## Strength FOR THE DAY

By EARL L. DOUGLAS

### THE NATURE OF FEAR

A great deal is being written today about fear. Some maintain that fear is an evil always to be eschewed. But fear is a defense mechanism, something given us by nature to protect us against things which would harm us. Fear becomes an evil when it ceases to be a protection from danger. It is very easy for us all to fall into habits of worry, to brood over possible calamities, and by so doing to turn what nature intends to be a wholesome reaction toward danger into a morbid and introverted attitude of mind.

Recently four children listened to their father as he read the New Testament account of how Jesus stilled the storm. They made a number of comments, and finally the youngest member of the family—who at that time was five—spoke up and said, "Well, one thing is sure; after Jesus had stilled the storm, nobody was afraid of anything any more."

## AMERICA IN WARTIME

By JACK STINNETT

Washington—The federal government has not one, but many agencies, to do one thing—enforce the law.

The FBI is the general investigative agency of the government, operating under the Department of Justice. It checks on violations of all federal laws with the exception of those which Congress has designated to be under other jurisdiction or which are handled by agreement.

For example, the FBI and the Treasury's Secret Service are authorized to guard the President. By agreement, Secret Service does it, the FBI lending a hand when asked.

Also under Justice are the immigration and naturalization inspectors. And also under Treasury are the customs inspectors, the internal revenue agents, the alcohol tax agents and the narcotics agents.

There is the Coast Guard. In peacetime it's under the Treasury Department. It checks violations of maritime laws, smuggling, and so on.

The Agriculture Department has food and drug investigators. Farm Security administration has men looking into grain act violations. In the Department of Commerce is the Bureau of Marine Inspection and Navigation, checking on boat registrations. The Labor department has representatives checking wage and hour act violations.

The Public Building administration has its own police force. It guards government buildings. The Federal Communications Commission has a Radio Intelligence division to check ether violations. The Federal Trade Commission enforces fair trade practices. The Interstate Commerce commission checks railroad safety appliances, looks into causes of wrecks.

The Securities and Exchange commission has its representatives to investigate securities and exchange violations. The Tennessee Valley Authority (TVA) has its own

rights. In other words, the committee says, the cartel system helped the Germans prepare for the war.

The committee says the Germans now are preparing for a third war by putting their financial and business interest in others throughout the world. They are getting ready for bigger and better cartels.

The committee—as one step to prevent another war—wants all cartels abolished, German, British, American and any other.

Hitler's leadership is doubly essential now because the armies which have been fighting so fanatically believe they are supporting him personally. Don't forget that the attempt on his life in July marked the defection of a large section of the Prussian warlords who recognized that Germany was bound to lose the war. So personal loyalty has much to do with keeping the troops in line for him, though fear of Himmler's reprisals has played its part.

# ARMY ON TOP IN GRID POLL

## Notre Dame Drops To Eleventh Place In Standings.

New York, Nov. 14—(AP)—Army and Navy, rivals in the service clash in Annapolis' tiny stadium Dec. 2, rank one-two in a strict collegiate segregation of the football teams rated in today's Associated Press poll.

Army, with 77 first place votes of a possible 106, collected 935 points. Navy, beaten by North Carolina Pre-Flight and Georgia Tech in early season games, is second with five first place nominations and 759 tallies.

Randolph Field sets the pace for the service division with 15 tickets for the No. 1 spot and 770 points. In the over-all poll Army ranks as the top team but the Randolph Field squad moved to second from their fourth place berth a week ago. For the first time since Oct. 12, 1942, Notre Dame is not in the top ten teams in the country, dropping

to eleventh place following the Irish 39 to 6 setback by Army.

Notre Dame is among the Elite. However, in the division reserved for college teams only, holding down seventh place.

The college group is made up of Ohio State, Michigan, Georgia Tech, Duke, Notre Dame, Southern California, Purdue and Mississippi State in that order behind the two service schools.

A second ten has as members Tennessee, Yale, Oklahoma A & M, Virginia, Illinois, Pennsylvania, Wake Forest, Georgia, Tulsa and Texas Christian.

Fellow members with Randolph in the service contingent are Bainbridge, Iowa Pre-Flight, Fourth Air Force, Great Lakes, El Toro, Calif., Marines, North Carolina Pre-Flight, Norman, Okla., Navy, Second Air Force and Maxwell Field.

