

Russian Forces Laying Siege To Budapest Today

Disorder Reported Inside City As German Defenders Fall Back Before Onrushing Red Armored Might; German And Hungarian Losses Reaching Staggering Figure.

By EDDY GILMORE Moscow, Nov. 4 (AP)—Russian troops laid siege today to Budapest and front dispatches said the German and Hungarian defenders had fallen back into the Hungarian capital itself.

Red Army tanks were said to be battering at the outskirts of Pest, the part of the capital on the eastern bank of the Danube. Fighting was raging well within Budapest's outer defenses.

A Reuters dispatch said the Russians had hurled an armored column around north of the city in an encircling move. This column was said to be storming the approaches of Ujpest, on the east bank of the Danube two miles north of the capital.

The capital itself was reported unofficially to be enveloped in wild disorder as the Nazi remnants poured through the streets.

Hundreds of fugitives were said to be jamming the railways and highways toward Vienna, 140 miles to the north.

Red Star reported that the 'field army' formed by the Hungarian puppet government had been routed outside the capital and that a captured captain said that out of one division only 200 men remained after three days of intensive battle.

The newspaper describes German and Hungarian losses in manpower as 'immense,' particularly near the tributary of the Danube just south of Budapest where Red troops wiped out 20 tanks in a great 'slaughter' last night.

The capture of Pest appeared imminent but the fall of Buda on the wide side of the Danube was another matter. The Danube River is broad and there was no word on whether the Russians had been able to seize any bridges.

The Soviet communique last night reported the capture of Alsone-med, seven miles south of Budapest, as the nearest point to the capital reached by the Red forces sweeping across the boggy plains between the Danube and Tisza.

Front dispatches reported severe fighting in the area.

Leese To Command Stilwell Forces London, Nov. 4.—(AP)—The newly organized 11th army group, operating in southeast Asia and including some American troops formerly led by Gen. Joseph W. Stilwell, was placed today under the command of Lt. Gen. Sir Oliver W. H. Leese.

Lt. Gen. Sir Richard J. Creery, 46, was named to succeed Leese as commander of the British Eighth army in Italy.

In his new post, Leese will serve under the direction of Admiral Lord Louis Mountbatten. He succeeds Gen. Sir George Giffard in the 11th group command.

The only part of the 11th group which was publicly identified is the British 4th army but it is known that American and Chinese forces led by Gen. Stilwell in northern Burma also will come under Leese's command.

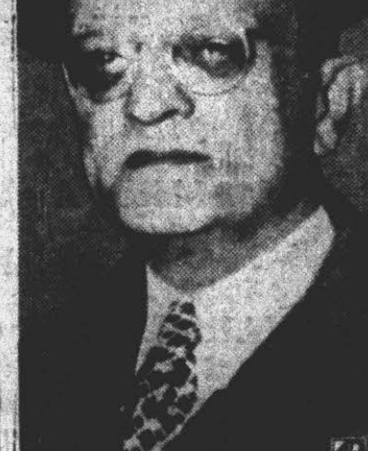

The WAR TODAY

AN ANALYSIS OF THE NEWS

By DEWITT MACKENZIE Associated Press War Analyst. The momentum of the preliminary offensive against the German Rhineland defenses is increasing suggestively—a reassurance that, winter or no winter, we still may expect an early development of this trial of strength which will go far towards determining how quickly we can achieve final victory over the Reich.

Japs Counterattack In Philippine Area

Gauss Quits China Finish Fight On Western Leyte Near; Jap Airmen Attack American Positions In Marianas.

Clarence E. Gauss (above), United States ambassador to China, has resigned his post. The resignation, announced by President Roosevelt shortly after the recall of Gen. Joseph W. Stilwell from China, was interpreted as meaning the President is making a clean sweep of top American personnel in China in an effort to re-invigorate the Chinese war effort under Generalissimo Chiang Kai Shek. (AP Wirephoto).

