

Patton's Forces Continue Offensive Effort To Join Gen. Montgomery's Army

Break Up Strong Enemy Counterattacks In El Guetar Sector; Report Capture Of Prisoners; First Army Stages Artillery Duel With Axis

Allied Headquarters in North Africa, April 5 (AP)—American troops of Lieut. Gen. George S. Patton, Jr., broke up a strong enemy counterattack in the El Guetar sector of central Tunisia yesterday and continued their attack against heavy opposition, an Allied headquarters communique said today.

Some prisoners were taken by the Americans as they pounded at the reinforced German and Italian forces seeking to bar their way to junction with the British Eighth army north of Gabes.

In the north where the British First army is driving toward Matrouh 18 miles south of the great naval base at Bizerte, there was artillery activity on both sides and Allied patrols probed the German defenses, the communique said.

Concentrations of enemy transports and infantry were severely pounded by Allied artillery, it was announced.

Both bombers and fighters supported the ground troops during the day, carrying out "extensive air operations." They attacked concentrations of Axis vehicles and enemy airfields behind Marshal Erwin Rommel's front.

The fighters maintained their shuttle service in offensive sweeps and patrols over the battle areas, where the American fought toward the sea and the British Eighth army advanced toward the coast for another shattering blow at Rommel's army north of Gabes.

Gen. Sir Bernard L. Montgomery, who has never lost a battle to Rommel in eight months in Africa, has been preparing the new blow to drive his foe back to Sfax with all the cunning and foresight which marked his previous drives.

Lieut. Gen. George S. Patton's American troops, meanwhile, have made new progress east of El Guetar, capturing 30 of the mortars which have impeded their advance and killing or capturing many Germans. Allied headquarters announced yesterday.

For a week some of the best Axis mountain troops, liberally supported by German tanks and war planes, had held the Americans to limited local successes among the sharp, rocky hills and the sandy canyons with their thousands of hidden mines.

Patton's advanced infantry, however, still was some 40 miles from Montgomery's divisions, concentrating on the coast in front of Rommel's newest defense position at the Wadi El Akarit, about 20 miles north of Gabes. This coastal region of undulating desert ridges and plains is the kind of fighting ground the Eighth army knows best.

Draft Board Issues Work or Fight Order

Washington, April 5—(AP)—In an order recalling the first-time "coverage" group of potential fighting men, the government has told the nation's 38-45 year olds to get into war production or face the prospect of being drafted after May 1.

Gives Ceiling On Beef, Veal, Lamb And Mutton

By IRVING PERLMETER Washington, April 5—(AP)—OPA today put specific cents-per-pound ceiling prices on retail sales of beef, veal, lamb and mutton effective April 15, and said housewives would find them "in most cases less than the prices which consumers have been paying recently."

Big Allied Gains Reported

The Algiers radio reported that American forces driving from Gafsa in South Tunisia had joined the British Eighth army chasing Rommel north from Gabes. Violent fighting was reported near Fondouk in the central region. To the north, the British First army left Sedjenane "far behind" and airmen pounded the Axis retreat corridor along the coast and an air field near Sfax. Rommel flew in fresh troops to strengthen his forces.

TO STABILIZE CURRENCIES Morgenthau Submits Plan To Facilitate World Trade

Washington, April 5 (AP)—Secretary of the Treasury Morgenthau disclosed to an extraordinary session of three senate committees today that the administration's plans for post-war currency stabilization included a partial return to the gold standard for most of the nations of the world.

This would be accomplished, he said in a statement read to a closed session of the foreign relations, banking and post-war economic committees, by an agreement among the participating nations fixing the value of currencies in terms of gold.

The treasury proposal as outlined by the secretary involves the creation of an international stabilization fund and an agreement among the participating nations not to engage in competitive depreciation of their currencies.

The purpose of the fund would be to promote the maintenance of currency stability.

This stability would be in large measure secured, the secretary said, by fixing the value of currency in terms of gold, and by providing that changes could not be made without consultation with other members, an arrangement similar to that of the tri-partite agreement negotiated between France, Great Britain and the United States in 1936.

Control of the stabilization fund would be in the hands of an international body.

Lower Retail Prices

Washington, April 5—(AP)—Reductions in point values of meats and rationed fats must be accompanied by lower retail prices, the OPA ruled today.

NAZIS BATTER AT DEFENSES OF RUSSIANS

Soviets Claim, However All Attacks Were Beaten Off

By EDDY GILMORE

Moscow, April 5—(AP)—Supported by tanks and large air forces, the Germans battered at Soviet defenses northeast and southeast of Kharkov despite a lull on most other fronts, but the Russians announced today they had beaten back these attacks and added 400 more dead Germans to the toll of 1,000 which the midnight communique reported slain in the region south of Izyum.

Apparently clinging to bridgeheads on the southern bank of the northern Donets in this sector where the river flows in an easterly direction, Red army units have knocked out approximately one third of the attacking enemy ground forces in every recent assault, recent front dispatches said.

The Germans are trying to capture the bridgeheads at any cost, but the Soviet command attaches equal importance to them and is determined not to surrender them. The Russians used similar bridgeheads in the district of Serafimovich on the western bank of the Don river as a springboard in their spectacular winter offensive.

The mid-day communique said Soviet artillerymen repulsed enemy tank attacks against the Izyum bridgeheads overnight, knocking out six German tanks and killing about 300 Germans. Izyum is about 70 miles southeast of Kharkov.

Plan Investigation Into Army 'Hoarding'

Washington, April 5—(AP)—An inquiry into what chairman Truman (D-Mo.) described as "army hoarding" of foodstuffs and supplies that otherwise would have been available to civilians was projected today by the Senate War Investigating committee.

The group called officials of the army quartermaster corps for testimony behind closed doors as other Senate committees arranged to hear witnesses on a half dozen controversial questions ranging from post war monetary problems to a proposal to require Senate confirmation of all federal employees paid more than \$4,500 yearly.

Truman told reporters his committee had received information indicating that the army had hoarded heavily in canned goods, and various other commodities, pinching the commercial markets.

