

Considerable cloudiness tonight and Wednesday, occasional local showers, mostly in the afternoon.

SOVIETS CLAIM TO HAVE CHECKED NAZI ADVANCES

Nazi Report On Conflict In Contrast

Soviets Claim Invaders Stopped On 2 Main Sectors Of A 2,000-Mile Battlefront, But Germans Assert Nazi Columns Are Now Far East of Minsk; Meanwhile, R.A.F. And Germans Exchange Blows

By The Associated Press In bitter all-night fighting, Russia's troops declared today they had checked the advance of German invasion forces at two main sectors of the 2,000-mile battlefront in the Minsk-Brobuisk and Luck areas — where the Nazis are striking directly toward Moscow, and the Soviet Ukraine.

The Germans, by contrast, asserted that two Nazi tank columns "now are far east of Minsk," capital of White Russia, and that German troops were in sight of Smolensk, 250 miles from Moscow.

The German high command said Nazi and Slovak troops were "carrying forward the pursuit of the enemy on both sides of Lwow," the gateway to the Ukraine.

"The Soviet armies surrounded between Bialystok and Minsk vainly made desperate attempts the entire day to break out of the vice," the Nazi communiqué said. Approximately 400,000 Russian troops were reported caught in the Nazi trap.

The German war bulletin declared that the Russians, charging in formation eight to 12 ranks deep and supported by heavy tanks, "collapsed with unusually bloody losses."

Radio reports from Stockholm said Riga, the capital of Sovietized Latvia, had fallen into Nazi hands. A Russian communiqué tersely sketched the huge-scale conflict as follows:

"In the Minsk and Brobuisk direction, our troops fought all night against superior forces, successfully counter-acting their attempts to thrust toward the east."

The communiqué also declared that the Red army had stemmed the Nazi onslaught toward the Ukraine, by counter-attacking and destroying German tanks.

Far up in the Arctic, the communiqué said, fierce clashes with the German troops are in progress. "The enemy is suffering considerable losses. This was in the Murmansk area."

Countering official German claims of having all but smashed the Soviet air force, the Russian high command emphasized that heavy aerial forces had been hurled into the assault on fresh Nazi troops driving toward Leningrad from Latvia.

The Germans left a clear implication that the advance "speed troops" which had knifed more than 200 miles into Russia toward Smolensk—about half way to Moscow—did not comprise an army of occupation, but rather a raiding column whose presence "without doubt soon will prove most uncomfortable to the enemy."

In the air war to the west, British bombers followed up daylight attacks on the Kiel naval base and Sylt with bomb raids last night on Cologne and the industrial area of western Germany. Nazi raiders struck overnight at scattered sections of western England and South Wales.

Weather Outlook For period from 7:30 p. m., July 1 to 7:30 p. m., July 6—Temperatures normal to slightly above, precipitation light to moderate, occasional scattered daytime thunder showers.

Jackson Confirmed Over Tydings' Opposition

Attorney General Robert H. Jackson (left) and Senator Millard E. Tydings (right), Democrat of Maryland, face each other across the table during a senate judiciary sub-committee hearing in Washington at which Tydings told the committee that Jackson was unfitted "by character, philosophy and judicial temperament" for service on the Supreme Court bench. Between them sits Carl A. Hatch, chairman of the sub-committee. Despite Tydings' opposition, the committee confirmed Jackson's nomination by President Roosevelt.

RUSSIANS ASK AID FROM U. S.

Overtures Made Toward Getting American Supplies

Washington, July 1.—(AP)—Sumner Welles, acting Secretary of State disclosed today that Russia had made its first overtures toward getting supplies from the United States.

Welles said Constantine Oumansky, Soviet ambassador, had conferred with him yesterday on the placing of orders for materials for Soviet Russia to defend herself against Soviet invasion.

The Russian request, Welles added, had been forwarded to the governmental department interested.

Welles declined to give any details concerning the materials wanted, explaining that would not be possible since Soviet Russia was a belligerent.

Welles was asked whether the Russian request would come under the lend-lease act, but replied that he did not know.

He would not say whether it was considered as an American aid to Russia since Oumansky's request mentioned only assistance in placing orders.

Two street showers have been purchased and will be put into use under the WPA-City recreational program for the comfort, entertainment and enjoyment of both white and colored children tomorrow.

A schedule has been worked out whereby the showers will be at certain locations at stipulated times under the direction of a competent person who will see that fair play and good behavior are in order.

The schedule follows: for white children—first location, James street between Eighth and Ninth, at 3:45 p. m., second location, Third and Elizabeth streets at 4:20 p. m., third location, Chestnut street, between Paris and Manhattan, at 5:15 p. m.

Colored children every Tuesday and Thursday—first location, Pitt street at Cherry Hill cemetery, at 3:45 p. m., second location, Third and Tyson streets at 4:20 p. m., third location, Twelfth and Greene streets at 5:10 p. m.

RECORD SET IN STATE INCOME

Total Of \$87,392,256 Collected In Fiscal Year

Raleigh, July 1.—(AP)—Revenue Commissioner A. J. Maxwell reported today that the state collected a record total of \$87,392,256 in taxes during the fiscal year just ended.

The 1940-41 collections were \$11,378,415.02 more than the previous record set in 1939-40. Last year's total was, in turn, \$7,058,709 above 1938-39.

"These rapid increases in the volume of state revenue are all the more gratifying because they are a clear reflection of increased business volume in the state and do not represent any increased tax levies," Maxwell commented.

Contributing to the huge increase in the state's revenue were "record-breaking collections from all of the tax sources except the inheritance tax and it showed a substantial increase over collections of last year.

The income tax take was \$14,400,494.83 as compared with \$12,407,105.64 last year, and the sales tax took in \$14,244,079.71 as compared with last year's \$12,206,076.12.

These and other levies sent general fund collections up to \$46,613,651.71—another new record—as compared with \$40,147,151.01 last year. On the highway fund side of the ledger, gasoline tax collections were \$29,395,743.39, against \$25,905,732.83. Total highway fund collections were a record \$40,778,604 compared with the \$35,857,790.67 collected a year ago.

Despite this, however, it was pointed out that as a whole the past year's budget had been balanced as tax collections are running ahead of anticipations.

The board will meet on Monday to adopt the 1941-52 figures. The commissioners have been working on the budget in piecemeal. It was disclosed and hope to be able to definitely set up the figures at Monday's meeting.

Airplane Warning Program Planned

Raleigh, July 1.—(AP)—Plans to enlist thousands of North Carolina civilians in an airplane warning organization were discussed today at a meeting here of officials of the State Defense Council and army officers.

Col. John W. Harrelson of N. C. State College, chairman of the council, said after the conference that the organization would begin at once. Local defense councils will be established in every county, he said, and the local councils then will call for volunteer "airplane spotters."

There probably will be several hundred "spotters" in each county, he added.

Employees Of County Get Two-day Holiday

County employees will get two days off from work for the July Fourth holiday, but persons employed by the city will get only one day off.

The Board of County Commissioners in session yesterday voted the two-day holiday, Friday and Saturday, but the City Board of Aldermen last night only voted for the one-day holiday.

Swartz Promises No Curtailment In Power

Martin Swartz, superintendent of the Greenville Utilities Commission, taking note that a curtailment of power had been ordered in numerous places to conserve the power for defense industries, declared today that there would be no curtailment here.