General MacArthur's Headquarters, Philippines Nov. 4.—(AP)—The aroused Japanese, defying superior forces of American men and guns on the move north and south of Ormoc, marshaled reinforcements today under a hail of aerial bombs for a finish fight on western Leyte.

Reports for the past 24 hours told of the enemy on the recoil. Nipponese airmen made more than 35 low-level attacks on eastern Leyte airfields and docks, blew up an ammunition dump and set a merchant ship afire. The fire was extinguished.

At Pearl Harbor, Adm. Chester W. Nimitz announced Nipponese planes attacked an aircraft carrier group of the Third fleet, which has been supporting the Philippines re-invasion, and damaged "several ships."

Enemy tanks, troops and artillery were being landed at Ormoc from a convoy which lost two transports and 25 covering planes in a fierce battle with the 49th fighter group, record-breaking squadron of the Far Eastern Army Airforce.

The 49th, which has shot down 530 Japanese planes during the war and boasts America's ace of aces in Maj. Richard I. Bong, of Poplar Wis., with a bag of 33, later spotted a 10-mile-long motor convoy rolling north from Ormoc.

The planes swept down to treetop level over the mechanized reinforcements, blasting 30 trucks, at least two tanks, equipment and supplies.

"We could see the bodies blown into the air," Maj. Thomas B. McGuire, of San Antonio, Tex., said. He is a correspondent at a Leyte airfield.

The badly cut Japanese column was trying to reach Carigara Bay on Leyte's northwest coast by way of a 30-mile road from Ormoc and bulwark Nipponese retreating before the 10th corps of Maj. Gen. Franklin C. Sibert.

At the head end of that road, where it emerges from Ormoc Valley, 15th and eight-inch howitzers were wheeled in position to lay down just such a withering fire as the 18-hour barrage which crushed the bloodiest resistance of the Leyte campaign before Carigara town.

The Japanese high command risked sending the reinforcements up the Ormoc Valley despite the accessibility of their being bottled up by the Seventh infantry division of Maj. Gen. Archibald V. Arnold driving in behind them.

The Seventh was disclosed yesterday by Gen. Douglas MacArthur to have crossed central Leyte to Baybay, 26 miles down the west coast. (Continued on Page Two)

LEAF MARKET SETS RECORDS

More Money Paid Out Than Any Previous Season.

The Greenville tobacco market reached a new all-time season's high this week when total money paid out reached \$20,071,742.36 over \$2,000,000 above any total amount paid out for any previous season. For the first time in two months all warehouse floors were cleared with yesterday's sales. With more than 47 million pounds already sold warehousemen are estimating that the market will reach \$5 billion before the end of the season. After operating on a four-day selling week to relieve congestion in the factories the market will return to the full five day week beginning Monday. Under the present sales arrangement the four sets of buyers can handle approximately a million and a quarter pounds of offerings daily.

Official figures released today by R. C. Rankin, supervisor of sales, showed season's sales to date 47,128,898 pounds for \$20,071,742.36, an average of \$42.59 per hundred pounds. Total poundage to date is three million pounds ahead of last year.

Making Plans For Civil Air Patrol

Maj. J. D. Winstead of Rocky Mount, commander of the eastern wing of the North Carolina Civil Air Patrol, will fly to Greenville at noon Monday for a luncheon meeting with Mayor B. B. Sugg, a committee from the Junior Chamber of Commerce, and other local aviation enthusiasts, to discuss final plans for setting up a cadet training program in Greenville.

Airmen Smash At Nazi Industries

By HENRY B. JAMESON London, Nov. 4.—(AP)—The U. S. Eighth air force staged a mass attack on German synthetic oil industries and railroads today with more than 1,100 bombers and 800 fighters fanning out over targets from Hamburg to Saarbrücken.

One force attacked oil plants and refineries in the twin cities of Hamburg-Harburg.

Another hit an oil plant at Gelsenkirchen in the Ruhr. A third formation blasted military objectives in the Hanover region and a fourth flew southeast of Luxembourg against the railroad yards at Saarbrücken.

