

Polish Patriots Head Question Authority Of Government-In-Exile

Churchill Calls Conference In London In Effort To Iron Out Difficulties

Moscow, April 28—(AP)—Soviet Russia's official government newspaper, Izvestia, published an article today signed by Wanda Wasylewska, president of the "Union of Polish Patriots," in which she declared that the Polish government-in-exile with headquarters in London does not represent the Polish people.

"Whom does the Polish immigrant government represent?" she asked. "The Polish people? No, the people did not choose or appoint, and did not give authority to this government.

"The present government undertook the functions of remnants of the Polish government that fled from Poland—the Rydz-Smigly government of the September defeat of Poland."

"The Marshal was interned in Rumania and refugees who saw him there described him as a 'broken man' in December 1940 he was reported to have fled from a Rumanian prison camp after his arrest by authorities investigating espionage plots, and thereafter appears to have disappeared from the news."

"Yesterday Polish circles in Washington were described as expressing a fear that the Polish-Russian situation would be complicated by the setting up of a free Polish regime with headquarters in Moscow, two governments-in-exile then presuming to speak for Poland."

"The Communist party organ Pravda also published a long editorial yesterday attacking the Polish government in exile which it charged with 'treacherous behavior X X X in regard to the Soviet Union in connection with the vile campaign of slander on the occasion of the murder of Polish officers in the Smolensk area."

"In view of the Pravda editorial it was regarded here as difficult to see how the Soviet Union could resume relations with the present Polish government."

London, April 28—(AP)—The Polish government in exile appealed today for the release of all fighting Polish males now on Soviet soil and in a statement declared "the Polish government and nation have no need to defend themselves from any suggestion of contact or understanding with Hitler."

Prime Minister Churchill called the Polish premier and Foreign Minister into conference today for the second day in succession as he devoted practically all his time to an effort to straighten out the diplomatic situation.

Cleveland, O., April 28—(AP)—A severe storm which slashed through northeastern Ohio killed two persons, injured hundreds of others and caused property damage amounting to thousands of dollars.

War plants in Cleveland and Akron were damaged scores of homes were razed from their foundations and power and telephone poles were felled.

Two orphans, Richard Paternoster, 12 and Tony Fernbach, 9, were crushed to death as wind demolished a barn near Medina.

MAY EXTEND JOB CONTROL

Plan Employment Stabilization Program for All Areas

Washington, April 28—(AP)—A job control system devised originally for local areas with labor shortages may be extended soon to the entire country.

The proposal, already approved in principle by the War Manpower Commission's national management-labor committee, is expected to be submitted by Chairman Paul V. McNutt today to the full commission.

If the commission approves, the management-labor committee, composed of three representatives each of management, labor and agriculture, is scheduled to work out a specific "employment stabilization program" for all areas lacking local controls. The objective would be to permit workers anywhere in the country to shift from one essential employer to another for higher pay.

Under McNutt's recent job-wage "freeze" order shifts can be made only in the 70 areas where stabilization programs are in effect. Workers both inside and outside of local programs would be assured of official releases if they were fired, laid-off for long, or were not used full-time at their highest skills.

McNutt's job-wage "freeze" does not affect transfers by those workers for non-essential employers regardless of wage consideration nor does it affect transfers from one essential employer to another at the same or less pay. No releases are required for these transfers.

Apart from that order, however, some area stabilization programs require certain essential workers varying according to the terms of each area's program to get a release before going to another employer, even for less pay.

Navy Gives Report On Ship Sinkings

Washington, April 28—(AP)—The Navy Department says that total allied merchant ship losses exceeded known construction last year by more than a million tons, but stresses that the figure was obtained by subtracting incomplete construction statistics from complete records.

In a statement issued last night the Navy emphasized that while the figures involved did not include "new construction by all of the allied nations," they did include all merchant ships lost, not merely those sunk by submarines.

The announcement came after a conference between the Secretary of the Navy, Knox, and Senator Ralph O. Brewster (R-Me.) of the Senate War Investigating Committee.

Gen. Lear Visits Fort Bragg

Lieut. Gen. Ben Lear (left), commander of the Second Army, visiting the Pope Field air base at Fort Bragg, N. C., receives a warm handshake from Brig. Gen. John T. Kennedy, Fort Bragg's commander. Brig. Gen. Donald F. Pratt of the 101st Airborne Division looks on. The generals spent most of two days reviewing training operations at the fort. The 101st Airborne Division, under command of Maj. Gen. William C. Lee, staged a review in Gen. Lear's honor.

Troops May Be Used To Keep Coal Mines Open

Washington, April 28—(AP)—More than 58,000 soft coal miners stayed away from work today in a wage dispute threatening to develop into a full scale strike in the industry which supplies fuel and power for war plants and motive power for trains.

REDS PLANNING NEW OFFENSIVE

Moscow, April 28—(AP)—Lestvika, the official newspaper of the Soviet Union, called on the Red Army today to prepare for decisive battles "which are in the offing."

The plea came as the Red Army carried on intensive attacks in force against German communications and maintained its sky superiority over the Kuban region of the Caucasus.

All along the lengthy front, Red Air Force fighters and bombers pressed their attacks against the German lines and to the rear, indicating they were providing a heavy backing to German forces being brought up as reserves for future operations.

The current land front still was mostly artillery dueling. Heavy shelling was going on from the Kuban delta, in the Novorossiysk region to the Volkhov front, southeast of Leningrad.

The German radio said German Stuka formations caused heavy casualties among Russian columns pressing westward to attack the Axis Kuban bridgehead and that Soviet supply bases on the sea of Azov coast also were heavily bombed.

The German broadcast, reported by the Associated Press, revealed that 44 Russian planes were brought down in the southern sector but did not say what period the report covered.

MAKE RAIDS ON JAP SHIPPING

Allied Forces Destroy Wireless Station At Gasmata

Allied headquarters in Australia, April 28—(AP)—A 4,000-ton Japanese merchant ship was blasted by a 503-pound bomb and a wireless station was destroyed Tuesday as General Douglas MacArthur's heavy and medium bombers took advantage of improved weather to range far over enemy bases.

A Liberator on armed reconnaissance attacked two 4,000-ton vessels in the Arafura sea 50 miles northwest of Dobo, on the Arore islands. The American-manned bomber scored a hit on the bow of one ship and two near-misses damaging near misses on the other.

A Flying Fortress, following up a raid Monday in which the tower of the Japanese wireless station at Gasmata, New Britain, was toppled, wrecked the entire station.

Along New Guinea's north coast, bombers hit at Japanese holdings from Wewak south and east as far as Milne where A-20s made nine strafing passes over enemy positions in the region of Green's Hill.

