

Fair and slightly cooler with frost in the mountains. Clearing and considerably cooler in east and central portions tonight, Friday fair and warmer.

Churchill Gets Confidence Vote

Vote of 425 to 23 One of Strongest Churchill Administration Has Received; Issue Arose Over House Action on Measure For Equal Pay For Teachers

By JAMES M. LONG
London, March 30.—(AP)—Winston Churchill tonight won his eighth vote of confidence in four years, from a recalcitrant House of Commons openly vexed at being called to mark over a minor domestic issue but ready to show its continued support of the government's overall program on the eve of a great new phase of Allied attack.
The division was 425 to 23—the Prime Minister's strongest showing since the first three virtually unanimous votes of confidence early in his leadership through the grim days of warfront reverses.
The House, packed with an urgently summoned turnout of government supporters, cheered until the old chamber rang as the vote was announced.
Churchill left the hall a few minutes later, smiling at the cheers which followed him.
He had won hands down as expected—on a vote which he demanded to reverse his government's one-ballot defeat (117-116) Tuesday night on a government-opposed amendment providing equal pay for men and women teachers.
Churchill steadfastly refused to regard this as a domestic issue, and said he must have the support of the House along the line of his government would resign.
He thus forced Commons to reverse its stand on the education issue, in the face of several critical newspaper editorials and one opposition declaration from the floor that Churchill had turned Parliament into a rubber stamp.

April 15 Last Day File For Primary

Saturday, April 15, is the last day on which candidates for state, county and township offices may file. J. Henry Harrell, chairman of the Pitt County Board of Elections, stated today. The Democratic primary will be held Saturday, May 27. This is a gubernatorial election year in North Carolina and a presidential election year in the other 47 states. A number of county and township officers will be up for reelection and members of the State Senate and House of Representatives are to be chosen.
J. Paul Jones of Farmville, is chairman of the Pitt County Democratic Executive Committee.
Men in the armed forces who are 21 years old and can qualify to vote may register for the election by letter or their parents, wives or brothers and sisters, or children, if they are old enough, may register for them and have ballots forwarded to where they may be stationed.
Chairman Harrell stated that Service men may also register by filling out printed forms which will be provided by the County Board of Elections.

Habeas Corpus Writ For Women Denied

Judge Clawson L. Williams of Sanford Tuesday night denied a writ in the habeas corpus proceedings instituted by Attorney S. H. Newberry for half a dozen of the nearly 30 women arrested for prostitution and running bawdy houses in various parts of Lenoir county last Saturday night.
The women are being held in jail in Kinston for trial in Recorder's Court Friday. Some of them were arrested at rural points, some in Happersville and some in Death Valley, settlements across the river from Kinston.

The WAR TODAY

AN ANALYSIS OF THE NEWS

By DEWITT MACKENZIE
Associated Press War Analyst
British Prime Minister Churchill's move in challenging his House of Commons to give him a blanket vote of confidence for his war and post-war policies, after he had been defeated on a purely domestic issue, is typical of him—whole hog or nothing!
He apparently caught his opponents off guard, for certainly many of those who voted against the government (on an educational measure giving women teachers the same pay as men) weren't registering lack of confidence in his general policies. Indeed they made it clear that they wished to dissociate the domestic matter from the broader issues.
Churchill's reason for this move undoubtedly was that there has been a growing volume of adverse criticism leveled at his government. He devoted part of his speech last Sunday to rebuking critics for rocking the political boat in war time.

ALLIES PLACE JAP POSITIONS

Series of Attacks Over 3,500-mile Pacific Area

U. S. Pacific Fleet Headquarters, Pearl Harbor, March 30.—(AP)—Allied airmen swung harassing punches over 3,500 miles of Pacific warfront from the central-Pacific Marshalls into the Dutch East Indies to keep up their steady hammering at the Japanese despite squally weather.

A Coronado search plane bombed Pakin Island, 18 miles northwest of Pohnpei in the Eastern Carolines, for the first time on Monday, while navy and marine planes smashed again at enemy positions in the Marshalls, meeting only anti-aircraft opposition.
The Pakin bombing followed two attacks last week on Ant Island, 10 miles west of Pohnpei. Pohnpei is 440 miles east of Truk, Japan's big naval and supply base in the Carolines.
Liberators of the fifth air force reached far west of New Guinea to start fires at Penfoel airdrome on Timor Island. Gen. Douglas MacArthur announced today, and other units bombed Hollandia on the north coast of Dutch New Guinea, dropping their bombs through holes in the overcast. Results were not observable.
To the east along the New Guinea north coast, Liberators and patrol bombers hit Karkar Island above Milne Bay and targets along the coast.
Ninety-three tons of bombs were unloaded on shattered Rabaul, New Britain, where at least 30 more buildings were leveled and large explosions and fires started in supply dumps.
Japanese store installations east of Empress Augusta Bay on Bougainville in the Solomons were shelled by destroyers and submarines. Five enemy barges were destroyed or damaged.
The futilely counterattacking Japanese on Bougainville, cut off from their Rabaul supply route by Allied occupation of the Green Islands, cannot last longer than 10 days more, in the opinion of Major Gen. Robert S. Beightler, commander of the 37th division.
"They're already impotent as a fighting force," he told Associated Press War Correspondent Charles McCurdy. "I think conservatively."

Lull In Aerial War On Germany

London, March 30.—(AP)—RAF Halifaxes attacked railway targets at Vaires, 15 miles east of Paris and Lancasters again raided an engine works at Lyon in southern France last night while Mosquitos bombed Kiel, the air ministry announced. It was the first time since Sunday night that the RAF's four-engine bombers had been out but it was their 12th attack of the month on French targets figuring importantly in Hitler's anti-invasion program.
The entire German radio system went off the air this morning, usually a sign that American heavy bombers are over the Reich.
However, at mid-morning the Berlin radio announced there were no enemy planes over Germany. Most German radio stations still remained off the air through.

Pitt Man Among Casualties

The casualty list announced by the Navy Department yesterday includes the name of First Lieut. Podie H. Hodges, U. S. Marine Corps Reserve. He is the son of F. D. Hodges of Grimesland.

American Prisoners, Germans Claim

The caption with this photo, published in the Berliner Illustrierte Zeitung, says these are American prisoners held by the Japanese on Shikoku Island in southern Japan. The caption said "Neither their apparel nor their demeanor speak for victorious operations by their side but on the contrary, for furious surprise attacks by the Japanese." It did not say where they were captured. (AP Wirephoto).

