SALESMEN TO MAKE CANVASS IN BOND DRIVE

Uncle Sam Wants Small Investor To Have Greater Part In Buying Securities

By JAMES D. WHITE Washington, April 19 (AP) — John Q. Citizen is due for some visits by his local bond salesman.

By last Friday night—when the treasury's latest official figures were announced—Mr. citizen had bought only \$904,000,000 worth of War Savings Bonds in a drive that has its sights set on a goal of 13 billion dollars.

This didn't mean that the drive wasn't going along nicely.

The treasury announced that a total of more than 9 billion had been subscribed by Friday night. 70 per cent of the total sought had come rolling in within less than a week.

But what it apparently meant was that the cream had been skimmed off the pool of money which the treasurer thinks can and should be invested in war bonds.

This cream, as secretary of the Treasury Henry Morgenthau, Jr., pointed out, was the money from the big investor.

The big investor generally speaking is a bank and insurance company, a trust fund, a public institution and so on.

He is not usually the man in the street, the war worker, or the individual with loose cash in his pocket or bank account.

The big investor is an expert in securities, and knows a good thing when he sees one. That is why this class of bond buyer has snapped up all but 904 million of the more than 9 billion in bonds sold thus far.

The treasury had previously estimated that there are about a million and a half volunteer workers selling war bonds to Americans during the campaign.

"The realization that our military machine is setting its sights on the continent is a compelling reason to lend the government money, and more money, and still more money, to provide the best possible equipment for the boys at the front."

Morgenthau said. The treasury recalled that the best of all the securities had been saved for the small investor—the series E bonds that pay back four dollars in ten years for every three invested today.

Chamber's Annual Banquet April 23

By CHESTER WALSH Between 250 and 300 business and professional men and women are expected to attend the annual meeting and banquet of the Greenville Chamber of Commerce at the dining hall at the college next Friday night at 6:30.

Carl E. Bolte, prominent Missourian, was and chief of the Industrial Service Branch of the Smaller War Plants Corporation of the War Production Board.

Mr. Bolte will be the speaker. He is nationally known as a business expert. He spoke to an overflow audience at a recent meeting of the Goldsboro Chamber of Commerce.

