Americans Landing In Steady Stream On Attu As Fighting Continues

Tokyo Says Japs Are Holding Their Own In Seven-day-old Battle; Accuse United States Of Using Poison Gas; Washington Still Silent On Campaign

Sea-borne American forces are landing a steady stream of reinforcements in the seven-day-old battle of Attu Island, a Tokyo broadcast said today, and heavy fighting is now in progress on the Northern coast of the key Japanese outpost in the Aleutians.

The Tokyo radio said U. S. troops striking in a three-pronged offensive, were attacking under cover of aerial and naval bombardment.

There was still no indication of Japanese warships attempting to challenge the Americans or to bring up reinforcements.

The U. S. Navy, silent on operations in the Aleutians, announced that American submarines raiding in Pacific waters had sunk six more Japanese ships, including a destroyer, for a grand total of 232 Japanese vessels sunk or damaged by undersea action since Pearl Harbor.

As the battle for Attu raged toward a decision, army sources in Washington predicted that a complete American victory was inevitable and that one full day of good weather breaking the dense fog was about all that was needed to conquer the island.

While emphasizing "tremendous numerical odds" in favor of the Americans, a Japanese army spokesman asserted that Japanese garrison troops had made a number of damaging counterattacks and were holding their positions.

The spokesman, Maj.-Gen. Nakao Yahagi, army press chief, was quoted by the Tokyo radio as declaring that U. S. troops attempting to land on the east coast of the 35-mile-long island were "completely annihilated."

The main attacking force, he said, effected a landing on the south coast last Tuesday morning and succeeded in moving inland, but counter-attacking Japanese soldiers assertedly drove them back to the beach that night.

A contingent landed on the north coast in a synchronized attack Tuesday morning, the broadcast said, and a pitched battle is developing there.

The spokesman also made a propaganda charge that the Americans twice resorted to the use of poison gas.

Official Washington quarters still maintained silence on the battle, the last word having come from Secretary of the Navy Frank Knox who declared Friday that the Americans were progressing "very satisfactorily."

Washington, May 17—(AP)—The Navy denied emphatically today claims on enemy radio broadcasts that poison gas had been used by United States troops on Attu Island in the Aleutians.

"Enemy claims that the United States forces in the Aleutians have used gas are absolutely untrue," a navy spokesman said.

The Tokyo and Berlin radios, quoting a Japanese officer, had broadcast reports that American troops began use of gas in the drive to force the enemy out of their Attu Island base.

Elected To Board J. B. Kittrell of Greenville, was among those named to the board of directors of the North Carolina division of the Travelers Protective Association, at their annual convention held in Winston-Salem last week.

Jeffers Gives Facts On Synthetic Tire Production

Washington, May 17—(AP)—Every plant in the synthetic rubber program will be completed by the end of this year, Rubber Director William M. Jeffers reported today, but "the non-essential driver cannot expect new tires for a long time."

Jeffers, in his third progress report, said essential drivers would get 12,000,000 new tires this year—5,000,000 synthetic and 7,000,000 pre-Pearl Harbor tires—and 30,000,000 new tires in 1944.

Jeffers' report followed a warning by Petroleum Administrator Ickes and Price Administrator Prentiss Brown that "drastic steps" will be taken unless east coast motorists cut down on their use of gasoline. Ickes declared military operations require "oceans of oil" and he said the east coast is using considerably more gasoline than the 350,000 barrels a day allotted for civilian use.

ASKS SHAKE-UP OF PERSONNEL

Committee Not Satisfied With Work Being Done By OPA

Washington, May 17—(AP)—Contending "this is the time for doing jobs, not holding them," a house naval sub-committee today recommended a drastic shake-up of OPA personnel and revision of that agency's methods of allotting and rationing food in critical war production centers.

Saying that responsibility for bringing relief to war-affected areas "rests squarely with the federal government," the subcommittee said production of war materials would fall behind if war agencies did not coordinate their activities to bring relief to these sections.

In its report, which dealt particularly with congested conditions in the San Francisco Bay area, the subcommittee attributed to federal war agencies an "utter lack of coordination" and asserted there was a "dangerous lack" of qualified personnel in Washington to deal with such problems.

Urging greater decentralization of authority in war agencies, the report said local and regional representatives, anxious to do a good job, were hampered by "conflicting and over-lapping directives" from Washington.

"In far too many instances the plans and recommendations which local and regional authorities have formulated for the purpose of meeting problems have been ignored and put aside, without even an attempt on the part of Washington to provide a substitute," it said.

"The longer the subcommittee spent in interviewing government workers in the field the more convinced we became that there is a definite and dangerous lack of qualified experienced and capable administrative personnel in Washington to deal with the problems."

"The war effort is bound to be impaired until red tape and confusion is eliminated."

Street Men Join Charlotte Strike

Charlotte, May 17—(AP)—Workers in the city street department today joined employees of the sanitary department in the five-day-old work stoppage in what spokesmen have termed a protest against the retention of John Beebe as head of the department. There are around 80 employees in the street division.

Approximately 80 sanitary department workers quit last Wednesday, and Robert P. Lonergan, international representative of the state county and municipal employees' union, said yesterday that the street division employees had voted to join the sanitary department strikers.