NAZI ATTACKS HURLED BACK

Allied Planes Bomb Strategic Italian Centers

Allied Headquarters, Naples, Mar. 30.—(AP)—Fifth army forces repelled two small enemy attacks on the Arzio beachhead yesterday while Allied planes ranged far and wide over Italy, hitting targets in the Rome, Turin and Bolzano areas and sweeping across the Adriatic to bomb Sofia.
The communique made no reference to the Cassino front.
The attack on Sofia, capital of Bulgaria, was carried out last night by formations of both heavy and medium bombers, a communique said.
In addition to assaults on rail lines in northern Italy by large formations of escorted bombers, air operations yesterday included medium bomber sweeps against the Viterbo airdrome north of Rome and harbor and rail installations in northwest Italy.
Twenty-two aircraft were destroyed during the day's operations against an Allied loss of 11. The Mediterranean Allied air force flew approximately 1,800 sorties during the day.
Field dispatches said German tanks in Cassino again tried the strength of Allied defenders in the Continente hotel area, but Fifth Army (Continued on page four)

Army Airmen Had Big Year

Washington, March 30.—(AP)—The army air forces destroyed 9,463 enemy planes in the air and 1,579 on the ground in 1943. Secretary of War Stimson reported today, while losing 2,309 in aerial combat and 76 on the ground.
This edge of nearly four to one said the secretary represented a careful tabulation of results from all theaters. As the scale of the offensive increased he said the air forces destroyed almost twice as many enemy planes in the last six months of the year as in the first half of 1943 and its own losses increased, about 80 per cent in that period.
In a summary box score on victories and losses, Stimson presented these figures:
World total 9,463 enemy planes destroyed, 2,743 probably destroyed, 3,402 damaged in air combat, 1,579 destroyed, 222 probably destroyed and 575 damaged on the ground. AAF losses—2,309 destroyed in the air, 76 on the ground.

Compromise Suit To Cancel Farm Deed

In Superior Court yesterday afternoon a compromise agreement was reached in the action of Mrs. Annie E. Hodges and others (brothers and sisters) against W. J. McLawhorn (her brother) to have cancelled a deed to a farm made by her father, W. B. McLawhorn, in 1941. The defendant agreed to pay the plaintiffs \$1,000 to settle the case. Hearing of the suit lasted several days.
The elder McLawhorn deeded the farm to W. J. McLawhorn during the 1933 depression. The new owner improved the property and put it on a paying basis, it was testified. He also assumed obligations on the farm of more than \$4,000 and paid that off. The farm is located several miles from Greenville.
At the conclusion of this case Judge Clawson L. Williams of Sanford adjourned the two-week civil term of court.

New Air-Borne Attacks On Japs In North Burma

Allies Seek Isolation of Jap Base at Myitkyian; Japanese Continue Drive Toward Imphal, India

By CHARLES A. GRUMICH
New Delhi, India, March 30.—(AP)—Glider-borne air commands, in another of their slashing attacks on Japanese communications in northern Burma have damaged the enemy's headquarters at Mohynin, 30 miles southwest of Myitkyina, a communique from Admiral Lord Louis Mountbatten's headquarters announced today.
Mohynin is on the railway to Mandalay, chief connecting line with Myitkyina, chief enemy base north of the Burma road.
At the same time, Lt. Gen. Joseph W. Stilwell's Chinese pushing southward toward Myitkyina, cut the main road 14 miles inside the Mogoke valley and established a road block about a mile north of Laban, encircling two makeshift battalions of the mauled Japanese 18th division.
While other Chinese to the north of Shaduzun in the same valley, blasted the Japanese out of honeycombed entrenchments, with bayonet and grenade in fierce close-range combat, this force was only about 28 miles from Kaiming and within striking distance of the Mandalay railroad.
Heavy and continuous fighting in the past 24 hours blazed along the India-Burma border where the Japanese are driving toward Imphal, particularly in the Sonora hills tract northeast of Imphal, but there was little change in the situation.
Three hundred miles to the south in Arakan the British announced the capture of the western tunnel on the Maungdaw-Buthedaung road, further clearing the way for the offensive southward against Akayab.
The occupation of the tunnel was completed after the British had driven through dense jungle defenses and taken positions on top of the tunnel. Then tanks drove up the mouth of the underground fortress and fired into it point blank infantry patrols penetrating the long-defended fortification found it deserted.
Bitter fighting had raged for weeks over the two tunnels piercing the Mayu range between Maungdaw and Buthedaung. Originally built for a rail line through the mountains, the tunnels were converted by the Japanese into strongholds surrounded by mazes of entrenchments, bunkers and foxholes in the dense woods.
The western tunnel, was about 200 feet long. The British said they captured a medium-sized gun and much equipment and stores in the fortress.
The Japanese still hold the eastern tunnel which is about 70 feet long. They must be dislodged from it also before the British can push their lines on down the coast.
Heavy bombers, out in strength yesterday, told the Japanese supply area at Victoria Lake just on the Maungdaw-Buthedaung road.

May Adopt Labor Draft For Men In 4-F Group

By WILLIAM F. ABRIGAST
Washington, March 30.—(AP)—Disregarding the expressed views of Secretary of War Stimson, the House Military sub-committee on draft deferments recommended today that the War Department begin immediately to accept 4-Fs for special labor duty and that selective service cooperate to get as many as possible of this group into essential jobs.
Committee members said they desired the War Department and selective service to act immediately without waiting for legislation to force upwards of a million men between the ages of 18 and 37 who now are in 4-F to get into essential work or be inducted into the army or navy.
The action, along lines suggested yesterday by Undersecretary of War Robert P. Patterson, would immediately be quickly by legislation defining the status of inducted 4-Fs insofar as veterans' benefits and other matters are concerned.
Abandoning plans for an Easter recess, a House Military sub-committee headed by Rep. Costello (D-Calif.) began drafting legislation to surround the big group of rejectees with statutory controls.
The committee worked under the spur of a request from the War and Navy Departments that something be done immediately to find replacements for younger, occupationally-deferred men needed for combat service.
"We hope to have a bill ready after the recess," Costello told reporters. "We are going to sit during the recess and will ask the War Department to help us draft the legislation."
Predicting prompt action by both the Senate and the House, Costello said he believed the legislation should provide for control of the activities not only of the 4-Fs between 18 and 37 but also of 4-Fs up to 45 end of non-fathers between 38 and 45.
Ultimately, he added, the armed forces presumably will insist on taking only men under 31 for general service, retaining control over the older men by exercising power to put them into labor battalions if they fail to go into essential jobs.
Undersecretary of War Robert P. Patterson, advocating legislation to conscript 4-Fs who won't take essential jobs, told the committee yesterday there were 3,500,000 4-Fs between 18 and 37. About 1,000,000 of them are qualified to take industrial jobs to release younger men, he said.
"Many of them are contributing nothing that is of material assistance to the men who are doing the fighting," Patterson declared.
His proposal, which struck a responsive chord among committee members, was that 4-Fs not in essential work be inducted and placed in an enlisted reserve from which they would be assigned to jobs or refusing to take jobs, would be used in labor brigades for such work as picking apples, harvesting crops and doing other war-supporting work.
Only a "small residue" of the 3,500,000, Patterson estimated, would actually remain in the labor battalions because most of them would move quickly into essential jobs. Those retained would for all practical purposes be in the army but would not be eligible for mustering-out pay, bonuses, or other general veterans' benefits.

