VAST POOL OF FOOD RESERVE IS SUGGESTED

Would Be Stored Post-War Emergency Period

BRITAIN'S IDEA APPROVED BY U.S.

Suggestion Made At Meeting Of Council At Which Roosevelt-Churchill Atlantic Charter Approved

London, Sept. 24.—(AP) The creation of a vast pool of food reserves for supplying Europe in the emergency period after the war—a plan upon which the United States already has been consulted—was proposed by Great Britain today to the council of Allied governments.

Foreign Secretary Anthony Eden made a statement to the council from U. S. Ambassador John G. Winant declaring that the United States believes the undertaking to be of great prospective usefulness.

The proposal was made after the council had approved the Roosevelt-Churchill eight-point Atlantic charter without dissent, pledging adherence to the "common principles of policy" and cooperation "to the best of our ability."

A resolution to this effect was adopted by a voice vote after the Soviet ambassador, Ivan Maisky had declared that Russia was in agreement with the fundamental principles of the declaration and asserted that the Soviet Union would defend the right of every nation to independence, territorial integrity and the social order and form of government of its own choice.

Before the vote was taken, the Netherlands Prime Minister, Dr. E. N. Van Kleffens, objected to point four of the Roosevelt-Churchill declaration, which provides equal access for all nations to world trade and raw materials, but "with due respect for their existing obligations."

Van Kleffens said the avowed aims of point four, "can not be attained if considerable exceptions" to it were to be made. He pleaded for abolition of trade barriers and "discriminatory treatment in international commerce."

Jaycees To Offer Tickets For ETC

The Junior Chamber of Commerce of Greenville is sponsoring the sale of season tickets for the entertainments offered by East Carolina Teachers College this year and will put on their drive this week. The committee is composed of President Alton Barrett, Bruce Sugg, Harold Stotom, Marshall Starkey, and Bancroft Mosley.

If anyone is missed in the canvass they will make, he can secure a ticket by calling any member.

Four entertainments have been scheduled so far but if the fund from the sale of the tickets is sufficient, others will be added. There were two in addition to the regular four last year.

The series will open on October 10 with a concert by Lansing Hatfield, the young North Carolinian who was the winner in the Metropolitan audition of the air and is now a baritone with the Metropolitan Opera Company.

Mrs. Franklin D. Roosevelt will be here during the fall term, the definite date to be announced soon.

The Don Cossack Chorus, to appear in December, is the original great Russian male chorus with the small, dynamic Serge Jeroff as conductor.

The National Symphony orchestra, the only member on the list for late winter, will be the first full symphony orchestra to appear on the East Carolina Teachers College stage.

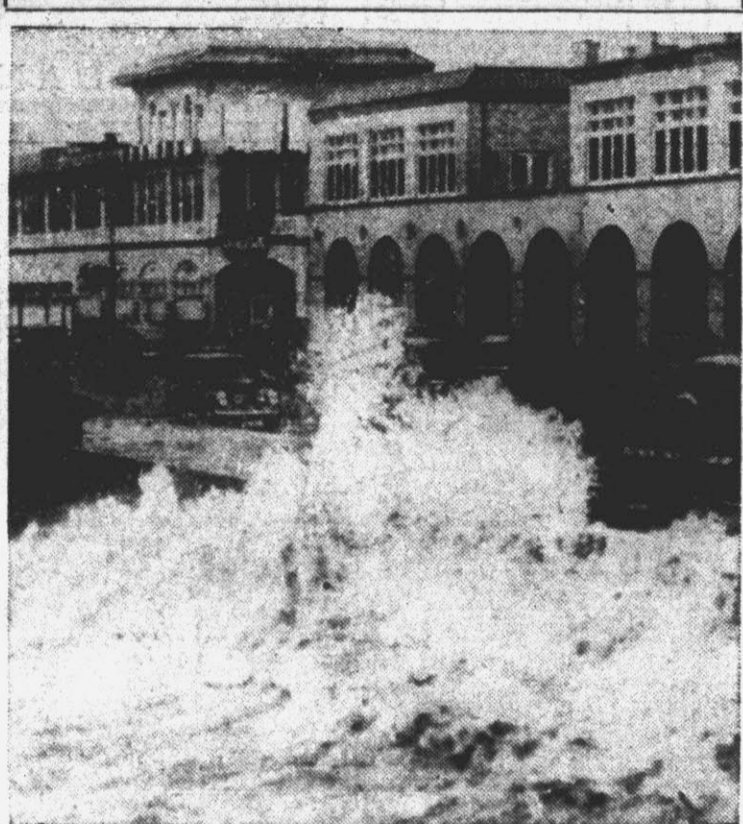

With Hans Kinder as conductor this orchestra is now ranked among the "big six," the greatest in the country.

The four attractions make a well-balanced program composed of a singer of national reputation, a prominent person as a speaker, a male chorus, and a symphony orchestra.

Airports Taken Over In Nazi-Populated Areas

Buenos Aires, Sept. 24.—(AP)—Regular army troops completed the occupation of all military airports in the country today after arresting a number of young aviation officers in a series of swift moves, apparently inspired by fear of an uprising against the government.

Official quarters declined to comment on the sudden developments which caused a flurry of excitement last night in the Chamber of Deputies, but some sources linked the government's action with a current congressional investigation of Nazi activities in Argentina.

Raul Darnot Taborda, chairman of the committee conducting the inquiry, said he understood that the officers arrested "including some who have been plotting with a view to putting an end to the investigation."

Taborda made this assertion shortly after news reached the capital that troops had occupied military airbases at the inland cities of Cordoba and Parana—both of which have large German populations—and were taking over airfields elsewhere.

Schenck On Stand In Movie Hearing

Washington, Sept. 24.—(AP)—Nicholas Schenck, president of Loew's, Inc., testified today that the federal government has no part in producing or distributing the motion picture "Land of Liberty" which an Idaho theatre owner declined to show because he charged it contained propaganda.

Schenck told a Senate subcommittee that Maurice Saffie, Loew's branch manager at Seattle, was mistaken and "overzealous" in writing Fulton Cook, theatre owner at St. Mary's, Idaho, that the government had requested the names of exhibitors who refused to show the picture and that the government was sharing in the profits of the film.

The film was assembled by the movie industry, the witness said, to be shown for patriotic purposes, with all receipts to go to charity.

While Idications Point To Immediate Easing Of Situation Tying Up 25 Vessels, New Labor Problem Poised By Strike Vote In Consolidated Aircraft Corporation With Huge Bomber Orders

(By The Associated Press)

Leaders of the American Federation of Labor Seafarers International Union moved today to release 25 strike-bound ships, while an overwhelming strike vote in a California military aircraft factory posed a new and pressing problem for federal conciliators.

