

Continued warm this afternoon and tonight.

Allied Warships Renew Assaults On Pantelleria

Large Convoys Reported Steaming From Gibraltar; Naval Force Sinks Axis Ships Off Coast Of Italy; Berlin Expects Invasion To Come Soon

By ROGER GREENE Associated Press War Editor Allied warships boldly striking near Italy's own shores were officially credited today with sinking three vessels and driving a destroyer ashore in an attack on an Axis convoy off Capo Spartivento, and Rome announced a third Allied naval assault in four days on the "Italian Gibraltar" at Pantelleria.

Both Rome and Berlin plucked nervously at the specter of an Allied invasion of Europe, with Axis broadcasts ranging from Nazi defiance to Fascist appeals for courage.

"Our fate will be terrible should we lose this war," said a Rome military spokesman, apparently seeking to frighten the Italians into a last-ditch stand.

"Nobody will be spared." Another Italian commentator declared that "not much quarter" would be given British and American invasion forces, and added: "It would be a matter of butcher and be butchered."

Meanwhile, dispatches from La Linea, Spain, reported a huge movement of Allied ships at Gibraltar, leaving the harbor at the great British stronghold virtually deserted.

Two convoys totalling 137 ships—troop transports, freighters, merchantmen, tankers and a hospital ship—steamed eastward into the Mediterranean at dawn yesterday en route to North African ports, it was reported. An Allied armada of three battleships, three aircraft carriers, several cruisers and destroyers was said to have left "the rock" for destinations unknown.

Allied headquarters gave no inkling of explanation for these reports, but declared that a small force of Allied destroyers attacked an Axis convoy off Capo Spartivento, just off the southern tip of Italy and sank two enemy merchant ships and an escorting torpedo boat and (Continued on Page Six)

Planning Board In Session Yesterday

By CHESTER WALSH The City Planning Board, appointed some time ago by the Board of Aldermen, to make a survey of local conditions concerning the public welfare and recommendations from time to time, of measures providing for meeting regular and new conditions resulting from the war, held a meeting at the City Hall yesterday. Chairman Marvin K. Blount presided.

Representatives of the County Health office, the county and city sanitary inspectors and the city engineer and Mayor Bruce Suggs attended the most immediate problem confronting the board was mosquitoes. Suggestions concerning destruction of the insect pest's breeding places, cutting of weeds and tall grass, etc., were considered.

Members of the City Planning Board are Marvin K. Blount, chairman; R. M. Garrett, J. B. James, J. S. Ficklen, Mrs. J. Key Brown, Mrs. W. I. Wooten, K. B. Pace and two others to be appointed. Mayor B. B. Suggs will be present to pledge his support to the program.

Jap Drive On Chungking Thrown Back By Chinese

Chungking, June 3.—(AP)—Chinese troops have driven to the right bank of the Yangtze opposite Ichang in an air-supported counter-offensive against the Japanese and have surrounded 4,000 of the invaders farther down the great river, the high command announced tonight.

A Chinese army spokesman said Generalissimo Chiang Kai-Shek's forces yesterday recaptured the town of Changyang, 12 miles south of Ichang, and also occupied the port of Chihkiang, 35 miles downriver from that Japanese base.

The high command issued a special communique to keep abreast of developments in the counterthrusts against the routed enemy troops.

It said Chinese driving northward from Hunan province crossed the border into southern Szechwan and surrounded Kungang, another of the Yangtze. Kungang lies 70 miles southeast of Ichang.

Japanese troops are being driven back toward the south bank of the

AGREEMENT IN NORTH AFRICA

Giraud and De Gaulle Joint Heads French Committee

Algiers, June 3.—(AP)—The French executive committee was formally brought into existence today and given the name of the National Committee of Liberation.

The committee's personnel is the same as previously agreed upon with Gen. Henri Giraud and Gen. Charles de Gaulle as joint heads alternating in presiding.

Following the meeting at which the organization was formalized as the governing body for liberated French territory, political quarters reported important changes would be made in the leadership for Algeria and French Morocco.

They said General Georges Catroux, who was liaison officer between Generals Giraud and De Gaulle, would succeed resigned Marcel Peyroux as governor-general of Algeria and Gabriel Puaux, former high commissioner in Syria, would succeed Gen. Auguste Nogues as resident general of French Morocco.

The members of the national committee of liberation besides Generals Giraud and De Gaulle are:

Gen. Alphonse George and Jean Monnet as members selected by Giraud; Rene Massigli and Andre Philip as members selected by De Gaulle; Gen. Georges Catroux, accepted by both Giraud and De Gaulle.

The meeting at which the committee was brought formally into being broke a two-day deadlock during which no meetings were held and during which tension was evident in Algiers.

An agenda had been agreed in conversations among members yesterday, but by this morning, it was reported, several additional points, which were opposed by Gen. De Gaulle had been put on the program. This was believed to have caused the delay.

Details of the compromise reached between De Gaulle and Gen. Henri Giraud on the former's demand for a purge of officials who formerly were of pro-Vichy tendencies which were revealed by well-informed persons who cannot be identified by name.

These persons said that De Gaulle had yielded to Giraud's demand for selection of the committee first and (Continued on Page Six)

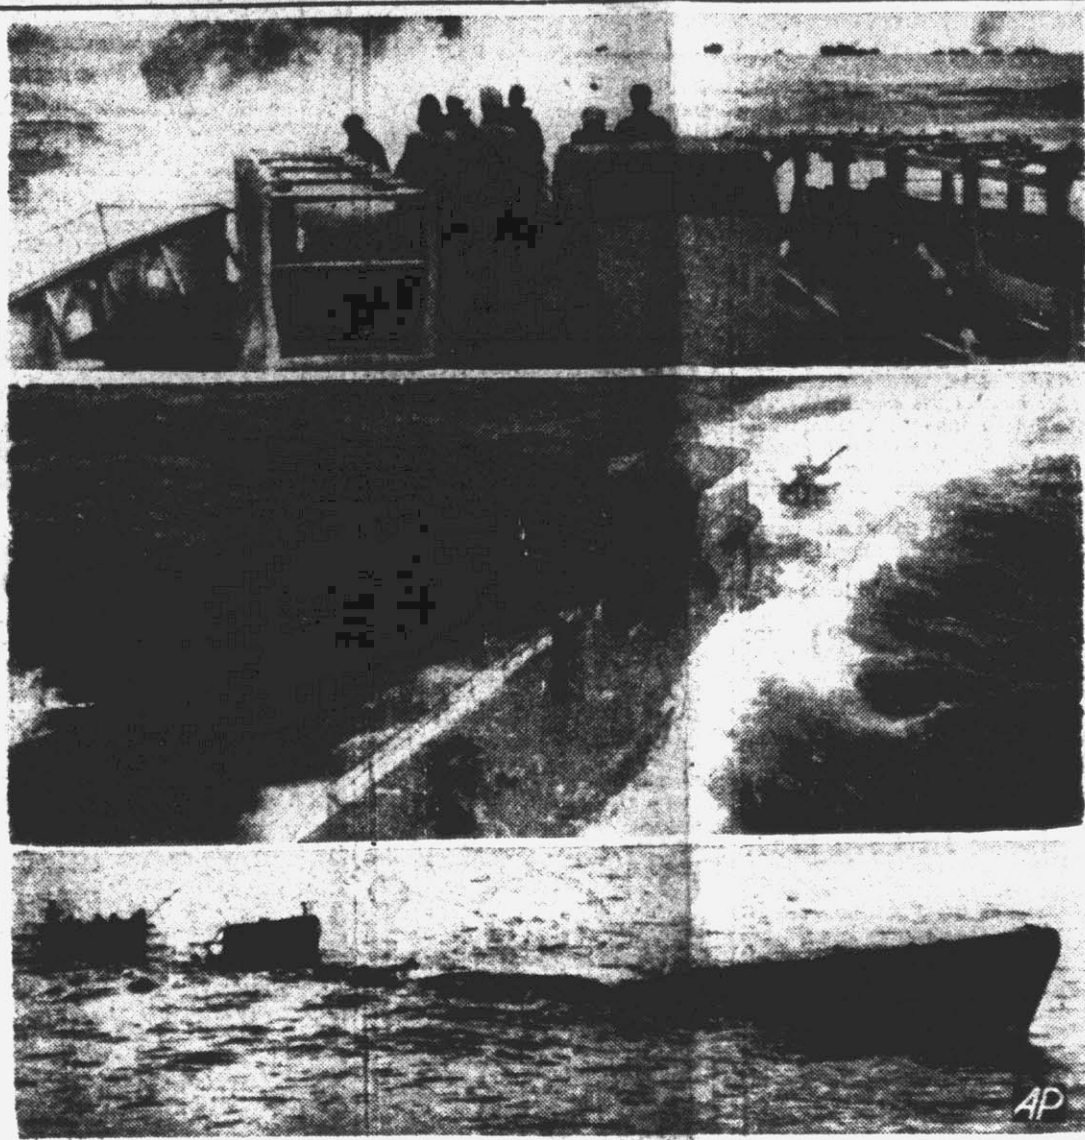

Zone Leaders And Canvassers To Meet

Mrs. Ethel R. Watters, assistant home demonstration agent for the City of Greenville, is announcing a meeting of Zone Leaders and Canvassers of the Citizens Service Corps at the Agricultural Building, Corner of Third and Green Streets, Friday afternoon, June 4, three o'clock, for the purpose of launching a city-wide program of Food Production, Food Preservation, Storage, and Nutrition.