Australian Beaufighters made 15 strafing runs during which cannon and machinegun fire were poured into the jungle fringing Labu lagoon, which is five miles southwest of Lae. The enemy has been attempting to conceal supply barges there. It is known from past experience that such strafing attacks invariably take a heavy toll in Japanese troops.

New Delhi, India, April 28—(AP)—United States Liberator's delivered another heavy blow at Rangon, chief port in Japanese-occupied Burma starting fires and severely damaging warehouses in the vicinity of the central railway station on Monday, a United States Army Air Force communique announced today.

Medium bombers also attacked railway targets at Thazi junction 70 miles south of Mandalay, and scored hits on the crane sheds, warehouses, freight yards and the tracks.

Enemy fighters gave battle on both raids, but were beaten off without an American loss.

Airmen Continue Raids On Kiska

Washington, April 28—(AP)—Allied fliers, including Canadians as well as Americans, raided Japanese positions on Kiska island in the western Aleutians 13 times Monday, and destroyed a number of buildings, the Navy reported today.

The last previous report from the Navy here of Canadian participation in attacks on Japanese in the north Pacific came on September 25 when a force of Army bombers and pursuit planes accompanied by planes of the Royal Canadian Air Force attacked installations and ships at Kiska.

Final Battle Looms As Allies Advance On Tunisian Front

Chinese Tots Boost Bond Drive

"Buy National Defense Bonds" That's the slogan of the Chinese sign displayed in New Orleans by the current \$13,000,000,000 war loan drive. The girls, Carmen Chin Hoy (left) and Amy Chin Hoy, hold the sign. The boys, Eugene Chin Hoy and Robert Chin Hoy (right), display bonds they have purchased.

Ickes Says Production Of Gasoline Increasing

Washington, April 28—(AP)—Petroleum Administration Ickes told the Truman committee today there has been a month to month increase in 100-octane gasoline productive capacity ever since Pearl Harbor in the face of continuing air discouraging obstacles.

He predicted that by July "obstacles or no obstacles" we will be producing more fuel every day than the best estimators had believed, a year ago, that we should need by now—or even by next winter, "without the help with construction materials we had to have to carry out our program."

Ickes described as the "last walloping" to the gasoline program WPB Chairman Donald M. Nelson's January order to complete 55 per cent of the Buna-S rubber program at the expense of high octane gasoline.

The committee is inquiring into a dispute involving Ickes' under-secretary of War, Patterson and Rubber Director Jeffers over priorities granted the rubber program.

Ickes said Nelson's order was not as drastic as that sought by Jeffers, which he said he joined the secretaries of war and navy in opposing "all the way to the final decision."

The effect of Jeffers' original demand he said would have been "to set back the completion date of some 100,000 daily barrels of production from plants under construction by some 60 to 90 days," including "a probable loss of 9,000,000 barrels of combat fuel for all time."

Ickes added that he had accepted Nelson's decision, which he said would entail the loss of 4,413,000 barrels of 100-octane gasoline, and proceeded to "work with and not against" the rubber director in evolving a mandatory scheduling for the plants not under directive.

Americans Capture Three Bitterly Defended Hills, While British Continue To Attack At All Points; Air Forces Maintain Heavy Offensive

By ROGER GREENE Associated Press War Editor Allied headquarters announced today that American troops stormed and captured three bitterly defended hills on the road to Bizerte in Northern Tunisia while British 1st Army forces attacked a key height at Medjerda village only 21 miles from Tunis, the capital.

"With the hour of decision fast approaching, Gen. Dwight D. Eisenhower's command said the Allies made 'steady progress' in savage fighting yesterday.

American and French troops punched deeper into both the northern and southern hill barriers of the Tunis-Bizerte zone, and the British 8th Army again surged forward after resting from its whirlwind drive up the coast from the March line.

Both the German and Italian communiques asserted that repeated Allied attacks, launched with intense artillery fire and strong tank support, failed to dent the Axis defenses, but the Germans stressed the "heavy and embittered fighting."

The British 1st army had advanced two miles in its thrust to Medjerda village, marking the closest approach to the capital, and was apparently in position for an attack on Tebourba, 18 miles northwest of Tunis.

The communique indicated that the Germans, fighting desperately to prevent being split into two pockets, were putting up stiffer resistance on the central front guarding the open plain before Tunis.

"Fighting in the Medjes-el-Bab sector has been hard, attack being followed by counterattack, throughout the day," the Allied war bulletin said.

Medjes-el-Bab lies 34 miles southwest of Tunis. In the north, the communique said troops of Lieut. Gen. George S. Patton's Second Army corps again made "good progress" in the hills within 25 miles of the Bizerte naval base. French troops in the same general area were reported.

(Continued on Page Six.) Destroyers Sink Supply Vessels London, April 28—(AP)—Two British destroyers attacking "an unusually large number" of German escort craft in convoy off the coast of Brittany before dawn today, torpedoed and probably sank two supply vessels, and almost certainly sank two of the escorts and caused a motor torpedo boat to blow up with their shell fire, the Admiralty announced today.

Food Conference Plans Blueprint For Health

Washington, April 28—(AP)—How the postwar planners of the United Nations food conference will approach the task of drawing up a blueprint for a new world free from want was apparent in rough outline today.

In announcing the conference agenda yesterday, a State Department spokesman made clear that the delegates convening at Hot Springs, Va., May 18 will not have the power to bind their governments.

Students Eligible To Enter College

High school students not graduating this spring who wish to enter college by the summer term and speed up their training will be able to do so, it has been reported.

In Atlanta we can estimate the position accurately by such comparisons. We must realize that the strategic importance of this type of war is so great that we should have a million men battling on one side had circumstances permitted the employment of such huge armies there.

He who controls the Mediterranean can win the war. That's the slogan for which the comparatively small armies are battling in Tunisia. Actually the 60,000 loss of the Axis represents something like twenty per cent of the enemy's effective forces. We can't be exact about that because some reinforcements have reached Rommel from Italy. However, if Hitler had lost a comparable total out of a million-man army in Russia it would run to about a quarter of a million, perhaps more because of the massive larger forces.

The WAR TODAY

AN ANALYSIS OF THE NEWS

By DEWITT MCKENZIE Someone remarked to me that the 60,000 Germans and Italians announced by General Eisenhower as casualties in North Africa between January 1 and April 15 don't make a very big total in comparison with the total number of troops which Hitler still has in the world.

In Atlanta we can estimate the position accurately by such comparisons. We must realize that the strategic importance of this type of war is so great that we should have a million men battling on one side had circumstances permitted the employment of such huge armies there.