John Hawk, secretary of the Seafarers, announced in New York that membership meetings were being held this morning to discuss releasing the vessels.

"As long as the Maritime Commission has stepped out," Hawk told newsmen, "the sensible thing to do is to put the men back on the ships and release them, and then let the Mediation Board handle the dispute."

The strike, over war bonus rates, was referred yesterday by Secretary of Labor Perkins to the Defense Mediation Board, after efforts of the Maritime Commission to compose differences between the union and the ship-owning companies failed. Union men accused the Maritime Commission of anti-labor tactics.

The Mediation Board asked strikers to return to work, advising both union and ship-owners that the vessels were "vital and immediately needed for the transportation of defense materials."

The new strike threat was directed again the Consolidated Aircraft Corporation at San Diego, Calif., holding \$750,000 worth of orders for bombers, placed by the United States, Britain and her allies.

The International Association of Machinists (IAM) announced last night that 98.8 per cent of the membership at the plant had authorized a strike to enforce demands for increased wages. The union asked a blanket increase of 10 cents an hour for all employees not affected by previously agreed upon increases in the minimum scales for beginners. The union has turned down a company offer to raise the minimum from 55-65 cents to 60-75 cents, the rates varying with experience.

"Whoever accepts an enemy conveyance thereby becomes a part of an enemy formation," these sources said.

"Roosevelt, by his description of the incident, himself revealed the perfectly correct procedure of the German submarine."

German sources asserted that Roosevelt, in claiming it was immaterial whether such a ship as the Pink Star were armed or unarmed or what flag it flew, "is trying to establish wild west justice, not international law."

They said, "The American president speaks of pirates. For us, pirates are those who impair or prevent normal trade between countries not at war with each other. England is the pirate."

Workers and Army Clash In Mexico

Mexico City, Sept. 24.—(AP)—From four to 14 persons were reported today to have been killed in a clash of Mexican troops and agitated munitions workers who sought a mass interview with President Manuel Avila Camacho.

Avila Camacho, former army general, expressed regrets at the incident which caused gunfire yesterday and ordered an immediate investigation.

An authorized source said four workers were killed and 16 wounded. Other reports placed the toll as high as 14 dead and dozens wounded.

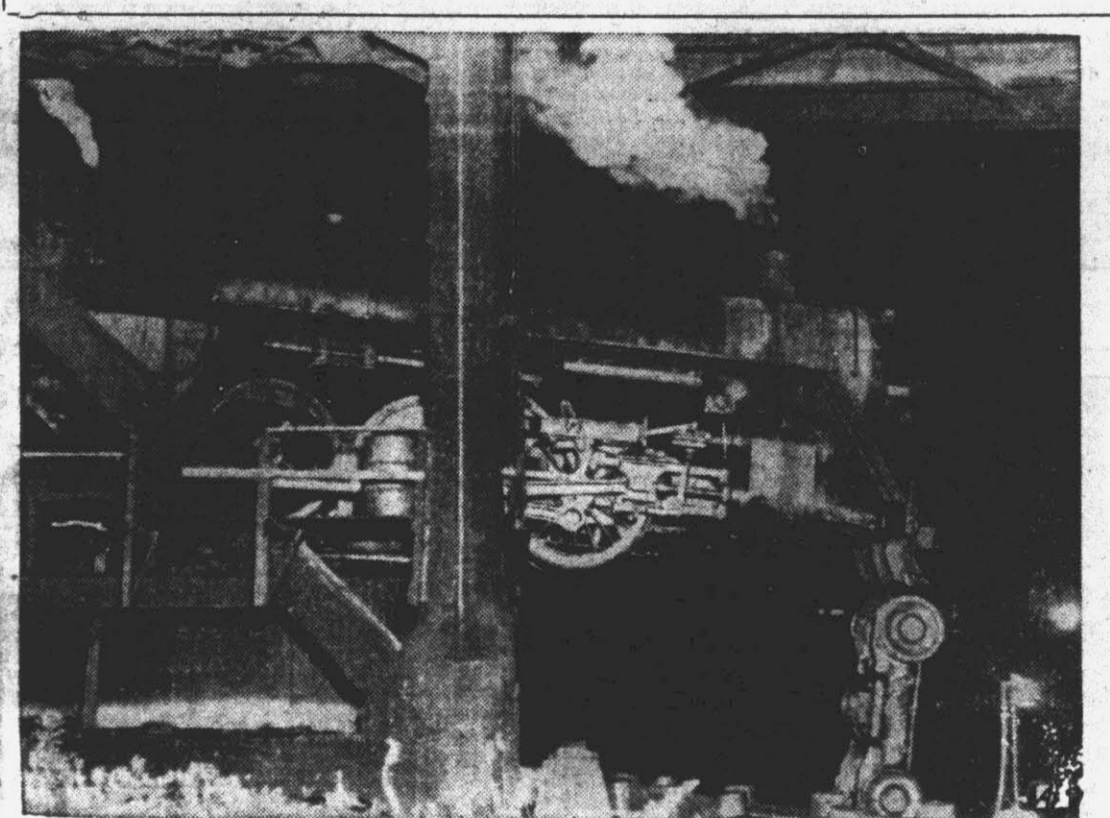

Munitions workers had been demanding removal of General Luis Bobadilla Camberos, director of the war plants.

LOCAL PRICES CONTINUE HIGH

Official Average Again Tops 35c A Pound Mark

Prices on the Greenville tobacco market yesterday maintained their recent high level, again topping the 35 cents a pound mark when 681.04 pounds were sold for \$238,900.39, an official average of 35.08.

Yesterday's sales brought offerings to date this season to 25,363,858 pounds, sold for \$7,038,289.28, an average of 27.75, compared with 1940 offerings to the corresponding date of 21,918,762 pounds sold for \$3,475,001.43, an average of 15.85—11.90 cents per pound below the current season's general average.

Offerings today totaled better than a half million pounds, with prices continuing stable and firm. Quality of the offerings, however, was off with an unusually large amount of trashy grades being included.

Satisfaction continued, with observers declaring they had never seen a better satisfied group of farmers.

Floors were being cleared this afternoon.

For the first two days of the week offerings amounted to 2,222,516 pounds and brought \$785,020.46 to average 35.32 for the two days.

Farmers Are Told To Ask Deferment

New York, Sept. 24.—(AP)—Secretary of Agriculture Wickard today called upon American farmers to produce enough food to help England defeat Hitler, and at the same time, meet expanding demands in the United States.

The need for food, he said, is so great that he urged farm workers to seek deferment under the Selective Service act, even if this required an appeal from local draft board orders.

