German Forces Push Back Red Defenders Of Kharkov

Nazi Losses of Men And Equipment Heavy As Russians Repulse Series Of Fierce Counter-Attacks Before City

London, March 13—(AP) The Red army defending Kharkov has repulsed enemy attacks in violent engagements west of the city but the Germans continued their push in the night's fighting, the Russian noon communique as recorded by the Soviet radio Monitor here said.

Disregarding their tremendous losses in manpower and material, the Hitlerites continued their push towards the city, the war bulletin said.

"In two days of fighting, units of 'X' formation destroyed 36 German tanks and more than 100 trucks and killed several thousand Germans.

"South of Kharkov Red army men of 'X' formation disabled or burned out 11 German tanks and killed about 300 German officers and men."

The communique broadcast was delayed after its regular period. The Moscow radio devoted that time to repeating a special announcement of last night which said that 18,000 men, women and children had been shot or poisoned by the Germans during their occupation of Moscow. The playing of funeral music followed its reading.

The midday communique also said that the Russians were expanding their offensive west of newly-won Vyazma.

"Several towns were captured west of the city and German garrisons along heavily-fortified defense lines retreated in disorder when they were flanked by encirclement, the war bulletin said.

About 400 enemy dead and a large quantity of arms remained on the battlefield, it was declared.

Several more towns were captured northeast of Smolensk, in a Red army advance which overwhelmed German resistance, the Russians said.

The communique repeated the statement that Vyazma was captured after violent engagements and added:

"In the period during their occupation and before their retreat, the Germans devastated and destroyed the town.

"In all Soviet villages and towns, the Hitlerites engaged in open brigandage and plunder. The destruction they carried out in Vyazma was heavier than anywhere else. The German bandits ransacked and destroyed all cultural institutions and historical monuments in this town.

"The fascist barbarians ransacked and demolished the local drama theater, the cinema, the museum, schools, the House of Culture, the Railway Men's Club, the House of Young Pioneers and the local hospital. Ancient buildings built in the first half of the 18th century (Continued on Page Two)

Japs Continue Drive In China

Chungking, March 13 (AP)—The drive by eight Japanese columns across the middle Yangtze continues to progress, the Chinese high command said today, and there was increasing belief that the enemy advance was leading up to another—the fourth—battle for Changsha. Human province capital 95 miles south of the river.

Today's communique indicated the Japanese had made the most progress with their spearheads skirting the Eastern shore of Tungting lake, from which their right wing has operated in the other three fights for Changsha.

Farther west, however, a Japanese column was reported to have suffered heavy casualties and another to have "effectively intercepted."

The WAR TODAY

AN ANALYSIS OF THE NEWS

By DEWITT MACKENZIE The war is entering a critical phase in which air-power bids fair to play a part far exceeding in importance anything that has gone before.

The air navies are rushing towards bombing operations which will be unprecedented in violence and scale.

The reason for this increase in air importance lies in the fact that American and British industries finally have produced sufficient aerial striking power so that the Luftwaffe at last has a giant competitive. That power now is pyramiding.

SET DATES RED CROSS DRIVE

Community Leaders In War Fund Campaign Named

Wherever the armed forces of our country are now stationed, whether in combat or in camp, the American Red Cross, by direction of the United States Government, is present to render assistance when needed. In order to make this possible, during the month of March, nationwide campaigns are now being conducted to raise a War Fund of 125 million dollars, more than double the National quota of 1942 to perform this tremendous and important task.

Plans for mobilization of the entire strength of Pitt County to secure our share of this War Fund are now under way. The county has been divided into 14 sectors, each under command of a Colonel with forces from all branches of the service, including the Army, Navy, Marines, Air Corps, Coast Guard and WAACS.

Before the zero hour set for advance on all fronts, the heavy artillery, under command of General L. B. Garris, will lay down a barrage to soften the opposing lines and protect the general advance of all forces on the morning of March 23rd.

The commanding officer in each sector is as follows: Ayden, Col. A. F. Rowe; Bethel, Col. C. E. Wike; Bell Arthur, Col. Mack G. Smith; Bevoir, Col. W. E. Cain; Chocod. (Continued on Page Two)

Judge Frizzelle To Pass On Beer Case

Final hearing of the restraining order against the City of Greenville prohibiting revocation of the beer license of the Carolina Grill, Dickinson Avenue cafe, was headed by Judge J. Paul Frizzelle in Snow Hill today. The Greene County jurist will give his decision in the matter next Wednesday while he is presiding over a civil term of Superior Court here.

The Aldermen, on affidavits from a number of police, sheriffs and highway officers, that disorder prevailed at the place, ordered the cafe's beer license revoked on February 20. The restraining order was secured in court here.

the turn of events lies in the terrific bombing offensive being conducted against western Europe and Germany by the Anglo-American forces based in Britain. As explained by British Air Secretary Sinclair in the House of Commons a couple of days ago, the Royal Air Force alone has wrecked 2,000 German war factories, cut Nazi steel production by 1,250,000 tons annually, and driven a million or more Germans from shattered homes. This does not include the devastation wrought by the American Air Force.

We may expect this bombing to increase in intensity, for it is the forerunner of the eagerly awaited (Continued on Page Four)

Will Seek Complete Understanding Between All Members Of United Nations

By WADE WERNER Washington, March 13—(AP)—Britain's Foreign Secretary Anthony Eden, who last year negotiated a 20-year alliance between his country and Soviet Russia, starts with President Roosevelt today a series of historic conferences designed to clear the way for meetings between all the United Nations on problems arising out of the war.

