British Army Wins A Holds All Objectives In Week Of Egyptian Drive

Allied Airmen in Control Of Skies Continue to Blast Enemy Positions And Supply Lines; Another Raid Made On Crete Cairo, Oct. 31.—(AP)—The Eighth Army maintained its gains in the Egyptian desert yesterday and beat off a number of Axis counter-attacks with losses to the enemy, a British communique announced today. Allied airmen, meanwhile, continued to hold control of the skies and blasted repeatedly at enemy airbases, fortified positions and other targets, the bulletin said. One formation of Allied heavy bombers was reported to have winged its way across the Mediterranean to attack Crete. At least four enemy planes were shot down over the Egyptian battlefield yesterday and many others were damaged, headquarters said. Four large enemy aircraft were reported destroyed by twin-engine fighters which attacked the airfield at El Adem. Some enemy dive-bombers were active over British positions in the desert, the communique said, but for the second successive day Malta was free from air attack.

London, Oct. 31.—(AP)—The British Eighth Army, having consolidated all gains in its week-old offensive in the Egyptian desert, was reported today by DNB, official German news agency, to have resumed the attack early this morning. Reuters heard the German broadcast. "For the resumption of the attack (General) Montgomery has brought up reinforcements," the agency said. However, that news of actual fighting was yet available.

The British put their own air losses in the Mediterranean area at three planes. United States fighters took part in a number of dogfights yesterday to contribute to the maintenance of Allied air superiority. U. S. Air Force headquarters reported one Messerschmitt 109 definitely shot down and several others damaged, while all American planes returned. American medium and heavy bombers also were active, the former attacking landing fields at El

The WAR TODAY

(This daily feature, conducted by DeWitt MacKenzie, war analyst now visiting the war zones, is written today by Alvin J. Steinkopf, a veteran of the Associated Press foreign service and a member of the Berlin bureau for more than two years before the United States entered the conflict. MacKenzie is expected to resume Monday.) The German high command announcement yesterday that U-boats in the North Atlantic had attacked a fully-laden convoy on its way to Britain, "sinking nine ships totalling 86,000 tons," has a familiar ring to persons who get themselves into a critical state of mind before reading Axis reports. The announcement, sounding suspiciously like that late-in-the-week stimulant to German morale which the shrewd propagandists of the

Russians Take Up New Positions In Caucasus Fighting Fiercely To Hold Nalchik Plateau

Moscow, Oct. 31.—(AP)—Reformed lines of the Red army were reported holding in fierce fighting for the Nalchik plateau of the central Caucasus today while German attacks were repelled again by the defenders of Stalingrad in their 68th day of siege. A battalion of submachine gunners, supported by 80 tanks and armored cars, was repulsed during attack after attack upon a communication line in the Nalchik area and 22 of machines were destroyed, the Soviet Information Bureau announced at noon. "In another sector," it said, "a Soviet unit repulsed two German attacks, killing 240 of the enemy. Twenty German trucks with ammunition were destroyed by Soviet artillery. These defensive accomplishments were reported chalked up after three successive retreats by outnumbered Red army forces. The Germans were reported to have withdrawn their light tanks from the battle of Stalingrad. Red Star said heavy losses inflicted on the machines by Russian anti-tank guns had forced the enemy to substitute heavy tanks which rolled into the streets in groups of five to eight, firing their guns while in motion. The Russians said three German tanks were destroyed and a German company was wiped out overnight in the repulse of attacks upon Stalingrad while Red army men consolidated their positions and carried out reconnaissance activities northwest of the city. "One Soviet detachment wiped out 80 Germans and captured four machine-guns and 250 hand grenades the communique reported. "Soviet artillery destroyer three enemy pill boxes and dugouts and three German tanks dug into the ground." The midnight communique told of (Continued on Page Four)

Will Curtail Making Paper Plan May Lead To Rationing Of Newsprint

New York, Oct. 31.—The great paper making business of North America, producing more than half the world's supply, went under joint United States-Canadian restrictions today, in the first wartime continental conservation plan embracing an entire civilian industry. In parallel orders effective at midnight tonight, the War Production board in Washington and the Wartime Prices and Trade Board in Ottawa have forbidden manufacturers of paper, including newsprint, book and magazine papers, to produce more than their average rate of output in the six months ended September 30. At the same time, both government bodies warned that this was a preliminary step to curtailment of production in the near future, paper (Continued on Page Six)