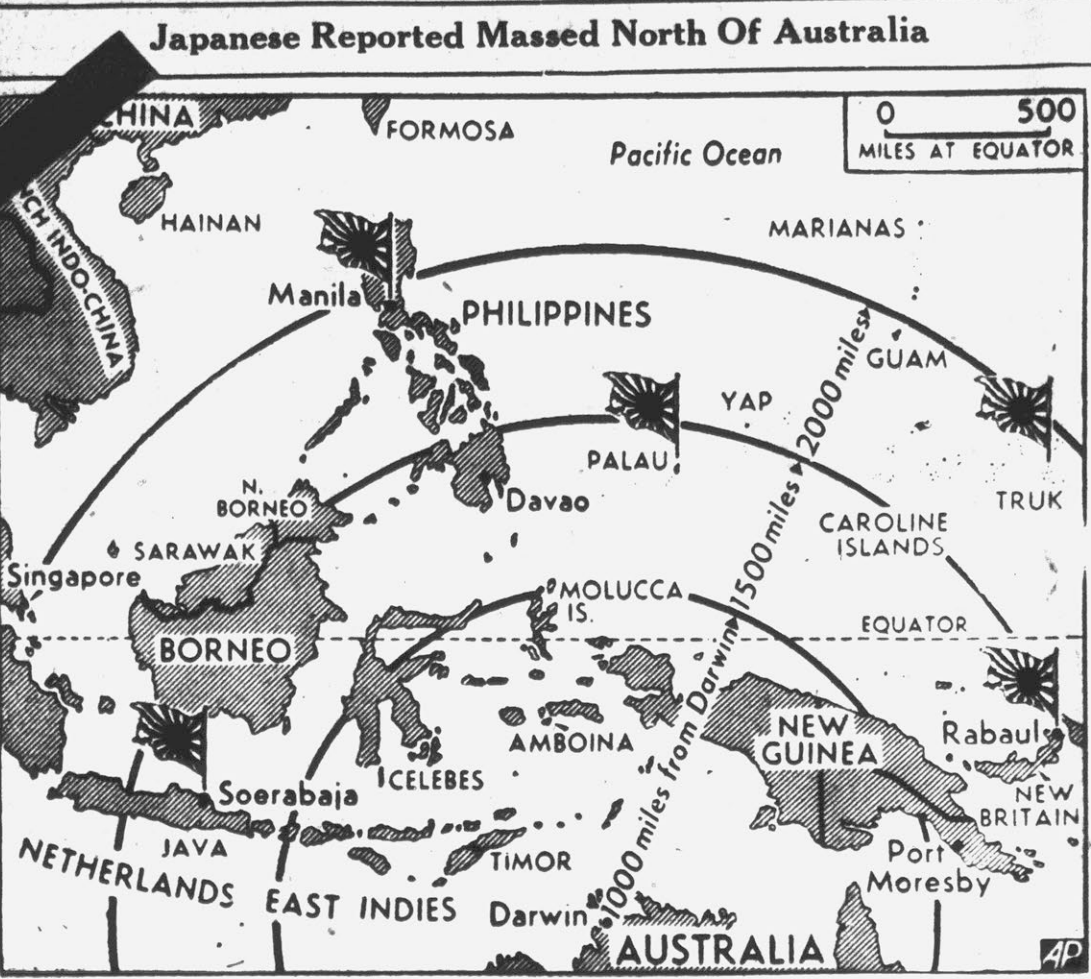

The Kiwanis Club will meet with the Chamber Business and professional men and women are invited to attend. John G. Clark, president of the trade body, will be toastmaster. Tickets to the banquet are \$1.25 each. They may be secured from Secretary Kyzer. Reservations or tickets must be made by Tuesday night.

Committees To Preview Post-War Food Program

By OVID A. MARTIN Washington, April 19 (AP) — Four congressional committees will set a private preview tomorrow of President Roosevelt's plans for postwar reconstruction of world agriculture as they are expected to be presented before the forthcoming United Nations food conference.

Assistant Secretary of State Dean Acheson was scheduled to appear today before a closed-joint meeting of the Senate Foreign Affairs and Agriculture committees and tomorrow before the house corresponding groups and explain the purpose and aims of the conference which will meet at Hot Springs, Va., May 18.

Chairman Fulmer (D-S.C.) of the Agriculture committee said the State Department had requested an opportunity to discuss the food program to which 42 nations have been invited to send delegates. "There has been a lot of criticism in congress of the administration's way of handling the conference," Fulmer said. "Many members object because the congress is not represented on the American delegation. They think congress should insist upon being represented. Others object to the exclusion of the press from sessions of the

A spokesman for General MacArthur has warned of Japanese forces—sea, land and air—concentrated at bases within striking distance of Darwin, port city of Australia's "invasion coast." In addition to warlike concentrations at Truk, 250,000 tons of merchant shipping are at Rabaul, New Britain, he said. Other key bases at Palau, Manila and Soerabaja are within easy striking distance of the 2,500-mile battle line enveloping the upper half of Australia.

AP Gives Result Of Poll On Post-War Problems

MAY WITHHOLD PRICE CEILING

Propose Sale Of Cotton Stocks To Stabilize Market

Washington, April 19 (AP) — Government authorities are considering a proposal that price ceilings on cotton be withheld and that the Agriculture Department Commodity Credit Corporation be given an opportunity to stabilize prices through sales of its cotton stocks.

Determined opposition to cotton ceilings has been expressed by many elements of the industry and it is known that Food Administrator Chester C. Davis is reluctant to approve them for a number of reasons.

Agricultural Department cotton experts believe that the CCC could keep cotton prices from advancing to excessive levels by offering the trade supplies from government-owned stocks.

The CCC has authority to sell up to 300,000 bales of cotton a month but not more than 1,500,000 bales in any calendar year at not less than parity prices.

The government owns large stocks of cotton but much of it is of low quality.

Three Killed. Charlotte, N. C., April 19 (AP) — At least three persons died by violence in North Carolina during the week-end.

Gaylor Andrews, 26, of Banner Elk; Miss Pansy Fulton, 18, of Kings Mountain; and Miss Mildred Dayberry, 16, of Shelby were killed in a collision of their automobile and a train at a grade crossing in Kings Mountain.

KISKA OBJECT OF MORE RAIDS

Destroy Jap Planes And Damage Ships In Solomons

Ten more raids on Kiska by American Liberators, Mitchells, Lightnings and Warhawks happened today's war reports from the Pacific where the Allies bombed Japanese in the Aleutians, the Solomons in the southwest and Burma.

Hits were scored on the Kiska runway and camp. The Navy said in its communique yesterday, while six Japanese planes were destroyed and two enemy surface ships were damaged in the Solomons.

In turn, the Japanese struck lightly at Guadalcanal, causing some casualties and minor damage. An attack by a large formation of Mitchells by Dutch fliers on Penfola airdrome at Koepang in Timor, Dutch East Indies, was the major action reported from Gen. Douglas MacArthur's front but his armies continued to pound the Japanese throughout this region.

