Soviet Army Closes In On Latvia Capital Of Riga

Other Forces Engage In Battle of Lithuanian Frontier Of East Prussia; On The Southern Front Red Units Smash Across Poland Into Czechoslovakia.

By DANIEL DE LUCE

Moscow, Sept. 25.—(AP)—The Red army closed in on the Latvian capital of Riga today in the climax to a successful Baltic offensive...

A narrow land corridor still offered a chance of escape to the German garrison in Riga...

The mopup of Estonia was nearly completed as a large part of Marshal Leonid A. Govorov's Leningrad army moved southward along the Gulf of Riga.

Soviet naval forces yesterday captured the Baltic seaport of Paldiski on the Estonian west coast.

Gen. Ivan Cherniakhovsky, the only Soviet commander as yet to reach Prussian soil, has been held in static trench warfare over a month by the prolongation of enemy resistance in the Baltic at his flank and rear.

His combat patrols have made continual raids into East Prussia, but no permanent foothold has been won inside the Reich.

With his divisions rested and a large number of Red army air force squadrons concentrated in support of his sector, Cherniakhovsky is known to be ready for a powerful strike at an early moment.

A Moscow broadcast said Russian troops crossing from southern Poland through Lupkow pass into Czechoslovakia had captured Humenne, 25 miles inside the republic.

A Bushares' communiqué said Russian and Bulgarian troops had crossed the southeastern Hungarian frontier. They were believed to be less than 35 miles from Szeged, Hungary's second city.

The double push was developing into a big pincer movement designed to knock weakening Hungary out of the war.

German and Hungarian troops strung out in eastern Slovakia and northern Transylvania were in danger of being trapped.

Moscow newspapers published a statement by 13 German generals and three colonels captured in Romania appealing to the Wehrmacht to revolt against Hitler and make an immediate peace.

The document was drafted by Maj. Gen. Count Hulzen, commander of the 370th infantry division, the newspaper account said.

The appeal recalled a similar message by 17 generals of the central army group destroyed in Poland early in the summer, and declared that 20 divisions have been lost in Romania by destruction of the Sixth and Eighth armies known as the South Ukraine army group.

Miners Rescued After Ten Days

Guantanamo, Mexico, Sept. 25.—(AP)—Fourteen workers trapped inside a silver mine for ten days were rescued yesterday.

Some of them said they ate part of their belts and other clothing to remain alive. They had water to drink, but nearly all of these were so weak they had to be carried out.

They were trapped when a boulder blocked their exit during heavy rains September 14.

The WAR TODAY

AN ANALYSIS OF THE NEWS

By J. M. ROBERTS, JR. Substituting for DeWitt MacKenzie Berlin reports that the Nazis expect an early resumption of the U. S. Third army drive for the Rhine.

If Hitler's high command is as smart as we think it is, it expects a whole lot more than that.

Whether through the fortuitous workings of Allied planning or through the coincidence of growing German weakness and our successful drives for position, the Reich is now pocketed within an almost continuous series of fronts which promise to blaze into climactic action simultaneously.

While the Russians have been pressing their Baltic and Balkan campaigns, cleaning up German forces which to a considerable extent are already out of the war, they undoubtedly have been massing strength for the eastern front pay-off—the cutting off of East Prussia and a renewal of the drive toward Krakow, 35 miles ahead and 40 miles from German Silesia.

U. S. Strikes Back At Manila

Hundreds of U. S. carrier planes, carrying America's war might back to Manila September 21 in the first massive blow there since the fall of Corregidor in 1942, knocked out 265 Japanese aircraft and sank or probably sank 37 ships in the Manila area.

ALLIES DRIVE DEEPER INTO NORTH ITALY

Americans Punch To Within 12 Miles Of Strategic Highway After Cracking Gothic; Nazis Fight Bitterly At Edge Of Po Valley.

By NOLAN NORGAARD

Rome, Sept. 25.—(AP)—Exploiting their success in smashing through the heart of the German's vaunted Gothic line, American troops of the Fifth army, have punched to within 12 miles of the Bologna-Rimini highway—the Via Aemilia of the ancients, Allied headquarters announced today.

