MAKE EVERY PAY DAY WAR BOND DAY STOP SPENDING—START SAVING

U.S. And Nippon Fleets Jockey For Position In South Pacific Fighting

Naval Spokesmen Report That Both Sides Have Suffered Losses, With Two Major Naval Units Not Yet Joined in Battle; Details Meager

Washington, Feb. 4 (AP)—Like two heavyweight boxers feeling each other out, flicking tentative but punishing jabs here and there, United States and Japanese naval units are maneuvering in the southwest Pacific for a stance from which to throw a hay-maker.

From this corner there is only word that air and surface engagements are "continuing," but it appeared from the Navy's restraint that a titanic struggle was shaping up for control of Guadalcanal island with its all-important air field.

Naval spokesmen repeated that both sides have suffered losses, but one of them emphasized that "the whole thing is a sparring for position," with the two major fleet units not yet joined in an all-out slugfest.

Both sides were swapping aerial blows. The Japanese, it was revealed in delayed dispatches from the U. S. fleet in the south Pacific, released today, made their first night bombing attack on American surface vessels in the Guadalcanal area after dusk January 29, but the results were not disclosed.

Officers of the fleet recalled that Japanese planes dropped flares during the night battle off Savo Island August 9, when three U. S. cruisers were sunk, and it was believed the night assault was meant to indicate a resumption of Japanese aerial activity which had been strangely absent in the Solomons recently.

The dispatches said the enemy airmen dropped mysteriously out of the night sky while a unit of the southwest Pacific fleet was cruising near Guadalcanal.

The night bombing took place last Friday, the date on which the Tokyo radio said Japanese planes had started attacks on American battleships and cruisers, which resulted in (Continued on Page Six)

Begin Inquiry Of Wilson ABC Board

Wilson, N. C., Feb. 4 (AP)—The Wilson County Grand Jury began an investigation today of alleged irregularities in the operation of the county ABC liquor store.

War Order Deadline May Force Showdown In WPB

Washington, Feb. 4 (AP)—An unpublished War Production Board decision to make Feb. 6 the last day for placing war orders for the first six months of 1943 brought a deluge of complaints and inquiries from industry today.

HAMBURG ON BIG SCALE

Sixteen Planes Missing In Air Offensive on Continent

London, Feb. 4 (AP)—Heavy bombers of the United States army air force attacked targets in northwestern Germany today, it was announced.

It was the second time the big American bombers have carried the war into Germany by daylight. In their first raid the naval base of Wilhelmshaven and Emden shipping industries were bombed on a heavy scale eight days ago.

Royal Air Force bombers heavily attacked Hamburg last night in a raid in which 16 planes are missing, the British Air Ministry announced today.

The North German seaport previously had been bombed only last Saturday night.

The British losses indicated a force of upwards of 300 bombers on the presumption that they were on the order of five per cent.

An authoritative British statement said: "Hamburg was heavily attacked by our bombers last night. Sixteen of our aircraft are missing."

The raid, the 95th on Hamburg since the start of the war, carried on the RAF's campaign against the U-boat by striking at the sources of Germany's undersea power.

The British said that Hamburg's big ship-building yards turn out more U-boats than any other place in Germany. Hamburg is Germany's second city, with a population of 1,700,000.

The RAF attacked Hamburg 24 hours after it had hit Cologne with 100 block-busting 4,000 pound bombs and thousands of incendiaries.

The German news agency DNB reported that the RAF apparently was following through with a day-night raid.

A strong formation of British bombers today flew over the frontier of western Germany, the agency said. The raiders, DNB said, were engaged upon crossing the frontier by "strong German fighters" and "violent air dog-fighting." It declared that the "enemy suffered considerable losses" and that "this attempted daylight raid can be regarded as frustrated."

Further indication that the British and possibly the United States air force were making one of the biggest daylight air offensives of the war came soon after noon today when Allied bombers and fighters were heard roaring across the Strait of Dover. They appeared to be heading in the direction of Abbeville.

Today's German communique referring briefly to the raid on Hamburg, last night claimed that 28 British planes were shot down "in militarily ineffective attacks" on the urban area of the port city.

Older Men In Draft Age Limit Worried

By CHESTER WALSH The topic of conversation in downtown Greenville today was the new order from Washington to "work in some essential war industry or enter the army and fight," the report that Uncle Sam may forgive income tax-payers for most of their 1942 taxes and collect "as the money is earned" through congressional action, and the proposed plan for rationing hundreds of articles of food for human consumption, especially canned goods, after a certain date.

It now appears that the government is leaning toward a proposal of the American Legion in 1920 to "draft everything and everybody in war time." Paul V. McNutt, War Man Power Commissioner, Washington, D. C., shocked the men hereabouts who are within the draft age limit in his latest announcement to "do war work of fight." If a man is in the age limits now he is either going to work on some essential war project or enter the armed services.

A lot of time, material and human lives could have been saved if this plan had been put into effect earlier. Legionnaires commented.

stad, the other top WPB vice chairman whose responsibility is allocating military assets. Wilson asked all government procurement agencies to instruct their contractors to place by Feb. 6 all orders involving any of the more than 30 "critical components" if delivery by June 30 is called for. This was done Jan. 20 without public announcement.

"Wildcat" Division Generals—Past And Present

Two commanding generals of the famous "Wildcat" Division meet at Camp Rucker, Ala., where the outfit is in training, and here discuss its past and present. They are 84-year-old Major Gen. Charles J. Bailey (right) who commanded the first "Wildcats" of 1917 and 1918 in France during World War I, and Major Gen. Paul J. Mueller (left), the present commander, General Bailey, long retired and now living at Jamestown, N. Y., took command of the famed division in 1917 at Camp Jackson, S. C., and then led the outfit through the fighting in France. The division was in the thick of the Meuse-Argonne campaign that led to the breaking of the Hindenburg line.

Calls For State Referendum On Question Of Prohibition

U.S. FOOD IS WINNING WAR

Wickard Testifies In Committee Lend-Lease Hearing

Washington, Feb. 4 (AP)—Secretary of Agriculture Wickard told the House Foreign Affairs Committee today that American food is keeping Russia in the war and contributing to the victories of the Soviet army.

"It is the men—Russian men—who are winning the all-important battle there," he said. "But if the supplies of American food which are going to these men, fraction though it is of the total supply, were to be cut off tomorrow, they would almost surely have to stop fighting."

Wickard, as food administrator, testified in connection with legislation authorizing continuance of the lend-lease program for another year.

"To me it is highly significant," he said, "that in the last few months our shipments to Russia have been greatly increased. In December, for the first time, we shipped more to Russia than to Great Britain. I submit to you that food, along with the other war materials that we have been sending to the Russians has paid magnificent dividends. Its importance is indicated by the fact that the Russians are giving food top priority in shipping at this time."

Urging continuance of the lend-lease operations, the secretary said Russia had not asked for any appreciable help in feeding her civilian populations.

"Only the merest dribbles of lend-lease food have gone for that purpose. Practically all the food that we send goes right to the soldiers of the Red army."

Reporting on the part food played (Continued on Page Four)

Greenville Included Marine Corps Plan

Atlanta, Ga., Feb. 4 (AP)—Seventeen-year-old seniors in selected high schools are now eligible for the officers' candidate classes in the U. S. Marine Corps. It was announced here yesterday.

