

Clear to partly cloudy and continued rather cool today and tonight. Sunday partly cloudy and a little warmer.

Soviets Advance Through Bulgaria

Combined Allied Operations Expected To Clear Balkan Peninsula Of Germans in Less Than A Week; Russian Patrols Enter East Prussia And Take Prisoners.

By DANIEL DE LUCE Moscow, Sept. 9.—(AP)—A Red army offensive through Bulgaria, coupled with the combined operations of Marshal Tito's partisans and allied commando units in Yugoslavia, appeared likely today to free the Balkan peninsula entirely of Germans in less than a week.

At the same time a Russian armored force driving "downhill" from the strategic heart of Transylvania pushed within 128 miles of the flat open frontier of Hungary. A Reuters dispatch from Moscow said today Red army patrols have crossed the border into East Prussia over the Szesupa river and have returned with prisoners. Similar patrol activity has been reported previously.

Bulgaria's declaration of war on Germany persuaded the Soviet Union to accept Sofia's request for an armistice, and Russian veterans who moved into Bulgaria from Romania or a 135-mile front greeted the Bulgars as brothers in arms. Front dispatches said no hostilities jarred the Russian advance across Bulgaria, which followed the capture of two big ports, Ruscuk (Ruse) on the Danube and Varna on the Black sea.

The Kremlin, through the press and radio, continued to call on the Hungarian people to follow Bulgaria in abandoning the doomed Hitlerite clique and save their independence. Bulgaria's outright participation in the war turned approximately one-third of the total area of the Balkans into Allied territory.

Small blockade runners slipping up the Adriatic sea under the cover of darkness were the only hope of escape for Germans on the western side of the peninsula. On the east the Athens-Salonica-Nis-Belgrade railway was under severe air attack and was being raided ceaselessly by Yugoslav and Greek partisans.

Turkey was given sharp notice by Russia during the last few days that she is expected to cooperate wholeheartedly with the latest developments. Russian troops rolling through Bulgaria apparently were headed for the Turkish border.

Proctor Succeeded Hooker On Board

At the Board of Aldermen's meeting at the City Hall Thursday night J. Knott Proctor, former sheriff and now postmaster of Greenville, was elected a member of the City School Board to succeed W. E. Hooker, who has resigned after 25 years of outstanding service. Joe Taft, former alderman and past president of the Kiwanis Club, whose term on the board had expired, was reelected.

In yesterday's report of the aldermen's meeting it was erroneously stated that Mr. Taft succeeded Mr. Hooker and Mr. Proctor's name was accidentally omitted. Members of the board are J. B. James, chairman; Joe Taft, Dr. S. M. Crisp, Mrs. D. M. Clark, Mrs. Ed Harvey, Charles W. Howard and J. Knott Proctor.

There's one other obstacle still in MacArthur's way, the island of Halmahera which is said to be strongly held but it has air fields which MacArthur needs not only for his own security but for operations against the Nipponese on Mindanao. Once Halmahera and Palau are disposed of Gen. MacArthur can move swiftly against the Philippines, recapture of which is about the biggest single step we could take at this stage in smashing Japan. These great islands lie right across the sea communications between Nippon and all the wealth of the Indies which she now holds. Without the oil, the rubber and other essentials which she secures from these conquests, her war machine must collapse.

The Mikado and his little men are quite aware of the fate which is in store for them. The Emperor himself has appeared before his Diet and has warned his people of the gravity of their position. Premier Kato at the same time called on the population for a total war effort in what he describes as a life or death struggle.

ONE B-29 LOST IN FRIDAY RAID

Japs Report Single Bomber Over Anshan Today.

Washington, Sept. 9.—(AP)—One Superfortress is missing and presumed lost as a result of yesterday's B-29 attack on Anshan, Manchuria, the 20th Air Force reported today. All other planes of the large task force which made the attack have now been accounted for, a communique said.

New York, Sept. 9.—(AP)—The Japanese news agency Domei said a single B-29 Superfortress appeared over Anshan in Southern Manchuria today in a follow-up attack against the industrial city. The same broadcast, heard by the Federal Communications Commission, said "the latest checkup" showed six of the "more than 100" American super-bombers operating in yesterday's raid on Southern Manchurian industrial centers had been "heavily damaged." The dispatch claimed three were shot down. There was no American confirmation of these reports.

A Superfortress Base in West China, Sept. 9.—(AP)—A handful of Japanese planes attacked two West China B-29 bases during the night, but not one of the big American bombers, just returned from Anshan in Manchuria a few hours earlier, was lost nor were the runways hit. They spent more than two hours in the soupy night sky trying to find the bases. About a half dozen heavy bombs and a few dozen fragmentation bombs landed in the vicinity of the bases and the open country. The most spectacular damage was an immense crater in a cabbage field, which Chinese workmen already are filling in with baskets of soil.