Mr. Swartz added that even should the local plant be called on to provide power for some nearby defense projects, provisions would be made whereby no local curtailment would be necessary.

COUNTY PLANS ADOPT BUDGET

Hopes to Retain Present 70 Cents Rates For New Year

County Auditor J. H. Coward, disclosing that the Board of County Commissioners has been working on the 1941-42 budget at special meetings for the past month, declared today that "every possible effort will be made to retain the 70 cents rate, but there is no certainty as yet."

The present 70 cents rate was based on the assumption that the Pitt County ABC board would turn over to the county a total of \$100,000 during the past fiscal year. It now is estimated that only \$80,000 will be available from the year's profits on liquor.

Despite this, however, it was pointed out that as a whole the past year's budget had been balanced as tax collections are running ahead of anticipations.

The board will meet on Monday to adopt the 1941-52 figures. The commissioners have been working on the budget in piecemeal. It was disclosed and hope to be able to definitely set up the figures at Monday's meeting.

Funeral Tomorrow For Local Woman

Mrs. Elma Forehand, 66, died last night at the home of her daughter, Mrs. J. W. Bunch, 913 Cotanche Street. She had been in poor health for several years.

Funeral services will be conducted from the home Wednesday afternoon at 3:30 o'clock by Rev. Franke Cate, Baptist Minister of Tryon, N. C., assisted by Rev. G. J. Spivey, Pentecostal Holiness Minister of this city. Burial will follow in Greenwood Cemetery.

Mrs. Forehand was born in Hertford county, but she spent all of her life in Chowan county except the last 15 years, which she spent in Greenville living with her daughter. She was the widow of the late W. J. Forehand and was a member of the Rocky Hock Baptist church in Chowan county.

Surviving are three daughters, Mrs. J. W. Bunch of this city, Mrs. T. Moulthrop and Mrs. J. L. Fulford, both of Norfolk, Va.; one sister, Mrs. Mattie Bunch of Edenton; seven grandchildren and one great-grandchild.

The following will serve as active pallbearers: Hutch Ward, Leon Smith, J. N. Williams, W. B. Peel, R. W. Twine, C. J. Cannon, Willard Jackson and L. E. Ballard.

Greenville Taxicabs Must Carry Insurance

The Greenville Board of Aldermen last night voted to require all taxicabs operating in the city to carry insurance.

CITY TO KEEP DOLLAR RATE FOR NEW YEAR

Utilities Commission To Boost Fund By \$10,000

CITY TO RECEIVE TOTAL OF \$65,000

Board Of Aldermen Hears Numerous Requests For Appropriations At Meeting Last Night

With the Greenville Utilities Commission having acceded to a request to increase the amount it turns over to the city annually by \$10,000, indications are that the Board of Aldermen will be able to retain the present tax rate of one dollar on the \$100 valuation.

The board heard numerous requests for increased appropriations at a special meeting held last night. It was generally conceded that the tax rate would have to be increased if the Utilities Commission had not increased the fund it turns over to the city general fund.

The commission will turn over \$65,000 to the city during the new fiscal year. For the past three years it has turned over \$55,000 and prior to that time had aided the city coffers by \$50,000.

Last night's meeting was devoted almost exclusively to hearing requests from various departments and agencies.

Mrs. F. P. Brooks, Mrs. W. E. Hooker, and Mrs. D. M. Clark appeared in the interest of the city recreational and playground program and requested \$300 for beautification of parks, \$500 for equipment, \$500 for labor and \$1,700 for a WPA program.

James S. Ficklen asked the city to increase its appropriation to Sheppard Memorial Library by \$250, adding that a request for an additional \$750 from the county.

Charles Bissette asked the board to appropriate \$200 to provide pianofortes for police to provide stores for the two weeks immediately preceding Christmas.

President C. W. Howard of the Greenville Chamber of Commerce led a delegation asking that the city increase its contribution to that agency for advertising purposes from \$600 to \$1,200 for the new year. Other speakers in behalf of the increase were B. M. Garrett, Dr. K. B. Pace, Lyman Ormond, D. J. Whitehead, Jr., and Executive Secretary W. T. Kizer, who reported on how the 1940-41 appropriation was spent and outlined plans for spending the requested \$1,200 during the new year.

Chief George Clark appeared to request that the board increase the police department's fund by \$4,000. Last night's meeting was devoted to the exchange of the motorcycle and police car and to employ two additional policemen.

Chief George Gardner of the fire department appeared to request increase in salaries.

After Mayor Sugg had praised the work of the two retiring aldermen, R. E. Sellers and G. H. Clapp, a resolution was adopted expressing the board's appreciation for the services rendered by the two retiring members.

Greenville And Pitt Adopt Pension Plan

Both the city and county governing bodies have decided to participate in the state-administered employees' retirement system, whereby the individual employees and the governmental units by which they are employed will contribute to the fund.

Both the city and county boards are working on the plan and further studies will be made before the plan is adopted.

Local Civic Club Installs Officers

New officers to serve during the new year were installed at last night's meeting of the Greenville Rotary club by Irving Morgan of Farmville, past district governor, who made a short talk immediately preceding the ceremonies.

Mr. Morgan discussed the important role of Rotary in the changing world of today, and cited its influence in world affairs.

Officers installed were: Lyman Ormond, president; Roy Martin, vice-president; John C. Proctor, secretary-treasurer, and Directors John Fleming, Robert Darr, T. Wagner and Lebrun Spence. Officers also serve as directors.

J. N. Williams, Jr., entertained the members and guests with two piano selections. Rotarians J. I. Morgan and Frank Spruille of Farmville, and Judge Tom Pace of Oklahoma were guests of the club.

Urge Miss Davenport For National Office

Nags Head, July 1.—The Young Democrats of the First Congressional District at their annual rally at the First Colony Inn here, went on record by a resolution proposed by Walter Calhoun of Elizabeth City, endorsing Miss Patsy Davenport of Greenville, vice-chairman of the District Executive Committee, as National Committeewoman.

All announced and prospective Congressional candidates were invited to the rally, but only Jack Edwards and Herbert C. Bonner, incumbent, were present, and both were given a place on the program.

Local County Court Takes Summer Recess

No session of County court was held today and, in fact, no more hearings are scheduled until July 2.

The tribunal started its summer vacation at the conclusion of last Tuesday's session in order that farmers may continue their work uninterrupted.

Judge Dink James is vacationing in Georgia.

Prophetic?

Macon, Ga. — (AP) — Neighbors wonder if this means anything: A family of bluebirds took over an ancient cannon used to decorate the lawn of Brig. Gen. Sumter L. Lowry, Jr., and built a nest in the mouth.

NEW POLICE HINTED BY SECRETARY KNOX'S CALL TO CLEAR NAZI MENACE

Suggestion That Seas Be Freed Of German Menace Starts Capitol Hill Observers Wondering Whether Important Change To Be Made In Administration's Policy In Regard To Sea Activities

Washington, July 1.—(AP)—Secretary Knox's call for immediate use of the United States navy "to clear the Atlantic of the German menace" led the capital to wonder today whether he was hinting at an important change in administration policy toward Nazi sea activities.

The direct language the navy secretary used in his speech at Boston last night gave rise to the belief in some quarters that a definite revision was contemplated on existing naval strategy.

Knox, who addressed the annual conference of American armament industries had begun to hit something like its stride and the volume of supplies will grow rapidly in the months immediately ahead.