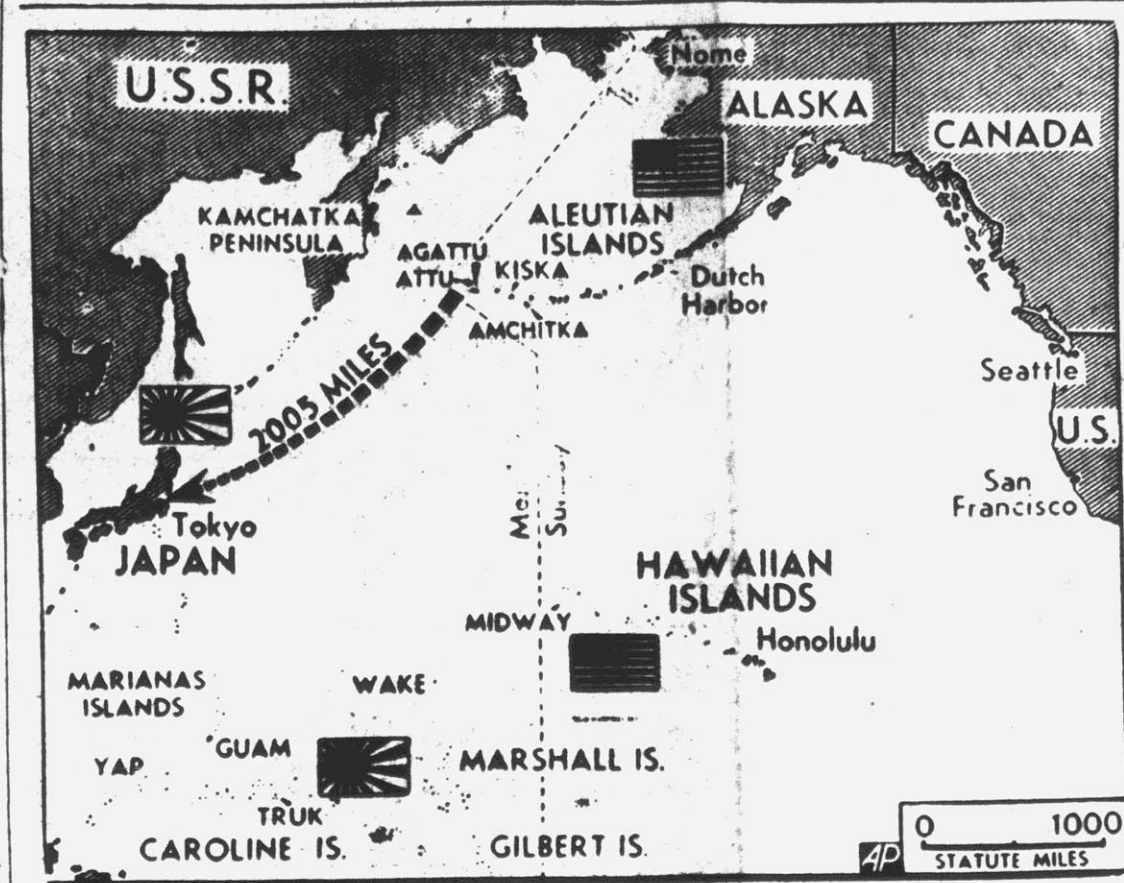

Barbee meanwhile assured residents that their garbage cans would be emptied. He said that 16 of the sanitary department's 22 trucks were in operation as the week ended and that the department would be in full operation by today.

Stores Begin Half Holidays Wednesday

The midsummer weekly half-holidays will begin in Greenville Wednesday, May 19. Stores will close half an hour later. The Wednesday early closing of stores will be general over Eastern Carolina.

At a recent meeting of the association it was decided that the merchants will observe Monday, July 5, as a holiday, since the Fourth comes on Sunday this year.

U. S. Forces Land On Attu Island

U. S. Forces have landed on Japanese-held Attu Island, the Navy said, and are battling enemy troops. Attu, westmost of the Aleutians, is 2,905 statute miles from Tokyo and was occupied last year along with Kiska. U. S. occupation of Amchitka was announced only recently.

Mussolini Working To Tighten Home Defense

Rome Radio Denies King Emanuele Plans to Abdicate

Bern, May 17—(AP)—Italy's grave position as an Allied-controlled Mediterranean sea base was being hammered home to her people today as a part of Premier Mussolini's redoubled efforts to tighten his defenses, reports reaching neutral Switzerland said.

At the same time the situation confronting Mussolini gave rise to a flood of rumors concerning the internal situation in Italy, the most sensational of which was a report by the Morocco radio that King Vittorio Emanuele would abdicate in favor of Crown Prince Umberto.

These reports were without any confirmation, however, and telephone calls later in the night by neutral journalists gave no indication of any unusual situation.

The Rome radio in a domestic broadcast recorded by the Federal Communications Commission discounted the rumor. It said the King was present today at the opening of the fourth annual art exhibition in Rome and was "the object of manifestations of devoted affection on the part of the crowd which gathered in front of the exhibition building."

A Bern dispatch broadcast by the Moscow radio today quoted Hill sources as saying that General Vittorio Ambrosio, chief of the Italian general staff, had presented his resignation to Premier Mussolini.

The broadcast was recorded by the Associated Press. (Continued on Page Four)

At the same time, Soviet dispatches told of artillery attacks all the way from the Kuban to the Baltic sea in which German pill-

Bankers In Annual Meeting In Raleigh

Raleigh, May 17—(AP)—R. P. Holding of Smithfield, president, headed an array of speakers billed for addresses before the North Carolina Bankers Association at its 47th annual convention here today.

Others include Governor Brough, Marshall R. Diggs of Washington, J. Stanley Brown of New York, Dr. John Bradway of Duke University, Hugh Leach of Richmond, Va., Harold E. Randall of Boston, Mass., and Edward Wayne of Raleigh, secretary of the association.

TO MAKE FINAL BATTLE ON TAX

Republicans Claim Sufficient Support To Pass Bill

Washington, May 17—(AP)—Speaker Rayburn (D-Tex.) said today Democratic leaders will make a third and final battle against a modified Ruml plan when the House votes tomorrow on whether to accept a senate bill embracing the skip-a-year income tax proposal.

The party leaders made their decision at meeting with Rayburn while house Republicans simultaneously claimed sufficient strength to send the senate version to the President's desk.

Republican Leader Martin of Massachusetts said he understood "at least six" house members previously opposed to the skip-a-year pay-as-you-go bill, now are ready to support the modified Ruml measure.

This would be more than enough to overcome the 206 to 202 defeat suffered in the house two weeks ago.

Rayburn expressed confidence the Democrats could muster sufficient votes to send the bill to a conference for a compromise effort.

Meanwhile, some legislators signaled that Mr. Roosevelt might not veto the bill if passed as previously indicated, because of the Treasury's desire for a 20 per cent withholding lev on wages and salaries to be applied against taxes on individual incomes as now assessed.

The President in the past has expressed vigorous opposition to the cancellation of a full year's taxes. If he were presented with the modified Ruml plan a veto would kill the withholding lev as well as the year's tax cancellation.

The WAR TODAY AN ANALYSIS OF THE NEWS

By DEWITT MACKENZIE While mushroom rumors of Italy's impending collapse undoubtedly are watered by wishful thinking and therefore should be regarded with great caution, there can be small doubt that the little kingdom is indeed rocking and that Mussolini the Duce is in a bad way.