There's a limit to the number of men that can be used in a territory like North Africa. Supply and transport present unusual difficulties. One of the most important reasons is that the Allies are winning through annihilation of forces and destruction of equipment. By an annihilation I mean putting the enemy completely out of action.

CAMPOREE TO BEGIN FRIDAY

More than 125 boys are expected to attend the Boy Scout District camporee on the grounds of Third Street School in Greenville next Friday, Saturday and Sunday.

James T. Uzzie, district field executive, stated today the boys will camp in regulation manner, camp rules will prevail, medical service and fire aid stations will be provided. Experienced executive and leaders will be in charge.

The program follows Friday at 4 p. m. — Registration (Continued on Page Six.)

Hoey Enters Race For Senate Seat

Raleigh, April 28—(AP)—Former Governor Clyde B. Hoey of Shelby will run for the U. S. Senate against Senator Robert R. Reynolds of Asheville in the campaign next year.

The announcement of the 65-year old attorney who was governor from 1937 to 1940 topped developments yesterday in political circles, which included an announcement by superior Court Judge Wilford Warwick of Newton that he would not run for governor.

Boy Scouts To Camp At Third Street School

More than 125 boys are expected to attend the Boy Scout District camporee on the grounds of Third Street School in Greenville next Friday, Saturday and Sunday.

James T. Uzzie, district field executive, stated today the boys will camp in regulation manner, camp rules will prevail, medical service and fire aid stations will be provided. Experienced executive and leaders will be in charge.

The program follows Friday at 4 p. m. — Registration (Continued on Page Six.)

Seaweed Off Coast May Provide New Industry

Washington, April 28—(AP)—Seaweed found along the coasts of North Carolina and Florida may help speed the Japanese world monopoly on the production of agar and provide a new domestic industry, says Representative Peterson (D-Fla.).

Agar is a gelatinous material extracted from a seaweed known as gelidium and is useful for war purposes. The annual United States peacetime consumption was about 600,000 pounds.

New Program On Mutual Network

WINNINGS: A \$100 War bond, \$95 in presents and \$10 in cash would be yours if you draw these cards from Wally Butterworth (above) who handles quizmaster chores in Mutual's new quiz, "Take A Card," to be aired on the entire Mutual network every Wednesday, 8:30 to 9 p.m. EWT, starting April 28th.

In Concert

Lorraine Pritchard, who is pictured above, will be heard in a vocal concert at the college on Tuesday evening, May 4th. Miss Pritchard's mezzo-soprano voice is becoming well known to Greenville audiences through her previous appearance in

concerts and by her singing of a leading role in this winter's production of the opera "Martha." Jean Abeyounis, soprano, Linwood Gurganus, baritone and Denton Rossell, tenor, will be heard on the same concert. The concert will be held in Austin Auditorium at 8:15. The public is invited to attend.

Children's Play To Be Presented Friday

Reports on the expert acting by Director Clifton Britton's "Gold-masquers" in their latest presentation give further assurance that Greenville children and adults may expect a rare performance of "Sleeping Beauty," the fantasy to be presented, under the auspices of the Greenville branch of the A. A. U. W., in Austin auditorium of the college on Friday afternoon and evening under the direction of Mr. Britton.

Certain army officers with theatrical experience and two New York City teachers now living in Goldsboro said, after seeing "Double Door" performed by the Goldsboro players last week, that they "had never dreamed" high school pupils could be real actors and that the performance of these young actors had exceeded many a production they had seen on Broadway. These critics were impressed, too,

by the fact that the director sat in the audience while his youthful stage managers and actors handled everything back stage and on stage. This "born director's" ability to enlist the complete cooperation of his cast and all helpers is one of the characteristics that have classified Clifton Britton as a directing genius. Bringing out latent powers of each player, he guides that player to transform himself into a dramatic character; and he inspires the confidence and the sense of responsibility that permit him to become a spectator. His young students never fail to meet their duties and to fuse them into a dramatic unity of skill and beauty.

Since boyhood Mr. Britton has been directing plays. At the close of his eighth grade, he wrote and directed a pageant and presented it in several towns in Northhampton County. Through high school he directed and acted in plays each year. During his years in East Carolina Teachers College, where, specializing in dramatics, he took both the A. B. and M. A. degrees, he presented plays which would have done credit to any professional director. Now, in his chosen profession of teacher of dramatics in high school, he is having a most successful year in Goldsboro. He is also giving such valuable recreational service to the army men at Seymour Johnson Field that he is officially recogniz-

ed. Mr. Britton was in Greenville during the week-end making final arrangements with the A. A. U. W. for the performance of "Sleeping Beauty," which he says will be his "most beautiful production to date." The Chi Pi Players, the dramatics club which he organized in the college, will assist with lighting effects. The A. A. U. W. is expecting "Sleeping Beauty" to be even more charming than "Little Black Sambo" given under its auspices last year and also trained by Director Britton. Mrs. J. E. Winslow, president of the local A. A. U. W. branch and Miss Louise Williams, chairman of the Children's Theater committee, are working with other A. A. U. W. members, teachers, and Parent Teachers' Associations to make it possible for every child in Greenville to see "Sleeping Beauty" and thus to satisfy the child's deep sense of wonder and beauty.

Acid Indigestion

Relieved in 5 minutes or double your money back when every stomach ailment including gas, sour stomach and heartburn, doctors usually prescribe the fastest acting medicine known for symptomatic relief—medicine like those in Bell-see Tablets. Try Our Want Ads

Jimmy Wallington, ace announcer on Mutual's unique quiz show "Take A Card" which bows in over the Mutual network and W.G.T.C. at 8:30 to 9 p. m. EWT, is probably the first commercial announcer to make the listeners do the singing. Sixteen years after his birth, on October 15, 1907, Wallington entered his home town's college, the University of Rochester, in New York, with ideas of being a doctor. A half-way through a pre-medical course, he decided to become a singer, in hopes of joining a big band and "seeing the world." When he felt that was a stone's throw away, but before long his natural talent singing found him right in the middle of a musical career. He became a leading baritone with the Greater Male Quartet, and later soloist with the Rochester American Opera Company. He also appeared in concert under the baton of Eugene Goossens and Albert Coates, the distinguished conductors. With a short session as "Pro" at a local country club, he helped him to pay for his last year at Union College. By the time he was graduated in 1923, he had changed his mind about doctors. He had become a commercial announcer. Wallington is best known long associated with such comedians as George Jessel, George Price, Eddie Cantor and Fred Allen. He has managed to make himself one of the best known names in radio. One of the numerous high lights in his career was his winning the radio-direction award of the Radio and National Institute of Arts and Letters.