The WAR TODAY

AN ANALYSIS OF THE NEWS

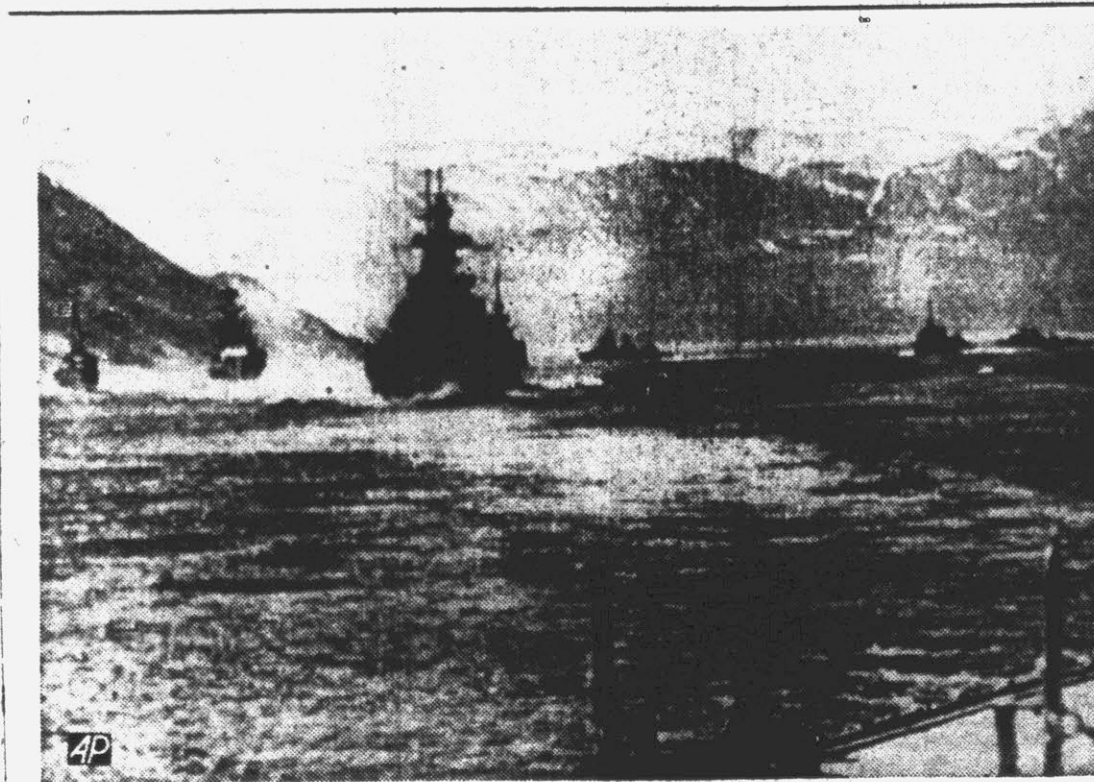

By DEWITT MACKENZIE Vicount Halifax, British ambassador to Washington, who speaks what he thinks very freely, made the interesting prediction during the week-end that "when the German war machine begins to crack a great part of it may go at once, and the end may come more suddenly than some of us thought six months ago."

It should be emphasized that Lord Halifax wouldn't venture a guess as to the probable length of the war, and isn't commenting on his prediction for the purpose of suggesting that the end is at hand. On the contrary, we have a bitter struggle ahead of us. The ambassador explained thus:

"We know that Germany is under great stress in her man power. She has suffered huge losses in Russia, and she is finding it increasingly difficult to keep the conquered countries in subjection."

R. L. SMITH DIES AT HOME Prominent Greenville Man Succumbs To Heart Attack

Robert Lee Smith, 76, prominent farmer and Greenville livestock dealer died suddenly of a heart attack shortly after midnight Sunday morning at the home of his son-in-law Lewis G. Cooper.

Funeral services were held at the home, 706 Evans street, this afternoon at 3:30. Dr. H. G. Haney, pastor of Eighth Street Christian church, officiated. Burial was in Cherry Hill cemetery.

Mr. Smith was a native of Pitt county, the son of the late W. H. and Nancy Joyner Smith of the Farmville community. He came to Greenville in 1891 and engaged in extensive farming and the livestock business. He was a deacon of Eighth Street Christian church.

Mr. Smith married Miss Neta Jane Turnage in 1885. She died in 1920. Of this marriage there were three children: W. H. Smith of Greenville and two daughters, Mrs. Veressa S. Townsend of Farmville and the late Mrs. Mary Smith Cooper of Greenville. Twelve grandchildren and a great-grandchild also.

Rob Service Station Robbers broke a glass to enter Roy Moore's service station on Dickinson Avenue during the week-end. They took away a number of gas ration coupons and about \$30 in money. Police are investigating.

LEADERS SENT TO NAZI PRISON

Daladier, Blum And Gamelin Claimed As Hostages

London, April 5—(AP)—Three leaders of the former Republic of France—Edouard Daladier, Leon Blum and Gen. Maurice Gustave Gamelin—have been claimed by the German government as hostages and removed to a German prison to prevent the "establishment of a counter-government" under Allied auspices, the Berlin radio announced last night.

Both Daladier and Blum were former premiers of France and Daladier headed the French government at the outbreak of war in 1939. Gen. Gamelin was commander-in-chief of British and French armies during the short, tragic campaign in western Europe in 1940.

The German announcement of their transfer to Germany, as reported by the Associated Press, said the German government had concluded that "the British and American governments intend to lay hold of some French personalities who until now were in France in order to use them for the establishment of a counter-government."

Firemen To Meet Here April 13th

The Eastern Carolina Firemen's Convention will meet in Greenville Tuesday night, April 13, at 6:30. Visiting firemen from a score of counties will be guests of the city. The meeting will open with a supper at the curb market. Fire Chief George Gardner, president of the association, will preside. Mayor Bruce Sugg will welcome the visitors. State Fire Marshal Sherwood Brockwell of Raleigh and others will have part on the program.

The Minges Fire Tower will be dedicated with appropriate exercises. The tower, a five-story structure, was built through the generosity of M. O. Minges, well known Greenville businessman who donated \$5,000. The city owned the lot near the curb market. Some of the labor and materials was contributed by the WPA. The tower was built for firemen of the district to have practice in fighting blazes in tall buildings.

