Tokyo Says Americans Trying To Land Troops In The Mariana Islands

Japanese Announcement Says Attempted Landings On Saipan and Tinian Foiled By Concentrated Japanese Fire; Chinese Fight Desperately To Hold Changsha

By J. B. KRUEGER (Associated Press War Editor) A powerful Allied naval task force is attempting to put ground troops ashore on Saipan and Tinian in the Marianas Islands, 1,500 miles southwest of Japan, Tokyo radio said today.

The unconfirmed enemy announcement said Japanese defenders allowed "the invaders to approach as near as possible to the coast and then opened up a fierce concentrated fire on the enemy and foiled the attempt." A second landing attempt, it said, likewise was foiled by heavy fire and "Japanese forces are now inflicting heavy punishment on the invaders."

The broadcast closely followed Adm. Chester W. Nimitz' announcement yesterday of outlining four days of concentrated surface and aerial bombardment of Marianas Islands. Nimitz' disclosures, coming as they did while the big task force was still at sea, was a bold invitation for the Japanese fleet to come out and fight. The latter continued reluctant.

The Marianas stretch for 400 miles north and south on the eastern flank of the Philippines. Saipan is 750 miles south of the Bonin Islands. The Bonins, some 600 miles from Tokyo, constitute the innermost Pacific defenses of the Japanese mainland.

Successful invasion of the Marianas—which include U. S.-owned Guam, largest of the group—would advance Nimitz' feet bases 1,000 miles westward from the present advanced positions in the Marshalls.

The task force first struck last Saturday and kept up the assaults, by shelling and bombing, through Tuesday.

The vast scale of the operation was indicated by the Allied diversions. Southwest Pacific bombers repeatedly hit at Palau and Truk south of the Marianas; central Pacific planes also hit Truk, and a second task force attacked the Kurile Islands 2,000 miles northeast of Japan for two days.

Tokyo radio, first to break the news of the Marshalls invasion four months ago, said in its broadcast that 70 landing barges plus 20 other craft were used in the attempted landings. Its account did not claim, however, that the second landing was beaten off.

Meanwhile the biggest current land battle of the Pacific war centered at Changsha in central China, with Chungking reporting Chinese defenders holding off enemy forces attacking the city from three sides. The Japanese have thrown 200,000 men into the battle, Chung said.

An important battle was joined between British forces and Japanese defending Mogaung, 35 miles west of Myittha in north Burma. Southeast Asia headquarters said. (Continued on page two)

Japan Bombed

Washington, June 15—(AP)—The army announced today that B-29 super-fortresses of the army air forces bombed Japan today.

No further information was divulged, and there was no indication of which part of Japan was struck nor where the new planes, in combat for the first time, were based.

The text of the brief communique read: "B-29 super-fortresses of the United States army air forces 20th bomber command bombed Japan today."

However, the War Department subsequently disclosed that planes taking part in today's raid came from the India-China-Burma theater.

The B-29, it was disclosed for the first time, is a heavily armored ship whose bomb load, range and ceiling exceed that of any other plane. It is powered by four engines of 2,200 horsepower each, each carrying two superchargers. Its wingspan is 141.2 feet, as compared with the B-17's (Flying Fortress) span of 104 feet.

General George C. Marshall, chief of staff, in a statement on the attack made public by the War Department, said that the super-fortress introduced a new type of offensive against the enemy and "also creates a new problem in the application of military force."

Because of the enormous range and heavy bomb load of this newest bombardment plane, said Marshall, they can strike "from many and remote bases at a single objective."

Their power is so great, the chief of staff continued, that the (American) joint chiefs of staff decided it would be uneconomical to confine the super-fortress organization to a single theater, and "these bombers therefore will remain under the centralized control of the joint chiefs of staff with a single commander, General Arnold, acting as their agent in directing their bombing operations throughout the world."

"The planes will be treated as (Continued on page two)

Heavy Air Blows Against Germans

Supreme Headquarters Allied Expeditionary Force, June 15—(AP)—A force of between 1,000 and 2,000 American Fortresses and Liberators and escorting fighters swept over France this morning, bombing air-ports, airfields and railroad facilities in a dozen places.

Berlin radio reported an attack on the great industrial city of Hanover in Germany while lighter Allied warplanes from bases in Normandy and Britain continued their widespread support campaign in a smashing follow-up to a 1,100-bomber operation overnight.

As a part of the latter operation several hundred Lancasters blasted E-boats pens at Le Havre with six ton "factory busters" in daylight. Twenty-eight hundred tons of explosives were dropped on the port in two separate attacks, the first by heavy bombers, the second by the RAF's heaviest daylight bombardment of the war and its first high altitude daylight precision effort.