LADIES! YOU DON'T HAVE TO CUT DOWN ON HOME BAKING!

USE OBELISK SELF-RISING (OR PLAIN) FLOUR IN THESE RATION-POINT-SAVING RECIPES

You must not deprive your family of the healthful benefits of nutritious, grand-tasting biscuits and cakes simply because shortening is rationed! Chemists at the Ballard & Ballard laboratory—working in conjunction with nutrition experts of a well-known southern university—have discovered how you can still do as much baking as ever by using Ballard's Enriched OBELISK Self-Rising (or Plain) Flour with from 25% to 50% less shortening.

Imagine! 112 biscuits a week with only two ration points for shortening! Think what this means! With the proper use of shortening and Enriched OBELISK Flour, you can serve four piping hot biscuits a day to each member of a family of four all week long. It takes two ration points for an average quarter-pound pork chop! Which would you rather have—one little pork chop or 112 delicious hot southern biscuits... enough for your whole family to enjoy every day in the week?

Now, by following Ballard's new ration-point-saving recipe for Victory Biscuits, you use only one tablespoon of shortening to every 1 1/2 cups of OBELISK Self-Rising (or Plain) Flour. And by using less shortening you save enough ration points to supply all the butter you need for 112 biscuits! Remember, the quality of your home-baked goods does not necessarily depend upon an abundance of shortening. It's the flour you use that counts.

VICTORY BISCUITS

Have all ingredients—particularly the milk or water—well chilled. To every 1 1/2 cups of Obelisk Self-Rising Flour, add only one tablespoon of shortening. Cut in shortening thoroughly. Quickly add one-half cup of milk, and mix. Pat dough smooth, place on lightly floured board, and roll gently and quickly—don't press—until dough is about 1/2 inch thick. Cut with biscuit cutter and bake in hot oven at 475° F. for only 8 to 10 minutes.

*When using Obelisk Plain Flour, add one teaspoon baking powder and one-half teaspoon salt per cup of flour.

VICTORY CUP CAKES

1 cup Obelisk Self-Rising Flour*
3 tablespoons shortening
1/2 cup sugar
1 egg (whole)
1/4 cup milk
1/2 teaspoon vanilla and lemon

Cream shortening and sugar. Add egg and beat thoroughly. Mix in flour and milk alternately. Flavor. Bake in lightly greased muffin pans at about 400° F. for 15 minutes. Makes 10 to 12 cup cakes.

*When using Obelisk Plain Flour, add one teaspoon baking powder and one-half teaspoon salt.

before. This, together with shortages in other essential foods, means that flour is now called upon to supply more than 30% of the nation's nutritional requirements. When you give up or decrease home baking merely to save the two ration points required for 112 nutritious, grand-tasting biscuits you deprive your family of the needed Carbohydrates, variety of Proteins, Vitamin B₁ (Thiamin), Niacin, Iron, and Calcium that Ballard's Enriched OBELISK Flour provides. Don't take chances with nutrition! Leading authorities say that 3 out of 4 Americans suffer some degree of malnutrition... do not get enough of the right food elements. Home baking will help supply these essential nutritional needs without using up your ration points. So for better meals, better health—bake at home with Ballard's Enriched OBELISK Self-Rising (or Plain) Flour. Sold on a MONEY-BACK guarantee. Valuable premium coupons in each economical sack or convenient carton. Ballard & Ballard Co., Inc., Louisville, Kentucky.

NEWS OF GREENVILLE HIGH

By CORA REDDITT

Senior Class
There will be a senior class meeting tomorrow morning.

Light Opera
The Chimes of Normandy, a light opera by Robert Plaquette, presented this afternoon at 8 o'clock matinee. Tomorrow night at 8 o'clock the final performance will be given. Tickets cost 25¢ and 50¢.

Report Cards
Report cards were issued today. The next to the last reports are due before the final grades are set.

Student Council
Last night at the Student Council meeting there was a report on State Student Council meeting at the Harris Mayo reported on meeting using the information to the Greenville council, who are unable to attend the meeting in Wilmington due to the present world conditions.

Dean Tilley To Speak at School Exercises

Dean John L. Tilley, of the school of Religion of Shaw University, Raleigh, will be the principal speaker at commencement exercises at the Put County Training School on the land on Thursday night, May 20, at 8 o'clock. Dean Tilley is well known throughout the county and is respected as a forceful, well-informed speaker. A number of people from Put and Put counties are expected to attend the exercises at Negro training school. The public, both white and colored, is given cordial invitation to attend. O. A. Rice, principal of the school, is the host.

Damage to railway property by fire in 1941 was the largest in year since 1924.

WAKE UP YOUR LIVER BILE—

At Calomel—And You'll Jump Out of Bed in the Morning Rain! To Go... You should pour out about 2 pints of bile into your bowels every day. If this is not flowing freely, your bowels may not work. It may just develop in the bowels. Then, it floats up your stomach. You get constipated. You feel sour, sick and the world takes those good, old Carter's Little Pills to get those 2 pints of bile flowing freely to make you feel "up and up" a package today. Take as directed. Live in making bile flow freely. Carter's Little Liver Pills. 10¢ and 25¢.

Strength FOR THE DAY
By EARL L. DOUGLAS

NEARER THAN WE THINK

Religion has considerable to say about Judgment Day, and certainly the Bible assures us that at the end of time there will be a great day when the souls of all men will be judged.

But very often we fail to catch the rather obvious implication of all true religion that every day is a judgment day for us all. We are being tested and weighed in every reaction which will power makes to desire.

The poet who wrote these words, James Russell Lowell, was looking upon the parent of life and reporting what goes on in the hearts of everyone of us continually. What the final judgment day will depend upon the way we live every day between now and that fateful hour.

WELL DESERVED PRAISE

Cool heads in time of emergency are always a great asset and according to all reports the common sense of Grifton police and an unknown Negro soldier who pleaded with a mob of more than 300 Negroes at Grifton Saturday night pending arrival of State Patrolmen was probably responsible for averting a serious riot.

SABOTEURS

Why is it that young men are drafted into the armed forces and sent away from home to die on the battlefields, saboteurs and traitors are executed and yet John L. Lewis and his henchmen are permitted to defy the government by ordering coal miners to strike at a time when such action is a threat to our entire war effort as well as to the health and safety of our people on the home front?

