President Roosevelt Calls Monetary Conference July 1

Forty-Two Countries And French Committee Of National Liberation Invited to Discussion Of Post-War International Monetary Problems

Washington, May 26.—(AP)—President Roosevelt today called an international monetary conference to meet in this country beginning July 1 to discuss post-war financial problems.

Invitations were issued to 42 countries and the French Committee of National Liberation at 11 o'clock this morning.

The conference will be held at Bretton Woods, N. H., and the American delegation will be headed by Treasury Secretary Morgenthau.

The official name of the meeting will be the "United Nations Monetary and Financial Conference."

The text of the White House announcement:

"President Roosevelt has called an international conference for the purpose of discussing proposals to meet post-war international monetary problems."

"Invitations have been extended to all the United Nations and the nations associated with them in the war, requesting them to send official representatives to the United States for the conference which will begin on July 1."

The delegates representing the United States will be headed by Secretary Morgenthau of the Treasury.

The conference is expected to last several weeks.

"All agreements worked out by the conference subsequently will be submitted to the respective governments for approval."

"List of governments and authorities invited to participate in the conference follows:

"Australia, Belgium, Canada, Chile, China, Colombia, Costa Rica, Cuba, Czechoslovakia, Dominican Republic, Ecuador, Egypt, El Salvador, Ethiopia, French Committee of Liberation, Greece, Guatemala, Haiti, Honduras, Iceland, India, Iran, Iraq, Liberia, Luxembourg, Mexico, Netherlands, New Zealand, Nicaragua, Norway, Panama, Paraguay, Peru, Philippine Commonwealth, Poland, Union of South Africa, Union of Soviet Socialist Republics, United Kingdom, Uruguay, Venezuela, Yugoslavia."

Presidential Secretary Stephen Early said other American delegates besides Morgenthau have not yet been designated.

Today's announcement followed a series of conferences which Mr. Roosevelt has held with John G. Winant, ambassador to Great Britain, Harry D. White, monetary expert in international finance.

Last month Morgenthau presented to Congress for informal study broad principles of a proposed \$8-

TO MAKE PLAN FOR WAR LOAN

District Meeting to Be Held in Williamston Sunday

State Chairman C. T. Leinbach of Winston-Salem will outline plans for the Fifth War Loan Drive at a meeting of northeastern Carolina bankers and chairmen of the 16 counties in Region 1 at Williamston Sunday morning at 10:30. W. H. Woolard, president of the Guaranty Bank and Trust Company and War Finance Committee chairman, will preside. The drive begins June 12 and ends July 8.

Leinbach will announce the quotas for the counties which include Beaufort, Bertie, Camden, Chowan, Currituck, Dare, Gates, Greene, Hertford, Hyde, Martin, Pasquotank, Perquimans, Pitt, Tyrrell and Washington. The region's quota is \$7,000,000.

More Electric Stoves

Washington, May 26.—(AP)—Here's news from the hot stove league.

No baseball banter this, but advice from the War Production Board that 68,000 domestic electric ranges of which 68,000 will be available to civilians, are to be manufactured during the rest of the year.

CAMPAIGN IN FINAL STAGE

Broughton Flays McDonald For "Distortion" Of Facts

Raleigh, May 26.—(AP)—Governor Broughton said today that "the attempted distortion or misstatement" of Dr. Ralph W. McDonald, Democratic candidate for governor, relative to the purchase of 175,000 cases of Rocking Chair whisky "will not deceive the people of North Carolina. The decision rests with them."

Gov. Broughton issued his statement on the heels of one by McDonald, in which the candidate lashed out against what he termed "organized liquor interests" and said the governor "confirmed every statement I made about the 'Old Rocking Chair deal.'"

"I have nothing to add to my statement of yesterday, which contains the true facts of the transactions," Gov. Broughton said.

Simultaneously, W. B. Umstead, manager of the campaign of Gregg Cherry, McDonald's opponent, said: "I have seen a copy of the news release of this date issued by the headquarters of Professor McDonald in reply to a statement by Gov. Broughton. As state campaign manager for Hon. Gregg Cherry, I emphatically deny that any contributions have been made to Mr. Cherry's campaign by the liquor interest, either from within, or from without, the State of North Carolina."

"I also emphatically deny that Greg Cherry is the candidate of the liquor forces as alleged in said release."

McDonald issued his statement 12 hours after Gov. Broughton described the "utterly without foundation and wholly unworthy" part of a campaign speech made here Monday in which McDonald questioned the purchase of 175,000 cases of Rocking Chair whisky by the State Alcoholic Board of Control.

"The governor's statement leaves it clear that my opponent is the candidate of the organized liquor interests," that Cherry is the candidate of the liquor forces has never been denied by anyone.

"In fact the governor confirmed every statement I made about the 'old Rocking Chair deal.'"

"I had said that an enormous quantity of liquor was involved in the deal. The governor confirmed that statement by saying that 175,000 cases of whisky were involved."

"I had said that the purchase was engineered by the chairman of the State Liquor Board and his associates despite the legal requirements that all liquor purchases be made by local boards. The governor confirmed that statement also."

"I had said that the chairman of the State Liquor Board and his political henchmen are working day and night trying to elect my opponent. The governor does not deny that, saying that the liquor chairman and others have a right to work for their candidate."

