Allied Forces Drive Deeper Into German Mountain Line

Fifth Army Captures Teano, Important Road Center, Flanking Enemy Lines; British Move Forward; Planes Sweep Northern Italy And Southern France

By NOLAND NORGAARD Allied Headquarters, Algiers, Nov. 1.—(AP)—The Allied Fifth army seized Teano, control point to important roads flanking the enemy's Massico ridge anchor, in the relentless mile-by-mile march up the Italian peninsula. Allied headquarters announced today.

With equally steady progress, the Eighth army smashed through the mountains to capture the villages of Cantalupo—the town of the Singing Wolf—along with Macchiagodena and Frolone. This advance placed Gen. Sir Bernard L. Montgomery's warriors within nine miles of Isernia, central bastion of the German mountain line.

Between these two sectors American troops performed one of the campaign's most spectacular single day achievements when they advanced five miles through downpours and up steep mountain slopes to seize Vallegricia, a citadel perched on a 2,000-foot hill four miles north of Ravello. In the push toward Venafro.

A military commentator said reaching this objective would have been "hard enough for an ordinary peacetime Sunday afternoon walk," but the Americans covered the distance in the face of intense enemy artillery, mortar and machinegun fire and despite carefully laid mine fields guarding the approaches.

Teano, too, was taken only after a furious battle with elements of the Hermann Goering division. It, Gen. Mark W. Clark's troops wasted no time in clearing the capture (Continued on Page Two)

Hero Missing

Lieut. (jg) Paul Baker, (above) of San Diego, was reported as the hero who led 10 Jap planes away from the carrier Lexington, risking almost certain death or capture, rather than have the enemy planes locate the Lexington through him. The Japs coaxed him, via radio, as he came in to land. Under orders not to land, he flew away with the Japs in pursuit. He's now listed as missing. (AP Wirephotos.)

Soldier Praises Red Cross Work

Mrs. Jimmie Blanks, whose husband is on active duty in North Africa, received a most encouraging letter from him, written when he heard that she was active as an instructor in the Red Cross bandage room. Part of his letter is quoted below: "If you had the vaguest idea of what those Red Cross bandages mean to these poor devils wounded over here you would think it the most important job you ever had. A lieutenant colonel in the medical corps told me yesterday that the figures on the number of lives saved by ready-made bandages and Red Cross blood plasma is unbelievable. The Red Cross does more for the army men than the people at home can ever realize, and I am for anything they do."

Greenville Man Missing In Action

Private Arthur Turner, son of Mrs. W. H. Turner and brother of Miss Annie Turner, of this city, has been missing in action in the Italian theater of operations since September 15, according to official notice received from the War Department. Private Turner had been in the army about 18 months. Mrs. Turner has three more sons in the service.

Killed in Collision

Greenwood, S. C., Nov. 1.—(AP)—A collision of a Carolina Seaside Coach Line bus and an automobile on the Laurens-Greenville highway about seven miles from here killed four persons and injured at least 11 last night.

ASKS INCREASE FOR SUBSIDIES

President Declares Inflation Must Be Avoided

Washington, Nov. 1.—(AP)—President Roosevelt in an exhaustive review of the world food situation urged congress today to continue and increase the administration's \$800,000,000 food subsidy program to assure an adequate supply and prevent a "serious and dangerous cycle" of inflation.

To a legislature which has been sharply critical of federal subsidies and which has leaned rather toward higher farm prices to encourage greater production for war, the chief executive sent the longest special message of his nearly 11 years in the White House—10,000 words. He had checked and rechecked it many times and spent almost a month writing it.

Shorn of its historical data, the message assured the American people that there will be "enough food to go around," specifically nailed reports of a "meat famine" this winter, and declared the price support program is proving reasonably successful in these two objectives: Increasing production, and maintaining fair food prices for the consumer.

War Fund Growing: On Radio Tonight

By CHESTER WALSH In Saturday's reports of the United or National War Fund drive Pitt county's collection on the fund went up from 76 to 86 per cent. County Chairman James T. Little reported today. He urged the workers to continue until the county is well over the top.