Five hits were scored on a ship of about 10,000 tons at Kahili in the Shortland island area Saturday night, the communique said, and fires visible for 30 miles started in a second attack.

The nine attacks on Kiska on Saturday, supplemented by another blow at nearby Atu Island, followed ten raids on Friday at Kiska.

The principal task the tobaccoists agreed, was to effect an adjustment during the warehouse season to relieve farmers of the selling rush just when the harvest season was upon them.

No definite proposal was made to change the existing rates.

Attention for now went to L. L. Graves of Rocky Mount, vice-president of the Tobacco Association of the United States, H. A. Easley of Wilson, president of the Eastern Tobacco Belt Association, and J. S. Walker of Oxford, president of the Middle Belt Tobacco Association.

The principal task the tobaccoists agreed, was to effect an adjustment during the warehouse season to relieve farmers of the selling rush just when the harvest season was upon them.

Mr. Bonner's letter followed. "I have had several letters recently from farmers in my District regarding the allotment of land for curing tobacco for oil bidders that have been purchased since July 1, 1942. After a conference with Mr. Lawrence Vass, Chief Field Officer, Rationing Division, Office of Price Administration, I have been advised by him that farmers who purchased and installed oil burners for curing tobacco prior to December 31, 1942, are entitled to secure oil for the curing tobacco season."

Announcement of plans for the meeting was made by former Governor O. Max Gardner of Shelby at a meeting here Saturday of university officials.

Washington, April 19 (AP) — Senator Taft (R-Ohio) introduced today resolutions to require the Office of War Information and the coordinator of inter-American affairs to file copies with the Senate of all propaganda disseminated to foreign nations and to American armed forces.

Taft told his colleagues there were "many rumors" that much of the propaganda material beamed to other countries in short wave broadcasts was "litter and trash."

"It is obvious to me," Taft said, "that people of the United States want to know what is being said in their behalf, what promises are being made, what statements of national policy are being disseminated throughout the world."

Taft said "samples of OWI propaganda which we have already seen lead me to doubt seriously whether the soldiers are receiving an impartial account of the facts dealt with by the propaganda they receive."

He said he had heard "a lot of talk" among Democrats and Republicans about a fourth term and that the reaction was "nearly the same as his — that there should be no change if the war continues next year."

EXPECT NAZIS TO LAY MINES IN U. S. WATERS

Naval Experts Warn of Offensive Against United States Shipping

By JOHN M. HIGHTOWER Washington, April 19 (AP) — Naval experts said today that German submarines might resort to extensive use of mines in American coastal waters this spring or summer as part of their offensive against United Nations shipping.

This would mean for the present war a re-development of U-boat tactics on this side of the Atlantic. The undersea raiders employed mine over here last summer but only to a very limited extent.

What makes their use much more likely this year authorities said is the increased effectiveness of United States off-shore anti-submarine weapons. Planes, blimps and small boats in numbers many times those available a year ago now patrol the coastal sea lanes and give hour-by-hour protection to convoys.

By the end of last summer, a few patrols had forced the U-boat to quit American waters but navy men have warned that they probably will be back.

What may have been the opening shot in the new campaign was reported by the navy April 10 in a press release disclosing the torpedoing of a merchant ship off the east coast. It was the first such sinking announced since last August.

The German Admiralty's plans for the year's U-boat offensive must have counted the cost of much more powerful opposition and in the circumstances mines are probably the Germans' e-m-in-the-hole.

Working by night when detection is most difficult and steering clear of heavily escorted convoys, a few U-boats may plant many tons of explosives in strategic spots and run relatively small risk themselves.

To combat this sort of operation the United States Navy has built up a considerable fleet of minesweepers—small vessels which carry special equipment for detecting and destroying the dangerous eggs that the submarines lay.

The Germans used mines extensively on this side of the Atlantic in the first world war. They did some damage although it was not nearly so great as that inflicted by other types of submarine attack.

TOBACCO MEN HOLD MEETING

Discuss Labor Situation With Governor Broughton

Raleigh, April 19 (AP) — Presidents of tobacco associations in North Carolina today discussed with Governor Broughton possible solutions of the manpower shortages during the tobacco warehouse season.

Sixteen Men Found On Raft

Knock Down Total of 85 Axis Planes In Battles Over Sicilian Straits Yesterday, Axis Believed Attempting to Remove Troops By Air

By DANIEL DE LUCE Allied headquarters in North Africa, April 19 (AP) — Allied warplanes blasted down 85 Axis aircraft yesterday including 58 Junkers-52 transports and 16 fighters caught over the Sicilian straits in the greatest single air victory of the war in this sector, and followed up by destroying 10 more transports and a Messerschmitt fighter today.