By Clyde A. Tansworth A U. S. Superfortress Base in Western China, Sept. 8.—(Delayed)—(AP)—American Superfortresses in greatest force yet, overwhelmed Japan's Manchurian air defenses including new-fangled twin engine fighters, and bombed the Anshan industrial area with the loss of one bomber today. Fifty-caliber machine guns and 20-millimeter cannon knocked down six enemy fighters for certain, probably destroyed nine and damaged eleven. Results of the bombing officially were described as "good to excellent." The enemy aircraft fire (Continued on page two)

Fuel Oil Coupon Period Extended

Raleigh, Sept. 9.—(AP)—Period 4 and 5 fuel oil coupons, which were scheduled to expire on Sept. 30, will remain valid throughout the coming heating year, Theodore S. Johnson, district director of the Raleigh Office of Price Administration, announced today. Period 1 coupons for next season are now valid also, Johnson said. He urged ration holders to fill their fuel oil tanks at once in order to relieve a shortage of oil storage space and to make sure they have oil when cold weather begins.

The WAR TODAY

AN ANALYSIS OF THE NEWS

By DEWITT MACKENZIE (Associated Press War Analyst) There are many signs that important developments are impending in the war on Japan and we shall be smart, it strikes me, if we take a quick look at the situation in the western Pacific lest we get caught by surprise.

First, London is convinced President Roosevelt and Prime Minister Churchill will meet again in the immediate future—probably at Quebec. They not only will plan for peace, but get set to unleash the entire Allied striking power against Japan the instant Hitler has been knocked out. Here enters Gen. Eisenhower's headquarters to give us a possible date for Hitler's crack-up. They say the end for Germany may come by early November.

Coinciding with this, American bombers have made another heavy assault on Palau, the Nipponese naval and air base known as "the Japanese Singapore." Observers, piecing this into the Oriental jigsaw, think it presages the gateway for a direct assault on the Philippines. Palau, which can accommodate a great naval fleet, lies only 550 miles east of Mindanao island in the southern Philippines. Before an attack can be made on Mindanao by General MacArthur, Palau must be rendered impotent.

There's one other obstacle still in MacArthur's way, the island of Halmahera which is said to be strongly held but it has air fields which MacArthur needs not only for his own security but for operations against the Nipponese on Mindanao. Once Halmahera and Palau are disposed of Gen. MacArthur can move swiftly against the Philippines, recapture of which is about the biggest single step we could take at this stage in smashing Japan. These great islands lie right across the sea communications between Nippon and all the wealth of the Indies which she now holds. Without the oil, the rubber and other essentials which she secures from these conquests, her war machine must collapse.

Action In Paris As Patriots Take Up Arms

Members of the French Forces of the Interior swarm along a Paris street during skirmishes with Germans before complete occupation of the French capital. The presence of a French tank bearing the Cross of Lorraine insignia (left background), indicates the action occurred after Allied spearheads entered the city. This scene is from a movie film made by Gaston Madra, newsreel photographer from News of the Day, who served with the French underground during German occupation. (AP Wirephoto).

WIN AIR WAR IN PACIFIC

Americans Control Skies Over Southern Philippines.

General Headquarters, Southwest Pacific, Sept. 9.—(AP)—American bombers and long range fighters controlled the skies over the southern Philippines today while American warships prowled the eastern approaches unchallenged in support of aircraft carrier plane raids against the western Carolines. "Our air force now dominates the southern Philippines," Gen Douglas MacArthur announced one month and three days after he opened the air offensive August 6.

He backed up his announcement by reporting a 113-ton bombing attack on Mindanao which was not parried anywhere by Japanese planes. The Santa Anna seaplane base was wrecked. Hangars, repair shops and trucks were smashed at Buayan airfield. Four 1,000-ton freighters and five barges were sunk at Sarangani bay. A Japanese transport plane was shot down. At Pearl Harbor, Adm. Chester W. Nimitz disclosed that on September 5, the day fighter planes from aircraft carriers monopolized the skies over Palau, carrier planes opened three days of attacks with 110 tons of bombs and numerous rockets on Yap and Ulithi.

Axis reports described the action as of large scale. Berlin radio quoted Tokyo advices that 400 to 500 planes pounded Palau on two days, with 300 others sent against Yap. Such mammoth air blows frequently presage landing operations but the reports were not confirmed.

FDR-Churchill To Meet Soon

Washington, Sept. 9.—(AP)—President Roosevelt and Prime Minister Churchill are on the threshold of another historic conference, summoned by the welcome prospect of imminent victory over Nazi Germany and of speeding Japan's downfall. London reports that Quebec is the likely meeting place. Washington sources say military matters are earmarked for first consideration. It was possibly as a preliminary that President Roosevelt conferred yesterday with his top military chiefs.

