U. S. And British Strike At Italian Ports And Bases

Bomber Command Chief Says Attacks Are 'Prologue Of Things To Come'; Allied Ground Campaign Bugged Down; British Closing in on Rommel

By The Associated Press London, Feb. 8 — United States and British bombers carried the war to Italy from North African bases yesterday with attacks which left the Naples waterfront in flames, pitted the Sardinian air base at Cagliari and left fresh scars upon Sicily, communiques announced today.

American heavy aircraft struck by daylight at both Cagliari and Naples, 300 miles apart across the Tyrrhenian sea. Brig. Gen. Patrick W. Timberlake, chief of the U. S. Bomber Command in the Middle East theater, said the Naples raid, made in two waves against heavy anti-aircraft and fighter opposition, was one of the most successful ever carried out by American air forces in the Middle East and was "a prologue of things to come."

The multiple aerial blows were launched as rain and mud again bogged down the Allied ground campaign in Tunisia, restricting activity to patrols.

A further closing of the Allied pincers upon Marshal Rommel was indicated, however, by a Cairo communique which said British Eighth army troops were in contact with the enemy in the coastal region of the Tripolitanian-Tunisian border west of Plisida and they were believed to be preparing for a new attack.

Bulletins from both Cairo and Allied headquarters in North Africa emphasized the continued success of the Cairo despatches said that American B-23 Liberators, in addition to starting fires which threw up great columns of black smoke at Naples, scored direct hits on three merchant vessels.

The Italian high command said in a communique broadcast from Rome that the damage was extensive and that there were casualties. It was the 40th attack of the war on Naples.

The Italian bulletin declared nine raiders were shot down—four at Naples, four at Cagliari and one in Sicily. The Allies said only two planes were lost, one from the Middle East command and one from the aerial forces of Lieut. Gen. Dwight D. Eisenhower.

Grounded aircraft were set afire, bombs exploded on the air field and buildings and a seaplane station were hit at Cagliari, the communique from Allied headquarters in North Africa reported. Five challenging Axis fighters were declared to have been shot down without loss to the formation of B-17 Flying Fortresses, B-26 Marauders and the P-38 lightning escort.

British Wellington bombers followed up this attack with raids on other Sardinian air fields last night. The Italian communique said "slight damage was caused" by the attack on Cagliari and three civilians were killed and four injured. It did not mention the night raids.

The harbor of Algiers, an Allied base, was reported by the Italians to have been raided last night, the summary referring to that action. The Allied communique from North Africa said "one of a small number of enemy bombers was destroyed."

General Sir Bernard L. Montgomery's patrols, whose activities in the past frequently have given the first hint of impending large scale action, were reported feeling their way into the no-man's land between the Matmata hills and Rommel's first natural line of fortifications in southern Tunisia.

Official advices from Cairo, how- (Continued on Page Three)

Writer Killed

Edward Henry Crockett, 31 (above) Associated Press war correspondent, was fatally wounded in the torpedoing of a British navy vessel, the British Admiralty has announced. No details were given, but the announcement related that Crockett was buried at sea. He had succeeded Larry Allen, AP correspondent who was reported captured September 13 by Axis forces during a sea and air raid on Tobruk.

WANT CURB ON HIGH SALARIES

Proposal Would Require Confirmation Of Senate

By JACK BELL Washington, Feb. 8—(AP)—A major battle impended today between administration forces and a combination of independent Democrats and Republicans over a proposal to give congress increased control over executive departments by requiring senate confirmation of all appointees to jobs paying \$4,500 or more a year.

With the announced support of such veteran legislators as Senators (Continued on Page Six)

Dead Line's Given For Listing Taxes

By CHESTER WALSH The Pitt County and the City of Greenville tax departments today issued a final warning to all persons that the tax-listing books will close on Friday, February 12. The books were kept open a week longer than the legally prescribed time.

The State law provides a penalty for not listing at the authorized time. The law also provides that a person may be indicted for failure to list taxes—whether they are personal or real.

All of the counties and cities and towns of the State, complying with the federal government's recommendation, are following out the letter of the law about listing taxes and they are rigidly enforcing payment of taxes. A person who fails to pay his personal property taxes on time may have his wages or salary garnished anywhere in the State. When property owners fail to pay their taxes their property may be sold at the courthouse door for the taxes.

The County Commissioners are planning to keep Pitt County in line with other counties in the matter of prompt listing of payment of taxes.

Director Byrnes Orders Shoe Rationing For U. S.

By IRVING PERLMETER Washington, Feb. 8—(AP)—It's illegal to sell shoes today, but tomorrow rationing starts at the rate of three pairs a year for each person.

Without any advance warning, shoe rationing was ordered from the White House by Economic Stabilization Director James F. Byrnes Sunday afternoon.

Most immediately crowds stormed shoe counters in stores operating on Sundays.

Only house slippers, infants' soft-soled shoes, and storm-type rubber-wear were exempted from the rationing program. Policemen walking beats and other special cases will receive extra rations.

As for children who sometimes run through shoes at a dizzy pace, Byrnes said if daddy or mother have some unused shoe coupons they can use them for the kids, (Continued on Page Five)

AXIS BASE IS RAIDED BY RAF

Worst Pounding Of War Given Lorient Sub Shelter

London, Feb. 8—(AP)—The RAF gave the German submarine base at Lorient, France, its worst pounding of the war last night and also attacked targets in the industrial Ruhr, the air ministry announced today.

Preliminary reports indicate that great destruction was caused in the attack on Lorient, a communique said. The submarine base there had been last bombed last Thursday night, in conjunction with attacks on Northern Italy and the Ruhr.

Seven bombers were reported lost in last night's operations. Canadian airmen who participated in the attack upon Lorient said the port was turned into a sea of flames visible 100 miles away. The assault, the 65th of the war, was in keeping with the announced purpose of the RAF to flatten the U-boat facilities outfitting and supplying Nazi raiders.

The 65 raids include a daylight punning by the U. S. AAF. A Berlin radio broadcast recorded in London said that the RAF lost three bombers in attacks "on the French Atlantic coast."

Folkstone observers reported that a formation of spitfires roared low over Dover strait and vanished into the haze over the French coast early this afternoon to maintain the offensive against enemy targets.

The Berlin radio said a small number of British bombers carried out what it called "single nuisance raids" on western Germany. It asserted damage was negligible.

Germany sent a few aircraft over a coastal area of southern England during the night and bombs were dropped at one place. The British said there was slight damage but no casualties were reported.

In the aerial offensive over the week-end, the RAF attacked scattered targets in the Rhineland during reconnaissance missions Saturday night and yesterday by daylight fighters attacked locomotives and barges in patrols over northern France and Belgium.

SAY HUGE CUT BEING PLANNED

Newsprint Users Protest To Commerce Committee

Washington, Feb. 8—(AP)—Charging that newsprint slashes "as high as 50 per cent" are being planned by federal rationing authorities, a group of approximately 50 representatives today formed a committee to protest further cuts "until full reasons for such actions are explained to Congress."

A committee of 20 Republicans was appointed to call upon chairman Lea of the House Interstate Commerce committee this afternoon.

Rep. Shafer (R-Mich) said he had been told by Donald Sterling, WPB consultant on newspaper publishing problems, that the Office of Civilian Supply had recommended a "precipitous cut" in addition to the previous newsprint slash.

"Furthermore, I have reason to know that they're planning as high as 50 per cent cut," Shafer said. "That would mean absolute elimination of practically every newspaper in the country."

The committee was appointed by Rep. Bradley (R-Mich) who served as chairman of the session and in whose office the meeting was held. Shafer said that "while weeklies were not affected by the first 10 per cent cut, they will be affected by the next cut."