(It was almost entirely an American show, it was reported in Cairo. Although British imperial planes provided top cover.)

The blazing air attacks on the enemy's vital air transport service across the Sicily straits still were continuing.

Up to 10 a. m. the day's score stood at ten Junkers-52 transports and one Messerschmitt 109 shot down, making the two day total of 68 transports and 28 other planes destroyed. In the past two weeks 159 of the Junkers-52's have been destroyed.

The Allied aerial squadrons were striking lethally in support of Gen. Sir Harold Alexander's 18th Army group in raids from the Entebbeville line to Palermo.

A dispatch from Cairo said the transports were laden with enemy personnel and heading northeastward toward Sicily when the trap was sprung. The dispatch did not bring out whether the passengers were Axis troops, which Axis broadcasts have said will stay and fight it out, or non-combatant and technical forces such as might be expected to be removed before the Allied nose tightens further.

Warhawk and Spitfire fighters engaged 100 enemy transport aircraft and their escorts, and in addition to the 74 destroyed 30 other planes were reported damaged.

A Cairo communique said nine American planes were lost but one of the pilots is known to be safe.

This was but one of a series of exploits in which Allied airmen and ground gunners shot down 85 Axis planes during the day and night.

Sardinian, Sicilian and Tunisian targets were heavily attacked.

Flying Fortresses left large fires burning in the freight yards and on an airfield at the Sicilian port of Palermo and the communique said.

Germans Offering Stiff Resistance On Red Front

Russians Report Nazis Thrown Back In Number Of Counter-attacks

Moscow, April 19 (AP) — The Germans are suffering their ground forces in the Kuban region of the Caucasus with large air units in an effort to hold their positions against a Red army drive to push them into the Black sea, a dispatch to Pravda said today after the Russians had thrown back repeated German counter-attacks.

Twenty-five enemy planes were shot down and eight more crippled yesterday alone in air battle in this sector as crack Soviet pilots thwarted enemy attempts to raid the Red army positions, Pravda said.

Enemy ground troops, concentrating their forces, launched a combined attack on Soviet positions. Supported by tank and air units, hammered without success at Soviet front lines, it was reported.

Pravda said the Germans often advanced walking upright with fire from Soviet heavy mortars and rifles pouring into their ranks.

The mid-day communique said the Germans launched fresh forces in an attack last night and succeeded in breaking into the Soviet trenches, but were repulsed after a fierce engagement in which they

Gregg Cherry Enters Race For Governor

Gastonia, April 19 (AP) — Gregg Cherry, lawyer and veteran state legislator, will run for governor in the forthcoming Democratic primary.

He definitely announced his candidacy for the governorship today.

"I had planned not to make a definite statement at this time regarding my candidacy, because I felt the attention of the people should be diverted from the war effort. However, since two other candidates have announced I feel it is proper for me to state that I definitely will be in the race."

Judge Wilson Warlick of Newton, and Dr. Ralph McDonald, associate directors of the University of North Carolina extension department, who resigned from that position effective June 1, already have announced they will enter the gubernatorial race.

No More Insurance

Washington, April 19 (AP) — The House voted 93 to 56 today against continuing government insurance of wheat and cotton.

The crop insurance program had been stricken from the 1944 agriculture appropriation bill by the appropriations committee.

An amendment by Representative Pace (D-Ga.) to restore the program was lost on a stand-vote.

British Bombers Raid Italian Base

London, April 19 (AP) — British home-based bombers made the long trip across the Alps again last night to blast the Italian naval base of Spezia for the second time in six nights, it was announced today.

The attack was described as heavy and concentrated and while it was in progress aircraft of the fighter command struck at enemy destroyers at Lorient, the German naval and submarine base on the French coast.

One bomber failed to return from the attack on Spezia. The Italian port was attacked at the beginning of the present long-sustained aerial offensive against continental targets last Tuesday night.

Freight trains and locomotives in northern France also were attacked during the night and one fighter plane was reported missing.

Leaders Still Far Apart On Compromise Tax Plan

Washington, April 19 (AP) — Notwithstanding optimistic prophecies by congressional leaders, Republicans supporting the modified Ruml plan to skip an income tax year and the opposing Democrats still are far apart today in their friendly joint search for a pay-as-you-go compromise.

Having reached no agreement in night and Sunday conferences, the "compromise" committee, composed of ranking members of both parties on the Ways and Means committee, arranged a meeting with Speaker Rayburn (D-Tex.)

Republican Leader Martin of Massachusetts and Democratic Leader McCormack of Massachusetts with the hope of a middle-ground can be found.