Declare Hawaii Still In Danger

By LEIF ERICKSON
U. S. Pacific Fleet Headquarters Pearl Harbor, March 30.—(AP)—Adm. Chester W. Nimitz and Lt. Gen. Robert C. Richardson jointly declared in affidavits filed in federal district court yesterday that the Territory of Hawaii "now is in eminent danger of invasion" by Japanese armed forces and has been in such danger since the attack on Pearl Harbor December 7, 1941.
The affidavits were filed with their answer to a habeas corpus case challenging the necessity and validity of continuing martial law in Hawaii.
Nimitz is commander-in-chief of the Pacific ocean areas, Richardson is commander of United States army forces in the central Pacific and is military Governor of Hawaii.

Intruders Slay Jones Farmer

Kinston, March 30.—(AP)—Alonzo Basden, 60, reported shot when he surprised intruders in a store early Monday morning, died in a Kinston hospital last night.
Special Corporal T. W. Wooten ordered an autopsy to remove the bullet which killed the Jones county farmer.
Basden was reported to have surprised the intruders while they were attempting to rifle the safe of Cecil Hargett's store on Richlands road near the Onslow county line. He stayed at the store while he sent a companion for help and was shot before his companion returned.
Five Hurt in Wreck
New Bern, March 30.—(AP)—Two white men and three negro prisoners were seriously injured this morning in a traffic accident involving a state prison camp truck and trailer from the Kinston camp. It was learned here this afternoon from Sgt. T. B. Brown on the State Highway patrol.

Red Forces Smash To New Victories In Bessarabia

SAYS ALLIES WERE STOPPED

Stimson Issues Statement on Italian Campaign

Washington, March 30.—(AP)—Secretary of War Stimson, discussing the situation at Cassino, said today "the simple fact is that the Germans stopped us."

He told a press conference that the Allied attack on the Italian fortress town "has subsided for the time being without achieving the results for which we had hoped."
The Germans, Stimson said, showed again "that they are obstinate and effective soldiers who do not quit when they are ordered to hold a key post at all costs."

"Their occupation of the steep hills where their guns covered the town gave the Nazis a continual advantage," Stimson said. "The bombs and shell destruction which our planes and guns wrought in Cassino did not prevent a garrison defense by those who survived our explosives and by other enemy troops who filtered in to join them."
"The rubble was good cover and the tunnels or caves in the adjoining hills gave shelter and ease of movement. The ruins immediately after the plans of the open ground around the town and limited the use of our tanks, while slowing the advance of troops climbing the hills under fire."
Stimson followed up his blunt acknowledgment that the Germans stopped the Allies at Cassino with this statement:
"That would be a severe setback only if we did not profit from our lessons. We have learned a great many things since the war and we have put our learning into practice. There is no reason to believe that our ability to profit from experience has ended now."

The secretary also reminded the reporters that "no one made this a test of Allied power or suggested that in these operations we are concentrating our main strength."
He recalled that the start of the Cassino attack he had said "very real military objectives have already been achieved in the Italian campaign and the results will progressively aid us in the days ahead."
He listed the re-opening of the Mediterranean, the knocking out of Italy as an Axis partner, the capturing of Italian air bases for use against the Nazis in southern Europe and Germany, and the tying up of 19 German divisions in actual combat and others in northern Italy which could have been used against Russia or for augmenting German defenses elsewhere.

"I say this," Stimson said, "not to minimize the obvious facts of the Cassino action but to keep that action in a proper perspective. Despite (Continued on page four)

Secretary of War Stimson said today that army casualties in all theaters through March 15 totaled 130,619. The latest total reported for the army, marines and coast guard is 42,520.

The army casualties are made up as follows: 22,570 killed, 53,124 wounded, 27,183 missing and 27,742 prisoners.

The naval casualties are: 18,067 killed, 10,974 wounded, 9,138 missing, and 4,421 prisoners.

Of the total casualties for the sea services, the navy had 28,043, the marines 14,123 and the coast guard 454.

Stimson said that of the 53,124 army wounded, 27,296 have returned to duty. Of the 27,742 prisoners, 1,675 have been reported by the enemy as having died of disease in prison camps, mostly in Japanese-occupied territory.

Imprisoned

Washington, March 30.—(AP)—President Roosevelt's cronies was described today as "clearing up nicely" but the President's physician still asked that no appointments be made and that the chief executive ease up until he is entirely well.

Inevitable

New York, March 30.—(AP)—The Japanese people have been warned by Gen. Kensuke Fujiye that Allied air raids on Tokyo are inevitable and that the "state of affairs" there is "truly urgent." The Tokyo radio said today in a broadcast reported by U. S. government monitors.

Dark Outlook For Motorists

Charlotte, March 30.—(AP)—The outlook is not bright for improvement in the availability of supplies of gasoline, automobiles or tires for trucks.
This is the view of John Reid of Atlanta, Ga., regional manager of rationing officer of the OPA, as expressed yesterday at a conference of OPA executives from the Carolinas and Virginia.
Reid said, however, that the passenger car situation may improve slightly soon.
The conference, which began Tuesday, ended today.

Pastor Quits

The Rev. Emerson S. Schwenk (above) has resigned as pastor of the First Universalist church at Bridgeport, Conn., trustees announced, after declaring a service flag, placed in his church, is "a symbol of war beside which I cannot stand to speak the Word of God as I search for it." (AP Wirephoto).

CASUALTY LIST IS ANNOUNCED

Official Total Given As 173,239 as of March 15

Washington, March 30.—(AP)—The latest reports on American war casualties set the total at 173,239 for the army and navy, an increase of 4,947 in a week.