Repeating the contention he made recently on the House floor, Shafer said that the newsprint slashes were "part of an insidious movement on the part of long-haired government" (Continued on Page Six)

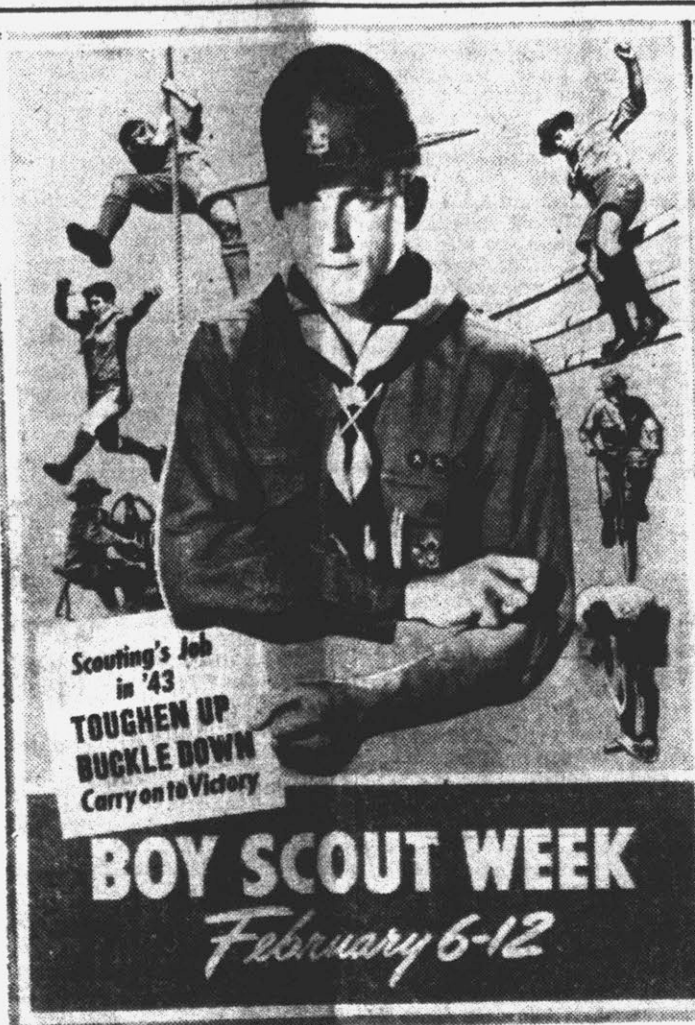

No Stamps Needed

Washington, Feb. 8—(AP)—Shoe retailers who made lay-away or will-call sales before 4 P. M. (Eastern War Time) yesterday may complete the transactions without collecting ration stamps.

The OPA regulation provides, however, that delivery must be made before Friday. Shoes ordered by mail before 3 P. M. yesterday also can be delivered without stamps.

Shoes delivered without ration stamps must have been ordered before announcement of rationing and been wrapped, marked or held for delivery to a customer.

Boy Scouts Mean Business

"Toughen up, Buckle down, and Carry on to Victory" is the Boy Scout major task this year. Their 1,570,000 members are in the conflict to the hilt on the home front, doing everything boys of Scout age can do to help win the war speedily and a just peace permanently.

President Pays Tribute To Nation's Boy Scouts

President Roosevelt, in a message to the Boy Scouts of America on its thirty-third birthday anniversary today paid high tribute to the training it provides to the youth of America. Mr. Roosevelt, who is honorary president of the Boy Scouts, has been active in the movement over twenty years.

In his message addressed to his 1,589,281 "fellow Scouts and Scouters," the President said: "Today, with the nation at war, we observe the thirty-third birthday of the Boy Scouts of America. The job of winning the war and assuring a decent and lasting peace is the concern of every American."

"I heartily approve the slogan adopted for the Boy Scouts of 1943—'Toughen Up, Buckle Down, Carry On To Victory.' I am informed that to date more than three hundred and twenty-seven of those who have been decorated for heroism by our country have been identified as having had Scout training. The leaders of our Armed Forces in Training Camps and on the battlefronts have emphasized the value of Scout training in developing skill, self-reliance, resourcefulness and initiative which are proving to be so essential in our determination to win the war."

"I have always been a staunch believer in Scouting and now in time of war, as your Honorary President, I urge everyone connected with Scouting, boys and men, to see to it that Scouting is maintained at its full strength and effectiveness as a practical contribution to the war effort."

"Certainly those who help to make boys physically strong, mentally awake and morally straight in these times deserve the appreciation of

all who are leaders in America. I am confident that full cooperation will be accorded leaders of the Boy Scouts of America who are dealing with a most important aspect of our manpower problems."

"So I bring greetings on this the thirty-third birthday to all the members of the Boy Scouts of America and say: Reach out and make it possible for every boy who wants to be a Cub or a Scout to have a meeting place and the necessary leadership as a service to your country."

"Toughen Up, Buckle Down, Carry On To Victory"—a definite and vital part of all of your activities."

Plans Confirm Rutledge Confirmed

Washington, Feb. 8—(AP)—The Senate confirmed today President Roosevelt's nomination of Wiley Rutledge of Iowa to be an Associate Justice of the Supreme Court, succeeding James F. Byrnes, now economic stabilization director.

Boy Scouts

Judge F. C. Harding will be the speaker at the annual Boy Scouts "father and son" banquet at the Woman's Club tomorrow evening at 7 o'clock. John G. Fleming, chairman of the Greenville district of Boy Scouts, will be toastmaster.

Tickets may be procured at the door. The program will be entertaining. It will include a review of the achievements of the Boy Scouts during the past year.

James T. Uzzle, Boy Scout field executive, will make his report of the year's activities.

The WAR TODAY

AN ANALYSIS OF THE NEWS

By GLENN BABB General MacArthur has moved from his brilliant reconquest of Papua to a new phase of the New Guinea campaign with a speed and vigor which promises no rest for the Japanese struggling to maintain a grip on the big island above Australia. Even before the last organized Japanese resistance in Papua was crushed in the Salamaua area two weeks ago, Allied ground forces already were exerting pressure on the enemy's bases in the Lae-Salamaua area of north-eastern New Guinea.

Within the past fortnight it appears MacArthur has established a strong concentration of air and land forces just to the southwest of Lae-Salamaua, largely by use of the air transport which played such an important part in Papua.

There is no doubt this has the enemy badly worried. He showed this Saturday when he sent some 70 planes—a formidable force for that theater—against the Allied base at Wau, 35 miles southwest of Salamaua. They were crushingly defeated by American Lightnings, Alracobras and Warhawks, which downed or damaged 41 of the enemy fighters and bombers without loss of their own.

It was the most striking demonstration yet given of American air superiority in the Australia-New Guinea war zone, a superiority

Reds Shell Positions Of Nazis At Rostov

U. S. TROOPS HOLD POSITION

Allied Gains Supported By Strong Aerial Cover

By The Associated Press. A flanking move apparently carried out by a 40 to 50-mile overland thrust has put United States troops into a strong striking position on the northwest coast of Guadalcanal, just five miles from the enemy's headquarters on Cape Esperance.

The new move, closing in around the Japanese position on the cape, was announced yesterday in a navy communique which threw no further light on the wide-scale sea and air battles reported shelling up last week in the Solomons area, where Navy Secretary Knox said operations were nearing a climax.

There was no indication that the Japanese resisted the sudden American thrust to the new position at Titi on the west of the cape Esperance positions which already were under attack from the southeast.

Meanwhile General MacArthur's Australian and American forces pressed home their air-won advantage in the Wau area of New Guinea as they moved swiftly into positions menacing Salamaua, the next of the invaders' bases up the northeast of the big island north of Australia.

An allied communique said 39 more Japanese were killed in skirmishes developing in the Wau area, some 35 miles southwest of Salamaua.

The Allied positions there were safeguarded by strong aerial cover which won one of the clearest cut victories of the war in the air from the Japanese Saturday.