These men will be placed in the Marine Corps reserve and allowed to continue their education. Not more than 15 per cent from the senior class in any one school will be enlisted. To be eligible, the student must rank in the upper two-thirds of his class.

The North Carolina high schools included in the program are: New Hanover, Wilmington; Reynolds, Winston-Salem; Roanoke Rapids; Rocky Mount; Seneca; Greensboro; Senior, High Point; Burlington; Broad Street, Burlington; Boyden, Salisbury; Claremont, Hickory; Senior, Durham; Lee H. Edwards, Asheville; Gastonia; Goldsboro; Greenville; and Needham Broughton, Raleigh.

Would Allow Manufacture Of Domestic Light Wines

Raleigh, Feb. 4 (AP)—Rep. Price of Rutherford, newspaperman, Baptist leader and self-described "personal and political dry," today introduced a measure in the House calling for a state-wide referendum on the sale and manufacture of liquor.

The bill calls for an election November 2, 1943.

The measure is entitled "an act to prohibit the manufacture and sale of intoxicating liquors in North Carolina and to provide for a state-wide vote on the proposition."

It exempts liquor by hospitals or sanatoriums for treatment of patients and does not apply to alcohol used for scientific, chemical, mechanical, industrial, medicinal and culinary purposes; for use of those authorized "to procure the same tax free," or in the manufacture of patented, patent proprietary, medicinal, pharmaceutical, antiseptic, toilet, scientific, chemical, mechanical and industrial preparations or products unfit for beverage purposes.

However, the bill allows persons "growing crops, either wild or cultivated, of grapes, fruits or berries," to make light domestic wines for (Continued on Page Four)

SENATE GETS PEACE PLANS

Calls For Negotiation On Atlantic Charter

Washington, Feb. 4 (AP)—Senator Gillette (D-Iowa) introduced a resolution today which would put the senate on record as approving the basic principles of the Atlantic Charter and advising President Roosevelt to negotiate immediately a "post war peace charter" with other United Nations.

Gillette is a member of the Foreign Relations Committee.

The resolution would urge and advise that the proposed formal treaty stress the following points:

"The joint signatories neither seek or desire aggrandizements territorial or otherwise.

"That they respect and will approve the right of all people under proper opportunity to choose the form of government under which they will live and will countenance the restoration of sovereign rights and self-government to those who (Continued on Page Four)

Axis Forces Attempt Flee From Caucasus

Allies Sink 15 Ships In Mediterranean Battle

American Force Captures Italian General

By The Associated Press London, Feb. 4—In sea and air blows paving the way for heavy land assault in North Africa, the allies announced today the destruction of 14—perhaps 16—Axis supply ships in the narrow mid-Mediterranean approaches to Tunisia, where the German-Italian defense line was tested anew for weak spots.

British forces captured a height known as hill 648 in a renewal of fighting six miles southeast of Bou Arada in the Jebel Mansour area, midway between Medjez El Bab and Robaa, an allied communique said. It described the gain, however, as a limited success.

Meanwhile field dispatches reported that the American striking force which captured Sene and dug in a mile east of the town on the rail line through Maknassy to the coast had taken prisoner an Italian General.

Allied bombers attacked the port of Gabes and enemy positions near Maknassy and for one of the few times since the start of the fight for Tunisia they lost more planes than they shot down. The communique said six Axis planes were destroyed by eight planes missing.

Strong German forces apparently still held important fairs on the central Tunisian front, inland from Sfax, where they had held against an American counterattack.

The British Eighth army appeared to be massing for its next attack in a correlated squeeze on the Axis in Tunisia.

A Cairo communique reported British patrol activity along the whole Libyan-Tunisian border front, and although it mentioned no specific advances, yesterday the main body of Gen. Sir Bernard L. Montgomery's force apparently was piling up behind Pisidia, 12 miles from the frontier.

Four small enemy vessels were sent to the bottom by allied bombers from the east which ranged the Tunisian coast and southern Italian waters.

An admiralty communique said British submarines, hitting hard at the Tunisian supply line, destroyed ten others in the past few days, and probably sank two of three more ships which were attacked.

The submarine successes were scored in operations from the Tunisian coast, within gun range of the shore, to the strait of Messina, between Italy and Sicily.

Long range bombers which the Italians said were American planes attacking in waves, raided Palermo, on Sicily, Ragusa, Sicily, and Reggio Calabria, at the toe of the Italian boot, also were reported attacked.

Claims Japan Facing Manpower Shortage

Chungking, Feb. 4 (AP)—A Chinese army spokesman said today that Japan had sent more "unfettered" troops to reinforce three Thailand divisions on the Yunnan-Burma border where he said fighting was continuing.

He said Japan was feeling a manpower shortage, was alarmed at allied successes, and was using the troops to conserve her own strength.

Besides the manpower drain, he told a press conference, the Japanese are suffering a shortage of resources.

They have launched a fresh drive for scrap metal in occupied areas of China, bamboo-made obstructions have replaced barbed-wire entanglements, and many enemy ships plying the yangtze have mounted dummy guns, he asserted.

Metal fittings have been stripped from all allied-owned property in Szechuan, the spokesman said.

There are five main types of corn: dent, flint, flour, sweet and pop.

PREDICT PEACE FEELERS SOON

Believe Hitler Is Preparing Peace Offensive

London, Feb. 4 (AP)—The belief that Adolf Hitler may be preparing another peace offensive was expressed today in neutral quarters in London who said action might be initiated through Spain or Sweden or both.

These sources, which insisted on remaining anonymous, said there have been strange developments in Berlin since the Casablanca conference which suggest an impending move for a negotiated settlement in spite of the unsolicited denials from the Spanish embassies in Argentina and Chile that Generalissimo Franco had been designated a go-between.

In connection with the nebulous rumors of a possible Nazi peace offensive a Reuters dispatch from Ankara today quoted a German report as saying the Finnish minister to Berlin had advised the Germans that Finland might have to consider a separate peace with Russia unless she gets urgently needed food supplies.

At the same time Madrid dispatches said advices from Paris indicated the whole French black market was engaged in frantic liquidation as a result of spreading belief the war is going to end soon.

The correspondent of one Madrid newspaper called the wave of selling "a strange phenomenon of collective imbecility which began after the Churchill-Roosevelt conferences in Casablanca.

REPORT LOWER ACCIDENT TOLL

Year's Traffic Fatalities 12,000 Below 1941

Chicago, Feb. 4 (AP)—The National safety council today added up the score for accidents on the U. S. home front in 1942—53,000 killed, 9,300,000 injured, at a cost of \$3,700,000,000—and noted that the time lost during the year through non-fatal injuries to workers alone was equivalent to a shutdown of the nation's entire shipbuilding and aircraft industries for 54 days.

If both fatal and non-fatal accidents to workers were included, the council said, the loss of time, material and damaged machinery would be sufficient to have built 22,000 heavy bombers.

Bright spot of the survey, however, was the eight per cent decline in the all-accident toll as compared with 1941, resulting in a saving of 8,500 lives. The traffic category made the largest contribution to the improvement, 1942's motor vehicle deaths totaling 27,300, down 30 per cent, or 12,200 from the all time high of 40,000 in 1941.

