

Reds Advance On Hungarian Front

Drive Wedged Between Last Days of Budapest and North-east Hungary Opening Possible Thrust Toward Austria; Nazis Lose Much Booty.

By DANIEL DELUCE
Moscow, Nov. 10.—(AP)—Russian troops under Marshal Rodion Y. Malinovsky drove a wedge across the enemy's last direct railway communications between Budapest and northeastern Hungary today after shattering the west bank defense along the upper Tisza river.

A big infantry and armored salient extending westward beyond Mezőkövesd, approximately 70 miles east-northeast of Budapest, curved dangerously toward the rear of German panzer forces which have been counterattacking east and southeast of the Hungarian capital in an attempt to prevent it from being outflanked.

A Moscow announcement said the main Budapest-Miskolc rail line had been severed. The Russian communiqué said the Second Ukrainian army, advancing on a wide front across the middle Tisza had captured 50 towns and villages.

There was no official news about Malinovsky's left flank, which has dug into Budapest's southern suburbs, or about the extreme right flank of his army which previously crossed the upper Tisza in the direction of the southern borders of Czechoslovakia.

The Russian war bulletin said Malinovsky's army since October 6 had killed or captured 142,000 German and Hungarian defenders of Budapest.

From the German viewpoint Malinovsky's new breakthrough carried a double danger—the arrival of a powerfully strengthened force to join the siege of the Hungarian capital and the serious threat that the Russians might bypass the city to the north in the direction of Vienna and Bratislava.

Field dispatches indicated the new operation employed only about one third of Malinovsky's total strength. Great quantities of equipment have been taken or destroyed by Malinovsky's troops, a special Soviet announcement said. Among the items listed as captured were 388 planes, 138 tanks and self-propelled guns, 856 guns, 880 mortars, 1,793 machineguns, and thousands of freight cars, trains and trucks.

A late Budapest broadcast reported in Bern, Switzerland, said other Soviet units had renewed their attacks in Budapest's southern suburbs, where fierce house to house fighting has been reported.

FDR BACK IN WASHINGTON

City Gives Returning President Rousing Welcome.

By FRANCIS J. KELLY
Washington, Nov. 10.—(AP)—President Roosevelt returned to the capital today after his fourth term victory and assured thousands assembled to welcome him that he was "very happy" to be back.

With Vice President Wallace and Vice President-elect Truman riding with him in an open car, Mr. Roosevelt arrived at the Christopher Columbus statue adjacent to the Union Station at 9:04 a.m. He had come in by train from his Hyde Park estate about 40 minutes earlier.

A night-long rain almost stopped as the President paused to wave to the crowd and speak briefly into radio microphones at the statue. No amplification system had been installed and only those very close were able to hear.

Little Johnny Bottler, the President's grandson, sat proudly in the front seat of the presidential car beside the driver. As the parade swung south toward the capitol and headed down Constitution and Pennsylvania Avenues to the White House, Traffic Director William A. Van Duzen estimated at least 25,000 men, women and children were gathered in the immediate vicinity of the station.