"I have an idea that most farmers' sons and hired men can serve their country best wearing overalls instead of a khaki uniform," Wickard declared in a speech prepared for an "agricultural mobilization" conference of farmers and government farm officials called here for northeastern states.

200 Newspapers Of State Aiding In Naval Program

Approximately 200 newspapers in North Carolina today inaugurated a campaign in cooperation with the U. S. Navy Recruiting Bureau whereby members of the staff of the various papers will help the Navy in giving ambitious young men information about the opportunities of the "Two-Ocean Navy" offers in technical training and advancement as they serve their country in its emergency.

A large display advertisement appears elsewhere in this issue of the Reflector and all young men desiring full information is invited to visit the Reflector where he will gladly be given full and complete information on the advantages to be offered.

This same service is being offered by the approximately 200 daily and weekly newspapers participating in the campaign.

U. S. Is Expected To Arm All Ships

Washington, Sept. 24.—(AP)—The arming of American merchantmen today became the next probable move in the shoot on sight campaign to make the "defensive waters" of the United States an unhealthy hunting ground for Axis raiders.

It would necessitate modification of the much-debated neutrality act, and it might eventually involve the stupendous technical job of furnishing guns and gun crews for more than 1600 ships. President Roosevelt, however, told his press conference yesterday that a decision on the neutrality act probably would be forthcoming next week, and he hinted strongly at its nature, in one respect, when he said that the United States probably was headed toward the arming of its merchant marine.

SAYS NO WAR FOR BULGARIA

Minister Asserts Russian Relations To Continue

Sofia, Bulgaria, Sept. 24.—(AP)—Bulgaria does not intend to enter the war against Soviet Russia or break off relations with Moscow, Peter Gabrovsky, Minister of the Interior, told foreign correspondents today.

"Bulgaria has no aggressive intentions against anyone and is not preparing for war against any country," Gabrovsky said.

In denial of reports published abroad, the minister said there had been no general mobilization of Bulgaria's armed forces. He also denied there had been any declaration of martial law.

"The Bulgarian situation is perfectly calm and no pressure of any kind has been exerted on the Bulgarian government from any quarter," Gabrovsky said.

Three Victims Of Storm At Houston

Houston, Texas, Sept. 24.—(AP)—A capricious hurricane raced toward northwestern Louisiana today after striking a full and unexpected blow at Houston, Texas' largest city.

Three persons were dead, many injured. Damage ranged into millions of dollars.

After a surprise visitation to this metropolitan area of 500,000 persons the storm moved toward a sector between Nacogdoches, Texas, and Shreveport, La., but its velocity was diminishing from that of 60 to 77 miles an hour which buffeted Houston.

The city, caught unaware after the Weather Bureau yesterday afternoon predicted it was safe, was without electric power in some sections and had a low water pressure. Houses and buildings were unroofed, flimsy structures were blown down, streets were flooded.

Grifton Water System. Grifton citizens, in a city bond election yesterday, overwhelmingly voted to issue bonds to install a water system. A total of 121 votes was cast for the proposal, compared with only nine against.

Dnepropetrovsk, Russia, grew from a city of 188,000 inhabitants in 1926 to 500,000 in 1939.

ANNUAL SCOUT DRIVE MAPPED

Financial Campaign To Get Under Way October 20th

George W. Davis, Farnville mayor, has accepted the chairmanship of the Pitt County Finance Campaign in connection with East Carolina Council, Boy Scouts, simultaneous efforts beginning October 20, it was reported today.

Greenville will not be a part of the council campaign program due to its membership in the local Community Chest, but communities outside of Greenville, and a part of the same district, will be given an opportunity to contribute towards a greater council program, whereby every community will be given an opportunity to have scouting and service.

Mayor George W. Davis, general chairman, named several prominent Pitt county men to serve on his campaign committee. At present the committee includes John B. Lewis, chairman of Major Gifts; G. A. Rouse, chairman of Educational Publicity.

Steering the campaign will be a prominent group of citizens including the following: H. W. Pruden, Roanoke Rapids; J. H. Waldrop, Greenville; Joe Eagles, Crisp; Maynard O. Fletcher, Washington; J. A. Gaskins, executive.

Headed by R. Brooks Peters, Jr., Tarboro attorney, as chairman, the general campaign is composed of the following men: B. B. Sugg, mayor of Greenville, chairman of Major Gifts; F. E. Winslow, Rocky Mount attorney, chairman of Prospect Lists; A. D. Shackelford, Wilson; and Everett Blake, Wilson. J. C. Penny executive, chairman of Educational Publicity.

In order to coordinate the preliminary steps of the campaign a week to week schedule was adopted. The campaign solicitations will begin on October 20, and close on the 30th, but in the meanwhile steps will be taken from day to day to prepare the way for a successful conclusion.

The Scout Council is laying plans for a banner year in 1942, and with the conclusion of the campaign this program will become effective at once. Due to the large area the executive staff has been limited in its overall coverage, but present plans call for the addition of two more executives to the staff. The council believes in the Scout motto "Be Prepared" and is now preparing itself for a big year through a budget that will enable it to carry out plans for giving every boy an opportunity to be a Scout with a real program of Scouting.

Louis C. Evans, 20, Dies In Hospital

Louis Clifton Evans, 20, son of Mrs. Sallie Jackson Evans of this city, died in Pitt General hospital about 2:30 o'clock this afternoon. Funeral arrangements had not been completed this afternoon.

Evans was a native of this city. He was a graduate of Greenville High School, attended Edwards Military Institute, Salsburg, for two years, and was at present a student at East Carolina Teachers College, where he would have been a member of this year's senior class.

In addition to his mother, he is survived by one sister, Mrs. James B. Whitford, of New Bern.

Reds Push Nazis Back Elsewhere

Germans Acknowledge Bitter Resistance Around Leningrad, With Russia Claiming One Point On Approaches To City Recaptured; Reds' Thrust On The Central Front Easing Pressure In Ukraine

By The Associated Press Red armies defending Leningrad were reported hurling the Germans back over a battlefield littered with Nazi corpses today, while on the central front, fierce Russian counter-blows were pictured as easing the pressure on Marshal Semeon Budenny's battered armies in the Ukraine.

Red Star, Soviet army newspaper, said Russian troops in an all-day assault routed the 136th German infantry division and recaptured a point on the approaches to Leningrad.

Tank-supported German counter attacks were repulsed, Red Star said, and large-scale Nazi onslaughts southeast of the old czarist capital also failed.

The Germans, admitting bitter Soviet resistance around Leningrad, emphasized what they called a mighty battle of annihilation 125 miles east of Kiev, where the count of Russian prisoners emmeshed in a trap was reported nearing 500,000.