Many Relics Have Been Donated To Scrap Drive

October 28—Children's toys, a big iron "S" that has provoked much curiosity, a rifle that had been a birthday gift to a boy some twenty years ago, a British gas mask of the present war, with its own interesting story, a sword and scabbard in the War between the States—these and other articles displayed in the "museum of scrap" in the Heber Forbes Store window suggest that the typical North Carolinian is a man with a deep strain of sentiment in him, but a deeper one of love for his country. Many of these articles, selected by Mrs. T. M. Waterson and Mrs. Hugh Ross from material contributed to the local scrap collection and arranged in this window as a part of the Greenville scrap drive, are obviously family treasures which have been long in the possession of those with whose history they are connected. Many other similar items will doubtless come in from the county drive, scheduled for November 4. Among the articles in the display are several old weapons of various sorts—the birthday gift mentioned above, contributed by Mrs. William B. Tighman; a muzzle loading firearm of an earlier day, given by J. Con Lanier, along with a rifle taken from the first German killed by the men in Mr. Lanier's platoon in World War I; an old gun donated

American Grip In Solomons Reported Tightened Today

Washington, Oct. 31.—(AP)—Uncle Sam's grip on the vital Guadalcanal airfield clenched tighter today as Japan's fighting vessels disappeared from the Solomons battle scene with at least two more of her ships, and probably four, heavily damaged by Allied aerial bombs. The threat of a major Japanese naval assault to recapture the stubbornly-held island airbase was dispelled temporarily even as bombing planes under Gen. Douglas MacArthur's Australian command again plastered an enemy shipping base with explosives, hitting a warship twice, setting another vessel ablaze and probably damaging an aircraft carrier and a cruiser. Proudly, Secretary of the Navy Knox told yesterday of the retirement of the Japanese warships from the Guadalcanal area leaving a gallant force of United States Marines and soldiers in possession of "every inch of ground we ever controlled" on the battle-ridden island. Some of the Rising Sun's ships had returned to their bases, Knox said, and others departed to undisclosed destinations. But he made it clear there was no telling when they would return for a stab at Guadalcanal or at American bases in the New Hebrides, New Caledonia and the Fiji Islands. While cautioning against regarding retirement of the Japanese fleet too optimistically, the Navy secretary expressed "a great feeling of relief as the way our men have met the onslaught. "They have done a superb job," he said, adding that "we are in a complete control of the situation in Guadalcanal as we ever have been." Some quarters expressed belief the Japanese battleships, cruisers, destroyers and transports had left the embattled Solomons and were bringing back more troops for the resumption of their Guadalcanal forces whose efforts thus far have failed to retake any of the ground the Marines captured in early August. At least one round one, as Knox called the departure of the enemy fleet, the Japanese, since opening of the battle of the Solomons, have lost at least 14 ships with three more probably sunk and 64 damaged. NEW TAX BILL TAKES EFFECT Excise Taxes On Many Articles Begin Tomorrow

Washington, Oct. 31.—(AP)—The Nation's biggest Halloween hobnobbing—the new Excise taxes aimed at hitting the treasury's take of \$50,000,000 during November—began today. Under terms of the recent tax bill which became law less than two weeks ago, November 1 heralds increases in excise taxes on liquor, beer, wine, cigarettes, cigars, lubricating oil, slot machines, photographic apparatus and train, bus and plane fares. In most cases, machinery to shift the burden of the tax to smokers and drinkers at rates revolving around a half-cent a pack on cigarettes and 50 cents a quart on 100-proof whiskey. Buyers must be permitted enough purchases to even out the penny where possible—such as two packs of cigarettes. Only in the case of cigars, were a contemplated OPA regulation will approve a 30 per cent price increase which will include rising labor and raw material costs, is any new extension other than the tax to be charged the customer.

Lopacinski On Air New York Sunday

Pfc. Leo Lopacinski of Chicago, United States Marine who killed 35 Japs in the battle of Tulagi in the Solomon Islands last August before a bomb exploded and fractured his skull in 14 places and broke an arm will appear on the radio program, "We the People," over a nationwide NBC hookup in New York Sunday night. Lopacinski spent a week in Greenville with Mr. and Mrs. L. S. Spence and Miss Athlete Speight. At a War Bond sale here last Saturday the fighting Marine said he hopes to come back to Greenville after the war and settle down. While here he appeared on programs at the Rotary Club and at the Falkland and Belvoir schools. He spoke in Goldsboro and Madison and spent a day at the Marine Base at New River. The hero of the Solomons was decorated for bravery by Mrs. Eleanor Roosevelt in a California hospital. Lopacinski, a California native, is a native of Chicago, his home town, and the papers carried his pictures on front pages. "The Marine made a profound impression here with his reports of Japanese treachery, especially the story of three Japanese soldiers signaling that they wished to surrender in the Solomons. When the three Jap soldiers approached the detachment of Marines, the Japanese in the center fell on his face, while the other two worked a machinegun that was strapped to his back and snuffed out the lives of 40 Marines! Lopacinski was to leave Greenville Friday for the Mare Island Hospital in California for a surgical operation. Before he left officials of the "We the People" program over an NBC hookup on Sunday night, telephoned Lopacinski, inviting him to appear on the program. They secured permission from Marine headquarters and from the Mare Island Hospital for Lopacinski to appear on the program. After the broadcast Sunday night he will go back to the hospital. "You'll hear something about Greenville—and it will be something good," The Marine said before leaving. Army Lieut. Harold S. Gold of New York, Lopacinski's buddy, who was with him during his visit here, is at Fort Monmouth, N. J.

