Nazis Falling Back in Italy As Allies Strike Swift Smashing Blows

Fifth And Eighth Armies Advance On All Sectors; Fall Of Key Highway Center Of Venafro Expected Momentarily; Planes Blast Enemy Communications

By EDWARD KENNEDY
Allied Headquarters, Algiers, Nov. 5.—(AP)—Moving with hard, swift punches deeper into central Italy over the collapsed Massico-Trigno river defense lines, Allied Fifth and Eighth armies advanced in all sectors, Allied headquarters said today.

The fall of Venafro, one of the two inland highway centers which held the line together, was believed imminent.

(The BBC correspondent in Algiers said American troops "are fighting in the outskirts of Venafro.")

The Fifth army followed up the Eighth Army's capture of Isernia, the other highway hub in the demolished line, by smashing through German positions to reach the vicinity of the Garigliano river, 30 miles south of Rome. Its low banks along the Tyrrhenian had been flooded by the Germans to delay the pursuit.

On the Allied right flank, Gen. Sir Bernard L. Montgomery's Eighth army routed enemy resistance in the San Salvo area after several days of bitter fighting and captured the railway station with the assistance of the British destroyers Queensboro and Raider, which shelled the Germans out of their holes.

In the Montemiro area, some 32 miles inland from the Adriatic, Montgomery's British and Canadian troops made further crossing of the Trigno river and prepared to exploit the advantageous position gained when the fall of Isernia cut the road connections with their right wing.

Making further inroads in the center, American units crossed the upper Volturno river where it bends northeastward in front of Venafro, capturing all high ground dominating the upper valley, while other forces to the east seized San Agapito, three miles south of Isernia, and Carpinone, six miles east of Isernia.

In an aerial offensive the new 15th United States Air Force joined with its older brother, the 12th, and with the RAF in smashing German communications.

Fortresses bombed the west coast railway at numerous places between Leghorn and Civitavecchia, north of Rome, interrupting service on that important supply artery.

Simultaneous assaults made simultaneously at Terni, north of Rome scoring direct hits on that key junction.

Chicod Leads In Donations

Every community in Chicod township did its part in the War Fund drive with the result that the township raised a total of \$1,543.07 or 140 per cent of its assigned quota of \$1,100. Of the total contributions \$1,323.52 was raised by the white citizens of the township and \$219.55 by the Negroes.

The contributions by communities were as follows: Hudson Crossroads and Blackhawk, white \$199.95, colored \$111.25; total \$311.20; Shelderville and Smith's Mill \$207; Gardnersville \$40; Clavortown \$67.71; Calico white \$237.50, colored \$84.05, total \$321.55; James' Station \$20; Holly-wood \$127.65; Stokestown, white \$103, colored \$23.35, total \$126.35; Fortertown \$155.75; Chicod, white \$115.75, colored \$103.80, total \$219.55.

Girl Scouts Ask Help In Building New Home

Greenville Girl Scouts are jubilant today over the gift of a spot of land in the heart of Greenville for their headquarters and Girl Scout "Little House."

This plot of ground is in the ravine facing the street and has on it a small house, which the girls plan to remodel and put in perfect condition.

The new building will contain an office for the executive secretary, a kitchenette, and a meeting room for every troop. The girls are not asking for money. They appreciate all that the citizens have done through their liberal contributions to the Community Chest, of which girl scouting is an agency. But they do want the labor of the hands and hearts of Greenville citizens. Building materials are scarce and the girls are asking that citizens search their premises and if a door, a window, a piece of lumber, a few bricks,

Latest Reports Increase Toll In Sea Battle

Southwest Pacific Allied Headquarters, Nov. 5.—(AP)—Japan's navy lured more and more within range of American ships' guns and bombers by threatened loss of the Solomons, already has paid the price of 14 warships sunk or damaged this week without getting closer than 40 miles to the U. S. marine beachhead on Bougainville.

An enemy cruiser and four destroyers were sunk, two cruisers and two destroyers damaged out of a task force of 12 which tried to sneak down from Rabaul through darkness and blinding rain early Tuesday and shell the marines at Empress Augusta Bay.

Forty miles out, United States fighting ships shattered that attempt and, after a two-hour running battle, sent the remnants fleeing toward Rabaul.