The Russians reported defeating Rumanian troops in the siege of Odessa, Black sea port, and declared that a second German attempt to capture Murmansk, Russia's ice-free Arctic port, had ended in complete failure.

Russia officially denied the German assertion that four Red armies had been trapped east of Kiev.

Adolf Hitler's high command declared that "chaotic conditions" engulfed the encircled Reds and that German troops closing the jaws of the trap were continuing a wholesale annihilation.

Elsewhere on the sprawling battle front, the Germans acknowledged that Soviet forces were offering the bitterest resistance, particularly around siege-city Leningrad where the Red armies were making a foot-by-foot defense.

British warplanes have now gone into action for the first time on the three-month-old eastern battle front, the Air Ministry announced in London.

A number of patrols have been flown in bad weather and there have been successful encounters with enemy fighters, the Ministry said, adding that seven German planes had been destroyed in the initial engagements with the loss of only one Royal Air Force fighter.

With the Red Army at the Central Front, Sept. 24.—(AP)—Red warplane pilots claimed domination of the air over the central sector of the German-Russian front through the smashing of about 1,940 German planes since the start of the battle of Smolensk.

By air duels, anti-aircraft fire and raids upon German-held airbases, they declared, German pilots assigned to the sector have been forced into comparative inactivity.

Russian planes showed intense activity, Red army sources reported. Low-flying bi-planes were almost always in evidence on patrol and communications missions. High-flying bombers and fighters sped to and from German lines.

STANDARD OIL TO SHOW EDUCATIONAL FILMS
Public showings of educational films by Standard Oil Company of New Jersey have proved so popular with civic clubs, schools, church club groups and conventions that this company has decided to greatly expand its activities in this field and has recently expended some \$50,000 for new sound motion pictures.

According to an announcement by Esso Marketers' Public Relations department, a growing need exists to further the educational endeavors of the company by bringing to the public outstanding and educational motion pictures in an effort to familiarize the people of North Carolina with problems of modern industry—something of the constant scientific research to improve the performance qualities of products of everyday use.

The famous Thaw Asiatic Expedition pictures which show the recording of a trip by the Thaw party through Western and Central Europe, the Balkans, Iraq, Iran (Persia) and India, were taken just ahead of the outbreak of the war and have been added to the Esso Marketers library. Several scenes in these pictures show Nazi troops on the march and also show convoys of British artillery units in Iraq.

Another reason for the expansion of the program is because of the generally accepted view that visual education is of much value to school students in North Carolina.

G. F. Ball of Charlotte, Esso's Public Relations manager, will continue the work of directing all film activities and is expecting to visit this area in the near future.

FOR THE LOVE OF PAM

By VIVIAN GREY

Chapter 15
To Match Your Eyes
You may be giving yourself a very long drawn-out job, Jerry, Pam said.

"I'm equal to it."

"And about the ring, Jerry—there isn't much point in talking about it, since rings and you and I don't make a picture at all; but I do like your letting Freda keep it."

"Darling!" It was as if he had moved to her and put his arms around her. "That's one of the things I love about you! Material things just don't count at all, do they? But I'll get you a stone just as fine when you say the word. In fact, I'll get it before, so the minute you say yes I can pop it on your finger, and you can't change your mind."

Pam smiled. She loved the impulsiveness of him.

"But you haven't told me who's going to be at your party?" she asked.

"Well, your boy friend, Doctor Shoe, is going to be there."

That was really all Pam wanted to know. With Leo there she was sure of a rush. Let one man start plying a girl with attention and every other man at the party followed his lead. Pam wasn't listening especially, but Jerry was going on to tell her some of the others who were to be at the party, a pleasant selection of winter and townspeople most of them from the younger sets.

"Pam, I love you," Jerry broke off about the party suddenly and spoke with much earnestness. "I don't know why I'm talking about anything else when I feel that all that's worth saying!"

"Jerry, it's late. Time you pushed off." It wasn't an answer to what he had said, but there was a tenderness about it, a deep, tranquil tenderness had enveloped Pam. The

temporary chaos of her life seemed to be clearing again and the old tranquillity returning. "See you tomorrow. I know I'll love your party. I've never been on a really big yacht for a really big party."

"I'd much rather you'd love me than the party. And as for big parties on big yachts, you'll be on them lots from now on, sweet!" was his reply as he hurried away. "I'll be here to get you, and will you knock 'em cold when I bring you in!"

Early next afternoon a messenger arrived with a package for Pam. She found when she opened it a corsage of velvety French marigolds, fresh in their bed of ice. They had come in on the moon plane and there was a card with them signed "Jerry." Pam smiled as she read the written words: To match your eyes.

Jerry had said that to her once, that her eyes were like French marigolds. It was sweet, a thing to take her heart and keep there. Jerry had so many lovely qualities. Pam thought, if only he'd do something worth while instead of just loafing. Anything, thought Pam. She would wear the flowers against the soft green organdie of her dress. Later a box was delivered with Leo's card. Marechal-Neil rosebuds.

Two Lovers

Jerry's eyes lighted as he looked up the long flight of stairs as he waited in the hall and saw Pam coming toward him.

"Didn't I tell you that first day on the beach that we were going to be friends?" he asked as he tucked her into his car and then paused a moment to leave a light kiss on the palm of her hand.

Riding through the streets of the village under the star-swept blue of the Florida sky, Pam went back mentally to that day on the beach when she had first seen Jerry and his dog. Blaze was even then on the back of the seat behind them her soft black nose almost touching Pam's neck. Pam began to caress the animal's head.

Jerry grinned. "I wonder," he said, "if Blaze appreciates that as much as I would?"

"Much more, I'm sure," Pam laughed. She was in a gay mood. She knew that she looked right for the occasion. Jerry's eyes had told her that. So nothing that could happen would shake her confidence. She would laugh at Lenore's outbursts of temper and in one way or another give back as good as she got.

"Heartless creature!" Jerry exclaimed, but pride in her echoes in the words.

Leo drove up as Pam waited for Jerry to back his car into the parking space. He had let Pam out because the gravel of the lot would do her slipper heels no good. Leo stopped, got out and stood beside her a moment. Pam wondered if his eyes were a little hurt as he looked down at her.

"You would give me the icy mitten," he said, with every intention of speaking lightly, but there was a pained undertone in the words. Involuntarily Pam's hand went

out to his. Leo had so long been a friend she could count on.

"You don't mind, Leo? I didn't think it mattered who brought me. See, I'm wearing your flowers. Jerry sent French marigolds. I'll ask them to put his in the ice box and put them on later. Leo, it was sweet of you to send me flowers."

