the world for two million years, and look at the condition of your face."

Some people are said to have no use for water but to put it under bridges. There are many who take a similar attitude toward religion. Water does our faces no good unless we use it for washing purposes. The people who are saying today that religion has failed and point to the chaos of modern times to support their contention, are for the most part people who scarcely ever attend church, give as little as possible for its support, and decline to practice the precepts of religion in fair weather or foul, particularly if they involve an inconvenience. So we are back where we started—religion, like everything else in life is only valuable if we use it.

HANDWRITING ON THE WALL

(Industrial News Review)
Certain labor leaders in the United States today set themselves and their demands above the welfare and safety of the nation.

To enforce their demands, whatever they happen to be, they do not hesitate to imperil the lives, not only of the workers themselves, but of every man, woman and child in our country.

Standing behind the cloak of freedom which they enjoy in this land, they are deliberately pursuing a course which may well destroy that freedom, and destroy with it the labor movement they prostitute for financial gain and power.

They dictate to government as well as to industry and the worker. There is only one force that can control them—public opinion, which eventually controls government.

The welfare of the public is today threatened on all sides by rule or ruin labor leadership.

First, our national defense is at stake.

Second, the nation's supply of coal is depleted to the danger point by strikes and threatened strikes.

Third, farm production is discouraged through increased costs the farmer cannot meet.

Fourth, the railroad workers now go the defense workers and the coal miners one better and demand a 30 per

The Strike Question, Here And Abroad

cent increase in basic wages which, if granted, would so boost living costs that the vicious circle of strikes would start all over again.

The development of little dictatorships was practiced in foreign lands until helpless people accepted a total political dictatorship which finally destroyed personal liberty and labor liberty as well.

Labor must realize that when the safety of the nation is in jeopardy, anything can happen. If the people are driven too far, they will be forced to demand a government dictatorship that will end labor dictatorship, and if that happens, the eventual result will be the destruction of the kind of freedom we have all enjoyed.

Washington Daybook

By Jack Stinnett
Washington — Answering the mail orders:

D. L. Richmond, Va. — The reason army and navy officers on duty in Washington do not wear uniforms is purely psychological. The story is that after the World War, the armament-reduction bloc in

Congress made a telling point in debate with the charge that almost every other person you saw around Washington had on either an army or navy uniform. A few days later the army and navy were both in mufti. Now, according to the grapevine, an order may come through any minute for army and navy men on duty here to get back into uniform — and the reason, again, is psychological. With the thousands of smartly attired officers and miles of gold braid around Washington won't look so much like a city that is just anking along a peaceful road — an appearance that is hardly compatible with the defense program.

K. E. Lebanon, Pa. — A joint army-navy commission already has done what you suggest and made a private report to several agencies on the hot spots where new strikes in defense industries may break out in the next few months. The National Defense Mediation board is even working on several of these — a few of which, if they came off, might be more serious to the industrial defense effort than any we have had so far.

T. L. M., Fort Lauderdale, Fla. — According to talk here, it seems pretty definite that the army is going to ask that the National Guard continue in service for the duration. It's a matter of legislation and Congress will have to act before the one-year training period of the Guard can be extended. The argument is that if the original training were adhered to, the army would be demobilizing more than half its infantry divisions in the face of the "unlimited emergency" — and just when they are beginning to reach a high degree of military efficiency.

B. W., Tacoma, Wash. — The three members of the U. S. Supreme Court who were members when President Roosevelt took of-

ice are Chief Justice Charles Evans Hughes, who will retire July 1, and Justices Harlan F. Stone and Owen J. Roberts. The four-month vacation which the court started the first of June is traditional, not exceptional. Capital gossip has it that Senator James F. Byrnes and Attorney General Robert H. Jackson may be the next men appointed to the court.

W. N., St. Augustine, Fla. — There are now 11 other army recreational camps similar to the one near your city, but the St. Augustine camp, with accommodations for a thousand men, is the largest. The idea is to provide week-end or short leave trainees may go for fishing, swimming, boating, horseback riding, and certain entertainment that is offered in the cities such as movies, dancing and amusement parks — all at a fee within the limits of a \$21-to-\$30-a-month wage. Lodging (in tents) is free at all the camps and meals range from 15 to 30 cents. If the success of these first few camps continues, the morale division will establish them all over the country. At present nearly all are in the Gulf of Mexico area.