Headquarters, in releasing today preliminary accounts of the naval battle—the first of many which logically may be fought as Japan strives to prevent being ousted from the northern Solomons—said the American warships emerged scarred but entirely afloat.

At dawn that Tuesday, those same ships were attacked by 67 Japanese planes, sustaining more damage but weathering the raid and shooting down 17.

(Berlin broadcast a DNB dispatch from Tokyo quoting a Japanese Imperial communiqué as declaring that five Allied cruisers, three destroyers and two big transports were sunk off Bougainville between Oct. 31 and Nov. 2. The Associated Press recorded the broadcast.)

The ground troops in the last Solomons holdings of the enemy penetrated deeper. At Empress Augusta Bay, where the marines surprised the Japs by landing Monday 45 miles northwest of the enemy's strong Bougainville garrison at Buna, Nipponese soldiers now have been routed from Puruata island near the beach and from strong positions on a cape.

Thirty miles, south of Bougainville, American and New Zealand soldiers have won complete control of Treasury (Mono) island. All or (Continued on Page Two)

Rev. G. W. Perry To Remain Here

Rocky Mount, Nov. 5.—(AP)—The reading of the ministerial appointment for the year held the center of interest today at the North Carolina (eastern) Conference of the Methodist Conference.

The Edenton Street Methodist Church in Raleigh was selected to be host to the 1944 session of the conference.

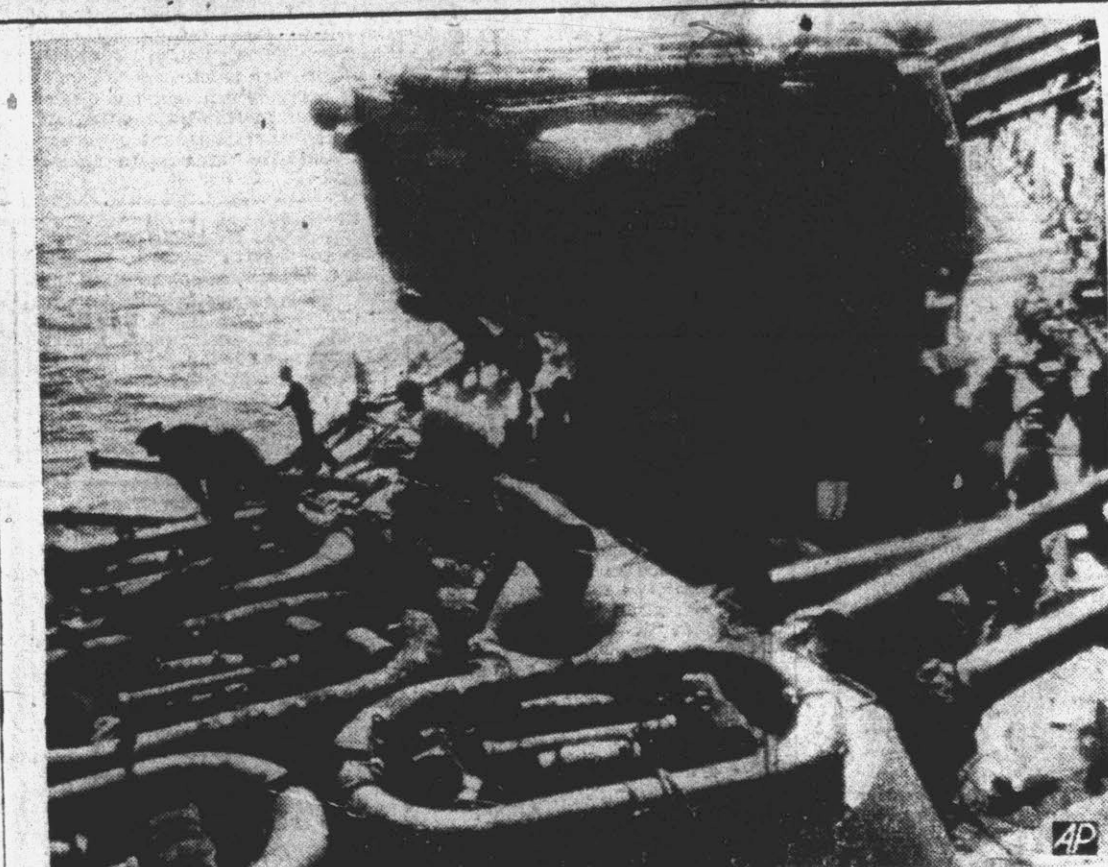

The conference adjourned today after the appointments were read by Bishop Clare Purcell of Charlotte.