The dapper diplomat flew into Washington yesterday amid echoes of recent speeches stressing the need of a satisfactory understanding between the western democracies and Russia.

He brought with him one of Britain's outstanding experts on Russian problems—William Strang, assistant undersecretary of state in the foreign office, who participated in the 1939 Franco-British-Soviet talks in Moscow.

Secretary Eden said today that "setbacks and disappointments are absolutely certain" but such optimism can hope to win the war and the peace afterwards.

He told a press conference of the hard job which he said lies ahead in explaining that he would discuss "all aspects of the war" with Mr. Roosevelt, Secretary of State Hull and others in extensive conversations.

To some 100 reporters gathered in the ball room of the British embassy, Eden explained that he could not go into detail of the subjects he is to discuss, but he indicated that military as well as diplomatic problems were among them.

Asked about cooperation of the United States and Great Britain with Soviet Russia, he reiterated his statement to the House of Commons in December that such cooperation among the United Nations, including China, is indispensable if the world is to have a stable peace after the war.

As for the post war control to be exercised over Axis countries, Eden said "we must take precautions this time to make sure that Germany and Japan are never able to start this business again."

It was considered likely Eden also would confer with Soviet Ambassador Maxim Litvinov, China's Foreign Minister T. V. Soong, and perhaps with Madame Chiang Kai-shek, wife of the Generalissimo.

Here and in London, the purpose of Eden's visit was seen as twofold: (1) A general exchange of views with the President and his policy-making advisers, and (2) a (Continued on Page Six)

Mayor, Senator Praise Guardsmen

By CHESTER WALSH Capt. Jasper L. Jones, commanding officer of the Greenville company of the North Carolina State Guard, was host at a barbecue supper at Respass' place on the Bethel Highway last night to the officers and men of the company and a number of invited guests.

State Senator J. Con Lanier, a former captain of old Battery A, 14th Field Artillery, felicitated the guardsmen for their personnel and efficiency.

Mayor Bruce Sugg brought the assemblage to its feet, led by Capt. Frazier McDevett and Lieut. Henry Rumley, of the Washington company of the State Guard, when he said "There is no finer officer in this country or overseas than Captain Jones." The applause was prolonged. The mayor pointed with pride to the fact that there are now more than 150 men in the armed forces who were formerly in the State Guard.

The affair was delightful. It was a typical soldiers' assembly. Guests included D. J. Whickard, Jr., I. H. Morris and Chester Walsh; Lieut. Lester Jones of the State Highway Patrol; Police Chief George Clark of Greenville and Fire Chief George Gardner and others.

Captain Jones explained the purpose of the State Guard, that it is to preserve order and safeguard the community while the National Guardsmen are in the army. He expressed appreciation for the support the Legislature, County Commissioners and Board of Aldermen and the citizens generally are giving the militia.

The State Guard is equipped for any emergency. The local company drills Tuesday nights and holds officers' training schools on Thursday nights.

Captain Jones, Lieutenants Howard Sumrell and W. H. Woolard, Jr., and Top Sgt. Burt Green, will leave Sunday for Fort Bragg to attend an officers' training school.

Announcement was made that the company will drill next Thursday night instead of Tuesday. The American Legion will use the armory for a supper on Tuesday night.

They Drifted At Sea 83 Days

Three gaunt and weary sailors rest and take nourishment aboard a U. S. patrol boat off the Brazilian coast after their rescue from a raft which they drifted for 83 days in the south Atlantic. They took to the raft after their ship was torpedoed and lived on fish, fowl and what rainwater they could catch. Two companions died on the raft. The survivors are, left to right: Cornelius Vander Slot, 37, of Rotterdam, Holland; Nick Hodgendam, 17, of Vlaardingin, Holland, and Basil Dominic Izzi, 21, U. S. Navy armed guardsman on the ill-fated ship. In the background is Naval Pharmacist's Mate Raymond C. Buckley who is seeing to it that the survivors eat their first solid foods slowly.

British Bombers Stage Heaviest Raid On Essen

Described As Worse Than Raid Of March 5 When 450 Acres of City Destroyed; 23 British Planes Lost

By RICE YAHNER London, March 13—(AP)—Heavy destruction on German targets on top of a record smash at Essen by the RAF last night, a great fleet of U. S. army air force heavy bombers thundered across the English channel to the Boulogne area early this afternoon.

Vapor trails streaming out behind the United States sky giants stretched from coast to coast of the channel, pointing the way to the bastions of Adolf Hitler's European citadel, which has been under almost constant day and night assault for 17 days. There was only a one-night gap in the bombing schedule.

Escorted by fighters, the American bombers soared nearly five miles high under the bright sun and soon returned from the direction of Dieppe, indicating that their targets had been only a short distance inland. Vapor trails also streaked the summer-like sky between Calais and Boulogne.

The RAF's ever-mounting pressure on Germany reached a new peak of destructiveness last night when a cloud of four-engined planes poured an attack on Essen, exceeding that which burned and shattered 450 acres of that city March 5.

The Air Ministry had described last week's raid as probably the heaviest blow of the aerial war, more than 1,000 tons of bombs raining dozens of the Krupp war plants' buildings and leaving 30,000 homeless, but it said last night's raid was better still.

Split May Result From Sub-Parity Corn Order

By OVID A. MARTIN Washington, March 13—(AP)—Signs of a split within the administration's economic high command over farm price policies bobbed up today as the Office of Price Administration ordered sub-parity price ceilings continued on the country's major agricultural commodity—corn.