Of some 70 planes which the Japanese hurled into the attack at that time, 47 were destroyed or damaged badly by American fighter planes which came off without a loss.

Following up their advantage, allied airmen bombed and strafed enemy positions in Dutch New Guinea, the Celebes and Cape Gloucester. The Japanese, after their severe setback Saturday, were reported inactive in the air.

On the Burma front, too, American troops were reported to have (Continued on Page Six)

Yank Commander

Lt. Gen. Frank M. Andrews, 59, (above) a native of Nashville, Tenn., has assumed command of all U. S. forces in the European theater. He succeeds Lt. Gen. Dwight D. Eisenhower, now commander-in-chief of North African operations. General Andrews went to London from the Middle East where he was in command of U. S. forces. Upon arrival, he said "my first job is to increase and intensify the bombing of the enemy."

HEADS TESTIFY IN LEND LEASE

Stimson, Knox And Land Give Facts To Committee

Washington, Feb. 8—(AP)—The heads of the War and Navy Departments and of the Maritime Commission were called before the House Foreign Affairs Committee today to give an accounting of how lend-lease aid is helping to win the war.

As it resumed hearings on continuing the act for another year, with approval deemed a certainty, the committee called Secretary of War Stimson, Secretary of Navy, Knox and Rear Admiral Emory S. Land, chairman of the Maritime Commission.

From them, the committee expects to draw a picture of the impact of America's industrial might, together with an estimate of the lend-lease requirements of the next 18 months.

Meanwhile, it was learned that at least four members of the committee plan to press for an explanation of just how much aid is getting through to China, along with the (Continued on Page Six)

Judge Hamilton To Preside Next Week

Judge Luther Hamilton of Morehead City will convene a week's civil term of Superior Court in Greenville next week.

A two-weeks' criminal term will be convened on April 1. A comparatively light docket will confront the Garteret county jurist.

Arrest Deserter Here

Military police and local police arrested Carl Visentainer of the United States Marines here during the week-end on a charge of being a deserter. He was taken to the Marine Base for court-martial under war time regulations.

Bill Introduced For Control Of Manpower

Washington, Feb. 3—(AP)—A National War Service Act, granting President Roosevelt sweeping power to utilize the nation's manpower and womanpower in any job deemed necessary to achieve victory, was introduced in congress today by two republicans.

The measure, which would make millions of Americans eligible for a call to duty on assembly lines of tanks and planes and in the fields to sow and reap the country's crops, was submitted by Rep. Wadsworth (R-NY) and Senator Austin (R-Vt.).

The purpose as set forth in the measure's preamble is "to provide further for the comprehensive, orderly and effective mobilization of the manpower and the womanpower in support of the war effort."

The measure also makes a "declaration of policy and intent of congress" under which it is stated:

"The congress further declares that there is no intention by this act to modify, reaffirm, or otherwise affect existing laws relating to maximum hours, minimum wages, overtime pay, or collective bargaining, or relating to mediation, arbitration or other procedures for the settlement of any labor controversies or questions."

There was no mention in the proposed legislation of the status which drafted workers would have if they were assigned to industries where unions now hold closed shop contracts.

Behind its introduction stood mounting complaints from agricultural areas that farm labor is flocking to better-paid jobs in war industry; from war industries that the demand for skilled labor is resulting in "striking" and "inflating" producing bids for able workers. (Continued on Page Five)

Fourth Battle for City Opens With Terrific Assault Across Don River; Russians Reported Cracking Key Bases Of Kharkov And Kursk

Moscow, Feb. 8 (AP)—The Red Army sent shells screaming across the Don river into German positions in Rostov today, Russian dispatches reported, as the fourth battle for this important city opened while masses of Russian troops battered their way toward the main German defenses in Southern Russia on a 500-mile front.

Russian forces seized the town of Azov, 15 miles southwest of Rostov, yesterday, freeing the left bank of the Don of the last center of German resistance and making a large-scale assault on Rostov possible, a special communique announced.

Meanwhile to the north, Russian troops continued to clear great areas of Russian soil of the invader and threaten the great German bastions of Orel, Kursk and Kharkov, Russian communiques said. The railroad between Rostov and Kharkov was cut with the capture of Kramatorskaya and the line between Belgorod and Kursk was snapped with the capture of Gostshevo, the Russians announced.

Savitski, another railway center on a smaller line between Kharkov and Slavyansk, was also seized by the army of Col. Gen. Nikolai F. Vatutin, apparently designed to isolate both Rostov and Kharkov.

The Germans were reported rushing to Rostov, but the line between Belgorod and Kursk was apparently designed to isolate both Rostov and Kharkov.

Social and Personal

Mrs. Doris Brown of Washington, D. C. is spending a few days with her parents, Mr. and Mrs. W. L. Brown of this city.

Mrs. Eleanor Verlorton, of Goldsboro, spent Sunday with Dr. and Mrs. R. S. Pace.

Miss Evelyn Griffin, of Goldsboro, was the week-end guest of Mrs. D. J. Whitcraft, Jr.

Miss Dorothy Hollar, of the Windsor High School faculty spent the week-end with her parents, Mr. and Mrs. E. C. Hollar.

Mrs. George G. Wilmington is spending some time with her parents, Mr. and Mrs. J. C. Tison.

Mr. Earl Forbes has returned from the Kentucky Tobacco Market.

Mr. and Mrs. Burney Warren have returned from a trip to Richmond.

Miss Nina Smith, who is teaching near Goldsboro spent the week-end at her home in Greenville.

Charles Howard Jr., was at home from Chapel Hill for the week-end.

Spruill Spain, Jr., a student at Carolina, spent Sunday at his home in Greenville.

Curtis Perkins, Jr., a student at V.E.S., Lynchburg, Va., spent the week-end here.

Earl Denton, and Carlton Wilson, students at State College in Raleigh spent Sunday at their respective homes in Greenville.

Miss Louise Fleming who is a member of the staff of the board of the National YWCA will arrive tonight to visit her mother, Mrs. J. L. Fleming.

Pat Corey spent the week-end in Chapel Hill with his brother, J. Hicks Corey, Jr., and attended the Duke-Carolina basketball game.

Mrs. Harris W. Haskett and daughter, Margaret Patrick, who have been visiting Mrs. Haskett's parents, Mr. and Mrs. W. L. Patrick have returned to their home at Wilmington.

Mr. and Mrs. John G. Ashe Jr., of Wilmington, spent the week-end with Mr. and Mrs. J. A. Jones.

Miss Ashe, nee Miss Katherine Jones, will leave the latter part of the week for Northampton, Mass., where she goes in training for three months with the WAVES.

Message Over WGTC
The message sponsored by the N. C. Congress of Parents and Teachers will be read by Miss Eva Keener tomorrow night at 7:45 over WGTC.

Chapter To Meet
The George B. Singletary Chapter of U.D.C. will meet on Thursday afternoon at 3:30 with Mrs. T. T. Hollingsworth.

Canvas Aides Course
All those interested in taking the Red Cross Canvas Aides Course will meet in the new class room building at the college on Thursday morning at 11 o'clock in the experimental food laboratory.

Improving at Naval Hospital
William Riley Cox of the United States Navy and stationed at Bainbridge, Md., who has been ill at a naval hospital in Philadelphia, was reported today to be considerably improved after a surgical operation. He is a son of Register of Deeds Roy T. Cox and Mrs. Cox of Winterville.

Mr. Humber Needed Rest
Robert Lee Humber, Jr., prominent Greenville citizen and international lawyer who was in France when the Germans overran that country, has returned to the city to be with his father, who is ill at Pitt General Hospital. "What my father needed was a rest. The only place he can rest is in the hospital or down at Davis Island on the coast where there are no boats on which to leave. He is resting comfortably at the hospital and is improving," his son stated.