Mrs. C. H., Springfield, Mo. — The War Department is the procurement, the provision, the supply, the records, and management part of the army. The General Headquarters, or GHQ, is the tactical and fighting part of the army. The GHQ air force is the striking force of army aviation, as distinguished from scouting and other planes which might be attached to other combat units.

Short Shots

Reflector Bureau.
BY HENRY AVERILL

Raleigh, June 12.—Anyone who keeps his eyes even moderately wide open cannot fail to have been impressed by the large number of soldiers to be seen congregated around the so-called "joke" joints that line the highways.

Thousands can find little to do with their spare time (and they do have spare time despite the intensive training program) except stand on street corners or flock to the disreputable joints which are always ready to gyp them.

It follows that it is the direct duty of everyone to do his bit in helping the army men live as nearly normal lives as is possible under the circumstances.

There are many things that can be done individually. It's not hard to strike up a speaking acquaintance with the soldiers you see just standing around. It is surprising how much pleasure it will give both host and guests if an invitation to visit your home is extended. But individual effort however great, will not meet all the needs, which brings to mind the United Service Organization.

This is a coordinating agency composed of the Young Men's Christian Association, the National Catholic Community Service, the Salvation Army, the Jewish Welfare Board, the Y. W. C. A. and the Travelers' Aid.

Worth Supporting
Here are some of the very good reasons why you should support the U. S. O.

It is an integral part of our national defense program. The morale of our defense forces cannot be adequately encouraged except through providing such services as those offered by the U. S.

The need is an emergency need—our defense cannot wait and one of the fundamentals of our defense is a strong morale.

Every gift to the U. S. O. is a vote of confidence in the men and women who are making sacrifices to make our defense a success.

Government cannot do this work for in our democratic way of life individual needs must be met by the individual service which can only be rendered through privately operated agencies.

Tax money cannot be used for this program, for tax money works only on the government reservations. The defense forces in their leisure time seek the same sort of recreation, counsel and spiritual facilities that civilians enjoy, and they are entitled to them.

A gift to the U. S. O. will go further than gifts to single agencies for this combined effort is based on the economy of common effort without duplication.

Finally, we know that we are a people who will do everything in our power to stand behind and show our appreciation of the young men who have been called to our defense.

An Easy Salad

A fourth teaspoon minced thyme and sweet marjoram and 1 teaspoon minced parsley convert 2 cups cottage cheese into a grand new salad with intriguing flavor. Serve it on top of crisp lettuce or cress and add mayonnaise or salad dressing. Try some with fried chicken, roast veal or broiled fish.

(By Substituted Trustee)

Pursuant to the power and authority contained in a certain deed of trust dated the 4th day of April, 1935, executed by J. J. Anderson and wife, Roland Anderson to T. C. Abernethy, Trustee, which deed of trust is duly registered in the office of the Register of Deeds of Pitt County, North Carolina, in Book No. Q-20, page 253, securing a certain note payable to Home Owner's Loan Corporation; default having been made for a period of more than ninety (90) days in the payment of said note as provided therein and in the performance of certain covenants set out in said deed of trust and demand of foreclosure having been made by the holder of said indebtedness, the undersigned Trustee, having been substituted as Trustee, for T. C. Abernethy, said substitution being duly recorded in the office of the Register of Deeds of Pitt County, North Carolina, in Book X-23, page 61, will offer for sale at public-auction to the highest bidder for cash at the Court House door in Greenville, Pitt County, North Carolina

at 12 o'clock noon on the 14th day of July, 1941

the following described real estate, to wit:

All that certain lot, tract or parcel of land situated, lying, and being in the town of Greenville, Greenville, Town of County of Pitt, State of North Carolina, and more particularly described and defined as follows:

Situate and being on the west side of Pitt Street, between Third and Fourth Streets, bounded on the north by K. W. Cobb, on the east by Pitt Street, on the south by A. M. Moseley and B. B. Sugg and on the west by the Primitive Baptist church lot, being more particularly described according to a survey made by W. C. Dresbach, Surveyor, on the 16th day of March, 1935, map of which is now on file with the Home Owners' Loan Corporation, as follows:

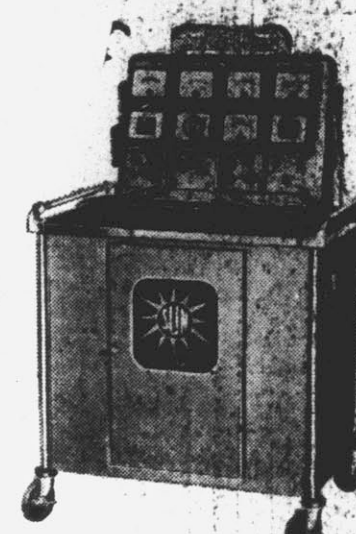

BEGINNING at K. W. Cobb's southeastern corner on the west side of Pitt Street, (110 feet southerly from the south west corner of the intersection of Pitt and Third Streets) and running thence with Cobb's line N. 75 deg. W. 125 feet, thence N. 15 deg. E. 55 feet, thence N. 75 deg. W. 12 feet, thence S. 15 deg. W. 29 feet, thence N. 75 deg. W. 70.5 feet to a corner of the line of the Primitive Baptist Church lot, thence with the line of the church lot S. 15 deg. W. 82.5 feet to B. B. Sugg's corner; thence with the B. B. Sugg and A. M. Moseley line S. 75 deg. E. 207.5 feet to Pitt Street; thence with Pitt Street N. 15 deg. E. 56.33 feet to the beginning.

Being the same property contracted to be conveyed by L. H. Rountree and wife, May Rountree, to J. J. Anderson and wife, Roland Anderson by contract dated and executed the 1st day of September, 1932, and never recorded; and being the same property which was, pursuant to the terms of said contract, conveyed by L. H. Rountree and wife, May Rountree, to J. J. Anderson and wife, Roland Anderson, by deed dated the 1st day of April, 1935, and being the same land whereon J. J. Anderson and wife, Roland Anderson, now reside.

This property will be sold subject to 1941 taxes. The purchaser at this sale will be required to make a cash deposit of 5 per cent of the purchase price to show good faith. This, the 12th day of June, 1941.
By Paul Jamison, Substituted Trustee.
Julius Brown, Attorney.

THE SACRED DAGGER

YESTERDAY: A number of things are necessary before...

WILSON'S Weekly RECIPES

Remember those long, dark, winter days when you promised yourself that come summer you were going to cook fast and get out of doors more? I firmly believe that Wilson's Certified Tender Made Ham is the answer to the homemaker's prayer for easy-to-prepare meals. This accommodating ham comes ready to eat. Or it can be heated in five minutes per pound. To make your shopping easier, bear in mind that only Wilson & Co. makes Tender Made Ham, it's "the ham you cut with a fork."

George Repton
Food Consultant for Wilson & Co.

LESS SHOPPING AND COOKING—GRAND MEALS!

A Wilson's Certified Tender Made Ham will provide more work-free delicious dishes than any other one purchase you can make! From one ham you can have (count 'em) all these different delicacies: cold slices, baked ham, frizzled breakfast ham, a broiled platter of juicy ham steaks, hot toasted sandwiches in cream sauce, choice "ham and" salads, and picnic dishes galore. What meals, what a ham!

THAT ARTIST'S TOUCH

Vary your salads by adding to salad dressing flavor variants such as fruit juice, chopped nuts, olives, etc. This flavor blending makes artists out of plain cooks. Always start with perfect salad dressing. I can recommend Wilson's Mayonnaise and Wilson's Salad Dressing because I know the quality ingredients that go into both and I think their balance of flavor perfect.

NEW LIFE FOR MENUS

Browse around among Wilson's Certified Ready-to-serve meats. Learn to know and serve them all. Buy them with confidence. They are made of finest meats in sparkling clean kitchens.

Wilson's Certified Dry Sausages

Some of Wilson's Certified Dry Sausages are richly smoked. Others are air dried as they were in Europe (Wilson's dry them in washed air). This process evaporates the moisture and gives a concentrated nourishing food at modest cost. Wilson's Certified Sausages are firm textured, somewhat hard, and highly seasoned. Its tangy flavor peeps up sandwiches and cold platters.

Wilson's Certified Cervelat

(summer sausage to you) is finely chopped, dark in color, and delicately spiced (no garlic). Try it in salads, creamed soups and with scrambled Clear Brook Eggs. Wilson's Certified Bologna is a real aristocrat. It is made of tender juicy lean pork and beef. It is good sliced or fried. Delicious with hot slow or hot potato salad.