Those months "vital months in this crucial year," as Knox phrased it—may represent a decisive opportunity for Britain if Soviet Russia holds out, they added, hence the need for seeing that all the lease-lend supplies reach her as soon as they are available.

MEETING HELD BY NEW BOARD

All Appointive Officers Retained For Another Year

The mayor and six members of the Greenville Board of Aldermen were sworn into office at ceremonies conducted in the court room of the Municipal building at noon today, and for the first time in history the city has a nine-man board.

Under an act of the last legislature, the Fifth Ward now has two members, only the First having only one.

Of the sixth aldermen to take office today, three were new members and two of them had never served before. N. Ollie VanNortwick, Jr., of the Third, and Berry Bostic of the Fifth, are beginning their first term, while A. E. Hogwood, also of the Fifth, has previously served as alderman. Other aldermen to take the oath of office, all re-elected, were L. B. Fleming of the First, J. A. Collins of the Second, and David A. Evans of the Fourth.

The oaths of office were administered by Clerk of Court J. Frank Harrington.

Mayor B. B. Sugg, who was elected without opposition, was the first to take the oath. Following the swearing-in of the mayor and aldermen, Judge L. C. Skinner of Municipal recorder's court, and Ell Bloom, solicitor of the tribunal, took the oath of office.

L. B. Fleming was unanimously elected mayor pro-tem.

The board then went into session and named the following appointive posts, all persons being re-elected: W. C. Harris, treasurer; J. O. Duval, clerk and tax collector; W. L. Patrick, assistant clerk and tax collector; Miss Mary Louise Langley, stenographer; George W. Gardner, chief of the Fire department; Jasper L. Jones, assistant fire chief; George A. Clark, chief of the Police department; appointment of an assistant chief was deferred until the regular meeting Thursday night; C. K. Beatty, superintendent of the Street department; Haywood Willis, superintendent of the building; H. K. Hester, cemetery and parks superintendent; Henry L. Rivers, city engineer, and Harding and Lee, city attorneys. The salaries of the appointive officers will be fixed at the next meeting.

A resolution was passed by the board instructing the tax collector not to issue any licenses for the operation of pool rooms until after the chief of police has approved the location and parties making application. It also adopted the license schedules drafted by the clerk under the 1941 revenue act.

At the conclusion of the meeting Mayor Sugg and several members of the board made short talks, pledging cooperation in all matters concerning the handling of the affairs of the city.

FEAR 35 LOST IN EXPLOSION ABOARD YACHT

Seven Bodies Recovered On Rocky Coast of Maine

GROUP SET OUT ON PICNIC PARTY

Little Hope Held For Any Of 15 Women And 20 Men Aboard 44-Foot Cabin Cruiser

Harpwell, Me., July 1.—(AP)—The discovery of seven bodies—one of them badly burned—led searchers to believe today that all of the members of a gay picnic party which set out Sunday on the 44-foot cabin cruiser Don, might have perished after fire swept the boat.

The tragedy, the worst in the memory of residents of this rocky coast, apparently occurred in the fog-shrouded waters of lower Casco bay, while the party of Rumford, Me. residents was returning from Monhegan island, 40 miles from here in the open Atlantic.

Carlton Smith, one of the many searchers, said that "undoubtedly" there had been an explosion aboard the heavily loaded Don. He spoke after bringing ashore a body of a woman who had suffered bad burns.

Whist watches on two women whose bodies were found had stopped at the same minute—11:40. Whether the tragedy had occurred Sunday night, Monday morning or Monday night, authorities were not able to determine immediately.

The Don, with 15 women and 20 men and boys aboard, had set out Sunday morning from Monhegan island. Searchers learned that the boat arrived there and departed again at 3:30 p. m., for what ordinarily would be a four-hour run.

Harpwell, Me., July 1.—(AP)—The bodies of six young women were found today in Casco bay, leading authorities to believe that all of a picnic party of 35 aboard the 44-foot cabin cruiser Don may have perished.

A motor vehicle operator's license found in the clothing of one of the women bore the name of Ann Bernice Stasulis of Rumford, Me.

Miss Stasulis was known to be in the party, which set out from Dyer's cove, Great Island, Sunday morning for Monhegan island, 40 miles to the eastward.

Run Neck To Neck In Texas Contest

Dallas, Tex., July 1 (AP)—Gov. W. Lee O'Daniel took the lead today over Lyndon Johnson, New Deal congressman, in their neck-and-neck race for the United States senatorship.

With about 1,000 ballots from Saurd's special election yet to be counted, the ex-flour salesman executive had overcome Johnson's slim margin and forged ahead by a dozen votes.

With 238 of the 254 counties complete, O'Daniel had a total of 173,674 votes and Johnson, the Roosevelt-blessed candidate, showed 173,962.

Mysterious

Charlotte, July 1.—(AP)—The fireman was killed and the engineer injured seriously in a mysterious explosion of a Southern railway freight locomotive early today on the outskirts of Charlotte.

Mrs. Evans' Mother Is Claimed By Death

Mrs. Paul Yelverton of Goldsboro, mother of Mrs. Plato Evans of this city, died this morning at 6 o'clock. Funeral services will be conducted tomorrow morning at 10 o'clock.

Mrs. Evans had been with her mother during her illness.

Mysterious

Charlotte, July 1.—(AP)—The fireman was killed and the engineer injured seriously in a mysterious explosion of a Southern railway freight locomotive early today on the outskirts of Charlotte.

William Scott Scoaf, 54, of Spencer, the fireman, was killed instantly when the crown-sheet, the bottom plate of the boiler, blew out, a Mecklenburg county police report stated.

T. G. Smith of Charlotte, the engineer, suffered a broken leg, burns and scalds.

The locomotive was on a run from Spencer to Greenville, S. C., when the explosion occurred, about a half mile above the 36th street, crossing here.

7:30 p. m.—Meeting of the Red Men.

Removed From Hospital.
Mrs. W. H. White, Mrs. John Proctor and Mrs. Gertrude Taylor, who were severely injured in an automobile accident near Fayetteville on Saturday night, have been removed from a Fayetteville hospital to their respective homes in Greenville.

Boyetie-Brewer.
The Eighth Street Christian Church was the scene of a most impressive wedding ceremony on Monday evening at 7:30 o'clock, when Adjutant Sadie Marguerite Brewer, of the Greenville Salvation Army Post became the bride of Captain Fred Boyetie of the Kinston Army Post.

Lieutenant Colonel Alfred Tyler of the Charlotte Post, officiated, using the double ring ceremony. Brigadier J. V. Breazeale of the Wilmington Salvation Army Post, presided over the pre-nuptial ceremony. The church was beautifully decorated with scallies and tapers against an embankment of palms and ferns, while smiles hung from the choir loft, carrying out a green and white motif.

Prior to the ceremony a program of nuptial music was rendered by Mrs. Ray Tyson at the console of the organ. During the playing of the organ prelude, Corps Cadets Unley Hammond and Joseph Carawan of Greenville, lighted the tapers.

Following the pre-nuptial music, there was a congregational song, "O God, Our Help in Ages Past." This was followed by a prayer by Captain C. Collins of the Fayetteville Post, after which the reading of the Scripture was given by Captain E. C. Farmer of the New Bern Post. This was followed by a cornet solo, "I Love You Truly," by Captain Walter Swyers of the Salisbury Post. For the processional, Mrs. Tyson played Wagner's Bridal Chorus from "Lohengrin."