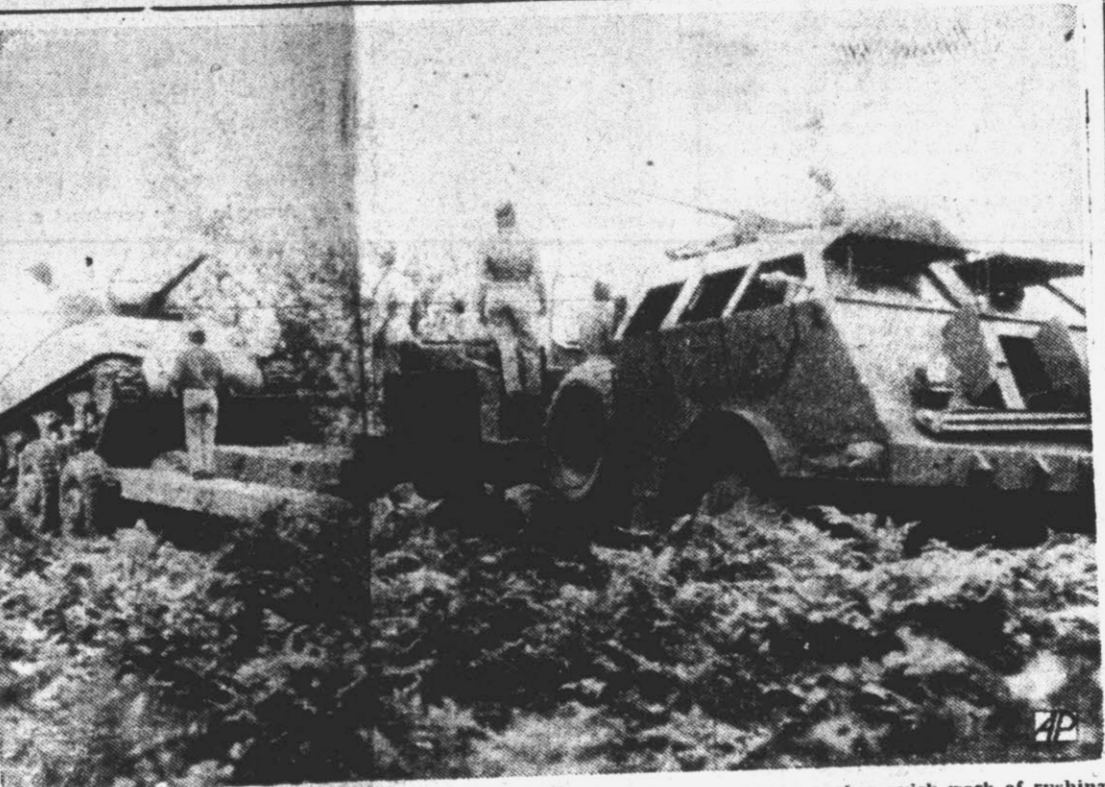

The following townships are over the top: Pactolus 120 per cent; Fountain, 115; Grimesland, 109; Chicod, 112; Carolina (Stokes), 109; Beaver Dam (Bell Arthur), 104; Farmville, 102; and Winterville is right at the top and expects to increase its percentage. Greenville has collected 90 per cent of its quota. Falkland, 73; Ayden, 68; Swift Creek (Grifton), 65; and Belvoir 21 percent. Bethel township has not reported.

The Kiwanis Minstrel Quartette will feature the Greenville Caravan, a 50-a-minute radio show to be presented from the studios of WGTN, Greenville's radio station, tonight from 8 to 9 o'clock.

Others on the caravan program include Ed E. (Little Lamb) Rawl, publicity director for the United or National War Fund Drive, who will be master of ceremonies; Camille Jernigan Louise Kilgo, Mrs. Ray Tyson, Mayor Bruce Suggs James, T. Little, Pitt County chairman of the War Fund drive; John G. Clark and many other talented stars in entertainment and community service.

The Greenville Caravan will be on the air tonight from 8 until 9. Tune in for an hour of unprecedented entertainment. Clark Gable, Jeanette MacDonald, Nelson Eddy, Fred Astaire, Red Skelton, Bob Hope, Bing Crosby, Mel Tormé, Douglas MacArthur, Gabriel Heatter, Rita Hayworth and the Marx brothers will not be on this program, but all of them are sponsoring similar shows for the United or National War Fund. Tune in tonight at 8 o'clock and enjoy the show.

Motor Giant Shuttles Tanks To And From Battle

This 4-ton monster, called a tank recovery vehicle or M-25 by the Army, makes quick work of rushing fully equipped tanks, themselves weighing many tons, to the front and returning with disabled tanks. Carried forward by the M-25, a tank can enter battle with full fuel tank and a cool motor. The carriers are armed against ground or air attack and carry a four days' supply of food and ammunition. A winch is used to haul the tanks aboard. (AP Wirephoto from Signal Corps.)

AIRMEN BLAST RABAUl AGAIN

Brisk Fighting Reported On Choiseul Island

Allied Headquarters in the Southwest Pacific, Nov. 1.—(AP)—Rabaul staggered today under another massive bombing. New Zealand troops were locked in battle with the Japanese for possession of Choiseul Island.

Vanakanau airfield at the important New Britain airbase took a 115-ton bombing from high flying heavy bombers and fighters Friday. General Douglas MacArthur announced.

Forty-five Japanese planes were destroyed, 25 of them in combat. This brought to 820 the October total of enemy aircraft destroyed for certain in this war theater.

Four Allied planes were acknowledged lost. Meanwhile, jungle-camouflaged troops had landed at two points on Choiseul Thursday morning, met enemy resistance the next evening and at latest reports were engaged in "brisk" fighting with the Japanese around Sangagal, a large concentration point six miles to the southeast of the beachheads.

If the Choiseul Japanese hope for steady reinforcements from Bougainville 30 miles to the north, they had little consolation in reports from the South Pacific airforce that (Continued on Page Six)

Reds Drive To Within Eight Miles Of Rail Exit From Crimea

Moscow, Nov. 1.—(AP)—The Germans were reeling back in utter confusion today along choked retreat roads above the Crimean peninsula. The Russians' Fourth Ukrainian army battered its way to within eight miles of the rail exit from the peninsula.

With the Russians driving toward the Crimea over a broad front, it now is impossible for the Germans to evacuate large forces any longer by the only railway, which runs up the Perokop isthmus, only four miles wide at its narrowest point, to Kherson on the lower Dnieper river.

"Fast Soviet units" have broken through German lines south of the lower Dnieper. The German high command acknowledged today. The command communique asserted, however, that flank attacks by German mobile units inflicted severe losses upon the Russians, while German counterattacks made good (Continued on Page Four)

Hurley Leaves Cairo

Cairo, Nov. 1.—(AP)—Brig. Gen. Patrick J. Hurley resigned Roosevelt's special envoy left Cairo today after two weeks' conferences with American, British and Egyptian officials.

Nazi Prisoners Escape

Winnipeg, Nov. 1.—(AP)—Nineteen German prisoners, who had escaped from a riding mountain-nazi camp, were sought today by scores of police, guards and farmer-searchers.

ALLIED RAIDS OVER GERMANY

Nazis Retaliate With Light Raid On London

London, Nov. 1.—(AP)—Speedy RAF Mosquitos attacked targets in western Germany last night, the Air Ministry announced today simultaneously with the disclosure that these hard-hitting planes now are being successfully employed on the home front as night fighters.

The announcement did not specify the objectives of the British raiders, one of which was lost in the today.

The disclosure that the Mosquitos now are doing defensive as well as offensive work came when it was made known that they had downed three Nazi raiders over Britain in the last two nights.

Liquor Ration Is Cut In Half

Raleigh, Nov. 1.—(AP)—North Carolina's thirsty had their liquor ration cut in half today. The value of four liquor coupons which became valid this month were reduced from one to one-half pint each.