Secretary of War Stimson said today that army casualties in all theaters through March 15 totaled 130,619. The latest total reported for the army, marines and coast guard is 42,520.

The army casualties are made up as follows: 22,570 killed, 53,124 wounded, 27,183 missing and 27,742 prisoners.

The naval casualties are: 18,067 killed, 10,974 wounded, 9,138 missing, and 4,421 prisoners.

Of the total casualties for the sea services, the navy had 28,043, the marines 14,123 and the coast guard 454.

Stimson said that of the 53,124 army wounded, 27,296 have returned to duty. Of the 27,742 prisoners, 1,675 have been reported by the enemy as having died of disease in prison camps, mostly in Japanese-occupied territory.

Today On The Home Front

JAMES MARLOW and GEORGE ZIELKE

Washington, March 30.—(AP)—The government Saturday will start a nationwide search for 40,000 ex-miners willing to go back to digging coal.

Year after year the number of miners has dwindled—through the draft or a shift to war plants where the pay is better—and the job is above ground—but every year coal production has increased.
Now, the government figures the limit of productivity per man has been reached. More men are needed.

The 520,000 miners in the pits last year decreased by 32,000 to 488,000 this year. Yet the 1944 coal goal has been boosted 12 million tons over 1943.

The mines have lost 60,000 men to the draft since war's start and no draft deferments will be asked for the approximately 15,000 draft-age men under 21 still in the mines.

The War Manpower Commission is conducting the search for miners, first campaign of its kind, through newspaper, radio and personal letters, appeal and through government agents.
Miners unions will write to former members who have moved off to other jobs to come back. Old-timers who have retired from the pits will be asked to pitch in. Service war plants employment service will go into war plants looking for one-time miners, who are scattered over the country. Where it is possible for them to leave, they will be asked to go back to the mines.
The search in many cases will mean asking a man to give up high wages and cleaner working conditions for the kind of work he de-liberately left.
Mine pay is better now than it has been. The hours are longer, too. WMC says it is those longer hours—about 9 a day, six days a week—or pay enables coal production to climb while the number of miners dwindled.

Social and Personal

Mrs. Bob Bracken of Sanford, is visiting her parents, Mr. and Mrs. J. G. Laurens.

Miss Martha Biddick of this city underwent an operation this morning in Pitt General Hospital.

Mrs. W. O. Register is ill in Parrott Memorial Hospital in Kinston.

Whitchard-Bowman.
Mrs. Albritton Lee Kirby announces the marriage of her daughter Dorothy Lee Bowman to Robert David Whitchard, Jr. P.F.C. United States Army on Sunday, February thirteenth Nineteen hundred and forty-four Rockwell, Texas

Barnhill-Overton.
Mr. and Mrs. J. E. Overton of Stokes announce the marriage of their daughter, Nellie Deane, to Otha A. Barnhill on Friday, March 17, 1944.

Inter Se Club.
Mrs. Sam Northrop gave a beautifully prepared paper on the "Education of a Nazi" at the regular meeting of the Inter Se Book Club when it met with Mrs. Tyson Billro at her home on Harding street Tuesday afternoon.

Opening with Hitler's proclamation "Let the children come unto me—for they are mine unto death." Mrs. Northrop gave in a somewhat detail the formation process that the Hitler youth has undergone since 1933 in preparation for a life of might and power or for death for the Fuehrer. The Nazi mother dedicates her son to Hitler before he is born. When the child is six he takes the first oath to rise up his life for the Fuehrer. He repeats it when he is ten and again when he is fourteen a similar oath is expected. When he begins his compulsory labor year his education for death is nearly completed as he finally enters the army. The profession that not only prepares him to die, but to kill.

Mrs. Northrop closed her splendid paper with the challenge to America and American institutions that surely democracy is capable of as much enthusiasm as Nazism—that surely education for life is more worthy of survival than Hitler's education for death—thus as young Germany is awake and ready to die—let America be awake and ready to live.

In the absence of the president, Mrs. Sam Underwood, Jr., presided over the business session, during which the club voted to have a Car-ola party for wives of the enlisted men stationed in Greenville Friday morning at the home of Mrs. David Evans; heard a tentative outline of the club's program of study for 1944-45, and elected officers for the new year.

A delightful social hour followed, during which the hostess served a sweet course with coffee. Mesdames H. H. Evans and H. W. Wells of Fayetteville were guests.

School Radio Program.
The third in a series of broadcasts to better acquaint the community with the schools will be given over the local radio station, WTTN tonight at 7.45.

This broadcast will be given by the teachers of the Third Street School assisted by Mrs. Albion Dunn, president of the P. T. A. The public is cordially invited to listen to these programs which are proving very interesting and worthwhile to the life of the community.

Girl Scout Troop Eight Meets.
Members of Girl Scout Troop 8 met Friday at the home Mrs. Ewart, with most members present. How to keep the flag was discussed. The scouts are now working on their second class badge. The meeting this week will again be held at the home of Mrs. Basart. Barbara Biddick, Scriber

Social Calendar

THURSDAY
8:00 p. m.—The choir of the Eighth Street Christian Church meets for rehearsal.

FRIDAY
10:00-12:00 noon—Red Cross knitting room open, second floor Blount Bldg., W. Third street.

11:00 a.m.-12:30 p. m.—The Inter Se Club will entertain the wives of the enlisted men, at the home of Mrs. David Evans on Dickinson avenue.

6:30 p. m.—Kiwanis Club.

Clio Book Club.

On Tuesday afternoon Miss Elizabeth Norman was hostess to the Clio Book Club at the home of Mrs. P. T. Anthony, Sr., on Evans street. Mrs. Fay Smith, president of the club, welcomed the members and guests. She then turned the meeting over to Mrs. Agnes Barrett.

Mrs. Barrett read the play "Winged Victory," written by Moss Hart and dedicated to General Arnold. This is a presentation by the Army Air Forces. With the exception of the leading characters the cast is played by the members of the air force who come and go in New York. This is a story of a group of young American boys from various states of the Union. These men are a barber, a farmer, a student, a clerk, a chemist, a mechanic. They are by the usual standard everyday people. The play carries them from "Eager Beavers" (young men who wait breathlessly for that letter of acceptance, expecting to go right up in a Fortress) to veterans of the war. In the course of training some "wash-out," and some are killed. The play is full of pathos and humor.