Your Screen Test

By ROBBIN COONS

1. You've seen this starlet with Andy Hardy and other good company on the screen, but you probably know her also as Mrs. Who is she?
2. Can you name the directors, new behind the cameras, of (a) "Shining Victory," (b) "Billy the Kid"?
3. This statement will be true if you cross out all the girls' names but one: "Fred Astaire has not yet made a dancing movie with (a) Ginger Rogers, (b) Eleanor Powell, (c) Ann Miller, (d) Rita Hayworth." Which name should stand?
4. In current movies, what star (a) "knew all the answers?" (b) Picks up an ice-cold million? (c) Learns that science needs a heart? (d) Tries to go straight—but snags a bullet just the same?
5. With all Hollywood slap-happy, what's unusual about the slap Garbo will hand out in her new comedy?

ies, what star (a) "knew all the answers?" (b) Picks up an ice-cold million? (c) Learns that science needs a heart? (d) Tries to go straight—but snags a bullet just the same?

Count 20 points for each question answered. A score of 60 is good, 80 excellent and 90 or above colossal.

through his shirt. His hands were trembling. The sight sickened Anne. She rose, anxious to get away from them all and have a private talk with Pete. She slipped a hand through his arm and led him out and towards her tent.

"Sweet serpents," he muttered, looking back. "Let's forget it," she said. "He apologized. It's grand to be hearing you say 'sweet serpents' again."

"They've kind of soured on me lately," he lamented, and greeting the lama who crouched under the awning at her tent door, sent him out to the plane for a parcel.

"Thought I ought to present this kind of private," he said, "considering the mess I made of giving you the letter."

They dropped into folding chairs in the shade and smiled at each other. Suddenly he burst out: "Say what did you write to Blaze? Not that I want to know."

"I don't know," said Mackey heavily. "I think of him as a pretty decent fellow—a little screwy like all scientists—but good company and dependable."

"Do you remember that time he beat you there in the snow storm?" "Saved my life!" "But it shows you how ruthless he can be. Is it possible he's trying to get the Chinese governor to break our concession contract?"

Pete exploded. "No, he wouldn't do anything that low down." "Or take our contract away from us?" He speaks of coming here. "I really don't know what he's up to. He's down into Russia once and I'm going to say this, though you don't want me to—He's in love with you."

Jakie Wade Bests Rookie Hurler As Bears Win 5 To 3

HEADER IS SET HERE TONIGHT

New Bern and Greenies Start Program At 7:45

Two hurlers made their debut with Coastal Plain teams in the game between New Bern and Greenville last night and the Bears' ex-club-leader, Jakie Wade bettered Greenville's Rookie George Burrell Jr. of Belmont as New Bern took a 5-3 win over the Greenies.

Burrell's win was his downfall, as he walked six men and hit two batters. He allowed only nine hits, while the Greenies were touching the former big-timer for seven singles.

Burrell joined the local club when Bullock was released about the first of June, but last night was his first performance.

Wade, not only pitched the Bears to victory, but was the big gun on the offensive. He homered and also drove in a run on a single.

Greenie scored all its runs in the seventh on singles by Wilson, Jenkins, Kracke and Pierce. This put the Greenies ahead 3-2, but the Bears made three in the last half of the eighth, Wade's homer starting the ball to rolling.

New Bern and Greenville tie up in a double header here tonight, the first game starting at 7:45. Rain-checks on Monday night's rained out game will be honored.

YESTERDAY'S RESULTS
Greenville 49, Farmville 19.
Tarboro 27, Goldsboro 7.
Henderson 27, Rocky Mount 17.
Wilson 20, Kinston 13.

The Greenville golfers concluded the season's regular play here yesterday afternoon by taking a 49-19 victory over Farmville and wound up the schedule in third place, trailing Wilson and Tarboro.

Wilson defeated Kinston 20-13 and Tarboro was victorious, 27-7 against Goldsboro to take first and second places. Henderson took a 27-17 match from Rocky Mount in the fourth match of the day.

Goldsboro and Henderson were rained out last week and Goldsboro has invited the Vance team to play there next week for the opening exercises of a new course.

Medalist honors here yesterday were won by Grady Liles, Carolina star playing with Farmville, who turned in a 69. Winning second place honors was Neal Herring, with a 71. Dr. Massey's 74 was third low score.

Scores posted by Greenville players in yesterday's final match follow: Herring 71, Massey 74, Carr 78, B. Blues Even Series With 3rd St. Reds

The High School Blues evened their series up with the Third Street Reds this morning by the score of 11-9. The Reds out-hit the Blues but their hits were not as opportune. Ralph Hunter's homer with the bases loaded was the most telling blow of the game. Rivers Goodall of the Blues also hit for the circuit with one on.

