Reds Begin Drive From Black Sea Coast Toward Oil Region In Caucasus

Tremendous Losses Declared Suffered By Germans in Drive On Two Populated Places On Voronezh Front; Pushing New Spearhead Toward Rostov

Moscow, Jan. 28 (AP)—The hint of a new Russian offensive, launched from the Tuapse sector of the Black Sea coast, was given in today's official announcement of the Red Army's occupation of Apsheonskaya and Neftegorsk, two cities southwest of Maikop, center of the only oil region that Hitler's armies were able to take in Russia.

Apsheonskaya is little more than 19 miles from Maikop and Neftegorsk is 25 miles southwest of the oil center which was burned and blasted by the Russians before they moved out in the face of the German advance early last summer. It was held unlikely that Hitler's troops were able to get much oil out of the Maikop fields.

The news of this advance, tying in with other successes reported in the Caucasus which would help encircle the Maikop area, came as the Russians pushed another spearhead into the air bristling against Rostov and as fresh reports came of the surrender of thousands of cold-war-weary Axis troops on other fronts.

The Russian midday communique as recorded in London by the Soviet radio, stated that the capture of a number of towns in last night's fighting in the Caucasus but did not identify them.

Tremendous losses were declared also to have been inflicted on the Germans in driving them out of two populated places on the Voronezh front and more towns were reported taken on both the southern and southwestern fronts.

In all of the engagements the communique said sizeable stores of military equipment were captured.

The reduction of the trapped Axis forces before Stalingrad continued, the Russians said, asserting that a German general, three colonels and other officers were among those who surrendered during the night.

"The Germans put up a weak fire of resistance," the communique reported. "Every hour the number of prisoners is growing."

Says Russians On Finnish Territory

London, Jan. 28 (AP)—The Moscow radio broadcast a report today credited to a Swedish source that the Red Army had entered Petsamo, Finland.

The broadcast was heard by the Associated Press.

"This report lacked confirmation from any other source. The Morocco radio is at Rabat. Its operation is still in French hands although reports from North Africa have indicated it was under some degree of allied supervision. There have been hints, however, that it might be used by the allies in the war of nerves against the Axis Radio Maroc which is the French name for the Morocco radio."

The port of Petsamo, and the district of the same name, are above the Arctic circle in the narrow belt of Finland which separates Soviet Russia from far northern Norway. The port, some 65 miles northwest of Russia's port of Murmansk, is Finland's outlet to the Arctic ocean.

There have been no reports from Russia or Germany or army activity in that region. Murmansk, a vital port for allied supplies flowing to Russia, however has been under German air attack regularly.

Expect Close Vote On Nomination Of Flynn

By JACK BELL. Washington, Jan. 28 (AP)—An Associated Press poll indicated today that the Senate vote on confirmation of President Roosevelt's nomination of Edward J. Flynn as minister to Australia is likely to be decided by an extremely close margin next week.

Of 88 Senators reached in personal interviews, 28 Democrats and a progressive announced they would vote for confirmation of the President's long-time political and personal friend for the important diplomatic post.

Against these 28 favoring the nomination, 31 Senators, including four Democrats and 27 Republicans,

WINSLOW ELECTED HEAD FARM BUREAU

President To Provide Scholarships In State Educational Institutions

Raleigh, Jan. 28 (AP)—A gubernatorial commission headed by W. A. Stanbury recommended to the legislature today that a training school be established for delinquent Negro girls.

The recommendations were incorporated in a bill by Reps. Stoney of Burke, Everett of Halifax, Price of Rutherford and Gass, Gobbie and Hudson of Forsyth, providing that the Governor appoint a seven member board to obtain the property by gift or purchase.

No money was allocated for the purchase of property, however, but the measure provided the board could spend donor funds or could obtain by agreement the property or buildings of other state agencies.

Rep. Stone of Rockingham and others introduced a bill to provide for scholarships to any state educational institution for children of disabled veterans of either world war or for children of men killed in the present war. No more than 15 scholarships could be granted in any school year. If more applications were received, the 15 would be selected by the Veterans Association.

Bills to provide an optional statewide nine-month school term remained today in the hands of the joint education committee after ringing pleas for their adoption had been made at a public hearing.

"Neither democracy nor republicanism can hold up its face as long as any child in North Carolina is denied the same rights enjoyed by any other child," Joseph Daniels of Raleigh told the committee yesterday. The former ambassador to Mexico said the most important use of the huge state surplus "is to give a nine-month school to every child in North Carolina."

Dr. J. Y. Joyner of Lenoir, who was state superintendent of public instruction under Governor Aycock, said that "all progress in North Carolina has traveled hand in hand with the dissemination of knowledge through the schools."

Committee Approves Legislation Curbing Practices

Washington, Jan. 28 (AP)—The House Judiciary Committee approved legislation today to subject labor union leaders to penalties—heavy fines and imprisonment—provided by the 1934 anti-racketeering act in case involving interferences with interstate commerce movement, such as blocking truck shipments.

The committee's action in executive session was on a split vote, representatives Lane of Massachusetts and Celler of New York Democrats, opposing the bill, which was introduced by Rep. Hobbs (D-Ala.).

The legislation would subject to a maximum penalty of twenty years imprisonment and a fine of \$100,000 anyone interfering with interstate commerce movements during wartime. Hobbs said it was aimed at practices of some labor unions (Continued on Page Six)

Order Tickets Now President's Ball

Plans for making the President's Ball at the college Saturday night at 9 o'clock an outstanding success and bring in more money for the benefit of infantile paralysis sufferers are complete except for selling the tickets. They are a dollar each. They may be secured from Chairman "Bill" Lee or John G. Clark.

The people of Greenville and Pitt County are asked to buy tickets for themselves and service men to turn over to the committee so the committee will know how many to invite from the Marine Base and at Camp Davis. Orders for tickets should be mailed, phoned or sent in at once.