"I have never disputed the right of the liquor forces to work for their candidate." (Continued on page four)

New Air Attacks On Europe Today

London, May 26.—(AP)—American bombers from Italy today attacked the Lyon rail yards, bottleneck for German supplies through the Rhone valley to southern France and kept the Allied air offensive rolling.

Between 500 and 750 Fortresses and Liberators from their southern bases also attacked railroad yards at St. Etienne, 40 miles southwest of Lyon, Chambary, Grenoble, and Nice and the Var river bridge five miles southwest of Nice on the French Riviera as well as the yards at Vaise at the northwest edge of Lyon and at La Mouchette at the southeast edge of the city in widespread operations.

The raids were carried out while bad weather grounded most planes in Britain.

Few enemy fighters were encountered, an announcement from Allied headquarters in Italy said.

The Fortresses also spanned the Adriatic and bombed German troop concentrations at Bifac, 70 miles south of Zagreb in Yugoslavia, while Liberators strafed an air-drome at Zemunik just outside Zara on the Dalmatian coast and destroyed a number of grounded planes.

From Britain only single aircraft were reported over Germany, and these were reported by the German radio. There was no Allied confirmation of these reports.

Light Vote Is Expected In Tomorrow's Primaries

Ballots Reveal Smallest Number In Years; Polls Open At 6:30 A. M. And Close At 6:30 P. M.

North Carolina Democrats will go to the polls tomorrow to nominate their candidates for governor and other state offices with indications that the vote will be one of the smallest cast in the state in years.

The polls will open at 6:30 a. m. and close at 6:30 p. m.

Locally Pitt county voters will use the shortest ballot that has been seen in a primary in many years with only two county-wide contests. The lack of contests, together with the fact that many voters are away in the armed forces or working on defense jobs, is expected to cut the vote considerably.

There are approximately 15,000 registered voters in Pitt county and the largest district vote was cast in 1940 when more than 11,000 persons voted in both the first and second primaries in the Register of Deeds contest between Roy T. Cox and Amos O. Clark.

In 1942 a little more than 9,100 votes were cast in this county and observers today were predicting that tomorrow's vote would range between the 6,000 and 8,000 mark.

Contests in tomorrow's voting will be as follows:

United States Senate—Clyde R. Hoey, Arthur Simmons, Marvin Lee Ritch, Giles Yeoman Newton and Cameron Morrison.

Governor—R. Gregg Cherry, Ralph McDonald, Olla Ray Boyd, Lieutenant-Governor—L. Y. Ballentine, Jamie T. Lyde, W. I. Halstead.

Masonic Bodies To Observe Birthdays

Greenville Chapter No. 50, Royal Arch Masons, York Rite Bodies, will hold a celebration here Monday night in honor of the chapter's 50th birthday and the 22nd birthday of Bethlehem Commandery No. 29, Knights Templar. Supper will be served at the lodge room at 7:15. The meeting will begin at 8 o'clock.

W. N. Harper of Charlotte, grand high priest, and Luther Thomas of Goldsboro, grand commander, and other honored and distinguished guests will attend.

Certificates of 25 years of continuous membership will be presented to a number of members.

Everybody Is Invited

Everybody is invited to attend the Reflector election party in front of our office beginning at seven o'clock Saturday night and lasting until the final returns from tomorrow's Democratic primary are in. For the benefit of those who find it impossible to be present or who prefer to hold radio election parties in their own homes or clubs we have procured the facilities of radio station WGTC and will broadcast the statewide returns direct from our news room as they are received over our Associated Press teletype.

With the exceedingly short ballot this year and the anticipated smaller vote the returns should be tabulated much earlier than is usually the case and definite trends of the outcome should be received early in the evening.

In order to facilitate the handling of the returns, from over the state, 26 daily newspaper members of the Associated Press will gather the returns from their respective territories, rush them immediately to the Associated Press Bureau in Raleigh and Charlotte for tabulation and distribution over the teletype to the co-operating members.

In order to handle our local returns as quickly as possible we have installed an extra teletype and registrar who will furnish the returns are advised to call either 3356 or 3238.

Don't forget! Everybody is invited to attend our election party in person or to listen-in over radio station WGTC for first hand information on tomorrow's primary. The street in front of our office will be roped off to permit room for those who attend the party in person to get the returns first-hand over our loud-speaker system or read them from our large bulletin board.

Russian Airmen Sink Nazi Ships

London, May 26.—(AP)—Red army units killed more than 200 Germans and took others prisoner as they repelled a Nazi reconnaissance foray southeast of Stanislawow, Moscow announced today, while the ground fighting lull continued elsewhere along the eastern front.

The broadcast Russian communication, recorded here by the Soviet Monitor, also said that Russian planes sank two German transporters—one of 4,000 tons and the other of 3,000 tons—in the Gulf of Finland early yesterday.

Considerable damage was done on Con Lanier's, Charles Davenport's and J. B. Kittrell's farms east of Winterville.

Hail did much damage on Cletus Jackson's and Harry Worthington's farms east of Winterville.

London, May 26.—(AP)—King George VI received Gen. Dwight D. Eisenhower at Buckingham palace today. The Allied invasion commander stayed for lunch.