Axis Bases From Kiel To Naples Reduced To Virtual Wreckage In Greatest Week-end Raids Of War; Americans Continuing Offensive Today

By CARL C. CRANMER Associated Press War Editor Massive fleets of Allied aircraft, including hundreds of American Flying Fortresses, blasted at Axis industrial, U-boat and shipping strongholds from Kiel in the North to Naples in the South yesterday and today, causing heavy damage and by Axis account a big loss of life.

A great force of United States Flying Fortresses headed across the Strait of Dover this afternoon, indicating another big daylight attack on the continent.

London, April 5 (AP)—A large force of U. S. Flying Fortresses attacked industrial targets near Antwerp, Belgium, with good results in daylight today, following yesterday's American attack on the Renault works near Paris and a heavy night attack on Kiel, Germany, it was announced tonight.

A DNB dispatch broadcast by the Berlin radio said the raiding squadrons scored direct hits "on blocks of houses which caused fires and destruction and severe losses among the civil population" of Antwerp, a fortified city which is Belgium's commercial center.

reared out over the sunny water for the continuous day and night pounding of the German war machine in the air offensive.

Five formations of Fortresses were counted crossing the southeast coast today, flying between 15,000 and 20,000 feet.

Residents of Poikestown stopped in the streets to watch the planes which formed one of the most powerful Allied attacking forces they had witnessed crossing over their town.

Smashing at Naples, key mainland supply port for Tunisia, nearly 100 of Major Gen. James H. Doolittle's four-motored giants carried out the greatest raid of the war on that city from French North African bases Sunday.

While these were spreading a cloud across Axis hopes in the Mediterranean, another huge force of 133 American Fortresses thundered over the Renault tank and motor factory at the outskirts of Paris in the greatest American raid of the war from Britain.

These blows were followed last night by Britain's big bombers which dropped more than 1,000 tons of bombs on Kiel, German naval base and U-boat building center, Essen, second most blitzed city of the Reich, had its heaviest raid in recent weeks on Saturday night.

Vesper Service. For the vesper hour service at the college last night, Father Maurice, pastor of St. Gabriel's Church, of Greenville, spoke on the vital need for religion along with formal education.

Presiding for the YMCA, the student welfare chairman of the organization, W. B. Harris, president of Miss Pearl Langston of Four Oaks, a student, to introduce Father Maurice. For the special music Jean Abeyounis sang "I Heard A Forest Praying."

The purpose of education, said the speaker, is not to make walking encyclopedias, but to fit people to live in their own state in life. A man may have any number of degrees, and still not be fit to meet his obligations to his fellowman and God.

Present day formal education trains mind but not heart and will be declared; so to be truly fitted for life one must add religion to his training.

Christian Science Service. "Unreality" was the subject of the Lesson-Sermon in all Christian Science Churches and Societies on Sunday, April 4.

The Golden Text was from Jeremiah 23:28. "What is the chaff to the wheat? saith the Lord."

Among the citations which comprised the Lesson-Sermon were the following from the Bible: "Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter! Therefore as the fire devoureth the stubble, and the flame consumeth the chaff, so their root shall be as rottenness, and their blossom shall go up as dust, because they have cast away the law of the Lord of hosts, and despised the word of the Holy One of Israel" (Isaiah 5:20, 24).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Everything good or worthy, God made. Whatever is valueless, or baneful, He did not make—hence its unreality. In the Science of Genesis we read that He saw everything which He had made, and behold, it was very good." Has evil the reality of good? Evil is unreal because it is a lie—false in every statement. Pages 525, 527).

Club Makes War Stamp Corsages

The Junior Woman's Club is making War Stamp corsages for Easter. This work is being carried on through out the nation without profit. Irene and Lilly Daehle are the famous work's designers who have designed the corsages made by the Junior Woman's Club of Greenville.

The War Stamp corsages may be worn in many various ways, such as: a corsage in the hair, in place of costume jewelry; worn by high school and college girls for their proms; and in any way the individual may choose to wear one.

You will find these War Stamp corsages on display in the window of Best Jewelry Store, and they will be on sale beginning next Saturday, April 9, and each week-end until Easter, at the War Bond booth and on the street, with members of the Junior Woman's Club and the Juniors selling them.

There will be on sale three sizes priced at 50¢, \$1.00, and \$2.50 each. For those who prefer fresh flowers, please ask your florist to add any number of War Stamps to your corsage. The florists have the stamps, and will be glad to make you the combination corsage. Be patriotic this Easter and buy War Stamp corsages, and prove to our fighting men that we are backing them 100 per cent.

Stenographers URGENTLY NEEDED

BUSINESS OFFICES—War industries and essential civilian businesses right here at home urgently need stenographers. Calls for a number of available graduates. Civil Service jobs pay \$120 per month to start. THE ARMY needs business-trained men at company headquarters. Quartermaster Corps, Finance Department, etc. usually rewards them with higher pay and more rapid promotion—gives them experience valuable in future civilian life.

THE WAVES offer splendid opportunities to young women who are trained as stenographers, stockholders, or radio operators—all jobs requiring typewriting ability. Pay, including allowances for food and clothing, amounts to about \$150 per month to start.

WOMEN in the Navy (male stenographers earn \$75 per month base pay, plus food, clothing, etc.) can be trained in a few weeks at the Naval Training Center, Great Lakes, Mich. The Marine Corps offers similar training. Men who can type become Corporals; those who can take shorthand automatically become Sergeants.

THE WAVES include in their training bookkeeping, secretaries, stenographers, and typists; provide training for women with splendid opportunities to contribute worthwhile specialized training toward winning the war.

Cannon Crossroads Meet. The March meeting of the Cannon Crossroads Home Demonstration Club was held at the home of Mrs. Alton Sugg, Thursday afternoon.

Mrs. Wilbur Worthington, president presided over a short business session. She gave the club the serious thought—that if we would do our part to conquer the evil of the world, we as individuals must attain the attitude of goodness—where evil cannot live.

Mrs. Worthington announced with pride, that the club had won the gavel for the second time for having the largest percentage of attendance at the Federation held in Greenville, March 24.

Miss Joyner used as her subject for the afternoon, "A Quick and Sure Method of Making a Dress." She told the women the matter of making and conserving clothing is becoming more and more vital. Today the women who sew are serving their country by releasing labor for war work, she said.