But military problems, at a time when General Eisenhower's armies are driving the deathblow toward Berlin, blend into those of occupation and economic control. Premier Stalin's absence again is attributed to the pressing problems of the Russian front as Red armies help translate plans mapped at Teheran last November into triumphant action. It is taken for granted that Stalin will be kept informed of all British-American views relating to the crumbling German front. A reevaluation of the war in the Pacific, especially the part Britain will play when peace comes in Europe, also is in order at Quebec. By American naval measure, the assault upon Japan's inner defenses is months ahead of schedule.

Increase In State Production Cotton

Raleigh, Sept. 9.—(AP)—The smallest weather and insect damage record has substantially aided in the production of 711,000 bales of cotton predicted for this year. Frank Parker, Agriculture Department statistician, said today. The big crop will be 97,000 bales more than the ten year average for 1933-42, and 114,000 bales more than last year.

Dewey Calls For Strong Security Organization

Says Nations Should Cooperate To Preserve Peace With Force and Economic Sanctions.

By JACK BELL En Route With Dewey, Sept. 9.—(AP)—Gov. Thomas E. Dewey turned northward to his native state of Michigan to start 10 days of grass root campaigning today after declaring at Louisville, Ky., last night for the formation of a force-aiding world security organization without waiting for the war's end. The Republican presidential nominee traveled toward Lansing, without any scheduled stops, for conferences with Gov. Henry F. Kelly and leaders of political, farm, labor, negro and other organizations.

Aides insisted this was part and parcel of his determination to avoid any appearance of a typical peace-time "barnstorming" tour. Until September 18, when he speaks at Seattle, Wash., he will make only brief train-end appearances. Dewey made it plain before he left Louisville, however, that he is ready to take issue with anyone whose views do not coincide with his. He called "a little naive" a written question submitted by Warren Moscow, reporter for the New York Times, inquiring if the nominee agreed with Senator Arthur Vandenberg (R-Mich.) that an international peace organization "should not be established until after the peace settlement."

"The international organization that we will achieve at the end of this war will only be commenced after 60 nations have been brought together and have agreed on the structure," the nominee replied. "Now, if we work at top speed with all of the finest skill and talent that we have at our command, and at the command of all the other nations, it will take months to develop complete agreement upon all of the aspects of the international organization."

Small Investors Beware

Babson Makes Some Recommendations

Babson Park, Mass., Sept. 9.—We hear a lot of ballyhoo today by bankers, investment advisors and others about the great opportunities in the stock market. These tell us about the big railroad profits, the new uses for plastics and alloys and the other new products "which are going to revolutionize our way of living." Electronic, television and other stocks are being ballyhooed to an unreasonable degree. To a certain extent, the above applies to some professional investment advisors. Too many such talk much about the "opportunities ahead" without giving sufficient consideration to the danger signals. They do not remind you of the \$300,000,000,000 of government debt for fear of the FBI or FRB or some other governmental bureau. They do not give out bearish talk on the rails, etc. because they—like the brokers—lose subscribers thereby. Hence, they also fall into the common trap of talking of the possibilities of big profits.

People on the March It is a great mistake to compare conditions today with those of the days of World War I. Under the conditions of 25 years ago the ballyhoo which I am now criticizing might be justified; but investors will find a different postwar world a few years hence than what they found in the "good old 20's". Then the masses had not awakened. Today—whether we like it or not—the people are on the march. Following World War I the government was not in business, but today the situation is very different. For instance the government now owns 95 per cent of the synthetic (Continued on Page Four)

Yanks Within Artillery Range Of Siegfried Line

Forces Of Seventh Army Drive to Within 25 Miles Of Belfort Gap Route Into Southwestern Germany; French Capture Several Towns.

By SID FEDER Rome, Sept. 9.—(AP)—American 7th army forces, driving rapidly northeast through the Doubs river valley from Besancon, have reached a point less than 25 miles from the Belfort gap route into southwestern Germany. Allied headquarters announced today.

Already they had covered at least half the distance between Besancon and the city of Belfort. Allied headquarters announced. (An Associated Press dispatch from the French-Swiss frontier last night said three Allied columns were approaching the city, with the most advanced only 10 miles distant. This dispatch said Allied artillery opened up on the city as early as 4 a. m. yesterday.

"The Germans in strength in good positions, appeared determined to defend the gap," the dispatch said. French troops driving northward west of the Saone river the towns of Le Creusot, Chagny and Montchanin-les-Mines in the heart of a coal and industrial area that long has fed the Nazi war machine. In this region lies the Schneider metalurgical works and plants with a capacity of 30,000 tons of steel annually. The area often was a bomber target.