Turkey Willing To Join Allies

Ankara, Turkey, May 25.—(AP)—Indication that Turkey is willing to enter the war if requested to do so by the United States and Britain was given in reliable quarters today as an aftermath of Prime Minister Churchill's statement Wednesday on Turkish neutrality.

Official reaction still was withheld, but from a well-placed source came word that Turkey was willing to take action provided she was supplied with 300 planes and 400 tanks. The same source expressed doubt of any immediate Turkish entry into the war because the Allied command's plans at present apparently did not call for her to do so.

Unofficially Turkish leaders repeated past claims that British promises of war equipment had not been fulfilled and added that the sum of 20,000,000 pounds (about \$80,000,000) in supplies mentioned by Churchill fell far short of their requirements.

NEW ADVANCE IN NEW GUINEA

Capture Of Another Jap Airstrip Imminent

Advanced Allied Headquarters, New Guinea, May 26.—(AP)—Capture of the ninth Japanese air base within a month by Gen. Douglas MacArthur's forces moving toward the Philippines up the north New Guinea coast appears imminent.

Today headquarters reported that hard-fighting Yanks, who had to call on artillery and medium tanks to break up concentrated enemy small arms and mortar fire, had reached the edge of an incomplete airfield at Maffin bay, Dutch New Guinea.

(This field may be already in American hands, inasmuch as MacArthur's communique covers actions of two and three days ago and today's report referred to an action Wednesday.)

The Maffin field, beyond which lies the serviceable Maffin airstrip, is on the mainland just east of the fine Wakde island air base captured May 18 and now in German hands.

In late April, MacArthur's forces frogging invaders seized four dromes at Hollandia, another at tape, British New Guinea, and further to the southeast Australians overran the Madang and Alexishafen fields.

The jungle fighting in the Wakde-Maffin bay area has been bitter. Since the May 17 landing near Toem, south of Wakde, 81 Japanese have been killed and five captured as against American casualties of 61 killed, 182 wounded and three missing.

Headquarters also reported the slaying of 151 more Japanese and the capture of 29 new prisoners in the Hollandia-Aitape sector, raising Japanese casualties there to 3,222.

In continuing air attacks against the nest of Japanese airfields in the Geelvink bay sector, headquarters announced the destruction of 19 parked enemy planes and the damaging of 12 others at Noemfoor island.

Bypassed enemy airfields around Wewak, British New Guinea, were kept neutralized and adjacent supply stores ripped up Wednesday by Rev. J. A. Easley; hymn "The Lord is My Shepherd," by choir; introduction of Lt. George U. S. Maritime Service, by J. H. Blount; awarding of medal to Mrs. J. B. Hail Wreaks Havoc On Crops In Field

A hailstorm, accompanied by wind and heavy rain, did considerable damage to growing crops near Winterville Thursday afternoon about 3:30. Tobacco in some fields was damaged as much as 80 per cent.

Young corn was torn to ribbons and cotton in some fields was ruined. Phil Goodson and L. B. Fleming, insurance men, reported today when they displayed cotton, corn and tobacco plants that were mere shreds.

New Prices At Swimming Pool

The Greenville swimming pool will open for the summer tomorrow morning at nine o'clock with a price range of six cents and 12 cents instead of the five and ten cent prices in effect heretofore. The new prices were made necessary by the federal tax of one cent on five cent tickets and two cents on ten cent tickets.

The pool will be open from nine o'clock until noon, from two to six in the afternoon and from seven to nine at night.

Ward Seizure Was Illeg

Washington, May 26.—(AP)—Senate Judiciary sub-committee headed by Senator McCarran (Nev.) declared today that President Roosevelt had "no constitutional authority" to issue executive order under which Montgomery Ward and Company's Chicago mail order house was seized by armed troops last month.

The sharply-worded report cited Attorney General Biddle, Secretary of Commerce Jones, who said the seizure was "unlawful," and ejection of Sewell Avery, Ward's chairman; the conciliation service of the Department of Labor; War Labor Board and the National Labor Relations Board.

Senator Revercomb (R-W. Va.) joined McCarran in the report, the third member of the sub-committee. Senator McCarran (Ariz.) declined to sign it.

The special House committee which undertook a separate investigation of the Ward seizure recessed yesterday until June 6 after hearing die and Wayne Chatfield, undersecretary of commerce. Avery is scheduled as the next witness.

Play At College Tonight.

The Moss Hart-George Kaufman comedy, "You Can't Take It With You," which was presented by the Chi Pi Players at Cherry Point last Monday night and which will be presented tonight and tomorrow night in Austin Auditorium at 8:30, is one of the most famous of all American plays.

This famous Pulitzer Prize winner is rich in comedy and philosophy that is truly human. There is nothing shallow about the play as one critic remarked. It's comedy situations and lines are not just thrown in but come from the character of the entire play.

That perhaps is why it is such a success. All the people who are portrayed in the play are very real. No doubt everyone has met the people in this play at one time or another. If they haven't then they certainly will wish they had. For the people in this drama are as real and interesting as any that one can find. And they are just as funny as any person could be.