The young doctor glanced at the buds, exquisite against the soft green of her dress.

"They always make me think of you, Pam," he said quietly. "They are so definitely one of the things that make this island a lovely place. And you're like that. Girls like you, women like you'll grow to be, are like that."

"Leo, I'll remember that all my life. It's the sweetest thing that's ever been said to me."

Leo smiled. "Perhaps then," he said, "it will earn me a dance. I have only the first one—with Freda."

"All you want of them," Pam said unaccountably in that instant Pam was glad she had made no promises to Jerry. Leo represented everything she liked in a man. He was a useful, helpful person. Someone for whose living the world would be a little better, a little less filled with trouble and pain.

"Break it up!" was Jerry's blithe approach. "I don't like other men going into a huddle with my girl!"

"Try and stop it," laughed Leo.

"If you insist upon picking the prettiest girl in the place, you've asked for competition!"

"Go ahead!" Pam laughed. "I can take it. Peps me up."

"Vain lass!" cried Jerry. "You don't need it. If you hear any more about how lovely you are, you won't be speaking to us. You already surpass perfection. What more do you want?"

"Conch." Again

"So many things, Jerry. I could not begin to tell you." Pam's voice was suddenly serious. She didn't add about that she was not even sure what she did want. One thing she knew with deep, unshaking conviction. She wanted Jerry to have some more important purpose in life than merely having a good time.

"I'm jealous that you're wearing his flowers," she heard Jerry say.

"But I'm carrying yours, Jerry, and I'll wear them later."

Mrs. Winthrop, standing at the gangplank waiting for the rest of her party to come from the car, smiled warmly at Pam. "I hoped you'd come, my dear. I'm so glad."

Then, Pam reflected, Mrs. Winthrop had spoken of her. It had not been only Jerry who had thought of her when the guest list was made. That was pleasant to know.

The yacht was a blaze of light. There was the sound of clinking ice in glasses, of light laughter etched against a background of soft music. There were flowers scenting the air. It seemed to Pam that she must be dreaming.

Pam noticed Lenore was most often standing at the bar where Cuba Libres and rum highballs were being handed out with lavish generosity.

Jerry took Pam to the bar.

"Drop a conch shell in it, so she'll feel at home," Lenore said as she watched the bartender mixing their drinks. Pam had asked for plain

orangeade.

"Pipe down, Lenore," Jerry warned in a low voice.

"It seems to me you're the one to pipe down!" Lenore exclaimed. "Bringing Miss Conch to the party!"

"You'd do well to watch your own step," Jerry snapped. "You'll have

shells growing out of your own shoulders, if you aren't careful! And it might help you some; it might counteract the poison brewing in you."

"At least I don't bring it to the yacht," Lenore flushed. She hadn't supposed Jerry knew about Vin. She paused on thought of Vin. He had wanted to come to the party. Not for the party, but to be near her. He was getting so jealous of her. She wondered what he was doing.

She looked across at de Bellefort standing languidly at the bar. He had never stirred her as Vin did. And he had never done anything that gave her interest an upward trend. With Gervase in New York, she did the same things day after day—cocktail parties, to dinner, to a night club, to a breakfast place, and then home to bed in a dawn she was too weary and bored to appreciate.

Something about Gervase angered her suddenly. She realized that Leo Shore was speaking, and turned swiftly to him. She had been playing up to him, as she did to very good-looking man she met. Leo was laughing at her a little.

"I'm Conch, Lenore," he was saying. "And proud of it. It implies roots in this island. That's something! Come on, let's dance!"

Pam watched them dance away. Lenore's sultry good looks were pointed up and emphasized by Leo's blondness. Then Jerry took Pam to the little dance floor. Leo cut in on them. Then Edmund Antoine, handing the baton to one of his boys, claimed her.

Strike Imperils Polio Victim

Herbert Schneider, 2, a victim of infantile paralysis, was imperilled when a strike of power company workers cut off the electricity that operates his "iron lung" respirator in a Kansas City hospital. He was removed from the respirator, placed in an open window to get more air and for more than four hours doctors and nurses worked to keep him breath. Here's the child back in the "iron lung" after power was restored. Beside him sits his mother.

Gasoline consumption rises and falls regularly with the seasons. During the winter, average monthly consumption nationally is 1,500,000,000 gallons; in the fall it averages 1,800,000,000 and rises above 2,000,000,000 in spring and summer months.

Strength For The Day By EARL L. DOUGLASS

CLOUDS OF WITNESSES A highland chief by the name of MacGregor fell wounded in a mighty battle and his followers, dismayed at what appeared to be his death, began to give way before the enemy.

The Bible speaks of our being surrounded by a great cloud of witnesses. Not a crowd of witnesses but a cloud; meaning that they stand above us looking down upon us as huge in their multitudinous mass as a great cloud which fills the sky.

But these are not the only ones whose eyes are fastened upon us. We live in a world where more people than we think look upon us with kindly eyes every day and wish us well.

When we are tempted to give up, we should remember the host of loved ones who, even though they are silent, are saying to us in something mightier than words, "I am looking at you in the hour of trial, pain, temptation, to see that you fall not."

'SERVE YOUR COUNTRY, BUILD YOUR FUTURE—GET IN THE NAVY NOW'

While the above appeal is addressed principally to young men between the ages of 17 and 31, in some instances it likewise applies to men up to 50 years of age if they have special qualifications.

The appeal is the slogan of the drive for men for the United States Navy and the Reserve, begun this week throughout North Carolina.

North Carolina has been chosen as one of the key states from which to secure men for the new two-ocean navy and Governor Broughton has expressed confidence that this state will come through with what is expected of it in the way of patriotism.

Entry of young men into the navy is not only performing a patriotic service but is well worth while for the young men, for the navy gives its men special training valued at approximately \$1,500, which fits them to earn more after leaving the navy if they decide not to follow life in the navy as a career.

The present call is for men for both the regular navy and the reserves, but each offers the same advantages of pay and training and Secretary of the Navy Frank Knox has assured entrants into the reserve that should

Something's Wrong Mitt Der Salute, Adolf

they desire to leave the service after the present emergency is over they will be placed on the inactive list at that time.

There are no doubt many young men in this community who would like to have more information on what the navy has to offer them and we invite such persons to make inquiry at our office for full particulars.

There is no obligation on the part of the inquirer and no recruiting officer will call unless and until the young man, after careful study, decides that he would like to apply for enlistment.

If you would like to serve your country in time of emergency and at the same time receive the benefits of special training that will prove worth much to you in the future, we urge you to come in to see us.

Washington Daybook By Jack Stinnett

Washington — It certainly takes Hollywood to cover a Senate investigation of Hollywood.