Plans for the program, which is to reach every family in the City of Greenville, will be discussed. That is a very important part of the program on the home front for winning the war and it is urgent that every zone leader and every canvasser be present. Misses Louise Swann and Alice Strawn, Critic Teachers in Vocational Home Economics Education, of Greenville High School and East Carolina Teachers College, who will be working with the food preservation program during June, will be present and a canning demonstration will be given.

Mayor B. B. Suggs will be present to pledge his support to the program.

Nazi Sub Loses Duel with Coast Guard Boat In Atlantic

These three scenes above depict events which transpired when a Nazi submarine tried to sneak into the midst of an Atlantic convoy. (Top) The "ash can" crew of the U. S. Coast Guard cutter Spencer watch results of a depth bomb—the first shot fired at the underwater raider. (Center) Mortally damaged by a depth charge, the sub breaks the surface. Note crewmen on deck by conning tower. (Bottom) As the sub sinks lower in the water, Coast Guard crewmen, in lifeboat at left, pick up members of the sub's crew. (Coast Guard Photo).

Russians Get Best Of Heavy Aerial Fighting

AIRMEN BLAST JAP POSITIONS

Tons Of Explosives Dropped On New Guinea Bases

Allied headquarters in Australia, June 3 (AP)—In six raids within a week 156 tons of bombs have been dropped by Liberators and Flying Fortresses on Japanese air bases at Wewak and Lae, New Guinea.

The sixth raid yesterday was made by mixed formations of the big, four-engine bombers against four airfields in the Wewak sector on New Guinea's northeast coast, 325 miles northwest of Lae. It was Wewak's third raid in a week's period during which 56 tons of bombs have rained it. Yesterday's raiders started fires among parked aircraft (Continued on Page Six)

Commended for Work In The Flood Area

Elbert A. Darden, son of Mr. and Mrs. W. A. Darden, of this city was among the service men receiving letters of commendation for their action in aiding in the fight against the recent floods of the Arkansas River. Darden is a member of Co. C, 53rd Training Battalion stationed at Camp Joseph T. Robinson, in Arkansas.

The commendation praised the men for "their untiring energy, their extraordinary devotion to duty without regard to hours, and their dogged persistence which resulted in outstanding performance of their functions. The work was difficult and strenuous in some instances they were confronted with extreme-trying conditions. Yet all performed with firm resolve and determination to overcome any obstacle or difficulty. Despite hard-ship, long hours, lack of sleep, and muscular soreness their morale was superior. Their conduct and behavior were exemplary."

Two Terms?

Washington, June 3.—(AP)—Senator Bailey (D-N.C.) introduced a resolution today proposing a constitutional amendment to limit the tenure of future presidents to two terms.

The resolution is expected to be assigned for consideration to the Senate Judiciary Committee, where proponents have said they hold a 10 to 8 majority.

To become a part of the constitution the proposed amendment would have to be approved by a two-thirds vote of both houses and be adopted by three-fourths of the state legislatures within a period of seven years.

More Than 150 Nazi Planes Downed Yesterday On Kursk And Kuban Fronts

By WILLIAM MCGAFFIN Moscow, June 3.—(AP)—A force of about 500 German planes attacked the Russian base at Kursk yesterday afternoon and at least 123 were shot down, the Russians announced today, signaling a new and growing phase of the bitter aerial battle on the eastern front.

The Nazi air fleet represented the largest single mass the Germans have concentrated in any sector for months and their reported losses marked one of the biggest single day's bags in any theater of aerial war.

A Moscow broadcast said 93 of the raiders were brought down by Soviet pilots in air duels and that anti-aircraft guns shot down 30 more, after some planes got through to the city "and haphazardly dropped bombs which inflicted material damage and casualties."

The Russians said they lost 30 planes and declared the tally of Nazi victims was incomplete. (Continued on Page Four)

AIR ACTIVITY IN ALEUTIANS

Jap Bases In Solomons Also Targets Of U.S. Bombers

Washington, June 3.—(AP)—Renewed aerial activity in the south Pacific with American bombers pounding Japanese positions on Bougainville was reported by the Navy today in a communique which told also of bombing raids on Kiska in the Aleutians and a continued wiping out of small enemy groups on Attu.

Large fires were started at Tinian harbor and Numa Numa harbor by the bombers which struck the northeast coast of Bougainville. Two small enemy vessels off Tinian were bombed and one was beached.

The text of the communique, No. 400, which raised the known dead on Attu in the Aleutians to 1,791 follows:

"North Pacific. "1. On June 1, on Attu island, United States Army troops combatted scattered areas and by noon had eliminated minor groups of Japanese troops encountered.

"2. It is further reported that the known Japanese dead on Attu (Continued on Page Six)

The WAR TODAY

AN ANALYSIS OF THE NEWS

BY DEWITT MACKENZIE The Anglo-American experiment of trying to bomb Hitler into near impotency is said in well-informed quarters to be proceeding splendidly according to plan, and it shouldn't be long now before the wear-and-tear begins to show in his fighting machine.

The effect of such bombing is, of course, cumulative. That's to say, Hitler naturally has reserve supplies which are considerably in advance of his immediate requirements.

Thus even if all his war-production were halted at one time, it wouldn't necessarily stop his fighting-machine forthwith.

This means that the destruction of an industrial city might not be felt at the front for some weeks. Continued day and night devastation of manufacturing centers over a wide area, however, will amount late a mountain of disaster that in due course will hit the foe like an avalanche. Then will be the time for the Allies to put an army onto the continent from the English Channel and march on Berlin.

One of the results of this bombing already evident is that the Nazis are having to increase the manufacture of fighter planes in order to defend their industrial centers from bombing. This means a decrease in the production of bombers and consequently in the raiding operations of the Luftwaffe. In other words, Hitler is having to turn his air force into a defensive weapon.

While the Allied bombing is giving amazing results, a Royal Air Force commentator in London yesterday said that greatly increased numbers of USAAF bombers are needed for operations from Britain.

At the same time he paid high tribute to American daylight bombing and said it contributed greatly towards making may the most successful month of the aerial offensive.

Americans are specialists in day bombing and are doing a grand job, but they need more machines to increase their capacity. Indications are that this deficiency is being taken care of.

The idea of this round the clock bombing is a fascinating one of strategy. It keeps the Boche constantly on the defensive at all points. They must be on the alert day and night because they don't know when an attack is coming.

Early Presidential Action In Miners' Strike Anticipated

Halt Inductions Pending Settlement Of Strikes

Tennessee Draft Board Advises President And Draft Officials Of Its Decision

Nashville, Tenn., June 3.—(AP)—Robertson county's local draft board No. 1 asserted today it would "induct no more men" into the armed forces "until the government takes some action to settle this question of strikes."

The board's decision was contained in a letter to Governor Prentice Cooper which declared that if the contemplated action did not meet with the governor's approval "you may accept this as our resignation and proceed to appoint our successors."

"For two and one-half years we have served as the Selective Service Board for Robertson county, Tenn., the letter read in part.... "The present strike situation is so serious and detrimental to the welfare of our country and our armed forces that we have determined that we cannot conscientiously induct any more men into the armed forces of the country until our government has taken adequate steps to meet this situation.

"We cannot draft men into the army at pay of \$50 per month when civilians in industry essential to the war effort are permitted to strike for higher wages although already being paid \$1 or more per hour."

Its announced decision to withhold inductions, the letter continued, "applies to the remaining calls for this month."

June 25 is the date of the next call pending for the county.

Copies of the letter were sent to National Selective Service Director Lewis B. Hershey, President Roosevelt and Brig. Gen. T. A. Frazier, head of Tennessee's Selective Service program. The letter was signed by Board Chairman W. P. Bryant, Secretary R. H. Bell and Board Member R. J. McDaniel.

Nashville, Tenn., June 3.—(AP)—Governor Prentice Cooper today authorized the reclassification by (Continued on Page Six)

Pitt Hospital Is Community Asset

By CHESTER WALSH Discussion of a new hospital plant to take care of the increased needs of Greenville and Pitt and surrounding counties featured the annual meeting of Pitt General Hospital trustees recently.

R. J. Slay, president, presided. A committee will shortly be appointed to make necessary plans for the new building at the conclusion of the war.

Dr. W. I. Wooten, superintendent of the hospital, gave a summary of hospital activities; Manager Claude D. Ward read the financial report; Mrs. James L. Evans, superintendent of nurses, reported on her department; Miss Elizabeth Deal gave a report of the previous meeting.

Officers for the coming year are Dr. R. J. Slay, president; Ralph M. Garrett, vice president; D. T. Stokes, secretary, and Hugh T. Rouse, treasurer.