First to enter the church were the standard bearers, Captain Byron Freeman of the Charlotte Post, and Captain Graham Mills of the Henderson Post.

Lieutenant Hazel Etheridge of Wilson, was the bridesmaid, and she was followed by the maid of honor, Adjutant Katherine Pinnix of the Greenville Post.

Little Miss Lila Jean Sawyer of Greenville, was the flower girl. She wore a long gown of white organza and on one arm she carried a basket of mixed roses.

Next to enter were the ring bearers, Rachel Purcell of Winston-Salem, and Gray Farmer of New Bern, who carried the rings in a

beautiful white cello.
The bride entered with her brother, E. N. Brewer of Greensboro, by whom she was given in marriage. They were met at the altar by the groom and his best man, Captain Charles Sams of Charlotte.

Ushers were Captain Charles Farrell of Durham, Lieut. Laddie Henderson of Statesville, and Captain Otis Joyner of Mount Airy.

The entire wedding party, with the exception of the flower girl and ring bearers, were dressed in Salvation Army uniforms. The bride wore a shoulder corsage of white gardenias and carried a white prayer book showered with white rosebuds, while the maid of honor and bridesmaid wore shoulder corsages of roses and fern.

Following the ceremony, Mrs. Captain G. Swyers of Charlotte, sang "Because." This was followed by felicitations to the young couple by Mrs. Brig. Dinkelacker of Asheville, and Major E. Elmer Wall of Durham, after which the congregation sang "Blest Be The Tie That Binds." The benediction was then given by Brigadier J. V. Breazeale of Wilmington, and with the playing of Mendelssohn's "Wedding March" the bridal party left the church.

Mrs. Boyetie is the daughter of Mr. and Mrs. W. E. Brewer of Winston-Salem. She received her education at the R. J. Reynolds high school and then attended the Salvation Army College in Atlanta, Ga., in 1928-29. Since graduating from the Salvation Army College, she has held various Salvation Army Posts throughout the country. She has served in Savannah, Ga., Sanford, Fla., Gaffney, S. C., Wilmington and Hickory Posts. For the past three years she has been in charge of the Greenville Post of the Salvation Army.

Captain Boyetie is the son of Mrs. Kirby Watson and the late E. B. Boyetie of Goldsboro. He received his education in the West high school in Goldsboro, and then in 1933 he attended the Salvation Army College in Atlanta. At present he is in charge of the Kinston Post of the Salvation Army. Before going to Kinston, he was located in the Salvation Army Post in Shelby.

Following the wedding, a reception was held at the Salvation Army headquarters on Chestnut street for members of the wedding party and out-of-town guests.

The young couple will make their home in Kinston upon their return from a wedding trip to unannounced points.

Deep River Singers.
The theme, "Deep River" introduced the plantation scene, opening group of selections given by the Deep River Singers, Negro quartet, last night at the college. A number of familiar Negro songs were given in a most appealing manner, including a different and delightfully humorous dramatic arrangement of "Shortenin' Bread."

In the second group, Albert Page, baritone of Nashville, Tenn., formerly with the famous Pisk Jubilee Singers, rendered his thrilling version of "Old Man River." As encores he sang "Big-Bun-Buddie," and "Chloe," a song of the swampland.

The quartet then came back with several fine numbers beginning with "Drink To Me Only With Thine Eyes," and including the stirring "Invictus," Benjamin Waller, tenor, sang "Thou Art Risen, My Beloved" by the famous English Negro composer, Coleridge Taylor, and Gershwin's "Plenty O' Nothin'." This group concluded with the song dear to hearts, white and black alike, "Swing Low, Sweet Chariot," and "Old Ark's a-Moving."

During a short intermission, Grace Waller, accompanist, played two piano solos, "Dance of Desire" from the Enchantress Suite, and her own arrangement of "Trouble."

The gem of the evening's performance was the medley excerpts from the "Swing Mikado," the most familiar songs in the popular opera woven together in a highly amusing way and presented with great humor and gusto. Those in the audience

Forty Years Ago Today

THE DAILY REFLECTOR Tuesday, July 1, 1901

Old and New
Today being the beginning of a new fiscal year in the municipal government, there was a change in administration. The old board met at 10 o'clock to receive the report of Treasurer J. N. Hart and to turn over to their successors.

The report of the treasurer showed the following amounts paid to him during the year:
From Former Treasurer ... \$ 766.44
From Tax Collector ... 7,340.94
From Chief of Police ... 790.51
From Assistant Police ... 88.94
From the County ... 166.47
From Cemeteries ... 30.06
From Cemeteries ... 83.95

A vote of thanks of the board was extended to Mayor J. G. Moyer for the faithfulness and excellence of his administration as mayor the last two years. Mayor Moyer responded to the vote of thanks and expressed his appreciation of the courtesy the board had always shown. Greenville never had a better mayor than Mr. Moyer made.

who recognized the songs were convulsed by the clever twist while the uninitiated perhaps were puzzled. The costumes added greatly to the humorous effect.

Three of the group were stars in the original "Swing Mikado" and one was in the "Hot Mikado" given in New York at the World's Fair. This is one of the best groups of Negro singers on the concert stage. Each one has won some special distinction by himself. One of them won a prize offered by the Chicago Tribune as the best male soloist in that area, another has made a reputation as a radio singer, while others have been soloists of note.

This is one of the leading attractions on the entertainment program in the other summer schools in this state and in this and other colleges and universities throughout the country.

HOLLYWOOD NEWS

Mr. and Mrs. J. J. Carroll and children, Evelyn and Betty Jo, attended services in Winterville Saturday and Sunday.

Mrs. Georgia James of Greenville is spending some time at the home of Mrs. W. F. Carroll.

Mr. and Mrs. James Tyndall and children of Pactivol visited Mrs. Tyndall's parents Sunday, Mr. and Mrs. H. L. Pomes.

Mr. and Mrs. L. J. Edwards attended services at Winterville Saturday and Sunday.

We are pleased to know that Mrs. Tom Edwards who underwent an operation in Duke Hospital, is very much improved.

Mrs. B. T. Cox, Mrs. J. T. Gaylord and children of Winterville were visitors at the home of Mrs. W. F. Carroll Sunday.

We regret very much to learn of the death of Mrs. Bill Russ of Norfolk, Va., formerly Miss Claudia Gower, who taught in our school for two years.

Mr. and Mrs. Woodrow Smith of Ayden spent the week-end with Mrs. Smith's parents, Mr. and Mrs. S. N. Baker.

Mrs. G. L. Rouse and Miss Hattie Rouse of Winterville spent Friday with Mrs. H. M. Page.

Modes of the Moment

Fan pleating is a fashion favorite with women. Here Hedda Hopper, radio commentator, wears a honey beige crepe frock, fan-pleated, with a sailor trimmed with red birds.

Brags for the week-end. Sunday school at Hollywood community building each Sunday afternoon at 2:30 o'clock. Services on second and fourth Sunday afternoons at 3:15 p. m., by Dr. R. S. Boyd, pastor of First Presbyterian Church in Greenville. We extend to all an invitation to join us in these meetings.

FALKLAND NEWS

(By Mrs. Woodrow Wooten)
Lieut. and Mrs. George Pittman of West Point, N. Y., were guests of Mr. and Mrs. G. H. Pittman Wednesday night. They returned to Virginia Beach Thursday, where they will remain for a week. They are expected to make another visit here next Sunday and will remain for several days.