The Mosquitos, usually operating in small forces and carrying one 4,999-pound bomb each for some specific target, again raced to the Reich capital and back without loss. Eighty-five of these 4,000-pounders were dumped on Berlin last month by the Mosquitos.

Small forces of Italian-based bombers, which flew through an Austrian snowstorm part of the way, attacked targets in the Vienna, Munich and Klagenfurt areas yesterday.

Tokyo Reports 'Enemy Raid'

This map is a close-up of the Tokyo-Yokohama section of Japan where the Tokyo radio reported an "enemy raid" November 1. The Jap broadcast was vague, but said Superfortresses flew over, and started panics in some parts of the Japanese capital. (AP Wirephoto).

WHAT IS INFLATION? Babson Talks To Our Municipal Officials

Babson Park, Mass., Nov. 3.—Inflation is the result of increasing the currency or the debt of the country more rapidly than the assets of the country. Inflation is a form of disease which has started from many different sources. Note these five:

- 1. The crudest form of inflation came from "clipping coins." This means making them smaller or thinner. It is the form that is still used in certain countries.
2. In the case of paper money the same result is obtained by printing additional paper money without increasing the gold reserve. This is the method which is now being used in the United States.
3. A smaller result can be obtained by issuing a series of government bonds which are really a form of currency and which tend to debase the currency already issued.
4. Inflation comes through the increased use of checks, notes, and other forms of municipal, corporation and personal indebtedness. When another man accepts your handwritten check for \$10, this brings on inflation the same as printing more \$10 bills.
5. Finally, a great increase in the circulation of money brings about inflation. When money changes hands three times as fast every week, it has the same effect as increasing the amount of currency outstanding by threefold.

Let me refer again to my definition. So long as there is an increase in the country's food, clothing and shelter equal to the increase in the circulating money, there is nothing to fear; but otherwise beware. Today, our outstanding currency is increasing more rapidly than is our supply of food, clothing and shelter.

Now Is The Time to Buy Inflation has the same effect on living costs as changing the size of a bushel, or changing the length of a yardstick, or changing a gallon measure would have if the price per bushel, per yard or per gallon remains constant. This is a very important factor for all municipal officials—especially fire chiefs—to keep in mind when the nation is facing a postwar boom.

After World War II inflation will show itself in increased prices of finished products such as road machinery, crushed rock, fire trucks and especially fire alarm equipment. Furthermore, these increases—caused by inflation—will be in addition to the natural price increases due to greater demand and general prosperity. In fact, all the things which cities will need after the war can be bought for less now.

Reasons For Expecting Inflation In case someone argues with you that further inflation is not coming, give them the following three reasons:
1. Government expenses are still in excess of government receipts. In order for the government to pay its bills, it must either print bonds or currency.
2. Debtors will continue to howl for more inflation. This applies to farmers, real estate promoters and some merchants who owe money. They know that as prices of the land, houses and goods which they now own go up, it will be easier for them to sell and get out of debt.

3. Those engaged in foreign trade are usually anxious to have the U. S. further devalue its dollar. When other countries devalue, countries which do not lose trade. Inflation is a temporary stimulant to business; but, like whiskey, its stimulating effects last for only a short time. Sooner or later increased prices of all commodities temporarily secured by a "cheap dollar." Hence, to refer again to Fire Departments:

A. In the postwar period, there will be a general rise in the prices of all materials which municipalities purchase. This means that the poorer fire departments purchase few equipment and extend their fire alarm systems the better off the cities will be. Furthermore, on common justice demands an increase in firemen's wages. B. As the effects of inflation become recognized there will be a demand by real estate owners, merchants and others for greater fire protection. When it costs more to replace property, the owners of buildings and merchants will be more fearful of fires and more anxious for greater protection. Therefore, city officials can now talk inflation to their citizens with the full support of all property owners.

Eden Back Home

London, Nov. 4.—(AP)—Foreign Secretary Anthony Eden returned home by plane today from Italy where he had paused on his way back from Moscow.