The industrial accident toll in this first full war year went up three (Continued on Page Six)

Pitt To Get 15 Cars As Feb. Allotment

Raleigh N. C., February 4—A total of 758 new passenger automobiles was set as the February quota for North Carolina, Director T. S. Johnson, of the state Office of Price Administration, announced today.

A reserve of 99 new autos was set aside for use in case of emergency and in case quotas are unable to fill needs.

The quota for Pitt County is 15 cars.

Plan Investigation Of U. S. Manpower Shortage

By The Associated Press Washington, Feb. 4—A move to coordinate investigations of the nation's manpower requirements was launched in the Senate today while the House Ways and Means committee, searching for an acceptable pay-as-you-go tax plan, took up again a New York banker's proposal to wipe out last year's levies to achieve that goal.

Vice President Wallace, who normally assigns senate bills to committees, touched off the manpower inquiry issue when he left the mem-

Russian Fleet Reported Pounding Axis Evacuation Ships Massed In Black Sea; Northern Red Army Forces Pushing Offensive On Kursk Front

Moscow, Feb. 4 (AP)—The last Axis troops in the Caucasus were reported today being driven back toward a sea of Azov "Dunkerque" as the Red Army's tightening arc around Rostov cut the only remaining rail line of escape at Kuschchevka, where the shallow Yeya river widens out to the sea.

(Reports were heard in London that Russian warships and planes already were pounding at fleets of German ships heavily massed in the Novorossiisk area from which the invaders' troops might be ferried across the Strait of Kerch to the Crimea.)

Rostov itself was menaced still more sharply by another Russian column which thrust up the rail line from Salsk and captured Kagalnit-skaya, 30 miles southeast of Rostov.

To the north, Red army forces pressed their offensive here to the west with gains north of Kursk, at the approach to Kharkov, and between Kharkov and Voroshilovgrad.

(A stepped up Russian offensive between the Don and upper Donets was indicated today in the German high command communique broadcast from Berlin and recorded by the Associated Press.)

"In unceasing heavy defensive and mobile fighting against strong enemy formations which received further reinforcements, troops of the army supported by the air force repelled all outflanking attempts between the Don and upper Donets," the communique said.

"In the western Caucasus also stronger attacks were repelled." (The high command claimed "an important defensive success" in the battle of Lake Ladoga, "which flared up again to full violence after the Soviets had brought up fresh forces.")

The recapture of Kupyansk, midway between Rostov and Voronezh, moved the Russian attack within 63 miles of the big German base at Kharkov.

Krasny Liman was recaptured, heightening the peril to Nazi positions at Voroshilovgrad, Krasny Liman. (Continued on Page Four)

Medal Presented To Vandegrift

Washington, Feb. 4 (AP)—President Roosevelt today presented the Congressional Medal of Honor to Major General Alexander A. Vandegrift of the Marines, for "outstanding and heroic accomplishment" under adverse conditions against Japanese forces in the Solomon Islands.

General Vandegrift, a native of Charlottesville, a. t. was became the first Marine in this war to receive both the Congressional Medal and the Navy Cross, having received the latter last October at Guadalcanal from Admiral Chester W. Nimitz, commander in chief of the Pacific fleet.

The ceremony awarding the general the country's highest decoration took place in the President's office. It was attended by Admiral Ernest J. King, commander in chief of the United States fleet; Mrs. Vandegrift, and her son Major Alexander Vandegrift, Jr., also of the Marines.

General Vandegrift commanded the Marines on Guadalcanal until they were recently relieved by army forces.

The citation on the Congressional Medal said it was for accomplishments made above and beyond the call of duty from Aug. 7 to Dec. 9, 1942.

Col. G. C. Thomas and Col. E. W. Sneider, residents of Greenville, were both members of General Vandegrift's staff in the Guadalcanal action. Col. Thomas is now on a brief visit to his family here.

The WAR TODAY AN ANALYSIS OF THE NEWS

By GLENN BABB For the rest of this week the German nation will be in mourning for its sixth army, sacrificed at Stalingrad to Hitler's pride. Doctor Goebbels evidently is out to squeeze the full measure of tragedy from the sixth army's fate in the hope of putting new iron into the German soul. Meanwhile the Red army promises to present him with another disaster, should he need it for propaganda purposes, almost before the current period of mourning is over.

Moscow announces today the capture of several highly important towns, but perhaps the most significant is Kuschchevka, 43 miles south of Rostov. Its fall means that the German forces remaining in the Caucasus, numbering perhaps a quarter million men, have lost control of the last railway by which they might have escaped overland through Rostov.

Hence the German army's first Dunkerque of the war is taking form. If the Caucasus forces are to avoid the fate of Marshal Patton and his sixth army they must get away across the Kerch strait to the Crimea or embark at Novorossiisk for a longer sea voyage in the Black Sea.

The pattern of retribution stands out in the present plight of the Germans in Russia. It was the sixth army, now succumbed to the superior strength of the enemy, which compelled Allied armies to succumb in the 1940 sweep across the low-

lands. Doubtless many of the soldiers now swarming toward the shores of the western Caucasus were among the divisions which smashed at the British as they huddled on the beach at Dunkerque.

At several points the Russians have gained the line from which Hitler began last summer's offensive, running almost due north from the coast west of Rostov through Kursk. It should be only a matter of days before they have wiped out nearly all the territorial gains of 1942 which must have cost the fuhrer a million men permanently out of combat, dead, captured or maimed.

What is left of the 1942 conquests falls into three areas, the Caucasus, the Crimea, and the Balkans. The trap from which the Germans are fleeing as rapidly as they may, the circle around Rostov which doubtless will be defended bitterly and a wide loop east of the Moscow-Rostov which probably will be filled in quickly as other Russian forces swing westward to come abreast of the spearheads, which already have cut the railway above Kursk and below Kharkov.

The Nazi plan of campaign remains to be disclosed, but hints are strong that it involves withdrawal to a line already selected—perhaps that of the Dnieper—and holding there while a new stroke is prepared.

The German command probably had hoped to use this winter for another "constructive pause" such (Continued on Page Four)

Social and Personal

Social Calendar

5:00-6:00 p. m.—Girl Scout first aid class meets in the Girl Scout rooms in Municipal building. Mrs. Dave Proctor, instructor.

7:30 p. m.—Miss Ann McCormick will entertain at dinner and bridge in honor of Mrs. Francis Perry. Mrs. Dale Gidley recent brides, and Miss Elizabeth Sugg, bride-elect.

FRIDAY
9:30 a. m.—12:00 noon—Red Cross work room open. Ladies of the Christian Church in charge. Knitters needed.

10:30 a. m.—Presbyterian Prayer Service for Foreign Missions with Mrs. Roy Coburn and Mrs. J. A. Watson.

3:30 p. m.—General meeting of the Woman's Club at the club house.

6:30 p. m.—Kiwanis Club.
7:30 p. m.—Red Men meet.

8:00 p. m.—Rehearsal for the Bachelor-Sugg wedding at Jarvis Memorial Methodist church.

9:00 p. m.—Mr. and Mrs. Marvin Sugg will entertain the Bachelor-Sugg wedding party and out of town guests at a cake cutting.

SATURDAY
1:30 p. m.—Miss Ruby Taylor and Mr. and Mrs. Henry L. Taylor will honor the Bachelor-Sugg wedding party and out-of-town guests at luncheon at the home of Mrs. E. B. Ferguson.