In the money of characters in "You Can't Take It With You" there are people as old Grandpa with a viewpoint of life that expresses the whole play, the never grown Mrs. Sycamore and her quite grownup husband, the birds Ed and Essie Carmichael who don't worry too much about life, Donald and Reba, the humorous maid and servant, Kolenov, the Russian ballet master who loves to eat and talk about his homeland; Mr. and Mrs. Kirby, the staff Wall Street ticoon and his stiff, but human wife; Mr. DePina, the childish old man who makes fireworks and likes everybody; Mr. Henderson, an income tax collector who can't understand the people that live in this "madhouse"; and Alice Sycamore, daughter of Mr. and

Mrs. Sycamore, who is the only sane member of the family; Tony Kirby, who is in love with Alice and the family but can't tear away from his father's influence.

Those are the people you'll meet if you come to see this hilarious comedy which has captured the hearts of all those who have seen it.

Surgical Dressings News.

If there is doubt in anyone's mind as to the need for surgical dressings and the immediacy of their use, the following excerpt from a recent letter from national headquarters should settle that doubt once and for all. The little dressings have an adventurous life before the new cartons bring them safely to their destination. Headquarters write:

"The specialists in the War Department connected with the transportation of supplies have during the past several months given special attention to the packing of the surgical dressings which are being made by our chapters.

"As you know, practically all of these surgical dressings are shipped overseas. At the present time when the cartons arrive at the medical depots, each one is wrapped in a special water-proof paper or placed in a large water-proof bag and sealed in such a way that water cannot reach the contents. The cartons are then crated in units.

"Due to the lack of adequate dock facilities at many of the foreign ports, sometimes large portions of the light-weight supplies, including surgical dressings, are thrown overboard from the ship and floated in to shore. After that they may have to be stored temporarily in the open and undoubtedly often have to be moved from points during heavy rain or snow. Their protection, therefore, is a matter of vital importance.

"In order to simplify and expedite handling at the medical depots and to insure 100 per cent protection, the War Department will in the future issue to us a special carton for use in packing the dressings. The new carton is approximately 3 cubic feet in size—the same size will be used for all types of dressings. An extra corrugated lining is also provided in order to strengthen it and a large bag, 3 cubic feet in size, made of special water-proof paper will be provided to go into each box. Our bags of dressings are to be placed in this water-proof bag. A special type of adhesive tape is also being furnished for use in sealing the cartons."

Good Jobs As Letter Carriers. The U. S. Civil Service Commission has announced examinations at the Greenville and other postoffices in the state for substitute carriers for the duration of the war and six months thereafter. War veterans will be given preference. Full information may be procured from the Civil Service clerk at the postoffice.

For United States Senator

— VOTE FOR —
CLYDE R. HOEY

A man of character, dignity and intelligence who can and will bring to the high post of United States Senator a clarity of vision and experience in public affairs which will make him, we predict, in a very short time one of the outstanding leaders of the United States Senate.

Clyde R. Hoey has well and faithfully served the people of North Carolina and the Democratic party during his entire mature life. As Governor of the State he handled its affairs with wisdom and foresight, and left office with the praise of the citizens ringing in his ears.

Clyde R. Hoey is familiar with the business world, he knows the problems of agriculture, he is learned in the law and economic affairs and he has a broad outlook on life acquired during years of devotion to public service and to deep study of affairs of state, nation and the world. He is regarded as one of the outstanding religious lay leaders of North Carolina and for years has conducted a great Bible Class.

North Carolina is an agricultural state, and former Governor Hoey has announced that if he is elected to the Senate his first request will be for a seat on the powerful Agricultural Committee, on which North Carolina has not been represented for half a century. On that committee he will be in a position to serve the agricultural interests of North Carolina.

Governor Hoey took the lead in fighting for woman suffrage in 1920. During his administration as Governor full social security legislation, old age assistance, aid for dependent children and the blind, free school books, increased teachers' salaries and many other forward looking measures were adopted.

The friends of Governor Hoey believe if he is elected to the United States Senate, with his fine intelligence and great gift of oratory, and his sound and constructive ideas on problems of the day, that he will shortly take his place among the national leaders in that great body. They believe that he is the man of the hour for the vacancy in the Senate from North Carolina.

They therefore urge upon every voter having the best interests of North Carolina at heart to go to the polls on May 27 and vote for

Bury LeRoy Tucker In Wilkinsburg, Pa.

Funeral services for LeRoy Wilkes Tucker, 31, who died of injuries received in a railroad accident in Wilkinsburg, Pa., Thursday morning, will be held at a funeral home in Wilkinsburg Saturday afternoon. Burial will be in Mount Holly cemetery.

Mr. Tucker was a son of the late Joseph and Susie Alice Tucker of Winterville. He lived at Oxford for six years after the death of his parents and then made his home for 10 years with Mr. and Mrs. L. J. Edwards. He was employed at a steel mill in Pittsburgh in recent years.

Surviving are his wife, the former Christine Underhill of Greenville, and a daughter, Elizabeth Anne Tucker, a brother, Fernando B. Tucker, U. S. Navy; three sisters, Mrs. Jesse Jones of Norfolk, Va.; Mrs. Lloyd Fornes of Route 3, Greenville, and Mrs. Harold Wisler of New York City. Mr. Tucker was a nephew of Assistant Superior Court Clerk Edwin C. Tucker of Greenville.

Stay At Home

Washington, May 26—(AP)—Director J. Monroe Johnson, of the Office of Defense Transportation appealed to the people today to stay at home over the Memorial day week-end, to give service men a chance at furlough visits home.