Greenville people hold a warm place in the servicemen's hearts. The committee hopes that orders for tickets will be given today and tonight. The ball is day after tomorrow night. The invitation to the servicemen must be sent to the bases tomorrow. Order your tickets now.

"Help to entertain the servicemen before they go to the battlefronts. Let's keep up the good name Greenville people have with the soldiers for friendly hospitality," Chairman Lee stated today.

A square dance in connection with the President's Ball will be held at the armory Saturday night, beginning at 8 o'clock.

Radio station WGTC will make a special President's Ball broadcast tonight from 9:15 to 9:45.

The final decision apparently rests with 20 Democrats and 8 Republicans who either had not made up their minds, or if they had, were unwilling to say so publicly.

Democrats generally were reluctant to comment on their position because of the political implications involved, but there were indications that balloting might not be strictly on party lines.

War Council Discuss Tactics With Eisenhower

Allied Headquarters in North Africa, Jan. 28 (AP)—A 48-hour conference here attended by the best military brains in Britain and America today sharply foreshadowed the day when the United Nations will use North Africa as a springboard into Europe.

The military chiefs conferred with Lieut. Gen. Dwight D. Eisenhower, commander in chief of the Allied expeditionary force in North Africa, after speeding eastward from the Casablanca conference of President Roosevelt and Prime Minister Churchill.

That they came to this theater after the policy-making Casablanca conference was taken as an indication of the Allies' considered a Mediterranean offensive against the Axis as one of the best bids for victory.

The meeting was held in the headquarters of Lieut. Gen. Dwight D. Eisenhower, American commander in chief in this theater, and for the United States was attended by General George C. Marshall, army chief of staff, Admiral Ernest J. King, commander in chief of the navy; Lieut. Gen. H. Arnold, commander in chief of army air forces, and other high officers.

Britain was represented by Field Marshal Sir John Dill, head of the British joint staff mission in Washington; Admiral Sir Dudley Pound, first sea lord; General Sir Harold Alexander, commander in chief of the Middle East; Vice Admiral Lord Louis Mountbatten, chief of combined operations (commandos) and others.

The seven men named conferred day and night for two days with Eisenhower after speeding eastward from the Roosevelt-Churchill meeting at Casablanca.

Surviving are his parents and a brother, Billy Woolfolk, two uncles, C. B. Lanier and State Senator J. Con Lanier of Greenville, and two aunts, Miss Maude Lanier and Miss Gladys Lanier of Greenville.

Lieutenant Woolfolk and Miss Martha Bland of this city were engaged to be married. They had planned to have the ceremony performed when he came home on his next furlough.

RAF BOMBERS RAID GERMANY

Nazi War Industries At Duesseldorf Blasted

London, Jan. 28 (AP)—The RAF hit the German city of Duesseldorf with several hundred tons of high explosives and incendiary bombs last night during the fourth allied aerial blow at the German war machine in two night and a day, it was announced today.

"Preliminary reports of last night's raid on the Rhineland by Lancasters and Halifaxes show several hundred tons of high explosives and incendiary bombs were dropped on Duesseldorf in 20 minutes," an authoritative statement said.

The Air Ministry had reported that six bombers were missing from a heavy attack on industrial objectives in the Rhineland, which continued a cycle of raids featured by the First U. S. Air Force assault on the Reich and the first bombing of Copenhagen.

Duesseldorf, a center of transport and heavy industry in northwest Germany, is 160 miles southwest of the Wilhelmshaven naval base which with Emden, was heavily pounded yesterday by United States heavy bombers.

The German high command in a communique broadcast from Berlin sought to discount the effect of the American blows, it declared that "a daylight attempt under the cover of cloud to bomb targets at Heilbronn" (Continued on Page Five)

Whiteville, N. C., Jan. 28 (AP)—Olin Fowler Jr., 19, and F. C. Bonner, 20, were under life sentences at hard labor today in connection with the holdup-slaying of Ira L. Godwin, a merchant of Brunswick County near here, last April 4.

They were sentenced yesterday by Superior Court Judge J. J. Burney after pleading guilty to charges of accessory before the fact of murder, a plea Solicitor Clifton L. Moore said Mrs. Godwin requested the state to accept.

Melton Todd, 28, pleaded guilty to a charge of accessory after the fact and was sentenced to five to seven years at hard labor.

All three were sentenced at a previous trial to death, but the State Supreme Court granted new trials to Fowler and Bonner and freed Todd, who subsequently was charged with being an accessory.

War Losses Given In Tunis Campaign

Stimson Gives Total Casualties As 1,258 Dead, Wounded And Missing In African Struggle

By WILLIAM F. FRYE. Washington, Jan. 28 (AP)—American casualties to date in Tunisia have totaled 1,258 dead, wounded and missing, secretary of War Stimson said today.

The Tunisian casualties of United States army forces include 226 men listed as missing who have been reported taken prisoner, Stimson said, while 211 have been reported killed, 532 wounded and another 289 listed as missing.

Revised reports of the recent armored raid by American forces against enemy positions in central Tunisia showed these results, he said: two United States soldiers were killed and two tanks were lost; the enemy had 25 killed and 150 men taken prisoner.

Stimson, declining any general comment on the historic Casablanca conference of President Roosevelt and Prime Minister Churchill of Britain, said they "undoubtedly were heartened by the continued good news from the battlefronts."

Remarking that in all war theaters "all of our air operations have been brilliantly successful," Stimson said that during the last 8 months of 1942 army fliers shot down or probably destroyed 1349 enemy aircraft, against a loss of 309.

The secretary outlined these facts of what he described as continuing good news.

"The German authorities were beginning to speak publicly about their defeat in Russia where, Stimson said, the Russian stand at Stalingrad and the subsequent Red Army resurgence may well have been one of the decisive battles of history."

"2—Marshal Erwin Rommel's army troops in Tripolitania were in full flight, having abandoned Tripoli without a fight. At least one division had entered Tunisia."

3—French and American troops in Tunisia had repulsed a German thrust designed to widen Rommel's corridor of retreat.

