BRITISH CRUSHING ROMMEL'S ARMY

Americans And Allies Battering Way To New Gains In South Pacific

Marines Have Broadened Their Ground Gains On Guadalcanal; Australians Are Continuing To Push Back In New Guinea; Airmen Blasting Jap Bases Over Wide Area

By JOHN H. WIGGINS Washington, Nov. 5. (AP)—Persistent battering of the Japanese by land and air gave American and Allied fighters fresh ground gains today in besieged Guadalcanal and New Guinea.

Further widening an attempted Japanese vise that threatened to close on the American-held airfield in Guadalcanal, United States Marines and soldiers forced back the enemy's western flank, capturing about 20 machine guns and two small field artillery pieces in the process.

In New Guinea, westward of the Solomon Islands, Allied troops under General Douglas MacArthur's Australian command overcame "strong enemy resistance" and plunged on through the jungles toward the Japanese coastal base at Buna.

The navy reported continued American advances in Guadalcanal last night. Supported by Army and Navy planes that strafed and bombed the Japanese troops' anti-air positions, the United States forces pushed forward along beaches and through the dense underbrush Monday (south Pacific time) to relieve the pressure on the important air base.

At one end of the newly installed enemy base at Henderson airport, recently landed Japanese troops presumably were manipulating for a thrust at the springboard of the American aerial assault on the foe's ships, troops and installations. Last night, however, the Navy said "there is nothing to report."

For obvious reasons, the Navy gave no hint of what reception the American fleet was preparing for the Japanese fleet in event of its return to the Solomon battle area. The enemy warships, which disappeared after suffering heavy damage October 26 in a major air-

Loses One Plane But Finds Another

Someplace in New Guinea, Nov. 5.—(AP)—A young California flyer who bailed out of his fighter plane over the New Guinea jungle yesterday returned to base today in a plane he found abandoned on a beach. With him was a young native boy who served as a seat cushion.

Field attendants stared unbelievably as pilot Lieutenant James Miller of Salinas, California, previously listed as missing, climbed from the plane and then lifted out the young Boong (native).

While on a fighter mission over the jungle Miller encountered severe weather, bailed out, landed without mishap and was picked up by some natives who led him to the abandoned plane.

The plane had no seat. A native boy climbed into the cockpit, and Miller seated himself in the boy's lap. This enabled him to see, and he made a difficult take-off from the beach, arriving safely back at his base.

New Deal Loses Working Control Of New Congress

By JACK BELL Washington, Nov. 5.—(AP)—For practical legislative purposes, the New Deal lost control of Congress in Tuesday's elections although the Democratic party maintained a bare majority with 218 house seats and a larger margin in the senate with 56 members.

While late returns in a few closely contested races held the possibility of slight increases in the majorities, there remained little doubt that Republicans and anti-New Deal Democrats could control legislation in either body any time they chose to unite.

SCRAP DRIVES BIG SUCCESS

County Totals To Reach Several Million Pounds

A series of scrap metal drives in Pitt county have been a big success and when all figures have been compiled salvage officials believe it will be found that several million pounds of scrap have been turned in by this county over a period of the past few months.

According to official figures reported by the local salvage committee on the three weeks newspaper-sponsored drive ending October 31, a total of 1,323,179 pounds were collected in this county. For the two weeks prior to the opening of the newspaper drive a total of 350,000 pounds had been collected in the county, a previous farm-wide drive in the county had netted something like a million pounds of scrap and yesterday's one-day farm-to-farm canvass brought in an estimated 850,000 pounds.

Unofficial figures on yesterday's county-wide drive by communities are as follows: Bethel, 25,000 pounds; Grifton, 100,000; Ayden, 135,000; Grimesland, 100,000; Winterville, 48,000; Onslow, 80,000; Belvoir, 38,000; Falkland, 18,000; Farmville, 102,000; Arthur, 22,000; Pactiville, 30,000; Fountain, 102,000; Red Bank, 2,000; Stokes, 45,000; Colored schools, about one-third reporting, 35,000. Total 2,200,000 pounds.

Salvage officials today expressed the belief that enough metal had been sold direct to scrap dealers between the time of these various drives to bring the county's scrap contribution during the past several months to near the five million pounds mark.

Zappas Not Guilty In Superior Court

In Superior Court today Leon Zappas, operator of the Star Cafe on Fifth Street near Five Points, was not guilty of illegally parking his car in an alley adjoining his property. Zappas was up an appeal from Police court, where Judge Roberts had found him guilty and required him to pay court costs.

Judge Luther Hamilton of Morehead threw out the case in which Jesse W. Westerton was charged with assaulting his wife.

A jury found Nelson Hopkins, colored, guilty of selling liquor. Sentence will be passed later. Miss Margaret Register served on this jury. She is the first woman to serve on a Pitt County jury.

George Willoughby, colored, charged with the second degree murder of Charles James Moye, his brother-in-law, during a family argument at Willoughby's home some weeks ago, was found not guilty by a jury in court yesterday. Willoughby was charged with fatally shooting Moye during an argument. Moye, according to testimony, sought to be a peace maker between Willoughby and his wife. Willoughby was in his own home when he resented Moye's intrusion.