Bitten By Shark

Charleston, S. C., May 26—(AP)—While Corp. Henry Ras of New Bedford, Mass., a soldier stationed here, was swimming at Folly beach yesterday a shark came up and bit his legs.

Soldier Hanged

London, May 26—(AP)—Pvt. Wiley Harris of Greenville, Ga., was hanged today for killing a civilian in Belfast. The U. S. army headquarters announcement did not disclose the place of execution.

Train Kills Three

Parkersburg, W. Va., May 26—(AP)—The fast Baltimore and Ohio National Limited killed three persons last midnight when, apparently confused, they stepped from safety into the path of the speeding eastbound train.

Narrow Escape

Goldsboro, May 26—(AP)—Mrs. Charles Norwood, wife of a prominent real estate man here, had a narrow escape from death or serious injury during a severe thunderstorm late yesterday.

Mrs. Norwood, who had been ill, left her bed in an upstairs room and went down stairs to get something. She had hardly reached the first floor when a bolt of lightning entered her bedroom and set the bed afire.

Firemen extinguished the blaze before serious damage was done.

Region 1, composed of the 15 counties of the first congressional district and Greene county, sold \$23,900,000 worth of war bonds in the four previous drives, considerably exceeding its quota each time. Chairman Woolard stated at a preliminary conference in Greenville today. The district's quota in the Fourth War Loan drive was \$6,635,000 but the committee chairman and banks sold \$8,816,000 worth of war bonds.

Canning Demonstration.
The canning demonstration given at Greenville High School Thursday by Mrs. Nell Reavis and Miss Jessie Mary Wilson, student teachers and seniors in home economics, concluded the series of activities sponsored by advanced students in home economics education for the purpose of promoting interest in providing an adequate food supply for health and victory.

A canning demonstration was given Wednesday at East Carolina Teachers College by Miss Mary Alice Hastings and Miss Frances Roberts.

The demonstrations have been well attended, the number going well above fifty, including college students, faculty members and friends in the community.

Other activities during the second and last week of the Victory Garden campaign included a continuation of the Victory Garden booth

which has been visited by hundreds of students and teachers from the public schools, the college, and by friends in the community. The last addition to the exhibit is a new dehydrator which represents the most modern equipment now available for the drying of fruits and vegetables.

One of the most enjoyable and successful activities of the week was a picnic supper followed by a recreational program in the city park. Hostesses for the occasion were Misses Annie Kate Evans and Alice Stovall.

Among the many friends contributing to the success of the Victory Garden booth are Miss Katherine Holtzclaw and members of the ECTC home economics staff; Miss Verona Lee Joyner and Miss Edna Kirby; Mrs. R. C. Deal, Dr. and Mrs. A. D. Frank, Dr. and Mrs. E. C. Hollar, Mr. and Mrs. D. L. James, Dr. and Mrs. B. B. Brandt, Mrs. J. B. Oakley, Dr. and Mrs. R. J. Slay, home economics staff of the Greenville High School, ECTC Library and Blount-Harvey.

Vegetables for the demonstrations came from the Victory Gardens of Mrs. Dink James and Dr. J. B. Cummings.

What the People Say:

HON. CHAS. G. ROSE, OF FAYETTEVILLE, FORMER MODERATOR OF THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES, FORMER PRESIDENT OF N. C. BAR ASSOCIATION, says: "I enthusiastically supported Hon. Clyde Hoey in both the 1936 primaries. When the result was announced, Dr. McDonald, as the defeated candidate, accepted a verdict recorded at the polls. He took his licking like a man and rendered full support to the ticket in the general election, making speeches in nearly half the counties. Since that time his party record, his views on public affairs and his personal life justify the support of those who opposed him in 1936. If for no other reasons, I would support Dr. McDonald because of his loyalty to and support of our Party; because nearly half of the members (214,414) of the Democratic Party in the State have evidenced their desire that he be Governor of North Carolina, and because he is a high toned, sober, Christian gentleman."

HON. L. LEE GRAVELY, EMINENT BUSINESS MAN AND TOBACCONIST OF ROCKY MOUNT, AND FORMER STATE SENATOR, says: "I have carefully read the speeches and statements of the two candidates for Governor, have observed them in their public careers for the past few years, and have come to the conclusion that I shall vote for Ralph McDonald for many reasons. As a business man, I have confidence that his administration will be sound. There will be many readjustments arising from the post-war period. The principal problems of North Carolina will be problems of how best to meet the needs, the hopes and aspirations of the average people of this State. We will, therefore, need as Governor, a man who is sympathetic and who will be better able to translate the thinking of the people into governmental action. I believe Ralph McDonald to be such a man."

HON. R. N. SIMS, SR., OF RALEIGH, PROMINENT BAPTIST LAYMAN AND FOUNDER OF THE FIRST BARACA CLASS IN THE SOUTH, A LEADER IN THE LEGAL PROFESSION AND RELIGIOUS CIRCLES, says: "I did not support Dr. McDonald in his race eight years ago. But since that time I have watched his career and have formed a real admiration for him. He is a brave man and I like that. He is a hard working man and has great capacity and endurance. He is a studious man and knows history and current needs. He is a thinker but in no sense a recluse. He loves people and mingles with them and inspires them by his public address. He is a forward-looking man. He has statesmanlike thoughts as to what our State should be and do. He thinks in behalf of the people and their interests. He has recently been elected President of the great association of teachers of North Carolina. They ought to know what manner of man he is. He has been endorsed by the merchants and he has the support of the laboring people. I like the fine fitness of the man for the office. Measured by every standard, he seems to be eminently qualified to become a worthy successor of the fine line of noble men who have graced this high office for the past 44 years."