Mr. and Mrs. Richard Crisp and Richard, Jr., of Brooklyn, N. Y., are

the guests of Mr. and Mrs. C. A. Lawrence. Baby Richard, Jr., is ill in the Pitt General Hospital and will remain there for treatment.

Miss Jean Lane of Winston-Salem who is a member of the faculty of E. C. T. C., for the summer, visited Miss Lucy Crisp Sunday.

Mrs. C. H. Mayo and Mrs. King Mayo left for Rocky Mount Saturday where they will visit for several days.

Mrs. J. B. Newton's condition is worse since an attack Saturday evening. She is now somewhat improved and friends hope for her speedy recovery.

New Tube Prevents Punctures, Aids Tire Mileage

A new development of the rubber industry, the General Puncture-Proof Tube, is demonstrated here by C. J. Jahant (left), vice president in charge of manufacturing, and L. A. McQueen, vice president in charge of sales for The General Tire & Rubber Company.

HEARTBREAK HONEYMOON

YESTERDAY: Henry and Luella Pell are just married, and under the happiest circumstances, Luella always wanted Henry for a long time she thought she was coming to lose him to Marie Mason.

Chapter Five Carolina Singer "I hope you don't think I was criticizing you when I said we were going to discuss bigger things than lamp chops from now on," Henry said.

"Darlings!" Marie cried as she met them. again felt the old sense of fear. Maybe she wasn't going to be the right sort of wife for Henry Pell.

"What's the matter?" Henry asked. "You're not eating anything." "Oh, I'm just a bit weary," Luella lied. "I lost my appetite when preparing the meal, I reckon."

In the bedroom Luella stood with her back to the closed door. Her two fists clenched at her sides. Her eyes were wide and not a little fearful.

She looked to see Marie again, to go on thinking of her as a friend and a good one, but she dreaded the meeting. She kept remembering Marie's beauty and charm. She kept thinking that Marie would show her up, unintentionally of course, for the smalltown girl that she was.

before she died. "I like Henry," were her words. "I like him a lot, Luella May, and I want you to be married as soon as you can, but—"

"Yes, Aunt Lila, but what?" "But I keep being a little afraid that if he gets a chance Henry'll turn out to be worldly, like that high-flying Uncle Peter of his—a man who was always dashing off and getting mixed up with some beautiful and brainless female."

The broadcasting program was drawing to a close. Presently the little electric sign near the control room said "Off the air."

Young men ushers were opening doors, people began to pour out the quiet streets, with the moonlight shining through the branches of the elm trees, making black and white patterns upon summer organdies and white flannels.

"It is exciting, isn't it?" Luella said—beginning to react a little like she knew Henry was reacting. "I'll say it is!" Henry replied stangily.

"No, honey, not dreadful," said Henry. "But sort of poky. This is so much more worthwhile." "I wonder," said Luella.

Henry ignored the two words. "You and me," he said. "Luella and Henry Pell on our way to join Marie Mason, who is really something in the radio world."

Before Luella could say anything further she saw Marie coming toward them, with a young man not so tall as Henry, but good-looking, well-groomed, and obviously filled with admiration for the girl beside him.

COLORED NEWS

Sycamore Hill Baptist Church daily Vacation Bible School opened Monday, June 30, with a fine enrollment for all teachers.

South America contains about 14 per cent of the world's land surface. Florida is rated second to Texas as a cattle producing state.

Man About Manhattan

New York.—First hand acquaintance with circuses dispels much of the laugh-clown-laugh fiction traditionally associated with the big top folk. Circus people are intrepid calling, but they have no illusions that the glamor of their spangles is good for any merchandise at the grocery store.

Just the other day Hubert Castle an Enid, Okla., boy who has become one of the world's leading tightwire performers, spoke of his dream of acquiring a ranch down in Texas. "This," he said, "is no business to grow old in. Too many once-famous circus stars have died in poverty and obscurity."

Not 50 feet away, as he spoke, stood a woman on the corry of 59th street at 8th avenue, selling souvenir whips to crowds moving towards the Garden entrance.

But there is fear now. Her name is Marion Waite. Two years ago she was famous, a favorite of the crowds who swarmed to the big top. Her husband was a whip artist. She stood in front of huzzahing crowds, while her husband expertly flected the ashes off her cigaret with a 70-foot bull whip.

It appears now that Ukulele Ike Edwards will have to join a musicians' union. Until now the lowly uke hasn't been regarded as a legitimate instrument. All this has been changed, and if Edwards wants to continue strumming his uke for the enjoyment of film fans, he will have to get himself a card.

Strength For The Day

By EARL L. DOUGLASS

ONE WHOLESOME RESULT OF THE WAR

Here is an interesting comment on the self-forgetful type of life. Statistics indicate that the number of insane is experiencing a profound decline in England. One would naturally think that the excitement and shock incident to bombings, confinement in dug-outs and the grief which people experience over the suffering and death of loved ones would greatly increase the number of the insane. The truth is, however, that in these days of stress and strain, so many people have found interests outside themselves that not nearly so many are going insane as once did. Furthermore, even those who are mildly insane are in many cases being rescued from the state of mind which put them under surveillance. Volumes could not speak more eloquently on the wholesome mental effect of self-forgetfulness. Nothing brings us back to sanity again so quickly as the determination that no matter what burdens we have to bear, we will not make them worse by bearing the burden of a pampered self. When we forget ourselves, we forget our worst enemy; when we get ourselves out of the picture, we are generally able to look upon almost any situation with equanimity.

Babson Newspaper Syndicate

BE ALIVE ON THE FIFTH

Startling figures of the loss of life during July 1940, by Independence Day fireworks, by drowning and by careless driving, again serve as a warning that cannot be repeated too often for this year's celebrators.

Killed—9,800; injured—300,000; cost—\$300,000,000—that was July, 1940. This would mean that at the crippling pace of thirteen people killed every hour, July's plague swept through the United States.

Every year injuries and death on the highway, death at the beaches, and avoidable accidents in Fourth celebrations mount to a staggering new total. Always the most fatal month of the year, July's accident losses have been 24 per cent higher than that of the average month. Every twelve days of the average July as many Americans are killed by accidents as lost their lives in the Revolutionary War. Approximately one of every 150 persons is injured by an accident in July. The cost of America's traffic during the month of July last year, including holiday trips and everyday driving, was 2,790 lives. Public accidents, other than by automobile traffic, reach the year's peak in July. For 1940, this reached 2,500 deaths and about 300,000 injuries. The July totals were more than twice as great as those of any winter month. One-fifth of all drownings occur in July, most of them happening at beaches where there is not sufficient supervision.

Despite widespread legislation against the sale of fire-

PALS

works—the greatest cause of blindness, burns and infection during the month—many communities still allow legal sale of fireworks to small children whose verve for the big day usually results in many disasters.

July's usually clear weather is no safety panacea to motorists. Four out of five accidents occur when the weather is clear and the pavement dry.

The precautions are simple against this sort of thing, and there is no reason why it cannot be stopped. It can be stopped if every citizen uses a grain of caution and common sense. The main causes for these tragedies—haste, selfishness, thoughtlessness, the desire to show off—can be controlled. The accident toll for last July showed a decrease, and it was the only month in the last nineteen to show a decrease.