Ladies' Night At Lions Club Monday

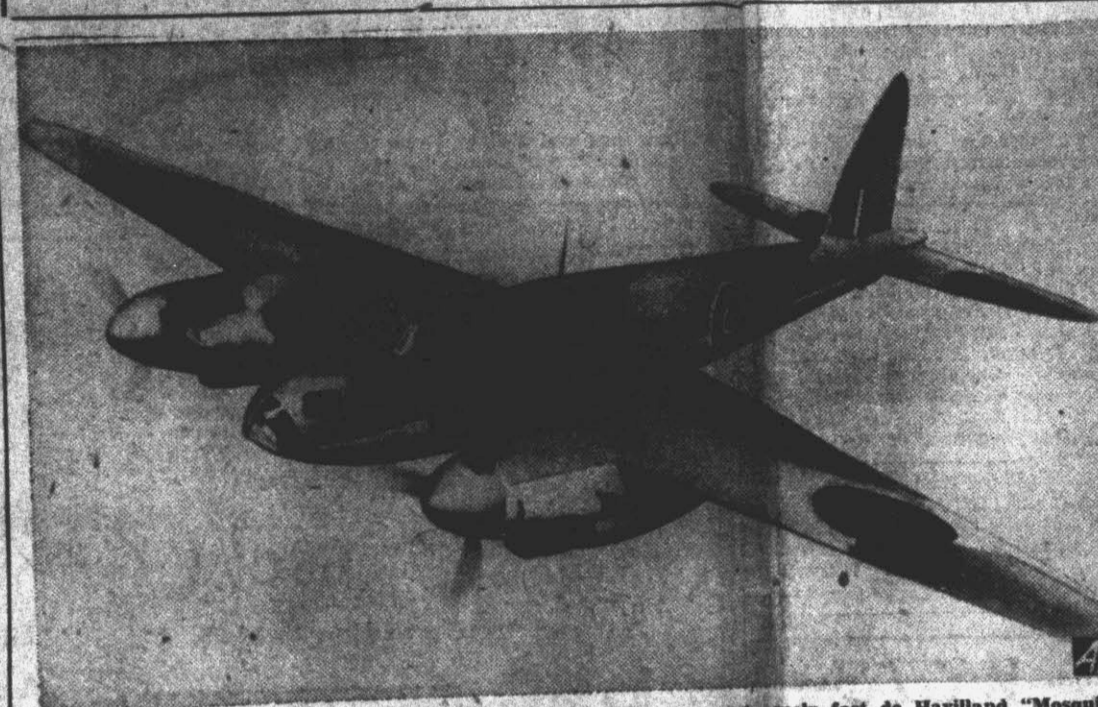

The Greenville Lions' Club, experiencing renewed interest in club activities, will welcome 23 new members into the fellowship of the club at next Monday night's supper session at the Woman's Club. President Frank M. Brown announced today.

Democratic members who often vote against New Deal proposals

There is such that a coalition could be effected by a substantial working majority on any controversial legislation. In the Senate the Democrats elected 15, to combine with 41 hold-overs for a total of 56, seven above the 49 necessary for control. They appeared likely to make their total 57 since senator James E. Murray, Democrat, was leading his Republican opponent, Wellington D. Rankin, in Montana.

This possible eight-vote margin for the Democrats, however, would leave the out-and-out New Dealers in the minority any time five of a dozen or more majority party members who have been critical of administration policies elected to go along with a solid Republican line-

England's Wooden Killer In Action

This official British photo is the first released of the new, extremely fast de Havilland "Mosquito" reconnaissance bomber, which is taking part in RAF day and night raids. It is powered with two Rolls Royce engines, is of wood construction, and is capable of carrying four 20mm cannon and four machine-guns. It strikes like lightning from low altitudes.

DEATH CLAIMS NOTED ACTOR

George M. Cohan Died In New York This Morning

New York, Nov. 5.—(AP)—George M. Cohan, 64, one of the most beloved characters in American show business, died early today after a long illness.

The "Yankee Doodle Dancer" of America, who produced and appeared in many memorable stage productions and who wrote songs that have come to be considered part of the American story, died peacefully at his home, 693 Fifth Avenue, Manhattan, at 5 A. M. (EWT), three hours after he passed into a coma.

He had been ill for one year. At his bedside were his wife, Mrs. Agnes Cohan, his son Private George M. Cohan, Jr., his daughter, Mrs. George Ronkin, and Helen and George E. Cohan, and his old friend, Gene Buck.

A tribute to the affection that Cohan won and maintained among fellow-Americans of all walks of life was paid recently in the form of a feature motion picture, "Yankee Doodle Dancer," currently appearing, with James Cagney depicting Cohan.

Equally well known as a song writer, actor and producer, Cohan had been inactive for some time. His last important role was in the musical comedy "YD" rather "right," in which he portrayed President Franklin D. Roosevelt.

Hollywood, Nov. 5.—(AP)—George M. Cohan, who died early today in New York, was prevented by illness from being present at the climax of his long career—the premiere here last August of "Yankee Doodle Dancer," the film dramatization of his life that sold \$5,800,000 in War Bonds.

Admission to the premiere was through sale of War Bonds only. The wealth of the film colony poured huge sums into the U. S. treasury as the price for receiving tickets to the event. It was one Hollywood premiere that could reasonably be described as colossal.

Reds Break Up New Nazi Attacks On Stalingrad

Soviet Forces Also Reported Holding In Caucasus

Moscow, Nov. 5.—(AP)—The Russians have broken up all the latest Nazi efforts to expand the invasion salient in northern Stalingrad and in some places, have forced the Germans to abandon several basic points, dispatches said today.

While bitter attacks and counter-attacks developed about the ruined Volga river city, Red army troops were credited with local gains northwest of Stalingrad, on the Black Sea front and in the Mordok sector of the central Caucasus.

A successful Soviet holding action was indicated before the Caucasian slopes and passes southeast of Nalchik.

Investa said the battle of Stalingrad was characterized by a growing maneuverability of Red army units.

Observers stressed the heaviness of the German attacks, however, and at least one point they threw in a new division. There were many hand-to-hand clashes. The latest German loss was reported as 1,000 slain yesterday.

The Nazi air force bombed the city's defenses steadily in support of the ground operations. There have been several hundred flights in the last few days.

As German bombers flew over the ruins in groups of three to 15 a Soviet garrison force broke up repeated drives toward the factories, dispatches from Stalingrad said.

The Germans sought to knife between two plants, but this thrust also was stopped.

"In the southern sector of the city's defenses 140 Germans were wiped out," the noon communique said. "Soviet troops destroyed an enemy artillery battery, 10 machine guns and three mortars."

The army newspaper Red Star was authority for the statement that the Germans had lost thousands of dead in their newest futile attack.

Dwindling of the action on the (Continued on Page Four)

machine in all northern Africa. Once before we had our dreams when Wavell drove defeated enemy columns far to the westward across the desert.

But the Axis still was strong then and the Allies weak. Indeed, just at the crucial moment, Wavell had to rush troops off to the defense of Greece, thereby depriving him of a chance to follow up his victory.

London Says Mopping-Up Operations Are In Progress

Leaders Call For Full War Effort

Republicans And Democrats Demand "Real Coalition" In Congress

Washington, Nov. 5.—(AP)—Congressional demands for repeal of the wages and hours and Wagner laws and for a "real coalition" in congress sounded today as senators and representatives expressed their interpretations of Tuesday's Republican election gains.