The report of the hospital's activities was gratifying. Working with a shortage of physicians and surgeons and nurses, the institution made a record during the past year that will compare with any hospital in the metropolitan centers.

In looking over the report of the hospital's activities the past year, it was interesting to observe that Pitt General Hospital is contributing much toward making Greenville a medical and surgical center for Eastern Carolina.

Physicians and surgeons and the nurses and others are doing outstanding work, frequently doubling hours of work in responding to calls for medical and surgical work. Climaxing this, the case records of the hospital show gratifying achievements in medicine and surgery.

Incidentally Pitt General Hospital is a credit to the medical profession to Greenville and the section. Visitors are always welcome.

Survivors

Lisbon, June 3.—(AP)—A radio message from Madrid said today a Spanish fishing boat had rescued five Britons from the British-bound air liner shot down Tuesday over the Bay of Biscay.

The survivors were taken from a rubber life raft, the message said. They were not identified in this dispatch.

Fleet Commander

Vice Admiral René Emil Godfroy (above) is commander of the French naval squadron, interned at Alexandria, Egypt, since 1940, which is reported to have joined the Allies voluntarily.

WILL IS FILED FOR PROBATE

Ford Inheritance Tax May Be Only \$12,000,000

Detroit, June 3.—(AP)—The will of Edsel Bryant Ford was filed for probate today and, because it bequeathed the greater part of his Ford Motor Company stock to the Ford foundation, attorneys estimated estate inheritance and transfer taxes might not amount to much more than \$12,000,000.

Earlier reports, based solely upon conjecture, had placed the possible tax at as much as \$200,000,000.

Edsel Ford, only son of Henry (Continued on Page Six)

Mercury Hits 98.5 Greenville Today

Weather was the principal topic of conversation in Greenville today. Official reports from the local weather bureau station at the Greenville Machine Company stated that the thermometer readings were as follows:

Wednesday at 2 a. m., 87.4 degrees; at 2 p. m., 96.5.

Today (Thursday) the mercury registered 80.5 at 3 o'clock this morning and at 2 o'clock this afternoon it was 98.5, the highest of the summer.

Now Is Time To Begin To Figure Your Taxes

Washington, June 3.—(AP)—John I. (for income) Taxpayer should get out his red pencil and mark these dates on his calendar if the pay-as-you-go revenue collection bill awaiting President Roosevelt's action becomes law.

June 15—Pay the quarterly installment as usual on 1942 income tax. You'll get credit for this and the March 15 installment as payments on your 1943 income.

July 1—Be not too surprised when the boss starts deducting from your pay 20 per cent of all over basic exemptions of \$12 weekly for single persons, \$24 weekly for married (plus \$6 for each dependent). He'll be ordered to do that and turn it over to the treasury as current payments on victory and income taxes.

Sept. 15—If you're single and make more than \$2,700 or married and make more than \$3,500 file with your tax collector an estimate of your 1943 earnings and pay one-fourth of the excess over the amount being withheld from your salary. If you get your money from sources other than wages or salaries, file an estimate and pay one-fourth of the total tax.

Dec. 15—Second and last chance to estimate your 1943 income upward or downward (if you are more than 20 per cent on your guess, the treasury will charge you 6 per cent interest penalty). Farmers may file their estimate (have 33-1/2 per cent interest on guess).

Jan. 1—A Happy New Year and you should have that satisfied feeling of being technically all even with Uncle Sam on your income tax for the first time in history.

March 15, 1944—Comes day of final reckoning. Compare your final, actual tax liability with what you paid in 1943 in withholding taxes or quarterly installments, get a rebate or pay the remainder, but only 75 per cent of it, pay one-half of the remainder on this date. Figure your 5 per cent victory tax, take the deductions, and pay the additional over what has been withheld, or get a rebate. (Continued on Page Six)

Back-to-Work Order Expected To Be Issued Late Today Or Tomorrow; Full Use Of President's War-Time Powers Expected If Order Goes Unheeded

By JOSEPH A. LOFTUS Washington, June 3.—(AP)—President Roosevelt was represented by informed quarters today to be prepared to order John L. Lewis' striking coal miners to go back to work on Monday, with a program of more drastic action in reserve if his first demand goes unheeded.

The back-to-work order may come late today or tomorrow, believe trustworthy persons, whose identity may not be published.

The plan, as these informants understand it, contemplates full use of the commander-in-chief's wartime power and his authority under Selective Service Act, literal enforcement of all laws governing aliens, of whom there are thousands among the mine workers, and the use of troops in force, if finally necessary.

A possibility of employing former mine workers now in the armed services also is under consideration, competent sources reported.

The President's advisers were described as confident the strike can be ended and that a show of military might would be effective if other methods failed.

Statistical data on the draft classification and alien status of members of the United Mine Workers were said to be on hand at the White House.

The President was understood to have fully sustained the War Labor Board's position and effectively blocked any dickering between Lewis and other government officials.

It is the board's definite position that the coal strike must be handled like all other previous defiance cases, that is, no negotiations with the government and no adjudication of the issues while there is an inter- (Continued on Page Four)

Youth Conference Will End Tonight

The three-day Christian Youth Rally which has been sponsored by the Greenville Christian Youth Movement will be concluded this evening with an address by Rev. H. W. Bradshaw at the Jarvis Memorial Methodist Church.

The theme of the three-day rally has been "The Living Christ of Today and Tomorrow." The program of the three-day affair have consisted of study groups on Prayer and Personal Religion; Christ at the coming peace conference; the church and community problem and Christian youth faces the world today. Also there have been interest groups on Worship Programs, recreation, religion and art, dramatics and religious education for younger children.

The worship service Tuesday night was highlighted by an address by Dr. T. Swearingen. The topic of his discussion was "Lifting Up Christ." Last night's worship program was built around a talk by Rev. W. Bradshaw, director of the Methodist religious education of the North Carolina Conference.

Tonight's service will conclude the rally and will be climaxed by a union communion service.

# Social and Personal

## Social Calendar

**THURSDAY**  
4:30-5:30 p. m.—Mrs. Henry Clay Sugg will entertain at tea honoring Mrs. Donnell Nicholson.

6:30 p. m.—Mrs. Charles Gaskins will entertain at bridge, honoring Misses Alice Leigh Blow, Jane Smith, brides-elect and Mrs. Don Nicholson.

**FRIDAY**  
1:00 p. m.—Mrs. W. H. Dail will entertain at luncheon honoring Miss Alice Leigh Blow, bride-elect.

3:30 p. m.—General meeting of Woman's Club at the club house.

6:30 p. m.—Kiwanis Club.  
7:00 p. m.—Mrs. Marvin Sugg will entertain in honor of Mrs. Don Nicholson.

7:30 p. m.—Red Men meet.  
7:00 p. m.—Lions' Club.  
7:30 p. m.—Modern Woodmen meet.

**SATURDAY**  
11:00 a. m.—The marriage of Miss Alice Leigh Blow and Walter Clark Hargrove, Jr., will be solemnized in St. Paul's Episcopal Church.

11:30 a. m.—Mr. and Mrs. Alex Blow will entertain the Hargrove-Blow wedding party, members of the immediate families and out-of-town guests at breakfast.

**SURGICAL DRESSING**  
**STATION OF RED CROSS**  
over J. C. Penney Co. Store  
Hours Daily Except Saturday:  
9-12 a. m.  
Tuesdays and Thursdays:  
7:30-10:00 p. m.  
Workers should wear wash dresses and head coverings.

**Jaycees Meet Tonight.**  
The Junior Chamber of Commerce will hold a bi-monthly meeting tonight at 7 o'clock. President Jack Hadley will preside. The Jaycees are planning a number of community activities.

**Entertain At Dinner.**  
Mrs. R. A. Tyson and Miss Betty Tyson entertained at dinner last evening at their home on West Fourth street, honoring Misses Jane Smith and Alice Leigh Blow, brides-elect of June.

Dinner was served at small tables with centerpieces of roses and baby's breath, and summer flowers decorated the home throughout.

Miss Smith and Miss Blow were remembered with crystal. Mrs. John R. Boyd and Mrs. Don Nicholson were also remembered with attractive gifts. Luncheon sets were given as table prizes to Mrs. Alex Blow, Miss Louise Kilgo, Mrs. Bob Moffat and Miss Alice Leigh Blow. Covers were laid for sixteen.

The distress call "D. S." was adopted internationally in 1906.

## Forty Years Ago Today

THE DAILY REFLECTOR  
June 3, 1903

C. W. Harvey left this morning for Danville. Summer is coming back. The fire this morning on Bonner's Lane shows that Greenville's first and greatest need is water supply. Electric lights would be of no benefit in a town where the houses are burned up. Protection against fire is needed and needed quick.

**Birth Announcement.**  
Mr. and Mrs. A. B. Cayton of Winterville, Route 2, announce the birth of a daughter, Carolyn Joyce, on Tuesday, June 1, 1943.

**I'M A SOLDIER NOW**  
It's just three years ago today. My Uncle Sam called me away. I want you lad, he said to me. A soldier you are going to be.

I left my home and all my pals. My job, my friends, and all the gals. They took me to a camp called Jackson. A soldier there to make of me.

