American Bombers Smash At Germany Again Today

More Than 2,000 Bombers And Fighters From Britain Blast Away At Northern Europe While Others From Italy Smash At Southern Germany And Austria

London, May 30.—(AP)—The great American air armada which hit Germany, France and Belgium today lost 11 bombers and nine fighters while destroying 66 enemy aircraft, airforce headquarters announced today.

By W. W. HERCHER London, May 30.—(AP)—At least 3,200 American warplanes assaulted the Germans today in coordinated strikes from Britain and Italy, bombing airports, air bases, rail centers in Germany, Austria, Yugoslavia, France and the Low countries.

From Britain for the third successive day, 2,200 heavy bombers and fighters swept through clear skies over northern Europe and smashed at least a dozen targets.

A day light force about 1,000 strong flew from Italy and attacked Wiener Neustadt in Austria. One group of Flying Fortresses attacked an airbase in the Linz area, 130 miles across the north Italian border in south Germany. Others bombed Zagreb, Croatian capital in Yugoslavia.

Berlin radio reported great air battles raging over central Germany and the Alps.

Targets of the Britain-based fleets were aircraft plants at Dessau, Oschersleben and Halberstadt in Germany; railroad yards at Brussels, Belgium, and Reims and Troyes in France; airbases at Handorf, near Munster, Diepholz near Osnabruck, Halberstadt and in the Hamburg area.

The Decoration Day parade of Allied planes across the channel was led by American Thunderbolt fighters in an attack last night by RAF Mosquitoes on Hannover in central Germany.

Allied headquarters at Naples announced that the American fighter fleets sweeping into Austria and southern Germany from the south had hit the Wiener Neustadt area (Continued on page two)

Record Daylight Raid On Ponape

U. S. Pacific Fleet Headquarters, Pearl Harbor, May 30.—(AP)—A record 101-ton daylight raid on Ponape, eastern guardian of Truk atoll, was announced last night by Adm. Chester W. Nimitz among two days' bombing of central Pacific objectives.

The unprecedented attack was made Saturday by Liberator and Mitchell bombers of the Seventh Army Air Force, against moderate anti-aircraft fire. Ponape town and airfields were the principal targets. Barracks, hangars and storage areas were hit during the assault, the 24th of the month and the sixth raid in as many days on this administrative center of the Caroline group.

(General Douglas MacArthur's communique said army Liberators from the Admiralty islands harassed Voleai island, in the western Carolines, and three islets of the Truk group Saturday night.

Next First Lady

Mrs. R. Gregg Cherry will be North Carolina's next first lady by virtue of her husband's nomination for governor in Saturday's Democratic primary. The 52-year-old Gastonia lawyer won over Dr. Ralph McDonald by approximately 50,000 votes.

NEW GAINS ON BURMA FRONT

Allied Forces Cut The Main Road Between Jap Bases

Southeast Asia Headquarters, Kandy, Ceylon, May 30.—(AP)—American and Chinese troops have cut the main road between the Japanese bases of Kamaing and Mogaung in northern Burma in a surprise move bypassing Kamaing, it was announced today.

Since the British airborne troops abandoned road blocks near Mogaung, 35 miles west of the besieged Japanese at Myitkyina, Allied planes have been hammering furiously at enemy communications, positions, and rail installations between Mogaung and Kaha, about 130 miles southwest of Myitkyina.

It is along this route that the Japanese have been sending reinforcements to the Mogaung valley and Myitkyina.

The move bypassing Kamaing resulted in destruction of 25 enemy trucks and seizure of six buildings full of supplies and ammunition, it was announced.

United States army air force planes supported ground troops with an attack on enemy gun positions in the vicinity of Hopin, about 75 miles southwest of Mogaung, a communique said.

The Japanese were successful in throwing the Chindits from their road block southwest of Mogaung, with which they had been able to block the Mandalay-Myitkyina railway since last March, it was announced yesterday.

The air attack damaged approaches to a railway bridge at Hopin and started fires at Sahmaw, southwest of Mogaung, the communique added.