Senator O'Daniel (D-Tex), author of the 18 and 19 year old draft bill amendment to require giving a year of training to youths before they are sent into combat service, introduced a bill to suspend the 40-hour work week for the war's duration to "help solve our manpower problem."

Almost simultaneously, in the house Rep. Rankin (D-Miss) and Rep. Rich (R-Pa) were demanding repeal of the wage-hour law and the Wagner Labor Relations act and both called upon the administration to oust "communists from key positions."

Senator Vandenberg (R-Mich) said the Republican gains represented a mandate from the people to pigeon hole "New Dealism and all other policies" for the duration of the war.

Senator Connally (D-Texas) attributed Republican gains to public impatience with the prosecution of the war and resentment against government bureaus. He said he spoke to make it clear that Democratic losses could not be attributed to any lack of unity on the war front, and explained he believed the vote "registered a more desperate will to carry this war to triumph and victory."

Republican Leader McNary of Oregon agreed with Connally that "no issue of patriotism or unity was raised" in the campaign, and asserted the administration had "made enough mistakes and errors" to justify the people calling it to account.

Rich expressed personal happiness that his party's rebirth of strength had not carried to control of the house, maintaining that the Republicans—if they had that control—would be "condemned" for any error or misfortune during the next two years.

"With enough good Jeffersonian Democrats," he added, however, "we may be able to stem the tide and save the country. x x x We need every man and woman behind the President, but we've got to show the President that he is wrong in a lot of things."

From Rankin came the declarations that the "American people are tired of this Frankfurter bureaucracy. x x x The American people don't want to be unnecessarily regimented. x x x We have got to remove the Communistic crooks that have been put into key positions."

Clarence L. Russ' Car Bags A Deer

By CHESTER WALSH Clarence L. Russ, Greenville plumbing contractor who has a number of government contracts at Camp Davis and at Davis Island, killed a two-prong buck deer on the highway between Norfolk and South Hill, Virginia, Sunday afternoon. The buck darted from the woods, swam a canal and crossed the highway in front of Russ' car.

The car broke the animal's hind legs. The deer dragged itself across a small ditch toward underbrush. Russ cut the animal's throat and with the assistance of a Norfolk friend passing at the time, recovered the deer from the underbrush and took it to Grimesland, where it was dressed. He sent the hide to a taxidermist to have it made into a rug.

"I've been deer hunting many times. I have been placed at stands and told, 'The deer must pass this way.' They didn't. I've never had a deer to pass a stand in the woods when I was on guard, he said. The Greenville contractor passed out choice portions of venison to friends here. It was his "first kill."

Incidentally, Mrs. Russ was with him when the car struck the deer and she was game about recovering it, he said. The Norfolk friend who helped to recover the buck from the tangled vines, where it had dragged itself after the car struck it, told us on the "qt." that Clarence Russ was so excited when he went into the brush for the deer he fired five shots at the animal with his revolver and missed every one of them. Russ finally cut the animal's throat after dodging the sharp edges of the buck's front feet.

He Said It!

That famous slogan, "Praise the Lord and pass the ammunition," has been variously attributed to many U. S. navy chaplains—but now it has been revealed that the real author of the phrase was Lt. Harold Forgy (above), 34, of Haddonfield, N. J., a chaplain who was in the midst of the Jap attack on Pearl Harbor.

GOP GAINS IN LEGISLATURE

May have 15 Seats In Next General Assembly

Raleigh, Nov. 5.—(AP)—Scattered returns from Tuesday's general election indicated today that Republicans may have increased slightly their representation in the North Carolina General Assembly.

On the basis of returns, the Republicans could hope for 120 members of the House and two or possibly three of the 50 senators.

The party did not put a sufficient number of candidates into the race to have won a majority in the legislature, even if all had been elected. The 1941 General Assembly had six Republican representatives and two senators.

Early returns indicated that A. I. Feree of Asheboro had been elected to the House from Randolph county and that J. J. Morton of Albemarle had been elected to represent Stanley county over their Democratic opponents.

In the normally Republican counties of Wilkes and Yadkin, Republicans were leading, and they were ahead in the legislative races in Watauga and Davie. Republican victories also were expected in Madison, Mitchell and Avery counties. Close races were reported in Graham, Alexander and Sampson counties.

The Democrats won overwhelmingly in the race for national and (Continued on Page Four)

Rommel's Shattered Forces In Africa Fleeing In Confusion; More Than Half Of Axis Equipment Destroyed; Thousands Of Prisoners Taken; London Talks Second Front

By ROGER D. GREENE (Associated Press War Editor) Official British quarters late today declared the Axis armies in North Africa were "busted" and predicted their early destruction as the worst military defeat in Adolf Hitler's career of world conquest unfolded on the sands of Egypt.

These quarters said the British Eighth Army and Navy, supported by United States and Allied warplanes, were now engaged in what amounted to a mopping-up process of the shattered German and Italian armies, and added:

"The German and Italian forces are in a state of complete confusion and are fleeing in all directions. More than half of their equipment has been destroyed and thousands of prisoners have been taken. We are now preparing to launch a second front in the Mediterranean region."

Cairo, Nov. 5.—(AP)—United States heavy bombers scored direct hits yesterday on four enemy ships in the Libyan port of Benghazi and probably on a fifth, an American communique announced today.

American media bombers and fighters continued to harass the retreating enemy, including heavy bombers which struck enemy supply lines.

Four Messerschmitt 109's definitely were destroyed and there were no United States losses, said the war bulletin from the U. S. Army Middle East Command.

"This is only a prelude to what the Germans and their Italian lackeys can expect in the next few months. Simultaneously, fresh talk of an Allied 'second front' reached a crescendo in London.

With the British in swift pursuit, Nazi Field Marshal Erwin Rommel's broken armies were reported fleeing westward across the Egyptian desert amid wild confusion and early unofficial estimates placed Axis losses at 80,000 troops killed, wounded or captured.

As the Axis staggered in retreat, fighting only rearward actions, (Continued on Page Four)

Amendments Lost In This County

An official canvass today of Pitt county's voting in Tuesday's general election revealed that both the constitutional amendments failed to carry in this county and that less than 20 per cent of a normal election vote was cast.

The official vote on the amendments was as follows: Board of Education Amendment for 752 against 835. Solicitor District Amendment for 568; against 741.