It was real hard those first few days. To jump right into the army ways. Why anyone with eyes could see. A soldier I would never be.

Three months went by, my training done. They jumped my pay from twenty-one.

But still I knew, inside of me. A soldier I would never be.

Then came the words "We're at war." We're out to do a job once more. The time had come when finally. A soldier I would have to be.

I left the shores of my homeland. Without farewells or cheers or bands. But on that day quite suddenly. A soldier did come out of me.

By Pic. Tommie Nunn.  
Pic. Nunn is the son of Mr. and Mrs. T. B. Nunn of this city. He is now stationed in the South Pacific.

**Mrs. Harrington Entertains.**  
Mrs. Vance S. Harrington entertained at bridge Wednesday night complimenting Miss Frances Whichard, bride-elect of June, at the home of Mrs. R. D. Harrington. For the occasion, the home ensuite was beautifully decorated with garden flowers and the place of the honoree was designated by a lovely corsage of pink roses.

At the conclusion of the game, the hostess, assisted by Miss Martha Bland, served a delicious salad course, with salted nuts and iced tea.

High score prize was won by Mrs. T. G. Basnight and low score by Miss Mabel Edwards. The hostess presented Miss Whichard with silver in her chosen pattern. Misses Alice Leigh Blow and Geneva Moore, also

brides-elect, were remembered with gifts of crystal.

**Takes Negro To Mississippi.**  
Assistant U. S. Marshal Ben Buck left yesterday for Jackson, Miss., to carry a Negro soldier wanted in that place for the theft of an automobile. The theft occurred before the Negro was inducted into service and stationed at Camp Davis.

Miss Jane "Mac" McConnell, executive secretary announced today that the "Girl Scout cookies" had arrived and will go on sale tomorrow morning. The "cookie sale" is an annual event for the Girl Scouts here and usually nets a good sum of money for special activities. The cookies are boxed and of special quality. The sale will be completed tomorrow.

Girl Scouts will sell them. They will report at scout headquarters in the City Hall Friday morning at 9 o'clock. Mrs. Walter Harrington is chairman of the committee. The girls are to take with them their order blanks, deliver the cookies and report to Mrs. Harrington with the money by 4 o'clock in the afternoon.

The Negro Girl Scouts will report in the morning at 9 o'clock to Mrs. Daisy Daniels, chairman for that group. Report of sales is to be made to her by 4 p. m.

The Girl Scout Council is offering two prizes—\$10 in War Stamps to the white girl scout selling the most cookies, and \$10 in stamps to the Negro girl selling the most in her group. Mrs. E. L. Henderson, scout commissioner, announced.

**Red Cross Office Now In City Hall**  
Mrs. Walter F. Taylor, executive secretary of the Pitt county chapter of the American Red Cross, has moved her office from 312 Evans street to the third floor of the City Hall. The new office will be open tomorrow.

Red Cross officials from headquarters recommended the change of location to provide more adequate facilities for the increasing work incidental to the war performed by the secretary.

**Famous Engineer Dead.**  
Southern Pipes, June 3.—(AP)—John F. Stevens, the engineer who directed construction of the Panama Canal, died at his home here yesterday after a long illness. He was 90 years old.  
Funeral services were planned at the home today. Burial will be in French in 1632.  
Stevens was a native of West Gardner, Maine. He went to Minneapolis, Minn., at the age of 21 and started a career that led to fame in the engineering field.  
Dominica was first settled by the

*The folks behind the counters...*  
**BACK THE MEN BEHIND THE GUNS!**

TODAY, in the J. C. Penney stores in all 48 states, an army of over 50,000 is waiting to greet you. In this army are veterans versed in the Penney technique of service. And its ranks are filled with eager recruits... the able replacements for the 4,512 stars in the Penney service flag.

Fred Parsons in the shoe department is filling in for a hero in Lunisia. Lucy Hunt, selling yard goods, substitutes for a Navy Wave.

These new people—like the veterans—do a marvelous job! In a sense, they are soldiers—soldiers all! For, you can't do your best at a war job without the proper clothing. And Penney's and its people are making every effort to provide you with the new clothes you need. Clothing that's sturdy—smart—thrifty—clothing for all the family.

There are over 1600 Penney stores but each is a local institution. Each employs local people, pays local taxes, caters to local tastes.

The people who work at Penney's are folks you have grown up with; their daughters and sons! That is why you'll feel at home at Penney's!

**PENNEY'S**

**WILLIAMS**  
"THE LADIES' STORE"

Nothing like a "big" hat for Summer—to add to your pretty good looks to magically transform your casual cottons into datetime "specials." We've a prize-winning collection. Big cart-wheels, utterly provocative with chenille-dot veils, bewitching big-brimmed bonnets, swooping-wide bretons, shady sailors. Choose yours in smooth or rough straws, new fabrics with exciting fringe trim. Plus scores of enchanting fascinators, smooth turbans (matching handbags too). All enormously flattering with plenty of "across-the-table" allure. And see their tiny prices!

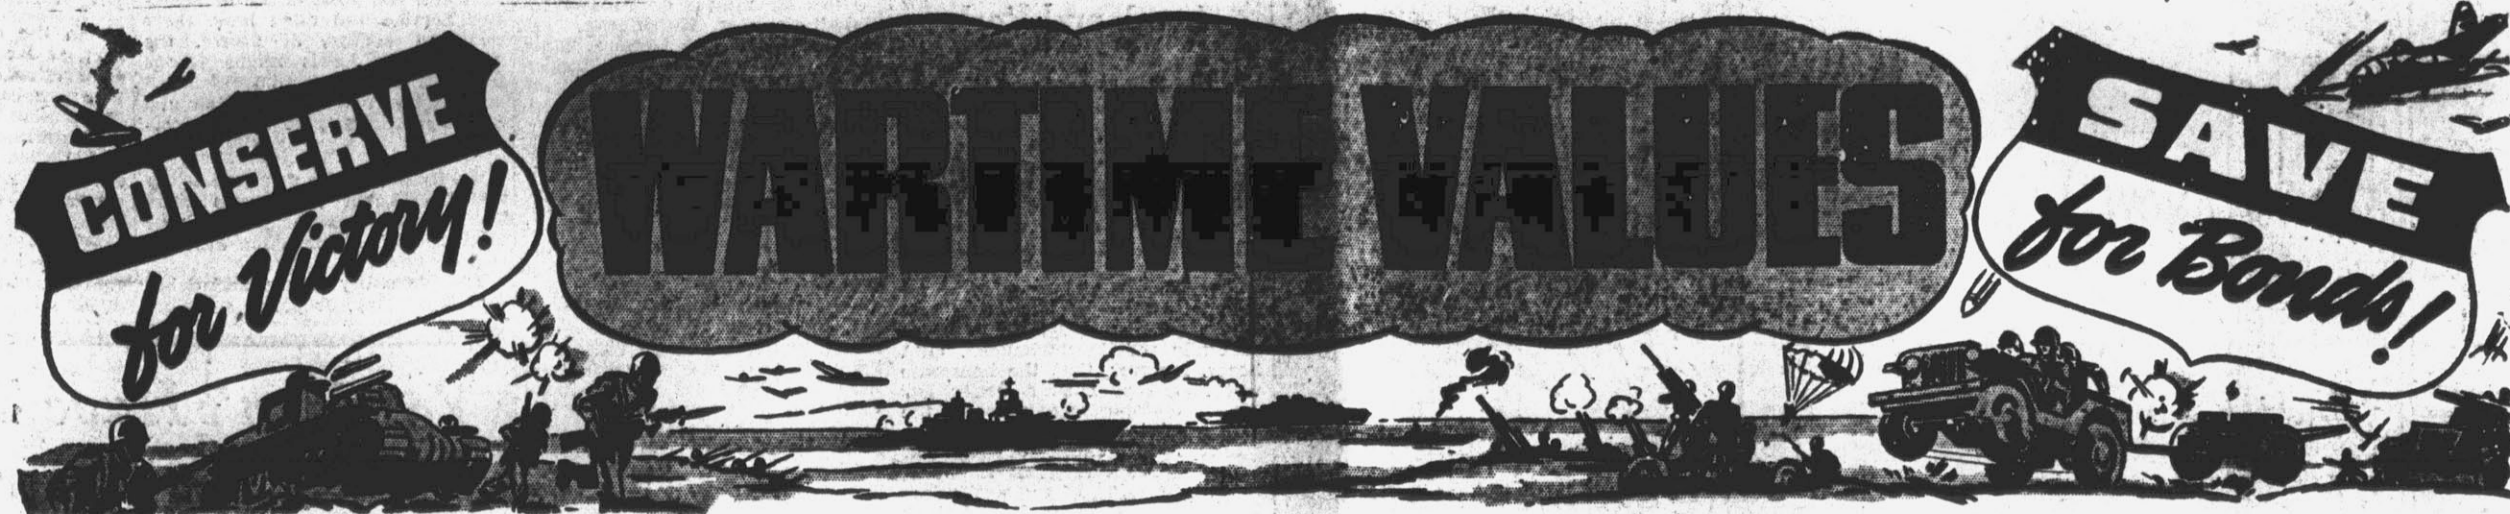

**THIMBLE THEATRE — Starring Popeye**

Panel 1: Popeye: "HELP HELP" (WHAZZAMATTER?)  
Panel 2: Popeye: "GO AWAY, I DON'T MEAN YOU!" (OKAY)  
Panel 3: Popeye: "HELP OH, HELP"  
Panel 4: Popeye: "YOU NEED HELP?" (YES, I DROPPED MY HANDKERCHIEF)

Now Showing: "Beggars Can Be Choosers!"