Britain Seeking Greater Exports

By FLORA LEWIS Washington, Nov. 4.—(AP)—British officials have informed the United States that the United Kingdom intends to drive vigorously for increased exports in the Pacific stage of the war. It was learned today.

Allies Register Local Gains On German Front

Campaign To Reach Its Climax Tonight

Roosevelt Will Speak To Nation From Boston At Nine O'clock; Dewey To Speak From New York At 10.

By HOWARD FLIEGER Enroute to Boston with President Roosevelt, Nov. 4.—(AP)—President Roosevelt will give the fourth-term bid into New England today, wooing the 24 electoral votes of Massachusetts and Connecticut as his campaign climax.

He will close the one-day tour with a speech in Boston's Fenway park at 9 p. m. (eastern war time) tonight. The address, expected to be the capstone of his seven campaign speeches, will have the widest radio coverage of any fourth-term talk: NBC, CBS and the four networks.

Before his late afternoon arrival in Boston, Mr. Roosevelt's schedule called for brief talks in Bridgeport, Conn., at 10 a. m.; Hartford at noon and Springfield, Mass., around 2 p. m. The train will pause at Worcester, Mass., long enough to pick up Senator David I. Walsh (D-Mass.), who announced he was joining the party at the President's invitation.

The trip took the President into the home district of one of his sharpest congressional critics, Rep. Claire Boothe Luce (R-Conn.), who is campaigning for a second term. It was the President's third and last political trip of the campaign. As in his previous tours—New York two weeks ago; Philadelphia and Chicago last week—Mr. Roosevelt traveled without the security of military censorship.

After tonight's Boston speech the President will go to Springfield, Mass., to give the invocation at the opening of the annual convention of the National Education Association at Poughkeepsie, N. Y., late Monday.

Before leaving Washington the President called upon employers to give their workers time off to vote Tuesday and declared: "I ask that any employee, who is not allowed enough time to vote in fact me of the circumstances, together with the name of his company and any other pertinent facts."

By JACK BELL Albany, N. Y., Nov. 4.—(AP)—Two months of active campaigning and 20,000 miles of traveling take Gov. Thomas E. Dewey into New York City's Madison Square Garden tonight with a theme that the Republican presidential nominee has hammered at the voters—"It's time for a change."

Reviewing a little more than eight weeks of accelerated appeals for support that began in Philadelphia September 7, the governor is expected to call again for a "house cleaning" in Washington in his final speaking appearance before next Tuesday.

Battle Of Italy Stalled In Mud

London, Nov. 4.—(AP)—The battle of Italy, which was announced today, has taken a total of 116,150 Allied casualties since the opening of the offensive at Cassino on May 11, was stalled in the mud of the Po Valley approaches today.

An Allied communique said activity was confined to patrolling and a few desultory clashes in the mud. Gen. Sir Harold Alexander, Allied commander, announced recently that German casualties dating from May 11 were 194,000.

In the late spring and early summer of this year—just when the spring crop of pigs was pouring into the slaughter houses—shipping was devoted to getting the most essential military supplies overseas for the invasion.

So there was very little room to haul overseas the pork allotted to the armed forces and lend lease. Some of course was stored for overseas shipment later. But pork began to overflow the warehouses until there wasn't room for all of it. It couldn't be allowed to go to waste.

So the government removed rationing and urged the public to buy pork. The public did. Finally the flow of pigs to the slaughter-houses slowed down. It had to. The spring crop of pigs was about used up.

Pigs being forth their young twice a year. They grow fast. In six months they may reach 300 pounds. Pigs born in mid-winter, hit the market in spring and summer. Spring-born pigs are marketed in fall and winter.

So—now with the crop of pigs

Once classed as 4-F, and described by his mother as afraid of the dark, 21-year-old Pvt. James H. Mills (above) of Fort Meade, Fla., has won the Congressional Medal of Honor for his heroic actions in Italy. He knocked out two enemy machine gun nests, killed four Germans, captured seven, and played decoy target while his platoon captured 22 more without casualty.