4—General Douglas MacArthur's forces in New Guinea, completing the Papuan campaign had eliminated the Japanese entirely from eastern New Guinea.

5—In the Solomon Islands, American troops were steadily narrowing the area occupied by the Japanese, and considering the number of troops involved were inflicting heavy casualties on the enemy.

6—Allied aircraft, both bombers and fighters, continue large scale operations in Tunisia, Stimson said, and on one day—January 24—destroyed an estimated 28 enemy planes on the ground. There was not much ground fighting in Tunisia during the last week, but daily skirmishes continued.

Rev. Clyde Carter Be Navy Chaplain

Rev. Luther Clyde Carter, Jr., assistant to Rev. Dr. Robert S. Boyd, pastor of the First Presbyterian church, and outstandingly active as a leader in young people's work at the church and at Meadowbrook Chapel and East Carolina Teachers' College, left today for Norfolk, Va., to report for instruction as a chaplain in the United States Navy. Mr. Carter graduated in a civilian pilots' training course sponsored by East Carolina Teachers' College last year and is a licensed pilot. He is a son of Mr. and Mrs. L. C. Carter of Washington, D. C. He was ordained into the ministry by the Albemarle Presbytery about a year and a half ago.

The WAR TODAY

By DEWITT MacKENZIE, News Analyst

By GLENN BABB. General Tojo made his annual report to his people on the state of the nation today. His problem, as he addressed parliament, was to present a hopeful picture of the war in which Japan has not won a major victory since the conquest of Burma was completed nearly nine months ago. To keep morale high he shifted emphasis from the purely military aspects to a contrast between Japan as the possessor of a vast new wealth and the United States and Britain as the new "have not" nations.

"Today after one year of our war of justice," he told the Diet, "the southern areas, the world's foremost treasure house, has been completely secured by us. In contrast to our position the United States and Britain, which boasted of their wealth and resources before the war, now are exposing a great shortage in vital war resources."

There is far too much truth in the Japanese premier's picture to suit Americans, who, because of Japan's conquests in those southern regions, have had to forego some of the more luxurious features of a standard of living far above the dreams of the average subject of the Mikado. But that is

Allied headquarters in North Africa, Jan. 28 (AP)—Allied Air Forces have resumed the offensive in Tunisia with a series of attacks on Nazi ground targets and a blast at two Italian destroyers, one of which was left in a sinking condition, the Allied spokesman announced today.

The German-controlled Vichy radio, indeed, said the Americans actually had launched an offensive for which Axis sources previously had reported large numbers of U. S. troops gathering at Tebessa, on the Algerian frontier, some 140 miles southwest of Soussa.

The broadcast apparently was referring to fighting in the vicinity of Ousseltia, north of which, a French headquarters communique said yesterday, American troops had cleared the ground of enemy troops in an advance of six to nine miles.

French and American troops, the communique said, also made "definite advances" east of Ousseltia, taking about 50 prisoners.

Ousseltia is about 52 miles west of Soussa. The Germans thrust forward in this area last week in an attempt to win control of ridges dominating the coastal plain.

Dispatches from North Africa said that the American advances had brought relief to French troops cut off east of the pass from Ousseltia to Pont Du Fels, 37 miles to the (Continued on Page Four)

Crash Victim

Lieut. Woolfolk Killed In Crash

Second Lieut. James Stanley Woolfolk, 23, son of Mr. and Mrs. S. M. Woolfolk, 401 Library street, who was killed when a U. S. Army Air Corps plane crashed near Moore Field, Texas, Wednesday afternoon, will be buried in Greenville.

The body is expected to arrive here for funeral rites some time Sunday. Details of the accident have not been received here.

Funeral arrangements will be announced later.

Lieutenant Woolfolk graduated from the University of North Carolina in the class of 1937. He was a member of the Jarvis Memorial Methodist church. He graduated from the U. S. Military Academy at West Point in May, 1942, and was assigned to the Army Air Corps. He received his wings in the Army Air Corps at Poster Field, Texas, last December.

Surviving are his parents and a brother, Billy Woolfolk, two uncles, C. B. Lanier and State Senator J. Con Lanier of Greenville, and two aunts, Miss Maude Lanier and Miss Gladys Lanier of Greenville.

Allied headquarters in North Africa, Jan. 28 (AP)—Lieut. General Dwight D. Eisenhower announced today receipt of a message from President Roosevelt declaring he was returning from North Africa to the United States with renewed confidence that American soldiers "shall be victorious."

The message, addressed to American soldiers in North Africa by the Commander in Chief, said:

"My brief visit to North Africa has given me increased assurance and a deeper feeling of pride in the leaders and men of the American armed forces.

"The officers and men who landed with the initial assault, those who are now carrying on at the front in Tunisia, and those who are training themselves for future combat are deserving of the highest commendation.

"I could not but note your alertness, your smartness and the pride you take in yourself and your splendid equipment. I return to the United States with renewed confidence that the American soldiers, equipped with the best equipment the world can produce, led by men who have proved themselves in battle, and all imbued with the will to win, shall be victorious.

Vichy Radio Claims Americans Have Already Begun Offensive To Separate Two German Armies; Allied Air Forces Blast Ground Targets and Ships

By The Associated Press. London, Jan. 28 — An American attempt to drive a wedge between the converging armies of Marshal Rommel and Col. Gen. Jürgen von Arnim in Central Tunisia was suggested by Axis reports today as the Allied air arms resumed lethal sweeps from the North African battle lines to Italy.

A Berlin military spokesman was quoted by the German radio this morning as saying the Americans were "planning a major offensive." Presumably such a drive would be toward the Gulf of Gabes, a relative vulnerable sector on the line of Rommel's retreat.

The British Eighth Army continued its drive toward Tunisia and its patrols were reported in contact with the enemy in the Sabratha area, 41 miles west of Tripoli and less than 60 miles from the Tunisian-Tripolitanian frontier.