Panel 1: Beggar: "YOU NEED HELP?"  
Panel 2: Woman: "YES, I DROPPED MY HANDKERCHIEF"

Strength FOR THE DAY

AT LAST THE CROWN

When that joyful group of Americans left Japan-held Asia early last summer to return home, they set sail on a boat which everywhere bore on its equipment the symbol of the cross. Later these American refugees were all transferred to the Oriskany, a Swedish ship which, on one's deck and life-boats everywhere had the three golden crowns by which vessels under the Swedish flag are distinguished. Many a missionary aboard remarked on the fact that they had started out under the sign of the cross and had arrived home under the sign of the golden crown.

The circumstance was symbolic of what happened in the life of a Christian. He begins his Christian experience by accepting the cross. He accepts the cross of renunciation, repents of his sin, turns his back upon it. This always involves sacrifice and generally the crucifixion of Christ's offer of the forgiveness of sins. After that, he lives his life joyfully under the symbol of the crown. The cross is followed by the sign of the crown with its triumph and joy.

So much is made of the cross that sometimes we forget the crown in things of faith. But it is always there, and it is the symbol of final victory.

NEW REGISTRATION

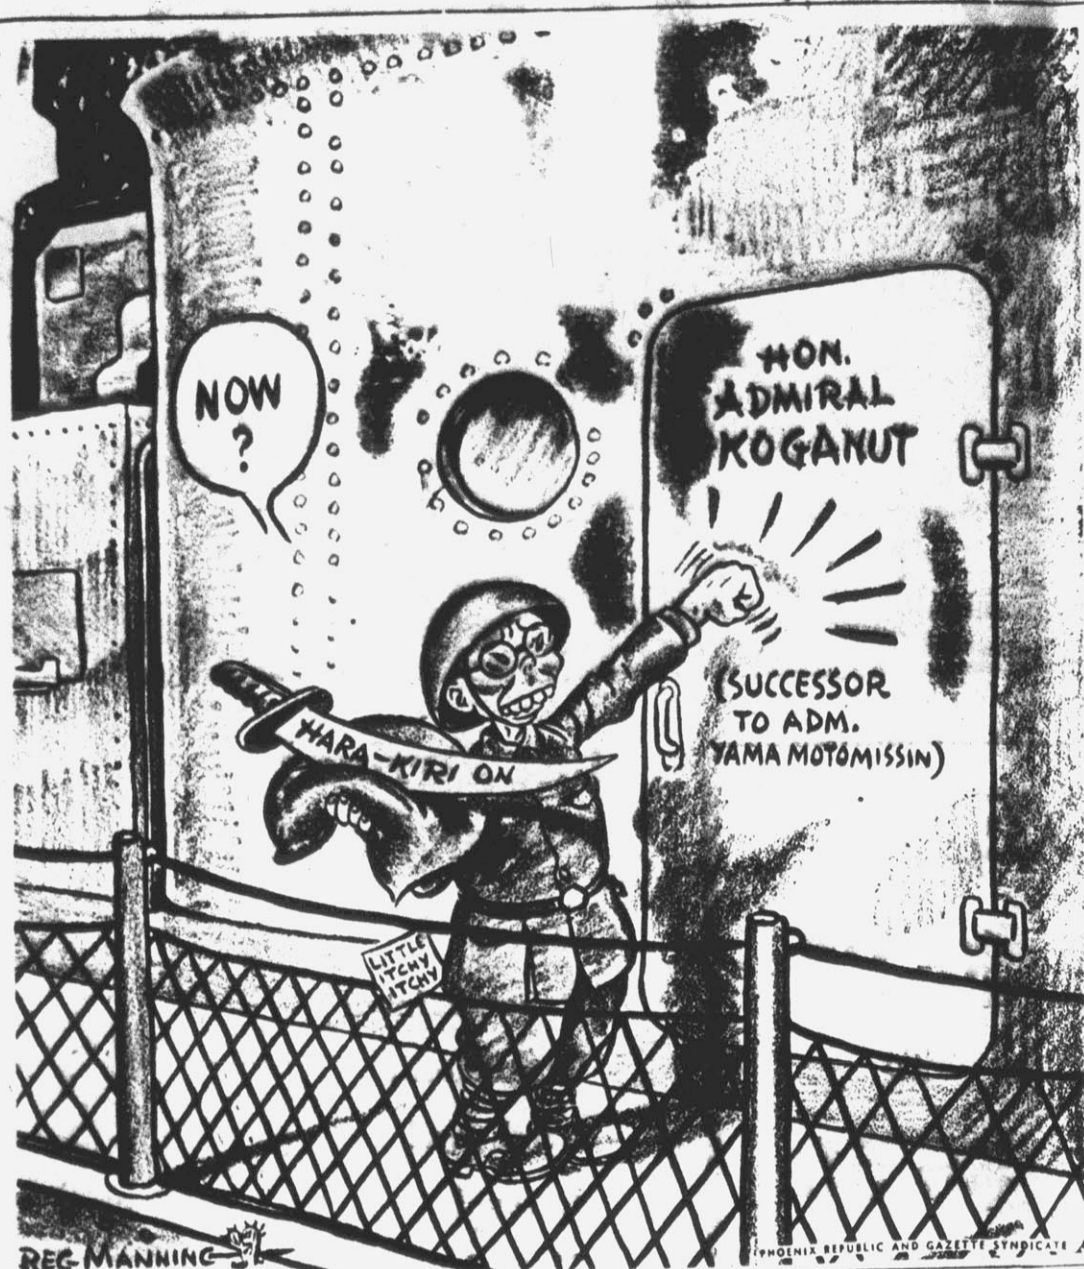

If residents of the Greenville School District expect to vote in the coming election on the levy of a 10-cent tax for our city schools, they must not forget to register. This is a special election that requires a special registration and only those who register will be entitled to vote in the matter.

CONGRESS SHOULD ACT NOW

With the nation's war effort faced with a complete tie-up as a result of the coal strike, Congress is again giving its attention to anti-strike legislation that should have been enacted into law long ago. There are still those in high authority, however, who say that such legislation is not necessary and will not aid the country in its present crisis. It has been our feeling all along that so long as the government, through the process of law, required the young manhood of our country to enter the armed forces and face death on the battlefields it should likewise, by law, require that every person in industry do his or her part in the war effort by remaining at his or her post of duty. The war in which we are now engaged is that of every American and there is no sense in drafting men for the armed forces and then letting labor racketeers and others threaten the security of the whole world for their own personal gains.

Congress has already delayed action on this important matter too long, but it is better late than never to show some common sense.

I Are Here, Admiral Dear

and the quicker action is taken to see to it that there are no further work stoppages in our vital industries the sooner we will win the war.

WASHINGTON IN WARTIME

By JACK STINNETT

Washington—In an effort to tap the last great labor reservoir in the country, the Women's Bureau of the Department of Labor has just finished an amazing and amazing survey.

Seeking to find what peacetime pursuits, hobbies and household duties basically equipped women for work on victory lines, the bureau really made some discoveries.

For example, if you have ever sewed on buttons or made button holes with your sewing machine, you are practically a spot welder. Any operator of an electric sewing machine is in fair way to become a parachute maker.

Those women who have fine embroidery or tinkered away at making their own jewelry or worked in costume jewelry factories can assemble time fuses, radio tubes and the delicate control instruments used on airplanes and submarines with hardly more than a refresher course.

Any lady of the house or kitchen maid who has polished silver on an electric buffer can find a place on a score of assembly lines—the job is called burring.

The bureau found that this nar-

row of household gadgeteers and hobbyists have been equipping the female of the species for years and set right onto assembly lines and in many instances master the stint much faster than their husbands ever could.

Back of that is perhaps the reason why women, barred by masculine prejudice from most factory jobs when war broke out, have literally set the male snierers back on their heels with the speed with which they have become highly proficient in all industries from light to heavy.

A woman may have to be mechanically minded to run a lathe or milling machine but any one who has done a fair job at sorting dried beans or berries can inspect and sort small munitions parts and some of the best women inspectors today had no more preliminary education than a reputation of keeping their houses spotlessly clean.

One amusing find that the bureau made is that women who meticulously follow recipes in cooking, measuring out ingredients to the last fraction, make the most proficient shell loaders.

There are many women who run their sheets through electric mangle on wash-Mondays. It's only slightly different from operating a blueprint machine and there isn't an instrument of war that doesn't require thousands of blueprints.