Chungking, May 30.—(AP)—Chinese forces, taking advantage of the return of good weather, have scored new successes in a drive along the lofty Miamien trail leading to Tengchung, the main enemy base in Yunnan province and the pivotal point of a Japanese-built motor highway system, the Chinese high command announced today.

Maintaining their progress in the Salween offensive, the Chinese labored up steep mountain paths and captured Lengshukou, the highest village on the Miamien trail (elevation 8,000 feet), the high command communique said.

Invitations To Washington Conference Extended By Hull To Russia, Britain And China

By JOHN M. HIGHTOWER

Washington, May 30.—(AP)—Secretary of State Hull extended to the ambassadors of Russia, Britain and China invitations for their governments to begin informal talks in Washington as soon as possible on creation of a world security organization.

Hull told a news conference the United States is ready to talk with the other countries whenever they want to sit down at the conference table.

The main point of his conversation with the ambassadors today, he said, related primarily to the question of a time for the meeting. Asked whether Foreign Commissar Molotov of Russia and Foreign Minister Eden of Britain might represent their countries, Hull said that was up to the governments to decide.

The secretary of state declined to say whether he would be the principal American representative. Hull talked first with Ambassador Halifax of Britain and Gromyko of Russia.

Afterward, Halifax reported: "He asked us both to call in order to convey an invitation to our governments from him on behalf of the United States Government that he would be glad at a convenient date to open informal conversations with us on the general problem of post-war security."

Next Hull received Ambassador Wei of China for a similar "intimation of this country's announced willingness to begin conversations."

At his press conference, Hull explained that when the four powers met at Moscow last fall, Molotov offered and there was adopted a resolution providing that they should meet subsequently in Washington to discuss an organization to maintain peace.

He questioned about a phrase in his announcement last night that he completed the "first phase" of his talks with the Senate group to which he has outlined his postwar plans. Hull said that in using the language "Connally resolution and other similar declarations made in this country" he meant to include such statements as the Republican declaration at Mackinac island last fall.

The secretary said he expected to continue discussions with congressional committee but there was no decision on whether a special House committee would be set up similar to the Senate advisory group which (Continued on Page Two)

BOND DRIVE PLANS MADE

State Chairman Outlines Plans At District Meeting

By CHESTER WALSH

C. T. Leinbach of Winston-Salem, chairman of the State War Finance Committee, addressing bankers and War Bond Committee chairmen of 16 northeastern counties at Wilmington Sunday, announced that the state's quota in the Fifth War Loan Drive is \$148,000,000.

W. H. Woolard, president of the Guaranty Bank and Trust Company, Greenville, chairman of Region 1, presided. The region's quota is \$7,842,000. Pitt county's quota for the next drive is \$2,127,000. The county's quota in the last drive was \$1,811,000 and this was oversold by \$600,000, Chairman Woolard stated.

Norris Hadaway of Greensboro, vice-chairman in charge of promotion, directed a showing of motion pictures of battlefield scenes and reminded that "While you are making up your mind whether or not to buy a bond the men are dying on the battle lines."

The bankers and county chairmen engaged in an all-day serious conference of planning for the Fifth War Loan Drive which begins June 12 and ends July 8. Plans were made for a more intensive drive to carry the Fifth War Loan Drive well over the top. Region Chairman Woolard stated. The State Chairman Leinbach pointed out that 90 per cent of all war loans previously sold are still in the hands of the buyers and that the men in the armed forces are setting the folks back home a good example in buying War Bonds.

Chairman Leinbach commended Chairman Woolard for overselling the last War Loan in his region and gave special credit to the various county chairmen. Previous War Bond drives have been held at different times of the year, the quotas have been oversold, and there is every reason to believe that North Carolinians will patriotically and wisely invest in the Fifth War Loan. Plans were perfected for starting the drive. Announcement of the various county quotas will be made by the chairmen in their respective counties.

J. Herbert Waldrop, vice-president of the Guaranty Bank and Trust Company, is Pitt County War Finance Committee chairman. The following bankers and county chairmen attended the meeting at Williamston: K. B. Modlin, Vance (Continued on page two)

Stiff Opposition Checks Fifth Army Temporarily; Eighth Army Moves Swiftly Up Via Casilina In Sweeping Attack; Number Of Nazi Prisoners Growing

By NOLAND NORGAARD

Allied Headquarters, Naples, May 30.—(AP)—Fifth Army infantry and tanks, after repulsing strong overnight counterattacks, struck again today at German defenses within 16 miles of Rome, which Lt. Gen. Mark Clark said would fall "before many days have passed."

