

Severe cold wave tonight, temperatures near zero in the mountains and considerably below freezing to the coast, strong winds.

BRITISHS WEEPING TOWARD TRIPOLI

Onrushing Russians Make Gains Along All Fronts

Seventeen Months Seige Of Leningrad Lifted By Seven Day Offensive; 13,000 Nazis Killed; Other Forces Driving Toward The Important Cities Of Rostov and Kharkov

Moscow, Jan. 19 (AP)—All Russia thrilled to the news of great accomplishments of the Red Army today as the fire of enthusiasm struck by word of Soviet smashes into sagging German forces all the way from ice-bound Lake Ladoga outside newly reopened Leningrad to the high Caucasus in the South.

While the Red army continues to batter at the once-encircled German armies around Russia's second city to widen a five-mile corridor through which the 17-month siege was broken, other Soviet forces moved further in the direction of the Latvian border southwest of Velikie Luki, threatened Salks, German supply center for its entrapped southern armies, tightened the vise in the Stalingrad area and made further progress in the direction of the steel city of Kharkov, the Pittsburgh of the Ukraine.

Workers coming off their shifts in Moscow shouted the news and pounded each other on the back, and newsmen in the capital were swamped with the citizens' insatiable appetite for fresh tidings of the widening triumphs of the winter offensive.

Dispatches related that the Leningrad offensive began on January 12th at 9 o'clock in the morning with a barrage of artillery fire upon the German positions on the elevated left bank of the Neva river.

So terrific was the barrage, "Pravda" reported, that it plowed up the frozen soil and splintered concrete pillboxes as though they were matchwood. The pounding lasted two hours and twenty minutes.

Leningrad's 1,000,000 residents, less than half of the normal population had endured incredible hardships. Their suffering was even greater than that undergone by the besieged at Odessa, Sevastopol and Stalingrad.

But they fought on and never surrendered, and the news that relief now is being sent to them caused a greater uplift to Russian morale than any of the great strides made by the Russians in southern Russia.

These successes in southern Russia were reported growing greater every day. The Red armies fighting in piercing cold and sometimes in waist-deep snow are now stretched over a 1,200 mile front from Leningrad to the Caucasus, and the big-

More Books Needed For Armed Forces

The Victory Book Campaign of 1943 was launched January 5, 1943 at which time it was asked that millions of contributions of books be made by the public for the use of the armed forces.

This effort, urged by the War and Navy Departments, will come to a conclusion on March 5th. Emphasis is placed upon good books and although no specific goal has been announced it is hoped that the total will at least equal or exceed that collected in the previous drive.

The armed forces have expanded so rapidly it is essential to provide new books for the men in the service. This year only books in good condition are being asked for as there are no longer mending facilities for repairing worn copies.

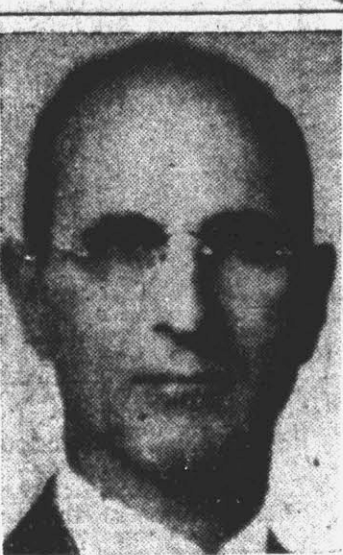

In selecting books to be given to the armed forces remember that any book you really want to keep in a good condition to give to the service should be given to the service.

Current best sellers, adventures and westerns, detective and mystery fiction and technical books published since 1935, humorous books, and small sized editions of popular titles.

The Shepard Memorial Library is acting as a receiving and sorting center for these books that will be donated and all gifts may be left there. Residents in the county may leave their gifts at the branch libraries and deposit stations where they will be collected by the county librarian.

Remember that good books are ammunition; good ideas are bullets—donate your books to the service men today!

New Pastor

Dr. H. G. Haney (above) is the new pastor of Eighth Street Christian church, and conducted his first services in his new charge Sunday. Dr. Haney is a Kentuckian, educated at Transylvania and the College of the Bible, Lexington, Ky., and at Union Theological Seminary. He was the pastor of the Battery Park Christian church, Richmond, Va., for 19 years, being the only minister that church had had until about a year ago, when he became Field Executive of the Committee On War Services, under the United States Society.

BRITISH BOMBS HIT AXIS SHIPS

Three Vessels of Convoy Hit Off Dutch Coast

London, Jan. 19—(AP)—Light British patrol bombers hit three enemy supply ships last night in an attack on a convoy off the Dutch coast, the Air Ministry announced today.

The RAF bomber command did not raid Europe in force last night but did lay mines in enemy waters while aircraft of the fighter command on offensive patrol attacked freight trains and locomotives in northern France.

The night's operations were carried out without a single British plane being lost, the communique said.

Informed sources said they were unable to explain air raid alerts sounded at Bern and Basel, Switzerland, shortly before midnight.

The Berlin radio reported that a formation of German bombers attacked a port on the British channel coast during the night and returned without loss despite heavy anti-aircraft and a strong British fighter plane defense.

The suspension of large scale bombing activities, presumably because of unfavorable weather, followed two great aerial assaults on Berlin Saturday and Sunday nights.

There was some enemy aerial activity over the coastal district of southeast England early last night but the damage was not extensive and only a small number of casualties were caused, it was stated authoritatively.

The Paris radio meanwhile told its listeners that the German air force carried out a "very big raid" on London during the night and started large fires.

British See 1943 As Big Year For Allied Cause

London, Jan. 19—(AP)—Clement R. Attlee, deputy prime minister, told the opening session of Parliament today that Great Britain could "look forward to 1943 with justifiable confidence," and that the successes scored by the Allied Nations last year were to be viewed with "sober satisfaction."

In a brief statement of the war situation pending an anticipated complete review by Prime Minister Churchill within the next few days, Attlee lauded the "wonderful achievements" of the Russian army and said "it looks as if none of the great force (before Stalingrad) will be thrown from the trap."

Describing the Allied objective in North Africa as total destruction of enemy forces, he told Commons that bad weather in Tunisia had restricted movement of motorized

NO CHANGE IN EXECUTIONS

Committee Votes Unfavorably On Gaffin Bill

Raleigh, N. C., Jan. 19—(AP)—Senate Judiciary Committee No. 1 voted 7 to 1 today against a bill by Senator Chaffin of Harnett to abolish the state's lethal gas chamber and return to the electric chair, which was abolished in 1935.

Appearing against the measure were penal director Oscar Pitts, Warden Ralph McCleary of Central Prison, former Warden Hugh Wilson, former Warden H. H. Honeycutt, Dr. W. G. Cheves, prison physician, executioner R. A. Bridges and chief counsel Charles Ross of the State Highway and Public Works Commission.

For it were Chaffin and Willis holding, city chemist of Raleigh. Bridges, who has been with the prison department since 1917 and executed 119 persons, described conditions of bodies after execution and said that in his opinion the gas chamber was more humane.

Dr. Cheves said he believed no pain was suffered by the condemned in the gas chamber and that execution by gas more nearly approached a natural death. The average man, he said, loses consciousness within four seconds after the first whiff of the gas. McCleary said the fumes rose to the condemned person's head within 10 seconds after the pellets are dropped into the tank and the gas reached a maximum concentration in the death chamber within 20 seconds.

Chaffin contended that death by electrocution was quicker and that if the state was going to carry out capital punishment, death should be made as easy as possible. He said, however, he had never witnessed an execution.

The House Appropriations Committee voted unanimously to favorably report an amend Senate bill providing for the investment of \$20,000,000 of the state's general fund surplus in short term paper of the Federal or State governments.

The Senate measure as received by the House provided for the investment of \$22,000,000 in state or federal long-term bonds.

Rep. Tompkins of Jackson led a fight against reporting out the bill at this time, asserting the Legislature as yet did not know how much it would appropriate.

Assistant Budget Director R. G. Dayton said he did not believe \$22,000,000 could be invested in long-term securities without the state.

To Make Drive On Draft Delinquents

"A fine of \$10,000 or five years in prison, or both, is the penalty facing a person convicted of delinquency under Selective Service Act," General J. Van B. Metts, State Director of Selective Service, announced today.

"Far too many men are escaping their obligations under the act because they are delinquent," the State Director said. He further stated that a vigorous effort will be made during the month of January to have delinquents and suspected delinquents report to their local boards to have the charges of delinquency removed.