In the only two contests for office Senator J. W. Bailey received 1,755 votes while his Republican opponent Sam J. Morris received 54. Congressman Herbert O. Bonner received 1,778 while his Republican opponent J. C. Meekins, Jr., received 41.

There were no contests for any of the county offices and the ticket was led by Sheriff J. Knott Prector with 1,810 votes followed by Clerk of Court J. F. Harrington with 1,806 and Judge Dink James with 1,804.

Scrap Drive Chairman Expresses Appreciation

Miss Lelia Higgs, Pitt County Salvage Committee chairman this morning issued the following report on yesterday's county-wide scrap drive and expressed appreciation for the spirit of co-operation shown by the people the one day all-out effort to collect scrap:

"A splendid patriotic service was rendered by the people of Pitt county yesterday when grown-ups and children united to salvage around 850,000 pounds of scrap iron, metals and rubber in a one-day drive to speed the war effort of the nation. Fourteen district salvage committees, the county school system, the county farm extension service operating through scores of rural community leaders furnished a giant organization for collecting this scrap. Adequate trucks were supplied by public-spirited citizens of each community and by WPA-Farmers, business and professional men, housewives and school teachers and school children were fired with a conviction that they wanted to do a good job for the sake of the hundreds of Pitt county boys of both races who are serving in the armed forces. I wish it were possible as county chairman for me to express my gratitude to each one for what he did, but the list is too long. The splendid record deserves commendation, and I wish to thank each person and each organization for what they have done for the past two months in the interest of scrap collection. While an excellent job has been done to date throughout this county, let us remember, this is our war and we have not done enough. Our (Continued on Page Five)

The WAR TODAY By DeWitt MacKENZIE Wide-World News Analyst

London, Nov. 5.—The Allied triumph in Egypt gives strong hope that we are witnessing the beginning of the not far distant end to Hitler's hold on North Africa. The Nazi air-high-altitude is having visions of disaster for Berlin claims a "remarkable concentration" of British warships and transports at Gibraltar.

The Vichy government is reported to be holding conferences about North Africa and from Rear Admiral Lutetow of the German naval staff we get this: "Casablanca, on French Morocco's west coast, is a danger spot for overhauling Dakar."

Social and Personal

Miss S. C. Conway of Kinston, is spending a few days here with her daughter, Mrs. Alvah Rouse, and Mr. Rouse.

Miss Louise Moore is in Pitt General Hospital for treatment.

Marshall Starkey who has been stationed at Fort Bragg, has been transferred to Keeler Field, Miss.

Mrs. E. T. White, Mrs. J. B. Hawes, Mrs. O. G. Guiley and Mrs. G. B. W. Haddy attended the Methodist Conference in Wilson yesterday.

Mr. and Mrs. J. H. Waldrop, Mr. J. C. Waldrop, Mrs. T. A. Smoot, Sr. and Mrs. Frank Wilson will attend this afternoon and tonight's sessions of the N. C. Conference of the Methodist Church in Wilson.

Mrs. M. A. Cameron of Roanoke Rapids, is visiting her daughter, Mrs. Robert Greene.

Capt. Alva VanNortwick, Medical Corps of the U. S. Naval Reserve, of Seattle, Wash., arrived yesterday to visit his parents, Mr. and Mrs. N. D. VanNortwick.

Mr. and Mrs. Paul Webb of Morehead City, are spending several days in Greenville.

Legion To Hold Banquet. Plans have been completed for the annual banquet of the local post of the American Legion to be held at the armory next Wednesday, November 11, at 7 p. m. Tickets may be secured from Paul A. Scott, Walter Cherry, C. W. Williams and Alfred Kennedy.

The annual fellowship affair is for the members of the Legion.

Reception. The Women's Missionary Society of Immanuel Baptist Church will entertain at an informal reception at the church on Friday night from 8:30 until 9:30 o'clock, in honor of Reverend and Mrs. Hartwell Campbell. All members of the church and congregation are invited.

Recovering. Miss Christine Hicks of Greenville and Washington, D. C., is recuperating from an operation for appendicitis which she underwent on Tuesday in Providence Hospital in Washington.

Undergoes Operation. Lois Ann Webb, daughter of Mr. and Mrs. Winslow Webb, underwent a tonsillectomy this morning in Pitt General Hospital.

Sans Souci Club Meets. Mrs. G. J. Woodward was hostess to the Sans Souci Book Club on Tuesday afternoon, November 3rd. Lovely arrangements of chrysanthemums in shades of pink and white, were used throughout the rooms.

Mrs. Herbert Waldrop presided over a short business session, at which time the club voted their desire to assist in making Red Cross hospital slippers.

To Speak Tonight. Mrs. J. H. Blount, chairman of Camp Davis and New River Camp and Hospital Council, will speak over WGTC tonight at 6:20 concerning the work of the Junior Red Cross.

Undergoes Operation. Lois Ann Webb, daughter of Mr. and Mrs. Winslow Webb, underwent a tonsillectomy this morning in Pitt General Hospital.

Forty Years Ago Today

THE DAILY REFLECTOR
November 5, 1902

West-Anderson
A pretty wedding was celebrated at 8 o'clock this morning at the home of the bride, when Miss Allie Parker Anderson became the wife of Charles Hayward West, Greenville's popular and successful young solicitor.

The bride and groom took the 9:30 train for Washington City and other points on their wedding tour. The best wishes of a host of friends accompany the happy couple.

Following the exchange of books, Mrs. Bruce Sugg, program chairman, announced the subject for the afternoon "How Our Library Grew." She first presented Mrs. E. C. Arrthur who gave a most interesting resume of the founding and early history of the library. It was most fitting that a member of the End of the Century Book Club, the mother club of Greenville, and founder of the library, should tell of its early struggles. She gave credit to Mrs. R. R. Cotten, at whose suggestion in 1904, the club made the decision to foster a library, and to Mrs. W. A. Bowen, who gave her services as librarian for so many years. She told of the fires the library had suffered and how finally, through the efforts of Dr. and Mrs. R. L. Carr, we now have the present magnificent building, known as the Shepard Memorial Library.