THE SIGNIFICANCE OF THE TRIVIAL

The story is told of how Abraham Lincoln purchased for fifty cents a barrel of old books and papers. They were not worth any more than he paid for them—trash clear to the bottom.

There is something strange and disconcerting about the way true value is hidden in this world. People early marked for greatness seldom attain it, while those who appear to have no greatness in them often rise to places of distinction.

There are some things that are so important, so important that they are hidden in this world. People early marked for greatness seldom attain it, while those who appear to have no greatness in them often rise to places of distinction.

The complete sufficiency of God's providence is very largely demonstrated by the ease with which He uses the apparently trivial things in life to achieve great ends.

Chicago—If you take the word of some Illinois Republican leaders I have talked to, the Midwest is a little upset about the way they have been "sighted" in the G. O. P. convention set-up.

Republican Gov. Dwight H. Green of Illinois, who has been one of the numerous "sightings" in the political ranks here, is a little unhappy that the Midwest hasn't been given at least an outstanding speaker on the program of the convention to be held here June 26.

They point out that on the present convention program, Rep. Joe Martin of Attleboro, Mass., is scheduled for permanent chairman; Gov. Earl Warren of California, for keynote speaker; Rep. Clare Boothe Luce of Connecticut, the party's glamour girl, and former President

That outline was agreed to by treasury technicians of 24 nations. Under it the United States would put up around \$2,500,000,000. Great Britain about \$1,250,000,000 and Russia about \$1,000,000,000.

The White House announcement did not say specifically it was learned on high authority the conference also would consider proposals for a \$10,000,000,000 world bank for reconstruction and development.

At the time he presented the stabilization outline to Congress Morgenthau said that any international agreements entered into would be subject to congressional approval or disapproval.

McDonald said that if there was a commission for purchase of the whisky, "it would certainly have been handled on the side. The governor would not have been invited to be in on that. I know of nothing which would corrupt our state government more than to turn it over to the control of the liquor interests and their political henchmen."

Gov. Broughton previously had been neutral in the race between McDonald and Cherry.

McDonald had asked: "How much money was involved? What would have been the ordinary commission for the salesman making the deal? Who got the commission in this instance? Is all or part of this money being used in this campaign?"

A few hours after his return to the city last night the governor issued a statement saying, "I cannot permit these unwarranted assertions to go unanswerd."

Broughton defended the terms of the purchase of the whisky and said he had given the transaction his approval.

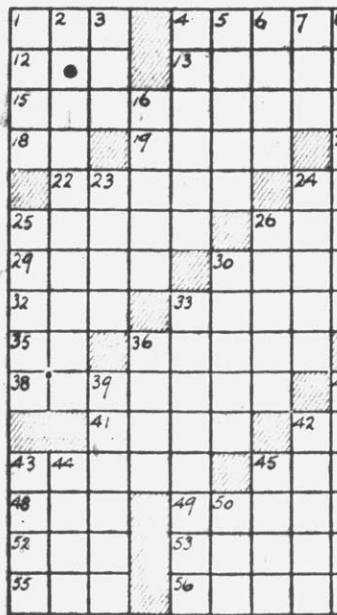

"There were no commissions, bonuses or gratuities whatsoever involved in this transaction," his statement said.

These intimations of the candidate that the chairman of the State Board of members of local boards or anybody else in this state received cuts, commissions or gratuities, or that funds were derived in this transaction to be used in this campaign, are utterly without foundation and wholly unworthy."

NEGRO SCHOOL HOLDS FINALS

Nineteen Graduates At Impressive Exercises Last Night

By CHESTER WALSH
The students of C. M. Epps Negro High School presented their own program at commencement exercises before an audience of nearly 1,000 persons at the school last night. The exercises were impressive and the program was the best ever presented by the school, the audience agreed.

City School Supt. June H. Rose presided for Prof. W. H. Davenport, the principal, who is ill from overwork. Mr. Rose praised the principal for great work being done at the school and complimented the teachers, students and parents for fine cooperation in the diversified student activities.

R. F. Epps, of Summit, N. J., a brother of the late Prof. C. M. Epps, was a special guest. J. B. James, chairman of the City School Board, presented diplomas to 19 graduates. Mayor Bruce Sugg presented a number of special prizes to students for special achievement. He praised the commencement program and the fine work being done at the school and the fine community spirit of the negroes.

Features of the exercises were talks on timely subjects by four students. Heber Anderson discussed "Opportunities of Youth"; Martha Williams, "Our Duty in the Present Crisis"; Clydia Shepard, "The Negro in the Post-War World," and Frances Chapman, "God Bless America." Frances Chapman's "God Bless America" was a great oration, not a song, eloquently and impressively delivered and it won pronounced applause.