Advices from the North African front said that torrential storms had terminated a week of fair weather, bogging down many important roads and making the terrain totally unsuitable for tank operations.

The break in the weather came just as United States ground forces were becoming increasingly active in Central Tunisia—the forerunner perhaps, of an Allied attempt to

drive a spearhead through to the coast near Soussa and thus cut communications between Rommel and von Arnim.

The German-controlled Vichy radio, indeed, said the Americans actually had launched an offensive for which Axis sources previously had reported large numbers of U. S. troops gathering at Tebessa, on the Algerian frontier, some 140 miles southwest of Soussa.

House Turns Attention Wartime Tax Problems

By FRANCIS M. LE MAY. Washington, Jan. 28 (AP)—The new congress officially turns its attention to wartime tax problems today as the House Ways and Means Committee organizes for consideration of a pay-as-you-go collection system and for finding more billions in new levies.

House Committee hearings will begin Tuesday on pay-as-you-go tax plans, separating this subject from the general tax problem in the hope of putting many income tax payers on a current collection basis for at least a part of 1943.

The 25-member committee, headed by 79 year old Representative Doughton (D-NC) is confronted al-

so by a presidential request that it raise \$16,000,000,000 in taxes and compulsory loans in addition to the \$35,000,000,000 expected annually from present laws.

Preliminary to the committee session, Representative Roberson (D-Va.), member of the tax framing body, suggested a plan calling for curbing lower-bracket 1943 income taxes and imposition of a 20 per cent withholding levy on current incomes (after allowable deductions) of all taxpayers.

This was a modified version of a proposal by Beardsley Ruml, chairman of the Federal Reserve bank of New York, to skip all 1942 individual (Continued on Page Four)

THE DAILY REFLECTOR January 28, 1903

Forget The Past On the first Tuesday in April it will be up to the people of Greenville to get in the band wagon and vote for improvements, or ever afterward hold their peace.

Friends, countrymen, it's no use to stand on the street corners and chew the rag about how you would manage the electric light plant and water works. The best thing you can do for your country is to shake the dust out of your jeans and walk up and vote for bonds, schools, lights, streets—in fact, vote for everything except whiskey. Let us hope there's a great day coming for Greenville, and let us forget the failures of the past or remember them only to profit by them. The tide in the affairs of men which, if seized at the flood, leads on to fortune, is all upon us. Seize that tide, my friends, grab her by the seat of the pantaloons and the nap of the neck and hold your holt like a republican freezing on to an internal revenue job.

NEWS OF GREENVILLE HIGH

By CORA REDDITT

Friday Night. Don't forget the Friday night party at the Armory tomorrow night from 8 to 11. A slight admission of 10c per person will be charged to defray the expenses of the orchestra.

Annual Staff. At the annual staff meeting yesterday afternoon the department heads discussed yearbook plans. The meeting was very brief so the staff was told to think what they should do before the next meeting.

Postponed. The meeting of the Girl's Athletic Club has been postponed until Monday night at 7:30.

March Of Dimes. Remember the March of Dimes and bring 10c to school tomorrow.

Remember. Remember to bring two coathangers to school soon. The Servicemen do not have enough to hang up their clothes. They are needed especially by hospitals for Servicemen. These coathangers will be collected by the Junior Red Cross.

A special railroad test car detects and marks faults in the track over which it passes.

Opera Star Gives Splendid Concert

By DENTON ROSSELL

When Rise Stevens, mezzo soprano of the Metropolitan Opera Company, swept onto the stage of the Wright Auditorium at East Carolina Teachers College Tuesday night and bent low in deep curtsy before a tumultuous crowd, she brought glamour that only a beautiful prima donna and star of serendipity can bring. She had won her audience before she had sung a note; but if she had not been possessed of a fine artistic nature, an ability to interpret the subtleties of song, a voice of color and variety, and a charm of personality, she could have lost that audience before she finished her first group.

The public is generally attracted to a concert which features a famous name. In this modern age that name is generally attached to one who has made a career in opera or the movies. The public feels that the famous name gives them guarantee of enjoyment in the concert hall, but it does not give them that guarantee. Opera and movies are in a vastly different sphere than that of concert singing, and do not require many of the qualifications which a great concert singer must have. Many singers who have found success in opera or movies prove disappointing in the concert hall, where they are detached from such appealing supports as scenery, libretto, colorful costumes, orchestral accompaniment, and the variety which choruses and other voices can give. Rise Stevens is a singer of operatic and movie fame who finds herself as comfortable on the concert stage as before the prompter's box or the cameraman, and can justly claim a place as one of the finest concert singers of this country.

Certainly one of the highlights of Tuesday night's concert was Miss Stevens' interpretation of the famous "Habanera" from the opera "Carmen." Miss Stevens has performed the role of Carmen in Vienna and Prague and will next year bring her interpretation of that great role to the boards of the Metropolitan. The finesse of her "Habanera" gives indication that this will certainly be one of her greatest successes. She is not just another mezzo singing an overly familiar tune, because she brings a style to that music which makes it as fresh as it was that March day in 1875 when Mme. Galli-Marie first performed it in the "Opera Comique." There is subtlety and charm in this interpretation and a clever play upon the French nasals to suggest the vulgarity of that famous gypsy wench who is known as Carmen.

The art songs of Schumann, Wolf and Brahms remain the challenge to concert singers. Every music lover knows how much is contained in those great songs and how little they surrender to the poor interpreter. Miss Stevens sings leader with the understanding of a true artist. Particularly successful was she with Hugo Wolf's delightful song, "Im Dem Schatten Meiner Locken."

Her program would have been incomplete without Delilah's great aria "My Heart at Thy Sweet Voice" which she sang with smoothness and ingratiating tone. It was an audience favorite.