Mrs. Kittrell then told of the numerous trips she, with Dr. and Mrs. Carr, made, searching for the perfect library. This they found at Newport News, and immediately decided to build a copy of it. She also told of the trip she and Miss Bessie Brown made to New York, endeavoring to replace the many old and valuable books lost in the fire at the old Evans street school, where the library was housed at that time.

Miss Ruth Pritchard, our very efficient librarian, gave us an interesting account of the amazing numbers of steps taken before a book reaches the shelves for distribution. She told us of the different types of books that go to make up the library, the number of books and periodicals on the shelves and tables, of the several branch libraries and book stations scattered throughout the county.

Miss Bessie Brown, also a valuable member of the library staff, stressed what books mean to children and gave a demonstration of the means by which they keep the books mended and in good condition after

the rough usage they receive at the hands of the little folks who love and read them.

The club feels deeply indebted to these visitors who made possible this most enjoyable program.

The hostess served a delicious salad plate with hot tea—Delicious.

J. K. Barnhill Is Injured By Mules

J. K. Barnhill of Stokes, is in Pitt General Hospital with injuries received yesterday when a pair of mules on his farm knocked him down. In addition to bruising he received a broken shoulder.

Gives Up Pastorate To Join The Army

Rev. Edward B. Ferguson, former rector of Clinton Episcopal Church and of the Chapel of the Good Shepherd, Lookout Mountain, Tenn., has entered the army at Fort Jackson, S. C., as a private.

Rev. Mr. Ferguson had the opportunity to be commissioned in the chaplain's corps, but declined the commission with the statement: "I feel I should become a good soldier before making any effort to become an officer. I know my work as a pastor. As a soldier, I have much to learn and I intend to learn it from the bottom up."

Rev. Mr. Ferguson, 30, is the son of Mrs. E. B. Ferguson and the late Mr. Ferguson, of this city. He was educated at the University of North Carolina, General Theological Seminary in New York and the Duke University School of Religion.

Southern Dairies Sealtest ICE CREAM

You can bet your boots it would be a tragedy to lose a scoop of Southern Dairies Sealtest Ice Cream. Because this fine ice cream is more than your favorite treat. It's a good, nourishing food, too—a food that's rich in the vitamins and minerals contained in pure cream and milk. What's more—Southern Dairies Ice Cream is Sealtest supervised for purity, quality and flavor.

There are many interesting ways by which you can stretch your meat and serve delicious, wholesome meals every day. I hope to give you many suggestions in the days to come. No resourceful homemaker need see her family lack meat-eating pleasure or all the nourishing food they need.

To the people in England, China.

GEORGE RECTOR SAYS— "SURE, WE'LL SHARE THE MEAT"

Facts About Our Government's "Share the Meat" Campaign

America grew great on the spirit of sharing. Now, every homemaker in America has an opportunity to serve her country by cooperating with the Government's voluntary "Share the Meat" program.

Russia and in the homes of our enemies, the everyday meals you serve would be sumptuous feasts.

"SHARE THE MEAT"

It is imperative that the American people begin to restrict themselves at once, for this reason:

Since October first, dealers—including your own—and public eating places have been restricted to approximately 20% less meat than they received during this same period last year.

The American Way

Your Government is depending upon you to be fair—to conduct your own purchases and use of meat so that your neighbors and friends can have their portion, too. This is the patriotic thing to do. Of course, should the Government decide to ration meat by the use of coupon books or otherwise, your purchases will be regulated.

Under the voluntary "Share the Meat" plan, if meat is eaten away from home, that amount should be deducted from home purchases.

Note: If you have not been using as much meat as the voluntary plan allows, there is nothing you need do. It is only those who have been accustomed to more than 2½ pounds weekly who are asked to "Share the Meat."

Will You Do It?

Will you serve your country and cooperate in the "Share the Meat" plan in your home—voluntarily—beginning now? Will you do this so that all your friends and neighbors—and the families of those who are employed at heavy work in armament factories, may share and share alike with you? I am sure you will.

Note: My special wartime recipes and "Share the Meat" menus show how to make the most of your meat allowance. They will appear weekly in this newspaper. They are designed to help you to give your family all the health benefits and eating pleasure that meat supplies. Nothing can take the place of meat on the American table. And, remember, nothing can take the place of Wilson's Certified Meats.

Strength FOR THE DAY

By EARL L. DOUGLAS

BACKTRACKING ON EVIL
World conquerors for the most part have gone from west to east—Alexander the Great, Augustus Caesar, Napoleon, and now the would-be conqueror Hitler. But religious influences have started in the East and gone west. The spread of Judaism, Christianity, and Mohammedanism are examples of this.

Professor Halford Lucecock in one of his books refers to St. Paul's trip in reverse over roads which some centuries before Alexander had used as he marched to world conquest. Alexander of course died as the result of a drunken debauch, and his empire fell to pieces. But St. Paul, going in the opposite direction, carrying the destiny of the world beneath his cloak, was launching a great movement which would make the pretensions of so-called world conquerors look cheap and insignificant. Dr. Lucecock says that St. Paul was backtracking on Alexander and points out that from the beginning religion, by emphasizing life instead of death, growth instead of destruction, joy instead of pain, has been backtracking on the bloody monsters who have been a plague to their fellow men.

Christianity has continually carried on global warfare. It backtracks on the wicked men and dire influences which make humanity suffer. Evil and selfish men marched through history in one direction, and the disciples of Christ, proclaiming nobility, love, and righteousness, march in the opposite direction. Christianity is always backtracking on evil.

KEEP 'EM ROLLING
Solving the rubber problem demands maximum cooperation on the part of the government, industry, and the public at large.

In the brief period in which Mr. Jeffers has had charge of the rubber program, he has cut a great deal of the red tape that delayed and blocked progress in the past. His office, working with the Office of Defense Transportation, is aggressively pushing for results. It is to be hoped that politics is kept out of the way—and that the defeatists who say that this country must reconcile itself to doing without motor transportation will keep their mouths shut.

The industries which are involved in the rubber program are doing an excellent job. The oil industry has vastly expanded its facilities for the production of synthetic rubber, and has simplified, improved and accelerated the manufacturing process. The tire companies are now making casings out of reclaimed rubber and synthetic rubber which give fair service if properly used, and chemical companies are increasing their production of synthetic rubbers made from coal, grain alcohol, etc. The experts are convinced that American ingenuity, American chemical genius, and American production methods can provide enough rubber to keep our vital automobiles rolling. In the meantime, the obligation of the public is clear. We cheerfully accept the

35-mile-an-hour speed limit.
No one should waste rubber on unnecessary driving. And every car owner should have his tires periodically inspected, and switched about on the wheels so that maximum mileage may be obtained.