West of the Saone river the French kept up a steady pace toward Dijon and cleared the enemy from Beaune after two days of stiff fighting. Beaune lies 18 miles north of Chalon-sur-Saone on the route to Dijon. Skirting the Swiss frontier in a northward push the French troops seized the Jura mountain towns of Pierre-Fontaine and Maiche, the latter 25 miles south of the ancient gap at the end of the Vosges mountains 30 miles from the German border.

The American 7th army, after being held up by bitter opposition at Besancon, picked up speed and again drove eastward to the vicinity of Roulaux-le-Grand, 10 miles nearer Belfort. The Germans fought to keep the back door to Dijon open, particularly along the Besancon-Chagny-Montchanin line. But the French dug them out and pushed westward to Autun, presenting a solid 40-mile battering ram westward from the Saone.

Taking over more areas of the wide Doubs valley, American troops smashed to the Doubs river at several points and penetrated the Chaux forest. Virtually every bridge across the Doubs west of Besancon was demolished by the fleeing Nazis. Much farther southeast, where stranded elements of the German army are trying to keep Mt. Genevre pass open across the Italian border, the Allies moved in for a new assault on Briancon.

This was one of the few places in southern France from which the 7th army had to withdraw. The mountain town was seized in the early days of the invasion, but a counter-attack from fortress peaks on three sides forced the Americans to withdraw. A new attack started two days ago.

Backing up ground forces, fighter bombers hammered enemy convoys rolling stock, motor transport and troops on all the escape routes. Fighter bombers which penetrated as far as the Belfort region discovered ten enemy trains on the move. One formation destroyed or damaged six locomotives and wiped out an uncounted number of cars loaded with enemy soldiers.

Marine Order Puts Ban On In Kinston

Kinston, Sept. 9.—(AP)—Fourteen places here today were barred to marine personnel stationed at Camp Lejeune as a step toward obliterating a source of venereal disease, in fiction reported twice as high as the navy average. The ban went into effect formally last night when Sgt. Glenn Hayes, veteran of the Pacific fighting, notified four hotels, cafes and inns that their places were off limits.

The Kinston City Health Department and several city officials have requested military authorities to revoke the ban as a step toward stamping out vice in the community. Included in the ban were a half dozen places outside the city limits, including Happersville and Sparsville.

Firemen To Meet Charlotte, N. C., Sept. 9.—(AP)—The 57th annual convention of the North Carolina State Firemen's Association will be held here Sept. 13-14. Superior Court Next Week Judge R. Hunt Parker of Roanoke Rapids will convene a week's civil term of Superior Court here Monday morning at 10 o'clock.

May Ask Holiday

Durham, N. C., Sept. 9.—(AP)—The Middle Belt Warehousemen's Association has a meeting here today appointed a committee to meet with officials of the Tobacco Association of the United States Monday and request that the TAUS rescind its action in postponing the opening of the Middle and Old Tobacco belts. The TAUS Sales Committee last Tuesday postponed from Sept. 18 to Sept. 23 the Middle Belt opening and from Sept. 25 to Oct. 2 the Old Belt opening, because of "an acute labor shortage."

Today the Middle Belt Warehousemen's association decided that if the postponement was not rescinded after the Monday meeting that the association would appeal to the TAUS markets next Friday until equitable opening dates were established.

BIG BATTLE ON ITALIAN FRONT

Both Sides Suffer Losses In Fight For Rimini.

By NOLAN MORGARD Rome, Sept. 9.—(AP)—A savage battle is raging for Rimini and the gateway to the Po valley without substantial changes in positions and heavy casualties are being suffered by both the Germans and the 8th army. Gen. Sir Harold Alexander's headquarters announced today.

Gambling desperately to prevent a breakthrough that would enable the Allies to sweep into northern Italy and envelop the whole Gothic line, Field Marshal Gen. Albert Kesselring threw his infantry and armored forces into a series of heavy counterattacks yesterday. They extended along the Adriatic sector of the front from the coast to the village of Croce, six and a half miles inland and nine miles southwest of Rimini.

These counterthrusts were beaten off without loss of ground by the 8th army and British troops seized and held Croce, which was the scene of prolonged day and night see-saw fighting.

Violent rain and thunderstorms hampered Allied attempts to press the attack, but the tempo of the fighting was not reduced. Along the coast, where the Canadians fought to the banks of the Marano river, within four miles of Rimini's outskirts two days ago, the Allied command reported only that patrols were maintaining contact (Continued on page two)

Tobacco Crop Has Now Been Harvested

Practically all of this year's tobacco crop has been cured and the few bales now in operation will be emptied during the next few days. It has been a hectic season, farmers say, and the crop was hard to cure. Labor was the farmers' biggest problem. All hands are now at work grading the leaf for market and heavy breaks are expected here from now on. Satisfaction over the prices being paid for the leaf is generally expressed by the farmers.