The WAR TODAY AN ANALYSIS OF THE NEWS

By DEWITT MACKENZIE (Associated Press War Analyst)

This is the beginning of the main Hitlerite counter-attack against the Allies on the Cherbourg peninsula, which means that the crucial moment of the first stage of our invasion of France is near. It's a clash of armored giants, for tanks play a great role. The battle has swelled in fury as the Nazis have flung in reserves which have been rushed up from distant points. The conflict is fluid, and strong positions are passing back and forth in hand-to-hand fighting along the serpentine 100-mile front.

The Allies are meeting the challenge with complete confidence. They have retained the initiative on the whole, and that's vastly important. The intensity of the battle will mount, and if the Germans have the reserves we may expect it to become one of the greatest engagements of the war. Still, the Allies have their feet firmly on shore, and they will stay there. Don't forget that we have two mighty assets which the Nazis lack—vast superiority in the air and on the sea. The enemy ranks are being raked by our warplanes and by the great guns of the fleet on the neighboring ocean. Good luck to the gallant boys on the firing line.

One of the most important of yesterday's momentous events was the dramatic appearance of General Charles De Gaulle, the French leader, among the Allied forces on the peninsula—his first return to home soil since the fatal days of 1940. This visit, made possible by an Allied command which was happy to

Churchill Visits Beachhead In France

Prime Minister Winston Churchill of Great Britain visits Gen. Sir Bernard L. Montgomery, Allied ground commander, at the general's temporary headquarters on the French beachhead. TEACHERS ASK FOR HEARINGS

Faculty Members Request Full Public Investigation

Five of the six faculty members of East Carolina Teachers College recently notified by the Board of Trustees that they had not been re-elected for the coming school year have advanced to within 25 miles of the seaport of Viipuri, Moscow declared today.

The requests were submitted by M. L. Wright, Dr. Herbert Rebarber, Dr. E. L. Henderson and Misses Katharine Holtzclaw and Pearl Chapman. The sixth member of the faculty involved in the dismissals, Dr. Beecher Flanagan, is still critically ill in Pitt General hospital and has not been informed of action of the board.

College students in mass meeting here Tuesday night adopted resolutions condemning action of the board in dismissing the six faculty members and urged Governor Broughton to request resignation of the board members if the body did not rescind the dismissal action or give full particulars to the dismissed faculty members of the charges against them.

The letters mailed to Dr. Erwin yesterday were as follows: "I am in receipt of your letter of June 6th, informing me that I was not re-elected for the school year of 1944-45 and that if I desired the board to 'take a different course' I should request the same in writing within thirty days.

"This is my request for a hearing. But before and in connection with this hearing, I am also requesting the following: "First, that a committee, in no way connected with the college, be appointed by a disinterested agency to come to the college and make a thorough investigation of my conduct as a teacher in the college and (Continued on page two)

Seek Elimination Of Leaf Ceilings

Washington, June 15—(AP)—A proposal that price ceilings be eliminated this year on flue-cured tobacco was presented to Price Administrator Chester Bowles today.

Rep. Green (D-Fla.) said he made the suggestion, contending that increased labor costs and bad weather had cut production so ceilings "would deny the growers a profit."

He also argued that tobacco "is a luxury item and not a food crop, so should not be subject to price regulations."

Meeting Notice Was Premature

Miss Alice Wiggins, president of ECTC summer school student body, had issued the following statement regarding advance publicity given the students' mass meeting held on Tuesday night:

"It is unfortunate that some person who was unauthorized to do so gave to the local and state papers a few days ago a statement that a student mass meeting, open to the public, was called for June 13, to protest the recent action of the Board of Trustees of East Carolina Teachers College. "This notice was premature and wholly without official authorization. The student officers for the summer session had not been elected at the time the statement of the meeting was given the press and the proper steps had not yet been taken. "A meeting of the students was called officially for June 13."

Soviet Armies Continue Drive On Finnish Front

Advance Forces Within 25 Miles Of Viipuri Despite Stiffening Finnish Resistance

London, June 15—(AP)—Russian troops, bearing down with tanks, artillery and air support, are inflicting heavy casualties on the Finns on the Karelian front and have advanced to within 25 miles of the seaport of Viipuri, Moscow declared today.

With their capital city of Helsinki, 150 miles northwest of Viipuri, endangered by the Soviet offensive, the Finns have thrown strong reinforcements into the fierce struggle with the Red army in the area of Kuterselka and Jarvi, a broadcast communique from Moscow said.