COUNTY GOES OVER THE TOP

War Fund Drive Collections Total \$49,634.49.

Figures released today by Sam B. Underwood, Jr., county chairman for United War Fund of Pitt county, show that Pitt county raised a total of \$49,634.49 in the recent campaign for the National War Fund and local Community Chest. The township of Greenville, Farmville, Bethel and Ayden each raised, as a part of their township quotas, funds for local Chests.

Total amounts subscribed in each township are as follows: Ayden, \$3,498; Beavertown, \$651.96; Bethel, \$2,856.38; Carolina, \$1,201.77; Chitwood-Grimesland, \$1,679.24; Chitwood, \$1,189.65; Falkland, \$713.08; Farmville, \$9,174.00; Mountain, \$1,481.50; Greenville, \$26,340.44; Pictious, \$730.40; Sprit Creek, \$277; Winterville, \$1,762.14; Total, \$49,634.49.

Mr. Underwood reported that 13 of the 14 units either met or over-subscribed their respective township quotas and that the county, as a whole, exceeded its quota by almost 50 percent.

Today On The Home Front

By JAMES MARLOW

Washington, Nov. 4.—(AP)—Pork is scarce. People are queuing for it. But it won't start reaching the butcher shops in any real volume until some time in December.

There are reasons. The main ones are given below. They're from the War Food Administration (WFA). That agency has the job of distributing our pork supply among civilians, the armed forces and our Allies.

In the late spring and early summer of this year—just when the spring crop of pigs was pouring into the slaughter houses—shipping was devoted to getting the most essential military supplies overseas for the invasion.

So there was very little room to haul overseas the pork allotted to the armed forces and lend lease. Some of course was stored for overseas shipment later. But pork began to overflow the warehouses until there wasn't room for all of it. It couldn't be allowed to go to waste.

So the government removed rationing and urged the public to buy pork. The public did. Finally the flow of pigs to the slaughter-houses slowed down. It had to. The spring crop of pigs was about used up.

So—now with the crop of pigs

Germans Predict Greatest Battle Of War In The Making As Allies Jab At Defenses All Along The Line; First Army Meeting Greater Resistance.

By WILLIAM FRYE London, Nov. 4.—(AP)—Allied armies, jabbing all along the 600-mile Western front, racked up consistent local gains today as the Berlin radio dinned its warnings that Gen. Dwight D. Eisenhower's forces were massed for a huge offensive.

The American thrust into Germany 15 miles southeast of Aachen lost speed as it collided with stiffening resistance after capturing the town of Schmidt, but forged ahead for small gains with the aid of fighterbombers blasting German infantry and tanks in its path.

In the east, U. S. First Army veterans were shoving down the last 1,000 yards toward the Roer River, next and hardest enemy barrier on the way to the Rhine 28 miles to the east.

Having rolled beyond the thickest forests in this area the Americans were advancing against hastily dug field defenses and natural obstacles—barriers which American officers believe may be tougher to crack than the breached concrete and steel belt of the Siegfried Line.

The assault was on a limited scale on a front of a little over 4,000 yards. But in the first two days of the drive the Americans made gains totaling almost four miles.

Lt. Gen. Courtney H. Hodges' infantry apparently was shouldering its way up to a jumpoff line on the Roer out of the forest belt and onto the edge of the Cologne plain where every hour would be one of grim minutes to the German Army's line.

In the Meuse (Moselle) River bulge of eastern Holland, American troops swarmed over the south Willem Canal above Nederweert and drove the enemy back to the north, toward the German border at Venlo.

In western Holland American, Polish and British troops drove two miles deeper into the dwindling German bridgehead below the Meuse and its seaward arm, the Hollandersch Diep.

Resistance south of the Meuse slackened yesterday and a spokesman for the Allied 21st Army group (Continued on page three)

Criminal Court Ended Yesterday

A week's term of criminal court here presided over by Judge R. Hunt Parker, ended yesterday afternoon with disposal of a breaking and entering and larceny case against Robert Lee Williams and Bruce Williams, both Negroes. Ronald Lee Williams was sentenced to three years in state prison and Bruce Williams was sentenced to two and a half years.