"Those who do report voluntarily to their local board during the month of January, 1943 will be allowed to comply with their obligations, but those who fail or refuse to do so will find that their names have been reported to the Department of Justice for prosecution," the Director said.

forces and had "seriously affected the provision of airfields."

"We have every confidence in General Eisenhower and General Anderson and the men of the Allied forces," he said.

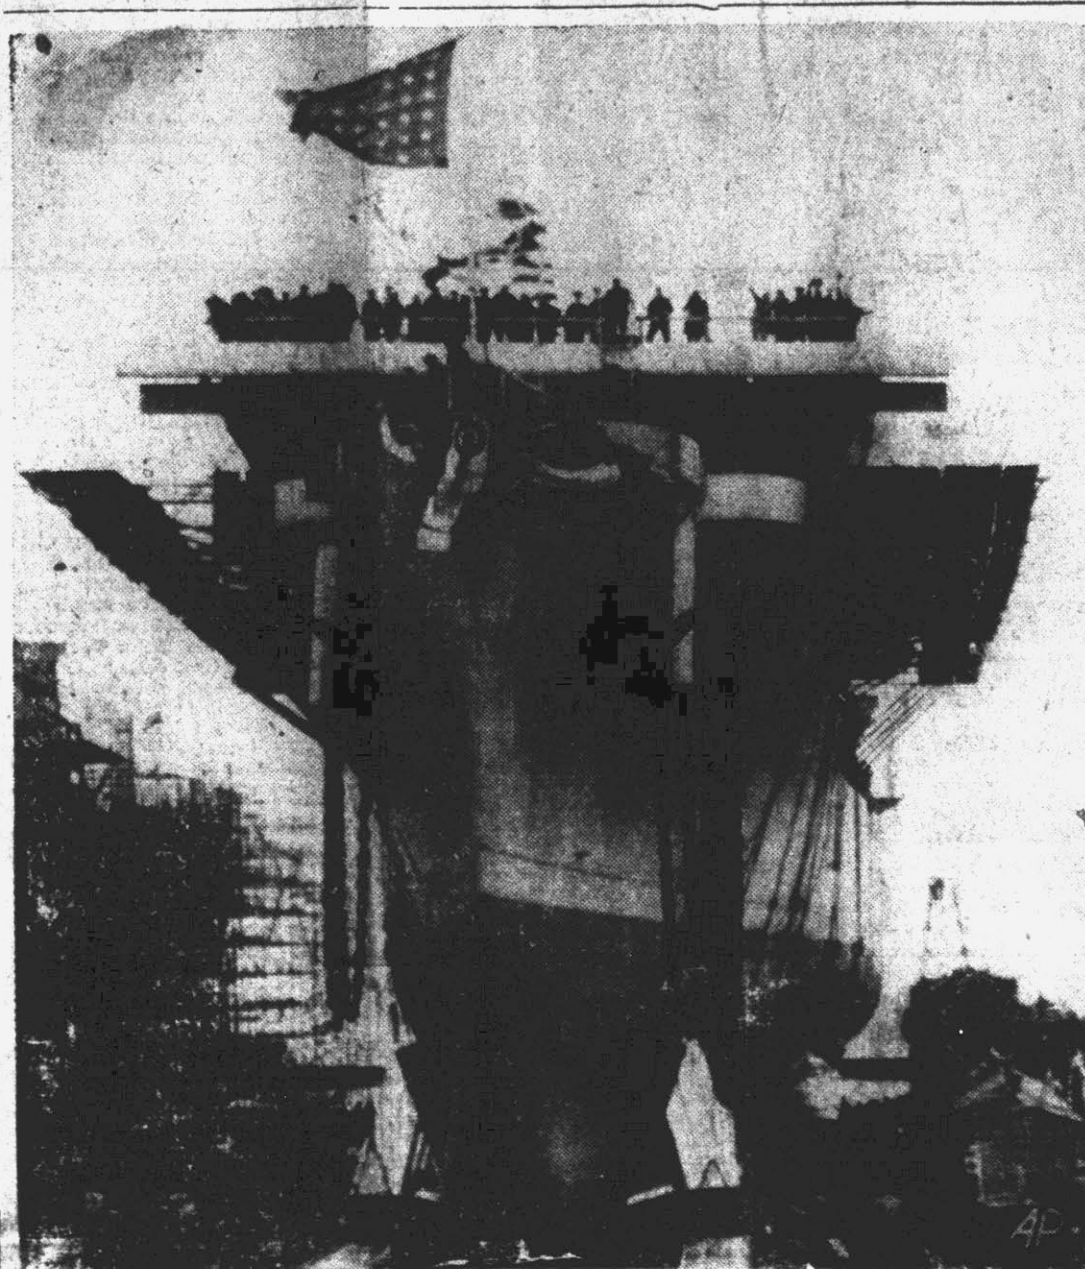

Referring to reports of differences between the British and Americans over the political line-up in North Africa, Attlee declared it was only natural that French affairs should not appear in the same light to the two Allied nations, but added that "such variations of outlook ought not be exaggerated."

"Everyone there is cooperating," he asserted; "French civil authorities are cooperating fully with the Allied forces, just as French troops are fighting alongside our in Tunisia."

Turning to the war in the south-

Aircraft Carrier Cowpens Slides Down Ways

The Cowpens, aircraft carrier named for the historic battle of the Revolutionary War, slid down the ways of the New York Shipbuilding Corporation at Camden, N. J., Sunday. The launching was held on the 162nd anniversary of the Battle of Cowpens. The Cowpens was the fourth aircraft carrier launched in 20 weeks at the yard.

President Orders Miners Back To Work At Once

Government to Act If Order Not Complied With In 48 Hours

Washington, Jan. 19—(AP)—President Roosevelt, as commander-in-chief of the armed forces, today directed all striking anthracite coal miners to go back to work at once.

He said that if they failed to comply with his directive in 48 hours, the government would take the necessary steps to protect the security of the nation against a strike which comes at a time of a shortage of fuel in war time.

Some 5,000 striking miners returned to their jobs in Pennsylvania's anthracite field today in the largest back-to-work movement since the wildcat walkout began three weeks ago.

(However, about 12,350 insurgent still remained idle.)

The chief executive issued his order in telegrams to officials of the United Mine Workers of America national and local.

The parent body has emphasized the strike is unauthorized.

The telegram said: "On Friday, January 15, 1943 the National War Labor Board issued a directive order calling upon all miners on strike in the anthracite coal field to return to work immediately. I have been informed that several thousand miners refused to obey the order of the War Labor Board and are still out on strike."

"In the interest of the war effort, all directive orders of the National War Labor Board must be complied with by all employers and all employees."

"Therefore, as commander-in-chief of the armed forces, I direct

PROBE OF FCC BY CONGRESS

Investigation of Commission Promises Fireworks

Washington, Jan. 19—With one eye cocked on the White House for President Roosevelt's expected intervention in the Pennsylvania anthracite strike, congress moved today toward a full-scale investigation of the Federal Communications Commission, and possibly of the entire radio industry.

Slated for house action was a resolution, unanimously approved by the rules committee, calling for appointment of a five-man committee to inquire into the FCC, its policies, personnel and activities.

Rep. Fish (R-NY), ranking minority member of the Rules Committee, predicted it would be "one of the hottest" investigations on record.

The author of the resolution, Rep. Cox (D-Ga) expressed confidence that it would be approved overwhelmingly.

"I want," he said, "to find out if an effort has been made to set up through a campaign of terrorism a censorship over all communications of the country, and whether some of the people employed by the Commission are truly Americans."

The Georgian, long a critic of FCC Chairman James L. Fly, declined to predict what course the inquiry would take, but said it

(Continued on Page Six)

SEEK LARGER PENSION PLAN

Says Social Security Rates May Reach 10 Per Cent

New York, Jan. 19 (AP)—Secretary of Labor Frances Perkins disclosed today proposed revisions of the social security plan which would make it provide larger old-age pension payments and maternity, funeral and other benefits. She said they might be presented to President Roosevelt soon.

Miss Perkins told 200 persons at a town hall meeting that the proposals would increase, progressively, the total social security premiums from employers and employees to an amount equal to 10 per cent of pay-checks.

She said the government would not be required to be a third contributor until after the expanded program had been in operation 10 years.

She said the proposals also would provide payment for all interruptions of employment, regardless of cause.

Miss Perkins said the revision had been prepared by experts in her department, but had not yet reached official hands.