5:30 p. m.—The marriage of Miss Elizabeth Sugg and Lieut. William Lowell Batchelor will be solemnized in Jarvis Memorial Methodist Church.

6:00 p. m.—Mr. and Mrs. H. C. Sugg will entertain the Bachelor-Sugg bridal party and out-of-town guests at buffet supper.

SURGICAL DRESSING STATION OF RED CROSS in basement of New Classroom Building—E. C. T. C. Hours Daily except Saturday: 9-12 a. m. 2-5 p. m. Tuesdays and Wednesdays: 7:30-10:00 p. m. Workers should wear wash dresses and head coverings.

Robert L. Humber, Sr. Ill.
Robert Lee Humber, Sr. one of Greenville's best known citizens, was taken ill at his place of business on Fifth St., next to the State Bank Building, shortly after noon today. He was taken to Pitt General Hospital. Mr. Humber was reported resting comfortably this afternoon.

Boy Scout News.
Robert L. Humber, Sr. and Charles Jones, new members, usually described as "ferretfoots," in Boy Scout Troop No. 30, were given neckerchiefs and Boy Scout handbooks at a recent troop meeting. B. B. Drum is scoutmaster. The troop meets at the hut at Jarvis Memorial Methodist Church on Wednesday evenings at 7:30.

Free Knitting Lessons.
Mrs. E. B. Allsbrook, 902 Charles Street, unusually talented and efficient with a knitting needle, has generously offered to teach women to knit who go to her home. She offered her services as a knitting instructor to members of the Eastern Star and is now making her services available to all who desire to learn to knit and participate in the war work. Mrs. Allsbrook will hold her classes at night. Her telephone number is 2857. Everybody is welcome.

Miss Sugg Honored at Luncheon.
Among the lovely parties honoring Miss Elizabeth Sugg, bride-elect of Saturday, was a luncheon given by Mrs. B. F. Bullard Wednesday at her home on E. Third St.

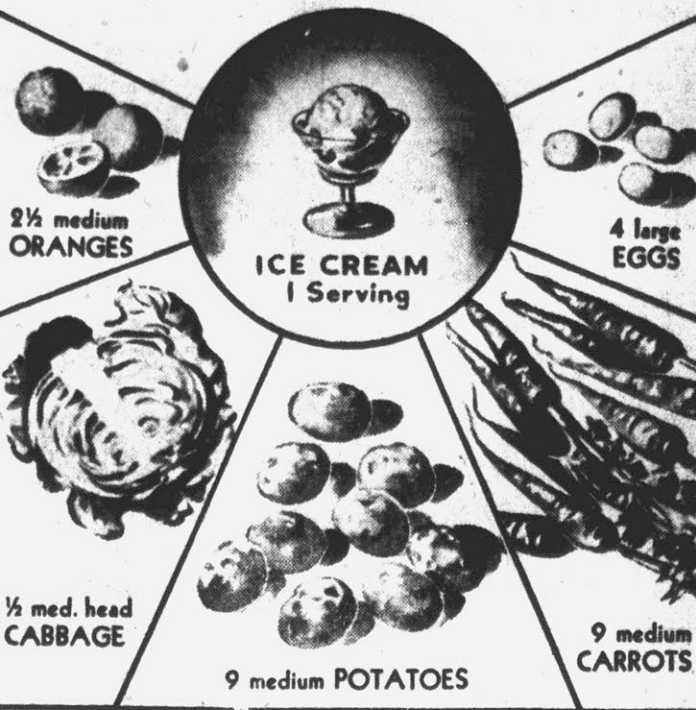

White gladioli and narcissi attractively arranged were used in the living room. The dining room decorations were in red and white. The central table was covered with an exquisite cloth and centered with red and white carnations and tapers. Small tables were also grouped in the living room. Red, white and blue "V for Victory" cards designated the places for the guests. A miniature marine and bride marked the place of the honor guest. The hostess presented Miss Sugg a corsage of red roses tied with red, white and blue ribbon. Luncheon was served in three courses.

AIR CORPS KATE!
Corporal Lane makes a provisional three-point in the rush for Kate's Rumford cake. Send your mail-in training home-baked delights. Assure success with Rumford Baking Powder. All-phosphate and rich in calcium.

FREE: Use Rumford's Tenderly Baked Mashed Potatoes today—Rumford Baking Powder, Box E, Rumford, Rhode Island.

Ice Cream IS A GOOD SOURCE OF CALCIUM

It Compares Well with Other Foods

Here is good news for those persons who realize the necessity of an adequate intake of calcium to promote general health and nerve stability and to build and maintain sound teeth. Ice cream is an excellent source of this essential food nutrient, so much emphasized in the National Nutrition Program, and so often deficient in the human diet.

The National Dairy Council is authority for the statement that an ordinary serving of one-sixth of a quart of ice cream furnishes approximately seventeen per cent of the calcium required daily by the average adult. To obtain this same amount of calcium from fruits, vegetables and eggs, which are often selected as supplementary sources of calcium, it would be necessary to eat 2 1/2 medium-sized oranges, or 1/2 medium-sized head of cabbage, or 9 medium-sized carrots, or 9 medium-sized potatoes, or 4 large eggs.

Forty Years Ago Today

THE DAILY REFLECTOR February 4, 1903

Greenville is All Right.

There is not a more solid town for its size anywhere, or one in which safer investments can be made. The eagerness with which any real estate that gets on the market is bought shows how people look upon the town. There is no likelihood that there can be any decline in the value of real estate here, and those with money to invest do not hesitate to buy when they have the opportunity. Rid the town of the many obnoxious saloons, issue bonds and get the public improvements underway, put the graded school in operation, and we will show you the fastest growing town in the state.

Names Wedding Attendants

The wedding of Miss Elizabeth Carolyn Sugg to First Lieutenant William Lowell Batchelor will be solemnized on Saturday afternoon at 5:30 o'clock in Jarvis Memorial Methodist Church.

Miss Sugg will be attended by her sister, Miss Marjorie Dixon Sugg as maid of honor and Mrs. T. P. Harris, of Jacksonville, Fla., as dame of honor.

Her bridesmaids will be Miss Jody Flanagan and Miss Ruby Taylor, of Greenville; Miss "Suggy" Sugg will be junior bride's maid and little Miss Betty Sugg will be flower girl. Lt. Batchelor will be attended by First Lieutenant Graham of Oklahoma, as best man and the groomsmen, Marvin Sugg, of Greenville, W. Archie Sugg of Cincinnati, Don Gilman Nicholson of Tarboro, First Lieutenant La Verne Wagner, of Iowa and First Lieutenants Davis and Stephenson of New River.

RED OAK NEWS

RED OAK NEWS 2 9U
Tin collections in the Red Oak Community of the county are to be taken to the club house or to the schools, according to an announcement made today by Miss Verona Lee Joyner.

Birth Announcement
Mr. and Mrs. W. G. Fussell announce the birth of a son, Gerald Glyn on Tuesday February 2, 1943.