The National Safety Council has called on the United States to halt this mid-summer massacre by signing a new Declaration of Independence—Independence from annual tribute of thousands of American lives needlessly sacrificed over the holiday and during the month. It calls on every citizen to do his or her part in this new independence from death and disaster by simply being careful and considerate of others. The Council's new national safety slogan is "Be Alive on the Fifth."

Washington Daybook

By Jack Stinson

Washington. — Answering the mail orders:
D. C. S., Akron, Ohio—Vice President Henry Wallace is not only proving a capable and popular presiding officer in the Senate, but there is a rumor he may get another job—a big one—coordinator of the new defense-agency-to-be the bureau of economic warfare. If it should happen, Wallace would be a compromise selection, because there's a big inside scrap going on between Commerce, the State and Treasury departments as to who the economic warfare chief should be. All the other men proposed are good men, but the Administration considers Wallace an ace economist, as full of ideas as an ear of his best corn is full of kernels. It might not happen, but the consideration at least shows how the quiet, "colorless" vice president is acquitting himself in his new post.
W. L., Easton, Pa.—The United States turns out 45 per cent of the world's steel. Only about 25 per cent of the country's steel output goes for other than civilian purposes, so any shortage will have to be made

up by curtailing civilian consumption. N. F., Alexandria, Va.—So far as I can learn, you are right. Washington's new trucking terminal (on New York avenue) is the first "truck drivers' country club" in the country. Its air-conditioned dormitories and club and game rooms, its tiled showers, first aid station (with a registered nurse constantly in attendance), barber shop and nifty restaurant where you can get anything from a hamburger-on-a-bun and a coke to a "bone steak and pie a la mode, are first in the land for the boys who keep-em-rolling or motor officials here just don't know what they are talking about.

T. F., Long Beach, Long Island—Washington's Traffic Director William A. Van Duzer (he's the No. 1 target for complaints from every front-seat driver in the capital) says staggering hours here (ordering federal workers on the job in half-hour intervals from 8 to 9:30 in the morning) has cut peak traffic loads 15 per cent. Mr. Van Duzer gets his statistics from transportation companies and those little gadgets that count cars when you run over a rubber hose so I wouldn't argue with him. All I say is—and folks I have talked with agree—that I can't notice it. But Washington traffic being what it is, you can take 15 per cent out of it, and it's still bedlam.

F. A., Topeka, Kas.—You must have heard a wrong version of the William S. Knudsen World War story. The way he tells it on himself is that he was driving his car on a "gasless" Sunday, a practice he had been in the habit of, when someone shouted "slacker" and peppered him with over-ripe fruit and vegetables. He didn't have time to explain then, but he had 14 miles to go to work, he was working seven days a week—and his job was production chief for the Ford plant that was turning out mosquito boats for the government.
C. S. M., Alameda, Calif.—No figures are available on the number

of army air officers who have resigned to go to China as "instructors," but the Washington rumor is that the number is considerable. I have heard from what should be authentic sources, considering that they are government observers who have been on the ground, that Chinese combat aviators now are among the world's worst; but that given equipment and just a little training, their country should provide excellent defense in the air.

Short Shots

Reflector Bureau.
By HENRY AVERILL
Raleigh, July 1.—There is some speculation over the course the new Commissioner of Motor Vehicles, Boddie Ward, will follow with respect to the luxuriously appointed lodge for the highway patrol in the Lake Lure section.
This speculation grows out of stories, however ill-founded, that members of the patrol are inclined to be much more lenient in their dealings with trucks of big concerns than if there were no such thing as the lodge. This is not intended to intimate the patrolmen actually are extending undue favors to the representatives of firms which contributed heavily to construction furnishing of the lodge; because there isn't any such evidence in this bureau's possession. It is a fact, though, that every now and again rumors of such favoritism are heard; and Mr. Ward might well take the position that the patrol, like Caesar's wife, should not only be blameless, but above all suspicion of blame.

There have been more or less circumstantial reports, too, that the lodge is being used not only by patrolmen but as a sort of hangout and hide-out for some of the more or less prominent politicians of the state.
Of course, Mr. Ward is going to

find himself faced with so many vexing problems as he takes over his new department that he may not get around to consideration of the lodge's existence for a long time to come, but sooner or later he is going to be called on to do some thinking about it, whether the thinking leads to any action or not.

This And That
"Hey, Jack Dempsey's going to try another comeback—but who is Willy Bass?" exclaimed and queried a friend of ours after reading a headline in the Cherokee Scout of Murphy proclaiming: "Champion of Champions Will Battle Willy Bass." A bit of reading in the story set the thing straight—Dempsey is reported to be planning a fishing trip to Cherokee county. Then there was another headline in a North Carolina daily "The Problem of Pork" which turned out to be no political yarn but actually about hog meat. "The Deserted Village," publicized by Oliver Goldsmith, had nothing on the capitol with Governor J. Melville Broughton on vacation. John Baskerville, longtime chief of this bureau and later with the Department of Conservation and Development has moved his family to Lenoir, proving he's well settled there as head of the Board of Trade. Raleigh's Manly bowling center is trying something unprecedented this year; a major duckpin tournament on July 4th during the middle of hot weather. It's air-conditioned (adv.). Governor Broughton obviously has a sense of humor; otherwise he would never have thought of appointing his principal political healer, Oscar Pitts, a member of the board of the North Carolina Law Enforcement Officers' Benefit and Retirement Fund, of which State Auditor George Ross Pou (who gave Capers White a job as quick as Oscar fired him) is the bit shot. Pictures of the hospital plane used by the Old North State Fund in its campaign against a fellow setting out Beetle traps topped last week's newspaper picture gallery in North Carolina. Despite the undoubted doldrums into which the tobacco export trade has fallen, the state Department of Agriculture reports shipments to 33 foreign countries this year. N. C. will keep its "manny" of which the "John Nelson" is flagship. Federal officials didn't want it.

NOTICE TO CREDITORS
The undersigned, Hoyt Cherry, having this day qualified as Administrator C. T. A. of the estate of Louise Cherry before J. F. DEFENSE BOND QUIZ

BOND QUIZ
Q. Could the Government stop offering Defense Bonds and raise all the money it needs through taxes alone?
A. No. Excessive taxes always lead to national ruin.
Q. By buying all the Defense

Bonds I can afford, and then some, do I do anything to keep taxes down?
A. Yes. If you will do this, and influence all your friends to do this, you will produce a great affect. The more money raised by borrowing, the less need be raised by taxation.

SERVICE OF PUBLICATION NOTICE
North Carolina—County of Pitt
Greenville Township
Before H. L. Jenkins, J. P.
W. L. Hudson
-vs-
John Buck
The defendant John Buck will take notice that an action entitled as above has been commenced in the Court of H. L. Jenkins, a Justice of the Peace for Greenville Township, Pitt County, North Carolina, to obtain judgment on account due by the defendant to the plaintiff, and the said defendant will further take notice that he is required to appear at the office of the said H. L. Jenkins, Justice of the Peace in Greenville, North Carolina, on the 5th day of July, 1941, and answer or demur to the complaint of the plaintiff, or the plaintiff will apply to the court for the relief demanded in the said complaint.
This the 3rd day of June, 1941.
H. L. JENKINS,
Justice of the Peace.
June 6-11w-4wk.