### Football Briefs

Wake Forest, Nov. 14—(AP)—After a two-day holiday, the Wake Forest Deacons will resume work Wednesday in preparation for their Thanksgiving day battle with Clemson's Tigers in Charlotte, which will finish their playing season.

The Wakes' seven-game winning spurt was halted Saturday by the Duke Blue Devils. The Baptists came out of the Duke battle with further injuries, and Coach Peahead

**SPELLMAN AT MASS**—Just returned from a long overseas trip, Archbishop Francis J. Spellman (center) of New York attends a solemn mass of thanksgiving for the Rev. Martin J. Scott, S. J. (left), on latter's 79th birthday.

Walker was generous in his praise of the Blue Devils.

Durham, Nov. 14—(AP)—The Duke Blue Devils, looking to their coming battle at Columbia, S. C., with the South Carolina Gamecocks, Saturday resumed workouts with a light drill Monday.

The coaching staff was concentrating principally on mistakes which were evident in Duke's game here Saturday when they defeated the powerful Wake Forest Deacons 34-0.

Hard workouts were scheduled for the remainder of the week as Coach Eddie Cameron sought to bring the squad up to peak form for the Carolina battle.

Chapel Hill, Nov. 14—(AP)—Coach Glenn Killinger of the Cloubusters gave the squad Monday afternoon off and took time out to say that the Cloubusters played "by far their best game of the year" when they took the measure of Georgia Pre-Flight at Athens Saturday by a score of 33 to 18.

The cloubusters meet Camp Peary the coming Saturday.

Chapel Hill, Nov. 14—(AP)—The North Carolina Tar Heels, although rated underdogs in their coming game at New Haven Saturday, expect to give the Elis of Yale a scrap, at least that is the idea of the coaches and members of the squad.

One member of the coaching staff predicted that if the team shows the same spirit as it did against Army, "we should be able to make it an interesting game and fairly close."

Raleigh, Nov. 14—(AP)—Light practice drills began the week for North Carolina State's grid machine as the Wolfpack began preparations for their final game of the season here Saturday afternoon with Richmond's Spiders.

Coach Beattie Feathers was pleased with his team's 28-7 victory over the Miami Hurricanes last week.

Charlotte, Nov. 14—(AP)—The Third Air Force Grenlins have a tough assignment ahead of them Sunday when they meet Maxwell Field at Tampa, but at least they've been forewarned as to the strength of the opposition.

Coach Quinn Decker said he expected to start the game lineup that went against Great Lakes. Wingback Ernie Bonelli was suffering from a rib injury, but was on the list of starters for the coming clash, he said. Several others suffered minor injuries, but the Grenlin powerhouse expected to muster its full force against Maxwell Field.

### New Sugar Stamp Good After 16th

Raleigh, Nov. 14—Sugar stamp 34 in War Ration Book Four will be good for buying five pound of sugar beginning November 16, 1944, the Raleigh District Office of Price Administration announced today.

OPA has been validating a sugar stamp—good for five pounds—every two and one-half months since March 16 1943. The stamp, like other sugar stamps now being used, will be good indefinitely for buying sugar. Other stamps, validated in the past, which also are good indefinitely for use in buying sugar are Nos. 30, 31, 32 and 33.

Sugar Stamp No. 40, validated February 1, 1944, is good for buying five pounds of sugar for home canning through February 28, 1945.

### Ask Change In Service Game

Washington, Nov. 14—(AP)—A congressional group may appeal to President Roosevelt to move the Army-Navy football game from Annapolis to a large city stadium. Rep. Manco (D-Ala.) said he would ask Speaker Rayburn and House Majority Leader McCormack today to lead a house contingent in a final appeal to the White House for a change.

The game is scheduled December 2 in the Naval Academy's stadium which seats about 19,000. Earlier congressional moves to switch the game to Philadelphia or some other big city where from 60,000 to 100,000 could see it failed. Presidential Secretary Stephen Early said at a news conference yesterday that he believed the President would keep the game on a "community limited basis" because of transportation problems.

**No Visitors**  
Stockholm, Nov. 14—(AP)—The newspaper Tidningen today published a "private report" stating: "Rumors circulating in Berlin that Hitler is dead have been intensified by a report that all visits to the fuhrer have been canceled including tomorrow's visit of Tiso, President of Slovakia."