Chatham Book Club.
The Chatham Book Club held its regular meeting Tuesday afternoon, February 2, at the home of Mrs. E. R. Conway.
Mrs. Frank Bendall, presided at the business session. The club voted unanimously to write the city council endorsing the continuance of the Art Center at the Memorial Library under city support. Magazines were requested for soldiers.
Mrs. Harvey Clayton introduced Miss Maribelle Robertson, junior at East Carolina Teachers College. Miss Robertson gave a sketch of the life of Edward Alexander MacDowell, American pianist and composer, whose art is representative of the best music that America has produced. She delightfully entertained at the piano with two selections of his composition, "Song" and "From A Wandering Iceberg."
The hostess, assisted by Mrs. Blair, served delicious refreshments. The meeting adjourned to meet next with Mrs. C. L. Adams.

Ballard's Cross Roads Home Demonstration club was super-extra-according to the men themselves—for at last they had a chance to sample, in its native environment, the much-talked-of southern fried chicken. And to do much more than "sample" it—for there was a supply on hand sufficient to satisfy even the hungriest marine and army and navy appetites. And after the chicken, the home-made cakes, layer cakes with thick juicy fillings, made and served in the best Pitt county home-made cake tradition. There were even among them two birthday cakes—for two boys who happened to be having birthdays on that particular day—and when these came on and their meaning was clear, one marine was heard to remark, rather plaintively in tones evidently meant to be overheard by hostesses standing by, "Well, I have a birthday, too, the 7th of next January!"

CHICOD NEWS

Rev. Vickery will conduct his regular service at Salem Sunday morning at 11:00 o'clock.
Mid-week prayer service will be in the home of Mr. Murry Porter Thursday evening at 8:00 o'clock.
Mrs. Jack Edwards will be hostess to the Christian Service Ladies Friday afternoon at 3:00 o'clock. Be sure to attend!
Mrs. Leon Evans and little daughter, Carolyn, Mrs. Hobkood and Mrs. Liverman of Winterville, also Mrs. Roy Edwards and Mrs. Charlie Elks of Chicod were dinner guests of Mrs. Fannie Edwards Tuesday.
Mr. Durwood Tucker of Greenville was a business visitor in Chicod Wednesday.
Mrs. Jimmie Edwards and Miss Ethel Tucker were shoppers in Greenville Monday afternoon.
Mrs. N. S. Moore, who has been with her daughter in Tayloe Hospital returned to her home yesterday.

Knitters Gossip

Congratulations to the Farmville chapter for 24 army and navy sweaters and 4 turtle neck sweaters turned in this morning. Their quota is 15 turtle necks and 8 have been turned in.
Two circular scarfs were turned in this morning by Mrs. J. E. Nobles and Mrs. Elizabeth Smith.
Esther Ricks, colored, who is blind, is knitting for the Red Cross. Despite her physical handicap she has obtained an education and holds a B.S. degree.

Woman's Club Meeting.

The general meeting of the Woman's Club will be held Friday afternoon at the club house at 3:30 o'clock.
Lieutenant Stephens Staver, of the Public Relations Department of New River, will be guest speaker. All members of the service men's organization are invited to attend. Each club member is requested to bring a book for the service men's library and sheet music no matter how old but in good condition, also records to be used at the club for our visiting service men.

SCOUT TRAINING HELPS WIN VICTORIES ON ALL FRONTS

Ernest J. King Rear Admiral U.S.N. Frank Knox Secretary of the Navy William D. Leahy Admiral—U.S.N.
 Douglas MacArthur General—U.S.A. Henry L. Stimson Secretary of War Thomas Holcomb Maj. General, U.S.M.C.

That Scout training develops character and self-reliance is well known to these Army, Navy and Marine Corps leaders. On numerous occasions each has said as much in praise of the Movement which gives to West Point and Annapolis better than 60% of their men. Wherever our fighting forces are hitting the enemy, you may be sure that among their ranks there are tens of thousands of former Boy Scouts prepared to win the victory.

Greenville Boy Scouts will join in the celebration of Scouting's thirty-third birthday with various activities throughout the week of February 6 to 12. One of the high spots of the local observance will be the annual Father and Son banquet to be held at the Woman's Club Tuesday night, February 9.

Battle Of Africa Being Won By Men Behind Lines

By RICE YAHNER

London—(Delayed)—(AP)—The battle of North Africa—if not the battle of Europe itself—is being won by the day-by-day developments in Algeria and Morocco far behind the front lines.

Behind the lines there is building a crushing force of men, munitions and supplies—the job vital to winning.

Tactics and strategy is the lesser part of the job. They can be wrong and victory still may be possible if overwhelming force is employed. But if the stores of food, fuel, gasoline, tanks, planes, guns, and men are inadequate, tactics and strategy are crippled.

From what I have seen in about 5,000 miles flying in the African theater, there can be no doubt of the outcome when the allied force lets loose.

Everywhere are planes. There are all types with combat crews ready for the front after a final checkup and servicing. Great hidden supply bases and ammunition dumps are strung out for more than a thousand miles from Morocco to Tunisia. By ship from the United Kingdom and the United States, reinforcements are arriving as fast as docks can handle the ships. Planes wing across the south Atlantic daily—fighting ships and literally "flying boxcars" filled with prime cargo.

The most optimistic guess of when the Axis can be beaten in north Africa would be four months hence.

Even though the Axis supply lines both from home bases and from African depots are much shorter than the allies, the Germans and Italians undoubtedly are ready second in number of men and the amount of equipment in the theater.

The Axis rarely attacks bases and shipping. Submarines get a ship now and then but at present there are no pack raids in the Mediterranean.

In the fighting thus far, allied soldiers—even untried Americans—are confident they can outfight the enemy. Allied equipment generally has been more than a match.

During the first weeks of the campaign when men just existed in virtual mudflats—when they had taken over—when gasoline was trucked scores of miles in hundred-gallon drums then flown to advance bomber and fighter stations in five-gallon cans, the allies did not suffer a serious setback.

There are some who believe the initial phase of the campaign was so speedy that it was difficult to keep supplies flowing to the out-distant troops.

French pilots have received the latest American planes. Colonial troops are being instructed in and equipped with modern guns, tanks and trucks.

Tremendous airpower has been concentrated in North Africa. In fact there is some evidence that already there are enough of some Complete and well rounded ground fighting forces are still pouring in. Some Americans tell you they expect to just keep fighting around the world, finishing up in southeastern Europe then through India, Burma and Japan.

War Order . . .

(Continued From Page One)

ponents" which are the prime bottleneck in the synthetic rubber, ship, aviation and other program include a large range of items. The order also put a deadline of March 1 on the placement of orders on which delivery is necessary by the end of 1943.

"It's impossible for most manufacturers to meet those dates," said the spokesman for one large industrial association, who asked that his name be withheld. "We simply cannot know by that time what our requirements for the next five months will be. Producers handling tanks and aircraft and a few other long-time program can do it, but the majority of other manufacturers can't."

"The confusion is terrific. I've been calling WPB myself and I've learned that telephone calls and telegrams are pouring into WPB from all parts of the country."

This industry representative said at least one of WPB's industry divisions—which are responsible administratively to Eberstadt, not Wilson—had told questioners to "throw the thing in the waste basket" and disregard it.

The comment was heard in several quarters that the situation might precipitate a "showdown" between Eberstadt and Wilson.

Wilson's new request apparently by-passed Eberstadt completely. The letter went to the 14 "claimant agencies" which come to WPB for materials, including the war and navy departments, maritime commission, the rubber and power directors, the Petroleum administration, lend-lease administration and

Plan Investigation . . .