Today On The Home Front

(Editor's Note: This is the second of two stories.) By JAMES MARLOW Washington, Sept. 9.—(AP)—The proposed Constitutional amendment to give women equal rights with men has been stymied for years. It first was introduced in Congress in 1923. It's still there. It never has reached the floor for debate.

A number of women's organizations—particularly the National Woman's Party (NWP)—have fought to get it through. A number of women's organizations—particularly the National League of Women Voters (NLWV)—have fought against it. This division of thinking occurs among politicians and congressmen, too.

In order for the amendment effectively to become part of the Constitution this would have to happen: Two-thirds of the House and Senate would have to approve. Then 36 of the states would have to okay it. Then, in order to give the states time in which to make their laws conform, five years would elapse before the amendment went into operation.

Here are some arguments by those opposing the amendment: You can't legislate equal rights. That's a social problem which can be worked out only in time.

First Army Pushes Ahead Beyond Belgian Fortress City of Liege; British Stage Another Breakthrough On Albert Canal; Planes Supply Patton's Army.

By JAMES M. LONG London, Sept. 9.—(AP)—The biggest American fighting force ever massed on a foreign continent closed in for the battle of Germany today and punched to within heavy artillery range of the Siegfried line in the key sector around the German border city of Aachen on the approaches to the Ruhr.

Three American armies and a British army were being employed in the gigantic operation. These were the positions of the American armies:

The first army in Belgium drove beyond the captured Belgian fortress city of Liege to less than 16 miles from the German frontier in the vicinity of Aachen. The third army had crossed the Moselle river in five places around Metz and Nancy in eastern France, and had crushed a large-scale German counterattack.

The seventh army which came up from the Mediterranean was driving down the last 25 miles to the Belfort gap north of Switzerland. To the north the British Second Army held its five-mile deep bridgehead over the Albert canal against increasing fierce resistance as the Germans battled to stem this flanking sweep toward the northern anchor of the Siegfried line at Cleve. A German border town 65 miles southeast of Amsterdam.

A front-line dispatch from the British Second Army said today that British advance units forced a new crossing of the Albert canal in the area of Antwerp, which is 25 miles east of Antwerp. This crossing was three or four miles northwest of a previous bridgehead which had carried to Bour-Leopold.

Aachen, toward which Lt. Gen. Courtney H. Hodges' First Army troops were driving, was the original northern anchor of the Siegfried line, but the Germans in last night's attack extended the line 63 miles farther north to Cleve. The German defense zone now extends well in front of Aachen.

Lt. Gen. George S. Patton's gasoline-thirsty Third Army to the south was supplied by a skytrain of C-47 transport planes which landed on forward airstrips. It was a lack of supplies which first slowed up the Third Army.

Supreme headquarters masked the exact positions of the forward head (Continued on page two)

Warns Again About Hour Parking Law

Police Chief Herbert Wooten today again called motorists' attention to the city's one-hour parking law on Evans Street from Dickinson Avenue to Third Street. The city ordinance provides a minimum fine of \$1 for parking over an hour in the restricted area. Police are tagging violators' cars and this means a trip to headquarters and the payment of a dollar.

Wants To Amend Constitution

True, a number of state laws specifically discriminate against women to the advantage of men. But a number of state laws also specifically benefit women. As an example of the beneficial laws: mother's pensions; laws compelling husbands to support their wives; and labor laws giving women special privileges.

But all the laws—discriminatory and beneficial—would be wiped out when state legislators sit down to make their state laws conform to the constitutional provisions for equal rights for both sexes.

In addition, there would be tremendous confusion in the courts and new state laws would have to be created. For instance: In those states where a girl is permitted to marry at 16 without parents' consent but a man must be 21, new laws and age limits would have to be created. Now here are some of the arguments by those seeking the constitutional change: This country's Constitution does (Continued on page two)

AMERICA IN WARTIME

By JACK STINNETT

Washington—If you want to buy a plane, Uncle Sam will sell you one.

Of all the disposal of surplus war material, the disposal of airplanes is one of the most interesting.

The surplus War Property Administration has started the sale of surplus planes to the public.

At the moment, Uncle Sam has on hand or has already sold more than 6,000 planes.

The methods of sale aren't complicated; the methods of purchase and operation are.

The planes are sold to the highest bidder in response to advertised sales listed by the CAA regional offices.

REC MANNING

most immediately remove all insignias and air markings of the armed services.

This may sound complicated, but it really isn't too bad.

Discrimination in regard to property rights, inheritance rights, divorce, the right to work for a living.