The new reserves occupied defensive positions between the lakes and marshy ground. This made tank operations extremely difficult, but Soviet troops managed to capture several Finnish support points despite stout opposition, the communique said.

Evidence of the ferocity of the fighting was contained in the Russian announcement, which said one unit of the Red army had in three days wiped out 3,000 of the enemy, destroyed 1 gun, 25 mortars and 80 machine guns, and captured 70 other guns. The Soviet air force destroyed six artillery batteries, blew up three ammunition dumps and smashed a motorized column, the communique claimed.

What Are You Afraid Of?

By D. J. WHICHARD, Jr.

Ordinarily we do not pay any attention to anonymous letters, but since the following one is a direct attack upon me, we are publishing it in order to convince the writer that we are not afraid of criticism and to reveal to the public that some people are so low that they feel it necessary to stoop to anonymity to speak their evil thoughts.

We are in receipt of the following typewritten letter mailed in a plain envelope and postmarked at the Greenville post office at 10:30 a. m., today:

Editor David Whichard, DAILY REFLECTOR, Greenville, North Carolina. Dear Sir:—

This note is not for publication. In fact I have formed the opinion that you are the type of an editor who does not believe in freedom of the press for any body anyway except yourself and those who believe exactly as you do. And you are terribly wrong in some of your views.

Now, this writer is no particular friend of Dr. Meadows. Though a college patron, I have tried to study the situation without saying too much for or against either side. However, from almost the very first I have sensed the feeling that this fight against Dr. Meadows has been made by a group of faculty members and townsmen, including yourself, who are out to ruin Dr. Meadows be he guilty or innocent.

Are you sure you yourself are the perfect man you ought to be? How about the liquor advertisements and the questionable movie advertisements I expect you have run? Oh, I expect if a man could go down into your heart and read its secret thoughts as God can read all our hearts, he would find some things there just as dirty as anything Dr. Meadows has ever done. How about it?

Personally, I think the dominating group of students on college hill are too young and worldly, and frivolous to form resolutions and to vote protests worthy of the Governor's consideration. I am of the opinion that they are being directed more or less by a group of jealous faculty members who possibly deserve to be fired more than does Dr. Meadows. You fellows have stirred up a great big mess, it seems to me.

Very sincerely yours, A PATRON AND A CITIZEN.

Our only comment is to ask the writer of this letter why he or she did not have the intestinal fortitude, or in plain language, the GUTS, to stand behind what he or she had said by signing the letter. Are you ASHAMED of it or are you just plain SCARED?

Allied Forces Smashing Out New Gains In France

New Allied Gains On Italian Front

German Resistance Broken And Several Towns Captured By Advancing Allies

By EDWARD KENNEDY Rome, June 15—(AP)—Allied troops, breaking the stiffening German resistance of the last three days, have made a general advance all along their line in Italy taking Orvieto, Aquila and Narni and pushing onward. Allied headquarters announced today.

Orvieto is 57 miles northwest of Rome; Narni, 41 miles north, and Aquila, 54 miles northwest. Along the west coast the Fifth army has advanced 70 miles beyond Rome.

As one Eighth army column entered Orvieto, an important road junction northeast of Lake Bolsena, another reached the outskirts of Terni, but was delayed by a blown bridge and German counter-attack in the vicinity of the city.

Fifth army troops along the west coast met determined enemy resistance at Magliano, 11 miles north-east of Orvieto, but swept it aside and entered the town.

The fall of Orvieto itself, a west coast town 71 miles beyond Rome and the center of German resistance to the Fifth army's offensive, was reported last night.

In the Lake Bolsena area French troops continued to advance and the Americans reached Pitigliano, 11 miles west of the northern end of the Lake, and sent reconnaissance elements farther.

Allied troops in the Adriatic sector are across the Saline river. Despite the arrival of fresh German divisions in Italy Allied armies still are encountering only formations made up of remnants of the 14th German army. Apparently these are being used for the present delaying action and the new divisions are being saved for a stand on a line farther north.

Allied heavy bombers attacked oil refineries in the Budapest area and northern Yugoslavia while medium bombers attacked targets on the Italian east coast and south of Florence.

Fifteen German planes were destroyed in all operations and 18 Allied aircraft were missing.

Postwar Plan Is Proposed

Washington, June 15—(AP)—President Roosevelt today called for creation of a world organization of all "peace-loving" nations to maintain peace and security—backed by force if necessary.