Reports from London that Hitler is planning to withdraw and leave his Italian stooge to stand off invasion alone don't sound wholly unreasonable. Undoubtedly the future up to this juncture has been prepared to defend Italy strongly, but the elimination of the Axis from North Africa has changed the Mediterranean picture entirely.

As things stand, Italy is a very bad insurance risk. So long as Hitler held powerful air and submarine bases on the North African coast he had a good chance to defend Italy, and gave indications that he intended to do so. Now, however, the Allies possess the African bases, rendering Italy highly vulnerable to attack.

If and when the Allies attempt invasion much must depend on air power. They now hold overwhelming aerial superiority and unless Hitler should rush a large section of his already weakened Luftwaffe to the defense of his colleague—a move which might be suicidal—

Mussolini likely would be quite unable to withstand the assault. The Anglo-American air fleets are making heavy inroads on the Italian mainland. Last night a force from Tunisia successfully raided a seaplane base only fifteen miles from Rome which lacked the defense to stand off the attack. On the whole it is a sore thorn of Italy that now projects down the Allied controlled Mediterranean.

British Burst Huge Nazi Dams In Raid

Says Lewis Challenges Country's Sovereignty

War Labor Board Orders Soft Coal Operators Not to Resume Negotiations

Washington, May 17—(AP)—The War Labor Board risked its existence today in an all-out, head-on conflict with UMW president John L. Lewis.

Interpreting the mine leader's refusal to appear at a WLB meeting to arrange a resumption of collective bargaining in the coal wage dispute as a defiance of "the lawfully established procedures of the government," the Board instructed the soft coal operators not to proceed with negotiations "until both parties are ready to proceed under the instructions of the division of the board."

"No other agency of government," the statement added, "is now authorized to direct otherwise."

The possibility of another tie-up of the industry thus became more acute, with expiration of the present 15-day truce under which the mines have been operating due at midnight Tuesday.

The board made no official reference to the truce and Lewis has declined to say whether he would extend it. He said yesterday he was ready to bargain with the operators at New York but refused to make his arrangements through the board as it directed.

The WLB made known its views, first, in a formal statement declaring the issue is whether Lewis "is above and beyond the law" applying in a transcript of a closed meeting held by division of the board with the operators.

In its formal statement the WLB said, "The issue now confronting the nation in the dispute is whether Mr. Lewis is above and beyond the law which apply to all other citizens of the United States."

"The labor dispute in this case, like all other labor disputes, is within the jurisdiction of the national War Labor Board under executive order 9017 of January 12, 1942. Under the national policy of economic stabilization established by the act of Congress of October 2, 1942 and the president's executive order of October 3 and its supplements, issued in accordance with that act of Congress, if any wage adjustment is justifiable on the merits it must be approved by the War Labor Board; and if it is such as to require an increase in the price of the product produced, then it could not be put into effect until it is also approved by the director of economic stabilization."

"The law applies to the coal miners and coal operators as well as to every other citizen of the United States."

Hull Advocates Treaty Renewal

Washington, May 17—(AP)—Secretary Hull advocated renewal of the administration's power to negotiate reciprocal trade pacts today with the assertion that the time has arrived to "chart the general direction of our post-war course and begin to make decisions on policies."

Appearing before the Senate Finance committee in behalf of house legislation for a two-year extension of the trade agreements act, Hull testified that a "clear cut extension" of this authority would be of "even greater historical significance" than its original adoption.

The secretary of state said that the proposal to renew the executive authority to make reciprocal trade agreements with other countries presented congress "with the first significant test of the country's basic sentiment toward the future." A vital factor in the economic, political and peace structure of the post-war years is involved, he said.

Pitt County Man Wounded In Action

Washington, May 17—(AP)—The War Department today announced the names of 457 American soldiers wounded in action in the European, Middle East, North African, Pacific and southwest Pacific areas. The list included:

Wounded in North African area: North Carolina: McLawhorn, Pvt. Sothey S. Mrs. Dearie H. McLawhorn, mother, route 3, Greenville.

Judge Stevens To Speed Court Term

Judge Henry L. Stevens of Warsaw convened a civil term of Superior Court here this morning. There are no very important cases on the calendar for hearing, Clerk J. Frank Harrington stated.

While presiding over a recent term of court here the Duplin county jurist reminded court officials the solicitor and members of the bar that people are busy in war work, particularly farmers, and he disposed of a two-week docket before the first week was half gone.

When he arrived today Judge Stevens informally reminded all concerned of the importance of disposing of the calendar and permitting the people to get back to their work.

Twelve divorce decrees were granted during the forenoon session today. Two-thirds of them were white couples, and nearly all the plaintiffs were women.

Sugar

Washington, May 17—(AP)—The current sugar ration will remain unchanged in the next rationing period beginning June 1, the Office of Price Administration announced today.

Sugar stamp No. 13 in ration book No. 1 will become valid June 1, and will be good for five pounds of sugar through August 15. This maintains the current ration of five pounds of sugar for a period of two and one-half months. Stamp No. 12 expires May 31.

OPA said it made the announcement of the next ration to enable the sugar trade to plan its operations well in advance, and thus make the best use of plant, labor and transportation facilities.

CONFERENCE TO BAR PRESS

Representatives On Hand For Opening Talks Tomorrow

By WADE WERNER

Hot Springs, Va., May 17—(AP)—American surrogates stepped in luxury, delegates to the united nations food conference will arrive tomorrow to determine how to squeeze a decent living for 2,000,000,000 people out of \$4,000,000,000 acres of productive land.

Quartered in the lavishly appointed 600-room homestead hotel, representatives of 43 countries will spend the next two weeks drafting the first rough outlines of a more comfortable post-war world.

There are 100 miles of bridle trails and scenic paths, swimming pools, tennis courts, golf links and a private theater. There is no bar but drinks are available at a club.

The hotel grounds, stretching over 17,000 acres in the Alleghenies, will be carefully guarded by some 200 steel-helmeted soldiers to keep the delegates out of reach of inquisitive eyes and ears.

Newspaper reporters assigned to this first major conference on post-war plans will be denied access to any but the opening closing sessions, and their every move about the grounds will be under watchful eyes of armed troops.

The impression was that every effort will be made to shield the delegates from all questioners they do not want to see.