An unusual feature on Miss Stevens' program was the Slavic group which included two songs written for her by Jaromir Weinberger, the famous composer of "Schwanda." The unusual songs which were originally written in the Czech language have been translated into attractive English. She also included in the group "Tune Thy Fiddle Gypsy" as a representation of those "Gypsy Songs" of Antonin Dvorak. Her last group of songs included "Roving in the Dew" a light humorous song by George Butterworth, in which she made clever use of the heavy and light registers of her voice to interpret the boy and girl who tell the tale. Michael Dlack's "Little Jack Horner," which parodies the style of Handel, also gave contrast to the heavy numbers of the group, which were "In the Silence of the Night" by Rachmaninoff and "Command" by Charles Kingsford.

Her large audience was extremely enthusiastic and she brought them to voiced appreciation with her encores, which included "Little Bird in Figure" by Franco Leoni, "In Flinging in Love with Someone" from Victor Herbert's "Naughty Marietta," and "My Hero" from "The Chocolate Soldier." Miss Stevens was beautifully gowned in pink lace fashioned in Spanish style, with a skirt made up of deep full ruffles trimmed in bands of black lace. A tiny mantilla poised on her blonde hair completed the Spanish impression. Her accompanist Mr. Paul Unanher, proved not only a capable accompanist but a splendid soloist. He has the style of Chopin which was displayed in his playing of the "Mazurka in A Minor." Although the "Jeux D'eau" of Ravel was also

effective it would have been nice to hear him do more Chopin. For an encore he gave an interpretation of Brann's "Waltz in A Flat" which was free from the excessive sentimentality which too often characterizes the piece.

Miss Ola Ross is chairman of the college entertainment committee that brought Miss Stevens to Greenville. Miss Mamie Jenkins and Miss Marguerite Austin of the college faculty, serve with Miss Ross and selected students on the committee.

MANY MARRIED MEN IN GROUP

Draft Board Sends 165 Men To Fort Bragg Today

The Pitt County Draft Boards sent 165 selective service draftees of this county to Fort Bragg for induction into the United States Army early today. Many married men were in the group.

A number of men scheduled to leave from Greenville had been transferred to draft boards in other cities.

One man, William Arthur Gladson, of a rural point, failed to report. It is important that he communicate at once with Draft Board No. 1. He is working in another city, it was understood.

The draftees left by motor bus on time. The movement of such a large number of men was smoothly and efficiently handled. There were many people on hand to tell the men goodbye. The draftees will go through examination at Fort Bragg today. Those accepted will be given a week to go home and straighten out their affairs. Those rejected will be notified and allowed to return.

Following is a list of the draftees:

"Women love to march. I think we would rather march than eat. Maybe it is because we have been walking with improper shoes, poorly balanced and always with something in our hands.

"In the W. A. A. C. we are taught to walk properly on the outside of our feet; we are free—we just swing along. And, folks, we are good. Wonder what makes us so good? Maybe it is because we see those old stars and stripes ahead of us; maybe it is the boom of our W. A. A. C. band. I wonder, Well anyway we like to march. Wish you could see us sometime. Maybe you will.

"Now, mind you, eligible women when you enroll with us, we clothe you, feed you well, and educate you. You have no bills to pay; no groceries to buy at the end of the day; no housekeeping responsibility and you are paid. Sometimes it makes me wonder why we recruiters must implore you to enroll with us, especially when we tell you Uncle Sam needs you. I know the answer now. It is because you do not know enough about us. That is why I am here.

"My trailer still stands outside the post office. Do pay me a visit. I can tell you many interesting things.

"Remember women, this is our war. Our government is giving us a chance to help too. Some man is begging you for a chance to leave his desk and join other soldiers for combat."

Mrs. Clyde Heath Pollard Died Here

Mrs. Clyde Heath Pollard, wife of O. P. Pollard of Greenville, died at Pitt General Hospital about 11 o'clock today after a long illness. Funeral arrangements had not been completed. The body will remain at Elwanger's funeral home until the funeral hour.

Mrs. Pollard was born and reared near Farmville. She had lived in Greenville since 1930. She was a member of the Bellarthur Free Will Baptist Church.

Surviving are her husband, four daughters, Mrs. Elbert Moyer and Mrs. Mark Fleming of Greenville, and Elizabeth and Myrtle Grey Pollard of the home; three sons, Sgt. Edward L. Pollard of the U. S. Army Air Corps, Blythe, Calif.; O. P. Pollard of the U. S. Army, Holliston Hospital, Staten Island, N. Y.; and Joseph R. Pollard and an adopted son, Ira Bobby Pollard of the home; four sisters, Mrs. Charles McLawhorn and Mrs. J. B. Vaniford of Aycliffe and Mrs. Ida May and Mrs. Joannice E. WAR PROBLEMS ARE TAKEN UP

Groups Making Effort To Avoid Duplications

Washington, Jan. 28 (AP)—The vast job of foreign war relief undertaken by public and private organizations in the United States is rapidly being coordinated by four main groups in Washington to achieve the fullest possible results without duplication.

Some "understandings" have already been reached among heads of the Office of Foreign Relief and Rehabilitation, Red Cross, lend-lease administration, and the President's war relief control board.

Other lines of demarcation or specific fields for each are expected to be mapped as the work progresses.

A broad outline of the agreements thus far reached was reported to provide for:

1. The offer to confine its activity more or less to long-term, mass feeding and clothing of distressed populations, beginning immediately upon Allied reoccupations of Nazi-dominated countries.
 2. The Red Cross continuing with "emergency" feeding and the furnishing of medical supplies, but confining most of its attention in the foreign field to work with the armed services and the setting up of recreation centers and service clubs.
 3. Lend-lease furnishing money for the civilian relief supplies now going to North Africa until the OFRR headed by Herbert H. Lehman gets an appropriation and field staff of its own.
 4. The President's war relief control board under direction of Joseph E. Davies, former ambassador to Russia and Belgium, continuing to license and register private agencies collecting funds for relief in Allied and enemy-occupied countries.
- A recent joint statement by Lehman, Davies, and Norman Davis, Red Cross chairman, said it was essential to coordinate agencies, financed by voluntary public contributions, to supplement the "broad operations" of the OFRR, other federal agencies, and the Red Cross.
- Meanwhile, lend-lease officials disclosed today that most of the relief supplies so far sent to North Africa were bought with lend-lease funds and distributed by a civilian group operating under Lieut. Gen. Wright D. Eisenhower.

