Red Army Lines Hold Firm Before Massed Attack Of Nazi Tanks In Donets Valley

Germans Using Umbrella of Dive Bombers To Augment Tank Attacks; Bitter Battle With New Russian Gains Reported On Central Front

By EDDY GILMORE (AP) Moscow, March 18 (AP)—A titanic tank struggle, with a German air umbrella of Junkers dive bombers met by hurtling Soviet Sturmoviks trying to knock out the German armor, was being waged today in the northern Donets river valley, but the Russians reported their lines refused to give before the masses of tanks hurled against them.

(The German high command, in a communique broadcast by the Berlin radio and recorded by the Associated Press, said the Germans were on the offensive throughout the sector from Khar'kov to Kursk, inflicting "extremely heavy losses" on the Russians.

"Enemy forces encircled southeast of Khar'kov have been annihilated with the exception of small remnants," it said. "Soviet relief attempts were frustrated with heavy losses for the enemy."

(South of Orel, midway between Khar'kov and Moscow, the Germans said the Russians yesterday "renewed their attack on a wide front" in several waves which "collapsed with heavy losses for the enemy." It claimed 116 Soviet tanks were destroyed.

(Northwest of Moscow, south of Lake Ilmen, the Germans were reported to have stormed German positions after the communique said, the attacks were in vain.)

Far northwest of Khar'kov, in the area west of Sevsk, and along a battle line east of Khar'kov and extending down into the Donets basin the Germans were said to be concentrating their reserves and tanks against narrow sectors, striving violently to break through toward cities and town still held by the Russians.

Firemen To Meet In City April 13

By CHESTER WALSH Sherwood Brockwell of Raleigh, state fire marshal, and Jerome Flora, mayor of Elizabeth City, and others will have part of the program at the dedication of the western part of the city on Tuesday, April 13. The dedicatory exercises will be the feature of the convention of the East Carolina Firemen's Association to be held here on this date. Fire Chief George Gardner, president of the association, stated today.

Mayor Bruce Sugg will welcome the visitors at a supper at the tower. M. O. Minges, Greenville businessman, donated \$5,000 for the fire tower. This was supplemented by funds and labor from the PWA. The city owned the lot. The practice fire tower is five stories tall. It was built according to specifications of the National Association of Fire Underwriters. It will serve as a place where other towns and cities of the eastern district may go through intensive practice fighting fires in tall buildings and rescue work.

Germany Launches Sub Attack Against Allies

Washington, March 18 (AP)—Running battles between submarine packs and convoy ships indicated today that Germany has launched her expected mass U-boat campaign against Allied shipping in the North Atlantic. From both sides of the ocean came reports of furious clashes with these results: 1. At least three U-boats were sunk and many others probably damaged by Allied escort vessels and the RAF during a 2-hour battle last month. The British Admiralty's announcement, made in London, said the convoy did not escape without loss, but gave no details in this connection. 2. The coast guard cutter Campbell rammed, shelled and sank one big enemy submarine and depth-

Reds Establish Strong Line

The Russian Army is reported to have established a strong barrier of defense (sawtooth line) between Kursk and the Donets river east of Khar'kov, while continuing to smash closer to Smolensk in the north. Som 24 hours after the Germans claimed to have retaken Khar'kov, they yielded to the Reds in mid-February, the Russians admitted evacuating the big rail-center city.

Appeals For Enactment Of Civilian Service Law

Undersecretary of War Robert P. Patterson, urging adoption of a civilian draft law, said today that despite the need for workers in war industries, thousands still are busy turning out such things as artificial flowers, jewelry, toys and cosmetics.

ASK HIGH PRICE FOR FARMLAND

Pitt County and the City of Greenville need about 100 additional acres of land adjacent to the city-county airport across the river before the United States Navy, which leased the airport as an auxiliary training field for the Marines at Cherry Point, will begin to spend the \$800,000 appropriated for paving and developing the field. The field is needed for war purposes. It is needed as soon as possible.

Greenville Man Gets Commission

Charles S. Wooten, son of Mr. and Mrs. H. E. Wooten of Greenville, has been commissioned a second lieutenant in the Army Air Forces after completing a three-months course at the officers candidate school, Miami Beach, Fla. He received his education in the public schools of Greenville and graduated at East Carolina Teachers College with an A.B. and M.A. degree. He taught in the public schools of Franklin county, two years, and was Union Military Academy, Fork Union, Va., when inducted into the service. Lt. Wooten is now located at Maxwell Field, Ala.

East Gets Cut In Gasoline Ration

Administration Cuts "A" Coupons In Half And Lifts Pleasure Driving Ban; Dealers To Ask For Price Increase

By KENNETH L. DIXON Washington, March 18 (AP)—Dealer pleas for price increases, driver pleas for more coupons and official pleas for revival of car-sharing plans choused today in the wake of yesterday's Office of Price Administration order cutting the "A" bookholder's weekly gasoline ration roughly from about 3 1/2 to 1 1/2 gallons and lifting the pleasure driving ban, effective Monday.

Some speculation was aroused by the wording of the OPA announcement which said merely that the fifth period "A" coupons would be valid for four months instead of two. If the coupons must last the entire four months—as the order was generally interpreted—it would effect a 50 per cent slash in the "A" bookholder's ration. However, the OPA announcement set no specific expiration date for the coupons.

REJECT UNION WAGE DEMAND

No Indication of Near Agreement On Issues

New York, March 18 (AP)—A United Mine Workers official said today that southern soft coal mine operators at a closed meeting rejected a union demand that miners be paid from time of entry into a mine until time of departure.

OPPOSE MEAT PRICE CEILING

Packers Not in Agreement With Administration Plans

Washington, March 18 (AP)—Indications that packers are not in complete agreement on a proposal to place ceilings on producer prices of live hogs as a means to aid in stabilizing meat prices arose today at a hearing on the subject.

Mother Hopeful Son Will Return

Further hope that Bernard W. Spilman, of this city, who has been reported missing in action since early December, might yet be reported safe was given his mother Mrs. J. B. Spilman, of Washington, D. C., this week when she talked to Basil Dominic Izzi, who is now recuperating in a hospital after 83 days on a raft following the torpedoing of the ship upon which young Spilman was being returned to this country.

Arrives In Costa Rica

San Jose, Costa Rica, March 18 (AP)—Vice President Henry A. Wallace and his party, on a tour of Latin American countries, arrived here at 2:10 p.m. Eastern War Time today by airplane from Panama.

Wounded In African Battle

Mrs. Virginia Fleming Padgett today received a telegram from the War Department that her husband, John A. Padgett, with the armed forces in North Africa, had been slightly wounded in battle. The soldier is a son-in-law of Mrs. Josephine Fleming of this city.