Quote--Live Dangerously ...

thinking it's about time for those in charge of our government to stop counting potential ballots and do something about this serious situation. The strikers should be ordered back to their jobs and if they refuse they should be given the same treatment that would be meted out to a soldier who laid down his gun and refused to take part in battle.

what effect this had on the Chinese and Chinese sympathizers here. In some quarters, it is reported that Madame Chiang Kai-Shek was so perturbed that she kept long distance wires hot expressing her dismay.

WASHINGTON IN WARTIME

By JACK STINNETT

Washington--The capital in Wartime. It's a delicate subject, but off the record and in cloakrooms, beer-stubs, and over what there is in the coffee cups, China's situation now and her place in the postwar picture are getting far more attention than has leaked out.

Following that, Winston Churchill came through with his historic message indicating that after the war with the Nazis is completed, no great effort would be needed to wipe up the Japs and that probably a large portion of our armies could be demobilized.

PUBLIC FORUM

DISCUSSING PROBLEMS OF INTEREST TO THIS COMMUNITY. IN ALL CASES NAMES MUST ACCOMPANY ANY COMMUNICATION

RUMI -- JOHN L. LEWIS

These names have been in the news too long, but since we Americans do not use the Gestapo method of eliminating them from the news we will just have to get them out of the limelight by turning the spotlight of public opinion against them.

Last year we in America had the biggest income in all our history. Why? That's easily answered and the answer is because we are at war. These big incomes were made possible because some young American was giving his life in North Africa, Guadalcanal, the Coral Sea or at Midway.

I do not suppose that any one particularly enjoys paying taxes, but surely it must be more pleasant to pay taxes than to be shot at by a murderous Jap. It goes without argument that most of us can pay our income taxes on the present schedule if we will only try hard as hard as we expect our boys to fight. Even though the rates are quite steep most of us will have had more money for our years work than we would have had we not been at war.

John L. Lewis certainly needs a boot heel cut and then if he insists that he is better than the whole U. S. Government then the boot should be used on him other than on his foot. You understand.

GILBERT PEEL

HORSE PRAIRIE BY CLEM COLT

Chapter 20
'Sure! Deckerman.' Chacon repeated. 'She's hire me for rustle cattle from this ranch--long time back five-six year, maybe. I steal the cattle but she's no pay me. Agucell she's get after me and I'm leave this country--whistle! Like the whirlwind! Not see this gringo pig long time. In Naco I see heem and she's give me--'

'Well,' Tubac growled. 'I suppose it's all of a pattern with the high jinks Banker aines has been playin', but I was sure surprised to hear Lot had mixed up in it. Seems,' he said, raising his voice a little, 'Lot--five or six years back--hired Chacon to steal Sam Holeman out the cow business. I guess he would of done it, too, only after the first six months or so Chacon got a mite anxious to collect some of his money. But Deckerman told him to go to hell, an' to make sure he did, went an' sliced the law on Chacon as he had to hightail it across the line.'

'Couple weeks ago Chacon come back quite sudden, an' it seems like Lot didn't want no trouble about it. He paid the Mex all the money he'd owed him--but he paid off the debt with fake money.'

'That was pretty good,' Tubac said. 'You think so?' Tubac stared at him coldly. 'Well, I can tell you this much; Chacon has swore to get even--an' all things considered, I expect he will do it. Wouldn't surprise me at all if he raided this place--cleaned this town out lock stock an' barrel.'

There were tracks of four broncs leading out of here. That meant three guards were keeping tabs on the captive. And unless Tubac was mistaking Deckerman plenty, they would not be run-of-the-mill ranch hands; they would be Texans--hardcase hombres, ired guns who would have all the answers, and then some.

'Step up,' he said, 'the drinks are on me,' and tossed a handful of gold on the bar.

'Then he turned his guile on the fat and aproned bartender, being careful to let enough others hear to make sure the story got round. Lugalbrious of look and with husky voice, he said, 'Too dang bad about Deckerman, ain't it?'

'What's that?' asked a man to the left of Jones. 'Why ain't you heard? About his trouble with Chacon?' Tubac snorted. 'I sposed it was all over the country by now.'

'Chacon?' said the barman. 'You mean that slat-sided Mexican bandit?'

'I don't mean his uncle,' Tubac told him. 'Shucks, I reckon I shouldn't of mentioned it, but I s'posed it was common gossip. The bartender's eyes had a glint in them. 'If it is I ain't heard it. What about 'em? Deckerman didn't catch him, did he? Gor!--there's twelve thousand bucks on that hombre's pelt.'

'Chicken feed!' sniffed Tubac. 'But the barman was not to be put off like that. 'What'd you mean when you claimed it was too bad about Lot?'

Sometimes a well placed boot will cause the receiver to stand on his head. We will get coal and taxes too, let's not worry about that. A skunk is just a pole cat by another name. It's just about time to de-skunk the skunk.

ing in conjunction with nutrition experts of a well-known southern university -- enable home-makers and mothers to do as much baking as ever with 25 to 50 per cent less shortening. Because families in the South are large consumers of biscuits and other home-baked goods, these discoveries are expected to help prevent radical changes in southern eating habits. At the same time, say Ballard and Ballard executives, the new recipes stimulate the serving of foods which provide the amount of energy and nutritive values that work and health demand.

Among the new ration-point-saving recipes developed by the makers of Obelisk flour is this one for Victory Biscuits which calls for only one tablespoon of shortening to every 1 1/2 cups of Obelisk Self-Rising (or plain) flour.

Have all ingredients--particularly the milk or water--well chilled. To every 1 1/2 cups of Obelisk Self-Rising flour add only one tablespoonful of shortening. Cut in shortening thoroughly. Quickly add one-half cup of milk and mix. Pat dough smooth, place on lightly-floured board, and roll gently--don't press--until dough is about 1/2-inch thick. Cut with biscuit cutter and bake in hot oven at 475 degrees F. for only 8 to 10 minutes.

When using Obelisk plain flour, add one teaspoon baking powder and one-half teaspoon salt per cup of flour. By using this recipe, the housewife can bake 112 biscuits--enough to serve four piping hot biscuits a day to each member of a family of four all week long--with only two ration points for shortening. It takes that many points for an average quarter-pound pork chop! Furthermore, the recipe saves enough ration points to supply all the butter required for the 112 biscuits.

Ballard executives point out that housewives who give up or decrease home baking are depriving their families of needed Carbohydrates, variety of Proteins, Vitamin B-1 (Thiamin), Nicotin, Iron, and Calcium that enriched flour provides. By following new ration-point-saving recipes which enable them to do as much home baking as before, city housewives will prevent a dislocation of traditional eating habits in the South, further the government's nutrition program which requires a 33 1-3 per cent increase in flour consumption, and help avoid the expenditure of manpower and critical vehicles required to manufacture and distribute enough

commercially baked products make up for the present decrease in home baking.