Carl Williamson, chairman of the State Board of Alcoholic Control, said the action was taken to assure a "more equitable distribution of the limited supply of whisky available at the present time." He said the coupon value would be restored to one pint each "when stocks of merchandise in the county ABC stores permit."

Jury Couldn't Agree In Dixon Land Case

The jury in the Dixon land case, on trial in Superior Court last week, after deliberating about six hours Saturday, could not agree on a verdict and were discharged. Judge J. Paul Frizzelle of Snow Hill ordered a mistrial. The jury stood eight to two in favor of Scott Dixon, when the foreman reported they could not agree.

Four-Power Pact Signed In Moscow

TO INCREASE POSTAL RATES

Congress Urges Economy Instead Of More Taxes

By FRANCIS M. LE MAY Washington, Nov. 1.—(AP)—An increase from three to four cents in charges on out of town letters was voted today by the House Ways and Means committee.

The revenue group previously had raised the local letter rate from two to three cents. The committee decided to cut back the air mail rate from a tentatively-approved 10 cents to 8 cents.

The present rate is six cents. The committee also decided there shall be no postage rate increases on newspapers and church and religious publications, but doubled all other second-class postal charges.

The general admissions tax was cut back to 20 per cent instead of the previously approved 30 per cent. The present rate is ten per cent.

Chairman Doughton (D-NC) said the net result was to reduce the amount of new revenue in the tax bill from \$2,117,000,000 to \$2,043,000,000.

The committee rejected a proposal to cut back its previously approved 15 per cent rate on local telephone bills. The rate now is ten per cent.

Today's action virtually completed work on excises on so-called luxuries, from which the new tax bill derives most of its revenue. Committee members said no motion was made in the executive session to reconsider the tax-drafting body's previous re- (Continued on Page Six)

Russia, Britain, United States And China Included; Will Prosecute War to Victory; Second Front Hinted; Will Free Italy, Austria and Others

Washington, Nov. 1.—(AP)—Closer cooperation on the battlefronts and united action in the peace to follow victory through eventual creation of "a general international organization" were pledged at the historic Moscow conference by the United States, Britain and Russia.

Attended by Secretary of State Hull, Foreign Secretary Anthony Eden of Britain and Foreign Commissar Vyacheslav Molotov, and their staffs, the conference was the first of its kind. A tripartite communique issued at the conclusion of 12 meetings running from October 19 through October 31 said the conference was marked by "frank and exhaustive discussions of the measures to be taken to shorten the war against Germany and her satellites in Europe."

Suggesting that a second front in Europe already had been set, the communique said: "Advantage was taken of the presence of military advisers representing the respective chiefs of staff in order to discuss definite military operations with regard to which decisions had been taken and which are already being prepared in order to create a basis for the closest military cooperation in the future."

Witness On Stand Makes Revelations

Judge J. Paul Frizzelle of Snow Hill convened a week's term of criminal Superior Court here today. The forenoon was taken up with disposal of minor cases.

A considerable portion of the afternoon session was taken up in the hearing of the case against Howard Rinehart for failure to list 1941 personal taxes. The court directed a verdict of not guilty in the Rinehart case.

While on the witness stand R. D. Whitehurst of Bethel, who was deputized tax collector for the county for a time, made some sensational revelations about improperly listed taxes in Pitt county which he discovered while working for the county. He reported these matters to a grand jury, but that body failed to take action. Whitehurst testified.

Tomorrow's Voting May Furnish 1944 Forecasts

By The Associated Press Voters—perhaps most of them women—will mark wartime elections in off-year elections in states tomorrow and political leaders and forecasters will be watching the results for possible signs of a 1944 swing.

Observers agree that many things can happen between now and next year's presidential contest that might have a decisive effect on voter thinking, but they will analyze the returns minutely in at least four states just the same. They realize that a temporary advantage gained by either party may be but a prelude to a more permanent one.

Chief national interest lies in the race for lieutenant governor in New York, in which President Roosevelt and Gov. Thomas E. Dewey are supporting opposing candidates; gubernatorial contests in New Jersey and Kentucky, and the mayoral scrap in traditionally Republican Philadelphia.

Mississippi will go through the formality of electing a slate of Democratic state officials, including a governor, who were winners in August primaries. Virginia will choose state legislators, and New York and Pennsylvania will fill one seat each in the national house of representatives, left vacant by a death and a resignation. Because so many men of voting age are at the front or have moved to new war industry localities, women are expected to poll a majority of the vote in many communities. The total vote is almost certain to be light in view of sharply curtailed registrations and lack of live issues. There have been some official forecasts that women may cast 30 (Continued on Page Four)

ABC Officers Catch Three Men At Still

Pitt county ABC officers destroyed a 50-gallon liquor still near Greenville Sunday afternoon and arrested three of the four operators. The officers locked up Ernest Carney, Andrew Hopkins and Ben Oterbridge, all colored. They will be tried before Judge Dink James in County Court on November 9.

The officers found the illicit still, an oil drum, on Evans street extension, near the Coast Line Railroad, about two miles from the city. It was in operation and about half a gallon of whiskey had been run off when the officers arrived. They found about 100 gallons of fermented mash and the usual equipment. One of the men at the still escaped.

Tin Can Salvage

The housewives of Pitt county are urged to send all their tin cans to the school in their community during the week of November 1-6. All well-cleaned flattened cans made from shiny tinplate can be used. Rusty cans are useless.

Used tin cans are needed because they provide tin, scrap steel and copper for war production.