While members of the compromise group declined to speak for publication, the situation apparently could be summed up like this:

Democrats Favor a plan originally suggested by Ways and Means Chairman Doughton (D-N.C.) to apply the much-sold 1944 rates and exemptions to 1942 income, and

amortize the reduced liabilities for that year over a period of years. This would wipe out the 1942 obligation completely for some 7,000,000 taxpayers and mean a substantial reduction in the liabilities of others, while putting all taxpayers on a pay-as-you-go basis.

Republicans — Want to ease the transition to a current payment basis. The Republican members of the committee were reported ready to have taken the position that they would agree to no compromise that did not cancel out more than one-half of a tax year. They previously stood for abatement of a full year.

The parties were in complete agreement, as they have been all along, on a 20 per cent withholding levy against the taxable portions of wages and salaries, effective July 1, as a part of any pay-as-you-go plan to be considered.

Members of the compromise committee are Reps. Doughton, Cooper (D-Tenn.), Disney (D-Okla.), Reed (R-N.Y.), Knutson (R-Minn.) and Woodruff (R-Mich.)

Forty Years Ago Today

THE DAILY REFLECTOR April 19, 1903

Greenville and Pitt County. George Washington once visited Greenville and in his diary he says, "at dinner in Greenville, a town of no importance."

During the civil war two companies under the leadership of George Johnson and George B. Singletary left here. A great number of brave and noble men such as Major Latham, Major Harding, Captain White, Governor Jarvis, Colonel Yelkowsky, and Henry Wyatt, who was killed in the war. Dr. Jesse Brown was the first surgeon in Lee's Army. Dr. Charles James O'Hagan was also a surgeon of 35th regiment.

Fitzgerald-Barrett Richmond, Va. The wedding of Miss Frances Lightfoot Barrett and Dr. Paul Fitzgerald, Jr. took place Saturday afternoon at 5 o'clock at St. Thomas Episcopal Church with the Rev. Elmer C. Peacock officiating.

The bride wore a wedding dress of ivory faille made with a yoke of marquisette trimmed with a ruffle of duchesse lace, long sleeves and an apron of matching lace. She carried a muff of white orchids.

Miss Dorothy Lee Barrett, sister of the bride, was the maid of honor. She wore a costume of yellow lace and net and carried a cascade of blue iris and pansies.

The bridesmaids were Mrs. Frank Slanker and Miss Ellen Cox Merritt. They wore dresses on blue lace and net and carried yellow iris and pansies.

Dr. Fitzgerald had as his best man J. E. Nobles, of Greenville, N. C. The groomsmen were Thomas G. McCabe, Jefferson A. Stokes, David Preston and Robert Burford, of this city.

A reception followed the ceremony at the home of the bride on Pope Avenue, after which Dr. and Mrs. Fitzgerald left for a wedding trip to New York.

Among the out of town guests who attended the wedding were: Dr. and Mrs. Paul Fitzgerald, Sr., Mr. and Mrs. Jack Horton and Mr. and Mrs. J. E. Nobles, of Greenville, N. C.

Beer Licenses Due

State and local licenses to sell beer at retail are due and payable on or before May 1.

Figures compiled by the Brewery Industry Foundation's North Carolina Committee disclosed that the State Department of Revenue licensed 72 retail outlets in Pitt County during the current tax year. There were 4714 outlets licensed over the entire state during this period.

Christian Science Service

"Doctrine of Atonement" was the subject of the Lesson-Sermon in all Christian Science Churches and Societies on Sunday, April 19. The Golden Text was from Galatians 1: 3-4 "Grace be to you and peace from God the Father, and from our Lord Jesus Christ, who gave himself for our sins, that he might deliver us from this present evil world, according to the will of God our Father."

Among the citations which comprised the Lesson-Sermon were the following from the Bible: "These words spake Jesus, and lifted up his eyes to heaven, and said, Father, the hour is come; glorify thy Son, that thy Son also may glorify thee; and the glory which thou gavest me I have given them; that they may be one, and even as we are one; I in them, and thou in me, that they may be made perfect in one; and that the world may know that thou hast sent me and hast loved them, as thou hast loved me." (John 17: 1, 22, 23).

The Lesson-Sermon also included the following passages: from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We acknowledge Jesus' atonement as the evidence of divine, efficacious Love, unfolding man's unity with God through Christ-Jesus the Way-shower; and we acknowledge that man is saved through Christ, thru Truth, Life, and Love as demonstrated by the Galilean Prophet in healing the sick and overcoming sin and death." Methodist Cantata

The Methodist choir with the assistance of four guest voices rendered the cantata "Olivet To Calvary" under the able direction of E. O. Parkinson, Jr., last night at Jarvis Memorial Methodist Church as their contribution to the Easter music for Greenville. A large congregation enjoyed the privilege of the beautiful choruses, duets, quartets and solos, sung admirably by some of the best voices in the city.