Seaweed Off ... (Continued from Page C) by Marine Laboratory, Beaufort. During the course of this investigation, Hume found that one of the locally abundant seaweeds, Ulva lactuca, contains a high percentage of agar.

He found enough seaweed, he believed it would supply a source of raw material for a commercial agar.

Troops ... (Continued from Page One) manded withdrawal of the district from the WLB, charging the board with "malignant prejudice." He said that as matters now stand, there will be no contract April 30.

As his threat was suddenly annulled by spokesmen of Illinois' 1000 progressive mine workers, a list with the American Federation of Labor, and the sporadic walkouts continued to spread, speculation arose as to what the government will do if the strike develops.

The wage issue key to the situation concerns renewal of the palachian contract in which L seeks a \$2 increase in the basic wage, a minimum of \$8 a pay for underground travel and ionization of minor bosses. The palachian fields include m which hire about 450,000 miners.

Ballard and Ballard laboratory--work-

To My Friends In Greenville The City Election will be held next Monday, and of course it will be impossible to see every voter in the City between now and election day. Therefore I take this means of soliciting your vote and support. You know me well, and you know my record as City Judge. I will appreciate your vote and support.

J. W. H. ROBERTS

Coca-Cola advertisement featuring a man in a hat and overalls, with text: 'The rest-pause that refreshes. Welcome in peace... more welcome in war work. War production needs are pressing. No time can be wasted on the job. Rest-pauses planned and timed are the efficient way to make every minute count. They lessen tension, break monotony, and increase output. Add refreshment to a rest-pause and you promote worker-contentment. Ice-cold Coca-Cola is refreshment that does more than quench thirst. Drink it and you feel and enjoy a refreshing after-sense. Its clean, exciting taste always pleases, never tires. Coca-Cola offers something extra. All the difference between something really refreshing and just something to drink.'

ATHLETICS WIN IN TIGHT GAME

Boston and Cleveland Other Winners in American League Yesterday

By JUDSON BAILEY
Baseball is having plenty of woes—the dead ball, poor attendance and the constant drain of the draft—but if you will wipe away this wartime tarnish for a few minutes you will discover a lot of lustre among the unsung rookies of the major leagues.

The early days of the season have been occupied chiefly with a discussion of the game's disappointments and a glance at the proceedings yesterday will easily explain why this has left the performances of the new comers obscured. They don't come under the headlines of disappointments.

Tuesday's tightest struggle was a 16-inning marathon which the Philadelphia Athletics finally won from the Washington Senators 2-1 after both teams had gone scoreless for 5 frames. The star was Jesse Sandovar Flores, a stocky, 26-year-old native of Mexico who came up to the A's this spring from Los Angeles off the Pacific Coast League.

In his first start last Thursday he held the Boston Red Sox to two hits but was beaten 1-0 by Tex Hughson, who pitched a three-hitter in rebuttal. Yesterday Flores was matched with Early Wynn in a pitching duel that was a classic, even if you discount the balks. Wynn was removed for a pinch-hitter in the 14th, but Flores continued till two were out in the 16th, when he finally had to help from Roger Wolff. However, the A's had clipped Ray Scarborough for two runs in the meantime for a winning margin.

In the National League at New York it was young Sid Gordon who highlighted the Giants 11 to 3 conquest of the Boston Braves by walloping a three-run homer in the fifth inning to place the issue beyond doubt. Joe Bruns, who was in semi-pro ball last year, hit a home run for the Braves.

The victory lifted the Giants out of the National League cellar and after the game they got another boost by obtaining Catcher Ernie Lombardi, the batting champion, from the Braves for Catcher Ray Poland and infielder Connie Ryan.

Rookies in the Pittsburgh Pirates a 4-1 triumph over the Cincinnati Reds, too. With the score tied 1-1 in the eighth inning, two freshmen pinchhitters, John Wrotestek and Tommy O'Brien delivered a pair of singles that brought home three runs.

Seasoned performers dominated the other games, although Otto Denning, who is new at first base even if not new to the American League, was the king pin in Cleveland's 4-2 conquest of the Chicago White Sox. He hit two doubles, drove in the two deciding runs and starred defensively with an unassisted double play, 10 putouts and one assist.

Tex Hughson achieved his second victory as the Red Sox handed the New York Yankees their first defeat 5-1 in an odd game in which Boston was held to six hits while the Yanks made 12. Yet New York left 14 runners stranded and would have been shut out except for a 3-base error in the ninth inning by Centerfielder Ford Garrison (a rookie who failed to shine this day).

The Brooklyn Dodgers beat the Phillies 4-2 in a sloppy session marked by seven errors of which four were Brooklyn's. Whit Wyatt made his debut on the mound and was lifted in the seventh inning although he permitted five hits just four hits and received credit for the win.

Detroit's home bow with the St. Louis Browns expected to draw 25,000 fans, was postponed and as a partial result the attendance for the "second openers" seven games, amounted to only 45,404, about half of what club officials had expected.

Sports Roundup

By HUGH FULLERTON, JR.

New York, April 25—(AP)—Another angle on the dying subject of the dead baseball. ... During the spring exhibition season, when the clubs still were using 1942 leftovers major league teams playing against each other averaged 7.42 runs a game (for both teams). ... Since the advent of the season and the Balta ball, the average up to yesterday's games was 6.06 runs and 14.33 hits. ... High score for one team in an exhibition was 13 runs, for the regular season so far, 12 runs. ... Draw your own conclusions. ... Ours is that there's not much wrong with the "baloney" ball that a Ty Cobb or Willie Keeler couldn't cure.

Cheap Joke
Tony Costa, the Woodsocket, R. I. featherweight who outpointed N. B. A. Champ Jackie Caltra Monday night, and his brother, Al, a loser on the same card, have won 35 of their last 39 bouts. ... Apparently it doesn't "Costa" lot to get bouts with them, but it's an expensive process just the same.

One Minute Sport Page
When Wayne University dropped baseball as a non-paying sport, the students took charge and collected enough money to finance a team, so Wayne will play a dozen games this spring. ... Al Voice, vice president of a Philadelphia lithographing company, judges fights as a hobby. He said he gives his fee for each fight to charity. ... The Ogden, Utah, area has 35 former pro-ranking sounds, investigated and

baseball players, either at military posts or working in war industries.

The Du Pont people have turned thumbs down on Meryn Condit's plan to return to the football field's next fall. They say he's too important an engineer to be spared for three months. ... In inviting sports writers to a conference on wartime football Saturday, Howie Odell, tale grid coach and publicity director, cautions: "Due to food rationing, we must know if you will be at the luncheon."