The labor secretary said "the need for this extension and development of our system was emphasized by President Roosevelt in his annual message to the Congress of January 7, when he said: 'When you talk with our young men and young

Rommel Rushing Toward Tunisia Is Expected To Make Stand At Border

ALLIED GAINS PACIFIC AREA

Land Forces Advance; Subs Sink Jap Ships

By The Associated Press

Gen. Douglas MacArthur's headquarters announced today that Allied troops in New Guinea had captured Sanananda Point and Sanananda village, wiping out all but three small pockets of resistance by survivors of a 15,000 man Japanese army in the Papuan jungles.

Coupled with this blow to Japan's far-flung invasion armies, British headquarters reported fresh gains in three sectors by Field Marshal Sir Archibald P. Wavell's legions driving back into conquered Burma from India.

Simultaneously, a bulletin from the Navy Department in Washington announced that American submarines slashing at Japan's vital supply lines had sunk an enemy destroyer and four other ships. Two others were damaged.

None of these actions had been reported in previous communiques to the navy said.

Other far Pacific developments saw Honolulu under a 17-minute air raid alarm, officially attributed to the presence of "unidentified elements later reported as friendly," while Allied war planes rode the skies from Burma to the South Seas inflicting heavy new punishment on the enemy.

Gen. MacArthur's headquarters said the capture of the two key Japanese strongholds on the Papuan beach climaxed a series of coordinated attacks by two American and three Australian infantry forces.

The communique did not say whether the Japanese were annihilated or managed to escape into the jungles.

All that remained of a Japanese invasion army which once drove within 32 miles of the Allied outpost at Port Moresby, 120 miles

One British Column Within 50 Miles Of Tripoli, Another Only 90 Miles Away; Allied Airmen Blasting Retreating Enemy; Axis Tank Attacks Made Slight Ground Gains In Tunisia

By The Associated Press

Cairo, Jan. 19—The British Eighth Army spurred into the home stretch of its drive across Libya today with an advance which carried one or two attacking columns to within 50 miles or less of Tripoli—closer than Marshal Rommel came to Alexandria last summer.

With Gen. Sir Bernard L. Montgomery pressing home the attack, the Axis had only a matter of hours in which to check the onslaught for an attempted stand, or to quit the city in a withdrawal toward the Tunisian border 100 miles to the west.

Montgomery's most advanced column was operating inland, and a communique said it had driven Axis forces from Beni Uld and was in contact with the enemy toward Tarhuna, which is only 40 miles south of Tripoli. Tarhuna is some 60 miles beyond Beni Uld where the Axis suffered heavily in a tank battle with the British.

The second British column sped along the coastal road, passing through Misurata and Garibaldi and reaching the Zliten area, 90 miles east of Tripoli, the last stronghold of Premier Mussolini's one-time African empire.

Observers said the British strategy might be to bring the columns together for a converging attack on Tripoli, or to attack the city with the coastal column and by-pass it to the south with the inland column.

There were indications that Rommel had decided, or had been ordered, to yield Tripoli and attempt to get as many of his men as possible

(Continued on Page Six)

Will You Help To Cheer Servicemen?

More than 600 men of the United States armed forces have stopped at the Vines House during their recent week-end furloughs. Mrs. John Horne, "House Mother," said today "Of all the servicemen to stop with us over week-ends we have a 99 per cent record of good conduct, and we're proud to have a part in entertaining them."

"Mother Horne," as the soldiers, marines and sailors call her, said.

The Vines House was taken over by the Salvation Army and under the sponsorship of leading Greenville business men and women to provide a stopping place for servicemen with some of the comforts of home and at a nominal cost. The institution is doing a fine work.

The building was vacant when taken over. Through solicitation of the Reflecter and the radio station people of Greenville responded generously with gifts of household furnishings, etc., for the benefit of the servicemen.

"There is no profit in the patriotic venture," Mother Horne stated. "It is for the benefit of the boys in service," she added.

"The Vines House needs more equipment and furnishings—pillows, blankets, quilts, chairs, rugs, or any pieces of home furnishings that you do not need in your home. If you have anything for the home that has been discarded or what you don't need, phone us and we will send for it," Mrs. Horne said.

Phone, see or write either of the committees for tickets as soon as possible. To the men in service Greenville people are saying, "Our Greenville, Yours If You Come."

Money derived from sale of tickets to the "President's Ball" will be turned over to the National Infantile Paralysis Foundation.

Hundreds of Marines from Cherry Point, soldiers from Camp Davis, coast guardsmen, from the Navy and air corps will be invited in numbers according to tickets people here buy. County and city officials heads of civic and other clubs, educational and other groups are going to help sell tickets and "do things in a big way for a grand social event, with servicemen and officers as special guests."

An overflow crowd is expected, according to orders now coming in for tickets from groups of from two to a dozen or more. The ball will be entirely informal. "Casino raffles will not keep back the crowd. Anybody that can dance several hours can walk a few blocks to enjoy the social event," Chairman "Bill" Lee said today.

Present indications are that the tickets will all be sold by the end of this week, a committeeman stated.

Plan To Increase Armed Forces To 12 Million

Washington, Jan. 19 (AP)—Declaring he had heard that plans are under way to increase the armed forces to a total of 12,000,000 men, Senator Thomas (D-Okla.) called for a draft curtailment today until Congress is told just how large an army is needed to win the war.

Thomas, chairman of an appropriations subcommittee handling war department bills, told reporters he favored delaying any further large increases in the size of the army "until we can take an accounting of the needs."

"I think we ought to have every pilot and every mechanic we can get," he declared, "but I doubt that we need to have many more men in the infantry, for instance, than we have now."

Thomas said he would raise this

9-12 a. m. 2-5 p. m.
Tuesdays and Wednesdays:
7:30-10:00 p. m.
Workers should wear wash dresses and head coverings.

U. D. C. Meeting
The George B. Singletary Chapter of the United Daughters of the Confederacy met with Mrs. J. H. Boyd, Jr., on Seventh Street for the regular monthly meeting Thursday afternoon, January 14th. The meeting was opened with reading of the ritual and song "Carolina," and pledging Allegiance to the American Flag and also to the Confederate Flag. The president, Mrs. L. Fleming, presided over the interesting business session. Minutes of the December meeting held with Mrs. E. B. Pace, were read by Mrs. P. E. Wells in the absence of Mrs. Eugene Robeson, secretary. Mrs. W. P. Moore, treasurer, reported that all obligations had been met and bills paid, and that these were still on hand funds to help sponsor a Pitt County girl to become a trained nurse at Duke Hospital.

Stella Croghan, of East Carolina Teachers College, who had been asked to investigate and report the requirements for the girl seeking training for a Red Cross nurse, gave a very comprehensive report and she recommended a Pitt County girl, who has a good record and at present is a student at E.C.T.C. but who needs help to obtain the desired training. The chapter decided unanimously to support the girl for a three year course at Duke Hospital. The historian, Mrs. T. T. Hollingsworth gave an interesting report about her work in the High School and Grade Schools. She urged the Daughters to attend a special program on Robert E. Lee, to be given at the Training School, Wednesday morning, January 20th, 9 A. M., after a special invitation from Miss Wahl. The president asked all present to save scrap-book material to make the Historical Scrap Book for the year, and to look for books written during the Confederate period, or concerning this period, and to bring them to the next meeting, so they can be placed in the Library, on the U. D. C. shelves. Mrs. R. C. Deal reported members and Mrs. J. G. Lauterbach reported on the work done in the Red Cross Surgical Dressing rooms. More members were urged to take part in these patriotic activities. The beneficiary of one of the U. D. C. scholarships, Miss Dail Pitts, of E.C.T.C. kindly offered to make the Chapter's Year Books for 1943. Miss Croghan stated that the year was gratefully accepted by the Chapter. Several members placed their subscriptions to the U. D. C. magazine "The Bulletin." The N. C. Division, U. D. C. with pardonable pride, announces that Mrs. R. O. Everett, Division President broke an all-time record for the Division at the General Convention recently held at St. Louis, Mo., when she won the Frederick Trophy for the second successive year, in her term of office for the best and most concise report given. Mrs. T. A. Person then told us many interesting facts about the University of Virginia, and a lot about its Confederate history. Mrs. Boyd, assisted by her mother, Mrs. J. C. Taylor, of Como, served delicious refreshments of chicken salad with accessories and Russian tea. Mrs. T. T. Hollingsworth asked the members to meet with her at her home, on Jarvis Street, for the February meeting.

Address Assembly.
"The Spirit of 1943" was the topic chosen by President L. R. Meadows for college assembly this morning. "We often hear of the 'spirit of 1918'," he declared, "but what I want to talk about is the 'spirit of 1943'."