The soloists were Audrey Tilley, E. O. Parkinson, Jr., M. E. Woodall, Mrs. John Karsnak, Mrs. B. D. Johnson, Mrs. J. H. Waldrop and Miss Helen Zechiel. Mrs. J. H. Waldrop and E. O. Parkinson, Jr., did the duet, singing the hymn, "Thy Will Be Done." The quartet composed of Norman Wilkerson, Mrs. S. H. Williams, Miss Helen Zechiel and James Ray Pittman, sang the hymn "Just As I Am." A quartet composed of Audrey Tilley, Mrs. John Karsnak, Mrs. H. A. Hendrix, and E. O. Parkinson, Jr., sang

a semi-chorus "O Thou Sweet Compassion."

The choir was composed of the following: sopranos, Mesdames J. H. Waldrop, John Karsnak, B. D. Johnson and Misses Helen Zechiel, Elizabeth Bridgers; altos, Mesdames S. H. Williams, E. O. Parkinson, Jr., H. A. Hendrix and Miss Betty Tyson; tenors, Audrey Tilley, M. E. Woodall, James Ray Pittman; basses, Norman Wilkerson, E. O. Parkinson, Jr., Pat McLawhorn. The guests voices were Pittman, McLawhorn, Tyson and Wilkerson.

It was all so very good but one cannot, but mention the spirit, interpretation and quality of singing of the chorus, "Crucify Him." Comments of the departing congregation revealed what a fine treat had been afforded the music lovers of Greenville. There was the happy combination of good voices with good direction sincere in their effort.

Luncheon For Miss Blount

Among the lovely parties honoring Miss Myra Blount, bride-elect, of next week, was a luncheon given by Mrs. L. S. Ficklen, at the home of Mrs. E. B. Ficklen on Friday afternoon at one o'clock.

Spring flowers were used in decorations. In the dining room the center piece for the table was a beautiful arrangement of pink tulips.

Covers were laid for eight. The hostess and Mrs. E. B. Ficklen presented Miss Blount a pair of silver composites.

Hold Army Corporal In Fatal Shooting

Manchester, N. H., April 19 (AP)—Army officials at Greiner Field were holding Corp John Coker, 21, of Raleigh, N. C., today in connection with the fatal shooting last night of Pvt John Jackson, 28, of McComb, Miss., a fellow Negro soldier. Coker confessed, Army authorities said, that he had had an argument with Jackson over turning off the lights and that he became incensed when Jackson called him names. According to the alleged confession Coker then went to his orderly room, returned with a rifle and shot Jackson in the chest.

Army officials stated that men stationed at the field were not issued ammunition and that coker had one cartridge secreted in his possession for some time.

Morganton Girl Is Victim Of Shooting

14 MORGANTON, N. C. (AP)—Morganton, April 19—(AP)—Sheriff R. C. Chapman said a 12-year-old girl identified as Adele Gragg, daughter of Mr. and Mrs. Joe Gragg of near Lenoir, was found early yesterday just inside the front door of Grace hospital here suffering from a bullet wound in the head.

She died about six hours later without regaining consciousness. Beside her were found three ten-dollar bills. The person who brought her to the hospital left without being seen by any of the hospital attendants.

Chapman said the shooting occurred at the home of John T. Crump, 28-year-old furniture worker, just across the Caldwell county line, but that details were meager. He quoted Mrs. Crump as saying her husband, returning from a fishing trip, fired into the house to frighten the occupants and as saying he often did this. The Sheriff said the Gragg girl could have been accidentally shot. He said Crump was being sought in connection with the shooting.

Cautions Against Premature Hopes

Hamilton, Bermuda, April 19—(AP)—Richard K. Law, British under-secretary of State for Foreign Affairs, cautioned European people against "false or premature hopes of immediate success" from the British-African refugee conference because of wartime exigencies. He and Chairman Harold W. Dodds of the United States delegation declared at the half-hour opening session, however, that the conferees hoped to find a solution for the "immense problem" of finding further asylum, which could be presented to the United Nations for international action. "The problem is too great for a solution by the two governments here represented," Dodds said in a prepared speech. "Our task will be to point the way and offer much debate proposals as may be possible under war conditions and in the light of what the war effort of the United Nations will permit."