Today's Guest Star
John Mooney, Salt Lake Telegram: "Paul V. McNutt should have had good control to pitch the first ball in opening the baseball season. He's been practicing his control on athletic man-power for several months and he's still in the game."

Over The Old Plate
When Mrs. John Knight Waters, whose husband, Lieut. Col. Waters, is an Axis prisoner, received a trophy at Pimlico's Johnny Waters day, she said it was "a thirty-year-old habit in her family. ... Mrs. Waters' father, Lieut. Gen. George S. Patton, Jr. won several trophies as a rider in Pimlico steeplechases."

Service Dept.
The Del Monte Calif. Pre-Flight School plans a 10 or 12 game varsity football schedule, but Lieut. Al Humphreys, the Navators' coach, has no idea what kind of a team he'll have. The 300-odd players on hand now all will be gone before the season.

Rankin's Report
Of Tobacco Crop
R. C. Rankin, secretary and sales supervisor for the Greenville tobacco market, has issued the following report on the condition of the tobacco crop:

"Until Easter Sunday cool, windy weather continued to retard the growth of tobacco plants; however, considering this handicap, their present condition is generally satisfactory. Stands are irregular because of two or three sowings, and scarce in many beds, but warmer weather for the past several days has brought an improvement in conditions. Blue mold is making its appearance."

"A little tobacco was planted in the early sections last week, mostly from the first sowings and more will be planted this week but it will be next week before any great amount of tobacco is set out and probably May 10 before planting really begins in earnest. Continued warm weather may advance these prospective date a few days; blue mold may delay transplanting further. The greatest and most general complaint from growers is the scarcity and lateness of the plants and an anticipated shortage of labor."

Potato Plants Are Powerful In Clay
By CHESTER WALSH
Howard Mims planted a Victory Garden at his home on Woodlawn Avenue to help win the war. Soil about the Mims' home is of unusual texture. It is a reddish clay. During colonial times there was a brickyard nearby and some of the first brick used in Greenville came from that land. After it rains the dirt is as flexible as rubber, but when it dries it is as hard as a brick.

Mims' principal crop is Irish potatoes. He planted some weeks ago and the vines came up. Frost nipped them and they died. Farmers told him they would sprout again and the linotype built hope. The "rain came." The red clay soil over those seed potatoes dried and hardened like a brick.

Today neighbors, annoyed by pro-ranking sounds, investigated and

observed that Mims' potatoes were sprouting again and were cracking the brick clay soil to come through. The plants look like they've been in the African campaign. They may grow to maturity. He hopes so. Bill Swindell, a neighbor, ran out of gas coupons and left his car parked in the red mud of his backyard. When the ground dried the car wheels were cemented to the brick clay. The car had to remain there until another rain softened the soil.

Rev. Perry Speaks At Pactolus Finals

Baccalaureate services for the graduating class of the Pactolus High School were conducted in the High School auditorium by Rev. J. M. Perry, Robersonville minister, Sunday evening at 8:30.

The subject of Mr. Perry's sermon was "Education for a Christian Society." He pointed out that there was no such thing as Christian isolationism. Rather, he said, the four freedoms was merely a new statement of the ideals of Christ, and that they would never be realized except through a process of Christian education. He expressed the hope that after the final military victory in the present world conflict, that the Allies would invite to the peace table great leaders of the church.

Final exercises for the school year will be held at 8:45 Wednesday evening. Mr. J. B. Lewis of Farmville will address the graduating class and awards and diplomas will be presented by the principal, Mr. Thos. Mayo Grimes.

Prison Terms For Griffon Negroes

In Pitt County court today Rosa Lee Picott, wife of James Picott, and Booker T. and William Henry Payton, her brothers, were found guilty of disorderly conduct and inciting a riot at Griffon last Saturday night.

Judge Dink James sentenced the two men to two years each on the roads and the woman to two years in State Prison. The two men attacked Police Chief Lloyd Manning and partly disarmed him when he arrested Rosa Lee Picott for being drunk and disorderly. The woman resisted arrest while Manning and Constable Herbert Adams were trying to

lock her up. The Paytons, her brothers, interfered while more than 100 Negroes moved threateningly about the jail, defying the officers to lock up the woman. The mob dispersed when it was reported State Highway patrolmen were on the way. The patrolmen cleared the streets of Negroes and restored order. Patrolmen from Greenville and Kinston were on the scene in less than half an hour after called. Lt. Lester Jones was in charge.

The trouble started when Chief Manning arrested Rosa Lee Picott for being drunk and disorderly in a Negro cafe. A Griffon Negro soldier, Jake Coward, on furlough restrained the mob until highway patrolmen arrived. Mayor Ivan Bissett stated.

Diversified Class Banquets Tonight

The students of the Diversified Occupations classes of Greenville High School will honor their employers and trainers Thursday night at a banquet in the Rotary Club. This event, the high light of the social activities of the vocational group, is an annual event.

Sherwood Bullock, president of the group, and Gene Skinner, master of ceremonies for the evening, stated that there will be no formal speeches but a program of humor and music in which the students and employers will both take part. In addition to each student's employer or trainer, a number of guests have been asked to attend to represent the city, the school committee, the advisory committee for vocational education, and the high school faculty.

This year the 16 Diversified Occupations students, spend part of their time working in local indus-

While your stay-at-home car fights ACID!...

INSTEAD of six or eight cylinders you may be using two wheels and two legs—and liking it. But it leaves your car lonely, with time on its hands. Last time you stopped, the engine stored up some acid products of combustion—no different from acids often found in any chemist's laboratory. Acid has always been present when engines stopped. But fortunately when you could drive at will, and when speed was not severely restricted, the results weren't as bad as they can be today.

Now with rationing keeping your car idle for days...with lower speeds that may leave your engine too cool...and with working parts often hard to replace, don't leave your engine stark naked to acids inside. For like water making rust, most acids work fastest on metal that's bare. But you can have the security made possible by OIL-PLATING—the acid-resistant surfacing that's bonded to metal by Conoco Nth motor oil.

Your Spring change to Conoco Nth need cost you no more than some oil or other that cannot OIL-PLATE. But Conoco Nth includes the advanced synthetic especially invented to overlay inner engine parts with protective OIL-PLATING. That's the basis of Conoco Nth patents. And it's the right basis for an OIL-PLATED engine that can help to see you through to Victory. No matter how little you're able to drive—or how much you must!—get Conoco Nth oil this Spring. See Your Mileage Merchant. Continental Oil Company

AND WHILE THE G-MEN UNDER IRWIN ARE CAPTURING HEINIE AND SHELIA, JUG AND SHANGHAI, FROM THE HOUSE TAKE IN THE SITUATION AT A GLANCE!