Through the U. S. employment bureau, which do the hiring, allocation and make arrangements for free training school attendance, the Women's Bureau is really driving hard to replace the 12,000 men a day pouring into the armed services.

Their "aptitude survey" promises to be a big stride toward answering that question often asked by housewives and female hobbyists: "But what could I do?" If you've never done more than roll a baby carriage in the park,

you can push parts and tool bits around a factory. It's as simple as that.

DISCUSSING PROBLEMS OF INTEREST TO THIS COMMUNITY. IN ALL CASES NAMES MUST ACCOMPANY ANY COMMUNICATION

COAL SITUATION

To the Editor: I may be in the dark, or don't know what I'm talking about, but I wish someone would get me straight on this coal mine situation.

From reliable sources on the average a miner works around 261 days a year and make a little less than a thousand dollars. With living conditions going sky high, this is not enough to live on. The miners' jobs are very hard. They have to work in dark mines, which are very dangerous. Most of the miners' homes are not fit to live in and with their present wages they can't buy the proper food.

After showing you the miners' living and financial conditions, I would like to put a question before you. You have seen a cartoon showing how wrong and unappreciated the miners and their leaders have been. Well, answer this: Why don't the big shot capitalists, who rides around in his big car, lives in big mansions, and has a big bank account made from profits in the coal mines give over to the poor miners and give them their two-dollar-a-day increase? Why don't you say the big shots who run the mines are unappreciated?

Well, you say they shouldn't strike, but go at it in a friendly way and reason things out. Well, that would be fine, but you can't reason with tightwads who hate to lose a dime. The only way the miners can get the increase is to apply pressure by striking.

In recent editorials of yours you have given me the impression that you oppose John L. Lewis and unions. (Correct me if I am wrong). The majority of the world is composed of poor people. They include the farmers, small merchants, miners, etc. Well, since the majority rule, why shouldn't these rule? And the only way they can rule is by having unions. Instead of the rich man paying the poor man low wages, the unions make him pay wages that are right. Just what John L. Lewis and his union are trying to do now.

Lewis has his faults, but for the most he is right. Lewis and the miners are not to blame, but the big hogs who sit in soft chairs behind large desks and sips in the wealth from the hard work of the poor miners.

If I am wrong, please correct me. JOHNNY COREY, 204 Summit St.

Birthday Greetings

Washington, June 3 (AP)—Congratulations to George VI of England on his birthday anniversary. President Roosevelt said the occasion afforded him a "welcome opportunity" to join in Britain's celebration.

The Allied victory in North Africa, Mr. Roosevelt's message said, had given the world "an unsurpassed demonstration of what can be done when Britain and America work together."

In the 14th century Dortmund, Germany, withstood a siege for 21 months.

The vine of the rattan palm is sometimes 1,000 feet long, a record in the plant world.

INCREASE BEEF RATION POINTS

OPA Announces Lower Values On Veal, Lamb and Pork

Washington, June 3 (AP)—Steaks will cost from one to three more points a pound beginning Sunday.

The Office of Price Administration, seeking to divert American appetites to pork, lamb, veal and variety meats, last night, announced a general increase in point values of preferred beef cuts such as steaks and roasts.

Fewer points will be required for numerous items of lamb, veal and variety meats, while pork values generally remain unchanged. OPA hopes, however, that the housewife will regard pork as a better buy than heretofore because of the higher points for beef.

Except for chuck or shoulder steaks, upped one point a pound, the ration value of all steaks was increased three points. Round steak will require 12 points a pound, compared with 10 points for pork tenderloin.

The point juggling, according to OPA, adds up to this: Those who buy more lamb, pork and veal and variety cuts will be able to maintain their weekly meat consumption at present levels, but those who insist on beef will have less of it.

Four categories of canned fish—crabmeat, sea herring, sea mussels and a half dozen types which had been grouped as "all other" in the official table—were removed from rationing.

Cannon Favors Draft For All

Richmond, Va., June 3 (AP)—Bishop James Cannon, Jr., of the Methodist Episcopal church, says he believes that "equality of sacrifice demands" a conscription act to place the men on the home front on exactly the same level in the eyes of the law as the men who are fighting in the war.

In a telegram to President Roosevelt, the churchman said "equal sacrifice demands" that the government legislate now to get me straight on this coal mine situation.

Russians Get . . .

(Continued from Page One) (The Soviet noon communiqué as recorded by the London Soviet radio Monitor said 37 German planes were shot down in the Kuban valley northeast of Novorossiisk yesterday. Land action was minor except on the Kalinin front, where 2,000 Germans were killed in a two-day battle after a thrust that temporarily dented Russian defenses, the war bulletin said.

(Today's German communiqué as-

serted that the Germans were engaged in heavy defensive fighting in their Kuban bridgehead and that "thrusts and attempts at piercing the German lines, made by Soviet infantry and tanks, collapsed in concentrated fire or else were smashed before the troops were deployed for attack."

The communiqué said "strong German battle plane formations had a considerable share in this defensive success."

(Nazl air attacks on railway installations near Kursk were extremely heavy, and German shock troops blew up numerous Russian dugout positions, the Germans said. They also asserted 83 Russian planes were shot down yesterday. The communiqué was recorded by the Associated Press from a Berlin broadcast.

(The Russian communiqué announced three towns were recaptured by the Russians in fighting around Sevsk, 80 miles northwest of Kursk.)

(The Finnish communiqué, broadcast by the Berlin radio and recorded by the Associated Press, said three bombers and three fighters were shot down out of a Russian formation of 14 bombers and a like number of fighter planes in a clash east of Sumaraiya yesterday.

(One damaged Finnish plane managed to reach its lines before landing, it was said. Anti-aircraft guns foiled a Russian attempt to bomb Kotka, the Finns declared.)

Kursk was recaptured by the Russians in their winter offensive last February 8, along with Belgorod, 80 miles south. Its capture preceded the winning of Kharkov, 120 miles south. When the Germans surged back into the Donets valley in mid-March, they were unable to regain Kursk, although they took Kharkov and Belgorod and fanned down the curve of the Donets river to the southeast.

The area is a key to the swaying battle for the Ukraine and the Donets basin. From it the Germans launched last summer the drive that carried to Stalingrad.

Both sides have huge forces marshalled in the region and the strength of the sky forces was held here to be a matching of power in an effort to gain air supremacy before any far-reaching land battle begins.

The Russians, still held off at Smolensk, battered that railway junction from the air Tuesday night and also hit rail stations and ammunition dumps at Karachev and Krasny Bor, it was announced.

Meantime, reports from the Baltic Red navy fleet said increased activity was welcomed by the submarine and mine sweeping crews, who are bound through the winter, and that the fleet itself was going to sea with new types of equipment furnished by the Allies.

Quadruple anti-aircraft gun batteries are one new feature, it was said. The Red battleship revolution is one craft thus equipped. The weapons came without any accompanying instructors, the Soviet sailors assembled the guns, and they now are being used effectively against Nazi raiders, it was reported.

The mine sweeper crews call the Baltic "soup with kletzki"—soup with meat balls, in reference to the number of mines floating in its waters.

(Finnish communiqués in the last two weeks have carried numerous reports of activity of light naval forces in the Gulf of Finland.)

Early Presidential . . .

(Continued from Page One)

Besides the possibility of a presidential order for the miners to return and the possible use of Selective Service and alien laws, there remained always, of course, the chance that Lewis might recede from his heretofore adamant stand against the War Labor Board and that a compromise might be effected.

Mr. Roosevelt war members of the AFL-CIO Labor War Board today but members said afterward their meeting had no connection with the coal dispute.

The possibility of any action before late today, or perhaps tomorrow, appeared remote, however.

There was evidence that the war mobilization director, working behind the scenes to bring the coal strike to a conclusion.

Nevertheless, Presidential Secretary Stephen Early said that he assumed that the War Labor Board order that negotiations between operators and miners be halted until the men are back in the pits, still stands.

"On the coal strike front, I don't know, as far as I can tell now, an expectation of any announcement that can be given to the press at the present time," Early said.

Meanwhile, soft coal operators and United Mine Workers representatives resumed their joint war conference this morning although both groups of operators have advised the War Labor Board they will obey its order not to negotiate the coal contract issues while production is interrupted.

WILSON'S WEEKLY Bulletin

By George Rector Food and Nutrition Consultant to Wilson & Co.

Wartime industry has increased tremendously the number of lunches carried daily. Because of the importance of good nutrition to health, lessened fatigue and accident prevention, any time and money spent in planning and preparing a nutritionally adequate lunch pays big dividends. The National Research Council recommends that every lunch furnish one-third of the food requirements for the day. To be a V-lunch, it must meet this recommendation.

MAKE ALL YOUR LUNCHES V-LUNCHES

The Wilson's Certified Braunschweiger sandwich by itself, made with enriched bread and two slices of liver sausage, furnishes the day's requirement of both iron and Vitamin A. The Wilson's Certified Cheese sandwich furnishes a high quality protein as well as a generous amount of calcium and Vitamin A.

Women and men who sit at a desk all day will not need quite such a large lunch. Be careful, however, when planning a smaller lunch that it meets all the requirements for protein, as well as the other important nutrients.