At the southeastern edge of the Po valley, however, the Eighth army ran into heavy fighting with Nazi infantry, paratroopers and armored forces desperately holding a line across the entrance to the broad plains to the north.

Although there have been unofficial reports that the Germans have been evacuating some troops and supplies from the western part of northern Italy, Eighth army headquarters declared there were no indications that the Germans had started any withdrawing movements in the Adriatic sector.

Lt. Gen. Mark W. Clark's headquarters proclaimed that "in nine days the Fifth army has destroyed the line which it took the Germans nine months to build."

"Donkeyboys driving northeast from Frenzuela seized four heights—Monte La Fine, Della Croce, Monte Cucca and Potars—thus clearing an access to the Po valley," an official statement said.

These features are roughly 15 miles from Imola, which is on the Bologna-Rimini rail route.

The rate of progress Fifth army units due north of Florence are making toward Bologna, a city of 270,000 at the edge of the Lombardy plain, remained obscure. Yesterday advance elements were within 15 miles of Bologna. Today the main forces were well across the Sarentina river and had captured the Corchiana hill mass around Pisa pass.

Further west and south, the Fifth army cut the Prato-Vernio-Castiglione highway, an important communications route through the Apennines.

On the Ligurian coast sector Brazilian troops have been engaging the enemy and have made a small advance suffering few casualties, and Allied headquarters report said.

Resistance being encountered indicated the enemy "still follows Marshal Kesselring's orders to fight to the last man and the last bullet," headquarters said.

This type of last ditch resistance was not surprising, since a sub-section of the German army is reported to be in the area.

Try Meadows Cases Week November 13

Solicitor Dave M. Clark and Judge Albin Dunn, chief of counsel for Dr. Leon R. Meadows, former president of East Carolina Teachers' College, have agreed on a date for hearing of the indictments against Dr. Meadows—November 13.

The solicitor will ask Governor Broughton to order a special term of criminal Superior Court on that date.

The solicitor and defense counsel had previously agreed to try the cases the week of October 2, but defense counsel stated that Frank Wahl, Raleigh auditor, could not complete a special audit of the college books for Dr. Meadows by that time.

Judge Dunn will be assisted by John G. Dawson of Kinston and Clay Carter of Washington as defense counsel. State Solicitor Clark will be assisted by J. Henry Harrell.

Twelve Killed In Plane Crash

Camp Mackall, N. C., Sept. 25.—(AP)—Eight paratroopers and four crewmen were killed late last night in the crash of a C-47 transport plane during a mass parachute jump as a part of troop-carrier airborne maneuvers in this area, the Public Relations office announced today.

Four paratroopers leaped to safety. Headquarters announced that thirty men required medical treatment in the mass jump, largest night jump ever held in this country.

A board of inquiry will investigate the accident. Names of the victims will be announced later.

All State Guards Must Attend Drill

All members of the Greenville Company, North Carolina State Guard, must attend the regular drill at the armory Tuesday night at 8 o'clock, an order from regimental headquarters stated.

The officers and men will discuss plans for the annual encampment to be held at Fort Bragg from October 22-29. Capt. Jasper L. Jones, commanding officer, said today.

Guardsmen who cannot attend the encampment must submit excuses in writing to be sent to the regimental commander for approval. Captain Jones has no authority to excuse anyone. It is important that every officer and enlisted man attend Tuesday night's drill.

Cabinet Members Split Over Postwar Plan For Germany

Morgenthau Wants To Destroy Reich Industry; Hull and Stimson Oppose The Suggestion.

By JOHN M. HIGHTOWER

Washington, Sept. 25.—(AP)—Secretary of State Hull said today he hoped that high Allied officials, including officials of the United States government, would be able to come to agreements soon on peace terms for a defeated Germany.

He made the comment in response to a request for a statement on an Associated Press report that President Roosevelt's cabinet committee on German peace policy was split over a proposal by Treasury Secretary Morgenthau that Germany be converted into an agricultural nation.

Hull is understood to be cool to the Morgenthau plan and Secretary of War Stimson, the third member of the committee, to be strongly opposed to it.