The OPA action came as an admitted surprise to farm leaders who earlier had been informed by sources close to Secretary of Agriculture Wickard that the administration had decided to make a concession to the congressional farm bloc in the form of a parity corn ceiling.

Continuance of the sub-parity ceiling was directed by economic stabilization director James P. Byrnes. Under the price control law Wickard has power to veto OPA farm ceilings except when overruled by Byrnes.

Shortly after the OPA order was issued, a spokesman for the agriculture department authorized the statement that "the matter has not been settled yet." The spokesman said Wickard believed it was necessary that the ceiling be raised to the parity level in order to prevent a possible breakdown in the government's livestock, dairy and poultry production programs.

Back of the whole question is the insistence of congressional farm leaders that the government refrain from placing ceilings on agricultural products at below parity levels. After a temporary ceiling was placed on corn at 92 per cent of parity, the farm bloc, with votes of administration leaders, put through the Senate a bill sponsored by Senator Bankhead (D-Ala.) barring sub-parity ceilings. The measure now is pending in the House.

This congressional action led the farmers and others owning corn to hold onto the grain in anticipation of higher prices. As a consequence, dairymen, poultrymen and livestock feeders who depend upon the market for their feed have been finding it difficult to obtain corn at present ceiling prices. The agriculture department has received reports of impending serious feed shortages in the East and far West.

Wickard, hoping to iron out differences between the administration and the farm bloc, urged an increase in the corn ceiling. He took the view that such action would start corn moving freely again into the feed bins of farmers short of feed.

The OPA took farm benefit payments into account in establishing corn ceilings at less than parity, contending that the ceiling price and the payments would give farmers full parity returns.

J. P. Morgan Died In Florida Today

Multi-Millionaire Wizard Of Finance Headed Greatest Banking Empire

By E. V. W. JONES Boca Grande, Fla., March 13—(AP)—John Pierpont Morgan, of New York, wizard of finance and the ruler of a tremendous banking empire, died at 3:15 a. m. today at this isolated Gulf of Mexico island to which he had come for a vacation at fishing.

The 75-year-old financier succumbed to a recurring heart ailment which twice before in recent years had stricken him. He lapsed into a coma three days ago and never regained consciousness.

The multi-millionaire head of the House of Morgan became ill February 25 on a train en route to Boca Grande. Upon his arrival, he walked the two blocks from the railroad station to a resort cottage at the exclusive Gasparilla Inn. He went to bed immediately and, although twice he rallied and made progress, never fully recovered.

With Morgan at the end were a son, Lieut. Comdr. Henry Sturgis Morgan of the Naval Reserve who had arrived a few hours earlier, and a daughter, Mrs. Paul G. Pennoyer. Another daughter, Mrs. George Nichols, had been at the bedside earlier, but left when her father appeared to be winning his fight. She could not get back in time. The financier's elder son, Comdr. Julius Spencer Morgan, is on foreign duty with the navy.

Dr. H. S. Patterson, Morgan's personal physician who flew from New York to take charge of the sickroom, announced Morgan's death.

The body will be taken to New York on a train leaving here late this afternoon. Lieutenant Commander Morgan and Mrs. Pennoyer will be in attendance aboard the special pullman car.

Except for the presence of three physicians, six nurses and a few newspapermen, there was no outward sign that one of the nation's most powerful figures was desperately ill in the little resort town.

In fact, Morgan had been in bed for more than a week before the outside world learned that he was ill. The first word came from his office at 23 Wall Street in New York, where associates announced that he had been stricken and that they were concerned.

Upon Morgan's death, his associates in New York issued this statement:

The directors of J. P. Morgan and Co. Inc., announce with deepest regret the death of Mr. J. P. Morgan at 3:15 o'clock today at Boca Grande, Fla.

Son of the first John Pierpont Morgan who founded the famous banking firm in the 1860's, Morgan headed the firm through the first World War, the world depression of the 1930's and in this second World War.

During the first World War, his bank handled for the Allies loans (Continued on Page Six)

Superiority In The Air Is Only Edge That Allies Have Over Axis Forces Attempting To Hold Out In North Africa

Allied Headquarters in North Africa, March 13.—(AP)—Allied bombers blasted military objectives of Sousse and Tunis with fire-setting raids yesterday and attacked both land and sea transport of the Axis as ground fighting on the Tunisian front dwindled again to patrolling.

Gen Dwight D. Eisenhower pointed to ultimate victory in an order of the day, dated March 9, in which he said his command had suffered losses in recent bitter fighting, "but the enemy has been once frustrated and twice defeated in his attempts to break the Allied ring encircling him."

"Possibly he will make further and desperate efforts," the order said, "but I know that the troops of our field armies will, with the continued effective support of our navy and air forces, inexorably push him back to the sea and to destruction."

The Eighth army's lines in the Mareth line sector, having thrown off probing thrusts by Field Marshal Erwin Rommel with a violence that cost him heavy casualties, remained unchanged, a communique said.

"Our bombers made heavy attacks on the docks and railway yards at Sousse yesterday," the bulletin reported. "Many hits were seen on both targets and large fires were left burning."

"Objectives at Enfidaville were bombed by a formation of medium bombers. Other medium bombers attacked a convoy of motor barges making for Tunis and sank at least three of them. Six enemy aircraft were destroyed during these three operations."

"Last night our bombers attacked the docks at Tunis, starting a large fire."

In addition to these thrusts at enemy bases, fighter-bombers destroyed a number of vehicles on offensive sweeps in the Sediane area of northern Tunisia and western desert air fields, again attacked Rommel's positions in the Mareth line.