Stumpy Garrett's three for four led for the Reds.

Friday the Third Street Reds will play at the Training School. The High School Blues will journey to West Greenville.

Some Interesting Facts Revealed By 1940 Census

Reflector Bureau. By HENRY AVERILL.

Raleigh, June 12.—The average age of the population of North Carolina increased considerably between 1930 and 1940, according to preliminary data from the 1940 Census of Population, recently made public by the Bureau of Census.

The median age of all Tar Heels is not given in the figures but for the South Atlantic division, of which the state is a part and from which its averages will not vary much, this median age had risen to 25.5 years, as compared with 22.8 years in 1930. The median age is that which divides the population into two groups, one half being older and the other half younger than the median. Thus it is not the average age which would be arrived at by adding the ages of all inhabitants and dividing by their number.

The census figures also show, that men have finally caught up with the women in North Carolina. The 1930 census showed only 98.8 males for every 100 females among the state's then population of 3,170,276; but ten years later the enumerators figured there were 100.2 men for each 100 women in the total population of 3,571,623.

By a process which seems accurate enough, but too detailed to review at length the census statisticians also have figured that the number of persons migrating into North Carolina exceeded the number migrating out; but they also figured that the total increase was far more than can be attributed to immigration alone, leaving a very sizeable excess of births over deaths to account for the remainder of the increase.

Thus the growth in North Carolina's population by almost half a million cannot be attributed solely to persons moving into the state elsewhere.

This excess of births over deaths, however, appears to be a temporary phenomenon arising from the fact that a large proportion of the population is in the reproductive ages. If present birth and death rates at the various age levels should continue unchanged for several decades the excess of births over deaths would eventually be somewhat reduced.

In fact, the preliminary data indicate that the excess of births over deaths in North Carolina has declined progressively since 1930. This rate is such that the population of the state will increase by only about 17 per cent per generation—assuming no net migration to or from the state.

In North Carolina the net reproduction was 117 indicating that if the present birth and death rates should continue, the population of the state will in two generations increase by approximately 17 per cent per generation. This reproduction rate is a full 16 above the 101 shown for the entire South Atlantic division, and is behind only South Carolina (125) and West Virginia (122) among the states composing it.

The non-white reproduction rate is materially higher than that for the whites, the figures being 126 against 114, indicating that the ratio of non-whites to whites in North Carolina will increase, if net migration in or out is disregarded.

Allied Forces Near Damascus

Late dispatches from the Near East war zone said allied forces were nearing Beirut (1), the Syria capital which Vichy sources reported had been bombed by the Royal Air Force of Great Britain. Allied troops were said to be within 10 miles of Damascus (2) but were encountering stiff resistance from the French at Kiswe. Meanwhile, another allied column was reported to have struck across Syria from Iraq toward the air base at Palmyra.

Facts Also Important To Miller And Threshers

Raleigh, June 12.—The following facts are of import to at least 75,000 North Carolina residents—wheat growers, millers, combiners, and threshers:

All wheat threshers and combine operators who take wheat as toll for harvest work are required under the 1941 wheat marketing quota law to make permanent record of the transaction. This record is necessary, it was explained today by E. Y. Floyd, State AAA executive officer at State College, to identify the toll wheat when it is passed along by the thresher or combiner to other buyers.

Millers and processors of wheat also are required to execute a Triple-A form listing all wheat bought and including grain accepted as toll for grinding. If the miller maintains his own system of book-keeping, his system should be modified so as to embrace all information required for the marketing quota program record. (Any person—harvester or processor—who accepts penalty at 49 cents a bushel on excess wheat is required to execute a separate AAA form unless the wheat is identified by the thresher or combine operator.)

Executive Officer Floyd said that all growers who remove 1941 wheat from the farm either as toll or by sale must have a marketing card in order to make such removal without penalty. Marketing cards now are available in county AAA offices and may be issued immediately to growers who have planted 12 acres of wheat or less, and to those growers whose wheat acreage has been checked. Other growers may receive marketing cards as soon as acreage is checked by the AAA.

ly fluttering fan. She threw the fan to the floor, and as Jack politely stooped to retrieve the nice lady planted a swift kick to his posterior stroke in and said "How-do-you-like-me, boys?"

That's how Jack Benny makes his first entrance in "Charley's Aunt"—and a charming lady he makes.