What the Hollywood journalists had to say on the findings of Sen. D. Worth Clark's committee to investigate alleged movie propaganda has some of the local talent gasping.

'Senate Investigation A Joke' read one of the headlines. 'Senate Hearing Still A Big Yawn' said a Hollywood trade paper. A third blared: 'Investigation In Deeper Bog.'

When the Senate's "movie propaganda subcommittee opened its hearings, Hollywood descended on Washington with a resounding thump. Committee members claimed that one trade paper (the Hollywood Reporter) had eight to ten reporters in town.

Some Guys Named Joe. That remains to be proved. I know some of the Hollywood Reporter gang, but the only strangers I saw around were Irving Hoffman, the Reporter's Broadway columnist and caricaturist, Jack Moffitt, one-time movie critic of the Kansas City Star, and more recently scenarist for Paramount; and a man named Alexander, whom I hadn't met before.

Add to these a few of the old stand-bys who ordinarily earn an honest penny reporting for the other film trade papers, and you will have all of the list that I could supply, under oath—but the way these boys filled the columns of their Hollywood sheets made the coverage seem something special.

To say the least, it was Washington's introduction to Hollywood coverage — and to say even less, it left some of the investigators a bit groggy.

After all if you can remember when a story earned such a headline as "Nye Holds Floor All Day, Talks Lot, Proves Nothing," you are one memory jump ahead of yours truly. The story said something to the effect that the law of supply and demand seemed "to have been passed over the veto of Senator Gerald Nye."

"There's also the law of compensation," it continued. "That's the one which caused Senator D. Worth Clark to do a lap dissolve yesterday. He leaped from the savor faire of a Mitch Leisen dress extra to the lost look of a W. C. Fields straight man when Senator Ernest McFarland (the only administration member of the committee), thought to be a stooge, revealed himself a Lone Ranger."

On The Cuff. That's good straight Hollywood talk, but it has the Washington boys so numb they don't know whether to sue or telegraph appreciation.

When one columnist suggested that the committee should investigate all purported propaganda pictures from inception to finished product, Hoffman said that the Senate would "be reading the tablecloths from Ciro's and the Brown Derby, and Gregory LaCava will have to have his shirts laundered in Washington."

This and That. Significant, maybe — The North Carolina Federationist, organ of the State Federation of Labor, this month carries an advertisement (quarter-page) "Greetings to the North Carolina State Federation of Labor"—Emery B. Denny, Gastonia, N. C. It could be that somebody just solicited the Democratic state chairman for an ad and he came across—but it could also be that the gentleman from Gastonia is ogling some public office for which Labor's vote would be very nice.

Word from Washington is that Dudley Bagley, now aide to Comptroller General Lindsay Warren but one-time state REA head, still doesn't like the nation's capital and its apartments with the furniture "painted on the walls." "Uncle Dudley" has quite a job too. He is in charge of personnel which is about 700 in number and scattered in almost a score different buildings.

True explanation of an anti-Bob Reynolds ad at the Y. D. convention seems to be that many of the

State College Extension Service and secretary of the North Carolina Rural Electrification Authority. He is a great dog lover and breeder and has taken a keen interest in the local SPCA unit. He told your reporter "You ought to write a story about National Dog Week. When he was met with the natural query "Why?" he said:

"Did you know that a dog is the only creature which will leave its own kind to associate with man or with any other animal, for that matter?"

Whereupon Gwynn Price REA director, broke in: "You're wrong there, I had an old ram which quit the sheep entirely to go with the cows. I had two bulls, too, and do you know that old ram just wouldn't let them fight. Anytime they'd start at one another that old ram would butt one of them on the front legs and knock him down."

Short Shots Raleigh, Sept. 24.—"Dog days" are over, but this, it seems is Dog Week — National Dog Week, to be exact. To celebrate it in North Carolina there were scheduled for the period five special dog shows—at Charlotte, Greensboro, Winston-Salem, Fayetteville and Lumberton.

Captain Will Judy, who started the agitation which resulted in there being a National Dog Week will come to this state for the Fayetteville and Lumberton shows. He will then go to South Carolina where a number of shows have been scheduled also. Captain Judy is publisher of the largest magazine devoted to dogs and their doings.

All this information came to your reporter from Professor David S. Weaver, agricultural engineer for

North Carolina State students and faculty members have been required to place stickers on their automobiles, in an effort to unsmarl to some extent the parking puzzle on the campus. The stickers are numbered and amount to something like a "license." They do not cost anything, however, the idea being simply to identify cars found improperly parked and the like...

Said the Iredell law maker (who was officially chosen president of the Kennel Club, composed of those pointedly slighted in appointment of House committees): "Moin, I want you to meet Speaker Mull. SEE BIG YEAR IN LIVESTOCK Outlook for 1942 Better Than Since World War Raleigh, Sept. 23.—Livestock producers have a better outlook for "good business" in 1942 than in any year since World War I. A. C. Kinney, Extension dairyman at State College, and Ellis V. Vestal, Extension swine specialist, said today. "Marketing of livestock will be larger next year than in 1941, and commercial production of meats is expected to set a new high record," the dairyman declared. Large purchases of pork and lamb scheduled by the government, and further improvement in domestic consumer demand conditions promise strong support for livestock prices next year. Goals for livestock slaughter in the United States for 1942 are "well in line" with potential supplies, Mr. Vestal added. The total American hog slaughter in 1942 promises to be the largest in history, inasmuch as both Americans does the Government look particularly for extensive buying of Defense Bonds and Stamps? A. TRUANCY SHOWS DECLINE SINCE TURN OF CENTURY St. Louis—(AP)—Opening of the nation's public schools simultaneously has launched the hokey season. Hokey is the popular prank of going swimming or fishing instead of to graded school. Warm fall days will tempt many children to declare their own holidays. John B. Quinn, who for 35 years was responsible for getting St. Louis youngsters to classes, quotes some interesting figures on truancy: Boys don't like school much better than their dads did 40 years ago but the modern lad gets there 1 1/2 more days each year. Girls play hokey often than at the turn of the century. About one-seventh of the truants today are girls. "Truancy will probably never be completely eliminated in the school systems," said Quinn, "because home environment is one of the contributing causes. Children from unhappy or neglected homes play hokey often than those from satisfactory homes."

SEE BIG YEAR IN LIVESTOCK

Outlook for 1942 Better Than Since World War

Raleigh, Sept. 23.—Livestock producers have a better outlook for "good business" in 1942 than in any year since World War I. A. C. Kinney, Extension dairyman at State College, and Ellis V. Vestal, Extension swine specialist, said today. "Marketing of livestock will be larger next year than in 1941, and commercial production of meats is expected to set a new high record," the dairyman declared.