After reading from the Sermon on the Mount a short passage that included Jesus' admonition, "Love your enemies and... pray for them which despitefully use you," Dr. Meadows raised the question how many of us are doing that?

"If through meditation and prayer," he said, "the Japanese and Germans could be brought to recognize a law higher than that of their country, wouldn't that be better than conquering by bullets?"

He then spoke of the various elements entering into the "spirit of 1943," saying it is the most important of the spirit of Christ, seen in sacrifice, in helpfulness, in service, and in the purpose of the Americas in this war, to make possible a better life for all.

"May we continue to grow in all these things," he said as he closed his talk.

Training School P.T.A.
The Training School P.T.A. met Wednesday at 3:30 in the school auditorium.

The association voted to sponsor a Penny Milk project through voluntary donations. The association also voted to hold the February meeting at night and to urge all fathers of Training School children to attend. The Fathers' Night program will have as its subject "Victory Gardens."

Miss Ruth Prichard spoke to the association on "The Selection of Children's Books." She named books which would appeal to children of all age levels, illustrating her talk with books from the city library. Miss Prichard concluded her discussion with a short poem which described how reading aloud by a mother could influence a child's life.

Knitters Gossip

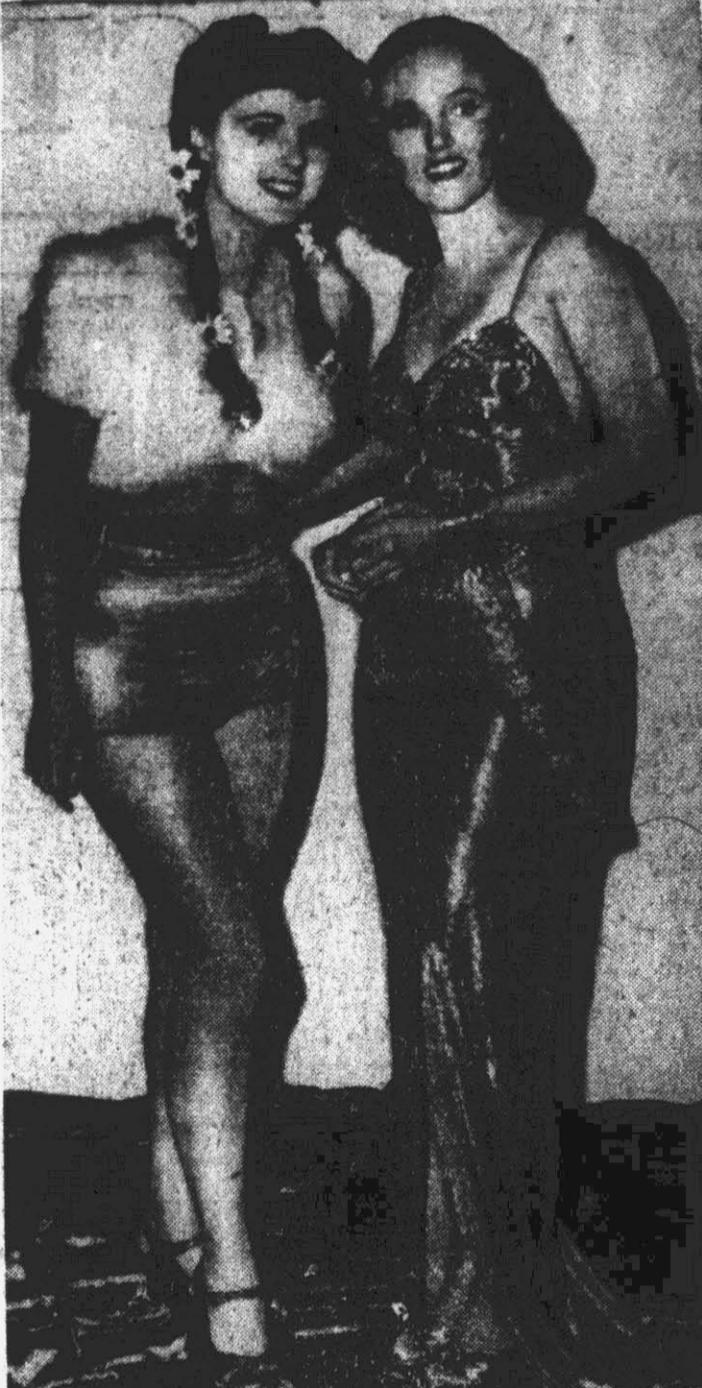

The Red Cross Volunteers, of Fountain brought in 10 finished sweaters for the U. S. Army and secured 10 pounds of wool to make 18 to 20 additional sweaters. The Fountain women have proved themselves very good and willing knitters.

The shipping committee, under the direction of Mrs. Robert Lang are today shipping 43 Navy sweaters, 23 pairs of socks and 2 helmets.

We have many women knitting now but we need twice the number badly.

The second turtle neck sweater was received today. Hurray! Now we have just 98 to do!

In 1920 the entire aviation group of the U. S. Marines consisted of 42 pilots.

DOUBLE CAREER GIRLS—Showgirl Kay Aldridge (left) is a professor's assistant off the stage and Georgia Carroll (right) paints when the theater gives her free time. They are shown in costumes they wear in a movie.

Forty Years Ago, Today

THE DAILY REFLECTOR
January 19, 1903

To vote on bond question. Greenville will again try to get in the procession. The General Assembly of North Carolina do enact: Section 1: That the Town of Greenville is hereby authorized and empowered to issue, in its name, sixty-five thousand dollars of interest-bearing coupon bonds for the purpose and in the manner hereinafter set out. If a majority of the qualified voters of said town shall vote in favor of issuing such bonds at an election to be held as hereinafter provided.

Recital Thursday
Mrs. W. H. Tolson will present her younger pupils in recital Thursday, January 21, at 7:30 p.m. in the Sheppard Memorial Library. The public is invited.

Concert At E.C.T.C.
The chart for the reserved seats for the Rise Stevens concert, to be given next Tuesday evening at East Carolina Teachers College, will be at Warren Drug Company this evening from 7:30 to 9:30. Holders of season tickets can then get their reserved seat tickets and others can get single tickets.

Rise Stevens has risen rapidly to the first rank of opera singers and though still under thirty sings some of the most important roles in Metropolitan Opera—such as the title role as Mignon, Delilah in "Sampson and Delilah." In the past year partly because of her untiring work in the Hollywood Victory-Caravan she has become one of the best known and most popular singers in the country.

Shortly before that she had made a spectacular success in the movies as the leading lady in "The Chocolate Soldier." The sale of her records is further testimony of her increasing popularity.

NEWS OF GREENVILLE HIGH
By CORA REDDITT

G. H. S. News, which is sponsored by the Student Council, was presented last night over WGTC by Treva Thomas and Joyce Corbett. Radio GHS News for the past two years was presented by the Green Lights staff, however, the journal class was smaller this year than ever before in its history and so was unable to give radio news. A committee was formed by the council to broadcast the high school news.

Junior High.
"Jake" Hadley, representing the Junior Chamber of Commerce of Greenville, spoke to the Junior high school pupils this morning at the homeroom period.

The chapel was held to present "The chapel was held to present Junior Commandos," to the stu-

dent. The "Junior Commandos," whose uniforms were posted in the window of, or what was Nesbit's Store and are now posted in the hall opposite the office, will receive ratings the same as the armed service. The "Junior Commandos" rank will be designated by the amount of scrap he collects.

Library News
A section of the library has been fixed with posters of America at war, and a book shelf with war-time information and war-time activities. There is a poster explaining the "Educational Program of the United States Army, before you enter the service and after you enter the service." There are pamphlets answering "What Can I Do?" for Civilian Defense. And many other interesting helps and information is given.

Winterville News
Miss Annie Sue Hunsucker of Fountain spent the week-end with her parents, Mr. and Mrs. R. H. Hunsucker.

Mrs. Norman Peede of Raleigh spent last week-end with her parents, Mr. and Mrs. Will Beppard and Mrs. Leon Evans attended the funeral of the little Oakley child Sunday afternoon.

Mr. R. L. Abbott is quite ill at his home here.

Mrs. Dixie McLawhorne has returned from Mississippi where she visited her husband who is in camp there.

Miss Whitesides of Walstonburg spent the week-end with Mrs. Coy Tripp.

Mrs. Addie Cox is ill in Washington hospital.

Mrs. L. A. Barnes, Jr., and little daughter came home from the hospital Saturday.