Sugg Lauds Farm Federation Work

By CHESTER WALSH

Mayor Bruce Sugg, back at his desk at the City Hall today after two days in Raleigh attending the annual convention of the N. C. Farm Bureau Federation, was happy over the reelection of J. E. Winslow, prominent Greenville businessman and farmer and pioneer in farm organization, as president for 1943.

Mayor Sugg, banker, farmer, tobaccoist and businessman, was radiating good cheer over the fine showing Pitt County people made at the Pitt meeting. He called attention to the good work Judson H. Blount did as chairman of the resolutions committee, Haywood Dall's appointment to the board of directors of the district, and Dr. M. T. Prizzelle's presiding. County Farm Agent Floyd P. Hendrix "was here and there and everywhere he could be useful at the convention," Mayor Sugg said.

Brantley Speight and some of the other Speights were there and doing good work. It is well remembered that Brantley Speight and his associates were pioneers in finding an effective remedy for the control of blue mold on tobacco plant beds.

"The Pitt County delegation made themselves known at the important farm meeting. The good work being done in Pitt County gave them a substantial background with other farm leaders of the country," the Mayor stated.

The high lights of the annual meeting was the adoption of resolutions providing for an "over-all" ceiling price on leaf tobacco to maintain competitive bidding, instead of on the leaf by grades, as is being done in Kentucky; and for a nine-month public school term; and for giving special attention to the production of more food crops on farms for war purposes, Mayor Sugg said with emphasis.

"The American Farm Bureau Federation in Raleigh was an important event. Ten years ago—1933 in the voice of the farmer 'was in the wilderness' in Washington. Through the activities of the Farm Bureau Federation the Congress now listens; heads of government departments give heed to the farmers' rights, as they do when the bankers, medical men and labor unions ask for helpful and constructive legislation. The Farm Federation under the leadership of Edward O'Neal in the nation and such able men as J. E. Winslow of Greenville and elsewhere is sounding a clarion call for the rights of the farmer to secure just and fair compensation for his labors. The Farm Federation is making the light shine a little brighter—even in the humblest farm homes," Mayor, Sugg stated.

mission's recommendations.

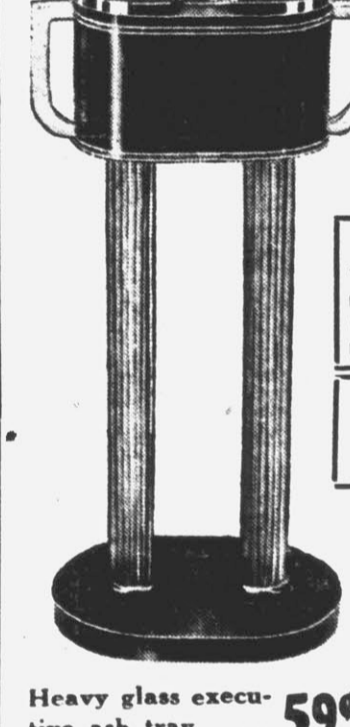

New House bills introduced today included one by Wooten and Worthington of Pitt—to amend laws relating to the charter of the town of Grimesland in Pitt County. Counties, cities and towns.

Denies Charges That He Attacked Under-age Girls

Los Angeles, Jan. 28 (AP)—Errol Flynn denied today from the witness stand the state's charges that he had intimate relations with blonde Betty Hansen, second of his young accusers.

The actor yesterday similarly denied any improper conduct with brunette showgirl Peggy La Rue Satterlee, the other complaining witness at the movie hero's trial on charges of statutory rape.

Flynn spoke calmly and slowly as he described his first casual meeting with Miss Hansen, at a dinner party at the home of Fred McEvoy, former British bobsled racer.

Agriculture Class Makes Good Gains

Program Included, 34 Acres Corn, 32 Feeder Swine, 2 Breeding Swine, 1-2 Acres Cucumbers, 12 Acres Tobacco, 2 Acres Cotton, 95 Laying Hens, 300 Baby Chicks, and One-half Acre Garden. Practically all of these projects have been completed and the records turned in.

Besides the home project work the boys did a great deal of practical carpentry. With the help of their vocational teacher and one county carpenter they erected a school lunchroom. They also built a packhouse at one boy's home, doing all the work there.

Their shop work has included things for themselves and also for other people that do not have boys in agriculture. Some of their shop projects were: 12 hog self feeders, 2 wardrobes, one farm trailer, one cart body and a large number of things for the farm and home, and numerous pieces of farm machinery repaired. They also built dressing cabinets for the gymnasium, repaired school desks, windows and doors. They made new tables for the Home Economics Department and remodeled . . .

DERRINGER TO BE WITH CUBS

Believe To Have Paid \$15,000 For Pitcher

By ARNOLD DERLITZKI
Chicago, Jan. 28 — (AP) — The Cubs, who believe they "have a chance to go places this season," may have taken a step in the right direction last night acquiring Paul Derringer, veteran Cincinnati pitcher.

Certainly they had the right handed pitcher—an entire starting staff as a result of the cash deal—and there was every indication that it would be strictly righthanders the Cubs would rely on in their 1943 title bid.

Any southpaw regular must be developed from this year's recruits. Last year's lefties Vern Olsen, Johnny Schmitz and Russ Meers, have entered military service.

The 36 year old Derringer who has spent 12 years in the Majors—the last 10 with Cincinnati—will team up with such likely right hand starters as Claude Passeau, Bill Lee, Lon Warneke, Les Fleming, Tot Pressnell and possibly Buck Barrett, 34 year old veteran of the minors obtained from Seattle.

In announcing the purchase yesterday, James Vallacher, general manager said, "we believe we have a chance to go places this season and we needed another pitcher." The purchase price was not disclosed, but some sources put it at \$15,000.