After Mrs. Barrett's reading the hostess, assisted by Mrs. Fay Smith, served a delicious salad course. The president held a short business meeting at which the following officers were elected unanimously: President, Mrs. Jesse Moye; vice-president, Mrs. Bob Lang; secretary, Miss Elizabeth Norman; treasurer and librarian, Mrs. W. E. Padgett; historian, Mrs. Dink James.

Mrs. J. S. Norman and Mrs. W. G. Norman were guests for the afternoon. The meeting adjourned.

Sacred Cantata Sunday Night.

Final rehearsal of the Jarvis Memorial Methodist Church choir for Maundy's "Olivet to Calvary" will be held at the church tonight at 8 o'clock.

This Holy Week music will be presented by the choir on Palm Sunday evening at 8 o'clock. It was first presented in Greenville in 1943 and is being repeated again this year by request. "Olivet to Calvary" depicts our Saviour's life beginning with his triumphant entry into Jerusalem and tells the story of some of His achievements during His last week on earth. It continues with the multitude taking Him away and very vividly describes the trial before Pontius Pilate after which comes Calvary.

This presentation will enable those who hear it to more readily worship Him during this most sacred season.

Pressure Canner Clinic.

A pressure canner clinic will be held for the people of Pitt county on Monday, April 3. An engineer from North Carolina State College will check the accuracy of the pressure gauges and general condition of the canner. The safety valve and the petcock will be cleaned.

You are to deliver your canner to the home agent's office on Friday, March 31, or Saturday, April 1, before 11 o'clock. Every homemaker having a pressure canner with a gauge should take advantage of this opportunity.

Forty Years Ago Today

THE DAILY REFLECTOR
March 30, 1904

The people of Pitt county ought to require every man who is a candidate for the legislature this year to haul a load of guano from Greenville 9 miles in the country on different roads for one week, in order that they might be impressed with the instructions of the members who were elected two years ago. In fact, a little exercise to the old members of this kind would not be an unjust punishment for failing to give relief for the bad roads that have been witnessed for the last few months. The roads are better now, but there is much hauling of guano to be done. All applicants for such honors can easily be supplied with an opportunity. A certificate of efficiency will be proper qualification for nomination and election. Who will apply first? Speak out or hold your peace hereafter.—(Contributed).

Council Makes Plans For Rally.

At the regular meeting of the Christian Youth Movement Monday night in the Methodist Church the council made plans for its annual big three-day rally. The council voted to have the rally at Eighth Street Christian Church, and it will center around the theme "Living For Jesus." This affair will be on May 31, June 1 and 2. Classes or discussion groups will be on the following topics: "I Met Christ Today," a discussion on prayer and religion; "Christ in the World Tomorrow," a discussion on the post-war plan; "Boy Meets Girl," boy and girl relationship; and "Youth's Part in the Church and Community," a discussion on church and community problems. The workshop groups will be "Music and Poetry," "Worship Programs," "Religion and Art," "Dramatics" and "Recreation." Mrs. Wyatt Brown was chosen by the council as the rally director. The council felt a need for a guiding committee. Leon Fleming will be chairman; Helen

WILSON'S WEEKLY Bulletin

By George Rector
Food and Nutrition Consultant to Wilson & Co.

IT'S TIME TO BUILD A POINT RESERVE FOR THAT EASTER HAM

Ham for Easter is as traditionally American as is Turkey for Thanksgiving. Garnished to look as pretty as a picture and served in all its glory, no wonder this festive dish has such a firm hold on us. Luckily, pork has been so abundant the past few months that points on ham are considerably lower than last year. By just a little planning between now and Easter, you can build a point reserve that will assure your family a Wilson Ham for Easter. Pictured below is meat for one meal that will help you save points.

Baked Spare Ribs with Stuffing—a Low-point Feast

2 strips of spare ribs
salt and pepper
bread dressing
made of
2 qts. bread cubes
2 Clear Brook Eggs
1/2 tsp. salt
2 tbs. minced onion

4 tbs. fat
1 tsp. Wilson's B-V dissolved in 1 tbs. hot water
Milk or water to moisten

Ask your meat dealer to crack the bones so serving will be simple. He will also sew the sides of the ribs together if he is not rushed. Otherwise, you can

FOR A SMALL FAMILY

If your family is small, use two half-strips of spare ribs or one whole strip, crack along both sides so edges may be folded up over the center piece. Bacon is extremely low in point value now, too, and since the flavor of Wilson's Certified Bacon is so mild and sweet, it can be used to good advantage for dinner. Pork liver and bacon (two slices each) cost very little in red points and they're really delicious.

Bacon Omelet a Point Saver

Eggs, too, are very plentiful, and a bacon omelet made with Wilson's Certified Bacon and Clear Brook Eggs would be a treat in itself—even though it weren't doing extra duty in building up points for that delicious Wilson's Certified Easter Ham.

LAST CALL FOR THE B-V RECIPE CONTEST

\$7,500 in cash prizes! One thousand thirty-three chances to win! But time is getting short. Your entry must be postmarked by midnight, Friday, March 31st to be eligible for a prize.

Get simple rules and entry blanks at your B-V dealer's today and send your favorite B-V recipe at once.

Ed Rawl, Jr., Now Navy Petty Officer

Edwin E. Rawl, Jr., has completed the course of training at the Naval Air Technical Training Center, Memphis, Tenn., and will receive the third class petty officers' rate, aviation machinist's mate. He enlisted in June, 1943 and had his "boot" training at Bainbridge, Md. He is a son of Mr. and Mrs. E. Rawl of Greenville.

Rawl is a graduate of Greenville High School. He was president of the Monogram Club, treasurer of the Student Council, captain of the football team and a member of the band. He was also in the student band at Jacksonville (Fla.) NAATTC.

Red Oak News

It has been quite a while since your correspondent has written any Red Oak news, but I thought that with all the war news nowadays, no one would be interested in what happened in a little country community. I appreciate all the interest you have shown in this little bit of news and from now on, I shall endeavor to keep this column alive.

Much water has gone under the bridge since our last writeup. Our boys and girls, about 45 strong, are scattered to the four corners of the earth. We shall mention a few of them from time to time. Clifton Crawford is now stationed somewhere in England and in a letter back home he told of a very interesting visit to London, and other places of interest. He seems to be really enjoying his stay there. His brother Travis is now home on a visit to his wife and parents. Travis is stationed at a camp in one of the middle states.

Cross and crown pins were awarded to several members of our Sunday school last Sunday. Robert Allen and Douglas Allen received one-year pins; Mrs. James Allen, F. L. Allen and Nancy Clementine Allen received two-year pins, and Mr. Billy May and Charles Stewart Allen received three-year pins. We are very proud of these people and we hope that more of our members will win pins another year.