Vegetable Prices

Raleigh, N. C., March 18 (AP)—The State Office of Price Administration announced these ceilings on snap beans, green peas and cabbage, effective today: Retailers: Snap beans, 30 cents a pound; Peas, 17 cents, and Cabbage, nine cents. Wholesalers: Cabbage, 76.55 a hundred pounds or 75 cents above cost, whichever is lower; snap beans, 66.75 a hamper of 65 cents above cost; and 44.40 a bushel or 50 cents above cost for green peas.

American Troops Recapture German Air Base At Gafsa

Son Receives Posthumous Award

George F. Marshall, Jr., 3, receives the Distinguished Service Cross at Washington from Brig. Gen. John T. Lewis, commanding general, military district of Washington, on behalf of his father, Lt. Col. George F. Marshall of the Armed Force, the first American officer killed in action in North Africa. Mrs. Dahlis M. Marshall of Jacksonville, Fla., the officer's widow, watches the ceremony.

EIGHTH ARMY BLASTING AT MARETH LINE

U. S. Forces, Led By New Commander, Drive 30 Miles To Reclaim Strategic Point; Eighth Army Attacking With Infantry And Tanks

By WES GASLAGHER Allied Headquarters in North Africa, Mar. 18 (AP)—United States troops led by Lieut. Gen. George S. Patton, Jr., newly named commander of American Forces on the Tunisian front, have recaptured Gafsa after a 30-mile drive and pressed on beyond that rail-city and air base toward the Gabes bottleneck, it was announced today.

Only a few hours were required for recapture of the town which had been abandoned by Allied troops in the face of Field Marshal Erwin Rommel's abortive mid-February offensive.

A communique said that little opposition was encountered and U. S. troops, assisted by mobile French units and guarded by Allied Aerial squadrons, drove after the retreating Germans into the area of El Gueitar, 12 miles to the southeast.

Gafsa lies 65 miles northwest of Gabes, a major supply port for Marshal Rommel's forces in the Mareth line zone, and restores the Allied threat to his rear.

The appointment of General Patton, 57-year-old tank specialist, to succeed Maj. Gen. Lloyd R. Fredendall as U. S. commander became known at the front only yesterday and was formally announced today.

Accompanying the disclosure of the Gafsa drive were reports of improvement in the British Eighth army's positions Tuesday night, and the production of a report that the Eighth army had launched an offensive.

Issue Warrants In Bank Closing

Shelby, N. C., March 18 (AP)—U. S. Commissioner John P. Mull issued warrants today for three officials and one former official of the Bank of Blue Mountain, which was closed after State Bank Commissioner Gurney P. Hood announced a shortage of approximately \$326,000 was discovered. Those named in the warrants were: William Henry Powles, cashier, James Barrett Dotson, assistant cashier, Paul Miles, bookkeeper and Robert Edgar Free, a former bookkeeper now in the army.

The governor made the appointment after conferring by telephone with the solicitor, and said he had ordered a "vigorous prosecution of all persons" to blame.

Report Heavy Assault On Jap Base At Rabaul

WILL SUPPORT RUMI TAX PLAN

Republicans Call Conference To Map Strategy

Washington, March 18 (AP)—House Republicans set a conference today to mobilize party support behind the Rumi plan to achieve pay-as-you-go for income tax payers by skipping a tax year.

Meanwhile, Chairman Doughton (D-N.C.) of the Ways and Means committee, leading Democratic opponent of any tax abatement, told newspapermen that "support behind the Rumi plan is waning as the people begin to understand it."

With President Roosevelt opposed to the Rumi plan and the Democratic leadership aligned behind the Ways and Means committee bill making pay-as-you-go optional for any taxpayer who elects to pay off two years taxes within one year, Speaker Rayburn tentatively set next Wednesday for the start of the storm battle on the House floor.

The Democratic leadership decided on four days of general debate, the longest of the 78th Congress on any issue, and the speaker said there would be no "gag" rule, thus permitting amendments to be presented and voted upon. The Rumi plan was expected to be offered on the floor as a substitute for the committee bill.

In any case, it seemed certain that a 20 per cent withholding levy against the taxable portions of pay (Continued on Page Six)

Under French Banner. London, March 18 (AP)—The Algiers radio said in a broadcast recorded by the Associated Press today that French Guiana had rallied to the banner of Gen. Henri Giraud, according to a message from the governor of the South American colony.

New Bombings. London, March 18 (AP)—Ventura bombers today attacked objectives at Maasiluis, near Rotterdam, the Air Ministry announced. Escorting Spitfires destroyed two enemy fighters, it added. None of the attacking aircraft was missing.

Claim Sinkings. By The Associated Press. The Berlin radio broadcast today a Tokyo report quoting imperial headquarters as announcing that Japanese naval units sank six submarines from March 6 to 11. No other details were given in the broadcast recorded by the Associated Press and there was no Allied confirmation.

Premier Tojo Warns His People of Serious Situation

By The Associated Press Gen. Douglas MacArthur's headquarters today reported a smashing assault on the big Japanese base at Rabaul, New Britain, in which Allied forces plastered the airfield with 392 bombs, while other United Nations airmen attacked an enemy outpost in the Kai Islands between Australia and New Guinea.

The attack on Rabaul, just before dusk yesterday, touched off many fires and explosions and further crippled Japan's aerial striking power in the southwest Pacific.

Far to the north, a navy bulletin reported, American bombers pounded the Japanese submarine base at Kiska, in the Aleutians, hitting the enemy outpost three times in the second successive day of multiple raids there.

Bomb hits were scored on the main camp area and on the submarine base, the navy said. On the Burma front, British headquarters acknowledged that Field Marshal Sir Archibald P. Wavell's forces again had been compelled to withdraw under sharpening Japanese pressure in the Rathaung sector, 25 miles north of Akyab.

Meanwhile, a Tokyo broadcast quoted Premier Hideki Tojo as warning Japan that "the war situation is becoming more serious"—a confession underlined by Secretary Knox's statement in New York last night that Japan has lost 1,857,000 tons of shipping, or one-third of her tonnage at the beginning of the (Continued on Page Six)

Crop Reporting Board To Estimate Food Supply

By OVID A. MARTIN Washington, March 18 (AP)—The Federal Crop Reporting Board will estimate prospective 1943 acreages in a report tomorrow which should give the country an idea of just how serious the food production problem is and how much more civilians may have to reduce their consumption. The estimate will be based on reports from approximately 80,000 farmers in all parts of the country who have had years of experience acting as crop reporters. The report will be released at a time when many farm leaders in and out of the government are forecasting a serious slump in food production due to labor and machinery shortages and reported farmed dissatisfaction with government agricultural price policies. Food production goals for 1943 set by Secretary of Agriculture Wickard call for a 12 per cent increase in the production of livestock, dairy and poultry products and the same total crop acreage as in 1942. The crop goals call, however, for larger acreages of some commodities and smaller acreages of others. The 1942 crop acreages reached a record level, Mr. Wickard did not ask for a further increase in total crops because, he said, the 1942 acreages reached the limit that is practical with the labor, machinery, fertilizers and other productive (Continued on Page Four)