The Morgenthau plan would strip Germany of much industrial territory and destroy or give away the rest of its industries.

Hull authorized the following quotation: "The whole question of dealing with the post-war German situation has been receiving attention by each of the governments most interested, and that includes this government and the State Department."

"It would serve no purpose to say more at this time except that the higher officials of the governments concerned will reach mutual understandings, I hope, at an early stage. It is very necessary that we wait until we know the true conclusions they reach."

Hull made no other comment but (Continued on page two)

Harvey Held On Forgery Charge

J. S. Harvey, of this city, who has been sought by officers on charges of forging checks against his father, C. W. Harvey to the extent of around \$4,500, yesterday surrendered to authorities and was placed in jail here after waiving preliminary hearing before Magistrate John Ivey Smith.

The forgeries came to light after Harvey left this city a short time ago presumably to take a job elsewhere.

Orders Seizure Of Steel Plants

Washington, Sept. 25.—(AP)—President Roosevelt ordered War Secretary Stimson today to take over and operate the plants of the Farrell Check Steel Company at Sandusky, Ohio, where 600 employees have stopped work and interrupted production of war supplies.

A letter to Mr. Roosevelt from Chairman William H. Davis of the War Labor Board said the company had refused to abide by terms of WLB orders governing relations with its employees and that this had "resulted in the actual interruption" of production.

Davis said all production employees began a work stoppage September 11.

The firm makes castings for trucks, shovels and cranes, tanks and landing craft.

Fire Damages Home East Fifth Street

Fire Sunday night about 10 o'clock at the home of Mrs. Bessie Shuff, 1110 East Fifth Street, destroyed one arm chair and damaged a large rug and other furnishings. Firemen said they believed the fire started from a cigarette on the chair.

A false fire alarm was turned in shortly afterwards from Box 311, near the slaughter pen. Another false alarm was turned in about 2:30 a. m. from Box 221, 3th and Clark streets. A second false alarm was turned in from this box by the time the fire equipment returned to the fire station.

British Armor Breaks Ring Around Besieged Airborne Troops At Arnhem Consolidating Bridgehead For Drive Into Northern Germany.

By JAMES M. LONG

London, Sept. 25.—(AP)—Two new British and American wedges have thrust across the German border in a direct drive on the Siegfried anchor of Kelve, it was disclosed today. The threatened sweep into the Ruhr, Germany's northern industrial area, was gathering breadth and force.

At the same time the British Second army thrust more troops across the upper branch of the Rhine near Arnhem where British airborne "red devils" had written a new epic in a heroic eight-day stand, and began building up the hard-won foothold on the north bank on the left of the two new wedges.

On the right of the Kelve, pointed wedges the British, with airborne reinforcements, were fighting on a 13-mile front from Duren east of Eindhoven to near Volkel, to the north, in an area only about 16 miles from the German frontier.

As confidence bounded that the British paratroopers at Arnhem would hold until even more substantial links were forged to exploit their bridgehead for a sweep into the northern Reich, Gen. Dwight D. Eisenhower's headquarters broadcast to 12,000,000 foreign workers in Germany that "the hour for action has come."

Arms for such action have been provided inside Germany, it was announced, and those workers without arms were advised to seek safe places of hiding until the means of resistance are provided.

Supreme headquarters announced that troops were engaging the Germans in the Reichswald, huge forested area whose edge at the Dutch border is only six miles from the Kelve anchor. From his reports said these troops were British tank forces.

paratroopers attached to the British Second army had taken back Dutch border village three miles northwest of Kelve, and these troops, too, were fighting in Germany. But it was in six miles north of where the entry into the Reichswald apparently was made.

To the west of the Arnhem corridor driven to Arnhem, Canadian and British advanced 10 miles on a 30-mile front to the Antwerp-Turnhout canal, seized a bridgehead across the canal about eight miles north of Antwerp, and entered Turnhout about 25 miles northwest of Antwerp.

The Germans said new airborne forces had been dropped south of Hertogenbosch, ahead of this drive threatening to cut off German retreating in western Holland by a squeeze to the IJssel Meer (Zuidzee).