'ROSE OF SAN ANTONIO'—Ione Nixon (above), 21, named "Rose of San Antonio," Tex., visits a Los Angeles, Calif., pool as part of a vacation sponsored by the Texas city. Her horsemanship and beauty won the trip.

ography, history, economics, cultures, religions, that will be worldwide in its scope, "global in its understanding"; (2) a concern for the physical well-being of the whole world, for better standards of living for all people; (3) recognition of the obligation to give honest work in return for protection given students by freedom from care during the years of study and preparation an inner discipline that makes him as sincere and honest in his use of time as his fellow workers in other fields where their production can be checked on immediately; (4) a fellowship, a spiritual unity which is respect and understanding, that is world wide.

The program at which Dr. Milner spoke was the regular monthly meeting of the A. A. U. W. with Mrs. J. E. Winslow presiding. It was voted by the group to go on record as favoring the continuation of the Art Center for Greenville.

The present division of the world into five climate zones was established in 640 B. C.

done to equip and make working conditions in the department such that a well-rounded home economics program has been developed. The home economics classes have rendered services such as the making of bedside trays and bed-room shoes for the Red Cross, draperies for the High School Library, made slip covers for and painted wicker furniture for the library, made draperies for the principal's office, and furnishings for the home economics department.

Seaman Mary Alice Averett On Visit

Miss Mary Alice Averette, daughter of Mrs. Sallie Averette of Winterville, who joined the WAVES, an auxiliary women's corps of the United States Navy early in December, has been in training at Cedar Falls, Iowa. She has been transferred to a training school at Norman, Okla. She is to report there on January 29. In the meantime Miss Averette has graduated from the practice seaman to seaman second class. Her next advancement will be to the rank of petty officer. In between changing schools Seaman Averette is visiting her mother at Winterville. She was in Greenville yesterday.

Her experiences at the training school were thrilling and inspiring. Pitt county's only member of the WAVES told a Reflector reporter today. "There is no limit to the good work women can do in this war with proper training. I'm glad of any opportunity."

Two Winters Of War In Russia Summed Up

The second winter of war in Russia finds the Germans on the defensive again. During the summer of 1941 the Nazis were able to advance in northern and central Russia almost to the gates of Moscow, only to be pushed back when winter set in. The area regained in that offensive is still in Russian hands. In summer of 1942 the Nazis forged ahead again, this time in the South, reaching Stalingrad and coming within sight of the Caucasian oil fields. The 1942-43 winter offensive, now two months old, finds the Russians making a comeback drive recapturing territory (black areas) lost this year and even some in the area lost the previous year. The key objectives, however, on which the outcome of future battles depend, are still in German hands. The holder of Rostov, Kharkov, Kursk, Bryansk, Smolensk, Vyazma and Kiev, will have the advantage of rail-supplied springboards for the coming summer. Solid black line presents approximate present battle line. Within the area regained the Russians have pocketed Nazi troops before Stalingrad and at Millerovo.

Says Flynn Undressed Her

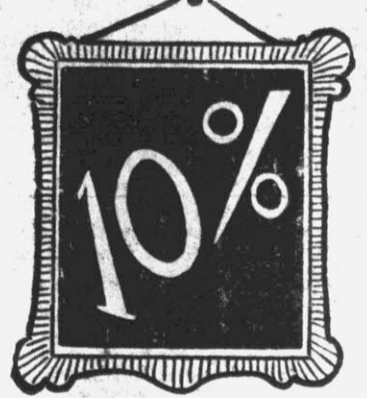

Betty Hansen, 17, appearing on the witness stand at Los Angeles during the trial of actor Earrol Flynn on statutory rape charges, here relates that Flynn took her to an upstairs bedroom of a Bel-Air home after a dinner party last Sept. 27, and "began undressing me." She also testified that he removed all his own clothes except his shoes. She admitted to defense questioning that she had no objection and made no outcry or commotion during events which followed the disrobing.

Flynn Besieged By Autograph Hunters And Admirers

Earrol Flynn found a big throng in the corridor outside the Los Angeles courtroom where he is on trial on statutory rape charges each time he entered and left. Women admirers and autograph hunters blocked his passage and one woman ran up and kissed his hand. Another snatched his breast-pocket handkerchief and urged that he autograph it. In all, three rape charges were brought against Flynn.

Strength FOR THE DAY

LIVING FOR OUR FAITH The word "martyr" comes from a Greek word, "martyros," which means a witness. Because witnessing has often resulted in suffering and death, we have come to regard a martyr as one who suffers or dies for his faith.

There are too many people willing in theory to die for their faith, when it seems perfectly apparent from a reading of the Bible that God wants men and women to be willing to live for their faith.

It is always well to remember that in the beginning a martyr was not one who died for his faith, but one who lived it by day.

ABOUT THOSE TRAFFIC LIGHTS

When the Board of Aldermen meet Thursday night it is to be hoped that it will give consideration to the suggestion to halt the use of traffic lights here for the duration as a means of saving gasoline.

OUR CONGRATULATIONS

Congratulations are in order for the local Girl Scout organization which holds its annual banquet tonight.

LET'S DO IT EVEN BETTER

There has been some improvement in the condition

idea was brushed off with a few snickers as a political gesture. However, it started some people thinking.

As a result, research officials of the Department of Agriculture, in cooperation with one of the major automobile manufacturers which produces Jeeps, have just completed field tests near Auburn, Ala., and Toledo, O.

WASHINGTON IN WARTIME

Washington-It may not seem important now, but any one who remembers the junk-heaps of war material that piled up after the last war will realize how important it will be some day that the Department of Agriculture has proved that Jeeps may become the all-purpose farm vehicles of tomorrow.

PACIFIC PATROL BY ELEANOR ATTERBURY

Chapter 27 Radio Station When, a moment later, she discovered the faint foot path scaling the steep bank, Mary hesitated no longer.

"Come on," she called over her shoulder to the old Indian who still muttered, grumbling disapprovingly. She had to see where the west wind was blowing, for she was up to her neck in the brush, and she scrambled up over the rocks, caught at low shrubs to help pull herself along.

But lately someone hadn't found it inaccessible, she thought as she stopped a moment to catch her breath. Standing Bear, silent footed in his moccasins, overtook her.

"No good to go on up here," he shook his head. "Better come back now."

"How do you know? Ever been up here before?" Mary demanded. He nodded. "Many times. Just big mountains. No good hunting. Too steep."

No good deer hunting, maybe. Mary amended silently. But if you were hunting for a girl with sable-black hair and a man with a blue-eyed grin—

Mary climbed on. Not that she knew what she would do if she found them! Not that she could explain the drive that urged her on and on, that she was inviting danger as obvious. That every step brought her nearer to whoever was hidden up here was obvious.

What a splendid hideaway! One could live here almost indefinitely without being discovered, probably. The lush grass showed the soil was fertile. Up the high trail there would be water all year around.

As her conscious mind noted these details, she became increasingly aware of a feeling that she was being watched.

The old Indian grunted, walked on past her down the wide trail a few steps. Then he beckoned to her.

"Somebody here, all right," he pointed to fresh marks in the dirt. "Three-four man. One woman."

Mary saw then, too. Now that they were into the little valley, the trail was no longer of smooth granite. Here in the deep loam the footprints were easily discerned.

She saw the small mark of Carmencita's high-heeled slippers herself. At least she supposed it was Carmencita's. And the broader, heavier imprints of a man's boots.

"How do you know it's more than one man, Standing Bear?" she asked immediately.

"One man carry heavy load. This one man carry to a deep footprint. This man big feet—no load. This one feet not so big. Sometimes they running."

Mary couldn't read all of that from the story of the prints but she knew Standing Bear was not mistaken.

"Where were they going, do you suppose?" "House over there," he pointed to what looked to Mary like an impenetrable clump of dwarfed pines. "Build'em log house. See."

Now he pointed to two newly-made tree stumps.

"Could we get close enough to see without being seen?" "The Indian shook his head in violent protest, now. His old eyes were sharp with fear. "No go there. Come back now."

"Why Standing Bear? I believe you are afraid," she said astonished. Never, since she could remember, had she ever been afraid in the man's face. He'd been known to get enraged grizzly single-handed.

He'd faced mountain lions. He'd been caught in earth-shaking storms. Mary'd never heard of his being anything but completely competent.

"What's the matter with you?" "Wewils in that house. Evil spirits. Witch man makes talk. Spirits make talk. Sometimes evil spirits get mad. Then blue sky fire."

Alarmed, Mary tried to translate the Indian's jumbled story. "What do you mean 'spirits make talk'?" "Out of a box. Small, like this. One side empty. Talk comes there."