Future Of Colleges Babson Discusses Use Of Endowments

New York City, October 31.—Inquiries are coming from schools and colleges as to what their financial policy should be during the war. As to curriculum, this may be out of my line, although Mrs. Babson and I are largely responsible for Babson Institute and Weber College. Both will continue operating and should be crowded with students when the war is over. Like other patriotic schools, we expect much smaller than normal attendance during the war. As to financial policies, however, I am qualified to speak. These comments, therefore, are directed to parents, to Boards of Trustees and to Boards of Educational Institutions, especially those exempt from taxation. These have an extra obligation to our country to which they pay no taxes, and particularly to their local communities which do not even tax their real estate. This puts educational institutions in an entirely different class from commercial, industrial and other business corporations. Colleges, therefore, should forget themselves entirely. After carrying out contracts with present students they should put the good of the country first, certainly before their faculties and other employees. During the recent business depression it was up to all such institutions, especially those tax-exempt, to do what they could to keep faculties and others employed. Today the situation is very different. Most men and women now working for educational institutions are needed in war work and we should endeavor to get on without them wherever possible. The United Nations must win this war or all of them will pay no taxes, and particularly to their local communities which

THE DAILY REFLECTOR

October 31, 1902

"Something Good for the Soul" Our telephone rang Thursday night, and upon answering there came an invitation to "listen to something good for the soul." We listened, and soon heard strains of music, sweet and delightful. It was the Tar Heel Band at Winterville, giving The Reflector a serenade by telephone.

Presbyterian Announcements.

The Presbyterian Church of the United States has set out to raise \$250,000 a year for the next five years. This fund is to be administered by the Home Mission Agencies of the church and will go to the "work for service men" within the bounds of the General Assembly, the southern states; some to service among workmen and their families in congested military areas; and the rest to the promotion and sustentation of Home Missions in all areas of the church. The local church is apportioned \$350, the same to be paid in on or before November 8. The coming week is a "Week of Prayer" for this cause to be fostered by the local church through the Woman's Auxiliary. Cottage prayer meetings will be held as shall be announced in other columns of the daily papers and the church bulletin. A group of 12 men are soliciting the funds to supplement the free will offering to be made by all the church, Sunday, November 8.

On Sunday at 11 o'clock, the pastor, Dr. Robert S. Boyd, will preach, using as his message the story of "David and Goliath," 1 Samuel, 17:40b and 50a. The secrets of a victorious warfare are revealed in this passage. Sunday night at 8 o'clock, following the Y. P. service, the Rev. Clyde Carter will preach at Meadowbrook Church. All persons in the community who have no regular church home are invited to attend these services.

Mid-week prayer service is held regularly at the church every Wednesday night at 7:30, followed by the choir rehearsal at 8:20.

Mrs. J. Key Brown's suggestions for spring gardens have been given in this column recently, but that she is a year round gardener is shown by the beautiful chrysanthemums now in full bloom.

They comprise a wide range of sizes, colors and shapes. There are gorgeous large flowers, grown under cloth, but also a profusion of other varieties growing in open borders.

They pom-poms, single daisy flowered and full round blossoms, in colors extending from white through all shades of yellow, lavender and pink to deep maroon, make a vision of loveliness.

Achievement Day Program. In spite of the tire and gas situation, approximately 175 Home Demonstration Club members and guests gathered at the Memorial Baptist Church on Thursday, October 29, for their annual Achievement Day. Mrs. H. B. Baker, president of the Pitt County Federation of Home Demonstration Clubs, presided and opened the meeting.

Winter Campaign Moscow, Oct. 31.—(AP)—The winter campaign on the central front was formally inaugurated today by an order to the Red army in Moscow to don heavy uniforms.

Impressively with the group singing the first stanza of "America," after which the color of Club Women of America was repeated and followed with the fourth stanza of "America." The invocation was given by Mrs. Gilmer Nichols of the Ballard's Club. Mrs. R. B. Fields extended a hearty welcome and a most gracious response was given by Mrs. O. H. Jackson. Mrs. Dink James, president of the Greenville Woman's Club, extended greetings to the group. A program of patriotic music was presented by Miami Tripp, Ervin Evans and Virginia Hunning.