Victory gardens are being planted now in town and country. A little city girl followed her daddy out to his victory garden where he was planting his seed. She said, "Daddy, I would like to know if you are going to plant some pork-chop seed!"

Mr. and Mrs. J. O. Teel, Mrs. James Allen, Mrs. Sam Pollard and son, Mr. and Mrs. L. W. Edwards and children were guests of Mr. and Mrs. Leon Tyson last Sunday. Mr. and Mrs. R. W. Davenport and daughter of Greenville, were supper guests of Mr. and Mrs. Leon Tyson last night.

The members of the Bar Association of Greenville were supper guests of Red Oak Church in the community building last week. A delicious fried ham and egg supper with all the accessories was served.

Greetings to all the readers of this column and especially to a young man at Ouachita College in Arkansas. Look for me next week.

BELL ARTHUR NEWS

Misses Edith Tyson, Beulah Rasberry and Gilbert Davis, Jr., and D. E. Todd, Jr., returned to A. C. College Tuesday after spending the spring holidays at their respective homes.

Mrs. Gilbert Davis is spending some time in Nashville with her niece, Mrs. J. C. Collins, Jr.

Mrs. Charlie Phillips and Mrs. R. M. Dilda of Fountain, were dinner guests Wednesday of Mrs. Robt. McArthur.

Mrs. A. D. McArthur and daughter, Laura, spent Thursday with Mrs. Jesse Moye near Farmville.

Mr. H. L. Hart attended the state teachers' meeting in Raleigh last Thursday.

Miss Myrtle Peterson spent the week-end at her home in Clinton after representing the local school at the teachers' meeting in Raleigh Thursday and Friday.

Sympathy is extended to Mrs. Chester Worthington who recently lost her father.

Miss Shyla Ruth Allen returned to Pitt General Hospital today after spending a week's vacation with her parents.

Little William and Gilbert McArthur are among those in the community sick with measles.

Miss Janie Henby of Raleigh, spent the week-end with her parents.

Do FALSE TEETH

Rock, Slide or Slip?

PASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. PASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get PASTEETH at any drug store.

(Adv.)

CAN'T KEEP GRANDMA IN HER CHAIR

She's as Lively as a Youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with amarant and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 13 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

There was a splendid attendance at the March P. T. A. meeting. The program was presented by the elementary department with two short talks on nutrition being given by home economics students. Another fun and recreation night is being planned for the near future.

Rev. Gilbert Davis and son spent Sunday in Jamesville.

NOTICE OF ELECTION
The Private Laws of the General Assembly of North Carolina, Session 1937, as amended by the Session 1941, require that an election for the selection of four members of the Board of Aldermen, one

from the second ward, one from the third ward, one from the fourth ward and one from the fifth ward, of the City of Greenville, shall be held on the first Monday, the 1st day of May, 1944; that the books for registration of voters who are not already registered for Municipal Elections or who have transferred from one ward to another, since last election, shall be kept open for 10 days, exclusive of Sunday, preceding the first Monday in May and that all candidates for Aldermen shall register their candidacy with the City Clerk at least five days prior to the first Monday in May and shall deposit for registration the sum of \$1.00; that there shall

be two voting places, to-wit: The County Court House and the new City Hall; that all qualified voters residing in ward two shall vote at the County Court House and that all qualified voters residing in wards three, four and five shall vote at the new City Hall; that all persons registering to vote shall be registered according to wards in which they reside and that all tickets to be voted shall contain the names of properly registered candidates which shall be supplied by the Clerk of the City of Greenville; that all qualified voters within wards Nos. 2, 3, 4 and 5 will be allowed to register and vote if eligible under the State Laws governing

County Primaries said qualifications being one year's residence within the State and two months residence within the Ward.
By order of the Board of Aldermen at meeting held March 2, 1944.
J. O. DUVAL, City Clerk.
Mar. 30-1tw-4wk.

AT FIRST SIGN OF A
COLD
USE **666**
666 TABLETS, SALVE, NOSE-DROPS

"Got your Post-war Car picked out yet?..."

- "Sure, we're all short of help these days—and I may need a little more time, but you can depend on me to do these jobs carefully:"
- Oil must be changed—old, worn-out oil drained and fresh, strong Esso Motor Oil in the summer grade correct for your car put in.
- The chassis must be lubricated from stem to stern—at every point where wear might become serious. The older your car gets, the more it needs this lubrication.
- The battery needs an examination, too. Maybe it should have a full charge for quick summer starts.
- The radiator should be drained of all sediment, and fresh water put in. Couplings may need tightening, or replacing.
- The tires must be checked for signs of wear or damage. Maybe switching 'em around can balance the wear, give you additional tire life now when you need it most!
- The transmission and differential are important—let me look 'em over and make sure they have the proper lubrication.

"Mister, you're probably driving it right now... and if you don't think so, think this over..."

"EVERYONE who ought to know agrees there just won't be new cars for everyone until quite a while after the war.

"That means the only car you're apt to have for a long time is the one you've got right now. So take care of it as you never have before!"

"I can help a lot—if you'll let me. I've got the equipment and the reliable Esso products that will really save wear. Just let me go over your

car regularly—especially right now, between Winter and Summer.

"Look at the check list of things that need doing, and let's start getting them done.

"All these things won't cost much. They won't take long. But they're important for your transportation if they get done now.

"And I can't do it alone. You've got to bring the car in—let's start today—what say?"

Strength FOR THE DAY

By KARL L. DOUGLAS

TREAT IT ROUGH

Fourteen centuries ago Benedict, the founder of the Benedictine order of monks, founded the monastery at Monte Cassino, which was recently destroyed by bombing. Over the door of this monastery were engraved the words, "Insipit et Desipit. He saw it and he scorned it."

The story is that one night as Benedict was gazing at the stars, he had a vision of the whole world spread out before him, enticing him to leave his cell and enjoy its pomp and splendor. But his life had long been given to the advancement of Christ's kingdom, and the temptation failed of its purpose. He saw it and he scorned it.

The only way to deal with temptation is resolutely to turn away from it. Much of our modern teaching lays too little emphasis on the necessity of struggle. Jesus urged men to be summary in their rejection of evil. The formula which He Himself used when confronted with temptation was, "Get thee behind me, Satan." He urged men to cut off the hand or the foot, or to pluck out the eye rather than to give in for a moment to the enticement of evil.

When Satan led Him upon a high mountain, He looked over the world and scorned it. His action constitutes for us a permanent method of procedure.