Under the amendment, no state could have one law for men and another for women.

But now in the various states there are more than 1,000 laws discriminating against women.

Discrimination in regard to property rights, inheritance rights, divorce, the right to work for a living.

Depending upon the individual states to do this voluntarily is a process too long-drawn out.

The planes are sold to the highest bidder in response to advertised sales listed by the CAA regional offices.

When a flyable plane has been sold and ownership transferred, the purchaser must obtain a registration certificate.

When a flyable plane has been sold and ownership transferred, the purchaser must obtain a registration certificate.

When a flyable plane has been sold and ownership transferred, the purchaser must obtain a registration certificate.

When a flyable plane has been sold and ownership transferred, the purchaser must obtain a registration certificate.

Little Seizer

There probably were more hidden away in isolated woods not yet investigated.

Both Oostende and Nieuport were found badly demolished.

The amendment would not affect maternity legislation, mothers' pensions, or aid for dependent children.

As to the contention that the amendment would cause a tremendous jam of litigation as states wiped out many of their present laws.

No litigation under the amendment could be so laborious as eliminating present discriminatory laws one by one.

Yanks Within . . .

(Continued From Page One) elements of the four Allied armies, concealing from the Germans which columns were engaged in feints and which would deliver the smashing blow designed to breach the Nazi line and fan out into the interior of Hitler's final fortress, Germany.

The Germans were rushing reinforcements into the Siegfried line but new American Black Widow aircraft ranged into Germany at night smashing convoys.

American Third army troops knocked out 30 to 40 German tanks in repulsing the German counter-attack along the Moselle river—the last water barrier before the Saar basin.

More than 700 prisoners were taken in the first few hours. The Third army now had captured a total of 78,000 prisoners, wounded an estimated 68,000 Germans and killed 22,000 in France.

To the west British, Canadians and Poles closed in on the last of the Nazi-held coast. They seized the Belgian ports of Oostende and Nieuport without a fight and hemmed the Germans into cramped pockets around the other coastal ports of Boulogne, Calais, Dunkerque and Zeebrugge near the Holland line.

These troops now had overrun practically the entire French-Belgium rocket bomb coast. It was estimated that 300 of the Nazis' flying bomb sites had been discovered and

Check MALARIA IN 7 DAYS take 666
Liquid for Malarial Symptoms.

Forty Years Ago Today

THE DAILY REFLECTOR
September 9, 1944

If the Russians can't fight they can run pretty well.
The cotton crop this year is good. The biggest trouble seems to be to get pickers.
J. W. Higgs returned Friday from Williamson.
Mrs. J. W. Bryan returned Friday from Jamesville.
Frank Wilson returned from northern markets Friday.
Mrs. W. B. Wilson left this morning for Baltimore and New York. Many new residences are nearing completion in our town.

Eighth Street Christian Church.
Mr. William O. Haney, son of Dr. and Mrs. H. G. Haney, will preach at the morning service at the Eighth Street Christian Church Sunday. Mr. Haney has completed his work at Lynchburg College in Virginia and will soon go to the College of the Bible, national seminary of the Disciples of Christ, for work leading to the Bachelor of Divinity degree. He was ordained as a minister at the commencement exercises in Lynchburg this past May.

The Woman's Council of the church will meet in regular monthly session at the church Monday at 12:30. This will be a "everybody-bring-it" luncheon and a day of fine fellowship to start off the work of the new year. An interesting quiz program has been arranged. Every woman is urged to come, bring a small lunch, and help to make the day one of enrichment.

At the morning service the choir will sing "Bless the Lord, O My Soul" by Ivanoff, and the guest minister will preach on the 103rd Psalm.

The pastor of the church will preach each evening this week in a series of evangelistic services at the Red Oak Christian Church just out of Greenville on the Farmville highway.

Mrs. Nelson Hostess.
Grifton, Sept. 9.—Mrs. R. E. Nelson entertained members of her contract club on Thursday afternoon at her home here. Two tables were in play for the afternoon with high scores going to Mrs. Jack Chapman and Miss Hazel Patrick. They were given war stamps.

Following play, Mrs. Nelson served a fruit salad with sandwiches and iced tea. Guests were Mrs. Chapman, Miss Patrick, Mrs. Alton Chapman, Mrs. Robert Mewborn, Mrs. Ivan Bissette, Mrs. J. L. Quinberry, Mrs. Vance Wall and Mrs. Jack Tucker.

Benzine was discovered by Faraday in 1825.