"In an attack by enemy fighter-bombers on one of our air fields, one of the enemy was shot down by our fighters and four more by anti-aircraft and the small arms fire of ground troops," the communique said.

Collectively, it reported the destruction of another Axis bomber yesterday night. The site was not specified.

Three Allied aircraft were said to have failed to return.

The British radio, in a broadcast recorded by CBS, quoted a dispatch from the front as estimating that Col Gen. Jurgen Von Arnim "has lost 2,500 men in northern Tunisia in the past ten days." The broadcast said this figure included 1,200 prisoners.

RAF Wellingtons with bomb bays loaded with 4,000-bound bombs made the attack on Tunis. Observers said large fires broke out in the warehouse district.

United States Mitchell's escorted by lightnings destroyed the three barges, crammed with equipment, in the Sicilian Straits and hit several others. Two Italian three-engined bombers were shot down during this (Continued on Page Six)

GIVE FACTS ON SECURITY PLAN

New Plan Would Cost Five Billions Annually

By CHARLES MOLONY Washington, March 12 (AP)—An expanded social insurance program along the lines recommended by the National Resources Planning Board in its report to the President would require employer-employee contributions well over \$5,000,000,000 a year, official figures indicated today.

That figure was reached in this fashion:

1. The Social Security Board collected \$2,275,337,000 in such contributions during 1942 from a five per cent levy on payrolls under the more limited and less liberal program now in effect.

2. SSB Chairman Arthur J. Altmeyer, estimated that a 10 to 12 per cent levy on payrolls, which would at least double collections, would be required to finance an expanded program along the line suggested (Continued on Page Two)

FACTIONALISM Its Effect on Business May Be Disastrous

Babson Park, Mass., March 12.—Business volume continues at exceptionally high levels. A rising output of war materials has been led by record productions in steel, electrical power and other basic industries. High wages and increased spending power have boosted retail business. At the same time many non-essential businesses have suffered. For most businessmen, regardless of their occupation, the days since Pearl Harbor have been filled with uncertainty and confusion. What the future holds for business now depends more upon leadership than upon orders.

Congress And The New Deal If the president and the chairman of the board of a corporation

are in disagreement, they can usually through some third party be made to bury the hatchet for the good of the company. Probably if only two or three individuals were responsible for the administration of our war effort, we would be much further along the road to a solution of our business problems and to the winning of the war. But it is characteristic of a democracy such as ours that factional competition exists.

Hence, we have labor and capital, farmers and wage workers, a two-party political system, stockholders and management and a host of other competing groups at each other's throats. A serious ex-

AMERICAN RED CROSS

Pitt County Chapter News

At 9:30 Friday morning, Corporal Eads of Marion, Ill., Pvt. Lee of Ohio, and Pvt. Joyner of Suffolk, Va., stopped their Army truck at the high school and Miss Naomi Newell delivered to them another splendid collection of books—many of them new—two or three dozen picture records, 16-cm. picture and new magazines, which had been contributed by the student body.

The students are to be congratulated upon the keen interest they have shown and their ready and willing assistance in collecting these articles, which will add so much to the comfort and happiness of their recipients at Cherry Point.

From here the boys were directed to the Red Cross office, where Mrs. Taylor, executive secretary of the Pitt County Chapter, had a victoria and more records which had been brought in by the Juniors.

At the library, 1,200 coat hangers were added. These had been collected by the boys and girls from the elementary and high schools, and they had been busy assorting and tying them for several days.

Under the direction of Mrs. William Taft the coat hanger drive has been very successful.

The boys then drove to Farmville, where Miss Estelle McBride, Junior Red Cross sponsor of the Farmville high school, was waiting for them with the completed furnishings for a comfortable and attractive day room. Towards this day room the students of the school, under Miss McBride's guidance and through their service fund, had contributed a newavenport, and in the school's splendid manual arts department the other articles of furniture were either made or refinished. Miss McBride's classes have spent several dozen bedroom shoes to New River, also utility bags and have just furnished 36 sewing kits to go in the utility bags being made and equipped at Greenville high school. They have done outstanding work.

From Farmville, Corporal Eads went to Winterville. There Mrs. Ellen Carroll, Junior Red Cross sponsor of the Winterville school, had another day room ready—complete with chairs, lamps,avenport—everything to make a boy want to drop in and enjoy a good book or snatch a moment of relaxation. Through Mrs. Carroll's interest the Winterville school has made excellent contributions all year. Yesterday she sent three dozen pairs of bedroom shoes also. Griffin had 22 pairs of shoes and the college Y freshmen had 33 pairs of knitted footwarmers, which went to Cherry Point on the truck.

Fine work has been done on the coat hanger drive by the city colored schools. They have so far collected 1,500 hangers, and this morning students packed the 3,000 which will go to Fort Bragg, thus making a total of 4,700 collected.

Every county school is at present actively engaged in making utility bags and bedroom shoes for the armed forces and the hospitals. In a letter from Mr. George K. Beach, field director of the Red Cross at Cherry Point, he stated that 300 pairs of bedroom slippers, either mules or with heels, were needed.

Mrs. J. B. James, chairman of the Junior Red Cross, states that each school Junior Council will have insignias by next week. The councils are developing splendid leadership and creating the will to do and be of assistance in the excellent channels for service which the Junior Red Cross offers.