The Germans offered savage resistance on the Tevere, a narrow defense line south of the capital, but headquarters said progress continued "satisfactorily." On the Allied right, the Eighth Army was striking swiftly through the Sacco valley along the Via Casilina (Highway 6), capturing Ave and pressing strongly upon Frosinone from three sides. News of the sweeping American fighting an uphill battle on the former beachhead front nor the Sherman tank crews attacking anti-tank guns hidden in groves and ravines were yet able to see Rome. Only artillery observers flying high planes near the sea, where British patrols found the enemy had abandoned another wrecked village, had a chance to glimpse the Eternal City and its seven hills.

German counterattacks temporarily held off American infantry on the rolling meadows below the hill-top town of Lavinio, a pivot of the German Rome line. Artillery shelled the town steadily.

Armored spearheads consolidated gains west of the severed Anzio-Albano road. Major German resistance was contacted in this sector, however. Hastily sown minefields, crude fortifications, heavy tanks were encountered but no big tank battle has developed.

German artillery fire was heavy on forward American elements, but the enemy was being outshelled by a high ratio.

Units of the Hermann Goering division, once destined to become an air borne armored force, were reported counter-attacking the American salient around Ardea last night, close to highway 6, but were driven back with considerable losses.

The Fifth Army commander predicted the fall of Rome shortly in a Memorial Day address at Anzio. On the southern sector the 8th Army began a drive up the Sacco valley astride Highway 5—the Via Casilina—and drove through Ave, at the junction of Highway 6 and (Continued on page two)

Unconfirmed Reports Say Five Killed By Populace

Stockholm, May 30.—(AP)—American airmen who parachuted into three unnammed places in central Germany yesterday were "killed by agitated people," the newspaper Aftonbladet's Berlin correspondent wrote today in a dispatch which was passed by German censorship.

The article gave no details, but the correspondent said he received reports from "a traveler from Leipzig" with whom he talked in Berlin.

A later report said that five American airmen had been killed. "German police were unable to save them," Aftonbladet's correspondent wrote.

He said a storm of rage broke out Sunday "among German civilians" when American fighter pilots (Continued on page two)

Hearing Two Suits For \$10,000 Each

In Superior Court today trial was begun on two suits for \$10,000 each, against the Carolina Coach Company and the City of Greenville.

The first suit, instituted by Mrs. Louise Wingate for damages in connection with the alleged death of her husband, Alvin Wingate, during a collision with a passenger bus on Dickinson Avenue near the railroad underpass last August 12; the other is for her daughter, Nancy Carroll, four years old, who allegedly suffered broken arms and a leg in the collision. Jesse A. Jones of Kinston is counsel for the plaintiffs.

The accident occurred after a violent storm last August which flooded many of the city streets and left some of them slippery after six inches of rain subsided. A jury was being selected this afternoon.

Official Returns

Today's official canvass of returns from Saturday's primary revealed an error of 100 in the unofficial returns compiled by The Reflector Saturday night, thereby narrowing the margin between Arthur B. Corey and J. Con Lanier, leading candidates in a three-way race for the State Senate, to 210 votes instead of 310 in Corey's favor, as previously reported. The error was in Chicago No. 1, where the unofficial returns credited Lanier with only 56 votes, while the official canvass reveals he received 156.

Mr. Lanier has made no statement yet as to his intentions regarding the calling of a second primary and could not be reached shortly after noon today following revelation of the error in the unofficial returns.

Official returns made public by County Elections Chairman J. H. Harrell this afternoon are as follows:

Fierce Battle Develops In The Schouten Islands

By MURLIN SPENCER Advanced Allied Headquarters, New Guinea, May 30.—(AP)—Gen. Douglas MacArthur's swift Philippines-bound thrust into the Schouten islands appeared today to be developing into the fiercest struggle of the northern New Guinea campaign.