Christian Science Service
"Spirit" was the subject of the Lesson-Sermon in all Christian Science Churches and Societies on Sunday, February 7.

The Golden Text was from Zechariah 4:6. "Not by might, nor by power, but by my spirit, saith the Lord of hosts."

Among the citations which comprised the Lesson-Sermon were the following from the Bible: "And behold, men brought in a bed a man which was taken with palsy; and they sought means to bring him in, and to lay him before him. And when he saw their faith, he said unto him, Man, thy sins are forgiven thee." (Luke 5:18-20).

The Lesson-Sermon also included the following passage from the Christian Science textbook: "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The calm, strong currents of the spirituality, the manifestations of which are health, purity, and self-immolation, must dispense human experience until the beliefs of material existence are seen to be a bad imposture, and sin, disease, and death give everlasting place to the scientific demonstration of divine Spirit and to God's spiritual, perfect man." (Page 99).

Social Calendar

8:00-8:00 p. m.—Girl Scout first aid class meets in the Girl Scout rooms in the Municipal building, Mrs. Dave Proctor, instructor.

6:30 p. m.—Rotary Club.
7:00 p. m.—Lions' Club.

7:30 p. m.—Modern Woodmen.
8:00 p. m.—Circle No. 5 of the Woman's Auxiliary of the Presbyterian Church meets with Miss Christine Johnston.

8:00 p. m.—The Coleman Circle of Memorial Baptist Church meets with Mrs. Chester Walsh.

TUESDAY
9:30 a. m.—12:00 noon.—Red Cross sewing room open. Ladies of the Episcopal and Catholic churches in charge. Knitters needed.

3:30 p. m.—P. T. A. of West Greenville school meets.

4:00 p. m.—The Literature Department of the Woman's Club meets with Mrs. F. P. Brooks.

1:30 p. m.—Withia Council degree of Pochontas meets.

7:30 p. m.—The Patient Circle of the Kings Daughters will meet with Mrs. R. Jones.

8:00 p. m.—Training School P.T.A. meets. Mr. E. C. Hollar will speak.

WEDNESDAY
9:30 a. m.—12:00 noon.—Red Cross sewing room open. Ladies of the Methodist Church and members of the Western Star in charge. Knitters needed.

3:30 p. m.—P.T.A. of Third St. School will meet.

THURSDAY
9:30 a. m.—12:00 noon.—Red Cross sewing room open. Ladies of Memorial Baptist Church in charge. Knitters needed.

11:00 a. m.—Red Cross Canteen Aides Course in New Class room building at College.

3:30 p. m.—George B. Singletary Chapter U.D.C. meets with Mrs. T. T. Hollingsworth.

5:00-6:00 p. m.—Girl Scout first aid class meets in the Girl Scout rooms in Municipal building, Mrs. Dave Proctor, instructor.

FRIDAY
9:30 a. m.—12:00 noon.—Red Cross sewing room open. Ladies of the Christian Church in charge. Knitters needed.

6:30 p. m.—Kiwanis Club.
7:30 p. m.—Red Men meet.

SURGICAL DRESSING STATION OF RED CROSS in basement of New Classroom Building—G. T. C. Hours: Daily Except Saturdays: 9-12 a. m., 2-5 p. m. Tuesdays and Wednesdays: 7:30-10:00 p. m. Workers should wear white dresses and head coverings.

Stationed in Texas
Marfa, Texas. Cpl. Robert Thomas Carson of Greenville is now stationed with the Army Air Forces at a new twin-engine pilot training school in Marfa, Texas. It was announced by Col. Gerald Hoyle, Commanding Officer.

The new school is located about 60 miles from the Rio Grande River in the Big Bend country of West Texas.

PTA Meeting
The P.T.A. of West Greenville School will meet on Tuesday, Feb. 9, at 3:30 P.M. Everyone is invited to attend.

The West Greenville Glee Club will have charge of the program.

Eighth Street Christian Church
The Executive Board of the Council of the Eighth Street Christian Church will meet tonight at 7:30 o'clock at the home of Mrs. Paul Ricks.

Continues Ill
Mrs. Burt Greene continues quite ill in Duke Hospital.

Third Street P.T.A.
The Third Street P.T.A. will meet on Wednesday afternoon at 3:30.

FOR MY COUNTRY
I cannot fight in battle—
For I am still too young,
I cannot soar the heavens
As pilots brave and strong.

No roaring tanks or guns
May I hope to direct
My weapon is a Scout knife,
My own home to protect.

But this I know:
If I am always on my best
And do the little things—
The deeds that need a fellow out
And make a sad heart sing;

If I stay true to what I know
Is right by Scout law oath,
Some day I'll be the kind of man
Of which my country boasts.

These things I know!
—Gladys Bell Trigg

Batchelor-Sugg.
Jarvis Memorial Methodist church was the scene of a beautiful wedding of widespread interest, on Saturday afternoon, February 6, at five-thirty o'clock, when Miss Carolyn Elizabeth Batchelor, daughter of William Lowell Batchelor, were united in marriage. The ceremony was performed by the Rev. George W. Perry, pastor of the church, in a setting of palms, ferns, white gladioli and cathedral candles. The pews reserved for the members of the families were marked with white satin ribbons.

As the guests assembled a program of music, rendered by Mrs. G. B. W. Hadley, organist and Mr. E. F. C. Metz, violinist, included "To an Evening Star" by Wagner, "At Dawning" by Godman and Schubert's "Serenade." As a solo, Mrs. J. Knott Proctor sang "Because," of P. Hardelot and Mr. and Mrs. E. O. Parkinson, Jr. sang "I Love You Truly," by Carrie Jacob Bond. Mrs. Hadley used the wedding marches from "A Midsummer Night's Dream" by Mendelssohn and from Lohengrin by Wagner and during the ceremony she played "Lebestraun" by Liszt, Mrs. Proctor, Mr. and Mrs. Parkinson sang "Benediction" at the close of the ceremony.

The groom was attended by Lt. Orville Graham of New River as best man and acting as groomsmen were Mr. Marvin Sugg, of Greenville and Mr. W. Archie Sugg, of Cincinnati, Ohio, brothers of the bride. Lt. Bill Stephenson of New York, Lt. LaVern Wagner of Iowa, Lt. William Davis of Atlanta and Mr. Don Nicholson of Tarboro, N.C., were bridesmaids. The bride was Mrs. J. A. Jackson, of Greenville. Her mother, Mrs. J. A. Jackson, was matron of honor, and Miss Marjorie Sugg, sister of the bride who was maid of honor or wore gowns of blue satin, made bouffant style with matching hats. They carried bouquets of red roses. The bridesmaids were Misses Jodie Flanagan and Ruby Taylor both of Greenville. Their dresses were of rose satin made on princess lines with which they were matching hats and carried arm bouquets of yellow roses. Miss Sugg wore a junior bridesmaid. She wore a dress of yellow taffeta and carried a nose gay of spring flowers. Little Miss Betty Sugg attended the bride as flower girl. Her dress was yellow taffeta, similar to that of the junior bridesmaid and she, too, carried a nose gay of spring flowers.

The bride, who was given in marriage by her father, Mr. H. C. Sugg, was lovely in a gown of ivory satin, made on princess lines with long sleeves and extending into a long full train edged with antique lace. Her short veil of illusion was held in place by a cap of lace, caught with orange blossoms. Her only ornament was a strand of pearls. She carried a prayer book with an orchid, showered with lilies of the valley.

Mrs. Sugg, mother of the bride, wore black crepe and lace, with a corsage of orchids.

The bride, prominent in North Carolina wedding society, is the daughter of Mr. and Mrs. Henry C. Sugg of Greenville. She was graduated from Greenville High School and attended St. Mary's College in Raleigh and East Carolina Teachers College. Since the announcement of her engagement several weeks ago she has been extensively entertained.