Miss Joyner was assisted in the demonstration by the clothing leader, Mrs. David Smith. Mrs. Margaret S. Williams, Home Management Supervisor of Farm Security Association, was the guest of the club at the meeting.

Gen. Nikolai Vatutin's forces were reported to have a secure hold on the bridgeheads south of Izium, with large quantities of supplies and mobile equipment which were saved during the German drive in the Donets basin.

Thus the possibility that Soviet operations might be hampered due to the severing of communications by the overflowing of rivers this spring was greatly diminished. There were no dispatches concerning current military operations in Moscow papers today, but several front lines of farmers near the front lines preparing for the spring season to the accompaniment of heavy artillery booming in the distance.

Women Sell Bonds Blount-Harvey's

The Victory Bond Division of the Women's Club is continuing the sale of War Bonds and Stamps. This week the women have a booth in the lobby at Blount-Harvey's.

Mrs. John Warner, committee chairman, stated, Mrs. W. H. W. Anderson and Mrs. Willis Glass were in charge today and making good sales. The Women's Club is cooperating with the Women's Division of the Victory Bond Committee of Pitt County under the direction of Mrs. J. S. Ficklen, chairman.

Incidentally, Mrs. Anderson's husband, "Billy" Anderson, formerly sports editor of the Raleigh News and Observer and known to thousands of readers, is now attached to the U. S. Navy Air Corps.

Juvenile Problem Remains Unsolved

By CHESTER WALSH

"The juvenile problem is a serious one in Greenville," Police George Clark said today when Recorder's Court adjourned after disposing of docket of 16 cases.

The court and the chief had three more youngsters on their hands, charged with running away from home and committing numerous law violations. This time they had Cecil Kenyon, Lerman Dunn and Joe Baker, all white on their hands and could do nothing about it. The youngsters are suspected of several things. They slept in a local theater after breaking in through the rear.

They hitchhiked to Washington, where they were found after parents or guardians reported their disappearance. While in Washington the Dunn boy fell in Pamlico River and was nearly drowned.

Judge J. W. H. Roberts, Solicitor General Bloom and Chief Clark were in a "huddle" at the City Hall, lamenting the fact that they are powerless to control juveniles and admitted that the Welfare Department and the Juvenile Court, of which Superior Court Clerk J. Frank Harrington is judge, have been unable to control the juvenile delinquents. They were worried, apparently.

"As long as we give the erring juveniles a piece of candy, a bath and a sweet talk and then forget them and permit them to go their wayward journey we will never get anywhere," a man who has had considerable contact with juvenile and welfare agencies in the larger cities, told the group. "Wherever we've been and observed the problem we find too much mock sympathy for wayward boys and girls. When they are taken up for prostitution, burglary and assault or any of the category of crimes there is always a contingent of school teachers, welfare officers and others who pass out sympathy and do nothing about improving the juveniles' environment, their manners or ambition in life," the observer added.

There is a weekly procession of juvenile delinquents before the court every week. The public has not heard of any of the youngsters being rescued and given a chance in life.

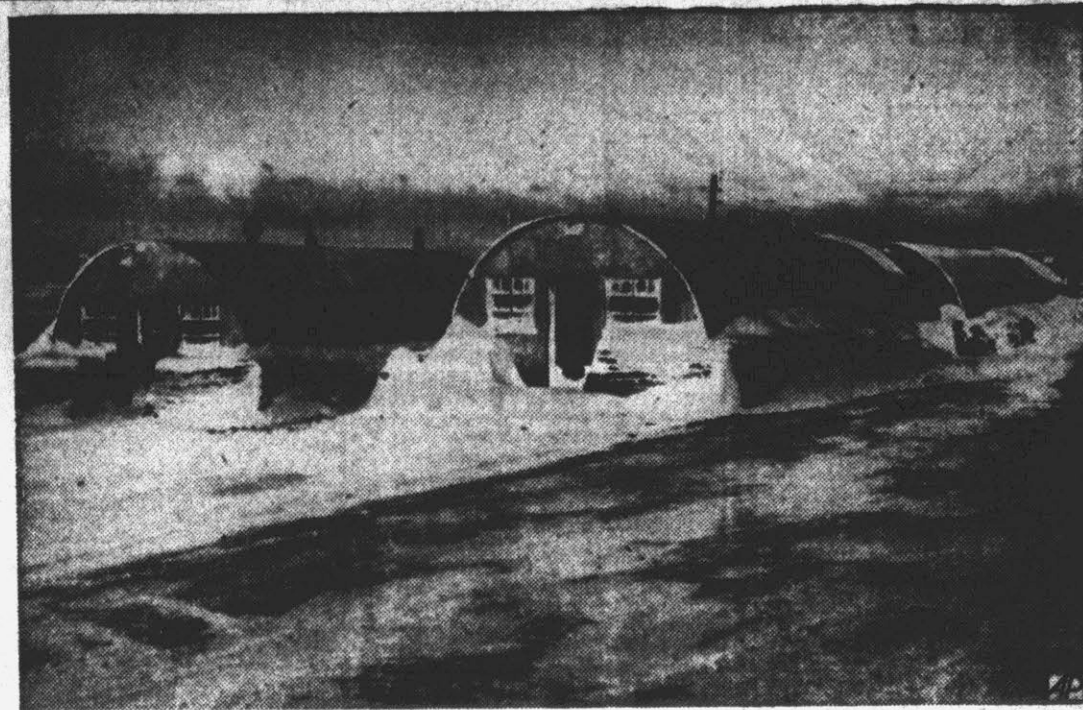

Second War . . .

(Continued From Page One)

They pledged the treasury editorial and advertising support, the latter to come from donated space and commercially-sponsored copy rather than from government-paid advertisements.

The government's ideal would be to raise the 13 billion in three weeks—although only 14 billion has been raised in War Bonds in the last two years—but the campaign will go on unnecessarily.

One thing is certain: for the three weeks starting next Monday the bond drive will be the most in-

ICELANDIC QUARTERS—Last rays of a setting sun light up these neatly-arranged Nansen huts—living quarters for U. S. soldiers—somewhere in Iceland.

tensive of its kind ever attempted.