Appointments to Pitt county churches and others in the immediate vicinity are as follows: New Bern District—J. A. Russell, district superintendent; Ayden, A. L. Chaplin, superintendent; Jarvis Memorial, G. W. Perry; Grifton, R. E. Watson; Grimesland, C. B. Harris; Hookerton, E. R. Shuler; Snow Hill, J. B. Hurley; Vanceboro, W. H. Brady; Walsenburg, K. W. Nazi Bomb Ripped Into Savannah Gun Turret Off Italy

As the U. S. S. Savannah, a light cruiser, supported the battle for a beachhead off Salerno, during the invasion of the Italian mainland, a German plane dropped a bomb that punched a hole in the top of a six-inch gun turret (foreground). While the vessel was damaged and some members of the crew killed, she carried on in support of the invasion. The fire in the turret was brought under control in 20 minutes as other turrets continued firing. (AP Wirephoto from U. S. Navy).

Expect Final Vote On Connally Resolution Today

Washington, Nov. 5.—(AP)—As Senate leaders move for adoption of the compromise Connally postwar resolution before tonight, Senator Willis (R-Ind.) declared his belief today that only the principal United Nations could form the nucleus of a world peace organization immediately after the war.

Willis said he thought the responsibility for world security would rest upon the United States, Great Britain, Russia and China for "quite a while."

"The United Nations are too heterogeneous and conflicting a group to make a safe nucleus for a world organization," Willis said in an address prepared for Senate delivery.

He opposed any immediate attempt to set up a "United States of the world with a federal army to enforce peace in Washington and Moscow as well as Honduras and Haiti."

"I am ready to agree that it will be necessary to provide for force as a step toward world order, but I think that force will be supplied by the respective member states when each has determined its responsibility," he said.

"This means the world will probably come to an international force handed over to some international organization," (Continued on Page Three)

R. H. Hunsucker Died Early Today

Richard Hugh Hunsucker, 72, died in Pitt General Hospital this morning at 2:30 o'clock. He had been in ill health for several years, and officially ill four days.

Funeral services will be conducted by his pastor, Rev. E. G. Cole of the Winterville Baptist Church, assisted by Rev. W. A. King, Baptist minister of Wake Forest, at the Winterville Baptist Church Saturday afternoon at 3:30, and burial will follow in the Winterville cemetery.

Mr. Hunsucker was born in Moore County a son of the late Nelson and Dicie Jane Hunsucker. For several years he worked as a carriage builder in northern cities before going to Kinston. While in Kinston, he worked for the J. H. Ellis Buggy Company. In 1898 he moved to Winterville and for several years was manager of the Winterville Buggy Company. Later the company was consolidated with the A. G. Cox Manufacturing Company.

Mr. Hunsucker was associated with and prominent in the company until he retired and devoted his time to farming. He was one of the pioneers in the Winterville community and one of its most substantial citizens. In 1902 he married Miss Rosa Cox, daughter of Mrs. A. G. Cox and the late Mr. Cox.

Surviving are his wife; three daughters, Mrs. J. P. Corey of Greenville, and Misses Alice Graves and Annie Sue Hunsucker of Winterville; four sons, Royce H. of Greenville, Nelson, Wayland and Paul Hunsucker of Winterville, and five grandchildren; three sisters, Mrs. Julia Scott of Patrick, S. C., Mrs. Ruth Short and Mrs. D. O. Caddell, both of Carthage.

The body will lie in state at the church from noon until the time of service.

Active pallbearers will be John R. Carroll, R. E. Davenport, A. D. McLawhorn, D. T. McLawhorn, Carroll Whitford and L. N. Dempsey.

German Losses Mount As Russians Sweep Forward

NEW RAIDS ON NAZI TARGETS

Allied Air Offensive Continuing Today

By GLADWIN HILL
London, Nov. 5.—(AP)—American Flying Fortresses and Liberators escorted by Thunderbolts and Lightnings, blasted targets in western Germany today while medium bomber forces attacked targets in northern France. U. S. air force headquarters announced.