No nation on earth is so dependent on individual transportation. Our cars will be kept on the road if the synthetic rubber program is freed of the dead hand of bureaucracy, and the public will practice rigid conservation.

The WAR TODAY

(Continued from page one)

Enemy losses in material also have been mountainous and probably the heaviest individual blow dealt Hitler has been in the destruction of tanks. As I pointed out yesterday these racing fortresses have been the backbone of Rommel's striking power.

The Nazi marshal was estimated to have 500 tanks when the offensive started. Now the British communique tells us that 260 of these have been destroyed.

This would mean that more than half of the Axis tanks in the field have been wiped out. Many more must be falling by the wayside as American and British armor continue their devastating roll of bombs on straggling lines along the edge of the great military highway which skirts the Mediterranean.

The communique also records that

300 Axis planes have been destroyed or damaged in the air and a like number on the ground. Many of the damaged planes will, of course, have to be abandoned as the Axis forces retreat.

This probably means that a minimum of half of Rommel's air fleet has been destroyed. The likelihood is that the figure is nearer three-quarters.

That is a colossal blow, especially since the Anglo-American aerial fleet already had superiority in the air before disaster dropped on Rommel's head from the skies.

Elimination of the Axis from North Africa would alter the complexion of the European war.

Restoration of British domination over the Mediterranean would remove a threat to the strategic Middle East.

It might easily result in complete collapse of Italy.

It would vastly strengthen Spain's position of neutrality and this would ease a situation which has been a constant worry to the Allies.

No wonder the fuhrer's boasted intuition is making him see pink elephants. As a matter of fact, it looks as though his intuition might be on the right track this time.

Army-Navy Award

Raleigh, Nov. 5.—(AP)—Governor Broughton, accompanied by Labor Commissioner Forrest H. Shuford in Winston-Salem today to take part in the presentation of the Army-Navy "E" award of excellence to the management and employees of the P. H. Hanes Knitting Company.

Americans And . . .

has said.
MacArthur's headquarters reported today (Australian time) that the Nipponese New Guinea invasion which in late September had penetrated as far as 92 miles from the Allies' port Moraby base, now had been pushed back several miles beyond Kokoda. Midway point across the island's 120-mile waist.

While the ground advance continued, Allied planes sought to blast away obstacles on the way to the Japanese Buna base. The air assault which strafed the beaches and landing areas at Buna, itself, also fanned out to subsidiary Nipponese bases of Lae and Salamaua up the coast.

The attacks, executed to hinder any Japanese efforts to bolster Buna by sea, set many fires and probably destroyed an enemy munitions dump, the raiders reported. Medium bombers also announced "heavy damage" inflicted on Dili and the Japanese-occupied villages of Maobisse and Alley in Portuguese Timor.

Leaders Call . . .

(Continued from page one)

As "free advice to my administration," he declared that the "race question" in the south "must be let alone" and declared that "a stop must be made in the attempt to destroy the states."

"After more than ten years of social experimentation, reckless spending, waste and bungling," Rep. Knutson (R-Minn) told the house, "The American people weighed the New Deal in the balances and found it wanting."

Rep. Manasco (D-Ala) declared "let's not attempt social and economic reforms while we are at war."

"If the administration is real, it will swiftly move toward a real coalition," Vandenberg declared in a statement. "It will deal more openly with both congress and the country. Congress itself should now create a unified committee on war cooperation."

The election, he said, "clearly means that the country is not satisfied the way the war is being run." "The country wants maximum efficiency and minimum mistakes," Vandenberg continued. "Meanwhile it wants New Dealism and all other politics pigeon-holed for the duration." "The Republican party he said, had not made its gains "on its own account," but because "the country demands strict accountability from its government in this business of winning this war."

were elected—the jurists and five of the congressmen without opposition.
In the new 16th Congressional district, former Gov. Cameron, Moderator of Charlotte won over Republican Charles A. Jones of Lincolnton by a margin of more than 5,000 votes.

Two proposed amendments to the State Constitution, one to merge the public school administrative agencies into a single board, and the other to permit establishment of separate judicial and solicitor districts apparently carried.

Reds Break . . .

(Continued from Page One)

stepped northwest of the city was indicated by the fact the communique was released and the Red army scouts had penetrated German and blown up two dugouts.

"Southeast of Nalchik our troops fought violent engagements and our artillery dispersed concentrations of enemy tanks and infantry preparing for attack," the communique said. "The Germans suffered heavy losses. Seventeen German planes were shot down in air combat and by anti-aircraft fire."

In the older theater about Mozdok, 50 miles northeast of Nalchik, German attacks upon Red army positions were repulsed and the Russians were declared to have occupied an enemy strong point through a counter-attack.

Aviation was a factor in the fighting on both the central and western Caucasus fronts.

Red Star said there was increased Russian air activity southeast of Nalchik, where the ground defenders were holding against a tremendous concentration of tanks and bombers, but said that low clouds hampered the fliers.

In the far north also German aerial squadrons were at work. It was reported the Germans had raided Murmansk, the Arctic supply port, twice within 48 hours, but said no important objective was hit. Five of the 28 planes which participated were reported shot down.

British Crushing . . .

(Continued from page one)

Lieut.-Gen. B. L. Montgomery sent the following message to his troops: "The enemy is in our power and he is just about to crack. We have the chance of putting the whole panzer army in the bag and we will do so. Complete victory is almost in sight."

Front-line dispatches said 9,000 Axis prisoners had been taken, including Gen. Ritter von Thoma, commander of the German North Africa corps, and 260 tanks knocked out of action.

To the victorious British Eighth Army, King George VI sent a message declaring that the importance of their feat "cannot be exaggerated."

Italian field headquarters tersely acknowledged that German and Italian troops had withdrawn to new lines after violent dawn-to-dusk tank battles yesterday, and added:

"Our losses have been severe." The Fascist war bulletin said the collision of armored forces raged over the desert between El Alamein and Fuka.

Fuka lies 70 miles west of the old El Alamein front.

The Berlin radio likewise conceded that Axis troops "have been withdrawn to a prepared second line."