"A radio, you mean?" The old man scratched his head. "No radio—no noises like Father Francis' box talk."

Mary began to understand. A radio that wasn't picking up musical programs like the ones the old priest loved dearly. A radio that talked. A radio! Here in the heart of his vast mountains!

Rotarians Hear Farm Programs

Government agencies are united to increase farm production 10 percent in 1943. It was brought out clearly when representatives of three of the agencies told their part at the Rotary Club meeting last night.

The most important assignment for the farmers of Pitt County for the next two or three years, is the production of food. Since December food has taken a relatively more important place in the war effort.

Next Mr. Mobley spoke, telling how Vocational Agricultural Teaching was started with 21 teachers and has expanded to include a great number but uncertain due to many of the teachers being absorbed into other phases of the war effort.

This is being done by study of farm planting, production, introducing of fruits and livestock. Each boy who takes the course must carry out a project. The school which is well equipped serves as a laboratory.

Next Mr. Mobley spoke, telling how Vocational Agricultural Teaching was started with 21 teachers and has expanded to include a great number but uncertain due to many of the teachers being absorbed into other phases of the war effort.

SOME QUINTS USE FRESHMEN

Rookies Making Good Showing On Varsity Teams

By BARTON PATTIE

Richmond, Va., Jan. 19 (AP)—Only a handful of freshmen have crossed varsity squads since the Southern Conference played the use of first-year men last month but some of these already have become stars in the loop's basketball campaign.

The University of South Carolina leads in the use of rookies with three starters on its quint which has topped such teams as Georgia and Wake Forest. These are Bobby Giles and Henry Martin, both of Columbia, S. C., and Furman Middle, of Greenville, S. C. Martin and Middle, forwards, are the team's highest scorers.

The University of Richmond's quint came up with a freshman ace in Freddie Gant, an all-state player, while with John Marshall high here and an all-tournament star in the Durham, N. C., school's line.

Another freshman is Fritz Napp, North Carolina's offensive center and defensive forward, who has racked up 21 points in seven games and is the second highest scorer in the Southern Conference. North Carolina also has a dependable first roller guard in Edgar Lougee of Durham. He is a cool, steady long-shot artist.

Freshmen have found the veteran competition too keen to break into the starting lineup of George Washington's conference leaders but the runnerup squad in the loop standing, V. M. I., boasts an outstanding rookie in Allen Clay, all-state high school forward from Norfolk's Marmy High. Clay won a fresh numeral in football, V. M. I. also is grooming seven freshmen for the swimming team with at least two—Bob Carrington, Richmond sprinter and relay, and Jack McCall, Baltimore, 220 and relay—expected to be heavy point winners.

Washington and Lee's top flight cagers are expecting plenty of help from Fred Wilson, Washington, D. C. He was selected as an all-metropolitan player at the capital's Woodrow Wilson High last season. Clemson has three freshmen reserves—Frank Gillespie, Tams, W. Va.; Bill Hochella, Bethlehem, Pa.; and Francis Hendrix, Great, S. C.

Two Davidson newcomers have played in varsity games so far—Ed White, guard, Richmond, Ky., and Bill Hodgin, forward, Charlotte, N. C.

Virginia Tech has a "rat" guard in Harry Buskirk of Logan, W. Va. The Techmen also are using freshman Tom Wiley, Crozet, as a 145 pounder on the boxing squad and Warren Dannenburg, 121, Tulsa, Okla.; Cecil Johnson, 145, Norfolk; Joseph Fitzsimmons, 155, Charlotte; N. C. and Homer Eimers, 175, Washington, D. C., as wrestlers. Buskirk, a promising cager, was a standout at fullback on the football eleven. Dannenburg, a semi-finalist in the National Intercollegiate tournament last year, declined entry of Duke in his opening varsity match without having a point scored against him.

Maryland's strong cage squad includes two freshmen, Carl Julian forward, Chevy Chase, Md., and Jack Love, Hagerstown, Md.

The University of Virginia, a leading independent basketball outfit

Basketball Scores

N. C. Navy Pre-Flight 68,
N. C. State 55,
Appalachian, 54; Guilford 35.

In the conference area, has as its tallest player, Freshman Bill MacBramney, Monticlar, N. J., who has alternated as a starter at center.

Virginia League Out For Duration

Roanoke, Va., Jan. 19 (AP)—Directors of the Pullaski Club of the Virginia league have agreed to the suspension of the league for the duration of the war. Business Manager H. F. Broesele said today.

The action taken at a meeting last night, should make unnecessary a second meeting of league directors to reconsider their disbandment of the league, Broesele said. This meeting was called last night by C. R. Williams, president of the six-team Class C league, after he had received a telegram from Judge W. O. Bramham, president of the National Association of Professional Baseball Leagues. Pullaski had lodged a complaint with Bramham.

Broesele said this morning the local club derived satisfaction from Judge Bramham's action which gave the Pullaski club time to consider conditions facing baseball this year. However, he said the ban on pleasure driving would hamper operation of baseball at Pullaski because there is no public transportation to the park.

Sports Roundup

By HUGH SULLIVAN, JR.

New York, Jan. 19 (AP)—Jesse man: Ralph Higgins, Oklahoma A. and M. track coach, has figured out how colleges can save on travel by adopting the Oxford-Cambridge scoring system for dual track meets. Only first places are counted at one point each. Higgins' idea is that eight or ten-man squads would be enough for the 11 events if some athletes double up. Harry Walker, who'll fill Terry Moore's place in the Cardinals' outfield, is the father of a baby named after Terry.

Erig. Gen. John J. Finnan, noted double-baller and boxing commissioner got a taste of his own medicine the other night when he got out to investigate a bout between "Kid Killen" and "Duffy Roo," neither of them licensed boxers. The General admitted the fight was on him when he learned Duffy was a boxing kangaroo, whose appearance was a radio gag arranged by Ralph Edwards.

Today's Guest Star

Russ Needham, Columbus (O.) Dispatch: "What the Cardinals did not do toward breaking up the Yankees, apparently the war is completing. One gets this idea contemplating what the American League champions will have left if Joe Dimaggio is successful in his intention of enlisting in the armed forces."

One-Minute Sports Page

One reason for the Rangers' sour showing this hockey season is that visiting players admit New York fans and officials are the most impartial in the league. "Playing in New York is just like playing on the road," Coach Frank Boucher explains. Johnny Evers, still counted to bed with one side paralyzed, dictated a letter to the local newspaper

ball writer saying he hadn't missed one of the annual dinners yet and doesn't want to miss this year. There's no big-time basketball in war crossed Washington this winter because Georgetown and George Washington had to move out of Riverside stadium, where they used to play on a board floor over the ice. They could get 3,500 fans into the high school gym they now use—If school authorities would trust an inexperienced crew to set up bleachers.

Small World

Pet. Mickey McConnell, former Brooklyn Dodgers' farm secretary, who is handling the Fort Knox, Ky. basketball team now, read the other day that the Elmira Eastern League club was looking for Andy Cohen to offer him a job as manager. The next morning Mickey got a letter from Cohen dated "somewhere in Africa"... And Andy didn't know Mickey also was in the Army.

Service Dept.

Star Sgt. Louis Defery, who has been invited Major League ball clubs to visit Mitchel Field, N. Y., reports that eleven have answered "yes" and the other five haven't answered. Lieut. (jg) Johnny Fischer, former National Amateur Golf champ, has been named chairman of the officers' mess golf committee at the Norfolk Naval Training Station. Among the Marines who died in action on Guadalcanal were Terry Reynolds, a good welter-weight boxer from Philadelphia, and Tiny Edwards, San Francisco bantamweight. Maybe this is what's called riding an ump out of the league. During the baseball season, the Chamute Field, Ill. Planesmen used to sit Umpire Homa Kimbrell about his faulty vision. The next the Army Airman heard of him, he had enlisted in the Navy.

De'nal, Brotham.

Leo Miller, whose Syracuse baseball club will train at Frederick, Md., this spring, claims it is going patriotic in a big way. The team will train at the birthplace of Barbara Fritchie and live in a hotel named for the author of the star Spangled Banner. Maybe the chiefs won't wince flag this year, but they can wave it.

CALLURA WINS OVER WILSON
Wins Featherweight Title On Points In 15 Round Bout
By SID FEDER
Providence, R. I., Jan. 19 (AP)—A lot of folks will tell you today that Jackie Callura is the new head

IT TAKES BOTH!

man of the featherweights—at least part of 'em—but the champ is really your old uncle Samuel.