The reporters may not seek out delegates in the hotel, although (Continued on Page Four)

Hershey Opposes Draft Legislation

Washington, May 17—(AP)—Opposing legislation which prohibits inductees from joining all other manpower is sponsored, Maj. General Lewis B. Hershey testified today that "we may run out" of other draft registrants about August 1.

Appearing before the Senate Military committee, the Selective Service director also made known that "a good many" men now classified as 4-F would be liable to meet the maintenance of a bond, the relationship that approximately 2,577,000 men have been placed in the 4-F category for physical and mental defects, illiteracy and other handicaps.

Hershey explained that "psychiatric rejects" are predominant. Representatives of the war and navy departments joined Hershey in objecting to the house-approved bill which would require the filling of draft quotas on a state-wide basis instead of a local board basis as at present.

The measure also establishes four induction categories necessitating the drafting in order of registrants without dependents; those with financial dependents but without a bona fide family relationship; married men without children; and maintainers of a bona fide relationship with their wives, and, lastly, fathers married before December 8, 1941.

Greenville Man Takes Part In Bombing Raid

By MURLIN SPENCER

Somewhere in New Guinea, May 15—(AP)—Deaths of A-20 attack bombers' hard-flying youths who have seen more enemy positions from just above the tree tops than any other of General Douglas MacArthur's airmen rejoiced in their jungle camps tonight.

It happened at Lae in northern New Guinea shortly after noon when the hard-hitting attack planes swept in on the airfield, catching the Japanese completely by surprise. Their blazing machineguns poured streams of bullets into 10 Zeros and twin-engine bombers.

Capt. Donald Good, Eugene, Ore. was flight leader. His fliers included Lieuts. Turner Messick, Burlington, N. C.; Charles H. Mayo, Greenville, N. C.; Jack Taylor, Canton, Ill.; John C. Conn, Louisville, Ky.; Joe Moore, Canton, N. C.; Hayes D. Brown, Wiggins, Miss.; William Neal,

Berlin Admits Heavy Casualties; North African Air Forces Make Raid On Italian Base Near Rome; Germans Strike Back With Heavy Attack On London

London, May 17 (AP)—British bombers attacked Berlin, the environs of Rome, the Ruhr and the Rhineland last night and burst two of the largest dams in Germany, flooding the valleys of the Ruhr and Eder in huge waves.

Today by daylight four-engine bombers and squadrons of fighters fanned out over the continent in heavy raids.

No details were announced but the Paris radio said that the RAF bombed Bordeaux, France, during the afternoon, causing fatalities.

Sir Archibald Sinclair, Air Minister, said walls of the Mohne and Eder dams were broken. One backed up 134,000,000 tons of water and the other 302,000,000 tons, he said. Their destruction constituted a powerful blow to industrial Germany, he added.

The Germans themselves reported officially on the Berlin radio that the floodtide took a heavy toll of casualties.

Both dams produced hydroelectric power for Ruhr valley industries. The German yearbook lists only 30 dams, so the RAF's night work probably was a great blow to German industries, it was stated. Repairing dams is a lengthy task.

Subsequently, an Air Ministry communique said the Mohne dam had been breached for 100 yards and the lower section beyond was swept away by rushing water. The dams were attacked with mines.

The Eder dam, controlling the headwaters of the Weser and Fulda valleys, also was breached and "photographs show the river below the dam in full flood," the ministry said. The communique said the two dams controlled two-thirds of the water storage capacity of the Ruhr basin.

"The attacks were pressed home from very low level with great determination and coolness in the face of fierce resistance," it said.

These fliers and others like them have been going on in Lae, Salamaua, Finschhafen, Madang and before the Papuan campaign drove out the Nipponese on Buna to find Japanese anti-aircraft fire waiting for them if they strayed from 50 feet or 1,000 feet they were under attack from the ground.

But today was different. "We caught the Nips by surprise," said Capt. Good. "We came on our truck and the surprised Japs fled into the woods."

"When we hit the airframe there were two Zeros on the runway with their engines warming up and they didn't get a chance to leave the ground."

The pilots reported four Zeros were on the ground with either six or seven bombs, but said some (Continued on Page Four)

## Forty Years Ago Today

THE DAILY REFLECTOR  
May 17, 1903

Early peaches are ripening. The weather bureau tried all last week to bring rain but failed. The ice season has come without an ice plant in Greenville.

The man with the hoe has gone to chopping cotton. Will the street sprinkler ever come out again? It was never needed worse than now.

These are dull times in town except on cotton exchange. Greenville has an over supply of loafers but you can't hire one of them to work.

**Attend Homecoming**  
Mr. and Mrs. A. E. Gibson attended the annual Homecoming exercises at Hawfields Presbyterian Church in Alamance County Sunday.

Mr. Gibson delivered one of the principal addresses of the meeting. Other speakers on the program were the Rev. Arthur Vann Gibson, pastor, First Presbyterian Church, Sanford, N. C.; Governor J. Melville Broughton, Commissioner of Agriculture, W. Kerr Scott and Rev. N. M. Fleming, pastor of the church.

Hawfields Presbyterian Church was founded in 1755 and is one of the oldest churches in North Carolina. Its present pastor is the brother of Mr. John Fleming of Greenville.

Ensign A. E. Gibson, Jr. and Jimmie Gibson accompanied Mr. and Mrs. Gibson on the trip.

**Dinner Guests**  
Sunday evening the seniors of the commerce department of the college were dinner guests of the commerce faculty at the home of Dr. and Mrs. E. R. Browning on Eighth Street.

Favors in the form of a diploma conferring the degree of "Good Fellow" were given each guest. Following the delicious dinner, the group was entertained by a game in which each member drew a card and performed according to the instructions on the card.

Sixteen seniors in the department will receive their degrees on May 31.

**Travis Hooker Bible Class**  
Travis Hooker Bible Class of the Eighth Christian Church will have a barbecue chicken supper Thursday night at 7 o'clock at Respass.

**Harris-Faust**  
Miss Paulene DeVere Faust of Elkhart, Indiana, became the bride of Lieutenant (jg) William Chester Harris, Jr., of this city, in a double ceremony solemnized yesterday afternoon at the home of the groom.

The Reverend G. W. Perry, pastor of the Jarvis Memorial Methodist Church, was officiating minister; and the nuptial music was rendered by the Misses Jean Aveyoums of Greenville, soloist, and Dorothea Massey of East Carolina Teachers College, accompanist, both of whom wore a corsage of red and white carnations.