Derringer, although bothered by an old injury, appeared in 29 games last season, winning 10, losing 11 and finishing with an earned run average of 3.06. Before the transaction was completed manager Jimmy Wilson, a former Cincinnati teammate of Derringer's said he was convinced the veteran would turn out high class work for at least another season.

Derringer himself recently asked to be traded or sold and the Red management agreed he had been in on place long enough. Derringer indicated a preference for the Cubs and that was all right with the Cubs. The big righthander always has been a cub nemesis and has beaten the Bruins twice for almost every defeat handed out by the Chicagoans.

Derringer broke into the Majors with the St. Louis Cardinals and after little more than two seasons there went to Cincinnati on May 7, 1933 in a trade in which the Cards got Leo Durocher, now manager of the Brooklyn Dodgers.

With Cincinnati, Derringer four times won 20 or more games during a season—in 1935, 1938 and the Reds' 1939—40 pennant years.

Claims Bowling Endurance Record

Ray A. Garrett (above), 22 of Mexico, Mo., bowled 127 games during a 20-hour stretch with only a brief time-out for breakfast and now claims the world's sustained bowling endurance record. His average score for the 127 games was slightly better than 185. Miss Betty Creagh, employe of the Kansas City bowling alley where Garrett set his record, bandages his thumb after he finished. To Veretta, bowling alley manager, said the previous record was held by H. C. Fields of Auburn, N. Y.

Phantoms To Meet Stokes Quint Here

Greenville High School Green Phantoms will encounter their first interscholastic basketball foe of the current season when they play Stokes High School five Friday night here in the high school gym.

There will be two games, a junior game and senior game. The junior game is scheduled to start at 7 o'clock and the senior game will be played at the conclusion of the junior game.

Because of the gas and tire rationing the Phantoms could not carry out their basketball program as in previous years. The Greenville high boys have been forced to play intramural basketball this year. However they have played two games with the alumni.

Reports reaching here say that the Stokes high cage team has won five games and have lost two.

Coach Farley's Phantoms are expected to have one more workout together before the game tomorrow night. Coach Farley has not yet announced the Phantom's line-up.

For there's no doubt the curly-haired Newark stylist is one of those "think fighters, whose performances in the ring depend on just how they feel "inside their heads" on any given evening. Jack Sharky was one; so was Max Bear, and going back a piece, Ruby Goldstein and a lot of others. Depending on their mental attitude, this variety of wallpapers can take tanks apart one night. And the next night, they might just as well have "stood in bed."

Exonerated in Death.
A cornerer's inquest last night presided over by Coroner G. L. Rouse exonerated Willie C. Cox in connection with the death of Anna Gatlin, seven-year-old colored girl near Winterville yesterday afternoon. A passenger bus stopped on the highway near where children were playing. The Gatlin child ran onto the highway from behind the bus and into the path of Cox's car.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Jan. 28 — (AP) — The business of covering the New York baseball "beat" starts about 2 p.m. in Eddie Brannick's office, and usually winds up several hours later four blocks down 42nd Street in the hotel where the writers are rehearsing the show for their dinner next month. The scribes drift into the Giants' headquarters, make themselves comfortable, toss out routine queries whether there's any news and then discuss anything from baseball to Biscuits. In ordinary years there'd be a daily announcement that Hoxe Joe Sorensen had signed his contract and promised to win 20 games, but this season the Giants are the only club that has mailed out contracts, because of uncertainties about salary regulations. They haven't reported any replies, but Brannick doesn't think it's funny when someone asks if the Giants are the only club with a hold-out problem.

Occasionally someone has an idea and springs a question about the ball club and if the discussions are not too noisy he can hear the answer. The two phones on Brannick's desk buzz at intervals and between calls someone used one to call Brooklyn to see if the Dodgers have any news. They usually don't reserve their best tidbits for Branch Rickey's weekly press conference. A railroad man who had dropped in for a social call—Eddie is said to have more friends than anyone in New York—explains that ball clubs should be able to get berths for all hands if they buy their tickets far enough in advance. And Brannick takes a lot of ribbing about his costume as mine host of "Brannick Arms," where the club will stay during spring training at Lakewood, N. J., and whether a lunch breakfast will be in order before the tally-ho trip to the ball field.

Eventually someone asks "Going across the street?" and the group departs for the Yankee offices. The chairs aren't padded in the Square office where dum-beater Jack Slocum holds forth and two big leather settees are beginning to show their age. Slocum gives out routine announcements such as yesterday's news that the batterymen will begin training before the rest of the squad, but there's any important information. President Ed Barrow does the thinking for the club. Eventually the crowd winds up in Barrow's sanctum anyway while Ed makes pungent replies to questions. As "it your idea or Joe McCarthy's to have the pitchers come early?" He is asked. "I'm not manager of this club," sputters Barrow. "I thought of it and called McCarthy and he agreed

Heads Swim Champs

HAMMOND—BACKSTROKE

Carolina's Conference swimming champions, will open the season at V. M. I. Saturday, are headed by All-American Denny Hammond (above). The medium-sized junior from Atlanta set a new national collegiate record last year in the backstroke. He is also president of the University Club, member of the Athletic Council, and prominent in other campus activities. V. M. I. gave the Tar Heel champs the closest meet they had all last year, another fast, close match is expected in Lexington Saturday.

Swim Champs Meet V.M.I. On Saturday

Chapel Hill, N. C., Jan. 28 — North Carolina's Conference swim champs will open the season in Lexington Saturday against V.M.I., which gave the Tar Heels the closest meet they had all last year.

The Blue Dolphins have prospects for another strong team, but several leading performers have been slow in rounding into shape and form, and the Cadets are reported to be loaded and primed for an upset.

Coach Dick Jamerson has built his new club around three boys who won All-America ratings last year and a pair of freshmen flashers.

Denny Hammond set a new national collegiate record in the backstroke last season, while George Whitner hung up a new national freshman mark in the breaststroke and Buddy Crose won the National Junior A. U. diving title.