The bridegroom, the son of Mr. and Mrs. George H. Batchelor, of Buchanan, Mich., is a graduate of Michigan State, where he was outstanding in athletics and a member of Sigma Nu fraternity. He is now with the United States Marine Corps stationed at New River.

Immediately following the wedding Mr. and Mrs. H. C. Sugg entertained the bridal party and out of town guests at a buffet supper. White candles and white gladioli decorated the home and in the dining room a beautiful bowl of white anemones formed the centerpiece.

Upon their return from a wedding trip to New York, L.I. and Mrs. Batchelor will be at home at New River.

Out of town guests here for the wedding were Mr. and Mrs. Al Bowles of Washington, D. C.; Mrs. Bowles is a sister of Lt. Batchelor; Mr. and Mrs. B. H. Dixon, of Rocky Mount; Mr. and Mrs. Philip Dixon and Miss Iris Love Dixon, of Winterville; Capt. William Hawkins and Lt. Jack Kahn of Detroit, Mich.; Lt. Bill Massinger of Richmond; Mrs. Frank Langley and Miss Emily Langley of Wilson; Capt. Harvey Hill and Lt. Harold Johnson, of New River; Mr. and Mrs. T. P. Harris of Jacksonville, Fla.; and Mr. W. A. Sugg, of Cincinnati, Ohio.

Woman's Club Meets
The general meeting of the Woman's Club was held Friday afternoon at the club house with Mrs. Dink James presiding. A large number were present. The club was delighted to have the Service Men's Organization as its special guest.

Mrs. James announced that the club had been invited to be the guest of the Junior Club on February 25th when Mrs. J. M. Hubbard of Farmville would speak.

Reports were made by the various departments as follows:

Mrs. J. E. Winslow, chairman of Education, asked that members contact legislators relative to the bill concerning ninth month for schools.

Mrs. C. C. Hilton reported that the department of International Relations had made a study of the World Federation, formed by the United States, Canada, Mexico, and 3 non-denominational, Christian, Christian Century and Religious Digest.

Three magazines that are given over to book reviews are included, Saturday Review of Literature, New York Times Book Reviews and the New York Herald Tribune Book Review section.

In the miscellaneous group, to be found World Outlook, Asia, Today's Maps, Current History and Forum, Writers, North Carolina Clubwoman, The State, Vital Speeches, Art.

On the Children's magazine table there are thirteen magazines representing every age group. Those for the very young are: Child's Life and Children's Activities; for intermediate, American Girl, Boy's Life, Calling All Girls, Story Parade and Open Road for Boys; for the older boys and girls, Aviation, Air Trails, Motive, Popular Mechanics, Popular Science and Photography—H.L.R.

Mr. George E. Marshall of Mt. Airy, state commander of Cancer Control will visit Greenville soon and show an educational film. The date is to be announced later.

Mrs. John Warner reported that both Sugg and Lieutenant William Lowell Batchelor were united in marriage. The ceremony was performed by the Rev. George W. Perry, pastor of the church, in a setting of palms, ferns, white gladioli and cathedral candles. The pews reserved for the members of the families were marked with white satin ribbons.

The club was delighted to have Miss Bessie Brown as guest speaker. When the Lights Go On Again, she was accompanied at the piano by Mrs. Guy Smith.

Mrs. J. H. B. Moore introduced the speaker for the afternoon, Lt. G. L. Nordstrom, assistant communications officer of the Marine Corps at New River. He spoke informally on the history of the U. S. Marine Corps, giving a detailed account of its activities in both peace and war from the time of its formation until today.

He said that Camp Le Jeune on New River afforded excellent facilities for training the men in the Marine Corps. Lt. Nordstrom said that team-work, self-sacrifice and comradeship were responsible for esprit de corps.

A delightful social hour followed as the group gathered around the attractively appointed tea table which was centered with a silver bowl of white gladioli and red and blue carnations, flanked by red, white and blue candles in silver holders. Mrs. Hortense Moyer and Mrs. M. L. Turnage poured tea. Other hostesses were Mesdames Felix Scheller, J. E. Phelps, Claude Tunstall, H. L. Andrews, W. I. Wood, E. J. Key Brown, Milo Smith and C. L. Russ.

Training School P.T.A.
The Training School P.T.A. will meet Thursday night at 8 o'clock. Mr. E. C. Hollar will speak. All fathers and mothers are urged to be present.

Library News
Keeping Abreast Of The Times
Today when great changes are taking place in almost every country in our world, it behooves those of us who desire to keep abreast of the times to read with speed and discrimination the newspapers, magazines and books that are at hand. No one of the three can be left out, for each is a consecutive guide to your thought in the form of opinion. Each offers its special appeal, advantage and time element. Newspapers give the earliest news and information, the first printed knowledge of an event. Magazines give a supplementary insight into the news. They add sidelights which the newspapers often miss entirely. They show up reasons, motive, contributing influence. While books come forward with mature judgment, long perspective and research.

Quoting from Upton Sinclair on why we should keep up, "It has been your good fortune and mine," he wrote, "to be living in the midst of the greatest crisis in human history. This brings its grief, but also its compensations. If you have eyes or ears, you need never be bored. If you have heart and conscience you will try to understand what is happening and do your share in shaping events."

Realizing the great help outstanding magazines can be in the effort to understand what's happening, the staff of the Sheppard Memorial Library has placed more than one hundred periodicals on the magazine tables in the main reading room. Those heading the list are magazines with national, popular circulation, Life, Saturday Evening Post, Time, Newsweek, Reader's Digest, American and Cosmopolitan.

The group selected to keep every woman informed as to the best in housekeeping methods and furnishings are Good House Keeping, House Beautiful, House and Garden, American Arts and Decorations, American Home, Better Homes and Gardens, McCall's and Ladies' Home Journal.

The so-called "quality magazines" whose literary standards are the highest in the country are well represented with the Atlantic, Harpers and the New Yorker, Harper's Bazaar, Vogue and Mademoiselle were chosen to cater to woman's love of dress.

Offering special emphasis to health are, Your Life, Hygeia, Parents Magazine and Consumer's Guide.

The subject of religion is splendidly cared for with a dozen periodicals from the various denominations, Christian Century and Religious Digest.

Three magazines that are given over to book reviews are included, Saturday Review of Literature, New York Times Book Reviews and the New York Herald Tribune Book Review section.

In the miscellaneous group, to be found World Outlook, Asia, Today's Maps, Current History and Forum, Writers, North Carolina Clubwoman, The State, Vital Speeches, Art.

On the Children's magazine table there are thirteen magazines representing every age group. Those for the very young are: Child's Life and Children's Activities; for intermediate, American Girl, Boy's Life, Calling All Girls, Story Parade and Open Road for Boys; for the older boys and girls, Aviation, Air Trails, Motive, Popular Mechanics, Popular Science and Photography—H.L.R.

Notice of Administration
Having this day qualified as administratrix of the estate of Ola L. Tucker, deceased, this is to notify all persons having claims against the estate of said decedent, to exhibit and itemize, and verified statements of account to the undersigned or her attorney, on or before the 22nd day of December, 1943, or this notice will be pleaded in bar of their recovery. All persons indebted to the said estate will please make immediate payment to the administratrix or her attorney.

Knitters Gossip
The knitting world has been like a bee hive all morning. Knitters bringing in finished garments and getting wool for new ones. The knitting committee is deeply grateful for the fine work done.

The call from Red Cross headquarters is urgent, and immediate and every woman in Pitt county is urged to get some wool.

Women from Grifton brought in 8 navy sleeveless sweaters today. Turtle neck sweaters were brought in by Mrs. Ebrum, Mrs. Jesse R. Moye Jr., Mrs. Gus Stokes and Mrs. W. D. Pruette.