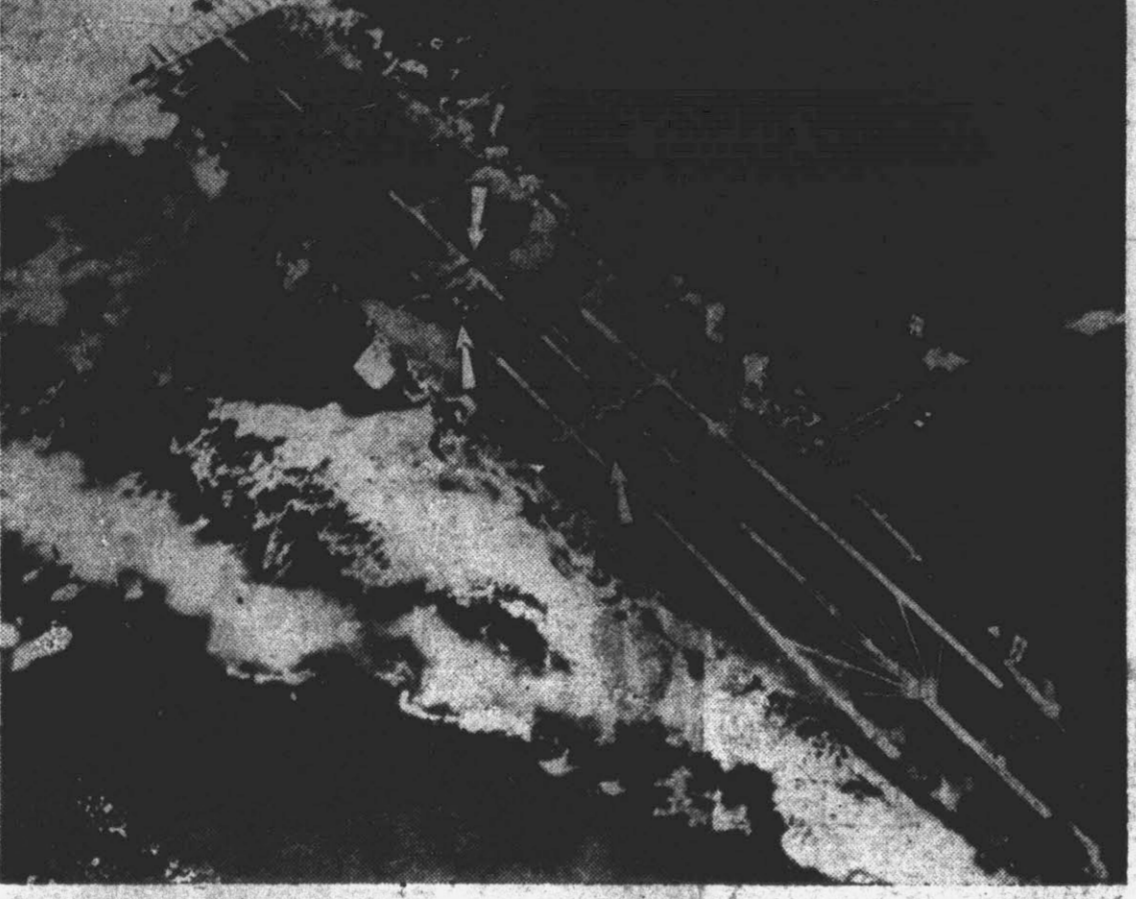

Thanking Washington for braving the weather to welcome him, Mr. Roosevelt said he could hardly tell how happy he was to return and gave his special thanks to government workers "who are helping to win this war."

Mrs. Roosevelt's place in the parade was a short distance behind the President and her car was followed by those of Cabinet officials including Secretary of the Treasury Morgenthau. Hundreds of special police, augmenting the regular secret service details, patrolled the route.

A roar of welcome swelled up as the President's car emerged from the station and well-wishers held up banners carrying such messages as "In '44 we need you more." "You won here, let's win over there." "You're back and we're back of you." and "U. S. A.—F. D. R."

BRITISH TAKE ITALIAN TOWN

Capture Important Po Valley Communications Center.

Rome, Nov. 10.—(AP)—British troops have captured Forlì, Po Valley communications center, 38 miles southeast of Bologna on the Bologna-Rimini highway. Allied headquarters announced today.

Capture of the old fortress city, which has a population of approximately 65,000 was accomplished by a pincer movement. One force moved directly up the Rimini-Bologna highway, while the second advanced up a road from the airfield to the southeast, penetrating into the town.

In addition other Eighth army troops have loosened Nazi positions in the hills south and southwest of Forlì. Approximately 250 prisoners were taken as the town fell.

Snipers were still active in Forlì, but leading British troops pushed through the town and reached the ruins of the main bridge over the Montone River on the west. The Germans were holding the west bank of the Montone in strength.

The village of Sadurano in the hills between the Montone and Rabbi Rivers was captured, and Eighth army troops pushed on to positions east of Castrocaro, an enemy-held junction point six miles below Forlì on the highway leading through Forlì to Ravenna.