The 16 club reports were most interesting and attractively presented. One could readily see that the 425 Home Demonstration Club members are taking their share and responsibility in the war effort. Red Banks Club won the prize for giving the best report. Cannon's Cross Roads, the newest club in the county, won the gavel for having the largest percentage of members present.

Mrs. Estelle T. Smith, assistant State Home Demonstration agent, and speaker of the day was presented to the group by Mrs. J. Brooks Tucker. Mrs. Smith's timely address, "Putting Our Home on a War Basis," was inspiring and most beneficial to everyone present.

"You are soldiers on the home front. This is our war and every one has a definite responsibility. No sacrifice is too great and we must do without if the boys in the armed forces get the necessary materials and equipment that are needed to win this war," said Mrs. Smith.

The duties and responsibilities of the home makers in the war effort were clearly outlined. Mrs. Smith's remarks pointed out the home as an important factor in winning the war and her ideas and suggestions will be valuable to the home-makers present. Every club member felt that they were most fortunate in having such a delightful speaker.

As the conclusion of the address certificates for having read three books from a suggestive list of the North Carolina Library Committee: Mrs. M. C. Sermons, Mrs. J. P. Harris, Mrs. L. E. Everette, Mrs. H. D. Moye, Mrs. J. L. Gurganus, Mrs. R. B. Starling, Mrs. N. O. Hodges, Mrs. Clarence Barnhill and Mrs. R. B. Fields.

The luncheon program was held in the Woman's Club building. With Mrs. R. B. Starling as toastmaster, the club members traveled to many lands and places with games, stunts, songs and dances, symbolic of the places visited. The tour was ended by a visit to the many places of interest in North Carolina.

Distinguished guests of the day included Mrs. Estelle T. Smith, assistant State Home Demonstration agent; Miss Lella Higgs, chairman of the Pitt County Salvage Committee; Mrs. C. C. Hilton, president of Fifteenth District of the Federation of Women's Clubs; Miss Katherine Holtzclaw, director of the Home Economics department of East Carolina Teachers College; Mrs. Dink James, president of the Greenville Woman's Club; Mr. F. F. Hendrix, Mr. S. J. Weeks and Mr. S. C. Winchester, Pitt County Farm agents.

Speaks At Vesper Services. "Guard your own democratic institutions and realize what you have in them," said Jennie Witkowski, German-Jewish student at the college, in summing up the talk she was giving before the YW-YMCA last night at vesper. Miss Witkowski, whose family fled from Germany after some years under the Nazi regime, and who has been in the United States for four years, is studying this fall at East Carolina Teachers College, where she is registered as a sophomore. She did her freshman work at City College of New York.

Miss Witkowski described the conditions which helped produce the Nazi regime and showed how the party grew by promising something for everybody, promises which were never fulfilled, she pointed out, as "nobody really got anything."

Drawing on her own personal experiences and those of her family, she showed what happened to freedom in Germany and how the Jews suffered, as "scapegoats" for the Nazis.

Miss Witkowski objected vigorously, however, to the idea that the German people are to be condemned "en masse," saying that there are good and bad, intelligent and unintelligent individuals in every nation. She objected also the idea that Fascism is limited to Germany and Italy, and went on to point out many nations where Fascist ideas are important.

The speaker was introduced by Miss Grace Ross of Aurora, chairman of the Personnel Committee of the Y. W. C. A. Every seat in the Y Hut was filled to hear Miss Witkowski and the crowd overflowed to fill all available space on the floor.

Delegates Report To Kiwanis Club

By CHESTER WALSH At the Kiwanis Club's supper meeting at the Woman's Club last night Judge J. W. H. Roberts made the report for the delegates who attended the recent annual convention of the Carolina Kiwanis District at Pinehurst. This was the Judge's first Kiwanis convention and he was tremendously impressed.

He passed the first initiation test on "bill of fare French" and came through with glowing colors after the second meal. The outstanding feature of the convention was the patriotic address by Frank P. Graham, president of the University of North Carolina, he said. Other delegates to the convention were President Claude Ward, Dick Bundy and A. C. Tadlock. Reports of Kiwanis clubs in the Carolinas indicated renewed interest and increasing membership.

Don H. Conley, superintendent of Pitt County schools, called attention to the proposed amendment to the State Constitution providing for a different method of selecting the members of the State Board of Education. The amendment will be voted on at next Tuesday's general election.

The Kiwanis Club and the local post of the American Legion will sponsor a booth at the Pitt County Fair next week for the sale of War Bonds and Stamps. J. Hicks Corey is chairman for the Kiwanians.