NOTICE OF SALE
Under and by virtue of the powers and authority contained in that certain judgment or order of the Superior Court made in the matter of "Pitt County, Plaintiff vs. J. J. Mills and wife, Nettie Mills; Lillie

C. Mills, Trustee, L. A. Mills, et als," the undersigned will offer for sale, and sell to the highest bidder, for cash, on
Monday, June 23, 1941
before the Courthouse door in Greenville, Pitt County, at 12:00 o'clock, NOON, that certain tract of land, described as follows:
Lying and being in Chisold Township, as described in deed of record in Book A-19 at page 384 in the office of the Register of Deeds of Pitt County.

The successful bidder will be required to make a deposit of 10 per cent of bid.
This the 19th day of May, 1941.
ARTHUR B. COREY,
Commissioner.
May 22-11w-4wk.

NOTICE OF APPLICATION TO OPERATE MOTOR VEHICLE CARRIER AND DATE OF HEARING THEREON

"I could hug my Spring-Air—it feels so good!"
Everybody expresses the same enthusiasm—for with Spring-Air there is a self-adjusting flexibility to your particular weight and shape, giving you that important Vital Value, COMFORT THAT FITS.

"Blessed if these Spring-Air Mattresses don't seem to get better every night!" Years of use only make you appreciate Spring-Air all the more. Into the construction is built that much desired Vital Value, COMFORT FOR KEEPS.

GET ALL THE SLEEP YOU PAY FOR... in other words, put more exhilaration into your living, get more fun out of life!... SPRING-AIR is a mattress of the spiral spring type, with its own special construction. Automatically, it instantly conforms to your particular weight and shape, soft where it should be, firm where it need be. SPRING-AIR's construction is unique in the entire mattress field. It was definitely designed to eliminate everything that might restrict its comfort or shorten its life. That is why there are no cloth pockets, no knotted coils, no loose springs, no noisy rubbing of spring against spring, no useless weight. The comfort is built in for keeps. A Skilled hands enter into SPRING-AIR's manufacture rather than mass production machinery. To achieve SPRING-AIR's fitted and lasting comfort, as many as nine different spiral springs are required for the hand-assembled construction. A Let a SPRING-AIR mattress pay you its handsome dividends—dividends that you can cash in terms of increased energy and more abundant living.

These Spring-Air people haven't overlooked a thing! In its tailoring, its sagproof smooth edge, its easy grip handles, eyelet ventilators, pre-built borders, in everything you want for true satisfaction, Spring-Air is SCIENTIFICALLY COMPLETE.

Now, all our beds are Spring-Air! Because their first Spring-Air exceeds expectations, stays true to its promise, people invariably equip all their beds with Spring-Air. It is fully RATIFIED BY CONSUMERS.

The model illustrated, in your choice of colors, is \$39.50. Other styles are from \$24.50 up, — wherever good bedding is sold.

Tarboro Snaps Losing Streak by Defeating Greenville

HERE TONIGHT FOR TWIN BILL

Skipper Tries Hand at Pitching Against Orioles

Manager Rube Wilson took the mound for the first time this season last night, but he was unable to tame the Tarboro Orioles and was credited with the 11-4 loss although two other hurlers were used by the locals.

The two teams will play a double header at Guy Smith park tonight, the first game being scheduled to start at 7:30.

With a large crowd expected local fans are hoping that the traffic situation will be as good as it was Sunday when local police and members of the Highway Patrol took charge.

Rube's mates gave him a good start last night, scoring three in the second inning and it looked for

a while as if the old skipper would mark up a victory. The Orioles got on to him for one in the fourth and, after being blanked in the fourth, made four in the fifth to send Rube to the showers. Tarboro made three more in each of the next two innings, while the Orioles scored their fourth and final run in the seventh.

Pickering and Miller were the other two Greenville hurlers to see action.

Caraway got three for five and Scagg two for four to lead the Orioles at bat. Jenkins got two for five, one of them a third bagger for the only extra base knock of the game.

McCluskey Collapses Near Finish

Veteran Joe McCluskey, of the New York Athletic club, leading from the start of the 10,000 meter championship run, collapsed 2 1/4 laps from the finish in the A. A. U. Annual Track and Field championships in Philadelphia, Pa. McCluskey (center) is being assisted from the track by Paul Pigrim (left), athletic manager of the club, and two others who are unidentified. The collapse was caused by heat. Len Gregory, of the Millrose A. C., won the event.

TIGHT HURLING SEEN IN GAME

Training School Gets 4-2 Win Over 3rd Street

In a tight pitchers duel at Third Street Park this morning, Training School won over High School by the score of 4-2. High School managed to get only three hits off the combined pitching of James, who started, and Ben Harrison who pitched the last five innings. Langston pitched well for the losers but had several balls that should have been fielded, to go for hits.

Tom Rowlett led at bat for Training School, followed closely by Scott and Corey. Hunter, Andrews and Beland got the hits for High School.

Box score: High School 100 000 1-2 3 2 Training School 000 013x-4 9 4 Batteries: Langston and Andrews; James, Harrison and Corey.

In one of the fastest games played in the "A" league this summer, W. Greenville won over Third Street 6-1. Speight, pitching for W. Greenville had the losers well in hand throughout the contest and except for Dupree's long triple in the sixth and a fly ball that scored him, would have scored a shutout easily. On the other hand W. Greenville hit at opportune times and played well on defense and had control of the game after their five run third inning.

J. Wright, Wingate and Speight led at bat for the victors, getting three hits apiece. Dupree, Dunn and Wilson got the hits for the losers. W. Greenville looked good on defense in today's game and gives promise of going places in the league.

Stumpy Garrett and Mitchell White stood out on defense for the Third Streeters. George Garrett handcuffed the winners after receiving Hill in the fourth. Third Street 000 001 0-1 3 1 W. Greenville 015 000 x-6 12 2 Batteries: Hill, Garrett and Garrett; Dupree; Speight and Blackman.

Victory Is Scored By Local Netters

Greenville's tennis team took a 4-2 victory over Kinston netters in a match played here with the locals winning three of the four singles matches and both doubles contests. Results in the singles were: Leo Burks, Jr., Greenville, over Abe Stadiem, Kinston, 6-2, 6-2; A. D. Hobgood, Jr., Kinston, over Ernest Wells, Greenville, 6-4, 4-6, 6-2; Doug Jones, Greenville, over Bruce Stallings, Kinston, 6-1, 6-0; Jimmy

Wells, Greenville, over Bobby Hobgood, Kinston, 6-2, 6-0. Doubles results were: Leon Meadows, Jr., and Doug Jones, Greenville, over Abe Stadiem and Bruce Stallings, 6-0, 6-4; Ernest Wells and Johnny Lautares, Greenville, over A. D. Hobgood, Jr., and Bobby Hobgood, Kinston, 6-3, 3-6, 3-6.

YESTERDAY'S RESULTS AMERICAN LEAGUE Chicago 7, Detroit 6. St. Louis 12, Cleveland 6. Only games scheduled.

Crowds Expected For Fourth.

Atlantic Beach, July 1.—The Fourth of July holiday and weekend are expected to draw large crowds to this ocean resort, where already the June throngs of visitors are said to be among the largest for any June in the history of the section.

Manager Newman Willis has planned exceptionally fine programs for the holiday visitors. Freddy Johnson and his popular University of North Carolina orchestra will play for dances Wednesday, Friday and Saturday nights and for free concerts every afternoon in the casino through next Sunday.