American negro troops on the west coast sector of the Fifth Army front occupied three more villages amid the towering peaks east of Massa. Aggressive patrolling continued elsewhere on the Fifth army front.

Third Army's Drive Turns Into Full Blown Offensive

GERMANS USE NEW WEAPONS

Churchill Tells Commons About V-2 Bombs.

By DWIGHT L. PITKIN
London, Nov. 10.—(AP)—The Germans for weeks have been plunging V-2 rockets into England at a speed faster than sound and from arcs 70 miles high but thus far have caused little damage. Prime Minister Churchill announced today in Commons.

The Germans said V-2 and the earlier V-1 flying robot bomb were being used against both Paris and Antwerp as well as England and boasted that the vengeance weapons would make the hard-won Belgian port unsuitable for unloading troops and materiel on a major scale. The intact docks of Antwerp are depended upon by Gen. Dwight D. Eisenhower to supply his offensive into Germany.

"The scale of the attacks has not hitherto been significant," Churchill said. Casualties have been light, largely because the warhead of approximately a ton buries itself so deeply into the earth when it lands at speeds exceeding 700 miles per hour.

Where the rockets were coming from was not clear. The Germans said the Allies never would find the camouflaged sites, Churchill said some were sited on the captured Dutch island of Walcheren.

German propagandists pulled out all stops; they insisted that Churchill "had to admit" the existence of V-2; that it was not the last secret weapon; they hinted direly that the United States might feel its explosive weight. Indeed, Churchill said the range might be increased.

Military men said thus far the rocket, which is dubbed the "flying telephone pole" because of its elongated shape, had been a flop. The whole contraption weighs about 15 tons and has a range of more than 200 miles, but carries only about a ton of explosives. Some extreme estimates of its speed run to 3,000 miles an hour, Swedish reports said the rocket's speed and trajectory made accuracy impossible.

Bishop To Install Episcopal Rector
On Wednesday evening at 7:45 the Right Reverend Thomas C. Darst, D. D., Bishop of East Carolina, will be in Greenville to institute Rev. John R. Bill, rector of St. Paul's parish.

The senior warden, Mr. Haywood Dail, and the junior warden, Mr. Sem Worthington, will formally present to Rev. Mr. Bill, the keys of the parish church. Bishop Darst will present to Rev. Mr. Bill the Bible and Book of Common Prayer and the Canons of this Diocese.

Methodists Conclude Conference In Raleigh

Urge Atonomy For All Subjects And Colonial Peoples; Pastoral Assignments Announced.

Raleigh, Nov. 10.—(AP)—Bishop W. W. Peele brought the sixth session of the North Carolina Conference of the Methodist Church to a close today with the reading of appointments and a request that the churches advance along all lines in the crusade for Christ program during the next four years.

The reading of reports came before the final business. That of the pastoral secretary showed that the conference's churches have progressed along all lines, that the number of members and finances increased.

The conference had no invitation for next year's meeting, so Bishop Peele appointed this committee to decide upon a plan of entertainment and to select the place, which probably will be done next year: Robert R. Taylor of Greenville, B. B. Slaughter of Rockingham, Dr. B. G. Gilles of Durham, W. J. Smith of Beihel, Dr. H. C. Smith of Durham, Rev. J. R. Morris of Rockingham, and the Rev. Leon Russell of New Bern.

The conference yesterday adopted a resolution calling for international control of military establishments and autonomy for all subjects and colonial peoples.

Moving toward adjournment today, the conference also resolved that the "United States must accept its international responsibilities."

The resolution was adopted on principles presented by the conference on churches and included a true community of nations and a just and durable peace.

He Defeated Nye

Democratic Governor John Moss (above) of North Dakota defeated U. S. Senator Gerald P. Nye, Republican and frequent critic of President Roosevelt, in the election Nov. 7.

Nye, regarded by administration leaders as an isolationist, was opposed for re-election by Gov. Moss, and Lynn U. Stambaugh, an independent. (AP Wirephoto).