His invasion-tested Sixth Army troops have drilled their way on Biak island to within two miles of the important Mokmer airdrome against mounting Japanese resistance. But the toughest fighting is yet to come.

Headquarters spokesmen said the enemy, thrown off balance by the landing near Bosnek Saturday, had recoiled from his initial surprise and probably would stage a mighty defense of Mokmer and Biak's two other airdromes, Sorido and Borokoe.

Today's communique, reporting a gain of slightly more than a half-mile since yesterday, said the Yanks were edging west along the Bosnek-Sorido coastal road toward the enemy's positions.

The Japanese apparently had expected the invasion to be launched directly at the fields, spokesman said, and were crossed up when the Americans stormed ashore in the Bosnek area to the east. MacArthur's infantry, expecting to clash with the main enemy force momentarily, met heavy sniper fire from ridges above the road to Mokmer. Field commanders slowed up the advance to permit consolidation of positions in preparation for the major battle.

FUTRELL HEAD OF RED CROSS

Harrison Resigns After Seven Years As Chairman

The executive board meeting of the Pitt County Chapter of American Red Cross was held in the Municipal building on Monday evening with attendance almost 100 per cent. The reports given by the committee chairmen were encouraging, enthusiastically given and received. The work is proceeding splendidly in every branch.

Mr. Nat Harrison, chairman of the Pitt County chapter for seven years, tendered his resignation to take effect immediately. This resignation was reluctantly accepted. A vote of appreciation was given Mr. Harrison for his years of excellent service and untiring interest in the chapter. Mr. K. T. Futrell was elected to fill his unexpired term, with Mr. D. H. Conley as vice chairman.

In his letter of resignation Mr. Harrison set forth among other accomplishments of the chapter the (Continued on page two)

Clark Says Rome Will Fall Soon

By EDWARD KENNEDY Anzio, Italy, May 30.—(AP)—The Fifth Army will take Rome "before many days have passed," Lt. Gen. Mark W. Clark declared in an address at Memorial day services here today.

The Fifth Army honored its dead on the former beachhead in Memorial day services at an American cemetery as guns in the battle for Rome rumbled a few miles away.

"We now stand on the threshold of Rome," said Clark in a brief address before placing a wreath. "Before many days have passed we shall have freed this first of the European capitals from Nazi domination."

Before the Fifth Army commander stretched countless rows of white crosses broken by the Jewish Star of David here and there—thousands of graves neatly laid out in plots 12 graves apart, the rest in piles of soldiers who died with the lives for the holding of the Anzio beachhead.

Most of the graves in this cemetery are American, but there are also buried here some of the British and Canadians who fell near the American sector.

There were new graves, dug but not filled, and even as the service was going on trucks were bringing the bodies that will be buried in them.

Back to Britain

London, May 30.—(AP)—American Ambassador John G. Winant has returned to Britain by plane from a 17-day visit to the United States where he conferred with President Roosevelt and Secretary of State Cordell Hull. It was announced today.

Today On The Home Front

JAMES MARLOW and GEORGE ZIELKE

Washington, May 30.—(AP)—Southerners are bent on destroying the President's fair employment practices committee.

He created it, he said, to prevent discrimination against war workers or government workers because of color, race or religious belief.

The House voted last week to continue the agency. Southerners hope to kill it in the Senate.

For months now the "white supremacy" cry has rung in the South. Southern senators say the FEPC "stirs up racial strife."

The FEPC fight comes within a couple of weeks after southern senators brushed aside a bill to abolish the poll tax in eight southern states.

Supporters of that bill said the poll tax discriminates against poor whites and negroes because having to pay to vote discourages the poor from voting.

The bulk of the complaints received by FEPC are from negroes. The 13 million negroes in this country are the nation's largest minority.

The WAR TODAY

AN ANALYSIS OF THE NEWS

By DEWITT MACKENZIE Associated Press War Analyst Hitler's D-day nerves indeed reached a sorry state of ravens when Berlin spokesman bursts out that "Germany would prefer the invasion to come today rather than tomorrow."

Well, that's where the worry belongs—with the enemy. We have no cause to fret—as a lot of good folk are doing—for Allied luck is running strong. Let Der Fuehrer do the stewing.