Treasury aides said 5 billion of the 13 billion in bonds would be taken by commercial banks, the remainder to be bought by insurance companies, other institution and the man in the street.

It is likely that the share of the man in the street will be two or three billion.

Bond sales now are running about one billion a month, so the drive will call for stepped-up purchases by the factory hand, the shipping clerk, the bus driver, the corner grocer, the salesgirl, the policeman on the beat.

Offered for sale will be the War Bonds familiar to everyone—series E, F and G—and tax savings notes, treasury savings notes, treasury bills and a number of new treasury issues designed for every class and type of citizen and organization.

This is why the treasury believes it will be able to raise the money in a hurry.

Existing holdings of currency and commercial bank deposits are at new record levels—which means the banks are "chockfull of money"—and a large share of it is available for immediate investment in government bonds.

Americans this year will have—over and above taxes, insurance, debt repayments and what they can buy—perhaps 40 billion of funds available from current income.

The treasury believes that unless some of these funds are invested directly in government securities they will tend to swell the hoards of currency and commercial bank deposits even further and add still more pressure toward inflation.

By inflation the government means this: when people have more money to spend than there are

goods to buy, they start competing with one another and force up the price. Black markets are a good example of how this works.

In this second war loan campaign the government will have the greatest selling organization in history, not the skeletonized affair it had to start out with when it began selling War Bonds (they were called Defense Bonds then) back in May, 1941.

At that time there were about 2,000 post offices and banks serving as outlets for sale of War Bonds and stamps.

Now—in addition to banks and post offices—Building and Loan associations, credit unions, investment houses, rural mail carriers, companies with payroll savings plans, labor unions, retail stores, newspaper carrier boys and newspapers, radio stations, motion picture houses, route men, schools, colleges, women's clubs and other organizations are serving as selling outlets.

They receive no compensation for the sale of War Bonds and stamps. They contribute the services of more than 1,500,000 people as salesmen and saleswomen.

Set Ceiling Price On Tobacco Plants

Raleigh, April 5—A regulation setting \$3.50 per thousand as the maximum price for flue-cured-tobacco seedlings of certain types was issued by the State Office of Price Administration today to protect tobacco farmers from exploitation made possible by damage to their plants caused by cold weather and blue mold.

Investigation showed damage to southern flue-cured-tobacco plants threatened the new tobacco crop in some places and available seedlings were being offered at excessive prices.

Compared with normal prices for the plants, ranging from zero to about \$2 per thousand, reports were made to Washington that sales were being made at from \$5 to \$7 per thousand, in some cases coupled with the requirement that the buyers give the plant sellers an interest-

to charge one to three cents a pound more than chains or large independents (defined as stores that did more than \$250,000 business last year).

To explain its new standardized retail prices for beef, veal, lamb and mutton, effective April 15, OPA issued sample prices of the scheduled costs of some of the popular cuts.

Prices quoted are cents per pound based on "good" grade of

federal meat inspectors or corresponding OPA grade "A").

in the gross income from sale of tobacco grown from the plants ranging from 20 to 50 per cent.

The price of \$3.50 per thousand established today by OPA is accompanied by a prohibition against any seller requiring as part of the purchase price that the buyer give the seller or a nominee of the seller an interest in the tobacco to be produced from the plants sold.

At the same time, OPA said, the \$3.50 price meets or exceeds any of the requirements for establishing fair and reasonable maximum prices included in the Emergency Price Control Act of 1942, as amended.

Muster Forces To Override Farm Veto

Washington, April 5—(AP)—A farm bloc nose count indicated today the administration might muster upwards of 30 votes to sustain President Roosevelt's veto of the Bankhead bill but the measure's sponsors remained confident the senate would override.

Faced with the task of obtaining two-thirds approval of those voting to make the bill law over the President's opposition, the farm leaders were much more apprehensive of their chances in the house.

Administration lieutenants are counting on a heavy "city" vote there if they fail to get one-third support in the senate to kill the measure, which would prohibit the deduction of government benefit payments from parity in establishing agricultural price ceilings.

Although Senator Bankhead (D-Ala.), author of the measure, declined to forecast the result when consideration of the veto begins in the senate tomorrow, Senator Aiken (R-Vt.) said he was satisfied the administration could count no more than 30 votes if all 96 members were present and recorded.

Black Market Is Greatest Menace

Raleigh, April 5—Black market operations are an immediate and serious menace to America's war effort, the Office of War Information declared today. While selling in illegal markets and at illegal prices has involved a variety of items ranging from steel to watches with considerable traffic in sugar, gasoline and tires, the black market in meat offers the greatest threat to America's military endeavors, war economy and civilian morale.

Illegal trade in meats has been so great that even buyers for the army have had difficulties, though they have secured adequate meat supplies for America's fighting men here and abroad at ceiling prices. The illegal trade has expanded as shortages in meat have increased. In many areas growing black market stocks have caused shortages.

To help lick the black market the Department of Agriculture has ordered all slaughterers to get a slaughtering permit and to stamp

The consumer is the key person in the entire scheme, according to the Department of Agriculture. If he guards against buying meats at prices above the ceiling the black market operator will have little reason to stay in business.

Plan To Sell Cotton Seed on Grade Basis

Raleigh, April 5—(AP)—Cotton seed may be sold in North Carolina on a grade basis similar to tobacco seed in the near future, if it is not found to be too expensive.

The State Agriculture Department, disclosing this, said Commissioner W. Kerr Scott and A. B. Fairley, superintendent of the state warehouse system, planned to confer tomorrow with Roy Jones, South Carolina Commissioner of Agriculture, on cotton seed grading.

If the plan is practicable, Scott said, a laboratory for trading cotton seed will be set up. He explained that under the prevailing system, farmers receive a flat price for their seed and the farmer who sells good seed receives no more than one who sells inferior seed.

The first recorded ascent of Popocatepetl, Mexican volcano, was made in 1519, but the second did not take place until 1827.

THE 2nd WAR LOAN STARTS APRIL 12

(WAR FINANCE COMMITTEE)

13 Billion Dollars Must Be Raised!

THE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we MUST do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships. But it's only a start. No man or woman among us would contend for a single instant that we're doing enough NOW to win this war!

We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year STILL won't be enough!