The WAR TODAY

AN ANALYSIS OF THE NEWS

By DEWITT MACKENZIE If Berlin has read the writing on the wall correctly we may be at the climax of one of the most important military operations of the whole war—the final Tunisian offensive. This would mean a coordinated effort by all the Allied forces. We are out for a quick kill, because victory here is the key to other vital developments, including invasion of western Europe, and perhaps a blow at Italy. The Germans say that General Montgomery and his British Eighth army have opened the show in the south by striking at the coastal end of the powerful Mareth line of fortifications. These defenses represent the major obstacle to be overcome. The Nazi statement that Montgomery has struck at one end of the Mareth line isn't surprising, since it is so strong it would be logical for him to try a flanking movement. Here we have all the elements of a fierce and dramatic final duel between two of the outstanding personalities of the war, Montgomery and Rommel both rank among the greatest tacticians of their time. The Mareth line is a fitting stage setting for this great showdown. It is a temporary advantage because of its strength. They call it the "Maginot line of the desert" because it is built of reinforced concrete on the same principle as the Maginot line in France. The line lies seventy-five miles from the Italian Libyan frontier and cuts across the road from Tunisia to Libya just below the Mareth oasis near the Tunisian coast. The fortifications are some ten miles deep. There are concrete redoubts of varying sizes, interspersed with tank traps. Back of these is a concrete line. The difficulty of breaking through this increased by the fact that mountains have been incorporated into the defenses.

Social and Personal

Mr. and Mrs. Luther Herring are leaving for New York today to attend the marriage of their son Cadet Benjamin M. Herring of the U. S. Army Air Corps.

Mr. and Mrs. R. P. MacKenzie, of Washington, spent yesterday in Greenville.

Mrs. Ed. Hill, of Ayden was here yesterday.

Mrs. Leslie Smith and Mr. and Mrs. L. T. Fietze of Farmville were Greenville visitors on Wednesday.

Mrs. Ray Olesby and Miss Sara Brown Braxton, of Winterville, were here on Wednesday.

Friends of Mr. H. P. Tyson will be glad to learn that he has returned home from Duke Hospital.

Mrs. R. T. Burnette was called to Saluda, S. C. today because of the critical illness of her father.

Mrs. James W. Lowe, and son, James W. Lowe, Jr., of Greenville, S. C., arrived last night to spend some time with her father, Heber L. Jenkins.

Miss Elsie Mae Mills, of Washington, D. C., will arrive tomorrow to spend the week-end with her parents, Mr. and Mrs. Jethro Mills. She will have as her guests Misses Helen and Frances Davis of Washington.

Spring Term Opens. With the beginning of the spring term at the college tomorrow, classes will go back to the usual schedule, with the first ones beginning at 9 o'clock.

During the winter term, which closed yesterday, there were no classes scheduled before 9 o'clock. In order to conserve electricity, students registered today for the new term.

Mrs. Wayne Tucker Honored. Miss Rebecca Moye was hostess at bridge and a miscellaneous show-er last evening at her home on Charles Street, honoring Mrs. Wayne Tucker, of Nashville, Tennessee, who, prior to her marriage was Miss Gay Doree, of this city.

A St. Patrick's motif was used in the party appointments.

Mrs. Fred Broadwell won the high score prize and Mrs. Vance Harrington the low.

A tempting ice course was served.

Ill in Hospital. Friends of Mrs. Will H. Smith will regret to learn she is ill in Pitt General Hospital.

Forty-One Book Club Meets. Mrs. Harry Forbes was hostess to the Forty-One Book Club on Tuesday afternoon at the home of her mother, Mrs. Scoville, on Rotary Avenue.

The home was attractively decorated with early spring flowers. After the business was disposed of the officers for the coming year were installed. The new officers are: President, Mrs. R. H. Evans; vice-president, Mrs. Billy Norman; secretary, Mrs. Bob Moffett; treasurer, Mrs. George Wilkinson; librarian, Mrs. Herbert Warwick.

The hostess, assisted by Mrs. Mac Simpson, served a most delicious sweet course.

American Legion Auxiliary. The American Legion Auxiliary will meet Monday, March 22 at 3:30. The meeting will be held at the Vines House. Mrs. Walter F. Taylor, executive secretary of Pitt County Chapter, American Red Cross will speak.

The hostesses are Mrs. A. D. Frank, Mrs. Arthur Corey, Mrs. June Eise and Mrs. George Spearman.

Physical Fitness Class Closed. Due to the closing of the City Recreation Program the Adult Physical Fitness Class at Armory will not meet.

No Weaving at Armory. There will be no weaving instructions at Armory tomorrow as previously announced. On account of closing of City Recreation Program it was not considered wise to begin weaving classes. Miss Linda Wilkinson who has been a very successful weaving instructor in New Bern was a Greenville visitor today en route to a new position as weaving instructor with the city of Asheville Recreation department.

Square Dance at Women's Club. The weekly Friday night square dance at the Woman's Club will begin at 8 o'clock this week instead of 8:30 due to the blackout.

CHICOD NEWS. Rev. W. A. Crowe of Richlands was a visitor in our community on Monday afternoon.

Rev. Vickery of Grimesland is much improved from his recent illness.

Mrs. Sammie Tucker who was ill in Pitt General Hospital is recuperating at her home near Chicod.

Mr. Earl Porter who has been in Pitt General Hospital has returned to his home.

Mr. Max Tucker left Wednesday for Atlanta where he will take an examination for a Naval Cadet. He will visit relatives while there and en route home will visit his grandparents, Mr. and Mrs. W. T. Bumgarner at Hayesville, N. C.

Lymman McRoy, son of Mr. and Mrs. William McRoy, stationed at Camp White, Oregon, has written his parents that he had just returned from two week's maneuvers and that he and a friend Louis O. Montuio were considered the best scouts in three platoons of 26,000 men.

Young McRoy is in the infantry stationed there.

Mrs. Milton Tucker, reporter

Social Calendar

Small Repair Shops Given Higher Rates. OPA has authorized an upward revision of the maximum amounts which small shops may charge for repair services for farm equipment and motor vehicles.

Burns eligible for revision are those who used hourly rate to determine prices in March 1942, who employ not more than eight persons or who have been granted exemption by the National War Labor Board from the President's wage stabilization order.

Detailed information as to exemption from wage stabilization order may be obtained from the Pitt County War Price and Ration Board.

Calotabs
Next time you need calomel take Calotabs, the improved calomel compound-tablets that make calomel pleasant, sugar-coated, agreeable, prompt, and effective. Not necessary to follow with salt or castor oil. Use only as directed on label.