Of course Germany would like to get it over with. She's not a country waiting with confidence in her ability to withstand the assault, for the Allies out-match her everywhere, and each rising sun sees her weaker. She's just hoping that some lucky break will ease her plight. The strain must be terrific.

We had concrete illustration of this again yesterday. The Allied air fleets staged huge raids that reached the furthest points in the perimeter of Hitler's boasted fortress Europe.

The Nazi can no longer find any place in which to hide. More than 4,500 Allied warplanes, of which 4,000 were American, boldly challenged hostile skies. They hammered the French invasion coast. They streaked clear across Europe to bomb aircraft factories in Poland, and rained destruction on Germany itself. They bombed the lower Danube basin in southern

eastern Europe, and tore at Austria from the south. It's no longer a question of a "second front," or a third or fourth. Hitler is surrounded, and we are closing in.

The German press declares there can be no doubt that the original date fixed for invasion has passed. And that worries them.

UNITED WE STAND America, like every other nation in the world, lives its life in the stream of a noble tradition. We look back with pride upon a national history which, with all its imperfections, has recorded the upward march of a great multitude of men and women. This is the only country that was ever settled and developed exclusively by immigrants who were of the middle and lower classes. Accordingly, our life has been characterized by energetic development. The people who came to these shores had to make their way, and they did so with a vigor which has caused the world to blink with astonishment. Our armies today, the world over, are engaged in defending our peculiar tradition of liberty. Something has been happening here in America during the past 150 years which we feel might advantageously happen to every nation on the face of the earth. It is the precise opposite of totalitarianism. Our people are determined to the last drop of their blood and the last ounce of their treasure to stop the spread of the hideous thing which has enslaved whole continents. We do not intend to dictate to other nations what they must take, but we do intend to make it possible for them to choose, if they care to, what we have found to be helpful. And we are determined to put an end to the cruel type of oppression which has plagued the world for almost a decade. All Rights Reserved— Babson Newspaper Syndicate

Nations (Continued From Page One) President, with informal discussions on this subject with Great Britain, Russia and China and then with governments of other United Nations. Meanwhile, he said, he would continue to talk with congressional leaders and would keep "wide open the door of non-partisanship." Senators Gillette (D-Iowa), White (R-Me) and Austin (R-Vt) all spoke approvingly of Hull's statement and other members of the committee indicated they might support it. The American plan calls for a post-war organization, probably further along than those of any other nation. However, his known hope is that in the forthcoming exploratory meeting—which will not bind any of the participants—each nation will lay its proposals on the table and then all four will agree on the minimum acceptable. The American plan calls for a United Nations council of Russia, Britain, China and the U. S. These are the nations which bound themselves under the Moscow declaration last October to meet at the "earliest practicable date" and organize for peace.

Behind barriers of demolished bridges, culverts and extensive mine fields, the Germans fled both northward along Highway 82 toward Avizzano and northwestward on Highway 6 in the direction of Frosinone. Both the French troops on the right wing of the Fifth army and Eighth army forces closed in steadily on Frosinone. The French yesterday were within sight of Ceccano, important town five miles south of Frosinone, and General Sir Oliver Leese's vanguard of Eighth army troops forged rapidly on from Pofi, which was entered after the white flag was raised. Another French unit drove through Frossedi and occupied Hill 550, seven and a half miles southwest of Frosinone. Allied artillery, most effective throughout the offensive, scored again when it set afire a huge enemy supply dump in the vicinity of Ceccano. Flames over an area nearly a kilometer square roared to a height of 2,000 feet. The enemy, who has committed all or a greater part of at least 20 divisions to the fighting south of Rome, continued to suffer heavy manpower losses. The Fifth army alone has taken nearly 12,000 prisoners, including 5,300 seized in the drive from the Anzio beachhead. A cruiser of the French navy again supported Lt. Gen. Mark W. Clark's left flank by slipping close inshore yesterday and bombarding enemy troops, dumps and roads north of the Anzio area. The Allied communique reported successful results. Allied fighter-bombers added at least 100 more enemy vehicles to the approximately 3,000 they have destroyed and damaged on the roads north and south of Rome. The effectiveness of this phase of air support was demonstrated when Fifth army soldiers counted 211 enemy vehicles knocked out and abandoned along one seven-mile stretch of highway. Airmen had claimed only 173 destroyed on that road.