At the same time, Gen. Dwight D. Eisenhower's command announced (Continued on page three)

Torpedoed Ship Survives Storm

Washington, Sept. 25.—(AP)—A medium-sized American merchant vessel survived first a torpedoing off the North Carolina coast and then the recent hurricane and reached Norfolk, Va., safely, the Navy disclosed today.

After the ship was hit by a torpedo from an enemy submarine, a tug and the Coast Guard cutter Jackson and Bedloe took the vessel under escort.

When the hurricane struck, the tow line parted, the cutter capsized and the Navy sent out additional tugs to resume the tow.

Members of the crew of the merchant ship was injured.

Today On The Home Front

By JAMES MARLOW

Washington, Sept. 25.—(AP)—When Johnny comes marching home from this war he will not be like the returning veterans of other American wars—a Johnny-comely.

For the veterans of this war—able and disabled—the government has done more faster than for the fighters of any previous war.

When he is discharged he will get:

Full back pay at the time of his discharge; an additional \$100 to \$300 in mustering out pay, depending on his length of service; railroad fare home; schooling, if he wants it; vocational training and a pension if he is disabled; a government guarantee of loans up to \$2,000 to buy a home or a farm or a business; a guarantee of his job back except in unusual circumstances; assistance in finding a new job; unemployment pay if he can't find a job; special consideration in seeking federal civil service jobs; hospitalization for illness due to service; readjustment of ability to pay and hospitalization for any cause; if he has a wife, and free legal advice in certain matters.

And there are pensions for his close dependent survivors if the war caused his death.

Not all these benefits are new. But as Brigadier General Frank E. King, administrator of veterans' affairs, says:

Financial benefits for disabled veterans of this war and dependents "are starting out at the rates which it took World War I veterans and dependents 26 years to obtain."

It has taken at least four great wars to prod the government into doing for the veterans—before they became veterans and the war was over—all of the things mentioned above, needed to ease them back into civilian life.

Christian Science Service. "Reality" was the subject of the lesson-sermon in all Christian Science churches and societies on Sunday, Sept. 24.

The golden text was from James 1:7. "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning." Among the citations which comprised the lesson-sermon were the following from the Bible: "I know that, whatsoever God doeth, it shall be forever: nothing can be put to it, nor any thing taken from it: and God doeth it, that men should fear before him. That which hath been is now; and that which is to be hath already been, and God requireth that which is past." (Ecc. 3:14, 15). The lesson-sermon also included the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "There is but one primal cause. Therefore there can be no effect from any other cause, and there can be no reality in aught which does not proceed from this great and only cause. The spiritual reality is the scientific fact in all things."

USO NOTES AND NOTICES

In keeping with the current interest in tobacco marketing in this section of North Carolina, the dance at the USO on Wednesday night was a "Golden Weed Dance." Decorations of goldenrod and yellow and orange streamers provided a suitable and attractive setting for the idea of the "Golden Weed." As a main feature of the evening, just before intermission at 10:30, an all-most actual scene from a tobacco auction was presented in the middle of the club room by veteran warehouseman G. V. Smith and auctioneer Ray Oglesby, assisted by a number of the buyers from the Greenville markets. Several baskets of tobacco were brought in, arranged as on a warehouse floor, and auctioned off to the tune of the familiar, though unintelligible chant of the auctioneer. Interest ran high among the marines and other service men present at the dance—most of whom had never had opportunity before to see how the tobacco that goes into their cigarettes is sold. And one marine was heard to say, "Well, I actually understood a word or two the auctioneer said this time; I never have over the radio!" And when the dance was over, some of the marines left the club proudly carrying as souvenirs to send some bundles of the golden

On down the line, Lt. Gen. Courtney H. Hodges' U. S. First Army ripped a German counterattack to pieces in the area east of Aachen and turned huge 240 mm. guns on targets only 18 miles from the Rhine.

Lt. Gen. George S. Patton's Third Army slashed close to Baccarat, 28 miles southeast of Nancy and only about 45 miles southwest of Strasbourg on the Rhine. The Germans announced the loss of Epinal on the Moselle, 40 miles below Nancy and about the same distance above the

In these two sectors a German at bay was making a desperate stand and Allied gains were being measured in hard-won yards. The German army was throwing in counter-attack after counterattack which left the battlefields strewn with reckless losses of tanks and troops.