The musical program was a revelation and made a distinctive hit. The Girls' Glee club, a mixed chorus and a girls' octette, under direction of Mrs. W. H. Davenport, with Miss E. S. Albritton as accompanist, presented a program that reflected exceptional talent and special training. "The Lord is Great" was sung as the procession. Other numbers were "Father, To Thee We Pray," mixed chorus; "America" and "Chorale No. 1," by the newly organized Epps High School Band under the direction of Prof. Harold A. McDougle; solo, "Homing," by Evelyn Wooten; "In Silent Night," Girls' Glee club; "Chorale No. 2" and "Promotion March" by the band; "I Dream of Jeanie" and "There's a Meeting Here Tonight" by the girls' octette. "God of Our Fathers" was sung as the recession.

Rev. S. P. League said the invocation. Rev. J. A. Nimmo pronounced the benediction. The list of graduates and winners of special awards and prizes will be printed tomorrow. Edgar Barnes Post of the Negro American Legion, in appreciation of good work by students in community work, presented a clarinet to the band.

Marines Play Double Anzio Beachhead ...

By CHESTER WALSH
Two baseball games in which some Class AA and noted college and semi-pro players will participate will be played at Guy Smith Stadium Saturday afternoon. The first game of the double-header will start at 1 p. m. when a Greenville Marine team from Squadron 243 will play the Atlantic Field (N. C.) team. Admission to the park is free and the Marines invite the fans to attend. Incidentally, the Atlantic Marines won two straight games from Squadron 344 last week. Dick Haviland, a big righthander, who will hurl for the Squadron 343's team Saturday, formerly played with Minneapolis in the American Association. "Gib" Gibbons will do the receiving. Lieut. H. H. Holloway, former semi-pro player and manager of Greenville's Squadron 342 team, stated.

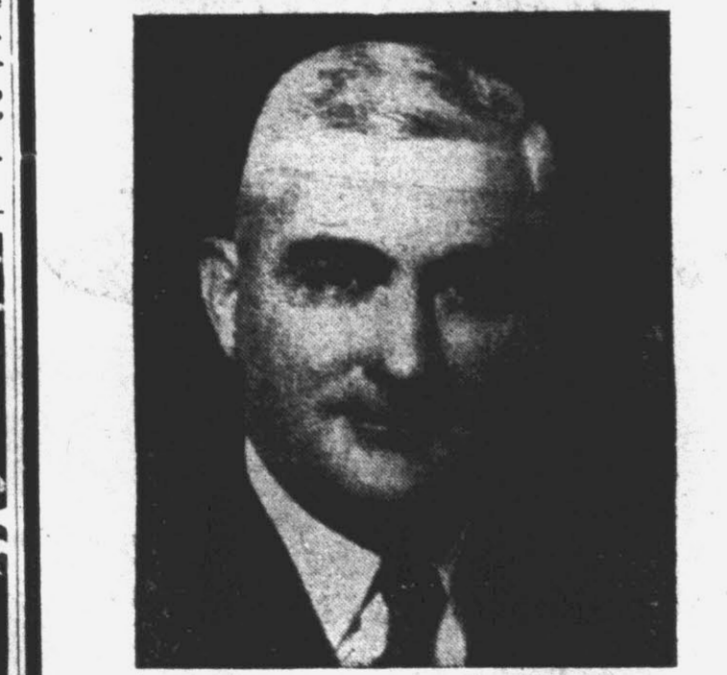

line, and Canadian troops won a bridgehead across the Melfa river, in the Liri valley 13 miles west of Cassino. Cisterna, which had constituted one of the kingpins of the enemy's line around the Anzio beachhead, fell yesterday after a savage four-hour battle in which heavy casualties were inflicted on the defenders. American infantry and armor had bettering the town for three days. southeast of Cisterna, the Fifth army occupied Littoria, Mussolini's model town in the ancient Pontine marshes, without opposition. As the Germans pulled back to their new defenses in the Alban hills, Allied air forces continued to smash their fleeing vehicles. A

headquarters announcement said more than 1,750 enemy vehicles had been damaged in the past 48 hours. The total of Germans captured since the offensive began two weeks ago rose to more than 12,000 and the columns continued to file to the rear as the Allied forces mopped up captured areas.

In its four-day old offensive, the beachhead section of the Fifth army captured 2,600 prisoners up to noon yesterday. Among the prisoners were the commander of the 964th German infantry regiment and his staff.

French and American troops, exerting steady pressure in the mountains north of Terracina in a move that was rapidly straightening the battle line out along an east-west axis, captured Monte Vaglia, north-east of Pico, Monte Civitella, west of Vallecorsa, and other important points in that region. The enemy lit back with several local counter-attacks.

In their flight from Littoria and elsewhere along the Pontine plain the Germans left behind much equipment. At the southern end of the plain the towns of Sabaudia and Pontina were found unoccupied.

In swift exploitation of the German coastal withdrawal and fall of Cisterna, Fifth army forces cut a lateral road leading to Cori, six miles to the northeast, and another leading in a northeasterly direction to Doganella, three miles off the Appian Way below Cisterna. Several enemy attacks directed down the Cori road were repulsed.

In their advance toward the Alban hills, some 15 miles southeast of Rome where the Germans apparently hoped to make their final stand for the eternal city, the Americans encountered deep mine fields but enemy artillery fire was lighter than had been expected.

The navy announced new bombardments of enemy targets in the Anzio area during the past two days. Buildings were destroyed, and

sun positions and bivouac areas were well covered with shells, the announcement said.