Mrs. V. C. Flemming brought in 4 sweaters knitted by her and her three daughters, Mamie, Ruth, Helen and Frances. This is a fine family record. We would like to have a report of more mother and daughter knitting accomplishments.

Forty Years Ago Today

THE DAILY REFLECTOR
February 8, 1903.

When the temperance bill comes up for final action in the legislature the sea and may vote should be recorded and published. The people want to know how their representatives vote on this question.

The labor market will not be overcrowded after the artisan wells are finished. The time killers who are looking at the wheels go round are as difficult to break of the habit as it is to keep a hungry pig out of a potato patch.

BRITISH SAILORS WRITE LETTERS TO GREENVILLE
By Lucy Cheryl Crisp

Of interest throughout the city are letters coming back from the group of British sailors entertained in local homes. Writing to Mrs. John Mitchell, who was in charge of placing these visiting sailors in homes here, the men themselves and their ship commander seem eager to let the community know what a treat such hospitality was to these Britishers far from home.

"I thank you from the bottom of my heart," wrote one boy, "and I hope I will be able to do the same for you people sometime. Please thank all the different people who took us in their homes and entertained us and really opened our eyes to the real American people."

Another said "A few days ago Greenville was just a name. Today it is a city of very pleasant memories which will compel us to do all in our power to return. I wish I could express my thoughts better, for through your kindness we have spent the happiest days of our service."

And from the ship's commander came this "official" word: "I am writing to thank you on behalf of my men that you gave such a wonderful time. I can assure you it was a real break for them to get away from the ship and Norfolk, and that their visit to the United States and to your homes in particular will be a long and treasured memory."

The local committee hopes that it may be possible to entertain a similar small group of British sailors in Greenville at some date in the near future.

Beware Coughs Following Flu
After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Stenographers URGENTLY NEEDED
BUSINESS OFFICES—We industries and essential business offices need stenographers. Call for our number available. Civil Service jobs pay \$120 per month to start.

THE ARMY needs business-trained men at company headquarters. Quartermaster Corps, Finance Department, etc.—usually rewards them with higher pay and more rapid promotion—gives them experience valuable in future civilian life.

THE WAVES offer splendid opportunities to young women who are trained as stenographers, stockkeepers, or radio operators—all jobs requiring typewriting skills. Pay, including allowances for food and clothing, amounts to about \$150 per month to start.

YEOMEN in the Navy (male stenographers) earn \$75 per month, base pay, plus food, clothing, etc.; man the typewriters on warships and ashore; work with Captains and Admirals. In the Marines, men who can type become Corporals; those who can take shorthand automatically become Sergeants.

THE WAVES include in their personnel bookkeepers, secretaries, stenographers and typists; provide patriotic women with splendid opportunities to contribute worthwhile, specialized service toward winning the war.

Free 1943 Bulletin explains intensive and review courses which lead quickly to positions like these. Write, phone, or call for your copy today. No obligation whatever.

SAVE CLOTHES IN WARTIME with OXYDOL!

Rich, safe Sudsing Action washes WHITE WITHOUT BLEACHING CLEAN WITHOUT HARD RUBBING

Now, get beautiful white washes without long washer runs or hard rubbing. Except for unusual stains, OXYDOL gets your wash so clean it's white without bleaching. You'll find much more suds in every ounce of Oxydol today. New, livelier "Hustle-Bubble" suds—much richer in washing power—much longer lasting—such active suds they lift the dirt out for you. You can save so much needless wear, you can double the washday life of clothes.

Use Oxydol for lovely rayons, colors. See how this rich sudsing action refreshes washable colors and rayons, too! Saves money, too. Every ounce of OXYDOL goes much farther than before—washes much more clothes or dishes!

WHITE WITHOUT BLEACHING CAUSE OXYDOL LIFTS OUT DIRT!

SAFE FOR COLORS AND RAYONS, TOO!

WERE OXYDOL'S LIVELIER "HUSTLE-BUBBLE" SUDS!

OXYDOL WASHES WHITE WITHOUT BLEACHING

February Price Of Wheat To Be \$1.03

Due to an increase in the parity price, the price of feed wheat delivered to Pitt county farmers will be \$1.03 per bushel. It was announced today by J. V. Taylor, chairman of the county AAA committee. This price, he said, is effective in all North Carolina counties for feed wheat delivered in bulk in carload lots to any railroad point in the county.

The price change, the chairman said, became effective on February 1, and all orders placed before February 1 for February delivery will be delivered at \$1.03 per bushel.

Sale of wheat for use as feed by livestock and poultry feeders was made possible by an act of the last Congress which freed 125,000,000 bushels to be sold at not less than 85 per cent of the parity price of corn at Chicago. This move was designed to increase production of livestock and poultry products urgently needed in the war effort.

Sale of wheat for use as feed at these prices brings it in line with costs of corn, and gives the farmer a margin of about 25 per cent on his feed cost, because wheat is more nutritious than corn," he said.

Feed wheat may be purchased by individuals or groups of feeders or by millers and feed processors, but must not be used for any other than for feeding livestock or poultry. Persons using this wheat for other purposes are liable to a penalty of 70 cents per bushel on the amount misused.

Chairman Taylor said that North Carolina farmers have bought 800 carloads of wheat since the program was started, and that 17 of these have been delivered to Pitt county farmers.

U. S. And British . . .

(Continued From Page One)

ever, were non-committal concerning developments along the frontier.

A temporary stalemate in central Tunisia was indicated, meanwhile, by reports that British troops were consolidating new positions near Djebel Mansour, 20 miles southwest of Pont Du Fahs, after withdrawing from that strategic height which they captured last Wednesday.

The British withdrawal left the Germans in control virtually everywhere of the mountain heights dominating passes which the British and Americans must retain before they can drive to the sea.

A French communique last night reported that the sector of the front held by French forces had been quiet yesterday, although it mentioned considerable patrol activity in the Pichon-Ousseitia region and said a surprise enemy attack—apparently on a small scale—had been repulsed near Kef-El-Rhalla.

The Allied war bulletin from North African headquarters yesterday said that even air activity over the front had been limited by bad weather.

The 12th U. S. Air Force announced that during the week ending Friday American planes had destroyed 80 enemy aircraft and damaged 72 others, compared with 38 American planes lost or missing. These figures, the announcement said, brought the totals for the entire Tunisian campaign to 338 enemy planes destroyed and 264 damaged, against 162 American planes lost or missing.

Reds Shell . . .

(Continued From Page One) sive presented the possibility that Gen. Vatutin's army might attempt to smash southward from the Kraushtorskaya region to the Sea of Azov and trap thousands of Nazi troops behind Rostov.

The German forces still remaining in the Caucasus were in great peril. The Red army already has pocketed one group between Azov and Yeisk and the only salvation for the large forces in the Krasnodar and Novorossisk areas is evacuation by sea across the Kerch straits.

The Russian Black Sea fleet has been reported on the alert for this contingency.

Far to the north, the town of Fatezh between Kursk and Orel was announced recaptured by the Russians, who thus cut the road between the two important German defense centers.

Carver Library News

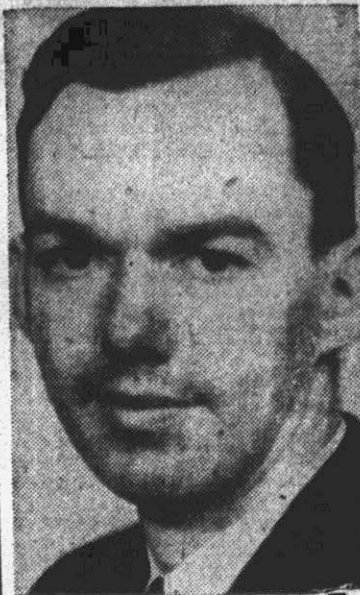

CARVER LIBRARY NEWS M The second week in February has been designated as National Negro History Week. During this time, churches, schools, libraries, and various civic and social groups are concentrating their interest in a study of Negro life and history. In the year 1925 in the city of Chicago the Association for the Study of Negro Life and History under the leadership of Carter G. Woodson, sponsored the first annual

American Meets Pilot Who Bombed Him

Lieut. E. S. Millechamp (left) of Lake Wales, Fla., an American pilot, owes his freedom to Flying Officer J. N. Cartwright, (right) of the RAF, who bombed an Italian submarine on which the American was being taken across the Mediterranean with other Allied prisoners of war. Millechamp was rescued after leaping from the sinking submarine, and taken to Malta.