(Continued From Page One)

600 workers drawn from less essential industries, 1,900,000 women, 800,000 boys and old men, 500,000 employables, including physically defectives, not now working, and 500,000 persons made available by 48 hour work weeks throughout essential industry.

Nelson's figures were disclosed to reporters by Senator Lodge (R-Mass) when the committee recessed.

Beardsley Ruml, chairman of the Federal Reserve board of New York, again advocating his plan to skip a year's tax liability to put individual income taxpayers on a pay-as-you-earn basis told the House Ways and Means Committee today that withholding taxes on 1943 incomes should start not later than April 1.

The three most important differences between him and the treasury Ruml said in a prepared statement he read to the committee, "are one point of fact, one point of principle and one point of policy."

For more than a year Ruml has proposed all-out forgiveness of one year's taxes to put individual income tax payers on a current basis.

Chairman Doughton (D-NC) of the House Ways and Means Committee vigorously challenged contentions of Ruml, that his idea would improve the "financial well-being of the government."

Doughton, voicing opposition to any plan for all-out forgiveness of a year of tax liability for individual income taxpayers to put them on a pay-as-you-earn basis, asked Ruml why if his contentions were correct you don't sell that to all business people and have them cancel debts by their customers?"

Ruml had just completed a plea for his plan when Doughton fired the questions.

Randolph Paul, Treasury Department Counsel, has told the committee the Ruml plan would precipitate inflation. Paul said the Treasury has given "serious consideration" to a plan to collect taxes on 1942 incomes. But substitute the lower rates of 1941.

The Senate was expected to confirm, by an over-vote, the nomination of Judge Wiley Blount Rutledge of Iowa to the Supreme court. Possible opposition by Senator Ferguson (R-Mich) subsided when Ferguson disclosed he had talked with Judge Rutledge and found that the jurist was "a believer in Constitutional government."

The Senate War Investigating committee reports that the nation's steel production in 1943 will be sufficient to meet only the "major war necessities."

The committee blamed the situation on what it described as failure of the armed services correctly to estimate their needs; the desire of big steel companies to prevent expansion that might cost them post-war control of the industry; and delay by the War Production Board in converting the industry to a war basis. It urged overhauling of the scrap program.

GIVES VIEWS ON BASEBALL

Rickey Says Game Is Valuable Morale Builder

By JUDSON BAILEY

New York, Feb. 4 (AP)—One voice of optimism has sounded a rallying cry for baseball since the War Manpower Commission issued its list of non-essential jobs.

It came last night from Branch Rickey, President of the Brooklyn Dodgers, who defended the value of baseball for morale.

Taking issue with pessimistic reactions of other major league owners, Rickey asserted if the assumption was correct that omission of baseball as non-essential was no oversight, "then the Manpower Commission must have believed that certain professional activities in the field of recreations should be continued and that these activities properly regulated are worthwhile agents in the maintenance of the fighting morale, not only of our home folk but of our armed forces in America and throughout the world. x x x we thing that what ever keeps up the spirit of our people is a good thing."

"If sports are permitted to interfere remotely in the war effort they should not be tolerated for one minute," he said, "but if they continue as a helpful agent in the field of public morale then they should be encouraged and sustained by the government itself. And most surely, so long as there is doubt about it, the question should be resolved in favor of public morale."

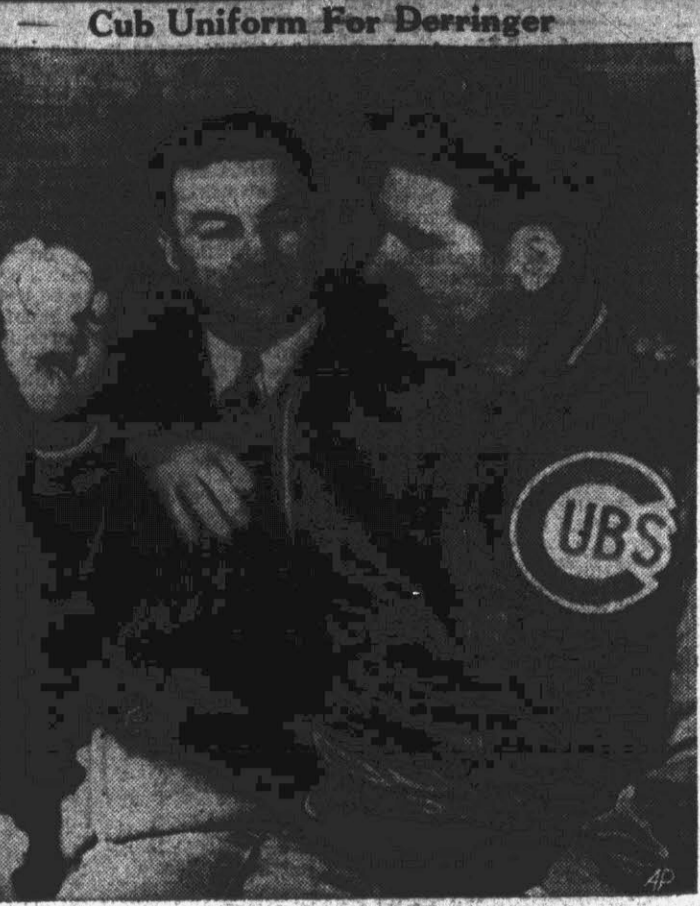

From officials of other teams came these comments:

Warren Giles, Cincinnati Reds—"We never have claimed to be essential."

Clark Griffith, Washington Senators—"I hope some means can be found to continue the sport."

Alva Bradley, Cleveland Indians—"I believe baseball should go as far as possible to provide entertainment and relaxation, but not at the expense of depriving industries of needed manpower."

Jim Gallagher, Chicago Cubs—"I don't believe there are more than 30 players in the entire country over draft age who are capable of playing major league baseball."

Paul Derringer, new Chicago Cub and former pitching pride of the Cincinnati Reds, dons a Cub uniform and gets the feel of a baseball as he reunions with Cub Manager Jimmy Wilson (left), also an ex-Red player.

Generals, Gobblers To Invade Carolina

Chapel Hill, Feb. 4—Carolina's Conference swim champs will make their first home appearance at 3:30 o'clock Friday, while the Tar Heel matmen will meet one of their top rivals for another southern title at 8 p. m. that night.

The Blue Dolphins, who out-splashed V. M. I. last week 56-19, will take on Virginia Tech. The Tar Heel matmen, who have already beaten Duke and State for their fifth straight State title, will scrap the great Washington and Lee mat club.

The Generals, who were Conference champions in 1940 and 1941, won last year's dual meet, 17 to 11, but Carolina nosed them out for top honors at the tournament. Heading the invaders will be Sam Graham, ex-conference champ at 121 pounds, and Budd Robb. Robb beat Carolina's McKeever for his 128-pound title two years ago, but Hobie downed Robb in last year's finals. Bud is up to 136 this year and will meet John Robinson, conference runner-up, in the feature match.

The undefeated Carolina freshman will meet the strong Greensboro High team in a prelim at 7 o'clock, and the varsity meet will follow at 8 p. m. The Carolina swimmers beat the Virginia Tech varsity last year, but

Sports Roundup

By HUGH FULLERTON, JR.