Methodist Circles To Meet.
Circles of the Woman's Society of Christian Service of Jarvis Memorial Methodist Church will meet Monday afternoon at 3:30 in the following homes:
No. 1, Mrs. Sam Underwood, Jr., Chm., with Mrs. K. B. Pace.
No. 2, Mrs. R. R. Taylor, Chm., with Mrs. Louis S. Harrison.
No. 3, Mrs. R. W. Stark, Chm., with Mrs. W. M. Umphlett.
No. 4, Mrs. C. E. Oakley, Chm., with Mrs. J. C. Wooten.
No. 5, Mrs. H. C. Sugg, Chm., with Mrs. Sugg.
No. 6, Mrs. Frank Wilson, Chm., with Mrs. Beulah Brown.
No. 7, Mrs. Fred Forbes, Sr., Chm., with Mrs. Fred Forbes.
No. 8, Mrs. Fred Blank, Chm., with Mrs. L. L. Rives.
No. 9, Mrs. Ed Parkinson, Jr., Chm., with Mrs. Bill Shreve, Monday night at 8 o'clock.

Presbyterian Announcements.
Let us not be too busy to worship and feed our spiritual lives in these strenuous days of war and work. God has again blessed us with abundant harvests which are all the more reason for gathering to worship Him.

At the 11 o'clock service at the Presbyterian Church Sunday morning the pastor, Rev. Robert S. Boyd, will preach on the subject, "The Cross as Abundant Proof of the Love of God." I John 1:16 "God is Love."

Your pastor and a representative from this church, Rev. M. H. Clark, and a representative from each of His churches attended the meeting of the Synod the past week at Barium Springs, where we were very elegantly cared for by the staff of workers and the children of Barium Springs and saw at first hand the elegant home you are providing for children in our own homes have better care given them than these 330 children at Barium Springs.

Arrangements are being made to open the public schools on Monday, Sept. 18, and permission has been given by the Pitt County Health Department to open all Sunday schools on Sunday, Sept. 17, unless word comes to the contrary next week.

All pupils of this school are urged to be present next Sunday for the reopening of the church school. Promotion day will be Sept. 23rd and Rally day Oct. 1st. Let's get ready for these days.

A council of all officers and teachers of the Sunday school is called to meet in the church sanctuary Sunday night, Sept. 10 at 8 o'clock to arrange for the opening of the church school. Please, all officers and teachers, plan to be present. This is very important.

Matrons and Patrons Club.
The Past Matrons and Patrons Club met with Mrs. C. T. Munford Friday night, with 11 present. The meeting was presided over by the president, Mrs. P. E. Wells. After a brief business discussion a poem was read, "God give me strength to do the things I don't want to do," and closed with a prayer for our service boys.

The meeting being turned over to the hostess for the social hour, much merriment followed. Delicious refreshments were served by the hostess, assisted by Mrs. T. I. Moore.

The last meeting before we suspended for the summer months was held with Mrs. H. S. Ragsdale, who entertained the members with a picnic in her lovely garden on Contentnea street.

The October meeting will be held with Mrs. T. I. Moore October 24 at 8 p. m.—Reported.

Masonic Notice.
Special communication of Greenville Lodge No. 284 A. F. and A. M., Tuesday night at 8 o'clock. Work in the Master Masons degree. All master masons cordially invited.
N. G. Raynor, Master, J. S. Willard, Secy.

Mr. and Mrs. Williams Entertain.
Grifton, Sept. 9.—Mr. and Mrs. T. J. Williams entertained at an enjoyable bridge supper on Tuesday night at their home here. Mari-golds in shades of yellow and orange were used as decorations throughout the home. On arrival guests were served a delicious barbecue supper with iced tea and individual pies.

Bridge was played progressively at four tables following supper, with the high score prizes going to Mrs. Robert Rasberry, Mrs. J. T. Biggers and Mr. Cecil Cobb. Other players were: Mr. Biggers, Mrs. Cobb, Mr. and Mrs. M. B. Hodges, Mr. and Mrs. Ivan Bissette, Mr. and Mrs. L. L. Mewborn, Mrs. Sam Cox, Mrs. George Sugg, Mrs. H. C. Oglesby and Mrs. Norwood Lockhart.

NEWS ABOUT SERVICEMEN
Promoted.
With the Fifth Army, Italy.—Pvt. James H. Tripp, son of Mrs. Inez Tripp, who lives on Route 4, Greenville, N. C., has been promoted to corporal. He is an acting squad leader with the 88th Infantry Division of the Fifth Army in Italy.

The register of deeds issued marriage licenses to the following couples during the past several days:
White—Lee W. Harder and Edna Lee Boyd of Greenville; Raymond E. James of Ayden and Estelle M. Jones of Vanceboro; J. E. Wooten and Daisy Davidson of Ayden; H. V. Ecks, Jr., and Louise Speight of Greenville.
Colored—Rufus L. Clark, Greenville, and Annie Belle Patrick of Winterville.