Patton's Men Smash Forward As Deep As 10 Miles At Some Places On 55-Mile Front Around Metz; First Army Makes Local Gains; Artillery Duel Along Maas.

By WILLIAM FREE
London, Nov. 10.—(AP)—The U. S. Third Army's winter offensive, passing beyond the trenches of the 1918 Armistice, closed to within 4-12 miles north and 2-3 miles southeast of the German's French fortress city of Metz today. Gains netted up to five miles and toppled several towns and villages including the important hub of Chateau-Salins.

Lt. Gen. George S. Patton, Jr. threw in additional armored forces into the drive which had registered up to 10 miles in a three-day drive on a 55-mile arc on both sides of the fortress city.

The Sixth armored division leapedfrogged infantry elements and reached well beyond Buchy in a five-mile advance from Chermont and Louvigny. Buchy is 8-12 miles southeast of Metz and only 10 miles from the Metz-Saarbrücken road to Germany. Metz' chief rearward communication route.

The offensive broke out in a new spot at Mailersheim-Les-Moules, five miles north of Metz, where the 95th Infantry division spearheaded an advance to within 4-12 miles of the iron-ringed fortress.

Further north, near the Luxembourg border, the 90th Infantry division widened and deepened its bridghead over the Moselle to a length of 4-12 miles and a depth of three miles.

The Germans said Gen. Patton had poured heavy forces into the attack, sweeping northward toward the Saar and toward the rear of Metz, and said huge tank battles were raging with 200 American tanks encountered at one place.

Dispatches from the front said Patton was now using parts of six infantry and two armored divisions. The 9th Army's newly formed 95th Infantry division, commanded by Maj. Gen. Perry T. Foy, part of the 20th Corps and the newly active Sixth armored under Maj. Gen. Robert W. Crow of the 13th Corps.

Meanwhile on the First U. S. Army front southeast of Aachen Doughboys struggled forward 600 yards through rain and sleet just south of the 100-mile and 400 yards toward Schmidt, highwater mark of the American advance toward the Roer and the Rhine. But a similar (Continued on page four)

Resumption of the indiscriminate bombing of civilians in Britain by the Hitlerites—this time with the new long-range rocket, as announced by Prime Minister Churchill today—has brought to my desk from a distinguished reader the advocacy of retaliation in kind on German civilians.

Retain Ceiling Burley Tobacco

Washington, Nov. 10.—(AP)—OPA decided today to retain the plan of setting price ceilings on grades for burley tobacco.

No decision was reached, however, on what prices will prevail, an OPA spokesman said. He added that this issue was under discussion at a conference now under way between OPA and burley growers and dealers.

At a meeting this morning the OPA urged adoption of a system of ceilings on a "weighted average" basis, similar to those applied to flue-cured tobacco, but the industry representatives succeeded in persuading the agency to retain the grade ceiling plan.

Roosevelt Expected To Keep Hull In Cabinet

Washington, Nov. 10.—(AP)—Associates of Secretary of State Hull represented him today as eager to remain in his post as long as he can.

They are likewise convinced, they said, that President Roosevelt intends to keep him just as long as he can.

His remarks were in connection with a report that John G. Winant, now ambassador to England and former Republican governor of New Hampshire, might be the next secretary of state.

Today On The Home Front

By JAMES MARLOW
Washington, Nov. 10.—(AP)—President Roosevelt came back to Washington today to tackle a 4-year job far greater than when he jumped into the driver's seat of a creaking America in 1933.

Then he faced primarily a domestic job but now the things that he has Congress do—or fail to do, singly or together—can affect generations of Americans and change the course of history.