Forty Years Ago Today

THE DAILY REFLECTOR, March 13, 1943

The end is coming to big schools. That is, the colleges will be gradually emptied of boys who are at college with no serious purpose and who never would have gone at all, if some extraordinary influence had not been brought to bear to induce them to attend. This began in the state institutions, which every year bore down for appropriations, and more appropriations, so that students could come, tuition or no tuition. The students came, and the institutions were filled. Debts piled up year after year, so now it's retrace or go into bankruptcy.—Raleigh Times.

Beautification Suggestions
1. Finish your transplanting this month, don't wait for leaves and blossoms to remind you.

2. Spray your bushes, fruit trees and diseased shrubs with lime-sulphur.

3. Now is a good time to plant water lilies. Use mixture of three parts good soil and one part well-rotted cow manure. Cover with a layer of sand to hold soil in place.

4. Start fertilizing your trees, shrubs and lawn. Use manure and perhaps phosphate. No fertilizer containing inorganic nitrogen can be used for this purpose.

5. This is your last month before next fall for planting fruit trees, grapes, strawberries, dewberries and other small fruits. Plant these fruits to supplement your vegetable garden; you will need them urgently during the next few years.

6. Prune only those plants that need pruning. Remember the natural shape and prune to preserve it. Don't prune those flowering plants that bloom before July, you might cut off their blossoms.

7. Roses should be pruned when the buds begin to swell—it will not hurt them if growth has already started. Remove old and diseased canes. Thin plant out and shorten limbs from 12 to 24 inches from ground.

8. In doing your spring yard cleaning, don't burn over the yard and don't use the brush broom. Use a rake to clean up the coarse trash and allow the fine material to remain.

9. Your sons, daughters and husbands in the armed services are thinking of home this spring, thinking of the family table; thinking of calm, peaceful days; thinking of beauty in things as well as in ideals—it is our duty not to disappoint them.

Bethel H. D. Club
The Bethel H. D. Club held its March meeting with Mrs. J. P. Harris. We had 18 members present, one new member and one visitor.

"Quick and Sure Methods of Making a Dress" was our main project for the afternoon. Miss Kirby stressed the fact that we could make our own clothes and still feel well dressed. We were urged to follow the nine rules that every dressmaker should know.

The master of making and conserving clothes is becoming more vital and the women who sew are releasing labor for war work, thereby contributing to the war effort. The hostess served delicious refreshments and everyone spent a most enjoyable evening.

Red Oak H. D. Club
The Red Oak H. D. Club met on Wednesday at the home of Mrs. James Allen, with Mrs. F. L. Allen and Mrs. O. E. Kitterling assisting hostesses. After the preliminaries the meeting was turned over to Miss Verona Lee Joyner who gave us many helpful hints on "Quick and Sure Methods of Making a Dress."

It was reported that three of our club members had bought bonds since the last meeting. They were Mrs. R. R. Tyson, Mrs. F. L. Allen and Mrs. James Allen. Most of our members are buying stamps regularly.

Two members turned in finished sweaters for the Red Cross. They were Mrs. C. W. Bright and Mrs. F. L. Allen. We were proud of these and plan to make more in the future.

Mrs. Herman Evans was appointed by the president to get 30 garments from the Red Cross work room and distribute them to our

members. We plan to have these made by next meeting. We also plan to wear a dress of our own to the April meeting.

Red Oak 4-H Club Meets
Jane Tyson was hostess to the Red Oak 4-H Club members Wednesday night, March 3. The president, Lillian Joyner, presided.

Miss Kirby and Mr. Winchester discussed project work and gave out information for various club projects. The hostess served tea and sandwiches.

Lang's 4-H Club
Every member of the Lang's 4-H Club and several Home Demonstration Club members were present for the March meeting at the home of Jay Flanagan.

Lois Jones presided. The picture, "The Road to Tomorrow," was thoroughly enjoyed by everyone present. The girls then met with Miss Kirby for their lesson "Sew With Ease." She stressed the nine fundamental rules for every dressmaker. Each club girl will wear or bring a garment which she has made to the next club meeting.

Games and refreshments were enjoyed by all.

Ballard's H. D. Club
The Ballard's Home Demonstration club held its regular monthly meeting Tuesday afternoon at the home of Mrs. L. R. Jones, with Mrs. J. R. Jones as joint hostess.

Mrs. L. R. Jones, president, presided. After a short business session, Mrs. H. D. Move gave some helpful hints on home beautification.

Mrs. L. E. Turnage told of the urgent need for every farm family to produce as much of the home food supply as possible and asked each club member to sign the "Home Food Supply for Victory" pledge.

The meeting was then turned over to Miss Verona Lee Joyner who gave an instructive demonstration on "Quick and Sure Methods of Making a Dress," assisted by Mrs. C. L. Jones.

Mrs. D. Jones modeled a dress made by the plans demonstrated by Miss Joyner.

(The German account yesterday of the evacuation of Vyazma declared that German airmen had bombed the city to render it unfit for Russian use, claiming that only the cathedral and two hospitals in the center of the city were spared).

The Russians also said that they rescued from German guns 1,500 villagers who had been herded into the town of Narnenka by the Germans from neighboring settlements in the Vyazma area.

Fierce Battle Near Kharkov

The Russians report that the Germans are throwing numerically superior forces against the Soviets south of Kharkov where a "ferocious engagement" was being waged. Nazi counterattacks were repulsed west of Rostov. Meanwhile, the Reds have reported capture of Vyazma, a German stronghold.