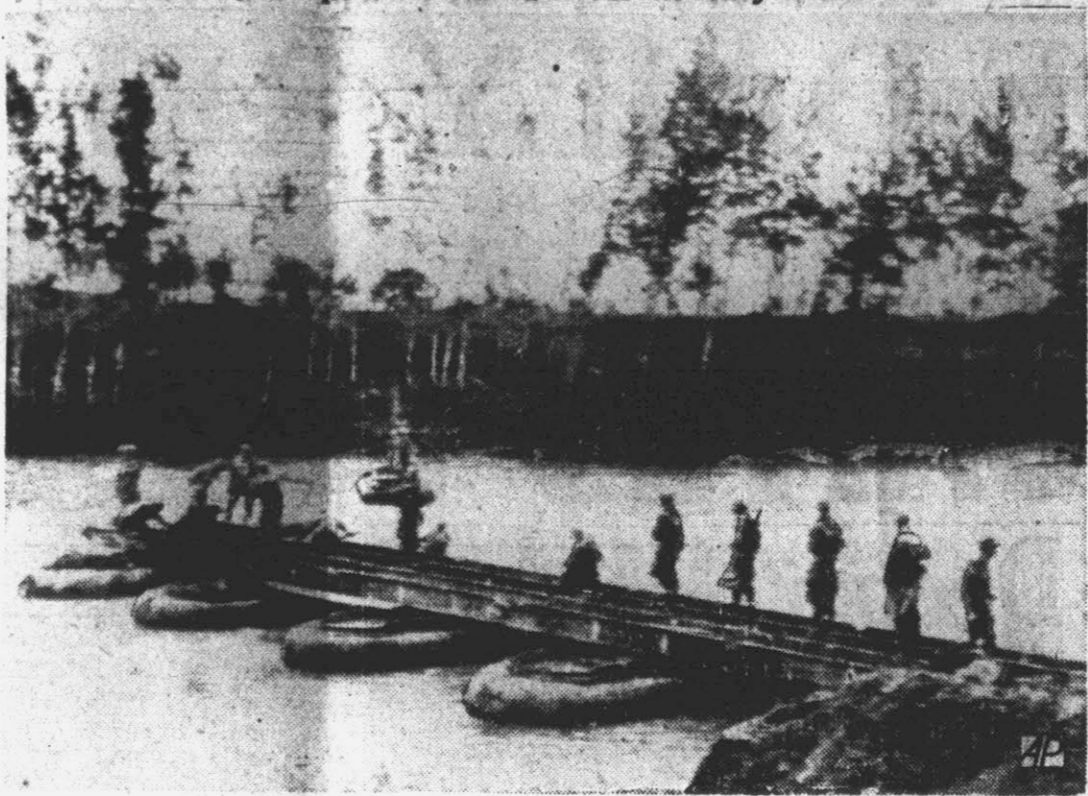

Soft Coal Miners Idle Pending Developments

(By The Associated Press) The vast bulk of the nation's 374,000 soft coal miners laid down their tools today to await fresh developments in the long-drawn-out dispute over a new working contract. An early morning survey showed virtually complete shutdowns of operations in West Virginia and Pennsylvania, each having about 110,000 bituminous workers. Similarly, Ohio reported all of its mines closed and 21,000 idle. Indiana production had about stopped, with 7,000 out. These reports came in as members of the United Mine Workers Policy Committee gathered in Washington for a session scheduled to start at 11 a. m., but later delayed until 3 p. m. (EWT) due to late arrival of some delegates. Momentous decisions were in the offing, involving a choice between ordering the mine workers back to the pits or

The WAR TODAY AN ANALYSIS OF THE NEWS

By J. M. ROBERTS, JR. The news from Moscow was almost unbelievably good. There will be time for reflection with realization that many weary problems stand between the world and a Utopian peace. But right now, through the heart of all peace-loving mankind a lightness which has not been felt since the morning of November 11, 1918. How the blackness of despair must have descended on Hitler and his satellites, at the complete failure of their war-long efforts to drive a wedge between the Allies! There is no use mincing words about it. The English-speaking peoples have been waging war with a load on their minds—an apprehension about the intentions of Russia. Even Russia's pact of cooperation with Great Britain did little to dispel it. But today's tri-partite statement is so forthright, so compelling, as to automatically brush away a large portion of the clouds. The message from Moscow says Russia, with us in war, is with us in peace, that the nations which will emerge from war as the over-whelmingly great powers of the world will stand together—for establishment of an international organization based upon the sovereign equality of all peace-loving states, large and small, for the maintenance of peace. That is the message from Moscow. A message which for the time and peace, has few counterparts in all of history. This message does not mean that this is a time for letting down. It is merely a statement. The hard cold facts of life remain to be faced. But for the first time four great nations, three of them the most powerful of all nations, looking confidently forward to victory, have stopped in the middle of war to say to all peoples: "We stand for peace. We are determined on peace. The end of fighting will be only the beginning of the battle for peace." With all due respects for the jealousies and self-interests which will have to be overcome, for the times when even to the end of this partnership may stare us in the face and have to be held off with super-human efforts, this is a great day.

Americans Span Volturno River In Italy Under Fire

Soldiers of the American Fifth Army in Italy construct a pontoon bridge across the Volturno river, under the inaccurate fire of the Germans, to enable trucks and tanks to join in the advance of troops which breached the enemy defense line. The way for an advance in pursuit of the fleeing Germans, was cleared by a heavy Allied barrage. (AP Wirephoto via Signal Corps Radiophoto from Algiers).

Overseas Reporter To Appear Here, Charles Collingwood, CBS overseas reporter, who will appear in lecture at East Carolina Teachers College November 19 recently was guest of honor at a luncheon given by top CBS executives at the Berkshire hotel in New York. Mr. Collingwood had just returned from four years abroad, during which time he covered various war fronts. During the luncheon he was interviewed by numerous reporters, answering as many questions as he could and making many off-the-record comments.

Mr. Collingwood was questioned mainly about the OWI overseas branch. He replied that the service rendered by this organization was invaluable and that by all means it should be allowed to continue. Informed of the battle taking place in Congress over the future existence of the organization, he asserted that while the set-up "could be made more efficient there's no doubt we'd be much worse off without it."

Mr. Collingwood was greatly astonished over the insidious nature of the feeling harbored by so many here against Britain, as though British intrigue were behind everything that country is doing. He declared that the trend toward Anglo-American feeling on the fighting fronts in reality has been rising ever since the Tunisian campaign. He pictured the globe-circling U. S. senator as irresponsible critics that had a remarkable facility for antagonizing people, especially American correspondents.