The altar was artistically decorated with candelabra among white carnations, gladioli, and snapdragons which brightened a background of greenery.

Prior to the ceremony, Corporal Baxter Clark of Fort Bragg and Pfc. George Aveyoums of Camp Claiborne, Louisiana lit the cathedral candles which stood in branched candelabra on either side of the altar and the candles in the dining room.

The bride, unattended, was met at the altar by the groom. She wore a misty blue crepe suit trimmed with dyed silk lace and used white accessories. Her shoulder was of white sweetheart roses snowed with gypsophila. The groom was in white dress uniform.

The mother of the groom wore a dress of black chiffon with a corsage of red roses. She was escorted to the wedding scene by her husband.

Among the instrumental number supplied were "Isaiah" and "On Wings of Song" and Schubert's "Serenade." Evening Star" from Tannhauser was used during the ceremony. Vocal solos included "I Love Thee" from Grieg and Gounod's "Ave Maria."

Following the ceremony, the wedding guests were received into the dining room where punch was served. The table was covered with a cloth of embroidered with white work and was arranged with white candles on either side of the punch bowl, which was surrounded by a design of white roses and fern.

The bride is the daughter of Mr. A. W. Faust of Elkhart, Indiana and the late Mrs. Faust. She lived here formerly and is a graduate of the Greenville High School. She holds the position of assistant to Dr. R. F. Wilcox of Elkhart.

The groom is the son of Mr. and Mrs. W. C. Harris of this city. He is a young officer of the United States Navy Reserve who entered the service prior to Pearl Harbor. He is at present engaged in foreign combat.

The couple left shortly after the wedding for Florida. After a brief honeymoon the groom will return to duty and the bride to her home in Indiana.

### College A.C.E. Installation

At its regular meeting Tuesday night, May 11th, the college branch of the Association for Childhood Education installed its new officers with a candle lighting ceremony. Adeline Eura presided over the service and welcomed the new officers, advisors and seniors. Both the old and new officers came forward as the old officers read the duty of the new and lighted her candle.

Caroline Miles, the old president, presented Dorothy Whitley, the new president with the A.C.E. pin at which time the response was given by members of the association who pledged their loyalty to the year's work and to the new officers were asked to state the objectives of the A.C.E. in closing, and some things seniors can do in the present emergency.

The following officers were installed: Dorothy Whitley, president; Mybil Beaman, 1st vice-president; Wilma Dean, 2nd vice-president; Mickey Bayette, 3rd vice-president; Gladys Davis, corresponding secretary; Helen Blanchard, recording secretary and treasurer; Hazel Jones, publicity chairman; Ruth McLean, publications representative; and Carol Leigh Humphries, Echo reporter. The advisers of the association are Miss Rainwater and Miss Coates.

### Athenum Book Club Meets

A most interesting meeting of the Athenum Book Club was held at the home of Mrs. W. H. Bradshaw, Tuesday afternoon. Her lovely home on Fifth Street was beautiful with spring flowers. After a short business session, presided over by the president, Mrs. J. B. Summings, Mrs. Bradshaw then introduced her guest speaker, Mrs. B. Sugg. In a superb manner, Mrs. Sugg gave some history of Alaska and sufficient geography to give proper setting to the prime importance this country of Alaska is to us today and will be in the future. The speaker skillfully wove many details concerning this country into her subject and left with readers a store of organized knowledge regarding Alaska which may be termed our fortress against the Orient.

Following the business session and this interesting program, Mrs. Bradshaw invited her guests into the beginning room for a delicious salad course. Guests of the club and Mrs. Bradshaw were Mesdames Sugg, Taney and Carr.

### Lovely Party

Grifton, N. C. — Mrs. A. D. Wall was hostess on a recent evening at her home here at an enjoyable party. Lovely arrangements of summer flowers were used throughout the room where three tables were laid for bridge. Following progressions the high score was held by Mrs. Edward Hart and the second high by Miss Margaret Jackson. They were remembered with attractive gifts. Other players were: Mrs. Roy Jackson, Mrs. Wiley Gastine, Mrs. F. L. Cox, Mrs. Elmo Smith, Mrs. Ben G. Tucker, Mrs. Carey Garris, Mrs. Clay Burney, Miss Edith Hart and Miss Louise Newborn.

Mrs. Wall served a delectable chicken salad plate with tea and sandwiches.

### Entertains At Bridge

Grifton, N. C. — On Thursday night Miss Marie Chapman was a hostess at her home here. The home ensuite was beautifully decorated with roses, ragged robins and sweet peas. Six tables were in play and the high score for club members went to Mrs. H. P. Quinly and the second high to Mrs. L. D. McCotter, the visitors prize went to Mrs. Cecil Cobb, they were given defense stamps. Making up the tables were Mrs. Alton Chapman, Mrs. Jack Chapman, Mrs. A. D. Wall, Mrs. Jack Tucker, Mrs. T. J. Williams, Mrs. Paul Bradley, Mrs. L. Mewborn, Mrs. Eleanor Gowder, Mrs. R. B. Mewborn, Mrs. Ivan Bissette, Mrs. R. A. Nelson, Mrs. George Sugg, Mrs. Vance Wall, Mrs. Clay Burney, Mrs. Roy Jackson, Mrs. Edward Hart, Mrs. Josh Worthington, Miss Louise Mewborn, Miss Bert Johnson, Misses Marjorie and Hazel Patrick. Miss Chapman served a salad plate with sandwiches and iced tea.

### Grifton Book Club Meets

Grifton, N. C. — The Grifton Book Club met on Friday afternoon at the home of Mrs. Jack Tucker. Mrs. W. I. Bissette presided at the meeting. After the response to roll call with current events, Mrs. Tucker gave, in an interesting manner a talk on Wedgehead the Master Potter. This talk was illustrated with pictures of some of his works.

Mrs. Tucker served a congealed salad with iced tea.

### Christian Science Service

"Mortals and Immortals" was the subject of the Lesson-Sermon in all Christian Science Churches and Societies on Sunday, May 16.