Pleads Guilty

Walter Kilpatrick, 29, (above) president of Cedarville College, Cedarville, O., was sentenced to an indeterminate term in Ohio Penitentiary after pleading guilty at Toledo to a charge of felonious assault involving a 7-year-old girl. Kilpatrick, who was described as a brilliant student and later studied abroad, became the nation's youngest college president in 1940 with appointment as head of the Presbyterian college. The attack occurred in a Toledo hotel room after Kilpatrick had met the child in a park.

the peace that follows. Treaties tempered with vengeance will not hold long and many generations suffer as a result.

Pictures play a very important role in education as has been admitted. Experts in Education have capitalized on this method for quite some times and have improved on it as time moved on. For a long time the only Negro pictures that found itself in the books of various sorts was the tribal type or the "Aunt Jemima" type, with possibly a few exceptions. For quite some times the daily press would only put the picture of Negroes in the paper that were criminals. The signboards were equally as bold in picturing one side of the Negro and thus the public seldom got to know the better side of the Negro.

writer could go on and on in giving instances why Negro History Week is necessary, but time and space will not allow him. It is hope, however, that all of us will get in contact with more information thus gaining a better knowledge of the race and its achievements.

This further proves that as a result of winning a war we must win

celebration of Negro History Week. It was the hope of this group of Negro leaders that a knowledge of our past difficulties and achievements might serve as an impetus within the race toward greater growth and development; and that a sympathetic understanding, insuring greater national unity might be gained by other races through this knowledge.

Read the following questions and see how many you are able to answer. Watch this column for the correct answers. In the meantime, visit the library and avail yourselves of the books on Negroes, and Negro life that have been put there for your enjoyment.

What outstanding Negro scientist died on January 5, 1942?

Name the first Negro captain of a ship.

Name the Negro who shot down four Japanese planes during the attack on Pearl Harbor, thereby receiving the Navy Cross for bravery.

Who was the first person to die in the Revolutionary War?

Who was the first Negro to administer the affairs of Hampton Institute?

Name the founder of Tuskegee Institute.

Who is Jane E. Bolin?

About what Negro singer did the famous Toscanini make the following remark, "A voice like hers occurs only once in a hundred years"?

What is the title of the Negro National Anthem?

What negro Democrat, the first ever elected to congress, retiring in December, 1942, after serving for seven years?

show up so well, because quite a few Negroes were put into politics who knew nothing about it and how it functioned. The Negro was used as a scapegoat for one section to get even with another. He was used as a tool of vengeance, hence the Negro suffered. On the other hand there were Negroes who held office who were qualified and well prepared to do so. Credit here should be given to Hiram Revels, B. K. Bruce who went to the U. S. Senate. To the House of Representatives were sent R. C. DeLarge, Alonzo Ransier, Joseph Ranier and others.

Since the Negro was a victim of vengeance there developed a strained relationship between the two races. The Ku Klux Klan was organized and the states legislated laws to unsettle and to disfranchise the Negro.

This further proves that as a result of winning a war we must win

Navy Uses Little Men For Tight Spots

Because of his usefulness in being able to squirm into almost inaccessible parts of ship assemblies, Eugene S. David, Jr., 42 inches tall, has caused officials of the Charleston (S. C.) Navy Yard to seek small-statured men to do shipfitting. C. H. Townsend, (right) foreman shipfitter at the yard, is no "human skyscraper," but looks like one alongside David in a scene at the Navy workshop. David is from Columbia, S. C. (Navy Photo).

Negro History Week

By O. A. Dupree

Why Negro History Week?

The answer to the title of this article has been answered from year to year as we celebrate Negro History Week. There are several reasons why we celebrate this week.

First, to educate the public as to the achievements and contributions of the American Negro to an American civilization.

Secondly, to give some general background of the Negro ancestry in Africa.

Our text books generally do not treat the Negro subject fully enough for those of us who are students. It is encouraging, however, to note the improvements made in our text-books for the last five years. These improvements have been made mostly in the high school. In the new American literatures are placed in a few spaces a few lines of Negro spirituals, but the writer has seen nothing of the work of Paul L. Dunbar, Phyllis Wheatly, Countee Cullen or Langston Huges, or any other past or contemporary Negro writers or poets. The students of history get a bad looking picture of the Negro as it is pictured by some of our textbooks during the reconstruction period. The "confusion government" as the history writers call it was fostered by the Republican party and quite a few Negroes were put into office. We admit that the situation did not

MAKING LIFE MISERABLE FOR NAZIS IN STALINGRAD—These Russian soldiers with their automatic weapons, shown in a setting of wreckage typical of Stalingrad, keep pressing the German invaders. Nazis in city are now encircled.

THREE TEAMS UNDEFEATED

Denver, Western Kentucky and Indiana Set Pace

By HAROLD CLAASSEN

New York, Feb. 8 (AP)—With the basketball season a little more than half over, only three "major" teams retain an undefeated status with Indiana setting the pace in the Midwest, western Kentucky in the South and Denver in the far West.

New York University, the east's last unscathed quintet, was tumbled Saturday night by Niagara, 56-48. Although their records may be clouded by a defeat here and there, such teams as Pennsylvania, Georgetown and Duquesne in the East; Kentucky in the South; Kansas, Creighton and Illinois in the Midwest; Texas in the southwest and southern California and Wyoming in the West have demonstrated their powers.

Indiana and Illinois are pushing along neck and neck in the Big Ten. Creighton has reached the midway point in the Missouri valley circuit with two victories over Oklahoma Aggies among its five loop wins and Kansas looms as the first undisputed big six titleholder in five years.

Kentucky is back on top in the southeastern conference standing after beating Alabama, 67-31. Saturday as part-payment for the Wildcats' only loop loss, Tennessee has climbed to second following Louisiana State's surprise loss to Georgia Tech. If the Vols can get by Alabama tonight, the leadership will be decided in Saturday's Tennessee-Kentucky game at Knoxville.

Texas and Arkansas are the one-two clubs in the Southwest loop. George Washington insured another week at the head of the southern loop by downing N. C. State before ending the 23-game winning streak of the Norfolk Naval Station, 43-41.

Wyoming and Brigham Young continue as the leaders in the two sections of the mountain six loop and Southern California has outdistanced all rivals in the southern half of the coast league. In the northern division Washington State has moved out front.

Chain Club Ball Here To Stay

By ROMNEY WHEELER

Atlanta, Feb. 8 (AP)—Chain club baseball may be here to stay, but take the word of one who knows—it's not at all what it's cracked up to be in war-time.

Paul Florence, president of Birmingham's Southern Association club, said today that it's tougher to be a chain club than an independent. "I believe it will be harder this year for the so-called chain clubs to replace drafted players than it will be for independently-owned teams," he argues. "In our case, I know that Cincinnati and Syracuse, to whom we might normally look for help, are so depleted in ranks that neither will be able to send us any players."

That means we have to try to get players on the general market where independent owners are already consolidated.

"Another point to consider," he continued, "independent clubs are not interested as much as we are in developing young players, so they naturally have more veteran players—the older athlete, the married man."