SELECT VICTORY LUNCH If members of your family are fortunate enough to be able to buy their lunch at a company lunch room, they will be wise to select the Victory Lunch which so many are serving now.

The adequacy of the food we eat is not determined so much by the amount of money we spend as by the wisdom with which we make our choice of menu. We can't afford to be absent from work one day, or work at decreased efficiency one hour, if we are to do our full share in winning this war.

Next week, I will discuss the value of protein in the diet. Nutritionally yours, George Rector

JOIN A NUTRITION CLASS TODAY and Learn How to Feed Your Family a Nutritionally Adequate Diet.

# SCRAMBLE FOR LEAGUE LEADS IS STILL CLOSE

## Yanks And Dodgers Having To Fight To Stay on Top

By JUDSON BAILEY  
(Associated Press Sports Writer)  
The St. Louis Cardinals may be the world's champions, or, as manager Billy Southworth calls them, the world's greatest ball club, but the Brooklyn Dodgers have to be rated as the most dogged, determined gang of diehards in the major leagues.

This spring the Cardinals have upped and glittered and won the admiration of all their rivals in the National League.

The Dodgers haven't looked good, a collection of old geezers with aches and pains. No fewer than four of them were treated on the same afternoon this week by Dr. Robert Hyland.

Yet the Dodgers have held first place since the first day of the season and nothing the Cardinals have been able to do has been sufficient to dislodge them.

Last night they seemed ready to fall. The Cardinals had humiliated all the Dodgers' strongest, fastest pitchers and were within half a game of taking over the lead. Southworth had Max Lanier ready, a southpaw who had beaten Brooklyn five times last year and once this spring.

Leo Durocher had to take a chance on the only lefthander he had on his staff, Max Macoon, who couldn't dent a mustard pie at arm's length and who hadn't pitched a complete ball game all season.

Macoon still hasn't pitched a complete game, but he beat the Cardinals last night to even their four-game series and restored Brooklyn to a game and a half lead. The score was 3-2 and the raring Redbirds who had made 20 hits the day before, who had obtained Danny Lohwiler from the Phillies and installed him as cleanup hitter, were limited to seven safeties.

The Dodgers, who revamped lineup that included second-string catcher Doc Moore on third base, made nine hits off Lanier before he gave way to a pinch hitter in the eighth. They scored twice in the first inning and again in the eighth so that the Cards never had a chance to get off their backs. The best St. Louis could do was a run in the fifth and another in the ninth, when Curt Davis came in to snuff out a potential rally.

Meanwhile, the American League scramble for first place became even closer than the National as the New York Yankees 2-1 and the Washington Senators squeaked the Cleveland Indians 13-1 in a night game. This bumped the Yanks and Senators into a virtual tie for the lead, although New York had the benefit of a few percentage points, 57 to 56.

Five-hit pitching by Lefty Jake Wade proved the stumbling block for the Yankees, who have lost four out of five games of the lowly Sox. The Senators collected 17 hits in mauling the Indians.

Detroit held onto their place by beating the Philadelphia Athletics 7-2 behind five-hit hurling by Frank (Stubby) Overmire and the St. Louis Browns and Boston Red Sox divided another pair of extra inning games. The Browns took the first 7-2 in 12 innings and the Red Sox retaliated in the night cap 3-2 in 10 innings with Yank Terry pitching four-hit ball. In the four-game series the two teams played 45 innings.

The National League Cincinnati and Pittsburgh continued in a tie for third place. The Reds walloped the New York Giants 13-6 with an 18-hit assault on five pitchers after the Giants themselves had ousted Bucky Walters off the mound with five runs in the first two innings.

The Pirates came from behind in a night game to beat the Boston Braves 3-2 with three runs in the ninth inning. Two of them came on a home by Elbie Fletcher.

The Phillies, nosed out the Chicago Cubs 6-5 for Schoolboy Rowe and now have beaten the Bruins seven times in eight games.

## Restrictions On Spud Shipments

Charlotte, N. C., June 3 (AP)—No common carrier nor contract motor carrier subject to the Interstate Commerce Act may accept or move Irish potatoes from several North Carolina counties after June 7 unless the shipper presents a permit from the director of food distribution, Harry B. Rubey of the Federal Bureau of Motor Carriers said yesterday.

Rubey said the counties affected were Northampton, Halifax, Martin, Wayne, Greene, Wayne, Johnston, Hertford, Gates, Bertie, Washington, Beaufort, Craven, Lenoir, Duplin, Sampson, Bladen, Columbus, Brunswick, Camden, Currituck, Pasquotank, Perquimans, Chowan, Tyrrell, Dare, Hyde, Pamlico, Jones, Carteret, Onslow, Pender and New Hanover.

Plans were announced for opening a control point at Goldsboro through which shippers permits will be issued to growers, and another such point will be set up in Washington.

R. T. Melvin, representing the State Food Administration, said permits could be obtained by telephone. All government produce inspectors also will be authorized to issue these permits.

## Warehousemen Meet In Wilson On Friday

Important matters will be discussed at the annual meeting of the Eastern Carolina Warehousemen's Association at Cherry Hotel in Wilson tomorrow. President A. W. Fleming of Wilson will preside. Dinner will be served at 1 o'clock. The business session will begin at 2.

## Would Expand Security Plan

Washington, June 3.—(AP)—A vast new post-war program of social security was envisioned today by Senator Wagner (D-N.Y.) in legislation he said he had drafted for immediate introduction.

Sponsored jointly by Senator Murray (D-Mont.) the proposed bill was described by Wagner as "an American plan" containing many variations from the British Beveridge "cradle to the grave" proposal.

It would establish a 6 per cent employer and a 6 per cent employee contribution on all wages and salaries up to \$3,000 a year to finance a national social insurance system consisting of:

- 1.—A national system of public employment offices.
- 2.—Old age and survivors' insurance.
- 3.—Permanent disability insurance and lump-sum death benefits.
- 4.—Protection for the social security rights of men and women in the military service.
- 5.—Unemployment insurance.
- 6.—Temporary disability insurance and maternity benefits.
- 7.—Medical and hospitalization insurance.
- 8.—Unemployment allowances upon termination of military service.

The measure, Wagner asserted, covered broadly the economic hardships of average people "throughout their lifetime."

**More Snapbeans**  
Raleigh, June 3 (AP)—The 450,000-bushel crop of snapbeans predicted in North Carolina in 1942 is expected to be topped this year by 11 per cent.

The State Agriculture Department reported yesterday that despite bad weather this spring and a shortage of farm labor, indications were for an 11 per cent larger yield of early-crop snapbeans.

## Strong Sermon At Free Will Revival

"The Tears of Jesus" was the subject the Rev. Clarence Bowen used last evening in the revival now in progress at the Greenville Free Will Baptist Church.

Using as a background the story of Jesus weeping over Jerusalem, the minister first pointed out the fact that this man who was weeping was the Son of God, the Rose of Sharon, the Morning Star, the one who could "dip his fingers in the bowl of nothingness and sprinkle the blue canopy above with twirling planets; who could speak the word and make order out of chaos; who could thunder the command and man would be formed from the dust of the ground."

In a very pointed manner the minister asked, "Why these tears? Why must so great a person weep?" From that point on he discussed several things Jesus saw that day as he stood looking over Jerusalem, things his disciples had never really seen.

"He saw the spiritual condition of man, the destiny of man, the fact that man had refused to hear, and had rejected him, and the utter indifference of man toward his suffering," continued Mr. Bowen.

In concluding his message, the minister assured his congregation that in order for men to be won to Christ, Christians, like Jesus, must become deeply concerned about the lost about them. "How much do you really care?" was his closing question.

Marguerite and Jimmie Mose sang "Breathe On Me" with Mrs. Ruth Mose accompanying. Other special music is being planned for each evening. The public is invited to attend each evening at 8:30. The revival will continue through next week. Interest and attendance increase at every service.

## Accepts Pastorate In Winterville

Rev. E. G. Cole and family of Forest City and Charlotte, will arrive in Winterville this week to take up his work as pastor of the Winterville Missionary Baptist Church.

Rev. Cole is a graduate of Wake Forest College and recently received his master's degree in theology at the Southern Baptist Seminary in Louisville, Ky. He will preach his first sermon as pastor Sunday, June 6, at the 11 o'clock hour.

All members and friends are invited to hear him.

## Munitions Workers Strike

St. Louis, Mo., June 3.—(AP)—Approximately 2,500 Negro employees at one of the eight production units of the St. Louis Ordnance plant struck today, refusing to work under white foremen, Julian Kirk, public relations director for the United States Cartridge Company, said.

White foremen have supervised work in the unit since its formation in July 1942, but Negro employees were selected this month for training as supervisors to replace them, Kirk explained.

## BASEBALL RESULTS

## Refuse To Kill Anti-Strike Bill

Washington, June 3.—(AP)—The House refused by an overwhelming vote today to kill the Smith-Connelly anti-strike bill outright and proceeded to a consideration of amendments.

A motion by Representative Celler (D-N.Y.) to strike out the enacting clause, thus to kill the measure, was defeated on standing vote of 133 to 37.