Skies over Dover strait were dotted for a long period this morning, with the Allied formation after another hitting out for the continent, while explosions and anti-aircraft fire echoed from the opposite shore. The Mediterranean army air force announced its medium bombers attacked objectives at Fruers-zurn in Austria last night. The RAF, summarizing the results of the raid on airbases, aircraft plants and rail yards in Austria yesterday by a force of possibly 750 heavy bombers and fighter escorts, said 68 enemy aircraft were destroyed at a loss of 20 U. The Germans raided southern England for the second night in a row, one wave bombing a southwest shore community while other planes cruised along the coast, evidently trying to spot invasion preparations. The Nazis, doubling their bombing score of the night before, hit 20 hotels. Five dead and several seriously injured persons were brought out during the night, and rescuers still dug for others today.

York Rite Bodies Hold Celebration York Rite Masons of this community last night enjoyed a banquet in celebration of the 58th anniversary of Greenville Chapter No. 50 Royal Arch Masons and Bethlehem Commandery No. 29, Knights Templar. Eighty-five persons including several high Masonic officials from other parts of the state were in attendance. A number of members of the local chapter were awarded certificates for 25 years of continuous membership and activity in the order and certificates of honorary membership were awarded to several of the out of town guests. Present and past grand officers present last night included W. N. Harper, Grand High Priest, Charlotte; Luther R. Thomas, Grand Commander, Goldsboro; W. J. Bundy, Grand Senior Warden, A. F. and A. M.; W. Hill Home, Past Grand Commander; M. P. McKeel, Past Grand Commander and present Grand Captain of the Host, Washington; D. Ernest Bullock, Past Grand High Priest, Rocky Mount; G. A. Farrow, Grand Master Second Veil, New Bern; C. A. Eury, Provincial Grand Master Royal and Select Master, New Bern; T. I. Moore, Deputy Grand Master Fifth Masonic District. Twenty-five year certificates were awarded to J. N. Hart, H. S. Ragsdale, D. J. Whitehead, Jr., A. O. Clark, J. Paul Davenport, J. F. Harrington, L. I. Moore, Frank Wilson, J. E. Winslow, J. J. Elks, J. L. Perkins, Abe Gray, B. B. Sugg, Jesse T. Stokes, F. J. Diener and N. C. Brooks. Honorary memberships in the chapter were awarded to W. N. Harper, Charlotte; D. Ernest Bullock, Rocky Mount, and William R. Smith, Raleigh. Honorary membership in the Council was awarded to C. A. Eury, New Bern. Honorary memberships in the Commandery were awarded to Luther R. Thomas, Goldsboro, John Parker, New Bern, M. J. McKeel, Washington and William R. Smith, Raleigh. A number of other honorary memberships have been presented since the first of the year together with certificates to past High Priests and Past Commanders. The occasion was featured by interesting and inspiring talks by the visiting officials and some of the local members. In revealing present activity of the bodies in this community it was pointed out that since January 1 the chapter had exalted 26 new members and the Commandery had knighted 27. The chapter has two candidates awaiting initiation and the Commandery has five. There are at this time 10 living Past High Priests of the Greenville Chapter and 14 Past Commanders of Bethlehem Commandery.

To Speak Here Dr. Frederick W. Burnham, pastor of the Seventh Street Christian Church of Richmond, Va., will preach the baccalaureate sermon Sunday at East Carolina Teachers College. The service will begin at 11 o'clock and will be held in the Wright auditorium. As Dr. Burnham has a background of world travel and study, he will be able to discuss with understanding the theme he has chosen, "Educating for World Citizenship." He was a representative to the world conference on Faith and Order in Geneva, Switzerland, in 1920; and has since attended other world conferences in Stockholm and Oxford, England. He was special envoy to the All-Russia Evangelical Union conference in Leningrad in 1925, fraternal delegate to churches in New Zealand and Australia in 1928-29, and published articles and books. He will also make the brief talk which is a feature of the traditional YWCA candlelighting service on Sunday night at eight o'clock.