We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

And We've Got to Buy More War Bonds

Sure we're all buying War Bonds now. But we've got to help pay

for our increased fighting and building . . . We've got to match, as best we can, the sacrifice of those Americans who are toiling and sweating on a dozen battlefronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion EXTRA dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this; in doing your duty, you're doing yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and GET the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peace-time jobs making peace-living for every one of us.

For your Country's sake—for your OWN sake—invest ALL YOU CAN!

There Are 7 Different Types of U. S. Government Securities — Choose The Ones Best Suited for You:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

2 1/2% Treasury Bonds of 1964-1969: Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000—also \$1,000,000 if registered. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Subject to Federal taxes only. Price: par and accrued interest.

DODGERS GET NEW PLAYERS

Camilli and Vaughan Scheduled To Join Today

By JUDSON BAILEY
 Brooklyn, April 5 (AP)—Dolph Camilli and Arky Vaughan, the California ranchers, are scheduled to join the Brooklyn Dodgers late today and Manager Leo Durocher probably couldn't be any happier to see them if each brought a suitcase filled with St. Louis steaks.

After three weeks of training the Dodgers' infield still is as much of a puzzle as it was the day the club reported. Durocher has known all along, of course, that Camilli and Vaughan would be available and would fill two of the regular infield roles when the season opens April 21.

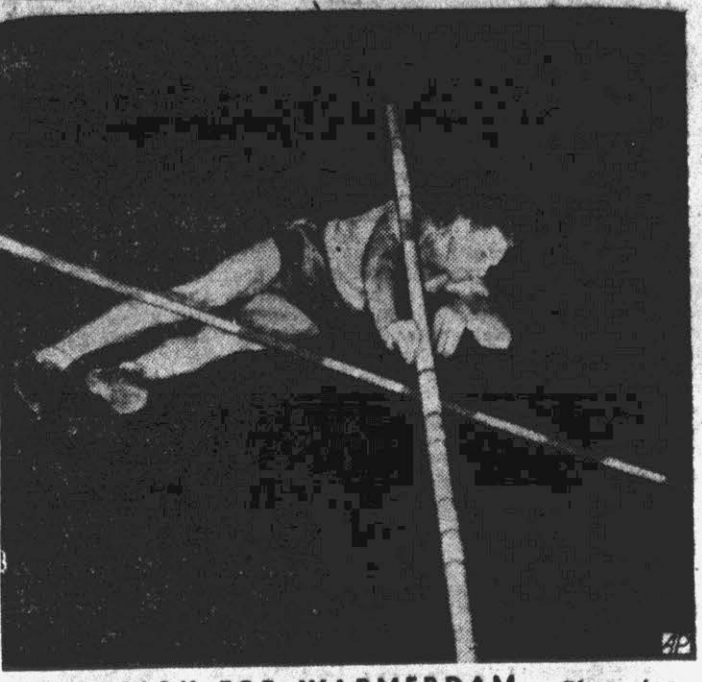

But their absence, even though necessary because of personal affairs, has represented a tremendous handicap to any attempt to organize the Brooklyn inner defense. The late appearance of Vaughan particularly, has kept three positions wide open.

Arky, who was a shortstop for ten years at Pittsburgh, played third base for the Dodgers last year. Now he probably will have to move back to short, filling the void left by Peeewe Reese's enlistment in the navy. This involves Second Baseman Billy Herman switching to third base and depends on Albie Glossop or Alex Kampouris making good at the keystone position.

However, it is difficult to figure how all of these changes will work out when the Dodgers are playing exhibitions with Augie Galan on first base and a very much faded Durocher at shortstop. Against the Boston Red Sox yesterday Durocher made two errors in the early innings and finally replaced himself with Kampouris, who made another to set the Sox off to a four-run flurry in the seventh.

Herman has been working at third since the start of training and has convinced all observers that he can handle the job but some of the critics are not so certain about replacing him at second adequately and they argue that second base is of a great deal more importance.

Glossop must prove he can hit before establishing himself as the regular second sacker. With the Phillies last year he batted .225 in the two week-end exhibitions with the Red Sox he failed to get a safety.

Sports Roundup

By HUGH FULLERTON, JR.

New York, April 5 (AP)—Probably you've heard about the mythical four-minute mile, but how about the two-minute 220-yard swim? That's one the swimming coaches argue about, and what brings it up now is that Joe Wheatley, a coach whose optimism is shown by the fact that he once tried to make a swimmer out of this columnist, argues that Ohio State's Billy Smith is the boy who'll do it. "He has the stroke to do 2:02 or 2:03," says Joe, "and if he keeps on in competition a few years, I wouldn't be surprised to see him do 2:20 in two minutes." Bob Kipnuth of Yale, agrees that it's something like a 4-minute mile, "somebody will do it some day," and Mike Pepe, Smith's coach at Ohio State, adds that Bill doesn't have that much speed, though Mike figures he'll reach 2:05 some day.

No, No Nostalgia.
 The other day Manager Al Weil offered Lou Ambers, former lightweight champion, a free ticket to Friday's Beau Jack-Henry Armstrong fight, and Coast Guardsman Lou turned it down flat. "I'd like to see Armstrong fight," Ambers explained, "but if he won I'd get that."

comeback feeling and you wouldn't let me try it." When Lou retired, you remember Weil signed him to a ten-year contract just to make sure there wouldn't be any comeback efforts.

Customers, Too.
 When, and if, Gunder Haegg gets here next summer Asa Bushnell has no intention of trying to match him against Greg Rice in a revival of the Princeton invitation track meet. Hearing a rumor that he might try it, Bushnell wisecracked, "When you have one, you have to invite a few customers, too." Al Tiedemann, who is trying to make the grade as third baseman with the Baltimore Orioles, already is a big leaguer. He's a star performer on the Baltimore Americans soccer club. When Adolph Kiefer finally was beaten in a backstroke swimming race Saturday, it was his first defeat in something like 250 races. Adolph admitted he had lost track of his victory string some time ago.

Carl Snively is planning to start summer football practice at Cornell after a new group of Navy students arrives in July.

Training Camp Briefs

By The Associated Press
 Bloomington, Ind., April 5 (AP)—Gee Walker, Cincinnati Red outfielder who didn't sign his contract until last week-end, informed Manager Bill McKechnie today that "your worries about left field are over."