There's no doubt that the little belting bull from Canada climbed all over Pittsburgh Jackie Wilson to take the national boxing association's portion of the 126 pound crown in the Providence arena last night, but now he has to wait on your old Uncle's say-so before he's going to be able to find out what he can do with it.

For Uncle Sam already has his finger on Wilson, who has been guaranteed first shot at Callura's crown, and he also has his eagle eye on Willie Pep, the whizz-bang from Connecticut, who has the title blessing of the New York State

BASEBALL HAS ITS HEADACHE

Many Players Expected To Be Late For Training

By JUDSON BAILEY
New York, Jan. 19 (AP)—Hold-outs may go out of fashion in baseball this year, but just as a rose by any other name is, etc., a lot of the Major League stars will be late for late reporting at spring training camps.

It is going to be a wacky season from start to finish and one of the strange slants is that managers not only will condone training tardiness for some of their players, they will recommend it.

This is because many ball players make their winter homes in sunny climes, particularly Florida and California, and can get in shape better at home than by hastening to northern training camps.

Paul Waner, veteran outfielder of the Boston Braves, is in this class, in fact, he probably will be at the head of the class.

Big poison, who will be 40 April 16, lives at Sarasota, Fla., and it would take a convoy to get him to Wallingford, Conn., the Braves' training base, in the middle of March.

Even in his younger days, when slated to be the Prima Donna of the Pittsburgh Pirates, Waner was reluctant to leave his Florida home for training camp in Southern California. This was nearly as much of a factor in his frequent holdouts

as disagreement over salary. Waner may work with John Cooney, 41-year old teammate, who also lives at Sarasota.

Paul Derringer, 36-year-old dean of the Cincinnati Reds' pitchers, is another member of Sarasota's baseball colony and a likely late arrival when the Reds begin work at Bloomington, Ind.

Bill Dickey, catcher for the New York Yankees, lives at Little Rock, Ark., and in recent years has been in no hurry to get to Florida, so obviously isn't going to lead the way into Asbury Park this spring. Manager Joe McCarthy will not object because he never uses the veteran in early workouts.

It's a cinch that Carl Hubbel can take his own time leaving his home at Oklahoma City to join the New York Giants at Lakewood, N. J. too.

However, this reasoning won't apply to every old timer who happens to live south of the Mason and Dixon Line. The managers will want to see for themselves that some prominent players actually are working to get into shape.

Louis (Bobo) Newsum, the squire of Harrisville, S. C., is one of these. Branch Rickey, president of the Brooklyn Dodgers, has been considering ways of getting Newsum to begin training early, but all of his plans call for having a coach on the spot to supervise the show.

A new type of propeller for American military planes has six blades, two sets of three each rotating in opposite directions.

What You Buy With WAR BONDS

Every shipyard in our country setting amazing records in the construction of a merchant marine essential to the transport of supplies and men to the seven seas. The overall cost of these hundreds of ships now building runs into millions of dollars.

Many of them are called "Victory" ships and you are contributing to this victory by your purchase of War Bonds... at least ten percent of your income, every payday. We'll need these ships after the war too, when Peace comes.

DAN DUNN - SECRET OPERATIVE 48

SO YOU HAD NO WORD ABOUT THOSE SMUGGLERS-- SHEILA, JUG, AND HEINIE, CHIEF?

NO, DAN, OUR FORCE HAS MADE A QUIET INVESTIGATION OF EVERY POSSIBLE HANGOUT-- I'M SURE THEY HAVEN'T CONTACTED LOCAL HOODLUMS.

HM-- THEN YOU'RE PRETTY SURE THEY'RE NOT HERE?

THAT'S RIGHT-- AT LEAST THEY DIDN'T SHOW UP AROUND ANY OF THE KNOWN HANGOUTS.

WHAT ARE YOU GOING TO DO, DAN. GO BACK TO SAN FRAGEL??

NOT YET, IRWIN-- I'M GOING TO TRY A STUNT OF MY OWN-- LET'S GET BACK TO THE HOTEL.

HELLO, EDITOR? THIS IS DAN DUNN, SECRET OPERATIVE 48-- I'VE GOT A STORY FOR YOU IF YOU'LL SEND ONE OF YOUR REPORTERS OVER--

WHAT THE DEUCE, DAN-- YOU NEVER GIVE OUT STORIES!

THIMBLE THEATRE - Starring Popeye

Now Showing: "Out On A Limb-O!"

THIS IS THE PORT WHERE POPPA LAST SEE ME! MOMMA

IT WASN'T FAIR

I KNOWS THE NAME OF THE HOTEL

ESCUSE ME, HOW DO I GET TO THE LIMBO HOUSE?

LIMBO HOUSE? YES, IT'S A HOTEL

HAH! I SHOULD'VE KNOWN ME POPPA WOULD STOP AT SUCH A PLACE

Plop

BEONDIE - by Chic Young

Mathematical Genius!

WHAT'S THIS, POP?

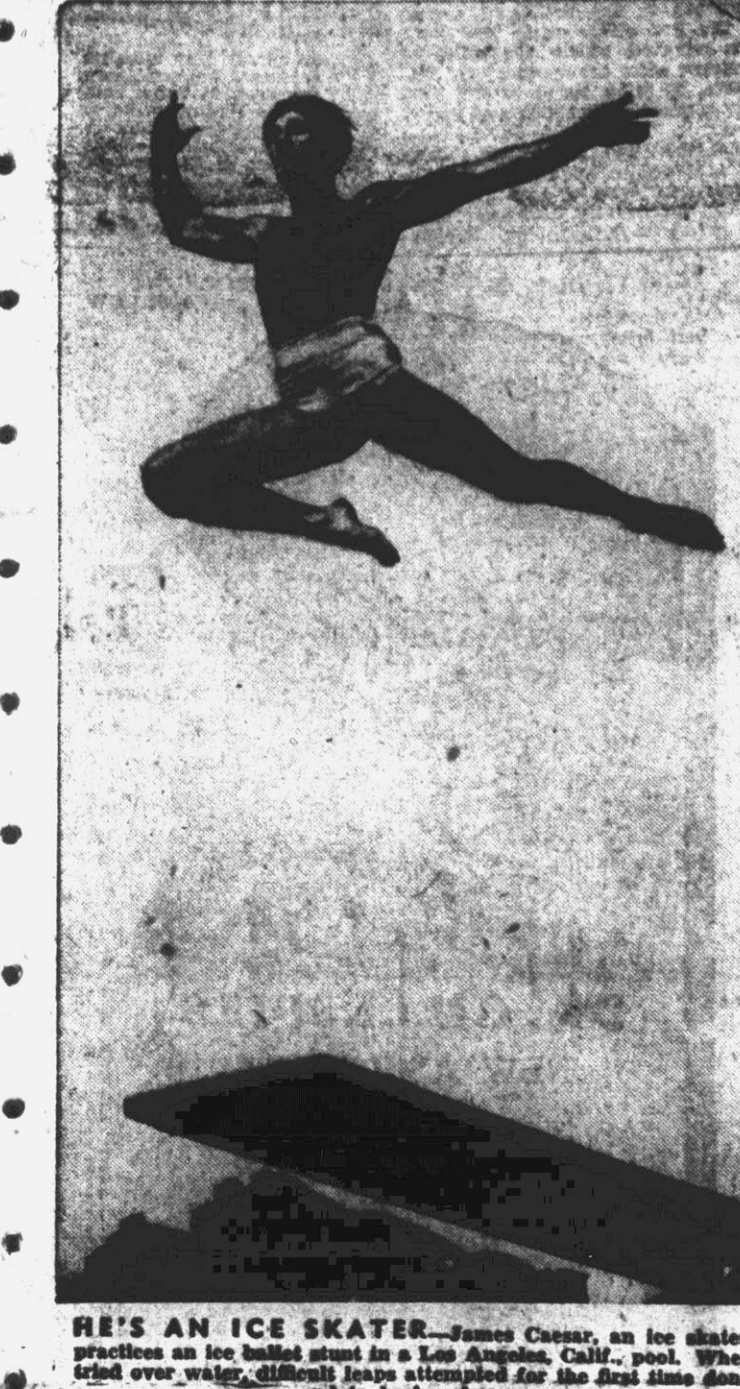

IT'S AN ADDING MACHINE... I BROUGHT IT HOME FROM THE OFFICE TO WORK OUT SOME REPORTS

WHAT DOES IT DO?