President Brown thanked the association for the fine cooperation and assistance rendered him as president during the past year and urged a continuance of this fine spirit during the coming year.

The board of directors of the Pitt County Association for the Blind held the final meeting of the year at Respass barbecue stand last Friday night. President Brown presided. In addition to the officers and directors present, the board had as their guests Mrs. Tucker, field supervisor of the State Commission for the Blind, Miss Manning, blind full time case worker for Pitt county, and John H. Moore, principal of Farmville city schools. Secretary-Treasurer Oakley read a report of the past year's finances.

Take Your Choice!

If you really want to bring back Days like nineteen twenty-nine— And put Prosperity back "round the corner," And go back to that bread line— If you want more unemployment And our banks to go "Ker-flooy"— There is one quick way to get it— Simply cast your vote for Dewey—

If you want our noble country To continue prosperous— And that Democratic spirit Aid mankind without a fuss. If you want to shortly knock the "Tar" Out of Germany and Japan— There is one quick way to do it— Vote for Roosevelt—He's the man—

GRID SEASON IS UNDER WAY

Wake Forest, State and Duke Chalked Up Victories Saturday.

Charlotte, N. C., Sept. 25—(AP)—With the opening blasts of the 1944 football wars still ringing in their ears, North Carolina's gridiron forces prepared to square away this week for skirmishes which, for the most part, will take them into the territory of the opposition.

But one home game is listed on the State's football menu for the coming week-end. The North Carolina Tarheels, smarting under an 0-7 defeat at the hands of the Wake Forest Deacons, go to West Point Saturday to meet the Army powerhouse.

The Duke Blue Devils are not likely to find the going quite as easy the coming week-end as they did in their 61-0 opening victory over Richmond. They travel to Philadelphia for a battle with Pennsylvania.

Wake Forest will attempt to chalk up another victory over a strong opponent. The Deacons travel to Athens, Ga., to take on the University of Georgia.

The Preflighters of North Carolina will have one of their toughest games of the season coming up this

week when they go to Annapolis to take on the Naval Academy. Coach Glenn Killinger's outfit rallied in the third period of their game with the Cherry Point Marines yesterday at Chapel Hill to win 27 to 14.

The Third Air Force Gremlins, who exhibited expected strength in their 31-0 win over the Charleston, S. C., Coast Guard here Saturday night, will journey to Savannah, Ga., for a Sunday game with Chatham Field Flyers.

Catawba's Indians upset the dope by defeating Emory and Henry 6 to 0. The Indians will go to Lexington, Va., to meet V. M. I.

The only home game for North Carolinians will be the encounter of the Cherry Point Marines and the Camp Peary, Va., Seabees at Cherry Point.

Marines Form Cage League

The Greenville auxiliary air base marines, have started an inter-base basketball league, with the idea of developing a base team capable of competing with the best college and service teams of this area.

Major Ireland and Major Carelton of squadrons 913 and 914 respectively, are in hearty accord with this plan.

Major Carelton, a former college star, will be the head coach with Capt. Ahern as assistant. All college and service teams interested in games are asked to contact Capt. Ahern of the Greenville base.

The first league game was a wild affair with 913 "Operations" and "Radio" roughing it out. Operations barely earned the nod with a 36-35 decision. Because of the sandy condition of the "out door" court, footwork and ball handling were hampered, but the will to win was strong and the game was exciting

to the onlookers. An attempt to get an indoor gym in town and open the league games to the public is under consideration.

Allies Drive...

(Continued From Page One)stantial portion of Nazi troops committed to combat are virtually immobilized by lack of transport and inability to disengage without disastrous losses.

The Canadians corps advanced steadily despite this opposition and reached Federer Grande, five miles northwest of Rimini.

To the west, other Eighth army troops penetrated 2,000 yards beyond the Rimini-Bolegna railway north of San Costino, to within 1,500 yards of the historic Rubicon river, then ran into a stiff enemy counterattack yesterday.