McKechnie has tried 30 players in the position during the past four years and recently expressed concern over Frank Kelleher's inability to hit curve ball pitching. Kelleher, a rookie, was slated for the job this season.

Baltimore, Md.—Joe Cronin told his Boston Red Sox today that he was pleased over their week-end split with the Brooklyn Dodgers of the National League.

He was especially pleased with the work of Mace Brown, veteran relief pitcher, who used a slider for the first time against the Dodgers. The Sox came here from New York for a three-game series with the Orioles of the international circuit.

Lakewood, N. J.—Although he has been in camp only 24 hours, Ace Adams is in as good condition as any member of the New York Giant mound staff. Adams, who established a league record last year for the number of games in which he appeared, told Manager Mel Ott today he had been working out for weeks on his Georgia farm and was 12 pounds lighter than at the close-

ceived from the War Department... Lieut. Jesse Hill, former Yankees, Senators, and Athletics outfielder, has been appointed baseball coach at the Navy's Del Monte, California, Pre-Flight School. But so far, no ball field has been built on the campus... Other recent officer arrivals at Del Monte include Ensigns Art Mahan, Villanova and Phillies; Parker Hall, Tennessee and Cleveland Rams, and Jack Baer, Oklahoma baseball coach, and Lieut. Albert Humphries, Bucknell coach, who will head the football department... Tarrant Field, Texas, has so many good baseball players, including Duteh Meyer from the Tigers, that the left-overs may fill in the lineups of Fort Worth amateur teams this summer.

Quick Exit
 Pvt. Edwin Meyers, Army M.P., was given a four-day leave to compete in the A.A.U. swimming championships... He started in the first heat of the 220, opening event of the meet, and halfway down the course he lost his trunks and had to quit racing to dive for them... "Oh, well," he commented as he climbed out of the pool, "it's a change from riding trains and checking up on passes."

British Eighth Army forces, pushing northward from Gabes, were reported to be in contact with Axis "prepared positions" beyond Oudref and to be skirmishing against a line of Marshal Rommel's rear guards. To the west, U. S. forces pushing eastward appeared near a junction with the Eighth Army of General Montgomery. British First Army and Allies continue to gain in extreme northern Tunisia.

of last season.

Muncie, Ind.—With their second game against Cleveland cancelled because of weather conditions yesterday, the Pittsburgh Pirates today planned an intrasquad game before entraining for Indianapolis and a resumption of their series with the Indians on Tuesday.

Huck Geary, rookie shotstop, has informed club officials he will give up his war job at Buffalo and join the Bucs not later than Thursday.

Asbury Park, N. J.—George Sturweiss, who swiped 73 bases in the international league last season, opened his career as a New York Yankee yesterday by working Ken Holcombe of Newark for a walk and pilfering second in the opening frame. The Yankees mastered their Farmhands, 10 to 1, to avenge Saturday's 3 to 2 setback.

Cape Girardeau, Mo.—Manager Luke Sewell of the St. Louis Browns, may don the catcher's mask again—if for no other reason than to hide his blushes. Before the Lambert field fliers arrived for their double-header yesterday Sewell offered them the services of some of

mainder of the spring drills.

Evansville, Ind.—After the week-end series with the Chicago Cubs, the Detroit Tigers settled down today for their final week of drills here. Yesterday's game was the 1943 debut of Tommy Bridges and allowed the National leaguers only three hits in four innings.

Wilmington, Del.—Frankie Skaff, rookie infielder from Villanova College, may be the second baseman for the Philadelphia Americans for some time to come. He got into yesterday's brush with the Phillies because Irving Hall complained of a sore arm and slapped out a homer, double and single and handled eight chances without an error.

Franch Lick, Ind.—The Chicago Cubs, who defeated the Detroit Tigers yesterday by a 7 to 5 score on Charlie Gelbert's fluke three run homer, today awaited the arrival of the Cincinnati Reds for a game on Tuesday.

Grain Market

Chicago, April 5 - (AP) - Little interest was shown in grains today, traders preferring to remain on the sidelines until more definite infor-mation is available about the pos-sibility of passing the Bankhead bill over the President's veto. Wheat showed comparative firm-ness, particularly the May future, but rye and oats dragged. A sharp decline in the visible corn supply was reported for last week, the total falling 3,492,000 bushels to 38,885,000 bushels. A year ago the supply amounted to 56,142,000 bushels. Wheat closed 1/4 lower to 1/2 higher. May \$1.45 1/2, July \$1.45 1/2, corn was unchanged at ceilings. May \$1.01, oats finished 1/8 lower to 3/8 higher and rye lost 1/4-1/2.

New-Type Carrier Ready For Action

By ARTHUR E. BURGESS Tacoma, Wash., April 5 - (AP) - A new-type aircraft carrier, the U. S. S. Breton, an impressive and speedy mass of lightning machinery, is ready for the fleet after successful trials. The big Tacoma plant of the Sta-tac-Tac Shipbuilding Corporation has been turning out what have been announced as "escort vessels" but today the censor's lid came off and the Breton was revealed as an escort carrier of the first rank.

A few weeks before launching the Breton was only several thousand tons of steel plates in the shipyard. Today, she maneuvers in a small circle, reverses her engines, reaches full speed ahead again within a short time and zigzags while land-lubbers below decks can barely notice she is underway. Primarily an offensive ship, the carrier also is well-armed for de-fense. In addition she is equipped with the latest type of apparatus for protection against mines.

The ship uses both steam and Diesel engines, her engines, reaches full speed ahead again within a short time and zigzags while land-lubbers below decks can barely notice she is underway. Primarily an offensive ship, the carrier also is well-armed for de-fense. In addition she is equipped with the latest type of apparatus for protection against mines.

N. Y. Stock Market

New York, April 5 - (AP) - In the fastest stock market session since 1941, leading rails, steels, copper utilities and numerous industrial favorites today climbed fractions to more than 2 points to new tops for the past several years. The war news received the principal credit for the heavy buying. Prices generally were at or near the best in the final hour. Large blocks of stocks selling under \$15 accounted for much of the turnover of around 2,500,000 shares, a 15-month record.