Forty Years Ago Today

THE DAILY REFLECTOR

March 18, 1903

Trot Them Out.

The Reflector has been asked by a statistical agency to furnish a list of people residing in Greenville who are worth \$500,000 or more. We cannot think of anyone with that much lying around, nor does the tax list give an insight to such individual wealth. However, if any are playing maum on their shrewdness and are worth that much, not in imagination only, they can let it be known and we will forward their names. Don't all speak at once.

Colonel Thomas On Way South Pacific

By CHESTER WALSH

Col. G. C. Thomas of Greenville, a member of General Alexander Vandegrift's staff and who had service in the early battles with the Japanese in the Solomons in the southwest Pacific, and who spent a brief furlough with his family here recently, is now on his way out to the Solomons to resume his duties. While in Greenville the Marine officer was honor guest at Rotary, Kiwanis and other civic meetings.

Colonel Thomas moved his family to Greenville last spring while he was stationed at the Marine Base at Cherry Point. He selected Greenville as the home place for his family because of the fine schools and the cultural background of the community life. He expected to commute week-ends between Cherry Point and Greenville. He had only five week-ends with his wife and children during that time. Mrs. Thomas stated, He was sent to the southwest Pacific shortly after moving here.

He came home some weeks ago for a rest. He was called to Washington, where he was elited for outstanding service and promoted. He spent a short time at the Marine Base and then went west. Mrs. Thomas accompanied him. Colonel Thomas is a Sigma Chi. In Chicago Colonel Thomas and Mrs. Thomas were hosts at several receptions in his honor. They later went to Bloomington, Ill., the colonel's home, and the famous Marine staff officer was accorded signal honors.

"Colonel Thomas' selection of Greenville as a home for me and the children during the war provided much happiness for us. The people here are fine—truly fine." Mrs. Thomas told a staff representative of the Reflector today.

Patton, nominated as a Lieutenant General only a week ago today by President Roosevelt, is a veteran of 30 years in the army.

He served as aide to General Pershing on the Mexican expedition prior to World War I and was in charge of the headquarters outfit of the first AEF ship to Europe in that conflict.

He won the distinguished service medal for forming and leading the first American tank unit into battle in France and earlier this year received the oak leaves decoration to that award from General Eisenhower for his work in the North African campaign.

Patton is widely known among army men for his colorful vocabulary. Now 57, he spent his early years in Pasadena, Calif.

J. Davenport, Jr., son of Mrs. Lida Bailey Forbes, 501 East 11th Street, Greenville is a graduate of Durham High School and Fishburne Military School, Waynesboro, Va., and attended the University of North Carolina in 1941-42, before he was accepted as an aviation cadet. These two cadets began their preflight course at Maxwell Field, the latter part of February.

Workers Needed In Navy Department

Miss Louise Freitag will arrive in Greenville tomorrow to recruit stenographers and typists to fill vital positions in the Navy Department, Washington, D. C. Salaries for these positions range from \$1752 to \$1971 per year, in order to assist all prospective appointees, who will accept appointment in Washington, D. C., a representative of the Navy Department will meet all employees at the Travelers Aid desk in the Union Station, Washington, D. C., and every assistance will be given in securing suitable housing accommodations. If necessary, a loan will be given to all employees in advance of their first pay check.

Typists must be able to type at least thirty-five words a minute and stenographers should be able to take dictation at the rate of at least eighty words per minute. Miss Freitag stated that the need for these war workers in the Navy Department at Washington, D. C., could not be emphasized too much. All qualified persons interested in these positions should see Miss Freitag at the post office.

Applications are not desired from persons already using their highest skill in war work.

Report For Duty At Maxwell Field

Maxwell Field, Ala., March 18—Two young men from Greenville, have reported to the Army Air Forces Pre-Flight School for pilots at Maxwell Field, from the Nashville Army Air Center (AAFCC) Nashville, Tennessee, to begin the second phase of their training as pilots in the U. S. Army Air Forces' expanding program.

These cadets are receiving nine weeks of intensive physical, military and academic instruction at Maxwell Field, preparatory to beginning their actual flight training at one of the many primary flying schools located in the Army Air Forces Southeast Training Center.

These men are Cadet Thomas Eugene Dail, son of Mr. and Mrs. Titus Dail, Route 2, Greenville is a graduate of Greenville High School and was an employee of Edwards Auto Supply Company when he was accepted as an aviation cadet in the Army Air Forces. Cadet William

PATTON GIVEN NEW COMMAND

Replaces Frendendall As Head Of U. S. Armored Force

Allied Headquarters in North Africa, March 18—(AP)—Lieut. Gen. George S. Patton, 57-year-old offensive-minded American armored force specialist, succeeded Maj. Gen. Lloyd R. Frendendall as commander of United States troops on the western Tunisian front. Gen. Dwight D. Eisenhower's headquarters announced formally today.

(Dispatches from the front said the change became known generally there yesterday and indicated it had taken place earlier, after field Marshal Rommel's February offensive through Kasserine Pass.)

General Patton, called 'blood and guts' as one of the most offensive-minded Generals of the army, is regarded here as the outstanding American armored force executive, since the death of Maj. Gen. Adna R. Chaffee in August, 1941.

(This dispatch did not bring out immediately the new assignment of General Frendendall who was in command of American troops in western Tunisia at the time of the Axis breakthrough in mid-February and the subsequent allied counter-offensive.)

Patton, nominated as a Lieutenant General only a week ago today by President Roosevelt, is a veteran of 30 years in the army.

He served as aide to General Pershing on the Mexican expedition prior to World War I and was in charge of the headquarters outfit of the first AEF ship to Europe in that conflict.

He won the distinguished service medal for forming and leading the first American tank unit into battle in France and earlier this year received the oak leaves decoration to that award from General Eisenhower for his work in the North African campaign.

Patton is widely known among army men for his colorful vocabulary. Now 57, he spent his early years in Pasadena, Calif.

J. Davenport, Jr., son of Mrs. Lida Bailey Forbes, 501 East 11th Street, Greenville is a graduate of Durham High School and Fishburne Military School, Waynesboro, Va., and attended the University of North Carolina in 1941-42, before he was accepted as an aviation cadet. These two cadets began their preflight course at Maxwell Field, the latter part of February.

These cadets are receiving nine weeks of intensive physical, military and academic instruction at Maxwell Field, preparatory to beginning their actual flight training at one of the many primary flying schools located in the Army Air Forces Southeast Training Center.

These men are Cadet Thomas Eugene Dail, son of Mr. and Mrs. Titus Dail, Route 2, Greenville is a graduate of Greenville High School and was an employee of Edwards Auto Supply Company when he was accepted as an aviation cadet in the Army Air Forces. Cadet William

Maxwell Field, Ala., March 18—Two young men from Greenville, have reported to the Army Air Forces Pre-Flight School for pilots at Maxwell Field, from the Nashville Army Air Center (AAFCC) Nashville, Tennessee, to begin the second phase of their training as pilots in the U. S. Army Air Forces' expanding program.