Randall Williams, whose case for larceny was heard earlier in the week, was sentenced to a year in jail, assigned to work at the county home.

The next superior court to be held in this county will be the special term called for November 13 to try the Meadows case. A civil term is scheduled to begin November 20.

# LOCALS LOSE TO RALEIGH

Coach Snag Clark's Greenville High School Phantoms went down to defeat of 57 to 13 at the hands of the champion Raleigh Caps last night in a game that was a moral victory for the Phantoms. Despite the fact that the Phantoms were outclassed and entered the contest as the underdogs, they played a good game and won honors for being the first team to score on the Caps on their home field in two years. With the exception of Wilson, who defeated the Caps 14 to six earlier in the season the Phantoms are the only team to score on this year's Raleigh team. Raleigh has won six games in seven starts with each, with the exception of the Greenville and Wilson contests, complete shut-outs for their opponents.

Raleigh put the game on ice in the first quarter with three touchdowns for a total of 19 points. In the second quarter the Phantoms settled down to harder tackling with the result that the Caps were held to one touchdown in that quarter. Three times during the quarter the Phantoms were held for downs in scoring territory and a completed forward pass over the goal line was ruled no good because Greenville was offside.

After the rest period between halves the Phantoms played head-up ball holding the onrushing Caps to two touchdowns and scoring one for themselves. Greenville's touchdown was set up by Futrelle who ran Raleigh's kickoff 31 yards to the Raleigh 28. A first down on two line plays followed by a lateral forward pass Perkins to Futrelle to Leggett placed the ball on Raleigh's two foot line from which point Dave Perkins crashed over for a touchdown. The kick by Futrelle for the extra point was good bringing the Phantom's score to seven points.

Despite three more touchdowns by the Caps in the final quarter the Phantoms continued their fight and succeeded in crossing the goal line for another six points. From Greenville's 49 yard line Perkins passed to Jordan for another 16 yards. Two line plays good for two yards put the ball on the 12 yard line from which point Perkins passed to Leggett on the goal line for a touchdown. The try for the extra point was no good.

Greenville's starting lineup was Mac Batchelor and Dennis Fleming, ends; Charles Rice and Joe Lupton, tackles; Bobby Clark and Kenneth Dall, guards; J. T. Williams, center; Jimmie Futrelle, Dave Perkins, Francis Jordan and Amos Leggett in the backfield. Reserves who saw action during the game included Lawrence Lawrence, Bud Whitehurst, Lawrence Posey, Dick Flye, Jimmie Turner, Jimmie Glenn, Randolph Mixon, Jack Whitchard, Jimmie Gibson, Julian White, Jimmie Lee, "Stump" Garrett, Louis Evans, "X" Siders, Henry Turner and Jimmie Sutton.

# N. Y. Stock Market

New York, Nov. 4—(AP)—While many customers decided to sit out the few remaining market hours before election, sufficient bidders were present at today's short session to keep selected stocks in the fractionally plus column.

Wall street, as a matter of fact, was a bit more hopeful than recently regarding the outcome of Tuesday's balloting and some timid purchasing was attributed to this slight change of heart.

Scattered rail bonds improved. Commodities were narrow.

# VICTORY WAREHOUSE TOBACCO MARKET REPORT

Prices today are highest of any time this season. Lots of baskets are selling at 50, 60 and 65 dollars per hundred pounds. The block is clearing up. Beginning sales next Monday we are expecting to have plenty of floor space. Now is the time to sell your tobacco. We are not expecting any let down in prices, instead, we see a steady, strong and high market throughout the remainder of the season. We appreciate every customer that sold with us during the block and truthfully state that we gave them the best we had under the circumstances. We hope to see many of you who were unable to sell with us come in and give us a good finish. A nice place to sell tobacco.

**Yours For High Prices**