The daylight assault came within a few hours after RAF Mosquito bombers hit the same general area last night in the wake of the most devastating 25 hour punches yet thrown at the Reich.

There was no official indication of the size of today's force, but on the basis of Wednesday's 2,009-ton daylight attack on Wilhelmshaven by around 1,000 American bombers and escorting fighters, it seemed likely that the new operation, coupled with the RAF's 2,000-ton attack on Duesseldorf Wednesday night, would boost the total tonnage heaped on the enemy within the past 72 hours to a new peak.

The returning Mosquito fliers said fires still burned in Duesseldorf bombed Wednesday night by a huge RAF fleet which dropped 2,000 tons of bombs in 27 minutes—74 tons a minute.

The Wednesday night assault followed a raid by a record American force of around 700 bombers on Wilhelmshaven. It was disclosed, the two heavy RAF and American attacks in that 24 hours poured a combined total of 4,000 tons of bombs on the Reich, it was announced.

In turn, the Germans struck back weakly last night dropping a small number of bombs in East Anglia and doing slight damage.

To picture even more vividly the magnitude of the latest raids on Germany, the Daily Mail said it would take at least eight British freight trains of 4 cars each to carry (Continued on Page Three)

Christmas Mail To Be Handled Sooner

"November must be Christmas mailing month if disappointments are to be avoided," said Postmaster J. Knecht Proctor today. A letter from the Postoffice Department urges early mailing of Christmas packages and greeting cards. "The only solution to the problem is 'Mail in November,'" the department warns.

To deliver Christmas mail on time it is necessary that mailings be spread out over a longer period. It will be utterly impossible to make deliveries of Christmas mail if mailers wait until the last three weeks before the holiday. "If you want to avoid disappointment, mail Christmas packages and cards during November," the postmaster advises. Mark them "Don't open until Christmas."

Falkland Goes Over The Top

When Township Chairman G. H. Pittman unexpectedly had to go to Duke hospital several weeks ago, Mrs. C. A. Lawrence, vice chairman of Falkland township, immediately got busy and took over the reins and called in Miss Mattie Little to act as secretary and treasurer.

A complete breakdown and debacle of the German forces could grow out of the present position. But despite the terrible losses they already have suffered, and still are bound to have, they may be able to fall back to fresh positions for another stand.

Here enters winter. The Hitlerites haven't been properly prepared, even with clothing for winter before and can't be now. The Russians are well set for cold and snow.

The Red armies are said to have fresh reserves, specially equipped and trained in winter warfare, ready to throw into the battle-line at the right moment. That won't be long delayed.

By mid-December—say six weeks from now—even the Dnieper will be frozen. In the Kiev region, Christmas will see ice at Kremenchuk and within the first few days of January—two months hence—the great river will be frozen clear to Kheban.

With the freezing the Red armies will be able to unleash fresh striking-power and speed. And six or eight weeks don't allow much time for the harassed German armies to pull themselves out of the trap and retire to new positions.

Right now the Nazis are up to their necks in evacuating troops from the trap. This means they must hold the gateway open between Krivoi Rog and Nikolayev on the Bug river, not far from the mouth of the Dnieper. That's a bloody job.

GERMANS WILL DESTROY ROME

To Leave Only Chaos If City Falls To Allies

By WES GALLAGHER
Bari, Southern Italy, Nov. 3.—(Delayed AP)—Refugees arriving here from Rome today said that city has been heavily mined and quoted the Germans as saying they will do to Rome what they did to Naples, "eternal city or no eternal city."

Nazi engineers are mining all the large buildings. There are tons of explosives under every military and all large hotels, bridges and the main aqueducts have been mined.

Some of the mines, the refugees reported, are equipped with time devices designed to set them off after the city is occupied by the Allies, the same tactic that resulted in heavy civilian casualties in Naples.

The refugees said the Germans purposed to destroy all Italian government records in order to leave a chaotic situation for those who come in to administer the country. (Continued on Page Three)

Big Fire Loss At Henderson

Henderson, Nov. 5.—(AP)—Damage was estimated at \$100,000 today in the wake of a fire which early this morning destroyed the Henderson Warehouse and Packing and Shipping house of the Export Leaf Tobacco Company and two large residences.

Though the city's water supply was critically low, reserve pumps a mile away were started and the water proved sufficient. All firefighting equipment in Henderson was used and one truck was sent from Oxford.