"We are not thinking of a super-state with its own police force and other paraphernalia of coercive power," the President said, but added that member nations of the world organization would maintain adequate force "for joint action when necessary."

For the mechanics of a peace-promoting organization, Mr. Roosevelt proposed a statement: 1. An international organization comprising all peace-loving nations. 2. A council, elected annually by these nations, to include the four major nations and "a suitable number of other nations."

(The big four are the United States, Great Britain, Russia and China.) 3. An international court of justice to deal primarily with disputes capable of settlement.

Mr. Roosevelt emphasized that for the need for physical enforcement of war prevention, the government is seeking agreement with other nations to have their armed forces available for joint action.

The plan set forth in the President's statement will be the basis of conversations at a meeting to which Secretary Hull has invited Britain, Russia and China to send representatives.

Announce Explosion Tests Washington, June 15—(AP)—Twenty-seven men were killed, 100 are missing and 380 were wounded in the explosion at Pearl Harbor May 21, recently announced by Admiral Chester W. Nimitz, Pacific fleet commander in chief.

The navy last night in making the disclosure of the number of casualties, also announced that last Sunday an ammunition dump at Oahu island exploded killing three men. Seven notifiers are listed as missing.

tin Cans

Greenville will make its summer collection of tin cans for salvage Tuesday, June 22. Prepared cans should be placed on the sidewalk by 9 a. m. Trucks will pick them up during the day. Only prepared cans are acceptable. Keep on saving cans. Tin is now more precious than gold.

Polish Premier

Stanislaw Mikolajczyk has completed an exchange of views in Washington with President Roosevelt seeking means for closing the gap between Poland and Russia.

HALSEY OUTS OLD COMMAND

Relinquishes South Pacific Post For New Assignment

By FRED HAMPSON Allied Headquarters in South Pacific, June 5—(AP)—Admiral William Halsey, Jr., relinquished his position as Allied commander in chief in the south Pacific today to Vice Admiral John Henry Newton, 62, his deputy commander.

Halsey is being assigned to a new and as yet undisclosed role in the Pacific. The formal change of command of the south Pacific and the south Pacific force of the United States Pacific fleet was accomplished in a simple ceremony in the headquarters building here.

Halsey became commander of the south Pacific area as a vice admiral October 18, 1942. Forces under his command defeated the Japanese in the Battle of Santa Cruz October 25, 1942, and in the battle of Guadalcanal the following November 13 to 15. He was promoted to full admiral November 18, 1942.

Halsey sent a ringing "well done" message to his south Pacific forces, in a statement which said in part: "I send this parting well done to my victorious all-services south Pacific fighting team. You have met, measured and mowed down the best (Continued on page two)

Berlin Report Says Americans Within Less Than Six Miles From West Coast Of Cherbourg Peninsula; Other Gains Registered Despit Nazi Counterattacks

By WES GALLAGHER Supreme Headquarters, Allied Expeditionary Force, June 15—(AP)—American troops have surged powerfully ahead in their stab into the Cherbourg neck, Allied headquarters announced today, and Berlin reported that less than six miles separate the spearhead from the last west coast communications linking Cherbourg with France.

The gains were hammered out in spite of furious counterattacks all along the 100-mile invasion front in which the Germans had thrown about 20 divisions and 600 tanks.

Allied headquarters, confirming the gains, said that American infantry and paratrooper troops, supported by tanks had scored further gains west of Cherbourg, said Allied soldiers were holding firm everywhere else despite massive nature of the German counterstroke and were inflicting heavy losses on the enemy.

This was after it was acknowledged that the British at the eastern end of the line had been forced to give up Troon, their anchor north-east of Caen and Villers-Corbeigne, one of their two advance points 15 miles southwest of Caen.

Further heavy counterattacks at the Villers-Bocage area were turned back yesterday evening, headquarters said, and the British were able to secure in their hold on Caumont their other most advanced post, 20 miles southwest of Caen.

Seventeen German tanks, including eight 60-ton Tigers, were knocked out in the fierce armored battle yesterday, headquarters said. The other eight tanks were Panthers armed with 75 mm. guns.

At the western end of the line the Americans first moved forward on a nine-mile front to the village of Lisieux, south of the town of Meris-Eglise and only about seven miles from high ground overlooking Le-Haye Du Puits on the west coast road and rail line leading to Cherbourg.

The Berlin radio commentator Ludwig Serforus, then reported that they had gained another 3 miles to the west, reaching Frel which is less than six miles from Fye Du Puits itself.