Huge Increase In Tax Payments

Washington, March 18—(AP)—The treasury reported today that income tax receipts recorded on March 16 were more than double the amount reported on Monday, the deadline for filing income tax returns.

The daily statement for March 16, issued today, showed income tax receipts of \$514,606,492. On the previous day receipts totaled \$246,850,735.

Tuesday's receipts were greater than those for the comparable day last year (March 17) when income tax collections of \$422,371,325 were reported.

Monday's receipts were \$145,623,247 less than those reported on the same day last year.

The sharp upturn in receipts reported in the daily statement for Tuesday bore out treasury predictions that the full picture of income tax collections on March 15 would not be available for many days, because of the task involved in opening an estimated 45,000,000 returns and recording the payments.

Raleigh, March 18—(AP)—The State's liquor sales totaled \$1,504,182.40 during February, or a 30 per cent reduction under those of January, the State ABC Board reported today.

Gallonage sales were off approximately 40 per cent, attributed entirely to the rationing program. The dollar sales values were about equal to those of July, 1942.

New Hanover led the county sales for February with \$230,470.25, followed by Durham with \$166,635.65. Sales included Pitt County which was \$56,588.65.

FAMOUS MINE NOW IS JUNK

Uncle Sam Gets The Equipment of Cum-nock Coal Mine

Sanford, N. C., March 18—(AP)—The old Cum-nock mine near here as last the last semblance of the mining industry once it was. But Uncle Sam's reserve of war-vital metal has been increased by 25 tons. The steam hoist and the boilers at the mine have become 50,000 pounds of miscellaneous junk.

The Cum-nock mine, once a source of coal for industry along the deep river and other areas of Piedmont North Carolina, has not been in operation since 1929 when flood waters of the Deep river inundated it.

At infrequent periods prior to that the mine had been closed, but always to reopen.

Mining began at the Cum-nock in the 1850's. There was an outcrop of coal on the Chatham County side of Deep river, but the operators sank shafts on the Lee County side in order to get at the underground deposits.

At first, coal was shipped down Deep river to Fayetteville from where it was transported down the Cape Fear. Deep river was shallow, however, and the mining firm constructed a railroad from Fayetteville to the mine.

During the Civil war men could work serving in the Confederate army by working in the mine. Mine work then was considered as dangerous as fighting. And so it proved that the Cum-nock mine, for two tragic explosions occurred there in 1895 and 1900. Forty men lost their lives in the explosions.

Shortly after, in 1902, the workings of the mine were abandoned.

In 1917, after a series of explosions of the mine property the Norfolk and Southern railway company acquired ownership, dewatered the mine and once more placed it in operation. Work continued intermittently until 1927, when an explosion rocked the mine, killing 53 miners.

Coupled with the tragic explosion, the financial crash two years later proved the final blow for the Cum-nock although curtailed operations were carried on until the mine shafts were flooded again late in 1929.

Studies are being made now of the state's coal and iron deposits, and undoubtedly the Deep river coal field will come in for consideration for possibly future operations. The field consists of two

Stockholder Sues

Seymour Bayer, a stockholder, has filed suit in New York against directors of the Celanese Corporation of America for \$1,250,000, charging the corporation spent \$1,000,000 in an advertising program, including a radio program featuring Jean Tennyson (top), singer and wife of the corporation's president, Camille Dreyfus (bottom). Bayer alleged the program was carried on even though Celanese production was inadequate to meet demands.

Shortly after, in 1902, the workings of the mine were abandoned. In 1917, after a series of explosions of the mine property the Norfolk and Southern railway company acquired ownership, dewatered the mine and once more placed it in operation. Work continued intermittently until 1927, when an explosion rocked the mine, killing 53 miners.

Easy Feed Type Hogs Needed By Farmers

By OLA FORBES
Many hog raisers still fail to give enough attention to type. Many condemn a breed because they tried out the wrong type. Type is not as much a matter of conformation as a matter of ability to convert feed into pork. This ability is an inherited quality. The existence of this has been shown by experienced hog men. Where one strain of family required 512 lbs. of feed for 100 lbs. of grain, another required only 302 lbs. of feed per 100 lbs. of gain. This is far more than a difference in profit and loss. It is the difference between profitable and successful pork production and a complete failure. With scarcer and higher priced feed, the early maturing, fast gaining type becomes a necessity. If you have the slow maturing, hard feeding hogs, get rid of them and get the right kind. Expert judges who know hogs can pick the right type, so don't fail to call on one when buying new stock. Don't waste your feed on the wrong kind of hogs in wartime. We must produce a maximum of human food with a minimum of hog feed.

seems one 42 inches thick and another 24. The average yield is 4,000 tons per acre.

Hook and Ladder Required By Code

By CHESTER WALSH
The National Association of Fire Insurance Underwriters' code requires the hook and ladder truck of a fire department to respond to all fire alarms in certain districts. When an alarm sounds the firemen do not know what they will have to combat when they arrive. The underwriters' code requires the hook and ladder to answer the call when it comes from a business section or in districts where there are tall buildings or colleges. The fire department would be considerably out of luck if the chief responded to a fire alarm and needed the 60-foot extension ladder to get a stream on the blaze or to save a life.

Some criticism has been made about the department taking the hook and ladder truck in responding to alarms. It may not be known, but the hook and ladder truck is a combination piece of fire fighting equipment. It carries a 60-foot movable extension ladder; a fire net in which persons may jump from a burning building; 1,000 feet of hose; a pumper with a capacity of 750 gallons of water a minute, a booster pump for emergencies and a number of 30-foot ground ladders.

Industry of the authorities revealed that the hook and ladder truck only responds to fires which the Fire Underwriters' code requires.

Delivers Message On Life's Storms

Dr. J. W. Kincheol preached a great sermon last night on the text, "God Is Our Refuge." He spoke of the storms of life as falling into two classes those which we cannot avoid, and those which we cannot avoid. He spoke of his storm of alcohol which has swept so many lives away. "But there are storms which we cannot escape. What shall we do to meet them? We must prepare for them in the days of calm, and we must take Jesus as our pilot." In this connection he mentioned the storms of sorrow and death. "God is our refuge in all the storms of life," he concluded.

In view of the condition of the weather, the service was exceptionally well attended.

This morning Dr. Kincheol spoke on the "Cup of Life." "Into life's cup we should put play, work and religion," he said. "These three classes were impressively developed. The service tonight begins at 8 o'clock and it appears that it will be attended by a large congregation. The public is cordially invited to attend this series of meetings.