An estimated 100 hogheads of tobacco belonging to the Henderson Tobacco Company, stored in one corner of the warehouse, were destroyed. The Export Company lost a large portion of Thursday purchases. No sale was scheduled today and few farmers had tobacco on the floor at the time of the fire.

Senate Forces Seek To Avoid Subsidy Battle

Washington, Nov. 5.—(AP)—A group of influential Democratic senators has appealed to President Roosevelt to compromise on the food subsidy issue to avoid a repetition of last summer's violent fight on the floor of congress.

That was disclosed today after the group of about a dozen senators called in War Food Administrator Marvin Jones and Chairman Frank C. Walker of the Democratic National Committee, and told them in effect that they didn't believe congress would vote to continue and broaden the subsidy program to hold down food prices.

Nazi Casualties Placed At 2,700,000 For Past Four Months; Total For Entire Russian Campaign 11 Million; Russians Holding Entire East Bank Of Dnieper

By HENRY C. CASSIDY
Moscow, Nov. 5.—(AP)

The Russians held virtually every foot of land east of the Dnieper today from its mouth below Kherson and along its 650-mile course through the heart of the Ukraine north to Gomel as the prize of their summer campaign, which they said bled the Germans of 2,700,000 casualties.

Marshal Stalin's resume of four violent months of combat listed 900,000 Germans killed, 94,000 captured and 1,702,000 wounded, thus hoisting German casualties claimed by Russia to an astronomical 11,000,000, by which the Russians said 5,000,000 lay dead.

Swift sweeps over the Black Sea sands of the southern Ukraine brought the Cossacks to the river banks opposite Kherson, 65 miles northwest of the sealed off Crimea.

Official maps published today showed the Russians in possession of all the east side of the Dnieper from Gomel to Bainshe in the bend. South of Zaporozh the Dnieper German holdings east of the Dnieper are limited to the Crimea, a thin strip 32 miles long opposite Nikolayev, and a minute bit of land in the Dnieper delta south of Kherson.

(Moscow said nothing of the Crimea, but the Berlin radio said "German troops were engaged in heavy fighting on beachheads south and east of Kursk and on the northern approaches to the Crimea.")

The German side of the Dnieper being fought near Permyak and in another sector Rumanian Grenadiers repulsed the Soviets in a counter-attack.

(Berlin said that two landing boats were sunk off Kerch and that three torpedo boats, a gunboat and three landing boats had been sunk in the Black Sea and the Gulf of Finland, "suggesting amphibious operations in the Crimea.")

The Germans said "a furious ding-dong battle" was in progress in the Dnieper bend south of Dnepropetrovsk where Russian breakthroughs were frustrated.

Moving into newly won positions achieved in two break-throughs of German lines, other Red armies were pushing westward toward the Latvian border and toward the old Polish frontier.

Still other forces resumed their drive to capture Kiev, curling 20 miles to the northwest to take Dimer.

The surge across White Russia overran Novokhovansk, 54 miles from Latvia. The seizure of Zhulobko (Continued on Page Two)

Former Grid Star Reported Missing

Ann Arbor, Mich., Nov. 5.—(AP)—Army Pilot Tom Harmon, Michigan's all-America football player who cheated death in the skies once this year, is reported missing in action over China.

The second lieutenant's parents, Mr. and Mrs. Louis Harmon, were notified last night by the War Department that their son, a fighter pilot, was unreported since Oct. 30. Harmon, the sole survivor of a Dutch Guiana jungles last April, was attached to the 23rd group of the 44th fighter squadron stationed in the Far East.

Farm organizations have renewed their fight against subsidies and in favor of increases in ceiling prices of principal commodities.

Only four days ago President Roosevelt in a special message to congress, urged a continuation and broadening of the \$200,000,000 subsidy program.

One senator said he thought congress would act on the bill.

Strength FOR THE DAY
By EARL I. DOUGLAS

COMPASS OF THE SOUL
In these days when we are thinking a great deal about our rally China, we should recall that while our ancestors were savages in the wilds of Europe, China was enjoying a highly developed civilization.

Think of what this simple little instrument has meant to the nations of the world. And think, further, of the providential arrangement whereby a magnetic pole was provided, drawing toward it from every point on the world's surface any piece of magnetized material.