There will be these problems: demobilization, the size of our peacetime Army and Navy; compulsory military training; utilization of our merchant fleet, now totaling 40 million tons and the greatest in the world; reduction of taxes, now taking 47 billion dollars yearly from (Continued on Page Four)

CHURCH NOW OUT OF DEBT

M. E. Zion Negro Congregation Burns Mortgage.

Mortgage-burning exercises at the M. E. Zion Negro Church on bemaire Avenue last Sunday forenoon were impressive and inspiring. Through the generosity of

the members and white and Negro friends enough money had been raised to pay off a \$2,500 mortgage and have some left over for repairing the church building. An overflowing congregation attended. Many white friends were there. Rev. Solon P. League, the pastor, conducted the services, which began with the processional. "Rejoice in Christ Our King" played on the organ by Mrs. N. W. Cherry. Rev. L. P. Bynum read the Scripture lesson. Rev. William Coward said the invocation. The choir chanted "Sweet Hour of Prayer." The choir and congregation sang "I Love Thy Church, O Lord!"

Mayor Bruce Suggs of Greenville made an inspiring and encouraging talk, during which he congratulated the pastor, church officers and the congregation for the good work during Rev. League's pastorate. The mayor urged the congregation to not let up, but carry on for still greater achievements. He spoke appreciatively of the harmonious relations between the Negro and white people of Greenville and commended all for working together for the mutual good of all. Mr. Suggs paid tribute to the men in service and expressed a hope for their early return to their own firesides.

Doctors Elect New Officers

Dr. Connell Garrenton was elected president of the Pitt County Medical and Dental Society for 1945. Other officers elected were Dr. A. M. Schultz, vice president; Fred P. Brooks, secretary-treasurer; T. M. Watson, delegate to the State Society; T. G. Basnight, alternate delegate.

The Pitt County Medical and Dental Society held its regular monthly meeting at the Rotary club in Greenville on Thursday evening, November 9th, at six p. m. Dr. B. McKay Johnson, vice president, presided. After the election of officers for the ensuing year and a brief business session the meeting adjourned to the dining room where dinner was served.

The guests included Dr. Alben Papineau of Plymouth, Dr. V. A. Ward of Robersonville, Dr. H. F. Eason of Wilson, Dr. Leslie Lee and Dr. Offutt of Kinston and Dr. J. K. Hall of Richmond, Va.

After dinner Dr. Hall was introduced by President N. Thomas Ennett following which Dr. Hall addressed the assembled group on the subject, "The Effect of Mind on Behaviour." This proved to be most interesting and instructive.

Providing Lunches In County Schools

By CHESTER WALSH
Lunch rooms have been established at nine of the Pitt County schools and nourishing lunches are being served the children for a few cents that provide the necessary calories and vitamins for one-third of the daily diet. E. P. Johnson, principal of the Ayden High School, said today. The lunch consists of a meat, vegetables (one cooked, one raw), fruit, bread and milk when available. These lunches are available at the Bethel, Belvoir-Pikland, Chicod, Farmville, Fountain, Grifton, Grimesland, Pactolus and Ayden schools. Arrangements are being made to provide lunches at the other schools. School officials have observed specifically good results in the health of the school children and their progress in classes, Supt. Don H. Conley said.

The lunches are provided through Federal aid in cooperation with the North Carolina Department of Public Instruction and some local sponsoring agencies. About 27,640 lunches were served during October.

Shackell Funeral Held Yesterday

Scotland Neck, Nov. 9—Funeral services for R. G. Shackell, 76, editor of The Tarboro Southerner, who died unexpectedly Tuesday, November 7, at his home on Main street, Tarboro, after an illness of five weeks, were held here today in the Episcopal church at 2 o'clock. Interment was in Scotland Neck cemetery, with Rev. Robert McNeil, rector of Calvary Episcopal church, Tarboro, officiating, assisted by Rev. Ben T. Brodie of Trinity Episcopal church.

Born in London, England, Mr. Shackell spent most of his life in the newspaper business, having been associated in the editorial departments of the Richmond (Va.) Times, the Winston-Salem Journal, the Scotland Neck Commonwealth, the Edenton Daily News and the Tarboro Southerner.

In 1918-19 he served as mayor of Scotland Neck, and in 1920-22 he served in the dual capacity as secretary of the Tarboro Chamber of Commerce and editor of the Tarboro Southerner. He returned to Tarboro a few years ago and in 1942 again took over the editorship of the Tarboro Southerner, supplanting his son, Lt. Comdr. Aubrey Shackell, USNR, who volunteered and was commissioned in the navy.