The Golden Text was from II Corinthians 5:16. "Henceforth know ye no man after the flesh."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Know ye that hath made us, and not we ourselves; we are his people, and the sheep of his pasture." (Psalms, 100:3).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mortals are not like immortals, created in God's own image; but infinitesimal, being all, mortal consciousness will at last yield to the scientific fact and disappear, and the real sense of being, perfect and forever intact, will appear." (Page 295)

### To Appear in Concert

Josephine Gibson, daughter of Mr. and Mrs. A. E. Gibson of this city, who will appear in a vocal concert at the college on Tuesday evening. Miss Gibson who has only recently become a freshman at the college was heard this year in a leading role of the high school operetta "Chimes of Normandy." She will be heard singing a group of songs on a program which will feature Camille Jernigan, pianist, and which will also introduce six other new singers.

The program which is given by the music department of East Carolina Teachers College will be held in Austin Auditorium and is free to the public. It will begin at 8:15.

## Library News

### The Keepers Of The Home

Looking over the current magazines at the Sheppard Memorial Library one is surprised to see so many articles on juvenile delinquency. Six magazines feature one or more such articles, the Atlantic leading with two splendid ones under the heading, "Children Out of Hand." Crime among the very young, from seven to fifteen, has increased so rapidly that preachers, teachers and social workers are alarmed and are asking where the keepers of the home are.

Three of these articles attempt to offer guidance to parents during wartime when juvenile delinquency is always one of the problems to be solved. One article stresses the fact that it takes more intelligence for the job of parenthood than any other job. Another tells of a recent survey made by Columbia Teachers College, among high school boys and girls, that brought out strikingly a definite relationship between the attitude of parents toward their children and the tendency of those children to behave in certain ways. Still another article begs for more discipline and corporal punishment and protection for the teenage girl.

Following are brief resumes of these articles.

"The Reform School" by Chester Lee White. In Atlantic — You have heard of Juvenile Delinquency — here is what those abstract words mean, in the flesh.

"The Slum School" by Grace Irwin. In Atlantic — An unsolicited article, by a former teacher, who speaks with experience and indignation of what juvenile delinquency really means in the metropolitan areas. The author appeals for more discipline than has recently been allowed in our public schools. She also pleads for better teaching, better equipment and less crowding in the slum schools.

"You Are Needed On The Home Front" by Clara Savage. In Parents Magazine — Points out the problems facing us today with adolescent children to awaken the public to the responsibility of the welfare of the family. Believes there is a more fundamental way of handling children than restrictive meas-

### Brothers In Armed Services

A Teacher Looks At Delinquency — by Samuel Tenebaum — In Ladies' Home Journal — Tell why the school must be more concerned with the possibilities and the problems of children, than of a book-bound and rigid curriculum. Public schools are to make gentlemen and ladies rather than specialists. "A Key To Conduct" by Donita Saler. In Parents Magazine — A discussion of why some boys and girls are rebellious troublemakers and other friendly and cooperative? Parental attitude makes a difference. "Trouble On The Street Corners" by Eleanor Lake. In Reader's Digest — There is an alarming increase in venereal disease among boys and girls in many parts of the country. This article tells of the tragic consequences to this nation unless an increased effort is given to the moral prevention of infection. Startling statistics are given such as that a year 75 per cent of venereal infection in armed forces in United States could be traced to professional prostitutes, while today 80 per cent of it comes from young casuals and amateurs. "A Boy Needs A Man," by Ann Kelton. In Parents Magazine — With so many homes now temporarily manless this mother's experience of rearing a fatherless son is particularly timely. "Growing Up In Wartime," by James Lee Ellenwood. In Good Housekeeping — In time of stress young people feel a pressure to grow up and all their emotions and personal problems are intensified to such an extent that parents have to be doubly on guard.

### People Go Home Earlier Saturday

By CHESTER WALSH

Police and other law enforcement officers report fewer law violations over the week-end since the sale of beer and wine was prohibited from midnight Saturday until Monday morning at 7 o'clock. State highway patrolmen say there are fewer traffic violations on highways, although motor traffic has doubled since the pleasure ban on driving was lifted some weeks ago.

The streets in Greenville were clear of pedestrians earlier Saturday night than in a long time. It was observed. Nearly all of the stores are closing earlier. The public is doing its buying earlier in the night. By 10 o'clock Saturday night there were very few persons in stores that were open and in cafes, and they were mostly clerks and other store employees, who had just gotten off duty.

### New Paintings At Local Art Gallery

By LUCY CHERRY CRISP

The new show opening today at the Community Art Center gallery, in Sheppard Memorial library, comes to us from the American Federation of Arts and will be shown here until June 1st.

Under the title "The American Scene," this show is made up of 28 large and excellent reproductions of paintings in water color and oils by artists whose names are up among the top ranks of American artists of today, among them Emil Ganso, Henry Mattson, Arnold Blanch Aron Bohrod, Doris Lee, Ernest Flene, and others similarly well-known.

It is a beautiful show—one to be seen not once, for a passing glance, but as often and as long as time will permit during its two week's appearance here. Several of the landscapes are of the kind that could be lived with day after day—pictures to come back to time and again for enjoyment and for the renewal of inner peace that their quiet serenity and sunlit beauty brings.

The gallery is open each week-day afternoon, Monday through Saturday, from 3:00 to 6:00 o'clock, and on Tuesday night from 7:00 to 9:00.

### Gives Warning Be Ready Blackouts

By CHESTER WALSH

A state civilian defense official today reminded that householders, businessmen and others should be on the alert for an unannounced practice blackout here at all times. Washington officials expect that Germany, to build up morale in the fatherland, will make an air attack on the eastern coast of the United States before the Allied Armies secure unconditional surrender.

The defense official cautioned about leaving home nights with lights burning and of business places and stores failing to make arrangements to dim lights when an air raid warning is sounded.

The Board of Aldermen some time ago adopted a state-approved city ordinance providing a fine or imprisonment for persons who violate the blackout rules.

The new siren installed on the City Hall may be heard over a larger area than the old one, it was stated.

### Cheer Up, You May Soon Buy a Clock

Raleigh, May 17—North Carolinians can look forward to being able to purchase a new war model alarm clock in the very near future.

The Office of Price Administration has been advised that the new clocks will have a list price of \$1.65.

Specific maximum prices at manufacturers, wholesale and retail levels have been fixed on the new war clock which was authorized recently by the War Production Board.