The Americans also fought their way back into Montebourg, 14 miles from Cherbourg and headquarters said street fighting was in progress. But the fighting here was fluid, and the Germans in mid-afternoon (Continued on page two)

Oklahoma Governor Is Chosen Keynote

Chicago, June 15—(AP)—Governor Robert S. Kerr of Oklahoma an advocate of a fourth term, President Roosevelt, was selected today as the keynote for the Democratic national convention opening here July 19.

The choice was made by the party's convention arrangements committee but, permanent chairman of the convention, deferred until later.

Today On The Home Front

JAMES MARLOW and GEORGE ZIELKE

Washington, June 15—(AP)—Sidney Hillman says his CIO Political Action Committee intends to be a permanent force in American politics.

Recently it has been assigned much influence—probably too much in some cases—for the defeat of certain congressmen this spring. PAC itself has played pretty much about claiming influence. This deadpan silence in itself might be smart politics.

Hillman is PAC chairman. In an interview we asked him to say what the score is. He said PAC had not taken exclusive credit for those congressional defeats, and can't. PAC gunned for the whipped congressmen but other groups were active, too.

What about these defeated ones? Senator Holman (R-Ore.), Rep. Newsome (D-Ala.), and Reps. Starnes (D-Ala.) and Costello (D-Cal.), both members of the Dies Committee, whose chairman, Rep. Dies (D-Tex.), has decided not to run again.

Yes, Hillman said, in each of these cases the local PAC worked to defeat those men. But he heavily emphasized this: The national PAC, as such, does not work for an individual congressman's defeat. That is done by the local branch of the PAC.

Hillman said PAC looks at all congressmen's records two ways: Their record in international cooperation after the war and their home front policies. Take the case of Holman. He was defeated by Wayne Morse, former member of the War Labor Board. Hillman said: "Holman was an isolationist. The

WILSON'S WEEKLY Bulletin
By George Rector
Food and Nutrition Consultant to Wilson & Co.
HURRY-UP DINNER FOR BUSY DAYS
In these busy days, almost every homemaker is forced now and then to prepare dinner in a hurry. Because of this, it's an excellent idea to keep a reserve of canned luncheon meat in the cupboard. It can be served in many delicious ways—hot or cold. Breading it, as shown below, is a favorite of mine.

Breaded MOR—a Tasty Dish for a Hurry-up Dinner
1 can Wilson's MOR, 3 tbsp. water, 1 Clear Brook Egg, Cut MOR into 8 or 12 slices. Dip into beaten egg to which water has been added and then into fine dry bread crumbs, coating all sides. Brown on both sides in the hot bacon drippings and serve piping hot. Serves 4 generously.

HEATING BRINGS OUT FLAVOR
The delicious flavor of Wilson's MOR is at its best when served hot. And since MOR is made of excellent quality pork meat it contains the valuable B-complex vitamins and complete proteins of pork. So you can serve this hurry-up dish often for dinner or lunch and know you are serving your family nutritious food. A grand combination!

Quick Accompaniments
Left-over boiled potatoes, creamed and made gay with bits of pimiento; seven minute cabbage with grated Certified American Cheese sprinkled over the top; a combination vegetable or fruit salad; with strawberries and cream for dessert all qualify as quickly prepared accompaniments for this hurry-up meal. There's plenty of eye-appeal as well as good flavor in this menu.

FRUIT SALAD DRESSING
If it's a fruit salad you toss up, try this dressing variation with it. To 1/2 cup Wilson's Mayonnaise, add 1 tbsp. lemon juice, 2 tbsp. confectioner's sugar and 1/2 cup whipped evaporated milk. Leave the fruit in fairly large pieces, drain well and just before serving mix lightly with just enough of this dressing to coat well. Serve on lettuce, watercress or endive and garnish with a bit of colorful fruit.

SUDDEN THOUGHT FOR AN OUTING
Want a picnic? Turn to your well stocked emergency shelf and get several cans of Wilson's MOR. Take along a slicing knife and when the coals are glowing, cut the MOR in finger lengths for toasting. They're grand. Careful, there! Be sure to write Wilson's MOR on the grocery list when you take some off that emergency shelf. Then you won't be disappointed the next time you want it. There is a liberal supply of MOR in the market now, so while it is on the no-point list, be sure to keep your emergency shelf supply adequate. Sincerely, George Rector

5th WAR LOAN DRIVE
The need for money increases as military effort increases. So buy more war bonds this time—DOUBLE what you bought before. Besides hastening Victory, these war bonds will help win the peace by increasing purchasing power and employment after the war.