The rookies are Ben Ward, who won both the 50 and 100, and Snooky Proctor, who captured both the 200 and 400, in the recent Freshman-Varsity meet. However, Proctor has a leg injury and may or may not be ready by Saturday.

Other leading performers include Bill Elmore, Don Nicholson, H. H. Hix, R. G. Schwartz, and C. D. Mahoney, lettermen, and Jesse Greenbaum and Gerrard Cook, freshmen.

Expect Close . . .

(Continued From Page One) showed the possibility of a 48 to 48 tie vote, if all members participated, which would give vice president Wallace the deciding ballot.

While these private nose counts indicated a trend, there seemed to be genuine indecision among many Senators as to the course they would pursue. Copies of the foreign Relations Committee's hearings on Republican charges against Flynn were being perused with unusual diligence by members who could not attend the public sessions and next week's debate was expected to have telling effect on the outcome.

As an indication of the indecision that existed, Senator McClellan (D-Ark.) told reporters: "I'm not fully satisfied in my own mind. I am not sure that I'll feel justified in voting for confirmation until I've read and heard all I can on the matter. All this could have been avoided through another appointment."

Similarly, Senator Langer (R-ND) said: "I haven't made up my mind at all."

The Foreign Relations Committee's 13 to 10 approval of the nomination yesterday carried with it a break in party lines, when Senators George D-Ga.) Van Nuys (D-Ind.) and Gillette (D-Iowa) voted with seven Republicans against confirmation.

On the other hand, Senator LaFollette (Prog-Wis.) who sits on the

RAF Bombers . . .

(Continued From Page One) golland bay were foiled by fighters and AA defenses.

Striking back by daylight, German fliers attacked a southeast coast town of England this morning inflicting considerable damage and some casualties.

Some of Britain's biggest aircraft, Lancasters and Halifaxes each capable of carrying four two-ton blockbusters—were officially reported to have participated in the blows against the Rhineland.

The ministry described the attack as "heavy," but did not indicate the actual number of planes participating.

The thunderous series of bombings was acclaimed by Air Chief Marshal Sir Arthur Harris, head of the RAF bomber command, as the beginning of a campaign "to bust Germany wide open."

Psychologically the raids gave weight to the historic parley between President Roosevelt and Prime Minister Churchill at Casablanca, where they and their military leaders laid plans for "more intense prosecution of the war by

land, sea and air." The Berlin radio reported that the RAF attack last night was directed against the north German coastal area and said eight of the raiders were shot down—indicating that the number of planes participating probably was fairly large.

(Continued From Page One) Russian winter offensive first east a loop about 220,000 Axis besiegers of Stalingrad, a figure that had shrunk by Russian count to 12,000 two days ago.

The Soviet high command then promised that that force would be exterminated "in two or three days."

"Today the Russians figured the force at 8,500 with hundreds surrendering to the Red army forces that hemmed them in."

The latest thrust toward Rostov was from Salsk, where a Red army spur had raked northward along the railway to Ataman, within 60 miles of Rostov.

Meanwhile, other units had pressed on beyond Belaya Gyna on the main Stalingrad line and only 40 miles from Tikhoretsk. It was reported.

The other spearheads bearing down on Rostov where located by the Russians at points 70 miles north of the city and 56 miles to the east on the lower Don.

Other reported successes on the southern front brought the capture of Novo Alexandrovskaya, 30 miles due east of Kropotkin and Rashivatskaya, 20 miles southeast.

At Novo Alexandrovskaya the Soviet troops would be in position to flank Kropotkin from the north and the whole operation in this area and along the Baku-Rostov railway past Armavir formed another segment of the arc being drawn about Maikop.

"There were reports in London that the Germans were assembling escape barges at Novorossiisk, the Black Sea naval base now occupied by the Nazis, to transport their armies out of the Caucasus if they cannot hold Rostov."

In northern sectors of the Russian front, the Red army was said to have swept into Gotshechensk, 80 miles east and slightly south of Kursk, a German strongpoint and base on the Moscow-Kharkov railway.

In the Voronezh-Kharkov sector of the Voronezh front the Russians reported 5,000 Axis troops including high officers, had surrendered after only a short battle.

It was in this area that more than 64,000 Axis troops already had been reported taken prisoner.

Mule Dealer And Banker Same Bed

By CHESTER WALSH There were many celebrities at the annual convention of the N. C. Farm Bureau Federation in Raleigh Tuesday and Wednesday, but Haywood Dail of Greenville, always active in community affairs, didn't miss any of them. "If there was anybody at the farmers' convention Dail didn't know we didn't hear about it," said a Greenville farmer and businessman. Dail was on the program for a speech. He made a hit with brevity and a lot of common sense. He was active on committees and had the happy faculty of entertaining groups here and there and "getting home an idea" that would help the farmers.

Dail elicited smiles and applause the second day of the convention at the Sir Walter Hotel when he cornered a group in the lobby and chirped: "I've heard of a lot of unusual things, but this is the first time I ever heard of a banker and a mule dealer sleeping together."

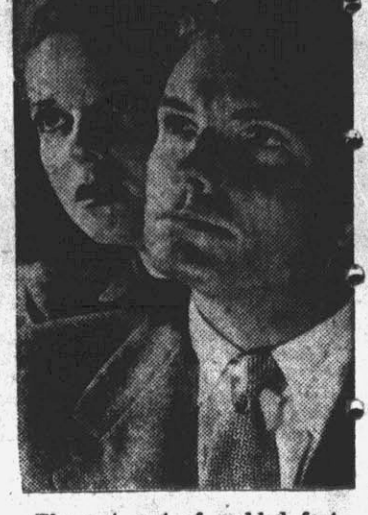

He had occupied a room at the hotel with W. H. Woodard, president of the Guaranty Bank and Trust Company of Greenville.

B. B. Sugg, president of the State Bank and Trust Company relayed the story to a reporter.