Manufacturers and wholesalers prices are F. O. B. shipping points. The ceiling for manufacturers is 90 cents and for wholesalers \$1.10. The maximum of \$1.65 is exclusive of tax. Dr. B. U. Ratchford, OPA district price executive, said today

Above are pictured W. E. Williams, (left) and John W. Williams, (right), sons of Mr. and Mrs. Jodie Williams of Greenville. Route 2, who are in the armed forces. W. E. Williams, 20, enlisted in the Navy in May, 1941, and now has the rank of coxswain. He is at present stationed in Seattle, Wash. Pvt. John W. Williams, 22, entered the army in December, 1942, and is now stationed at Camp Van Dorn, Miss.

### New Paintings At Local Art Gallery

By LUCY CHERRY CRISP

The new show opening today at the Community Art Center gallery, in Sheppard Memorial library, comes to us from the American Federation of Arts and will be shown here until June 1st.

Under the title "The American Scene," this show is made up of 28 large and excellent reproductions of paintings in water color and oils by artists whose names are up among the top ranks of American artists of today, among them Emil Ganso, Henry Mattson, Arnold Blanch Aron Bohrod, Doris Lee, Ernest Flene, and others similarly well-known.

It is a beautiful show—one to be seen not once, for a passing glance, but as often and as long as time will permit during its two week's appearance here. Several of the landscapes are of the kind that could be lived with day after day—pictures to come back to time and again for enjoyment and for the renewal of inner peace that their quiet serenity and sunlit beauty brings.

The gallery is open each week-day afternoon, Monday through Saturday, from 3:00 to 6:00 o'clock, and on Tuesday night from 7:00 to 9:00.

### Gives Warning Be Ready Blackouts

By CHESTER WALSH

A state civilian defense official today reminded that householders, businessmen and others should be on the alert for an unannounced practice blackout here at all times. Washington officials expect that Germany, to build up morale in the fatherland, will make an air attack on the eastern coast of the United States before the Allied Armies secure unconditional surrender.

The defense official cautioned about leaving home nights with lights burning and of business places and stores failing to make arrangements to dim lights when an air raid warning is sounded.

The Board of Aldermen some time ago adopted a state-approved city ordinance providing a fine or imprisonment for persons who violate the blackout rules.

The new siren installed on the City Hall may be heard over a larger area than the old one, it was stated.

### Cheer Up, You May Soon Buy a Clock

Raleigh, May 17—North Carolinians can look forward to being able to purchase a new war model alarm clock in the very near future.

The Office of Price Administration has been advised that the new clocks will have a list price of \$1.65.

Specific maximum prices at manufacturers, wholesale and retail levels have been fixed on the new war clock which was authorized recently by the War Production Board.

Manufacturers and wholesalers prices are F. O. B. shipping points. The ceiling for manufacturers is 90 cents and for wholesalers \$1.10. The maximum of \$1.65 is exclusive of tax. Dr. B. U. Ratchford, OPA district price executive, said today

# Cubs And Dodgers Enter Series For League Lead

## Yankees Still Hold American Top Position After Splitting With Browns

By JUDSON BAILEY

Associated Press Sports Writer  
An early blooming "crucial series" sprouted today in Brooklyn with the Dodgers matched against the world champion St. Louis Cardinals in a twilight tussle at Ebbets Field.

The Dodgers prepared for the invasion by cutting the Chicago Cubs twice in a doubleheader yesterday, 4-0 and 7-2.

Head pitcher the shutout, spearing five hits in a duel with Lon Warneke, who kept Brooklyn scoreless till the eighth, when the Dodgers bunched all their runs in one turn at bat as Dolph Camilli singled for two and Paul Waner doubled for two more.

Bobo Newsom relieved Kirby Higbe in the ninth and propelled himself to his fourth victory by singling home the deciding run in the seventh.

In the meantime the Cardinals were held to a draw in two games with the Phillies before a crowd of 31,000 at Philadelphia.

Howard Krist pitched six-hit ball in a joust with Schoolboy Rowe in the first game, but was forced to 11 innings before getting a 4-3 decision on Whitley Kurovski's squeeze bunt.

The Phillies bounded back to take the second 2-1 with Rookie Al Gerbeuser, a southpaw, pitching seven-hit ball, fanning seven and issuing no passes.

As a result the Cards slipped into a tie for second place with the Boston Braves, who swept a doubleheader from the Cincinnati Reds 3-1 and 6-1.

In the other National League show the New York Giants divided with the Pittsburgh Pirates. Manager Mel Ott hit his third homer in three days, with one aboard, to decide the first game 3-1. Billy Judges hit a roundtripper to account for New York's other run. Bob Klimer pitched five hit ball to win the second game 2-1.

The New York Yankees split at St. Louis but lost none of their American league lead. Spud Chandler pitched nine-hit ball for his fourth victory without defeat as the

Yanks nailed the opener 7-3 with the help of homers by Charley (King Kong) Keller and Rollie Hemsey. Then the Browns bagged the nightcap 4-3 in ten innings although held to five hits while New York made nine. Mike Chartak, former Yankee farhand, hit a two-run homer and in the 10th a pinch single by Rookie Floyd Baker brought in the deciding run.

Cleveland's second place Indians also divided a double bill. They were beaten 5-3 by the Athletics in the first game, with Freshman Jesse Flores getting credit for his nifty victory, but retaliated with a 2-2 verdict in the second contest which was decided by Roy Cullenbine's eighth-inning home run.

Washington moved into third place by downing the Detroit Tigers twice, 7-1 on five-hit hurling by Early Wynn and 10-6 in a slug-fest session.

The Chicago White Sox and Boston Red Sox halved a pair of games with identical scores 4-2.

## Sports Roundup

By HUGH FULLERTON, JR.