Firms Must Comply With Requirements

Washington, April 19 (AP)—In a report concurred in by WPB Chairman Donald M. Nelson, the Truman War Investigating committee said today it would accept no excuse for fraud upon the government by any industrial firm's failure to comply fully with chemical and physical requirements in tests of plate steel.

Workers in a Michigan refinery fixed up a very low, false door leading to the pay office. On it is inscribed, "You will learn to duck lower if you don't buy a Bond."

# Managers Have Plenty Of Alibies This Season

## Lack of Players And Irregular Training Make Teams Unknown Quantities

By HAROLD CLAASSEN  
New York, April 19 (AP)—If all the indecision expressed by the major league managers on the eve of the second baseball campaign of the present war era were placed end to end it would be as evasive as an Axis communique.

The curtailed training offered by the northern camps playing out the schedule that opens tomorrow with a new type of ball and the war's manpower demands — both of the immediate past and for the coming five months — have combined to make the managers even more reticent than usual.

Only Lou Boudreau, 25-year-old manager-shortstop of the Cleveland Indians, gave an entirely optimistic answer as the Associated Press made its annual pre-season poll of the 16 masters of diamond strategy. "I am very much convinced that the Indians are the team to beat in the American League pennant race," said the youthful chieftain who is starting his second year as boss of the Clevelanders. "My club will be in there all season and definitely is the one that will have to be beat."

His prediction contrasted with that of the country's baseball writers who, in an earlier poll, picked the New York Yankees to win the pennant and meet St. Louis of the National League in the 1943 world series.

Billy Southworth who guided the St. Louis Cardinals to their world title last fall, said he was well satisfied with the replacements for Terry Moore, Enos Slaughter and Johnny Beazley — all stars of the 42 team but now wearing Uncle Sam's uniforms.

"But I am not making any predictions for the coming year," he added, "although we will be speedy on the base paths, have a well-rounded pitching staff and the best catching in the league. We will, as in the past, use our speed to the best advantage."

Jimmy Dykes, cigar-smoking leader of the Chicago White Sox, expressed the thoughts of virtually all the managers when he said "this ought to be a very interesting season because the picture can change any time."

Joe McCarthy whose rebuilt New York Yankees didn't defeat a single major league for this spring but still are favored for their seventh flag in eight years, replied that it is "too risky to make predictions. I can't tell how the Yanks will fare. Nobody can."

"I'm not making a prediction," chimed in Leo Durocher of the Brooklyn Dodgers, "but I will say that I am satisfied with my team and that it is ready."

Bill McKechnie of the Cincinnati Reds was even more silent than customary. "I haven't seen another National League club all spring and with conditions as unsettled as they are, it would be foolish to pick the winner."

Answering a question by asking one was Jimmy Wilson's reply. Told that his Chicago Cubs had some support for the National League crown, Wilson came back with "I won't predict, but a guy would be crazy not to be shooting for first place wouldn't he?"

Frankie Frisch, turbulent mentor of the Pittsburgh Pirates, admitted he was eyeing the first division "but in a war year one doesn't know what to expect. I think the majors will finish the season and draw well."

Casey Stengel of the Boston Braves, Mel Ott of the New York Giants and Bucky Harris, now of the Philadelphia Phillies, promised to be troublesome all season and Stengel saw no reason why his outfit shouldn't finish above seventh place.

Memories of what happened during the seasons of world war tempered Connie Mack's response. The veteran boss of the Philadelphia Athletics, predicted that "there may be a lot of surprises before the sea-

son is over. I think the Yanks are the team to beat although the Athletics will do all right."

The American League's two new managers, Ossie Bluege of the Washington Senators and Steve O'Neill of the Detroit Tigers, both were confident.

Bluege asserted his club was the most improved of any in the circuit and was definitely of first division calibre while O'Neill warned that if "first baseman Rudy York has a big year—and it looks like he may—then watch out for the Tigers."

That warning also was sent out by Luke Sewell of the St. Louis Browns, who declared "it is impossible for anyone to say how the race will come out but I do know that the Browns are not going to be shoved around."

The Boston Red Sox, whose contributions to the armed services includes an entire outfield and one of the game's better shortstops, remained optimistic. Manager Joe Cronin observing that "since all clubs have been hit hard, I look for a real good race."

## Sports Roundup

By HUGH FULLERTON, JR.

New York, April 1 (AP)—New Jersey Senator Warren Barbour hasn't asked our opinion about his suggestion to revive the Joe Louis-Billy Conn fight, but here 'tis. No... Last year we were pretty much in favor of the thing until the surrounding circumstances became a bit too gamey, figuring it was an easy way to raise dough for the army emergency relief and at the same time provide long-range entertainment for soldiers and sailors all over the world.