The Lord never leaves us without those necessary things upon which full living is based. Navigation without the compass would be impossible. Therefore, the magnetic pole which makes the compass possible was provided.

We can liken the Bible to the magnetic pole and reckon our souls to be as the magnetic needles which are drawn by it. God did not leave us without unerring guidance in the world. Just as there is a need for some established spot on earth to which all direction is related, so there must be some reality in our lives to which all our spiritual powers will turn and by which they will be affected.

The Bible enables us to steer our lives. It establishes moral direction for us as the compass establishes physical and geographical direction.

Best of all, it points the soul far beyond any earthly pathway to those great approaches which lead to the realm of everlasting life. Our souls turn instinctively if we will but heed.

GOOD NEWS
Most of us welcomed the announcement yesterday that the street sweeper would be in operation again next week. Many of our people had no doubt begun to wonder why our streets had been so dirty for the past few weeks.

THEY DESERVE IT
The gift by the city of a plot of ground to the Girl Scouts for the erection of a hut will meet with general approval.

The organization has been doing fine work here and deserves the full support of the community. No contributions in money are being asked for the proposed building, but persons who have small lots of building materials, doors, windows, lighting and plumbing fixtures, etc., are asked to contribute them. There is probably enough spare material about the premises of our people to meet the needs for this building if our people will take the trouble to get it together. If you have something you would like to contribute it will be most welcome.

WASHINGTON IN WARTIME
By JACK STINNETT

Washington—The feeling here is that regardless of the final vote on the Congressional post-war participation resolutions, the so-called "internationalists" won a signal victory. Key to that conclusion came in the Senate debate on the Foreign

Relations Committee resolution, which Chairman Tom Connally, father of the compromise resolution, charged the opposition boys were merely "heckling."
As a matter of fact, knowing that defeat was just around the corner, they were trying to put proponents of the Connally resolution "on the record" with clear definitions as to their intent. This they did.
In one way or another, it was finally determined that what the Connally resolution meant to some senators at least was that we would participate in post-war international collaboration to keep the peace, even if it takes an international "police force."

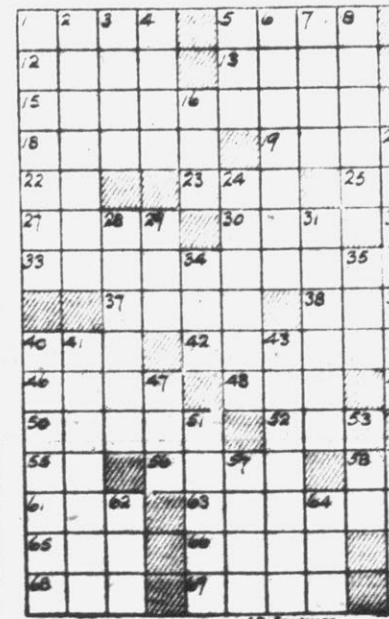

Except for a few successful filibusters, seldom have opponents of a bill or resolution employed debate more effectively. Another objective was to stall until the pressure of that section of public opinion which favors a more definite and aggressive declaration of our post-war aims could be brought to bear.

Those who sought to strengthen the resolution never numbered more than 15. They were the so-called "B-2, H-2ers"—those who favored the original Burton-Ball-Hatch-Hill resolution introduced last spring.

Some congressional observers here, however, think that the post-war resolution was on of the best examples of democracy at work. It came out of a sub-committee composed of five Democrats, two Republicans and one Progressive. On the floor it had the staunch support of such geographical and political opposites as Senator W. H. White, Jr., Republican of Maine; and Senator Hattie Caraway, Democrat of Arkansas, who made one of her very rare floor speeches in favor of it. Party lines broke down with the ordinary vigorous administration backer, Senator Claude Pepper, Democrat of Florida, exchanging heated words with Senator Connally

Large Sum Money Is Missing From Coat

King Daniels, colored, employee of J. R. Cullifer's dry cleaning plant in Bethel, is being held by police for investigation in connection with the disappearance of considerable sum of money pinned in a coat owned by Rosa Lee Randolph, colored, wife of Samuel Randolph, tenant on H. R. Hand's farm, between Bethel and Hassell.
The woman told Chief of Police Martin of Bethel that she pinned the paper money in the lining of her coat, that it had been there some time, that she saw it in the coat last Tuesday morning and that she sent it to the cleaners the next day. Daniels, the presser, said if there had been anything in a pocket or in the coat he would have noticed it and investigated. He told police there was nothing in the coat.