New York, Feb. 4—(AP)—Judging from the lists of ex-athletes and coaches who have been assigned to the navy's new flight preparatory schools recently, there'll be plenty of athletic activity at some colleges as soon as they get things organized. So if you see "wahoo prep" among the football scores next fall, don't jump at the conclusion that it's just a high school game. It may be a better team than Minnesota. But we also see that the army air forces technical command, which turned thumbs down on football last fall, still is "agin" any real competitive sports. Maj. Gen. Jacob E. Pickel recently took some pretty good boxes out of Texas amateur tournaments and wiped out a couple of basketball teams by ordering that "no enlisted man in this district can compete in athletics of the post." The Mississippi college board, which last year rejected a plan to

the Gobblers had a great freshman club, and look much stronger this season.

suspend intercollegiate athletics at state institutions for the duration, is considering it again and has told athletic directors not to make any new contracts until after the March meeting. Both Ole Miss and Mississippi State worked on a pay-as-you-go basis last football season and found gate receipts were enough. Officers of the Columbia U. navy unit thought the Cadets didn't have enough time for athletics. But now they've organized track and basketball teams by popular demand. But the coast guard, which apparently is strong for competitive athletics, has ruled that light-heavyweight champ Gus Leanevich can't fight, even on his own time. So his Feb. 26 bout with Pvt. Melio Betting now is off. You figure it out, we can't.

Today's Guest Star

George Herrick, San Diego (Calif.) Tribune-Sun: "The St. Louis Cardinals are to do their spring training in Cairo, Ill., described in a WPA handbook as being in a state of 'gentle decay,' needless to say, the Cards hope the dame fate doesn't befall them."

Service Department

Maynard Harlow and Ray Schmidt, co-captains of the 1938 University of Virginia boxing team, both are fighting in the big battle, Capt. Arow of the army air corps has seen considerable action over New Guinea and Ensign Schmidt is gunnery officer aboard a destroyer. Another former college boxer, Lieut. George V. Pyles, a kayo artist at Maryland, was killed recently in action over China after bagging three Jap Zero planes. The Fort Sheridan, Ill., EAAC basketball team lineup includes Ruth Corby of the prudenial team of Newark, N. J., Emogene Cooper of Richman, Tenn., who was selected for an all-tournament team in the upper Cumberland district, and three girls who played in college. Margaret Lawrence of Cincinnati, U. Gwen Weaver of West Liberty (W. Va.) college, and Sarah Mayes of Arkansas A. and M.

CANNED-FOOD RATIONING IS SET TO START MARCH 1

Washington, Feb. 2 (AP)—Public sale of canned fruits and vegetables will stop throughout the nation at midnight, Feb. 20 and will resume on a tightly rationed basis March 1. These official dates for starting the drastic innovation in grocery shipping were announced tonight by the Office of Price Administration. The order also applies to all frozen fruits and vegetables, dried fruits—but not dried vegetables—canned soups and canned baby foods. Canned goods rationing has been on the way for several months because of the quantities needed by armed forces and lend-lease operations. Many stores have for weeks limited customers to one or two cans of this or that. The new ration system will be even more complicated than the controversial rationing of gasoline, oil and other products. Canned goods rationing will, in fact, involve a dual currency system. Starting March 1, every time the housewife goes to the store for canned goods, she will have to pay not only the usual money price, but also a value in coupon points.

The quantities of the above will be limited

Do not hoard buy what you need between the 20th of February and the first of March as there will be very few items we will be allowed to sell during this period.

WILSON'S WEEKLY Bulletin

By George Rector
Food and Nutrition Consultant to Wilson & Co.

CALLING ALL KITCHEN CREWS

Rally 'round, you Kitchen Crews . . . you homemakers who can't get your tried-and-true meat stand-bys at the market these days . . . Banish your woes, don your apron, and try your hand at a bit of culinary cleverness, especially designed to keep families contented . . . I mean putting meat flavor into dishes with Wilson's B-V. It turns the trick . . . expertly, too, for B-V gives that "professional flavor" in cooking, one of the "meat magic" secrets of famous chefs.

Menu for Mid-Day	
MOR	CREAMED ON TOAST
	CHOPPED VEGETABLE SALAD
	FRESH FRUIT CUP
	*B-V IN TOMATO JUICE (HOT)

HERE'S HOW: Creamed MOR: Cube Wilson's MOR, and combine with hot cream sauce. When MOR is heated through, pour over toast points and serve.

Try creamed MOR over baked potato halves for another day's meal. Fine for either lunch or dinner.

*The B-V Hot Cup. Dissolve B-V in boiling water (1 level teaspoon per standard cup water) and combine with hot tomato juice, allowing 1 cup dissolved B-V for each cup tomato juice. Or . . . perhaps you'll prefer just the hot B-V . . . then use recipe above without tomato juice. Either way is tops!

A NEED IS MET: A "born natural" for wartime meat problems. B-V is a Wilson Beef Product . . . All the goodness of prime lean beef . . . plus selected, savory vegetable flavoring. It gives you the vitamins and stimulant qualities so needed to meet today's work.

THREE-WAY SAVER: No wartime kitchen can afford to be without this three-way meat saver . . .

Just before serving, brush Steaks, Chops, or Roasts, with partly melted B-V for an added flavor. It's a Chef's Special!

The next time you serve scrambled Clear Brook Eggs, beat 1/2 level teaspoon of B-V right in with each batch of six eggs. It gives the "master's touch" to ordinary fare.

Yours for Another Week,
George Rector

TO LEAVE FOR ARMY FRIDAY

Clubs To Give 85 Draftees Good Send-off

By CHESTER WALSH Selective draftees (about 85) from both Pitt county draft boards who are to leave the bus station here tomorrow promptly at 1 p. m. will receive a friendly gesture of good will from the "folks back home." The members of the contingent have previously reported at Fort Bragg and been accepted for military service and are returning for active duty tomorrow after spending a week's furlough at home. Several of the men listed are to leave Saturday. The Service League, the Woman's Club, the Service Men's Center and the Kiwanis Club and others will be at the bus station to spread good cheer. The Service League will give the men post cards on which to write home and this is in continuation of the league's project of sending Christmas cards to every Pitt county man in the armed forces. President Joe Taft and a delegation of Kiwanians with a group of young women with Kiwanis caps will tell the boys goodbye and pass along packages of doughnuts. Greenville people are going to let the men know they appreciate their part in the war effort. Following is a list of the selective draftees to leave tomorrow: Board No. 1 William M. Owens, William A. Crandell, Herbert L. Baker, William L. Nisbet, Jr., George R. Mayo, John B. Newton, John L. Horne, Jr., Marvin C. Harris, Zeno G. Nichols, Alfred Leggett, Jr., Burton R. Hayes, Claude D. Harris, William H. Hathaway, Claude T. Fleming, Jr., James L. Martin, Robert B. Padgett, William A. Gladson, Jarvis H. Capps, Allen L. Ward, Walter L. Matthews, Lee R. Anderson, Elmer Dell, Hardy L. Owens, John W. Hobgood, William H. Hyde, Hugh W. Burroughs, William H. Tripp, Norman A. Gardner, James E. Vick, William A. Lassiter, Roy L. Harris, Thomas E. Joyner, Jesse E. Sautter, Hunter A. Tetters, Arnold Falkner, John B. Joyner, Lansing C. Allen, Jesse R. Howard, James R. Moye, Elbert L. Owens, Alden Rutledge, Heber J. Hudson, Jr., John G. Leggett, Horrace L. Baladre, Robert L. Kittrell and Dan M. Barton.