AIRMEN BLAST JAP POSITIONS

Enemy Bases And Shipping Hit In South Pacific

Allied Headquarters in Australia, March 13 (AP)—Allied Liberator bombers putting out of action four of eight Japanese fighters which rose to oppose them, smashed thru to Amboi harbor, on Ambonia island in the Dutch East Indies and laid a 500-pound bomb on a 7000-ton merchantman yesterday, today's communique said.

The heavy bombers, which made the attack in the face of rain squalls, could not definitely assess the day's work but knew that two of the four Japanese fighters they put out of action were destroyed and two others were damaged.

American, Dutch and Australian fliers kept the Japanese busy over a wide area yesterday, bombing and strafing Fuliore, on Timor, north of Gloucester on New Britain, and Salamaua, Japanese base on New Guinea.

The Japanese air force, increasingly active in the last few days, sent four ill-fated Zeros up over Timor, and Dutch pilots flying American Billy Mitchells and Australian fliers in Beaufighters shot two of them out of action.

The same pilots bombed planes on the ground at Rabaul, New Britain, and came home without a single loss after observing fire and heavy explosions, the communique said.

The only Japanese raid was made after dark on an airfield in New Guinea by a single plane which dropped two bombs "without damage," the communique said.

British Blast Japs In Burma

New Delhi, India, March 13 (AP)—RAF Blenheim bombers blew five night raids on the air and set the remainder of a concentration of 50 vehicles ablaze in a raid yesterday on Wundwin railroad station, between Shwabo and Katha, a British communique announced today.

River traffic in the Rathedaung area, north of Akyab, was shot up by a hurricane patrol and four troop carrying launches were machine-gunned near Kanzaiki with casualties inflicted on the Japanese personnel, the war bulletin said.

automatically to seven per cent next January 1.

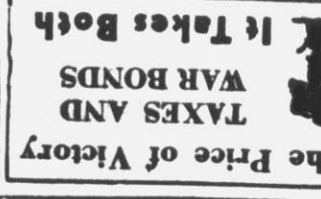

The 10 to 12 per cent levy suggested by Aitmeier would cover new benefits for temporary or permanent disability and for hospitalization—as well as increase some benefits now being granted.

While the Social Security Board was collecting \$2,275,337,000 last year, it was required to pay only \$482,500,000 in unemployment compensation and old age survivors' insurance benefits.

These figures were described by SSB officials as abnormal, however, because the employment boom in 1942 swelled collections and minimized benefit payments.

WAAC Director
Colonel Oveta Culp Hobby, WAAC director, is shown above in two poses as she urged the House Military Affairs Committee in Washington to adopt a bill making the WAACS an integral part of the Army, instead of a step child. The bill would make the WAACS a "component to be known as the Women's Army Corps."

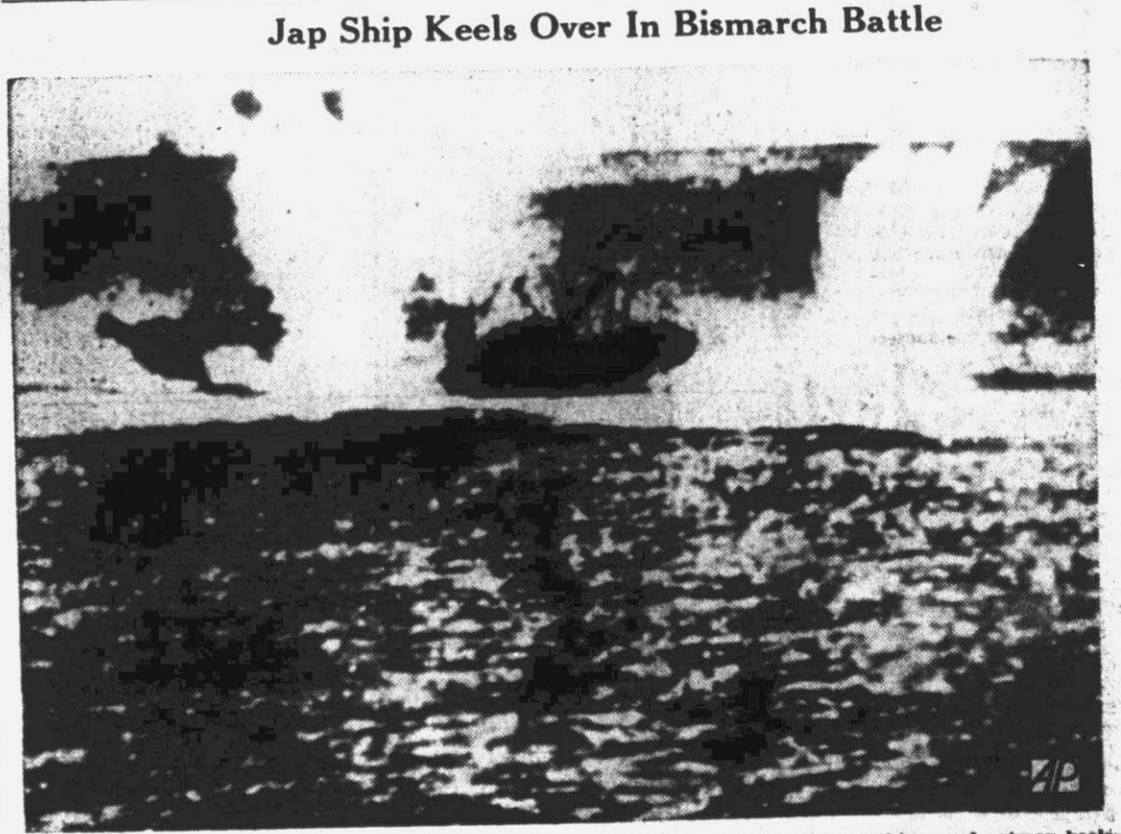

Under Arrest
John Wesley May, 16, (above) of Flint, Mich., was quoted by Prosecutor John Roach as admitting he tortured and killed his six-year old sister "because she was noisy." The body of the victim, Emmogene May, was found mutilated under a bed at the family residence. She had been shot three times. The youth was arrested as he left a theater.