Mr. Shackell is survived by his wife, Mrs. R. G. Shackell of Tarboro; Lt. Comdr. Aubrey Shackell, USNR, stationed in Washington, D. C.; Robert A. Shackell of Chicago, Ill., and one sister, Mrs. F. M. Wamsley of Oakland, Calif.

BISSETTE'S

THE OLD JUDGE SAYS...

"Now that you mention it, Judge, I can see this really has been a 'war of jobs'."

"Yes it has, Fred, and the biggest job of all is the one being done by our armed forces across the sea... the actual physical fighting that is bringing victory closer day by day."

"And here at home, Judge, our job has been to supply our men abroad with the ammunition and equipment they need to finish their job. And to provide the money to buy these supplies through our purchase of War Bonds. By and large, I think we've taken our job seriously, too."

"You're right, Fred, we have. But there's one more big job we've got to do for our men over there. That is to abide by their wishes that this country should be kept the same way it was when they left it... not changed around while they're away and can't express their opinions."

"In all fairness, Judge, that's a simple request no one can afford to disregard."

AMERICA IN WARTIME

By JACK STINNETT

By CHARLES C. HASLET
(Substituting for Jack Stinnett, who is ill)

Washington—The United States will be called upon to furnish food to Europe for a year or two after the war, but Agriculture Department experts say it is unlikely this will be any appreciable amount from each American's portion.

Those who have been investigating say that to maintain even as little as a 2,000-calorie diet for the needy urban population of continental Europe and to continue sending food to Russia and the British Isles will take a minimum of 21,000,000 tons of U. S. farm products.

The 21,000,000-ton estimate may be modified if military supplies become available for European civilian relief.

indicates that the wartime diet of the average European civilian has dropped 15 to 20 per cent under the prewar average of 2,900 calories a day. The present American consumption is estimated at 3,000 a day for adults.

However, millions of Europeans have been living on from one-half to two-thirds of their prewar calories because Germany has taken large amounts of food.

The bulk of the exports to Europe in the early prewar years, the officials say, will have to come from the countries which have the supplies—such as the United States, Canada, Cuba, Brazil, Argentina, French North and West Africa, South Africa, Australia and New Zealand.

At present the United States is furnishing about one-third of the meat going into world trade, and it is believed any increases in European meat imports probably would have to come from South America.

The U. S. also is furnishing about 90 per cent of the canned and dried milk in the United Nations trade. 90 per cent of the dried eggs, one-third of the cheese and about one-fourth of the butter. It probably will have to supply most of Europe's immediate needs for milk and some other animal products, officials say.

Wheat, too, is expected to be an "urgent requirement" and feed grains will be desirable to step up livestock production. On the basis of prospective supplies, Europe's imports seem likely to consist largely of wheat and feed grains.

After the emergency period there probably will be livestock imports.

Third Army's ...
(Continued from page one)
advance of 600 yards due south of Hurtgen was thrown back to its starting point.

Artillery pounded on both sides of the Maas in Holland. The Third Army drive had now developed into a real offensive from its springboard in the grass-grown trenches of 1918 where the Doughboys of 1918 had dug their foxholes in six weeks of waiting.

But it was not until late yesterday that Gen. Dwight D. Eisenhower's supreme headquarters in Paris had permitted the drive to be called an offensive.

Patton's attack, swinging like a barn door from a hinge at a point nine miles south of fortress Metz, moved across sudden forests, hills and valleys in a northeasterly direction toward Germany's industrial Saar border 25 miles away and threatened to cut across the rear communications of Metz.

North of Metz an enveloping movement was in progress at points 18 and 26 miles north of the city where bridgeheads across the Moselle were deepened by three miles. Here the Germans put in the first sizeable counterattack against Patton's drive now in its third day. But the enemy infantry and two tanks which tried to halt the 90th American Infantry division were rocked back on their heels, despite German claims to the recapture of Koenigsacker in this area just below the Luxembourg border. Haute-Camp, only 11 miles from the Saar basin was captured by the Americans.