City Asks Cooperation.
City authorities request that householders and others place their garbage in closed containers during the hot weather. They also request that garbage and trash be kept in separate containers. This will facilitate removal by city trucks and help to control the fly and rat menace, a street department official stated.

GREENVILLE MAN MEMBER OF OVERSEAS CAB COMPANY
Allied Force Headquarters, Mediterranean Theater—Allied Force Headquarters in North Africa is a large installation and an important one. And the soldiers of this Car Company have the job of getting officers who staff this headquarters where they want to go, when they want to.

The files of the company are filled with commendations for the drivers for their excellent skill and courtesy in the performance of their duties. This is no mean accomplishment for the commendations are from such people as President Franklin D. Roosevelt and Prime Minister Winston Churchill—for whom they drove at Carthage in November, 1943—as well as Lt. Gen. Leslie McNair, chief of the U. S. Army ground forces, the governors of Malta and Gibraltar and many others, including the film stars who have come overseas to entertain the troops.

They look forward now to driving down the Wilhelmstrasse in Berlin. A member of this company is Pfc. Luther M. Bowling, son of Mrs. B. Bowling, 414 W. Fourth street, Greenville.

He Didn't Get It.
Moody Field, Ga., May 30.—(AP) Enjoying a furlough to the point of becoming lyrical, Charles R. Koskot of the army bombardier navigation school here wired back:
"Nobody dead."
"Nobody dying."
"Having wonderful time."
"You can't blame me for trying."
"Request 3-day furlough extension."
Captain W. B. Darden, school commander, replied in kind:
"You tried hard."
"But didn't succeed."
"Back to camp."
"You must proceed—immediately."

WINTERVILLE MAN GIVEN COMMISSION
Midland Army Air Field, Midland, Texas, May 30.—Completing the toughest 18 weeks in the Army Air Forces training program, a large new class of bombardier-navigators today heard Col. Charles H. Dowman, commanding officer, declare that "it will be your great good fortune to be in on the finish of the air battles now raging over Europe."
Prominent among the young men who won their coveted bombardier wings and commissions as second lieutenants on appointments as flight officers was Richard H. McLawhorn, Jr., son of Mr. and Mrs. Richard H. McLawhorn, 151 W. Winterville, N. C. He attended N. C. State College at Raleigh.

THE DAILY REFLECTOR, May 30, 1904

Tax listing begins tomorrow. Mrs. J. S. Norman is very sick. A. C. Monk went to Tarboro today.

About this time of year a feeling of poverty seizes the people and there is a wonderful shrinkage in the value of possessions. Tax listing time.

Potato shipments will soon begin.

From the Church Council Bulletin.

The officers of the Christian Youth Movement here are as follows: Ralph Fleming, president; Della Frances Perry, vice-president; Helen Fiver, secretary; Leon Fleming, treasurer. The officers make up an executive committee. The members of the movement consist of all the youth of our city in all denominations between the ages of 12 and 18. The denominations represented are Presbyterian, Memorial Baptist, Primitive Baptist, Episcopal, Methodist, Salvation Army and Christian. On our Christian Youth Council, which is the governing body, we have two official delegates from each of the seven denominations represented. We meet once a week on Monday night as a council. The executive committee meets once a week on Sunday afternoon.

Every three months we put on what we call a Christian Youth Movement meeting. Usually we have this on Sunday evenings and all the churches of the city cooperate by not having regular Sunday evening services. We have presented various types of programs. One of our programs has been centered on Christian recreation; another a Christmas program; "The Nativity;" another "Youth's Part in the Community;" another "Youth's Contribution to the World of Tomorrow" dealing with postwar problems. Our next big movement meeting is taking the form of a Christian Youth Rally which we will hold June 4-7. This is a big event for us as we are inviting two delegates from each of the seven denominations from ten nearby towns. In this meeting we plan to have study groups led by capable adult leaders on boys' and girls' problems (personal problems as to their relations with each other), Christian recreation, postwar problems, youth's part in the community, worship programs, music and drama in the church, our personal Christian life and several open forums on any question that any delegate wants to bring up. We are also planning a banquet for the final night of the meetings and several social get-togethers during the rally. We also plan a communion service the final night of the rally.