Board No. 2 Jake Mumford, Raymond B. McGlohon, Edward T. Surrill, Jesse R. Brooks, Edward L. Corey, Heber Ipeck, Walter M. Taylor, Ralph R. Hunter, Dennis N. Branch, James E. Stocks, Herbert B. Norris, Robert J. Baker, Carl P. Corey, Louis A. Wiley, Thos. F. Harrington, Furney C. Smith, Denton B. Wall, Wallace E. McLamb, Roy L. Cannon, Robert L. Ward, Lester L. Smith, Charles S. Wooten, Lloyd C. Patrick, Jr., Earl B. Carter, James F. Carr, Jr., Tebo Corbett, Edward A. Conway, Wade H. Cox, Van B. Carroll, Isaac B. Mitchell, L. B. Kinlaw, Jr., Joseph L. Norman, Charles E. Fleming, Jr., Troy D. Moore, Robert E. Bailey, Thomas I. Waters, William C. Davenport, and Neill D. Currie.

Soviet Drive Still Rolling

Soviet troops continued to push closer to Kursk in latest reports after the capture of Kshen (1), and another advance (2) on the Kharkov front from Svatova. One Russian wedge (3), reached Zernovoy, less than 40 miles from Rostov. Farther south, a Russian pincer (4) weakened Krasnodar, which, if captured, would isolate an estimated 200,000 Germans based at Novorossisk and vicinity. Swastikas show where Nazi armies are encircled west of Stalingrad and Voronezh.

Favors Banning Of Pleasure Driving

Washington, Feb. 4-(AP)-Petroleum Administrator Ickes said today that he favored banning pleasure driving throughout the nation, with modifications for places "right in the oil field country" and places lacking adequate alternative transportation. The ban on pleasure driving in the eastern states, he told a press conference, should be extended to "the whole country" wherever it would result in accumulation of oil supplies needed for essential purposes.

McCrea Accepts Naval Command

Washington, Feb. 4-(AP)-The White House announced today that Capt. John L. McCrea, the President's naval aide, had been relieved at his own request to take command of one of the navy's "biggest and most powerful boats afloat." Capt. McCrea will be succeeded in a few days as White House naval aide by Rear Admiral Wilson Brown, now in command of the First Naval District at Boston, who served as Mr. Roosevelt's first naval aide 10 years ago.

Confer On Ceiling Price Of Potatoes

Washington, Feb. 2-Congressmen Clark, Barden and Bonner yesterday conferred at length with Hon. Prentiss Brown, administrator, Office of Price Administration, relative to the ceiling price on white potatoes for the 1943 crop. Congressman Bonner pointed out to Mr. Brown that the white potato grower had not received the benefit under the various agriculture acts in comparison with tobacco, cotton and other farm products, and that in the face of increased cost of materials and labor they could not produce this year's crop of potatoes under the tentatively proposed ceiling price of \$2.40 per hundred, which would barely bring the Irish potato grower a net return after paying all cost of \$20 to \$25 per acre. This net does not take into consideration the hazard of crop failure and other things which the farmer has to contend, including labor shortages caused by national defense developments.

Report Lower ...

(Continued From Page One) per cent. But non-agricultural employment during the period rose seven per cent. Notwithstanding gasoline rationing, the North Atlantic region finished the year with the smallest fatality reduction of any geographic area. The tab by areas, with percentage reductions - North Atlantic 24; South Atlantic 34; North Central 33; South Central 73; Mountain 29; and Pacific 28.

Table listing various commodities and their prices, including Coca Cola, Coml Credit, Corn, and various oils.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a Youngster - Now her Backache is better. Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble is their tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes allows backache to creep over your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Kiwanis Minstrel Be Held Shortly

The Kiwanis Club is working on plans to present another minstrel show here in the near future, with strictly home talent, new jokes, some of the old ones, good music, singing specialties, a lot of Southern Negro melody and humor, a chorus of pretty dancing girls, and some of the town's leading business and professional men using the tambourines and bones. President Joe Taft, the "irreverend" "Tige" Gardner, "Sassafras," experienced minstrel man, Claude Ward, "Sweetpea" Barrett and Eli Bloom, interlocutor at the last minstrel, which went over successfully and netted the Kiwanis Club about \$500 for underprivileged children are already busy on the entertainment project. The Kiwanis minstrel will be strictly a home town affair with home talent. Money derived from the sale of tickets at a nominal price will be used for underprivileged child work. The date will be announced later.

U. S. and Nippon ...

(Continued From Page One) the sinking of two battleships and three cruisers off Renel Island. Naval spokesmen here said the Japanese claims were "grossly exaggerated" though it was known that both sides had suffered losses in the skirmishes in the Guadalcanal area. Like angry hornets, the bombers of Gen. Douglas MacArthur's command continued to harass and distract the enemy by raiding his bases on New Britain and Bougainville islands. A big four-motored Liberator bombed a Japanese warship at Wide Bay, south of Rabaul, New Britain, after driving off an enemy fighter. Results were not observed. A report from MacArthur's headquarters today also said that Flying Fortresses had raided Rabaul itself, a vital Jap base for the battle of the Solomons, for the fifth consecutive night despite heavy clouds which hampered a check of the damage done. A Flying Fortress on

Find Hidden Military Equipment In Essen

Stockholm, Feb. 4-(AP)-A German newspaper dispatch disclosed today that rifles, pistols and other military equipment of both German and foreign manufacture had been found hidden in attics of Essen, indicating an underground anti-Nazi movement among workers in that arsenal city. British aerial bombardments were indirectly responsible for uncovering of the caches.

Groundhog's Shadow Followed By Hail

The groundhog saw his shadow Tuesday. The sun was shining brightly when he came out from winter hibernation at noon. The report "weather prognosticator" lived up to his reputation. Yesterday afternoon there was drizzling rain, then sleet for a time, reminding that winter is still here. Some said it was sleet that fell, but insurance men declared it was hail - two clouds, one warm the other cold - meeting above and dropping icy particles. Overcast skies and mild temperature prevailed last night. Today it has been cool and cloudy with prospects of rain.

For Victory IT TAKES BOTH 1. Taxes 2. War Bonds PLUS MORE WAR BONDS

When EXHAUSTION leads to Headache CAPUDINE

Don't let headache double the misery of exhaustion. At the first sign of pain take Capudine. It quickly brings relief, soothes nerves upset by the pain. It is liquid - already dissolved - all ready to act - all ready to bring comfort. Use only as directed. 10c, 30c, 60c.

Reunions In France

News of the engagements between naval units, which may be the largest yet arrayed in the Pacific war, was withheld here because of military considerations. The Japanese claims that two United States battleships and three cruisers have been sunk were described by a naval spokesman as "grossly exaggerated." Secretary Knox said the Japanese were fishing for information. Last night's communique reported that U. S. soldiers on Guadalcanal, smashing through stiff enemy resistance, had continued their advance to the west and crossed the Boneng river, half a mile east of Tassafaranga. Sixty Japanese were killed in the fighting.

Towering Fires

Towering fires were started by a Catalina medium bomber in a raid on an enemy airdrome at Buin, on Bougainville island in the Solomons. Fires also were started at the Gasimata airdrome on New Britain.