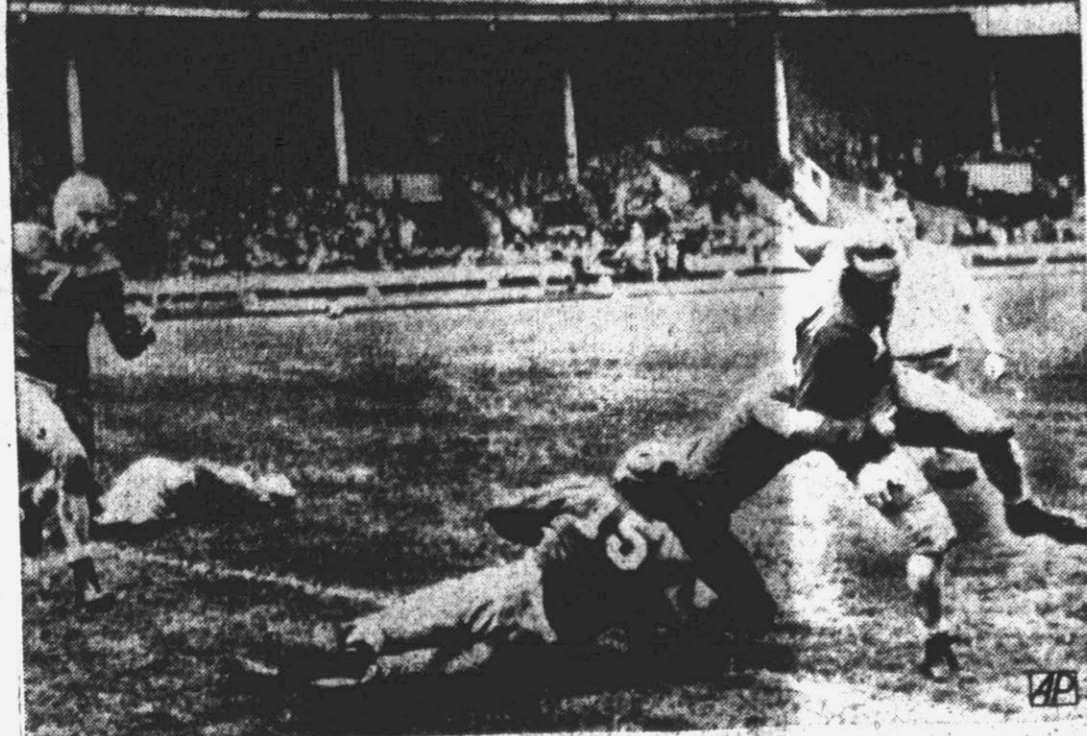

New York, May 17—(AP)—Pennsylvania recently passed a law permitting kids of 16 to compete in amateur boxing tournaments.

That doesn't mean so much because plenty of 16-year olds have borrowed birth certificates from older pals to get an early start. But judge Eugene C. Bonniwell and Ralph Marlow, A. A. U. men who backed the bill, are working on a plan to enlist high school support and to create a special class for the younger novices, so they may even have some "real amateurs" in their amateur tourneys.

## Gain For Army Gridman, British At A Loss

Corporal Frank A. Fenton (No. 13) of Sanbury, Pa., is tackled after a slight gain in an American football game played before 25,000 Britons May 7 at White City Stadium in London for the benefit of British Red Cross. Fenton's team, composed of U. S. artillerymen in London and dubbed "Crimson Tide," defeated the Army Engineers' "Fighting Irish," 19-6. The British found the unseasonable game "bewilderingly complex" compared to their own "Rugger." (Associated Press photo from U. S. Army Signal Corps.)

Cardinals' old uniforms and manager Ollie Vanek is proud of the fact that his was originally worn by Jack-Bob Montgomery (fiddle with Pepper Martin) Friday's Beau Madison Square Garden, which has had at least two championship scraps before May for the past five seasons. Wally Dashiell, former Pensacola, Fla., and Dallas, Tex., baseball manager who recently turned down a commission as a Navy physical instructor to take an OPA job, is looking forward to the reorganizing of the southeastern league. It's still spring, but Clyde McBridge, Kansas City Star sports ed, already is out with the suggestion that the big six stage a Christmas holiday basketball tournament.

A leading commission house bought May oats, imparting strength to other contracts. Failure of the corn movement to come up to requirements convinced some traders that this fact would be reflected in an expanded demand for oats.  
At the close wheat was 1/2-3/4 higher, May \$1.43 1/2-\$1.44. July \$1.42 1/2-\$1.43. Corn was unchanged at \$1.05. Oats were up 1/2-1/4 and rye was up 1/2-3/4.

**New York Cotton**  
New York, May 17 (AP)—Small price fixing orders steadied cotton futures prices today. Liquidation and hedge selling, noted in recent sessions, tended to dry up.  
Cotton futures opened 10 to 25 cents a bale higher. Mid-morning values were 10 to 35 cents a bale higher, July 19.77, Oct. 19.57 and Dec. 19.42. Futures closed 40 cents a bale higher to 10 lower.

**N. Y. Stock Market**  
New York, May 17—(AP)—Prices generally did a walk-out in today's early stock market proceedings but scattered leaders eventually returned with modest advances.  
Dealings were sluggish throughout, transfers for the full stretch running to around 900,000 shares, among the smallest in a month.

## Evidence Of The Allied Victories In Tunisia

Evidence of the complete rout of the Axis forces in Tunisia is apparent in these two pictures, both official British photos received in America from Cairo via radio. At top—A group of German soldiers advances to surrender to a British tank crew during the final drive on Tunis. At bottom—Allied soldiers examine captured German artillery pieces, identified as Bebewerfer mortars, multi-barreled guns.

## Cut Recommended In Interior Funds

By C. D. WATKINS  
Washington, May 17—(AP)—A 60 per cent slash in the Interior department's funds for the next fiscal year starting July 1 was recommended to the House today by its Appropriations committee.  
The committee asked that the Department headed by Secretary Ickes, who had suggested economies himself, be held to \$72,861,316. A reduction of \$119,999,475 from the current year's appropriation.  
The total was \$9,372,269 less than recommended by the budget bureau and the committee said it had reduced the appropriations for every activity except that for the grazing service, which was increased \$50,000 to take over work formerly handled by the Civilian Conservation Corps.  
The committee criticized the War Production Board for having stopped work on irrigation and power projects in the west and urged that workers halting work on 23 reclamation projects be rescinded to permit them to be used to increase food production.  
Money for the projects was appropriated last year but the WPB order prevented it.

## Civil Service Tests At College Tuesday

Federal Civil Service examinations in clerical work, typing, and stenography will be held in the new classroom building at East Carolina Teachers College tomorrow morning at 10:00.  
Though they will be given primarily for the college students, said Dr. E. R. Browning, head of the business education department, they are open to anyone over 18 years of age who can qualify.  
Positions to be filled are not restricted to one locality or one branch of the service, but will lead to positions in various part of the country and in all branches of employment. However, those passing the tests are not under any obligation to accept a position offered.  
The director of the fourth United States Civil Service District will be at the college to give the examinations.