A trail-blazing onslaught yesterday by 1,300 U. S. heavy bombers and hundreds of divebombers which smashed at German front line gun positions and strong points, as well as rail and road bottlenecks immediately to the rear, apparently had largely succeeded in sealing off the battle zone.

Thunderbolt pilots knocked off 15 German tanks among a concentration 25 miles northeast of Nancy in this assault.

South of Metz and northeast of Nancy Patton's slashing attack was reminiscent of the initial stages of his whirlwind sweep through Normandy and Brittany to the Moselle last July and August.

Here German resistance continued light to moderate, with the Germans apparently withdrawing behind a screen of road blocks and mines and endeavoring to retrieve much of their armor and equipment further east in parts of the old French Maginot Line.

Heavy rains of the first two days of the drive eased off overnight, giving promise of a repetition of the aerial onslaught of yesterday. The American Fourth armored division, veterans of the St. Lo breakthrough in Normandy, advanced three more miles beyond Delme for a total gain of 10 miles in the offensive, and crossed heavily-gunned Delme Ridge just northwest of Chateau-Salins.

While the 319th regiment of the

20th Infantry division captured Delme Ridge, the Fourth division ranged on to the vicinity of Hannover and Posen, three miles beyond, and the 38th Infantry division slugged its way into the forest of Chateau-Salins and captured Chateau-Salins itself, three miles southeast of the wood.

Supreme headquarters said Morville-les-Vic two miles southeast of Chateau-Salins, was reached, and a field dispatch reported that a drive continued to the north of the vicinity of Hamont, three miles northeast of Chateau-Salins.

Long range American artillery added to the damage wrought by aerial bombs in Ormoc, Japan's last seaport stronghold on the island.

Ormoc's "usefulness to the enemy as a supply base has been greatly reduced," headquarters said. Despite Japanese reinforcements, estimated by General MacArthur to be 35,000 men, the Americans held a two-to-one numerical superiority.

The going was tough, though. Mountain roads and trails were oozing with mud, knee deep in places. And the Japanese were fighting to retrieve the strategic position they lost when MacArthur's men took eastern Leyte.

And there will be these problems: Continuing price control, perhaps which would destroy all the other efforts; disposing of surplus war property, worth perhaps 75 billion dollars; elimination of a number of wartime agencies.

And there is this: Whether to broaden social security. Both candi-

THE WAR TODAY
(Continued from page one)
their new V-32 weapon, should the Allies try to halt this by retaliation on German civilians? Since it's the British who are being bombed, I'll let the answer come from one of them—Brigadier General Horace Sewell, the military commentator. He says: "The Allies' sole aim at present is to win the war as quickly as possible by defeating the German forces on the ground and in the air. Destruction of German industries, organizations, system of communications and military installations is an essential step in bringing about the military defeat of Germany, but indiscriminate raids on German cities for the sole purpose of lowering the morale of the civilian population is not justifiable and therefore will not be adopted by any of the United Nations."

GRID WINNERS FOR THIS WEEK

Robertson Picks Yale, Army, Duke, Michigan, UCLA And Indiana To Win.

By ORLO ROBERTSON
 New York, Nov. 10 — (AP)—Returning to the football guessing game this week, we wish we could point with pride to the selections of

Sub Fritz Howell last week but he picked Notre Dame to beat Navy. He had been warned that the Mid-Westies were through fooling. At that he turned in a performance of only 11 defeats and one tie against 35 victories.

So having placed the rabbit's foot on top of this week's schedule and tossed a horseshoe found at Belmont Park over our left shoulder, we give you:

Notre Dame—Army—Notre Dame never has been defeated by both Navy and Army the same year. Army hasn't scored against the Irish since 1938. The Cadets will break both traditions this year.

Cornell—Navy—Just a breeze for those hard-hitting Middles.

Third Air Force—Great Lakes — This figure to be a close one with Great Lakes getting the call.

Illinois—Michigan—The Wolverines look even stronger with Bob Weiss and Bob Nussbaumer gone but the Illini has Buddy Young. Nevertheless, Michigan.