German Losses ...

The official announcement of the fruits of the summer campaign showed the Russians had achieved an enormous tactical as well as material success for further prosecution of the war.
The triumphant announcement of German losses on the Russian front came just after the regular daily communique had told of further gains by the Soviet Ukrainian armies under Gen. Fedor Tolbukhin. Red army columns were reported in Aleshki on the eastern bank of the lower Dnieper river opposite the Black Sea port of Kherson, at the river's mouth. The Russians also announced their troops had stormed and captured the west bank highway town of Dimer, 20 miles north of Kiev, and had surged across White Russia to take Novokhovansk 54 miles from the Latvian border, in a move to outflank Vitebsk.

Over in the house, Rep. Hope (R-Kas) challenged the administration's order "imposing a price ceiling on live cattle" as a "new law in the use by government agencies of chiefery, deceit and subterfuge" in an effort to defy congress.

Hope, ranking majority member of the House Agriculture Committee, declared the only way such activities can be blocked is by passing pending legislation prohibiting payment of subsidies.

ganized resistance by its 200 Japanese defenders was crushed Wednesday, one week after the invaders landed.
At Rabaul, where more than 700 Japanese planes have been destroyed or damaged in repeated raids since Oct. 12, headquarters reported today that Tuesday's daylight blow against 94,000 tons of enemy shipping was followed up that night by a fire-setting attack of patrolling Mitchells on the Tobera airfield.
Near Rabaul, a patrolling Liberator blew up an 8,000-ton merchantman.

Large Sum Money Is Missing From Coat

King Daniels, colored, employee of J. R. Cullifer's dry cleaning plant in Bethel, is being held by police for investigation in connection with the disappearance of considerable sum of money pinned in a coat owned by Rosa Lee Randolph, colored, wife of Samuel Randolph, tenant on H. R. Hand's farm, between Bethel and Hassell.
The woman told Chief of Police Martin of Bethel that she pinned the paper money in the lining of her coat, that it had been there some time, that she saw it in the coat last Tuesday morning and that she sent it to the cleaners the next day. Daniels, the presser, said if there had been anything in a pocket or in the coat he would have noticed it and investigated. He told police there was nothing in the coat.

Girl Scout Council to Meet
The Girl Scout Council will meet at headquarters in the City Hall tonight at 8 o'clock. Important business is to be considered. Mrs. E. L. Henderson, commissioner, will preside.

Visitor at College.
Miss Alice V. Wilson, formerly of the science faculty of F. A. Carolina Teachers College, is visiting friends at the college this week.

Miss Wilson, who resigned from the faculty in 1938 after a long period of service at the college, is now making her home in Chapel Hill with her brother, Dr. Louis Wilson.

She is making her headquarters at the college infirmary during her visit. She plans to be in Greenville over the week-end.

End of the Century Club Meets.
Mrs. Richard Williams delightfully entertained the End of the Century Club at the home of Mrs. B. Ferguson Tuesday afternoon.

Mrs. O. L. Jorner, Jr., Misses Henrie Lane and Mary Harding assisted in serving delicious sandwiches, cakes and tea.

Mrs. T. R. Meadows presided and some old and new business was discussed. Plans were made for a window display for Book Week.

The members were urged to hear Charles Colburn's "World Today" (CBS) are foreign correspondent who will be guest speaker at the college on November 19.

Mrs. P. C. Stokes, Jr., introduced the speaker, Dr. A. D. Frank who gave a most interesting talk on "Current Events." He especially commented on the good news we receive every day from the war front, and about the extra good job our boys are doing over there.

However, he was not so pleased with the news we get from the home front. The strikes, damaging talk about our leaders, Russia and China, attitude, absenteeism, turnover of workers, lack of interest in Red Cross work, etc., show some are not ready and willing to make the sacrifices needed to bring our boys home sooner. This lack of cooperation is causing the war to last longer, thereby causing more deaths and expensive losses.

Referring to the day of the Moscow conference, Dr. Frank said, "This was the best day our side has yet seen. It will have a tremendous military effect in shortening this war." He gave Mrs. Hill much credit for China's entrance into this agreement.