THE COPS ARE HERE!

LET'S SET THE HOUSE ON FIRE AND SCRAM!

A GOOD IDEA! THAT'LL HOLD 'EM UP--THEN OUT THROUGH THE BASEMENT AND THE SECRET TUNNEL!

THAT'S IT-- GRAB THAT CAN OF GASOLINE!

THERE!! EVERYTHING'S SET--TOUCH HER OFF!

AND WE'LL TAKE CARE OF DAN DUNN WHEN WE GO THROUGH THE BASEMENT! THERE SHE GOES!!

THIMBLE THEATRE - Starring Popeye

AHOY, MISS APRIL MAE JUNE, I WANNA TALK TO YA--IT'S IMPORTINK!

ALAS! ALAS! OH, ALAS!

SCRAM, PLEASE

GOOFY DAME, AIN'T SHE? THA'S ON ACCOUNT OF SHE'S A SWELL ACTRESSK, I'LL BETCHA

CURTAIN'S UP-- TAKE PLACES -- CURTAIN'S UP

ALAS! ALAS! THE WORLD WAS MY OYSTER, BUT I CHOKED ON THE PEARL!

KIN I GITCHA A GLASS OF WATER?

BLONDIE - by Chic Young

CAN I GO DOWN WITH YOU TO SEE THE BURGLAR, DADDY?

NO.. YOU STAY UP HERE WITH MAMA!

BOO-HOO! PAPA WON'T LET ME SEE THE BURGLAR

DON'T CRY DEAR PAPA KNOWS BEST

THERE WAS NO BURGLAR DOWN THERE AFTER ALL

AW THE POOR LITTLE FELLOW HE'S SO DISAPPOINTED

DON'T FEEL SO BADLY DEAR MAYBE A BURGLAR WILL COME SOME OTHER NIGHT

Now Showing: "Mother Of Poil!"

Hog Market
Raleigh, April 28—(AP)—(NCDA)—Hog markets 25 cents higher, with top at 14.25 at Richmond and 14.00 at Rocky Mount.

Poultry and Eggs
Raleigh, April 28—(AP)—(NCDA)—Egg and poultry markets steady on light receipts.
Raleigh—U. S. extras large (clean white) eggs 36 colored hens 25.
Washington—U. S. extras large eggs 38 to 40; fowl receipts too limited to establish prices.

Grain Market
Chicago, April 28—(AP)—Reports of large overnight flour purchases by a leading southwest chain baker and inquiries for flour by the Food Distribution Administration spurred an upturn in wheat prices today. The FDA was asking for 100,000 sacks of flour, equivalent to 50,000 barrels.
At the close wheat was 5/8-1/4 higher than yesterday's finish, May \$1.44, corn was unchanged at 33¢, May \$1.05, oats were 1/2 lower to 1/4 higher and rye was 1/2 cent higher.

New York Cotton
New York, April 28 (AP)—Cotton futures opened 5 cents a bale higher to 5 cents lower. Noon values were 5 to 30 cents a bale higher, May 20.20, July 20.02, Oct. 19.93. Futures closed 15 cents a bale higher to 15 cents lower.

N. Y. Stock Market
New York, April 28—(AP)—Prominent shares lost ground in the stock market today.
Volume was about 800,000 shares. General Motors, backed up by improved earnings, was behind at times but later climbed into the plus column along with Chrysler, Johnson and International Paper.
Among stumblers were U. S. Steel, Bethlehem, Goodrich, U. S. Rubber, International Harvester, American Telephone and Western Union.
Bonds held about steady.

Where It Goes

By The Associated Press
The \$18.75 with which you buy a \$25 war bond will pay for: Seventy-five dozen bandages. Or—Six hundred twenty-five cartridges (.45 caliber). Or—Twelve and a half pairs of flying gloves.
When you buy a \$25 war savings bond for \$18.75, \$18 goes immediately into guns, planes and equipment, the treasury says.

Polish Patriots . . .

(Continued from Page One)
The Polish patriots are being recruited by the rupture of relations between Russia and Poland.
Premier Wladlaw Sikorski and other Polish patriots were summoned to the Prime Minister's official residence at No. 10 Downing street, where Foreign Secretary Anthony Eden also was expected to join in the talks.
The likelihood that the Polish government would withdraw its request to the international Red Cross for investigation of German charges that the Russians murdered thousands of Polish officers at Smolensk was reported by observers who are following the Polish-Russian dispute closely.
In any event, the Red Cross investigation would not have been conducted because Russia had not joined in requesting it. Under Red Cross rules all interested parties must join in a request.
It is believed that Churchill and others sought to persuade Sikorski to withdraw the request as the first step towards restoring relations.

Rotarians Convene In Rocky Mount

Rocky Mount, N. C., April 28—(AP)—Rotarians of the 129th district of Rotary International came here today for the annual convention, streamlined because of wartime restrictions.
The session will get underway tonight with a fellowship dinner at which the speaker will be Dr. T. Roland Wagner of Norfolk, Va.
State OPA Director T. S. Johnson of Raleigh will speak at a luncheon tomorrow, and Governor Broughton will address the Rotarians at the Governor's banquet tomorrow night.
Other convention speakers include H. D. Jones of Graham, past district governor; M. E. Newsome of Durham, past president of Rotary International; Alice Blair of Montgomery, Ala., a director of Rotary; Henry R. Dwire of Durham, and Irvin Monahan of Farmville, past district governors.

Final Battle . . .

(Continued from Page One)
ed with in 20 miles of Bizerte, near the western shores of Lake Achekel.
In the south, the French were officially credited with rolling up gains of more than 15 miles in the last three days in the region of Pont Du Fahs, southwestern gateway to Tunis.
In the air the Allied Air Forces hammered the enemy in a day of "intensive activity," maintaining heavy attacks on enemy troop concentrations, gun positions, tank columns and transport and scoring many hits on their targets.
Flying Fortresses blasted the Axis air field at Villa eldro in Sardinia and covered the whole area with bomb bursts. Airborne buildings were blown apart by direct hits, the communique said.
Two German fuel carriers were sunk by light naval forces in the Gulf of Tunis Saturday night, the announcement said, and a small merchant vessel was sunk off Bizerte.
Three enemy planes were destroyed yesterday and two Allied planes were lost, the official British said.
"The Italian high command's communique, recorded in London from a Rome Broadcast, said 'along the entire Tunisian front enemy attacks carried out with intense artillery fire and numerous tanks failed yesterday.'"