Front dispatches said that the Germans abandoned Aquino yesterday after the Canadian advance to the Melfa had flanked them. The Aquino garrison was said to have withdrawn across highway 6 towards the town of Roccasecca, in the hills five miles north and slightly west of Aquino. Occupation of Aquino gave the Allies a new airfield.

British and Polish troops of the Eighth army, following up the retreating First German Parachute division, advanced in the hills toward Castrocielo and Roccasecca on the north side of the Liri valley, but the Germans still clung to Monte Cairo, due east of those towns and the highest peak in the Cassino vicinity.

The enemy still was offering stiff resistance on the flanks of the Canadians who crossed the Melfa river. Ceprano is five miles up the valley.

Aircraft of the first tactical air force knocked off a large proportion of the two-day toll of enemy vehicles in attacks yesterday on two large German motor convoys withdrawing from the Cisterna area. In these and other forays, the Allied battle planes destroyed at least 610 vehicles and damaged 561 more.

Twenty German planes were destroyed, of more than 80 encountered, as the Mediterranean air forces flew 3,000 sorties yesterday, including heavy bomber attacks on German rail lines in France, in the Lyon and Grenoble areas, and against various targets in northern Italy. Twelve Allied planes were lost, six of them heavy bombers.

This Man Cherry

DR. C. E. ROZZELLE of High Point, pastor of High Point's Wesley Memorial Methodist Church and native of Gaston county, speaking:

"If he lives until next January, your fellow townsman and distinguished citizen, Robert Gregg Cherry, will be the next Governor of North Carolina.

"Thirty-six years ago Gregg Cherry and I rode away together on a train out of this county of our nativity to old Trinity College at Durham, he to become a lawyer and leader, and I to become a minister and servant.

"The years passed and twenty-seven years later our paths crossed again when I became pastor of Gastonia's Main Street Methodist Church and found Gregg Cherry serving as an active member of that church and a member of its official board. For six years we worked together jointly in that church with the finest of fellowship and cooperation, until I moved on to another pastorate.

"Today, thirty-six years since that day we left for college on the train together, Gregg Cherry and I meet again on the same platform, he as your most distinguished citizen and leader, and I am present as a friend to speak a word of endorsement of his success and glorious achievement.

"Gregg Cherry grew up here in this community as an orphan, reared by his grandparents and uncle, over on Airline Avenue among the common people, without wealth and social standing, without the luxuries to which others were accustomed. He helped work his own way through school and college. He came home to take his place in his home community as a lawyer.

"Gregg rose by dint of hard and laborious effort. He was called away early in the development of his law practice to fight his nation's battles in World War One on a foreign shore. For many months he led his men on the battlefronts in Europe, facing day and night the hail of German bullets and the burst of shells which seemed to have no ending. At last, home again after the war, he took up his work in private and public life, becoming mayor of Gastonia, member of the General Assembly, Speaker of the House and serving in numerous other important capacities. "Gregg Cherry stands higher today in the knowledge of North Carolina's affairs than any other citizen. There is no one today anywhere more able to carry on the work of Aycock and Vance, of Morrison and Gardner, of Hoey and Broughton and our other leaders of previous and present administrations than our friend and fellow worker, Robert Gregg Cherry.

"To him no man is a stranger. To the poor man at his labor, the rich man in his business life, the minister in his pulpit and the culprit standing before the bar in court awaiting sentence, to all groups and classes, parties and religions, Gregg Cherry will be the great common denominator for all men in their tears and tragedies and in their successes and joys. Let us march to the polling places and roll up an unprecedented majority for this man and make ourselves proud of our achievement in electing him to the highest office in North Carolina."

(This Space Contributed by Legionnaires and Friends of GREGG CHERRY, Who Urge His Nomination for Governor).

For Register of Deeds PITT COUNTY

I am a candidate for renomination as Register of Deeds of Pitt County, subject to the Democratic Primary, May 27, 1944.

I will appreciate the support and votes of the people of the county.

Yours truly,

ROY T. COX

THE OLD JUDGE SAYS...

"Did you hear that Tom is going to be inducted into the Army next week, Judge?"
"Yes, Frank told me this morning down at the barber shop. Our town's got a lot of men in the service now, Jim. In fact, all towns have. I was just reading in the paper where there are more than 10,000,000 men away from their homes in the armed forces. And, from all reports, they're doing a grand job bringing victory closer every day."
"We folks at home have a mighty big obligation to those 10,000,000 fighting men. We've got to produce the food to keep them

well fed. We've got to keep them supplied with the ammunition and equipment they need to finish their job. We've got to help the Government pay for all these supplies our men need by buying more and more War Bonds. We'll have another big chance to do that by helping to put the 5th War Loan drive over the top, Jim."
"And, in addition, we must be sure that, while they're away and can't express their opinions, we don't go voting on and deciding any things that will displease them when they come back."

Grain Market
Chicago, May 26—(AP)—Disclosure that the War Production Board has moved to require the use of not less than one million bushels of rye in the production of industrial alcohol resulted in short covering and a sharp upturn in the price of futures on the brown cereal in trading today. Lack of a commercial demand for rye had been one of the principal reasons for recent declines in prices to new lows for the year. July wheat closed 1.61 1/2; oats 76 1/2; rye 1.12 1/2-3/4; barley 1.20 1/4.