Large purchases of pork and lamb scheduled by the government, and further improvement in domestic consumer demand conditions promise strong support for livestock prices next year. Goals for livestock slaughter in the United States for 1942 are "well in line" with potential supplies, Mr. Vestal added.

The total American hog slaughter in 1942 promises to be the largest in history, inasmuch as both Americans does the Government look particularly for extensive buying of Defense Bonds and Stamps?

AID DEFENSE! STOP UNNECESSARY FUEL WASTE IN HOME HEATING*

CONSERVE FUEL Automatically

AUTHORITATIVE TESTS SHOW THAT INEFFICIENT HAND-FIRING WASTES AS MUCH AS 50% OF THE FUEL

Automatic DELCO HEAT BURNS FUEL WITH HIGHEST PRACTICAL EFFICIENCY ... PROVIDES ACCURATE DAY AND NIGHT CONTROL OF HOME TEMPERATURE WITHIN ONE DEGREE

Right now... while conservation of fuel is of paramount importance... is the time for you to replace inefficient, fuel-wasting home heating equipment.

Consider the extra advantages offered by the famous Delco Oil Burner, product of General Motors. New fuel economy... made possible by Delco's revolutionary Thin-Gul Fuel Control that regulates oil pressure for most efficient combustion and prevents expensive "oil drip waste!" New operating economy... thanks to the exclusive Rotopower Unit that combines all moving parts in one quickly removable, easily adjustable unit and the Built-in Oil Conditioner that delivers

oil perfectly "conditioned" for maximum combustion efficiency! New comfort with economy... through Delco-Designed-and-Built Controls that permit temperature adjustment within one degree! In addition, there is also the extra economy of Delco's fuel-saving, Laboratory-Type Gold Seal Installation. *A new book, packed with practical suggestions for conserving fuel in home heating, has just been issued. Phantoms To Meet Windsor Eleven Here Friday Night

LOCALS FACING NO EASY GAME

Visitors To Present Practically Same Team As In '40

The local highs, victorious over the outmanned Morehead City highs last Friday night, meet their second test of the season Friday night in a game with Windsor.

This game will give the local fans another chance to see their favorites in action before the conference games get under way.

The Windsor team will be playing here under the "arcs" for the third consecutive year, and if the pre-game dope is right, the Phantoms will be in for a large night.

Last year Windsor went down before the locals after a hard scrap 14-6. This year Windsor is bringing practically the same outfit that they had last year, while the Phantoms lost heavily through graduation.

Coach Boley Farley is very pessimistic about his teams chances to take the visitors. He points out the superior experience of this weeks opponents as compared to the lack of experience of the home boys. Key positions in the line have been taken over by rookies and the same weakness, that was apparent in last year's team, namely the tackle positions, has not improved. On the brighter side, the backs show versatility and speed, and if the line starts clicking the Phantoms will go places.

In John Spearman, Leonard Briley and Hubert Musselwhite the Phantoms have three of the fastest backs in the conference. Bill Turner, the fourth man in the starting lineup sustained an injury in the first game. If he is not able to go Friday night, his important blocking back position will probably be taken over by Billy (Mayor) Sugg

PIRATES TO ENGAGE TUSCULUM HERE SATURDAY P. M.

LINE-UPS FOR TEAMS STATED

Jimmie Gianakos Is Named Captain of '41 Gridders

Starting lineups for the game set for 2:30 Saturday afternoon at the local college field between the ECTC Pirates and Tusculum College Pioneers of Greenville, Tenn., have been announced by the respective coaches, and both teams are ready to fight for victory laurels in their season opener.

Overshadowing the announcement by Coach John Christenbury at the ECTC camp yesterday was the formal election by lettermen of Jimmie Gianakos as Captain of the Pirates for the current year.

Gianakos, often given credit as the hardest-hitting lineman on Christenbury's team, hails from Hendersonville. He is 23 years old

one of the smallest men on the squad. Capable reserves in the backfield are Gene Johnson, who has been out nursing an injured ankle James Briley, twin brother of Leonard, Ed Rawl who is fast developing into a good fullback, Larry Brown, a first year man and Conner Merritt, a fast and tricky runner with the educated toe.

Nothing is known of the visiting team except that they will rate at par with the locals in weight. Windsor gave Maury High of Norfolk a scrap last week in their opening game and this same Maury High has one of the best teams in Virginia year after year.

and tops the scales at 175 pounds. Jimmie played a bang-up game at guard all season for the Teachers last year and is expected to pace the Pirates again this season.

Coach John's starting lineup will come as no surprise to Pirate fans since he has run his players in this same order during all preliminary practice. Capable Billy Greene and Charlie Craven will get the call at ends, big Jack Young and Bull Robertson will start at tackles, Captain Gianakos and Bill Lucas will be in at guards and fast-coming Stuart

Tripp will start at center. In the backfield the nod will go to wingback Bob Young, blocking back Dan Waddell, fullback Don Marriott and tailback Marshall Teague.

Outstanding replacements include Bill Grant at end, Jerome Butler and James Little at tackles, Paul Scott and Wiley Brown at guards and Everett Hudson, newcomer at center. Reserve backs include Bob Miller, Floyd Woody, and Adrian Brown.

The starting eleven for the Pir-

ates will average slightly more in weight than will the starting Pioneers. The difference is three pounds per man with the Pirates weighing 172 to 169 for the visitors.

Coach Laird Holt, former Tennessee ace under Major Bob Neyland will start Harold Morgan and Don Spargo at ends, Bob Allerton and Bob Bowsher at tackles, Pat Miller and Anthony Tomasetti at guards and Dick Hollows at center. In the backfield will be Bob Householder Ted Marshall, Ed Mitchell and Harry Starnes.

Coach Holt will have a number of good replacements on hand, and his starting backfield is not definite as yet.

Dorothy Campbell Wins Both Events

(By Cassie Weatherington)
Tuesday afternoon at 4 o'clock, at the West Greenville center, 22 boys and girls participated in the

weekly WPA field events. Events featured were 75-yard dash and standing broad jump.

Dorothy Campbell was winner in both events, jumping 5 ft. 4 in. in the group under 9 years. Peggy Barrow won both events—jumping 3 ft. 7 in. Joseph Harrington was winner in the 75 yd. dash for the group of boys over 12 years old, and Jimmy Cozart won the standing broad jump in the same group.