Celler complained that the labor committee had not had a chance to consider the legislation and that the military committee had not given labor an opportunity to be heard on the measure.

Opposing Celler's motion, Representative Whittington (D-Miss.) accused John L. Lewis, mine union head, of hating President Roosevelt "with such vehemence" that "his patriotism has been destroyed."

"In a contest between labor and the government, I stand for the government," Whittington added.

"Is this section, or isn't it?" Rep. Hoffman (R-Mich.) asked the house today in regard to the coal mine walkout, as the lawmakers took up a bill to outlaw strikes in government-operated war plants.

"This is the first time in history," the Michigan member said, "that there has been a strike against our government. It is the first time a labor organization in time of war has defied our government."

## Stalin's Answer Expected Today

Washington, June 3 (AP)—President Roosevelt kept a look-out today for his personal postman, Joseph E. Davies, who is bringing back an answer to the President's confidential letter to Premier Joseph Stalin of Russia.

White House officials thought Davies and his important brief case would arrive from the west coast late in the day, flying weather permitting.

But they had nothing whatever to say about the contents of the communication the former ambassador to Russia delivered personally to Stalin in Moscow or the reply he was bringing back.

## Sports Roundup

New York, June 3 (AP)—"Speed-up" basketball sounds like a good idea to a lot of folks, but prey Will Harridge of the American League doesn't think it will work very well.

"For one thing the ump's can't do much to hurry the players along between innings and if they try to cut short the pitchers' antics on the mound they're liable to hear a lot of pointed, ear-burning questions from the managers about whether they have a date that night...As for Billy Evans' plan of making a flinger who is left on base go right to mound without visiting the beach, Will thinks that when the weather gets real yhot, Bill will find the boy needs the breathing spell...Besides, Harridge adds, "we played a night game in an hour and 29 minutes recently and the fans didn't get enough. They had to flick the lights a few times to start them moving

reached this country and is "out in the woods, somewhere training for his race." Charley Jones, Sammy Angus's manager, reports that he has six promising yearlings on his Goshen, Ky., horse farm and one of them, a son of Johnstown, has just the same markings as his pa... Sonny Horne, the Niles, Ohio, middleweight, was born only 90 feet from the birthplace of President McKinley... Herb Kopf, Manhattan's volatile football coach, complains that the hardest thing about being in the

midst of the football doldrums is just sitting still. "It's terrible for a guy who likes to move around the way I do," says Herb... A "tip" relayed by Buck (Louisville Times) Weaver is that the Charles Town, W. Va., race track is about to close because of gas restrictions. The next big baseball announcement will come from St. Louis—probably today.

Today's Guest Star  
Kenneth Jones, Peoria (Ill.) Journal-Transcript. "If track athletes trained as listlessly as ball players, we'd hear more about the five-minute mile than the four-minute mile."

The Voice On The Wire  
Jimmy Johnston, (before taking off for Chicago where they're all keyed up—I don't know whether its to bring me in or keep me out...)"A guy told me I was crazy the other day when I said I had managed about 30 champions. Well, I put them down and I've managed

five men who held state world titles, Johnny Dundee, Ted Laid Lewis, Harry Greb, Pete Latzo and Mike McTigue. Besides that I've had the holders of 24 British and empire titles and 19 Italian and European titles. No such and so in the world can beat that."

## Fights Last Night

At Elizabeth, N. J. Lulu Costantino, 131, New York, knocked out Gus Levine, 127, New York (10).

Live Market

Raleigh, June 3 - (AP) - (NCDA) Hog markets steady with tops at \$13.00 at Richmond and 13.45 at Rocky Mount.

Poultry and Eggs

Raleigh, June 3 - (AP) - (NCDA) Raleigh egg and poultry markets steady. U. S. large (clean white) 38; grade A hens, all weights, 25.

Grain Market

Chicago, June 3 - (AP) - Rye paced an upturn in grains today, moving up more than a cent to new six year highs on aggressive commission house buying and covering by previous short sellers.

Buying developed on the basis of a private crop forecast estimating lower production of wheat and rye than the government's May 1 forecast.

New York Cotton

New York, June 3 - (AP) - Cotton futures opened 10-20 cents a bale lower.

Mid-morning values were off 15 to 30 cents a bale. July 20.19, Oct. 19.93 and Dec. 19.79.

N. Y. Stock Market

New York, June 3 - (AP) - Motors and other selected peace stocks moved up in today's market.

The list got off to an irregularly lower start. General recoveries for scattered rails and other initial stumblers appeared near mid-day and volume picked up for a while.

Dealings then slowed and, approaching the finish, the direction of prices was somewhat cloudy.

FINAL STOCKS

Table with 2 columns: Stock Name and Price. Will Not Recall ABC Ration Books

Raleigh, June 3 - (AP) - There is no truth to reports that liquor ration books will be called in and new ones issued, Carl Williamson, state ABC chairman, said today.

The reports probably started, he said, after officials decided to issue a new type of book next December to eliminate possibility of exchange.

Both islands, along with Sicily, would be likely prime objectives in an Allied invasion across the Mediterranean, from North Africa.

A Berlin broadcast, discussing two invasion articles in the German army organ Die Wehrmacht, stressed the possibility of Allied thrusts into Europe from several directions, and declared:

"An Anglo-American expeditionary force might perhaps succeed in crossing the Mediterranean and landing somewhere in southern Europe, but it would not have the slightest chance in battle against Axis continental armies with their millions of well-trained and well-equipped troops."

Coupled with this boast of Axis invincibility, the broadcast conceded that the Allies "might perhaps succeed in obtaining a foothold at some point on the Norwegian coast for some time."

"It cannot be denied, of course, that the Anglo-American occupation of Tunisia created a new situation in the Mediterranean," the broadcast added.

Berlin previously had named June 22 as "der tag" for the Allies' grand assault on Europe.

Russia - Hitler turns on sudden burst of air power, 500 Nazi planes attack Soviet base at Kursk, Russians say 123 German aircraft shot down at Kursk, 37 in Caucasus, 25 at Leningrad, 2,000 Nazis killed in two-day battle on northwest front.

China - Chinese armies storm within 12 miles of big Japanese base at Ichang; Chungking spokesman says Japanese retreating on whole upper Yangtze river front, suffering 30,000 casualties out of 100,000 troops; Tokyo admits Japanese operations are "successfully concluded."

Southwest Pacific - U. S. bombers drop 156 tons of explosives on Japanese bases in New Guinea in week-long offensive, six raids unchallenged by single Japanese plane.

Washington - Military experts, reviewing news events since battle of Midway, see ultimate wreckage of Japanese war hopes.

Halt Inductions... local draft boards of all Tennessee miners now away from work and directed that the board proceed to reclassify those within the required age limits for induction into the armed forces.

Under this directive occupational deferment previously granted miners as essential workers would be removed.

Cooper said that Tennessee was the first state to take such action and that changing the draft status of idle miners "approaches" the problem from a different angle than those used heretofore to solve labor disputes.

The governor said he took the step under authority granted by the Selective Service Act to heads of state governments.

The state has about 10,000 miners.

Bowlers Defeat Washington Team

Greenville local bowlers won a bowling tournament last night from the Washington bowlers by the close margin of 24 pins - 1,437 against 1,413 scored by Washington.

Stokes of Greenville scored the highest set, while Somers of Washington scored higher game during the tournament.

A return match will be played on next Wednesday at Washington.

Now Is Time ...

(Continued from Page One) Estimate your 1944 income if it is not from wages or salaries and make a quarterly payment on it. If 20 per cent is withheld from your pay and you are single and make more than \$2,700 or married and more than \$3,500 figure the difference between your total estimated 1944 tax and the amount to be withheld and pay one-fourth of it.

March 16, 1944 - Take a few days vacation to recuperate.

Jap Drive ...

(Continued from Page One) casualties were inflicted on Japanese troops.

Two American planes were lost and several others were damaged.

Recapture of Changyang would represent an advance of about 30 miles for the Chinese troops since they regained Yuyangkwan last Saturday.

The occupation of Chihkiang, the spokesman said, menaced Japanese communications with Ichang. Japanese positions south of the Yangtze now form an arc extending from point less than 15 miles west of Ichang to Linshien in Hunan province.

The Chinese announced yesterday that they had regained three towns above Ichang and said the retreating Japanese in this area had been surrounded and many had been wiped out.

(The Tokyo Radio, in a broadcast recorded by the Associated Press in London, quoted an official Japanese statement today saying that operations in central China had been "successfully concluded and all Japanese forces who participated have

been brought back to their bases." The statement said the operations, which were brought to an end Monday, took place on a front 180 miles long and 83 miles deep, stretching from Tungting Lake to the Yangtze river and fortified town of Ichang. The 10th Chinese army and other forces were "annihilated," the broadcast added.

"The military spokesman said that an important factor in the Chinese success was the "collaboration" of the Chinese and American air forces, which have accomplished very much."

The Chinese forces have received considerable help from puppet Chinese troops which the Japanese tried to employ, but from which full information was obtained concerning the enemy's strength, the communiqué added.