Grant Increase In Price Of Eggs

Raleigh, N. C., March 18—(AP)—An upward revision in the price of eggs is expected in North Carolina within the next few days that will result in producers receiving an additional \$500,000 for their egg output this year.

C. W. Sheffield, marketing specialist of the State Agriculture Department, said department poultry specialists had compiled figures which convinced OPA administrator Prentiss Brown that his state would be transferred from area one to area two, where egg prices are higher.

Little Stories About Marines

By LUCY CHERRY CRISP
Here is another story to add to our gradually accumulating community volume of Stories of Service Men:

On a recent week-end a young Marine rather hesitantly approached a salesgirl in one of our local dime stores, saying, "Do you suppose you could lend me a needle? I've got a little sewing to do. See—I've lost the button off my collar, and a Marine can't go around looking like this."

And sure enough, the button was gone from his collar. Quite sympathetic, but perplexed, the girl began the usual little speech heard often nowadays—the one that begins: "I'm awfully sorry, but we haven't got a needle in stock, and we can't get any more."

But suddenly she remembered—there was one needle she recalled, carefully put away back under the counter. For emergencies just like this, perhaps. She had seen it a short time before. So she brought out the precious needle and gave it to the Marine-in-distress, who gratefully assured her that he would bring it right back.

She didn't really believe him, of course. But she was wrong. For soon there came that Marine again, his collar neatly buttoned, the situation well in hand. Handing her a large, fat paper bag, he expressed his thanks again for her much-needed help, then stood by with a gay twinkle in his eyes while she opened the bag. It was empty but for air, it first appeared. But down at the very bottom lay the needle.

The incident might have ended there, but the Marine seemed to be one of those fellows who think of

everything. Walking over to a nearby counter, he bought a new tie pin, put it on, then came back to the girl, asked for the needle again, and placed it carefully in the tie pin box.

"Be sure you take good care of this," he said, from the midst of a broad grin. "Might help another poor guy some day, just like it's helped me out today. Thanks again, and Bye, now."

Program Of Irish Music For Kiwanis

A St. Patrick's Day musical program will feature the weekly program meeting of the Kiwanis Club Friday evening at 6:30. Mrs. Ray Tyson and Guy V. Smith will have charge of the program. President Joe Tait will preside.

Constructively entertaining programs, widely diversified in nature, since the first of the year has resulted in greatly improved attendance at the weekly meetings, more activity on the part of committee chairmen, and the reception of a number of new members in the Kiwanis Club. The Pig Club among rural high school boys, sponsored by the Kiwanians, is doing good work and some boys are going to make good money and have some valuable experience, their parents say. The Kiwanians subscribed a substantial sum of money to buy pigs for the boys. When they sell the hogs they breed they pay back the money to the club and keep the profits. Sam Whitehurst is chairman of this committee.

Don H. Conley, superintendent of county schools, is program chairman for the year.

Losses License
Greensboro, March 18—(AP)—Dr. John W. Gainey, Fayetteville physician arrested last September on

charges of narcotics violation, pleaded guilty before federal Judge Isaac M. Meekins at Fayetteville Tuesday, Federal Narcotic agent W. T. Atkinson said here yesterday.

Dr. Gainey was fined \$1,000 put on 18-month probation and lost his narcotic license for 18 months, Atkinson said.

What You Buy With WAR BONDS

"Build for Tomorrow with your purchase of War Bonds today." Farmers are taking extra good care of their farm implements. They will buy them today. But with War Bond savings they'll be able to buy new farm equipment when the peace comes.

Farmers are helping in the war effort by the production of food. But increased income should go into War Bonds and Savings, not scarce, high-priced consumer goods. Buy more War Bonds with your increased profits today. You've Done Your Bit, Now Do Your Best." U. S. Treasury Department

When Spirits Lag Red Cross Is There

Somewhere in Australia—Deep in the 'bush' the going gets tough sometimes for the men of Uncle Sam's fighting forces here. There are long hours of work under pressure and danger. When cigarettes, tobacco and other supplies run out, spirits lag.

It is at these times that the American Red Cross is quick to lend a hand, according to Lieut. A. M. Owen, Army medical officer. Lieutenant Owen and his men were nearing the completion of an important assignment one day.

"I heard some of the men talking," he said. "One fellow's morale was about to crack, and he said it when no one seemed to give a darn about us. And then one of our returned patients who had to be cheered by Red Cross women while convalescing in a base hospital, had an idea. 'Call the American Red Cross,'" he said.

"In a few minutes Mrs. Budlong, Red Cross worker at the base hospital, was found. She assured us that one of our patients who was being discharged from the hospital that morning would be loaded with cigarettes. Believe me, we met that train! A few days later our ration of cigarettes and smoking tobacco arrived from the quartermaster. The boys ascribe this phenomenon to the American Red Cross. I'm not so sure that they are wrong!"

Cancels Citizenship.
New York, March 18 (AP)—Federal Judge John Bright today cancelled the citizenship of Fritz Kuhn, former national leader of the German-American Bund, and ten other former members.

Nine other former Bundists, of

30 recently tried proceedings, were later taken 'their American citizenship' under Judge Bright's decision in which he denounced the German-American Bund as an un-American organization.

When EXHAUSTION leads to Headache

Don't let headache double the misery of exhaustion. At the first sign of pain take Capudine. It quickly brings relief, soothes nerves upset by the pain. It is liquid—already dissolved—all ready to act—all ready to bring comfort. Use only as directed. 10c, 20c, 50c.

CAPUDINE

If You Suffer 'PERIODIC' FEMALE PAIN

Which Makes You Weak, Cranky, Nervous—

At such times you, like so many women and girls suffer from cramps, headaches, backache, distress of "irregularities," periods of the blues—due to functional monthly disturbances—Vegetable Compound. This famous liquid not only helps relieve monthly pain but also accompanying tired, weak, nervous feelings of this nature. This is because of its soothing effect on ONE OF WOMAN'S MOST IMPORTANT ORGANS.

Taken regularly—Lydia Pinkham's Compound helps build up resistance against such symptoms. Thousands upon thousands report benefit. Also a fine stomachic tonic. Follow label directions. Worth trying!

Sewell Looks For Team Which Isn't There

By OSCAR KAHAN

Cape Girardeau, Mo., March 18—(AP)—Luke Sewell of the St. Louis Browns is a manager virtually without a team.

Although the Browns' reserve list of 36 players was the largest in the American league, only 19 have reported for spring training so far. And, as Sewell said, "You can't get a team in shape when your players are scattered all over the country."

Contract trouble isn't the chief reason for absenteeism. Third baseman Harland Clift, for example, is still at Selah, Wash., trying to find some one to care for 175 head of cattle on his ranch. Pitcher Paul Dean is helping finish some chores at Holdenville, Ark.