Free fireworks will be featured Friday night at 9 o'clock in celebration of Independence Day. A patriotic ball will follow. Prize fights, usually held on Friday nights, will be held this week on Thursday night.

The new midway attractions, including a merry-go-round, chair-o-plane and ferris wheel, are drawing heavy patronage and are adding much to the recreation facilities of the resort.

Success with fishing parties is being reported by many boatmen, who say their vessels are much in demand this season.

GAMES TODAY

PIEDMONT LEAGUE Norfolk at Asheville. Richmond at Winston-Salem. Charlotte at Durham. Greensboro at Portsmouth.

COASTAL PLAIN LEAGUE Rocky Mount at New Bern. Kinston at Goldsboro. Tarboro at Greenville. Wilson at Williamston.

Any City Can Take Pride in Its Airport Runways of Soil-Cement

Auxiliary and secondary runways need this new, tested type of surface—low in first cost, strong, highly weather resistant

Airport runways of secondary or auxiliary class present a serious construction problem. How can they be built strong and durable—at low first cost?

The solution that is real news in the engineering world is Soil-Cement... simply field or roadway soil plus portland cement plus moisture... mixed and compacted under scientific control.

Proved Under Traffic Service on many hundreds of miles of light-traffic roads and streets and at numerous airports, proves that Soil-Cement is strong, dense and highly resistant to sun, rain and frost. It is placed rapidly with simple equipment and ordinary labor. Precise but simple methods of laboratory control enable the engineer to be sure of a good job.

Soil-Cement is not intended for the main runways of airports or heavy-duty roads and streets, which need the strength and low ultimate cost of portland cement concrete.

But Soil-Cement CAN save you time and money on secondary or auxiliary airport surfaces and light-traffic roadways. The complete story will be furnished on request to engineers, officials and citizens concerned with airport development.

PORTLAND CEMENT ASSOCIATION State Planters Bank Bldg., Richmond, Va. A national organization to improve and extend the uses of concrete... through scientific research and engineering field work.

Duties Taken Up By New UCC Officials

Raleigh, July 1.—Major A. L. Fletcher, chairman, and six members of the Unemployment Compensation Commission of North Carolina were sworn in this morning, and entered upon their new duties, in accordance with the reorganization of the Commission provided in an act of the General Assembly.

The new commission succeeds Charles G. Powell, chairman; Mrs. J. B. Spilman; and Commissioner of labor, Forrest H. Shuford, ex-officio member. In addition to Major Fletcher, the six part-time commissioners are: T. Clarence Stone of Stoneville; R. Dave Hall of Belmont, and C. A. Hank of Spencer, for two-year terms; Harry D. Wolf of Chapel Hill, Judge C. E. Cowan of Morganton, and Mrs. Frank L. Fuller, Jr., of Durham, for four-year terms.

Army's Biggest Bomber Takes To Air On First Flight

To the accompaniment of cheers from thousands of spectators and workmen who helped construct her, the B-19 described by the army as the "world's largest bomber," soared gracefully into the air on its maiden test flight from Clover field at Santa Monica, Calif., and flew to March Field, Calif., in 56 minutes. In the background is the Douglas Aircraft plant where the 50-ton sky giant was built.

Broughton Faces Trouble In '43 General Assembly

Reflector Bureau. By HENRY AVERILL
Raleigh, July 1.—There are more than a few indications that Governor J. Melville Broughton will have trouble in the 1943 General Assembly. It is still a long time until then and there are any number of things which could happen to change the outlook completely; but currently it seems that 1943 is going to be in sharp contrast with 1941, when Broughton exercised a control so powerful that amazed observers kept looking for the magic formula or spell which he used. There are two reasons for the prediction of equally days for the chief executive. One is common to all governors—their appointments have always run out by the time the second legislature comes round and they haven't the same patronage power as in the opening days of an administration.

The other is peculiarly of Broughton's own making. He has without the slightest doubt made a number of bitter and powerful (locally at least) enemies either by his appointments or his tactless method of announcing them. Just take a glance at the first district, for example. What would be more natural than for Lloyd Griffin, of Chowan; Luke and Mrs. Vivian Stevens of Shawboro; and D. C. Barnes of Hertford either to run in person or by proxy for the 1943 legislature with the sole idea of taking revenge on Broughton? It is certain that Mrs. Stevens and the Messrs. Griffin and Barnes can have no high regard for the governor. Griffin—or at least many of his friends—thought he had a gubernatorial promise of reappointment. Barnes and Mrs. Stevens were unnecessarily embarrassed by being permitted to come to Raleigh for meetings of boards from which the governor had just ousted them without notice.

Even strong Broughton supporters have been heard to deplore the unnecessary humiliation inflicted on these folks whom it was decided to replace; and there seems no valid reason why they were not notified sufficiently ahead of time to prevent their coming to Raleigh prepared to continue their functions. In the case of the three members of the board of agriculture (of whom Mrs. Stevens was one) who were not reappointed, Commissioner of Agriculture W. Kerr Scott wrote the governor as early as June 5 pointing out the possibility of embarrassing them and making a special request that the appointments be made either well before the board meeting or not until after. Receipt of this letter was not acknowledged by the governor or his office.

These are but a few examples. Others can be found in all sections and if they do not result in bitter and uncompromising opposition to Broughton, and all his works their human nature has changed remarkably.

DAN'S PLANE ROARS AWAY—HE IS SEEKING ACE BART, MASTER COUNTERFEITER!

Hollywood

Hollywood.—A bunch of old movie cowhands were lamenting the passing of the old-time cowboy stars. Talkies had driven them from the picture ranges to the two-a-day stage or to the circus. Tom Mix was gone, old Bill Hart was in retirement on his ranch, and Harry Carey—
"Humph!" cut in oldtimer Otto Meyers. "That guy Carey's got a rubber backside. He goes down but he bounces."
Otto was a prophet. That guy Carey, even then, was banished from the movie plains, following a circus through the middle west. But he bounced. The other day, celebrating his 33rd year in the movies they threw a party for Harry and his latest picture, "Shepherd of the Hills."

The party was at Harry's ranch near Saugus, 40 miles from Hollywood.

It's a real ranch, not one of these Hollywood half-acres with an orange tree and a station wagon. The Careys—she was Olive Golden of the films before Harry fished her out of a location river and married her—homesteaded the place some 25 years ago. Ten years ago they built their comfortable, authentic California adobe house. That was three years after the big darn broke and washed them out \$250,000 worth.

They're a hearty clan, these Careys. Harry, getting on past 60, is sturdy and straight, blue eyes keen

the movies at old Biograph.

"Here's my formula for staying in it. I've got one," he said. "If you can't get a job with a good company, just go get a job. As if you can't get a job in Hollywood—get out on the road. In a circus you play to lots of people. If even half of 'em like you, they'll get to asking why you don't make a picture again, and Hollywood will hear about it."

One of Carey's stumps found him in New York, playing vaudeville, when "Trader Horn" came along. Het was a big hit—and he didn't work again for a couple of years. That was when he joined the circus. A lot of people must have liked him. BKO asked him back to "Powder Smoke Range." When "Mr. Smith" went to Washington, Vice President Carey went back into the big time. He didn't get billing—at first. He gets it now, big, but doesn't care about it. It's the public that does the billing, anyway," he says.