Tulane—Georgia Tech — Tech to rebound from the Duke defeat.

Pittsburgh—Ohio State—The Buckeyes in a tussle-up for next week's clash with Illinois.

Wake Forest—Duke—The Deacons have one of their strongest outfits but Duke is one of the nation's top losing teams. Duke.

California—UCLA — Both teams have lost key men. On the premise that the Uelans' losses have not been as great as the Trojans, UCLA.

Oklahoma Aggies—Texas — With the hopes for a dry field to give Bob Fenimore a chance to run the Aggies.

Columbia—Pennsylvania — This one is easy. Penn.

Indiana—Minnesota—The Gophers haven't got what it takes to stop Indiana's Bob Hoernschemeyer.

Miss. State—Auburn—State has a great back in McWilliams. Auburn a top notch center in Warrington.

Its unbeaten Miss. State.

Colgate—Holy Cross—A ding dong battle with Holy Cross winning.

Cherry Point Marines—Bainbridge — the Navy boys from Bainbridge

will make this their 14th straight. Fourth Air Force—Washington — Too many experienced men on the Air Force squad. Fourth Air Force. Ft. Warren—Second Air Force — Dobbs and Co. chalk up another for the Superbombers.

Missouri—Oklahoma — The Sooners march on to the Big Six title. Purdue—Northwestern—Poor Wildcats.

Texas Aggies—Southern Methodist — Let's pull this one out of the hat. The Aggies.

Tearing through the remainder of the schedule:

Iowa Pre-Flight over Bunker Hill Naval Base, Wisconsin over Iowa, Iowa State over Nebraska, Georgia over Florida, Kansas over Kansas State, Muhlenberg over Princeton, Michigan State over Maryland, N. C. Pre-Flight over Georgia Pre-Flight, Penn State over Temple, South Carolina over Presbyterian, Rice over Arkansas, Tulsa over Southwestern (Tex), Texas Christian over Texas Tech, U. S. S. Coast Guard over Dartmouth, Clemson over V. M. I., Virginia over Richmond, North Carolina over William and Mary, Swarthmore over New York Univ., West Virginia over Lehigh, Lafayette over Rutgers, and Bucknell over New York City College.

Beatrice L. Jones Died Last Night

Beatrice Lee Jones, six-year-old daughter of Mr. and Mrs. E. H. Jones of Chocowinity, died at Taylor Hospital, in Washington, at 11 o'clock Thursday night after two days' illness with diphtheria.

Funeral services will be held at the Rose Cemetery at Blount's Creek at 4 o'clock Friday afternoon by the Rev. Duff Toler, Free Will Baptist minister of Chocowinity.

She was in the first grade at Chocowinity school. She had been living in Vanceboro until a year ago when her family moved to Chocowinity.

Surviving are her parents, five brothers, Alvin Jones of Chocowinity, John B. and Frank Jones of the United States Army, and Bobby and William Jones of the home; four sisters, Mrs. Larry Carraway of Bridgford, Va., and Theresa and Rosa Jones of the home, and the maternal grandparents, Mr. and Mrs. J. Sherman Jones of Chocowinity.

Knitting Room
 open each morning except Saturday, from 10 until 12, Blount Building, W. Third street. Knitting instructions each Monday and Friday morning.

Junior Red Cross activity is already beginning to function for this school year in both the white and colored schools of the city and county.

Two hundred-fifty-two gift boxes for refugee children of war torn countries have been filled and shipped to Newport, N. J., to be sent abroad. Children placed notes of gratitude and sympathy in these boxes with articles.

Home making departments in several of our schools are making utility bags now for men in the service. These bags will be filled by local organizations and sent to camps and hospitals in our area.

Colored News
 Boy Scout Troop 131 met at their regular meeting at First Baptist Church Tuesday evening at 7:45 with Scoutmaster Rev. Rooks in charge of the opening ceremony. Twenty eight of regular scouts were present and 3 new scouts were elected. Several scouts were given test for Second Class. The boys discussed various ways of raising