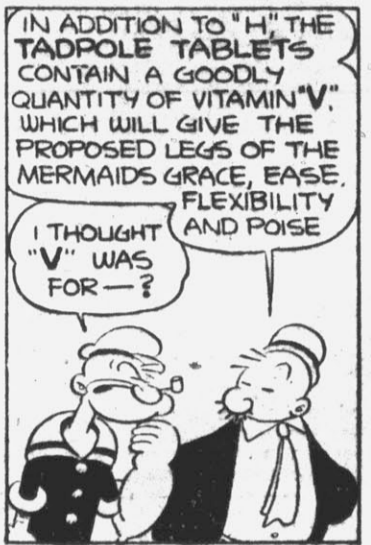

awarded prizes and will be given an opportunity to appear in finals to be held at the Guy Smith stadium at a later date.

December 15, 1941, will be the 150th anniversary of the Ratification of the Bill of Rights.

Men in the army use an average of a pint of fresh milk a day, or a total of about 700,000 quarts.

Duke And Duchess To See Roosevelt
Miami, Sept. 22.—(AP)—The Duke and Duchess of Windsor, bound for a vacation on their Canadian ranch, sped north by train today for a 24-hour stay at the British embassy in Washington and a luncheon engagement with President Roosevelt.
On his first vacation trip in more than a year, the Duke again was playing the role of good-will ambassador—this time for the British war effort in general and for his Bahaman colony's attempt to retain a busy tourist trade in particular.

Offices of the Pitt County Fair have opened on the second floor of the Reflector building. A. J. Grey secretary, having arrived in the city this week to start making final preparations for the annual exposition.
Advance tickets at 10 cents each are being offered and may be secured at the fair office.
The 1941 exposition will be held the week of October 20th.
Only a limited number of advance tickets are being offered and persons desiring to secure these should act at once. The tickets may be secured now at 10 cents each and will entitle the holder to admission to the fair grounds any day.

Receives Thanks For Bundles For Britain
Mrs. James T. Little, chairman of the local Bundles for Britain, has just received a letter from Mrs. Paul White, executive director of branches, expressing appreciation for the recent shipment of knitted garments, layettes and hospital garments to the central warehouse for shipment abroad.
Mrs. White's letter stated "We welcome all of these, for the need continually increases. The layettes and dresses and bonnets for the two-year-olds are especially wanted, and I need not tell you how much these will mean to bombed-out English mothers. Our gratitude to you for this heartening shipment."

St. Paul's, in Eastchester, N. Y., founded in 1665, is the oldest Protestant church in the country.

Mrs. Wooten Chosen Seal Sale Chairman
It has been announced by Dr. N. T. Ennett, Tuberculosis Christmas Seal Sale chairman for Pitt county, that Mrs. W. I. Wooten has accepted the Seal Sale chairmanship for Greenville.
Dr. Ennett expressed the opinion that in view of the fact that Mrs. Wooten is one of the outstanding civic leaders in Greenville, there can be little doubt as to the success of this year's Seal sale campaign.
It is understood that Mrs. Wooten will begin at once to effect her organization.
Mrs. Wooten is successor to Mrs. James S. Picklen, who as Greenville chairman for the past two years, received state recognition for her fine work.

Still A Mixup On Thanksgiving Day
Washington, Sept. 24.—(AP)—The annual confusion about when to celebrate Thanksgiving Day won't be lessened this year by the fact that 11 states—including Massachusetts, where Turkey Day started—have changed their minds since 1940.
Approximately the same balance will prevail, however, and two-thirds of the nation will string along with President Roosevelt in celebrating on November 20, the date he has named as Thanksgiving Day.
The other third will carve its turkey on November 27, the old-fashioned last Thursday in the month sanctioned by long-standing tradition.
Since last year, when 16 states stuck to tradition, and the rest went along with the President, at least five states have switched into line with the new version and six others have gone back to the old.
Matters aren't definitely settled in Missouri and Texas yet.
At least 17 states this year will observe the traditional last Thursday, a survey indicated today. These are: Arkansas, Delaware, Florida, Georgia, Iowa, Kansas, Montana, Nebraska, Nevada, New Hampshire, New Mexico, Oklahoma, Pennsylvania, South Carolina, South Dakota, Tennessee and Vermont.
But Massachusetts, where the Pilgrims started it all, will break tradition and celebrate November 20, "in the spirit of national unity."
In addition to Massachusetts, the "traditionalists" who are switching to the Roosevelt version in 1941 are: Maine, North Carolina, Rhode Is-

Pastor vs. Lawyer In Superior Court
It was minister versus lawyer in the current civil session of Pitt Superior court today as the tribunal took up the case of Rev. J. P. Harris of Bethel against Henry C. Bourne of Tarboro.
The minister is asking \$550 property and \$10,000 for personal injuries allegedly suffered in a highway collision on the Bethel-Tarboro highway last October 23.
Albion Dunn is representing the minister, while the attorney is being represented by J. B. James.
An automobile being operated by Rev. Mr. Harris and a truck owned by Mr. Bourne and being driven by an employee were involved in the accident.
After all of yesterday was devoted to the case of Ossie Epps, et al vs. Henrietta Pugh, the plaintiff took a voluntary non suit upon completion of evidence.

ing the time they will be given regular Navy pay and the Navy's free training schooling, value of the training in which is valued at hundreds of dollars.
In announcing the campaign, Secretary of the Navy Knox declared that never in the history of the United States has there been greater opportunity for loyal young Americans to serve their country and build their futures.
It is possible for a bright young man to increase his pay seven times during his first enlistment and he can earn as much as \$126 monthly, out of which income he has to pay for only a few living expenses and is provided with the finest medical and dental care at no cost. The men are provided food and lodging and also are given their original outfit.
Free sports and entertainment—even the latest Hollywood pictures—are added to the inducements on top of free travel and adventure in colorful places—a thing few civilians can afford.
When one considers the size of the country and the fact that the navy will select only 15,000 applicants a month from many times that number throughout the United States, the quotation "Many are called but few are chosen" applies to local

Lend me a Minute and I'll give you back 15 seconds

Says PAUL DOUGLAS, well-known radio announcer

Somebody whistles a few bars of a catchy tune. Others pick it up. Soon the whole country's whistling it. It's a hit.

Somebody lights up a cigarette. Likes it. Passes the word along. Soon the whole country's smoking it. It's a hit. IT'S CHESTERFIELD.

The big thing that's pushing Chesterfield ahead. Is the approval of smokers like yourself. Chesterfields are definitely Milder, Cooler-Smoking and Better-Tasting. They're made of the world's best cigarette tobaccos Blended just right to give you more smoking pleasure.

But even these facts wouldn't count. If smokers didn't just naturally like them. Once a smoker finds out from Chesterfield what real smoking pleasure is, nothing else will do. Yes, fellow smokers, IT'S YOUR APPROVAL THAT'S PUSHING CHESTERFIELD AHEAD.