In London, Field Marshal Jan Christian Smuts, Prime Minister of the Union of South Africa, declared the developing rout of Hitler's African forces might provide "the turning point in this war."

The British radio hammered the story home to the peoples of Germany, Italy and the conquered countries with broadcaster after broadcaster in many tongues.

Dispatches from Greece said the Germans were frantically rushing three or four divisions from the Russian front in an attempt to reinforce Rommel's battered legions. Four train loads of Nazi troops were

said to have passed through Athens en route to embarkation points.
Official British dispatches said the Axis was "in full flight," with the smoking hulks of Axis tanks littering the desert and the Mediterranean coastal highway choked with wrecked trucks, armored cars and motor transports.

Allied fliers told of enemy troops "scattering like cockroaches" as the British and American warplanes flew low over the battlefield, bombing and machine-gunning the dazed Axis armies.

Dispatches said the Italians had asked for a truce in one sector in order to bury their dead.

More than half of Rommel's tanks were reported to have been destroyed in the climactic breakthrough as Lieut. Gen. Montgomery's army, bolstered by American-made General Grant and General Lee tanks, rolled back the Axis line beyond El Alamein, 30 miles west of Alexandria.

Following up last night's communique reporting the sudden collapse of Rommel's once proud Africa corps—the armored invasion force that only a few months ago threatened to overrun the valley of the Nile—British headquarters today announced:

"The 5th army continued to advance over the whole front yesterday."

"In the south, the enemy is still holding out in a few isolated positions."

"In the north, he has a screen of anti-tank guns and tanks which is withdrawing before our advancing forces."

Meanwhile, dispatches from Cairo disclosed the safe arrival of 7,600 American troops in Egypt—most of them trained specialists—and at the same time it was revealed that United States troops have also arrived in Palestine.

NOTICE OF SUMMONS BY PUBLICATION.
North Carolina—Pitt County
In The Superior Court.
J. Lundy Baker
vs.
Oma Faye Baker

The defendant, Oma Faye Baker, will take notice that an action entitled as above has been commenced in the Superior Court of Pitt County, North Carolina, for absolute divorce, and custody of one minor child born of the marriage between plaintiff and defendant; and the said defendant will further take notice that she is required to appear at the office of the Clerk of Superior Court of said county in the court house in Greenville, N. C., within twenty days after the 5th day of December, 1942, and answer, or demur to the complaint in said action, or the plaintiff will apply to the Court for the relief demanded in said complaint.

This the 4th day of Nov. 1942.
E. F. TUCKER, Asst. Clerk of Superior Court Pitt County.
Dink James, Atty.

BIG FIVE READY FOR WEEK-END

Deacons Look For Trouble From V. M. I.'s Muha

Raleigh, Nov. 5.—(AP)—Captain Joe Muha of V. M. I. had better be an all-anything football player when Wake Forest and the Deacons meet at Winston-Salem Saturday or the Demon Deacons will be terribly disappointed.

Wake Forest coaches have been confronted this week with the problem of having an over-confident team Saturday because the Davidson Wildcats trimmed V. M. I. minus Muha—24-6 last Saturday.

In attempting to keep the Deacons from getting too over-confident, the coaches have lectured long and loud about the difference a little Muha makes in the V. M. I. eleven.

Assistant Coach Murray Gresson who scouted the Deacons, reported that the presence of Muha makes V. M. I. a different ball club, and Coach Peabody Walker had this to say: "he is the whole team. He does everything well."

The Deacons haven't devised any special defense for Muha, but Walker said that he was hoping his hefty linemen would keep the Deacons from getting on his side of the line of scrimmage.

Reports from the Virginia school indicate that Muha has recovered from the injuries that kept him out of the Davidson game and will be in shape to go the route against the Deacons.

In other big five camps yesterday the teams continued preparations for Saturday's games, North Carolina for Davidson, and Davidson for North Carolina, Duke for Maryland and N. C. State for Miami University.

Coach Doc Newton worked his Wolfpack extensively on pass defense and was pleased with the results. State was scheduled to leave by day coach early this morning for Miami, Fla.

End Mile Andrews and Rene

NEGRO GROUPS SENT TO CAMP

Draft Board Has Recently Sent Two Contingents

Local draft boards have sent two contingents of Negroes to Fort Bragg within the past two weeks according to information given out by the boards here today.

These sent by Local Board No. 1 included the following:

October 22 James Thomas Edmonds, Robert Lee Braswell, Alton Thomas Dyer, John Henry Forbes, Sylvester Outlaw, Calvin Murphy, John Thomas Pinney, William Henry Sprull, Jr., Jessie McCray Lanier, Elr Moses Edwards, David Lee Clark, Mack Daniels, Arrow Hopkins, John Hyman (transferred to local board No. 1, Hampton, Va.), Hiber Exum, Henry Williams, James Lee Ebron, Samuel Stokes, Jacob C. Capelton, Artie Corbett, Charles J. Moye, Jack Holmes, Forrie Brown, Jr., James Thomas Barnes, Rudolph Harper, James Arthur Bullock, Levi Bynum, Denison Dover Garrett, Sandy Jonathan Crandell, Bennie Ashley Langley, Aloa Falcon, Winsford Randolph, James Oscar Williams, Herman Gaynor, Lloyd Clinton Jones, Sam Norville, David Edwards, Lenwood Lee Atkinson, Rufus Earl Gardner, James Leather, Taylor, Jamie Wesley Staton, Haywood Alben Brown, Willie Bryant Williams, Samuel Lewis Sprull, Napoleon Ward, Azabell Smallwood, William Lester Parker, Joseph Hopkins, Willie Ben Joyner, William Joyner, Jr., John Arthur Johnson, David Langley, Willie Arthur Lane, George Prayer, Jr., Johnnie Cobb, Van Augustus Staton, Arthur Lee Payne, David Williams, Glasco Barrett, Milton Hawkins, Harvey Neston, George Crawford, Velma Lee Williams, Herman Sprull, Dan Sprull, Charlie "Spencer" Staton, Marvin Vanburn Jones, Charlie Gorham, George Johnson, Lewis Peyton, Robert Lee Baker, Frank Junior Dickens, Mack Gilbert, Teel, Booker T. Dixon, Arthur Lee Duncan, John Pitt, Elonius Chavis, Edward Moye, Jr., George Johnson, Jr., Nehemiah Harper, Wilton Hawkins, James Henry Ebron, Ferdinand Barnhill, Woodrow Reid, Herman Barrett, Jr., Ernest Booker T. Carraway.