After an open discussion of these events, books were distributed and the club adjourned.—Reported.

Russia's deepest and largest coal mine lies in the outskirts of Staling.

New York Cotton
New York, Nov. 5.—(AP)—Cotton futures (old contract) opened unchanged to 5 cents a bale lower. Futures closed (old contracts) 20 to 30 cents a bale lower.

Grain Market
Chicago, Nov. 5.—(AP)—Grains advanced moderately today in relatively quiet trading, a little mill buying and some covering by previous short sellers aiding the upturn. Traders said the firmness was natural in view of the shake-out Wednesday and yesterday on war news and peace rumors.

N. Y. Stock Market
New York, Nov. 5.—(AP)—Selected stocks negotiated modest recoveries in today's market after the two-session relapse which pushed the Associated Press averages to bottom levels since August 30. While recently weak leaders did fairly well from the start, many issues never scored any real progress. Gains and losses, the majority in minor fractions, were pretty evenly split near the close. Transfers of around 800,000 shares exceeded most five-hour days for the past two months.

ALL SET FOR GAME TONIGHT

Phantoms Meet LaGrange At Stadium Here

Greenville High plays at the stadium tonight after a long absence. It has been three weeks since the Phantoms performed before a home crowd. The opposition will be furnished tonight by LaGrange and plenty of opposition it will be, for the visitors have a big strong eleven that has a good season record.

The Phantoms will be ready for this one, as they are in better shape than they have been since early in the season and have been looking much better in their practice sessions.

Starting for the Phantoms tonight will be Perkins, Putrell, Leggett and Fleming in the backfield and in the line will be Cahoon and Minshaw at ends, Lupton and Rice at tackles, Whitchard and Moore at guards, and Will Williams at center.

FOOTBALL SELECTIONS

New York, Nov. 5.—(AP)—Now that the Navy and Marines have completed their job of tearing apart several of the nation's best, we can't say we weren't forewarned in making the following football selections:

Notre Dame-Army—Even with Angelo Bertelli an ex-Irish star and the possibility Doug Kenna will play for the Cadets how can one go against a team that hasn't tallied less than 33 points a game and held six opponents to a combined score of 31 points? Notre Dame.

Navy-Penn.—Tempted to take out the well-worn penny. But, on second thought, we'll take Navy on rebound.

Purdue-Minnesota — The Boiler-makers should have no trouble handing the Gophers their third straight setback.

San Diego Naval Station-Southern Calif.—The Trojans probably will be scored on for the first time this season but should come through.

Louisiana State-Georgia Tech.—Although the Rambler Wreck has

been wrecked by Navy transfers, the Engineers figure to have enough left to stop Steve Van Buren and his civilian mates.

Indiana-Michigan—Michigan but by no such score as it might have been if Bill Daley had remained at Ann Arbor.

Northwestern-Wisconsin — The Wildcats lost one-half of their starting backfield but still have Otto Graham, Northwestern.

Ohio State-Pittsburgh—A battle of civilian elevens with the Buckeyes winning their second game of the year.

Kansas-Oklahoma—Can't see the Jayhawkers stopping the Sooners' bid for the Big Six title.

Camp Grant-Great Lakes—The Sailors have too many guns.

Arkansas A. & M.-Southwestern (La.)—A couple of little fellows with big teams. Southwestern.

Brown-Yale—I'll take Brown on a hunch.

Columbia-Dartmouth — This isn't the week for Columbia to chalk up its first victory.

Illinois-Iowa—The Illini to spoil the Hawkeyes' home-coming.

Missouri-Iowa State — The Cyclones' home-coming will be a success—thanks to the Navy.

Oklahoma A. & M.-Tulsa—The Aggies haven't got what it takes to stop Red Wade.

Penn State-Cornell—Digging deep for this one, Cornell.

Villanova-Princeton — Princeton hasn't much but should win.

San Francisco-California — Don't ask us why, California.

Romping through the remainder of the schedule: Rice over Arkansas; Bainbridge Navy over Curtis Bay; Southwestern (Tex.) over Bryan Air Field; Clemson over Davidson; Harvard over Camp Edwards; Miami over Jacksonville Naval Attc; Maryland over Virginia; Camp Lejeune over Norfolk Marine Base; Ft. Relief At Last For Your Cough

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

• No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with this understanding: you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)