Young Bill Seinoth, promising rookie left hander who won 24 and lost ten games with New Orleans last season, wrote he believed he could get into condition by himself on the west coast. Sewell's reply stated on the telegraph wires.

Seven of the Browns' players still are unsigned, among them Clift, because he doesn't know whether he'll be able to play baseball this year, first baseman George McQuinn, pitchers Stan Fevens and Archie McKain, catcher Frank Hayes, and infielders Floyd Baker and Don Heffner.

Other absentees, several of them awaiting draft summons, are pitchers George Caster and Woody Rich, catcher Dick Ferrell, second baseman Don Gutteridge, rookie shortstop Bob Dillinger, utility infielder Alan Strange, shortstop Vernon Stephens and first baseman Chuck Stevens.

As a result, Sewell has only one infielder in camp, Mark Christman; two recruit catchers, Joe Schultz and Ardy's Keller, nine pitchers and all six outfielders.

The infield shortage is enough to wreck his training plans. On paper, several weeks ago, the Browns appeared to be pennant contenders. Barely hit by the draft, they had practically the same team that vaulted into third place last season. But then, in rapid succession, came the induction of outfielder Walt Judnich and reclassification in 1-A of shortstop Stephens.

Sewell apparently will have to depend on improvement of his staff to overcome the loss of his two leading hitters. His additions include three veterans, Dean, one time Cardinal star making his third comeback attempt; Nelson Potter, formerly with Philadelphia Athletics and Rich, once with Boston Red Sox.

If the expected dominance of pitchers occurs in baseball this season, the experience of this trio may be enough to compensate for the Browns' blunted power.

The ancestor of the modern typewriter was patented by C. L. Sholes in 1869.

The element fluorine, in proper quantities, has been found essential to healthy teeth.

Ironing Out The Kinks

Dr. Gustav F. Nemitz (left), Detroit Tiger trainer, goes to work on the pitching arm of Virgil (Fire) Trucks to iron out the winter's kinks as spring training got underway at Evansville, Ind., for the Tigers. Last season, Trucks won 14 and lost 8 games. He broke in with Andalusia in the Ala.-Fla. league in 1938 and won 25 games and lost 6, striking out 418 batters. The next year he played with Alexandria, winning 13 and losing 5 in the Evangeline league after an earlier start in the Texas league.

Hurt By Rommel Land Mine

A British soldier-driver lies wounded, while a comrade aids him, near the wreckage of his supply truck after it ran over and set off a land mine left by Axis troops in North Africa. He was helping to supply the advancing forces of British General Sir Bernard L. Montgomery's Eighth Army in Libya earlier this winter.

Sports Roundup

By HUGH FULLERTON, JR.

New York, March 18—(AP)—The National Collegiate A. A. won't be holding its usual golf and tennis championships this spring, although the track meet probably will go on as usual. The reason, of course, is that by the time these events usually are run off, most colleges will have had their commencements and there won't be many top-flight competitors hanging around. It seems to be in the academic speed-up, rather than service calls, that are wrecking the college spring programs and by next fall prof. Philip O. Badger, the N. C. A. A. president figures sports "will be stabilized on a new basis." ... Anyway, stabilized or not, it will be new.

Muscle Jerks
When the Yankees used the Asbury Park, N. J., high school for calisthenics Tuesday, some of the students watched from the bleachers. ... The muscular maneuvers of the athletes were so funny that some of the kids laughed right out loud and had to be reprimanded for embarrassing the mighty major leaguers. ... Maybe Col. Biff Jones, the army athletic director, was seeking to provide similar entertainment when he suggested that the dodgers start work in the West Point field house a little earlier so the cadets could see some real expensive ivory on the hoof.

Today's Guest Star
Al Wolf, Los Angeles Times: "One very articulate Hollywood boxing fan, who used to scream 'downstairs' when he wanted a pug to shoot for his opponent's midriff, is yelling 'below deck' these days. He's in the navy now."

One-Minute Sports Page
Leon Hertz, daughter of the noted Chicago race boss owner, is working in the publicity business in New York. ... The New York University track team, first to win both the

Intercollegiate 4-A and the A. A. U. indoor championships, is slated to visit Red Cross headquarters to make a mass blood donation Saturday. ... Jockey Eddie De Camillis, out of action because of injuries, has bought a hotel at Havre De Grace, Md. — where he won't be bothered by racing fans for some time.

Spring Training

With five Major league clubs and three American Association teams training in Indiana this spring, sports editor Tom Stephenson of the Elkhart (Ind.) daily truth suggests that the "grapefruit league" should be re-named the "limestone circuit."

Training Camp Briefs

(By The Associated Press)

Hershey, Pa., March 18—Johnny Allen, the pitcher the Phils got from Brooklyn in the deal for Rube Melton, is a holdout.
"I haven't heard from him since he returned his contract marked unsatisfactory," Manager Bucky Harris said. "Under the circumstances I guess he could be classed as a holdout."

Muncie, Ind. — The Pittsburgh Pirates arrived in camp today and were to be hustled into their first workout later in the day. Pitcher Max Butcher conferred with President Bill Benswanger just before the squad left Pittsburgh yesterday.

but Benswanger said the two failed to agree on terms.

Cairo, Ill. — Finding his St. Louis Cardinals lagging toward the end of yesterday's one long workout, Manager Billy Southworth ordered two shorter sessions effective today, broken by a field mouse luncheon. "It is my belief the players will go more at top speed all the way if they have two short practices instead of one long one," the pilot explained.

Lafayette, Ind. — The Cleveland Indians held a brisk workout in the Purdue University field house yesterday. Russ Peters was at first base. Ray Mack at second. Ken Keltner at third and Lou Boudreau at short. Otto Denning, heir apparent to the first base job left vacant by Les Fleming, missed practice because of a severe cold. There

were only three other absentees—Peff Heath, a holdout; Roy Cullenbine, whose wife is ill, and Chubby Dean, whose tardiness is unexplained.

Evansville, Ind. — Add signs of the times: Two women are covering the training camp of the Detroit Tigers. They are Miss Hattie Lemmert, a writer, and Miss Julia Neville, a photographer, both representing an Evansville paper. They arrived yesterday in time to see rookie Joe Hoover belt the camp's first homer.

Thank You GENTLEMEN

FOR HELPING US KEEP OUR BUSINESS CLEAN

Beer is a beverage of moderation and should only be sold in decent, orderly places. And the majority of those who sell beer maintain these standards. They do not sell to minors. They do not sell those who have over-indulged. They keep reasonable hours and do not permit questionable persons to loiter. They uphold their responsibilities to the community. Why should a small handful of selfish fellows use beer as a cloak for running a public nuisance? They hurt the honest man's reputation—they often gyp their customers—they harm an honest industry.