Elks Will Hold Special Meeting

Greenville Elks Lodge No. 1645 will hold a special meeting at the club house Friday evening at 8 o'clock to initiate six candidates who were recently elected to membership. Curtis Perkins, retiring exalted ruler, will preside. Members are requested to attend.
W. J. (Dick) Bundy who was recently elected exalted ruler, and other new officers, will take office at the first meeting in April.

Kiwanians Practice For 1944 Minstrel

The Kiwanis Club will hold its weekly supper meeting at the Hotel Friday night at 8:30. The time allotted to the program will be used by Elmer Bloom for rehearsal of the chorus for the Kiwanis minstrel to be given at the college April 12 and 13.
Rehearsals are being held several times a week. Bloom promises new jokes, new costumes, elaborate gowns, new specialty numbers and "the songs you like to hear."
The high school band will be in the show which is being produced for the benefit of underprivileged children. Nearly all tickets for the first performance have been sold and orders are being received for tickets for the second performance. All seats are reserved.

Nazi Attacks ...

(Continued from page one)
army artillery dispersed them. A German patrol crossed the Rapido river south of the town but withdrew when Allied forces engaged it. Reconnaissance indicated heavy damage to railway yards at Milan, Turin and Bolzano by heavy bombers with traffic probably impossible at Milan. The yards were temporarily blocked at Turin and Bolzano.
It was the first daylight attack on Milan by bombers based in this theater and the second attack on the great industrial center in 12 hours. At least 160 craters were seen in the yards and at least 200 rail cars were destroyed.

New York, March 30.—(AP)—The German-controlled Rome radio said that "enemy air formations" had bombed Rome's outskirts this morning. The broadcast was recorded by the U. S. Foreign Broadcast Intelligence Service.

Allied headquarters in Naples announced that bombers had hit the Rome area yesterday, presumably in another attack on the capital's rail yards and outlying airfields, but there was no Allied confirmation of a raid on the capital today.

Stopping Over At Cassino

PHOTO BY THE PUBLIC AND GAZETTE SYNDICATE

New Air-Borne ...

(Continued from page one)
north of Rangoon, while fighters on a sweep of the Arakan area yesterday destroyed 18 river craft and damaged 32.
Allied troops have driven Japanese forces from another vantage point on the Tiddim road, on which they have been moving toward the Indian communications center of Imphal, and have inflicted heavy casualties on the enemy, an Allied communique declared today.

Says Allies ...

(Continued from page one)
Cassino, the final chapter of the story has not yet unfolded.
Reviewing the air campaign out of England during the last week, Stimson said that "as in many recent battles drives over Germany, the Luftwaffe was a reluctant dragon." He added, however, that the Luftwaffe "no doubt remains a potent force," noting that when British bombers attacked Berlin Friday night German fighters were in the air in great numbers.

Greenville Man In Trouble In Jersey

Arthur Preston Smith of Greenville has been arrested by police in Mount Holly, N. J., on a charge of assaulting a young woman there with a blackjack and brutally beating her with intent to commit rape.
The chief of detectives at Mount Holly several days ago phoned Chief Wagoner here, asking him to be on the lookout for Smith, who was believed to be headed this way. The New Jersey officer later telegraphed the chief that Smith had been arrested.

Crossword Puzzle

Crossword puzzle grid with clues for Across and Down.

THE WAR TODAY Did You Know?

(Continued from page one)
seas friends. Only yesterday Foreign Secretary Eden was asked in Commons by Laborite Emanuel Shinwell to make clear "that so far as Europe is concerned we could not allow our foreign policy to be wholly dictated by the United States." Eden of course said that "there is absolutely no suggestion of that." We have been cocking an eyebrow and asking some questions about Britain, too.
What the British are demanding is a change of basic policies—of which they know comparatively little.

Red Forces ...

(Continued from page one)
the futile attempt to hold Balta, the Moscow war bulletin said, and prisoners captured wore the uniform of Hitler's famous SS Elite Guards. Another 2,000 were killed as Konev's troops ploughed through Nazi defenses south of Yarmolints at the top of the Kamenev-Podolsk pocket, where other thousands of enemy troops were facing a reputation of the Cherkass trap in the Dnieper river bend.
Konev's main army remained poised on the eastern bank of the Prut river for the fourth day, apparently waiting to give Rumania a final chance to invite Russia into her territory as an ally. Supporting this belief was a Moscow dispatch quoting the newspaper Izvestia as urging Rumania as well as Bulgaria to resist the Germans and join the "democratic countries," before it is too late.
At the same time a Moscow broadcast, beamed to Czechoslovak patriots summoned them to rise against the Nazis.

NEWS OF GREENVILLE HIGH

By DAVID WHICARD AND HOWARD WILLIAMS
Radio Program
The program "Cruising Through Latin America" will be presented tonight at 9:45 over WGTC. The broadcast tonight will be on Venezuela, and will be conducted by Eleanor James, Mary Rose Crisp and Billy Mac Batchelor.
Meeting
The Beta Club will meet tonight at 7:30 in Room 35. This is a very important meeting. All members are urged to be present and on time.
Coronation Ball
The voting for king and queen of Junior and Senior High ended today. Those who have not yet bought admission tickets to the ball may obtain them from the library. The dance starts tomorrow night at 8:30 and lasts till 12. It promises to be one of the best social affairs of the year.

Allies Blast ...

(Continued from page one)
5,000 have been killed by the 37th. His (the enemy's) losses were at a ratio of 30 to one of ours."
Major Gen John E. Hodges, commander of the American division, has estimated that the enemy still has at least 20,000 troops on the island.

Good Conduct Medal

Pfc James R. Johnston, son of Mr. and Mrs. J. C. Johnston of Route 5, in the U. S. Army and for a time stationed in Texas, has been awarded the soldier's Good Conduct Medal. He has been in the service more than a year.

For House Of Representatives

I hereby announce that I am a Candidate for election to the House of Representatives, subject to the Democratic Primary, May 27th, 1944.