IT ADDS AND SUBTRACTS FOR YOU-- ALL YOU HAVE TO DO IS PUSH DOWN THE BUTTONS

OH, BOY! HOMEWORK WILL BE FUN, NOW

I'LL BE THE SMARTEST ONE IN MY CLASS NOW THAT I'M MECHANIZED!

HE'S AN ICE SKATER. James Caesar, an ice skater, practices an ice ballet stunt in a Los Angeles, Calif., pool. When tried over water, difficult leaps attempted for the first time don't end in broken bones.

FLYNN CASE IS RESUMED

Presentation of Testimony Against Actor Near End

Los Angeles, Jan. 19 (AP)—Testimony that Errol Flynn was nervous and perspiring when he was confronted by police and one of his two accusers was presented today at the 33-year-old film actor's trial on charges of raping two teen-age girls, Robert W. Bolling, one of the few remaining state witnesses to be heard in the prosecution's effort to convict Flynn of allegedly raping Betty Hansen and Peggy La Rue Satterlee, each 17.

Bolling said that on the night of last Oct. 14, following the alleged seduction of Miss Hansen at a party in a fashionable Bel-Air home, Flynn was taken to Juvenile Hall and was confronted by the blond, former Lincoln, Neb. girl who came to Hollywood seeking roles in the movies.

Miss Hansen at that time related her story of the events that took place at the party, said Bolling. "Several times she turned to Flynn and remarked: 'Isn't that so?' but Flynn's only reply was: 'so ahead, Betty.'"

When informed of Miss Hansen's charges, the actor gulped and sputtered over a drink, at first professed not to recall whether he knew the girl and then remarked: "Oh, yes. That little washed out blonde!" the officer continued. Bolling testified that Flynn denied the girl's charges.

Venereal Cases In Police Court

The following cases were tried in Police Court Monday: Drunks: Alonzo Poscoe, Tom Ellis, Milton Ward and Nathan Conroy, all colored, and Harry D. Stokes, each 30 days or \$15 fine, costs deducted.

Indian Chief Will Speak Boy Scouts

Chief William Red Fox, historian of the Sioux Indian Tribe and a graduate of Carlisle School for Indians, who has been in numerous motion pictures and on the Chautauqua lecture program, will speak to Boy Scouts and cubs and their parents and boys from 9 to 15 years old at Shepard Memorial Library Wednesday night at 8 o'clock.

Many Cases Tried In Superior Court

The better portion of the forenoon today in Superior Court was spent in hearing the case of State against Thad Little, service station and store keeper at a rural point, charged with illegally selling liquor. Two investigators for the State Alcohol Board of Control appeared as witnesses. The jury was deliberating early this afternoon.

Saw A Jap In Plane, Negro Told Farmer

A plane flying very low over the countryside adjacent to Greenville some days ago attracted considerable attention. A negro cutting shrubbery along a ditch bank on a farm near here stopped work, ran across the field with his bush axe on his shoulder and heading for his boss, who was working near the house. The plane kept circling low.

Seek Larger . . .

(Continued From Page One) women, you will find out that with the opportunity for employment they want assurance against the evils of all major economic hazards—assurance that will extend from the cradle to the grave . . . and this great government can and must provide this assurance.

Probe Of FCC . . .

(Continued From Page One) would be "no muck-raking investigation." In the senate wing meanwhile Chairman Thomas (D-Ola.) of the Appropriations subcommittee handling War Department bills called for a slowing up of selective service inductions "until we can take an accounting of the needs." He said he had heard reports of plans to increase the armed forces to a total of 12,000,000 men.

British Sweeping . . .

(Continued From Page One) sible into Tunisia to join Gen. W. Walter Nehring in a stand against Allied assault from both sides. It was noted that the Eighth Army swept unchecked through the fertile green oasis of Misrata which had been described as the strongest potential defense point between El Aghela and Tripoli.

No Change In . . .

(Continued From Page One) continued short if other recommended appropriations were granted. Rep. Lumpkin of Franklin introduced the amendment to cut off \$2,000,000 from the Senate measure, saying that adoption of the Senate bill would preclude the possibility of setting up a statewide nine-month school term. He urged that some disposition be made immediately of part of the surplus so that interest would not be lost.

Strike In Asheville

Asheville, N. C., Jan. 19—(AP)—A strike was underway today at the American Enka Corporation's plant here. Company officials said that about 200 employees in the wool spinning department walked out yesterday shortly after reporting for work at 7 A. M. and that the 3 P. M. shift did not report.

Emergency Seed Loans Available

Roy Hearne, Field Supervisor, Emergency Crop and Feed Loan Office, will be in the County Agent's Office, Greenville, Friday and Saturday, January 22 and 23 for the purpose of receiving 1943 Seed Loan Applications. Anyone desiring information regarding this program may see Mr. Hearne at the above place and dates.

Onrushing . . .

(Continued From Page One) gested coordinated action is the operation in the south. The lift which the Russian people got out of the breaking of the blockade of the city, named for their revolutionary leader and considered the home of the revolution itself, bolstered army morale and lent new momentum to the series of drives against the Axis armies all along the 1,200 mile front.

Waring Addresses Legion Officers

Burlington, Jan. 19—(AP)—Asserting that winning the war at the earliest possible moment should be made the paramount objective of this country, National Commander Roane Waring of the American Legion said "we must meet the challenge of this hour with the needs of the hour, we must make war."

Allied Gains . . .

(Continued From Page One) across the peninsula, was a small force pocketed in three groups west of Sanananda about 1,500 yards eastward from Sanananda Point, and behind the block of the main track.

ian troops in some cases. The Russians reported these developments on the long front: South of Voronezh Russian armies were within 118 miles of Kharkov, big Ukraine steel city, after occupying Aleksyevka on the Voronezh-Kharkov railway. Axis prisoners on this front alone now have increased to 31,000, of which 22,000 are Hungarians, 7,000 Italians and 2,000 Germans. It was reported. Ostrogorzhsk, 25 miles to the north-east is surrounded. Rossosh, Karpenkovo, and other populated points were taken yesterday along with vast amounts of enemy armament, the Russians said.

On the road between Otkhovatka and Shakhovka more than 1,000 trucks in "good running order" fell into Russian hands, one war bulletin said, and other Russian reports bore out this evidence of demoralization among Axis satellite troops.

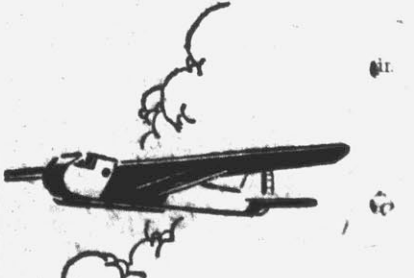

Further south the Russians were fanning out into the Ukraine at points 40 miles west of the Moscow-Rostov railway. One of these offensives is striking along the Millino-Voroshilovgrvsk railway as offshoots of the "surround and annihilate" Red army tactics.

Still farther south along the railway to Rostov the Russians crossed the Donets river, captured the Kamensk railway station, and fought their way into the city, it was announced. Kamensk is only 55 miles above Rostov, and the next approach is striking down the Millino-Rostov railway as offshoots of the "surround and annihilate" Red army tactics.

Sixty miles east of Rostov on the lower Don river the Russians apparently still were meeting their stiffest German resistance, but the northern approaches to Rostov down which the Russians now are advancing are considered the most feasible from a terrain standpoint. Below the Don river Nazi-held Salsk, 1000 miles southeast of Rostov, was reported within artillery range of big Soviet guns. Red army troops were swarming all over this area on the Stalingrad-Tikhoretsk railway after nearly a 200-mile march from Stalingrad.

What You Buy With WAR BONDS

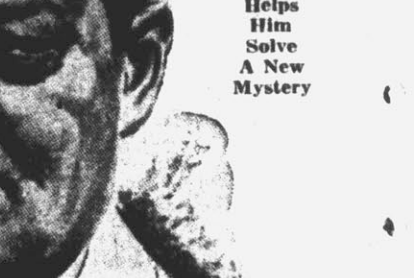

While we have not heard so much about them, our air-borne command is inferior to none. We have thousands of these especially trained troops and the glider is a necessary actor in their successful operation.

We build gliders in three types and their capacity is a military asset. The type shown here costs about \$19,000 each. Buy War Bonds with at least ten percent of your income every payday and help pay for these gliders for our intrepid fighting men. U. S. Treasury Department

NEURALGIA To quickly allay neuralgia or simple headache, take CAPUDINE. It brings such soothing comfort—and so speedily. Being liquid, Capudine acts fast. Use only as directed. 10c, 30c, 60c sizes.