Funeral Rites For Miss Gertrude Wall
Gertrude Wall, 16 daughter of Mr. and Mrs. Daniel Wall of near Epworth Church in Craven County, died at Tayloe Hospital, Washington, N. C., Friday afternoon at 3 o'clock after several days of illness. Funeral services were held at Epworth Church at 4 o'clock this afternoon by the pastor, Rev. W. H. Brady. Burial was in Epworth Church cemetery.

She spent all of her life in the Vanceboro community. She attended grammar school at Epworth School, and was to attend the Farm Life School in Vanceboro as a senior this year.

Surviving are her parents, a sister, Eleanor Kay Wall of the home; a brother, Rodney J. Wall of the home; and her paternal grandfather, Robert Alfred Wall of near Epworth.

Hog Market

Raleigh, Sept. 9—(AP)—(NCDA)—Hog markets steady with tops of 14.40 at Clinton and Rocky Mount.

New York Cotton

New York, Sept. 9—(AP)—Cotton moved lower today on scattered hedge selling and liquidation, partially influenced by the favorable war news. Offerings met only limited mill buying as traders were reluctant to make commitments over the week-end. Futures closed 15 to 45 cents a bale lower.

Beware Coughs from common colds That Hang On

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep or you are to have your money back. (Adv.)

N. Y. Stock Market

New York, Sept. 9—(AP)—The stock market resumed Saturday sessions today, after three consecutive week end holidays, but so far as business and important price movements were concerned, it might as well have continued the half-day closings. Turnover for the two hours of around 250,000 shares was one of the smallest for the year to date.

Cases Tried Friday In Recorder's Court

Judge Jimmy Roberts disposed of the following cases in Police court yesterday:

- Drunk: Leroy Braxton, colored, and Walter L. Wilson, colored, each paid costs.
- John H. Simmons, Negro, larceny, transferred to juvenile court.
- Mutual assault: Clarence Carawan, Fred Tyndall and Arthur Tyndall, Caiawan, 60 days in jail, suspended on payment of \$15; Fred and Arthur Tyndall, each 60 days, suspended on payment of \$10 each and costs.
- John H. Harris, charged with being drunk and disorderly and discharging firearms in the city, was not guilty. The court taxed the prosecuting witness, B. J. Parker, with court costs.
- A. E. Gibson, driving drunk, \$50 and costs, appealed to Superior court.

Seek Compromise On Security Plan

By FLORA LEWIS
Washington, Sept. 9—(AP)—The Russian delegation to Dumbarton Oaks is still withholding agreement with Great Britain and the United States on whether a nation should be allowed to vote in the world security organization on disputes involving itself.

This problem, which was disclosed today, may not be settled before the end of the deliberations between Russia, Britain and the United States on plans for an international agency to keep peace, and may have to be worked out by Messrs. Stalin, Roosevelt and Churchill themselves. It is the one point, it was understood, on which the Russians have firmly refused a compromise agreement.

The issue is deeply significant, because officials feel it is the one way of enabling the world organization to function in case one of the big four nations is an aggressor. The agreed voting procedure on the council of the proposed agency is that the decision to use force against an aggressor must be made by at least a majority of the council, specifically including all the permanent "big power" members.

Thus, under the general voting procedure, any of these five countries—the U. S., Britain, Russia, China, and eventually, France—could effectively veto international action against itself. However, there is an added provision barring participation of a nation in a vote on questions involving itself. This is not agreeable to Russia, and the main reason for Russia's hesitation is believed to be the Russo-Polish dispute, aggravated by the present Warsaw situation.

Bishop's Daughter Held Without Bail

Riverhead, N. Y., Sept. 9—(AP)—The daughter of an Episcopal bishop and a descendant of two presidents was held in the Suffolk county jail today charged with stealing jewelry from friends at Westhampton Beach and Easthampton.

Mrs. Job Taylor, 2nd, whose husband, an attorney, is now in service overseas, was held without bail on charges of stealing jewelry valued at \$37,000 from homes of friends. Her ancestors include Presidents William Henry Harrison and Benjamin Harrison. Her father was the late Rev. Dr. Frederick Lincoln Finchbaugh of Wilkesbarre and Philadelphia.

Police said she was a house guest at parties when the jewelry was stolen.

Mrs. Taylor was held in bail of \$5,000 at her arraignment on a charge of first degree grand larceny.

German Civilians Return To Reich

Gothenburg, Sweden, Sept. 9—(AP)—Six hundred German civilians arriving here last night from Britain aboard the exchange liner Drottningholm were greeted by two Nazi officers who, in informal pep talks, apparently sought to give the impression that all was well in the homeland.

They formed the second contingent of Germans being exchanged for American and British war prisoners and civilians. The remaining exchanges from Germany, including 94 Americans, are due here today.