November 4 Joe Thomas Graham, Charlie Hardy, Jr. (Application withdrawn), Jessie Fernander Williams, transferred to No. 15-A, Washington, D. C.), Thomas Barrett, Lubbie Earl Wagner, Willie Eason, George Cameron, Robert Lee Archie, (Transferred to No. 1, South Norfolk, Va.), Jessie Ward, Chester Lee Bradley, Lenwood Lee Atkinson, Esau Sheppard, Malvin Thomas Vines, David

up on some issue. The effect of this realignment was expected to result in sharpening congress' critical attitude toward conduct of the war, its possible rejection of any more social reform legislation for the duration, and the strengthening of demands for stricter legislative control of the operations of such agencies as the Office of Price Administration.

President Roosevelt might well meet the changed situation by acting more frequently in an executive capacity, instead of setting in motion the relatively slower and less certain legislative machinery. The powers already granted the President by congress are broad and Mr. Roosevelt recently has shown an increased disposition to use them as demonstrated by his action through Economic Director Byrnes in putting a \$25,000 limitation on salaries after the legislators had brushed aside suggestions of this nature.

Few members believed, however, that repeal of any of these wartime presidential powers would be attempted while the nation is involved in a world-wide struggle. But these were a few things congress may want to have more say about, such as the size of the army, the price of farm products, and the scope of possible compulsory emergency control. The legislators of course, hold the purse strings, but they already have provided the executive departments with more than \$225,000,000 in appropriations to run the war, so any economies they could effect would be minor.

In this connection, many legislators felt that such agencies as the National Youth Administration and the Works Projects Administration

EFIRD'S Sells The Nationally Advertised HANES PRODUCTS

If you're rapping on leather tires... here's a tip

These days, bald tires say "Walk!" You're outdoors more in nipping winds. So it's just good sense to change from Summer underwear to HANES WINTER SETS.

These popular middleweight garments keep you warm outdoors without being uncomfortable indoors. You'll appreciate them if you're conserving fuel with a cooler house this Winter.

You also have the gentle, athletic support of the HANESKNEE Crotch-Guard. Conveniently placed opening. Flexible waistband.

CHOOSE FROM THESE HANES WINTER SETS Wear a short-sleeve or sleeveless shirt with ankle-length trousers (shown above) or with mid-thigh shorts (Figure A). Ask for HANES WINTER SETS for boys, too.

HANES UNION-SUITS (See Figure B.) For men who need even warmer underwear. Tailored to exact chest width and trunk length they won't pinch or pull. Ankle-length legs. Long or short sleeves.

IF THROAT IS SORE If a cold has given you a miserable sore throat, here's how to relieve the suffering.

DO THIS NOW—Melt a small lump of VapoRub on your tongue and feel the comforting medication slowly trickle down your throat—bathing the irritated membrane—bringing blessed relief when you want it.

DO THIS TOMORROW—Rub throat, chest with VapoRub. Its long continued soothing-and-vapor action loosens phlegm, relieves irritation, eases coughing, invites refreshing sleep.

Today's Guest Star Tommy Fitzgerald, Louisville Courier-Journal: In reading heavy-weight Bob Pastor's announcement that he has retired from the ring, one wonders if the bicycle shortage had anything to do with it.

Cleaning the Cuff Although the American Pro Basketball League has lost a flock of players and two auditoriums because of the war, officials hope to keep the hoop going unless transportation troubles look too big. Harrisburg, Pa., Springfield, Mass., and Camden, N. J., are looking for places in the hoop along with the surviving Philadelphia, Wilmington, Del., and Trenton, N. J., clubs.

Canadian boxing fans figure that fighter-promoter Pat Gordon got an even break on his amateur fight show at Toronto the other night. He won the main bout but took a beating at the gate.

Quote, Unquote Vern Miller, the Harvard tackle who turned reporter because he was too big for the army services, interviewed Boston College's Gil Bouley the other days. Vern asked if Gil remembered any funny incidents in recent games, and Bouley solemnly replied: "When we play games it's a pretty serious battle. There's no time for comedy and no chance for byplay. We play ball to win."

Scrap Drive... (Continued from page one) responsibility as individuals is not fulfilled as long as idle scrap materials are to be found around our places. Just as long as the war goes on, we shall be obligated as citizens of the greatest country in the world to answer our government's call to collect these vital materials on the home front. Make it a habit to pile your junk as useful things wear out about your farm, your place of business, and your home. Keep it moving into the salvage depots or sell it to a dealer. Let us continue our loyal service to our government in this way and in all others until victory comes. That is our privilege.

N. Y. Stock Market

New York, Nov. 5.—(AP)—Mixed tendencies prevailed in today's stock market despite a generally bullish news background. Modest advances were well in the majority at the start. These were cancelled in many cases later and, while numerous firm spots were in evidence near the close, declines were plentiful. Transfers were around 600,000 shares.

That Extra Something!
...You can spot it every time
IN making a bull's-eye or in making a soft drink there are no short cuts to "know-how". That's the explanation of why so much satisfaction is packed into the pause that refreshes with ice-cold Coca-Cola. Fifty-seven years of knowing how to blend Nature's choicest ingredients explain the different kind of refreshment you get in Coca-Cola.
A finished art in its making creates its original taste. You've never found this delicious taste in anything else except in Coca-Cola itself. The same skill guarantees the unique quality you expect in every drop of this best-liked soft drink on Earth.
Note how Coca-Cola goes beyond merely quenching your thirst to leave a delightful after-sense of refreshment. Here's energy that you can really feel. Be sure you get the real thing. There's no comparison. Call for ice-cold Coca-Cola by its full name or by its familiar abbreviation—Coke. The best is always the better buy.
Outdoor action calls for a refreshing indoor reaction. It calls for ice-cold Coca-Cola. It's only a little thing, but the big things it does to please people make it the best-liked soft drink on Earth.
Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember Coke, being first choice, sells out first. Ask for it each time. No matter how short the supply, the quality of Coca-Cola carries on.
Coca-Cola 5¢
The best is always the better buy!