"Like The Knights Of Old"
Like the knights of medieval days who wore their ladies' mementos as they rode into battle, the paratroopers at Fort Benning, Ga., wear a photograph of their "first lady" on their helmets. Pvt. Frank Cancelliere (above) of New York, obligingly demonstrates with the picture on his helmet covered with transparent film.

Truck Driver
WAAC Auxiliary Jessie Mazanek (above) of East Vandergrift, Pa., delivers film to post movie houses at Fort Benning, Ga., and also sells tickets at the box office of one theater. Having completed training this week, with 150 others at the post, she now drives a truck. The WAACS thus relieved men for other service.

The receding tide of Japs was followed in New Guinea from Buna to Sanananda point by a "mopping up" force of General MacArthur's troops and in this picture, enlarged from a U. S. Signal Corps newsreel, a gun is moved along the beach to knock out Jap gun positions behind dense banks of Kunai grass in the background. Harassing Jap snipers keep the Americans crouched behind their weapon.

One of 22 ships in a Japanese convoy completely wiped out by Allied bombers, this merchantman keels over in the Bismarck Sea after receiving bomb hits from medium bombers. Jap losses included three light cruisers and seven destroyers. Allied losses were four planes. The Japs had 192 planes put out of action. This official RAAF picture was radiocoded from Melbourne, Australia, to San Francisco.

Reds Reversed In South—Advance In North

Black area south of Karkov indicates territory regained by Nazis (arrows) who stormed back along a 100-mile path and pushed the Russians back to the north bank of the upper Donets river. The Reds admit losing eight cities, recently recaptured from the Nazis. But in the north, Soviet troops reported fresh gains in their drives against Vyazma and Staraya Russa.

Soldiers Watch S. S. President Coolidge Sink

Soldiers, who abandoned the S. S. President Coolidge after the U. S. army troop transport hit a mine in a south Pacific island harbor, look back from boats and rafts as the huge 22,000-ton vessel slips from a reef and sinks into the bay by her stern. The captain of the Coolidge drove her unto the reef after she struck the mine. The reef held her up long enough for all but five men to escape. More than 4,000 were aboard. Strength FOR THE DAY

By EARL L. DOUGLAS NOW IS THE TIME

A rabbi was once asked the question, "When should a man repent?" His answer was, "Repent on the last day of your life."

Some men go through life as if they expected to live a hundred years. They have a thoroughly worldly existence. They cut corners whenever they feel it is necessary to do so in the interest of good business.

True repentance has to be a continuous matter. Every day we have to repent of our evil, no matter how much we may have renounced sin and self in a great experience which resulted in a new hold on life.

We do not know when the last day of life will dawn, and so we need to harken to the old rabbi who said, "Then repent right now."

HE SPEAKS FROM THE HEART

Captain Eddie Rickenbacker is stating some blunt truths that both labor and political leaders have carefully dodged. Captain Rickenbacker has been saying what the public has been thinking.

THE RISING FLOOD

It will take the utmost effort from all of the people to save this country from total inflation and collapse. The spectacle of endless wrangling over adoption of a pay-as-you-go tax plan certainly adds no strength to that effort.

threaten the stability of government itself. A policy of too little and too late with regard to tax measures would be just as fatal as a lack of battle equipment on the war front.

We are spending hundreds of billions of dollars in a matter of months. No ordinary mortal can conceive of such a sum. But it is clear that with every passing day the problems of financing the war grow greater.

A pay-as-you-go tax should be passed without delay. Taxation must be put on a pay-as-you-earn basis levied against current income.

Isolation

By JOHN C. FLEMING and LOIS EBY

The sky to the east was awash with a thin milky light as Landa and Jim came down the path from the hacienda and walked toward the beach.

The path threaded upward for a few paces to a knoll and then fell off abruptly to the white beach. In the hazy background rose the brown cliffs of the mainland. The Sea Bat was riding quietly at anchor half-way across the channel.

"Looks like you won't need your sea legs this morning, sailor," Jim laughed as he pushed the dinghy toward the water's edge. "It's calm as a millpond."

"You can check it, boss," Cass said cheerily. "And Jack's down."

Jim led Landa across the white scrubbed deck to a small dark man wearing a set of headphones pressed to his ears and keeping a watchful eye on the thumping air compressor.

The dark man nodded briefly never taking his eyes from the steady stream of bubbles that were breaking on the surface of the water 20 feet out from the boat.

"You can talk to the diver?" Landa's lifelong love of the sea and all things connected with it shone from her eyes.

"Yes, he has a telephone head set in his suit and he keeps in constant touch with Fuzzy. We'll be bringing him up in a few minutes now and Cass will go down. The boys can't work long in water this deep. Then, too, we have to bring them up slowly so they won't get the bends."

Wilson glanced at his watch before he answered: "Forty-three minutes."

"Turning back to Landa Jim said, 'It will take longer than that to bring him up. A diver doesn't dare rise any faster than those bubbles from his helmet.'

BARNEY WINS WITHOUT FIGHT

Garden Welcomes Little Corporal With Trophy

By SID FEDER

New York, March 13 (AP)—It probably sounds very funny, but a guy who didn't even have a glove on won a decision over a fellow who had to punch his way through dynamite in Madison Square Garden last night.