Mr. Collingwood is the winner of the Peabody award for his top coverage of the war developments.

Initiation and Dinner, Celebrating the ninth birthday of the state organization of Delta Kappa Gamma, national society for women teachers, the Mu chapter of Rocky Mount and the Delta chapter of Greenville held a joint meeting in the New Classroom building of the college on Saturday evening, at which six new members were initiated.

Miss Mammie E. Jenkins, president of the Delta chapter, presided during the business meeting and was the official hostess for the occasion.

Members initiated into the Mu chapter, of which Miss Margaret Ricks is president, were Mrs. Earl Baker and Mrs. Edith P. Ball; those taken into the Delta chapter were Miss Deane Boone Haskett, Mrs. Nettie Herring and Miss Nancy Urey of Greenville, and Miss Berta Holland of Washington, N. C.

After the initiation service, a three-course dinner was served by the junior foods class of the college and its teacher, Miss Stella Cox. Centerpieces of the three beautifully appointed tables were birthday cakes; additional decorations carried out the Halloween motif.

Guests found their places marked by cards bearing Delta Kappa Gamma's monogram and by lovely programs in the society's colors. A spirit of informality, good humor and wit pervaded the dinner program, in which Miss Jenkins acted as toastmistress. Dr. Lucille Turner, a state founder of the society, founder of Delta chapter, and state treasurer, spoke on the nine years of remarkable growth of Delta Kappa Gamma in North Carolina. Others taking part in the program were Miss Margaret Ricks and Miss Kate Parks, Kitchin of Mu chapter, and Miss Elizabeth Hyman of Delta chapter.

A gift from Miss Minnie Lou Kelly, honorary member of the chapter, was presented to Delta by Miss Frances Wahl; this gift was a Bible bound in the colors of the society, to be used at special services.

Cities of Eastern Carolina represented by the forty members attending the initiation and dinner were Rocky Mount, Farmville, Plymouth, Battleboro, Scotland Neck, Tilghery, Halifax and Greenville.

College Vesper Program, Miss Mamey J. Chandler, Methodist student worker, new to the campus this fall, spoke to the college students at the vesper program last night, taking as her theme "If I had the time!" Jessie Earp of Holly Springs, led the devotional and introduced the speaker.

Miss Chandler began with the question, How much time do you have? Her answer was, "You have as much time as anyone else—twenty-four hours a day."

If you are always in a rush, she said, perhaps the trouble is that you do not know where your time goes. Some people think that there is a virtue in always being busy, but their lives are cluttered with activities, and unorganized. Such people do not take a few moments to be quiet and get direction for their lives from period of meditation.

Singleness of purpose obtained from such periods makes a life fall into order. The difference between a bush and a brush pile, she pointed out, is that the bush has organization and will develop into something beautiful, while the brush pile is just a heap of confusion.

Much of our time, said Miss Chandler, is wasted, or put to uses that are not worthy of it. Time is precious. Your time here at the college is precious. Boys on the firing line and girls on the assembly line in the factories make it possible for you to be here preparing yourself to help build a better world.

Then, referring to the deprivations of children and young people in other parts of the world, Miss Chandler said "The time of the college playboy is gone forever. You may as well realize that your play time is over. The building of a new world is on the shoulders of youth."

Estelle Valentine of Winston-Salem, was pianist for the service.

Herbert Wilkerson, son of Mr. and Mrs. S. G. Wilkerson, of this city, has recently been promoted from the rank of ensign to that of lieutenant junior grade in the U. S. Naval Reserve. Lieut. Wilkerson is on duty with the fleet in the South Pacific area. He was aboard the cruiser Helena when it was sunk in the battle of Kula Gulf last August and was rescued after spending several hours in the water.

West Greenville P. T. A., The P. T. A. of the West Greenville School will hold its regular monthly meeting Wednesday, November 3, at 3:30 o'clock in the school auditorium.

Miss Reide will be guest speaker. All parents are urged to attend.

Allied Forces . . . (Continued from Page One) of the vital road center and fanned out swiftly to the northeast and northwest to cut the highways piercing the Germans' defense lines to the north of Massico ridge.

Captured documents showed that the Germans had attached the greatest importance to holding Tenno, 20 miles northeast of towering Mt. Massico and 12 miles northwest of the Volturno river crossing at Cepura.

Gen. Montgomery's Eighth army gained the high ground on both sides of the road that runs from Foggia to Isernia and thence to Roma.

These veterans slugged through bitter resistance to capture Cantalupo, nine miles from Isernia and on the southwest side of the road, in a three-mile drive.

Magchiagodena, the same distance southeast of Isernia, is on the northeast side of the road and was taken in an advance of a mile and a half.

Further to the northeast, Frosolone fell to units which blasted a three-mile path and established themselves 12 miles from Isernia.

Montgomery's Adriatic wing was limited to patrolling as a result of heavy rainfall along the Trigno, where the Germans had converted San Salvo railway station into a heavily gunned fortress.

Meanwhile American Flying Fortresses carried the air offensive into southern France from Mediterranean bases for the second time in the war, bombing the important road and railway viaduct on the coastal route five miles southwest of Cannes.

The fortresses, unescorted to the

Skating Rink Draws Crowd New Location

The roller-drome public skating rink, opened Saturday in a building opposite Belk-Tyler's Store, on Fifth Street, near Five Points, and drew large crowds of young people, especially servicemen, during the week-end. The roller-drome will be open daily from now on. Skating is a popular pastime with servicemen, especially those from larger cities. "Skate for health's sake" is the slogan of the management.

Clinic For Cripples Be Held Here Friday

Dr. Hugh A. Thompson of Raleigh, orthopedic specialist, will conduct a clinic for all types of cripples, white and colored, at the Pitt County Health Department on Friday, November 5, from 12:30 to 4 o'clock. It is desired, but not required, that patients be referred by a physician or welfare officer and that patients take a note from them to the clinic.

The orthopedic clinic is set up to serve Pitt, Beaufort, Carteret, Pamlico and Tyrrell. Dr. N. Thomas Ennett, county health officer, stated.