Colored News

As you know we are asked to grow more gardens this year than in 1943. Gardening is a continuous process and we must continue to plant vegetables until we have them the year round. The battle is not yet over, so don't lay down the hoe.
There is one thing sure we must do and that is watch our work schedule and stay ahead of it. This will help with the labor shortage. When the weather clears up, one of the "musts" will be to work overtime and longer hours until the land is broken and the crops are planted. Try and get everything ready for work so when the time comes it will not be necessary to stock to check plows, planters, hoes, harness, lines, and all seeds at hand ready for planting. Then when you are ready there will be no let-up.
Farmers should work so well together in each neighborhood until the neighborhoods will become just one big farm, and in this way the work will not be done until every farmer in the neighborhood has finished.
Don't be afraid you will help your neighbor more than he helps you. Together we will serve on the home front. If crops are not planted on time it means a loss in yields, so let's pool our labor and plant when the time comes.
It would make our eyes grow dim with tears at the thoughts of our boys fighting over there or being hungry, because of our lack of co-operation over here. We must do our part to feed them. Let's not murmur, keep cheerful, take as much rest as possible, eat all the vegetables you can, and live lovingly with your neighbors. We all feel more courageous, more fit to face the worries and anxieties of life when we are rested, well fed and assured of the support and understanding of others.

Grain Market

Chicago, March 30—(AP)—A raise in parity prices, buying of cash wheat at Kansas city by feed man- ufacturers and continued slow movement of feed grains to major terminals provided the background today for a strong grain market.

May wheat, oats and barley held at calling levels had deferred contracts advanced major fractions.

At the close wheat was unchang- ed to 1/8 higher, May \$1.73 1/2, oats were unchanged to 1/8 higher, May \$1.30 1/4, and barley was unchanged to 1/8 higher, May \$1.28.

N. Y. Stock Market

New York, March 30—(AP)—Buy- ers took on light cargoes of liquors, rails and specialties in today's stock market.

Stiffening tendencies appeared at the opening. Near-closing quotat- ions were a shade under the best in a number of cases and there were scattered losers. Transfers were around 650,000 shares.

Germans Using Wooden Bullet

Battle Creek, Mich., March 30—(AP)—Enemy soldiers infiltrating American lines in Italy fire wooden bullets capable of wounding the Yanks bit of such short range that the German lines are protected, veterans at Percy Jones hospital said today.

The bullet, they explained, has a range of between 100 and 200 yards, a distance sufficient to wound an adversary but not enough to con- sider in German lines. They said it is made in the pattern of a regu- lation 30 calibre shell with a brass casing and a hard wood "like mahogany" pressed inside.

"We seized four or five cases of these wooden bullets outside of Sa- lerno," said Pvt. John B. Melze, 27, of Saginaw.

Sgt. Raymond J. Michael of Peoria, Ill., who was struck on the right arm by a German grenade while fighting four miles from Cas- sino, said the wooden bullets were used by the Germans at night. He explained:

"The Jerries would send a patrol back of our lines and that they'd open up on our rear with these wooden bullets. The range was short and they were sure with them, that the bullets wouldn't go on past us and into the German lines."

Burned To Death. Pittsburgh, March 30—(AP)—Robert Exler, 17-year-old air force cadet recruit, was burned to death with his parents today after he had dashed back into their flame and smoke-filled home in suburban Braddock in a vain rescue attempt.

He re-entered the home after other members of the family had fled when he learned his mother and father, Mr. and Mrs. Andrew Exler, Sr., had not escaped.

AAA Group to Meet Raleigh, March 30—(AP)—Ap- proximately 500 county Agricultural Adjustment Administration com- mitteemen, county farm agents and AAA secretaries will meet here Fri- day for a two-day conference on 1944 food production.

Plans for the meeting were an- nounced yesterday by Chairman G. T. Scott of the state AAA.

Commission Opens Washington Office

The War Manpower Commission will open an area office in Wash- ington, N. C., on Saturday, April 1. Quarters have been secured on the second floor of the Warren-Daniel building, at 149 N. Market street.

Philip B. Pollock, native of Jones county, and acting director of the northeastern area since Novem- ber 8, 1943, will be in charge of the area office.

The area office will operate on an administrative basis, and will supervise the activities of the eight United States Employment Service offices, located in New Bern, Wash- ington, Greenville, Kinston, Rocky Mount, Roanoke, Rapid, Wilson and Elizabeth City, in addition to the outpost offices at New River, Cherry Point, Plymouth, and Eden- ton.

Should Personally Apply For T Book

Raleigh, March 29.—Operators of commercial motor vehicles includ- ing trucks, buses, taxicabs and ren- tal cars must apply in person to their local rationing boards for sec- ond quarter "T" motor fuel rations under a new procedure announced today jointly by the OPA and ODT.

The new procedure becomes ef- fective March 31 and is intended to provide a closer check on the issuance of "T" rations.

Heretofore, the joint statement said many rationing boards have mailed "T" coupons to non-fleet operators while fleet operators must apply in person. Now all must apply in person.

Second quarter "T" rations will be issued in accordance with latest ODT certifications. In some cases local boards receive information before ODT on the changed status of commercial motor vehicle oper- ation which results in a reduction of gasoline requirements. In such cases boards will issue rations on ODT's certifications and then notify ODT to make the necessary ad- justments in ration certification.

Condition Satisfactory. Rochester, Minn., March 30—(AP)—A bulletin issued today by Mayo clinic physicians said Harry Hopkins, who underwent an operation yesterday, spent a "fairly com- fortable night. His condition con- tinues satisfactory."

Physicians said Hopkins, personal friend and adviser of President Roosevelt, was suffering from a "nu- tritional disturbance." He has been under observation here for several weeks.

Navy Needs Workers Radio, Electronics

Faced with a shortage of person- nel skilled in radio and electronics, the Navy has expanded its training schools in this field to accommo- date unlimited enlistments of young men not registered with Selective Service, Lieut. Commander C. B. Neely of Raleigh, officer in charge of recruiting and induction for North Carolina, announced.

To meet the increased needs of the Navy's expanding fleet for ra- dio technicians, preliminary qual- ifying examinations now may be taken by 17-year-old applicants be- fore enlistment, and if found qual- ified, the applicant may be sworn in at the rating of seaman, first class, with starting pay of \$66 a month, Commander Neely said. Upon com- pletion of "boot camp" the enlisted man will be sent directly to one of the Navy's radio schools for train- ing and a subsequent petty officer's rating.

D. R. Taylor, recruiter from the New Bern station, to whom applica- tion may be made not only for enlistment but for the radio exami- nation, will be at the post office in Greenville on April 3, 4, and 5.

Sure Sign of Spring Sarasota, Fla., March 30—(AP)—Resplendent in a full shiny new coat of Ringling red, Barnum blue and Bailey yellow, the 1914 edition of the "greatest show on earth," left its winter quarters here yesterday enroute to New York and the be- ginning of another season. Nearly all of Sarasota's business and traf- fic stopped to watch the big show train for the north.