It was an important entrance, and Archie Mayo and gang worked all morning on it. But even so their problems were just beginning, for "Charley's Aunt" is the first Benny movie in which Benny hasn't played Rochester around. It's his first tussle with a "character"—and an English character to boot.

As Lord Fancourt Babberly, still a struggling student after 10 years at Oxford, Benny would be expected to have an English accent, and to avoid the intimate informalities of his previous screen characters. They were undecided about the English accent, but expected to skip it except for an occasional "awnt" for "aunt" and "cawnt" for "cant." They were set on the characterization—strictly legitimate, soft-pedaling any obviously Benny-ish touches.

Over all was the problem, recurrent in the movies when they dally over similar themes or comedy devices, of how to "top" William Powell's "Love Crazy" impersonation—especially in view of the fact that the Powell effort, completed, embodies a well-known gag or two from "Charley's Aunt," just starting.

Solving his own movie problem in his own way is the young man who plays Charley, Richard Haydn, who convulsed New York in the Noel Coward-Beatrice Lillie revue, "Set to Music." It's making his first movie after nearly three years of offers.

"They all wanted me to play Mr. Carp, the fish mimic," he says, "and I knew if I did that I'd play nothing else."

Haydn, who's about 35, brought Mr. Carp from England—a kindly "crashing bore" of an old gent with a hobby (mimicking fish) and a fondness for precise, dull oratory on same.

Mr. Carp came into being when Mr. Haydn realized that, to break out of the rut of a previously uncertain acting career, he must develop a specialty. With convincing make-up, gait and mannerisms, he makes Mr. Carp the embodiment of his type (common, he says, among England's lower-middle classes, and a droll delight to audiences. M-G-M pitched to spot Mr. Carp in its latest "Broadway Melody," but Mr. Haydn played smart and refused to give, certain as he was that Mr. Carp would be inserted in a casual sequence or two and that thenceforward Mr. Carp and Mr. Haydn would be inseparable in the producer's mind—like Bergen and McCarthy.

FATHER'S DAY JUNE 15th

Who's the greatest guy in all the world? Why, your Dad, of course. Remember how he used to dangle you on his lap when you were little, and ride you around on his shoulders? And how you were so sure he could lick any other kid's Dad if he wanted to? Sure you do.

Well, next Sunday, June 15th, is Dad's day. Yep, it's his turn to sit back and relax and enjoy all the honor and glory you can heap up on him in one day. And say, you ought to remember him with some kind of a gift, too. If you're stuck for ideas, just drop into the store and browse around. You'll find dozens of things he'd be crazy about, and they're all moderately priced, too.

Action Taken By Directors At Branch Meeting

The regular monthly meeting of the Board of Directors of the Greenville Merchants Association was held at Atlantic Beach yesterday, with members being guests of Mr. and Mrs. D. J. Whichard, Jr., at a seafood dinner at their beach cottage.

Only three members were absent, two of these being sick.

Routine business was disposed of, after which the board took up the question of the July Fourth holiday. It was decided to close all stores on the holiday, which comes on Friday. It also was agreed to observe the regular half holiday on Wednesday.

A letter from Dr. L. R. Meadows, president of the college, relative to methods of identifying college students for such purposes as getting checks cashed was read to the board. The matter had been taken up by the board with Dr. Meadows and his letter dealt with methods adopted by the college and suggested for use by the merchants of the city.

Another letter was read from the Junior Woman's club expressing the thanks of the members for the co-operation of the association's president, Thomas E. Wilson, in the recent clean-up campaign.

The secretary, Mrs. Cora S. Powell, was instructed to offer all aid and cooperation to local warehousemen in arranging for the annual meeting of the North Carolina Warehousemen's Association to be held here June 19.

President Wilson called attention to the state convention to be held in High Point on June 23-24 and urged all members who could to attend. Several already have declared their intention to attend.

ECTC Again Offers Hours Announced By Pilot Training Work Local Pender Stores

The course for Civilian Pilot Training will be offered at East Carolina Teachers College again this summer with the same instructors and following the same general program as that of the spring.

Two units of ten students each are allowed the college for the summer.

The work will begin some time between June 15 and July 1. One unit is already assured, and it is expected that enough will apply for the course before the work begins to fill out the quota for the second unit.

There are two changes in the course for the summer, no girls will be allowed to take the course and the insurance has been reduced 20 per cent because there have been so few accidents, only 35 out of 50-00 students taking the training.