This may be very confusing, but that's exactly what happened—Corporal Barney Ross of the Marines, by just taking a bow, was the "hot-shot" for a sell-out gathering, while Jimmy Bivins, the Cleveland Cloutier, had to swat the ears of Tami Mauriello get even close to the pass on the back from the 1932 customers who made this the biggest turnout in the old Eighth Avenue auditorium this season.

This was because the little corporal came back to the Garden, where he fought most of his great fights on his way to winning the world welterweight, lightweight and junior welterweight championships a few years back. It was just as ex-major Jimmy Walker voiced it all concerned when he said, "All the neighbors are happy because Little Barney has come home."

This was part of Jimmy's speech in presenting the Edward J. Neil Memorial Trophy in the Garden ring to the Little Corporal as boxing's "man of the year" for 1942. This honor was voted to Barney by the boxing writers for his job of knocking off 22 japs while protecting three wounded buddies on Guadalcanal one night last November.

After the send-off for Barney, the best Bivins could do was to thump Mauriello around the premises—and he did just that. After a slow start during the first two rounds, Mr. Long-Arm from Cleveland knocked Tami all over the place through the middle heats and then stoged off the Bronx Belter's stretch drive to win a narrow ten-round decision. One judge voted for a draw, after the other judge and the referee balloted for Bivins.

Having thus disposed of Mauriello for the second time in six months (Cleveland Jimmy is now definitely Mr. Big among those heavyweights still active. His only possible opponent now—since he has knocked off Tami and Bob Pastor and Lee Staloid, among others—is Melio Bettina, the Army M.P. who holds one decision over him, and is anxious to prove that one wasn't a fluke. So that's the match Promoter Mike Jacobs was trying to cook today.

Hopeful. New York, March 13 (AP)—Ford Frick, president of the National League, is hopeful of getting the Philadelphia Phillies completely sold to the William D. Cox syndicate by Monday. "There's a chance," he said, "that the business may be completed Saturday but I doubt it."

Sports Roundup

By HUGH FULLERTON, JR.

New York, March 13 (AP)—By the time Barney Ross finishes what is laughably called his "furlough" we imagine he'll do a lot of thinking about one of Jimmy Walker's remarks last night... "We're not going to make an individual hero out of you," said Jimmy... "That's the most annoying existence in the world. You can't live it down for the rest of your life, and for the rest of your life you can't live up to it..." Barney has had to live up to his hero's role ever since he got back from Guadalcanal and a couple of times yesterday he looked as if he needed the Red Cross more than the Red Cross needed him... It must take a lot of fortitude to go through those receptions, too.

Barney's Barney. Ross managed to get in a couple of pretty good plugs for sports during his "press conference," telling how badly the boys need sports equipment, even in the Solomons, and their sessions of "jawbone" betting on football and other games... But his best wisecrack of the day came when he dropped into the dressing room to congratulate Jimmy Bivins and someone told him the fight gate was \$74,715... Said Barney: "I wish I were getting the champion's end this evening."

Shorts and Shells. The Giants-Dodgers feud is on again... When Eddie Brannick escorted the local scribes to the Giant Lakewood, N. J., training camp the other day, a Brooklyn gangster wired him asking him to announce the signing of some Dodger players. Eddie obliged, but now he's threatening to send Branch Rickey a bill for "professional services"... Emil Von Elling, N.Y.U. coach, figures a lot of good runners could be developed if board tracks were installed in parks and playgrounds. But he admits that'll have to be a post-war project... Bill Closs, who will lead the Rice basketball team into the Garden Invitation Tournament, led the southwest conference in season and single-game scoring, free tosses for the season and one game, and field goals for one game... Apparently every time Bill shoots for the basket he comes Closs...

Today's Guest Star. Eddie T. Jones, Champaign-Urbana (Ill.) Courier: "Those top-heavy scores and successive lacings the Maroons absorb may be the remedy Chicago needs. Perhaps the president of the university, one of these days, will quit paying the dues and withdraw, permitting the big 10 to become the big 10 again and not just the big 10-tative."

Service Dept. Rex Enright, last survivor of the South Carolina coaching staff has joined the Navy as a Lieutenant (sg). Going ahead of him were Navy Lieuts. Frank Johnson, Tatum Gressette, Charlie Treadway and Ted Twomey, and Sterling Dupree, who defied tradition and joined the Army... That's one college which ran out of coaches before running out of players.

Coaches And Plays On Own Team

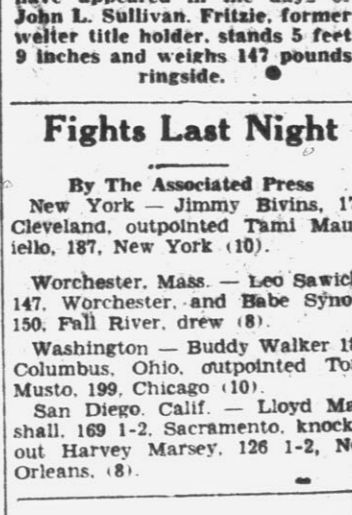

Belus Smawley (above), a guard on the basketball team of Appalachian State College at Boone, N. C., might be an argument that professional coaches for the sport are more or less a luxury. In addition to playing a bang-up game, at guard, he coaches and directs the team's play. He scored 12 field goals for a total of 24 points in leading his team into the quarter-finals of the National Intercollegiate tournament at Kansas City.