Need Umpires
Wichita, Kas., Feb. 8 (AP)—Grandit baseball needs 2,000 umpires by April 1, George Siler, high commissioner of the national semi-professional baseball congress, declares. He said the congress is launching a national canvass to find veteran umpires or men who want to learn the profession.

Got His Gun

Johnny Beasley (above) former world series star for the St. Louis Cardinals, shoulders his rifle at the Army Air Force Technical Command's officer candidate school at Miami, having given up pitching for the duration, at least. After six weeks of training, he will be eligible for a commission as a second lieutenant. Beasley was recently married.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Feb. 8 (AP)—Barring a decision to freeze the basketball rules for the duration, the folks who stepped up the speed of the game to its present pace may get around to changing the four-fouls-and-out rule this year. ... There's been a lot of talk about allowing five—or even three in each half—and two more voices recently added to the clamor are those of Ed Diddle, western Kentucky coach, and Dave Tobey, veteran New York official. ... Tobey points out that the original rule allowed one personal foul in each quarter but since then the game has been changed to add from five to eight minutes of playing time, giving a player more chances to commit fouls. ... Diddle, who claims a player worries so much after making his third foul that he isn't much use to the team, sees it the same way. "He would worry just as much after the fourth foul," says uncle Ed. "But it would take him longer to make the fouls." ... this department's suggestion is to let the rules alone; just take away the referees' whistles.

Quote, Unquote
Jake Mintz, Pittsburgh's pugilistic malapropist: "Mike Jacobs was born with a gold tooth in his mouth."

Monday Matinee
The Baltimore Orioles are consid-

ering a 10 P. M. curfew for night baseball games because after that time street cars will have to go down town to haul war workers. ... Since he won the bantamweight title last August, Manuel Ortiz has done all right as one of the solid pillars of El Centro, Calif. He owns a 180-acre ranch, three trucks, a billiard parlor and is backer of a softball team. ... And, speaking of El Centro, the Pirates traveled 6,500 miles last spring to train there and get back for the start of the season. This year, training at Muncie, Ind., and opening at Chicago, their whole trip will be only about 500 miles.

Today's Guest Star

Wm. McGe. Keefe, New Orleans Times-Picayune: "With bowed head we admit to being dead wrong when it was predicted that New Orleans taxi drivers would not resort to cutting the corners of the law by taking customers to within a couple of blocks of the race track. Our local taxis apparently are no nobler than the taxis in Louisville, New York or Maryland."

Service Department

After marine Major Bob Galer, former University of Washington basketball player who has shot down 13 Jap planes at Guadalcanal, was brought down himself for the third time, he reported to his commanding officer: "Sorry, Sir; if I keep this up I'll be a Japanese ace."

Benny Santiago, Pacific coast middleweight now stationed at Geiger Field, Wash., may be matched with Al Hostak for a bout at Seattle. ... Norfolk naval training station baseball fans are wondering how they'll get Phil Rizzuto and Peeewe Reese into their infield this year and how to divide the pitching chores between recently-arrived Hugh Casey and Walt Masterson. ... Maybe they'll have to farm out a few players to great lakes.

South Atlantic Suspends Play

Augusta, Ga., Feb. 8 (AP)—The South Atlantic Baseball League has voted to suspend operations because of the war, effective Feb. 25.

President E. M. Wilner said the league would operate again as soon as conditions permit.

The suspension affected between 2000 and 3000 players. League cities are Columbia, Greenville and Charleston, S. C.; Jacksonville, Fla. and Gacon, Savannah, Augusta and Columbus, Ga.

PETERS LEADS QUINT SCORING

G. W. Still Ahead As Team Standings Stay Put

Richmond, Va., Feb. 8 (AP)—Tommy Peters, Davidson's whirlwind forward, who has averaged 22.4 points in southern conference competition this season, regained the loop's scoring lead last week.

Peters, roney sophomore, whose twin brother George also is a Davidson starter, has tallied 113 points in five games. He picked up 22 points against North Carolina and 27 against South Carolina last week to oust Duke's idle Cedric Loftis from the lead. Loftis has scored 92 points in six games. North Carolina's Fritz Nagy, a freshman, scored 105 points for 11 games.

Dick Hartley North Carolina, also has collected 92 points and Marion Craig, Clemson, is a step behind with 91 in six games which the Tigers lost.

The team standings remained unchanged at the top with George Washington still in front and Duke's 1942 champions holding down the runnerup berth.

South Carolina and the Citadel, second division quintets a week ago, climbed into third and fourth positions.

Other squads in the top eight, who will battle in the annual conference tournament in Raleigh for the title next month if they can hold their present spots in the standings, are William and Mary, Davidson, North Carolina State and VMI.

The ten leading scorers in conference games:

Name	g	fg	ft	td
T. Peters, Davidson	5	40	32	112
Nagy, NCU	11	35	105	
C. Loftis, Duke	6	36	20	92
Hartley, NCU	11	35	22	92
Craig, Clemson	6	43	5	91
Carver, Duke	7	32	20	84
Seward, Duke	7	37	7	81
Crawford, Va. Tech	6	37	6	80
Mitchell, Wake Forest	7	32	13	78
Mock, N.C. State	7	25	22	72

Bill Introduced ...

(Continued From Page One)
The National War Service Act would affect every person now registered under the Selective Service Act, except those serving in the armed forces, including the WAACS, WAVES and SPARS, and would require registration of all women between the ages of 18 and 50.

Exempted, however, would be women with children under 18 and expectant mothers, but even these would be subject to service under the act once the condition which

brought them deferment "ceases to exist."

Under its terms, the President would be authorized, whenever he determined "that additional workers are needed in any war industry, in agriculture, or in other occupations, the activities of employees, essential to the effective prosecution of the war," to issue a call for volunteers.

If sufficient volunteers to meet the need failed to respond, the chief executive then would be empowered to direct the selective service boards to supply them "from those who are liable under terms of the act."

While the selective service machinery would be used to administer the act, it provided that "due regard" must be taken to assigning men or women in or near their home communities, against sending them to places lacking "suitable" housing accommodations, and to giving them jobs in line with their aptitude.

Unlike the men called to duty in the armed forces, those selected under the National Service Act would receive the compensation and working hours applicable to the kind of work which he or she is required to perform in the place of employment to which he or she is assigned.

The act offered statutory protection of seniority rights, and entitled persons called to service under its provision to return to their present position in private or public employment, provided that the employer's circumstances have not changed to make such restoration "impossible or unreasonable."

Administrator of the act would be the chairman of the War Manpower Commission, headed by Paul McNutt.

Director Byrnes ...

fee ration books already in everybody's hands. No. 17 stamp will be good for one pair of shoes until June 15.

If you buy a pair of shoes and don't like them, you can not only return the shoes to the merchant

if it's his usual business practice to take them back—but also get your coupon back. No other ration coupons can be returned in this manner.

Shoes may stock and sell any types of shoes they desire. The limitations on "less essential" types will apply only to future manufacturing. Manufacturers will be required to continue to make adequate amounts of their more economical types of shoes, and will not be permitted to shift to more expensive types. Gold, silver and all two-tone shoes are out, colors being limited to white, black, town brown and army russet.

Women's heels are limited to not more than 2 1/2 inches, and "platforms"—those extra thick soles some women fancy—are forbidden. Heavy duty leather is reserved for work shoes.

The shoe industry was asked, also, to develop a "war model" shoe to combine leather saving, comfort and low price, and also a special type of shoe, containing little or no leather, that could be sold without ration coupons.

Persons who have special reason for needing extra rations were told to apply for their local ration boards for supplementary certificates.

Remember—
It Takes Both WAR BONDS AND TAXES To Win Victory

Calotabs
Next time you need calomel take Calotabs, the improved calomel compound tablets that make calomel-taking pleasant. Sugar-coated, agreeable, prompt, and effective. Not necessary to follow with salts or castor oil. Use only as directed on label.