Legion Auxiliary Meets.
The business meeting of the Legion Auxiliary was held Monday afternoon at 3:30 at the home of Mrs. Sadie Corey, with Mrs. A. B. Corey and Mrs. F. A. Senda assisting hostesses.

The meeting was opened with the salute to the flag. Mrs. D. M. Clark, president, presided. The minutes were read with a full report from the secretary, Mrs. James Worsley. A report from the nominating committee was made and the following officers for the coming year are: Mrs. D. M. Clark, president; Mrs. Mrs. J. L. Winstead, second vice-president; Mrs. A. B. Corey, secretary; Mrs. James Worsley, treasurer; Mrs. Wiley Brown, chaplain; Mrs. Maude Bowen, sergeant-at-arms; Mrs. W. E. Jones, historian; Mrs. Louis Harrison, reporter.

There was a general discussion on the poppy sale of which Mrs. Roy Coburn was chairman. She reported that approximately 8,500 poppies were sold in town and in the county, the most successful sale the auxiliary has ever had.

The auxiliary voluntary, Girl Scouts, Boy Scouts and others who were not members of the scouts helped to make this a big success. The committees in the county are too numerous to mention, therefore we say thanks a million to everyone that helped. Prizes were won by Louise Betson, Emily Dupree, Billy Simmons and Bettie Sue Harris.

A report was made from the drink stand at the armory. It was voted to put the money in a special fund to be used to furnish a room in the Legion but when one is purchased, Mrs. B. McKay Johnson gave the treasurer's report. It was decided after sponsoring the upkeep of the park for April and May, we would keep it open until June 5, then turn it over to the city to keep open.

Yvette Johnson was selected to go to Girl's State. The delegates go to attend the convention on June 18-20 at Asheville, are Mrs. A. B. Corey, Mrs. James Worsley, Mrs. J. Hicks Corey.

Mrs. Gaffney, mother of Mrs. James Worsley, was a guest for the afternoon.

The hostesses served lemonade and cookies.—Reported.

Fountain Man Is Killed In Italy
Pfc. William E. Dozier, of Fountain, was killed in action in Italy on April 24 according to official notification to his family.

He was the son of Mrs. J. R. Dozier and the late Mr. Dozier and had been serving with the infantry since April of last year. He received his training at Fort McClellan, Ala., and went overseas last November.

Soldier Praises Greenville Man

First Lieut. Frank Patrick, son of Mrs. Dot Patrick of this city, is considered an outstanding officer and enjoys the friendship and confidence of the men serving under him, according to the following letter received by Dr. A. M. Schultz of this city, from Cpl. Harold Eisenberg, member of Lt. Patrick's company now stationed in England.

The letter follows:
"By the return address you can readily see that I'm a corporal in Lt. B. F. Patrick's unit. It has been my privilege in having perhaps a closer association with the CO than a good majority of the others. Be it as it may I feel that the following factors should be known to you and the others back home.
"Lt. Patrick has taken over the command of a company which was under the leadership of someone else for over a year and in less than one month has already got the confidence of his entire company, with confidence he has the love and respect of his men. Such you can see he has done a yeoman's job in the great task of swinging the boys over to his side. All this had to be done quickly and tactfully as the threat of the coming invasion is near.
"If in the near future Lt. Patrick's unit should be called upon to take part in the big show, I want all of you home to feel that he is very capable and so are his men. Common sense, good humor, and a deep understanding will make us all come home safe and sound. I wish to extend both his and my good wishes."

Navy Needs Youths And Women Recruits

A restricted quota for enlistment of 17-year-old boys in the U. S. Navy was announced yesterday by Lt. Cmdr. C. B. Neely of Raleigh, officer in charge of recruiting and induction for North Carolina.
Under the new quota, a maximum number of only 100 youths will be accepted weekly for at least the next three weeks.
"Those who are nearing their 18th birthdays, at which time they will have to register with selective service and thus come under draft regulations, should see their navy recruiter immediately.
Recruiter H. S. Lee of the New Bern station, will be in Greenville each Monday and Tuesday to interview boys and accept applications. He also will interview young women interested in joining the WAVES."