**News Radio Restored**  
San Francisco, Nov. 14—(AP)—Commercial radio facilities for the transmission of news between the Philippines and the United States were reestablished today for the first time in nearly three years.

### Four Killed In Trolley Crash

Pittsburgh, Nov. 14—(AP)—Four persons were killed and 36 were injured when two street cars collided in a heavy fog at nearby Munhall this morning.

The dead were identified as the motorman of one car and three passengers.

Workmen used acetylene torches to cut loose some of the victims. A tentative list of the dead identified them as Motorman George Grant of Glenwood; passengers, Margaret Mason and Charles Haggerty, of Glenwood, and Margaret Latzy, of Homeville.

been knocked out. He added, however, the prospects were bright for American forces if the Japanese were eliminated.

The Japanese have elements of five divisions fighting against the Americans in the Philippines, Gen. Douglas MacArthur has announced. Gen. Douglas MacArthur said today the Japanese First division was in action on the Pinamopan-Ormoc highway, and the 26th division has been identified by its dead. The 14th, 30th and 102nd divisions already had been reported in the fight.

At full division strength, this would mean 60,000 Japanese troops in the hotly-contested sector of Leyte island.

MacArthur reported the steady but painfully slow American drive had broken the enemy's plans for a country blow "by compelling the Japanese to premature and piecemeal commitments of his forces for the defense of the main bastion of the Yamashita line."

While American artillery raked the enemy in the Ormoc squeeze, elements of the dismounted U. S. First Cavalry division seized another elevation, Mt. Cabungangan, overlooking the battlefield, in a three-mile advance from Mt. Catabaran, where their positions were being consolidated.

Their left flank also took in another height, called hill 2926.

A MacArthur spokesman said the Japanese had infiltrated some American ridge positions to send suicide squads against the Yanks, but the effort was mainly ineffective.

General MacArthur said the bulk of the 24th division, moving down the tortuous highway toward Ormoc from Carigara bay, was proceeding slowly "in the face of increasingly strong opposition."

To the east, organized Japanese resistance in the hills flanking Dagami and Patok, in central Leyte valley, was broken by the 96th division pressing westward.

Air activity continued on both sides. American fighters dive-bombed enemy bivouac areas near Valencia, destroying numerous buildings. Nine Japanese planes of a force raiding shipping had ground installations were shot down.

(George Thomas Folster, NBC reporter at Leyte, said that while the battle progress was more heartening today "there is still a dirty fight ahead." He described battle conditions as tougher than the worst on New Guinea, and said the enemy has to be pried out of foxholes "Jap by Jap.")

The House Military Committee said they do not believe they will tackle the subject for some time.

"So far no time has been set for hearings," said Chairman Woodrum (D-Vt.) of the House Postwar Military Policy Committee.

And Senator Johnson (D-Colo.) of the Senate Military Committee told reporters that he would regard enactment of the proposed law as "a display of an utter lack of faith in maintaining future peace."

Johnson suggested the training of 100,000 volunteer pilots annually to keep up a strong air force.

The War Department, through Secretary Stimson, has sent to Capitol Hill a request for continuation of the expiring position of undersecretary of war, in which Stimson made this comment:

"While the question of universal military training in the United States during the postwar period has not been determined, the necessity for a much larger postwar

sell near Koenigsmacher, reaching within 1 1/2 miles of the Reich's border. Their chief opposition was strong artillery fire.

Immediately north of Metz, the Germans still posed stubborn resistance in the area of Metziers.

In six days, through yesterday, of Patton's new offensive, 5,600 prisoners had been taken.

Southeast of Metz, German gains of up to a mile in counterattacks seeking to save Dieuze were wiped out by elements of the 26th and Fourth armored divisions, and the Americans added another mile in fresh advances. Doughboys now controlled almost half the bridge and Koenigsmacher, astride a ridge dominating Dieuze.

Elements of the Sixth armored division rode into Vittoncourt 12 miles southeast of Metz in a mile push, and the 317th regiment of the 90th infantry in the same sector won a half mile of ground, going into Arrianne 14 miles southeast of Metz.

There was no explanation why the Germans yielded the great underground Aisne Fort of Vervy, south of Metz, and let the Americans cut in almost squarely behind Fort Driant, if they intended to make a suicide stand for Metz itself. Bad weather prevented aerial reconnaissance from learning whether Metz was being reinforced, or possibly evacuated.