We, representing the beer industry in this state, do not tolerate these things. Our investigators ferret out the wrongdoers, report them to law enforcement officers. This is beer's "self-regulation". Self-regulation is working in this state. Careful supervision of beer outlets by the brewers themselves—summary action where needed—keeps conditions on a high plane of wholesome decency. The great majority of those who sell beer to the public appreciate our work. You can help by reporting any law-violation you know of. Tell the authorities, or us. Your name will not be used.

BEER IS A BEVERAGE OF MODERATION

SEVEN AREAS ADDED TO LIST

Two North Carolina Towns Now Under WMC Control

By CHARLES MOLONY Washington, March 18 - (AP) - The War Manpower Commission today added seven areas to its list of places with acute labor shortages: Gary-Hammond-South Chicago, Ind. and Ill.; Evansville, Ind.; Portland, Me.; Wilmington and Burlington, N. C.; Savannah, Ga.; and Tampa, Fla.

This virtually cuts them off from the award or renewal of war production contracts unless alternative facilities are not available elsewhere, assures them of being placed under WMC hiring controls and job-switching curbs, and raises the strong probability they will be put on the 48-hour work week.

The WMC's classification of areas according to labor supply conditions left the score sheet as follows: Thirty-six in group one, covering "areas of current acute labor shortage" due to contract bans, hiring and job-transfer controls and the 48-hour work week. One hundred three areas in group two, "areas of labor stringency and those anticipating a labor shortage within six months," highly eligible for the 48-hour week and hiring and job-switching curbs, barred from new contracts where facilities are available elsewhere, but eligible for renewal of contracts where no additional workers would be required.

French Villagers Arrested By Guards At the French Frontier, March 18 - (AP) - Striking at a supply source of fugitive Frenchmen holding out in the French Alps against a German labor draft, French police and German elite guards have arrested 13 numbers of French villagers who furnished food to the fugitives. The Vichy regime has appealed for every precaution to avoid bloodshed and the arrest of the villagers indicated that a direct attack on the insurgents, many of whom have guns and ammunition, was being delayed.

Would Sell More Wheat Washington, March 18 - (AP) - Quick senate passage was forecast today for a house-approved bill to permit the sale of an additional 100,000 bushels of government-held wheat to meet a crucial shortage of feed for livestock, poultry and dairy producers in deficit feed areas.

Cotton Spinnings Washington, March 18 - (AP) - The Census Bureau reported today that the cotton spinning industry operated at 135.9 per cent capacity during February on an 80-hour week basis, compared with 138.8 per cent for January this year, and 136.3 per cent for February last year.

Operators Return Baltimore, March 18 - (AP) - Man crane operators in the fabricating shop of the big Bethlehem-Fairfield shipyard were back at work once more today, after two strikes in two days. The company, following a day-long conference with union officials agreed to return operators, display by women workers, to their jobs.

Approve Service Bill. Washington, March 18 (AP) - Women physicians and surgeons would be permitted to serve with the armed forces in wartime on the same basis as male doctors under a measure approved today by a House military sub-committee. The bill, by Representative Sparkman (D-Ala.), now goes to the full military committee.

Continue Strike New York, March 18 - (AP) - Members of local 1728 of the casket makers union (AFL) voted today to continue a strike involving 700 of its membership. Spokesmen for casket manufacturing concerns estimated there was only a two-day supply of caskets in the metropolitan area.

LLAMAS - These heads in cast stone by Marina Nunez de Prado, Bolivian sculptress, are exhibits at the Latin-American show of the Society of the Four Arts at Palm Beach, Fla., which also includes works in water color and oil.

LEADER - Maj. Peter D. Clineas (above) is commander of U. S. Army's first all-Greek unit now in training.

Says Casualties 'Will Appall Us'

Bayway, N. J., March 18 - (AP) - Brig. Gen. Alden H. Waitt of the Chemical Warfare Service of the U. S. army today cautioned against "smug or self-satisfied" thinking about the war and added that by spring the casualty lists "will appall us."

Return To Work. Cleveland, March 18 (AP) - CIO United Automobile Workers Union members ended a one-day walkout at the Park Drop Forge Co by returning to their jobs today by the members of the AFL Blacksmiths and Drop Forgers Union continued their strike. Officials said the strike was caused by a jurisdictional dispute. The police officials estimated about 200 CIO men went back to work.

Report Heavy ...

The journey to victory is just begun, Knox said. "We have reached the point where the conduct of this struggle will be from now on, of our own choosing. The initiative is ours."

While Japan thus displayed signs of worry over the trend of the war, Allied warplanes continued to blast at the westward movement of Japanese troops.

sharp fighting on the western bank of the northern Donets the Russians had recaptured two unidentified towns which the Germans then vainly attempted to win back with a mass tank attack.

Allied troops found the camp while mopping up in the area of the Mambare river mouth. A communiqué said the base afforded an "elaborate and recently constructed defense system, including prepared positions, pillboxes and hospital and other installations for a large force" - the force that was sent to the bottom of the Bismark sea in the destruction of a 22-ship Japanese convoy en route to New Guinea.

New Delhi, March 18 - (AP) - The British announced today that "further adjustment of our positions" had been necessary on the western Burma front to prevent isolation of units north of Ratchedgaung. This adjustment, a communiqué said, was forced by enemy pressure on the Arakan front east of the Mayu river.

Under the protecting cover of American Mitchells, Spitfires and Airacobras, American troops entered Gafsa at 12:30 p. m. yesterday. Immediately after occupying the city, General Patton's troops pushed southeastward some six miles to the Diebel Rhariz and the village of Lalla and continued on toward El Guetar. Airmen wrought heavy damage on the retreating German columns.

Field demolitions and elaborate mine fields slowed the pursuers. Road dispatches disclosed that the first U. S. Infantry Division was in action on this front. Simultaneously came official word that the First Armored Division and the 4th Infantry Division were also operating in the area, although they did not take part in the capture of Gafsa.

United States Mitchell bombers which took off at dawn laid down a barrage of explosives on Axis troops as Patton's armored and infantry detachment forged south from the previously recaptured Ferrisana sector. They started large fires and, almost with the initial attack, the Germans and Italians started to withdraw, leaving the area closely packed with mines and booby traps. The aerial bombardment was pulverizing.

On the northwestern front Marshal Timoshenko's men continued their offensive directed at Staraya Russa, Soviet advisers said. (The Berlin radio, in a broadcast heard in London by Reuters, said that Russian tanks, infantry and airborne troops had launched an encircling attack on Staraya Russa and had "made one small breach in the German line.")

A dispatch to Red Star, the Red Army newspaper, declared that in sharp fighting on the western bank of the northern Donets the Russians had recaptured two unidentified towns which the Germans then vainly attempted to win back with a mass tank attack.

Appeals For ... (Continued From Page One) woman the equal obligation to render service in the war effort, will this country make the all-out war effort which is necessary and of which we are capable."