Herbert Wilkerson Receives Promotion

Herbert M. Wilkerson, son of Mr. and Mrs. S. G. Wilkerson, of this city, has recently been promoted from the rank of ensign to that of lieutenant junior grade in the U. S. Naval Reserve. Lieut. Wilkerson is on duty with the fleet in the South Pacific area. He was aboard the cruiser Helena when it was sunk in the battle of Kula Gulf last August and was rescued after spending several hours in the water.

West Greenville P. T. A., The P. T. A. of the West Greenville School will hold its regular monthly meeting Wednesday, November 3, at 3:30 o'clock in the school auditorium.

Miss Reide will be guest speaker. All parents are urged to attend.

Allied Forces . . . (Continued from Page One) of the vital road center and fanned out swiftly to the northeast and northwest to cut the highways piercing the Germans' defense lines to the north of Massico ridge.

Captured documents showed that the Germans had attached the greatest importance to holding Tenno, 20 miles northeast of towering Mt. Massico and 12 miles northwest of the Volturno river crossing at Cepura.

Gen. Montgomery's Eighth army gained the high ground on both sides of the road that runs from Foggia to Isernia and thence to Roma.

These veterans slugged through bitter resistance to capture Cantalupo, nine miles from Isernia and on the southwest side of the road, in a three-mile drive.

Magchiagodena, the same distance southeast of Isernia, is on the northeast side of the road and was taken in an advance of a mile and a half.

Further to the northeast, Frosolone fell to units which blasted a three-mile path and established themselves 12 miles from Isernia.

Montgomery's Adriatic wing was limited to patrolling as a result of heavy rainfall along the Trigno, where the Germans had converted San Salvo railway station into a heavily gunned fortress.

Meanwhile American Flying Fortresses carried the air offensive into southern France from Mediterranean bases for the second time in the war, bombing the important road and railway viaduct on the coastal route five miles southwest of Cannes.

These Scenes Cause FBI Probe

These snapshots, taken from a German prisoner of war when he was captured in northern New Mexico last week after escaping from an internment camp near Trinidad, Colo., prompted an investigation by the FBI. The pictures, showing German prisoners embracing Japanese women, presumably were taken on farms where they were employed together. FBI said five Japanese women were being held for questioning. Transport Crash Kills Fourteen

Camp Mackall, N. C., Nov. 1.—(AP)—Fourteen officers and enlisted men were killed and four seriously injured when an army transport plane crashed near this air-borne troop post in the North Carolina Sandhills.

The accident occurred Friday and was announced Saturday night by the public relations office and Col. Vernon Olsmith, the commanding officer of the post.

No details were given. The announcement said, however, the plane was on a routine training flight at the time of the accident.

Unknown Visitor Is Most Generous

Toronto, Nov. 1.—(AP)—Everybody in Toronto today would like to meet a sphinx-like stranger who passed silently and solemnly through Christie Street Military hospital giving away \$100 bills at random.

Hospital authorities estimated he distributed approximately \$4,300. Calmly smoking a cigar and accompanied by a United States army officer, the man ambled among bed-ridden patients on the roof and through the third floor convalescent ward Saturday, leaving behind him a trail of surprised, but gratified, patients, each clutching one of the bills.

"The guy had a whole armful of money," declared a member of the RCAF who accepted one of the bills. The stranger drove away in a motorcar. None of the patients could recall that he had said a word.

Words of Appreciation
This is to express our most grat-

Announcement!

The Pitt County ABC Board is in receipt of the following telegram from the State ABC Board, Raleigh, N. C., and same will be complied with, starting Monday, November 1.

Oct. 30, 1943, 2:24 p. m.

Pitt County ABC Board,
Greenville, N. C.

Effective Monday, November 1, 1943, the value of coupons Nos. 51, 52, 53 and 54 will be reduced to one-half pint. All four of these coupons should be honored in your stores on any day in November that merchandise is available. You should deliver to any patron of your stores two pints, one quart, or one fifth container upon presentation by the bonafide permit holder of his permit book. Do not limit to one pint to a customer as long as any merchandise is available.

This action is taken with the view of a more equitable distribution of the limited supply of merchandise and with the hope that it will in a large way eliminate the crowds and lines now forming on the streets and around our stores in the counties, according to reports reaching this office. It is realized that your stock of merchandise will not permit you to honor the four coupons during the first and second weeks of November. But it is believed that the merchandise promised from the distilleries to be shipped during the month of November will be sufficient to allow the honoring of all valid coupons during the month.

This explanation should be made to the patrons of your stores by store personnel in the event you are not able to honor all coupons when presented.

If and when the stocks of merchandise in the various counties will permit the restoration of the value of the coupons to their pint value, this will be authorized. Notify all store managers of this change immediately.

CARL L. WILLIAMSON, Chairman.

Army - Notre Dame Tilt Feature This Week-End

Irish Walloped Navy Saturday; Carolina And Duke Both Win

By TED MEIER
New York, Nov. 1—(AP)—Notre Dame vs. Army—the game of the year—headlines this week's college football program as the season swings into November, traditional upset month.

Although the unbeaten and untied Irish—proclaimed the best team in the country—will be minus Angelo Bertelli, their nifty forward passer, and the Cadets lost a degree of prestige in being tied by Pennsylvania, the game will unfold before a capacity 75,000 crowd at the Yankee stadium. It was sold out weeks ago.

Another sellout crowd of some 72,000 is expected at Franklin Field in Philadelphia where Navy, crushed by Notre Dame, seeks to rebound against Penn. This game ranks second billing for the week.

While few expect the Cadets to shatter the Irish hopes for a perfect season it is well to remember that the Cadets should benefit from their unexpected 13-13 deadlock with Penn. There is no doubt the West Pointers will be seen for the Irish will react under pressure without Bertelli.

In any event it seems that it is now or never for Army. The Cadets have not even scored on a Frank Leahy-coached Notre Dame eleven. They have not kicked the Irish since 1931 when a 60-yard run by Ray Stecker in the last quarter sewed up a 12-0 victory.