E.C.T.C. Graduate Killed In Action

A report of the death of William Dudash with the armed forces in Africa has reached the Greenville. A notice that came recently to the college newspaper from a friend of Dudash who had been in correspondence with him. This friend writes that a letter to Dudash had come back to him from Post Headquarters at Fort Knox, Ky., with the following note on it: "The soldier referred to died with his boots on in Africa leading a group of combatants against the Germans, and for his valor was awarded the Soldier's Medal for courage in battle." Dudash, a 1941 graduate of East Carolina Teachers College, had come to the college from Massena, N. Y. While here, he specialized in Social Science and Physical Education, and was known on the campus for his ability as an athlete and his ac-tive part in dramatics.

Conley Relected By School Board

By CHESTER WALSH The Pitt County Board of Edu-cation today relected Don H. Con-ley as superintendent of education for another two years. "Conley has had outstanding success as an edu-cator in this county. He is a gradu-ate of Duke University. He is a native of Caldwell County and came here from Lenoir to teach in the Winterville School," W. H. Woolard, Greenville banker and chairman of the County Board of Education, stated after the meeting. Conley went to Winterville as a teacher in 1923. He was made prin-cipal in 1924, and served there with distinction until 1931. He was unan- imously elected superintendent of education in January, 1932. His work has been exceptionally ef-ficient. He has that happy faculty of coordinating agencies for worth-while work and has been successful here. His wife, before marriage was Miss Eugenia Powell of Grifton. Conley is a Kiwanian. He takes an active interest in community affairs and has been helpful in solving problems arising as a result of the war. W. H. Woolard, chairman; John T. Thorne, Farmville; W. J. Smith, Grimesland and R. H. McLawhorn of Winterville comprise the County Board of Education.

(Continued From Page One) economic and social ills. With the authority for the recip- rocal trade agreements, due to ex-pire June 12 and with a legislative battle already brewing on the is-sue, the Secretary of State said that he considered it "inconceivable" because, he said, it "will be vitally needed." "To open up foreign markets for American products during the postwar period and thereby: 2. "Help maintain domestic pros- perity and full employment during the difficult postwar readjustment period, and, 3. "x x x To enable the United States to occupy the position of leadership now in laying the groundwork for postwar, worldwide economic reconstruction."

in France." At the same time, the Germans announced that Paul Reynaud, who succeeded Daladier as premier and then was overthrown by Marshal Petain's armistice government, and former Colonial Minister Georges Mandel had been removed earlier to Germany to join more than a mil-lion French prisoners of war and other hostages. The German announcement gave Pierre Laval, chief of the puppet Vichy government, an Alibi by stating that the German govern-ment "could not comply with the request by the chief of the French government, Laval, to leave these personalities in France." Both Blum and Gamelin are 70 years old and Daladier is 58. All have suffered from illness since their incarceration in 1940 after the collapse of France.

To Stabilize . . .

(Continued From Page One) national board appointed by the governments of the member coun-tries. The secretary said the treasury feels that international currency stability is necessary to reconstruct- ion in post-war and resumption of private trade and finance. "It is generally held that this for-midable task can be successfully handled only through international cooperation," he added. Senators said the plan, the out-line of which already has been com-municated to 34 nations, involves the establishment of an inter-nation- al fund from which contribu-tion countries could obtain loans to stabilize their currency for world trade purposes, but not for internal support of their monetary system. Morgenthau declined to discuss the plan after the closed session broke up, but one of the more than 20 senators present said it was his understanding that the primary capitalization of the proposed international fund would be \$5,000,-000,000.

Signatory countries would contribute to the capitalization in proportion to the amount of gold they held and the amount of their in-ternational trade balances. No country, however, would have vot- ing rights exceeding 25 per cent, despite the size of its contribution to the capital. As outlined by the conferees, the plan would involve pegging all cur- rencies to gold at a fixed legal value and stabilizing the exchange so that the value of the dollar would be the same in all nations entering the agreement. These nations' curren- cies, likewise, would have a fixed and relatively unvarying value in the United States.

The objective of the proposed stabilization plan, Morgenthau was reported to have told the senate group is to provide a stabilized ex-change to facilitate post-war world trade.

(Continued From Page One) next morning. Today's action by the County Commissioners was in cooperation with the Greenville Board of Aldermen. It was another evidence of cooperation between the two gov-erning bodies. Mayor Bruce Sugg appeared be- fore the commissioners for the Greenville Aldermen. "The men the people of Pitt county elected to represent them on the Board of County Commis-sioners are of the highest type of citizenship. They are business men and farmers, successful in their own life's work and are doing a fine job for the people," Mayor Sugg stated after the meeting. "The com-missioners have a comprehensive grasp on the problems confronting the county. They are efficiently and acceptably doing a good job as the "war time board" of commissioners, the mayor added. Police Chief George Clark, after the meeting today, was a happy

man. He said the officers have the most of their trouble with drunks and places that sell intoxicating li- quors late at night. Leading citizens, ministers, school officials and busi-ness men commended the joint ac-tion of the County Commissioners and the Greenville Aldermen. The commissioners today disposed of numerous details incident to the purchase of additional property for the county-city airport across the river, preliminary to the Civil Aeronautics Authority, Atlanta, Ga., proceeding with the spending of \$800,000 for paving the runways and incipientais. The airport has been leased to the U. S. Navy as an auxiliary training base for the Marines. Construction of the runways is expected to begin by the middle of next month, Harvey Wendorf, CAA engineer in charge of the project, stated.

(Continued From Page One) least 68 other ships were damaged, the navy said. In Burma the RAF bombed air fields, supply centers and shipping at Minya, just east of Meiktila, south of Mandalay, while the Japanese raided an airfield south of Chittagong in India, and Buthe-daung, above Akyab, but without doing appreciable damage, a British communique said. The Chinese announced that their forces were mopping up Japanese along the Yunnan-Burma-Indo-China border area, and had forced a Japanese column to retreat near Sinchang, 200 miles south of Shanghai in the coastal province of Chekiang.

Liberators of the 10th American air force in India dropped 13 tons of bombs on the Thilawa oil re-finery south of Rangoon which had just been put back into operation, and left fires for 50 miles, an American communique announce-d.