Now the A.E.R. no longer is sponsoring sports events and we think there's a big difference between letting a couple of brand new soldiers take time out to fight and interrupting the progress of two men who have been in training nearly a year. Besides, after seeing Joe and Billy, it would be tough to go on watching the kind of fighters we've become used to during the winter.

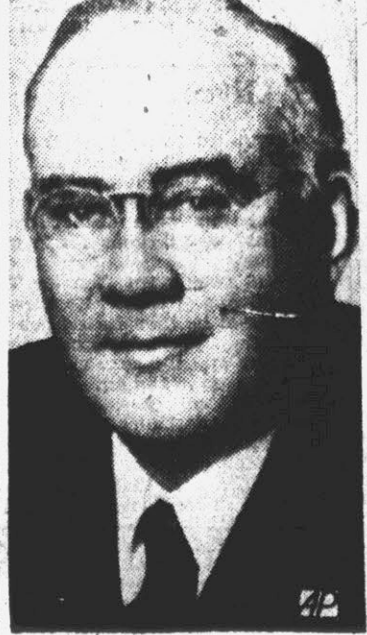

**Deflated**—If Dick Wakefield, the Tiger rookie, had any tendency to get puffed up about his hitting, a fan must let it out of him the other day. Seeing Dick pick a Ted Williams model bat, the bystander said, "You'll know you have made good when Ted Williams uses a Wakefield model."

**Fan's Lament**  
Sonny's on the pitcher's mound; Grandpaw guards first base; Uncle Joe is fat and slow; But still he has his place; You'd never know our slugger's row; To call it that is treason; We ain't got what we used to have; To start the baseball season; We don't need what we used to have; As long as there's a war on; If you think we won't miss those guys; Pally, you're a moron.

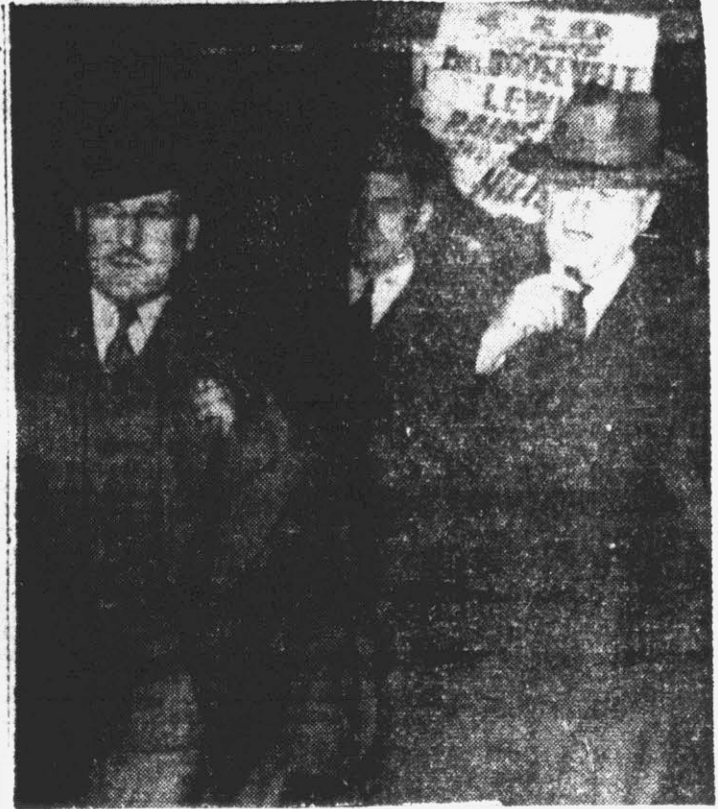

**Monday Matinee**  
Notre Dame's track team, winner in four indoor track carnivals, will split up for the Drake and Penn relays next week-end. When Lt. Col. L. S. McPhail turned up at the Puhlio races Saturday, the only thing he'd say about baseball was, "I like the Dodgers." Lum, the radio comedian, is looking for a new record for lunch betting the first time his horse, gas ration, races at Churchill Downs. Let's hope the boss doesn't come home on a street car like the customers. The slight handicap of a broken arm apiece didn't stop a couple of San Diego, Calif. gals, Goldie Novak and Jewell Salee, from going through with their scheduled bowling match recently. Goldie bowled left-handed and bettered her, regular average. The opening day of the major league season Wednesday also is Joe McCarthy's 56th birthday—and no chance of a postponement on account of weather.

**Today's Guest Star**  
Tommy Fitzgerald, Louisville Courier-Journal. Even though the Kentucky Derby this year is being called the Street Car Derby, women patrons shouldn't expect the jockeys to get up and give them