Bertelli bowed out in great style before 82,000 at Cleveland Saturday, throwing three touchdown passes and scoring a fourth himself as the Irish routed Navy, previously unbeaten, 33-6.

The most exciting game of the day, though, was at Philadelphia where 72,000 thrilled as Penn, a 21-0 one-upder, came from behind twice to tie Army. Outrushed, 181 yards to 46, Penn scored both its touchdowns on forward passes with a wet ball. The second came in the last quarter on a 71-yard toss from Joe Michaels to Bob Osh who caught the ball on his fingertips on the Army 44 and outran the Cadet secondary.

Undefeated until Purdue balked up its seventh in a row by trouncing Wisconsin, 32-0, Tony Burkovich closed his career in fine style scoring 18 points on three touchdowns to set a new big ten record of 78 points and boost his season total to 96.

Indiana an Ohio State two all-civilian teams, waded a 20-14 thriller at Columbus with the Hoosiers on top for the first time in six years. The Buckeyes took a 14-13 lead in the last quarter only to see Bob Hoernschemeyer win the game in the last minute on a long forward pass.

Holy Cross came through with a mild upset in beating Colgate, 14-7 although the Red Raiders were minus their star fullback Mike Micka. In other leading games Mike Hegan with Bill Daley playing his last game, trounced Illinois, 42-6; Northwestern, sparked by Don Buffmire, crushed Minnesota by the same score; Duke toppled Georgia Tech, 14-7; Georgia Pre-Flipped beat Yale, 25-6; and Southern California kept its goal line unbreached with a 13-0 victory over California.

Elsewhere Tulsa was held to a 6-6 tie by Southwestern of Texas; Iowa Seahawks beat Fort Riley, 19-2; Missouri crushed Nebraska.

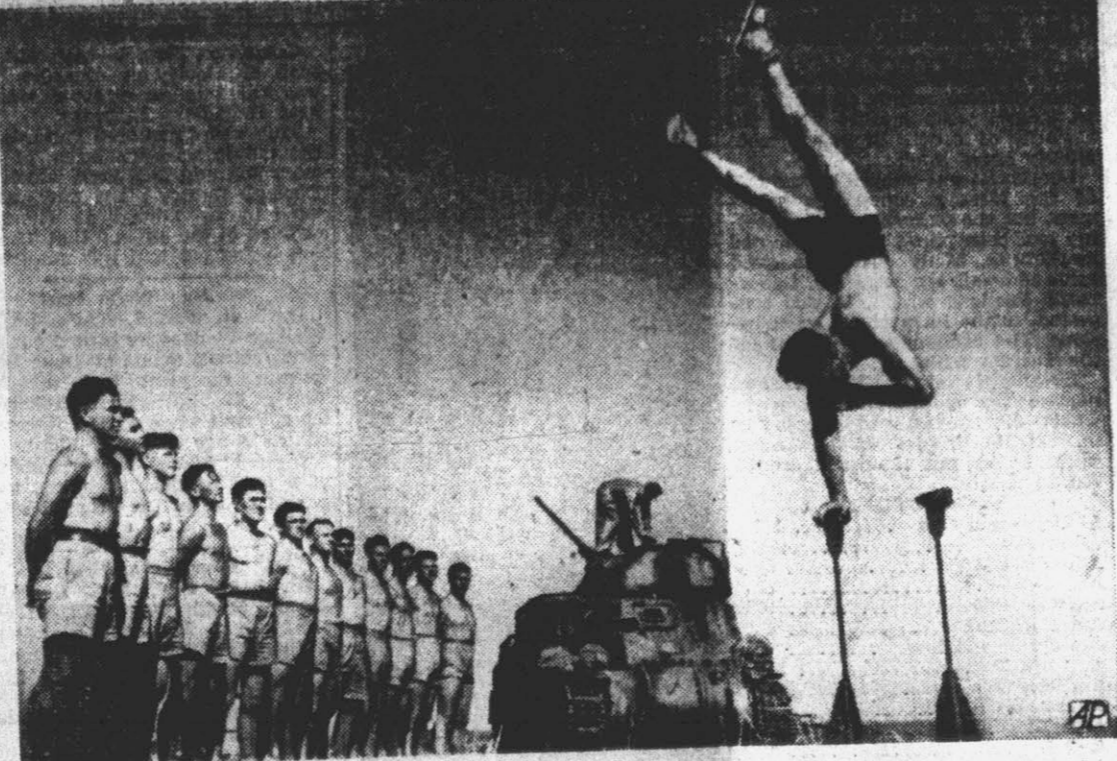

Angelo Bertelli (above), Notre Dame's passing star, played his final collegiate football game for the Irish against Navy at Cleveland on Saturday. In six games he has thrown 30 passes, completing 24, 11 of them for touchdowns. He is scheduled to report today to Parris Island, S. C., for advanced Marine training. (AP Wirephoto).

54-20; Louisiana State humbled Texas Christian 14-0; Texas beat Southern Methodist, 2-0; Texas Aggies defeated Arkansas, 13-0; Oklahoma took Iowa State 21-7; and North Carolina whacked North Carolina State, 27-13.

Sports Roundup

By HUGH FULLERTON, J.

New York, Nov. 1—(AP)—The United States Golf Association is initiating a move to have golf clubs provide employment that will help rehabilitate war veterans—and incidentally help the clubs, too. Employment can provide best judgment from the trouble some courses had keeping the fairways trimmed this summer. It's healthy outdoor work, and probably the hardest part of it is listening to member alibis. After visiting around at last week's International League meeting, the Baltimore Orioles reported that money won't be any good in the player market this winter and most clubs won't even trade till about February. The majors are having their draft meeting in Chicago today and the trick will be not to get good players but to get any who are sure to be around next summer.

Observation Post
Gunder Haese, like Paavo Nurmi, is going into the haberdashery business. That doesn't necessarily mean he's breaking off ties with the sports world.

Monday Matinee
All four big radio networks will broadcast the Army-Notre Dame game Saturday—indicating that the manpower shortage is worse on the air than in the broadcasting booth. New York's Metropolitan Hockey League will welcome the naval armed guard gunners of Brooklyn into the circuit this winter. They may need them for protection when those Curtis Bay, Md. Coast Guardsmen come to town—even though they're in a different circuit. Two of the best players in Saturday's Yale-Dartmouth game were Don Kaszrak the Dartmouth nasser, and Ed Strupe, Yale tackle, both of whom were at Columbia last year. No wonder Lou Little is in the hospital. Harry Markson, who has given away countless fight tickets as Mike Jacobs' drummer, is buttonholing sports writers and selling them preboards for a benefit show in Brooklyn this week.

Luck of the Irish
With Angie Bertelli doing the chunkin', the Irish could probably score with a pumpkin and you safely can bet your wife's only nylon Ozy is glad he'll be at Parris Island. Notre Dame must depend on substitute Lujack, who also can pass and hit like a Beau Jack.

New York Cotton

New York, Nov. 1.—(AP)—Cotton futures declined today as much as 65 cents a bale before the market recovered on trade, price fixing and new commission house buying. The liquidating movement, underway the past three days, reflected uncertainty because of continued favorable war developments.

On the selling movement hedging operations against the new crop expanded considerably.

Futures closed (old contracts) unchanged to 25 cents a bale lower.

Grain Market

Chicago, Nov. 1.—(AP)—Grains took President Roosevelt's food message to congress in stride today, rallying from an early sell-off once the message had been made public. Wheat led the upturn with rye and oats following quickly.

Off almost a cent at the start, wheat came back to show gains of 1/4-1/2 at noon compared with Saturday's close, December \$1.55 1/2, May \$1.54 1/2, Rye was 1/4 lower to 1/2 higher, December \$1.12 1/2, oats were up 1/4-1/2 and barley was ahead 1/4.

At the close wheat was 1/2-3/4 higher, December \$1.56 1/2, May \$1.55 1/2, rye was up 1/4-1/2, December \$1.13 1/2-1.14, oats were ahead 1/4-1/2 and barley showed gains of 1/4-1/2.

N. Y. Stock Market

New York, Nov. 1.—(AP)—Buying again centered mainly on specialties in today's stock market while the majority of leaders slipped to moderately lower levels.

Sentiment was buoyed by the text of the Moscow conference agreement but the outcome of the meeting had been pretty well discounted in the market. Many customers stood aside to await the results of tomorrow's elections which, it was suggested, might have trend repercussions. The exchange will recess for the Tuesday balloting.

Irregularly ruled at the start and near-closing quotations were on the whole, off fractions to a point or so. Sizeable blocks of low-priced stocks helped put volume at around 700,000 shares.

Held In Slaying

Fred C. Mergner, 45, (above), of Washington, shown on his way to the Washington homicide bureau following his arrest in connection with the slaying of Mrs. Charlotte Robinson, 38, confessed shooting the former Chicago woman, Inspector Robert Barrett said. Her lifeless body, with six bullet wounds, was dumped on a street near the Capitol. (AP Wirephoto).

Pilot Killed

Goldboro, Noy. 1.—(AP)—Lt. Joseph B. Dooley of Amarillo, Tex., was killed in an airplane accident near New Bern Saturday.

This was announced yesterday by the public relations office of Seymour Johnson field here, which said Dooley's fighter plane and one piloted by Lt. Edward L. Thompson collided in the air and that Thompson bailed out and was unhurt.

Wallace Wade Hurt.
Durham, Nov. 1.—(AP)—Lt. Col. Wallace Wade, who turned out winning football teams at Duke before entering the army, is in the Camp Butler hospital with a broken left leg suffered when a jeep overturned on the range Thursday night.

Colonel Wade, now commander of a field artillery battalion, is expected to be in the hospital several weeks.

Four Generations.
St. Lake City, Nov. 1.—(AP)—Abram Smith Workman, 91-year-old Mormon who died today, leaves six children, 50 grandchildren, 66 great-grandchildren and 13 great-great-grandchildren.

Eighteen immediate descendants are in the armed forces.

Allied Raids . . .

(Continued From Page One) of the London area.

London had another brief alert last night as German raiders flew inland over the Thames Estuary at high altitude, but only three or four penetrated the vicinity of the capital. A few bombs fell in outlying districts and one man was killed and several other persons were injured in one suburban area.

British bombers, escorted by fighters, yesterday attacked German airfields on the Cherbourg peninsula and railway targets in northern France, while Mustangs penetrated to the Paris area where they shot down two enemy planes. Two British fighters were lost in these sweeps.

It was disclosed, meanwhile, that the American air arm in Britain is being heavily strengthened and it was predicted that the Eighth air force might soon approximate Britain's own RAF in size.

fuel to put excises on soft drinks, candy, and chewing gum. The treasury suggested that \$365,000,000 be collected through excises on these products.

All the money in the bill comes from a boost in postal rates, higher excises on luxury items and an increase in the corporation excess profits tax from 90 to 95 per cent. The committee rejected treasury proposals to raise large sums from additional individual and corporation levies.

Strong indications developed over the week-end that the senate would join the house in repudiating the administration on its call for more and higher taxes, with members of both parties placing the emphasis on government economy.

Asks Increase . . .

(Continued from Page One)

"We have so far been following a tried path," he asserted, "and are getting along fairly well. This is no time to start wandering into an untried field of uncontrolled and uncontrollable prices and wages."

The President did not say how much new money the government would need for price supports in the unprecedented production goal year of 1944, but he said it would be more than the \$800,000,000 used this year because farmers must have some inducement to meet these new goals while consumer charges are being kept down.

He renewed his request to extend the life of the Commodity Credit Corporation and to give it additional funds and said the various agencies charged with the responsibility of stabilizing the cost of living will from time to time lace before congress the "programs necessary to hold the line."

"These will require money," he said. "I strongly urge the congress to give serious consideration to their requests. I am confident that the executive and legislative branches of the government can pull in harness to get the job done."
